

JURY IN WHEELER INDICTS NEGRO

STERLING CITES SUPPORT OF CHAMBERS IN BOND PLAN

BIG DELEGATIONS ARE COMING TO SMALL RALLY HERE FRIDAY

"That's gold in these here prairies."

The small rally here Friday evening should demonstrate that the people of the North Plains will assemble to hear political discussions.

It is commonly said by veteran politicians that they cannot get a crowd in the Panhandle, and that their appearances are rather valueless. In a way, the Panman takes this as a compliment to politicians. This section thinks in terms of growth and progress, and political humbug draws more yawns than applause.

Moreover, so many of the professional politicians of this state have opposed the interests of West Texas that it is no wonder they find little to say that rings true. West Texas wants new blood in Texas politics, and this section is growing at a rate which will make this possible. And the popularity of Clint Small in other parts of the state indicates that West Texans are not alone in their attitude.

Thirty-five counties, with Gray high in the list, doubled their populations in the last census. Roberts was the only county in the Panhandle to show a loss; 17 persons. Decreases were reported by 66 counties outside the Panhandle. This shows how this section is going to equalize political opportunity and responsibility in the not very distant future. Old Man Texas, it is estimated by the Associated Press, has a population of 5,810,683, an increase of 24.62 per cent in the last decade.

More about this wheat discussion is contained in a letter from O. W. Harrah, White Deer barber. Mr. Harrah suggests as a slogan, "Buy a Load of Wheat." He wants everyone who has chickens, cows, or hogs, to buy wheat because it is the cheapest feed available and because the move would help eliminate the surplus and hike the price of the grain.

A few years ago there was a movement to buy bales of cotton, but one couldn't eat the cotton and it had to be sold later. No so with wheat, which can be disposed of in many ways.

The Panman is glad to have this wheat relief suggestion from Mr. Harrah, who is a well-known Gray county pioneer and a strong booster for the grain. Mr. Legge time ago Harry Lyman suggested a plan to give a load of wheat from each farm to the starving Chinese. Mr. Lyman's idea would help the Chinese (who cannot buy our wheat anyway) and according to economists it would result in gain for the farmer through a rise in quotations of the grain. Mr. Legge offers no better solutions than these. Who'll be next with a farm relief plan?

The gas rate reduction is good news. Whereas the old rate for the first 30M is 50 cents per M, less 10 per cent, the new rate for the same amount is 42.2 cents per M less 10 per cent, or approximately 38 cents net, as compared with 45 cents net now. The next 170M now is 25 cents per M, less 10 per cent, compared to the new rate of 22 cents per M less 10 per cent. The next 2,000 M will be 20 cents per M, next 5,000 M 15 cents per M, next 10,000 M 12 1-2 cents per M, next 15,000 M 10 cents per M, and the next 32,000 M 8 cents per M. The minimum remains at one dollar. While this schedule is yet to be approved officially by the utility company, there is little doubt on that score.

Endurance used to be a cardinal human virtue; now people run to the divorce courts to get marital vacations.

ASSURANCE IS COMING FROM MANY TOWNS

Warwick Will Bring Group From Canyon

BANDS TO PLAY IN BIG PARADE

Candidate's Parents Will Be Guests of Honor

Assurance that 13 Panhandle towns will be represented with large delegations at the Clint Small home coming roundup here Friday night, was received yesterday by the Board of City Development. The Wellington, Clarendon and McLean bands have promised to play in the parade and rally. The Memphis band reported that it would come to Pampa if at all possible. Senator Small speaks at Memphis Friday afternoon and the band will furnish music at the rally. The band is considering accompanying the Panhandle candidate for governor to Pampa. The local American Legion band will be the fourth car to be present.

Judge Newton P. Willis, president of the Pampa Small-for-Governor club, received the following telegram from E. H. Small, father of Senator Small, yesterday. "We accept invitation to be guests of your city. We will arrive about 4 o'clock Friday." Guy Hill of Shamrock, leader of the Small forces in Shamrock, stated that a big crowd would be present.

Coming From Carson. Judge J. Sid O'Keefe of Panhandle will head a large delegation from the Carson county seat. John Skaggs of White Deer reported that 100 from that community would attend the roundup. McLean has been described as "the town that is 100 per cent for Clint Small." T. J. Coffee reported that a big crowd will accompany the McLean band.

Jepp Todd of Canadian and a score of citizens from that town will march in the parade with a special display of banners. Judge Forrester reported that the population of Wheeler "will be over to hear Clint Small." The Small-for-Governor club of Miami will turn out en masse. E. F. Ritchie reported. Among the celebrities who will be present is State Representative Clyde Warwick of Canyon who will accompany enthusiasts. Just how big a crowd will come from Memphis has not yet been learned, but Henry Reed of that city says that from 20 to 100 will come with the senator to Pampa. Judge A. J. Fires of Childress reported that members of the club there were organizing a party yesterday to accompany Small on his swing thru the Panhandle. Dr. Warner of Armstrong county citizens. W. J. Ball said that Alanreed would be generously represented.

Replies to Charge. W. P. Cagle said that the Clarendon band would head a crowd to Pampa. Grover Hill of Amarillo assured the B. C. D. that the Amarillo Small-for-Governor club would be well represented.

Judge Willis in answering charges of other gubernatorial candidates that Senator Small was making his Panhandle tour from necessity, declared that the Panhandle candidate had made such large gains in other parts of the state that he felt he could pay the plains section a friendly visit. Yesterday Judge Willis received the following letter from Odo Caraway, president of the Small-for-Governor club of Clarendon. "In reply to your invitation and announcement of the rally to be held in your city you may depend upon us and our band coming very strong weather and unforeseen circumstances considered. Hoping this meets"

PERMIT ASKED FOR NEW PLANT IN GRAY COUNTY

An application of the Peerless Carbon company for a permit to erect and operate a carbon black plant in Gray county, in the vicinity of the casinghead gasline plant of the Coltexo Corporation, will be considered at a hearing of the railroad Commission at Austin, July 28, according to an announcement received here from the commission. The Peerless company has headquarters at Pittsburgh, Penn. Notice of the hearing was issued July 15. The Peerless company has a plant at Pioneer, Tex., and plants in Louisiana. The Peerless plant's manufacture only one kind of black which is used exclusively for lithographic purposes. The plants are so small that they emit practically no smoke. The product sells for a higher price than ordinary "black." It is believed that other companies here will not object to the establishment of the plant.

TWO PRISONERS ESCAPE.

Two prisoners in the city jail, Peck Lewis and Gerald Meroney, escaped last night by sawing through the iron bars over a window. They were placed after their escape, and were placed in the county jail. At 10 o'clock they were put to work shovelling sand. Lewis was in jail on a charge of vagrancy and Meroney on a charge of affray.

Harley Sadler's Own company will show in Pampa the week of July 28, under auspices of the fire department and the American Legion.

Tree Sitters in Fort Worth Are Ordered Down—One Hurt in Fall

FORT WORTH, July 17. (AP)—Hopes of a dozen juvenile aspirants to tree-sitting endurance records were dashed here today when one lad was seriously injured in a fall from his perch and Chief of Police W. H. Lee ordered all remaining contenders to be brought to earth at once. The injured lad, Oester Fox, 15, fell asleep in his hammock suspended 15 feet above ground and rolled out, sustaining two broken ribs and severe bruising. He was in a hospital recovering from his ill-fated endurance attempt. Other tree sitters were brought down by police, although the youths were reluctant to quit their posts. Plans of other aspiring contenders were nipped when the humane society also took a hand to prevent any others from going aloft.

CECIL STOREY MAKES STRONG SPEECH HERE

He Renews Attack on Bobbitt and Moody

VERNON MAN GETS APPLAUSE

History of Land Bill Is Outlined by Speaker

Representative Cecil Storey of Vernon, candidate for attorney general, spoke here last night before an audience which applauded him enthusiastically as sponsor of the Small land bill in the House. Mr. Storey, introduced and eloquently endorsed by Judge Newton P. Willis after the open air meeting at the courthouse was called to order by George Briggs, renewed his attack upon Governor Dan Moody, whom he charged with attempting to save the day for his appointee, Attorney General R. L. Bobbitt.

The speaker read documents tending to show that Bobbitt in 1922 was endorsed by the Club Independent in Webb county and by the Baker political ring in Hidalgo county. Storey charged that while corruption in these counties has been ignored since Bobbitt was appointed, the attorney general has failed to file ouster proceedings in Bexar county.

He accounted for Governor Moody's attack as follows: "Moody knows that I lead the fight in the house of representatives to pass the famous Small river bill over his veto the vote being 12 to 17 against it; he also knows that I was one of the opponents in the house to his proposed sale of the penitentiary property and attempt to establish an industrial plant at Austin, at a cost to the taxpayers had that plan been carried out, from approximately 4 to 10 million dollars. He knows that I helped defeat his proposed state income tax, which with the present ad valorem tax and the various and divers other kinds of taxes that we now have in Texas would have added additional tax burdens upon the people of this state. He knows that I helped to defeat his famous civil service bill, the effect of which would have been to put those in jobs or position for life, should they be fortunate enough to have passed the examination. To my way of thinking, such a measure would have been contrary to the very basic and fundamental principles upon which our government is founded."

Texas Doctor Held in Killing

Dr. H. H. Ogilvie, above, faces murder charges at San Antonio, Tex., and Mrs. Ogilvie, below, is recovering from pistol wounds as the result of a triple shooting in which Mrs. Stella Spence, wife of a city patrol driver, was killed. Dr. Ogilvie said he shot Mrs. Spence when she invaded his home and began shooting at him and "Mrs. Ogilvie." He said he knew of no motive for her act.

The Houstonian for the first time mentioned in his address that the plan for a statewide highway bond issue which he champions, and which most of the other gubernatorial candidates oppose, had been endorsed by the West Texas, East Texas, and South Texas Chambers of Commerce.

HOUSTON NEGRO ATTACKS WOMAN THIS MORNING

HOUSTON, July 17. (AP)—Every available officer was scouring the city this morning in search of a negro who criminally assaulted and robbed the wife of a Houston merchant at 6 o'clock this morning. The negro was discovered in the bathroom of her home by the woman shortly after her husband had left for work. She fled to the front door but it was locked and the negro overtook her, dragged her into the dining room and assaulted her, holding a knife over her. Her eight-year-old son witnessed the crime. After the assault the negro asked for money and the woman got her purse and gave it to him. He then left the house. The woman described the negro as tall. She said that he told her if she made any outcry he would kill her.

FERGUSON IN ASSAULT ON HOUSTON MAN

Says Interest Would Build 3,000 Miles Yearly

MILLER WOULD DRILL FOR OIL

Small Continues On His Strenuous Drive

By The Associated Press. Steady booming of political cannon, marches and counter-marches of candidate seeking possession of the governor's chair of Texas, today found seven of the candidates still out on the hustings, while Ross S. Sterling of Houston, the target for most of their verbal artillery, was booked for a non-political speech at the East Texas Teachers college. Last night he invaded Dallas, reputed "Hoover-Democratic" stronghold and the home of one of his most active opponents, State Senator Thomas B. Love, as well as Lieutenant Harry Miller.

The Houstonian for the first time mentioned in his address that the plan for a statewide highway bond issue which he champions, and which most of the other gubernatorial candidates oppose, had been endorsed by the West Texas, East Texas, and South Texas Chambers of Commerce.

Ferguson in Reply

James E. Ferguson, at San Angelo, asserted that 3,000 miles of highways could be built yearly from the interest on the proposed bond issue and that would care for the state's need without going further into debt. He was speaking for the candidacy of his wife, Mrs. Miriam A. Ferguson. "Ma", for the second night in succession, was ill and unable to appear. Tonight she planned to speak at Abilene.

While Sterling was speaking in Dallas, Senator Love was taking a night off, after speaking before the Texas Angora Goat Raisers' convention at Rock Springs Wednesday morning. He planned to speak tonight at Waco in the courthouse at 8 p. m., and over radio station WACO at 8:30 p. m.

Barry Miller at Galveston, said "you South Texans have all heard that there is oil under one of the prison farms and that private interests are trying to get hold of it. Why on earth the taxpayers shouldn't get the benefit of this oil is more than I can see. If elected governor, I'll drill for oil on that prison farm and if oil is found, the prison problem will be settled for all time to come, without any further burden on the taxpayers." Miller's itinerary called for a speech today at Bryan at 2:30 p. m.

Lester Could Write Eloquent Testimonial

CHICAGO, July 17. (AP)—Into the ash-can went 13-year-old Lester Jacobson, kerplunk. Irving Sattler, 14, tossed him there during a wrestling match conducted in the best of spirits. Lester's entrance into the can was backward, like a folded jackknife. He tried to get out and couldn't. His good old pal, Irving, tugged at him, and still the lad remained tightly wedged in the ash receptacle. This sort of thing went on for an hour. At last police were called. By dint of much adult exertion Lester was finally removed intact. There are rumors afloat today that an amazingly large quantity of liniment was applied before Lester began feeling anything at all like his regular self.

LEAGUERS WILL PRESENT PLAY THIS EVENING

Members of the Methodist Epworth League this evening will present a one-act play, "Mix Well and Stir," to which there will be no admission charge to the public. The play will begin at 8:30 p. m. The play reveals the troubles of a young couple with too many guests who say: "I simply cannot meet her; there are limits you know!" The cast includes Miss Violet Schaefer, Russell Kennedy, Miss Ruth Wakeman, Lawrence Myers, Miss Audrey Noel, E. V. Ward, Miss Frances Campbell, Miss Florence Baer, W. C. Williams, Clarence Coffin, and Bob Watson. The play is directed by Mrs. Carson Loftus.

Rangers Prepared And Watchful Here

WHEELER, July 17. (Special)—Jesse Lee Washington, negro slayer of Mrs. Henry Vaughan of Shamrock, was indicted for murder by a special grand jury at 11:30 o'clock today. The prisoner, held without bond in the Pampa jail under guard of four Texas Rangers, will be arraigned soon and his case transferred to Miami, Judge W. R. Ewing stated. Thirty-first district court will open in Roberts county Monday, when the negro's trial will be set for July 23, the judge asserted. There were few persons in court today, and no signs of mob activity appeared here and at Shamrock.

PAMPA, July 17. (AP)—Texas Rangers were announced in the Gray county jail here today guarding Jesse Lee Washington, negro, accused in the slaying of Mrs. Henry Vaughan, farm wife of Collingsworth county.

The rangers, under command of Acting Captain Manuel T. (Dome Wolf) Gonzales, and assisted by Sheriff Claude McKinney of Collingsworth county yesterday outfitted two bands of men who sought to take the negro. Sheriff McKinney, disguised as an oil field worker, sped to Pampa with the prisoner chained in his closed automobile. The two bands of men followed the Rangers, believing they had the negro in custody. When the rangers arrived here, Sheriff McKinney arrived simultaneously and placed the negro safely in jail.

The night passed without any demonstration. A political candidate spoke on the courthouse lawn fairly beneath the windows where the machine guns of the rangers bristled defiantly, but the crowd dispersed peacefully after the political meeting. The negro supposedly had been confined in the Oklahoma State reformatory at Granite since his arrest by Sheriff McKinney at the scene of the slaying near Shamrock, last Friday. Mrs. Vaughn was clubbed over the head with an iron pipe at her farm home and was found dying. Officers said the negro accused had the reputation of being feeble minded.

That the negro was hidden in Collingsworth county most of the time he was supposed to have been incarcerated in the jail of the re-

THE TARIFF AND INTERNATIONAL RELATIONS

The tariff and its relation to international affairs is being made the subject of thousands of articles. The new and higher tariff is being blamed for the conditions of the present, the rates having been anticipated in world markets.

The fact is, however, that while the higher tariff has angered other nations, it has brought about retaliation so far in Italy, where the schedule for automobiles has been hiked. The damage was done by old tariffs, and the tariff wall that have kept out foreign goods that must be sold here if the other countries have funds with which to buy American articles.

Alexander Legge showed at the Amarillo grain meeting that European nations have tariffs on wheat as high as American farmers are paid. France, for instance, unable to get a favorable exchange with American because of our tariff, has reared a wall to keep out our wheat. France has many farmers and laborers who want our wheat, but until the products of their own labors can be sold they will be unable to buy our breadstuffs.

It is a fact one regrets to acknowledge, but the appearances are that a uniformly high American standard of living will not be maintained indefinitely. Wages based upon tremendous production and consumption cannot last if that consumption falls less than production and the market slumps.

There is no escaping the fact that labor is cheaper abroad. American machinery and methods are being taken abroad, often by Americans. The world's needs are being supplied more thoroughly than ever by foreign manufactures. Part of the American population would profit immensely at first were the tariff walls lowered in this country.

France recently celebrated a "Week of American Nations," a period arranged by the France-American committee. The tariff bill was passed at the same, however, and Premier Poincare observed the week by attacking the latest Republican tariff measure.

Quick Pile Relief

No Salves or Cutting
Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds, because it removes this blood congestion and strengthens the affected parts.
HEM-ROID tablets as sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that Fatheree Drug Co. always sell them with guarantee of money-back if they do not end all Pile suffering. Adv. 2

The Chance of a Lifetime to get plus value in Tires

The majority of people who read this advertisement are going to need tires this season; the time to buy them is right now. Crude rubber is cheap; as a result tire prices are the lowest in history.

You can actually buy at this time the world's best tires for no more money than you used to pay for inferior or unknown tires.

You can buy Goodyear Tires on an extreme low-cost-mileage basis, and that is exactly what smart buyers are doing.

The special advantages to be enjoyed from Goodyear Tires are due to definite Goodyear superiorities in both tread and carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction, and everybody wants sure-footedness underwheel.

The Goodyear Supertwist Carcass is superior in vitality and long life, and this means economy and freedom from trouble.

These superiorities are not imaginary; they are real.

Any Goodyear Dealer will be glad to demonstrate the facts.

And the facts unmistakably are: Goodyear Tires do give greater value.

That's why Goodyear sales are going ahead at a rate surpassing any previous record.

That's why impartial investigation shows

a nation-wide preference two-and-a-half to thirty times as great for Goodyears as for any other tire.

That's why Goodyear builds annually millions more tires than any other manufacturer in the world.

That's why more people ride on

Goodyear Tires than on any other kind!

The dominance enjoyed by Goodyear Tires is not temporary or new—it has flourished for fifteen years strictly on a basis of superior quality.

If you want Goodyear value at bed-rock prices: now is the time to get yours!

GULF GUNS STAY IN TOURNEY BY DEFEATING AMARILLO

EDELEN HURLS STEADY BALL TO WIN, 8 - 3

With Edelen back at his old place on the mound, the Gulf Guns had little trouble in eliminating the Amarillo Cats from the tournament yesterday afternoon. The score was 8 to 3. Until the ninth inning the score was 5 to 1.

Each team made five errors, but the Cats' were costlier. In the final round, the Guns made a pair of runs on Cat misplays. However, the Pampa team earned two runs in the third and three in the fourth.

The next opponent of the Guns will not be known until after the drawings today, but it will be the winner of the Memphis-Canadian River Gas clash today, the White Deer-Skellytown affair or Texico-Farwell, N. M. The first four teams play this afternoon. The Guns will probably play tomorrow again.

Haddock, the Gun hurler, who checked Magnolia's ambitions last Sunday, was in t he right field yesterday. The Cats hit Edelen eight times. Weathered knocked the only homer of the game in the third, bringing in a Gun. The Gunners netted eight bingles and made every one of them count. Stockman struck out two and Edelen, one.

Williamson and Cox each got a two-base hit. The Gun batting order was as follows: Roberts 2b, Cox 1b, Marcum cf, Phillips ss, Weathered lf, Haddock rf, Sullivan c, Williamson 3b, Edelen p. Cox made three runs, Marcum 1, Phillips 1, Weathered 1, Sullivan 1 and Williamson 1.

Youth May Triumph Tonight When Singer Tackles Lightweight King -Mandell Showing Signs of Wear

By EDWARD J. NEIL, Associated Press Sports Writer
NEW YORK, July 17.—(AP)—The purses of the fight faithful loosened today and piled up a pot of gold for Sammy Mandell and Young Al Singer to fight for tonight in the ring at the Yankee Stadium.

Last minute predictions were for a \$200,000 gate. This will be Mandell's second defense of his lightweight title in two years.

Some money appeared in the marts of chance at odds of 2 to 1 on the sleek challenger. If the same odds prevail at ring time, Singer will be the shortest priced challenger since Pancho Villa knocked out the aged Jimmy Wilde for the flyweight crown back in the days when fozls were something to be frowned upon.

By special rulings of the New York state boxing solons, there can be no foul tonight. Both the champion and the challenger have agreed to equip themselves with such protective devices as they consider will render them immune to low blows. If either winds up on the floor he will have to look for sympathy in the voice of the referee, tolling off the count of ten.

The shift in the tide toward Singer appears unjustified by the past records of the gladiators, although it is generally admitted that Mandell is after eleven years of warfare, has begun to show signs of wear. He reached his peak in whipping husky Jimmy McLarnin in the Polo grounds two years ago but since then the clouting Celt twice has belabored the champion in overweight matches. Sammy had a desperate time edging out the decision over Tony Canzoneri in his last title defense in Chicago almost a year ago.

The increasing years have added to the difficulty Mandell always experienced in making the class limit of 135 pounds. Singer, a genuine lightweight, has had no trouble holding his full strength at 134 pounds.

The chances are that Sammy will retire tonight if Singer chases him into the shadows. A careful champion, Mandell has piled up a fortune of about \$250,000 although he has defended his crown only three times since winning it in 1926 from Rocky Kansas in Chicago. Sammy has kept himself in the over-weight and no decision districts.

Miss Geneva Harper returned Tuesday from Lubbock where she has been attending the summer session of Texas Technological college.

ROBINS HAVE EVEN BREAK WITH CHICAGO

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer
The National league's latest crucial battle is a standoff with perhaps a slight tinge of moral victory for the Brooklyn Robins. They got an even break as they opened a series with the Chicago Cubs with a double header. The Robins remained in first place by a three-game margin and left the Cubs too far behind to overtake them even by winning all the remaining games of the series.

Pat Malone pitched a five-hit game and the Cubs won it 6 to 4, but Wilbert Robinson countered with old Adolfo Luque in the second contest and the Robins backed him up with some heavy hitting to win 5 to 3. Del Blesinette knocked himself out sliding into the plate in the first game. The fans thought Gabby Hartnett was the cause of the damage and started tossing pop bottles. Luque and his rival, Charley Root, nearly became embroiled over a "dusting off" incident and two coaches and Manager McCarthy of the Cubs were chased by the umpires for various reasons.

If the Cubs win all three games that are left, they will still be in second place, and must then tackle the New York Giants while the Robins are entertaining slightly easier opposition in the St. Louis Cardinals.

Neither the Giants nor the Cards looked like serious opponents yesterday. They both were victims of hitting sprays by low ranking clubs. The Giants lost an 8-1 decision and the series to the Cincinnati Reds as Red Lucas gave a few less hits than his mates made. Phil Collins kept the Cards under control while the Phillies were pounding out a 10 to 5 victory.

The second division leaders, Boston and Pittsburgh, divided a double rally behind Tom Zachary's five-hit header. The Braves won the first contest, 4 to 2, with a nine inning pitching, but went down, 9 to 5, in the second although they made 13 blows, including Wally Berger's 25th home run.

The American league produced two tight pitching battles and three one-sided slugfests without important changes in the standing. The Philadelphia Athletics added a

MUCH HITTING MARKS TEXAS BALL GAMES

BY GAYLE TALBOT, JR., Associated Press Sports Writer
Having done everything else a little better than than any other Texas league club ever since the season opened, the Wichita Falls Spudders got together yesterday and treated the home fans to the greatest exhibition of plain and fancy slugging the circuit has seen in several blue moons.

Every man in the leaders' line-up joined in an assault on three Houston liners that netted 25 hits, including three homers, two triples and doubles too numerous to mention. Needless to point out, the Buffs came up on the short end, 21 more blows turned up at Detroit where the Tigers beat the Boston Red Sox, 3 to 2, but the battle was close all the way with Earl Whitehill getting the decision.

Allison Will Play Italian

PARIS, July 17. (AP)—Wilmer Allison, Texas boy who beat the world's champion Henri Cochet at Wimbledon, will play Giorgio de Stefani of the Italian Davis Cup team in the opening singles match of the inter-zone finals at Roland Garros stadium tomorrow. The game will start at 2:30 p. m. (8:30 a. m. EST).

George Lott, also of the American team, will meet Humberto de Murguía, captain of the Italian team, in the second singles match at 4 p. m. (10 a. m. EST).

Drawing for the two matches took place today at the headquarters of the racing club of France. Neither Americans nor Italians have yet designated a doubles team but will choose them tomorrow.

The third day's play Sunday will be a reverse of the opening singles. Lott starting against Destefani and Allison playing the final match with De Murguía.

Somebody phones in that his typewriter was worked on by a transient who was paid from \$7.50 to \$15.00 for the job and the machine has gone 'haywire' worse than ever.

Rather strange that as delicate a machine as a typewriter is turned over to a stranger who is here today and somewhere else tomorrow, and whose responsibility is an unknown quantity.

We positively guarantee the work done by our mechanic, Mr. Autry, who has had years of experience on all makes of machines. And we will be here tomorrow and next day to make our guarantee good. Give us a ring.

DANCING JUDITH

BY CORALIE STANTON and HEATH HOSKEN COPYRIGHT 1930 BY CHELSEA HOUSE

BEGIN HERE TODAY JUDITH GRANT, beautiful artist's model, shares here Greenwich Village apartment with CLARISSA MORLEY, known as 'Chummy,' a beautiful girl whose memory has been gone ever since ALAN STEYNE, her lover, abruptly disappeared seven years ago.

Now go on with the story CHAPTER VIII Judy took one look at Alan Steyne's face and fled. She went into her own room and stood under the little window set high in the slanting roof.

But, as she stood there, her face set and pale under the patches of paint, her lips trembled a little. Her thoughts leaped involuntarily back to that one perfect night of the dinner and the musicale and the violets, and tears that she struggled to keep back made her eyes smart and tingle.

Judy smiled into the transfigured face with the silver flaxen hair and the golden-brown eyes that were so wonderful since they had lost their vacant look. She followed her friend into the other room.

Judy was uncertain how to answer, so she gave her friend a hug and said gently: "You see, Chummy, dear, dreams do come true. Well, and when are you going to get married?"

"Oh, Judy!" exclaimed Chummy, rosy with shyness. "We haven't thought of such a thing yet. It's just enough that Alan is back!"

After his first embarrassment at Judy's question about their marriage, Chummy suddenly became self-possessed. Her beautiful face went grave and quiet, and she looked at her friend, as Judy put it, "as if she had suddenly gone to live in the next street."

"Judy," she said, "I mean you to tell Alan about me—I mean about my losing my memory, and being ill, and all that. Somehow, when I try to tell him, I can't find the words; but I want him to know. I still feel rather queer about it almost as if I'd been born all over again."

NOTICE Have you made plans for that child's college education? You may do this at a small deposit each year with one of the strongest Old Line Insurance companies, and have that child insured also. For an appointment PHONE 310 and Rob Seeds will be glad to call and explain. Address, 535 N. Faulkner P. O. Box 37.

Judy looked at Alan and poured out jerky sentences in a great hurry. "I wasn't there at the start, Mr. Steyne," she said; "but I believe that soon after you went away Chummy was very ill, and when she got better she'd lost her memory. She was well and strong again, but she just didn't remember anything about that time. And that's all there is to it. Then, the other day, when she had pneumonia and nearly died, her memory came back."

"But, Judy, how did I live?" interrupted Chummy, with a puzzled air. "My old aunt I went to see today asked me that. I don't think I had any money."

"You mean that I've been living on charity?" asked Chummy, with a touch of proud revolt. "At this Judy flared up. 'If you call it charity when a lot of people adore you, and would do anything in the world to keep you well and happy, and simply gloat over every little thing they can do for you! I call it something else.'"

"Oh, Judy," she whispered, "how wonderful you've all been to me! I'm beginning to understand. I must have been quite helpless and like a child. I suppose I wasn't mad?" she added anxiously.

"What about the cafe tonight?" Judy asked. "I've almost promised to take Chummy there. She hasn't been there since her illness, you know, and the boys are mad to see her again. Chummy"—she looked at the other girl with a touch of anxiety—"do you remember all the boys—Tony Leigh and Michael Stone and Johnny Plarnel, and all the others?"

"Yes, I remember them, of course," Chummy replied; "but it seems a very long time ago. Tony Leigh did wonderful caricatures, and Michael Stone painted that glorious 'Venus Quarrelling with Adonis' that the Academy turned down and the Paris Salon hung on the line."

"It will be lovely!" said Chummy. "I'm simply dying to see them all again."

"Of course," put in Alan. "Clarissa must go and see all her friends. What time shall we meet?" Judy named the hour. As the young man left the room, he held out his hand. She had to put hers in it, and she knew from the swif-

look he gave her that it was not because of Chummy that he would be at the Cafe Ture that night. Miss Morley, the aunt with whom Chummy had communicated since her recovery, had invited her niece to go across to the Italian Riviera with her, but Chummy had declined. She was quite strong, and since Alan had come back, she was itching to get back to her long-neglected work again. Everybody, Alan included, told her that she could paint; and she had the feeling that to get to work would complete the reconstruction of her life.

Chummy had gone to spend Miss Morley's last day in New York with

her at her hotel, and Alan Steyne, knowing of it, came to find Judy just before lunch time. She was just about to go to the cafe. "Come to lunch with me, please," he said. "We'll go somewhere where we can talk."

"You," he said boldly. He had a very determined look on his face, and she gave in with

Friday at Atlanta and Jefferson, continued to hammer against the proposed highway bond issue and rapped newspaper editors who had announced favoring the candidacy of Ross Sterling. Mayfield expected to speak at Kerens this afternoon and at Corsicana tonight.

Mayfield was booked to speak at Tyler at 2:30 p. m. and at Athens at 3 p. m.

Clint Small, speaking at Flore-ville, charged that "the big club of the highway department is being wielded for the political advantage of Ross Sterling." In the afternoon, speaking at Victoria, he accused the highway commission of "swapping roads for votes." His schedule included speeches today at Cuero, Flore-ville and San Antonio.

Statements assertedly contained in newspaper advertisements for Ross Sterling in weekly newspapers were assailed by Jim Young of Kaufman in his address last night at Corpus Christi. Of the two statements which he charged were "mis-representations," the first he said was that all county road bonds would be refunded. Young declared that the state would refund such bonds only on the basis of the present value of the roads and that Sterling refused to discuss this matter before the people. He said he had challenged Sterling to do so.

The second statement, he said, asserted that no ad valorem tax could be levied to care for the bonds. On the contrary, Young contended, the bonds could not be sold except on the credit of the state.

Moody Speaks Again

Taking another shot at Jim Ferguson, Governor Dan Moody last night declared at Austin that "if Ferguson is not supporting Cecil Storey for attorney general he is 'not treating Storey right because Storey stuck with Ferguson in the legislature.' He was with Ferguson in the 39th legislature and helped sponsor Ferguson's amnesty bill. Ferguson at least ought to return the compliment Storey paid him in 1924, when Storey supported Mrs. Ferguson in her candidacy."

Storey, speaking at Pampa, de-manded last night that Governor Moody apologize or offer proof of his asserted remark that Storey was a candidate of Jim Ferguson's.

After a speech at Childress this afternoon and another at Wichita Falls tonight, Storey expected to shift his campaign to Central Texas, speaking tomorrow night at Taylor, Saturday afternoon at Belton and at night, at Temple.

Debate About Bobbitt

Verbal charges and counter-charge flew last night in the debate at Llano between Representative Bob Long of Wichita Falls, partisan of James V. Allred, candidate for attorney general, and Representative Alfred Petsch of Fredericksburg, supporter of Attorney General Bobbitt.

Long declared he was not there to speak only for Allred, but to tell of the investigation of University land leases by the house committee of which he and Petsch were members.

He declared he wanted Allred elected attorney general because he is clean and honest. Long charged that two University regents represented oil companies, yet were handling oil leases of university land in West Texas.

Petsch retorted that he believed Bobbitt had earned the approval of all honest citizens and said "but although in his challenge he had asked Long to bring the records to prove his accusations against Bobbitt, made at Llano in a speech July 4, Long instead had merely made new accusations. Petsch had said in his challenge that he would resign as a member of the legislature if Long proved his charges.

Too Faithful Dog Reveals Talents

Glauco Simmons of the S. & S. grocery is a believer in the advantages of insurance against theft.

This fact was demonstrated yesterday at the rear of his store, where he has a flock of 1,500 chickens in a pen, adjoining a runaround in which he has a watchful bird dog. The chicken pens are always kept in a clean condition, so yesterday he employed a negro to clean the pens.

He did accompany the employe to the scene of his work, so the negro entered the runaround alone, in going to the pens. He scarcely unlocked the door of the run-around, when the faithful watch dog proceeded to strip the negro of his clothes.

Wheat Prices Rallies

CHICAGO, July 17 (AP)—Influenced by renewal of dry weather complaints from Canada, wheat prices rallied today after a sag at the opening. Yesterday's late reports of moisture relief for drought sections of the spring crop belt appeared to have been of less benefit than was at first assumed.

Starting unchanged to 7-8c off, wheat afterward rose all around to above yesterday's finish, but the gains failed to hold well. Corn, oats and provisions were firmer, with corn opening at 1-8c to 3-4c up, and subsequently scoring a general advance.

DALLAS, July 17. (AP)—The fate of Grover Cleveland Alexander, veteran big league pitcher who Tuesday was placed on the suspended list of the Dallas baseball club, today awaited the decision of Bob Tarleton, business manager.

Tarleton expected to decide tonight. "Old Pete" has asked to be reinstated and given another chance. Skipper Ats appeared favorably inclined toward granting his wish.

Suffering Five Years; Konjola Brings Relief

Catarrah, Kidney Trouble Find Deadly Foe in This New and Different Medicine.

DR. J. J. HALE

Many of the accomplishments of Konjola might challenge belief were the actual facts not known and verified. Konjola does triumph even when all else tried has proved of no value as is illustrated in the case of Mr. J. I. Male, R. F. D. No. 1, Hensley, Ark., who says:

"I had trouble with my kidneys for five years, and also suffered from a catarrah condition I took many kinds of medicine, but got no temporary relief. A neighbor advised me to take Konjola, and after using four bottles I saw that I had found the right medicine. My kidneys became stronger and the backache decreased and then disappeared. I feel more like doing my farm work than I have in five years. Konjola will always be in my home."

"Thousands have said this: 'Konjola will always be in my home.' No wonder, for Konjola triumphs even, in many cases, wherein hope has been abandoned.

with your approval, Odos Caraway." While citizens of other towns are making preparations to attend the roundup of Small supporters, members of the local Small club are busy perfecting arrangements for the rally and preceding events. The parade will form on South Cuyler and proceed toward the courthouse about 6 p. m. The speaking will begin at 8 p. m.

Sheriff E. S. Graves, Chief J. I. Downs, and Alex Schneider were appointed as a committee to rope off the streets on the east and south sides of the courthouse lawn. Sheriff Graves said that all unnecessary noise will be eliminated.

Number of the telephones at Small headquarters which was installed yesterday is 720 and citizens who have available rooms for visitors are asked to list them with Miss Aurelia Miller. Most of the crowd will leave the rally but some will stay. The rooms will not be used unless all hotels are full.

Mr. Simmons was offering a reward today to any negro who would enter the pens alone.

formatory at Granite, Okla., was learned through reliable and confidential sources yesterday after the departure of Sheriff Claude McKinney for Wellington.

"The exact spot where the daring officer hid the negro is not known, but it was learned that he chose a place where he would not be expected to hide a negro. The sheriff correctly guessed that the mob would never think to search for the negro in the place where he was hidden, it was stated. The officer trusted the black to no one and kept personal guard over him all the time he was in his custody. How members of the mob saw the negro and did not recognize him and how several times the angry citizens passed within a short distance of the negro's hiding place, was told here today.

The negro is about five feet and seven inches tall and is comparatively thin. In his cell in the county jail where he is held in solitary confinement, he whistles continuously. When asked by other prisoners why he was brought to jail, his invariable answer is, "shooting craps," spoke in cheerful if terse manner. The negro was born in Louisiana and wears his hair in the manner of negroes of the deep South. His hair is closely clipped except a bunch of "top-knot" at the peak of the forehead. He carries several matches in this tuft of hair. He is very black.

He displays no signs of feeble mindedness other than that he does not seem to realize the extent of the crime of which he is accused. He is never morose, but whistles and hums must of the time. His cheerful disposition is quite irksome to some of the prisoners who have been in jail quite a while. They do not know that he is accused of being Mrs. Vaughan's slayer.

OKLAHOMA CITY, July 17. (AP)— Roy St. Lewis, United States district attorney here, said today that federal charges of conspiracy will be filed against leaders of the mob at Erick, Beckham county, who, Saturday night drove approximately 200 negroes from their homes.

GUM

in Gasolene sticks your Valves

is free from harmful GUM

CITIES SERVICE OILS

ONCE - ALWAYS

"YOUR valves were stuck," is the repairman's frequent reply when asked by a motorist—"What was wrong with the engine?"

A common cause of sticky valves is excessive gum in gasolene. Inferior or carelessly refined gasolenes have a high gum content. This forms a sticky, gummy, clinging deposit on your valves. When you step on the gas for more power your valves have to fight to get free—valuable power and compression is lost—your power is dissipated in a laboring engine.

Koolmotor Gasolene—the original high test, anti-knock green gasolene—is free from harmful gum; it is powerful and clean burning—a constant protection against the annoyance and expense of sticky valves because it is produced by the special Cities Service mini-gum process. This process, characterized by extra care and extra refining, reduces the gum content of this superior motor fuel to a harmless minimum.

For a clean, smooth, powerful engine insist on Koolmotor—the gas that's free from harmful gum.
