NINTH DAY IS ADDING MARGIN TO ENDURANCE

Mitchell and Newcomb Out to Fully Test Motor

BOTH SEEM IN FINE CONDITION

Aviators Now Guiding Plane in Circles Over Field

CULVER CITY, Calif., July 10. (AP)—The record-smashing endurance flight of L. W. Mendell and R. B. Reinhart passed its ninth day here today. Neither the fliers nor their motor showed any signs of quitting.

At 11 a. m. more than 195 hours after they had lifted their plane from the ground on the morning of July 2, the pilots continued to guide the craft in circles over the airport, putting added hours between them and the 174-hour, 59-second mark of Roy T. Mitchell and Byron K. Newcomb of Cleveland, which they passed yesterday.

CULVER CITY, Calif., July 10. (AP)—Having set a new world's record for endurance flight, L. W. Mendell and R. B. Reinhart continued circling above Culver City in the biplane Angeleno today, determined to stay aloft until their motor falls at 3:30 a. m., they passed their 188th hour in the air.

Narcotics Found on Arrested Man

Officers of the sheriff's department yesterday arrested two men as dope addicts. They were lodged in county jail and one of them will be turned over to federal authorities, Sheriff E. S. Graves said this morning.

THE WEATHER VANE

WEST TEXAS: Partly cloudy to night and Thursday, probably showers in extreme portion.

—AND A SMILE NEW YORK. (AP)—Nineteen is the dangerous age for the fair sex. Such is the conclusion by Elizabeth R. Butler, social worker, from a study of shoplifters and other feminine law-breakers who are in jail.

Death Unites Workmen Long Inseparable

CHICAGO, July 10. (AP)—Even death could not separate John Joyce and his friend, Steve Noble, for long. They had been working together many years, these two. In their trade as electricians they had taken chance together, without serious accident. But yesterday—

WHEAT MOVING AGAIN TODAY—PRICE HIGHER

Harvest resumed practically full activity before noon today after being slowed down by damp and cloudy weather for several days. Considerable grain was brought here late yesterday, and much was expected this afternoon.

Fly From San Angelo to Pampa in Three Hours

William Morris, flying a Spartan biplane of the West Texas Air Service, returned here from San Angelo this morning in three hours. He experienced good flying conditions all the way.

Street Car Strike Still in Snarl

NEW ORLEANS, July 10. (AP)—The nine-day street car strike stood in a snarl today while efforts were made to break the deadlock between the union and the company.

Union labor leaders will have an open air mass meeting tomorrow night to decide if a general sympathetic strike of organized labor in New Orleans will be called. Labor leaders claimed they could bring out 45,000 workers that would paralyze the industrial life of the city.

Government, city and civic negotiators resumed their efforts to arrange arbitration of the differences between the strikers and the company over recognition of the union and a working contract.

THOUGH SICK, BOTH WISH TO FLY TO ROME

FOG OBSCURED MUCH OF FLIGHT

Captain Yancey Tells A. P. Man About Adventure

ROME, July 10. (AP)—The trans-Atlantic monoplane, Pathfinder, completing its trans-Atlantic flight from Old Orchard, Me., landed here tonight at 9:30 o'clock. (2:30 p. m. C. S. T.)

SANTANDER, Spain, July 10. (AP)—Undaunted by fatigue and illness, the American aviators, Captain Lewis A. Yancey and Roger Q. Williams, set out to finish today what they could not quite conclude yesterday—their flight from Old Orchard, Me. to Rome.

Lifting their plane from Albericia, Spain, today, where they were forced down yesterday, Captain Lewis M. Yancey, right, and Roger Williams today took off again for Rome, their goal is in the flight from Old Orchard, Me. The tiny iguana on Yancey's shoulder is their mascot.

They were two tired and weary aviators, during their long flight from Old Orchard to Albericia, which ended in a landing forced by lack of fuel at 9:30 p. m. yesterday (3:30 p. m. E. S. T.) the nervous tension kept them going.

Money Bill Fight Is Growing Warm

AUSTIN, July 10. (AP)—Consideration by the senate of the departmental bill and by the house of the senate measure providing for support of state schools during 1930-31 were on the legislative program today.

Working at an almost unprecedented clip, the senate yesterday passed finally its rural aid, judiciary, educational and eleemosynary measures, leaving only the departmental bill and minor money measures for its membership to tackle.

Bandstand Is Need of Legion Band

A large crowd heard the American Legion band give its third concert in front of the Legion home last evening. The need of a bandstand was apparent when cars lined the streets and had to be moved by traffic officers.

The street in front of the home was crowded and many could not get close enough to hear the concert well.

The next concert will be given Tuesday night in front of the Legion home on West Foster avenue.

Completing Their Rome Hop Today

Lifting their plane from Albericia, Spain, today, where they were forced down yesterday, Captain Lewis M. Yancey, right, and Roger Williams today took off again for Rome, their goal is in the flight from Old Orchard, Me. The tiny iguana on Yancey's shoulder is their mascot.

YOUNG BRIDEGROOM DROWNS IN LAKE WHEN FRIENDS THROW HIM IN AS SERENADE PRANK

JENKINS, Kas., July 10. (AP)—David Hughes, 23-year-old bridegroom, was drowned last night when a party of friends threw him in the lake after serenading him and his bride at their newly established home here.

Police arrested William Wright, 25, and James Farmer, 27, both married men with families, as the instigators of the fatal prank.

Bowman Makes No Statement in Hearing

Johnny Bowman is still being held in county jail without bond in connection with the fatal shooting of E. R. Watkins July 4 in a South Panipa filling station. Charges of murder were filed against Bowman following Watkins' death in a local hospital two days after the shooting.

Oklahoma Co-Ed Held for Theft of Costly Jewels

OKLAHOMA CITY, July 10. (AP)—Alma Lee Couch, University of Oklahoma co-ed, today was at liberty on bond following her arrest in connection with the theft of \$2,000 in jewels from an Oklahoma City home last April.

Miss Couch, who was graduated from the University in 1926, and who returned to school this summer to take advanced work, was arrested after the missing gems were found in a public check stand here. W. E. Davidson, in charge of the stand, identified her as the girl who had left the bag containing the jewels.

Miss Couch's arrest brought many of the business and religious leaders of Norman to her aid. Jack Foster, city councilman, and Charles Richardson, leading merchant, signed her bond, and Judge James A. Gresham, Dean J. H. Reaves, head of the school of Arts and Sciences at the university, and several ministers, also offered to help the girl.

BULLETINS

NEW ORLEANS, July 10. (AP)—Preparations were made today to operate street cars tomorrow to test the protective power of the federal injunction to restrain the striking carmen from violence.

DALLAS, July 10. (AP)—Eight million dollars in the new currency released today by the treasury department has been placed in circulation by the Dallas Federal Reserve bank, officials said.

SAN ANTONIO, July 10. (AP)—Business Manager Tom Corner of the Indians today announced the outright release of outfielder Dutch Wetzel and the return of Pitcher Noel Haynes to Fort Worth. He also said that the club had signed Pitcher Dick Schuman, who was released by the Houston club yesterday.

AUSTIN, July 10. (AP)—Senator W. A. Williamson of San Antonio, today reintroduced his measure appropriating \$250,000 for the purchase of property surrounding the Alamo.

GALVESTON, July 10. (AP)—Pete Combine was found guilty by a jury here today of slaying Paul Kreider, a long-shoreman on September 5, last, and his punishment was fixed at 15 years in the penitentiary. The jury had been out since last night.

HIGGINSVILLE, Mo., July 10. (AP)—James R. Cummings, 82, former member of the Jess James gang and the Quindt ruffians, died at the Confederate home here yesterday. He had lived in the home for 27 years. He wrote a book of his escapades to be published after his death.

Lindbergh's Home Is "Just America"

LOS ANGELES, Calif., July 10. (AP)—The address of Colonel and Mrs. Charles A. Lindbergh, will "Just be United States of America for a while."

Colonel Lindbergh made this statement last night during an interview at a hotel here after his return flight from Winslow, Ariz., to the Grand Central airport at Glendale, Calif., with the first load of passengers from New York City via the Trans-Continental air-rail service.

Accompanied by his bride, the former Anne Morrow, Colonel Lindbergh piloted the first passenger plane east to Winslow in the air-rail service inaugural Monday. He arrived here at 5:40 a. m., yesterday on the return trip.

Carol Involved in Plot Against Boy King's Rule

BUCHAREST, Rumania, July 10. (AP)—Documents allegedly confiscated by the government in its roundup of military conspirators against the present regime have definitely implicated the exiled Prince Carol in a projected coup d'etat.

The documents comprised proclamations to the people and to the army, all bearing the signature "in the name of his majesty, King Carol II." It was said it appeared the exiled prince was fully aware of the preparations for the plot and gave his consent to it.

Several more arrests were made today and it was said the investigation was proceeding along lines which might implicate various important political personages.

DERAILED CARS STRIKE SWAMP THIS MORNING

Several Persons Are Reported Badly Injured

SPEED OF 55 MILES CLAIMED

Mishap Is Charged to "Sur Kink" in the Rails

RALEIGH, N. C., July 10. (AP)—Mrs. James F. Whitehead, wife of the chief of police of Enfield, near where four cars of a passenger train of the Atlantic Coast line railroad were derailed this morning, told the Associated Press over long distance the wreck was "very bad." She added: "Nobody is dead yet, but several are expected to die."

L. W. Ransome, grocer at Enfield, said approximately 60 injured persons were taken from the wreck but none was dead. Two women were most seriously injured.

Most of the injured were being taken to Rocky Mount hospitals, he said. The wreck occurred on a sharp curve near the city limits of Enfield. Five pullman cars "went into the swamp" Ransome said.

Five persons said to be seriously injured were taken to the Atlantic Coast line hospital at Rocky Mount, N. C., and hospital authorities said at noon they were preparing for more.

The wreck, trainmen said, was due to a "sur kink" in the rails. The first five cars passed the bad spot. The rear end of the dining car and four pullmans left the rails and after being dragged over the ties about 75 yards turned over into Ruffles swamp.

Engineer T. R. Pettit said the train was traveling at a speed of about 55 miles an hour. The track had kinked due to the fact that a cool night last night was followed by a hot day.

Bad Weather Is Stopping Effort to Raise Submarine

LONDON, July 10. (AP)—The admiralty announced late today the position of the sunken submarine, H-47, had been buoyed, but bad weather had forced the salvage fleet to withdraw temporarily to the shelter of Milford Haven.

PEMBROKE, Wales, July 10. (AP)—The British submarine, L-69, today dived in the vicinity of the stricken H-47 and tried to communicate with the 21 men trapped within her, but without avail.

The L-69 tried to communicate with the H-47 by sound telegraph, using a bell with Morse Code, but there have been no answering signals.

Diver Bell, reputed to be the most experienced in the navy, was taken from the cruiser, Renown, and equipped with a special German diving suit in which he will try to locate the missing men.

It's Like This—

POSTAL AUTHORITIES at Washington are said to be refusing to authorize expenditures necessary to provide adequate service here on the theory that a "temporary condition" exists.

It is not an original observation, but a true one, that there is a temporary condition AND HAS BEEN FOR THREE YEARS.

Why cannot the federal government, if even a vestige of efficiency exists, recognize that the patrons of the local post office are not getting the type of service desired and that annoyance has reached a point resembling disgust?

The measure of efficiency is an emergency. But the Pampa condition is an emergency only in the sense that little is being done to provide good service. There is no uniformity in postal regulations which justify this condition.

When lines get too long, quick service necessitates division into more and shorter lines. This means more clerks and more windows. The present demand justifies such a plan.

Free mail delivery is desirable because it is expected of every city this size and because lack of it damages Pampa's prestige. Moreover, free delivery means that mail congestion can be lessened without waiting for patrons to call for their mail.

will bring about an early solution.

The "temporary condition" would be bad—enough if it were only that—which it isn't.

PERSONS WHO DON'T KNOW would presume that the Panhandle wheat is being inspected in Fort Worth, but it's not, asserts the Amarillo News in noting that "Fort Worth is making a big hullabaloo about the amount of wheat being inspected in Fort Worth."

It is good to note that Amarillo is at last getting the viewpoint of the smaller place when the big one claims every asset in sight. But Amarillo should not call the kettle black. Remember the oil field and wheat claims.

No one will of course deny that most of the Upper Plains wheat is going through Amarillo—it can't do otherwise. And what cannot be moved by the railroad is piled upon the ground. Furthermore, there is no one in this territory who believes that the Rock Island connection down the line some 100 miles or more from Amarillo, lessening the distance to the coast by a relatively few miles, is going to do anything except that wheat going through Amarillo in the same old sluggish way.

If the Interstate Commerce Commission looks into the present and future needs of the fertile Upper Plains that body will not place any bars against a north-south rail connection.

BY RODNEY DUTCHER WASHINGTON — The hotel owners of the capital do not recall a summer when business has been so good.

First there's a tariff bill being constructed by the Senate Finance Committee, which means that more than the usual quota of lobbyists are occupying expensive suites and that more members of Congress are here than ordinarily.

Second, President Hoover and his staff are here for the summer. There are thousands of jobs yet to be filled and the seekers of these are coming in and going out of town all the time.

Third, the fact that the president remains greatly augments the bumper crop of tourists which always follows in the first few months following inauguration of a new president.

Ordinarily "nearly everybody" leaves town for the summer. This year a large

portion of "nearly everybody" is sticking around.

Very shortly there will doubtless be an epidemic of anecdotes about people calling up President Hoover and ordering a case of gin or about people calling up a prominent Washington bootlegger and asking for Mr. and Mrs. Hoover. The genesis of these stories will be the fact that the new White House telephone number, National 1414, is almost identical with that of the bootlegger—just close enough for customers and operators to make mistakes. One ventures to predict that the bootlegger, rather than President Hoover, will soon change his number.

Mrs. Hoover brought back many souvenirs from her good-will tour with the president-elect in Latin America, but perhaps the smallest one of all recently came chasing after her. At Corinto, Nicaragua, where the party landed for a couple of hours, she saw a tiny ebony doll, made into a pin and worn by an elderly woman. She remarked the attractiveness of the pin to its owner, whereupon the old lady tried to take it off and give it to her. Mrs. Hoover, naturally excused herself from accepting it.

But when Dr. Juan Bautista Sacasa was named Nicaraguan minister to the United States the old lady sought him out. She had removed the metal pin and had run a ribbon through the little ornament and she asked Dr. Sacasa to deliver it to Mrs. Hoover. So the minister brought it along and when he presented it found that Mrs. Hoover remembered the incident, the pin and the donor.

Efforts to bulldog steers from airplanes have not been very successful. About as successful, it seems, as efforts to bulldog some people into getting into the cockpit for their first rides.

It is absolutely essential to have a well marked and lighted airport to welcome air travelers of the future, who are not going to let nightfall stop them. Pampa has not moved in haste in this matter, and therefore should be able to move wisely now.

There should be a new crop of Scotch jokes when the smaller bills come from the U. S. treasury.

Times change. Once there was a tendency to annoy everybody with auto horns; now you thing many cars had no such equipment.

#### Club Adjourns for Summer—Picnic to Be Closing Event

The last of the semi-monthly dinner meetings of the Business and Professional Women's club for the summer was held last evening at the Schneider hotel, the members voting in the business session to disband until the second Tuesday in September. A business meeting was called for Tuesday evening, July 23, to be held in the B. C. D. auditorium. It was announced that the board of directors would meet once a month for the discussion of business.  
Plans were made for a picnic to be given by the club next Monday evening. Detailed arrangements will be made by the social committee, of which Miss Louise Miller is chairman. The time and place of meeting will be announced later. Each member will have one guest to the occasion.

#### Miss Virginia Rose Hostess at Party for Young Visitor

One of the delightful small affairs of the week was a slumber party given Monday night by Miss Virginia Rose, at the home of her parents, Mr. and Mrs. Tom Rose, for Miss Virginia Thomas of Weatherford.  
The guests were: the honoree, Miss Inez Barrett, Miss Yvonne Thomas, Miss Mary Ellen Cook, Miss Wilma Washman, and Miss Wanda Barnard. Dancing was enjoyed during the evening and refreshments were served.

Mr. and Mrs. Chester Carter of Miami were here today.

Mrs. O. B. West made a business trip to Sayre, Okla., yesterday for the Rose Motor company.

The marriage of Miss Bonnie Jo Pool, daughter of Mr. and Mrs. C. T. Pool, and Mr. Louis R. Mills of Seminole, Okla., took place this morning in the parlor of the Methodist church, with the Rev. Tom W. Brabham officiating. The ring service was read at 9:30 o'clock, before an improvised altar, on which were bowls of roses, carnations, and garden flowers. A few friends of the young couple were present.

The bride wore a smart ensemble of beige, the accessories matching the lighter shades of the embroidery on the jacket of her georgette frock. She carried the handkerchief her mother had carried on her wedding day.

Mr. and Mrs. Mills left immediately after the ceremony for a short visit in Oklahoma City, following which they will be at home in Seminole.

The bride, a popular member of Pampa's younger set for the last two years, came here after completing a course in Rice Business college of Corsicana, to accept a position in the Pampa National bank. She was with that institution until her marriage. She was "Miss Pampa" in the pageant at the 1928 convention of the West Texas Chamber of Commerce in Fort Worth.

Mr. Mills, who is the son of Mr. and Mrs. R. L. Mills of Groesbeck, and a former resident of Pampa, is district manager of the International Derrick & Equipment company in the Seminole area. He was here as manager for the same company for about a year, transferring last April. He attended school at A. & M. college, Bryan.

#### Dutch Motif Is Developed in Party Details

Mrs. Ralph Trimble, who was hostess yesterday afternoon to members of the Kogonial Kard Klub and a few other guests, gave her party added interest with an attractive decorative theme for all appointments. Dutch motifs—quaint Holland maids, wooden shoes, and picturesque windmills—featured the bridge accessories at three tables and the score favors.

Mrs. W. H. Lang, high for club members, received a covered porcelain jar, topped with a Dutch girl figurine. A plaque in which a windmill was the central figure was high score favor for guests, and was won by Mrs. J. M. Turner. Mrs. J. H. Kelly was fortunate in the general cut, receiving a charming silhouette.

Players, in addition to those already named, were as follows: Mrs. C. S. Eason, Mrs. Jim White, Mrs. R. A. Webb, Mrs. F. M. Culbertson, Mrs. Roger McConnell, Mrs. Floyd McConnell, and Mrs. Lloyd Bennett, club members; Mrs. David Warren and Mrs. J. C. Phillips, guests.

**YOUTHS ROB BANK**  
TULSA, Okla., July 10. (AP)—Two youths robbed the American Exchange bank in Collinsville, north-east of here in Tulsa county, today of more than 1,000 in currency and silver. A third man remained in a car in which the trio escaped.

J. D. Wilks of Panhandle and George Wilks of Wellington are guests in the home of their sister, Mrs. W. A. Taylor.

### For Sports, Evening And A Seat In The Sun

A charming picture hat upper left, in Baku straw, trimmed with crepe ribbon, is shown by Magasins du Louvre, Paris. Of the sports footwear shown by Lord and Taylor, New York, the golf shoes at left are of woven leather; the others are Espadrilles, made of white buckskin. The rhinestone studded evening gown of printed flat crepe, right, is exhibited by Best and company, New York.

### Modes of the Moment!

The newest printed chiffons show bigger designs and fresher coloring. Lingerie has one with big green and black flowers on a pale yellow ground. It is a dinner or afternoon frock.

#### Bridge Luncheon Honors Visitors from Rising Star

Naming her daughter, Mrs. M. T. Anderson of Rising Star, as honoree, Mrs. G. W. Sherrod entertained at 2 o'clock yesterday afternoon with a bridge-luncheon for the Gibraltar Bridge club.

A color scheme of pink and orchid was featured in the menu and the card table accessories. Sachets in pastel toned chiffon were individual favors to the members and special guests.  
High score favor, a hand-painted lemon plate and fork, went to Mrs. Art Jaynes. An oil painting was awarded Mrs. Carl Jaynes for second high score. The honoree's favor was a hand-painted perfume bottle.

The invitation list was as follows: Mrs. Anderson and Mrs. J. Raymond Browne, special guests; Mrs. Art Jaynes, Mrs. A. L. Hammett, Mrs. W. M. Voyles, Mrs. Arthur Jaynes, Mrs. T. A. Robinson, Mrs. Carl Jaynes, and Mrs. W. E. Taylor.

#### READY TO HOP AGAIN

CHICAGO, July 10. (AP)—The Chicago Tribune's Berlin-bound amphibian, the "Untin" Bowler, stood ready today to take off for Port Burwell, tiny settlement on Cape Chidley in northern Labrador, for Mr. Evans, Greenland, 700 miles across Hudson and Davis straits.

#### NINTH APPLICATION FILED

Application No. 9 for a marriage license was filed at the county clerk's office yesterday afternoon by Sterling Ellis, Jr., and Miss Elizabeth Cotten, both of Pampa. The last week has seen as many applications filed as during the first three weeks the new law has been in effect. According to the county clerk, the new law is being understood better now.

#### WHEAT RECOVERING

CHICAGO, July 10. (AP)—Rainless skies northwest and renewal of unfavorable crop advices from there led to an early advance in wheat prices today. Opening unchanged to 5-8c off, Chicago wheat later scored material upturns all around. Corn and oats developed firmness, too, with corn starting 1-8 @ 1-4c to 7-8c down, but afterward showing rallies. Provisions were easy.

### Other Nations Protesting Tariff Plan of Senate

WASHINGTON, July 10. (AP)—A flood of protests against the pending tariff bill, sent by foreign trade associations, including one by Spain, threatening to denounce the existing modus vivendi of most favored trade relations with the United States, were made public today by the senate finance committee.

The notes, couched in both emphatic and mild terms, and expressing opinions on behalf of governments of Europe, South and Central America, and individual industries of those countries, were made public without comment. They will be considered by the committee in revision of the house tariff bill.

The governments and colonies represented in the mass of memoranda were England, Australia, India, Bahamas, Bermuda, Island of Dominica, Irish Free State, France, Italy, Spain, Belgium, Mexico, Austria, Turkey, Norway, Greece, Netherlands, Denmark, Switzerland, Persia, Uruguay, Dominican Republic, Guatemala, and Honduras.

The note from Austria declared "imports from the United States by far exceed the exports from Austria to the United States," and the trade balance between the two countries in 1925 was \$16,220,000 in favor of this country.

"This state of affairs," the note said, "is seriously menaced by the tariff bill. In fact there are provisions in the bill which, if maintained in the final wording of the act, would wipe out a large portion of Austrian trade with the United States."

### Legion to Hold Session Thursday

There will be an important called meeting of the American Legion at the Legion home, West Foster avenue, tomorrow night at 8 o'clock. Commander F. M. Culbertson is anxious that every member be present.

Further plans for supporting the team and the Legion Grays, baseball team, will be discussed. The Legion intends to send the Grays to the Amalio tournament this year and support needed. It will be a short meeting so that members can get away early.

### Governor Dillon to Address Roswell Chamber Meeting

ROSSELL, N. M., July 10. (Special)—Such notables as R. C. Dillon, governor of New Mexico, and J. W. Hall, mayor of Roswell, will be speakers on the program of the Pecos Valley-Intermountain district convention of the West Texas Chamber of Commerce to be held here July 16.

The convention will be held after the arrival from Ruidoso of the members of the fourth annual motorcade sponsored by the regional organization. The motorcade will spend the night in Roswell where entertainment has been planned for them and continue the next day to Clovis, and Carlsbad Caverns, the objective of the trip.

Governor Dillon will address the district delegates during the morning session, as will Mayor Hall, who will make the welcome address and Judge J. D. Hamlin, vice-president of W. T. C. C., who will respond. Music by various bands will feature the entertainment of the morning, following which "America" will be sung by the audience, and invocation said by Rev. J. H. Ketchum.

### Reporter's Slayers Out of Laredo

SAN ANTONIO, July 10. (AP)—Raymond J. West and Tomas Hernandez, convicted last Wednesday of choking to death Harry Williams, newspaper reporter, and throwing his body into the Rio Grande, were held in the Bexar county jail today.

The men were spirited out of Laredo yesterday and brought to San Antonio in an automobile by Laredo officers. West is under a life sentence, and Hernandez faces 20 years in the penitentiary. Appeals to the criminal court of appeals are pending.

Sheriff Joe Coondren, who brought them here said the Laredo jail was none too sanitary or safe, and he simply brought them here as a precautionary measure. He said he did not believe West or Hernandez, both of whom were former Laredo peace officers, would have tried to escape, but Laredo was in a state of excitement over the affair and the prisoners had many friends there.

### FLOOD AT NEWTON, KANS.

NEWTON, Kans., July 10. (AP)—A hundred families this afternoon hastily evacuated flooded homes when Sand creek, running through the north part of Newton, left its banks and was rising at the rate of 14 inches an hour. It was estimated the water would rise five or six feet higher. The north part of town, including Bethel college, was about to be cut off by the water.

### CROP FORECASTS GIVEN

### Color Blind Boys Under Arrest

WASHINGTON, July 10. (AP)—Two boys were held by Washington police today because one of them wanted to gain entrance to Annapolis naval academy but was found to be color blind.

Henry Sherwin Rupp, son of a Long Beach, Calif., business man, was named as a candidate for the academy after he passed examinations given by the U. S. naval reserve, of which he was a member of California. He was given a high rating on his

mental examination but "flunked out" on his physical examination two days ago. Color blindness was given as the cause.

### TAXIING AROUND THE AIRPORTS

A combined airplane and land plane airport is to grow up and on the site of the Arlington amusement park on the banks of the Potomac across the river from Washington. The park site has been purchased and will be combined with the Washington airport after the raising of structures on the property.

A tract of land has been donated by and Okala, Fla., citizen for a Marion county, Fla., airport. Conditions of the donation require that the Marion county. Conditions of Commerce develop the airport in such a manner that it will receive the highest department of commerce rating possible with the available landing area. This means the facilities at the field must be of the highest type.

Authorities in charge of the Buffalo, N. Y., municipal airport have requested the department of commerce for a rating of their port under the federal airport regulations. The Buffalo airport has been designated an airport of entry because of international airline service to Toronto.

A 24-inch revolving airway beacon has been erected on the roof of the Security National bank at Sheboygan, Wis. The beacon will be operated from dusk to dawn nightly. In addition, a directional beacon throws a shaft of light toward the Kohler airport, three miles west of the city.

Applications for designation as airports of entry have been denied airports at Grand Forks, N. D., Milwaukee, Wis., and El Paso, Texas by the interdepartmental committee in charge of the designations. In the future the designation will be given only to airports from which a regular scheduled international service is operated.

Klamath Falls, Ore., has begun construction of an airport. Grading and clearing is under way in preparation for the laying of graveled runways. Aside from the funds appropriated for purchase of the land, \$40,000 is available development and installation of facilities. A hangar 100 feet square is to be built.

### Scores Injured as Bleachers Crash

FARGO, N. D., July 10. (P)—More than 150 persons were injured, 14 seriously, as a bleacher section collapsed at the North Dakota state fair last night.

Twelve hundred persons were in the stands that fell, and it was estimated one-third of them were precipitated into a heap. Fair officials said rotted timber supports were responsible for the accident.

Police and volunteer workers aided in extricating the injured from the wreckage and in calming occupants of other stands.

### White Is Given Confidence Vote for House Today

AUSTIN, July 10. (P)—Faith in the honesty and integrity of Representative John Herron White of Berger, charged with forging the signature to a waiver citation in a divorce suit, was expressed today in passage by the house of a resolution offered by Representative Ray Holder of Lancaster and Folk Hornaday of Harlingen. The vote was 70 to 5.

Action on the part of the house came after an explanation by Representative White of circumstances surrounding the charge. White declared the complaint was preferred by District Attorney John A. Holmes because the prosecutor was angered at White's refusal to sponsor a bill allowing the district attorney two special investigations.

Two Hutchinson county grand juries returned no-bills after investigating the case, Representative White told the house.

Representative A. P. C. Petsch of Fredericksburg opposed the resolution with the assertion the house should not take part in a local controversy.

### Mexico City to Be "De-Pistolized"

MEXICO CITY, July 10. (P)—Chief of Police Valente Quintana has asked President Portes Gil for authority to "depistolize" Mexico City.

He would deprive the inhabitants of their right to carry pistols, knives or other weapons, a privilege the public in general has not failed to take advantage of.

First offenders would be relieved of their weapons, second offenders deprived of their weapons and fined, and third offenders given a 30-day jail sentence.

NEGROES WISH LICENSE  
The first application for marriage license to be applied for by a negro since the new law went into effect was received this morning by Miss Louise Miller, acting county clerk in the absence of Charlie Thut, who is on a vacation. The application was from Alma Hoosey and V. Coleman.

The couple said they would return for the license in three days.

### Small Currency Is Expected Here This Afternoon

The new reduced-size currency had not reached Pampa at noon today, but local bankers expected a shipment this afternoon. The currency was to be put into circulation today.

As rapidly as the old currency is received at the banks it will be bundled and sent to Washington to be retired from circulation, bankers here said this morning.

Numerous calls for the new currency were received at both banks this morning, cashiers say. Some sample bills have been posted at the banks for the last month, but none has been distributed. Curiosity as to how the new money will "feel" and how it will fit the billfolds seems to be the main reason customers are anxious to get some.

### First Eastbound Passengers Land in New York Today

NEW YORK, July 10. (P)—The first eastbound passengers of the Trans-Continental Air Transport's air-rail line from coast to coast arrived at Pennsylvania station at 9:46 a. m. (E. S. T.) today 4 minutes ahead of schedule.

Only two members of the original party of 18 that left Los Angeles Monday morning completed the coast-to-coast trip. The others stopped off at other points along the line.

that 912,000 bills have already been printed. This is the first change in currency since 1861 and it is expected to reduce the cost of printing and distributing approximately \$1,500,000 a year.

### Court Amendment Explained to Rotary

The amendment to the state constitution providing for an increase to nine of the justices of the supreme court was explained by C. C. Cook at the Rotary meeting today. Mr. Cook explained that with the present number of three it is impossible to properly take care of the cases coming before the court. The amendment will be voted on Tuesday, July 16.

M. K. Brown, president, reported on the district meeting which he and Tom Rose attended at Sweetwater the first part of this week. The Rev. Tom W. Brabham told the club about the work which was being accomplished for Boy Scouts in the Adobe Walls council.

Visiting Rotarians were: Horace Russell, Amarillo; H. J. Harney, McPherson, Kans.; Aubrey White, Holdenville, Okla.; Herman Axelrod, Bartlesville, Okla.; Ray Shifflett, Mangum, Okla.; and Kenneth Hudson and
