

TENNESSEE NEGRO IS LYNCHED

Plane Race Across Atlantic Is Halted by Accidents This Morning

YELLOW BIRD DAMAGED AND FORCED BACK

Motor Vibration Is Blamed as Seam in Tank Opens

'GREEN FLASH' GROUND LOOPS

Wheel Sinks in Sand and Ship May Be Strained

OLD ORCHARD, Main, May 29—(AP)—Trans-Atlantic flights of the monoplane Green flash and Yellow Bird were definitely postponed for today after take off attempts ended in near disaster.

OLD ORCHARD, Me., May 29—(P)—A friendly airplane race across the Atlantic was begun on this sandy beach today but ended, at least for the moment and possibly for the day, almost before it started.

The American monoplane Green Flash didn't even get off the beach, one wheel dropped into soft sand on the take-off and whirled the ship in a wracking ground loop that spilled gasoline and necessitated thorough investigation for possible damage due to strain.

The French monoplane Yellow Bird got into the air but a seam in one of the wing tanks opened, and it returned after a 20-minute struggle to gain altitude.

How soon the planes could be prepared for a second attempt was not immediately known, but it was generally felt the takeoff had been delayed at least for several hours and many felt that in order to get a full day of flying at the beginning of the flight the aviators would postpone their next start until tomorrow.

The American plane was manned by Roger Q. Williams and Lewis A. Yachy, the French by Rene Lefevre, Jean Assolant and Armento Lotti.

Lotti indicated he would begin immediate preparations for a second takeoff. Motor trouble was said to have caused his return hardly more than 15 minutes after a hard won take off from the beach.

He had great difficulty in getting his heavily laden ship into the air and was approaching a steel amusement pier before he had gained any appreciable altitude. He was forced to turn out to sea with such scant clearance that one wheel of the craft once actually touched the water.

Farm Expert Has Done Much Good

At 8 o'clock tomorrow night in the Chamber of Commerce rooms in the White Deer building, Delos James, agricultural expert with the United States Chamber of Commerce, will address farmers and local men on subjects of great interest at this time.

Mr. James has made a life study of that line of work and through him many communities have been benefited. He will tell the farmer ways and means of improving his land to give better crops. He will talk on the benefits of diversification.

THE WEATHER VANE

WEST TEXAS: Generally fair tonight and Thursday except local showers in southeast portion tonight.

—AND A FROWN DOUGLASSON, N. Y.—(AP)—Stolen, one whole gold green, the fifth at the North Hills club, consisting of 300 square feet of mitty sod. It vanished during the night. By marks of truck wheels it was traced to a cemetery, which had purchased it from the thieves. The replacement cost is \$2,000.

Indian Girls Are Curtis' Cousins

These pretty Pottawatomie Indian maidens are blood cousins of Vice President Charles Curtis of Kansas. They are Pauline, top, and Vivian Harrington of Arkansas City, Kas., where they are earning their way through school by waiting on table. The Pottawatomies and Kaws, to which tribe Curtis belongs, were neighbors for years in northern Kansas are closely related by intermarriage.

STATE PRO LAW IN WISCONSIN IS NULL AND VOID

MADISON, Wis., May 29—(P)—Governor Kohler today signed the bill repealing the state's prohibition enforcement act.

The governor by signing the bill obeyed the mandate of the people who in an election this spring voted by a majority of nearly 150,000 for repeal. The bill was passed by the assembly a month ago and two weeks ago by the senate.

The governor announced he had signed the bill "in fulfillment of the mandate of the people, overwhelmingly expressed in the recent referendum." Gov. Kohler's signature of the bill, which leaves the entire enforcement of dry laws in Wisconsin to federal agents, was followed by a statement that the 18th amendment provides that "the congress and the several states shall have concurrent power to enforce this article by appropriate legislation."

The governor believes "this imposes no obligation on the states, but leaves it optional with them as to whether or not they will exercise their concurrent powers."

McConnell Well Is at 1,764 Feet

The McConnell Oil company's test in Carson county is drilling ahead rapidly and is in red bed and salt formation. The well was spudded in eleven days ago and since that time 1,764 feet of hole has been made and three strings of casing set. Drilling is with standard tools. The West Drilling company is drilling the test.

This new test is less than two miles west of the Gray county line and is just west of the Noel-McConnell pool. The location is in section 65, block 4, on Mrs. McConnell's land. The McConnell Oil company was formed two weeks ago. Many local residents are interested in the test through the purchase of stock in the company, which was incorporated for \$100,000.

ROTARIANS DIG INTO BIG WORK OF CONVENTION

Status of Women One of Problems of Session

'ANNS' ALREADY FORMING CLUBS

Group Meetings Being Held at Dallas Today

DALLAS, May 29. (P)—Raymond J. Knoepfel of New York and Eugene Newsome of Durham, N. C., were the only candidates nominated for the presidency of Rotary International here today. The election will be held tomorrow.

Newsome was nominated by Bruce B. Boney of Cisco, Tex., and Knoepfel by Leonard T. Skeggs of Youngston, O. Rufus F. Chapin of Chicago was re-nominated for treasurer by Will R. Manier of Nashville, Tenn., and no opponent was placed in the field.

After attending 12 sectional meetings, delegates went into a general assembly at 11:30 a. m.

DALLAS, May 29. (P)—Rotary International's twentieth annual convention today was down to hard work here.

Welcomes, registrations, introductions, acquaintance meetings and all preliminaries over, the delegates yesterday were aided in keeping their minds on business by rains which kept pleasure-seeking outside convention hall at a minimum.

Intensive work on the convention program was interrupted for a Rotary tribute and greeting to Reginald Robbins and James Kelly, pilots of the airplane, Fort Worth, which broke all records for sustained flight.

One of the major problems presented was by President I. B. Sutton who said recognition of women of Rotary should be determined by Rotary legislation. He made no recommendations, but said many groups of women of Rotary were meeting in many cities and said it was up to the organization to determine whether they should be encouraged.

The early part of today's program was based on group work.

Breakfasts for incoming district governors, outgoing district governors, club publication editors, boys work committees and Canadian delegates, each separate, was on the program at downtown hotels preceding the group meetings at Fair Park. These meetings were routine in nature, including discussions in membership, classification, programs instructing prospective members, attendance, club finance and similar subjects.

The first convention general session of the day called for preliminary reports of committees and nominations for officers and directors. These officials will be elected at the opening session tomorrow.

Champlin Well Is Drilling Deeper

Spraying at the rate of 15 barrels an hour, the Champlin Refining company's No. 1 McLaughlin in the northeast corner of section 28, block B-2, H. & G. N. survey, is being drilled deeper this afternoon. Drilling stopped yesterday when the oil was encountered but the test failed to blow itself in as other wells in the territory have done. The hole was cleaned out this morning and drilling ahead started at noon.

This test is a south offset to the Maryland Production company's No. 2 Finley-Brown, and a diagonal offset to the company's No. 2 Cook-Faulkner which is making 6,500 barrels a day.

Maryland Production company's No. 1 in the northeast corner of section 32, block B-2, the discovery well of the new pool, came back strong yesterday and flowed 1,000 barrels. Pay in the Maryland test ceased when the big gas was encountered in the Operators' test, a diagonal offset.

D. W. Winger, employe of the Champlin Refining company is in the McLaughlin & Connor hospital suffering from injuries sustained yesterday.

MANY COMBINES SOLD

Song of Cycle to Be Heard Very Soon

Pampa implement men have sold 48 combines to wheat farmers in this territory this season. The demand has been as great as ever seen here, dealers declare.

Despite heavy winds, which caused damage to wheat crops, and lack of rain early in the year, wheat prospects far exceed last year's production, elevator men and implement dealers say.

A distinct price worry perturbs the minds of farmers in this territory. However a heavy carry-over is reported and prices have dropped to a new low level.

It is estimated that the Panhandle will produce more than 30,000,000 bushels, and the recent price slumps mean a loss of several millions of dollars to Panhandle farmers.

Numerous factors are held responsible of the low prices. A glutted market is claimed as the chief cause. Exports for the last year dropped more than 50,000,000 bushels, statistics show. Farmers holding grain hoping for higher prices is another reason given for the slump in prices.

Local farmers and elevator men are reticent about the price situation but believe they will be lucky to get 90 cents a bushel. Wheat is well advanced in growth and cutting is expected in June 15. Wheat heads are large and seem full and a 20-bushel crop is looked for in many sections.

Alleged Kidnaper And Girl Found in Massachusetts

NEW BRADFORD, Mass., May 29—(AP)—Corroborated in his story by Miss Fannie Lee Minter, 16-year-old Austin girl with whom he was arrested here yesterday, Jack W. Griffiths, former swimming instructor at Deep Eddy pool in Austin, told police and a department justice agent that he brought the girl here from her Texas home only after she had threatened to commit suicide because of her love for him.

Lost Bit Delays Water Well Work

A lost bit in the new city water well has delayed development for a week, but Mr. McDonald expected to find it today. The well had been drilled to total depth, 400 feet, when the bit was dropped.

As in all the wells, a different formation was encountered in the new one. Unlike the last well completed, very little caving was encountered and drilling was more rapid. A heavier shale formation was picked up, necessitating the use of several bits.

When completed, the new addition to Pampa's water supply will have a capacity of 1,000 gallons a minute. On top of the 500-gallon a minute well just completed, the city's water supply will be adequate to serve a city of 20,000 population.

The new test should be completed within the next three weeks, Andy Crocker, water superintendent, says.

Gun Club May Be Formed Tonight

All sportsmen interested in the organization of a gun club are urged to attend a meeting at the Chamber of Commerce rooms tonight at 8 o'clock. The meeting will be in charge of A. E. Dyer of Amarillo the Pampa Rifle club.

More than 50 men attended a shoot at the rifle range Sunday afternoon, when W. C. Dever of Amarillo supplied a trap for the occasion. Several good scores were made despite the fact that no shooting had been done in several years by the members.

There have been two "steel" clubs in Pampa and several local citizens are crack shots.

D. W. Winger, employe of the Champlin Refining company is in the McLaughlin & Connor hospital suffering from injuries sustained yesterday.

Boy, 6, Convicted of Murder

A sentence of 15 years in the reformatory was imposed on Carl Newton Mahan, six-year-old boy, of Paintsville, Ky., after a jury found him guilty of manslaughter. In a quarrel over some scrap iron, the boy killed Cecil Van Hoose, his eight-year-old playmate, by firing a shot gun at him. The picture shows him with his attorney, who is planning to appeal the case. Should the sentence be upheld by higher courts, he would have to stay in the reformatory until he comes of age.

COL. GUY GREEN WILL SPEAK TOMORROW AT MEMORIAL DAY SERVICES—PARADE PLANNED

Col. Guy Green is Here For Campaign With Presbyterians

Col. Guy W. Green of Kansas City arrived this morning to take charge of the enlistment campaign at the Presbyterian church. He came by bus from San Angelo, where a similar campaign closed Sunday night.

He will speak at 8 o'clock tonight on "Give More of Yourself." Thursday night the local Moose lodge and their families have been invited to the services, and seats will be reserved for them. Other organizations will be asked to visit for a special service later in the meeting.

Presbyterians and their friends from White Deer will be present Sunday night, and Mrs. J. C. Jackson will render a solo on that occasion. The Presbyterian church is one of the youngest churches in Pampa, but has had a steady growth thru the work of an active, enthusiastic, friendly congregation. It is expected the work of Col. Green will materially strengthen the entire church life.

Mr. and Mrs. Clifford Braly are attending to business in Dalhart.

The little daughter who was born Monday to Mr. and Mrs. B. F. Reno has been named Jacquelyn Florence. Mr. Reno is a member of the advertising staff of the Pampa Daily News.

ATTACKER IS HANGED WHEN MOB GATHERS

Youth Is Taken From Jail by Hundred Citizens

NIGHT ATTEMPT BARELY AVERTED

Relatives of Woman Pleaded With Crowd

ALAMO, Tenn., May 29—(P)—A mob of about 100 men today entered the Crockett county jail here, removed Joe Boxley 19-year-old negro accused of attacking the wife of a justice of the peace and hanged him on a tree 4 miles from town.

The negro was taken from the jail about 4 o'clock this morning and his body was found shortly afterwards. On the tree with the body was a cardboard on which was written "Let this hang here until 4 p. m., Thursday."

ALAMO, Tenn., May 29—(P)—Joe Boxley, 19, negro accused of attacking a white woman near here yesterday, was taken from the Alamo jail early today by a band of men who forced their way into the home of Sheriff Carl Emmerson and took the key to the jail. A rope was wound around the negro's neck as he was taken away.

The negro had been arrested in Gibson county and placed in jail at Trenton. A crowd last night stormed the jail at Trenton and knocked down the front door at the home of Sheriff G. A. Bradshaw.

Bradshaw and two other officers succeeded in spiriting the negro away and bringing him to Alamo. He had been in jail at Alamo only about half an hour when fifteen or twenty automobiles arrived and a mob demanded the negro.

TRENTON, Tenn., May 29—(P)—The fury of a mob seeking a young negro held after an attack upon a white woman was exhausted last night in fruitless battering against the walls of the county jail, and today the several hundred men had headed the plea for peace made by relatives of the woman.

Sheriff Aubrey Bradshaw barricaded himself in the jail with other officers and the negro, Joe Boxley, 18.

Boxley was captured yesterday. The negro was working in a nearby field about the time the attack occurred. The woman was badly beaten.

McConnell Well Drilled to Pay

The McConnell pool, four miles west of here, got another producer yesterday afternoon when the E. P. Harwell test in the northeast corner of the southeast quarter of section 187, block 3, T. & G. N. survey, Gray county, encountered the pay. The first 24 hours the test made 400 barrels.

First pay in the new producer was encountered from 3,166 to 3,173 feet. Second pay was found from 2,340 to 2,353 feet in granite wash formation. About 8,000,000 feet of gas was picked up between the two pays.

This test is in the new found bigger pay opened up by the Southern Petroleum Exploration company's two wells in section 174, block 3. It is a diagonal offset to that company's No. 3 which came in for 1,300 barrels but dropped to 400 barrels.

The Prairie Pipe line company is taking the oil, and announces it as being 46 gravity, corrected. This is the highest grade crude found in the Panhandle. In section 187, the Herrogan Oil company has made a location to drill its No. 1 McConnell in the northwest corner of the southwest quarter of section 187, block 3. The new location is over the line in Carson county.

Derrieks are up for the Shell Petroleum company's No. 3 McConnell in section 174, block 3, and the Texas company's No. 1 Archer in the same section.

Pampa Daily News

Published every evening (except Sunday), and on Sunday morning by the Pampa-Warren Publishing Company, Inc., corner of West Foster and Broadway.

All rights of reproduction of special dispatches herein are reserved.

Subscription rates table with columns for One Year, Six Months, Three Months and rates for Pampa and other locations.

NOTICE TO THE PUBLIC: All erroneous reflection upon the character, standing, or reputation of any individual, firm, company, or corporation...

THE CHILDRESS INDEX: cites a flagrant instance of one of the menaces to youth. Two 12-year old girls were accosted by men in a car and invited to go riding.

An investigation was started after the girls had been questioned and some of the remarks of the men, as quoted by the little girls, noted.

Proper home training is the best safeguard for the young. Ignorance of the motives and dangers in life is even less advisable than it ever was.

The juvenile courts of the country are filled with children who have wandered while their parents thought of other things.

AMARILLO'S ARGUMENT: against the Pampa-Childress railroad proposal is somewhat similar to the longtime practice she has had of claiming all oil development within a 150-mile radius.

In the days when the "great open spaces" were wide open and all things tended to verge toward Amarillo, her arguments would have been tenable.

But this is no longer a mere cattle country. Other communities than Amarillo have developed. It is not convenient to look to Amarillo for all things.

Amarillo's fallacy is that all railroads should lead directly to that city. This scheme would tend to develop Amarillo, but many of the smaller cities would be left out in the cold.

The Fort Worth and Denver Northern railroad plan would not work to the "detriment of West Texas cities," but, on the contrary, would help the smaller cities instead of sacrificing them to the ambitions and growth of Amarillo.

Pampa, Shamrock, Wellington, Childress—these rapidly growing little cities are not going to fall for the idea of humbly sacrificing themselves for the sake of Amarillo.

BY RODNEY DUTCHER: WASHINGTON—Administrations change, but the lame ducks limp on forever. The gent in Congress who is willing to change his political principles can still be reasonably sure of being appointed to something or other when the people of his district or state have booted him out.

The prize lame duck of the season is former Senator Irvine Luther Lenroot of Wisconsin, who has been confirmed by the Senate as a judge of the court of customs appeals. Few lame ducks ever worked as hard as Lenroot toward his reward.

whatever of his one-time political independence. Still, when his term expired March 4, he was given no federal job and accepted a job with the public utility interests which paid him \$29,000.

Subsequently Lenroot saw the handwriting on the wall and grabbed a Hoover banner. It was Lenroot who was given the job of answering some attack on him. Later, according to Senator Norris of Nebraska, Lenroot went down south to round up colored delegates for the national convention.

It was the grateful Mr. Coolidge who first nominated Lenroot. When the Senate failed to act on that nomination at its last previous session

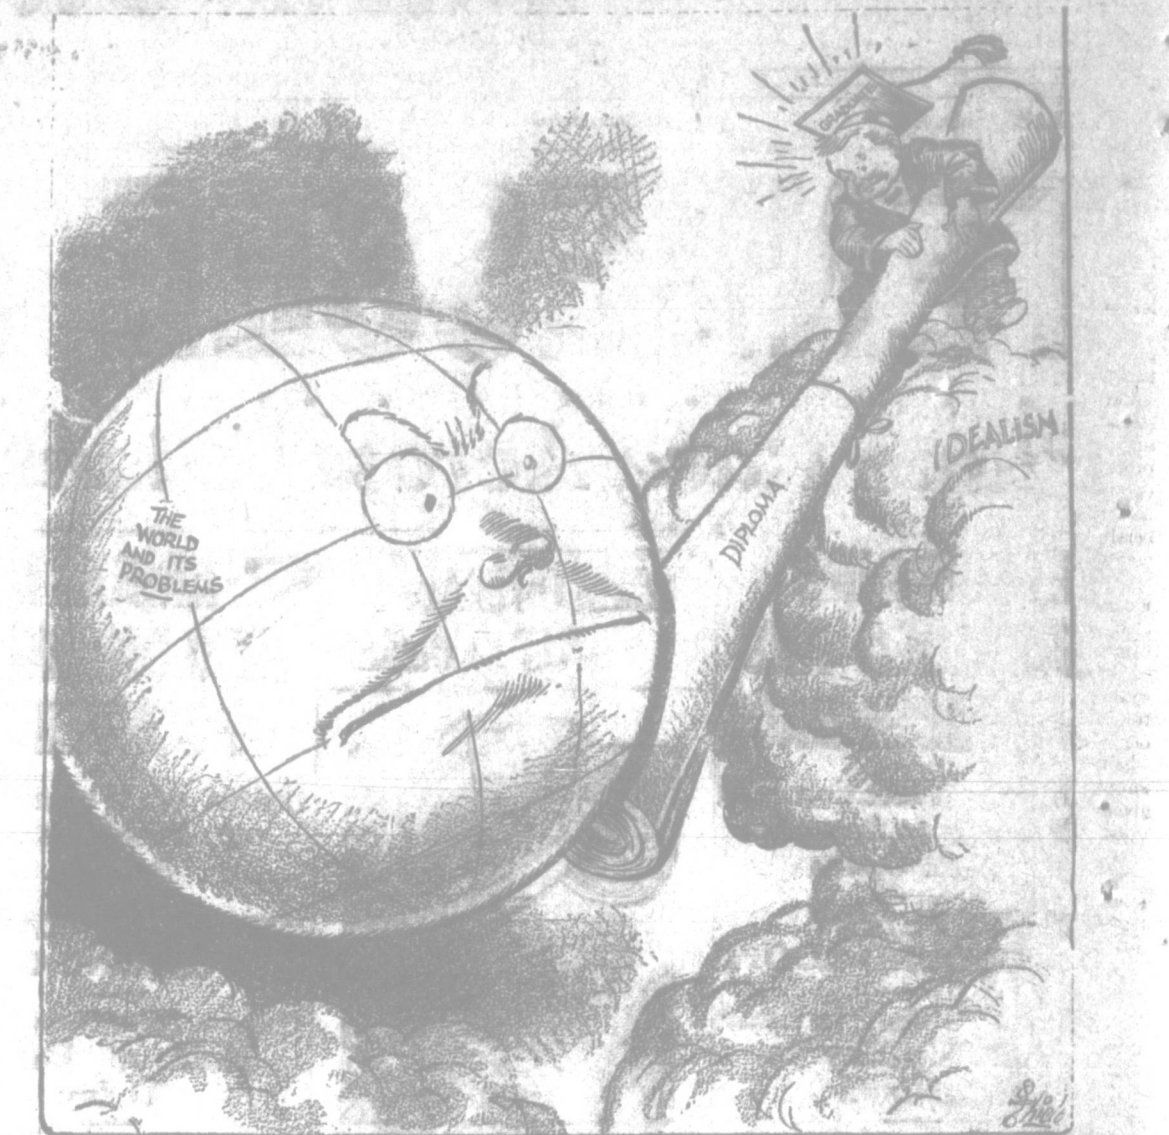

Mr. Hoover put in the nomination again. Lenroot had made himself a fair-haired boy for both presidents.

The reason the Senate progressives so bitterly opposed giving a former senator this soft job was what they considered his treachery to LaFollette and the progressive cause. Lenroot served in Congress for 10 years and up to the time he ran for the Senate, they say, he owed everything he had to LaFollette.

West Texas editors adopted this prayer: "Teach us to drive through life without skidding into other people's business". It takes a skilled driver to do this while other people's hands are trying to get at the steering wheel.

Business and Professional Women's Club Has Enjoyable Social Meeting; Directors Plan Varied Activities

Members of the Business and Professional Women's club met at dinner last evening at the Schneider hotel...

With R. B. Fisher, song leader of the Lions club, directing, the 29 members present spent a part of the evening in learning a group of club songs...

Early in the evening, each member introduced herself to the club by giving her full name and her business or profession, repeating her first name...

Those who attended the board meeting were the following: Mrs. Grace Higgins, president; Mrs. Ralph Butterfield, vice-president; Miss Alta Lagow, secretary; Mrs. Flins Jordan, corresponding secretary; Miss Mabel Davis, treasurer; Mrs. Florence Way, chairman of housing; Miss Lucille Keim, chairman of attendance; Miss Louise Miller, chairman of social; Miss Dee Breeding of the finance committee; Miss Willette Cole, chairman of publicity; and Miss Jewell Flanagan, chairman of membership.

Directors Meet For Business

A meeting of the board of directors was held before the dinner. Mrs. Higgins presented an invitation from the Council of Clubs, asking the Business and Professional Women's club to affiliate with the organization.

Social Calendar

WEDNESDAY: The Ladies' Aid society of the First Christian church will give a benefit dinner at the church at 7 o'clock.

THURSDAY: A called meeting of the Eight and Forty and the American Legion auxiliary will be held at Legion hall at 8 o'clock, for the purpose of installing officers of the Eight and Forty.

FRIDAY: The Council of Clubs will meet at 8 o'clock in the Loyol Women's Sunday school class room at the First Christian church. Mrs. C. E. Hutchins, chairman, has requested that all members be present.

SATURDAY: The Altar society of the Holy Souls church will hold a cooked food sale at Piggly-Wiggly store No. 1 beginning at 9 o'clock.

Mrs. Jack Mason Gives Pretty Party for Bridge Club

Mrs. Jack Mason was hostess to the Kongential Klondike Club for a delightful meeting yesterday afternoon. Her guest list included two friends in addition to the club membership...

Other players were: Mrs. F. M. Culbreath, Mrs. W. H. Lang, Mrs. Roger McConnell, Mrs. Ralph Trimble, Mrs. Lydia Bennett, Mrs. W. P. Byrd, and Mrs. Howard Logan of San Angelo. Mrs. Roy Bouldin also was a guest.

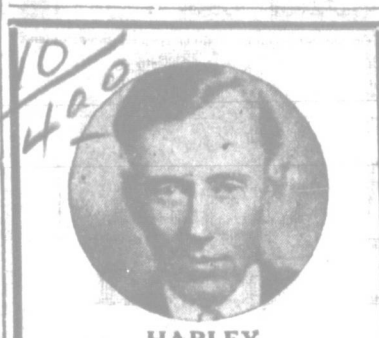

Abilene Baseball Manager's Home Is Damaged by Wind

WICHITA FALLS, May 29.—(AP)—Carl Williams, manager of the Abilene Aces, Spudder "form", was a heavy loser in a wind storm that damaged his home, farm buildings and crops near Santa Anna Saturday night.

Williams' home was blown 100 feet, one tenant house was destroyed and growing crops badly damaged.

LEWIS BEATS STECHER. TULSA, Okla., May 29.—(AP)—A wrestling feud of long standing between two former heavyweight champions of the world was settled here last night when Ed (Strangler) Lewis defeated Joe Stecher of Dodge City, Neb., two falls out of three, for the third time in two years.

Says His Wife Is About Happiest

AMARILLO WOMAN DOESN'T HAVE ANY MORE KIDNEY TROUBLE SINCE ORGATONE RELIEVED HER.

"My wife is about the happiest woman in Texas now, and I believe she would talk all day about this Orgatone," said H. A. P. Williams, living at 1613 Wash St., Amarillo, Tex., the other day.

"Four years ago," he continued, "my wife began to suffer with gall stones and kidney trouble, and she has certainly had her share of pain and misery. She also suffered a lot from the awful condition of her stomach, and every thing she ate would sour. Then gas would form and cause her heart to palpitate so bad that she would almost lose her breath. She was badly constipated all the time, too, and she would frequently have such bad spells of dizziness that she would be unable to do her own housework. All this suffering, finally affected her nerves, and when she commenced taking Orgatone she was almost a nervous wreck. She never slept well and would be so tired and worn out every morning that she was hardly able to get out of bed. All the medicine and treatments she took failed to do her any good, and she finally got to where she was hardly able to get around at all.

### Rains to Force Many Bargain Bills in Texas

By GAYLE TALBOT, Jr.  
Associated Press Sports Writer

A bumper crop of bargain bills is due to be reaped by Texas league fans as a result of continued rains. Scarcely a day has passed in the last two weeks that two or more teams have not been idle or been forced to play on soggy diamonds. In desperation, the magnates have taken to putting on an exhibition unless the sacks are entirely concealed by water, and there have been numerous instances of late where games have been played in veritable quagmires. There was gnashing of teeth in six business offices yesterday as the rain swept away three contests, at Dallas, Fort Worth, and Waco.

Only at Beaumont, where the up-and-coming Exporters hung up their sixth straight triumph at the expense of the San Antonio Indians, 5 to 0, was there activity. The ancient Tom Estell handed the tribe its second whitewashing, Stieley having performed a similar feat the previous day. Both pitchers, incidentally, are Wichita Falls cast-offs.

Dick Moody, the tribe's new chunker from the West Coast, gave as wondrous an exhibition of throwing to the Shippers as could be imagined without considerable effort. He permitted Robby's Macemen only three hits, but that wasn't the half of it, dearie. He issued passes like a wrestling promoter, no less than 11 Exporters reaching first by the gift route. Between times he settled down and cracked four batsmen in the ribs and unlimbered a couple of wild pitches.

### Bracey Captains Rice Track Men

HOUSTON, May 29—(AP)—Claude Bracey, Rice Institute's "Southern Express," has been elected captain of next year's Owl cinder team. He will lead what is expected to be one of the strongest squads ever boasted by the school.

Cecil Keith, star southpaw pitcher, will captain the Institute's 1930 baseball team. J. M. Willis was chosen captain of next year's cross-country squad, and Jake Hess was named to head the tennis team.

J. M. Dodson returned this morning from Dallas where he was a delegate to the Rotary International convention. Mr. Dodson declares that despite rainy weather, the 10,000 delegates seemed to be enjoying Texas hospitality.

### Former Champ Is Threat in Dallas

DALLAS, May 29—(AP)—Eight champions, past and present, are expected to tee off in the 36-hole qualifying round of the twenty-third annual state amateur golf tournament over the Brook Hollow course here June 4.

Jack Speer, Houston, current king of Texas links, will be on hand to defend his title against such stars as Lewis Levinson, San Antonio, 1927 titleholder; Ossie Carlton, Houston, 1926 champ; Tommy Cochran, Wichita Falls; Charlie Dexter, Louis Jacoby, and George Aldredge, all of Dallas, and George Rotan, Houston, each of whom has won coveted crowns at least once.

Of the eight ex-champs who will match shots here, George Rotan the Houston wizard, has by far the greatest record of triumphs. He captured the title five times, in 1912, 1913, 1914, 1915 and 1919. Dexter and Cochran each has won the title twice in succession since Rotan's reign was broken, Dexter in 1921 and 1922 and Cochran in 1924 and 1925.

South Texas, with its Carltons, Speers, and Levinsons has monopolized the crown for three straight years. This trio, with the addition of Reuben Albaugh, young San Antonio sharpshooter, probably will carry the strongest backing in the approaching meet.

### Pampa Nine to Meet Wellington Team on Friday

Fresh from a 16 to 6 victory over the Lubbock Hubbers, a picked nine of local players representing the old Pampa Grays will motor to Wellington Friday to play a team from that town. The Wellington nine is entered in the Texas-Oklahoma league and has an off day Friday.

Manager Manus of Magnolia team will pilot the Grays at Wellington has not announced his line-up but says that it will be the best he can get together. Rowe, with the Grays two years ago, is back in the city and working at Magnolia.

The veteran Ed. Gober took the Grays to Lubbock Sunday and sent Gib Jackson's boys over a tough road. The locals crashed out—senior hits off Howell, a college pitcher, and D. Morgan, Lubbock's manager to get nine safeties off Dickey, Edwards, and Rains.

Gober and Ballew, with three safeties each, were the big noises at bat for the Grays. Roberts, Mangus, Cahill,

### Pirates Sweep to Top of Heap by Thrilling Pace

By WILLIAM J. CHAPMAN, Associated Press Sports Writer.

This mad dash of the Pirates has carried them past the last barrier, leaving the Buccaneers on ever terms with the Cubs, who now invade Pittsburgh to fight for the lead in a three-game holiday series.

Climaxing a sensational month in which Pittsburgh has moved at a gallop just better than 750, Ergin Brame led

the Pirates to a 5 to 2 triumph over Clarence Mitchell and the Cardinals in St. Louis yesterday as the clubs lay idle in a Cincinnati rainstorm.

The clan McGraw put on another homerun party at the Polo Grounds yesterday, defeating Brooklyn by 5 to 3. Ott, Roush, and Lindstrom over matched home runs by Hendrick and Gilbert of the Robins as Carl Mays turned in his first complete game since becoming a Giant last August.

The Phillies, who stand some ten games higher than most observers thought they would stand at this stage of the race, again took the Braves in to camp, this time by 9 to 8.

The Red Sox rallied against Rube Walberg and Bill Shores at Boston yesterday to shade the Macks, 5 to 4, ending the Mackian streak at eleven. The Yankees clubbed four Washington pitchers for sixteen hits to triumph by 12 to 7.

Unmindful of the more highly regarded rivals, the Browns accepted a 5-1 thrashing at the hands of the Athletics at Port Worth, rain.

San Antonio 0; Beaumont 5.

## If a Husky had the Speed of a Greyhound

THE modern, high-compression, high-speed motor demands an oil that will stand up under the excessive heat generated and will function as near perfectly as is humanly possible under the conditions prevalent in today's motors. The problem has been to secure in one oil the best qualities of the finest paraffine and naphthene crude oils. In our laboratories we have perfected a blend of lubricating oil made from two crude oils. It has advantages only to be found in a two-base oil. If you regard your motor with the affection you have for a favorite dog (as some of us do) you should at least try

## SUPREME MOTOR OIL

and note the results in performance and economy. Drive to the nearest Gulf dealer at the sign of the Orange Disc. Fill up your crankcase with the grade suitable for your car—then let your motor guide your choice in the future.

### Buick Coupe Is Stolen in City

A 1928 Buick standard coupe owned by C. M. Bryson of the Toronto Pipe line company was stolen from in front of the Stark and McMillen grain and elevator last night. The loss was reported to city and county officers but at noon today no trace of the stolen car had been found.

After a period of more than three months during which no cars were stolen, three have disappeared during the last week. The other two were recovered.

## CHURCHES

### CHURCH OF CHRIST REVIVAL

There was a splendid audience out last evening. Evangelist Rice gave a great lesson from God's word on the subject, "For What Are You Waiting?" This evening his subject will be "Almost Persuaded."

This lesson will be taken from the example of Felix, the Roman governor. Paul, the apostle, touched his heart with his reasoning of righteousness, self-control and the judgment to come. He was almost persuaded to believe this message. Felix refused to be obedient and trembling he ask Paul to go away for a more convenient season.

Paul's wonderful speech before King Agrippa touched his heart also. But, crying out, he said, "Almost thou persuaded me to be a Christian." But so far as we know the king never responded.

It is a sad thing to be almost persuaded to accept Christ and then turn away to everlasting destruction.

The noon services still prove to be a great help to the revival. You are invited to attend these meetings to the end—next Sunday.

—CONTRIBUTED.

### Father of Pampa Man to Arrive by Amarillo Plane

F. Lusby of Los Angeles, father of H. P. Lusby, local manager of the International Supply company will arrive in Amarillo this afternoon on the first day's schedule of the Western Air Express.

Mr. Lusby will proceed to Pampa by bus, and will visit his son here. He saw this country for the first time about 1880, when he crossed it on horse back.

Miss Geraldine Ragsdale, who was a member of the 1929 graduation class of Central high school, has been employed as bookkeeper by the Wm. T. Esser Insurance agency.

Coming! Wednesday, June 5, Aaron Campbell and his Radio Boys, Pia-Mo De Dance.

## Markets

### WHEAT IS HIGHER

CHICAGO, May 29.—(AP)—Wheat scored substantial gains in price here early today, helped by an upturn in wheat quotations at Liverpool.

Opening at a shade decline to 1-8 gain, Chicago wheat later rose all around. Corn, oats and provisions developed strength too, with corn starting 1-8 off to 5-8 up, and subsequently showing a general advance.

### CHICAGO GRAIN

CHICAGO, May 29. (AP)—Wheat: No. 3 hard 1.01 1-2; No. 2 mixed 99. Corn: No. 4 mixed 81 1-2; No. 2 yellow 85 3/4. Oats: No. 2 white 43 3-4@44; sample grade 39 1-2.
