BATTLE LOOMS ABOUT NOGALES

Rebels Choose to Try Battle on Sonora Border

JUAREZ, Chihuahua, April 10. (AP)—The federal party today regained control of Juarez, arriving a few hours after the Mexican rebels had evacuated the city.

Col. Jesus Triana, federal, with 350 cavalrymen controlled the city this morning. He said he had come in from Villa Ahumada, about half way to Chihuahua City.

General Juan Andres Almazan with about 7,000 loyal soldiers is expected within the next few days, Colonel Triana said.

NACO, Ariz., April 10. (AP)—General J. Almazan, revolutionary commander-in-chief, assumed command of rebel armies in Sonora today as his forces, retreating from Chihuahua and Guadalupe, came pouring into the state. Apparently they were heading for Naco where they held a garrison of federalists.

General Escobar arrived at Agua Prieta, 18 miles east of here, last night by airplane, having flown from Casas Grandes, Chihuahua. He was met by General Faustino Topete, rebel commander, whose troops remained encamped south of Guadalupe, the only convenient route through the mountains that divide Chihuahua and Sonora.

On the other side of Naco, rebel troops retreating from Sinaloa were moving closer to the federal border garrison, menaced by rebel forces on three sides, with Arizona to the north. Reports reached the little town of Sasabe, Sonora, held by 45 rebel soldiers that a federal force under the command of General Abelardo Rodriguez, was marching east from Baja California, to reinforce the Naco loyal garrison.

A squad of United States infantrymen camped at Sasabe, Ariz., said they had checked the movement of these federal troops with a field radio set as far as San Miguel, Sonora.

With the arrival at Agua Prieta of the rebel commander-in-chief, the international line from Naco, Ariz., to Douglas, Ariz., was being closely patrolled by United States cavalrymen.

Eighteen United States army airplanes from Fort Huachuca, Ariz., flew along the border line between Douglas and Nogales.

CHEVROLET EXHIBIT IS DISPLAYED HERE TODAY

A display model of the new Chevrolet chassis, with cutaway sections to show every moving part, is on exhibition at the Culbertson-Smalling Chevrolet company office.

A small motor turns the engine over slowly, showing just how each part of the chassis works. The display is beautifully finished, and many parts are nickel-plated.

Millionaire Sheriff Is King of Politics in Texas County

EDINBURGH, April 10. (AP)—A king of democracy in the Rio Grande valley is A. Y. Baker, millionaire sheriff of Hidalgo county.

Baker's exploits in 17 years as sheriff are Texas history. Without a gun he has kept peace. Political turmoil frequently has revolved about him; immigrant republicans from the midwest have tried to oust him, yet every two years he is reelected.

The county sometimes is called "Hidalgo Free State", due to its unique political makeup. Baker's republican enemies often refer to him as the "czar" of Texas rangers guarded the polls at last November's election, which was followed by charges of irregularities.

Baker, once a ranger himself, came to the Rio Grande valley 30 years ago when it was a thicket of mesquite and chapparal. When Hidalgo county was created in 1912, he entered the sheriff's office.

He is one of the valley's richest citizens, and heads a new bank housed in one of the valley's most costly buildings.

CONTRACT FOR SMITH BUILDING LET TO H. L. CASE—STRUCTURE WILL BE TWO STORIES OF BRICK

The H. L. Case Construction company local firm, yesterday was awarded the contract to erect the new Smith building at the corner of West Foster ave. and South Russell street. The new addition to Pampa's business section will be 45 feet wide by 90 feet long. It will be two stories high and of brick and steel construction.

Mitchell's store will occupy the entire first floor of the new structure, Joe Smith said this morning. The second floor will be divided into twelve office spaces. Connections will be made with the old Smith building where thirteen offices are located. A court 14 feet wide will give light to the upper stories of both buildings.

W. R. Kaufman, local architect, drew the plans for the new building.

CITY POLICEMAN ACQUITTED OF MURDER OF LOCAL CAFE OWNER

After deliberating 45 minutes, a six-man jury last night acquitted Jeff D. Guthrie, local police officer, of charges of murder. The local officer had been charged with the killing of Grover B. Landers, South Pampa cafe man.

The fatal shooting occurred last November when officers were arresting Landers on a minor charge. Guthrie claimed self-defense, stating that Landers attempted to draw a gun on him.

Postal Receipts for Last Quarter Show Increase Over Previous Year

Pampa's postal and money order receipts for the quarter ending March 31 this year showed substantial gains over the same period last year, Postmaster W. A. Crawford, said this morning. Postal sales showed a decided increase last month over the previous month. Money orders also increased showing a gain of \$88.10 over February.

Postal receipts for the quarter ending March 31, 1929 totaled \$10,412.04 compared with \$10,039.11 the previous year, making an increase of \$372.93.

Money order receipts showed a large gain. For the quarter ending March 31, 1929, the receipts amounted to \$92,115.31, compared with \$85,830.86 the previous quarter, a gain of \$6,284.45.

On July 1 the local postoffice will be first class. This will mean increased business and a larger staff.

"We have waiting applications for post office boxes," Mr. Crawford said this morning. "Most of those asking

for boxes are working men. What we need is street delivery so that crowded conditions may be relieved," he declared.

Long Charged With Using Rough Talk

BATON ROUGE, La., April 10. (AP)—Testimony that Gov. Huey P. Long used abusive language in relations with public officials, one of 18 impeachment charges being heard by the Louisiana house of representatives, was begun today.

J. W. A. Jeter of Shreveport, Caddo parish tax assessor, the first witness, testified that during a courtesy call to the governor's office the executive "used rather violent language during a telephone conversation to which Jeter was a witness."

A recent investigation of Lafayette College brings out the fact that men who are underweight stand higher in their studies than those who are normal or overweight.

BIG CAPACITY PLANT FOUND IN FARM BARN

Called Largest of All Seen in Panhandle Section

TWO MEN UNDER LIQUOR CHARGES

Believe Beverage Sold in Pampa and Other Nearby Cities

PANHANDLE, April 10. (Special)—The finest whisky still equipment ever seen by Carson county officers was confiscated Sunday afternoon when they raided a barn a few miles east of here on the Pampa road. John Williams and Cliff Thomas were arrested on liquor charges and their bonds were fixed at \$2,000.

The raid netted a 300-gallon distillery, 200 gallons of "aged" rye whisky, 1,000 gallons of rye mash, and a number of wooden casks. The equipment was brought to Pampa in five truck loads and deposited on the courthouse lawn, where it was viewed by hundreds of people. It represented an investment of about \$3,000, officers said. The liquor found was worth about \$2,700. Two stills have an "aged" or gas-burner contraption which ages the liquor rapidly. The still had steam gauges, pop valves, steam radiators, steam heat, and two carbide drums.

It was said the barn had been rented by the owner to men who said they wanted to feed a bunch of cattle. That was about two weeks ago. The stills had not been operating very long. The men arrested are said to have formerly lived in Borger.

The daily capacity of the distillery was about 200 gallons on the 24-hour operation basis. The beverage was presumably sold in Pampa, Amarillo, Borger, and other cities as bottled-in-bond or prescription liquor at \$15 a gallon.

Deputies said it was the largest distillery ever found in the Panhandle. It occupied the entire ground floor of the huge barn. The whisky was said to be scientifically and cleanly made.

City Planning Is Advocated by Gwin in Rotary Talk

That Pampa should begin a program of city planning now was explained by F. M. Gwin, city manager, at the Rotary meeting at the Methodist church today. Mr. Gwin went into detail in explaining where and how improvements should be made and emphasized the necessity of beginning something definite now.

"The longer we wait the more it will cost to provide parks, playgrounds and spots of civic beauty," continued Mr. Gwin. He pointed out the necessity of placing parks or playgrounds in accessible locations to the different parts of the city. Locations where parks, playgrounds, a swimming pool and lake could be located all within the city limits were pointed out.

Other speakers on the "City Planning" program included Scott Barcus, J. M. Dodson, and T. C. Lively. Visitors present:

G. H. Little, Lee Woodward, Dr. A. E. Martin and E. D. Melver and Rotarians Clifford Braly; A. H. Rice, Amarillo; Joe Farley, Panhandle; Larry Hamond, Wichita, Kans.; William Egeland, St. Paul, Minn.; Joe Hucks, Wichita Falls, and L. L. Ferree, Amarillo.

Famous "Wildcatter" Sells Out But Succumbs to Lure of Oil

OKLAHOMA CITY, April 10. (AP)—Thomas B. Slick has written an epic in oil history because he refused to follow in the beaten path.

This 45-year-old adventurer, reputedly the world's greatest individual oil operator, staked his fortune on "wildcat" plunges—and won.

Recently he sold his mid-continent properties for more than \$30,000,000. And he's back in the business already. Slick has announced plans for three separate oil companies, one each in Texas, Kansas and Oklahoma.

An almost uncanny ability to find oil in virgin fields has characterized Slick's manifold ventures. His ruddy face, schooled to set in an expressionless mask when millions are at stake has seen vast areas of "frank wildcat" territory turn into prolific oil fields.

A scant 15 years ago Slick discovered the Cushing pool, one of the richest of its day, in Oklahoma. Two years later he sold out for \$3,000,000. Then he plunged again and again. Whenever he found that responsibilities of production alienated him from exploiting new fields he sold out.

Slick's "one man corporation" pioneered nearly every field of Oklahoma. His relentless energy and love for throbbing pumps, which had brought him through youthful hardships in Pennsylvania and Illinois fields, carried him into Kansas and Oklahoma.

APPOINTMENT OF DAWES AS NEW AMBASSADOR TO GREAT BRITAIN IS FORMALLY ANNOUNCED TODAY

Scout Council Postpones Action to Next Meeting

Members of the Adobe Walls council of Boy Scouts and citizens interested in the movement met in the Schelder hotel last night and discussed plans for this year. No definite action was taken regarding continuance of the council. Another meeting was set for next Tuesday night at 7:30 o'clock in the Panhandle Inn at Panhandle.

In the meantime, representatives of the three towns remaining in the council, Pampa, Panhandle and Borger, will hold a meeting and appoint a committee to attend the session in Panhandle, where a final decision will be reached.

Thirty representatives of the three towns held a three hour discussion last night. E. D. Melver, year executive, gave a report of the council's activities and the financial standing of the council. In the absence of J. Sid O'Keefe of Panhandle, president, the vice-president, L. J. Roberts of Borger occupied the chair.

It was reported that Canadian had decided to withdraw from the Adobe Walls council but they will be invited to attend the next meeting at Panhandle.

Those present from the three towns were: Borger—J. W. Ward, H. E. Castleberry, W. R. Presnell, C. N. Melton, W. H. Warrington, J. D. Miller, Phillip Speely, Bob Brashears, and L. J. Roberts.

Panhandle—Archer Pullinger, J. D. Merriman, R. L. Finnie, Ira F. Carpenter, and E. D. Melver.

Pampa—George E. Wolfe, Clarence Coffin, Harry E. Hoare, Paul D. Hill, Scott Barcus, Tom Rose, Tom W. Brabham, W. H. Curry, J. M. Dodson, J. M. Turner, P. E. Boyd, J. D. Sackett, Chris B. Martin and J. A. Meek.

Conservation is his pet project. Many phases of the proration program now operation in mid-continent fields are in his contributions. It was Slick who first shut down his properties on Sundays, to cut production and allow employes a day of rest.

Country Club to Better Facilities—Officers Re-elected

H. Otto Studer was re-elected president of the Pampa Country club at a meeting of stockholders in the White Deer Land company's offices yesterday afternoon. W. H. Curry was elected vice-president and C. P. Buckler was re-elected secretary-treasurer.

A board of directors, composed of the three officers and M. K. Brown, Joe Smith, Lynn Boyd, P. B. Carlson, A. H. Doucette, and J. M. Dodson, was chosen.

Green fees on Sundays and holidays will be increased to 50 cents for members and \$1 for visitors. Green fees on week days will remain at 25 cents. It was decided. Plans for building tennis courts and the erection of a clubhouse were discussed in detail, but action was deferred until a later meeting. Additional stockholders were taken into the club and club members received.

W. H. Lang, manager of the Tulsa Rig & Reel company, volunteered to construct a rest booth between the fifth and sixth greens where players may recuperate from the hard grind over the first five holes.

GIVES ANXIETY TO NATION AS HE IS OVERDUE

May Have Camped Out In Interior of Mexico

REFUSES ANSWER WHEN QUESTIONED

Had Own Schedule and Is Annoyed by Attention

BROWNSVILLE, April 10. (AP)—Col. Charles A. Lindbergh arrived here at 9:30 a. m., today from the interior of Mexico, where he spent the night.

He made a statement, saying: "I regret very much that the press has seen fit by an unauthorized statement to cause unnecessary anxiety for my safety."

Border airports had been in a fever of doubt about Colonel Lindbergh because it was believed he was flying directly to the airport here and his record for arriving on the minute due rarely is broken.

The colonel refused to say where he had spent the night, declaring this was of interest to himself and to no one else. He explained that he had no intention of flying beyond the border of Mexico yesterday.

Fliers and friends of Lindbergh here said they believed he might have spent the night at a ranch near Tampico.

BROWNSVILLE, April 10. (AP)—Col. Charles A. Lindbergh took off the Brownsville airport for an unannounced destination shortly after 11 o'clock this morning. He still declined to say where he had been overnight, but it was noted his airplane carried camping equipment, and it was believed he might have halted alone far from a city.

Colonel Lindbergh apparently was well rested when he arrived but was hungry and ate a hearty breakfast at the airport.

Attaches at the field pointed out that if Lindbergh had announced he would fly here, crowds would have swarmed on the field for his arrival. Only a half dozen persons saw him land.

Lindbergh would not announce to what point he would fly from Brownsville, but was expected to go to New York, for the arrival there of the body of Ambassador Herrick from France.

Colonel Lindbergh told airport attaches he might tell them his next time through here where he had spent last night. He also dropped a hint that in a short time he might disappear for "two or three days, but that won't be a sign anything is wrong."

Dallas Man Saves Five Persons From White Rock Lake

DALLAS, April 10. (AP)—B. L. Fletcher today was credited with saving the lives of five people from the waters of White Rock Lake near here.

Mr. and Mrs. S. L. Bonner, Mrs. E. A. Long, and two unnamed women played bridge until late last night at the Bonner home, and decided to take a ride in Bonner's boat. They cruised around the lake for a time when the boat capsized.

For an hour they clung to the overturned craft, shouting for help. Several boats on the shore heard the calls, and sought the party with boats and search lights.

Fletcher was the first to arrive. He took Mrs. Bonner and two of the women in his small rowboat on the first trip, and Bonner and the fourth woman on the second trip almost an hour later.

A Los Angeles electrical engineer has invented an "oscillographoscope" by means of which a motion picture camera can take pictures of a heart pulsating within a living person.

It's Like This—

NOW IS THE TIME for Pampa folk to think straight. Much harm can be done at important times by ill advised thinking and talking. The prime necessities for healthy civic life have been provided. You can hardly err in doing things that are vital and necessary.

Now, however, is the time when solid civic investments must be considered—things which will serve the community through the years. We need a new city hall, more paving, several parks, and particularly more paved roads.

Not all of these can be procured at once. Se we must think straight and choose wisely. The city hall is much needed. The question of road paving interests some people still more, and all of us a great deal.

When the road paving is completed, it will be obvious that the original plan fell far short of realization. The withdrawal of state designations is chiefly to be blamed. Another reason is that much better and more expensive paving was contracted for than contemplated when the amount of the bond issue was fixed. No other type would have been approved by state engineers, in all probability. Another factor is that new right-of-way and road widening costs many thousands of dollars. It has seemed that the commissioners have been more than generous in approving some of the claims, at least in the sense that they failed to impress upon the property owners that the paving would greatly benefit their property.

We cannot see the logic of paying full per acre value for area required to widen a right-of-way, or even three-fourths that amount. The adjacent land is certainly enhanced in value, and that value is above and beyond consideration of taxation on that property for the road bond levy; the tracts a mile and more away are similarly assessed.

Landowners fortunate enough to be located on a main highway should recognize their good fortune and not ask full payment for narrow strips of

land along the highways. But regardless of conditions existing at the time the present road project is completed, the future must be faced, and not the past. Often the destiny of a community depends much on its ability to accept present conditions as unchangeable elements of the past but as to the future merely materials out of which a greater neighborhood may be built. Pampa must have a clear, optimistic view of the future. Much of the present business is based upon the ideal which cannot be reached by entrenchment policies. Think it over, AND THINK STRAIGHT.

BILLS THAT ESCAPE the attention of legislators and governor may nevertheless need amendment.

One of these, it appears, relates to disposal of the bodies of persons who die in the state eleemosynary institutions.

The bill in question directs that dead bodies unclaimed within 24 hours at eleemosynary institutions be turned over to the anatomical board. R. E. Walthall, chairman of the board of control, said that it had been decided to "go mighty slow" in complying with the bill, especially since it is often the case that relatives of some inmates are not located until after 24 hours pass.

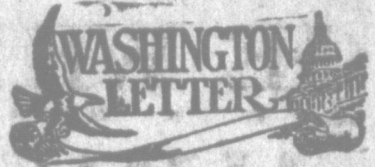

"This act is fraught with much danger," Walthall said, "especially in arousing indignation and animosities when it is learned that the bodies of our Confederate soldiers, widows of Confederate soldiers, orphans, and other charges have been sent to the medical college for dissection."

Very, very true. Those brave souls who were honored in life by being cared for by the state should be spared the knowledge of the certainty that, if they have no immediate relatives to claim them, their bodies will be dissected by thoughtless, or at least feelingless, medical students. This is one place where it is not illogical to place sentiment above science.

gest the practice to one's land-lady. And a halfback of fame is taking cooking lessons. Not even a he-man can be sure of getting a genuine she-woman.

Chicago barbers are raising the price of haircuts to \$1, showing that those Chicago bandits are setting a poor example for the rest of the people.

They are going to produce any kind of weather for indoor use, but we'll wager they will never control our northers.

BY RODNEY DUTCHER

WASHINGTON—The Hon. James W. Good, who has sometimes been called "Sunny Jim" and is now secretary of war, has made a good enough impression during the first few weeks as a cabinet member to gag those of his critics who insisted he was only a mere politician.

There were some in the War Department who thought it would be fine for the army to have a secretary who knew Congress so well and Hoover so well. Then there were others who thought it was too bad that the job should be given as a political reward and that politicians should be cared for elsewhere. At this writing, however, both groups seem to agree that Mr. Good is a nice fellow, intelligent and anxious to work, and quite able.

They say Good has put more personality into the job, that he is more given to make his own decisions, that he answers more letters himself, that he has given a more personal touch to routine letters and that before long he is going to

know his whole department inside out.

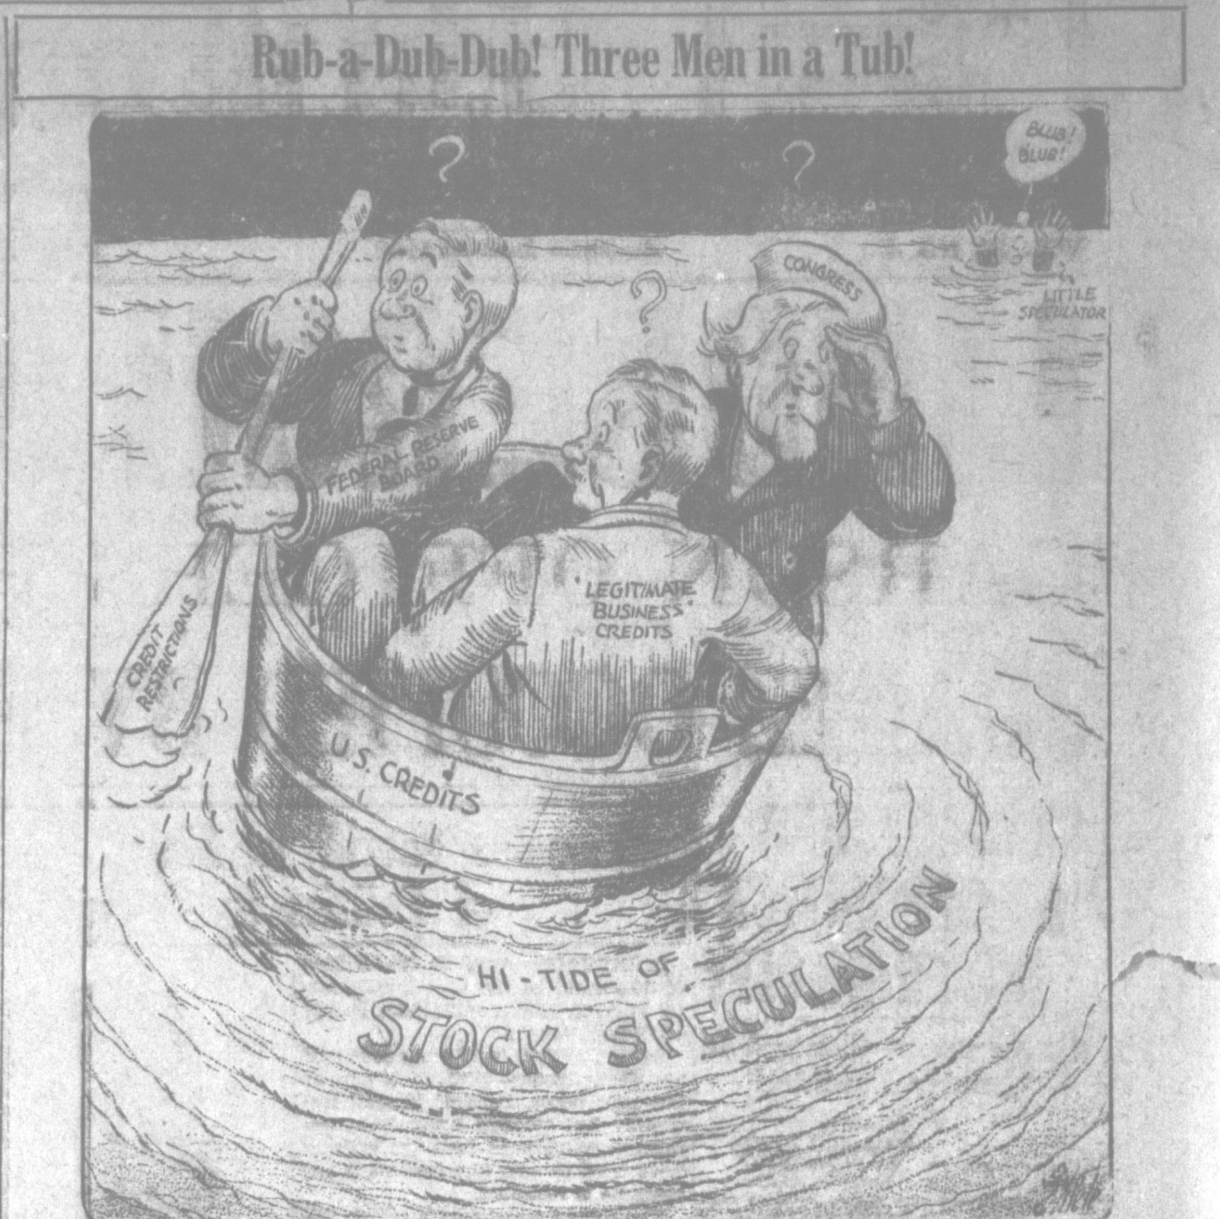

Progressives Worried Good has acted as counsel for on or two electric power companies and as secretary of war is a member of the Federal Power Commission; a combination which worries the progressives. But unless he gives someone an opportunity to charge him with favoritism to the power interests the growing suspicion is that he will be "a good secretary of war."

Incidentally, there was some question in Good's own family as to his ability to swing the job. When his 11-year-old son Robert heard about it he came running in with a pair of boxing gloves and demanded: "Well, if you're going to be secretary of war, let's see if you can fight!"

Britain Puzzled By Suicide of Polo Captain

LONDON, April 10. (AP)—Sporting and military circles were mystified today at the strange death last night of Captain John Pitt Denning, international polo player.

Captain Denning's body was found locked in a room at his hotel at Westminster, where he had been staying while in England on leave from the Indian army. There was a bullet wound in the head and a revolver lying by his side.

Captain Denning, captain of the British army polo team which played at Meadowbrook in 1925, seemed to hotel attendants and fellow guests yesterday to be in good spirits. He was talking cheerfully to acquaintances in the hotel yesterday afternoon when he asked to be excused and hurried away.

Apparently he went to his bedroom and locked the door. Soon after a shot was heard in the room. The room was opened and the horseman's body found, a revolver beside it.

Bowling Congress Drew 13,000 Entries

CHICAGO, April 10. (AP)—Wisconsin Maple trundlers carried away the largest slice of the \$107,700 prize melon offered by the American bowling congress for its 1929 tournament.

The tournament, which attracted 13,000 bowlers and which lasted 39 days, closed last night.

A. Unke, veteran Milwaukee kegger, was the heaviest individual prize winner collecting \$300 for rolling 728 with the singles title and \$175 for winning second place in the all-events. Other Badger bowlers carried away hundreds of dollars by grabbing five of the leading 10 places in the five-man-competition and placing high up in the other events.

Illinois was second to Wisconsin in collective winnings.

Several Members in Family Benefited by It, Says Letsinger

"ORGATONE IS THE FINEST THING I HAVE EVER SEEN," SAYS PLEASANT VALLEY MAIL CARRIER.

"There are several of us at home who have taken Orgatone and it hasn't failed to bring good results in a single case," said J. H. Letsinger, the well known Pleasant Valley mail carrier, Amarillo, R. I. recently.

"As to my own case," Mr. Letsinger continued, "Orgatone is building up my health after several years of suffering. When I began taking it my stomach was all out of order and my appetite was very bad. I was troubled with constipation and bloating after eating and had that tired, sluggish feeling all the time. Nothing I would eat seemed to agree with me and I was really discouraged trying to find anything that would help my case."

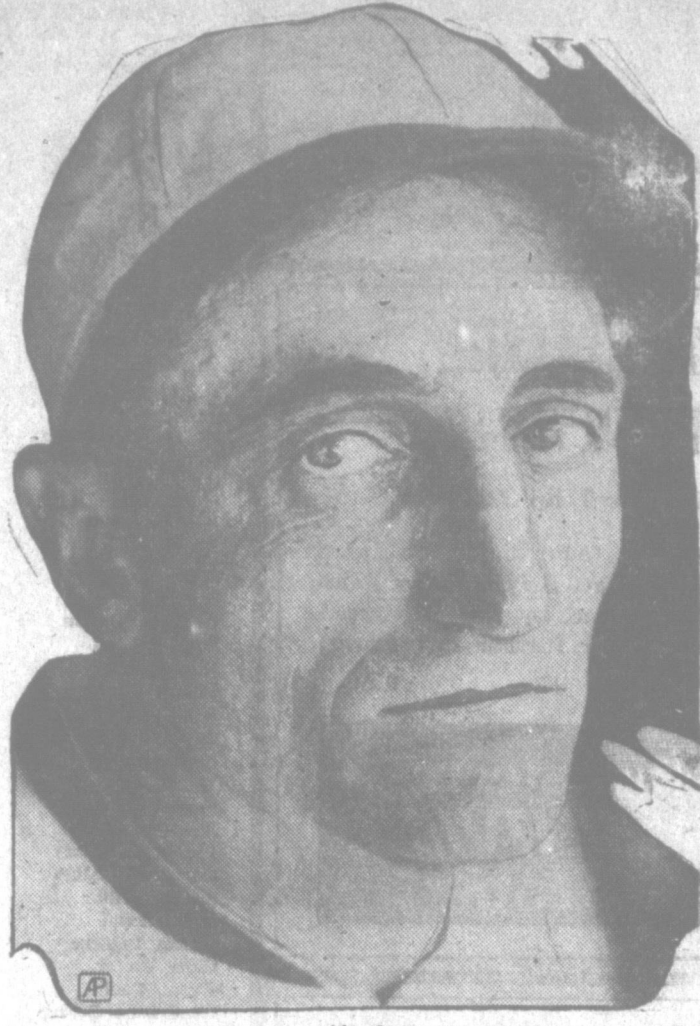

"Finally I began reading in the papers about Orgatone and decided to try it. It sure has been a wonderful thing for me. My appetite is fine now and I eat three good square meals a day. My bloating and indigestion pains are entirely gone, I sleep like a log, and all my sluggish, depressed feeling has left me. I recommend Orgatone every chance I have because it has done me so much good. It has helped our whole family and we are all boasting it. It certainly is the finest medicine we have ever had in the house."

Genuine Orgatone is not a so-called secret patent remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Pampa, exclusively by the City Drug Store, under the personal direction of a special Orgatone representative who is meeting the public daily. Out-of-town customers are being supplied promptly by mail upon receipt of price, one bottle, \$1.25, or six bottles, \$6.25.

Other agents are City Drug Co., at Fort Worth.—(adv.)

BLACKBURNE OUSTS REBELS; HAS BACKING OF COMISKEY

That inevitable crisis for new big league managers came early for Lena Blackburne, White Sox pilot. The flareup in his case came during his first spring training trip.

CHICAGO, (AP)—Chicago's White Sox are going to have peace in camp even if it costs them the services of some of their best young players.

This was indicated by the action of Manager Lena Blackburne, backed by Owner Charles Comiskey, in disciplining a half dozen rebels, headed by Art Shires, loud-speaking rookie first baseman.

The Sox may have Shires and the other insurrectionists back in uniform by the time the season opens, but they will have to eliminate the late hours and back talk to Comiskey's new manager.

It has been one of the worst experiences for the Sox since the Black Sox scandal of 1919 when all but a few outstanding regulars were swept into the discard.

Shires will be lost to the club indefinitely if not for good since he has been quoted as saying he preferred to play elsewhere and would be satisfied with a minor league position.

Bill Cissell, 21-year-old shortstop who cost the Sox \$123,000, was one of the men accused of breaking training rules. He probably will be given another chance, but reports from the Sox squad, now heading north, is that others, including outfielder George Blackburne, the latter a rookie, will be dropped.

Texas Oil Notes

DALLAS, April 10. (AP)—The first oil well flowing 1,000 barrels or more daily in Jack county has been completed, the producer, the L. C. Harper well on the J. M. and W. E. Box farm in the Isaac Houghton survey, flowing approximately 3,100 barrels from a depth of 3,100 feet. The well marks a 2,000 foot extension to the northwest from production on the Mary A. Bryson farm.

The world's deepest oil well, the Grou One Oil corporation (Texan) No. 1-B University in Reagan county, continues to better its flow. In the latest 24-hour test, the producer ran 2,310 barrels of 56.3 gravity oil. Its previous record was 2,250 barrels.

Two new gassers, the Cunningham, Simpson, White and Pinkerton and the Jameson, Pollard, Forster and Dunigan well, have been brought in in Coleman county. The first well in block 94, A. S. Lipscomb survey, was estimated good for 7,000,000 cubic feet of gas daily, while the other producer south of the Jennings pool is producing 1,000,000 cubic feet.

Former Governor of Florida Is Held on Counterfeit Charge

JACKSONVILLE, Fla., April 10. (AP)—Sidney J. Catts, Sr., former governor of Florida and a Baptist minister, today faced arrest on charges of aiding and abetting an alleged million dollar counterfeiting ring.

Two federal indictments linking the former governor with financing a counterfeiting conspiracy were returned here yesterday. Others named in the indictments were Julian Diaz, Tampa attorney, arrested recently in Miami; Mateo Mir, Armando Dominguez, and Madeline Leah Burswell, Diaz's former secretary.

Catts is alleged to have furnished \$5,000 to the ring to finance the purchase of printing presses and equipment, with the understanding he was to receive \$25,000 of the counterfeit money as his part in the investment.

Good Quality in Washington, But Quantity Lacking

NEW YORK, April 10. (AP)—Manager Johnson of Washington has but nine pitchers to work in exhibition games and for batting practice but he is finding that what he lacks numerically is offset by quality. Sam Jones went six innings against the Giants at Augusta yesterday and allowed only two hits. Coming on top of sterling performances the day before by Braxton and Hadley, this has sent hopes of the team up further.

The Pirates were jubilant today over the showing of their two bespectacled hurlers, Carman Hill and Lee Meadows, against Detroit. Hill and Meadows experienced difficulty in getting into shape the forepart of the spring training, but in yesterday's 10-3 victory at Shreveport gave evidence of being in mid-season form.

It begins to look as if the Veteran Hank Gowdy, a leading major league catcher when he was with the Braves 15 years ago, might leave his coaching duties more than once to catch for the Braves this year. Yesterday Gowdy was behind the platter for the full nine innings, at Norfolk, nursed Southpaw Ed Brandt along to pitch almost shutout ball, made two hefty singles and galvanized his despondent mates into playing real ball. The sum total of the afternoon's play was a 13-3 victory for the Braves.

After two days of idleness the St. Louis Cardinals left for Fort Wayne, Ind., for the final battle before the city series at Evansville, Saturday and Sunday. Hal Hald and Bill Sherdell were mentioned as the probable starters in the opening contest against the Browns, with Alexander and Doak on Sunday.

Morris Bagrow, outfielder and John Buvid, righthand hurler, are the first two St. Louis Browns to draw releases, both going to Milwaukee on option. Johnny Oden was the third Browns pitcher to go the route in three days and hurled winning ball yesterday, beating Oklahoma City. Oden was not scored on until the ninth when one run went across. He allowed only four hits.

Joe McCarthy's Cub machine, hitting on all cylinders, moves northward tonight after the most successful spring exhibition season in years. The Cubs defeated Houston, 5 to 2, yesterday, running their season exhibition record to 21 victories out of 26 games. Hack Wilson helped make it six straight over the Buffs, bagging a homer and a single.

Johnny Watwood, rookie outfielder obtained from Shreveport of the Texas league, has been hitting so boisterously this spring he seems certain of a regular job with the White Sox.

Doug McWeeny finally has turned in the kind of pitching Wilbert Robinson has come to expect from his regulars. McWeeny, a holdout for some time, has been slow in rounding into form but he was at his best against Atlanta yesterday. Pitching seven innings, he baffled the Crackers all the way except for the fourth inning when Dave Bancroft's error paved the way for two Atlanta runs. The Robins won the game, 16 to 4.

Cats Will Meet Waco Cubs Today

WACO, April 10. (AP)—The Port Worth Panthers held the attention of the Waco Cubs today in the first of a two-game exhibition series.

On Saturday and Sunday the local team will be in Dallas for an exhibition series, and a week from today will open the 1929 season with the San Antonio Bears at the latter's home lot.

The same line-up that opposed the New York Yankees last week was expected to oppose the Panthers this afternoon.

FORT WORTH, April 10. (AP)—The infield combination which now seems likely to start the season for Port Worth will be put to the test in games this afternoon and Thursday when the Panthers meet Waco Cubs at Waco. The inner defensive circle is composed of Jim Riley at first base, Andy Harrington at second, Fay Pierce at shortstop and Nick Urban at third. Manager Atz worked his foursome together in practice sessions Monday and Tuesday and announced this morning as the club prepared to leave for Waco he would use it against the Cubs.

Diamond Debs

They never come too wild for the Cubs to tame.

Joe McCarthy said big money for Pat Malone, who fanned American Association batsmen in bunches in 1927, also walked them in bunches.

After taming Pat, McCarthy selected Sonny Horne, Jersey City right hander, as his next student. Sonny was the wildest man in the International league last year, passing 140 men. And he won 16 games and lost 17 for very ordinary average.

Now Horne is the Cubs' star rookie. He is 27 years old, is 5 feet, 10 inches tall, weighs 158 pounds. His home is at Dayton, Ohio.

Another Marathon Man Forced Out By Tough Lap

UNIONTOWN, Pa., April 10. (AP)—With the toughest grind of the route behind them until they cross the desert, C. C. Pyle's plodding pilgrims today head for Waynesburg, Pa., on the eleventh leg of their 3,400-mile trek. The runners have covered 437 miles.

During the last three days they crossed the Cumberland and Allegheny mountains, heat and rain combining to make their journey uncomfortable. Yesterday they traveled 63 miles from Cumberland, Mo., to Uniontown, climbing to a height of 2,500 feet, while surmounting the peaks of the Alleghenies.

Today's jaunt is 33 miles. The long hills forced Nels Neilson, Chicago, out of the race yesterday.

Ed Gardner, sturdy Seattle negro star, continued to show the way in elapsed time.

Reduced Spudder Squad Run Hard

WICHITA FALLS, April 10. (AP)—With his squad cut to 25 players, not enough for intra-squad games, Manager Jim Galloway continued today to put his charges through two fielding and batting practice periods.

The Spudder team was believed to have been materially strengthened by the acquisition yesterday of Bud Stapleton, first baseman, from the Montreal club of the International league. He is to join the Spudders this week-end.

Smoke is being tested in Essen Germany, as a fertilizer. The smoke is forced underground by bellows, and it is hoped that the nitrogen thus put into the ground will increase crops 50 per cent.

The annual conference of the National Union of Schoolmasters in Leicester, England, decided that it is better to employ women teachers in schools for boys than to exclude them as they have in the past.

Treated Like an Orphan. Many of the American Association baseball writers are puzzled because the Detroit Tigers let Johnny Neum slip away from their possession during the winter months.

One of the puzzled ones is Dick Meade, columnist on the Toledo News-Bee and former president of the Toledo Hens.

Meade, after watching Neum in spring training, writes this:

"When the Detroit management requested walters on Neum in the winter, it was the idea of President Navin and Manager Buckey Harris that Johnny's lingering appendix illness removed the will to play league baseball. The Tigers were planning on assigning Harry Hellmann to first base, had closed with Toronto for Dale Alexander, and had drafted Dud Bransom from Louisville.

"As the situation is now presented, Bransom is going back to Louisville soon, Hellmann is slow, too fat and too sociable for the job and Alexander, while a corking hitter, is a dud as a fielder. The Detroit people might have suspected the present outlook in December, yet they did not hesitate to send Neum away.

Nobody Wanted Him. "It seems a number of big league teams might have used Neum, who was one of the greatest all-around first basemen in 1927. At this stage, it seems first base is the major weakness of the big league clubs.

"Bob Quinn isn't satisfied with Todd at Boston and Shires is a question at Chicago. At Washington, Joe Judge is in his declining years and is not expected to play over 100 games. Pittsburgh might have used him instead of the cumbersome Shely.

"The Braves are going along with Sisler, still able to hit when the pitchers throw within range of his dimmed eyes, but awkward and indifferent at the bag. Even the Cubs could have found a place for Johnny as Grimm, still a fair hitter and fielder, is very slow.

"Yet, all these clubs permitted Neum to slip into the minors without batting an eye.

Wants Another Chance. "I have always felt that Johnny was too good a man to stay out of the majors unless something was wrong with him. I put up my idea to Neum and his happy smile quickly disarmed any suspicion that he was unwell.

"I am ten pounds heavier than I replied, but I actually feel better than I have in three or four years. Probably my appendix trouble was working on

me for some time before I realized the trouble. Two weeks after the operation last summer I felt a new man. "I am ten pounds heavier than I ever have been and I am stronger than at any time in my career. I've always liked to play ball but the urge is greater than ever this spring. Perhaps it is the feeling that I am still a major leaguer which provides the determination to prove this season that I have a right to go back where the big money is. "It is up to me to play my way back to the majors."

DID YOU KNOW THAT—George Piggas, with the Tigers, is a brother of the Yanks' Piggas . . . and he reported weighing 245 pounds . . . and has a craving for milk . . . but has to stick to water . . . or else . . . and he lost 23 pounds the first week of practice . . . The All Americans are hot in baseball now . . . Wes Fester is Sislering for Ohio State . . . and so is Warner Mitchell at Georgia Tech. . . and Dale Vansickel at Florida is a crack outfielder. The Atlanta want to beat Uncle Robby out of Catcher Gooch . . . but Jack Hendriks says Gooch won't ever get out of the league.

DEMPSEY IN CHICAGO—CHICAGO, April 10. (AP)—Jack Dempsey was in Chicago today, ostensibly looking for boxing talent for New York boxing shows this summer.

Rumors he was attempting to make some arrangement to promote matches in the new Chicago stadium were neither affirmed nor denied.

Entre Nous Members and Husbands Are Guests at Party

Members of Entre Nous Bridge club and their husbands were guests last evening at a dinner-bridge given by Mrs. Emmett Dwyer and Mrs. R. F. Rogers, at Mrs. Dwyer's home. The menu of a daintily served dinner, the decorations of card table accessories, and the gift packages developed a red and white color scheme.

The game took added interest from the awarding of high score favors at the end of every game. Final scores were added in combination, and favors were given Mr. and Mrs. Paul McNamara, high members; Mr. and Mrs. Floyd Hollenbeck, low members; and Mr. and Mrs. F. E. Hoffmann, high special guests.

Players included the following: Mrs. R. H. Kiser, Mrs. Paul Hill, Mr. and Mrs. Paul Kaashtke, Mr. and Mrs. F. E. Hoffmann, Mr. and Mrs. J. T. Hull, special guests; Mrs. M. Roach, Mr. and Mrs. R. T. Wedding Anniversary Is Inspiration for Delightful Party

Mr. and Mrs. Raymond Harrah entertained 30 guests at bridge Monday evening, complimenting Mr. and Mrs. Earl W. Lewis, who were celebrating their first wedding anniversary. Spring flowers were used with charming effect in decorating the house.

The following were present: Mr. and Mrs. Lewis, honored guests; Mr. and Mrs. Roger McConnell, Mr. and Mrs. J. M. Dodson, Dr. and Mrs. H. E. Hicks, Mr. and Mrs. Biggs Horn, Mr. and Mrs. C. P. Buckler, Mr. and Mrs. Ralph Dunbar, Mr. and Mrs. C. A. Barker, Mrs. H. G. Twiford, Mrs. G. C. Westad, Mrs. P. D. Hill, Miss Beulah Hall, Miss Mildred Wilson, Miss Kate Talley, Miss Mildred Stewart, Miss Ruth Abramson, Miss Jettie Mae Barber, Miss Emma and Louise Cearley, Fred Thompson, and C. F. Cheney. Honors in the game went to Mrs. Barker, Miss Barber, and Mrs. Horn.

Banquet Honors High School Girls' Basketball Squad

Letters were awarded members of the girls' basketball squad of Central high school for this year, and the captain for the 1923-24 season was elected Monday evening at a banquet given by Miss Bernice Whiteley, sponsor, and L. K. Maxcy, coach.

The banquet was held in the dining room of the Methodist church, where covers were laid for 19 guests. The honorees were: Hazel Fletcher, Ruby Brown, Golda Jamison, Virginia Rose, Mary Kay Martin, Avis Heiskell, Olene Cambern, Ouida and Claudia Brandon, and Florence Ward. Other guests were: Mr. and Mrs. T. A. Fannell, Mr. and Mrs. C. P. Huskoppilar, Jessie Yelton, the Rev. Tom W. Braabham, the Rev. James Todd, R. B. Fisher, and E. D. Zimmerman.

Green and gold, the colors of Central high, predominated in a pleasing decorative theme. Streamers of crepe paper in the colors hung from the ceiling and chandeliers and entwined the pillars. Bowls of marigold made pretty center-pieces for the tables, which were lighted with green candles. Places were marked with silhouettes of basketballs tied with green and gold ribbons.

The address of the evening was given by Mr. Todd. The high school girls' quartet, composed of Dorothy Doucette, Audrey Noel, Yvonne Thomas, and Beulah Lane, sang a selection. Mr. Fisher told a number of jokes arranged for the occasion. A vocal duet was sung by Mr. Fisher and Mr. Fannell, and a quartet was sung by the Methodist quartet, Mr. Fannell, Mr. Zimmerman, Mr. Fisher, and the Rev. Braabham. Hazel Fletcher, captain of the 1923-24 team, gave some interesting reminiscences. In "Ramblings," Miss Whiteley gave the girls some food for thought. Mrs. Fannell played accompaniment for all vocal selections. The election, high point of interest in the gathering, gave the captaincy for next year to Ruby Brown. The meeting came to a close with all present, hands joined singing "Blest Be the Tie That Binds."

Child Study Club Will Have Social Meeting Friday

The spring social affair of Child Study club will be held Friday afternoon at the home of Mrs. A. R. Sawyer, 300 North Gray street, with presidents of all other study clubs of the city, associate members of Child Study club, and one friend of each of the members as guests. The party will be in the nature of a program-tea, and will be held at 2:30 o'clock. Daily News' want-ads bring results.

Baker P. T. A. Holds Annual Election of Officers and Permanent Chairman—Will Beautify Baker School Grounds

Baker Parent-Teacher association elected officers for the year last evening, and in the same meeting made plans for an important project—beautification of the Baker school grounds.

Mrs. Harry Blythe was elected president, to succeed Mrs. W. A. Gray, who has served with distinction since the organization of the association. Other new officers are: First vice-president, Mrs. R. H. Lane; second vice-president, Mrs. Lola Belle Lard; third vice-president, Mrs. W. B. Murphy; fourth vice-president, Mrs. Roy Kilecor; recording secretary, Mrs. W. H. Gray; treasurer, Mrs. Sam Erwin; parliamentarian, J. A. Meek.

Chairmen of standing committees also were elected and were as follows: social, Miss Della Beejer; publicity, Mrs. George Eads; magazines, Mrs. G. D. Holmes; health and hygiene, Mrs. Leticia King; and parents' day, Mrs. A. L. Jones.

Beginning work immediately, the Baker P. T. A. will plant a lawn on the grounds in front of Baker school. The lawn will greatly enhance the beauty of the building, without interfering with the open-air play of the school children, as ample room is being left for playgrounds.

The committee appointed to direct work in this project is composed of Mrs. R. H. Lane, chairman, Sam Erwin and R. Woodward.

PAMPA IS MENTIONED IN WILL ROGERS' TALK

Pampa was mentioned from the stage in New York City last week and by no other than the well-known Will Rogers. The noted humorist and actor appeared in "Three Cheers" and during his discourse stated that he was glad to learn that a representative from Pampa, Texas, was in the audience.

Miss Margaret Buckler, daughter of Mr. and Mrs. C. F. Buckler, attending college in Boston, Mass., was visiting with Mrs. Lena Westphal, sister of Alex Schneider, in New York. Mrs. Westphal in a conversation with Will Rogers mentioned that Miss Buckler was visiting with her.

RICH GIRL & POOR GIRL & RUTH DEWEY GROVES

"Good morning," he said cheerily, and placed a nosegay of violets on her desk.

THIS HAS HAPPENED MILDRED LAWRENCE, scenographer in the Judson Hotel, has her foot caught in a subway car window, flung back on the next train, she finds a crowd gathered on the platform and learns that the chief has been caught by STEPHEN ARMYSTRONG. An officer takes them all to the station house, and after the routine details are discussed Stephen insists on taking Mildred home. She demurs but does not wish to seem ungrateful so Mildred asks him home to dinner, where he gains favor with the mother by praising her home cooking. Mildred's young sister, CONNIE, is deeply devoted to her brother and hopes that her old-fashioned water will mix enough pep with her usual calm to induce him to leave the new comer. The evening is spoiled, however, when PAMELA JUDSON, daughter of Mildred's employer, phones and insists on her returning to the hotel to assist at a ball. Stephen tells Mildred that he is an auto-mechanic and that he had recently sold a car to Pamela. The latter recognizes him as he is leaving with her before she and the regular guests arrive. Pamela is surprised to find the phone on which Mildred when she returns and finds her dancing with Stephen. NOW GO ON WITH THE STORY. CHAPTER III. THAT night, arriving home late, Mildred found Connie reading a magazine in bed. This she threw aside in gleeful anticipation of hearing something interesting. She sat up, with her arms curled around her knees, looking oddly sophisticated. Connie was going through the black lingerie period, much to the disapproval of her mother. Usually Mildred had something to say about it, too, but just now she was not in a mood to notice the black voile pajamas. Mildred tossed her hat onto a chair and her bag on the dresser. Connie nickered up her lips and hummed softly. Mildred always put her hat on a peg and her bag in a drawer. Connie scented trouble. "Just a flat tire after all!" she questioned sympathetically. Mildred looked at her then. "Go to sleep," she said crossly. "Aw, come on, Sis, tell me all about it. But I'm awfully disappointed. Honestly I am. I thought he was a real person. Someone you could like." "I'm not looking for anyone to like." "Horse feathers! You're normal, aren't you?" "IT'S not that I care," Mildred told herself; "but suppose I did?" She meant suppose she cared for Stephen. She thought her feeling of being ill-used was caused by Pamela's high-handed treatment of her and her resentment of it. She had no idea that Stephen had made a deep impression upon her; that she minded having him grabbed up by Pamela. "I'd quit in a minute if it weren't for Mom and Connie," she stormed silently. It wasn't fair that one girl should have everything in the world, and another should have to struggle along within sight but not within reach of all that the other had. "I'm sick of it," Mildred rebelled, but she knew she would go on tolerating Pamela's abuses for the sake of her position. The next morning she was unusually silent and hardly touched her breakfast. Mrs. Lawrence was too busy to notice. Somehow Connie's belongings invariably got scattered all over the flat and she needed a searching party to help her get to school on time. Mildred did not expect Stephen to show up at the hotel, at least not

Oklahoma City Well Comes In— Now Big Gasser

OKLAHOMA CITY, April 10. (AP)—Blowing in early today, the Indian Territory Illuminating Oil company's No. 1 Fortson, SE SE NE 24-11-3w, a quarter mile north of the Oklahoma City field's discovery well, was making an estimated 25,000,000 feet of gas. The sand, believed the Tonkawa, was penetrated only six inches when the gas blew 1,500 feet of mud out of the hole. Casing had been set at 3,952 feet and the plug drilled out. The gas was dry, with no oil showing, but the well will be drilled deeper in the hope of finding oil, according to Pat Sutton, general superintendent. The well was being permitted to flow today.

Casing was being run today in the Wirt Franklin No. 1 Lowery, NW SW NW 12-11-3w, Oklahoma City field, which tested 30,000,000 feet of gas yesterday in the Tonkawa series at 3,997 to 4,010 feet.

FOUR PERSON DIE IN TAMPICO PLANE CRASH

BROWNSVILLE, April 10. (AP)—Four persons were killed in an airplane crash at Tampico today, according to reports received here. They were on a special plane to the Mexican aviation company bound for Brownsville.

First reports said the men were G. A. Fraser, engineer, formerly in charge of construction of the Gateway bridge here across the Rio Grande; two pilots named Newcomb and Taylor, and a Mexican named Fernandez.

R. H. Robinson was reported probably fatally injured in the crash, which occurred just after the ship took off.

Expensive Chicks Are Bought by Kingsmill Raiser

W. A. Mills of Kingsmill, who is making a specialty of raising high-grade S. C. White Leghorns, has just received a shipment of 45 baby chicks from a prominent breeder in Missouri. These chicks are from hens with trapnest records of over 300 eggs each, laid during their pullet year. The sire of the chicks is from a dam with trapnest record of 321 eggs for one year.

"The chicks cost \$1.75 each. He will use the males of these chicks to head his present production bred flock."

Mr. Mills has a pen of his fine birds entered in the Texas national egg laying contest. He has just received a letter from the contest manager stating that his hens are making a very creditable record. Two of these hens are laying eggs that average 27 ounces per dozen he says.

Every hen kept on Mr. Mills place is trapped the year-round. Records have, convinced him that it pays to keep only hens that are bred for high egg production.

The birds are housed in properly ventilated, sanitary buildings and fed a balanced ration.

MISSING GIRL FOUND IN FLORIDA, FATHER ASSERTS

BROOKLINE, Mass., April 10. (AP)—Rosamond Morse, 17-year-old daughter of a wealthy Brookline family, who had been missing three months, has been located in Miami, Fla., her father announced today.

"I talked with her over the telephone last night," said her father, Edward W. Morse, Jr., "and she seemed well and happy and anxious to return home."

COOLIDGE TO BE DIRECTOR IN INSURANCE FIRM

NEW YORK, April 10. (AP)—Darwin P. Kingsley, president of the New York Life Insurance company, announced today that Calvin Coolidge will become a director of the company, succeeding the late Myron T. Negro Porter Made Bomb in Hope of Promotion, Claim

NEW YORK, April 10. (AP)—A negro post office porter who on Sunday "discovered" a bomb addressed to Governor Franklin D. Roosevelt was arrested today as the man who placed the package.

The porter, Thomas J. Callegy, denied the charge, but postal inspectors and police said they were convinced he sent the bomb in the "hope of winning promotion by 'discovering' it."

The inspectors said that at Callegy's home in Hoboken, N. J., they found coils and wire similar in size to that used in the bomb.

Pennsylvania Students Create Traffic Jam

PHILADELPHIA, April 10. (AP)—Twenty-three university of Pennsylvania students were under arrest today on charges of inciting to riot.

"We hadn't had much fun for a long time," one of the arrested students replied when asked what had caused the disturbance.

Riot calls were sent out after the students had gathered at 37th and Spruce streets and assumed control of the traffic lights. Owing to the manner in which the lights were operated traffic was soon in a jam and accidents were narrowly averted.

Foundry Manager Stabbed to Death

CHICAGO, April 10. (AP)—A fashionable after-theatre throng saw Harry Townsend of Milwaukee fatally stabbed last night in the lobby of the hotel Stevens, known as the largest hotelery in the world.

Townsend's jugular vein was severed when Bart Rogers, a former employe of the Milwaukee foundry of which Townsend is superintendent, went to him with a knife. Townsend died today.

Rogers, following the attack, eluded his way through the crowd of men and women, many in evening attire, and to the street where he surrendered to a policeman. He said he had gone to the hotel to see Townsend about a job, and Townsend had called him a "scab" and knocked him down.

Townsend, who was 42 years old; was at the hotel attending a convention of foundrymen. Rogers said that when Townsend called him a "scab", he produced a card showing he had been a union man since 1901, but Townsend's anger continued high, resulting finally in blows.

Washington Society Disorganized Thru Stimson Statement

WASHINGTON, April 10. (AP)—The diplomatic corps at a meeting at the British embassy today decided to accord to Mrs. Everett Gann, sister and official hostess of Vices-President Curtis, the social status which would normally be accorded to the wife of a vice-president.

WASHINGTON, April 10. (AP)—Social Washington woke up today to find its whole order on the brink of either a collapse or a thorough overhauling, as a result of the declaration yesterday by Secretary Stimson that the state department shall no longer decide questions of precedence not affecting the diplomatic corps.

The secretary's decision was reached in response to the protest by Vice-President Curtis against the ruling of Former Secretary Kellogg that his sister and official hostess, Mrs. Edward Everett Gann, should be seated at official dinners below the wives of diplomats, and to the request of the corps yesterday for a definite ruling.

He held that, while the former secretary's ruling correctly set forth the custom of precedence in recent years, the department had no authority to determine the social status of any except foreign representatives. In his reply to Sir Esme Howard, the British ambassador and dean of the corps, he said decisions as to the precedence in which American officials and their wives should be received within the homes of the diplomats "rest wholly within the discretion of the members of that corps themselves."

After the secretary's reply was delivered to the British ambassador, the members of the corps were summoned for a meeting today to consider the problem thus put to them.

Want Garfield's Son For Board Chairman

DALLAS, April 10. (AP)—James R. Garfield, former secretary of the Interior and son of James A. Garfield, president of the United States, was groomed for chairman of President Herbert Hoover's emergency mediation board called to meet here today in an effort to avert a strike of 4,000 Texas & Pacific railway employes.

Other members of the special board are Judge William Rogers Clay, Frankfort, Ky., judge of the Kentucky court of appeals; Chester H. Rowell, Berkeley, Calif.; F. H. Kreisman, former mayor of St. Louis, Mo., and Walter C. Clephane, professor of law at George Washington university, Washington, D. C.

Railroad brotherhood officials have been here for three weeks arranging testimony. J. A. Somerville, Dallas, vice-president and general manager of the Texas & Pacific, have charge of the road's testimony.

NOT PASSED BY CENSOR

THE GREAT STRIKE
By DEWITT MACKENZIE
(Copyright, 1929, Associated Press)

Probably the only strike of war correspondents ever recorded in history was engineered by the "Big Seven" who were attached to British general headquarters in France during the world war.

I should qualify that statement by saying that it was G. H. Q. which described the affair as a "strike". We of the "Big Seven" very politely but persistently insisted that we wouldn't be so undignified as to strike; we merely were ceasing to write because we were tired out and needed a rest.

Our show was staged in Flanders, and it was in the spring of 1918, if I remember rightly. As I have indicated, we were seven—five British and two Americans. Among us we served virtually the entire world with all-important news of the fighting along the British and Belgian fronts.

We were the favored few, strictly limited in number, to whom G. H. Q. laid bare all secrets. I mean that literally. We knew more intimate details of what was going on, and what was projected, than did anybody outside the commander-in-chief and his chosen council at G. H. Q.

Our task obviously was no light one. Upon us developed the responsibility not only of recording with precision the momentous history which was unfolding with kaleidoscopic rapidity, but of interpreting it accurately to readers throughout the universe.

It was a nerve wracking game under best of conditions, and anything which added to our difficulties became a matter of vital importance to us.

It happened that there was in control of our department a certain G. H. Q. colonel whose activities we didn't approve. We felt he didn't understand his job as he should, and we had no doubt that some of his regulations were hampering our work. Numerous complaints from our headquarters failed to better conditions, and so we decided to take matters into our own hands.

We requested the officer who was in immediate command of our headquarters to present an ultimatum to G. H. Q. The message was this: Our healths were very bad; we needed a rest from writing, and we were going to take it. Not a nice job for our chief to undertake.

Our immediate superior was Lieut. Col. John Faunthorpe, and in order to throw light on later developments I must explain that he was much beloved by all the correspondents.

America will remember this most affable gentleman, for he was attached to the war mission to the United States in 1918, and later was at the British embassy in Washington.

Well, Faunthorpe shoved his monocle into his eye and there was a funny little smile tugging at the corners of his mouth. He has a great sense of humor. However, he treated the affair very seriously, as indeed the occasion warranted. We were serious enough in our ultimatum, which meant that the world was to be cut off from the real news of the British and Belgian sectors.

How seriously G. H. Q. regarded the matter developed very shortly. Faunthorpe telephoned our message through to G. H. Q. from Cassel, where we were quartered temporarily.

Soon Brig. Gen. John Charteris, head of the intelligence department arrived at our headquarters with the engine of his fast car hot. He rushed into our headquarters with stern face. He demanded to know what we meant by striking. We informed him that nothing was further from our minds than to strike; we merely were taking a holiday.

Philip Gibbs (now Sir Philip), whose name is known as a writer throughout the world, took the floor. He told the B. G. I. in crisp terms that we objected to the regulations of the colonel at G. H. Q.

"We wish, sir," said Gibbs, "to call your attention to the fact that we are military experts. We know our jobs. We know more about this war than most officers connected with it. We insist, sir, that we cannot have our work hampered by anyone."

"What do you suggest?" asked the general.

We replied that we wanted our department taken under the control of Colonel So and So.

"Very well, gentlemen," said the B. G. I. "You win. I will take charge of your department myself."

He was as good as his word. In fact
