

CLYDE VAN DUSEN RACES TO VICTORY IN KENTUCKY DERBY WITH NAISHAPUR IN SECOND

Root Wins His Fifth Victory in Row at Chicago

CHICAGO, May 18. (AP)—Charley Root pitched his fifth straight victory here today and Chicago took the final game of the series from Cincinnati, 7 to 0.

McMillan and Chyler led the Cubs attack on Jackie May, Red southpaw. Chyler got four hits, and drove in four runs.

CHURCHILL DOWNS, Louisville, Ky., May 18. (AP)—Clyde Van Dusen, wearing the colors of Herbert P. Gardner, of Amsterdam, N. Y., won the fifty-fifth Kentucky derby today in a driving rain and through a field of mud.

The time was 2:19 4-5 for the mile and a quarter.

Clyde Van Dusen gained an early lead and set the pace nearly all the way, winning by approximately two lengths from Naishapur, far western horse which carried the colors of Chaffee Earl of San Francisco.

Pancho, representing the third D's stock farm of Fort Worth, Texas, finished third.

The favorite, E. R. Bradley's Blue Larkspur, was fourth.

Naishapur and Blue Larkspur appeared to get a good break after a long interval of jockeying at the barrier, but Clyde Van Dusen, reveling in the heavy going, quickly took command and was in the lead when the field splashed past the clubhouse the first time.

Every post was a winning one for the Garden entry from then on. Naishapur challenged in the stretch and appeared to cut down the leaders' margin, but Clyde Van Dusen finished strongly and with plenty to spare.

The show prices were \$3.00 for the winner, \$1.25 for Naishapur, and \$3.50 for Pancho, which beat out Blue Larkspur for third place in the closing few strides.

Windy City finished fifth and Voltair sixth.

Clyde Van Dusen's victory sustained the judgment of his backers and the experts who conceded the Gardner colt, the son of the renowned Man-O-War, the best mud horse in the field of 22 starters. One short of the derby record.

Tony McAtee had the lay on the winner and rode a smashing race. The winner paid \$8 for a two-dollar ticket in the mutuels and earned the big money prize of \$58,950.

Clyde Van Dusen paid \$3.70 for place. Naishapur paid \$4.72 for place. The crowd, estimated at 60,000, remained through a terrific thunderstorm to see the battle for three-year-old supremacy. The gold cup emblematic of victory was presented to the owner by Governor Sampson of Kentucky.

Turnesa Plays on to Triumph Over British Opponent

WROXTOWN, England, May 18. (AP)—The United States won a great golfing victory here today because Joe Turnesa, young New York professional, did not know when he was beaten. In the thousand-guinea tournament of the Yorkshire Evening News, in which the cream of the world's professionals played, Turnesa triumphed over Herbert Jolly of the 27th hole.

The British veteran was downie three at the 33rd hole and was apparently marching to certain victory over the youthful American pro when the New Yorker overruled all the laws of probabilities and won four successive holes to snatch the trophy.

TIGERS WIN SECOND
DETROIT, May 18. (AP)—Having complied with a tradition which seems to require that the loser one game in every home series, the Tigers "clawed" the White Sox badly today hitting 17 times to win an 11 to 4 victory. The Difference With
FOUR SPEEDS FORWARD
[Two High Speeds—Standard Gear Shift]

Some owners say they enjoy most the thrilling performance of two high speeds, the smooth swiftness of fourth, and the rapid and quiet acceleration of third. Others speak of the infrequent gear shifting in traffic, and the ease with which the car handles. Many emphasize the economy and long life of an engine and other moving parts which run more slowly at all road speeds, lessening wear and strain on both motor and chassis. You are invited to enjoy a demonstration.

Business Grows on New Railroad

Business over the new Clinton and Oklahoma Western line, just completed between Pampa and Clinton, Okla., has been good, L. W. Klein, local agent says. Since opening the new line Wednesday morning, approximately 25 cars of merchandise and stock has passed each way over the road.

Several cars of hogs have been sent from the Oklahoma end of the line, with California as their destination. Some merchandise has been received here from Clinton. Most of the cars leaving Pampa were of merchandise, Mr. Klein says.

Passenger service is increasing. Miss Anna Esta Goerner, Latin teacher of Central high school, will leave today for her home in Dallas, where she will spend a part of the summer vacation. Her father, H. L. Goerner, drove up for her, arriving Friday afternoon.

Mrs. E. H. Handlet and her two children left yesterday for a short visit in Midland.

Better Service For Night Mail Is Recommended

Recommendations that a postal box be placed at the Santa Fe depot so that mail clerks on the early morning trains could gather late mail, and that an additional man be placed in the post office from 6 to 10 p. m. to handle late mail, have been made by M. B. Johnson of Amarillo, postal inspector of this district.

Mr. Johnson was here Thursday and Friday making an inspection of the local office. He said everything at the office was in excellent condition. The need for a box at the station and another man in the office is keenly felt. A letter mailed at the local office after 6 p. m. does not leave Pampa until the following afternoon.

PUBLIC FORUM

Editor, Pampa Daily News: I saw in The News that there are probably more golfers and less caddies in Pampa than any other place of its size and you wonder what it implies. I'll tell you.

A caddy never has a come-back and its pretty hard to carry golf bags mile after mile only to find your golfer has forgot his change, or be cussed black and blue because you can't find a ball that's been knocked backward from the way it's intended to go or into the creek.

We are supposed to get 35 cents a round and that means a lot to us, and we make two or three rounds for some swell guy and then he hands you a quarter and walks off. Well, you just have to take it.

Last year a pal of mine who has rheumatism caddied till he was all in with pain, and then the big goods paid us half they owed us and walked off. If I'd been a man I'd have whipped that guy for beating that kid out of his money.

Some of the guys are square and treat us fine and don't lie to their partners about their scores but we ought to be able to report the others to some one. They are always the fellows you naturally think you can trust. I'll bet I've got \$35 coming to me, but I'll never get it.

A. CADDY.

A Sermon For The Week

Taking Second Place Gracefully

By THE REV. JAMES GORDON GILKEY, D. D.
 Pastor South Church, Springfield, Mass.

1 Samuel 18:7-9—The women sang to one another: Saul has slain his thousands, and David his tens of thousands! But the saying displeased Saul and he was very angry.

Perhaps the most familiar story in the Old Testament is the story of David and Goliath. Generations of children have been brought up on it, and the details have become part of the folk-lore and the literature of our race. The sequel to that story is less familiar, but probably far more suggestive in the problems of everyday life.

When King Saul returned after the battle he expected to be received enthusiastically by his grateful subjects. But to his immense disappointment he found he was not the center of attention. The villages were giving him credit to be sure, for slaying thousands of Philistines. But then they were adding that David had killed 10 times as many.

So this was the reward for a life time of public service? Shoved unceremoniously into second place, while most of the honor and glory went to a man who, when all was said had merely been lucky with his sling-shot. No wonder Saul was furious. No one enjoys receiving second place.

Saul was not the last man to face this situation. Sooner or later life forces all of us to take a second place. Some of us began to meet that experience when we were small children. There were other boys and girls in our home, and one day we woke up to the unpleasant fact that some of them were far more gifted than we were.

How embarrassing to discover that we were known as someone's small brother or somebody's less-attractive sister! In school and college the same situation persisted.

But the readjustments of middle life and old age are undoubtedly the hardest of all. Sooner or later all of us must watch some other take first place in our worlds.

SALO GRABS LEAD
 BIG SPRING, May 18. (AP)—Johnny Salo, Passaic, N. J., leaped to the lead in the bunion derby today when he finished in a tie for first place with Giusto Umek, Italy, in the forty-ninth lap, running the 43 miles from Colorado, Texas to Big Spring in 6:00:40.

AUSTIN, May 18. (AP)—Hope of finally passing the Beck-Cunningham senate bill establishing a new state sanitary code seemed remote when the house refused today to suspend its rules and bring the measure to the final vote.

WHEAT NEAR DOLLAR

CHICAGO, May 18. (AP)—Wheat hovered around \$1 a bushel here today for the first time in years, but just escaped crashing into the historic landmark of grain prices. Huge supplies present and prospective with no adequate outlet in sight operated as a constant drag, making the wheat market heavy from start to finish.

Closing quotations on wheat were unsettled, 1-3c to 1-2c net lower, corn 7-8c to 1 3-8c up, oats unchanged to 1-2c advance, and provisions varying from 10c decline to a rise of 2c.

Bottom-most prices reached this season were outside today by all Chicago deliveries of wheat, with May down to the lowest point since 1913 and only an even cent above one dollar per bushel.

Particular notice was taken of announcement that winter wheat plantings alone in 17 countries thus far reported showed an aggregate of 136,910,000 acres to be harvested this year against 131,562,000 acres in 1928.

LIVESTOCK PRICES WEAK

KANSAS CITY, May 18. (AP)—Livestock trade around the 11-market circuit this week was marked by a severe slump in fat lamb prices, both fed lambs and springers closing unevenly 5c to \$1.50 lower.

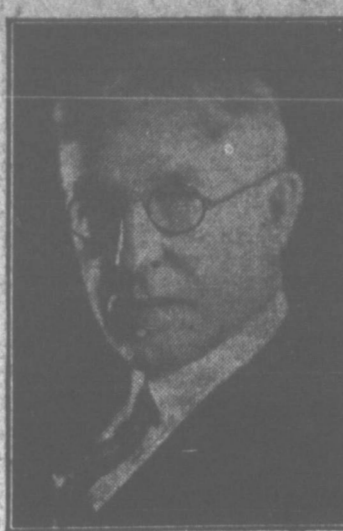

Although hog prices fluctuated, the general tendency was lower, current prices unevenly 5c to 30c under a week ago.

Cattle trade was slow and drab with packers displaying interest in highly finished offerings but hammering prices on the less desirable grades. Some strength developed on choice fed steers and yearlings but the majority closed unevenly weak to 40c lower.

Aggregate receipts were estimated at 176,000. A shortage of around 4,500 from last week and a year ago.

Why buy eggs of uncertain quality when you can get fresh gathered fertile eggs at the Dodd's Hatchery very reasonable. 40 36-6

Coming Soon

Col. Guy W. Green of Kansas City, former manager of the Nebraska Indians, and editor of Walker's Stockman, also Sunday school teacher and lay preacher, will have charge of the enlistment campaign at the First Presbyterian church from May 29 to June 9.

McKINNEY WANTS TITLE

McKINNEY, May 18. (AP)—McKinney tonight claimed the high school baseball championship of Oklahoma and Texas after winning one of a scheduled series of three games from Austin high school. The series was interrupted by rain and it was impossible to play a double header planned today. McKinney won the first game 3 to 0.

BEARS SWEEP SERIES

WACO, May 18. (AP)—The Baylor Bears made a clean sweep of their two-game series with the Rice Owls here today, 8 to 1, and remained in the running for the Southwest conference baseball title. The Bears will share the title with the Longhorns if Texas loses one of its games with A. & M. next week.

Charles Nuttle of Edgewood, Kans., transacted business here and visited in the home of Mr. and Mrs. T. D. Hobart. He went to the J. A. ranch for a visit.

"It's Like This—"

EAST TEXANS should feel "at home" in West Texas during these rainy, cloudy days. At least, we hope so. East Texans are fine folks, even if they do quarrel at our weather when it is dry and hot and dusty.

If this is East Texas weather, the oldtimers of the Panhandle will be glad to have it well distributed, and at shorter intervals and briefer durations. Rain is fine, and necessary; but those of us who have learned to get along with dry weather cannot look kindly upon prolonged periods of mud and overcast skies.

In short, it has rained enough. There is nothing that can be done about it, perhaps; but the East Texans like to talk about wet weather so much that it is worth at least honorable mention in the day's discussion.

FRIENDS OF J. T. ROBISON, land commissioner—and there are thousands of them over the state—are somewhat alarmed and not a little surprised at the sharp committee report made concerning the investigation of the land office.

There are few, apparently, who doubt the sincerity of the official. He was underpaid, and in attempting to serve his state he made up for the shortcomings of his working conditions by assuming too much authority in use of funds.

He kept too few records and itemized accounts. He lacks canceled checks to show how much money was spent from the Te-an-acre fund. It is admitted that some of the checks were made to members of his family. Mr. Robison assumed that he was given the fund for his expenses, and that what was unused could be used by him in any way he chose. This accounts, perhaps, for the lack of records respecting this particular portion of the fund.

His attitude is, of course, untenable. Similar action by other departments of the state government would be demoralizing and highly expensive. Friends of the school system, moreover, are incensed because gas and oil leases were sold at nominal sums on school lands, leaving the profits to the oil companies in steads of the schools. There is nothing exactly illegal in this phase of the matter, but the question of competency may well be raised.

Some of the best men in the world, in the strict moral sense, are deluded as to their duties and privileges. If Mr. Robison is one of these, he is never the less unfit to hold his position. West Texas land owners who have been favored by him, and who in fact have made gifts to him in return for re-valuations no doubt justifi-

ed, will be among his staunchest defenders.

THE MEXICAN GOVERNMENT is putting out some very nice bulletins. Whether they mean what they say or not is of course another matter.

National prohibition is one goal, and freedom of political campaigning has been announced. Perhaps President Gil feels so certain of his strength following the revolution, that he is willing to let opponents say whatever they like about him.

The revolution put a damper on political opponents of the administration. What attacks were made in political speeches a few days ago resulted in immediate arrest by officers trained under the old order of things. President Gil ordered their immediate release.

If the hinted church-state settlement is made, the nation ruled by popular vote, and insurrections of military characters promptly put down, Mexico may attain peace and prosperity sooner than expected.

TWINKLES

It's all over now. The freedom looked forward to is not as sweet as it seemed to the imagination, and many a graduate wishes he were only a junior.

A Canyon Teachers college student once wrote: "Anticipated pleasure waxes lame; I hate to have the thing for which I came." A diploma is cherished, but it is no ticket to sure success.

It was once a distinction to be a high school graduate, but now it is no especial distinction to attend college. Rather, not to attend college is to be numbered with the minority of the average group one is apt to meet. But education, as Dr. Horn put it, may be obtained from books, people, and things—and these are not limited to colleges.

Remembering our similar condition at such times, we rise to suggest that it should be a crime for any graduate to have to think consecutively or do anything in particular for a week after commencement. Particularly if "he" or "she" is a junior and couldn't wear

the mortar board at the same time.

The legislature hasn't done much in two sittings, and chances are it will end the present one by thinking up some investigations to require much of the time of the next gathering.

The solons have spent a lot of time visiting, and if that is conducive to a workable frame of mind we suggest that Governor Moody leave an interval between special sessions so that the gang can come up this way. They are apt to do it any day after he convenes them and getting over our dis-

tances might require considerable of their valuable time.

Our sympathy goes to Sweetwater—the city which likes to claim that sandstorms are passed down there. The bunioneers find a sandstorm from Anson into Sweetwater, and you probably couldn't prove it by the marathons that it doesn't blow in West Texas.

Graf Zeppelin is not quite mistress of the air. Why don't they practice such navigation over our great open spaces? If there is any kind of gas in the world that we don't have, please name it.

CHURCHES

PRESBYTERIAN CHURCH

Today's program at the Presbyterian church consists of three services, Sunday school, 9 a. m., Sermon, "Spiritualization of Our Resources," 11 a. m.

Miss Lena A. Boyd from India will speak at 8 a. m. There is no nation in the world in which more people are killed by reptiles and wild animals than in India. The superstitions of pagan religions prevents their making a determined effort to rid the country of these menaces. Miss Boyd is thoroughly familiar with India, having spent the greater part of the last seventeen years in the province of Punjab, in Northern India. On its eastern border for about 100 miles, Punjab is separated from the forbidden land of Tibet by the Himalaya mountains. In this province and in the ones nearby the Presbyterian church has 27 mission stations. Miss Boyd, a Santa Anna, Texas girl, will be in Berger Sunday morning Pampa Sunday evening, and in White Deer and Amarillo Monday. She will tell something of what "The Light of the World" is doing to extinguish heathen darkness. It will be your misfortune if you fail to hear her message this evening.

A. A. HYDE, Minister.

CHURCH OF CHRIST

The revival will start on time (11:00) John M. Rice and Ben M. Taylor will be ready for one of the greatest meetings ever held in Pampa. The church is expecting the very best in every way. We earnestly invite all our fellow citizens to these meetings each evening at 8. There will be day meetings, but the time will not be announced until Sunday morning.

Let us make our Bible studies the greatest during this meeting. Let us make the best of the unsatisfactory weather and be on time every time.

CHRISTIAN SCIENCE SERVICES

Room 2, First National Bank Building. Sunday school, 9:45 o'clock. Sunday services, 11 o'clock. Subject, "Mortals and Immortals." Wednesday evening services, 8 o'clock. The public is invited to all these services.

FIRST CHRISTIAN CHURCH

The minister will be in Miami this morning to deliver the commencement sermon, but will be in the pulpit at 8 o'clock tonight.

The church school will begin at 9:45 a. m. and three young people's meetings at 7 p. m. The latter provides study and training.

Come and bring a friend. A hearty welcome awaits you.

JAMES TODD, Jr., Minister

METHODIST CHURCH

Sunday school begins at 9:45 o'clock with J. O. Gilliam as superintendent. We are striving to make our Sunday school one that you cannot afford to miss. We have a class for every age. Come and bring the whole family. We are to observe Laymen's day in our church at the 11 o'clock hour. The services of Boyd McKown, dean of McMurry college have been secured and he will bring the message. Dean McKown is considered one of the greatest educators of the southwest. Let every layman of the church be present to hear the message.

At 3 p. m. Judge J. R. Porter of Clarendon will bring the message. The pastor, the Rev. Tom W. Brabham, will speak at the evening hour.

Good music, great singing, and gospel preaching are stressed at all our services. You will always find a warm welcome at the Methodist church.

BAPTIST CHURCH

Today is the last day of the revival campaign under the leadership of Dr. W. Y. Pond, superintendent of evangelism for Texas Baptists. The Sunday school forces are hoping to make this a banner day for each department of the school. They will be greatly disappointed if the attendance does

not exceed any other former records of Sunday school attendance in this city. Won't you be one of the 500 in the Baptist Sunday school this morning? Give God a chance in your life. "Remember the Sabbath day to keep it holy." Realize that it is a good thing to go to the house of the Lord to worship Him. In our Sunday school is a class where you will be made to feel welcome, where you will study God's word under the leadership of a trained, consecrated teacher and where you will have the fellowship of congenial people.

Dr. Pond will speak at both the morning and evening services, the former at 11 and the latter at 8:00.

Special attention is called to the service this afternoon at 3 o'clock. At that time Dr. Pond will speak on the subject: "How God called Me from a Locomotive to Preach the Gospel." This will be the story of Dr. Pond's call to the ministry. You should not miss this service at 3.

The Unions in the training service will have their usual meetings this evening at 7 o'clock. Promptly at 8, the Boosters will give a special program of songs, Scripture quotations, and prayer. This part of the service will last about 20 minutes and will be devoted especially to the booster chorus and their work. This one feature of the evening service will be worth your time and trouble to attend.

We hope you will be with us in all these services today. Help us make this day a victorious one for the cause of Christ in Pampa.

D. H. Truhitte, Pastor.

John Lee Harris, asst pastor

Mary Pickford in "Coquette" Said to Be Sensation

A new Mary Pickford in a powerful story directed by Sam Taylor is coming to the Rex theatre when "Coquette," Miss Pickford's all-talking version of the Broadway stage success, opens here today.

This combination of star, director and story has made "Coquette" the sensation of the cinema world. In this picture Miss Pickford is revealing to the world an entirely new and changed personality in a story replete with comedy and pathos, laughter and drama. The voices of Miss Pickford and her players have been reproduced with clarity and naturalness new to the sound pictures.

The charming Mary, who will be

seen in this story of a gay, little flirt, modern daughter of an old-fashioned father, whose dancing feet led her into grim complications, will make a new place for herself in the heart of the world. Gone are the childish pout and little girl mannerisms of America's Sweetheart. In their place is a smartly-bobbed, chic, ultra modern young woman, the epitome of today's spirit of youth, culture and the sheer joy of living.

As Norma Besant in "Coquette," Miss Pickford plays the role of the belle of a little Southern town, who laughed her merry way in and out of countless love affairs and thrilling flirtations. With a youthful zest for life and the sheer living of it, she played in the moonlight, secure in the safety of her little world. Always beside her stood Stanley Wentworth, son of her father's attorney and best friend. Stanley loved her with an unexciting and steadfast devotion which could smile with understanding at her coquetries. So life moved on for Norma in a gay whirl of kisses, dances and conquests.

Then came the day when Norma stepped outside the pale of her own social world and met Michael Jeffrey, carefree, hot-headed adventurer from the hills. With a determined sincerity Michael refused to become another victim of her wiles, refused to play with her the game of make-believe. Suddenly, for the first time in her life, Norma realized that she was truly in love. Overnight she was transformed from a smiling, whimsical girl into a woman, ready to face her father's anger and to risk her entire world for the sake of the man she loved.

Rev. Tom W. Brabham returned home Saturday afternoon from Plainview, where he attended a meeting of the presiding elders from the Plainview, Lubbock, Abilene, Amarillo and Clarendon districts of the Northwest Texas annual conference. The meeting was in the interest of the \$500,000 endowment campaign for McMurry college. Rev. Brabham is one of the directors for the entire conference. He will fill his pulpit at the evening hour.

"Not Guilty" Verdict Found by Justice

A verdict of not guilty was rendered by Justice C. E. Cary Friday afternoon in the trial of Boyce Smith, former Junior high school principal, who was indicted on the charge of simple assault.

The prosecution was based upon the testimony of three 13-year-old pupils, one of them a girl, with whom Smith went riding. While defense counsel admitted a degree of indiscretion, a broad denial of the charge was made and several character witnesses testified of the defendant's good reputation. Charles C. Cook, defense attorney, charged that state witnesses were prejudiced.

County Attorney John Studer and District Attorney Clifford Braly have their case upon definitions in law and upon the claim of the girl that she was annoyed.

Several Appeals Are Taken Here

Judge W. R. Ewing yesterday morning pronounced sentence on five men whose trials had been held during this term of 31st district court. Of those sentenced three appealed and two accepted their sentence.

Lawrence Godwin, found guilty of cattle theft and given two years, was granted a sanity hearing.

Those accepting sentence were George Walker, found guilty of transportation of liquor, and given two years, and Sandy Jennings, found guilty of the same offense and given a similar sentence.

Jim Jackson, convicted of murder and given seven years in the penitentiary, appealed. Porter Lawson, given a one-year term for possession of intoxicating liquor for the purpose of sale, appealed. W. A. Aggers, sentenced to three years for theft, appealed.
