(P)-Means Associated Press

PAMPA GRAY COUNTY, TEXAS TUESDAY EVENING, JULY 30, 1929

PRICE FIVE CENTS

"ROBIN" FLIERS ORDERED DOWN

ART GOEBEL AND "WOOLAROC" TO VISIT PAMPA SOON FINLEY BROWN POOL IS EXTENDED FULLY HALF OF MILE

PROVED AREA ENLARGED BY GULF'S WELL

No. 1-A Faulkner Is Doing 3,760 Bbls. Each Day

CHAMPLIN HAS NEAREST TEST

Texas' Producer Now Shown to Be Steady

The Finley-Brown pool was extended south yesterday when the Gulf Production company brought in a gusher. The company's No. 1-A Faulkner in the northeast corner of the southeast quarter of section 33, block B-2, H. & G. N. survey, encountered the big pay yesterday morning and started flowing at the rate of 250 barrels an hour.

A gauge of the first 24 hour registered 3,760 barrels. The big pay is coming from total depth of 2,982 feet in the granite wash formation. Enough gas was plotted up with the oil to flow the well natural without cutting the gravity.

The new gusher, the second of a series to be drilled in this week, is half a mile south of production in the new pool. Nearest production is the Champlin Refining company's No. 1 Coble-McLaughlin which is making about 20 barrels an hour. Champlin and Danziger companies are drilling offsets to the new gusher. The Champlin test is drilling at 2,800 feet and the Danziger test at 2,700 feet.

Texas company's gusher in the Bowers-McGee pool which encountered the big pay Sunday afternoon flowed 3,196 barrels the first 25 hours. The test is in section 88, block B-2, in the center of big production. The company has four other tests in the same section on top of the pay.

The Phillips Production company is preparing to drill in two tests in the Bowers-McGee pool and the Gulf Production company has three tests ready to drill in.

Broughton Is Given Promotion

Edward T. Broughton, store manager of the Frick Reed Supply company for more than two years, yesterday became district sales manager for the company. Following his promotion, B. C. Ford, formerly of Big Spring, was made store manager here.

New Maintainer Will Be Bought

Bids for a street maintainer were opened by city commissioners last night but action was deferred until next Monday night. Five bids were opened from various firms making the machines. The new equipment will be added to the street department in an effort to keep unpaved streets in better condition.

THE WEATHER VANE

WEST TEXAS: Partly cloudy to night and Wednesday, local thunder-showers in extreme west portion.

AND A SMILE NEW ROCHELLE, N. Y. (AP)—Up goes the collar button record. John C. M. Gates has worn one steadily for 61 years. Gates acquired his with part of his first salary. He is 94.

BITTERNESS CROPS OUT AT RAIL HEARING

FORT WORTH, July 30. (P)—Bitter rivalry between two major railroad systems and a third cropped out here today at a hearing before the interstate commerce commission on proposed railroad extensions in Northwest Texas and the Panhandle.

When J. D. Hutcheson, vice-president of the St. Louis & San Francisco Railway of Texas was on the stand, testifying as to the necessity of the sale of the Gulf, Texas & Western railway to the Frisco, J. H. Barwise, attorney for the Fort Worth & Denver City, attempted to examine the witness as to passenger train schedules over the new route. Barwise intimated the Fort Worth & Denver did not look with favor on any line which would decrease that road's passenger traffic from Quanah and Vernon to Fort Worth and Dallas.

The Frisco has proposed the purchase of the St. Louis & San Francisco to Sealsville and the construction of a new 44-mile road from Seymour to Vernon. Then the Chicago, Rock Island & Gulf Railway company would build a connecting line from the Vernon-Seymour route to Quanah. Quanah and Seymour are on the Fort Worth & Denver line from the Panhandle.

Hutcheson promised daily freight train service, jointly by the Frisco and Rock Island, between Quanah, Vernon, and Dallas over the new line with one day delivery to points on that route from Dallas and Fort Worth. The freight trains, he said, would leave Quanah and Vernon about 4 p. m., meeting at Beaver Creek, reaching Fort Worth at 6 a. m., and Dallas at 8 a. m. the next morning. Trains the other way would leave Dallas at about 4 p. m., reaching Quanah and Vernon at 8 a. m. Under Gulf, Texas & Western operation between Sealsville, Jacksboro, and Seymour only three freight trains have been operated each way weekly.

Hutcheson declared car shortage would handicap the new line since the Frisco had been short of equipment only during June, heavy grain shipping month in the Panhandle. Residents on the Gulf, Texas, and Western had contended service over that line was unsatisfactory since equipment was not always available. The Gulf, Texas and Western, with no equipment of its own, has been getting cars from lines which were to finish the haul.

The Frisco official also denied his road had any intention of abandoning the Gulf, Texas and Western between Jacksboro and Sealsville, where it connects with the Texas and Pacific.

On cross examination, Hutcheson said he was not familiar with arrangements for passenger service on the new route.

The other major witness of the morning was B. H. Stannidge, Frisco traffic manager, who said freight rates would be considerably decreased to G., T. and W. shippers. Commodities on which rates would be decreased are cotton seed, cotton seed oil, grains, cattle, oil, sand, gravel, crushed stone, building stone and lumber. Stannidge declared. He said he believed competitive traffic from Quanah and Vernon to Fort Worth and Dallas markets would be beneficial.

Five other witnesses on the Gulf, Texas and Western told I. C. C. Examiner Charles D. Mahaffie and Texas Railroad Commissioners Lon Smith, C. V. Terrell, and Clarence Gilmore, who are sitting in the hearing, they believed the proposed changes, with a Rock Island extension into the Panhandle from Quanah via Wellingtons to Shamrock would be beneficial. The witnesses: W. H. Baker, Lovin merchant; A. E. Smith, Jean ginmer; Clyde Haden, Graham mill operator; J. E. Hightower, Graham lumber man, who has branches at Jean, Megard, Olney and Seymour; Charles S. Richardson, Olney oil and cattleman.

No testimony has yet been introduced on the Fort Worth and Denver's application to build from Childress to Pampa or the Clinton and Oklahoma Western, a Santa Fe subsidiary, petition for a line from Pampa to LeFors.

PLANE WHICH WON THE DOLE PRIZE COMING

Daily News Obtains Promise of Visit to This City

WILL BE LAST TOUR FOR SHIP

Frank Phillips Has Erected Museum Hangar

Through the efforts of the Pampa Daily News, the "Woolaroc," plane which made flying history when it won the Dole prize by beating other planes over the ocean to Honolulu from Oakland, Calif., will visit Pampa on the last air trip it will make before being placed in a museum.

Two weeks ago Frank Phillips, head of the Phillips Petroleum corporation and backer of the flight by Col. Arthur G. Goebel across the Pacific, announced the itinerary which is to include nearly 60 towns and cities. This route called for the plane to visit Central Texas and come northward to Amarillo, thence to Dalhart, Boise City, Okla.; Spearman, Liberal, Kans.; Garden City, Kans.; Dodge City, Kans., and back to Bartlesville, where Mr. Phillips has built an elegant museum-hangar for the ship.

Noting that Pampa was not included in this route, the Pampa Daily News wired Mr. Phillips that people of this city would like to see Goebel and the plane, and that the landing field would easily accommodate the big monoplane.

Today The News received the following telegram from H. W. Harrington, who is handling details of the air tour: "Replying your telegram 26th—having gladly arranged for Woolaroc plane to arrive in Pampa August 2 at 3:45 p. m. for 35-minute stay en route to Amarillo. Writing with details today."

The oil executive had not planned to send the plane on the farewell trip, but demands from people of the Southwest to see a trans-oceanic vehicle changed his plans.

The original radio equipment and instruments used in flying the ship from Oakland to Honolulu are being reinstalled and the plane will have the exact appearance it had when it took off for Hawaii August 17, two years ago. It also will have the same engine, a Wright Whirlwind J-5.

Jim Watson Not Exercise Addict

WASHINGTON, July 30. (P)—"Big Jim" Watson, 260-pound senator from Indiana, approaching his 65th year, does not believe men near his age should seek the vigor of youth through physical exercise if they have led sedentary lives.

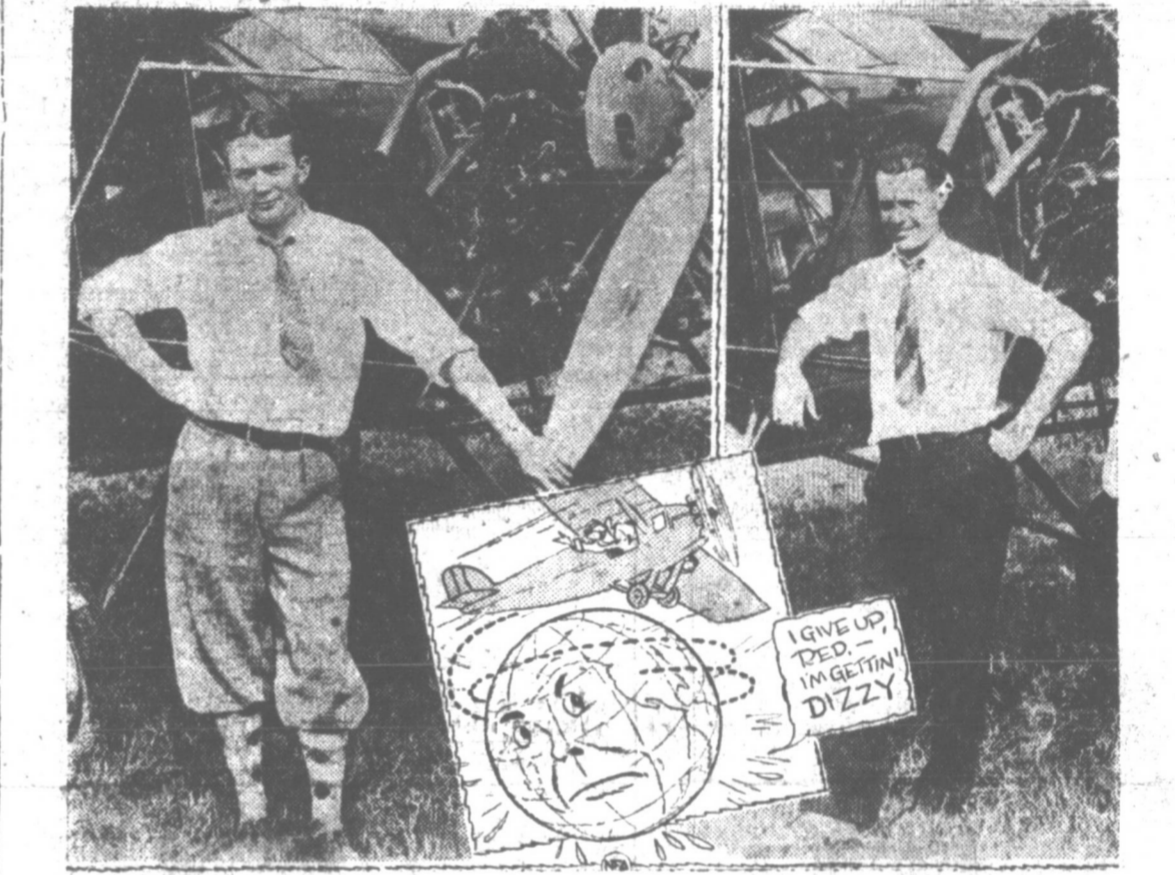

Famous in the eighties as a DePauw university athlete, he long since has ceased to seek physical exercise because he believes that after passing the half century mark men who have not led physically active lives will break down their mental or physical strength by excessive exercise.

"When my friends urge me to take up golf," he remarks, "I tell them I get plenty of exercise by acting as pall bearer to my cow pasture pool-shooting friends who die of heart disease and over-exertion."

KANSAS CITY, July 30. (P)—Col. Charles A. Lindbergh, accompanied by his wife, left here today for New York.

ed on the Fort Worth and Denver's application to build from Childress to Pampa or the Clinton and Oklahoma Western, a Santa Fe subsidiary, petition for a line from Pampa to LeFors. Although Examiner Mahaffie warned attorneys not to introduce accumulative evidence, observers said the hearing, which began yesterday, probably will last a week longer.

TWICE 'ROUND WORLD WITHOUT STOP MAY BE NEW RECORD

Looks as if Dale "Red" Jackson, left, and Forrest O'Brine are making a merry-go-round of the earth in their record-breaking refueling endurance flight. They've flown enough miles already to have gone around the earth once and if they stay aloft 450 hours as they believe they will, they will have traveled enough miles in a circular route around the St. Louis airport to have circled the globe twice.

New Laundry Owner Is Making Many Changes

V. R. Mordy of El Reno, Okla., who recently purchased the property and equipment of the Pampa Laundry & Dry Cleaning company from Marion Howard, is here completing arrangements for the enlargement of the plant.

A new addition to the building, to be constructed of brick and tile, will double the present floor space. The building now standing will be veneered with brick.

New equipment costing \$25,000 has been ordered and will be installed as soon as the building is completed.

Mr. Mordy has been in the laundry business for the last 28 years. He owns and operates one of the most modern laundries in Oklahoma, located at El Reno.

The plant here is expected to be completely remodeled within the next 90 days. All improvements are being made under the supervision of Mr. Mordy.

EASTERWOOD ANNOUNCES

DALLAS, July 30. (P)—Col. William E. Easterwood, Jr., Dallas capitalist and aviation enthusiast, today announced his candidacy for governor of Texas, subject to the 1930 democratic primaries.

His platform will be "lower taxes and fewer laws."

TWO MORE CARS STOLEN HERE—CARELESSNESS OF OWNERS HELD RESPONSIBLE

Chicago Bodies Having Trouble

CHICAGO, July 30. (P)—The Tribune today said that leaders of the Chicago Stock Exchange and of the Board of Trade met secretly last night to seek the solution of the controversy between the two organizations arising from the latter's announced intention to add securities to its trading activities in September.

A merger was again proposed, the Tribune said. Several months ago the Board of Trade suggested that it and the stock exchange consolidate, but exchange members demurred. The Board of Trade soon afterwards announced it intended to trade in securities.

The result of last night's meeting, according to the newspaper, was the appointment of Arthur F. Lindley of the Board of Trade and Robert Fischer of the Stock Exchange to form a joint committee to iron out the misunderstandings.

Mr. and Mrs. Lonnie Akers of Winfield arrived this morning to spend a few days with Mr. and Mrs. Philip R. Pond.

Magnolia Loses Rig in Blaze

Fire this morning practically destroyed the derrick on the Magnolia Petroleum company's No. 6 Bowers in northwest quarter of section 63, block B-2 in the Bowers-McGee pool. The cause of the blaze is unknown.

The bit had just drilled into the granite wash pay and a small flow of oil was going into the slush pit when the fire broke out. In a few moments the derrick and slush pit were a mass of flames.

Water and steam were used and the blaze was soon placed under control. The oil flow from the well was cut off and dismantling the derrick left standing started after the fire had burned itself out.

The well is a west offset to the Texas company's No. 11 Bowers, which came in Sunday afternoon for 3,100 barrels a day.

BUT MEN ARE NOT EAGER TO CLOSE EFFORT

Shooting at 500-Hour Mark Message Declares

SPONSOR SAYS TIME TO HALT

411th Hour Passes in Endurance Try at 10:17

ST. LOUIS, July 30. (P)—Major William B. Robertson, president of the Curtis-Robertson Airplane Manufacturing company, which is sponsoring the record-breaking endurance flight of Dale (Red) Jackson and Forrest O'Brine in the monoplane, "St. Louis Robin," this morning sent the fliers a message ordering them to land some time today.

ST. LOUIS, July 30. (P)—The monoplane, "St. Louis Robin," passed its 411th hour in the air at 10:17 a. m. (C. S. T.), today. At that hour the pilots, Dale (Red) Jackson and Forrest O'Brine, had made no response to an order to land sometime today, sent to them this morning by Major William B. Robertson, sponsor of the endurance flight.

The fliers did drop a note answering another letter written to them by Major Robertson in which he had given them permission to land any time but had left the matter to their own judgment.

The message read: "Motor still running good. See no reason to quit now. We are shooting at the 500-hour mark. Ship okay and so are we."

A short time before the order to land was taken aloft Jackson dropped a note to Phil Silvers, aerial photographer at the field, in which he said: "I hope we can stay up a month."

ST. LOUIS, July 30. (P)—With their motor weakening but still able to keep them aloft, Dale (Red) Jackson and Forrest O'Brine created excitement here this morning when they dropped a note from the endurance plane St. Louis Robin saying they were going to come down "some time." The note evidently was meant to "kid" the ground crew and was dropped about 6:30 a. m.

Major C. Ray Wassell glanced at the note and yelled "the fliers are coming down." O'Brine and Jackson noted the excitement and signalled him to read on. At the end appeared "sometime." The plane had been up 407 hours at 6:17 a. m. (C. S. T.), just before the note was dropped.

Past the 400-hour mark in time, the pilots also were past the \$18,000 mark in earnings.

Official instruction advising them they might come down when they wished were drafted in a letter by Major B. Robertson, head of the airplane company sponsoring the flight, last night for conveyance to the fliers this morning. It told of the requests made of him to order the world's champions down after the 400-hour mark was passed at 11:17 o'clock (C. S. T.) last night. But Major Robertson asserted it would be "an injustice to tell you to come down before you are ready."

The motor is good for 500, hours, Major Robertson's letter said, in the opinion of Arthur Nutt, its designer. Nutt, who was a member of the party drafting the letter said: "Its failure will be nothing more than the gradual loss of power."

The fliers, in yesterday's note had said cylinders numbers 4 and 6 showed signs of weakening and gaskets were leaking. They noticed no difference in the propeller revolutions, but more oil was needed.

In a note dropped late yesterday ordering the night's gasoline supply, O'Brine told of a "crup game" at 6:50 feet, and revealed the optimism of the pilots was undimmed.

Pampa Daily News

Published every evening (except Saturdays) and on Sunday morning by the Nunn-Warren Publishing Company Inc., 222 West Foster.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

It's Like This

INDICATIONS ARE NOW that returns from the rural districts may show that the recently presented constitutional amendments were defeated. If so, it will be little to the credit of that class of voters.

While it is true that the reactionary spirit of the heavily taxed rural peoples is a safeguard of established virtues, yet it is equally true that uniform opposition to new proposals will retard progress. To have given the governor an increase in salary and thereby to bring his remuneration in line with the constitution was written would not have added any appreciable tax to any voter.

The tendency to kill constitutional amendments will hasten the coming date when the entire instrument will be rewritten to fit the needs and conditions of this time.

"A DEAD MEXICAN" in Lubbock's water supply proved to be the product of someone's fertile imagination, but to the population of that city the matter was more serious than amusing.

Lubbock city officials took immediate steps to spike the rumor for interference with water consumption constituted a problem of no small proportions. Water is so free—or is it?—and so common in this country that having of a plentiful supply of the thirst-quenching healthful beverage is not enough appreciated.

WASHINGTON LETTER

WASHINGTON—The way to learn the secrets of being a great statesman is to watch some of them in action. One of the most important secrets appears to be the art of saying something important that can be taken either way—something on an important issue which each opposing faction can construe favorably in its own fashion and which will permit everyone to love the speaker as much as ever.

ever his silence becomes embarrassing and it enables him to appear to have taken a definite attitude on the issue without putting its foot some place whence it can be extricated.

Coolidge Puzzled 'Em. "I do not choose to run," said Calvin Coolidge, and right up to convention time, eight months later, politicians were still arguing about what he meant.

Then Mr. Hoover, a candidate spoke of prohibition as an "experiment, noble in purpose." He had to say something and that was what he said. To this day the wets are getting comfort from his use of the word "experiment" and the dries still dwell fondly on the word "noble."

Now we come to the third case, which is that of the Hon. George W. Wickersham, chairman of Hoover's National Commission on Law Observance and Enforcement. In his letter to Governor Roosevelt, which was read at the governors' conference, he said: "If the national government were to attend to preventing importation, manufacture and shipment in interstate commerce of intoxicants, the states undertaking internal police regulation to prevent sale, saloons, speakeasies, and so forth, the national and state laws might be modified so as to become reasonably enforceable, and one great source of demoralizing and peculiarly profitable crime removed."

Because of that statement some dries have demanded Wickersham's resignation. Some dries have confessed themselves confused as to his meaning and some dries have yelled "Hooryay!" Some wets are enthusiastic and others remain unimpressed.

of co-operation in enforcement from the states. All of which fails to indicate whether Wickersham meant "modification" in the accepted sense and whether he would continue to have the federal agents raid speakeasies in states which would be perfectly content with them.

TWINKLES

Other Nature gets terribly treated by her thoughtless fashioning children, despite a fact that they go to all kinds of extremes to find a portion of her lands where no humans have ever trod.

Old Sol invented tan, but in our opinion the silk worm and the dye manufacturers improved upon it.

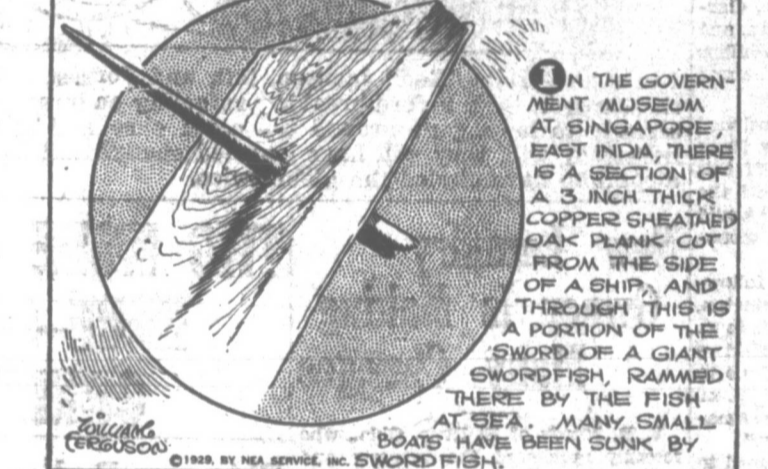

It is said that chamber of commerce secretaries are paid to lie. Congressman Jones almost insults us by asking if there is any relationship between that fact and the fact that our figures about Pampa tally pretty closely with those of the eminent George Briggs.

It is said that everyone should make a will. And how about leaving good wishes to one's friends and anathemas for one's enemies? Everyone could at least leave that much.

Society Social Calendar

TUESDAY
The Night Owl bridge club will meet in the home of Mr. and Mrs. J. H. Hume at 8 o'clock.
The regular meeting of the Gibraltar bridge club has been postponed. The place and date will be announced later.

WEDNESDAY
The Women's Missionary union of the Baptist church will hold a social meeting at the church at 3 o'clock.
The Altar society of Holy Souls church will meet at 7:30 o'clock in the home of Mrs. A. B. Sawyer. Mrs. J. G. Tyler is to be associate hostess.

FRIDAY
The Order of the Eastern Star will hold a regular meeting at 8:15 o'clock.
Members of the Azar-elles of the Baptist Sunday school will entertain their families with a picnic. The party will assemble at the church at 7:30 o'clock, each member bringing a basket lunch.

SATURDAY
The Women of Mobsheart lodge will hold a cooked food sale at Piggly Wiggly No. 1. Proceeds are to benefit charity.

Mr. and Mrs. E. T. Broughton Give Small Bridge Party

Mr. and Mrs. E. T. Broughton had guests last evening for two tables of bridge. The players were as follows: Mr. and Mrs. J. H. Lutz, Mr. and Mrs. Tom Morris, Mr. and Mrs. N. A. Heisland, the host and the hostess.
Mrs. Morris received a fruit compote as high score favor. Mr. Lutz scoring high for men, won an ash tray. Consoled errors were complimentary salt and pepper shakers which went to Mrs. Heisland and a card table ash tray won by Mr. Heisland.
Each favor was wrapped in pink and white paper and tied with green ribbon, the colors repeating the scheme of other details of the party. Refreshments included iced tea in those colors.

Charming Young Visitor Honoree of Fourth Party

Miss Virginia Thomas of Weatherford, Okla., whose visit of several weeks in this city has been the incentive for a number of delightful affairs for the younger set, was honored again last evening when Miss Mary Ellen Cook entertained at the home of her parents, Mr. and Mrs. C. C. Cook.
Dancing and singing were the principal diversion of the occasion. Ices served during the evening. The following were present: Miss Virginia Thomas, Miss Yvonne Thomas, Miss Wanda Barnes, Miss Wilma Washington, Miss Frances Campbell, Miss Alice Ingram, Haskell Lynn, Charles Thomas, Herman Green, Jack Montgomery, and Lewis Coleman.
Miss Thomas will leave tomorrow for her home. She has been here since July 4, the guest of her uncle and aunt, Mr. and Mrs. Sam Thomas, and their daughter, Miss Yvonne. During her visit parties were given for her by Miss Virginia Rose, Miss Wilma Washington, and Miss Yvonne Thomas.

The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhea Remedy on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails.
CITY DRUG STORE.

BARNES & HASTINGS
Is One of the Leading Grocery and Markets of the City. Featuring at All Times a Large Assortment of Fancy Groceries, Meats and Market Products at Reasonable Prices. Phone 730.

The importance of having everything clean and sanitary where food products are sold cannot be too emphatically stated. This market is modern and up-to-date in every particular and has an enviable record of cleanliness and sanitation. No slipshod methods are tolerated there and every scientific method is used so that the public is assured that their foods are pure and wholesome. The best food at reasonable prices is their policy.

They have a large stock of groceries and feature brands that are standard throughout the country and which they stand behind and guarantee to be the best on the market. Such a market-grocery as this is a great convenience to the public as it assures them of getting everything in the food line at one place where it is conveniently and attractively displayed.

QUALITY JEWELRY STORE

Rendering Satisfactory and Reliable Service at 112 West Foster and Maintaining the Highest Standard in a Modern Jewelry Shop. Hundreds of People Rely on Their Judgment Knowing that Their Expertness Experience will Accrue to Their Interest.

When a business establishment is one in which all the people have the greatest confidence and whose merchandise stand the hard test of time and wear with complete satisfaction, then it has reached a place in the commercial activities of the community that is enviable and dignified. Such is the history of the Quality Jewelry store.

The Quality Jewelry store is the oldest jewelry store in Pampa and has well earned its commendable reputation through years of merchandising quality jewelry in a manner that has been very satisfactory to all who have had dealings with them.

Never before has it been stocked with such a fine line of jewelry. This store is a jewelry store in every sense of the word and handles only gems and other jewelry that they stand behind and guarantee to be just as represented when sold.

venience to the public as it assures them of getting everything in the food line at one place where it is conveniently and attractively displayed.

In the meat department everything is kept in a pure and wholesome condition. The same sanitary method used in other departments of the store is emphasized where fresh meat and dairy products are handled.

The service is equally satisfactory whether your order be large or small and you will be made to feel that your patronage is desired and appreciated. There is no market in the city where better food products are sold, nor is there a market where the service is more pleasantly satisfactory.

They operate a watch repairing department which executes repair jobs with dispatch. All watches repaired there receive their unqualified guarantee.

The Quality Jewelry store is an example of substantial progress in the diamond and jewelry world of this part of the country. The proprietor is to be congratulated upon his great success and the service that is furnished the people of this vicinity and territory for miles around by his store.

No matter what it may be in the jewelry line you will find it in this store as the stock is large and complete. In regard to price you will readily see in looking over the stock that the price is very reasonable.

Through the many years of service the proprietor has always insisted that this jewelry store serve its patrons with the very best of high grade jewelry.

Gray Prisoners Taken to Carson

Ten Gray county prisoners being held on felony charges awaiting the action of the 31st district grand jury which will convene here September 23, have been transferred to the Carson county jail at Panhandle. The change was made because of the overcrowded

conditions at the local county jail. Despite the moving of the prisoners the county jail is filled to capacity. Last night about 40 prisoners spent the night in the 12x14-foot building.

Sheriff E. S. Graves claims that something must be done at once to relieve the situation and has asked for a temporary jail in which to house vagrants and "drunks" who cannot pay fines.

Death to insects, but absolutely harmless to people.

HOUSTON ACES PRESENT TEAM AN EASY GAME

By GAYLE TALBOT, JR., Associated Press Sports Writer.

Two more Houston mound aces, Reinhart and Lindsey, pitched unbeatable cards again yesterday and the junior Cards lunged upward to tie for first with the Wichita Falls Spudders with a double victory over the San Antonio Indians, 2 to 1 and 4 to 3.

Manager Gene Batley shot the works in winning four games in two days from the Newnamites, and the Buffs hit Dallas today for a three-game series with their hurling staff pretty well used up.

All southern clubs were on hostile soil today. The Spudders, fresh from a three-out-of-four triumph over Shreveport, meet the Indians the next three afternoons and stand a good chance to beat off the pursuing Buffs, who should have their hands full at Dallas. Beaumont was at Shreveport, flushed with a closing victory over Waco, and the Cubs invaded Fort Worth for a trio.

Starting today, it will be known whether the three southern clubs that have been so troublesome since the second half began really have something on the ball. Of the three, Houston seemingly has the best chance to get somewhere.

Reinhart's eight-hit win over the Tybe in the first melee of yesterday's twin bill was his sixth in seven starts. Jim Lindsey gave up only six safeties in the nightcap to celebrate his fifteenth win.

Shreveport salvaged one game of its home stay against the Spuds by out-slugging the visitors, 10 to 7, in the first fray of a double. Darkness halted the second after the two clubs had battled to a 3-3 tie in seven innings.

Although he was put over the bumps, Ed Stoner made his first appearance in the Texas league in six years a triumphant one by pitching the Cats to a 7-to-6 victory over Dallas.

The Exporters pushed to within a half game of the third-place Cubs by trimming them 5 to 1 behind Stelly's fine twirling.

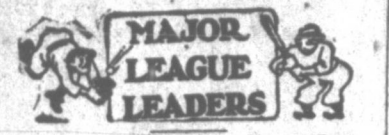

Daily News' want-ads get results.

Stribling Loses to Babe Hunt When He Strikes Low

TULSA, Okla., July 30. (AP)—Towering Babe Hunt of Ponca City, Okla., today held a victory over W. L. (Young) Stribling.

The Georgia heavyweight fouled the "Big Gusher" in the sixth stanza of their ten-round bout at McNulty park here last night.

The fight was anything but tame during the five rounds. Stribling was leading by a fair margin when the unfortunate ending came. More than 12,000 persons, the largest boxing crowd in the Southwest's history, saw the fight.

(Including games of July 29)

COMING TO TEXAS

DECATUR, Ill., July 30. (AP)—Short-stop Jesse has been returned by the Decatur club of the Three-Eye league to Cleveland. The Indians are expected to farm him out to the Texas league for the remainder of the 1929 season.

GRAYS PLAYING FINAL GAME IN AMARILLO NOW

By right of two victories Monday the Pampa Grays are in Amarillo today defending their laurels. Hard hitting, snappy fielding behind stellar pitching, and the never-say-die spirit of the Grays carried them to the final game. The Pampans are playing the Amarillo Tactless Texans this afternoon for a purse that should amount to more than \$1,000 for first place.

Yesterday morning the Grays sent the hungry Lamesa Lobos home when they won an easy game, 14 to 4. Pat Malone hurled a great game and the Grays were hitting hard and frequently. Yesterday afternoon, one hour after the first game ended, the Grays again took the field and defeated the fast Wellington Wildcats, 9 to 4. Big Slim French pitched the Grays to victory.

In the morning encounter, Marcum, Nell and Waller were the big noises. Each Gray parted the ball for three safeties, Waller getting two doubles, and Nell a double and a triple. Gober landed a double. Winegardner also hit for two bases.

Lamesa used five pitchers in an effort to stem the flood of Gray hits. The Legionnaires just couldn't be stopped. Pat Malone, pitching his first game of the tournament for the Grays, looked like the veteran he is. He allowed the Lamesa nine only seven scattered hits and was never in danger. He just coasted along to a win.

Tank Horton caught a snappy game. Williamson got his first hit of the tournament in the opening game. He landed another in the afternoon to make it two in a row. Marcum again got back his batting eye and crashed out four hits during the day's activities.

The diminutive Speck Roberts was a star. In the morning game Roberts scored four runs and got two hits. In the afternoon encounter the little fellow got on base five times, hit safely once, and scored one run. Winegardner was also a shining light in the field.

To stay in the tourney, the Grays had to go back in the afternoon and defeat Wellington, which they did. Manager Gober sent Slim French to the mound and the elongated pitcher won a nice game. He had the big Wellington guns silenced from the first inning and was never in trouble.

Behind the great pitching of French, the Grays were fielding sensationally and hitting hard and often. The home nine crashed 11 hits off two Wildcat pitchers.

Manager Jack Knight sent McDuffy to the mound but pulled him in the third when the Grays got to his slants. Livingston took up the mound duties and lasted through the game, although hit freely.

Again Nell, Waller and Winegardner were the big boys with the bat. They got two apiece and hit them for long ones. Nell hit a double and Winegardner crashed out his third triple of the tournament. Every member on the grays' line-up hit safely. The Grays scored in every inning excepting eight and nine.

"Pa" Thinks His Son Can Defeat Sammy Mandell

CHICAGO, July 30. (AP)—"Pa" Canzoneri will lead a special cheering section when his son Tony tackles Sammy Mandell for the light weight championship at the Chicago stadium Friday night.

The New York butcher and farmer landed in his son's camp yesterday and said Mayor Jimmy Walker of New York and Arthur O'Keefe of New Orleans and other notables would help him cheer Tony.

"I have never missed seeing my son fight an important engagement," the elder Canzoneri said. "He looks to be in perfect shape and if Mandell catches his right once or twice he will lose his title."

Not in the four years he has been fighting his way to the top in lighter divisions has chesty Tony looked better. He trains long and hard every day and trainer Lew Fink may force him to all but curtail his activities three days before the 10-round battle.

The challenger is getting his diversion even though Manager Sammy Goldman has barred the movies and golf on the grounds they will not help his eye sight. Each night, he leads the Garden of Allah jazz band for an hour and dances a few jigs.

Mandell put a lot of action into his workout yesterday. He boxed four rounds. Two rounds of rope skipping and two more of socking the big bag completed his day.

Russian Fortune Is Being Sought

NEW YORK, July 30. (AP)—A preliminary step in an effort to obtain the fortune of the executed Czar Nicholas II of Russia was taken today by Mme. Tschalkowsky, who calls herself the Grand Duchess Anastasia and insists she is the only surviving child. The Romanoff fortune is reputed to amount to more than \$100,000,000 scattered among various countries.

An advertised legal notice demanded that all banks, corporations and individuals report the existence of any funds they may hold that belong to the czar's estate. The order was issued at the instance of Mme. Tschalkowsky's attorney.

RAY MOSS HAS AT LAST WON GAME BY SELF

By HERBERT W. BARKER, Associated Press Sports Writer.

Ray Moss, righthanded pitcher for the Brooklyn Nationals, finally has completed a major league apprenticeship begun in the spring of 1926.

Moss' 10-to-2 triumph over the Cincinnati Reds yesterday marked the first complete victorious game he ever has pitched in the majors, and, incidentally, it was only the second game he ever started and finished.

Moss came up to Brooklyn from Memphis in 1926 to pitch one inning for the Dodgers that season. In 1927 he pitched part of one game and received credit for winning it. Last year he appeared in 22 games, one of them complete, and wound up with a record of no victories and three defeats. During the current campaign he has worked in many games, received credit for several victories, but never before succeeded in pitching a complete game.

Chief interest in the National league struggle centered in Chicago where the Cubs trounced the Phillies, 12 to 10, and increased their lead over Pittsburgh to three and a half games.

The crippled Pirates lost another game to the Boston Braves, 10 to 9. Rabbit Maranville showed no signs of age, cracking out five hits in as many times at bat.

The New York Giants crashed 17 hits off the delivery of various pitchers to swamp the St. Louis Cardinals, 11 to 2. Mel Ott hit his twenty-eighth homer.

Action in the American league was confined to the Chicago's 8-to-6 triumph over Philadelphia, thereby reducing the White Elephants' lead over the New York Yankees to nine and one-half games.

Boxing Body Is Grabbing Tickets to Chicago Bout

CHICAGO, July 30. (AP)—A rebellion against the admitted practice of the Illinois state boxing commission in demanding choice seats for boxing shows was started today by Paddy Harmon, director of the Chicago Stadium company.

Harmon made public complaint to the press that the commission had "grabbed" 959 of the choicest seats for the Sammy Mandell-Tony Canzoneri lightweight championship fight at the Stadium Friday night.

"The stadium hasn't received a cent for these tickets and the practice has become so serious to promoters in Chicago that the time has come for a showdown," Harmon said. "For this coming fight, the commission has taken 959, worth more than \$8,000, without paying a cent for them. What would we do but give them to the commissioners? If they didn't get them, it would be too bad for us. We have to get dates from the commission."

DIXIE CONFECTIONERY

Pampa's Leading and Most Popular Confectionery. Makes all Their Own Candies and ICE CREAM That Are Noted for Their Difference and Deliciousness. Special Candies for Special Occasion. Located One Door South of the Crescent Theatre

Twelve months out of the year this well known establishment is the popular social centers of the community where the best of ice cream, candy and confectionery service is to be had. Their soda fountain service is not surpassed in the most metropolitan centers while many patrons also insist upon having their superior ice cream for serving in the home. They carry a line of the best home-made candy and offer a service that is both complete and satisfactory. This concern is one of the features of the life of the community and aids in making the city a more progressive and desirable place in which to live.

Their soda grills are the social centers of the county. All of the latest soda fountain dainties and candies make their first appearance here and it is no exaggeration to say that this popular establishment surpasses many in the much larger cities both in service and popularity.

When the people who handle important articles of food and the place in which they are handled are as described above, it is safe to wager that what they have to offer their customers is the best that money can buy.

Having gained a reputation for its good business methods, satisfactory service and the best of wholesome products, the proprietor finds all goods in great demand and as a consequence the business is growing rapidly.

BOTH FLIERS DIE
 MINNEAPOLIS, Minn., July 30. (AP)—Two deaths have ended a sixth attempt here to set a new refueling endurance airplane flight.
 Owen Haugland, Buffalo, Minn. co-pilot of the monoplane, The Minnesota, died late yesterday at a hospital, the second victim of the plane's fall early yesterday morning. He did not regain consciousness. The other pilot, Capt. P. L. Orlin of Minneapolis, died instantly when the plane fell at Wold Chamberlain airport here.

FORESTS BURNING UP
 WASHINGTON, July 30. (AP)—Characterizing the present forest fire situation as "the most critical the nation has known in many years," George D. Pratt, president of the American Forestry association today urged government, state and private agencies to drastic action to prevent what might become a national catastrophe.

CHAPTER XLVI
 NOT realizing that she was already far too late, Nan went directly to her husband's name where it was at work in the library, his desk cluttered with notes and transcripts of testimony on the Black-hull case. The prosecution had rested at four o'clock. Morgan was to open the defense of David Black-hull, charged with the murder of his father, the next morning—Wednesday.

But it was not the Black-hull case of which Nan had to speak. "John," she said, in a deceptively calm voice, "I think you had better go across the street to see Iris tonight."

The man's startled eyes searched her tightly composed face. "I'm very busy, dear, but certainly I'll go—for a few minutes—if you really wish it. Naturally it distresses me to think of her alone over there, crippled."

"I'm not thinking of her," Nan interrupted coldly. "I'm thinking of Curtis. I can do nothing. You must realize how my hands are tied." Her voice trembled slightly as she made this first reference to the incredible situation in which Iris had placed her. Then she went on, calmly again: "But I love Curtis—very dearly. I can't stand by and see his health ruined. I want you to exact a promise from Iris not to give him a bite of anything to eat. Otherwise, John, Curtis' visits to his mother must be stopped."

The man's face went even paler, more haggard than it had been under his wife's intense seriousness. Slowly he raised a trembling hand and passed it over his eyes, then he nodded slowly. "You're right, of course. . . . I'll go at once. And thank you, Nan, for having the courage to—" He broke off abruptly, kissed her awkwardly

but tenderly, and turned sharply away. He was gone less than half an hour. The first thing that Nan's questioning eyes noted was a smudge of white powder on the left lapel of his dark-blue tanned coat. "This—it will be all right, dear," he said with assumed cheerfulness. "Now, are you too tired to go over a few points of the Black-hull defense with me?" "Of course not," Nan answered. "Did she promise unconditionally, John?" At his stiff nod, she laid an apologetic little hand upon his. "I don't mean to pry, dear, but—I'm dreadfully worried. I hope it isn't too late."

"THE next morning her terror of the night before seemed a little subdued. Curtis ate a hearty breakfast, and looked almost normal. Later Nan was to reproach herself bitterly for not having suspected the truth. But she saw him off to school, almost light-hearted because of the terror of his goodby hug and kiss. If she had salvaged Curtis' love out of the wreckage, all was not lost. . . . Whether it was because he was refreshingly cheerful or because Nan or who he really had an appetite for his breakfast that night, Nan never knew, but he ate his vegetables and steamed fruit, drank his milk, and contented himself apparently the best of health and spirits. Morgan was gravely elated over the re-establishment of an *amicable* cordate between himself and his son and his wife and his son. . . . It was a jolly, almost boisterous hour, one which Nan was later to try to live again in memory. . . . There was even a game of *anagrams* after dinner, in spite of the fact that Morgan was said to lie at his desk a dozen times later. Morgan groaned, swayed. "Thank God I played that game with him. . . . I had to remember how that I refused."

There was even a game of *anagrams* after dinner, in spite of the fact that Morgan was said to lie at his desk a dozen times later. Morgan groaned, swayed. "Thank God I played that game with him. . . . I had to remember how that I refused."

"But it was Nan who remembered with a shudder that Curtis had triumphantly "stolen" the word, head, with the letter T, making it death. After she had put the child to bed, she returned to her husband, with a worried frown. "His cheeks felt awfully hot, John. Maybe I ought to call Dr. Black—" "Nonsense!" Morgan retorted. "He just got too excited over winning three games in succession. He's snoring as a reason isn't he, Nan?" "He's wonderful!" Nan agreed, with a catch in her voice. "You'll be very proud of Curtis some day, John."

"Morgan, Morgan & Morgan, eh?" the lawyer chuckled, his deep-set black eyes very soft. "But in the meantime, Morgan & Morgan had better do the best they can for David Black-hull." Now—what do you think? Would you advise putting old Edgars on the stand first thing tomorrow on a morning? I didn't not cross-examine him when Brainard was using him, you know; didn't want to spoil the beans, reward and give the lovely widow, Nina Black-hull, too much warning as to which way the cat will jump."

Amarillo Groceryman Now Gives Endorsement

SAYS HIS WIFE HAS SUFFERED FOR 12 LONG YEARS—TROUBLES OVERCOME BY ORGATONE.

Edwin Morley, well known groceryman, whose store is located at 1408 E. Third St., Amarillo, Texas, and who resides with his family at 303 Mirrow St., is enthusiastic in his praise of Orgatone, the medicine that is accomplishing such remarkable results through the south and west.

Mr. Morley in conversation with the Orgatone representative a few days ago, said: "I'm convinced from the great benefits my wife has obtained from the use of Orgatone that it is without an equal. Mrs. Morley suffered for twelve long years, and found nothing in all that time that would give her any permanent relief. In fact, her condition kept getting worse until she began taking Orgatone. She couldn't digest anything she would eat and the gas forming on her stomach caused her to have sick dizzy headaches, and fainting spells. She suffered about all the pain and distress indigestion can cause and was so nervous she could sleep but little. Her kidneys bothered her a great deal and she had severe pains in the small of her back and was so tired and worn out from one day's end to the next she did not feel like doing her own housework."

"She had almost lost faith in all medicine, as she had tried so many and got no relief. But after reading and hearing so many good things about Orgatone, she asked me to get it. She started taking it several weeks ago and she has had the most gratifying results. Mrs. Morley can now eat and enjoy her food for the first time in many a day, and she has no gas on her stomach or dizzy headaches."

"She is not nervous now, and her sleep is sound and refreshing, and she is like a different woman. We'll take pleasure in telling anyone what we know by actual experience about Orgatone."

Genuine Orgatone is manufactured by one of the world's greatest laboratories and is not a so-called patent or secret remedy and is sold exclusively in Pampa by Richard's Drug Co., Inc.—(adv.)

Mrs. Guy Farrington is to leave today for an extended visit with relatives in San Bernardino and other California cities. En route she will visit in Phoenix, Ariz.

Mr. and Mrs. Lee Gray are moving today to their new house at 207 East Fisher avenue, Park Hill addition. Mr. Gray is with the American company.

Utilities Company Devolves Plan to Capitalize Anew

CHICAGO, July 30. (AP)—Plans for a sweeping recapitalization of the Middle West Utilities company, one of the largest holding concerns in the public utilities field, have been announced by the directors. The company is an In-sull organization.

The plan involves a \$63,000,000 "mel-on" for stockholders in the form of stock purchasing rights and a stock split-up.

The recapitalization plan will be submitted to the stockholders in September, when their permission will be sought for revision of the charter in accordance with the new scheme.

Principal features of the program are:

- (1) Liquidation of all funded debts.
- (2) Privilege of stockholders to buy one new share of common stock for \$200 for each four shares of all classes of stock now held.
- (3) Issuance of rights to holders of preferred and preferred stocks, which will be called in, to purchase \$55,000,000 in new 6 per cent preferred stock on which dividends will be paid in cash or common stock.
- (4) A split on a 10-to-1 basis of common stock paying dividends in stock at the rate of 8 per cent annually on the number of shares held, after foregoing rights have been exercised.

Irvin Cobb Issues Statement Against Dry Amendment

WASHINGTON, July 30. (AP)—Irvin S. Cobb in his first statement as chairman of the authors and artists committee of the Association Against the Prohibition Amendment expresses the opinion that "if prohibition is a noble experiment, then the San Francisco fire and the Galveston flood also should be listed among the noble experiments of our National history."

Asserting the right to agitate for repeal or re-interpretation of prohibition by congress, he said "we now know that millions of otherwise orderly citizens are engaged in constant violations of the letter and spirit" of the Volstead act.

He cited "corruption, bribery, graft, hypocrisy, perjury, beerwars, machine gun battles, debauchery of minors and a growing contempt for law and order" as outstanding "by-products of this general evasion of statutory regulations."

"We have only to take the ordinary experiences of the ordinary man along with his personal knowledge, and the dependable hearsay testimony which comes to his ears, and the indictment stands complete and perfected."

New Mail Route Will Be Begun Next September 16

According to a telegram received yesterday by W. A. Crawford, postmaster, from Miss Lotus A. Van Huss, secretary to Congressman Marvin Jones, the postal department has authorized the rural mail delivery route from Pampa through the south oil field would become effective September 16.

The route was mapped out by F. P. Reid and approved by M. B. Johnson, postal inspector of Amarillo. Confirmation from Washington has just been received. The new mail delivery route will help to relieve the congested conditions at the post office. Postmaster Crawford says:

The new mail delivery route will cover a large and thickly populated area west and south of the city. It will start west of the city including the oil camps and headquarters along the Amarillo highway for three miles. The route will then turn south and enter the Bowers pool at the Texas Elf Carbon black plant after serving Wilcox pool. Gasoline plants and oil camp in the Bowers pool will be visited. Western Carbon company, Empire booster station and farmers east of the city on the LeFors road will receive benefit of the route.

Mr. Crawford received word this morning that the mail boxes for the station platform had been shipped from Orange, N. J., and would be received here soon. One box will be placed at each end of the station platform and Santa Fe mail clerks will take letters from the boxes from each train passing through.

Henry's Birthday to Pass Quietly

DETROIT, July 30. (AP)—Henry Ford turned 66 today.

However, as far as he was concerned, the birthday was much like any other day. An inspection of property at Dearborn, including visits to the Ford farms and experimental laboratories and the Fordson automobile plant, promised to be the order of the day.

BORGER, July 30. (AP)—Francis M. Stone, 51, pumper for a petroleum company, died last night of burns received when a spark from an electric gasoline pump switch ignited gasoline-soaked clothing. His widow and five children survive. Burial will be in Waldron, Ark.

Markets

KANSAS CITY LIVESTOCK

KANSAS CITY, July 30. (AP)—Hogs: Receipts 9,500; slow and uneven, 230 pounds down 15¢/35¢ lower; weightier kinds not moving; top \$11.40 on choice 190 to 215 pounds; butchers, medium to choice 160 to 200 pounds \$10.75@11.40; packing sows \$8.35@9.50; stock pigs \$9.75@10.65.

Cattle: Receipts 8,000; calves 1,000; slow; steady to 25¢ lower; slaughter steers 1,100 to 1,300 pounds \$12.50@16.15; fed yearlings 750 to 950 pounds \$12.50@16.00; cows, good and choice \$7.75@11.50; vealers (milk-fed) \$8.50@14.00; stocker and feeder steers, (all weights) \$11.25@13.25.

Sheep: Receipts 8,000; killing classes steady to strong; lambs \$12.25@13.25; ewes \$5.00@6.75.

CHICAGO GRAIN

CHICAGO, July 30. (AP)—Wheat: No. 2 red \$1.39 3-4@1.41 1-2; No. 4 hard \$1.35 1-2@1.39 1-2.

Corn: No. 1 mixed \$1.05 1-2; No. 5 white \$1.02.

Oats: No. 1 white 50¢; No. 4 47¢.

WHEAT TURNS DOWN

CHICAGO, July 30. (AP)—Wheat and corn values took an irregular downward slide today, influenced largely by the big movement of domestic winter wheat to terminal markets. Rains in Nebraska tended specially to ease corn, and there were heavy selling profits for wheat holders.

Opening at 7-8c off to 7-8c up, wheat later showed a decided general setback corn started unchanged to 5-8c up, and afterward underwent an all-around sag. Oats followed corn. Provisions declined.

TYPE

Does type stand out clearly and sharply before your eyes or does it dance and blur?

One of your most precious possessions is your eyesight. Take no chances without it. If reading causes any undue strain, if you have to hold your newspaper close to your eyes or at a great distance, if you are subject to headaches or dizzy spells, have your eyes examined at once!

You may or may not need glasses, but the point is that you want to make sure.

The management are of the leading business men of this section, thoroughly conversant with every feature of the business which they have operated and the store merits liberal patronage.

Passengers Rush to Graf Zeppelin

FRIEDRICHSHAFEN, Germany, July 30. (AP)—Passengers for the Graf Zeppelin's next flight to America scurried toward Friedrichshafen from all parts of Europe by air, train, and motor today for the start for Lakehurst, N. J., at dawn Thursday.

Traveling further than any others were Mrs. Henry J. Pierce of New York and her husband, who were reached by telegraph at Samara, on the far-away Volga river, U. S. S. R., where they were accompanying a tour of American business men through Soviet Russia.

The Rev. and Mrs. Tom W. Brabham will leave this afternoon on a business trip to Lubbock. They expect to return tomorrow night.

Mrs. R. B. Haynes of Miami was a business visitor in Pampa today.

Only Byrd Party Not Suffering From Excessive Heat

NEW YORK, July 30. (AP)—Except the Pacific Coast, the entire country today lay under a pall of torrid temperatures.

The highest yesterday was 98 at Baltimore and Oklahoma City. Other high readings were: Dallas, 97; Washington 96; Helena, Mont., 94; Detroit 92; Portland, Me., 92; Milwaukee, Kansas City, St. Louis and Salt Lake City, 90.

In contrast were temperatures of 64 degrees at San Francisco, 70 at San Diego and 78 at Los Angeles.

Thundershowers, bringing temporary relief to wilting city dwellers but only aggravation to farmers watching their crops rapidly succumb to the drought, occurred at various points in the East.

One group of Americans, however, may be envious of our hot weather. A copyrighted dispatch to the New York Times, St. Louis Post-Dispatch and associated newspapers from Commander Byrd's camp at Little America, Antarctica, said that the mercury recently had reached 67 degrees below zero.

TARIFF ON BUILDING MATERIALS OPPOSED

WASHINGTON, July 30. (AP)—Persons of average means who wish to build homes were urged to protest, immediately against the Hawley tariff bill in a statement Congressman Williams, Democrat, Texas, sent to his constituency.

Congressman Williams pointed out that under the proposed rates brick would pay a duty of \$1.25 per thousand, shingles and cedar lumber rates would increase 25 per cent and a duty of eight cents per hundred pounds would be levied on cement.
