

RACE VICTORY GOES TO KEECH

President Hoover Pleads for an Actual Reduction of Armaments

MEMORIAL DAY ADDRESS ASKS MORE ACTION

Preparation Only for Defense Is Held Expedient

MUST KNOW IF PAST TO HOLD

War Programs Yet on Basis of Strong Competition

ARLINGTON NATIONAL CEMETERY, Virginia, May 30. (P)—President Hoover, in his first Memorial day address, solemnly declared here today that if the Kellogg-Briand peace pact is to fulfill its high purpose the nations must "clothe faith and idealism with action."

"That action must march with the inexorable tread of common sense and realism to accomplishment," he said at impressive ceremonies in the white-columned amphitheatre here amid the ringing places of the nation's heroic dead.

"If this declaration really represents the aspirations of peoples; if this covenant be genuine proof that the world has renounced war as an instrument of national policy," he asserted, "it means at once an abandonment of the aggressive use of arms by every signatory nation and becomes a sincere declaration that all armament hereafter shall be used only for defense."

"Consequently, if we are honest we must consider our own naval armament and the armaments of the world in the light of their defense and not their aggressive use."

Expressing regret that despite the Kellogg-Briand treaty the world still is borne on the tide of competitive building, Mr. Hoover warned that "fear and suspicion will never slacken unless we can halt competitive construction of arms."

Calling attention that the United States had offered a new program to the world for actual reduction and the maintenance of an agreed relative of naval strength, the chief executive said "the time has come when we must know whether the pact we have signed is real, whether we are condemned to further and more extensive programs of naval construction."

"Limitation upward is not our goal, but actual reduction of existing commitments to lowered levels," he declared.

Memorial day services were to be held at the Pampa Methodist church this afternoon with Col. Guy Green of Kansas City making the Memorial address. Following services at the church the American Legion planned to march to the cemetery, where graves of fallen comrades were to be decorated. An airplane piloted by Bill Morris, local pilot was to fly over the cemetery and drop flowers over the graves.

Local banks and the postoffice were closed all day. Stores and business houses had been asked to close at noon for the rest of the day, or at least from 1 to 4 p. m., during the services.

Jack Campbell is reported by Pampa hospital to be recovering satisfactorily after a major operation performed yesterday.

Mrs. T. E. Simmons, Mrs. J. E. Chapman and son Wilks are Amarillo visitors today.

THE WEATHER VANE

WEST TEXAS: Partly cloudy tonight and Friday; somewhat unsettled in north portion.

—AND A SMILE

NEW YORK. (P)—John D. Rockefeller desires to dandle his Swiss great-grandchildren on his knee. To Max Beer and Mrs. Mathilde Rockefeller McCormick Oer, now visiting New York, he has sent a telegram of welcome, expressing the wish that they visit him.

She Sings

One of the most promising young musicians of Central high school is Miss Audrey Noel, daughter of Mr. and Mrs. J. G. Noel, pioneer Gray county residents. Miss Noel, who will be a senior next term, has a clear soprano voice which took second in the Amarillo music contests. She is a member of the girls' quartet and mixed quartet, and also plays an instrument in the orchestra.

MANY FIREMEN ARE MADE ILL AT CONVENTION

MUSKOGEE, Okla., May 30. (P)—Two hundred persons were ill today of ptomaine poisoning, four seriously, following a box supper last night for firemen and their wives attending the state firemen's convention here.

Physicians said Mrs. George Higginbotham, wife of the Muskogee fire chief was in a critical condition and had only a slight chance for recovery.

Condition of Paul Graves, Muskogee fireman, was reported dangerous.

H. J. Clark and Mr. and Mrs. Charles Slomp of Oklahoma City were severely ill. Slomp is secretary to the State Firemen's association.

So many members of the Muskogee fire department were ill that volunteers were called for as a precautionary measure.

King George Has Feverish Attack

LONDON, May 30. (P)—King George has had a feverish attack and is confined to bed at Windsor castle, it was learned here today.

News that the king was ill again came as a shock to the few persons acquainted with the facts. It was not announced in London, which together with the rest of the nation was looking forward to preparations for a Thanksgiving service for His Majesty's recovery at Westminster Abbey, June 16.

Mail Route Plan Is Well Received

A petition signed by residents and company superintendents along the proposed free mail delivery into the South Pampa oil field will be mailed to Washington tomorrow. The petition says that the new route would serve 531 persons.

Besides individuals who signed the petitions, oil company and carbon black companies were enthusiastic about the new delivery system. The superintendent of the Phillips Petroleum company in the Bowers-McCee pool signed for 175 of his employees. The Wilcox Oil and Gas company has 75 persons receiving mail. The Texas Elf Carbon company has 60 persons and the Western Carbon company has 36 persons whom the new delivery would serve.

The petition was prepared by F. F. Reid and George W. Briggs. A map and data prepared by Mr. Reid will accompany the petition to Washington. It is expected to receive early approval by the postmaster general's department.

Mr. and Mrs. John Calvin of Spearman are the parents of a son born yesterday at Pampa hospital.

ROAD HEARING WILL BE HELD IN CITY SOON

Santa Fe Request to Authorize Spur to Be Aired

TEXAS BODY TO CONSIDER PLEA

Pampa B. C. D. to Oppose Line as Being Inadequate

Pampa has been named by the Interstate Commerce Commission as the site of the hearing on the Santa Fe's proposal to build a spur line into Central Gray county. The date is July 24.

When the Santa Fe petition was filed several weeks ago, the Pampa Board of City Development immediately filed an intervention and asked that the hearing be held here. It is believed that the spur line, which would be constructed from Heaton, a siding about 8 miles east of here, to point about 2-1/2 miles east of LeFors, would be inadequate to serve this territory, and would tend to neutralize the benefits of the new C. & O. W. road, toward which Pampa citizens gave \$50,000.

Washington, dispatches indicate that the hearing will be turned over to the Texas railroad commissioner, and whether an I. C. C. representative will also be present is not yet known.

The Texas company, through its Coltexo corporation, has become a party to the Santa Fe petition, and will present its claims for the spur service. The proposed branch line would chiefly serve the Texas company in its large Central Gray county holdings.

Another hearing will be necessitated by conflicting petitions of the Rock Island and Fort Worth and Denver Northern lines, both of which wish to tap the territory to the south. This hearing may be held in Washington, or in one of the affected cities—Pampa, Shamrock, Wellington, Childress and Quanah. Only the Denver is asking to reach as far north as Pampa.

Prominent Houston Man Kills Wife and Himself at Fort Worth, Where She Had Gone to Visit at Home of Her Brother

Arthur Sayers Plans Slaying When He Learns That Separation Was Inevitable—Mrs. Sayers Was Star Golf Player

FORT WORTH, May 30. (P)—Arthur Sayers, 59, prominent business man of Houston, shot and killed his 29-year-old wife here today and then ended his own life.

The slayings occurred at the home of Roger Q. Williams, secretary-treasurer of the Orbit Oil company, a brother of Mrs. Sayer.

Williams testified at a coroner's inquest this morning that he and Mrs. Williams had retired for the night, leaving the Sayers in the living room. Shortly afterward several shots were heard. Mrs. Sayers staggered into the bedroom and fell dead.

"I ran into the front room and saw Sayers shoot himself," said Williams. Sayers died almost instantly.

Sayers came to Fort Worth in an attempt to persuade his wife to return to him. Two weeks ago Mrs. Sayers left Houston to play in a golf tournament in Dallas. At the end of the tournament she came here.

"For about six months my sister and Sayers have not been happy together," said Williams. "She said that rather than live a lie she was not going back to him after she had come to visit with us."

"Monday night she mailed him a letter in which she told him she could live with him no longer. There were no accusations, no harsh words in it. She merely stated she had found she did not love him any more. The same night the letter was mailed he telephoned her from Houston. Over the telephone she told him that on the following day he would receive the letter. He asked her to write again and she did."

"In her second letter she reiterated that she could not get along with him and that she did not want to live with him any more."

O. L. Hyder was admitted to Pampa hospital today for treatment of injuries suffered yesterday. He is an employee of the Danciger oil company.

Farming Expert in Address Today

"The Panhandle, and especially the north portion, needs diversification," Delos James, agricultural expert of the United States Chamber of Commerce, said this morning to a group of local men upon his arrival here from Clarendon, where he spoke yesterday. Mr. James will be here today and tomorrow. "By that statement I do not mean that less wheat should be raised but that other grain should be grown and more dairy cattle and hogs raised by the farmers of this country," the expert declared. "The farmers would make more money at very little expense and labor," he said.

Mr. James will address farmers and local business men and citizens at the Chamber of Commerce rooms tonight at 8 o'clock. Everyone is invited to hear Mr. James and discuss with him conditions of this territory. He has had many years experience along this line.

TRAINMEN DIE BENEATH CAR AT SLATER, MO.

SLATER, Mo., May 30. (P)—Three trainmen of the Chicago and Alton railroad, were killed near here today when a box car fell on them. The car was being moved away from a string of 12 cars which had been ignited by an explosion of a tank car.

The dead F. W. Hutcherson, yardmaster for the Chicago and Alton at Slater; Hugh Cole, brakeman on the burning train; Harold Fishback, switchman on a relief train.

Miss Edna Clemens made a business trip to Amarillo yesterday.

STORY OF PARROT WHO LEARNED FROM CHICAGO POLICE

CHICAGO, May 30. (P)—Ah, Ha! Phoebe the parrot has a story to tell the policeman.

Up to the time Phoebe got lost from the cage at the Hugh Garden home yesterday, her most virulent oath was "hot coffee." But now she says "—" and "—" and "—" as well as a lot of double-jointed cuss words.

Mr. Garden cannot understand how Phoebe could become so profusely profane in 10 short hours, especially since the only human beings she met during that time were three Lake Forest policemen who spent most of the day trying to get Phoebe out of the tree in which she had perched. Mr. Garden said Phoebe could hardly have picked up her cuss words from the policeman.

"No!" said Phoebe.

ROTARY MOTTO RETAINED WHEN MEMBERS VOTE

DALLAS, May 30. (P)—Proposals to abandon the Rotary slogan, "He Profits Most Who Serves Best," and to reduce the per capita tax were defeated by the twentieth annual international convention of the organization here today.

DALLAS, May 30. (P)—Resolutions which would take the 1931 Rotary convention abroad, eliminate the slogan, "He Profits Most Who Serves Best," and reduce the per capita tax were placed before the twentieth annual convention of Rotary International here today.

The 1930 convention already had been awarded to Chicago, and Memphis made a strong campaign for the 1931 event. The resolution to take the 1931 convention abroad was supported by foreign delegates who also asked that it become the policy of the board of directors to hold at least every fourth convention outside of North America.

The move to eliminate the slogan also was sponsored by foreign delegates who argued that when the slogan is translated into many foreign languages it lost the connotation which it had in English and sounded very commercial.

Considerable sentiment for a reduction in Rotary revenues was evident, and delegates from Newcastle-On-The-Tyne in England framed the resolution asking a reduction of 50 cents in the per capita tax. The organization at the present moment is enjoying a \$50,000 surplus and many of the delegates believed this unnecessary.

Most of the other resolutions dealt with purely internal matters concerning the manner in which elections were held and members obtained. One of these would make a Rotary membership an international membership so that the member, moving from one town to another, would retain his membership in his home club, but would attend the meetings of the club where he lived. At present a membership lapses when the member moves.

During the morning session Arthur Larkin of New York urged the clubs to do their advertising through good works rather than through direct advertising mediums. He said that a study of various methods of advertising, including newspapers, electric signs, pamphlets and billboards had convinced him that the indirect advertising which Rotary receives through hospitals for crippled children, social service work, and child welfare work is more effective than direct advertising.

C. E. Buchner of Tulsa described a series of fireside meetings held in the homes of members at which a school was started. The school made a careful study of social service projects which the club was fostering and increased the efficiency of the organization materially, he said.

Mrs. B. L. Conley of the Phillips Construction company, whose leg was broken May 20, is recovering satisfactorily at Pampa hospital.

Mrs. Tom Swafford, who underwent a major operation ten days ago, will leave Pampa hospital tomorrow.

BILL SPENCE IS VICTIM IN AUTOCLASSIC

Fractured Skull Is Suffered as Car Wrecks

MEYER LED AT 350-MILE MARK

Loses Lead to Winner When Forced to the Pit

SPEEDWAY, Indianapolis, May 30. (AP)—Ray Keech, 28, of Philadelphia, won the 500-mile automobile race at the Indianapolis speedway this afternoon before a record-breaking crowd of 160,000. His time was 5 hours, 7 minutes, and 25 seconds.

Only thirteen of the original 33 starters finished. The race resulted in the death of Bill Spence of Los Angeles and injury to five other drivers. Keech's average was 97.59 miles per hour for the full grind.

Meyer lost the lead to Keech at 400 miles when he was forced into the pits for 6 minutes and 45 seconds for a change of tires and to take on fuel. Moore moved into second, with Meyer third. The time was 4:04:51.8, average 98.018 miles an hour. Marchese was fourth. Jimmy Gleason was fifth. Meyer was delayed in his stop at the pits because of the inability to get the motor started.

SPEEDWAY, Indianapolis, Ind., May 30. (P)—William Spence of Los Angeles was killed today racing in the 500-mile international motor race at the Indianapolis speedway.

Spence was killed when his car overturned on the southwest-turn while he was tearing around the track on his fortieth mile. He was thrown clear of the car, and was rushed unconscious to the hospital, but died on the way. The car had struck a retaining wall on a skid, hurled Spence into the air in the middle of the track, turned completely over, then righted itself and came to a halt far down the track.

Spence was 24 years old and married. He was a relief driver for William Arnold in the race last year and finished seventh. Spence was a newcomer in major race competition.

As the cars flashed past on the first lap, Leon Duray was in the lead. He ripped off the first two and a half miles at an average speed of 109.62 miles an hour.

At the end of 50 miles Deacon Litz was leading with Lou Moore, just behind him. Duray was third. Litz's time was 27:59.97, an average of 107.170 miles an hour.

With 75 miles of the race ripped off, Deacon Litz was in the lead, with Lou Moore second; Lou Meyer of Los Angeles winner of the 1926 race was third and Tony Gulotta, Kansas City, fourth. The time was 42:25:50, an average of 106.070 miles an hour.

Jules Moriceau, of Paris, one of the

NOTICE TO THE PUBLIC. Any erroneous reflection upon the character, standing, or reputation of any individual, firm, company, or corporation...

It's Like This

THE BIG TEN is presumably trying to purge itself of professionalism in athletics, or more specifically, to eliminate "slush funds" provided by wealthy alumni.

Iowa university's fund, it appears, was best known, and conditions within the executive committee made it easy to let Iowa be the goat.

Football is paying the way for other athletics and the whole athletic training programs of most universities. A winning team means thousands of dollars profit, a big stadium, and a large and enthusiastic student body.

It is a custom for alumni everywhere to seek out high school star athletes and steer them toward alma mater. It happens that the average athlete is not able to pay his way through four years of college work.

There are some athletes, of course, who really work their way through school, but many of them would feel insulted if asked to do so.

Big Ten coaches were nearly unanimous in their belief that professionalism in athletics is getting worse. The time may not be far off when schools will be allowed to pay their athletes enough to keep them comfortably.

If this is not done, the big schools should give their graduating athletes a year's course free of charge. The student who gives his time to two or more sports throughout his career cannot be expected to get the true worth out of his

WASHINGTON LETTER

BY RODNEY DUTCHER

WASHINGTON—President Hoover appears to be the only man in the United States who can explain a black eye and get away with it.

The presidential eye has now virtually regained its normal shade and no one at all has been heard to suggest that the bruise was incurred in any way other than the official explanation.

The first explanation was that a branch had swung back and hit the president in the eye while he was tramping around during an outing.

Then it was reported that the president had stumbled and bumped into the branch. Latest of all, one was advised that the president had stumbled on a rock and crashed into the branch.

The Washington correspondents have been unable to make a mystery of it.

Barring press associations correspondents from the Senate floor is rather a bother for the three or four newspapermen affected, but it has no serious effect as far as getting the news is concerned.

All the newspaper correspondents have the privilege of sending in messengers to any senator on the floor, asking him to step outside into a nearby room. There are special messengers for the purpose as well as a special room.

But sometimes the senator doesn't come. He may be speaking or awaiting a chance to speak. Or he may be especially interested in the speaker spouting at the time. Or, possibly, he may even be too lazy.

A representative of each press association, under the custom prevailing hitherto, was given the privilege of going on the floor so that the large news agencies could obtain faster action in interviewing senators. They were able to talk to their man at any time when he wasn't making a speech.

courses in four years. Why not recognize the fact and help him to make up for this deficiency. Assuming that he would not be eligible for athletics, he should be able to boost his average scholastically. This course is being followed by many athletes who gave their best through four years but failed to make the required amount of work.

The ideals of amateurism are given up very reluctantly, but conditions change and in time new ideals may be accepted without violence to standards.

though they spent most of their time in the press gallery.

American wage earners are producing 53.5 per cent more per man than they did nine years ago, according to the National Catholic Welfare Association. The greater part of this gain has come in the last 10 years, for production per man is a little less than 60 per cent of what it was 40 years ago.

Hourly earnings of union workers, according to other figures, have increased only about 11 per cent in the same period.

The Welfare Council cites assertions by Assistant Secretary of Commerce Julius Klein that the American worker's yearly output is \$5200, as compared with the European workers' output of \$1500, and declares that under such conditions there is no excuse for poverty in the United States "except in rare instances."

Nevertheless, the council says, large numbers of American workers are not making a living wage, are being thrown out of work constantly when orders slacken and are being considered too early to work at an early age.

We don't know how big the wheat crop will be, but it looks too big to be encouraging from the standpoint of a hot day on the end of a pitch fork or the seat of a combine.

It's too bad we cannot get a report from the man who remarked, "It's a tough world," and jumped off a bridge.

We are not as dollar chasing as we are painted. Every year \$15,000,000 worth of gold teeth are buried with the dead.

TWINKLES

So Lindy and Anne set the pace for "quiet" weddings.

But think what the benefit of camera click would have meant to the curious world.

Amarillo's motto is that all roads lead, or should lead there. Pretty soon Amarillo will want to be regarded as a sort of first base which will have to touch before going to second, even though second might happen to be Oklahoma City.

Gliding may be a great sport, but we will confine ours to the banana peel variety, rather than that of motorless planes.

Men are the more polite shoppers, getting what they wish and departing. And they growl more about their purchases than women do—after they get home.

If they are going to make peanut pushing a science, the botanists are going to have to develop better peanuts.

Don't cling to an idea simply because you can think of a good reason for so doing. The other fellow may think up a better reason for believing otherwise.

We are not as dollar chasing as we are painted. Every year \$15,000,000 worth of gold teeth are buried with the dead.

Amarillo Woman Had Suffered for Two Years, She Says

IS WELL AND HAPPY NOW AS ANY WOMAN IN TEXAS; PRAISES ORGATONE

"After suffering for two long years, I took Orgatone and I am as well and happy now as any woman you ever saw," said Mrs. Murchison, who lives at 411 Husk street, Amarillo, while talking with a Orestone representative a few days ago.

"I suffered with my kidneys to begin with," continued Mrs. Murchison, "and was never able to find anything to relieve me the least bit. Until I commenced taking Orgatone. I was not able to eat anything without suffering agonies afterwards. My food would sour on my stomach in a short time after meals, and I would often have such cramping spells that I could hardly stand it. I was being the very best treatment all the time, but I just seemed to grow worse every day, and I finally got so weak and run-down that I was hardly able to do my own house work."

"While I was trying to decide what to do about my condition, I commenced reading in the newspaper here in Amarillo about the great work Orgatone was doing, so I bought a bottle, and that one bottle helped me so much that in two or three nights I was sleeping like a baby. Then I went to the drug store and bought two more bottles of Orgatone and here I am today just as well as any woman in Texas. Why, I have actually gained in weight and strength and am so perfectly well in every way that I do all my house work and get out and go down town for blocks and not get tired the least bit. I have a fine appetite and my stomach is in such good condition that I eat just anything that the rest of the family eats. Oh! I would just love to meet face to face with all the people in the world who suffers as I did and tell them the wonderful story of my recovery so that they might take Orgatone and be relieved as I have."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment and is sold in Pampa exclusively by City Drug Store. —(adv.)

CHICAGO BOMBER KILLED

CHICAGO, May 30. (AP)—Thomas McElligott, gangster, shot it out with another man in a cafe today and was killed.

The body of McElligott, known as a labor racketeer, bomber, and gunman, was found in the basement by a waiter.

LOCAL PERSONS MARRY

Miss Cora Poe and Mr. Tom Manion, both residents of Pampa, were married this morning by C. E. Cary, justice of the peace, in his office in the courthouse. The couple will make their home here.

Thousands Storm Gates to Famous Speedway as Pick of Racing Talent Line Up for Indianapolis Classic

INDIANAPOLIS, Ind., May 30. (AP)—Thirty-three of the world's fastest automobile race drivers lined up their cars today swarming the start at 10 a. m. of the 500-mile race over the Indianapolis motor speedway for prizes totaling \$100,000.

As the first streak of dawn appeared, the advance guard of motor-thrilled fans began storming the gates of the speedway, indicating another record-breaking crowd of upwards of 140,000 would witness the gruelling test of speed. Thousands slept in their cars all night so as to be able to slip into advantageous positions when the gates were opened at 6 o'clock.

Two former winners of the race, Peter de Paolo, nephew of the famous Ralph de Palma, and Louis Meyer, winner of the 1928 event, remained as favorites of the guessing public to triumph.

The field today included the pick of American drivers and European driving champions of 1928, and Jules Morisneau, another French driver.

With fair skies and bright warm afternoon promised, indications favored a shattering of the record of 101.13 hung up by De Paolo in winning the race in 1925.

The winner has a chance of collecting from \$25,000 to \$40,000. The management offers \$80,000, with \$20,000 going to the triumphant driver. The day just as well as any woman in Texas. Why, I have actually gained in weight and strength and am so perfectly well in every way that I do all my house work and get out and go down town for blocks and not get tired the least bit. I have a fine appetite and my stomach is in such good condition that I eat just anything that the rest of the family eats. Oh! I would just love to meet face to face with all the people in the world who suffers as I did and tell them the wonderful story of my recovery so that they might take Orgatone and be relieved as I have."

DR. JACOBS MOVES HERE
Dr. J. J. Jacobs of Amarillo will open a modern office in the First National bank building this week. Dr. Jacobs has rented an office adjoining the Western Union office and expects to be here Friday. The new optician has had many years experience.

Mr. and Mrs. W. A. Duerr are holidaying in Los Vegas and other scenic points in New Mexico.

Shreveport Wins, Going to Pinnacle of Texas League

By GAYLE TALBOT, JR., Associated Press Sports Writer.

A spectre which has haunted Texas league pilots since the 1928 race began stood out in relief today as the charging Shreveport Sports shared with the Waco Cubs the honor of occupying the league pinnacle.

The Louisiana team's fight for recognition was crowned with success yesterday as the Sports downed the Fort Worth Panthers, 10 to 8, in the concluding game of their series in the college town. It was the second time since the season opened that Del Pratt's youngsters had been scheduled to make room at the top. The schedule, however, gave the Cubs a break as the Sports must meet the rampant Dallas Steers in a doubleheader today, while Waco plays the lowly Beaumont Exporters twice.

Waco was idle yesterday, rain making it impossible for the Cubs to play the last game of their series with Houston. Beaumont and San Antonio took a day off for the same reason.

Dallas added another victory to the imposing string which Milton Stock's men are building up by beating Wichita Falls, 4 to 2. The Steers are in third place, a game and one-half out of first place and in a position to walk toward the top over the Shreveporters if they can score enough runs.

Two other doubleheaders are carded for today, San Antonio entertaining Houston, and Fort Worth, Wichita Falls. The Fort Worth series will be a battle for fourth place as the Spudgers are at the top of the second division, only half a game behind the Cats.

Magnolia Given Game by Default

Magnolia company's nine in the Industrial league won last night's game by default when the Cabot team failed to appear on the field. The Magnolia boys went through a stiff workout and several new players showed up like veterans.

The Magnolia team has been strengthened by new material transferred here from Oklahoma and Kansas. The team is one of the most formidable in the league and will be watched. Cabot leads the loop at this time, but is being hard pressed by Shell and Magnolia. Gulf has also come out of a slump and has been playing good baseball. Some live games are on the schedule for the rest of this week.

SETS NEW RECORD

LOS ANGELES, May 30. (AP)—A new mark for solo endurance flying was made here late yesterday when Herbert J. Fahy landed after keeping his plane in the air 36 hours, 56 minutes and 36 seconds. Fahy's time eclipsed the 35 hours, 33 minutes and 21 seconds made last February by Martin Jensen at Roosevelt Field.

Gavuzzi Regains Lead Lost to Salo—Long Hike Today

DEMING, N. M., May 30. (AP)—Pete Gavuzzi of England was back in the lead in C. O. Pyle's cross country race at the start of today's 62-mile jaunt to Lordsburg.

Gavuzzi captured yesterday's 63 mile lap from Las Cruces in 8:14:30 and wrested the lead from Johnny Salo, Passaic, N. J., who finished third in 9:18:10. Gavuzzi's victory gave him a margin in elapsed time of 21 minutes, 10 seconds over Salo who took the lead from him ten days ago.

Paul Simpson, Burlington, N. C., college boy, who has been running consistently with the leaders, suffered a stomach ailment and walked the entire distance. He retained his hold on fifth place, however.

Pirates Go Into League Lead by Defeating Cubs

The Corsair charge has broken through into open territory with nothing in view to halt it. The Chicago Cubs line gave way at Pittsburgh yesterday under the pressure of Pirate bats and the blinding cross-fire of Young Steve Swetonic. The Buccaners won by 7 to 2.

The defeat shoved the Cubs back into a virtual tie with the Cardinals, who were unkind enough to snatch two games from under the noses of the peaceable Reds at St. Louis, 4 to 3 and 6 to 2.

Clise Dudley, sensational young pitcher, broke the winning streak of the Giants. The Robins won by 4 to 1. The Phillies, incurably addicted to mistreating the Braves, repeated by 12 to 2, with no relief in sight.

The best medicine for a Washington losing streak seems to be a game with the Yankees. The senatorial losing record was looking up again yesterday when the champions presented pool pitching and weak batting at the capital. Washington won by 8 to 3.

The Athletics won their customary victory over the Red Sox, 7 to 1, behind Earnshaw's smart pitching, and Connie Mack regained all the ground he had lost to Miller Huggins twenty-four hours earlier. The Tigers were thoughtful enough to halt the Browns by 7 to 6, making it a perfect day for the Athletics all around.

The Indians ambushed the White Sox in Chicago by 11 to 1 as Lew Fonseca hit two home runs and Little Rabbit Tavener, the Detroit exile, picked up one.

Rex Air Washer Installed—Noiseless Cooling Provide

The air in the Rex theatre will be washed and cleaned daily from now on. C. B. Akers, manager, announced yesterday after the installation of a Carrier Air Conditioning system had been completed. The new method of cooling and purifying the air was installed at an expenditure of several thousand dollars.

By means of two large Arctic Nuclear fans, air is sucked through a fog which is formed by ice water spraying over an 11 by 8-foot vented surface. The cool air is forced through ducts at each side of the stage and through the auditorium of the theatre.

than 20,000 cubic feet of air can be changed and purified each minute the fans are in operation.

Unlike the former cooling system, the new fans are noiseless. The temperature can be regulated by the amount of ice water thrown on the screen to make the fog.

The cooling system at the Crescent theatre has also been remodeled. The outside vent has been brought through the basement and in order to cool the air water is sprayed on the walls of the basement room and the cooled air is forced into the auditorium by means of large fans.

GETS SUSPENDED SENTENCE
SHERMAN, May 30. (AP)—Clifford Harris, Dallas, the third to face charges here of murdering W. L. Echols, Van Alstyne night watch man, March 21, was free today under a five-year suspended sentence meted out by a jury.

Order of Eastern Star Will Install Officers Friday

Installation of the newly-elected officers of the Order of the Eastern Star will take place tomorrow evening at Masonic hall, in a service open to all Masons and all Eastern Star members. Upon the invitation of Mrs. L. N. McCullough, worthy matron, Mrs. T. H. Barnard, deputy grand matron of Texas, will conduct the service.

The ceremony is scheduled for 8 o'clock, and Mrs. McCullough has requested that every new officer be present at that time. She urged also that all members of the Order attend the service, which is one of the most impressive of the Masonic rituals.

Baptist Women Give "Shower" for Church Kitchen at Social

An afternoon of delightful entertainment was enjoyed by 35 members of the Baptist Women's Missionary union who met in the church parlors yesterday afternoon. The regular monthly social meeting was combined with a miscellaneous shower for the new church kitchen, each circle of members donating a certain set of equipment. Games and contests were diversions of the afternoon, and a dainty refreshment course was served. Mrs. T. H. Barnard, W. M. U. president, and Mrs. T. B. Solomon were in charge of the meeting.

Mr. and Mrs. C. E. Oswald have as their guests Mr. and Mrs. Arthur Kittell of Farmington, N. M. Mrs. Kittell is Mrs. Oswald's sister.

Social Calendar

THURSDAY.
A called meeting of the Eight and Forty and the American Legion auxiliary will be held at Legion hall at 8 o'clock, for the purpose of installing officers of the Eight and Forty. Officers urge the attendance of all members.

SATURDAY.
The Council of Clubs will meet at 3 o'clock in the Loyal Women's Sunday school class room at the First Christian church. Mrs. C. E. Hutchins, chairman, has requested that all members be present.

The Altar society of the Holy Souls church will hold a cooked food sale at Pigsty-Wiggly store No. 1 beginning at 9 o'clock.

Miss Fern Hughey will entertain the French Heels bridge club at her home at 8 o'clock.

El Progreso Reviews Hurst Novel in Last Program

Fannie Hurst's "A President Is Born" was the subject of an interesting discussion in the final program of El Progreso club for the year, given Tuesday at the home of Mrs. Carson Loftus, with Mrs. James Todd in charge. An unusual piece of fiction, the scene of which is projected into the future to picture the background, the training, and the character of a youth whom the author conceives to be of the type suited to the role of the presidency of the United States in the period about 1937, the novel afforded the bases of several studies which ranked among the best products of the year's club work and for critical analyses of outstanding excellence.

The home life of the Schuyler fam-

ily, around which the story centers, was described by Mrs. Todd, who also sketched the personalities of the father, the mother, and Henry Schuyler. Mrs. Charles Thut talked on Rebecka Schuyler Rencher, the heroine of the novel. Two topics, "The Boy and the World Knew" and "The Boy Henry and Bek Knew," were taken up by Mrs. Loftus in a comparative study. Mrs. Hobart had an excellent paper, the subject of which was "The Wholesomeness and the Ingenuousness of the Love Making of David and Dora."

The realism of the story, as shown by the younger members of the family, was discussed by Mrs. A. Cole. Mrs. C. P. Buckler led in the dissection of the book from the critical point of view, telling of the comments of the eminent reviewers. She talked on Fannie Hurst's place in the sun, established by her previous works.

Preceding the program, Mrs. Todd gave a report of the convention of the Seventh District Federation of Women's clubs at Snyder, at which she represented the club. An informal social meeting was enjoyed at the close of the discussions, and the hostess served dainty refreshments.

Twentieth Century Club Plans Import-ant Activities

Two major projects for next year and two vacation enterprises were included in the activities program adopted by Twentieth Century club in its final spring business session Tuesday afternoon.

The club will sponsor the organization of a municipal chorus, which, according to present plans, will be open to all singers of the city. It will organize also, and stand sponsor for a

junior study club, the membership of which will comprise the young matrons of the city.

Special committees to be appointed by the president, Mrs. W. A. Bratton, will develop plans for each of these major projects, and definite work toward organization will begin with the opening of the new club year next September. An excellent study program has been arranged by Mrs. Tom E. Rose, Mrs. Floyd Smith, and Mrs. H. H. Hicks, who are now completing details for next year's calendar.

During the summer Twentieth Cen-

tury club will hold a story hour at the public library once a month, for the benefit of all children of the community. Mrs. W. T. Fraser will be in charge, with other members assisting.

Collections of magazines to be donated by members and their friends will be sent to the government hospital for disabled veterans and to tubercular sanatoriums of the state. Work on this project probably will be started within the next few weeks.

Mrs. F. M. Gullerson was elected to membership in the club during the business session. The meeting was

held in the home of Mrs. W. A. Bratton, with Mrs. H. D. Lewis associate hostess. A social hour was enjoyed following adjournment.

Mrs. W. B. Barton, her daughter, Miss Louie, and her son, T. B., arrived late yesterday from Abilene, where Mrs. Barton and her son attended Miss Barton's senior piano recital at Simmons university. They were accompanied by Mrs. J. Powell Wehrung, who had spent 10 days with friends in Abilene and with her mother in Win-

ter.

Mrs. Katherine Liebmann went to El Reno, Okla., yesterday to attend Memorial day ceremonies and visit relatives. She will spend a week with her son, Paul Liebmann.

Mrs. Clyde Fatheree and small son, Warren, left yesterday for a short visit at the Hobart ranch, near Canadian, with Mrs. Fatheree's brother and sister-in-law, Mr. and Mrs. Fred Hobart.

Coming Wednesday, June 5, Aaron Campbell and his Radio Boys, Pla-Mor 10c Dance.

Hoover Declares Law Enforcement Can Be Obtained

WASHINGTON, May 30. (AP)—Called upon by President Hoover to perform "one of the greatest services to our generation," the national law enforcement commission stands at the threshold of its tremendous task of finding out the facts and causes of public disobedience of law and formulating recommendations looking to improvement.

Stating "prohibition is only one part of our work," Chairman George W. Wickersham asserted after the initial meeting of the commission yesterday that if it found any law unenforceable it would so report.

Pressed for a state as to whether the scope of the commission's authority was broad enough to enable it to find the prohibition laws unenforceable, Chairman Wickersham, a former attorney-general, declared it was "intellectually possible, but, I might add, improbable. The attitude of the American people toward law is not bounded by prohibition."

"My ideal," he said, "is to have the organization of law such that it will be impossible for a person to violate the law without being speedily brought to book."

President Hoover told the commission "the American people are deeply concerned over the alarming disobedience of law, the abuses of law enforcement and the growth of organized crime which has spread to every field of evil-doing and in every part of our country."

Virginia Graham, small daughter of Mr. and Mrs. J. W. Graham, is improving, after being seriously ill several days with inflammatory rheumatism.

For 9 Years Gas Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adierka has helped me so that now I eat and sleep good."—Mrs. B. Touchston.

Just ONE spoonful Adierka relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adierka will surprise you.

IN MEMORIAM

The clouds of battle-smoke have cleared, the echoes of shrapnel-shot have died away, but the memories of the Valiant can never fade. As long as Old Glory waves above American soil, true patriots will reverence the heroes of "sea fights and land fights grim and great; fought to make and save the State."

This is Memorial Day—the day when genuine Americans REMEMBER. Let us do honor to the Dead. It's a real duty!

MALONE FURNITURE COMPANY
"Your Credit Is Good"

GREEN'S

Col. Guy Green

is in charge of the Presbyterian Enrollment campaign.

Colonel Green gave a 10-minute address before the Rotary club yesterday at noon. They'll long remember his dog story.

His first message last evening at the Presbyterian church at 8 o'clock was "Give More of Yourself," and it was well received.

Harris Avenue church, San Angelo, reports Colonel Green's service the best in the history of the church.

Alex Schneider was part owner of the Frankfort, Ky., baseball team at the time Colonel Green was managing the Nebraska Indians.

The catcher on the Coleman, Texas, baseball team was a catcher 25 years ago when Colonel Green was playing. He is still a good ball player.

The Loyal Order of Moose, Pampa lodge No. 1568, will be the guests at the service tonight.

The Rev. F. B. McDowell, now of Breckenridge, said: "This is the second time that I have been privileged to have Colonel Green, and I hope it is not the last."

The message last night was taken from Acts 20:35, "It is more blessed to give than to receive." Colonel Green said men are ever ready to give of their money, but few indeed will give themselves to the work. He told the story of "The Vision of Sir Launfal," quoting many lines from the famous masterpiece.

Tonight the church will have as its guests members of the Moose lodge and their families.

The subject of the message will be "The Sin of Neglect."

A cordial welcome to the public is given. The time is 8 p. m.

A. A. HYDE, Minister.

B. & P. Club to Sponsor Dance

The Business and Professional Women's club will sponsor a dance at the Schneider hotel tomorrow night. Pete's Pets, a ten-piece orchestra lately arrived from Arkansas City, Kans., will play. Dancing will start at 9:30 o'clock.

Miss Louise Miller, club social chairman, has arranged entertainment features for the intermissions. One will be an interpretive dance by a small girl and another, a group of B. & P. club songs by several members.

MUSIC STORE PEOPLE TRAVEL BY AIRPLANE

Mrs. E. L. Tarpley, owner of the Tarpley Music store, and F. E. Dine, radio engineer, went by airplane to Oklahoma City, Tuesday, to attend a meeting of Victrola dealers and a demonstration of the new combined Victor talking machine and radio. They returned yesterday, enthusiastic over the features of the new machine.

Mrs. Tarpley announced on her return that the new machine will be on display at her store in about two weeks.

Miss Marie Cook of LeFors is seriously ill at Pampa hospital. She was admitted yesterday.

RACES

(Continued from Page 1)

two foreign drivers in the race, turned over coming into the stretch just before the 100-mile mark was reached. His car was smashed, but Moriceau escaped death.

Before the first 100 miles were finished, Ralph Hepburn, veteran driver and Peter de Paolo, winner of 1925 race and a favorite to repeat today had been forced out of the race along with Cliff Woodbury of Chicago, another favorite. Hepburn was forced out at 38 miles by a broken steering gear. De Paolo went out with the same difficulty on his sixty-second mile.

Lou Moore, Los Angeles, went into the lead at 150 miles, with Louis Meyer also of Los Angeles, winner last year, second. Jimmy Gleason was third. The time was 1:27:14, average of 103.155 miles an hour.

With the race half finished, Ray Keesh, Philadelphia, was in the lead with Fred Frame second, and Louis Meyer, Los Angeles, winner of the 1928 race, third. Lou Moore, also of Los Angeles, was fourth. Keesh had covered the 200 miles in 2:29:29.19, average of 100.344 miles an hour.

At the end of the 300 miles, Louis Meyer, Los Angeles boy who won the 1928 race, was shot into the lead with Ray Keesh second and Lou Moore third. The time was 3:00:51, an average of 99.645 miles an hour. Fred Frame was fourth. Carl Marchess, Milwaukee, was fifth.

Deacon Litz, who had led most of the way from the start, ran off the track for each lap he won.

Meyer hung to the lead at 350 miles, receding off in 3:30:50.31, averaging 99.002 miles an hour.

Keesh was second, a lap behind. Moore was third. Frame was fourth, Marchese fifth.

Deacon Litz, before being eliminated, grabbed \$4,900 in lap prizes. At the 350-mile mark Meyer had won \$4,700. Moore won \$2,300.

"SPEED" HOLMAN WINS AIRPLANE RACE

EAST ST. LOUIS, Ill., May 30. (AP)—Harold W. (Speed) Holman of St. Paul, Minn., won the first Gardner trophy race from East St. Louis to Indianapolis and return today. Holman's time for the approximately 440 miles, was 2 hours, 58 minutes and 40 seconds.

Holman by his victory, wins the trophy and \$5,000 donated by Russell Gardner, Jr., and Fred Gardner of St. Louis. Holman flew a Whirlwind engine Laird plane, equipped with the low resistance cowling. He was the first of nine pilots to take off this morning from Parks airport in the race, which had its midway point at the Indianapolis speedway where the 500-mile auto race was in progress.

Holman finished almost 25 minutes ahead of his nearest rival, Sydnoe Hall of St. Louis, in a Travel-Air speed wing, who won second prize of \$400.

track on the northeast turn. He was unhurt, but his car was so badly damaged he had to give up the grind. Previous to the accident, Litz had won about \$5,000 in lap prizes, getting \$100

for each lap he won.

Meyer hung to the lead at 350 miles, receding off in 3:30:50.31, averaging 99.002 miles an hour.

Keesh was second, a lap behind. Moore was third. Frame was fourth, Marchese fifth.

Deacon Litz, before being eliminated, grabbed \$4,900 in lap prizes. At the 350-mile mark Meyer had won \$4,700. Moore won \$2,300.

HASKOB REDUCES DEBT

NEW YORK, May 30. (AP)—The New York Times today said John J. Raskob, national chairman of the democratic party, had reduced the party's deficit from \$1,500,000 to \$350,000 by calling upon the guarantors of the Smith presidential campaign to make good their pledges.

This was learned last night after a conference of party leaders at which plans were discussed for strengthening the organization in the different states for the congressional campaign next year.

A NEW SIX AT A PRICE WITHIN THE REACH OF MILLIONS

Be among the first to see what distinctive appearance and what remarkable performance Buick can build into a six at a price within the reach of millions. The Marquette will stand at the head of its price class as naturally as Buick leads its field. *Fitted with the latest design in closed bodies by Fisher, every line of this attractive new car spells style—but to appreciate the outstanding difference between the Marquette and cars of comparable price, you must judge it by performance. In this new six are the sparkle and snap, the responsiveness, balance, and ease of control of a truly fine car—with the added advantage of Buick-built sturdiness and stamina that mean uninterrupted service.
