YOUNG SLAYER NOW AT LARGE NEAR HOUSTON

NEW CHARGE IS PLACED TODAY

Robbery With Firearms Is Carrying Penalty of Death

PORT WORTH, April 13. (P)—A mother's tremendously voiced appeal that her convict son, J. R. (Bob) Silver, return voluntarily to the Wynn state prison farm from which he escaped early today, was broadcast from a radio station here tonight.

Mrs. Mary Silver, Kansas City, the mother, pleaded with Silver, who had been serving a life sentence—commuted from death—for the robbery and killing of a Fort Worth theatre manager, to surrender.

HUNTSVILLE, April 13. (P)—Bob Silver, who escaped the electric chair through the clemency of a governor and saved his way from prison, along with four other convicts, in an attempt to evade the life sentence to which the death penalty had been commuted, tonight still was at large with a new charge—punishable by death—against him.

Before the end of Silver's first day of freedom after the escape from Wynn state prison farm near Huntsville, the new complaint was filed against him as many officers sought to apprehend Silver and three companions.

Robbery with firearms charges were filed against Silver, Robert Hill, Marvin W. Asbell and John Reid at Huntsville in connection with the kidnap of a young couple, students of the Sam Houston State Teachers' college here, and theft of their automobile after the convicts forced the two to drive them to Houston. A robbery with firearms charge carries with it a maximum death penalty.

Aside from the possibility that Silver's life again will be in jeopardy if he is captured, his case brought sensational developments.

Among them was a heated exchange of telegrams between law enforcement agencies of Walker county, where Silver escaped, and Governor Moody.

One Man Caught A warrant was issued today for the arrest of W. A. Thompson, guard at the farm, said to have admitted seeing the prisoners escape in a blinding rain without firing. Thompson was discharged by E. F. Harrell, warden, and a charge of permitting prisoners to escape, was filed against him.

Silver was removed to the Wynn farm a few days ago when it was found he had tuberculosis. He was last seen in Houston early today. Officers said they believe Silver might attempt to catch a boat out of Houston.

Three Boys Hurt When Well Explodes

BALLINGER, Texas, April 13. (P)—An explosion of gasoline that had leaked out of a tank into a water well at Maverick, near here, caused serious injury to three youths today.

Weldon Lee, 17, and Willie Thomas 16, were brought to a hospital here where their condition was pronounced critical. They were burned about the face. Ewell Prasier received less serious injuries.

Report of the explosion, which occurred when one of the boys dropped a match into the well, was heard eight miles away. The youths were looking into the well when the flash came.

TWO CITY OFFICERS STRUGGLE WITH JAM OF TRAFFIC HERE

Traffic at the intersection of Cuyler street and Foster avenue became so congested last night that two city officers were required to direct the streams of cars approaching from all directions, and to protect pedestrians.

About 8 o'clock the jam became so bad that Traffic Officer W. J. Turpin had to call for Officer Bud Cottrell to assist him.

Hundreds of cars lined the main streets and thousands of pedestrians strolled the streets, brought out by the balmy weather. Saturday the thermometer reached the 88 mark in the shade.

Business houses were crowded throughout the day and Pampa witnessed conditions equal to those of early boom times.

PARACHUTE MAN IS KILLED WHEN ROPE IS BROKEN

PRATT, Kas., April 13. (P)—E. E. Radack, 37, of Dallas, a professional parachute jumper, fell to his death here tonight. He leaped from an airplane at an altitude of 1,500 feet and the rope holding him to the parachute broke.

The man had dived head first from a tri-motored, "barnstorming" plane which had been flying passengers here. His body fell into a wheat field as hundreds of spectators looked on.

Operators of the plane said the parachute had appeared in perfect condition. The rope snapped between the opening ring and the harness about Radack's body.

His address at Dallas, according to papers in his clothing, was 409 North Harwood. A card asked that in case of accident Mrs. A. J. Kiehlbaek, Lyndall, South Dakota, be notified.

E. E. "Shorty" Radack was in Pampa a week ago yesterday with the Kenyon Transport company's big Ford plane. He was to have made a parachute jump during the afternoon, but a high wind made it impossible. He made a successful leap last Sunday in Borger.

Negro Is Given Year's Sentence

Sandy Jennings, local negro, was sentenced to serve one year and one day in the penitentiary when convicted by a 31st district jury Friday on charges of possession of intoxicating liquor for the purpose of sale. Jennings was caught by county officers with a quantity of liquor in his possession.

The jury was out only 30 minutes. The negro, through his attorney, Judge Ben S. Baldwin, entered a plea of not guilty.

Court adjourned Friday afternoon to reconvene tomorrow morning at 10 o'clock. Civil suits will be heard this week.

The jury in the liquor case: H. C. Rippey, R. C. Davis, Clyde Willis, Robert Hollis, Douglas Wilson, J. W. Agee, A. W. Green, G. Pinnell, M. A. Graham, H. H. Isbell, B. C. Franklin, and C. L. McGowan.

Local Golfers Will Go to Panhandle

A team of golfers from the Pampa Country club will be guests of the Panhandle Golf club this afternoon in a league contest. At least fourteen local men will make the trip to Panhandle.

The rounds will be the first in the newly organized Panhandle Golf league, comprising four teams, Pampa, Panhandle, Borger, and Dalhart. A complete schedule has not been announced but Pampa will probably play at home next Sunday.

CAPTAIN GIVES UP AND TELLS OF DESERTIONS

General Is Now Ready to Surrender Main Army

NACO BATTLE NOT EXPECTED

U. S. Protection Is Extended by New Troops

MEXICO CITY, April 13. (P)—President Portes Gil was informed tonight by the Mexican consul at Nogales that Rebel General Leopoldo Rebatta with an army constituting most of the insurgents of the state of Sonora desired to surrender.

President Portes Gil told the consul that the surrender would be accepted by the government if unconditional and with the understanding that the rebel leaders submit themselves to prosecution and accept the full penalty of the law.

NACO Sonora, April 13. (P)—The last stand of the revolution in Sonora appeared today to be crumbling away. Rebel troops commanded by Generals Jose Gonzalo Escobar and Fausto Topete are drifting away in groups.

Capt. Isuro Robeles Maldonado, one of Topete's company commanders, walked here with five men today and swore allegiance to the federals. He and his men were placed in the federal trenches with 200 other former rebels.

Maldonado confirmed rumors that part of Topete's forces which fought in last Saturday's attack had been moved out of the Naco area. Some are camped at Lamorth. Others, Captain Maldonado said, have been sent to Nogales and to the west coast, many dropping out en route.

Crescent Theatre Changes to Ownership of Griffiths

Purchase of the Crescent theatre by Griffith Amusement company of Oklahoma City, owners of The Rex, was made here Saturday.

Griffith Brothers will take over the theatre tomorrow, and in the future both the Rex and Crescent will be under the management of C. E. Akers, manager of The Rex.

Mr. Akers said last night that admission rates at The Crescent would be reduced to 10 and 30 cents for all performances, includ-

ing Sundays and holidays. The Crescent will continue to show high-grade films, and also will offer vaudeville and stock company performances. In the movie phase it will be a "silent" theatre. All the latest releases—Paramount, Metro-Goldwyn-Mayer, Fox, Universal, Columbia, Warner Bros.—will be bought. The first picture under the new control will be Fay Wray and Gary Cooper in "The First Kiss."

The Crescent staff will remain practically intact, according to Mr. Akers. The building seats 650 persons. The theatre has been in operation here about 10 years. H. A. Gilliland, former owner and manager, has not announced his future plans. Griffith Brothers Amusement company has had a phenomenal growth in the theatre world. Six years ago the firm started with two small theatres. Today it has 75 houses well distributed through Oklahoma and Northwest Texas.

Gilbert, post bugler, will be in attendance.

The flag will be presented by Commander F. M. Culbertson and will be accepted by R. E. Fisher. The high school will be dismissed for the ceremony. Commander Culbertson will address the students, explaining the occasion and informing the graduating class that a medal will be awarded the pupil making the best grades.

Santa Fe Officials Explain Why They Wish To Build Spur Line to Near LeFors and Declare Pampa Would Not Be Injured—Local Men Talk

Santa Fe officials, meeting with a group of Pampa citizens in the Chamber of Commerce rooms yesterday afternoon expressed interest in the growth and development of Pampa, but explained that it was for self protection the railroad contemplated construction of a stub line into the LeFors area.

J. R. Hitchcock, general manager of the Panhandle, and Santa Fe, who was the first speaker, said that the project from Pampa came as a surprise. Officials of the road believing that the construction of such a branch would be a distinct asset to the city.

T. B. Gallaher, general passenger agent, stated that he could see no

similarly in the case under discussion and the construction of the line from Panhandle to Borger.

Among the local citizens who presented arguments against the plan were F. M. Gwin, Clyde Fatheree, J. W. Duncan and Ivy Duncan. It was pointed out by these men that the building of a line to a carbon black plant, as proposed, would force the plants now in other locations in the field to move to the railroad or work under the handicap of higher transportation costs.

Should these plants move to the immediate vicinity of Pampa their presence would mean millions of dollars of loss in values to the city. Speakers

said that these plants had been erected at a cost of hundreds of thousands of dollars and their removal would cost almost as much as the original construction.

Mention was made of the money raised for the construction of the C. & O. W. and it was claimed that the construction of this stub would cause a loss of those who had made such donations.

Request has been made by local people to the Interstate Commerce Commission to hold the hearing in Pampa on the application for a permit to build the line. The date has not yet been set, but is expected that the request will be granted.

PANHANDLE PRODUCTION LOWER AS ALL COUNTIES BUT CARSON SLUMP—GRAY STILL IS LEADER

The Panhandle's sensational gain of two weeks ago was cut last week as daily production slumped 4,384 barrels.

With the exception of Carson, every county in the Panhandle registered a loss, with Gray and Hutchinson counties leading the way.

Flush production from the Operators Oil company's and the Marland Production company's producers slumped and old producers were left untouched through the week. New tests are being sunk with great speed and it will not be long before more tests will be topping the pay.

Hutchinson county's production dropped to a new level last week when the daily average totaled 24,970 barrels. Gray county's production dropped from its high mark of 30,775 barrels to 28,101 barrels.

Production by counties: Carson—6,650 barrels, a gain of 690 barrels. Gray—28,101 barrels, a loss of 2,674 barrels. Hutchinson—24,970 barrels, a loss of 2,155 barrels. Moore—1,653 barrels, a loss of 42 barrels. Potter—No production, a loss of 50 barrels. Wheeler—642 barrels, a loss of 153 barrels. Total—62,016 barrels, a loss of 4,384 barrels.

Financial Manager of Church Resigns E. W. Newberry, financial manager of the First Methodist church, has resigned his position to take a position in a business firm of Merkel. He left yesterday to assume his new duties.

Mr. Newberry was general superintendent of finances and custodian of the church property. His successor has not been named. The Rev. Tom Brabham, pastor of the church, said yesterday.

FAMOUS TEXAN DIES AT COURT ROOM IN TRIAL

Silvery Tongued, Man Was Once Leader in Senate

WET OPINIONS WERE DOWNFALL

States' Rights Plea Was His Favorite Theme

SHERMAN, April 13. (P)—The body of the late former Senator Joseph Weldon Bailey, whose death occurred in a court room here today, was taken overland this afternoon to the home of his son, J. W. Bailey, Jr., Dallas. The body will remain at the son's home until Monday morning at 10:30, when it will be taken to the First Presbyterian church in Dallas for funeral services.

Services at the church will be conducted by Dr. William M. Anderson, pastor, assisted by the Rev. James Gabor of Greenville. Immediately after the services the body will be placed aboard a special train arriving at Gainesville about 3 p. m. Monday.

Interment will be in the Gainesville cemetery, beside the body of Bailey's first wife.

SHERMAN, April 13. (P)—Joseph Weldon Bailey, former United States Senator for Texas and one of the last of the old-time silver-tongued orators, died suddenly in the district court room here today in the midst of a lawsuit.

The echo of the former great statesman's last words hardly had died when his head was seen to fall to his chest. A hurried examination revealed he was unconscious. Physicians and a pulmonologist quickly were summoned but their efforts were unavailing and within a few minutes he was pronounced dead.

Dr. A. H. McElhannon, one of four who examined the former senator, said death had been caused by a clot of blood in the heart. Funeral arrangements were held in abeyance tonight pending the arrival of relatives.

Opposed Prohibition Marked by his picturesque dress as well as nationally noted for his oratory Mr. Bailey was at one time the United States senate's outstanding opponent of prohibition and woman suffrage. He held out against them, he frequently said, not because he regarded them as evil in themselves but because he saw in them an encroachment on state's rights his fundamental political principle.

Southerner born and bred, Senator Bailey dressed the part of a typical southern statesman—dull black frock coat, flowing tie and a big black, slouch hat—and was easily distinguished in any assemblage. After several terms in the lower house of congress and two terms in the U. S. senate, his last political maneuver came in 1920 when he sought the Texas governorship only to be defeated in the Democratic primary by Pat M. Neff.

His anti-prohibition and anti-woman suffrage activities popularly were believed to have brought about his elimination from state politics.

Had Private Practice For the last eight years, as he had for the preceding eight, he devoted his time to the private practice of law, a son, Joseph Weldon Bailey, Jr., being a member of his firm.

Counting his friendships with the nation's great by the hundreds, that of his early political life with the late William Jennings Bryan was outstanding. In some quarters Bailey was credited with having influenced the great commoner in the formulation of some of his most celebrated doctrines, among them the Bryan metal doctrine.

"It's Like This"

DO NOT FEAR the fact that business interests are growing larger year by year. If this nation is to compete with similar organizations of other countries, it must have many firms which are international in scope.

In the first place, we have much money left abroad. These investments must be watched from several standpoints. They must be protected with due vigilance, and the uses made with the money must be checked.

Many foreign companies are either subsidized by their governments or are given much special aid. American capital is being used to form companies to compete with companies of this country. American money is helping to bring about machine-like efficiency and lower construction and manufacturing costs abroad.

However, if American capitalists lend too much money abroad—as some economists claim—is already the case—their creditors will suffer and the loans will be unstable without free trade movements. This means that big capitalists will favor lower tariffs and home manufacturers will demand the opposite.

America needs many men of international outlook and understanding. The stability of every hamlet in the country is in a measure dependent upon this knowledge and economic sagacity.

OVER-PRAISE, it is often remarked, detracts rather than encourages interest.

In this connection a remark was heard that cigarettes would lose their popularity if they continue to be recommended as soothing to the nerves, helpful in cases of obesity, and socially distinctive. It is certainly true that, in the degree that cigarettes lose the element of risk or danger, those who smoke them in the spirit of adventure—as boys will do—will lose their relish for the things.

When women take up fags, what can they offer to the bad boy who links them with his other pranks and crimes as signs of virility?

It is probably possible to make cigaret smoking too popular.

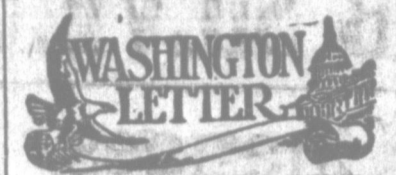

"SHE LEARNED THE GRAND MANNER" says Time of Corinne Griffith, former Texarkana girl.

None is born with the "grand manner", and to ac-

quire it is no especially significant sign. Few of the movie stars are native Californians. Their manners, as often as not, are caricatures of life. They must overemphasize to secure the effect desired.

There is little difference in human beings, but there is much difference in the conditions under which they live. Many parents underestimate the capacities of their children for success, education, and happiness.

Equal opportunity, when it exists, puts manner on the basis it should be—subject to the will and desire of persons to do and to be.

BY RODNEY DUTCHER

WASHINGTON—If anyone is still irritated about the income tax he had to pay last month he may be consoled by knowledge that the soak would have been far more painful in almost any other country.

El Senor Julio Pistelli, head of the income tax unit of Chile, imparts that information after he has studied the income tax systems of the principal occidental nations. He has spent four months in England, a month in Germany, three months in France and a month in Italy, and is now concluding two months of study in the United States.

He returns to Santiago pretty well satisfied with the Chilean system, which he believes to be the most simple and effective method of income taxation, and plans changes merely in a few minor details.

El Senor Pistelli is only 34 years old. Before his present post he was a professor of mathematics at the University of Chile and before that he was a civil engineer. His four of study is typical of a tendency in Latin America toward sending officials, professors and students to other nations for wider knowledge.

Chile has had an income tax since 1924 and it is operated on the same basis as in other Latin countries such as France, Italy and Spain, with different rates for separate classes of income. Thus Chile assesses 6 per cent on income from capital and mining, 5 per cent on income from business and industry, 3 per cent on professional income and 2 per cent on salaries and wages. A \$600 exemption is allowed for the last two classes and surtax rates on all incomes above \$1250 rising from 1 to 10 per cent. Of course living costs

here are nearly triple those in Chile.

Only surtax payers must file returns there. Employers and corporations deduct at the source the taxes on salaries and dividends respectively and have no incentive to cheat. The government has access to the books of other classes of income taxpayers.

"The essential difference between your system and the English system," says Pistelli, "is that England doesn't tax capital gain. Neither is there any corporation tax there. Assessments of income taxes are also made by unpaid local officials, which does not impress me as efficient."

"England had her first income tax in 1788 and has used it steadily since 1842. She collects on all types of income, with a normal rate of four shillings a pound, or 20 per cent, and surtax on 20 per cent up to six shillings. There are exemptions of 135 pounds for unmarried persons and 225 pounds for married persons, with 60 pounds exemption for each child or dependent. The first 220 pounds of income are taxed at the normal rate, but the assessment on very large incomes goes as high as nearly 50 per cent. More than 70 per cent of her income tax money is deducted at source.

"Germany has a progres-

sive schedule, the rate increasing from 10 per cent, with certain allowances and exemptions, up to 40 per cent. The exemptions are much smaller there than in the United States or Great Britain and there is a special tax on corporations."

Our idea of the matter is that no matter what rating is given Mrs. Gann, the vice-president's sister, some of the Washington highbrows are going to act uppish—despite the fact that some of her associates were over here when the Mayflower arrived.

Since Coolidge put great stress upon keeping fit while president, he as a director of an insurance company may feel impelled to hold lower premiums upon holders of the office.

This country may not have a radical party, but with college education becoming so common how can the future younger generations attract any attention by being merely learned?

Can you remember when parents made whuppie when the kids made whoopie?

A. A. U. W. and College Club Has Important Session

The local branch of the American Association of University Women and Pampa College club, in called session yesterday morning, elected to enter the proposed council of women's clubs, and instructed Mrs. M. A. Finney, active vice-president, to appoint representatives to a meeting, scheduled for the afternoon.

The resignations of Mrs. F. M. Culbertson, president, and Mrs. Lynn Boyd, publicity chairman, were presented and accepted. Mrs. W. A. Duerr was unanimously elected publicity chairman. The selection of a president was returned to the nominating committee, the first nomination having been refused by the nominee. The committee, of which Mrs. Paul Kastshke is chairman, will report at the May luncheon of the club, when the election will be held.

The called session was held at 10:30 o'clock at Central high school, with good representations of the three types of members of the organization, national, associate, and college. A tentative proposal to change the name and type of the organization was defeated.

Day Nursery Is Ready to Open

The Kiddy club, a day nursery under the management of Mrs. Lovelle Otterbach, will be opened for business tomorrow morning. Mrs. Otterbach has announced. The "club," which consists of a house and a fenced playground, is at 312 1-2 North Cuyler street, just east of the Central high school campus.

This nursery, as planned by Mrs. Otterbach, will serve not only the mothers who wish to leave their children to be entertained an hour or two while they shop or attend social affairs, but the mothers who must leave their small children the entire day, while they work away from home. The owner has made low rates of charge such that both groups may have the advantages of the nursery. Children will be kept by the day or by the hour.

Mrs. Otterbach is a registered nurse and has specialized in work with children. She is a graduate of West Side hospital, Independence, Kans., and has done graduate work in the Woman's hospital of New York City.

Her little nursery home consists of four rooms, including a sleeping room for the little tots and infants, a big play and dining room combined, a kitchen, and a bathroom. Children's furniture was built especially for the playroom and is to be painted this week. A part of the playground equipment has been installed and more will be added as the nursery is developed.

Directed play and supervised diet, with particular attention to cases requiring special care, are to be features of the nursery, Mrs. Otterbach said. Her plans have the enthusiastic approval of Mrs. Louise M. Warnken, representative of the child hygiene bureau, state department of health, who was here for the recent district convention of Parent-Teacher associations. Mrs. M. P. Downs, public welfare nurse, also is enthusiastic. She has assisted Mrs. Otterbach with plans.

Mrs. Clyde Atteberry, who is receiving treatment at McKeen & Connor hospital, is much improved.

Mrs. George Gill Is Hostess to Club Mayfair on Friday

Members of Club Mayfair were guests Friday afternoon of Mrs. George Gill, who arranged three tables for bridge. The players were as follows: Mrs. W. A. Duerr, Mrs. M. A. Graham, Mrs. Wm. Clark, Mrs. N. A. Heistand, Mrs. F. M. Wood, Mrs. Alex Schneider, Jr., Mrs. Mel Davis, and Mrs. Ed Dunningan. Mrs. Duerr scored high and received an attractive favor. Bouqs of violets and marigold and branches of flowering plum were charming decorations for the house. The hostess had as individual favors to the guests, dainty little May baskets, each containing a powder puff in pastel colors. An ice course featured pink and white.

Women of the New Testament Subject of Club Program

Members of the Coterie club met Thursday afternoon at the home of Mrs. Ollie Smith for a lesson on "Women of the New Testament." Mrs. Tom Eller was in charge of the program, which opened with members answering roll call with quotations on "The Favorite Tribute of the Bible."

Mrs. Charles Mullen sketched the lives and characters of Mary of Nazareth, Elizabeth of Hebron, and Anna of Jerusalem. Character pictures of the Marys, Salome, and the famous ministering women were given by Mrs. C. T. Nicholson.

Mrs. Ollie Smith told of the friendship of Mary and Martha for Jesus. The heroism of the women of the early church, Mary, mother of Mark, Lydia, and Priscilla, was described by Mrs. Lundy Stalls.

Mr. and Mrs. C. E. Hutchins have received word of the arrival of a new grandson, the child of Mr. and Mrs. R. W. Coleman of Clinton, Okla. The baby was born yesterday morning. Mrs. Coleman, daughter of Mr. and Mrs. Hutchins, has many friends in Pampa.

Special numbers by children made a charming addition to the entertainment. Phyllis Smith and Floradeen Finley gave readings. A group of selections by the kindergarten pupils of Mrs. S. A. Hurst included readings by Webster Les Howard and Emma Boone Todd, a piano solo by Leona Hurst, and a song by Zella Mae Hurst.

Dainty refreshments, featuring a pink and white color scheme, were served at tea time. Each plate was accompanied by a pretty little mint basket decorated in floral motif.

The following were guests: Mrs. C. M. Bryson and Mrs. C. T. Hunkapillar, associate members; Mrs. W. A. Bratton, president of Twentieth Century club; Mrs. W. M. Craven, president of El Progresso; Mrs. L. R. Taylor, president of Wayside club; Mrs. Lundy Stalls, Mrs. G. C. I see many summer evening wraps of heavy satin or chiffon velvet. Satins are mostly white or pale tints like Heims blends lunasol with mink collar and cuffs. Velvet wraps are flower or jewel shades and blend or contrast sharply with one's dress. Rita

Cabot Company's Nine Will Play in Borger Today

The Cabot company's nine will play in Borger this afternoon. A number of local citizens plan to attend the game, which is called for 2 o'clock. The oldtimer, Ed Guber, will be in charge of the Pampa team. He has gathered a number of promising players who should make the fast Borger American Legion team step.

Guber has not announced his lineup, but says that he will have a surprise for the Borger outfit. He has Hickey and Sullivan, last year with Turkey in the Amarillo tournament, and several other newcomers who have moved to Pampa and are working for the Cabot company.

"Slim" French, elongated hurler from Mangum, Okla., who tried out with the Pensacola, Fla., team this spring, will be here this week to bolster the team. French won the last game of the Amarillo tournament for the Grays last summer.

The Shell Petroleum company's fast team will meet "Hooty" Harrah's White Deer boys this afternoon at 2:30 o'clock. Manager Duffy Jones has a fast aggregation this year that will be heard from in the Industrial league.

Today's encounter will be the first for the Shell boys.

WEIGHT, SPEED EXPERTS FEATURE KANSAS RELAYS

When the starting gun barks at the Kansas relays, April 20, another assault on the records will begin with such men as Baldwin and Frazier among the pace setters.

LAWRENCE, Kas. (AP)—Track stars of the midwest and southwest, their mettle tested by two relay meets in Texas will seek new speed and distance records April 20 in the seventh annual University of Kansas relays.

Upwards of 1,000 athletes from almost 100 universities and colleges are expected to compete in Kansas' horse-shoe memorial stadium nestled in the Kaw valley.

Most of the Big Ten and Big Six schools will be represented. Notre Dame's runners will be led by Jack

Elder, who won the 100-yard dash here last year.

Claude Bracey, flashy Rice institute sprinter, may not compete due to a conflicting meet in Texas.

Bernard "Poco" Frazier, cross-country and two-mile champion of the Big Six, will represent Kansas in the 3,000 meter run. Missouri will enter its Big champions in the mile relay.

Big Leagues to Open on Tuesday

NEW YORK, April 13. (AP)—With a feeling that anything can happen, the two major leagues will start the baseball season Tuesday. Not in years have the 16 teams been sent away on their stretch of nearly six months with such uncertainty.

Although the world champion New York Yankees start their quest for their fourth straight American league championship carrying them "wise money" and majority vote of the experts, three or four clubs may be able to prove that uneasy ties the head that wears a crown.

BRACEY STILL FAST DESPITE BAD TRACK

HOUSTON, April 13. (AP)—Showing superiority in the field events, the Texas Aggies today defeated the Rice Owl track and field team 69 to 48.

Claude Bracey, Rice star, kept up his sensational record winning the 100 yard dash in 9.7 seconds and the 220 yard dash in 21.6. These marks were registered on a very heavy track.

GRANT FIELD, Atlanta, April 13. (AP)—Leas of the University of Indiana broke the Georgia Tech Southern relay record for the two-mile run here this afternoon, going the distance in nine minutes, 38.3 seconds. Fields of Indiana finished third, behind Young of Georgia.

They got behind the wheel, got the facts, and bought Buicks!

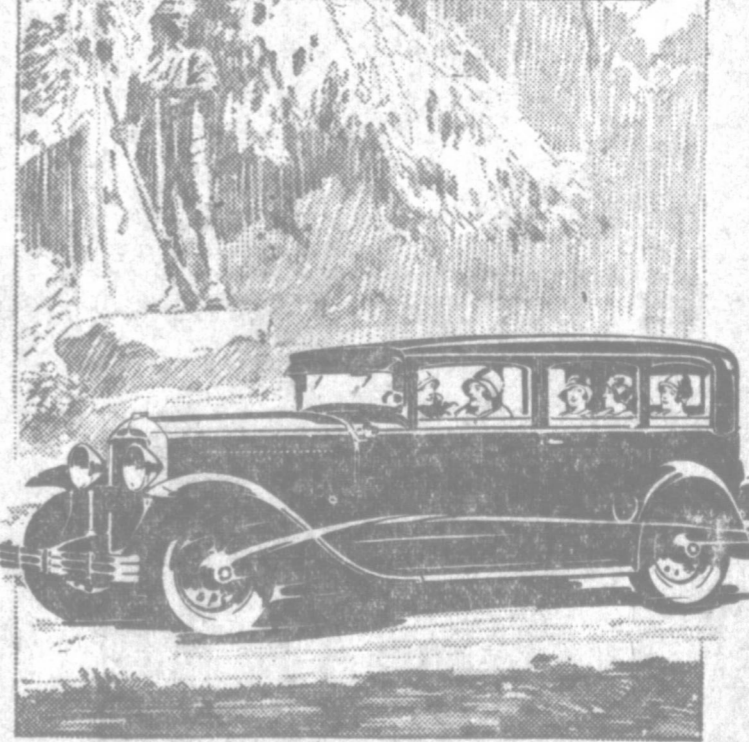

A great countrywide outpouring of preference for the 1929 Buick has followed the great countrywide movement by motor car buyers to "get behind the wheel and get the facts" about Buick's matchless new order of performance!

Men and women in every community have discovered that this dynamic car provides an advanced standard of motoring—that it out-runs, out-climbs, out-performs any automobile they have ever driven—that it is exactly what Buick owners say it is: the finest performing automobile ever built!

More than 130,000 men and women have entered orders for the new Buick. More than twice as many people have purchased Buicks as any other automobile listing above \$1200! And additional thousands are getting behind the wheel, getting the facts and entering orders for Buicks with each passing week.

Matchless style, matchless comfort, and above all, matchless performance, are the reasons. Come, prove these things to your own satisfaction. Take the wheel of this car—test it against any other—and you, too, will join in the countrywide endorsement of Buick!

HARVESTERS TAKE THIRD PLACE IN BIG AMARILLO MEET

WILLIS EQUALS STATE MARK IN VAULT

By Staff Writer
AMARILLO, April 13.—Pampa Harvesters finished third Saturday in the Amarillo Globe-News track and field meet, which was featured by the sensational performance of John Willis of Pampa in tying the state interscholastic pole vault mark at 12 feet.

Slaton high school, with an array of talent but few stars, won the meet with 30 points. Amarillo was second with 29 and Pampa third with 25 points.

The Golden Sandstorm relay team composed of Buffkin, Blair, Travis and Hudgins, won the relay cup. Doebler of Amarillo won the cup for individual high point scorer, with 12 points. Several athletes were tied for second place at 10 points.

The Harvester squad encountered hard luck at the start when Walstad, leading the high hurdles, was disqualified in a trial heat for having barely touched too many hurdles. He came through in other events, however, to be one of the most watched men of the meet.

With Lard out of the relay, the quartet's speed was lessened, but the boys placed third when Plainview, in second position, was disqualified for having lost a baton.

Unusually strong competition developed and forced the Harvesters to better their own marks considerably over their previous meet performances and likely beyond some of the marks necessary to place in the Canyon Interscholastic League meet next Friday and Saturday.

Curtis, elongated one-man team from Pleasant Hill, N. M., did Willis the favor of forcing the local boy fat beyond his previous record, even that of last week, when a strong wind helped performers.

The meet was run off smoothly, with the following schools entered: Amarillo, Slaton, Plainview, Hereford, Pampa, Dalhart, Amherst, Hereford, Littlefield, Pleasant Hill, N. M., Floydada, Groom, Canyon, Claude.

SAM BYRD

Sam Byrd had nothing but a big batting average in the Eastern league as a recommendation when he reported at the Yankee training camp this spring.

Sam batted .371 for Albany last year. He bats and throws right handed, is 22 years old, 5 feet 11-2 inches tall, weighs 175 pounds and between seasons makes his home at Tuscaloosa, Ala.

Body Shop Has Large Growth
 Coming here from Amarillo a year ago we saw a great need for an "up-to-the-minute" body shop for Pampa and this section of the Panhandle. So starting in a small way, we have doubled and trebled our force of skilled workmen and working facilities. It is our aim to keep pace with the growing Pampa and the Pampa territory, to study your needs, and to give you a service unexcelled by any of the larger cities.

We have recently installed some of the latest and most modern equipment for use in repairing wrecked bodies and fenders. Included in this is an electric hammer for speed and accuracy. It is a very late piece of machinery and there are now very few in the Southwest.

Plans are now going forward for a building on the corner of South Cuyler and Tule streets to be built by C. O. Seeds, on which we will take a lease. This will give us approximately 5,000 square feet of floor space or two-thirds more than we now have.

We have the most modern Duco refinishing shop to be found anywhere. We are also equipped to do upholstering of any kind and carry an assortment of seat covers and topping materials in stock at all times.

We wish to express our appreciation to the many friends and customers throughout this territory who have made our growth possible and our expansion necessary.

Charles Wilson Has Gained Eight Pounds on Orgatone

POPULAR AMARILLO BOOKKEEPER FEELS BETTER THAN HE HAS IN YEARS

"I feel better than I have in five years. I have also picked up all of eight pounds of flesh, and it's a fact. I now weigh one hundred and sixty-five pounds," was the statement made by E. Charles Wilson, residing at 808 N. Taylor street, Amarillo, Texas, to the Orgatone representative, a few days ago. Mr. Wilson is a man of high standing, and his improvement and personal endorsement have been the cause of many others buying the medicine.

"For five long years," continued Mr. Wilson, "I suffered untold trouble with biliousness. I had no relish for food of any kind, and I have gone through many a day without feeling the least desire to eat. Every thing I did eat disagreed with me and made me bilious and uncomfortable. I suffered with severe headaches at times, and I had to get up often at night on account of my suffering. Sometimes I got very little sleep, and was all run down and in very bad shape.

"I spent lots of money trying to get relief, but my condition kept getting more serious until the strong endorsement for Orgatone caused me to try that medicine, and I declare the way it has straightened me out is wonderful. I have taken only two bottles, and the value it has been to me can't be estimated. My appetite is splendid now, and I can eat anything I want with a genuine relish, all those headaches have left me, and I'm not the least bit nervous. My sleep is sound and restful now, and I really feel fine, and I am glad to recommend Orgatone to anyone suffering as I did."

The public is warned against buying Orgatone from any dealer excepting duly authorized agents.

Genuine Orgatone is a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Pampa exclusively by the City Drug Store, under the personal direction of a special Orgatone representative direct from the laboratories who is meeting the public daily. Other agents are the City Drug Co., at Berger, Texas.—Adv.

CHURCHES

Sam Jones said: "If you want to whip the devil, just fall on your knees in prayer."

FIRST CHRISTIAN CHURCH

A cordial invitation is extended to all strangers and visitors in the city, and all others without a church home, to the services today.

The church school opens at 9:45. All departments have their respective assembly rooms and class rooms. A modern educational building affords a member of the church or not, now enrolled come and enroll today. The attendance last Sunday was the largest since the erection of the building.

The preaching services of the day are at 10:45 a. m. and 8 p. m. The morning subject will be "When Is One a Member of the Church?" This question will be discussed in the light of Biblical teaching and the practice of the church. Every one not attending the service

of other congregations should hear the discussion of this subject, whether you are a member of the church or not. The evening subject will be "The Light of Life." This will be an evangelistic service.

The attendance and interest are on the increase. The largest audiences were in attendance last Sunday, the evening attendance outnumbering that of Easter Sunday evening. There were seven additions during the day. This year is to be devoted to evangelism on a sane, reasonable and constructive basis. The special evangelistic meeting with the Smith-Hanna team begins April 28th. Don't wait for the meeting. Come now. Use your influence today. JAMES TODD, Jr., Minister

Preaching service 11:00 a. m.
Training service 6:45 p. m.
Preaching service 8:00 p. m.

The pastor, Rev. D. H. Truhitte, will speak at both the morning and the evening preaching services. Morning subject: "Why I Believe in the Church." Evening subject: "Jonah of Today." This evening sermon is one you can not afford to miss. The pastor will speak right out to Jonah of today. Other matters of interest will be discussed. One question will be answered: "Is the preacher an enforcement officer?"

Last Sunday we had two large audiences at the preaching services. Five people united with the church. There were four hundred forty in the Sunday School, including those in the Mission classes. Over ninety people came to the training service in time to be included in the reports of attendance.

The zone meeting of the S. S. and B. Y. P. U. work in this association will be held at Miami this afternoon at 2:45 o'clock. The people from here are going in a body to the meeting. Those intending to attend are invited to prepare a lunch and go immediately after the morning preaching service to the Salem church, half way between Pampa and Miami, for a picnic lunch with the group.

The week of April 21 will be devoted to prayer and other preparation for the evangelistic campaign which begins Sunday, April 28. Dr. W. Y. Pond, State Superintendent of Evangelism for the Denomination will do the preaching for the revival services, beginning April 28.

Due to the delay in getting the windows and the pews, we will not have services in the new building today; but

We intend to move into the quarters early this week so that everything will be in readiness for services there next Sunday. After today services of the week will be held in the new building. Talks To Parents

THE CIRCUS By Alice Judson Peale

The circus was made for children. The silly clowns, the fabulous animals, the fantastic freaks, the beautiful, clever horses, the incredible feats of human skill and courage, all seem calculated to captivate the child's imagination in one glamorous experience.

Not only is the circus no place for the kindergarten, it is also no place for an older child, if he happens to be of a sensitive type. One such boy was taken at the age of seven by a well meaning uncle to see the truly magnificent spectacle.

With the tip of a finger he slid it over toward Pamela's plate. "Nothing doing," he said. "I don't take presents from girls."
The next day Stephen learned that the woman had bought the coupe. It had been an easy sale. Had Pamela been 10 minutes later in arriving he would have been credited with the reinvesting. As it was, the other salesman shared the commission with him. Stephen could not expect more as the other had closed the deal, which is admitted the toughest part of selling.

Parent-Teacher Association Plants Trees at West Ward

West Ward Parent-Teacher association heard reports, in a regular meeting Thursday afternoon, from two committees in charge of improving the school grounds. Mrs. Stapp told the association that because of donations of materials and the offer of work, play equipment, including swings and stationary see-saws could be placed on the grounds for the comparatively small sum of \$35. She and her committee will devise means of raising the funds.

A tree-planting committee reported the purchase of ash trees. Incidentally, these trees were planted Saturday by J. F. Meers and Earl Tally, members of the committee.

The business session was preceded by an interesting program. Mrs. R. M. Chastain gave a talk on "Humane Education." Elizabeth Graham, who won the junior girls declamation contests in the county Interscholastic League meet gave her declamation "The Test." Mrs. W. Purviance presided. West Ward P.-T. AMUSEMENTS

AT THE REX

All the world loves romance. In his newest United Artists Picture, "The Iron Mask," which comes to the Rex theatre today, Douglas Fairbanks embodies the romantic spirit of adventure and valor. Once more he is D'Artagnan, the dashing hero of Alexandre Dumas' stories of seventeenth century France, as he was six years ago in his first picturization of the adventures of the four faithful friends, "The Three Musketeers." Again he rides with Athos, Porthos and Aramis through years of intrigue, war and love.

The first part of the picture takes place during the reign of Louis XIII, when the four musketeers wield their swords in defense of their king and his infant son.

The time of the second part is twenty years later during the early period of the regime of the young Louis XIV. D'Artagnan and his companions are as valiant and loyal in their guardianship of the new king as they were of his father. D'Artagnan solves the mystery of the man in the iron mask, outwits the cardinal and his conspirators, restores the rightful Louis to his throne, and goes to his grave with the baton of the Marechal of France upon his breast.

Lovers of the Dumas novels will find that the players in this picturization of the stories admirably fit the brilliant Frenchman's descriptions of his characters. Athos, Porthos and Aramis are played by Leon Bary, Stanley J. Sandford and Gino Corrado, ideal types for the swashbuckling young musketeers.

Olin E. Hinkle was in Amarillo yesterday to attend the high school invitation track meet.
