O. W. "Hootie" Harrah of White Deer was a visitor to the Pampa's stadium this week. Hootie didn't say much, which is unusual for him. He was so busy rooting for Pampa at the game Saturday that his voice nearly failed him. The White Deer man is often on the sidelines cheering for Pampa, and there is a warm spot for him in the collective heart of this city.

Hootie had plenty of competition at the Amarillo game. It is quite a feat to stand out in a crowd of 8,000. This writer remembers the boast of a Missouri leather-lunged alumnus who, speaking to 10,000 students and townspeople at a football rally, claimed he didn't need and help from the horns that looked like huge morning glories. With malicious mischief, the writer cut the circuit for a moment, and the booming voice diminished to an insignificant bluster. Few men have the lungs of Hootie, and the loud-speakers are highly desirable in speaking to a crowd.

Jake Fleagle, arch criminal, too long defied the law, but he was captured when fearless officers traced him, outwitted him, and shot him down as he reached for his gun. No shyster lawyers rushed to get him free on habeas corpus proceedings. For Fleagle is one of the last of the unorganized crime rings. . . . The greatest need in criminal law enforcement today is for agencies of justice to out-organize the organized gangs. A small band of men can outwit Fleagle, but Al Capone goes free while thousands of officers seek him.

Legal and enforcement machinery is not organized logically. There is too little science available to local officers. Sheriff's departments are not closely connected by finger print records, telegraph, and other avenues of communications, although improvements are being made in this regard. A closely-knit federal system of crime detection would be a vast improvement over the present haphazard system. The law should not be slower than the criminal in making use of the latest scientific means of communication and identification.

Money Bonebrake is dead. He is mourned by many Panhandle golfers who took instruction from him and who admired his style. He was one of the longest drivers in the Panhandle. He held the course record at the Pampa club with a sensational 32. He had a weak heart and could not enter enough match play to gain the fame which would have been his had he been a contender. He made his home at Berger for a considerable time.

Evidently the Grand Old Party isn't very sure that prohibition is dead. Either Morrow is playing bad boy and speaking out of turn, or Hoover is being considered the best bet for the next presidential campaign. For Morrow disclaims any desire to run for president, and commends Hoover for the task. Morrow is an avowed wet, and if dampness is a prerequisite in the next race, he and Franklin Roosevelt would make a pair of dampish vote seekers. Perhaps the Republican clan thinks that good times are returning, and that typical G. O. P. luck will return before election time. Democratic leaders will probably not shed any tears over Mr. Morrow's decision, and Mr. Hoover as a candidate would draw the fire of many sources.

Wonders of science never cease. If your breathing stops—not too suddenly of course—you can get a mechanical respirator. The Chicago girl who could not breathe at all for a time is doing longer and longer periods of normal respiration. Without the invention, she would be dead.

CHRISTIAN IS FATALY HIT, DOWNEY HELD

Aged Man in Seeking Revenge Fires Five Shots

WAS FORMER RELATIVE

Defendant on Trial For Murder of Downey, Jr.

PAULS VALLEY, Okla., Oct. 14 (AP)—Seeking vengeance for his son's slaying, Ben Downey, 60, today shot and probably fatally wounded Leslie Christian, 32, on trial in district court here for the murder of his one time brother-in-law, Ben Downey, Jr., several months ago.

Christian's fate had been placed in the hands of the jury about 3 o'clock and no decision had been reached at 6 when the jury filed out to eat.

The defendant left the courtroom on the third floor of the building and was met at the foot of the stairway by Downey, who fired five times.

Downey was held in jail. Christian's sister divorced the younger Downey, shortly after he had been sentenced to the state penitentiary on a charge of grand larceny. After Downey returned from prison early this year, he is said to have blamed Christian for causing his wife to leave him. Ill feeling was said to have developed which led finally to the fatal shooting of Downey.

Proposal Made To Divide Oil Buying Equally

A proposal, which operators felt virtually amounted to an order, made by R. D. Parker, oil and gas supervisor of the Texas Railroad Commission, that production of unconnected wells in the Panhandle be divided equally among purchasers was favorably received by pipe line companies at a meeting of the Panhandle proration committee in Amarillo yesterday.

Mr. Parker instructed H. J. Corcoran, umpire, to compile a schedule of all unconnected production in the Panhandle, dividing it equally among the various common purchasing pipe line companies. This schedule would be submitted to the companies for arbitration with the proration committee. If the purchasers refused to take any of the oil allotted to them, the companies would be subject to prosecution for violation of the pipe line law, Mr. Parker said.

Representatives of the Texas, Prairie, Humble and Phillips pipe line companies all agreed to the proposal made by Mr. Parker, and declared that they would cooperate in taking some of everybody's oil. Mr. Parker at the opening of the meeting issued the ultimatum that oil must be taken from unconnected wells in the future or the companies would be prosecuted, if they continued to take any oil from the Panhandle. A representative of the Gulf company declared the Gulf was not a common purchaser. Mr. Parker and representatives of the other companies took issue with this statement.

The meeting began at 10 o'clock Tuesday morning and continued until 3 p.m. Operators present believed that the discussions will pave the way for formation of a plan to establish equitable purchasing.

Six Hundred Miles Per Hour?

Maurice Poirier, left, an inventor of Burbank, Calif., is shown here with the model of a rocket plane which he hopes will attain a speed of 600 miles an hour. Both the model and the full-sized ship, which Poirier plans to build soon, will be powered by the fireworks spouting from the tubes in the tail, but the big plane will have a small gasoline motor for taking off and landing. The inventor and his assistant, Franklin Wallace, are shown here charging the model for an experimental flight.

BINFORD CONNECTED WITH INSURANCE CO.

Joe B. Binford, formerly of Waco, has moved to Pampa where he is connected with the M. P. Downs insurance agency. Mr. Binford specializes in automobile insurance and has had five years experience in that line in Dallas and Waco.

At Waco, he was a director of the Junior Chamber of Commerce, president of the Waco Little Light Opera, and director of the choir of the Trinity Presbyterian church.

Ask Opinion of Editors On Dry Law Amendment

WASHINGTON, Oct. 14 (AP)—The Bureau of Prohibition of the Department of Justice has asked 3,000 newspapers of the country to express their sentiment on the National Prohibition law.

It was announced today the division of research and public information had mailed questionnaires to the newspapers. The questionnaire asks if the newspapers favor the Eighteenth amendment and National prohibition law, whether they are opposed to the law and whether they are neutral.

When the replies are received the information will be compiled and made the subject of a monograph to be issued by the bureau. The questionnaires were sent out by E. A. Grant, acting chief of the division of research and public information.

The letter transmitting the questionnaire told the editors the prohibition bureau wanted to get the attitude of the press of the nation as a whole upon the subject of the eighteenth amendment and the administration of the dry law.

FIFTEEN ARE ARRESTED IN RED UPRISING

Police Battle Mob In Front of Hotel

FIVE WOMEN GO TO JAIL

Carrying Placards to Incite Men at Session

BOSTON, Oct. 14 (AP)—Fifteen persons, five of them women, were arrested today during a pitched battle between police and a group of 50 Communists who attempted to invade the national convention of the American Federation of Labor.

For 20 minutes the Communists and police, hemmed in by a crowd of more than 1000 spectators, fought outside the Hotel Bradford, where the federation was in session.

Heads Cracked
Heads were cracked and police uniforms were torn while patrol wagons rushed police reserves to the scene. Taxicabs pressed into service as patrol wagons were filled while Communists struggled to rescue the prisoners.

The Communists gave advance warning of their intention to stage a demonstration. For the past several days hand bills were circulated calling upon the "militant workers of Boston" to join in a demonstration.

Were on Duty
When the labor convention opened this morning police were on duty outside the hotel and in corridors leading to the convention hall, but this detail was inadequate to handle the rioting radicals.

Shortly before noon the Communists paraded to the hotel, carrying Communist placards, and promptly were ordered away by the police. An attempt then was made to hold a meeting in the street, but the first speaker who attempted to address the gathering was arrested.

Angry Communists tried to rescue him, and the battle began. Traffic on Tremont street was paralyzed, while the screams of women Communists increased the bedlam.

Mounted police and squads of reserves finally dispersed the mob, but not before Police Captain Jeremiah O'Sullivan had been beaten by the rioters.

Meanwhile the labor convention was in session inside the hotel. Later, President Green of the federation issued a statement expressing regret at the occurrence and citing it as an exhibition of the policy of Communists in America to "deliberately incite violence, street uprisings and to arouse feeling and passion."

Kidnaped Woman Returning Home

GREENFIELD, Mo., Oct. 14 (AP)—Mrs. Alma Wilson McKinley, 24, daughter of Benton Wilson, wealthy oil man here, who was kidnaped from her parents' home last night, telephoned late today from Stockton 20 miles north of Greenfield, that she had been released and was returning home. Her father and husband immediately started out to meet her.

Mrs. McKinley said her kidnaper had demanded \$10,000. She told him the only way he could get the money would be to release her, the young woman said, and she was set free.

CUBAN PRESIDENT BANS MEETINGS

HAVANA, Oct. 14 (AP)—President Machado today signed a decree forbidding the holding of meetings or assemblages of any kind throughout the Republic until November 2, the day after the congressional and senatorial elections.

The decree, although complete in every detail, will not become effective until tomorrow night at 6 o'clock, when it is published in the official gazette.

POLICE KNOCK WITHOUT ANSWER AT MYSTERY WALL SURROUNDING SHOOTING OF "LEGS" DIAMOND

NEW YORK, Oct. 14 (AP)—Death drew closer today to Jack "Legs" Diamond, New York's best known gangster, while police knocked without answer at the wall of mystery surrounding his shooting Sunday morning.

There were plenty of theories for detectives to work on, but fewer facts and witnesses. Police, however, began an examination of Jacob Ginsberg, manager of the Hotel Monticello, where the shooting took place. He walked into the district attorney's office today and announced he was ready to tell "the whole story."

Police had been searching for Ginsberg, the first to reach Diamond after the shooting. After calling a doctor he departed hurriedly with his wife and child.

A bulletin issued at the hospital where the racketeer lies said his condition was critical and there had been a "pulmonary collapse."

Other persons whom detectives were anxious to question were Chas. Entratta, alias Greene, ex-convict acquitted of a double slaying a

year ago in the Hotsy Totsy club on Broadway; "Dutch" Schultz, reported Bronx beer runner who, police said, had openly declared his intention of shooting Diamond on sight; "Count" Miller, described as an intimate friend of Diamond who lived at the Monticello and vanished after the shooting, and Vannie Higgins, said to be Diamond's lieutenant in Brooklyn, who has been reported missing for the past ten days.

The theories to explain the shooting embraced the usual gangland reasons for a violent removal—a beer war for control of the trade in upstate New York counties; "Welshing" on debts; invasion of Diamond's Brooklyn territory by envoys of Al Capone, himself reported to have visited New York over the week-end, and a revolt by Legs' own henchmen.

Chief Detective Inspector Sullivan held the gunmen who shot Diamond more than an hour in conference with him in his own hotel room before they opened fire.

Thirteen Convicts Make Good Escape

RALEIGH, N. C., Oct. 14 (AP)—Escape of 13 convicts, some of them serving long terms for murder, from the Person county prison camp, was disclosed tonight by state prison officials here. The getaway was made last night after the sawing of bars in a cell block.

A posse of 50 men headed by Capt. J. H. Loftin, in charge of the camp, made a fruitless search for the fugitives.

The escape was discovered by E. C. Hilton, a trustee, who caught one prisoner in the act of getting away, halted him, spread the alarm and prevented the possible escape of others of the 71 convicts in the camp.

Bank Robber Is Killed In Gun Fight With Men

WESTVILLE, Okla., Oct. 14 (AP)—A man who first gave his name as Brown and later said he was Tom Haworth died here late today after a gunfight following his attempted robbery of the Peoples National bank.

Haworth said his wife lived at Drumright, Oklahoma. A card in his pocket said "notify Mrs. E. White-tree, Pawhuska, Phone 1349." He said his companion in the attempted holdup was Elmer Jones.

Jones was reported surrounded by a posse a short distance from here. F. S. Howard, president of the bank, was wounded in the hand when he rushed outside the bank to continue firing at the fleeing robbers.

The men entered the bank and forced Howard, W. C. Best, cashier, and Ed Adair, assistant cashier to lie on the floor when John Baker, produce dealer, came in. Instead of obeying the command to lie down, Baker grappled with the robber nearest him. The other robber came to the rescue of his companion, and the bank officials seized guns and opened fire through the door as the robbers fled.

The men fled in a small roadster. Haworth, the younger of the two, fatally wounded, left the car about a mile from Westville and was captured.

BRACKETT IS FOUND KILLED IN HIS AUTO

McClanahan Gives Up to Police After Shooting

RELEASED ON BOND OF \$1500

Body Was Torn With Buckshot; Two Shots Fired

SAN AUGUSTINE, Tex., Oct. 14 (AP)—E. B. Brackett, 55, farmer, former Angellina county agent and former manager of the San Augustine Chamber of Commerce, was shot and killed today as he drove toward town in his automobile. C. C. McClanahan, 46, surrendered to officers and was charged in the findings of the coroner's inquest with murder by circumstantial evidence.

McClanahan was released under \$1,500 bond.

On Way To City
Brackett had been to the country and was returning to town when, apparently someone in an automobile parked near a bridge across a bayou fired twice at him. His body was torn with buckshot. It was believed he died almost instantly, for his automobile coasted along the road several hundred yards then came to a halt of its own accord.

The slain man had given up other activities and for several years had devoted attention to a large farm he owned near here.

Justice J. W. Haygood held an inquest and county attorney Edward Clark prepared charges against McClanahan, to be presented to the county grand jury which will meet Jan. 5.

SERVING YOUR HOME TOWN

Probably most citizens who aspire to public service place the date of beginning some time in the future, when they have more wealth, more influence, and more "opportunity."

Many of them likely will have moved to a bigger city. Yet little cities become big through the work of those who do not have this point of view.

Right here at home, boys; just right where we are.
Birds don't sing any sweeter anywhere
Grass don't grow any greener 'n she grows
Across the meadow where the old path goes

This bit of verse by James Whitcomb Riley is quoted in The Lion magazine in connection with an editorial exhortation to Lions clubs to stress community service. "Lions, build up your communities," urges the magazine. "Take up the work nearest you. Make the world know that you are back of your town."
"Right here at home, boys; just where we are."
There are never workers enough to do all that should be done. The opportunity go do constructive work for one's home town is apparent to all who look about them."

GRACE BULL DELIGHTS THROUNGS OF WOMEN TUESDAY

Many Little Folk Cared for While Adults Hear Talk

Througs of Pampa women were delighted Tuesday afternoon as Miss Grace Bull, frocked in a simple, orchid house dress, clarified many problems in regard to breakfast preparation, explaining how the task might be made easy and pleasant and might be done in the briefest possible time.

Many of the women brought their children, leaving them in the nursery provided by the Pampa News-Post.

Dinners will be discussed by Miss Bull this afternoon beginning at 2:30 o'clock, bridge luncheons and teas will be elaborated upon Thursday, and suggestions regarding the preparation of meals will be given Friday.

All are invited. All of the lectures are given in the basement of the First Methodist church as a courtesy of the women's department of the Pampa News-Post, and the newspaper welcomes all who are interested.

Following are recipes for the dishes prepared by Miss Bull Tuesday afternoon:

Coffee Cake
Mix and sift 3 cups Gold Medal flour with two cups brown sugar, 1 teaspoon salt, and 1 teaspoon Schilling's cinnamon; cut in 1-2 cup Crisco; reserve 1 cup of this mixture to sprinkle on top of the cake. To the remainder, add 2 teaspoons K. C. baking powder, 1-2 teaspoon salt; add 2 eggs and 3-4 cup Gray County creamery milk and beat thoroughly. Pour into greased tin, sprinkle top with reserved mixture. Bake at 400 degrees for 25 minutes.

Fruit Muffins
Mix and sift 1 cup Gold Medal graham flour, 1 cup Gold Medal white flour, 2 teaspoons K. C. baking powder, 1-2 teaspoon salt; add 2-3 cup chopped fruit (dates, nuts, raisins); then add 2-3 cup Gray County creamery milk, 2 tablespoons molasses, 2 tablespoons melted Crisco, 1-2 teaspoon Schilling's maple flour. Bake in well-greased muffin tins at 375 degrees for 30 minutes.

Coffee Ring
Mix and sift 3 cups Gold Medal flour with 1-3 cup sugar, 3 teaspoons K. C. baking powder, 1 teaspoon salt; cut in 1-4 cup Crisco and add 1 egg and 3-4 cup Gray County creamery milk. Roll out to 1-4 inch thickness. Spread with softened butter and sprinkle with 3-4 cup raisins and 1-2 cup chopped nuts. Roll like a jelly roll. Bring ends together to make a circle; press together. Place in greased tin, cut slashes in outside edge 2 inches apart, and bake in a 375 degree oven for 25 minutes.

Pop Overs
One cup flour; 1-4 teaspoon salt 1 cup milk; 1 egg. Beat the egg until light; add milk and beat again then add the sifted flour and salt. Beat with a rotary egg beater until smooth. Fill hot well greased muffin tins half full. Bake at 450 degrees for 25 minutes. Then reduce the heat to 300 degrees for 20 minutes.

Gingerbread Waffles
Beat 2 eggs and add 1-2 cup melted Crisco, 1-2 cup brown sugar, 1-2 teaspoon each Schilling's ginger and pastry seasoning; 1-2 cup molasses, and 1-2 cup Gray County creamery milk; beat thoroughly. Now add 2 cups Gold Medal flour sifted with 2 teaspoons K. C. baking powder, and stir in with mixing spoon. Bake in waffle iron same temperature as for waffles.

Broiled Breakfast
Broiled bacon; roll eggs in tomato sauce; toast (Dilley's whole wheat bread).

Take 4 slices of Dilley's Big Dandy bread and crumble fine; add 1-2 teaspoon Schilling's celery salt and moisten with 3 or 4 tablespoons of tomato juice. Place a tablespoon of filling on a slice of bacon and roll; fasten with tooth picks.

Place rolls on broiler rack with eggs in tomato sauce in pan beneath rack and slices of Dilley's whole wheat bread around the outside. Place all under flame and let broil. Breakfast will be ready in ten minutes.

These study meetings are held on the third Friday night in each month in order that both the mothers and the fathers of children may attend. They will comprise both study and a program, the program to be composed chiefly of numbers by different pupils in the school and the studies to be conducted by leaders in the field of child study and child welfare.

All studies will branch off of the subject discussed Friday night, making it highly important that members attend this first meeting.

Following is the program for Friday night: Piano selection, Miss Kathleen Beatty; song, "If I Had a Talking Picture of You," Mary Sue Murry; reading, "Harry's Mistake," Lois Dean Walters; dance, Doris McGee; piano selections, "Palonaise" (Chopin), "Valick" (Mokreys), Miss Louise Barton.

Supt. R. B. Fisher will be leader for the evening. He has chosen as his subject, "Atypical Children."

Tommie Solomon Is Given Party

The ninth birthday of Tommie Solomon was the occasion for a gay party when his mother, Mrs. T. B. Solomon, entertained a group of boys and girls Monday afternoon.

Indoor games were played and refreshments of fruit salad and cake were served.

Those attending were Frances and Marjorie Coffee, Marie Barnard, J. W. Graham Jr., Johnny Sullins, Dwight Mapes, Floyd Hatcher, Robert Fletcher, Melvin Lancaster, Wayne Coffee and Jimmy Jones.

Each boy and girl presented a gift to the guest of honor.

Choral Club Has Another Practice

Despite the rain Monday evening, members of the city choral club met at the First Methodist church and enjoyed another practice under the direction of Prof. Emil F. Myers.

The chorus is mastering several of the choruses from "The Messiah," by Handel, which will be sung near Christmas time. Singers are still needed to round out the big group. Tenors are especially desired.

French-fried potatoes —as quick as broiling a steak

- 1 All you need is a large saucepan, a wire deep-frying basket (or strainer) and a 3-lb. can of Crisco.
- 2 Heat Crisco to 400° F. (a small cube of bread will brown in it in 20 seconds). Never wait for Crisco to smoke—Crisco doesn't smoke at proper frying temperatures. As soon as the Crisco is hot enough, put in the food to be fried. Crisco, a delicate, sweet-tasting fat, quickly wraps around foods a delicate crisp brown coat—and leaves kitchens fresh and smoke-free.
- 3 When the food is cooked, lift it from the fat. Hold the basket over the kettle to drain fat from the food. Finish draining on absorbent paper, paper towel or paper napkin.
- 4 Now strain Crisco back into the can through cheesecloth or a very fine sieve, to remove any possible burned particles. You can use Crisco over and over for anything you want to fry—Crisco doesn't carry the taste of one food to another.

McCarthy Signs Yank Contract

NEW YORK, Oct. 14—(AP)—Joe McCarthy finally took off his National league uniform and declared his allegiance to the American league by signing a contract to manage the New York Yankees for the next two years.

The former manager of the Chicago Cubs posed with Jacob Ruppert, president of the Yankees, before as many photographers as there are players on a major league club, as he affixed his signature to the document which he called "the best contract I ever signed."

Picture At Rex Of Family Life

Variety is the motto of motion picture producers and Metro-Goldwyn-Mayer is proving no exception to the rule. Having recently offered moviegoers a wide choice of backstage comedies, musical revues, English drawing-room farces, sophisticated divorce dramas and stories of the great outdoors, it is now presenting "Sins of the Children," an intimate story of family life, of the type which Emil Jannings made so popular.

The picture will open today at the Rex theater with a cast which includes Louis Mann, Robert Montgomery, Elliott Nugent, Leila Hyams, Clara Blandick, Mary Doran, Francis X. Bushman Jr., Robert McWade, Dell Henderson, Henry Armetta, Jane Reid, James Donlan, Jeanne Wood, Lee Kohlar and a number of child actors. Nugent, incidentally, repeated his achievement with "Wise Girls" in respect to not only acting in the picture but collaborating on the story with his father, J. C. Nugent. Samuel Orntz, author of "The Yankee Passionist" and other novels, did the adaptation.

W. T. Milam of Fort Worth, representing the Hawk-Buck Manufacturing company, transacted business there Tuesday.

CLUBS TRADE MEN, MONEY IN BALL DEAL

NEW YORK, Oct. 14. (AP)—In the biggest player deal since the close of the 1930 baseball season, Brooklyn today obtained two Philadelphia stars, Outfielder Frank (Lefty) O'Doul, 1929 National league batting king, and Second Baseman Fresno Thompson, in exchange for two pitchers, one rookie outfielder and a check.

The Robins in fortifying for 1931 two of the positions in which they were weak this year, outfit at least two other National league clubs, including the Chicago Cubs, in the scramble for Phillie talent.

Brooklyn, besides the cash, hands over Jumbo Jim Elliott, left hander; Clise Dudley, slightly smaller right hander; and Hal Lee, young outfielder, who signaled his major league debut by hitting a home run as a pinch hitter.

The addition of O'Doul to the Brooklyn outfield gives the Robins a trio of mighty hitters. O'Doul batted .383 this year, gaining fourth place in National league rating. He led the league in 1929 with .398.

Babe Herman, Brooklyn right fielder, batted .393 this year, and Johnny Frederick, the fast center-fielder, had a mark of .334. Thompson had his poorest season in 1930 when he batted only .284, but the four years he has been the Phillies' regular second baseman he has an average above .300. He is only 27 years old.

Elliott, who is three inches over six feet and weighs 230 pounds, came to Brooklyn from Seattle in 1926 and with the exception of 1929, when he was sick most of the season, he has done excellent work.

Dudley has been with the Robins two years, and although his work in 1930 consisted chiefly of relief pitching he "took his turn" in 1929 with fair success.

Lee, who like Dudley was promoted from the Atlantic club of the Southern association, played few full games for the Robins in the season just closed, but was kept on the bench throughout the year, Manager Robinson refusing attractive offers for his services.

GLENN COLLETT, MRS HILL WIN IN FIRST ROUND OF GOLF TOURNAMENT

By RUSSELL J. NEWLAN
Associated Press Sports Writer.
LOS ANGELES, Oct. 14.—Led by the defending champion, Glenna Collett and Mrs. O. S. Hill of Kansas City, medalist, favorites with one exception stroked their way to victories today in first round matches of the 1930 women's national amateur golf championship.

The upset saw Miss Edith Quier of Reading, Pa., member of this year's international cup team, defeated by Mrs. Brent Potter of San Jose, Calif., two up. Mrs. Potter, a veteran campaigner, never has engaged in a major tournament before, but among her golfing souvenirs is a northern California title, while this year she reached the runner-up station in the state championship. She outstayed her opponent throughout, and was two up at the turn. Mrs. Potter had 41 for the first nine to 43 for Miss Quier, successive title and fifth all-time championship, set an unbeatable pace to eliminate Mrs. Harry Grossman of Los Angeles, 6 and 4. The New York star, seasoned by long competition, snatched the first four holes before her rival could gain her bearings.

She was four up at the turn, posting a medal of 40, one over par, to 45 for Mrs. Grossman. She won the tenth with a birdie 4, lost the eleventh, 5 to 4, and the twelfth was halved in fives. Miss Collett clinched the match with a par 5 on the thirteenth and a birdie 5 on the fourteenth.

Medalist yesterday and national semi-finalist last year, Mrs. Hill advanced to the second round with a 4-3 victory over Miss Bernice Wall, Oakkosh, Wis., entrant. The outgoing stretch was a nip and tuck affair.

T. M. Cain of the firm of Thomas Y. Pickett, Dallas auditors, was in Pampa yesterday.

Mr. and Mrs. Frank P. Graham and daughter are in Mineral Wells. Dick Graham is in St. Louis on a business trip.

SPORT SLANTS

Since the all-conquering and unprecedented golfing march of Bobby Jones in 1930 seems a 100-to-1 shot to stand alone for the next few generations, if not for all time, in a sport whose fortunes are so fickle, it should be catalogued, if not framed in gold by every golf club for all to gaze at in wonder.

With this worthy purpose in mind, the record is herewith set forth without embellishment:

Walker Cup Play (Sandwich)
Jones defeated Roger Wethered, England, 9 and 8, in singles.
Jones and Dr. O. F. Willing, U. S., defeated Torrance and Hartley, England, 8 and 7, in two-ball four-some.

British Amateur Championship (St. Andrews)
(All 18-hole matches except final.)
First round, Jones defeated S. S. Roper, England, 3 and 2.
Second round, Jones defeated Cowan Shankland, 5 and 3.
Third round, Jones defeated G. O. Watt, 7 and 6.
Fourth round, Jones defeated R. Johnston, U. S., 1 up.
Fifth round, Jones defeated Eric Fiddian, 4 and 3.
Semi-final, Jones defeated George Voight, U. S., 1 up.
Final, Jones defeated Roger Wethered, England, 7 and 6.

British Open Championship (Hoyleake)
Jones won with rounds of 70-72-74-75 for total of 291, defeating Leo Diegel and Macdonald Smith, U. S., by two strokes.

American Open Championship (Interlachen)
Jones won with rounds of 71-73-68-75 for total of 287, leading Macdonald Smith by two strokes.

American Amateur Championship (Merion)
Jones led qualifiers with 69-73-142, tying record.
First round (18 holes), Jones defeated Ross Somerville, Canada, 5

THREE TEAMS BATTLING IN FIRST PLACE

CANYON, Oct. 14.—(Special)—Commerce Teachers, Canyon Teachers, and San Marcos Teachers Colleges are the only T. I. A. A. schools with a percentage of a thousand. Sul Ross Teachers, Sam Houston Teachers, and Daniel Baker have neither played a conference game.

Denton has lost to T. C. U. and Austin College, and tied Southwestern University, and may be a serious threat when they take up their conference schedules.

Sam Houston lost to Rice Institute 13 to 14 and Rice is considered the Dark Horse of the Southwestern Conference.

Sul Ross has lost to Schreiner and to St. Mary's, but has shown

and 4.
Second round (18 holes), Jones defeated F. G. Hoblitzel, Canada, 5 and 4.
Third round (36), Jones defeated Fay Coleman, 6 and 5.
Semi-final (36), Jones defeated Jess W. Sweetser, 9 and 8.
Final (36), Jones defeated Gene Homans, 8 and 7.

Looking back over this amazing record of match and medal play, three shots stand out as the most spectacular, if not the greatest that Jones produced in the course of his clean sweep.

At St. Andrews, in the first round of the British Amateur, Bobby furnished one of the biggest thrills by holing out from a bunker, 120 yards from the cup.

At Interlachen, with 10,000 looking on, Jones capped the climax of his hard-won victory in the American Open by holing a 40-foot putt.

At Merion, Jones played a number of great shots, but the most sensational was a 90-yard pitch to the 10th green that came within inches of rolling into the cup for an eagle.

a wonderful lot of offensive power. Daniel Baker lost to both St. Edwards and Loyola of the South, but they too have shown a world of stuff.

Stephen F. Austin has lost two conference games in as many starts. The first loss was to San Marcos Teachers by a score of 6 to 0 and last Friday dropped their second to Commerce Teachers 13 to 0.

A. C. C. has won one and lost one, winning from McMurry 24 to 0 and losing to Canyon Teachers 16 to 7.

Although losing to A. C. McMurry has a team that will give any conference team a battle before the season is over. Last Saturday they clearly outplayed the Texas Tech Matadors but the breaks of the game went to Tech and they defeated McMurry 10 to 0.

West Teachers of Canyon, East Texas of Commerce, and Southwest Texas of San Marcos have played one game each and have won.

This week the Commerce Teachers come to Canyon to meet the Buffaloes in a game that will practically eliminate one of the teams from the conference race.

San Marcos Teachers meet Abilene Christian College and according to dope should win from the Wildcats.

Sam Houston Teachers met the Oklahoma Teachers of Durant and Stephen F. Austin meets John Tarleton in a non-conference tilt at Nacogdoches, so they can't improve their standing this week.

McMurry and Sul Ross meet at

Colorado, Texas, in a game that will place Sul Ross in the running or will practically eliminate them from the conference race. McMurry's loss to A. C. C. has placed them under a handicap that makes it almost impossible for them to stay in the race.

Daniel Baker plays Simmons this week-end and comparative strength of the Texas Conference and T. I. A. A. may be had.

Denton Teachers meets Trinity University in another T. I. A. A. and Texas Conference clash.

Officers Catch Fleagle While Riding On Train

BRANSON, Mo., Oct. 14. (AP)—Jake Fleagle "fought like a tiger" today he was shot on a train here today, according to E. H. Cline, California postoffice inspector who participated in the capture of the desperado.

Cline said the efforts of several officers were required to subdue the Lamar killer who went down cursing. Five officers were on the car in which Fleagle was shot. They are Cline, Harry Wilde and C. A. Lloyd, Los Angeles detectives, and E. L. Nelson and Orville King, detectives from Kansas City.

Three other officers who were on the train, but in another car, were John Parham, a Missouri Pacific special agent; Police Chief Hugh D. Harper of Colorado Springs, and H. H. Goodwin, postoffice inspector from St. Louis.

The story of the shooting as told by Cline: "Five of us were sitting in the Northward chair car as it pulled into Branson. We were not going to get off at Branson, as we had a tip that Fleagle either was in northern Arkansas or farther south in Missouri.

"But as the train stopped at the Branson station one of the officers said, 'There he is!' We looked out and Fleagle, whose image was imprinted in our memories, was standing on the platform.

Man Is Tried In Eighteen Minutes

HOUSTON, Texas, Oct. 14. (AP)—In an 18-minute trial, E. F. Grimes, who participated with the condemned J. J. Maple in a number of holdups, drew two life-time sentences today by agreement. Grimes pleaded guilty to two cases — robbery of the William Penn cafe and the Touchy Furniture company — and two others against him were dismissed. It was after the Touchy robbery that Maple killed two police officers. He was sentenced to death for the murder of one, Edward Fitzgerald.

Grimes had been looked for. Corn and oats and rye followed the leadership of wheat. Larger receipts of corn in Chicago, including 25 cars of new corn tended at times to pull the corn market down, but husking returns continued to be a disappointment to growers some 11-lains points sending word that three days husking netted but one day's usual quantity.

Provisions reflected a rise in hog values. Closing indemnities: Wheat—December 76 5-8 to 3-4, 80 1-2 to 5-8; March 70 1-2, 84 1-2. May 82 1-2, 86 1-2 to 5-8. Corn December 78 1-8 to 1-2, 71 3-4; March 78 1-2, 83; May 81 5-8, 85 1-4.

COTTON VARIES NEW ORLEANS, Oct. 14. (AP)—Cotton after the holiday was steady and virtually unchanged although cables were considerably lower than due. Firmness at the start was attributed to resolutions of the cotton conference here yesterday. Prices soon turned easier in sympathy with a lower opening in New York and an unsettled stock market declining 12 to 16 points from the opening.

Late prices rallied with a sharp upturn in stocks and reported buying by southern mills and in late trading showed gains over the lows of 19 to 21 points. The close was a little under the best on realizing being called steady net unchanged to 5 points up.

About New York

NEW YORK—Autumn dresses New York in its new clothes and the old town becomes dapper and spry for the best season of all the year.

Everybody's back and meeting his pals again. The women of Fifth avenue are smart in fall frocks. The secretaries of Wall street are fresh under their vacation tan.

Rehearsal halls sound with song and dance of new shows. Night club choruses rehearse a new routine, all the while hoping it will be a better season than the past one.

Before long the all-night work will take the gleam out of the girls' eyes, but now they are as blooming as the orchids on the shoulder of a ringside blond.

It's evening, though when the city really struts with renewed vigor. Lights, people, traffic merge in a glamorous parade that flows with quickened rhythm.

Everybody's Stepping Office workers are a bit brisker in their walk as they hurry to the subway, thru the peppy air.

Brokers Confer With President

WASHINGTON, Oct. 14. (AP)—White House attaches disclosed tonight that officers of the sagging New York stock exchange conferred here with President Hoover Sunday night at a conference sought by them.

The nature of the conference was not revealed beyond that it had particular reference to the stock market situation—a situation which has been marked lately by declining prices but which moved upward late today. Richard Whitney, president of the New York stock exchange, and Allen Lindley, vice president, were the White House visitors.
