

## NEW YORK BANKS ARE SWINDLED DROUGHT IN SOUTH PLAINS IS BROKEN BY LATE RAINS ARMY AND NAVY WILL AID IN SEARCH FOR T. A. T. PLANE

### ALL NEWS OF SHIP PROVED FALSE TODAY

**Santa Fe Officials  
Deny Giving of  
Reports**

### EACH SEARCH ENDS IN VAIN

**Formation Flying Is  
Resorted to in  
New Mexico**

NEW YORK, Sept. 5. (AP)—Col. Paul Henderson, vice president of the Transcontinental Air Transport, announced this afternoon that the army and navy were going to send every available service plane to help in the search for the company's missing plane.

NEW YORK, Sept. 5. (AP)—Col. Paul Henderson, vice president of the Transcontinental Air Transport, announced today it had been established that the company's missing plane was not wrecked in Black Rock wash, N. M., as was reported last night.

The T. A. T. has received no official information that its missing plane has been found, he said.

Seventeen planes are now flying in formation three miles apart 150 miles in all directions from Gallup and all facilities of the company are engaged in an ever widening search.

It likewise appears now no agent for the Santa Fe railroad was responsible for the statement last night that the plane had been found.

### Right to Reduce Grain Rates Given in I. C. C. Decision

WASHINGTON, Sept. 5. (AP)—The Interstate Commerce Commission today granted permission to southwestern railroads to reduce freight rates on grain and grain products from Kansas City to the Gulf of Mexico.

The Kansas City Southern railroad was granted permission on August 15 to reduce its rates 7 cents per bushel, and the other railroads by today's decision were permitted to put into effect the same reduction on one day's notice.

The railroads had applied also for permission to reduce the rates from Omaha, St. Louis, and from various Kansas points to the Gulf, but this was refused by the commission, which stated the application would have to be made in regular form for these reductions. Permission to revise rates on one day's notice is given only in exceptional cases.

Return to Elk City  
Mrs. W. H. Henke and children of Elk City returned home yesterday, after a short visit with Mr. and Mrs. A. B. Zahn.

AND A SMILE  
MEMPHIS, Tenn. (AP)—Ed Farrell wired dad from Clarkdale, Ark., for money to get home with. His five-year-old sister, Rose Lucille, knew of only one reason for telegrams, so she told the neighbors Ed was dead. There followed telephone calls to the house and Mrs. Farrell fainting.

### Record Broken in Writing of Money Orders

Last Monday, Aug. 26, Mrs. Artie Shepherd, sitting behind the money order window at the postoffice, wrote all day. That is, from 9 in the morning until 5 p. m.

At the end of the day, her fingers were not very nimble but not too tired to add up a long column of figures, the sum of which was \$3,300—the largest amount of money handled thus far by the money-order department of the local postoffice in one day. The total amount of 266 money orders made the new record.

Yesterday, the number of C. O. D.'s reached a new figure—124. Mrs. Shepherd now handles both C. O. D. and money order departments. On Sept. 16, a C. O. D. station will be opened.

### HAND SEVERED IN ACCIDENT AT OPERATORS' RIG

One of the shower of falling timbers from the derrick over Operators Oil Company's Lovett No. 1 amputated part of the right hand of E. R. King, superintendent, yesterday when the derrick was accidentally pulled in on him.

The hand was severed three inches below the wrist. Mr. King is recovering at Pampa hospital.

Lovett No. 1 is located in section 57. Top of the pay was struck yesterday and 8 1-4 inch casing was being set in the hole when the accident occurred.

### Hamilton Trial in November Likely

FORT WORTH, Sept. 5. (AP)—Trial of former Judge R. H. Hamilton of Amarillo, slayer of his young son-in-law, Tom Walton, Jr., probably will be held at Weatherford the latter part of November. The new term of court which received the case on a change of venue from Potter county will begin September 30. The non-jury docket probably will require five weeks after which jury cases will be given attention.

There is a probability that the present judge and attorneys for each side will agree on a November date. No definite date has yet been agreed upon, however, according to F. O. McKinsey of Weatherford, attorney for the defense. McKinsey for many years on the district court bench with H. E. and Shadle of Weatherford will represent Hamilton in addition to other attorneys from other cities.

Walton was slain May 4 in Hamilton's Amarillo law office. He had just returned from the University of Texas, where he had married Hamilton's daughter.

A daughter born Saturday to Mr. and Mrs. J. D. Mitchell has been named Thelma Jo. Mr. Mitchell is with the Culberson-Smalling Chevrolet company.

### "Human Fly" Welcomes Cold Wave as Aid in Scaling Central High

"Dare Devil" Roland has climbed many a building higher than the high school building whose wall he will scale at 7:30 o'clock tonight, but he has never attempted one with as wide an expanse of brick, unbroken by obstructions that are helpful to "human flies." Roland admits that he is scared of the job ahead of him tonight, but says he'll do his best.

### CROPS NOT TO BE BENEFITED VERY GREATLY

### Pampa Gets Wave of Cold and Cloudy Sky Today

### WIND AND HAIL HIT IN SPOTS

### Stockmen Happy Over Moisture Given Ranges

By The Associated Press  
Too late to be of much benefit to growing crops, general rains, the first in most cases in several months, were reported today to have fallen over the greater part of North and West Texas.

The average fall was around an inch Greenville reporting the greatest precipitation, 2.75 inches. A decided drop in temperature followed the rain in most places. Pampa, in the Panhandle, reported the first cool weather of the season, a temperature of 50 degrees forcing residents to don light wraps. No rain, however, fell there.

In several places the rain was accompanied by high winds and hail. At Rankin, Central West Texas, a wind and hail storm late yesterday ripped roofs off of several buildings and caused considerable damage to residences. The wind reached a velocity of more than 60 miles an hour.

Around Littlefield, in the Panhandle, the cotton and feed crops were damaged badly by a hail storm last night. The affected area extended 4 miles north-west, 12 miles east and 9 miles south of Littlefield.

Stockmen were jubilant over the rainfall, which partially filled nearly dry watering tanks and will air greatly pasturage.

The following rainfall was reported: Fort Worth, .50 inch; Dallas 1.13 inches; Wichita Falls .73 inch; Greenville 2.75 inches; Amarillo .04 inch; Bridgeport .20 inch; Childress .18 inch; Graham 1 inch; Haskell 1.74 inches; Kerrville .58 inch; Midland .56 inch; Weatherford .63 inch; Waxahachie .78 inch.

### Amarillo Hotel Suits Are Settled

AMARILLO, Sept. 5. (AP)—Settlement was announced today of suits brought by Amarillo citizens against the Davidson Hotel building corporation for the return of bonus money paid and for damages aggregating more than \$1,000,000.

Basis of the suits was that the Davidson corporation after receiving the bonus money had failed to build a hotel in Amarillo as agreed with the subscribers.

By terms of the settlement, T. B. Baker of the Baker hotel chain, included as a defendant in the suits on account of his being lessee of the proposed hotel, was released.

### Chicagoans Will Try Again

Forced down by a balky magneto at 2:33 p. m., yesterday after having flown 291 hours and two minutes, the crew of the "Chicago-We Will" endurance plane today had caused their plane to be groomed for a possible take-off Sunday. The pilots, C. Earl Stel (center) and Russell Mossman (right), were sleeping today. Wilson Herren (left) who was with the plane on two previous unsuccessful attempts, lost his chance for another try for a record when a flip of a coin decided which two of the three fliers would continue.

### LEFORS WILL VOTE TOMORROW ON INCORPORATING—ALDERMANIC FORM OF GOVERNMENT PLANNED

### CITY, COUNTRY RELATIONS ARE OUTLINED HERE

LeFors, one-time county seat, but lately in the headlines because of extensive oil development in that vicinity, will ballot tomorrow on the question of incorporating.

The election, called on the petition of E. Bacchus and others, will be held from 8 a. m. to 6 p. m., with W. H. Wharton as judge. The corporate limits would include the original townsite, the North addition, and Thut Heights addition, and blocks 17 and 18 of Shaw's addition.

LeFors several months ago established the commission form of government and the corporation formed about a year ago. It is planned, if the election of tomorrow carries, to install the cheaper aldermanic form of government. Little opposition is being heard to the election.

Lack of police protection and civic machinery to carry on needed functions of government are factors mentioned by those backing the election. LeFors, it is claimed by leading citizens, is nearing the 1,000-mark in population, and has reached a point where her residents are planning for the future.

### JAILER LOSES PRISONER, WHO LOSES A MEAL

Jailer Scott Rheudasil couldn't keep his eyes on all of a score of prisoners in the county jail when he was feeding them this morning, and one inconspicuous, Jose Ortiz, saw a good chance to get away.

When Jailer Rheudasil looked around, Jose was not only missing but gone. Followed an hour's chase by Herman Wachtendorf and Rheudasil before they brought him back. Jose just lost his breakfast, that's all, said the deputy as they took him back to his cell.

### Free Delivery of Mail by Oct. 1 Is Possibility

Free mail delivery in Pampa by October 1 is possible if local residents respond to the federal demand that receptacles be placed by September 16.

The postal department demands that 85 per cent of the boxes be installed by the set date, when an inspector will be here to check up on the progress. If the boxes are not ready by that time, starting of service may be considerably delayed.

The placing of boxes will be hastened through activity of the Board of City Development, which with the aid of the Boy Scouts will begin Saturday to survey the work already done and to urge citizens to comply with the regulations.

### HELMES IS DUE TO DIE TONIGHT AS BANK BANDIT

HUNTSVILLE, Sept. 5. (AP)—Unless some extraordinary act of clemency intervenes, Henry Helms will go to the electric chair here shortly after midnight tonight for his part in one of the most spectacular robberies ever attempted in Texas, the Cisco "Santa Claus" bank robbery of 1927.

Sentenced to death for robbery with firearms, Helms has run the gamut of devices to escape the chair. The Court of Criminal Appeals refused to alter the jury's decision, another jury recently refused to save his life by declaring him insane, the judge refused a rehearing and yesterday Governor Moody announced he had washed his hands of the case and would not interfere.

Helms and his three companions probably were the most unique bank robbers who ever operated in Texas when they entered the First National bank of Cisco, Texas, Dec. 23, 1927. Marshall Ratliff, one of Helms' companions who also is under death sentence, headed the quartet disguised as Santa Claus to disarm suspicion. Scooping up the banks funds they fled, kidnapping two little girls who had approached to make friends with the

### Two Men Held in Connection With Local Burglaries

Homer Oliver and J. Steger are being held in the county jail in connection with the recent burglary of the Thompson Hardware company here. They were arrested in Oklahoma City by the chief of police of that city, and were held there until brought to Pampa by the sheriff's department.

The Thompson hardware store was robbed of a rifle, two pistols, \$15 the cash register contained, ammunition, flashlights, and other articles. The cash register was smashed. On the same night the Clarence Saunders store was also burglarized.

### For our State Engineer Thompson Chosen to Inspect Road Routes

Prospect of settling the long-standing dispute between Gray and Roberts counties on one side and the state highway department on the other as to which route Highway No. 23 will follow when it leaves Pampa is in sight, according to Miami citizens who conferred with George W. Briggs of the B. C. D. yesterday.

R. A. Thompson, former state highway engineer, as a neutral party, is scheduled to go over the two proposed roads in the next week and make his recommendations to the commission Judge E. S. Ely, member of the commission, has announced. This agreement was reached at a conference be-

### TWO CROOKS GET \$450,000 ON SATURDAY

### Forged Draft Used in Connection With Telegrams

### FALSE TRANSFER OF FUNDS MADE

### Bunco Pair Represent Selves as Denver Finance Men

DENVER, Sept. 5. (AP)—A pair of bunco men, one working in Denver and the other in New York, swindled six New York City banks out of \$450,000 last Saturday, police were advised today.

The six New York banks were correspondents of a like number of Denver banks. Each of the New York institutions contributed \$75,000 each to the scheme of the swindlers.

Through the use of unauthorized telegrams, the Denver member of the swindle team notified New York correspondents of Denver banks to deposit \$75,000 each to the credit of the Bank of Telluride in the Chase National bank of New York City.

Each of the telegrams bore the unauthorized signature of an official of the six Denver banks. All of the wires were in code of the American Bankers' association. They were sent from various branch offices of the Western Union Telegraph company by the Denver member of the bunco team.

Saturday in New York City, the New York accomplice of the local swindler appeared at the cashier's check for the withdrawal of \$450,000. The cashier's check is supposed to have been a forgery.

### LYNN BOYD SPEAKS TO BORGER ROTARIANS

Lynn Boyd, past president of the Pampa Rotary club, was principal speaker at Tuesday's meeting of Borger Rotarians. His subject was fellowship.

Mr. Boyd was accompanied to Borger by A. B. Zahn, Paul Certain, and Dick Hughes.

### Mahan Family Returns

Mr. and Mrs. Arthur Mahan and one returned Tuesday evening from a delightful vacation trip to various points in Nebraska and Wyoming. Mr. Mahan is manager of the City Drug store.

**AVIATION IS BEING STRUCK HARD** Blows lately in the Southwest. It is all the more regrettable because so many far-reaching

ventures are being made into commercial flying.

But aviation is here to stay and will survive despite any momentary difficulties. A little investigation will show that nearly all of the accidents are made in strenuous cross-country flying, stunts, or ill-advised practices now allowed in commercial aviation. In other words the industry suffers from the daring and chance-taking of its bad boys.

Recently many fatalities have been caused by banking at low altitude—a practice as foolhardy as jumping ditches with an automobile. Another suicidal stunt is that of sole endurance flying, which recently resulted in a fatal crash when the pilot fell asleep.

Automobile driving has its adherents who speed, who do not watch for trains at crossings, who try to break records, and who do not keep their machines in repair. It is only natural that aviation should be so afflicted. But carefulness moves most of the danger in both instances.

**THE PLAINSMAN SAYS** in the Lubbock Journal that when he went to that city in 1923 his friends asked him why he was throwing away his life and his chances in a desert waste. It was a common misconception in sections not so far distant to see no good in the plains country.

But Lubbock aggressively

set out to build a city and the results, with the aid of Texas Tech, have been little short of amazing. Few who invest their money and efforts in the Panhandle over a decade will ever regret it. Things are moving faster now, and more progress is being made in five years than a decade formerly brought about.

**SOVIET RUSSIA WILL PAY** an American firm a huge sum to build a modern industrial city between the Volga and Oka rivers. They want an American city, and will name it Austingrad in honor of the contracting firm.

The Soviets have strong ideas of their own, but they pay well to get other ideas that appeal to them. The model city will have the largest automobile factory in Europe, and Ford will build it. It is in line with certain ideas to have the cleanest, most sanitary, and most orderly city possible.

**TWINKLES**  
George Briggs goes us one better about this New Mexico business. He Forded most of the streams and climbed most of the mountainous trails, it seems, and still lives to praise much of what he saw. But a B. C. D. man could hardly get

out of the habit of boosting anything.

It was a good rodeo. The young Dobbins often got the best of our younger generation—and some representatives of one not so young. But the crowds could have been better. Perhaps this gasoline-insaturated territory is taking it too much for granted that Old Dobbin is obsolete.

And the Labor day parade was interesting. We got to see those who are really "building Pampa." Growth to them means full dinner pails, as it does to most of us, come to think of it.

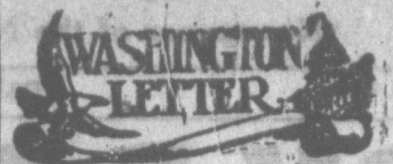

Our supply of adjectives should be better now than it was last year. This season we did not attempt to describe the indescribable Carlsbad caverns.

Around the world in three weeks is pretty fast—in fact, if one should get homesick while abroad, he would not have to stay that way very long.

Settling up of this great prairie-country has its drawbacks. When we were barely large enough to carry around a 12-gauge with terrible intent toward prairie chickens, we could stalk them for hours, if necessary, but now days the hunters are often almost as numerous as the birds.

All the big "melons" the financiers are cutting do us exactly no good, but there is con-

siderable satisfaction in being able to enjoy the kind that are taken, cool with dew, right off the vine.

**WASHINGTON**—In 20 or 25 years the privately-owned forests of the country will be exhausted and an era of adobe huts is likely to begin in some communities.

This gloomy prediction probably can be regarded as fact. It comes from Major George P. Ahern, one of the outstanding authorities on forestry, and is supported by Gifford Pinchot and other eminent foresters.

Depletion of the national wood supply has most of the alarming aspects of the draining of American oil resources and two of its main causes are the same—uncontrolled over-production and waste. But while oil wells cannot be made to refill themselves, forests can in time be regrown. And there is an immense amount of waste in forestry fires which is not duplicated in oil fires. The trouble is that little if anything is being done about forest replacement and the annual forest fire loss has been rapidly increasing.

**Studies in Every State** With inexorable statistics and facts which do not appear to have been controverted by

any other expert, Major Ahern has been engaged in a campaign to save forests. He presented his statement early this year in a pamphlet called "Deforested America", of which 10,000 copies were printed by the government and which has been praised by foresters everywhere as an accurate summary. He is now engaged on a series of individual surveys of the forest, and lumber situation in each of the 48 states.

"Timber is being cut several times faster than it is being reproduced," Ahern says. "Reforestation and industrial forestry are negligible. One-eighth of our original virgin forest area now remains. Half of that is publicly owned. National Forest timber supplies but three per cent of our demands."

"Destructive logging practices and forest fires, making large additions annually to our devastated areas, and reducing second growth possibilities far below minimum requirements, are thereby seriously menacing our principal hope for future wood supplies. Our most urgent need is to stop destructive logging practices and forest fires."

"In 1920 there were 28,000 forest fires which burned 3,500,000 acres of forested land. This destruction has risen until in 1928 there were 177,000 forest fires which burned 34,000,000 acres. The years from 1923 to 1928 averaged 114,000 fires annually and 28,000,000 acres of burned forests. These figures could be very

radically reduced if Congress would appropriate adequately for the fighting of forest fires. "The depressed lumber industry is rapidly liquidating its remaining assets. Lumbermen insist that better logging methods, efficient fire control and reforestation are almost impossible because of the cost. The chief interest of the lumber industry is not in the forests, but in markets, better manufacturing and such matters as elimination of manufacturing waste."

## Club President Is Hostess to Members at Social Meeting

As a forerunner to their year's study and work, members of the Wayside club met Tuesday afternoon in a pleasant social gathering at the home of their new president, Mrs. Thomas Clayton.

Informal discussion of forthcoming club events and conversation were enjoyed until the tea hour, when dainty refreshments were served.

Mrs. Clayton's guests included: Mrs. L. R. Taylor, Mrs. C. E. Hutchins, Mrs. W. P. Vincent, Mrs. Noah Kite, Mrs. E. E. Brown, and Mrs. E. W. Hogan, members; Miss Maude Leech of Muskogee, Okla., Loretta Hogan, Grace Kite, and Martha Jones, special guests.

Mrs. Robinson Ill

Mrs. B. D. Robinson has been very ill at her home the last several days.

### SENSES

Of the five senses—seeing, hearing, feeling, tasting, smelling—the sight is the easiest destroyed, and it is a terrible thing to lose your sight. Tillyer lenses the new scientific ophthalmic lens, give clearly defined vision to the very margin. Ask for booklet, "What Are Tillyer Lenses?"

## He Will Climb Here Tonight

Here is a characteristic pose of "Dare Devil" Roland, who will scale Central high school this evening at 7:30 o'clock. He is here under the auspices of the American Legion, and the Legion band will parade before the climb and play during the performance. A big crowd is expected to see the difficult stunt.

## Many at Opening of Medicine Show

A crowd of 1,500 attended the opening of the Tate-Lax medicine show at the corner of Foster and Gillispie streets Wednesday night. The show will be here for several weeks. The entertainment program features vaudeville acts, skits, dialogue, dancing and minstrel numbers which the audience enthusiastically applauded. The Tate-

Lax shows were started 35 years ago in Waco by Dr. Ed F. Tate and there are now ten others in this state giving performances.

A Polish colonization society has acquired a concession of 1,000,000 acres in Brazil.

Seven of nine children of Edward H. Wilson, Choctaw Indian, have attended or are attending Oklahoma A. & M. college.

## Business and Professional Women Hostesses

Twenty-six members and guests of the Business and Professional Women's club were entertained Tuesday evening with a lawn party at the home of the president, Mrs. Grace Higgins. Miss Louise Miller, social chairman, and members of her committee were in charge of the affair.

Running games and relay races furnished much amusement. Iced watermelon was served.

The guests were as follows: Mrs. Maysel Harrod, Mrs. Alice Sullivan, Mrs. J. A. Minnis, Mrs. Houston Park, Mrs. O. B. West, Mrs. Katherine Martin, Mrs. Philip Pond, Miss Gladys Payne, Miss Wilma Behrends and Miss Lucille Saunders.

Members who were present included: Mrs. E. L. Thomason, Mrs. Roy Chisum, Mrs. M. P. Downs, Mrs. Artie M. Shepard, Mrs. W. C. Mitchell, Mrs. Pauline Thurman, Mrs. E. E. McNutt, Mrs. Higgins, Miss Mabel Davis, Miss Lucille Keim, Miss Willette Cole, Miss Jonnie Ruth Williams, Miss Louise Miller, Miss Sydney Smith, and Miss Jewel Flanagan.

### Here from Gainesville

Mr. and Mrs. W. L. Ratcliffe of Gainesville are visiting in the home of Mr. and Mrs. C. W. Lawrence. Mrs. Ratcliffe and Mrs. Lawrence are sisters.

**CUBS DIVIDE 2 CONTESTS BUT MOVE 2 POINTS**

BY WILLIAM J. CHIPMAN  
Associated Press Sports Writer  
Even though the Cubs won only one of their games against the Cardinals at St. Louis yesterday, Joseph McCarthy advanced two notches nearer a mathematical stronghold upon the National league championship. The Pirates permitted the Reds to cavort off with a 5 to 4 decision in Cincinnati, leaving the Bruins in need of just fourteen victories to win if the Buccaneers should sweep the rest of their schedule.

The Athletics and the Yankees enjoyed a day of rest, precluding any change in the American league, where the Macks need eleven triumphs in twenty-three engagements.

The Cubs missed a chance to score a double victory in St. Louis only through a six-run explosion personally engineered by young Kenneth Penner in the eighth inning of the first game. Penner had followed Bush and Nehf into the box, and was in possession of an 8 to 8 tie when the Cardinals came to bat in the eighth to pound out a 14 to 8 decision. The Cubs won the nightcap, 8 to 3.

Home runs were plentiful in the double clash between the new champions and the old. Hack Wilson hit his thirty-sixth, keeping pace with Ott, who, with Wilson, moved to within one of Klein, the leader, and Hornsby landed his thirty-third.

The immediate designs of the Phillies against fifth place were frustrated by the Robins, who made off with both decisions in a doubleheader at Baker, bowl by scores of 4 to 3 and 9 to 7.

Larry Benton's pass to George Sisler with the bases full of Braves in the tenth gave the Bostonians an 8 to 7 decision over the Giants after Melvin Ott's homer had tied the score in the ninth.

The race for third place in the American league remained close, with Cleveland one and one-half games ahead of St. Louis. Wesley Ferrell pitched the Indians to a 7 to 2 victory over the Tigers, and Johnny Ogdan brought the Browns home ahead of the White Sox by the same score.

The Red Sox closed their series at home against Washington with a 5 to 1 victory.

**GREAT BOBBY IS EASY MARK IN HARD PLAY**

PEBBLE BEACH, Calif., Sept. 5. (AP)—Like the boxer who left his punch in the gymnasium, it now seems the great Bobby Jones, after coming all the way across the Rockies to show the boys out here how he does it, left his par-eracking game in the practice rounds. Unquestionably below his best form, Jones was eliminated yesterday in the first round of the national amateur golf championship by the first tournament ever held in the far west.

Johnny Goodman, 20-year-old Omaha, Nebraska, star, accomplished the downfall of the national open king and four-time amateur title holder, by the narrow margin of one up in a match decided on the home hole, but actually tossed away by the defending champion on the 14th. Goodman in turn was knocked out of the tournament in the second round by another giant-killer, 18-year-old William Lawson Little, Jr., of San Francisco. But for the day, at least, the Cornhusker enjoyed the rare thrill of fairly beating the world's most renowned exponent of the royal and ancient game.

The outcome of the hectic first two rounds of match play left eight players—three from the Far West, three from the East, one each for the Midwest and England, to battle it out today in the 36-hole quarter finals. In this free-for-all scramble for the crown lost by Jones, these contestants were paired today as follows:

Cyril Tolley, British champion, vs. Dr. O. F. Willing, Portland, Ore.; Jess Sweetser, New York, vs. Chandler Egan of Medford, Ore.; George Voight, New York, vs. Harrison Johnston, St. Paul; Francis Ouimet, Boston, champion in 1913, vs. William Lawson Little, Jr., San Francisco.

They were to play 18 holes, starting at 9 a. m., with ten minute intervals, and another 18—or less—beginning at 2 p. m.

**HITTING SPREE IN TEXAS LOOP ENDS SHARPLY**

BY GAYLE TALBOT, JR.  
Pitchers enjoyed a large afternoon in the Texas league yesterday, turning three shutouts, not counting a 0 to 0 tie, and four one run games.

Dallas and Wichita Falls, in their double header in Steer stadium, displayed the best pitching of the day, the two teams scoring but three runs between them in 16 innings.

Wichita lost the first game, 1 to 0, when Charlie Barnabe, who has been in a bad slump, turned in a 3-hit game. The second game was a 1 to 1 standoff, but the hits were more frequent.

In spite of the fact they didn't win anything in Dallas, the Spudders gained a few points in the league standing over their nearest rival, Houston, as the Buffs dropped both ends of a double header in Beaumont. Flint Rhem's string of wins was broken at 8 when the Exporters won the first game 2 to 3. Vaughn held Houston to 2 hits in the nightcap while his teammates collected 10 to win, 8 to 0.

Hank Thornmahlen turned in the most spectacular individual pitching feat of the day, mowing down 15 San Antonio batters and allowing only three hits. This was the best strike-out record for one game made this season. The Cubs, in the meantime, hit freely and won 4 to 0. The second game was tighter, San Antonio winning 3 to 1.

The double shutout occurred at Shreveport where Meadows and Williamson allowed one hit each in the five inning second game between Shreveport and Fort Worth, with the result that the score was 0 to 0 when the game ended. Shreveport won the first game 8 to 4, the freest hitting and scoring of the day.

**Pacific Coast**  
Mission 4; Sacramento 3. (11 innings).  
San Francisco 12; Portland 11.  
Hollywood 6; Oakland 4.  
Los Angeles 9; Seattle 4.

**Booster Station Resumes Pumping**

Besides the present cold spell, another indication that summer is on the wane bobbed up yesterday afternoon when the Empire Booster station began pumping its daily 100,000,000 cubic feet of gas through the 20-inch line to Kansas City. The station has been shut down since late May when hot weather caused the decline in gas consumption and overhauling of the plant began.

The cold wave and the fact that other pumping stations of the company are shut down for repairs were responsible for the re-opening, officials said. Unless a lengthy spell of hot weather sets up in the next month, the station will continue to pump gas until next summer and hot weather. The line supplies Kansas City, Wichita, and other Kansas towns with gas.

**West Texas Loop Tied for Pennant**

COLEMAN, Sept. 5. (AP)—Midland and Coleman meet here this afternoon for the seventh and decisive game of their playoff series for the West Texas league championship. They stood at three-all. Pitcher Kowalk holding the invading Colts to four hits in yesterday's contest her cand winning, 5 to 2.

**Veterans Lose in Texas Golf Meet**

WICHITA FALLS, Sept. 5. (AP)—The veteran Tommy Cochran having fallen at last in his campaign to regain some of the golfing fame he once held, two youths were left today to try for the Wichita Falls golf and country club championship.

Cochran, of Wichita Falls, former state titleholder, was defeated yesterday by Jack Jackson of Dallas 4 and 2 while Gus Moreland, also of Dallas, downed Morris Norton, Wichita Falls, 4 and 3, to go into the finals.

The Vatican is campaigning for closer churches in Italy.

### Chrysler Will Be Handled by New Auto Firm

T. K. Underwood and Baker, Salsbury have announced the opening of a Chrysler agency for Pampa and the surrounding territory, under the name of "Underwood Motor Company." Final details of securing the agency were completed yesterday in Amarillo with the Panhandle Motor Company, district distributors of the Chrysler.

Mr. Underwood said the local company already has cars here to be sold. Until they can lease a suitable building or construct one, which they plan to do in the immediate future, Mr. Salsbury and Mr. Underwood will carry on their business at Bill Clark's Car Storage, west of the New Schneider hotel.

Mr. Underwood has been in the motor car sales business in Pampa the last four years. He established the Underwood Buick company, which later became the Pampa Buick company. Mr. Salsbury, a resident of Pampa for seventeen years, several years ago had the local agency for Hudson and Essex cars. More recently he has been an oil operator.

### Prominent Men and Women Talk at School Meeting

CANYON, Sept. 5. (Special)—More than 1,000 teachers of the West Texas Teachers Association representing 18 Panhandle counties closed their annual Institute here yesterday afternoon. The Institute was in charge of Professor F. E. Savage, principal of the training department of the West Texas State Teachers college.

Members of the faculty were Dr. T. D. Brooks of Waco, Dr. W. L. Hughes of Texas A. & M., Dr. R. P. Jarrett, dean of the West Texas State Teachers college, Miss Harriet Kritzer of Amarillo, Miss Annie McDonald of Amarillo, Professor J. R. Rutland of Austin, and Miss Elva Fronbarger, critic teacher and Miss Ada V. Clark, public school music instructor, both of the West Texas Teachers college.

Special lectures were given during the sessions by Superintendent S. M. N. Marrs, Austin, state superintendent of public instruction; Hon. Rush Caldwell, Dallas, president of Texas State Teachers association; Roy Bedichek, Austin, chief of the Intrascloastic League bureau; President J. A. Hill, Canyon; Hon. J. O. Guleke, Amarillo, member of the board of regent of West Texas State Teachers colleges; Hon. C. C. Small, Wellington, state senator; Hon. Marvin Jones, Amarillo, member of Congress; Miss Eula P. Hunter, Fort Worth, president of classroom teachers organization of the National Education association; and Mrs. J. M. Crane, Claude, president of the 8th District of Parent-Teachers association.

### Magnolia Employee Dies on Wednesday

Richard W. Wilde, 46, employe at the Magnolia pumping station near Pampa for the past two and one-half years, died Wednesday of typhoid fever in a local hospital. He had been ill for the past month.

The body was sent overland in a Malone car to Clarendon Wednesday evening and was sent by train from there to Electra where funeral services will be held today at the First Baptist church with the Rev. W. W. Rivers in charge. The body will be buried in Electra cemetery.

Mr. Wilde is survived by his wife and foster daughter, Blanche Stanford, who accompanied the body to Electra. The family had lived on the Magnolia lease for the past two and one-half years. Mr. Wilde was a native of Pennsylvania, coming to Electra from that state several years ago.

England is enjoying a scarcity of mosquitos due to the long drought.

A Kansas City greeting card firm recruits its budding artists from high schools.

### This NEW DUST DISINFECTANT Treats all Seed Grains

Grain farmers, who know that seed treatment can save crop losses by controlling diseases, are turning by thousands to the new effective dust disinfectant—Du Bay Ceresan—which controls 9 destructive diseases of the 5 leading grain crops—wheat, oats, rye, barley and sorghum.

CERESAN will not clog or corrode the drill. Easily applied as a dust; no soaking. Harmless to seed. Use only 2 oz. per bushel of seed wheat, rye and sorghum; 3 oz. per bushel of oats and barley.

### Pampa's College Students Prepare to Leave Within Month for Schools—Choice of Dozen Freshmen Interesting

## Social Calendar

### THURSDAY:

The Young Women's Auxiliary of the Baptist church will meet at 8 o'clock in the home of Miss Ellen Nabers.

The annual election of officers of the Women's auxiliary of the American Legion will be held at Legion hall at 4 o'clock. Reports of delegates to the state convention also will be heard. Officers urge that all members attend the meeting.

### FRIDAY:

The Azar class of the First Baptist Sunday school will have a social meeting in the church parlors, beginning at 7:30 o'clock.

A regular meeting of the Order of the Eastern Star will be held at 8:15 o'clock, when members will vote on an amendment to raise membership dues and initiation fees. It is urged that all members of the chapter attend.

### SATURDAY:

The Joy class of the Methodist Sunday school will hold a cooked foods sale at the Oil Well grocery.

### Joy Sunday School Class Entertained at Slumber Party

Mrs. Raymond Harrah, teacher of the Joy class of the First Methodist Sunday school, entertained her pupils with a slumber party at her home Tuesday evening. Games were enjoyed during the evening, and the next morning a three-course breakfast was served at a prettily appointed table.

Those present were: Miss Lela Johnson, Miss Gertrude Downs, Miss Gay Fagan, Miss Dorothy Doucette, Miss Justine Husted, Miss Janet Price, Miss Druella Morgan, Miss Frances Campbell, Miss Dorothy Dodd, and Miss Virginia Hawkins.

### NOTICE TO AUTOMOBILE DEALERS AND MANUFACTURERS

Sealed proposals will be received by the City Commission of the City of Pampa until 8 p. m. Monday, September 16th, 1929, for the purchase of one Sedan model automobile.

All bids must be addressed to the City Manager, City of Pampa, and must include specifications of model of car and date when same can be delivered, and by whom manufactured, and form of written guarantee that will be executed if and when purchase is made.

Signed: D. W. OSBORNE, Mayor. F. M. GWIN, City Manager.

will attend the Canyon school. Miss Maxine McKinney and Miss Betty Louise Glover have selected the College of Industrial Arts at Denton for their freshman year. Miss Evelyn Zimmerman and Miss Ruth Noel will represent Pampa in the freshman class of Texas Women's college at Fort Worth.

Archie Lee Walstad and Troy Stalls, stars in high school athletics the last two years, will go to Southern Methodist university at Dallas. Bob Kahl, another of the Harvester stars, is to attend Tulsa university.

Miss Dorothy French of Higgins, who made her home with Mr. and Mrs. Dave Pope last year and attended Central high, has written friends here she probably will go to Colorado Woman's college at Denver. Miss Fern Hughes will attend Northwestern university at Evanston, Ill., specializing in interior decoration.

Ghester Carson will study commercial art in Chicago. Arts Institute. Miss Retha Lester will go to Huntsville to attend Sam Houston State Teachers college, there to carry on the tradition of other members of the family who have been students of the college.

Donald Zimmerman, son of Mr. and Mrs. E. D. Zimmerman, and a brother of Miss Evelyn, will enter A. & M. college, where Billy Hyde, a classmate, and son of the Rev. and Mrs. A. A. Hyde, also will be a student there.

Miss Virginia Faulkner, Miss Melba Graham, and Miss Claudine Pope selected their alma mater before their graduation from high school last spring. The three elected to attend a junior college for their first year, selecting Stephens college at Columbia, Mo.

Miss Elizabeth Graham, although not a graduate of the local high school, will be among Pampa's college freshmen. She, too, is to go to Columbia, Mo., to enter Christian university. She plans to major in Journalism.

Miss Catherine Vincent, daughter of Mrs. W. P. Vincent, probably will attend T. W. C., at Fort Worth, although she is not yet entirely decided.

Among the "old guard," few changes will be made in the schools to be attended. Kenneth Ferguson and Alfred Gilliland will leave next week returning to Oklahoma university at Norman.

Clifford Braly, Jr., will return to Texas university, Austin, to continue his law course. Willard Johns also will return to Texas U.

Burnham Briggs doubtless will enjoy initiation or having ceremonies at A. & M. college more than usual this year, since he will be an upper classman, with home-town material among the unfortunate "fish."

Hallie Gantz left yesterday for the early opening of Randolph college at Cisco. Returning for his second year, he was accompanied by Frank Crockett. Thomas Clayton, Jr., will return to Trinity university at Washburne.

Miss Elizabeth Corson, who last year and the year before attended Trinity, will not return. She plans to enter the University of California later in the year, probably for the second semester.

George Walstad, Jr., a student in the University of Minnesota the last two years, this year will be at the University of Texas.

Entering Randolph College  
Hallie Gantz and Frank Crockett left yesterday for Cisco, to enter Randolph college.

Will Visit Cavern  
Mrs. Grace Higgins, secretary of Stuckey Construction company, and Mrs. M. P. Downs, public welfare nurse, left this morning for Carlsbad N. M., where they will spend the remainder of the week and visit the cavern. They were accompanied by Mrs. J. C. Jackson of White Deer.

Clarendon Man Is Visitor  
John Beverly of Clarendon was in the city yesterday.

Clean greasy things this easy way

### Let your motor share in the fun, too! use KOOLMOTOR —the original green gas

The modern car is a willing worker. But warm weather takes its toll of it, just as it does of you. If it is to serve you efficiently, you must see to it that it does not become over-heated. That means giving it the right nourishment.

Of all power-building, health-preserving motor diets, none excels KOOLMOTOR Gasolene, the new high-test, anti-knock gas. It will show you performances you didn't know were in your car—smooth, sure acceleration, silent speed on the hills, cool, even-running motor with never a knock or a groan from an over-heated engine. You'll find you have a new motor in your car—swift, silent, powerful.

## Strength to the one . . . to the other speed

NATURE seldom gives the maximum of two good qualities to any animal, plant, mineral or any natural oil. Most motor oils are made from crude oil that has a paraffine base or another crude oil with a naphthene base. Both these crude oils have qualities peculiar to themselves. The chemists of the Gulf Refining Company chose the best paraffine and naphthene crude oils and after exhaustive research finally succeeded in perfecting a blend of the two, which is

Fair Retail Price 30c per Quart for All Grades

## SUPREME MOTOR OIL

This two-base oil is especially made for today's high-compression high-speed motors.

The SAINING TALENT By ELEANOR EARLY

THIS HAS HAPPENED MOLLY BURNHAM, conventionally successful young playwright, has returned from Europe, to resume the care of little RITA NEWTON, daughter of RITA's dead roommate. BOB NEWTON, Rita's father and RED ELYN, a particularly fond, meet Molly in New York, and travel to Boston with her. JACK WELLS, Molly's sweet-heart, was also at the pier, when the boat docked. But Jack saw RED ELYN with his arm about Molly, and left the dock angrily. Molly telephoned him later at his office, reproaching him for his foolish jealousy, and asking him to take her in triumph. Jack says he is sorry, but he has an engagement with an important client, Mrs. Bulwer-Eaton. Molly is hurt and angry, and decides it doesn't pay to love a man too much. Red Elyn reads the script of a new play Molly has written, and declares that it is better than "The Death of Delphine Darrows," which has already made her famous. When they reach Boston, Molly and Bob take a taxi to Bob's flat, and Bob tries to tell Molly of the girl she will meet presently. A girl who is supposedly caring for little Rita. NOW GO ON WITH THE STORY CHAPTER XXIX BOB was so genuinely distressed that Molly felt uncomfortable for him. "A friend of Rita's" she prompted, willing to help him out. "Oh, no—Lord no!" He took off his derby, and mopped his forehead. He straightened his tie, and tugged at his collar. "The fact is," he blurted, "she's a... a... well, sort of a cheap little thing, Molly. But she's a decent sort, really. And she's awfully good to little Rita."

Receipts from boxing bouts in Missouri during July were more than double those of the same month last year.

Missouri is said to have the lowest state property tax levy of any state.

### Fourth Fathree Store Is Opened

The fourth and most handsomely equipped of the Fathree drug stores was opened today in the new Rose building, and in connection with it, the company's large warehouse in the basement. Many visitors took advantage of the occasion this morning to inspect the new store, and still larger numbers were expected for the afternoon and evening.

The new establishment, known as Fathree Drug No. 4, occupies a 26 1-2 by 64 foot space on the west side of the ground floor. The walls half way to the back are a story and a half high. The half facade of the offices above is made an interesting architectural detail by inlaid panels of brilliant design.

The store is owned by V. E. Fathree and his son, Clyde Fathree, who have been in the drug business in Pampa for the last nine years. Their first store here, still operated under the name of Fathree Drug No. 2, was the beginning for three stores in the city and another established several months ago at LeFors.

E. A. Hampton is manager and pharmacist. He came here from Byrger, where he was with the M. C. Anderson drug company. He was formerly with the same company in Fort Worth.

R. D. Morris, a member of the Fathree staff since the year after the first store was opened, will be in charge of the warehouse and will assist in the management of the store. Young Gene Fathree, Bob Gilliland, and F. Kelly will also work there.

**BRITISHER BEHIND**  
**PEBBLE BEACH, Calif., Sept. 5.** (AP)—Dr. Oscar F. Willing, veteran campaigner from Portland, Ore., was two up on the British champion Cyril Tolley today at the end of 18 holes of their 36-hole quarter final match in the national amateur golf championship.

Ernest Beell, strong man of Charleston, Ill., fell 126 feet from a water tower and sued the city for the time he was unable to work. He landed in mud.

## Markets

**Chicago Grain**  
KANSAS CITY, Sept. 5. (P)—Hogs: 7,000; steady to 15 cents higher; top \$10.90 on choice 190-210 pounds; packing sows 7.75 to 9.00.  
Cattle: 3,500; calves: 1,000; steady; slaughter steers, good and choice 950-1500 lbs. 12.00 to 16.25; fed yearlings, 750-950 lbs. 12.00 to 16.00; cows 7.50 to 10.75; vealers 9.00 to 14.50; stockers and feeder steers 10.00 to 13.00.  
Sheep: 8,000; lambs 15 to 25c lower; lambs 12.00 to 13.10; ewes 4.00 to 5.35.

**Chicago Grain**  
CHICAGO, Sept. 5. (P)—Wheat: No. 3 yellow hard 1.26; No. 1 northern spring 1.29.  
Corn: No. 4 mixed 1.01 1-2; No. 1 white 1.03.  
Oats: No. 2 white 46 to 1-2; No. 3 white 46 1-4 to 47 3-4.

Bearish locals sold wheat down at the last and the close was at the bottom mark for the day, ranging 1-4c higher to 5-8c lower than yesterday, September holding the best. Corn finished weak, 1-4 to 1 1-2c lower. Oats closed easy, 1-8c higher to 3-8 to 1-2 lower, and provisions easy, unchanged to 10c down.

**Wheat Is Firmer**  
CHICAGO, Sept. 5. (P)—Wheat opened on firmer basis today because of relative strength of Liverpool, higher than due.

Opening prices were 1-4 to 7-8c higher than the gains were extended to about a cent during the first hour. Corn, on the other hand, started 1-8c higher to 1-2c lower and later lost ground on bearish weather reports. Oats were 1-8 to 1-4 to 3-8c higher at the outset and provisions quiet.

A barber and banker in Lawton, Okla., prefer foot racing to the Hollywood diet for reducing. Their "run an hour" club functions before breakfast each morning.

Taxes are paid on 6,000,000 bicycles in France.
