

EIGHT PERSONS DIE IN WRECK

Russian-Chinese Situation Believed Grave as Troops Assemble

CONFERENCE IS CALLED TODAY BY KAI SHEK

Soviet Government Concentrating Men on Border

GERMANY MAY HELP IN CRISIS

America Is Watching Trouble in Close Fashion

NANKING, July 18. (P)—President Chiang Kai Shek called an emergency conference of Chinese leaders this afternoon to discuss the situation with regard to Russia.

The nationalist president talked with these leaders all afternoon, and although no official announcement was made, it is understood the government has not lost hope of an amicable settlement.

The emergency conference followed receipt of a telegram from Gov. Chang Hsueh-Liang of Manchuria, reporting the situation is extremely grave, because the Russians were concentrating forces along the Manchurian-Siberian frontier.

BERLIN, July 18. (P)—The German government has agreed to take charge of Chinese interests in Russia and Russian interests in China, it was announced tonight.

By RICHARD L. TURNER, Associated Press Staff Writer.

WASHINGTON, July 18. (P)—With mingled feelings of apprehension and hope that hostilities may yet be avoided, the Washington government is keeping close watch on the rapidly developing controversy between Russia and China.

While it was pointed out that war would not necessarily follow the break in diplomatic relations and circumstances were cited which were regarded as virtually compelling an amicable settlement, it was generally agreed the diplomatic rupture had served at best to add considerable gloom to the outlook.

With America's extensive far eastern interests necessarily involved, the state department has kept in constant touch with the situation since its inception a week ago today in the seizure of the Chinese Eastern railway by the Chinese.

By some officials, the severance of the thin thread of diplomatic intercourse that has kept Russia and China on speaking terms since the communist outbreak in Canton two years ago was accepted as logical. To them, it was the expected result of the stand taken by the Soviet government, its ultimatum and veiled threat of retaliation, and its interpretation of the Chinese reply as unsatisfactory.

Others, while not discounting reports of troop movements on both sides of the Siberian-Manchurian border, were of the belief economic circumstances would avert actual warfare.

They pointed out that both the Nanking and Moscow regimes are young as governments go, have yet to attain financial stability, and could be expected to prove extremely reluctant to undertake an expensive war. The food shortage in both countries also was cited, together with the difficulty Russia would encounter in transporting troops and supplies across Siberia and maintaining communication lines over such a distance.

Mrs. Morris Levins of Amarillo, formerly of Pampa, is visiting friends here today.

WEST TEXAS: Partly cloudy tonight and Friday; cooler north portion Friday.

—AND A SMILE NEW YORK (P)—What! Jack Dempsey and Georges Carpentier signed up? Well negotiations are under way for them to make a talk together.

BULLETINS

HAMMOND, Ind., July 18. (P)—A terrific explosion today demolished the Goldie department store, new building in the foreign section of town, with estimated damage of \$300,000. Police said they believed labor trouble resulted in the explosion.

It was the second major explosion in Hammond in two years. The State theatre, a new \$2,000,000 structure, was demolished shortly after it was completed about two years ago. William Kleighe is now serving a prison sentence for his part in the bombing.

NEW ORLEANS, July 18. (P)—The citizens committee appointed by the mayor to attempt to settle the street car strike today reported to the city commission council it had been unable to get the union and company officials together and felt further deliberations on their part were useless.

TALLAHASSEE, Fla., July 18. (P)—The state banking department announced the state bank of Bowling Green, Fla., had failed to open its doors today, bringing to 16 the number of bank failures in the state during the past two days.

The capital and surplus of the Bowling Green bank were listed at \$34,000, deposits \$300,395.55 and assets \$425,168.41.

SHREVEPORT, La., July 18. (P)—Passing the 24-hour mark at 10:30 a. m., today, Van Lear Leary and William Curry Sanders, piloting the Ryan monoplane, "KWKH," in an effort to beat the endurance flight record, began their second day in the air, confident they would succeed in their undertaking.

Two Gray Tests Near Pay—Drilling Ahead Is Begun

Two Gray county tests, one in the McConnell pool and the other in the Finley-Brown pool, picked up the gas yesterday and are drilling ahead.

In the McConnell pool, the Shell Petroleum company's No. 3, McConnell in the southeast corner of section 174, block 3, encountered 3,000,000 feet of gas. The gas sand was topped at 2,960 feet. Small shows of gas were picked up at 2,840 feet and at 2,935 feet and were cased off. The test is drilling ahead.

Texas company's No. 2 Coombs-Worley in section 36, block 3, encountered 40,000,000 feet of gas late yesterday. This test is the most northerly in the new Finley-Brown pool and is the first close to the river to encounter gas. The company's Nos. 3 and 4 in the same section are drilling.

The Guernsey Oil company has made a location to drill in the southeast corner of the southwest quarter of section 173, block 3, I. & G. N. survey. The test will be on the Pope lease 5 miles north of the city.

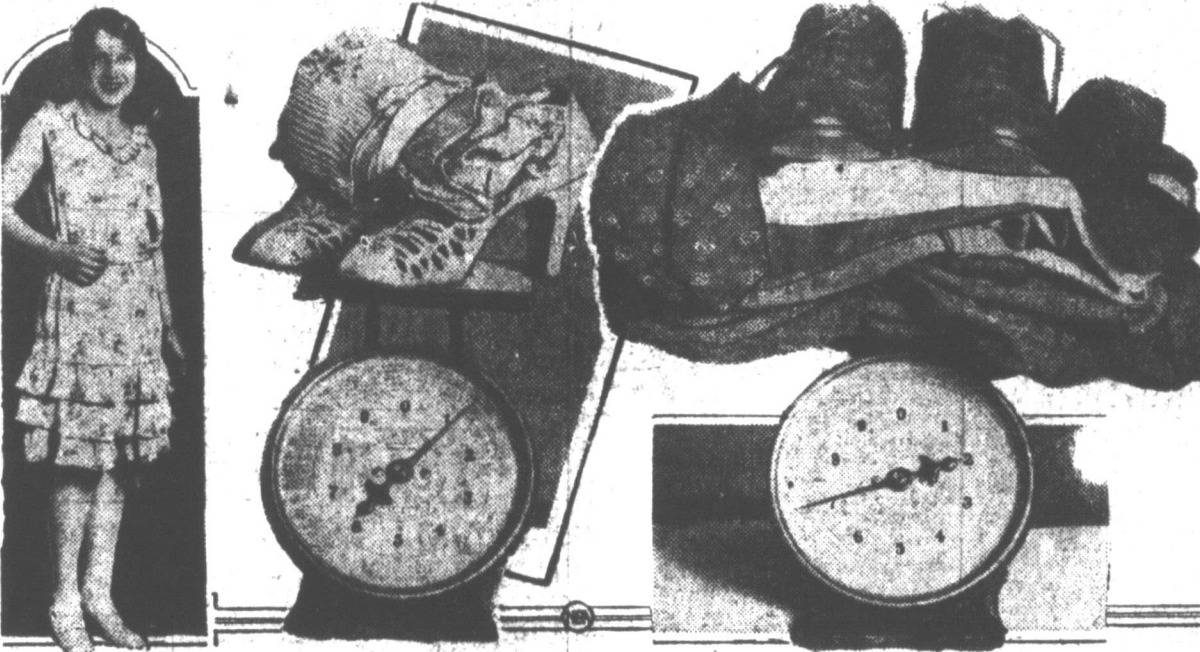

Checks Stolen and Forged—Three Men Held as Suspects

Three local young men were being held by county officers this morning following the passing of several forged checks which were stolen from the Wilcox Oil & Gas company's office Tuesday night and filled out. The three youths were arrested yesterday afternoon.

Entrance to the Wilcox office, in the Wilcox pool, was made sometime Tuesday night by prying open a window with a crow-bar. Drawers in a desk were also pruned open and checks numbered from 1126 to 1140 were stolen from the center of the company check book. A check protector was used to stamp the checks before leaving the office. A. F. Johnson, superintendent, whose name was forged, said.

The checks were not missed until yesterday, when several had been filled out and cashed. Mr. Johnson was notified by local banks and on examination of his check book found the pages missing.

Yes, Indeed—the Women Get All the Breaks in Hot Weather!

It's no secret that women have all the luck when it comes to hot weather wearing apparel—and here's a picture layout that proves the point. At the left is Miss Ethel South of Cleveland, garbed as any modern young woman is garbed on a hot day. In the next picture Miss South's clothing is shown reposing on a scales; net weight, one pound and three ounces. Next we have the average man's summer clothing—which, if you'll notice, weighs one ounce over seven pounds. The last picture shows the hot weather garb devised by Herbert Barrier, a Knoxville (Tenn.) newspaper reporter. It's cool, all right—but when Barrier tried wearing it to work he found out it just wouldn't do.

Committees of Rotary Club Are Named for Year

Appointments of committees for this fiscal year in the Rotary club announced by M. K. Brown, president of the organization.

The committees: Aims and objects—M. K. Brown, chairman; Tom Rose, secretary; Lynn Boyd, C. P. Buckler, Al Duerr, Neal McCullough, and Paul Shepherd.

Club service—Neal McCullough, chairman. Classification—J. E. Murfee, chairman, and Joe Smith.

Fellowship—Lynn Boyd, chairman; Frank Keim, Dick Hughes, Chas. C. Cook, Paul Certain, Dr. A. R. Sawyer, and A. B. Zahn.

Program—P. O. Sanders, chairman; C. T. Hunkapillar, and Dick Hughes. Attendance—W. C. Mitchell, chairman; R. W. Mitchell, and W. R. Campbell.

Public information—F. M. Gwin, chairman; Kenneth Boehm, Phillip Pond, A. H. Doucette, and J. D. Sugg.

Vocational service—Paul Shepherd, chairman; Carl Boston, Earl O'Keefe, Tom Perkins, and W. R. Kaufman.

Entertainment—Frank Allison, chairman; Marshall Oden, F. L. Elliott, and Earl Stuckey.

Budget—Neal McCullough, chairman; J. M. Dodson, and Earl O'Keefe.

ALL-CHURCH PROGRAM SUNDAY EVENING TO STRESS SCOUTING PRESIDENT HILL WILL SPEAK

Boy Scouting will be the theme of an all-church session Sunday evening at the Methodist church, when President Hill, chosen for the main address, is regarded as one of the best prepared men in West Texas to speak on boy welfare.

Mr. Hill has spoken on the Boy Scout topic in many places, and many Rotary clubs have heard him discuss the boys work opportunities of civic clubs.

The special program will begin at 8:15 p. m.

Plans for Local Institute Given Up by Superintendents

Pampa and Gray county school teachers will again attend the consolidated institute at Canyon September 2, 3 and 4, it was learned yesterday.

This decision was reached in a conference between Superintendent-elect R. B. Fisher and County Superintendent John B. Hessay. While they had discussed desirability of holding a local institute, they decided that owing to congestion in hotels here and the difficulty of obtaining rooms in private homes for a short period, it would be better to go to Canyon again.

It is planned to have an outdoor party at a Canyon park during the institute, and the Gray county teachers will have several separate meetings to discuss their problems.

Motorcade Trippers Will Inspect City

Officers of the West Texas Chamber of Commerce accompanied by members from Stamford, Abilene and other towns will arrive here this afternoon and will visit with Pampa citizens for a short time. The stop here will be part of a good-will tour being made by the W. T. C. C.

Famous Expert on City Planning to Speak Here

A special program will be arranged for the regular monthly meeting of the Pampa Chamber of Commerce which will be held next Monday.

The chief speaker of the occasion will be John Surratt of Dallas, Mr. Surratt is secretary of the Kessler Planning association. He will speak on city planning. Before the luncheon Mr. Surratt will make an inspection trip over the city and will be prepared to tell Pampa citizens how to beautify the city, lay out parks, properly bring in additions, and generally make Pampa a beautiful city.

Mr. Kessler, founder of the Kessler plan of city activities, was one of the most noted city planners in the United States. After his death while planning Dallas improvements, a company was organized and Mr. Surratt was elected secretary. He has had many years' experience in that line of work. He is carrying on Mr. Kessler's plan of beautifying Dallas and other cities.

Mr. Surratt's visit is expected to be of great benefit to Pampa citizens, who will soon vote on a bond issue for more paving, city improvements and parks and playgrounds. The expert will give his idea of how the money should be spent and where it will be most beneficial.

From Pampa Mr. Surratt will go to Clearendon and Memphis.

WHEAT PRICE UNSTEADY AND CLOSES LOWER

CHICAGO, July 18. (P)—Heavy profit taking sales drove wheat prices downward today after new high prices had been marked up for all deliveries of wheat. The closing quotations were 2 7/8 to 3 1/2 cents a bushel lower than yesterday, with July delivery selling at \$1.41 1/2, September at \$1.45 3/4 to \$1.46 and December at \$1.51 1/2 to 3/4. Corn was down 1 1/2 to 2 1/8 cents a bushel at the finish.

MIAMI CONTRACTOR TO BUILD SCHOOL IN LAKETON DISTRICT

The Scott Construction company of Miami yesterday was awarded the contract to erect a new school building in the Laketon Consolidated school district. The structure will be built in Laketon.

In a recent election, Laketon and Cottonwood school districts voted to consolidate and erect a large school house at Laketon. The contract was let in Laketon yesterday to Mr. Scott for \$9,200.

CLOUD BURST IS BLAMED IN NEWS REPORTS

Rock Island Train Plunges From Bridge

COACH CARRIES MANY TO DEATH

Colorado Express Is Wrecked Near Stratton

DENVER, Colo., July 18. (P)—Eight persons were killed and more than a score injured in the wreck near Stratton, Colo., today of the westbound Colorado Express of the Rock Island lines. Several cars plunged through a bridge weakened by a sudden flood following a cloudburst.

One car of the train carried most of its occupants to death when it submerged in the swirling waters of Landsman's creek.

Railroad officers said it had been established that seven passengers and a negro porter had been killed.

Twenty-seven passengers were listed as injured, none apparently in a dangerous condition.

Morris Gest, theatrical producer of New York City, who was on the train, aided in rescue work and later went to Stratton where he telephoned a graphic account of the accident to the Denver Post and the Associated Press.

"I have just come through the most frightful experience of my life—the awful tragedy which snuffed out a number of lives—I don't know how many—when the Rock Island's wreck westbound train went through a 15-foot bridge over a drywash three miles west of Stratton, Colo.," said Gest.

"Never have I seen men and women behave so heroically."

The creek, ordinarily a dry wash, had become a raging torrent during the last 24 hours as a result of extremely heavy rains during that period.

All physicians at Stratton, and Burlington, as well as Limon, Colo., were rushed to the scene and wrecking crews were dispatched from Colorado Springs.

Morris Gest, theatrical producer of New York City, en route to Denver, was said to have been a passenger on the train.

High water, hampered rescue work. One coach in which the victims were trapped, was submerged. A highway bridge paralleling the railroad bridge was washed out. Ambulances and doctors were delayed reaching the scene due to the high water.

Only the train crew members were awake when the train plunged into the torrent. Approximately 500 passengers on the train were asleep in their berths.

The train, a through passenger from the east, carried 30 coaches, four of these, including the baggage car and the locomotive, went into the creek. The heavy load on the train was accounted for by railroads as due to summer tourist travel.

An automobile road which parallels the railroad for some distance, was 5 feet under water at the scene of the accident. This heavy flow prevented anyone at once reaching the accident. The engine and tank derailed and spread the rails, causing nine cars to pile up and break through a bridge, the report said. The three last cars remained on the track.

One car pitched down an embankment. Flood waters rose after the derailment and submerged the ill-fated pullman car, drowning several passengers. The submerged car carried seven passengers and a pullman porter, the company said.

A cloudburst, loosening seven to eight inches of water in the region last night swelled dry creeks to raging torrents and flooded lowlands. The water was slowly receding from higher ground this morning. Roads were washed out in every direction and highway bridges went out before the torrent.

CHICAGO, July 18. (P)—Among persons injured in the wreck of the Colorado Express of the Rock Island lines (See WRECK, Page 8)

NOTICE TO THE PUBLIC: Any anonymous reflection upon the character, standing, or reputation of any individual...

"It's Like This—"

THERE IS FOOD FOR THOUGHT in the exodus of negroes from North Platte, Neb., after mob action was imminent.

City and county officers disagreed over whether the negroes should be allowed to return peacefully, and the governor had to intervene to protect the negroes as citizens and as property owners.

The fact that the negroes were numerically inferior made it easy to excite riot temper and send the blacks into a frenzy of terror.

It should be possible to handle any circumstance without riots and mob action. Panhandle folk are hot, headed, but are cool under emergencies.

Proper segregation of the races as to living quarters with a recognition of the rights of all concerned, will avoid what otherwise sooner or later may cause trouble.

PAMPA'S STRONG CLAIMS will have a test of sincerity August 20, when the property taxpayers will vote upon four distinct public improvement projects, totaling \$238,000.

The proposals are presented separately so that preference may be indicated if one of more project is opposed.

The News proposes to ascertain and print the facts necessary in the formation of an informed opinion upon each proposition.

But the News believes that the most effective work that

can be done for a bond issue is to present the necessary facts and to prevent, as far as possible, misconceptions to go unchallenged and uncorrected.

Pampa must go forward. Many citizens have said they believed Pampa should not delay longer construction of parks and playgrounds and of a city hall-auditorium.

But the bonds will not carry without organized support. Neither the calling of the election by the city commission nor advocacy of the issue by the city's newspapers will be sufficient impetuses.

WASHINGTON LETTER

BY RODNEY DUTCHER WASHINGTON—The government has decided not to go into the business of broadcasting prohibition posters and spreading prohibition propaganda in the schools, but that will be no great loss.

The dry organizations are pushing it out today with all the volume and fervor of the pre-Volstead era, although they are now directing their efforts for law enforcement and against the bootleggers rather than on behalf of a proposed new law.

The doses are large and potent and may be ordered either in portrait or pamphlet form. Just of late your correspondent has been studying a collection of cartoons from the Methodist Board, some of which have tigers and dragons in them.

You Can Get Anything Here is a brief prospectus of these posters or cartoons which will show you vigorous the dry

organizations continue to be in their ceaseless warfare, outlined by titles:

"SHALL WE UNLEASH THE TIGER?": Shows man and woman beneath drooping mouth of huge, vicious tiger, inscribed "Liquor Traffic."

"CROSS ROADS": Sign post shows that one road leads to "Corruption and Dishonor" and the other to "Prosperity and Honor".

"THE MEN IN THE BACKGROUND": In the foreground lies "Constitution of the United States".

"A CONTRAST IN CRIME": On one side stands a little girl at a department store counter, apparently about to steal some pure silk hosiery.

"THE FLAG OR THE BOTTLE": With a question mark poised over his head, a young man stands between Old Glory and a bottle of "Special XXX Rye".

TWINKLES

Of course it is hot here, but we have no ambition to go plane hopping over the arctic regions.

Twink, despite caustic remarks he has made about golf, if tempted to try his hand at that alleged game.

let's see... er fairway, but he understands a stock of strong expressions is sometimes useful.

The wheat money is pouring in, and by the way, let's keep it circulating hereabout as long as possible.

All of us are brothers under the skin, but there are some folks who won't believe it until you skin them.

Canada is a very useful country to our wheat farmers right now. The wonderful wheat marketing plans up there will, unfortunately for the Canadians, avail nothing when there is little grain to sell.

The jaw muscles—just eight of them—exert a force of nearly a quarter of a ton, yet many of us often bite off more than we can chew.

Maybe a home ought to be a place to which folks can go to stage those "family rows" that are sometimes pulled off in public.

Mrs. W. B. Barton Chosen President of Baptist Women's Missionary Union in Annual Election at Church Yesterday

Social Calendar

THURSDAY
Constitution club will give a dance at the Schneider hotel, between 9 and 12 o'clock. Joe Norman's orchestra will furnish the music.
There will be a meeting of the American Legion auxiliary at 8 p. m.

FRIDAY
A meeting of the Halcyon Bridge club scheduled for Friday evening, at the home of Mr. and Mrs. C. E. Hutchins, has been indefinitely postponed, because of the illness of the hostess.
Mrs. J. H. Lavender will entertain other members of the Blue Bonnet club at the home of Mrs. L. M. Williams with the game opening at 2:30 o'clock.
A regular meeting of the Order of the Eastern Star will be held at 8:15 o'clock.

SATURDAY
The Altar society of Holy Souls church will hold a food sale at Piggy-Wiggly No. 1, beginning at 9 o'clock.

Thirty-five Friends Honor Mrs. James Todd with Surprise Party and Birthday Shower in One of Week's Happy Events

Friendship was the theme of an enjoyable program and a series of cleverly planned games which furnished entertainment at a surprise party given by the women of the First Christian church, complimenting Mrs. James Todd on her birthday anniversary.

Thirty-five matrons and girls, members of the three missionary societies in which the honoree has been active, gathered at the Todd home, where a shower of exquisite gifts was presented. The program was comprised of a reading by Mrs. Will Kinser, a piano solo by Mrs. Weidon Wilson, and a vocal solo by Mrs. Walter Wilson. Punch was served with water.

Those attending the affair were the following: Mrs. Jim Browns, Mrs. Desha Dean, Mrs. Wm. Barrett, Mrs. Ruth Isbell, Mrs. H. W. Hickman, Mrs. C. M. Bryson, Mrs. Wm. Taylor, Mrs. H. D. Lewis, Mrs. Joe Lewis, Mrs. Duendel, Mrs. Weidon Wilson, Mrs. Raymond Wilson, Mrs. Clyde Oswalt, Mrs. Paul Hill, Mrs. Charles Cates, Mrs. Alta Stanard, Mrs. J. F. Meers, J. Lewler, Mrs. Hamp Brown, Mrs. Ivy E. Duncan, Mrs. Charles Thomas, Mrs. De Lea Vicars, Mrs. J. G. Gantz, Mrs. Will Kinzer, Mrs. J. B. Townsend, Mrs. B. C. Fahy, Miss Pearl Wilson, Miss Deva Dean, Miss Madge Rowe, Miss Pearl Brown, Miss Mary Jo Harmon, Miss Cleora Stanard, and Miss Helen Meers.

by Jack Allison, who had spent the last two months with them in Colorado and who will be with them until the opening of school in September.

Mrs. James Ensign Hostess at Small Matinee Luncheon

Small affairs, with simplicity the keynote, have been favored by hostesses entertaining during these mid-summer days, and the parties have been every bit as enjoyable as the larger, more formal ones of cooler seasons.

One of the most delightful of recent small parties was given by Mrs. James Ensign, who yesterday entertained four friends with a matinee luncheon. The luncheon was at the Canary Sandwich shop, preceding a matinee at the Rex theatre.

The guests, Mrs. Douglas Day, Mrs. Clyde Lyon, Mrs. W. H. Lang, and Mrs. W. A. Gray, presented their hostess an attractive friendship motto as a "farewell gift."

Mr. and Mrs. Ensign will leave about the first of August, on a motor trip through the Southwest, following which they will visit Mr. Ensign's parents in Lincoln, Neb. They have not yet decided where they will make their home in the future. Mr. Ensign was manager of the Adams hotel, which recently was sold.

Eight and Forty Initiates Four

Initiation services were held by the Eight and Forty, Tuesday night, for four candidates, with eight charter members presenting the different portions of the ritual. Following the service, a social hour was enjoyed by the members and their husbands. Light refreshments were served.

Initiates were: Mrs. H. H. Heiskell, Mrs. S. A. Burns, Mrs. Floyd McConnell, and Mrs. C. S. Green. Others present were as follows: Mrs. F. M. Culbertson, Mrs. W. M. Voyles, Mrs. W. E. Taylor, Mrs. W. H. Lang, Mrs. R. A. Webb, Mrs. J. A. Pearson, Mrs. C. S. Barrow, and Mrs. W. C. De Cordova.

Mr. and Mrs. George L. Duncan of LeFors are the proud parents of a son born last night at McKean and Connor hospital.

Altar Society Hears Report on Mission School

Miss Viola Hunter and Miss Catherine Calman, who are conducting a mission school of instruction for children at Holy Souls church, were guests of the Altar society yesterday afternoon, at a meeting in the home of Mrs. H. G. Myers. They gave an outline of the work they plan to do during a month's stay in the city, and reported on the two morning sessions they had held.

Miss Calman came here from St. Louis and Miss Hunter from Iowa.

The Altar society in business session planned a food sale for Saturday and discussed other business details. Mrs. Henry Pohl was co-hostess for the meeting and the social half-hour following.

Among the visitors in the city this week was Mrs. A. L. Fenberg of Los Angeles, who spent a few days with Mr. and Mrs. Sam Fenberg, on her way to New York to do fall marketing.

Houston Plane Ends First Day

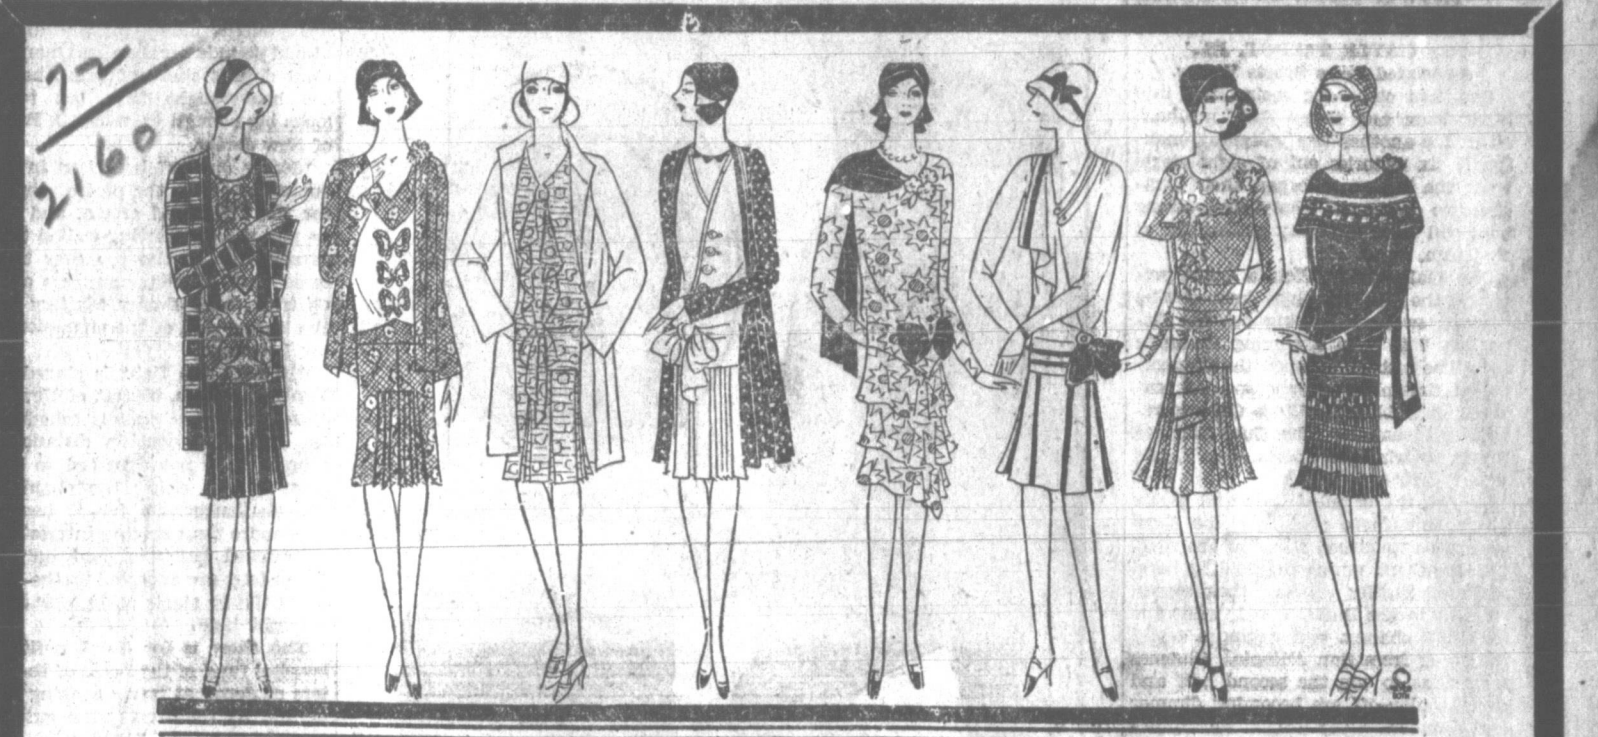

HOUSTON, July 18. (AP)—The Houston endurance plane "Billie Dollar City" had ground out its first half day of flight early today with ship and pilots still apparently in good condition and planning to carry on.

At 1:49:54 a. m., the craft had been in the air above Houston 12 hours. The second attempt to set a refueling flight record began at 1:49:54 p. m.

yesterday. The first, which started Monday, came to grief less than 20 hours after the takeoff. Pilots Glenn L. Loomis and Joe Glass being forced down with motor trouble.

SWEDISH FLIERS TAKE OFF

NYCOT, Greenland, July 18. (AP)—Vaptain Albin Ahrenberg, Swedish aviator making a trans-Atlantic flight from Stockholm to New York in several jumps, took off here today for Labrador at 11:18 a. m., G. M. T. (6:00 a. m. E. S. T.)

ONLY WICHITA FALLS TAKES NORTHERN WIN

By GAYLE TALBOT, JR., Associated Press Sports Writer. Southern clubs dug their cleats into home loam and threw their northern rivals for another loss yesterday, making six victories out of eight starts since the Norsemen began their invasion two days ago. The visiting strong boys will have difficulty getting fat at that rate.

Jim Galloway's Wichita clan prevented the southern clubs from gaining a clean sweep by nosing out the Exporters, 7 to 5, in a stirring 10-inning tilt. The setback dumped the Shippers out of first place after a one-day tenure and enabled the Waco Cubs to regain the summit. The Cubs finished strong to trim the Sports, 8 to 7, and square their series.

So far, the crippled Cats and Steers appear unable to cope with the stern opposition furnished them on the road. The Panthers, minus the guiding hand of Frank Snyder, dropped their second straight to the Bufts, 7 to 1, while the first half champs were taking a 4-10-3 wallop from San Antonio. Chances for Dallas to win the second half and avert a play-off are becoming dimmer and dimmer. They are, in fact, practically extinct.

George Washington Payne, Spud veteran and one of the smartest chumpkins in the Texas league, finally stopped Beaumont after Robertson's team of cast-offs had run up six straight victories. The win must have come as a pleasant surprise to George, however, as he was three runs in the red when the ninth period began. In that chapter his mates mounted Old Tom Eschill for the necessary trio and then led the game with two more in the tenth.

The Panthers barely averted a second-straight blanking at Houston. Reinhardt limited the Cowtown crew to five hits, mostly scattered, while Walkup and Whitworth were pounded vigorously. For a team which had shown little or no punch for a week, the Bisons have done themselves proud the last two days. Joe Brown should be ready to face the Cats today, and if he chances to be right the Bufts might achieve a sweep.

A three-run attack on Homer Blankenship in the eighth gave the Indians their scanty margin over Dallas. Up to that time Homer had done nobly. The blow that decided the issue was a single off the bat of Milton Gordon, rookie second baseman, borrowed by the Tribe from Abilene to fill in for Ballew. The tying and winning runs rode in on his timely punch. Andy Messenger got credit for the victory, although he went out for a pinchhitter in the eighth.

The Cubs put on a rousing finish to edge out on Tiny Owens in the second game at Waco. The Sports apparently had laid it away by driving Dumofritsch from the hill with a five-run rally in the second and adding two more at Bancroft's expense in the fifth. In the eighth the Prattmen hopped on temperamental Tiny for four scores to knot the count and then put across the winner in the closing frame.

Mumps Epidemic Cripples Players in Texas League

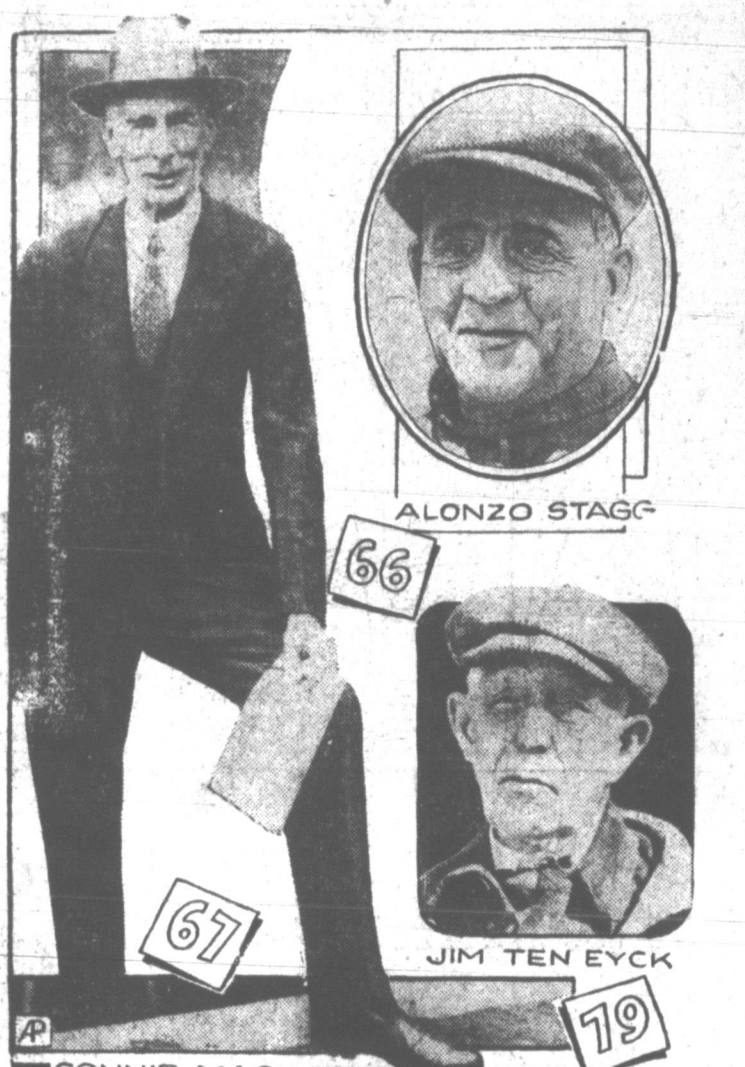

SAN ANTONIO, July 18. (AP)—The Texas league is experiencing its worst epidemic of "swelled head" this season. The malady is not to be confused with inflated ego. Lyman Nason, big Indian left fielder, is the latest performer to go out with the mumps. He probably will be lost for several weeks, with the Tribe pitchers taking turns playing his position. Charlie Sullivan, Port Worth pitcher, was out for three weeks with a case of mumps during the first half.

Bout for Walker in Chicago Likely

CHICAGO, July 18. (AP)—A championship bout between Mickey Walker, world middleweight champion, and Rene Devos, Belgian aspirant, is the next title battle in prospect for Chicago. The Illinois athletic commission today had in its possession a check for \$5,000 from Anthony J. Drexel Biddle, Jr., of New York, as a forfeit and challenge on behalf of Devos. Paddy Harmon, president of the Chicago Stadium corporation is negotiating for the bout for his arena this fall. Under a ruling by the National Boxing association, Walker must defend his title on or before September 30 to save a \$10,000 forfeit posted at the time he attempted to lift Tommy Loughran's light heavyweight crown here.

Mr. and Mrs. Wayne Purvines and daughters, Wynette and Pauline, of Amarillo are visiting in the home of Dr. and Mrs. W. Purviance. The girls will remain through the week-end. Mr. Purvines is a nephew of Dr. Purviance.

VETERAN SPORTS CHIEFS CHEERED BY MACK'S LUCK

These three men with a combined age of 212 years still are on the sport firing line. Connie Mack sets the pace.

PHILADELPHIA.—If the break Connie Mack is getting passes up A. Alonzo Stagg and Jim Ten Eyck it will not be because the sports mob didn't pull for them.

Here is Conny climbing back into the tortuous absence while the others of this trio of veterans plan and hope. Stagg at 66 and Ten Eyck at 79 are not winning regularly any more but Mack at 67 is stepping out with a promise of duplicating his thrilling diamond exploits of 15 years back.

The grand old man of the Chicago midway and Old Jim still have a strong pull with the sports worshippers and may yet flash a comeback to regain the heights. Stagg's Chicago team couldn't win a single important football game last fall and Ten Eyck's Syracuse varsity eight wound up its 1929 stab at the intercollegiate title by sinking to an unhappy finish. Perhaps most prominent of all though was Mack's heart-breaking drive to overhaul the Yankees.

It is Mack who is getting results now. He is in his twenty-ninth season as manager of the A's and if his health holds up he probably will be running the club for at least a few years more. Ten Eyck who pulled a winning car 50 years ago has been at Syracuse for a quarter of a century and with all his poor luck in recent years is privileged to stay there as long as he can lift a megaphone.

Stagg, the lovable commander of Chicago's athletic affairs, has had many lean years since his last successful one but he goes right on winning followers for his system of not sacrificing everything for victory. There won't be any hard feelings if Mack's new change of luck pulls Stagg and Ten Eyck into line for their share.

Huge Argentine Wins When Fouled

NEW YORK, July 18. (AP)—Very little information concerning the fighting ability of Vitorrio Campolo, Argentina's gigantic heavyweight, has come out of his North American debut. Campolo was in action just 7 minutes, 37 seconds against Arthur de Kuh, Italian-American boxer, in his first New York battle at Ebbets field last night, winning on a foul halfway through the third round.

One thing proved was that the Argentine has the necessary qualifications as to size. De Kuh is no small heavyweight but he was not in the same class with Campolo, who carries 226 pounds of solid beef on his 6-foot, 7-inch frame. And it was that bulk that gave the Argentine the margin. A radio receiver with a loud speaker in every class room is to be installed in Beaumont high school.

The federal railway of Germany estimates that every German on the average, takes 23 railroad trips a year. Four times in 10 years Alex Fewell, farmer of York, S. C., has seen lightning set fire to his house.

Braddock Has Had Brief But Promising Career

NEW YORK, July 18. (AP)—The light heavyweight championship falls some 20-odd pounds per man and many thousand dollars short of being as big as the heavyweight title, but today it looks big enough to James J. Braddock of New Jersey.

"Jersey Jimmy" has risen in a brief boxing career to the post of challenger for the 175-pound crown, and tonight he pits the devastating wallop that has carried him to the top over the battered form of such scrappers as Tuffy Griffiths and Jimmy Slattery against the boxing skill of the champion, Tommy Loughran.

Although the fight is staged in the Yankee stadium, biggest of New York's open air arenas, and is scheduled for the full championship distance of 15 rounds, it is not expected to be very profitable to either the champion or the challenger. So far it has drawn little more than passing interest despite a frenzied ballyhoo, and only about 25,000 fans are expected at the ringside when the go starts at 10 p. m., eastern daylight time.

The show is for the benefit of the hospital fund of the home of the Daughters of Jacob at prices ranging from \$2 to \$15. At these rates the gate is expected to be about \$100,000.

As for the fight itself, the eternal question of the fight world—whether a boxer is better than a puncher, is the question to be considered tonight. Loughran is the superlative boxer but his hitting ability is almost non-existent while Braddock puts his trust in a death dealing right hand and little else.

SENATE IN RECESS
AUSTIN, July 18. (AP)—Meeting in a 15-minute session today, the senate heard Senator Thomas B. Love of Dallas, defend his bill providing that school trustees be required by law to carry insurance on school buildings, then recessed until tomorrow. The Love bill passed the senate but was not taken up in the house. Five senators were in the chamber.

Mrs. W. H. Lewis of Wichita Falls is the guest of her son, H. D. Lewis, and Mrs. Lewis. She will be in Pampa this month and next.

Barry Miller to Defer Campaign

AUSTIN, July 18. (AP)—Lieutenant Governor Barry Miller's announcement for governor makes six candidates for the Democratic nomination so far with the primaries a year off. Lieutenant Governor Miller gave notice yesterday he intended to become a candidate, but stated he would defer his formal entry into the race until he had retired as grand master of the Texas Odd Fellows next March.

"I do not propose to involve that great order in the turmoil of a political conflict," he stated in declaring he would not become an active candidate until his term of office expired. "I also feel Texas has had enough political controversy in the past year to entitle it to a rest, at least until the spring of the year in which the election will actually be held."

Other announced candidates are Senator Thomas B. Love of Dallas; Oscar F. Holcombe of Houston; T. N. Mauritz of Ganado; E. G. Eentner of Dallas, and Miss Katie Daffan of Ennis.

"Dynamite Gus" Still Champion

TULSA, Okla., July 18. (AP)—Dynamite Gus Sonnenberg still occupies the wrestling pinnacle today as far as one Maistero Kirelinko, Russian strong man and circus performer, is concerned. Kirelinko, who has been in the United States but five months, held his own with the world's champion until he missed a try for a flying mare and struck the canvas on his head. Dazed and blinded with blood from a gash over his eye, he was an easy victim for Sonnenberg's flying tackle in 35 minutes. Still in bad shape when he came back, the Russian lasted less than a minute.

CUBS MOVE UP NOTCH WHEN PIRATES SLIP

By WILLIAM J. CHIPMAN
With the National League race threatening to become a private affair between the Pirates and the Cubs, John McGraw deployed his forces upon the Polo Grounds front today in an attempt to stem the Corsair rush. The impending series may be called crucial for the Giants alone; to the jaunty Buccaners it constitutes just four more ball games.

The Athletics brushed up yesterday for their do-or-die effort by bowing over teously to the fallen Cardinals, who came to life and accepted the decision, 6 to 1. The Pirates got only an even break at Boston, but nevertheless remained ten notches ahead of the Giants in the important column dealing with games lost. The Cubs profited from the Pirate slip by smothering the Phillies, 16 to 3, and so gaining half a game on the leaders. The Pittsburgh margin now is just two games.

The defeat of Donie Bush's boys in the first game at Boston was most unexpected. Burling Grimes was pitted against Harry Seibold, veteran rookie, who held the Buccaners to nine well scattered hits as the Braves dusted Grimes for a 7 to 4 decision, the big spitballer's second defeat of the season. The Pirates came back in the night cap to win 13 to 5 behind Remy Kremer.

Brooklyn crowned three Cincinnati pitchers for seventeen hits to win the final game of the series by 10 to 5. The result delayed the march of the Reds upon seventh place. The Athletics dropped another one to the Indians, who won 5 to 2 behind Walter Miller's six-hit pitching. Bill Shores was the victim.

The Mackmen nevertheless remained eight games ahead of the Yankees, who tossed off a four-run lead in the ninth and permitted the Tigers to win 9 to 8 in the tenth. Sammy Gray gained an even break for the Browns in their series against the Red Sox by pitching five-hit ball yesterday to win by 4 to 0.

The Senators won from the White Sox in the final games of the series at Chicago, by a score of 6 to 2.

True Color Movie Brings Hues From Pacific Southwest

Nature's true colors, wonderfully blended in the Pacific Southwest and heightened by the gaudy dress of the Navajos of Arizona, are carried to the screen in remarkable faithfulness by the picture "Redskin," now featured at the Rex theatre.

It is said that a new chapter in movie making has been written through the development of technicolor, a process which enables the camera men to catch the myriad hues of the rainbow without sacrificing motion. At least one great producing company will make only talking pictures in full color next year. There remains to be added only the illusion of depth, for it is not difficult to wait characteristic odors if the audience dares for that much reality.

"Redskin" has an appealing love theme based upon Indian traditions, in which Richard Dix combines his col-

gate personality with that of the heart broken Indian, cast off by the whites and outlawed by his own father. But it is the color that makes the picture unique among the local movie offerings this season. Whether in a view of Arizona sky, of an ancient pueblo, or of a typical stomp dance upon the reservation, technicolor distinguishes a scene and makes it "different."

What a picture our own Palo Duro canyon would make thus photographed. And Carlsbad Caverns—the incomparable, the indescribable. "Redskin" will be only another true color picture a year from now, but today it is an innovation.

St. Louis Planes Are Going Well

ST. LOUIS, July 18. (AP)—Two St. Louis airplanes in an "endurance derby" continued in the air today, the "St. Louis Robin" starting its sixth day and the "Missouri Robin" its second day aloft.

The "St. Louis Robin" had been up 120 hours at 7:17 a. m. and approached the halfway mark of the record endurance flight recently made by L. W. Mendell and R. B. Reinhart, California aviators. The pilots, Dale Jackson and Forest O'Brine, appeared to be in good spirits as they took on a new supply of gasoline and breakfast from the refueling plane.

The "Missouri Robin," a sister ship that went aloft yesterday, also was flying smoothly this morning. It is piloted by Joseph Hammer and W. Gentry Shelton.

Both flights are sponsored by a St. Louis airplane manufacturing company which seeks to test the motors.

Mrs. Martha Wankan of Wink is visiting friends in Pampa.

Federal Reserve Plans to Bolster Banks in Florida

TAMPA, Fla., July 18. (AP)—Five million dollars in cash, sent here from the Atlanta Federal Reserve bank, and a promise of a Federal Reserve official of "all the money needed to meet the situation," today bolstered Florida bankers and business men in their efforts to restore public confidence in the banking institutions of the state, of which 15 in this section closed yesterday.

Twenty-three banks have closed in the last two weeks.

Federal authorization for two \$1,000,000 deposits in the state—one here and one at Miami—also was expected by local bank officials to aid what they said was increasing confidence of depositors in banks of this section.

Comptroller Ernest Amos said he believed the primary cause of the failures was "unnecessary withdrawals, propaganda, and a financial depression through the state which has been accentuated by the effect of the Mediterranean fruit fly and quarantine."

C. Creed Taylor, deputy governor of the Federal Reserve bank at Atlanta, said, local banks could have all the money they need with which to meet the situation. The \$5,000,000 to be used here was sent to the First National bank of Tampa, a member of the Federal Reserve.

Two Fliers Escape Death in Crash

SAN ANTONIO, July 18. (AP)—Lieut. W. E. Baker, instructor, and Lieut. Emmett O'Donnell, Jr., student officer,

both of Brooks field, narrowly escaped death today when their plane fell from an altitude of 1,000 feet near Terrell Wells. Lieut. Baker sustained two broken ribs and an injury to the back. Lieutenant O'Donnell was only shaken up.

The instructor and his student took off from the field about 7 a. m., on a training mission.

The cause of the crash was not determined immediately by investigating officers.

Gray Is Finally Listed in Highway Contract List

AUSTIN, July 18. (AP)—Announcement that additional contracts totalling approximately \$254,000 for highway and bridge construction would be let by the state commission July 31-August 1, was made today by Gibb Gilchrist, state highway engineer. The projects cover 35.82 miles in 10 counties.

Bids on construction work which will cost \$1,396,000 were called for yesterday by the highway engineer.

Projects announced today by Gilchrist follow:

Reeves county—1.32 miles grading and drainage structures with double bituminous surface treatment, highway 1.

Somervell and Johnson counties—2.55

miles grading and drainage structures, highway 68.

Eastland county—Lengthening culverts and reshoouldering 19.81 miles highway 1.

Anderson county—3.94 miles of grading and drainage structures, highway 40.

Gray county—7.38 miles of grading and drainage structures, highway 33.

Karnes county—Bridge over Ecleto and Elm creeks, highway 112.

Ellis and Dallas counties—Grove creek bridge and electric underpass, Red Oak creek bridge, highway 6 in Ellis county, and Bear creek bridge on highway 6 in Ellis and Dallas counties.

Palo Pinto county—Grading and drainage structures and relocation at intersection with highway 1 on highway 1-A.

Lieut. Fohy Flying Over Here Today

WICHITA, Kans., July 18. (AP)—Lieut. Herbert J. Fohy, trans-continental flier who has been in Wichita since being forced down at Kiowa, Kans., Sunday on an attempted non-stop flight from Los Angeles to New York, took off at noon today for Amarillo, Texas, en route to Los Angeles. He plans to try the cross-country hop again in his Lockheed Air Express, the oiling system of which was repaired here.

Amendments Are Still Looking Safe

DALLAS, July 18. (AP)—The rural Texas vote, though generally unfavorable to the two constitutional amendments voted on Tuesday, had failed today to cut down the affirmative lead piled up by the cities sufficiently to defeat the changes.

Although returns were by no means complete, the amendment proposing increasing the supreme court membership from 3 to 9 and abolishing the six-membered commission of appeals had more than 26,000 counted ballots in its favor with more than 10,000 against. The other amendment, that to increase the governor's salary from \$4,000 to \$10,000 annually, had a similar lead.

The parade that never ends

Day after day they pass before you in review—these advertised products which fill the pages of your paper. And, as they pass you, single out one here....compare it with this.... mark that one for future reference....here's something you've been waiting for.....there's something to try for breakfast tomorrow

Think of the wealth of information before you every day! What's new in cereals? What's the mode in printed dress goods? What's the latest wrinkle in kitchen appliances? The answer to these and hundreds of other questions are at your fingertips—just for turning the pages.

How much it means to be able to make up your mind before you start out to buy! How many steps and minutes you're saved. How well you're able to budget your expenditures—apportion your money before you begin.

You no longer need to parade from shop to shop—counter to counter—looking....looking.. Today you read the advertisements and let the things you want and need march before your eyes for comparison and selection.

Read the advertisements daily. Keep in step with the progressive parade of merchandise on the printed page.
It Pays!

SIGNS LABOR AGENCY BILL
 AUSTIN, July 18. (AP)—Governor Moody today filed with the secretary of state without his signature the bill defining an emigrant agency and providing for the regulation and supervision of the business of emigrant agents. It levies a tax on agents soliciting farm laborers in the state for transportation out of the state. It was passed during the first session but amendments were proposed at the second extra session.

Soil Survey Covers U. S.

During the past thirty years soil surveyors of the United States Department of Agriculture have studied, analyzed, described and mapped the soils of more than 1000 counties with an area of 800,000,000 acres, more than half of the entire agricultural land. Through data gathered during this period, farmers within the area surveyed can obtain information on soils and what they need to improve them. In the lower picture officials are shown taking a sample of earth from a farm by means of a soil augur. In the upper picture draftsmen are plotting maps as a result of the lower test. Dr. Curtis F. Marbut, chief of the soil survey, is shown in the insert.

ROCKET CAUSES SCARE
 WORCHESTER, Mass., July 18. (AP)—Search of a professor of physics at Clark university for a new propellant for rockets designed to explore upper strata of the air caused a sensation hereabouts yesterday, but the result of the experiment, figuratively, was somewhat up in the air today. First reports from the isolated district in which Prof. Robert H. Goddard has a 40-foot steel tower and experiment station were that a flaming meteor had burst with a terrific detonation. Other persons thought an airplane had crashed and so great was the excitement two police ambulances dashed through the section looking for victims,

while an airplane took off from the Grafton airport in search of the wreckage.

BRITISH PLANE CRASHES
 ALDERSHOT, England, July 18. (AP)—Five British army airmen were seriously injured today in the wreck of a giant royal air force Virginia bomber between Alton and Basingstoke. The plane had flown from an airfield near Winchester after night operation, and the pilot was making a forced landing in a thick fog. The plane struck a bank and somersaulted.

GRAIN IS ERRATIC

CHICAGO, July 18. (AP)—The grain markets took an unlooked for tumble at the opening of trading today, wheat prices dropping from 1 7-8 to 3 7-8c a bushel, largely because of weakness at Liverpool. The decline was quickly made up, however, upon receipt of the day's increment of bad weather news from the Northwest. Quotations fluctuated irregularly during the first hour.

KANSAS CITY LIVESTOCK

KANSAS CITY, July 18. (AP)—Hogs: Receipts 5,500; desirable 240 pounds down steady to 10c higher; top \$11.80 on choice 190 to 230 pounds.

Sheep: Receipts 3,000; lambs 15 @ 25c higher; sheep steady; lambs \$14.25 @ 15.25; ewes \$5.25 @ 7.00.

DUTY ON CRUDE OIL ASKED BY PRODUCERS

WASHINGTON, July 18. (AP)—A duty of \$1 a barrel on petroleum with compensatory duties on its products was requested today by representatives of mid-continent producers before a subcommittee of the senate finance committee.

The domestic producers were permitted to appear because none were present to oppose the demands last week of representatives of American companies operating in Latin-American countries that petroleum be kept on the free list.

Senator Pine of Oklahoma said the importation of cheap foreign oil was largely responsible for the depression in the oil producing business in this country, and protection from foreign production was needed.
