WHITTENBERG CASE NEARS END

NEGRO "HATCHET" SUSPECT IS HELD

FIREMAN GRABS MAN FOLLOWING HOUSE ROBBERY

Description Fits That of Brutal Omaha Killer

WAS TAKEN AT CHICAGO

Man Is Hazy on Moments of This Week

CHICAGO, Nov. 22.—(P)—A negro hatchet-man, beaten down by his own hand ax, was held here today as a suspect in the Omaha, Nebr., "hatchet" slayings.

The prisoner, confined to the Bridewell hospital under close guard, said he was Harry Gonska, 29 years old. He was arrested yesterday after he had robbed the home of Alfred Samuelson, city fireman. His description, even to his clothes, fitted that of the man sought for the series of Omaha attacks.

Gonska carried a hatchet in his belt when he entered the Samuelson home. Fleeing, he was overtaken by Samuelson who wrested the hand ax from the negro's hand, and struck him several times, knocking him unconscious.

After questioning Gonska, Police Captain James Doherty telegraphed Omaha police: "I believe your ax man is under arrest here."

Gonska, who was not seriously injured when his hatchet was turned upon him by Samuelson, was somewhat hazy concerning his movements of the past week, Doherty said.

"Where did you get the ax?" the captain asked, and the answer was: "I got it next door, in a basement."

(The theft of a hand ax from some place near his victim's home was an act of the Omaha Axeman in each of his three attacks.)

OMAHA CITIZENS MAINTAIN VIGIL

OMAHA, Nebr., Nov. 22.—(P)—Although Omaha's hatchet slayer did not swing his weapon yesterday morning as he had for three previous mornings, bringing death to three, seriously wounding another and injuring a fifth, police and citizens maintained another all night vigil.

Harold Stribling, husband of the woman the killer had abducted from their home and held captive for three hours, after slaying Stribling with a hatchet, is improving at a hospital where he underwent an operation yesterday to relieve pressure on his brain, caused by four fractures from the hatchet.

Funeral services arrangements are going forward for the three other victims of the slayer's hatchet. Mrs. Waldo Reason and her sister, killed in their beds Monday morning, will be buried tomorrow at Weeping Water, Nebr. The funeral date of Joseph Blackman, 75, drayman, killed Sunday morning, remains indefinite.

PAMPA IS SELECTED

LUBBOCK, Nov. 22.—(P)—Selection of Pampa as the next year's meeting place, a second address by Bishop John M. Moore, Dallas, and reports from presiding elders comprised the major activities before the annual northwest Texas conference of the Methodist Episcopal Church, South, here today. Invitations also were extended by Amarillo and Sweetwater.

RED CROSS ROLL CALL UNDER WAY

CHURCH WOMEN IN CHARGE OF BOOTHS

The local Piggly-Wiggly store of which Carl Boston is manager, was the first business house in the city to reach the 100 per cent mark in the Red Cross drive today. The local store reached the perfect mark before 9 o'clock. Others who reached the goal by noon were: Cook, Smith and McLynn law firm, Diamond C. store, Chamber of Commerce, and the First National bank.

The goal is being sought by several stores in the city. To be in that class every member of the staff must be a member of the Red Cross. Other stores and offices are nearing the mark. Scott Barcus announced this afternoon.

"The Red Cross membership drive is not meeting with the response we expected," Chairman Barcus said at noon today after eight ladies had worked the entire morning. "It is surprising the number of business men who pass them by without taking a \$1 membership."

"More ladies from the different churches in the city are at work this afternoon and better results are expected," the chairman said.

Those at work this morning were: Mrs. Joe M. Smith, chairman of the woman's committee, Mrs. M. K. Brown, Mrs. W. Purviance, Mrs. J. E. Dwyer, Mrs. C. E. Hutchins, Mrs. M. P. Roach, Mrs. Lynn Boyd and Mrs. Dave Pope.

It was pointed out today by Scott Barcus who is directing the Roll Call here that a membership in the Red Cross has significance in three different ways. One becomes a member of the local chapter, the National organization, and the League of Red Cross Societies, all by the single act of subscribing his dollar.

The League of Red Cross Societies to which Mr. Barcus referred is a worldwide association to promote Red Cross organizations in all countries, and to encourage and develop those already existing in 52 nations. During the fiscal year ended June 30 last, the American National Red Cross rendered aid in 22 foreign disasters—from earthquakes in Switzerland. Victims of an earthquake in Bulgaria last April received \$26,900 or more.

Mr. Barcus concluded his statement with the following quotation from a recent message of Frank B. Kellogg, United States secretary of state:

"A fact little appreciated by our people at large is the powerful influence the American National Red Cross is exerting toward the creation of international amity and understanding among the peoples of all nations. As our only semi-official relief agency for the expression of the sympathy of the American people and the extension of aid to other nations in times of great disasters, it is an indispensable part of our national life. It is one of our most convincing answers to the assertion that we are a nation of materialists."

"Hardly a month passes that this organization does not answer, on behalf of the people of the United States, the call of humanity in distress in some distant land. Every citizen of the United States should consider it a privilege as well as a duty to support the American Red Cross by becoming a member."

OIL PROPERTIES SOLD SAN ANGELO, Nov. 22.—(P)—Announcement of the sale of properties of the Henshaw Oil corporation in West Texas to the American Maracaibo company of New York for \$3,000,000 was made yesterday by Walter Henshaw, vice-president of the former concern.

Rotary Club Has 40 Football Men as Luncheon Guests

Forty football boys members of the 1928 Pampa High school squad, were guests of the Rotary Club at its regular meeting at the Methodist church yesterday.

The program was in charge of C. T. Hunkapillar, who used "Football" as the subject. The address of welcome to the football men was given by W. T. Mitchell. Mrs. Raymond Harrah gave a reading, and short talks were made by Bob Kahl, football captain, and Archie Walstad. R. C. Campbell talked on "Physical Education and Citizenship," showing the relation between proper athletic activity and scholastic attainment in preparation for citizenship. Coach Mitchell discussed football moral and told of several things which build up the proper moral among players.

Scott Barcus, chairman of the Red Cross drive, announced the beginning of the campaign and asked for the cooperation of the Club in making it a success. At the suggestion of J. M. Dodson, it was decided to send a message to the Methodist conference in session at Lubbock inviting the body to meet at Pampa next year.

Mrs. Raymond Harrah, R. C. Campbell, D. M. Warren, and Assistant Coach Fox were club guests.

Today's leader in District No. 1 in the Daily News big subscription drive, is Mrs. Maysel Harrod, of Pampa. She has always been among the top ones, and for the first time has jumped into the lead.

"I want to be leading on December 15 too," she said.

Mrs. Harrod can't quite make up her mind just which one of the automobiles she wants. The Buick, however, would be entirely satisfactory, she indicated.

Although Mrs. Harrod is a comparative new comer in Pampa she already has a wide circle of friends who are watching her race with much interest. She realizes that working every day is the only way to get ahead, and the Campaign Manager advises others to keep an eye on her.

Follow-Up Work For Cripples Is Planned by Clubs

Letters will be sent to the parents of all crippled children examined by Dr. Earl D. McBride here November 11, it was decided by the crippled children's committee of the Lions and Rotary clubs at a meeting last night. Dr. McBride and Joe M. Hamilton of the Crippled Children's Society of Oklahoma City will write to the parents. An outline of the case will be contained in the letter and suggestions as to treatment and care of the child will be stressed. Mrs. M. P. Downs, Public Welfare association nurse, attended the meeting and assisted the committee in going over Dr. McBride's report.

Plans will be formulated whereby the committee can help send the crippled children to Oklahoma City for treatment. Both the civic clubs have taken up the important work and need considerable assistance.

Twenty-seven crippled children were examined by Dr. McBride during his visit, and nearly all can be cured by a course of treatment, the eminent physician says.

Clothes Drive Will Be Held By Legion Post

A committee composed of Ed Stinson, chairman, Harry Hoare, and Walter Hardin has been appointed by Commander F. M. Culbertson to gather shelf clothing from local merchants and used clothing from citizens to be given to the poor during the Christmas season. The committee will be assisted in its work by the Legion Auxiliary and clubs of the city.

There are many needy families here and the American Legion plans to do its share in relieving suffering at Christmas time. A location will be secured where citizens can bring discarded clothing.

Frank Thomas, retired post adjutant, Tuesday night was made a life member of Kerley-Crossman post. He is a charter member of the post and its first adjutant. He had been adjutant four years. His successor in C. E. Cary. A membership drive will begin immediately. Commander Culbertson will give a gold prize to the member bringing in the most new members and Past Commander R. A. Webb is giving a silver medal for the member bringing in the most renewals. Warren T. Fox is chairman of the membership committee. A meeting of that committee will be held in the Legion home Friday night.

MRS. HYDE AND HER DAUGHTER NOW HERE

Mrs. A. A. Hyde and daughter, Jean, arrived here Tuesday afternoon and are at their new residence 720 Bank street. Rev. Hyde and son, William, arrived here last Friday afternoon. Rev. Hyde occupied the pulpit at the Presbyterian church at both services Sunday.

PANHANDLE, Nov. 22.—(P)—In the tiny Carson county courtroom where a picturesque group of veteran ranchmen and fashionably dressed oil operators gathered, one of Texas' largest breach of promise suits, a \$1,000,000 litigation against J. A. Whittenberg, neared its end today.

Final testimony which sought to prove that Mrs. Donie Van Dever, 35, one-time cook on the West Texas oil millionaire's ranch, had numerous associations with other men at the time of her purported engagement with the 71-year-old pioneer, featured the fourth day of the hearing.

After Whittenberg denied from the witness stand that he has ever proposed to the woman, a mother of six children, an array of witnesses was marshaled by defense counsel to substantiate his testimony that nothing other than ordinary relations between employer and employe existed between the two.

One witness asserted that Mrs. Van Dever had told of plans to "dress up for the old man and spit sugar in his ear in order to get him to propose."

Mr. and Mrs. S. D. Parks, owner of an Electra rooming house where the plaintiff was once a guest, told from the stand of statements claimed to have been made by Mrs. Van Dever in which she said that she had no grounds for instituting the suit, but that her attorney was so insistent she finally decided to give in.

Recalled to the stand today Mrs. Van Dever vehemently denied that she had ever proposed to the man. She testified that she had never proposed to the man and that she had never been engaged to be married. He answered "I don't know," to 37 questions shot at him by attorneys.

Whittenberg, came to the Panhandle in 1893 and filed on four sections of land near Berger in the heart of what is now one of the country's most prolific oil fields. By 1920 he had acquired 40 sections before the flow of liquid began.

In previous years he had been a cattle raiser and mail carrier.

Work on City Directory Begins

Lothard Holt and Barney Kane, Jr., of El Paso, arrived here yesterday to start work on the Pampa city directory. They are employees of the T. H. Hudspeth Directory company of El Paso and have been given the right to make the first city directory for Pampa. The men began a survey of the city by laying out districts before beginning the actual work.

The new directory will give the name of every resident over the age of 16 complete with residence address, business address, and occupation, and where married, the first name of the wife. A street directory with cross streets and directions will be in the back of the directory.

Practically all the houses in the residential district have been numbered and work began yesterday on the business streets. Any resident whose house has not been numbered because no one was at home when the numbering man called, is asked to notify City Manager F. M. Grin.

It is expected that the directory will be out soon after the new year.

This Road Problem

Decision of the state highway department to abandon the Pampa-Miami highway appears premature, but the points of controversy are not as vital as the policy indications involved.

For instance, the attitude of the highway commission is based almost entirely upon the presumption that in the near future the State shall build all designated roads and, by reason of the idea that State roads should not be concerned with local needs, individual communities have no basis for complaint.

1. The State contemplates only one paved road through the North Panhandle—as straight between Canadian and Amarillo as possible.

2. Pampa's trade territory to the north and northeast will never be served by a state highway until some claim can be made for interstate traffic, which means a bridge over the Canadian river north of here.

3. The proposed straight-line route to Canadian would not serve any portion of the Pampa oil fields; in fact, where Highway 33-A would be used until the new route for the Amarillo-Canadian road were paved, the present Mobeetie road then would be abandoned and the paving, located nearer the present Santa Fe route and further AWAY from the oil field would be used.

4. Upon its own definition, the State highway commission is taking little notice of local needs, therefore the route through the rough country would serve the State's need as well as any, yet would afford little convenience or utility to the people of this county.

Under these conditions, local efforts probably should be confined to a request for maintenance of the present Miami-Pampa road and to work toward preservation of 33-A. The basis for these contentions is, as we see it, that the two roads do not parallel each other, that they tap different interstate highways, and that they were designated by other highway commissions as roads which served both through traffic and local needs.

The main obstacle is the proposal for the statewide bond issue, upon which, apparently, the highway commission is basing most of its decisions.

At present, the counties are paying one-third of the paving cost. Gray county acted under that plan, hence the local demand for consideration of Pampa interests and Miami interests in routing of the highways we will help build. But if the State is determined to rule out our wishes and ignore our needs, then there is no controversy with regard to the State's taking over all main highway construction—certainly, we are not going to help build roads through the "breaks". And in that case our road bond issue should be refunded into a larger issue intended to more fully serve our oil field and agricultural needs.

For these reasons, no "fight" is apt to get anywhere with respect to the road paving situation. Cooperation in getting paving done where there is no controversy is advisable, since the State cannot by itself do any paving anyway and because the legislature will soon meet and will likely have the highway problem before it in some form.

A more acute local problem is apt to arise next spring when the State starts picking a route past Pampa for paving. To run the Amarillo road directly through Pampa means that the city street selected might be too narrow, unpaved, and unsuited for the purpose.

In discussing the road situation, citizens should remember that the Chambers of Commerce of Pampa and Miami are working for the people of their communities, while the State contemplates cancellation of the state-aid plan under which the Pampa bonds were voted. The only disagreement is in the intentions of the two interests—intentions which each admits are good, but which work out in highly divergent ways.

BARBS

Broadcasting would be improved if certain songsters we know of could be given the air.

About \$17,000,000 has been spent in flood relief. That's almost what it costs to elect a president.

Bill Tilden is forbidden to play amateur tennis in all countries except Abyssinia and Russia. Those two forward-looking countries haven't got any lawn tennis associations.

King George mispronounced a couple of words the other day. The way prominent people are falling down on their grammar, it wouldn't surprise us now if Gene Tunney were to split an infinitive.

Maybe one of the reasons Al Smith lost was that the Scotch balked at his liberal program.

A picture of Charley Dawes and Charley Curtis standing on the capitol steps the other day reminds us that where Dawes used to tear the hides off the senators, Curtis probably will only scalp 'em.

GAS IS SAFE

It is impossible to tell how many destructive fires have been avoided by the use of gas for cooking. It is certain, however, that this saving has been by no means small.

With many other fuels there is always danger of explosion or the improper use of kerosene in kindling to say nothing of faulty flues and chimney fires. An overheated coal or wood stove is always a menace.

There is no doubt but what a portion of your gas bill each month might properly be charged to insurance.

Whittington Says Varner to Have Battle Tonight

Freddy Whittington arrived here last night from Oklahoma City for his scheduled bout with Walter Varner at the Pla-Mor auditorium tonight. Whittington is in the best of condition and said this morning that there was going to be a battle at the Pla-Mor tonight. Varner, local boy, and Whittington are scheduled to go ten rounds in the main event of a 32-round boxing card. Both boys are fast, steady, veterans at the game. There is no love between the two as has been exhibited in two previous meetings. The local boy is being backed heavily to win from Whittington. The first semi-final will be between Speedy Snow, local boy and Kid Stewart of Dayton, Ohio. Stewart comes highly recommended and is expected to give Snow the hardest battle of his career. The other big bout on the card will be between Black Cloud Goidle and Calvin Jones, two negro lightweights. Good fast preliminaries will open the big card that had been a year in the making.

Basketball Team and City League Plans Started

More than a score of basketball enthusiasts met at the Chamber of Commerce rooms last night and decided to organize a town team and a city league. Five teams were entered last night and at least three more are expected by the next meeting November 28. George Briggs was appointed temporary chairman of a proposed organization. Other temporary officers elected were: President, D. J. Patton; vice-president, Ray Wilson; secretary-treasurer, Bob Rose; head official, Odus Mitchell. A committee was appointed by the chairman to draw up by-laws to be presented at the next meeting. Anyone interested in basketball is asked to be present at the next meeting. The school board will be interviewed regarding the use of the gymnasium for practice and games.

Harvesters Hope to Be in Best Form to Meet Eagles

The Canyon Eagles and the Pampa Harvesters will clash at Fair park Saturday afternoon. The game is called for 2:30 o'clock. Coach Odus Mitchell is putting his warriors through a stiff week's practice in preparation for the big game of the season. The two teams are ancient rivals and the locals are expected to play the best football of the season. The Birds won an easy championship victory from the Harvesters last season the captain Bob Kahl says he is going to wipe out the insult handed to the Farmers. With another day or sunshine the field will be in excellent condition and lightning fast. The locals light backfield should show the heavier Eagles a bunch of heels. Canyon will be without the services of Wiggins, their star receiver. He is out of the game with a broken arm received early in the season. On Thanksgiving the local boys will meet Panhandle. The place of the game has yet to be decided.

Clashing Students of Rival Schools Saddened as Rough Tactics Result in Killing of Youth About to Haze Another

BIRMINGHAM, Ala., Nov. 22.—(AP)—Another name has been added to the roll of football victims, but this time, Montress Freeman, a student at Birmingham-Southern college, died from a pistol wound inflicted by O. H. Westbrook, student of a rival institution, Howard college, which came as a climax of intense rivalry between the two student bodies over the annual football game scheduled for Saturday. Westbrook, heart-broken, was in custody of police today, while college heads and city officials debated the advisability of cancelling the game which has been an annual feature of the football season here for many years. Westbrook, who surrendered to police soon after firing the shot which killed Freeman, declared he shot when Freeman, accompanied by other fellow students, went to a suburban drug store where he worked, last night and attempted to force him outside to be hazed. The youthful student said he did not get the pistol from the drawer until Freeman approached him aggressively. Freeman died of a bullet wound of the right breast, en route to a hospital. Both Freeman and Westbrook resided in Gadsden, Ala., and were working their way through school. Rivalry between Birmingham Southern, a Methodist college, and Howard college, Baptist, both Birmingham institutions, has been keen for many years, and just before the annual football games in the past, hazing and vandalism have been reported staged by students of the two schools.

DALLAS, Nov. 22.—(AP)—Eligibility investigations which have struck repeatedly at high school football teams throughout Texas this year, loomed threateningly over the Forest team of Dallas, today as the status of Frank Terranella, star quarterback, was under investigation. Although no protest has been filed against the player, Athletics Director John Fouls admitted school authorities were checking the youth's age to determine if he was within the limit of 20 years. On the basis of past games, Forest will be a contender for the state championship.

Old Football Star of Temple Is Shot Critically at Wink

TEMPE, Nov. 22.—(AP)—Raleigh W. He was one of the greatest punters ever developed here and was mentioned on various all-state selections. L. M. Huskers on Way to Meet Army

CHICAGO, Nov. 22.—(AP)—The University of Nebraska's unbeaten football team, midwest aspirant for the national honors, was en route to West Point today to test the mettle of the powerful Army eleven. A tie by Pittsburgh last Saturday is the only tarnish on Nebraska's record. Short workouts at Albion, Mich., late today and at West Point Friday were expected to polish off the Cornhuskers' attack. Strange Choices For Next Champ Made by Famous

NEW YORK, Nov. 22.—(AP)—Seven of the wealthiest sportsmen in the United States, clad in evening dress, lolled behind clouds of tobacco smoke in the massive chairs in the private offices of Tex Rickard. In through the closed doors filtered the sounds that rise from 20,000 howling fans immersed in the thrills two smashing hockey teams were producing on Rickard Pond in the heart of Madison Square Garden. As directors of the Garden they had just presented to the New York Rangers the Stanley cup, emblem of the world's professional championship, and their work was done for the evening. They talked of hockey and then of fights and out of the discussion came rapid argument and finally one of the strangest wagers ever made in sport. A pool was organized on the next heavyweight champion of the world. Each wrote his choice on a slip of paper, tossed a large wad of bills or a check into a hat, and agreed that the one who had chosen the ultimate winner should gather unto himself the entire "pot."

SOUTH BEND, Nov. 22.—(AP)—Knute Rockne regards Carnegie Tech as the best team he's ever met this season. "I've had picked Dempsey," he said, "except that I honestly don't know whether he'll come back. He changes his mind so fast you can't keep track of him. I want to win this one just for reputation's sake so I can't take any chances."

BEFORE BUYING A CAR Be sure and see the bargains that THUT-SAUNDERS MOTOR CO. ARE OFFERING ON BOTH NEW AND USED CARS. IT WILL PAY YOU TO VISIT THEIR SHOW ROOM BEFORE BUYING EITHER A NEW OR USED CAR.

When they had finished, he argued the matter out and then agreed to say nothing about it for several reasons, none of which mattered. But the story was too good to keep and Rickard confessed the details—all but the exact amount of the wagers. "I've had picked Dempsey," he said, "except that I honestly don't know whether he'll come back. He changes his mind so fast you can't keep track of him. I want to win this one just for reputation's sake so I can't take any chances."

Mrs. Milholland points a way to better cooking flavors

MRS. Jennie L. Milholland is one of the hundreds of women who have written us, after following our suggestion to test Crisco by tasting it—just as a careful cook tastes her butter and milk. You'll be interested in what she discovered. "I have been doing my own family cooking for more than forty years. Many years ago I discovered the good qualities of Crisco by tasting it in comparison with other cooking fats. I taste everything I cook, and I am guided solely by tasting until I have the right ingredients compounded to my taste. I use Crisco because I have for many years considered it the sweetest and most wholesome of all cooking fats."

Now, everything we cook is judged by its taste. But how can we expect our foods to taste good unless the things we made them of taste good, too? Compare the taste of Crisco with that of other cooking fats. Had you imagined there could be such a difference? Think what an improvement Crisco's sweet, wholesome flavor will make in the taste of your own pies, cakes, muffins, biscuits and fried foods!

Inquiry No Nearer Solution of Vestris Sinking Mystery

NEW YORK Nov. 22. (AP)—With the Federal inquiry into the sinking of the Vestris in its seventh day today, officials said they still were in the dark as to the loss of the liner.

"How a thousand tons or more of sea water got into the ship beyond what was pumped out is a mystery still to us despite all this testimony," said Capt. J. A. Jesup, American Naval adviser at the inquiry. "The complete saturation of the coal bunkers is the explanation of the loss of the ship but the court has been unable to learn how such a great quantity of water got in there. The various leaks described by the chief engineer and others do not give us the key."

As the inquiry before United States Commissioner O'Neil, Captain Jesup, and Captain McConkey, the nautical adviser appointed by the British government, proceeded through its sixth day, investigators of the United States steamboat inspection questioned passengers, inspectors and members of the crew.

John J. Short, surveyor for Lloyd's of London, maritime insurance agency that handled the Vestris account, testified before the steamboat inspectors inquiry that he believed "something must have given way. The listing of the ship should not have caused her to founder."

GOING to Denver Friday, will take one or two passengers. Closed car leave word at News office. 20-1p

Home Mission Work is Discussed at W. M. S. Meeting

Work among the negroes was the subject of an interesting study at the meeting of the Methodist Women's Missionary Society yesterday afternoon. Mrs. W. The proposed building will be of brick veneer tile construction and will resemble the White Deer Baptist church. It will have a Sunday school section separated from the main auditorium by folding doors. It is said that the building can be completed for about \$12,000. The basement is valued at \$8,000.

Driver of Costly Car Is Sought As Baby's Slayer

HOUSTON, Nov. 22. (P)—An expensive automobile and its owner were hunted today by officers following a new clue in an attempt to find the slayer of a baby, whose dismembered body was fished from a pool Tuesday.

People in the neighborhood where the body was discovered stuffed in a lard can had seen a woman with a child several days ago when a car driven by a well dressed man came to her house. The young woman who had the child in custody told several persons the baby was her stepbrother, and neighbors believed the man was the brother of the woman.

Investigators abandoned the theory that the mother as well as the child was victimized when a search of the layout failed to reveal another body.

Negro Fireman of Vestris Says Ash Hoppers Sprung Leak

FEDERAL BUILDING, NEW YORK, Nov. 22. (P)—Joseph Boxill, negro fireman on the founder steamer Vestris, testified today that the ash hopper in the steamer's engine room began to leak a day and a half before the ship sank and he saw no efforts made to repair it.

Boxill was the first witness of the day at the Federal hearing into the disaster.

He said the Vestris began to list a week ago Saturday night a few hours after leaving New York for South America. He had noticed a similar list however, on previous voyages.

About 10 o'clock Sunday morning, he said, water began to pour from the ash hopper. The ship sank about 2 o'clock Monday afternoon.

WILL ROGERS OFFENDS SAN FRANCISCO CLUB

SAN FRANCISCO, Nov. 22. (P)—The Examiner today said the name of Will Rogers, actor and humorist, had been withdrawn by his sponsor for nomination as an associate member of the exclusive Bohemian club of San Francisco.

The newspaper reported that among the reasons for the withdrawal was an accusation that while Rogers was a "distinguished guest" of the club at its annual "High Jinks" last August he "stole the show" by occupying the limelight for an hour and a half instead of keeping to the five minutes allotted him.

New York Stocks Soar Up Again

NEW YORK, Nov. 22. (P)—Prices bounded forward on the New York stock exchange with renewed vigor today after yesterday's sharp relapse. Wright aero made one of the most sensational advances ever witnessed in the first hour, soaring \$25 to a new record price at \$256. Montgomery-Ward, Rossa Insurance, Victor Talking machine, National Biscuit, and Curtis Aero shot up \$6 to \$8.

CONTEST—

(Continued From Page 1)

contestant who occupies first position today can rest assured that she will not be on the very bottom tomorrow. Voting is attaining hitherto unheard of proportions, although of course, wise contestants are constantly adding to their reserves to draw upon later. Many contestants now have quite a comfortable reserve, and the prevailing opinion seems to be that this 90,000 offer is a wonderful opportunity to strengthen one's reserve.

Practically every contestant in the list will have one or more \$30 clubs by Saturday night it was indicated today. One has already completed her first club and is working on another. Only tomorrow and Saturday will the 90,000 bonus be allowed, and then the votes will drop again, this time lower than ever. So now is the time when effort counts for the very most. Never again after 9 p. m. Saturday will subscriptions have as great a vote value as they do now.

The \$50 extra cash offer in two \$25 prizes for the contestants who secure the greatest number of points for the week will not be duplicated.

All arrears subscriptions to The News have now been cut off the lists, and subscribers whose subscriptions are not paid to date will not longer receive the paper. This should make subscription gathering easier for the workers, who have reported many prospective subscribers unwilling to

pay because they thought they would receive the News complimentary indefinitely. Obviously this was not fair to those who do pay and pay regularly, hence all complimentary subscriptions and arrears have been discontinued.

As a special event, the 90,000 offer bids fair to stand out as the biggest special feature of the entire campaign. Indications are that subscription totals for this week alone will surpass by far everything that has been done previously. The 90,000 offer will doubtless be one of the main deciding factors in the finish.

Be sure to see to it that YOU get every possible vote in the campaign office by 8 p. m. Saturday. You are going to need every one because the finish looks like it is going to be a close one.

Votes today were counted at 12 noon and contestants desiring to keep pace with the leaders should turn subscriptions in daily.

New contestants may still enter—it's not too late to get in and win if the right kind of effort is put forth. The "Nomination Blank" is all that is necessary.
