Countess Babs Romps on Lido with Son

She's one of the richest girls in the world, but she isn't too rich to enjoy a romp on the beach with her son. That's blonde Barbara Hutton, Countess von Haugwitz Reventlow, who looks solicitously back at her son, Lance, now 17 months old, when he protests vociferously against her going ashore at Venice's Lido and leaving him with his nurse. This is one of the rare pictures of the baby heir to the Woolworth fortune.

Beloved Pioneer Woman Dies

MRS. HARRAH'S FUNERAL WILL BE TOMORROW

Mrs. W. W. Harrah, 64, one of the five charter members of the First Methodist church of Pampa, and an outstanding philanthropist of this community, died at a local hospital last night at 9:40 o'clock. Funeral services will be held tomorrow afternoon at 3 o'clock at the church to which she gave thousands of dollars while she worked in it as one of its most faithful and devoted members. The Rev. W. C. House pastor will arrive in Pampa this afternoon from Albuquerque where he was vacationing to preach the funeral. He will be assisted by the Rev. Hubert Bratcher pastor of the McCullough and Harrah Methodist churches here.

Leads Planes

The bloody battle of Shanghai has developed into a test of the air strength of China and Japan, and an American pilot, Julius Barr, is guiding the fate of the Chinese squadron. Barr, above, former Yankee commercial airman, is Generalissimo Chiang Kai-shek's chief pilot, and is directing the aerial warfare against the Japanese planes.

JAPS BATTLING HARD TO SAVE MIGHTY ARMY

SHANGHAI, Aug. 19 (AP)—Masses of Chinese infantry struck hard at the heart of Japanese shock positions in eastern Shanghai late today and forced the enemy lines back almost to the Whangpoo river. The Chinese drive came just as vanguards of a Japanese army from the homeland were reaching the Shanghai zone. It threatened to disorganize plans of the Japanese command for seeking victory on a greatly extended front.

Taps Gaily

Fear for the safety of Terese Rudolph, above, Chicago professional dancer, was expressed by her mother following the disastrous air raid upon the international settlement in Shanghai. Miss Rudolph has been appearing in floor shows of several of the large Shanghai hotels which were damaged in the air attack.

VIOLENCE AT DALLAS CITED BY GOVERNOR

AUSTIN, Aug. 19 (AP)—Governor James V. Allred today ordered the public safety department to send 25 men to Dallas at once "to put a stop to the beating of persons and other violence there." The governor acted after reading of reported threats against George Baer, official of the United Hatters and Milliners' union, who was abducted recently and flogged by a group of men. He sharply denounced the violence and declared that if 25 men were not enough to prevent recurrence he would send more. "My information is that threats of violence are continuing," Gov. Allred said. "This business of beating and kidnapping has got to stop." Capt. Homer Garrison, director of the safety department in the absence of Col. H. H. Carmichael, said he intended to issue orders to all the men by noon. "The men sent to Dallas will be gathered from Ranger companies in all parts of the state," he said. A few days ago the governor posted a reward of \$500 for information leading to the arrest and conviction of persons connected with the tarring and feathering of a socialist organizer and instructed the public safety department to join the investigation. At that time he asserted that if local officials were unable to find the guilty persons and prevent violence the state would step in. He said Rangers still were on duty at Fort Worth in connection with a strike at the plant of the Lone Star Gas Company.

Terrell To Speak at Canadian's Birthday Celebration Sept. 17

SOONER HURT IN CAR CRASH

Critical injuries were suffered by Harry Davidson of Shidler, Okla., when his car was in collision with a truck a half mile west of Pampa on the Pampa-Borger road last night about 8 o'clock. He was taken to Worley hospital in a local ambulance. Davidson received a compound fracture of the skull, severe skull lacerations and cuts and bruises about the face and body. An operation was performed this morning for the removal of portions of bone from his skull. X-ray pictures to determine if any bones were broken were to be made this afternoon, physicians said. The injured man has been unable to make a statement. Driver of the truck, J. D. Sackett of the P. K. Oil Company, said he was driving

CANADIAN, Aug. 19 (AP)—C. V. Terrell, chairman of the railroad Commission of Texas, will be the outstanding speaker on the program here during the 50th birthday anniversary of Hemphill County, City of Canadian, and the arrival of the Santa Fe Railroad into this county, September 16-17-18. He expects to be here for the program Friday, September 17.

On that day, at 11 o'clock in the morning, a gigantic parade of floats representing neighboring towns and Hemphill county institutions will be held on the streets of Canadian. One of the features of the parade will be the miniature Santa Fe train, which has been promised for the celebration. A barbecue will be held following the parade. John Snyder of Amarillo, considered promoter baron of the Panhandle, has been obtained to prepare the luncheon for a crowd of not less than 2,500 persons.

TWO MEN BURNED IN OIL WELL EXPLOSION

Cliff Swafford and Rufus Dinkler, employees at Pampa-Jarratt from severe burns suffered when the oil well they were working caught fire following an explosion Monday noon. Both men received face, chest and back burns with Swafford the more seriously injured. Cause of the explosion and fire at the well, the Gulf Production Company, No. 11 Bowers, near Bowers City, has not been determined. The two injured men were taken to the hospital by Arlo Hatfield, Gulf supervising engineer who happened to be driving along the highway near the well when the explosion occurred.

HOUSING BILL PASSAGE ENDS CONGRESS RIPT

WASHINGTON, Aug. 19 (AP)—House passage of the \$526,000,000 low cost housing program removed today the last big controversial feature of the waning congressional session.

The Senate bill, authorizing federal loans and grants for state and municipal housing projects, was changed drastically by the House before it voted approval last night, 274 to 86. As a result, a committee must adjust the differences in the House and Senate versions before the bill can go to the White House. The housing program was the

FIRST BREAK OCCURS WITH OUTSIDE NATIONS

LONDON, Aug. 19 (AP)—Portugal's rupture of diplomatic relations with Czechoslovakia today stood as Europe's first official "outside" break resulting from the Spanish war. Authorities recall that Portugal, Italy and Germany severed diplomatic relations with the Madrid-Valencia government of Spain last fall, but this remained the first case of rupture between two countries, neither of which was a party to the Spanish war. Portugal's charges of a "third party" influence in the alleged Czechoslovakian refusal to fill Portuguese armament orders was regarded as possible the key to the dispute. Russia last fall charged Portugal with "gun-running for (Spanish insurgent General) Franco." The distance between Portugal and Czechoslovakia minimized the possibility of direct hostilities.

LIONS FROM 5 CITIES CONVENE

Members and their wives from five cities will join here tonight in a quarterly meeting of Group Three Lions of District 2-T to honor the organization's district governor at a Ladies Night banquet in First Methodist church.

RESCUE FLIERS AWAIT GOOD POLAR WEATHER

FAIRBANKS, Ala.-Ka, Aug. 19 (AP)—Airmen of three nations watched today for a favorable turn in the weather that would allow them to launch a search for six Soviet long-range fliers missing since last Friday.

SENATE PASSES FOR'S TAX AVOIDANCE BILL

WASHINGTON, Aug. 19 (AP)—The Senate passed today the administration's tax avoidance bill designed to plug loopholes through which the government has lost about \$100,000,000 revenue annually. Approved after a brief and almost perfunctory debate, the non-controversial measure was sent back to the House for consideration of minor Senate amendments. Chairman Harrison (D-Miss.) of the Senate finance committee told his colleagues the legislation would check the use of personal holding companies, foreign corporations, multiple trusts, and incorporation of personal talents to avoid income tax liability. It was drafted at the President's request after a joint congressional committee had investigated scores of corporate devices used to escape taxation.

CHAMPAGNE SQUIRTING STILL BEING DENIED

PARIS, Aug. 19 (AP)—The Surete Nationale, France's central police agency, stiffly declined today to discuss the possibility of an investigation to determine just who squirted champagne on the Mayor of Cannes. John Roosevelt, 21-year old son of the President of the United States, said he didn't do it—that it must have been one of two fellows whom Mayor Pierre Nouveau took for Roosevelt and his traveling companion at Cannes last Sunday.

BOMBS MISS MARKS

The Japanese sought to cut off the Chinese in Shanghai from help from the Yangtze to the north. There were reports that the Chinese were concentrated at Nanking, the capital up the Yangtze to reinforce the more than 100,000.

DEATH RAY INVENTOR TO WED OPERA SINGER

LONDON, Aug. 19 (AP)—Harry Gimmell-Matthews, an inventor who claims to possess the secret of a "death ray" announced today he would be married shortly to Ganna Walska, Polish opera singer and former wife of Harold Fowler McCormick of Chicago.

LARGE GRANTS MADE FOR TEXAS SCHOOLS

PORT WORTH, Aug. 19 (AP)—Fourteen public works administration allotments for Texas schools totaling \$72,745 have been made. C. A. Johnson, acting PWA director, announced today. These are the first allotments for this state since the PWA extension act of 1937 was passed. Estimated total cost of the school projects for which the grants were made is \$1,717,215. Largest grant was \$265,050 for a junior high school at Port Arthur, estimated total cost of which will be \$599,000. The next largest grant is \$146,250 for a gymnasium and high school at Big Spring. The estimated total cost of this will be \$325,000.

INDIANS RETURN HOME FROM PLAINS POW-WOW

ANADARKO, Okla., Aug. 19 (AP)—The Redmen of the Plains returned to their native grass houses today as hundreds of visiting white men roamed through the picturesque village and watched the wild, primitive dances at the American Indian exposition.

CLOUDS COOL THIS SECTION

Friday evening's dust storm cooled Pampa off appreciably today, according to several sources, but old-time weather observers discounted the dust storm angle and expressed opinion that relief from the heat was due to rainfall in surrounding territory. The heaviest duster of the summer season cut visibility down to a mile in Pampa as a gale swept across the city about 5:30 p. m. yesterday. After a hot day Wednesday, the mercury fell to —degrees at sunset yesterday. At 2 o'clock this afternoon the reading in Pampa was —degrees. The day's minimum was —degrees. The city was cool today under a cloudy sky as the weatherman indicated that there is no immediate prospect of a return of 100-degree temperatures, which have prevailed here on approximately 15 days this month.

WILL OBSERVE CLUB BIRTHDAY

Pampa Kiwanis club members will observe their seventh birthday anniversary at their regular meeting in Hotel Schneider tomorrow noon. A special program, honoring charter members of the club, had been arranged today by Shelby Gantz, program chairman. Judge Newton P. Willis, one of the club's charter members, will review history of the organization from its founding date on Aug. 22, 1930. John P. Studer was the first president of the club. Since that time the organization has been headed by A. G. Post, C. E. McGrew, Fred Thompson, Guy McTaggart, W. V. Jarratt, and Chris Martin, who is now president. Thirty-five members attended the organization meeting of the club and their names were listed on the charter which was presented to the club several weeks later. Mr. Gantz and President Martin today issued a special appeal to members to attend tomorrow's anniversary meeting.

REMODELED GYM TO BE FINISHED BY SEPT. 7

Remodeling work on the high school gymnasium is nearing completion and will be finished in time for the opening of school September 7. Only plastering and painting part of the rooms and refinishing the basketball court remains to be done before the building is ready for students. Work has been progressing all summer on the gym, and has transformed what was once an auditorium, concert hall, and assembly building into a recreation hall that compares favorably with that of any high school in Texas and many colleges. Labor for the most part has been supplied by the school janitors, with some supervision from other sources. Superintendent R. B. Fisher said that the cost of the remodeling was somewhere in the neighborhood of \$1500, but only an approximate estimate could be made, because the work was not done by a contractor or all at the same time. The entire gym has been painted blue-gray, with trimming in the school colors, green and gold. The basketball court has been sanded and lines are being painted now in green. Bleachers have been raised three feet to allow room beneath for dressing rooms, and to make the court fully enclosed. Raising the seats has made it possible for spectators to gain a better view of the play on the court. Doors at each corner look from the inside, so that only players may get on the floor. This arrangement is similar

CHAMP SWIMMERS AND DIVERS TO COME HERE

The city champion swimmers and divers of Amarillo will be presented here in an exhibition at the municipal pool Sunday afternoon at 4:30 o'clock, word received from Nard Cuzzell, member of the group, announced today. The Amarillo squad is the pick of the aquatic talent of that city, having recently won the various swimming and diving championships there. Included in the roster will be Grace Rogers, women's diving and swimming champion, Joe Hudson, champion city diver, and Carl Baker, junior boys diving and swimming champ and high point man in that division of the contests in Amarillo. The show will be free, and several local men will also appear. However there will be no competitive races or contests. About fifteen well-qualified Amarilloans will compose the group. Admission is free.

SENATE SENDS CHILD LABOR ACT TO HOUSE

WASHINGTON, Aug. 19 (AP)—The Senate passed the Wheeler-Johnson child labor bill by unanimous consent today and sent it to the House. The measure would prohibit interstate commerce in goods made by children under 16 years of age, and in the case of hazardous industries under 18. The same language was incorporated in the wage and hour bill which passed the Senate, but the Senate passed the separate measure today when Chairman Wheeler (D-Mont.) suggested that action might result in approval of that part of the wage-hour measure at this session of Congress.

WORST SCOURGE HITS FARMS IN MINNESOTA

ST. PAUL, Minn., Aug. 19 (AP)—Farmers and veterinarians, unable to obtain serum and vaccine, fell back in simple household remedies today in an effort to save horses from the worst sleeping sickness disease scourge the northwest has suffered in years.

GAS PRESSURE DECLINE IN E-Texas REPORTED

AUSTIN, Aug. 19 (AP)—The Railroad Commission, conducting a state-wide prorating hearing, heard a report of its engineers today that gas pressure in the big East Texas oil field had declined sharply in the last month. E. V. Cottingham, chief engineer, testified the average bottomhole pressure on Aug. 12 was 1,141.35 pounds, which represented a decline of 13.71 pounds from July 12, or an average drop of 835 pound per million barrels of allowable production. He expressed the opinion the decline was excessive and withdrawals of oil were too great. If the present factor on which the allowable is computed should be continued, he said, there would be an accelerated pressure reduction.

I HEARD ---

Pampa baseball fans gasp when they saw a new Pampa player march to the plate last night. They thought the Oilers had pulled one on them and had signed Babe Ruth. The newcomer smacked one over the fence in true Ruthian style. He turned out to be Dutch Frasier, and there never was a ball player who looked more like Ruth. Frasier, wearing the typical long bill Yankee cap, had the Ruth head, shoulders, hips and the same walk. The only difference is in the legs where Frasier has the size. The big fellow smacked a home run, double, and single for the fans last night, his first appearance in the local park since he and his bride moved to Pampa from Sacramento, Calif.

Plans for Legion's Old-Time Picnic on Labor Day Expanded

Progress thus far on the community picnic was discussed last night in the regular meeting of the Kerley-Crossman post of the American Legion. The meeting was held in the Legion but beginning at 7:30 o'clock, and was attended by several old-timers, who aided in making plans for the affair. A. A. Tremann, Mrs. E. A. Shackleton, and Mrs. H. H. Heiskell met with the various committees and heard all picnic plans. With their aid, coupled with that of most of Pampa's other pioneers, a real old-fashioned basket dinner rally will be in store for Pampans on Labor Day, September 6. The outing will be one similar to the ones all can remember. Com-

mander Charlie Misset states that men will be red lemonade, potato races, fat and lean races, tournament contests which were once so popular, horseshoe pitching, croquet, softball, sack races, and a myriad of other forms of entertainment throughout the day. Arrangements are being made now for a dance floor pavilion to be constructed on the grounds, and for a real "break-down" dance for old-timers in the evening. Speakers for the occasion will be officials of the government not yet ascertained. E. J. Dunigan is making a trip to Austin to personally contact Gov. James V. Allred, Col.

Miss Ruth Ann Plunk and Norman Carr Are Married

Announcement has been made of the marriage of Ruth Ann Plunk and Norman Carr which was solemnized Tuesday morning in the home of the bride's sister, Mrs. Elmer Kleisner, at Dodge City, Kansas.

Japanese Tea Given General Council Group

Group two of the Women's Council of the First Christian church entertained the general council with a Japanese tea Wednesday afternoon at the church.

As the guests entered, they were received by Mrs. R. E. Abbott, Shelby Gantz, Roy McMillen, and C. W. Stewart. Mrs. R. D. Hill presided at the guest book. The program was opened by Mrs. R. L. Allston, vice-president of the general council, with a short business session, and Mrs. Roy McMillen had charge of the devotional.

A vocal solo was given by Mrs. Delbert Brown, who was accompanied by Mrs. R. C. Wilson, and a piano solo by Pauline Stewart. Characters in the one-act play, "An American Missionary Family in Japan," were Mrs. McMillen, Hugh Lebell, Dick Rhodes, and Clara Bell Jones. Betty Jean Tieman, and Carrie Jean Speed.

In a room decorated with blooming cherry trees and Japanese lanterns, guests sat on pillows and rugs in Japanese style. Refreshments of sandwiches and cookies were served from an oriental table decorated with a large gum drop tree and a centerpiece of asters. Tea was poured by Mrs. E. L. Reeves and Mrs. Shelby Gantz.

After the refreshments were served, a Japanese finger bowl was passed to 50 members and eight guests.

Relatives Attend Family Reunion

BRISCOE, Aug. 19—Mr. and Mrs. J. T. Meadows of Paradise were hostesses at a family reunion last Wednesday, August 11, when approximately 150 relatives and friends met to celebrate their golden wedding anniversary.

Sons and daughters who enjoyed the day with Mr. and Mrs. Meadows were Messrs. and Mrs. Allen Meadows and family, Fulton Meadows and family, Brady Meadows, and Lafayette Vise of Briscoe, Harry Meadows and family, Tom Meadows and family, and John Galez and daughter of Paradise.

Mrs. Meadows' sister, Mrs. Fulton Williamson, and Mr. Williamson were married in the same ceremony fifty years ago with Mr. and Mrs. Meadows. Their children who were present are Mrs. H. B. Neely and daughter, Mr. and Mrs. Earl Phipps and daughter, Zula Williamson, Snookie Williamson and Mr. and Mrs. Floyd Jones and children.

Many other friends and relatives were present during the day.

The building of the Vatican was started about 482 years ago. Since then, almost every pope has made additions to it.

final measure on the Roosevelt program which Democratic leaders decided could be salvaged. Much of the administration legislation—crop control, wage-hour, and government reorganization—has been deferred to the next session.

Little Opposition Seen.
The only important tasks remaining before adjournment, aside from the housing agreement, were Senate passage of the bills to close tax law loopholes and to make \$98,000,000 deficiency appropriations. Little opposition was in sight, strengthening

predictions that the session would end Saturday night.
In brief, the housing measure as passed by the House provides:
Loans to state and municipal agencies for developing low-rent housing or slum clearance projects, with communities putting up 15 per cent of construction costs. The Senate fixed the amount at 5 per cent.
Capital grants up to 25 per cent of development costs. Annual subsidies, of which communities would contribute 25 per cent.
An initial appropriation of \$26,000,000 and a \$500,000,000 bond issue covering the next three years. The Senate approved a \$700,000,000 bond issue.
Limitation of cost to \$5,000 a

dwelling unit. The Senate set a \$4,000 limit, with a maximum of \$4,000 a room.
Limitation of funds for one state to 10 per cent of the total. The Senate figure was 20 per cent.

Ernest O. Thompson of the Railroad Commission and other high state officials, inviting them to be guests-of-honor at the picnic. Mr. Dungan, head of the Oil Company Contact committee, is written to every oil concern in the Panhandle field, asking for their cooperation in mak-

ing Labor Day a holiday for their employees, so that they may be allowed to attend the community rally. Many of the companies have signified their intentions of closing down operations on that date. The Close Town committee, headed by A. D. Monteith, began work today in town asking store proprietors to "close shop" on September 6, and make the picnic attainable for every citizen.

The grounds have been definitely decided upon, and work is in progress toward cleaning away brush and building concession stands. The Legion plans to have a miniature carnival, operated by only local organizations and people.

Several thousand people are expected at the outing, and adequate arrangements will be made for all who want to go. Neighboring towns have been invited so that the picnic will really be a Community Rally.
Following the committee meetings, regular post session was held. The group voted to employ a stenographer for Commander Maisel, head of the publicity committee, so that all lower and special guests can be contacted. A Dutch lunch was enjoyed by the buddies after the business session.

bers of the Methodist church. The Mother's class of which Mrs. Harrah was a member will have charge of flowers.
Mr. Harrah came to Pampa in 1892, 45 years ago, and returned almost immediately to Ohio where he and Mrs. Harrah were married. They lived for 12 years on a farm east of Pampa, and in 1905 moved to the farm three miles west of the city where the beloved couple have lived since then. The farm west of the city originally comprised two sections. Oil has been discovered in great quantities on the land and oil wells new dot the wheat fields.

Unaffected By Wealth
However, the great wealth that the oil brought effected no change in the sane and noble manner of living Mr. and Mrs. Harrah had established. They simply gave more money to the church and to charity. They did not herald their gifts, and both gave generously to scores of philanthropies and benefits. Their donations to the building fund of the church have exceeded all others.

Mr. and Mrs. Harrah and their son Lee were three of the first five charter members of the Methodist church which was established by the Rev. J. A. Laney in 1907. They have helped pay the cost of building several church structures.
Mrs. Harrah suffered a stroke April 8 and had been ill almost continuously since then. She was removed home twice during her illness when it appeared that improvement in her condition would justify it, but in each case she was taken back to the hospital. For the last three months she had been confined to Worley hospital.

Taught S. S. Class
Unless prevented by illness or dire calamity Mrs. Harrah seldom failed to attend services at her church. She and her husband were present at Sunday school, the morning and evening church services for years. She taught a children's Sunday school class for several years.
Mrs. Harrah not only gave generously to her church, but was a beneficent friend to many poor families. She was an unostentatious friend of orphan homes, foreign

missionaries, hospitals, colleges and other institutions sponsored and controlled by the Methodist church. She had hundreds of friends, and was one of the most popular members of the church. She kept her gifts secret, but those who were close to her knew that giving and not receiving was her greatest joy in life.

There are nearly a dozen dressing rooms throughout the building. Under the bleachers on each side will be rooms for Junior high school squads, boys and girls. Where the old stage stood, dressing and equipment rooms have been built both on the ground and upper floors. The lower rooms are for the Gorilla teams, and Harvesters will use the large dressing room upstairs. Also located there are offices for Coaches Mitchell and Prejan, on each side of the room.

No change has been made in the showers. The old dressing rooms are now converted into equipment rooms. Plaster walls will be built soon for all the locker rooms.
In short, the gym is hardly the same place. When tournaments are held there this season, there will

be enough dressing rooms for every team at the same time, if it were necessary. The squads will play on one of the smoothest and best finished courts in the Panhandle, and spectators will be allowed a better view of the court than ever before. With such an adequate set-up, school officials are expecting a good season this year in team ability and attendance of local fans.

RED TAPE AND RUIN IN CENTRALIZED RULE

People who consider the value of highly-centralized governments on the German, Italian or Russian models usually base their thought on high principles of one kind or another.

Too seldom do they think of the most valid objection of all—the difficulty, the almost sheer impossibility of running the economic life of a great country through a central bureaucracy.

Fortunately, at no direct expense to ourselves, we can study some fine object lessons in these matters by looking overseas, where the experiments are being carried on with human guinea-pigs or nationalities other than our own.

For instance, Germany: Here is the story of a single deal involving purchase of 10,000 pounds of wool. In the first place, it wasn't a straight simple deal. Toys had to be exported first to balance the import of wool.

Smaller businesses are no better off. A southwest Germany Chamber of Commerce inquiry found that among small plants with 100 to 200 employees, up to 75 per cent of the clerical work of the company was devoted to filling out control forms...

It is no better under the Russian form of centralized control. Since the epidemic of shootings of hundreds of business executives who happened to differ with the prevailing ideology...

Every executive or administrator who plans a new step is found to be writing to Moscow first to see whether the step would get the approval of the powers-that-be. He is afraid to act on his own responsibility for fear that his act will be misconstrued or fail or go wrong somewhere.

Thus the objection to the European dictatorships is not only on principle, and on the loss of freedom. It is also practical. For there is good reason to believe that any system trying to run the entire economic machinery of a country in detail from a central control-room is doomed to die a certain and inglorious death in a sea of red tape.

That is the lesson. Certain of the current developments in our own country suggests that now is the time to learn it from example before it is taught us by the more expensive method of experience.

Washington Letter

By PRESTON GROVER

WASHINGTON—The political dopsters are giving some attention these days to President Roosevelt's "good friend," Senator Aiken W. Barkley of Kentucky as a likely candidate for the Democratic presidential nomination.

The floor leader of the Democrats in the senate has not indicated publicly that he is nurturing any hopes of moving from capitol hill to America's No. 1 residence at 1600 Pennsylvania avenue, but several veteran politicians here are betting that the Kentuckian will be in the intra-party derby of 1940.

They point out that Barkley as senate leader for the administration will be a party "big shot," his name appearing regularly in the newspaper headlines, during the next two years. If he hangs up a good record and watches his political P's and Q's, he should be in a strong position when the time comes to choose the head of the next national Democratic ticket.

All this presidential speculation is pretty long-range, but the candidate guessing season is seldom closed in Washington. Of course, the outlook for Barkley or any other potential Democratic presidential nominee is contingent upon whether President Roosevelt himself is "drafted" for a third term.

The Kentucky senator has been a staunch Rooseveltian with a reputed talent for keeping on good terms with anti-administration Democrats even during the fiercest stages of the battle over the President's Supreme Court enlargement bill.

He was quoted recently in an interview as being for "the advancement of liberalism" as a Democratic party objective. That was no radical bombshell for even the most conservative of old-line Democratic politicians. When was there a Democratic, or for that matter, a Republican aspirant for the presidency who didn't contend he was a liberal, notwithstanding the thousand and one definitions for the term?

Tex's Topics

Boys and girls of school age once more are turning their thoughts to the day, less than three weeks distant, when they will return to classrooms with opening of the fall term.

Pampa High school, officials say, will be crowded with an expected increase of between 200 and 300 in enrollment. If the school is crowded already, there is something for school board members to think about in the way of providing sufficient classroom facilities.

A public school is one place where there should be no congestion. School disaster can result from over-crowded conditions.

Not that we are expecting a local disaster of any kind, but rather to make the point that absolutely no chances should be taken where human lives are involved, and particularly the lives of children.

Along this same line of thought, we always have contended that in too many instances there is an over-loading of school buses—another very dangerous practice. Pampa's splendid school system must not stand still.

Whenever it is necessary, there should be no hesitancy in taking steps to keep abreast of the times. This is not a preaching, by any means. A very capable school board and school officials are at the helm of Pampa's schools, and no doubt they have plans in mind and the situation well under control.

What you read here constitutes merely what one man thinks after an informal discussion that arose out of spontaneity in the course of human events. No doubt the school board will discuss some of these things at its next meeting on Monday.

Pampa schools, you know, are rated among the best in Texas. That's something of which we can be mighty proud. And this all brings us around to that football question again.

You know—the one about the Pampa Harvesters and the Amerillo Sandies? Old Tack, the Sphinx, still refuses to recognize any comment made here about the situation and his Amerillo pot of gold, waiting to be bet that the Sandies humble the Pampa eleven this fall.

That's what he thinks. Skipper of this space was fingerprinted for J. Edgar Hoover yesterday. Jess Hatcher, the finger-print expert, made three copies of our personal identification record. One goes to Washington, another remains in the local files and the third has been presented to us.

Roy Bourland, the oil field supply man, happened along while the operation was under way and suggested that we might be making a mistake. It appeared to him that the authorities would catch up with us soon enough.

However, that finger-printing idea is a good one for every man, woman and child. Archer Fullingim, back from a mountainous vacation, also brought back with him two stitches over his left eye, acquired after he chased a member of his Scout troop who had pelted him with a Colorado snowball.

Fullingim tripped over his feet and flopped on his eye in a rough highway. Dear Ed: "I seeing by the papirs that my fran, Cliff Under-The-Bed, she is getting no closer to signing up one of my Grick boys for the Pampa rattle ring.

Mr. Cliff she is getting for the next show one Mr. Leo Donohue who will grout and grone for the costumers. When the rattle game she is gat so low as to bringing even an Irish who my boy, Steve Popolocus, she cood throw wit one hand. I am ask you whats the world she is coming to? It is make me pretty moch sick opstains. Trouble with Mister Cliff is that she is afraid of my Grick boy, and I am don't mean mabbie no.

Yessir, Nick is a persistent fellow. Why not get this fellow Popolocus out there some night and see what he can do? There's an idea for Promoter Chambers. With the big Greek on the card he ought to be able to pack his House of Horrors until the sides bulge.

This department is off on a fishing sojourn this afternoon. Destination unknown at this writing. But that makes little difference. It is good to get out and commune with nature and stuff, they say. It has been so long since we have been anywhere that a half day jaunt to nearby fishing grounds is worth more than a week in the mountains to folk accustomed to going and coming when the notion strikes them.

A Portland, Me., sailmaker claims to be master of 760 varieties of knots and splices. Think what he could have been as a trial lawyer. Yesteryear In Pampa TEN YEARS AGO TODAY Mrs. C. Thornton, graduate nurse from St. Anthony's hospital in Amarillo, is superintendent in charge of the Pampa hospital now.

Who Called 'Em 'The Melancholy Days'?

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Jerry Wald, the old Graphic columnist who ran into Jack Warner and became a successful studio writer, came back from the coast and fell into this situation his first day in town.

Dining in an eatery that was crowded to the door, he suddenly realized that the extra chair at his table was the only unoccupied seat in the house.

"Pardon me," said the young man who had just entered, "but I'll have to sit here with you. Do you mind?" Whereupon the young man deposited himself and ordered a substantial dinner.

At last, after desert had been stowed away, he summoned his waitress. "Don't give me a check," he instructed her, "just send the bill home. I'll mail you a check at the end of the month."

Startled, the waitress sought out the manager, and that vastly intrigued individual sauntered over to the stranger's table. "Is everything all right?" he inquired.

"I enjoyed my dinner immensely," declared the young man pleasantly. "You found no fault with the service?"

"As a matter of point, I was about to comment on how excellent the service is here."

"Then suppose you let us have this amount for your dinner," suggested the manager smoothly.

"Unfortunately," replied the guest, "I never carry small change with me. I find it more expedient to settle the accounts by check."

"I shall," said the host, "be forced to summon an officer if you persist in this attitude."

"Listen," the guest went on. "See that sign over the bar? It says: 'To avoid error, please pay when served.' That sign annoys me, yet when I sit at the bar I comply with it. Now I am at a table, and you should comply with me."

People You Know

By ARCHER FULLINGIM

Near Dalhart there is a hill called Mt. Doran and the boys wanted to stop and climb that. Then they begged to scale the extinct volcano, Capulin.

On the way home they scarcely noticed them, remembering Long's peak and other 14,000-foot mountains. The first night they camped, tired and disappointed, on the railroad right-of-way at Colorado Springs.

But the next night it was fine as they built their fires under the shadow of Long's peak, and the next four nights were indeed wonderful.

At last, after desert had been stowed away, he summoned his waitress. "Don't give me a check," he instructed her, "just send the bill home. I'll mail you a check at the end of the month."

Startled, the waitress sought out the manager, and that vastly intrigued individual sauntered over to the stranger's table. "Is everything all right?" he inquired.

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—The lass from the country had come to town, her first visit in six weeks, she said. As we walked along the boulevard, restaurant-bound for lunch, old friends greeted her with the surprised enthusiasm usually reserved for out-of-towners.

And that's what she is, this Ann Dvorak, an out-of-towner. So is Leslie Fenton, her husband. Country-life-in-Hollywood, as they practice it, is really something.

They have been country-folk on their 65-acre ranch near Van Nuys about four years now, and they don't miss Hollywood, and they think they never will. They work here—about an hour or so from Vine and Hollywood boulevard, but they don't often make the trip.

Ann looks like a walking advertisement of the life. Smoothly tanned, healthy, bright-eyed. Hasn't gone hayseed—I don't mean that. When she comes to town she dresses smartly, as a movie actress should. When she stays home, she wears slacks or shorts or overalls, and works.

The Fentons have a rambling Spanish-style farmhouse that, has been growing almost constantly since they built it. They have a swimming pool, flowers, chickens, birds, even a wild rabbit. The "money crop" is walnuts. They cleared about \$6,000 on these last year. Ann is more interested in the flowers. She works there even when there are no cameras around.

"They're fascinating," she says. "When you really love flowers and study them, working with them is something like a religious rite."

They have a glass house and a latte house—and camellias, geranias, and other floral aristocrats are fairly commonplace. The Fenton panies and cineraria took blue ribbons at the last flower show. Ann has a friend in Central America who sends her seeds of tropical plants. The fun with these is waiting to see what they'll be when they come up.

The nice thing about the Fentons' country-life-in-Hollywood, is that they don't make it a burden and a duty. "We went," as Ann said, "through the cow period but it didn't work out. Sweetheart was too much trouble. Sweetheart wasn't happy with us. Hugh Herbert has her now, and I'm sure she's happy."

These Fentons, when they talk about a trip, don't mean a trip to town. Just now they're talking about Greece. As soon as both of them can get three months off from pictures, they're going. In a freer life, as usual. It's the only way to travel, both say. Not speedy, but they don't crave speed.

The last time they went to Europe, Ann was running away from a contract. The Warners didn't like it. Ann lost out in court, but the studio released her anyway. Now she has another contract, but she thinks she'll get her vacation and not have to run away, this time.

They still make quite a few silent

Answers To Questions

By FREDERICK HASKINS

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskins, director, Washington, D. O. Please enclose three (3) cents for reply.

Q. Is polo ever played at the Polo Grounds, home of the New York Giants? K. H.

A. There never has been a game of polo at the Polo Grounds. The original home of the Giants was at 110th street and 5th avenue, where polo was played. The name Polo Grounds was retained when the Giants moved to the present site.

Q. What is a litchi? K. M.

A. It is a large evergreen tree of the soapberry family, native to China, India, and the Philippines. It is extensively grown in many tropical countries for its excellent fruit. This consists of a nut about an inch in diameter with a thin, rough, brittle shell surrounding a sweet pulp which encloses a hard, smooth seed. The pulp is eaten fresh, dried or preserved. The fruit called litchi nuts is popular.

Q. What city is called the modern Rome? J. L. H.

A. Richmond, Va., occupies a site covering seven hills and is sometimes styled the Modern Rome. It is extensively grown in many tropical countries for its excellent fruit.

Q. How many hospitals are there in the United States? Hotels? H. E. W.

A. There are 6,189 registered hospitals in the United States. There are approximately 29,000 hotels.

Q. How should burned spots be removed from enamelware? T. B.

A. Soak the pan for one or two hours in salt water. Then cover the pan and bring the water to a slow boil. The burned particles can then be removed easily.

Book A Day

By BRUCE CATTON

She found no peace. Author Constance Lily Morris might have used that as a title for her excellent biography, "Maria Theresa, the Last Conservative" (Alfred A. Knopf, \$3.50).

War was a habit in 18th century Europe, and Austria was in the center of the political arena. All of Maria Theresa's life was a planned defense against Prussia, and there is no better example in history of the futility of such struggle.

Maria Theresa was born with the reproach of being a woman. Charles VI, confident that he would have a male heir, took few pains to prepare her for inheritance; thus, this daughter of the voluptuous, gay city on the Danube found herself confronted at the age of 23 with the responsibility of not only ruling the weakened states of Austria, but of playing an important part in the drama of European strategy.

And with a masculine strength of will, this very woman ruled and won for herself a definite place in history. Beautiful, fun-loving, full of amazing vitality, Maria Theresa, the author reveals, was a matriarch, treating her subjects with motherly solicitude and sacrificing them similarly in political crises.

Most interesting of her children was Joseph, her heir, who, amazingly enough, had socialist ideas in the midst of great extravagance. Maria's household was run by 2,400 servants. When the young prince wanted to sleigh-ride and there was no snow, it was brought down from the mountains in wagon loads.

Notable for very little debunking, and also very little white-wash, "Maria Theresa" is altogether a solid book and important as the first modern biography in English of Austria's great empress.—D. S. E.

DEATH ENDS CAREER OF FAMOUS VAUDE ACTOR

SOUTHAMPTON, N. Y., Aug. 19 (AP)—James McIntyre, 79, died Wednesday from emicure poisoning, ending the 44-year-old partnership of McIntyre and Heath, famed minstrel man and one of the best known vaudeville teams of the last generation.

McIntyre died at 6:30 a. m. He had been in a coma for several days. News of his death was withheld from his lifelong comrade, Thomas K. Heath, 84, who lay stricken with paralysis and bronchitis at his home in Setauket, only a few miles across Long Island from Southampton.

Pilot Tells How He Outwitted Kidnaper

HOUSTON, Aug. 19 (AP)—Boysish Jack Hamery, who "wanted to fly off somewhere to look for work," awaited a preliminary hearing today on charges he kidnaped an airplane pilot while 2,000 feet in the air.

The hearing will be held Monday before Justice of the Peace J. M. Ray, before whom complaints were filed charging 19-year-old Hamery held up a taxicab driver and kidnaped Pilot Bob Hunt.

Detectives Arch Spradley and Ira Williams related the youth admitted he tried to force Hunt to take him to Laredo, where he wanted to find a job.

Pilot Hunt meanwhile was telling

Santa Fe Delivers Huge Shipment of Drugs

A CARLOAD OF MERCHANDISE DIRECT FROM WALGREEN for CRETNEY DRUG STORE NEXT TO LANORA THEATRE

W. F. Cretney, Pampa drugstore operator, is shown here receiving from O. T. Hendrix, Santa Fe railroad agent, the first shipment of a carload of drugs ever delivered to the Pampa area.

CRETNEY GETS FIRST CARLOAD OF DRUGS EVER SHIPPED TO CITY

W. F. Cretney, owner and operator of drug stores in Pampa and Borger, announced Saturday that his Pampa store has been appointed the Walgreen agency store of Pampa, climaxing efforts expended for a year and a half.

"Through the combined efforts of much personal contact," Cretney said, "we were awarded the exclusive agency of Walgreen products in this territory."

In order to introduce Walgreen

products to the consumers here, Cretney is offering rare values and real "out prices" in a "Grand Opening" sale to be started next week-end, he said.

Although the Cretney Drug store will not be two years old until November, it has already been accepted by the Walgreen Co. as the desirable spot for their products to go on sale, offering real service in addition to cut prices.

Contributing their share of the monthly payroll, approximately \$1,300 goes to local workers in both stores, the local chambers of commerce and other civic organizations being supported 100 per cent by them.

"We feel that this change will be a real asset to our community and its citizens," Cretney concluded.

True to the form of Pampa business in general another local merchant is evidencing a great upturn in sales volume—shown by the first carload shipment of drug merchandise in the history of the Pampa territory.

MAGCULAY'S IN DEMOCRATIC RANKS SCORED

WASHINGTON, Aug. 19 (AP)—President Roosevelt's aggressiveness since the collapse of his legislative program—evidenced anew in his Roanoke Island speech—emphasized today the potentialities of the split which has developed within his party during this session of congress.

The chief executive followed up his selection of liberal Senator Black (D-Ala.) for the Supreme Court with a fighting speech yesterday at Roanoke Island in which he characterized his critics as "American Lord Macaulays" who do not believe in democracy.

These two developments within the past week culminated a series of events which have completely changed the political picture since the President began his second term seven months ago today.

The Black appointment in itself was evidence of the changing political leadership, in which the death of Senator Robinson of Arkansas was only a part.

At the outset of the session, Robinson and Senators Harrison of Mississippi and Byrnes of South Carolina were the acknowledged Senate leaders and Roosevelt spokesmen on Capitol Hill.

Suddenly, younger and more lib-

eral Senators took their places. Barkley of Kentucky became the majority leader by one vote over Harrison, and Senator Schwellenbach of Washington and Minton of Indiana, together with Black, formed the new inner circle.

The session began with 76 almost united Democrats forming the biggest party majority in the Senate ever had seen. It is ending with 75 Democrats divided into nearly equal factions on some of the Roosevelt legislative proposals.

Thus the Democrats on some issues have turned the balance of power over to the numerically weak Republican minority, not only in the Senate but in the House.

Even Vice President Garner's status has changed. At the outset he was regarded as a stalwart behind-the-scenes negotiator for all presidential policies. Although still friendly and loyal to the President, he has been the spearhead of opposition to some administration plans.

President Roosevelt's court reorganization proposal is credited generally with creating the party friction. But close observers have noted many contributing causes, some nearly as fundamental.

Harrison and Byrnes supported the court bill, but they along with Garner and others in the party were critical of the President's handling of the sit-down strike problem and the labor situation during the winter.

They clashed also with the President on his spending policies, first in private, and when that failed to gain results, in public.

The court row did not develop the factionalism in the House that it did in the Senate, where it centered. But the wage-hour bill did.

Picnics and dinners held to smooth

over party differences have been in vain. The day after "harmony" dinner in honor of Barkley, the Democrats divided fiercely over anti-lynching legislation.

Privately, leaders of both factions have agreed the differences were too fundamental to be so easily smoothed over. But few have been willing to forecast the outcome of the split.

Observers have talked freely of a new political alignment resulting from the situation.

Perhaps the difference can be ironed out. President Roosevelt in his address yesterday, however gave no sign of surrender. Referring to the "modern Macaulays," he said:

"They love to intone praise of liberty to mouth phrases about the sanctity of our constitution—but in their hearts they distrust majority rule because an enlightened majority will not tolerate the abuses which a privileged minority would seek to foist upon the people as a whole."

Observers noted that the most conspicuous defense of liberty and the constitution in recent months came from Democratic framers of the adverse committee report on the Roosevelt court bill.

While the President did not disclose whether he had those men in mind his words hinted he might be ready to take his policies to the nation in a life-and-death battle for political supremacy.

Lake Probed for Bodies of Pair

PORT WORTH, Aug. 19 (AP)—Rescuers plumbed the depths of Eagle Mountain lake today for the bodies of Mr. and Mrs. Hovey Durringer, hoping to answer the apparent riddle of why the couple suddenly disappeared from their small boat before a witness' eyes.

Mrs. Anna May Taylor, a friend of the Durringers had asked to go fishing with them, said they were in the boat on the choppy lake when Hovey, 34, decided he would go in the water to "cool off."

She said he swam for a while and returned to the craft. Ten minutes later, she said, Durringer jumped from one side of the boat and his 28-year-old wife from the other. While she frantically sought to maneuver the boat the couple disappeared.

Several hours later Mrs. Taylor drifted ashore and notified authorities.

The Durringers were married in 1935. Two weeks ago Mrs. Bernice Durringer, the missing woman's mother, filed annulment proceedings.

Jonathan Swift not only mentioned the two moons of Mars long before they were discovered, but said, "The innermost is distant from the center of the primary planet exactly three of his diameters, and the outermost five," which was surprisingly accurate.

7-YEAR VICTIM OF GASSY STOMACH

Couldn't Sleep; Bowels Were Irregular; But Now Van-Tage Has Relieved Her.

Mrs. Loretta Foutch, of 1325 Curtis St., Denver, Colo., is publicly endorsing Van-Tage, which is the "Amazing Mixture of Nature's Roots and Herbs and Other Splendid Ingredients." Now being introduced in this city at the Cretney Drug Store, next to LaNora Theatre.

"I had been suffering with stomach gas and sluggish bowels for 7 years," said Mrs. Foutch. "I couldn't eat a thing without having terrible gas pains all through my stomach, and I had attacks of heartburn. The gas pains would torture me so much I couldn't sleep. I was very irregular too, and had to resort to strong physics. All this suffering made me nervous and irritable. I heard about Van-Tage and decided to try it. I have taken two bottles and I feel like a different person. The gas pains have been wonderfully relieved and I do not have heartburn like I did, and I am very regular for the first time in years. Van-Tage has certainly proved to be all that it is represented to be." VAN-TAGE helps invigorate bowel, stomach and kidney action. Its 21 Great Herbs and Other Splendid Medicinal Agents cover 30 ingredients in all have a surprising effect on suffering people. Due to the immense volume in which it sells, Van-Tage is NOT expensive, so get it—TODAY—at the Cretney Drug Store, next to the LaNora Theatre.

Plains are guests in the home of Mr. and Mrs. Garnet Reeves, where their mother, Mrs. Minnie Reeves, is convalescing following an operation at Rochester, Minn.

Mr. and Mrs. Jack Bird returned last night from a vacation in Utah, Nevada and California.

Market Briefs

NEW YORK, Aug. 19 (AP)—Buyers found the stock market unattractive today and, with few exceptions, leading issues drifted off fractions to more than 3 or more points.

Several attempts were made to rally the list, but these lacked vitality and served principally to slow dealings.

Brokers said trading forces were somewhat more apprehensive of what may transpire in the far eastern embargo.

A bit depressing to financial quarters, also, was the ailing trend in commodities. Cotton futures broke through the 10-cent level for the first time since the spring of last year. Wheat at Chicago lost 2 1/2 cents a bushel and corn was off 1 to 1 1/2.

Another slump in Japanese Dollar Dango, made for a nervous loan market. Selling of the former was checked in late transactions.

Stock transfers approximated 850,000 shares.

OILERS HOLD SERIES LEAD AFTER FLOGGING HUBER IN 9-4 THRILLER

BORGANS RUN IN SCORES IN FIRST INNING

Coming out of the first inning starting at a four-run deficit, due to Al Summers' home run with the bases loaded, the Pampa Oilers snapped out of a coma and came from behind to defeat the Huber Blackfaces of Berger here last night by a score of 9 to 4.

The win put the Oilers one game up in the current Panhandle championship series, with the fourth game set for tomorrow night in Berger. Play will return to Pampa on Sunday afternoon at 3 o'clock when Road Runner Park will again resound to the smack of horsehide on wood.

Prather and Sain Hit
The Oiler attack was paced by big Dutch Prather and Eddie Sain, who helped the cause along with three bingles each. Prather put the Oilers in the running in the last half of the first inning when he took one of Hadley's inside slow balls and propelled it over the right field fence, scoring Sain, who had singled, ahead of him. On his next appearance, Prather doubled, while his third trip netted a single to drive in his fourth run of the game. Sain bagged a pair of doubles on his next two trips to the plate.

Nash With Oilers
On second base for the Oilers was Mayse "Boogie" Nash, former Pampa high school football star. Nash played errorless ball and field and smacked a ball against the scoreboard for two bases. The ball smashed two of the lights on the scoreboard and broke a connection.

Carl Stewart, who has been given little opportunity to show his ability this year, pitched winning ball after the first inning. He allowed 10 hits but fanned five and bore down in the clinches, especially in the eighth when the first two batters singled. The next man went out but Stewart walked Brown, filling the bases. Then he came through, fanning Polvogt and making Keaton force Brown at second.

Stewart Plays Sensationally
Hadley started on the hill for Berger but was nicked for five runs in four innings and retired in the fifth in favor of old Cy who was also mauled unmercifully. Although the Oilers got only 11 hits, they made them when needed most.

Besides hurling great ball, Stewart made several sensational plays. In the first, fifth and sixth innings he made the last outs by snagging hard-hit grounders to get his man at first. Keaton, in the sixth, tore the glove of Stewart's hand with a terrific drive but the pitcher grabbed the ball and made the play at first. In the third he took Polvogt's bullet drive face high for the final out of the inning.

Manager Fred Brickell was not in the lineup. Sam Hale also was among the missing which gave the Oilers a weakened team which came through brilliantly.

Harvesters Will Leave Aug. 24 for Lake Camp

A selected group of Harvester football prospects will leave the morning of Aug. 24 for fall training camp at Monument Lake, Colo. Coach Odus Mitchell announced yesterday. He will release the names of the boys who will attend camp later in the week.

Accompanying the boys to camp will be Coach Mitchell, Coach J. C. Prejean, Coach Bob Curry, and Tom Herod. The trip will be made by bus. Monument Lake is located 30 miles west of Trinidad, Colo., source of the Trinidad water supply. The large reservoir is a beauty spot at the base of a mountain. Boating, fishing, swimming and mountain climbing will be enjoyed by the boys between practice sessions, which will be twice a day.

Sixteen Harvesters who have been conditioning the Overton ranch near Eagle Nest Lake, N. M., will return to Pampa Saturday. The boys have been digging post holes and doing other ranch work for conditioning and swimming and hiking for pleasure. They have also been doing a little passing, punting and jugging the pigskin around.

Coach Mitchell has issued a call for his prospects to meet him in front of the high school at 11 o'clock Saturday morning. Only three starters from the 1936 eleven will be available. They will be Captain J. W. Graham, quarterback; J. P. Mathews, guard, and John Henry Nelson, tackle. This year's squad will have a slight edge in weight over the 1936 squad, it is believed.

The team winning the Cities Service-King Oil game will meet Texas Company of Pampa, winner of the City League playoff series, to decide the city champion and the team which will receive the commissioner's cup, presented by the Amateur Softball association and Commissioner Jack Kretzinger.

Opening of play in the city championship series will begin on Tuesday night at 8:15 o'clock at Recreational park with admission 10 and 15 cents.

CUBS' MARGIN OVER GIANTS FADING FAST

(By The Associated Press)
That once lengthy lead on which the Chicago Cubs were riding in the National league is disappearing with all the speed and completeness of a hot dog in the hands of a fan with that eighth-inning hunger, while the New York Giants and Pittsburgh Pirates are pulling up for a finish fight.

The Cubs pinned the fifth straight setback on the injury-jinxed windy city wallpapers yesterday, winning 7-6 with a two-run rally in the ninth to climb back into a virtual tie for third place. At the same time, the Giants, making the most of their newly-discovered ability to hit timely behind their top-flight flinging, belted the Bees, 9-1, for their fifth straight win, and were only two games off the pace.

The Pirate victory was also the Cubs' fifth in a row, and made it look like the Pittsburghs may finally be coming out of their sleep-walking habits of recent years. Although they have little of the crack pitching that is skyrocketing the Giants along, particularly the masterful left arm of King Carl Hubbell who turned in a seven-hitter yesterday, the Cubs are betting that apple-and-winning the close ones.

While the Giants have been taking the second division Phillies and Bees during their current winning streak, the Pirates have run into the tougher sockers from St. Louis and Chicago, with the same results. Whichever way you look at it, however, it appears the Giants and Pirates may yet fight it out for the flag, with the Cardinals still to be heard from and the Cubs praying for fewer bandages on more ball-players.

Meantime, the Yankees are slugging along on an 11 1-2-game lead in the American league, waiting for the rival circuit to decide whether it'll be another New York subway series, or whether Chicago, Pittsburgh or St. Louis will be the party of the second part.

Murderer's Row made it three straight over the Senators yesterday with a 7-6 decision on the strength of Joe DiMaggio's 35th homer, which broke up the ball game in the ninth inning.

The second-place Tigers were trounced thoroughly by the White Sox, losing 6-0 to Vernon Kennedy's four-hit flinging. The Athletics scored their first win of the year over the Red Sox, 4-2.

The Indians and Browns broke even in a double bill, Cleveland coming through 5-2 in the opener and then dropping an 11-6 clouting contest. The Dodgers and the Phils were rained out and the Cards and Reds took the day off.

In Italy there are 32.91 persons to the square mile.

Cities Service and King Oil Will Play Tonight

Play to decide the city softball championship will be resumed tonight after a layoff of two weeks during which the Panhandle Softball tournament was played here. King Oil and Cities Service will be the teams in action at 8:15 o'clock at Recreational park. Admission will be 10 and 15 cents.

Cities Service has an edge on the series, being undefeated in the play-off series while King Oil has dropped one game, to Cities Service. A win for the gasmen tonight would end the Industrial league playoff while a loss would put King Oil even and necessitate a second game tomorrow night.

The team winning the Cities Service-King Oil game will meet Texas Company of Pampa, winner of the City League playoff series, to decide the city champion and the team which will receive the commissioner's cup, presented by the Amateur Softball association and Commissioner Jack Kretzinger.

Opening of play in the city championship series will begin on Tuesday night at 8:15 o'clock at Recreational park with admission 10 and 15 cents.

TEXAS FLY CASTING CHAMPION COMPETES AGAINST EXPERTS

(NOTE TO EDITOR: Jack McFish) Sparks, Waco fishing columnist and Texas fly casting champion now competing in the national tournament at Buffalo, N. Y., tells how they do it in the big time. He is not doing so badly himself, with one second and one third place.

By JACK (McFISH) SPARKS (Written for the Associated Press) BUFFALO, N. Y., Aug. 19 (AP)—My four dollar and a quarter hollow Calcutta cane pole did me fine service in competing with the big-time boys who were using professionally made rods costing upwards of \$150 in the salmon fly casting event.

My best cast was 185 feet. The fly popped off and it cost me first place and a world's record. R. G. Miller of Huntington Beach, Calif., took first with an average cast of 176 feet. His longest and mine tied at 177, but his average was better than mine and I slipped off into second place.

The effort of throwing the line nearly 200 feet practically tied my good cane pole into knots, but I wouldn't trade it for all the fancy sticks on the Atlantic seaboard. These fellows are making this the hottest competition I have ever been mixed up in. They can throw a fly with the ease and grace of a mule skinner skylarking with a blacksnake whip.

Today I am going out after the dry fly accuracy record. We have to shoot a tiny fly at a target and what the wind or an air-pocket can do to a set-up of that kind fools the best of them.

Consistency counts in these matches and barring accidents, I wouldn't be at all surprised if some records are established today. Naturally, I wouldn't mind hanging up a couple of marks myself for the whizzes to shoot at. And by the way, the man who can lay a fly down in the right manner—accurately—where a fish is waiting, is usually the fellow who brings home the longest string.

Of course this tournament is parlor stuff and catching fish is another matter. But we've all got fishing—for fish, not records—in the backs of our heads.

COLUMBIA, S. C.—Mayor L. B. Owens, addressing a hotel banquet, told the out-of-towners: "If you see anything you want and can't find somebody to give it to you, then just take it." When he turned to leave, his hat was missing.

Love Gets a Lift

BY IDA RINER GLEASON

Yesterday, Ennity springs up between Bob and the professor. The professor kicks Schmatz, who runs through the Duchess' surrealist picture.

CHAPTER VII

In a minute everyone was talking at once and craning their necks to see Bob turned to the Duchess. "You can't think how sorry I am this had to happen," he began. Professor Bracey righted the vase. "If your writer friend insisted on bringing his dog with him, my dear Duchess, you can expect to have things happen. That is, if Mr. McTavish is a writer," he added pointedly.

Bob took a quick step forward as though he was going to drive his fist hard into the other man's dark, taunting face, then he turned and snapped his fingers to Schmatz. "If you want me about this, you'll know where to find me," he told the Duchess.

"It wasn't your fault, Bob dear," she replied.

"It really was an accident, Duchess," the professor interrupted with a shrug. "Besides, that wasn't the picture you should exhibit anyway. It didn't compare with that 'City at Midnight.' He pointed at a key-canvas showing a tangled mass of lines and corners.

Immediately the Duchess' attention was distracted from the catastrophe to the other painting, and Bob and his dog made their escape.

not stop, he turned and whistled for Schmatz and went quickly up to his own room. Pat looked after him with a puzzled frown. He leaned on his broom for a minute in deep thought, then nodded his head sagely. "Something happened at that jam-boree of the Duchess' now. Ye can't get that many loonies together and not have something pop. Miss Kathy oughtn't a gone. Jist whin thim youngsters were gittin' along foine and dandy, too."

He worried about it all the time. Kathleen was gone, and found every kind of excuse to be near the front hall when she came in again. He had made up his mind to try talking to her to find out what had happened. The Duchess had not come down to her studio that morning, so there was no reason for him to go up there. Besides, Pat always took anything she said with a whole peck of salt.

According to what Kathleen did come back with a loaf of bread under her arm, Pat was tacking down a bit of the carpet near her door. "Eh and it's back ye are, I thought I'd git this all done while ye was gone." He hefted his hammer as he asked casually, "Have a good time at the party now? Ye and Bob McTavish?"

"I had an interesting afternoon," Kathleen replied stiffly. "I don't know about Mr. McTavish. I didn't

have a chance to talk to him all the time I was there."

"So," Pat shook some tacks into his hand. "The other girls after him, eh?"

Kathleen tossed her head. "The Duchess saw to it he was entertained. Why did you ask?" "Nothing," answered the janitor evasively. "Only a good-lookin' young fellow now, all the girls are likely to swarm around like bees about a honey-pot."

"Well, here's one girl who doesn't do any swarming," Kathleen told him. "I met several other men who are much more interesting. Very cultured, traveled." Pat grinned. "A bunch o' lions maybe? The Duchess always tries to git herself any stray one what ventures into town. I'm minded now o' the time we knocked a chunk off the ceilin' hostin' in a grand piano, because she was goin' to have some opery singer. Thin when he come he wouldn't pipe a note unless he was paid for it."

"Well, Professor Bracey isn't that kind of a celebrity," answered Kathleen. "He's very pleasant and cordial and I like him very much." She fitted her key into the lock and went into her room.

Pat selected a tack, then pounded it so hard he drove it entirely out of sight. "And I wishin' I could do that to some folks' heads," he grumbled.

LIPSCOMB BURGLAR TO BE BROUGHT TO PAMPA

Special to The NEWS
LIPSCOMB, Aug. 19.—Sheriff's officers here today were preparing to take Leonard W. Cool, 20, of Follette, to Gray county jail in Pampa for safe-keeping after his arrest yesterday in Gage, Okla., on a burglary charge.

Cool was charged last night in the court of Justice W. H. Keffer with burglarizing the Champion filling station in Follette early Tuesday morning.

Deputy Sheriff Everett Tarbox, of Lipscomb, took up the trail after being notified of the burglary and had the suspect under arrest within six hours.

County Attorney Roy Sensing announced that Cool signed a confession in the presence of him and Deputy Tarbox.

KIDDIES HAULED TO CHURCH BY OIL MAN

NEW LONDON, Aug. 19 (AP)—When his only son was killed in the March 18 New London school disaster, John Lumpkin, oil company executive, avowed his intent to devote part of his time to serving mankind, especially children.

His latest act in keeping the vow was the purchase of a 50-passenger bus for transportation of children and their parents to Sunday school and church services.

Driving the bus himself, Lumpkin transports his passengers to the church of their choice, and then returns them to their homes. His goal is to haul 100 children and parents each Sunday.

On his first run last Sunday Lumpkin had 20 children and one mother as passengers.

GOVERNOR FAVORS ALL PROPOSED AMENDMENTS

AUSTIN, Aug. 19 (AP)—Governor James V. Allred publicly stamped his approval today on all of the constitutional amendments to be voted on August 23.

Although he will be in San Antonio election day, attending the state convention of the American Legion, he will cast an absentee ballot for the proposed changes in the constitution.

Insects learned to manufacture paper, administer anesthetics, farm, domesticate other creatures, ventilate their homes, and make pottery, long before man ever dreamed of such achievements.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 8 quarts of waste.

Richard G. Miller, Huntington Beach, Calif., hung up a new salmon fly record with an average of 176 feet in three casts, beating the old record by almost four feet. But he couldn't beat the 182-foot mark for a single heave set last year by Judge E. E. Cavanaugh, Fort Dodge, Ia.

PIRATES AGAIN WHIP OKLAHOMA CITY 7-4. (By The Associated Press) The Oklahoma City Indians, seemingly too far in front to be overtaken by their Texas league rivals, had something to worry about today. Injuries and illness have removed three of their mainstays and the Indians have lost two straight games to Galveston.
