## Presbyterian Women to Beautify Manse Lawn with Trees

The Women's auxiliary of the Presbyterian church will plant trees around the newly erected manse, it was decided yesterday at a regular meeting. Mrs. V. E. Fatheree, who is county chairman of tree-planting in the Seventh district Federation of Women's clubs, spoke briefly and enthusiastically on the advantages of trees from the civic standpoint. Following her talk, several members of the auxiliary offered to donate trees individually. These were: Mrs. T. D. Hobart and Mrs. Fatheree, who will give two trees each, Mrs. A. H. Doucette, Mrs. J. H. Lutz, Mrs. Claude Ledrick, and Mrs. Tom Clayton. A committee composed of Mrs. Fatheree, Mrs. Doucette, and Mrs. Dave Pope, will select the trees and plant them before spring.

Members of the auxiliary reported to the president, Mrs. J. M. McDonald, they had completed their allotments of bandages and other supplies for the Presbyterian hospital in Korea.

An interesting missionary study on the work of the church among American Indians and in Korea was directed by Mrs. A. A. Hyde, with the following members presenting special topics: Mrs. A. H. Doucette, Mrs. Tom Sweetman, Mrs. Jim White, and Mrs. Dave Pope.

The meeting was held in the home of Mrs. J. H. Lutz, with Mrs. M. W. Jones as associate hostess. A social hour fol-

lowed the business meeting and program and the hostesses served dainty refreshments which featured symbols of Washington's birthday. Twenty-five members and one visitor, Mrs. W. L. Askew of Graham, attended the meeting.

## Cradle Roll Club Meets Tuesday

The Cradle Roll club of the Baptist church met Tuesday afternoon in the home of Mrs. Cliff, where an interesting lesson was conducted by Mrs. George Berlin. A brief business session was held, followed by a social hour.

Mrs. J. C. Devore was a visitor and the following members were present: Mrs. L. J. McAllister, Mrs. O. H. Gilstrap, Mrs. Cecil Lunsford, and Mrs. George Berlin.

## Mrs. Claude Lard Hostess at Party for Pla-Mor Club

Members of the Pla-Mor Bridge club were entertained yesterday by a George Washington birthday party at the home of Mrs. Claude Lard. Decorations and table appointments effectively developed the motif.

Players at the two tables were: Mrs. Roy Dyson, Mrs. E. W. Etter, Mrs. W. M. Voyles, Mrs. A. L. Jones, Mrs. Roy Kilgore, Mrs. J. C. Knott, Mrs. J. Raymond Browne, and the hostess. An attractive favor was given each guest. Dainty refreshments especially appropriate to the occasion were served. Members of the club will entertain their husbands at the home of Mr. and Mrs. W. M. Voyles next Wednesday evening.

C. W. Bobb, formerly of the shoe department of Regent's store in Amarillo, has accepted a position with J. E. Murfee and company. He is in the shoe department of the local store.

Mrs. W. F. Abbott of Clarendon is visiting her daughter Mrs. Lynn Ribow

## Baptist W. M. U. Holds General Session at Church

The four circles of the Baptist Women's Missionary Union convened at the church yesterday afternoon in a general business session. Reports on circle business, including attendance, mission study, visiting, and finances, were given by secretaries of the circles. Mrs. D. H. Trubitt, chairman of the Young Women's auxiliary, Intermediate Girls' auxiliary, and the Junior Girls' auxiliary.

The W. M. U. recently donated \$100 for the support of two native missionaries in China, the money to be carried to the mission field by J. Walton Moore, a worker who is now returning to China after an extended furlough in this country. A letter read at the meeting yesterday said that Mr. Moore was about to sail and expressed his appreciation for the money.

Plans for entertaining delegates and visitors to the Workers' Conference of the Canadian Baptist association, which will be held here March 5, were made and a general committee was appointed by the president, Mrs. H. L. Barnard. Mrs. D. H. Trubitt is chairman and other members are Mrs. J. P. Wehring and Mrs. Robert Mitchell. Assistants to these members will be appointed by circle chairmen at their regular meetings next Wednesday.

The business session was followed by a program from "Royal Service," presented by Circle No. 3, Mrs. W. G. Barton was in charge. Special phases of the main topic, "Where Racism Meets," were discussed by Mrs. Lunsford, Mrs. Hatcher, Mrs. Champion, Mrs. Murphy, and Mrs. Wm. McAllister.

County Clerk Charlie Thut issued a marriage license to Miss Lillie Bramlet and Mr. Frank Smith, yesterday afternoon. Both are residents of Sayre, Okla.

Roston Phillips was in Amarillo yesterday, transacting business connected with the Pampa automobile show.

## Christian Ladies' Aid Gives Shower for Church Kitchen

With Mrs. Lee Ledrick and Mrs. H.D. Lewis as hostesses, members of the Ladies' Aid society of the First Christian church met yesterday in the church basement for an unique affair—a kitchen shower for the new educational building. Many useful and attractive gifts were presented by members of the society, and a large coffee urn was given by the Loyal Women's Sunday school class.

Decorations in the Washington birthday motif made the assembly room a pleasant setting for the combined business and social gathering. The red, white and blue color scheme was featured in a dainty refreshment course.

and little hatchets were given as souvenirs. Twenty members were present.

## NEW ESSEX WITHSTANDS HARD TEST PERFECTLY

Roston Phillips, manager of Phillips Motor company, is telling of how a new Essex coach, just off the car in which it was shipped, performed on the recent automobile caravan.

The car originally prepared for the trip was sold to Clifford Braly, district attorney, and there was no time left for breaking in another new car for the dealers' trip. A new sedan just unloaded was driven as high as 70 miles an hour on the trip, and was found in perfect condition and with no hint of a hot motor at the end of the drive, Mr. Phillips said.

## OIL COMMITTEES NAMED

NEW YORK, Feb. 21. (U. P.)—H. O. Holmes of the Texas company, New York, was named chairman of the general committee of the American Petroleum Institute at a meeting here.

Members of the committee: K. R. Kinsburg, chairman Pacific Coast region committee; George S. Davidson, chairman Gulf and Atlantic coast regional committee; W. V. Franklin, chairman Mexico and Northern South America regional committee.

The general committee also will include eight members, two to be named by each regional chairman.

Mrs. Odus Mitchell and Richard Shields Mitchell, six weeks old, have arrived from Childress, where the son of the Central high school coach was born at the home of his grandmother.

### Wichita Falls Spudders Will Be Pennant Chasing in Old Style—Sports Writer Sees Great Team

By LARRY DAILEY, Record-News Sports Editor. (Written for the Associated Press.)

WICHITA FALLS, Feb. 21. (AP)—The Spudders are oiling their gloves and sand-papering their bats, making ready for spring training.

And they are brewing pennant-winning medicine.

Wichita Falls clubs have the winning habit. The 1929 campaign will be no exception.

The dismantling of the 1928 runner-up team has left only eight veterans to report here March 1 for spring training. But the acquisition of several exceptionally promising new players indicates the Spudders are going to be the same tough lads as formerly.

Pitchers and a first baseman are needed to complete the Spudder personnel. Only three hurlers of known worth are listed. They are George Payne and Milt Steengrafe, Spudder holdovers, and Hal Willis, the south-paw acquired from the St. Louis Browns. Ed Taber, a righthander, purchased from the New Haven club of the Eastern league, is the most promising of the new men. There also is a possibility that Herb Cobb will be returned by the St. Louis Browns.

One first-sacker

Dallas Clements, Rookie from the Three-I league, is the only first baseman on the Spudder roster. If Clements fails to make the grade here, the place will be well filled. Indeed, it is likely that George Stanton will be sent back by the Browns for further seasoning.

Grizzled Pete Lapan and Jack Crouch, up from Joplin of the Western association, will carry the catching burden. Lapan is an exceptionally timely hitter and there are worse receivers in the loop. Crouch led the W. A. in batting last season.

Veterans are back for the other infield jobs. Pete Turgeon, one of the best keystones in the league for years, will play second base again. Whaly Swenson, a star of 1927, who was handicapped by illness and injury last summer, will play third, unless one of the ambitious rookies beats him out.

Rabbit Benton will have a fight to retain the shortstop post. Debs Garmes, who played a few games in Spudder regalia last fall, looked like an exceptionally promising infielder. He is from the Wichita Falls farm at Abilene.

Newcomers Promising

Other infielders highly regarded by Spudder bosses are Milton Gordon from the New York-Pennsylvania league, and George Spiers from the South Atlantic league. Gordon is a third baseman by trade and Spiers likes shortstop best.

Four outfielders probably will be carried through the season by Skipper Jim Galloway. Three gardeners are practically sure of retention. They are Howard Fitzgerald and Brick Eldred, old favorites here, and Fred Bennett, from Tulsa of the Western league.

Fitzgerald is a star all-round outfielder. Eldred can hit. Bennett was purchased from Milwaukee, though he had never played for the Brews. For two seasons the big fellow clouted

around 375 in the Western loop.

The fourth outfielder will be a youngster. Garland Orr, Cameron Best, and Dick Sullivan, all from the Abilene ranch, are a trio of promising kids. Orr and Sullivan, like Garmes, pastimed here briefly last autumn. They showed sufficient class to warrant more extensive looking over.

Bill Hooten, a former University of Texas star, is a late addition to the ranks of the fly-chasers. Hooten played a few games with Dallas and Waco last season but failed to stick. Gardner has a deal of faith in the young man's ability as a ball player, however, and says he is a second Howard Fitzgerald.

### Christner to Try Punches on Uzcudun

NEW YORK, Feb. 21. (AP)—The bald head and terrific punch of Meyer Wilson (K. O.) Christner, aged heavy-weight from Akron, will make their second appearance in Madison Square Garden tomorrow night with one of the hardest skulls in the boxing business as the object of his wallops.

That hard head rests on the sturdy shoulders of Paulino Uzcudun, who has exposed it to the blows of most of the current crop of heavyweights without much damage. The exchange is scheduled to go through 10 rounds.

### Small League Is Being Planned

FORT WORTH, Feb. 21. (AP)—An effort will be made to organize a Texas-Oklahoma baseball league at a meeting in Wichita Falls Sunday between representatives of a number of towns

in the two states and Harry Wanderling of Fort Worth, it was learned in baseball circles here.

Wanderling organized the West Texas league last year.

Towns expected to be represented at the meeting include Sherman, Vernon, Childress, Quanah, Lawton, Altus, Duncan, and Ardmore.

Mr. and Mrs. F. G. Patching of Claraboa are here for the automobile show. They are guests of their daughter, Mrs. C. L. Craig, and Mr. Craig.

Elmer Blair, owner of the Blair Motor company, went to Amarillo yesterday to drive back a new model car for the automobile show.

### Ruth's Bat Puts Dempsey Out of Ring in Second

PALM BEACH, Fla., Feb. 21. (AP)—Babe Ruth's rushing tactics in the second round ended his fight with Jack Dempsey at the annual Palm Beach charity show here last night and sent the former heavyweight champion from the ring.

After Dempsey had won the first round because the Babe couldn't land his blows, the home-run king started his second swinging a heavy baseball bat at his opponent's head. Taking no chances with this opponent who disregarded boxing rules, Dempsey slipped under the ropes leaving to the Bambino the plaudits of the crowd.

Bones for the show sold for as high as \$5,000.

### HOOKS AND SLIDES

HENRY L. FARRELL  
HE'S A BIG GUARDEEN

Manning Vaughan, who writes a very interesting column in the Milwaukee Journal, commented recently that the St. Louis Cardinals sent Flint Rhem to Minneapolis so he could keep Rube Benton straight.

"Rhem does not like the assignment," Vaughan writes. "In fact, he says he will permit the national pastime to recline on its spine rather than go up to the land of Norse blonds and burly football players. Rhem feels that he was railroaded out of the major leagues. There is no doubt that he was. He holds no grievance against the Minneapolis club, but is bitter against Branch Ricky and Sam Breadon of the Cardinals, who punished him by this trip to the minors. So he's just going to stay on the family acres down in old Carolina and tell Messrs. Breadon and Ricky to go where snowballs melt rapidly and raccoon coats are out of fashion."

"Rhem has no one but himself to blame for his present predicament. He has a major league arm but a minor league mind, and until he learns how to handle himself will probably tarry in the bushes. Like many other young fellows who suddenly come into big money he thought more of pleasure than of work. Flint fell heir to quite a bankroll two years ago and since then he has tarried where the lights are brightest and the steins the largest. At least that is the story they tell in St. Louis, and they should know where of they speak."

### Cities Would Pay Heavily to Get Garden Battle

MIAMI BEACH, Fla., Feb. 21. (AP)—The mantle of luck that seemed to sheath Tex Rickard's shoulders in life apparently has fallen at his death over the Madison Square Garden corporation.

Scarcely a month ago the directors of the Garden organization and even Bill Carey, the two-fisted railroad builder who has taken Tex's place at the helm, argued for days the feasibility of carrying out Rickard's dream of an outdoor heavyweight contest in the South while winter gripped arenas in the north. The plan, when originated, seemed feasible to none but Rickard and even he had his doubts.

It is no secret now that Tex, before he died, told the directors of his organization that the battle of the Everglades, featuring Young Stribling, the slugging Georgian, and Jack Sharkey, of Boston, must be considered in the light of his own personal experiment. If any profits were made on the affair, the corporation would receive them. Any loss Tex planned to foot himself.

And now from an entirely unexpected source comes the promise that the Garden corporation unwittingly has stumbled into a new by-product of boxing, a discovery that may prove one of the most prosperous in the history of the sport.

So great has been the advertising that has come to Miami Beach through the battle itself, that other cities are casting envious eyes at the publicity that has boomed this city. Already Carey has received propositions from cities in California and other parts of Florida. They are willing to pay heavily for the advertising without thought of profit.

## District Attorney Buys 3rd ESSEX

Mr. Clifford Braly of Pampa, Texas, District Attorney of the 31st Judicial District, purchased his third Essex car at midnight Sunday night. Mr. Braly said there were so many good looking automobiles that it was hard for a while to decide which one he should buy; he looked back at his old car and said: "You good old faithful servant, how can I turn you down." So Mr. Braly, wife and son walked into the Phillips Motor Company, and had an old time handshake with the sales manager and said "We want to buy a new Essex".

Mr. and Mrs. Braly and son picked out a new Essex, had it equipped with Heavy Duty Dunlop tires, drove out at 12:30 and said to Mr. Richardson, the salesmanager, "I am proud to own another Essex as they are the best cars I have been able to find in that price class, or even at a higher price."

"I recommend a Lucky in place of a sweet. Toasting has taken out every bit of harshness in the Lucky Strike tobacco. All that remains is the splendid Lucky flavor—an excellent substitute when your appetite craves a sweet but your figure must be considered."

ELSIE DE WOLFE

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

IS IT A SQUARE DEAL? ... You go to the church where you should go to a minimum without the church? ...

### Study Course to Bring People of Many Counties

The Leadership training school which will be conducted next week at the First Christian church is one of a series that are being conducted among the Christian churches of Texas, Arkansas and Louisiana this spring. It is also planned to care for the Christian churches of the Panhandle district, which embraces 26 counties, and registrants are expected from Amarillo, Booker, Berger, Canadian, Canyon, Clarendon, Claude, Dalhart, Floydada, Hereford, Lipscomb, Lubbock, Memphis, Miami, Panhandle, Perryton, Plainview, Stamford, and Spearman.

The other members of the faculty of the training school are L. E. Hudson of Dallas, Miss Mable Cline of Ft. Worth and James Todd, Jr., minister of the local church. Mr. Hudson is minister of the Edgecliff Christian church in Dallas, and is recommended by the department of religious education of Texas Christian university, Ft. Worth. Mr. Hudson will teach the course "The Teaching Work of the Church," which has to deal with the function of the church, religious education as a means of evangelism, the church as an essential factor in a complete educational program, the present agencies in the local church through which the educational task is being carried out, and the need for a comprehensive program for each age group.

### League Plans Will Be Made Here Saturday

Definite plans for the Gray county meet of the Interscholastic League will be made Saturday at a business session of the Gray county executive board. R. C. Campbell, director general, has called the meeting for 2 o'clock at his office in Central high school. The county meet will be held some time before the first of April, at least two weeks before the district meet at West Texas State Teachers college, Canyon. The exact date will be selected at the meeting Saturday.

Mr. Campbell as director general and directors for three main contests were named by the district chairman at the teachers institute in Canyon last fall. They are: Odus J. Mitchell, director of athletics; Mrs. Jim Back of McLean, director of declamation; Miss Alline Robertson, Alarred, director of debate. Other directors, subsequently named by the director general, are: Essay writing, Miss Valera Reed of Pampa; Spelling, John B. Hessey of Pampa; Arithmetic, Mrs. George Tummins, McLean; Music memory, Mrs. Sam Irving of Pampa; Miss Leta Cayton of LeFors; and Mrs. Willie Boyette of McLean; rural schools, C. E. McCauley of Pampa.

modern world to reflect the truth of this jest, but when one looks deeply into human experience, as Phillips Brooks himself would probably have testified, the conclusion is apt to be the other way. Man, as a matter of fact, has a profound capacity for response to the call of duty, when that call is accompanied with clear vision or with sufficient emotional urge. Take, for example, what happened in Canada during the war. An army of almost four hundred thousand men—about one-twentieth of the entire population—was recruited by voluntary enlistment, the draft operating only in the closing stage and affecting only a small number. Moreover, enlistment was at its highest when the war was at its worst and Canadian regiments were being cut to pieces at the front.

### Conwell to Take Over Laboratory to Be Installed

An analytical laboratory will be added to the McKean & Connor clinic hospital. Dr. J. C. McKean announced yesterday. F. C. Conwell, for the last two years with Pampa Drug No. 1, will be in charge. Equipment has been ordered and will arrive next week. Mr. Conwell, a graduate of pharmacy from Texas U. class of 1918, will leave here next week for Fort Worth, where he will take a short course at the Terrell laboratories. Dr. McKean had found in the past that he had so much analytical work that had to be sent to other cities that he decided to install a laboratory at his clinic.

### Byrd Names New Discovery for His Wife, Marie Byrd

NEW YORK, Feb. 21. (AP)—The New York Times, the St. Louis Post-Dispatch and their associated newspapers announced today that Commander Richard E. Byrd, in an extensive airplane flight made with two planes on Monday, last, discovered and mapped in part a vast new territory in the Antarctic, which he has claimed for the United States and has named for his wife, Marie Byrd Land. Commander Byrd has also discovered a second new mountain range, east and south of the first discovered by him recently and named the Rockefeller range. That range is within territory claimed by the British and known as the Ross dependency. The new range discovered on Monday is larger than the first and contains peaks between eight and ten thousand feet high. It is outside the limit of the British claims and is in the new Marie Byrd Land, which lies between Ross sea and Graham land. About 40,000 square miles of Antarctic have now been explored from the air by the Byrd expedition. In

the last flight the Rockefeller range of Whales was mapped by Captain Ashley McKinley of the army air service new section was sketched and the ice, who was in the second of the two uncharted coastline east of the Bay airplanes that made the flight.

Brougham is smart, new Studebaker Model

The luxurious comfort of the new Studebaker closed cars is reflected in the rear compartment of this five passenger Brougham offered on the President Eight or Commander chassis. Wide seats have French pillow type upholstery of rich Bedford cord. Heavily upholstered arm rests flank the rear seat with a folding arm rest in the center. Silk huggie grips, engraved stainless hardware, and recessed ash receiver are indicative of the complete appointments.

THE firmness of the new Studebakers is eloquently expressed by the new Brougham for five, mounted on the famous Commander chassis, as illustrated above. Windshield pillars, embracing the new shatterproof safety windshield, curve gracefully from eave to roof. Six wire wheels—two mounted forward in fender wells—are standard equipment, as is the trunk at the rear. Hydraulic shock absorbers are also furnished without extra charge. Adjustable front seats feature the new Studebaker President Eight and Commander models. Adjustment is easily made by means of a convenient lever at the base of the seat. Safety steel-core steering wheel and foot pedals are also adjustable to suit the driver.

When Your Eyesight Is at Stake, Remember— This is the day and age of SPECIALISTS. No one man can do justice to a dozen different occupations. Only a skilled optical specialist should be trusted to prescribe your glasses; one who does nothing else and whose office is properly equipped for this purpose. We can look into your eye and see the meeting point of light and mind. We can measure the distortion of light waves in the defective eye. Then we are able to relieve the strain and stop the drain of nerve energy by guiding the light waves with lenses of delicate curvature. Dr. T. M. WHEAT HAS SETBACK

CHICAGO, Feb. 21. (P)—Predictions of a bumper crop of wheat in Kansas this season despite severity of winter conditions led to an early setback of wheat had only a transient effect. Opening at a shade to half cent advance, wheat later dropped to below yesterday's finish. Corn and oats were also easier with corn starting 1-8c off to 1-4c up, and subsequently undergoing a sag all around. Provisions held firm.

CHICAGO, Feb. 21. (P)—Wheat: No. 2 red \$1.47; No. 2 hard \$1.28 3-4@1.31. Corn: No. 2 mixed 94 1-4c; No. 3 yellow 94@95c. Oats: No. 2 white 52 3-4c; No. 4 white 47 3-4@48 1-2c.

### Gulf Production Co.'s 6-A Unusual

One of the most interesting wells in the Panhandle is the Gulf Production company's No. 6-A Bowers, in the northwest corner of section 89, block B-2, of the Bowers-McGee pool. Although this important well is offset by 200 and 300-barrel pumps and it has never had more than 300 feet of oil in the hole, the well is pumping 1,200 to 1,400 barrels a day. On the last 24-hour gauge the well pumped 1,296 barrels of high grade oil. Pay is coming from granite wash formation at 2,982 feet.

Mrs. C. L. Craig and Mrs. Ralph Trimble drove to Clarendon yesterday afternoon.

### Masonic Program Will Be Given in Methodist Church

A George Washington's birthday program will be given by the Masonic lodge tomorrow evening, in the basement of the Methodist church. F. M. Gwin will be the speaker of the occasion, and special music will be furnished by a women's quartet and a men's quartet.

Good fellowship is to be the keynote of this celebration, which is observed annually by Masons throughout the country. All master, fellowcraft, and entered apprentice Masons, as well as their wives, sisters, and friends are invited to attend. Refreshments will be served at the conclusion. The program is announced for 7:30 o'clock.

### Slight Damage in Fires Today

Dense, black smoke issuing from the side of the Culerson-Smalling Motor company building this morning caused the fire department to be called to extinguish fire in two barrels of waste crank case oil beside the building.

One tank of chemical from the Ford truck was used to extinguish the burning oil.

A second call was received at 11:30 a. m. from 210 Brown street, where an overheated gas stove heater had ignited the roof of the house. The fire was extinguished by cutting a hole in the roof and using water.

### Scout Meeting to Be Held Tomorrow

Members of the Pampa executive board of the Adobe Walls council of Boy Scouts will meet tomorrow morning at 10:30 o'clock in the Board of City Development rooms.

Scout executive E. D. McIver will be at the meeting and he requests that a full attendance be present.

Matters of great importance to the movement locally will be discussed.

### TO IMPROVE REFINERY

NEW YORK, Feb. 21. (P)—Gulf Refining company plans to spend \$10,000,000 on improvements of its plant at Port Arthur, it is learned here.

### Patriotic Talks Heard at Rotary Meeting Wednesday

Washington and Lincoln are more real to Rotarians as the result of talks on the characteristics of these national figures at the luncheon yesterday. Chas. C. Cook eulogized Washington and F. M. Gwin spoke on Lincoln.

Ed Dunigan gave a talk on Rotary work as presented in an article in The Rotarian, official organ. Frank Keim was in charge of the program.

President Lynn Boyd used for the first time a beautiful new gong, upon which the names of each Rotary president will be engraved from year to year. Visitors of the day included T. F. Smalling, Lee Woodward, Olin E. Hinkle, R. B. Thompson, and George Custer. Further carrying out the spirit of the program, patriotic songs were sung by the club.

### Texas Employes Honor Leo Daly

Mr. and Mrs. Leo Daly were honored at a banquet held in the Schneider hotel dining room last night when fellow employes of the Texas company and friends gathered to bid them good-by.

Mr. Daly, who since 1922 has been superintendent of the Panhandle district for the Texas company, has been transferred to Denver, where he will have charge of the Northwest territory for the same company.

Dan Gribbon of Nocona is here and will take Mr. Daly's place as superintendent of the Panhandle district.

During the evening Mr. Daly was presented with a gold watch, the gift of fellow employes. He thanked them feelingly saying that he was sorry to leave those with whom had been associated for so long.

Mr. and Mrs. R. L. Thompson of Topeka, Kans., are visiting their new grand-daughter, Margie Lea Thompson who arrived Feb. 14 in the home of Mr. and Mrs. F. L. Thompson. F. L. Thompson is a telegraph operator at the Santa Fe depot.

A Chevrolet coupe belonging to the Pampa Motor company was stolen last evening from in front of the company's building on North Ballard street. Officers of the sheriff's department were notified, but no trace of the missing car had been found this morning. This is the first theft of a car in some time, Sheriff E. S. Graves says.

Mr. and Mrs. Travis Lively and children are in Amarillo today.

Mrs. H. J. Holland, who underwent a major operation at the Pampa hospital on February 15, is reported today to be recuperating satisfactorily.

Gary Simms of Panhandle was a visitor here today.

Frank A. White of Clarendon, claim agent for the Ft. Worth & Denver railway, is a business visitor in the city today.

Frances Puckett, 3-year-old daughter of Mr. and Mrs. Collin Puckett, is seriously ill at the Pampa hospital. She was admitted yesterday.
