## MARTIAL LAW MOVES SECRET STUCKEY CONSTRUCTION FIRM GIVEN PAVING WORK FLORIDA WEST COAST IS MENACED AS HURRICANE LEAVES

### MUCH DAMAGE LEFT IN WAKE OF BIG STORM

Many Lives Lost in  
Bahamas, Say  
Reports

### KEYS ISOLATED— RESULT IN DOUBT

Two Freight Vessels  
May Have Been  
Sunk

After raking the Bahamas with a destructive three-day lash and buffeting the lower east coast of Florida with heavy gales, the tropical storm last night moved rapidly northeastward through the Gulf of Mexico menacing the Florida west coast.

This most unusual storm, which had changed its course three times since hovering more than two days over Nassau, the Bahamas capital, apparently will continue a northward course for 12 hours, the weather bureau said.

Influence of the storm center was felt last night along the strip of west coast from Cape Sable to Fort Myers and Punta Gorda. Barometers dropped and wind velocities ranging up to 60 miles per hour were reported by government observers.

Delayed messages from Nassau, picturesque capital of the British Bahamas, said many persons were dead there. It was impossible to estimate the destruction, nor had the dead been counted. The storm there lasted more than two days and was the severest ever known.

The Florida mainland escaped the major blow, but the extreme southeastern coast was wracked yesterday by gale winds as the storm center passed westward over the Coral Keys to the north of Key West. Property damage was caused in Miami and environs by winds which were sufficiently strong to blow water from Biscayne bay over Biscayne boulevard, the city's water front thoroughfare. Several persons were injured on the causeways, but none seriously.

Key West, the south of the storm center's path, was buffeted by gales which reached 60 and 70 miles an hour.

Nothing yet was known of the fate of the Isle of June and the Bahamian, two freighters with 20 men, unreported since they entered Bahaman waters shortly before the storm. Numerous small craft were thrown on the shores.

### Girl Caught in Trap Set by Daring and Clever Crook

Until she was 18, Helen Page was reared in the quiet atmosphere of an exclusive girls' school. Leonard Brent, her guardian, spent money lavishly, buying her expensive frocks in Paris, providing her with every luxury.

Helen became the envy of her classmates. She learned to love her guardian for his kindness. She trusted him implicitly and hoped he would ask her to marry him.

But Leonard Brent wasn't kind. A shrewd and calculating crook, he was only grooming Helen to play a part in his diabolical schemes of fraud. Unsuspecting, Helen became Brent's accomplice in an audacious plot to swindle an aged millionaire. Clever and unscrupulous, Brent wrapped the tentacles of crime about Helen so tightly that, on discovering his deception, she was unable to free herself.

Read Helen's heartaches and happiness in Ruth Dewey Groves' new serial, "THE INNOCENT CHEAT," starting today in the Pampa Daily News.

### DELEGATION FOR C. C. MEETING ASKED

Motor Caravan May Be  
Taken to Shamrock  
Thursday

Believing it would be a fine neighborly act, as well as an enjoyable and profitable one, to take a large Pampa delegation to the district convention of the West Texas Chamber of Commerce at Shamrock next Thursday, officials of the Board of City Development are launching plans for a motor caravan to the Wheeler county city.

Those who will make the trip, either furnishing cars or needing transportation, are urged to call the B. C. D. office tomorrow. An estimate of the size of the Pampa delegation is desired at Shamrock, where a barbecue lunch will be served the delegates.

One of the features of the Shamrock meeting will be an address by Senator C. C. Small of Wellington on "The Small Land Bill." Several bands will be present to take part in the program, which follows in detail:

**Morning Session**  
10 a. m.—Registration of delegates.  
10 a. m.—Mass band concert and parade, Wellington, McLean and Shamrock bands.  
10:30—meeting called to order by Guy Hill, secretary Shamrock Chamber of Commerce.

Introduction of Sam Braswell, Clarendon, presiding officer of convention.  
Address of Welcome, Hon. J. B. Clark Shamrock.

Response to Welcome Address, O. V. Vernon, secretary, Amarillo Chamber of Commerce.  
Appointment of committees.  
Address by Andy Bourland, president West Texas Chamber of Commerce.  
12 Noon—Band concert and barbecue.

**Afternoon Session**  
1:30 p. m.—Address: Aviation and what it means to the Texas Panhandle by Victor Grima, Texas Air Transport, Fort Worth, Texas.

What can the W. T. C. of C. do for the Panhandle, Grady Shipp, Vernon.  
Address, "The Small Land Bill," Senator C. C. Small, Wellington, Texas.  
Open forum. All towns are requested to bring up vital questions for discussion.

Report of resolutions committee.  
Selection of next year's convention city.

### AUGUSTA FLOOD MENACES CITY

AUGUSTA, Ga., Sept. 28. (AP)—While Augusta was waging a successful fight against the receding Savannah river today, attention was drawn to smaller towns in east Georgia which have been cut off by flood waters.

Fearful of pollution of its water supply, Waynesboro, Ga., 32 miles southeast of Augusta, sent out a call for typhoid serum today and Millen, 20 miles farther south, responded.

Millen the only town in the stricken area which could be reached by wire today, reported that the Ogeechee river, a parallel to the rampaging Savannah, was two feet higher today than in 1925 when Dover, a town south of Millen, was flooded. It was impossible to communicate with Dover by phone, train or highway today.

Augusta still fought the mighty Savannah and apparently the water was slowly withdrawing from the battle front along a nine-mile levee, which protects the city.

D. C. Lewis, South Dakota insurance commissioner, has ruled that insurance companies which seek to limit liability for airplane travel cannot do so in his state.

**THE WEATHER VANE**  
WEST TEXAS: Partly cloudy to unsettled Sunday and Monday, somewhat cooler in north portion.

### LOCAL FIRM IS LOW BIDDER IN NEXT PROJECT

Figure Is Over \$9,000  
Below That of  
Others

### TOTAL COST TO REACH \$250,457

Work Must Be Finished  
in Hundred Days  
of Work

Cutting more than \$9,000 under the next bidder, the Stuckey Construction company of Pampa and Wichita Falls secured the contract for the next paving program when the bids were opened yesterday by the city commission. The same firm was low on other types of paving, but Vibrolithic was lowest of all and was accepted as the type to be used.

The bids on Vibrolithic for the approximately 53 blocks:

Stuckey Construction company, \$250,457.65.  
Zymper Construction company, Amarillo, \$250,679.41.  
Standard Paving company, Fort Worth, \$260,192.00.

Asplund Construction company, Enid and Amarillo, \$262,634.41.  
The Panhandle Construction company of Plainview and Lubbock bid only on brick, with a figure of \$290,914.00.

The Stuckey bid using reinforced concrete was \$252,089.73. As compared with the Standard Paving company's bid on brick, \$286,159.22, the Stuckey bid on this material was \$277,541.23.

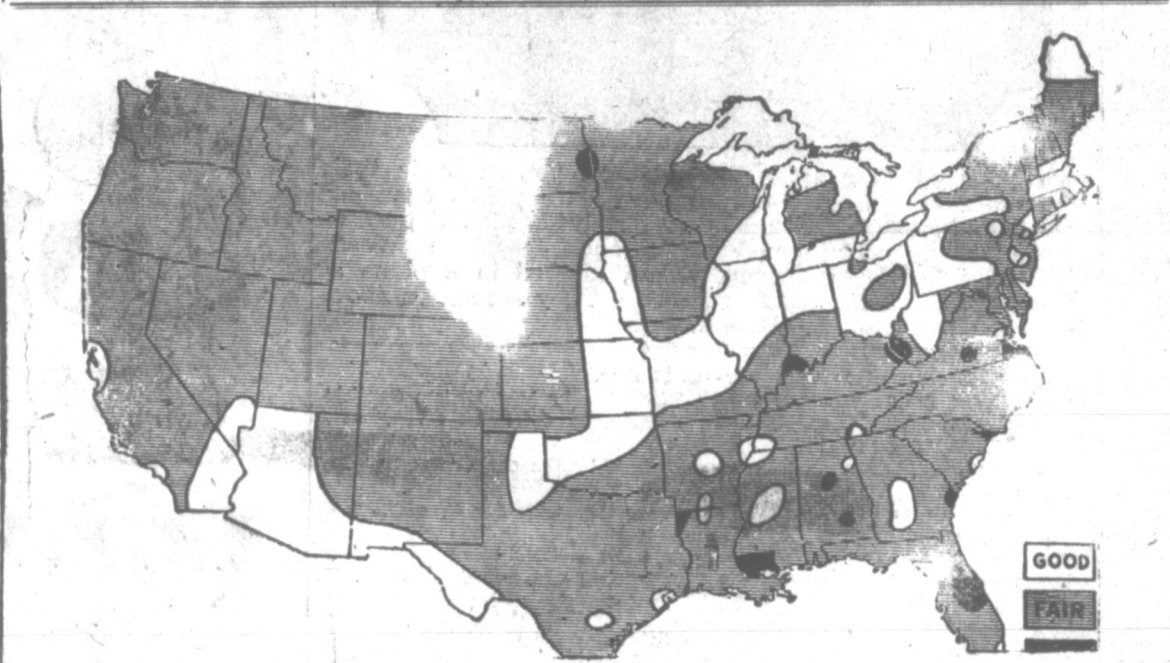

The Stuckey company agreed to do the work in 100 working days, with penalty attached for each day of failure but it was understood that the months of December, January, and February would not be included. The reason for the cessation of paving in the winter months was given as the desire to prevent blocking of streets for long periods. However, the beginning of paving will be started as soon as necessary legal details may be completed.

The paving will include 56,541 square yards of the lighter 5-inch and 17,200 square yards of the heavy 6-inch Vibrolithic concrete. The heavy Bates type will be used to connect the city paving with the Berger road and the Bowers pool road, and to bear heavy traffic a block further north on Ouyler and one block east on Browning to Ballard. There also will be 7,862 yards of plain 6-inch concrete. An alley in block 5, jutting back of the Brunow building southward, is included.

The county paving on highway 34 north will not be connected, although Christine and Mary Ellen streets in the Cook-Adams addition will be paved, the former to within a block of the county concrete.

The limits of the new paving were carried in Friday's issue of The News. (See PAVING, Page 6)

### Northeast Panhandle Maintains Business Trend

The above map represents business conditions in every state as set forth in the October number of The Nation's Business, official publication of the Chamber of Commerce of the United States. Pampa's good business position is clearly illustrated by this authoritative map.

### F. T. MASON, FORMER MEMBER OF CITY COUNCIL AND PROMINENT IN BAPTIST CHURCH, DIES IN NIGHT

Pioneer Woman  
Dies Saturday

One of the builders of the New Pampa, F. T. Mason, 42, died after a long illness at his home at 107 North Hobart street at 12:20 o'clock last night. Mr. Mason had been critically ill since he underwent major operations for cancer at Mayo's sanitarium and later at Baylor hospital, Dallas, several weeks ago.

Funeral services will be held at 10:30 o'clock this morning at the Church of Christ with Rev. James Todd, Jr., and Rev. C. C. Merritt in charge. Interment will be made in the local cemetery.

Mrs. Rice had lived in Pampa three years, two years at Wellington, and 17 years at Mobeetie. She was a member of the Church of Christ and Order of Eastern Star, members of which will assist in the burial ceremony. Mrs. Rice was a native of Texas and was born in El Paso, May 16, 1867.

She is survived by her husband, J. S. Rice, three sons, C. S. Otto C. and J. T. Rice, eleven grand-children and a son-in-law, W. T. Little. Stephenson funeral home has charge of the body.

Judge W. R. Ewing yesterday vacated his position as presiding judge of the current 31st district court term, and will leave tomorrow for Marlin to take treatment for a severe attack of rheumatism. He will be away several weeks.

It is expected that C. G. Englewood, Shamrock attorney, will be chosen tomorrow to sit as judge in the absence of Mr. Ewing.

### Harvester Attack Downs Electra Eleven, 19 To 0

(BY HARRY E. HOARE)  
Remembering last year's 32-0 defeat away from the home gridiron, Pampa's Harvesters went into yesterday's game with Electra with power in every department, winning 19-0 in a fine early season exhibition.

To pick a star in yesterday's encounter would be illogical. The backfield, except for a few fumbles, played remarkably well both defensively and offensively. The line held like a stone wall and whenever a hole was needed it was usually there.

Good Line Work  
The line worked smoothly with every man playing hard and low. Henry Ayres and Onan Barnard made several sensational stops, as did every other man, Pafford, substituting for Barnett,

made the holes that accounted for two touchdowns.

Crass, giant fullback, was the big ground gainer for the visitors. He would put his head down and bore through yardage on nearly every attempt. The diminutive Hub White was the hardest worked man on the field and his battering at the Harvester line was a treat to watch. E. White also accounted for many yards. The Electra line failed to hold on many occasions and the Harvesters' criss-cross plays netted much yardage.

Some Statistics  
The Harvesters gained 282 yards and (See HARVESTERS, Page 6.)

### BORGER WAITS PATIENTLY FOR STATE TROOPS

Guardsmen Are Likely  
to Arrive Early  
This Morning

### MOODY NOT TO REVEAL TIME

Ranger Force Raised  
to Nine Saturday  
Night

AUSTIN, Sept. 28. (AP)—Plans for establishing martial law for Borger and Hutchinson county went forward under complete secrecy today.

Governor Moody stated that his formal action in declaring martial law would not be made public until state militiamen arrived in the Panhandle oil community where District Attorney John A. Holmer was assassinated and where "an organized and entrenched criminal ring" thrives, according to a report given the governor by his investigators.

"You will not get from me the information that martial law has been declared; I certainly would not care to announce my plans in advance of arrival of troops there," he said.

He asserted he would "stand behind" his investigators who reported the conditions there, describing a "conspiracy between officers and the criminal element, or law violators."

Although the governor would not state what was delaying occupation of the troubled community with troops it was known that he was hopeful the officers complained of would voluntarily resign, thus averting martial law.

When the troops do move they will be mobilized and transported as secretly as possible and not until they arrive on the ground will the governor file his official proclamation with the secretary of state. It was indicated that infantrymen would be sent and that companies would be carefully selected where the situation was such as to assure the men their civil positions back when they returned home.

BORGER, Sept. 28. (AP)—The force of Texas Rangers investigating the murder of District Attorney John A. Holmer was increased to nine today as the town waited patiently for the expected proclamation of martial law.

Sergeant M. T. Gonsaulles, W. H. Kirby, and J. P. Huddleston, of Company B at Fort Worth, joined the Rangers already on the scene. Apparently they had come to stay some time as one of the Rangers was accompanied by his wife, Captain Tom Hickman, who has been in Fort Worth also returned to the investigation.

BORGER, Sept. 28. (AP)—Borger today quietly awaited arrival of National Guardsmen, bringing a declaration of martial law with them.

Although Texas Rangers, here since the assassination of District Attorney John A. Holmer Sept. 13, had not been informed whether martial law would be declared, it generally was believed the governor's proclamation of military rule was being brought to Borger by troops to enforce the edict. Forecasters predicted soldiers would arrive late tonight or tomorrow.

Medical Men Moving  
ABILENE, Sept. 28. (AP)—A special dispatch to the Abilene Sunday Reporter News from Mineral Wells tonight told of the departure from that place of seven members of the Cavalry medical detachment, Texas National Guard. The men were in full uniform the dispatch said, and refused to answer any questions as to their destination or mission. Apparently they were headed for Fort Worth.

George Isenberger, Clarion, Iowa, railroad laborer, claims to have bought a home, an automobile and reared a family of nine children on a salary that never exceeded \$75 a month.

### School Boy Is Severely Hurt in Fall Off Truck

Cleave Swafford, 15-year-old local school boy, is in a serious condition at the Northwest Texas hospital in Amarillo as the result of his having fallen from a truck upon the highway paving near St. Francis Friday.

The truck, loaded with school boys being taken to the Tri-State fair, was slowing down at a roadside service station when the youth was seen to fall from the vehicle. The boy suffered severe shock and bruises, and was unconscious for a considerable time after being rushed to the hospital by ambulance.

# CHURCHES

**Christian Science Services**  
Room 2, First National bank building.  
Sunday school, 9:45 o'clock.  
Service, 11 o'clock. Subject: "Reality."  
The public is cordially invited to attend all of these services.

## METHODIST CHURCH

Interest is growing in every department of work in the Methodist church. The Sunday school is enjoying a great growth. The hour is 9:45 o'clock, and we have a class for everyone.

At 11 o'clock the Rev. Tom Brabham will bring a message on the subject, "Havenward-Heavenward."

The evening services are being well attended. Come and enjoy them with us.

**TOM W. BRABHAM, Pastor**  
**GRADY MORTON, Educational Director.**

## FIRST BAPTIST CHURCH

Sunday school, 9:45 a. m.  
Preaching service, 11 a. m.  
Ordination of deacons-elect, 3 p. m.  
Amarada Mission service, 2:30 p. m.  
Training service, all uncons, 7 p. m.  
Preaching service, 8 p. m.

Hon. Clifford Braly, district attorney of the thirty-first judicial district, will address the Business Men's Bible class in their regular meeting this morning. The class convenes in the church parlor this morning at 9:45 o'clock. All the men of the city are invited to attend this class and hear Judge Braly.

Mrs. L. H. Greene will teach the Fidells Class (young ladies); and Mrs. T. W. Jamison, will teach the fourth year intermediate girls.

Rev. Roy Mason, pastor at Titusville, Florida, will preach at the morning preaching service. Dr. H. F. Aulick, editor of The Plains Baptist, will bring the message at the evening service.

The ordination service for the three deacons-elect will be held in the church auditorium at 3 o'clock this afternoon. The church orchestra will have the rehearsal this afternoon in the auditorium at 5 o'clock.

This is the Lord's Day. You should attend services of worship somewhere today. We would be happy to have you with us in the services of this church.

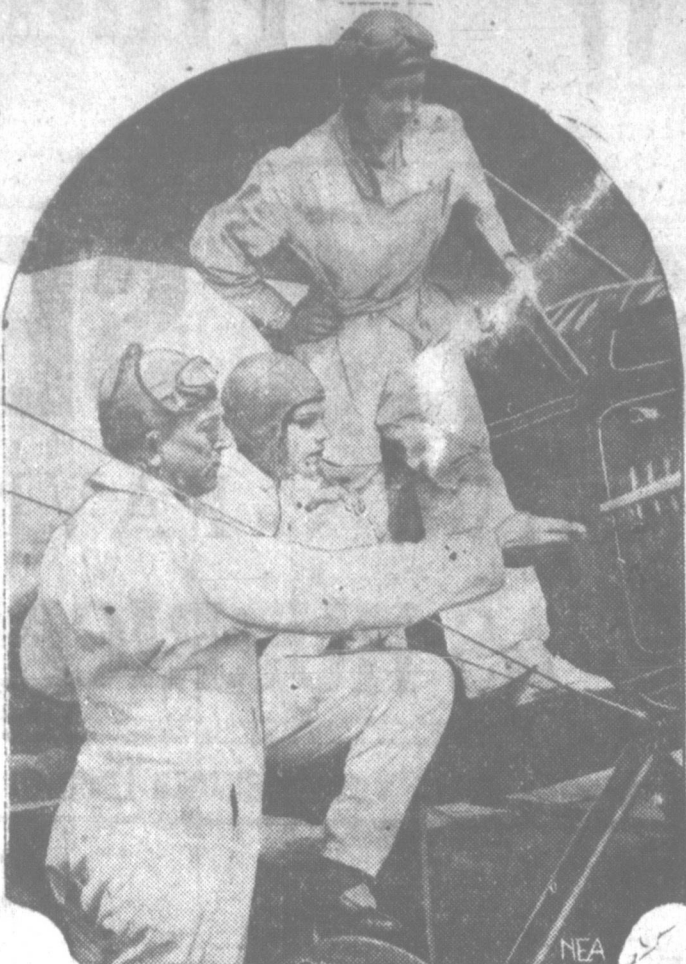

**D. H. TRUHITE, Pastor**  
**JOHN LEE HARRIS, Ass't Pastor**

## Methodist Church

Interest is growing in every department of work in the Methodist church. The Sunday school especially is enjoying a great growth. The hour is 9:45, and we have a class for every one in the family. Join with us this morning in this stately hour.

At 11 Rev. Tom W. Brabham will bring a message on the subject "Heavenward-Heavenward." This is a message of comfort to the weary and oppressed. Come and worship with us. The evening worship will start at 8. "Betraying a Brother" will be the subject of the evening discourse. Are you falling short in your duty as a

## SISTERS PILOTS

They received their flying instructions together, made their solo flights at the same time, passed their pilot's examinations after 11 hours in the air and received pilot's licenses simultaneously—and then Frances and Josephine Wood, wealthy sisters from Vernon, Texas, hopped in a plane at Santa Monica, Calif., and flew home. They are shown above with their instructor, Burdette Fuller.

Christian? If so come to this service and learn more about your duty to others. You are welcome.

**Tom W. Brabham, Pastor.**  
**Grady Morton, Educational Director.**

## Episcopal Services

The Episcopal Sunday school will convene at 10 o'clock, with classes for children, young people, and adults.

The Rev. J. Hodge Alves will hold his last service here at 11 o'clock. Both Sunday school and the service will be held in the music cottage on the east front of Central high school campus. All members of the church are urged to attend, and others are cordially invited.

## Presbyterian Church

Today is the Lord's day. "Take time to be holy." Hear the sermon on this theme at the Presbyterian church this morning.

Sunday school at 10 a. m.  
Sermon, "Take Time to Be Holy."

at 11 a. m.  
Violin solo by Miss Miriam Canfield.  
Sermon, "The Perfect Court," at 8 p. m.  
Anthem by the choir, "Nearer My God to Thee."  
Congregation singing in addition to special music.  
You are welcome to all services.  
**A. A. HYDE, Minister.**

## Frank Thomas Is New 40-8 Head

Frank Thomas was elected chief de gare succeeding Otto Studer at Thursday night's meeting of the Forty and Eight club.

William C. de Cordova was elected chief de train, Floyd McConnell, conductor; Samuel C. Barrow, conductor; Al Lawson, guard de train; Mork Long, commissary (treasurer.)

Nebraska's apple crop will be 800,000 bushels this year, double last year's crop.

## BELIEF GROWS THAT MANY WELLS SHUT DOWN ON TOP OF PAY CAN BE SUNK SOON

Local oil company officials and operators believe that drilling in the many wells now on top of the pay will be resumed after the conference of oil company heads here Oct. 1. Curtailed production in the last month has greatly relieved the congested storage conditions, they say.

Most of the major oil companies operating in the Gray county fields have from one to ten wells now on top of the pay waiting to be brought in. Danger Oil and Gas company now has five wells on top of the pay and will have more by Oct. 1.

Operators Oil company has six ready to be brought in when the curtailment program is abandoned. Gulf company has four wells on top of the pay, Humble has three, Phillips Petroleum has four, Texas company will have about ten, Magnolia has one, and there are numerous other wells owned by independent oil companies that cannot be brought in until storage facilities are ample.

The Texas company's No. 7 Cook-Faulkner, section 26, block B-2, made an initial production of 30 barrels when

it was brought in Thursday night at a total depth of 2,820 feet. The well will be drilled deeper.

## Shrine Dance to Be Held Oct. 3

Pampa Shriners and their ladies will attend a Shrine dance Oct. 3 at the Pla-Mor auditorium. Joe Norman's orchestra of Amarillo will furnish the music.

Uniformed bodies of Khiva Temple, Amarillo, will also attend the function.

## Electric Trains Halted

NEW YORK, Sept. 28. (AP)—Electric train service out of the Grand Central terminal faced a 21-hour tieup tonight when a fire in the main cabin room of the New York Central railroad, which feeds the third rail between the terminal and Port Morris, N. Y., broke out and stopped all traffic. It was said steam locomotives would be pressed into service to fill the breach.

## Pampa Building \$18,200 for Week

Pampa building permits amounted to \$18,200 for the last week, bringing the year's total to \$1,123,495.

The permits included the following, according to F. E. Townsend, building inspector:

Lowery and Olive, cottages in Ten Acre addition to South Pampa, \$2,500.

Sam Irvin, brick veneer residence in Browning addition, \$3,000.

Forest Jones, house in Cuyler addition, \$1,500.

William Mullinax, house in North addition, \$600 and \$700.

Mrs. J. S. Carter, house in Hillcrest addition, \$2,500.

Bert Howell, \$2,000 residence in East End addition.

## OLD TRAIL DRIVERS WILL HAVE MEETING

SAN ANTONIO, Sept. 28. (AP)—A three-day convention of the Old Trail Drivers' association of Texas will begin on Thursday morning, Oct. 17, at the Gunter hotel.

Congressman C. B. Hudspeeth of El Paso will respond to the welcoming addresses.

George W. Saunders, president of the Old Trail Drivers' association, will give his annual address following the afternoon business session on Oct. 7.

## FAMOUS BALLOONISTS IN THIS INTERNATIONAL RACE

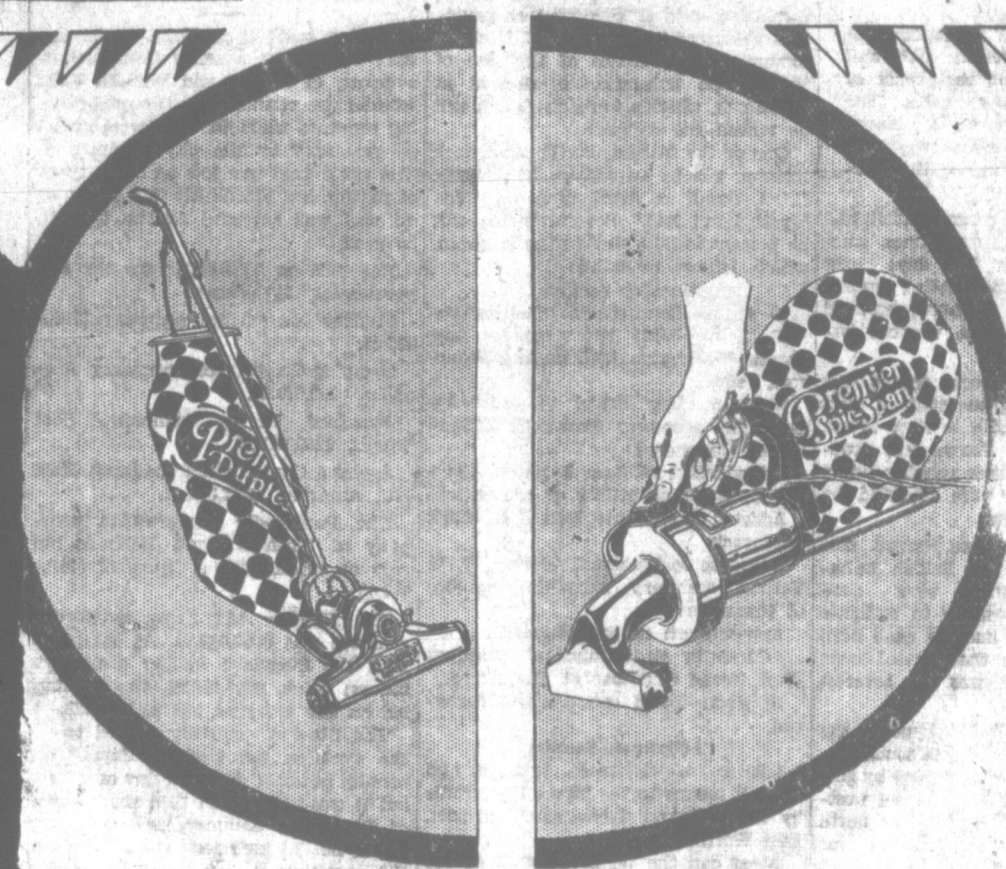

ST. LOUIS, Sept. 28. (AP)—The premier balloonists of six nations took off here today in nine balloons in the eighteenth annual race for the James Gordon Bennett trophy. The first balloon to take the air was the Stadt Essen, a German entry with Erich Leimkugel, pilot and his aide, George Froebel, in the basket.

The other eight crafts were unleashed at intervals of five minutes and the last balloon cleared the field at 4:40 p. m. The Great bags took off to the accompaniment of cheers from a vast crowd lining the field and the strains of five national anthems, played by a civilian band.

The United States was represented by three entries, the army, the navy, and a bag owned by the Goodyear Rubber company.

**CONSULT US!**  
If you have the slightest difficulty in seeing objects nearby and clearly come in and have your eyes examined. Glasses in all styles. All kinds of eye clinic repairs.

**2** cleaners for the price of ONE  
Pay for one servant and get two!

## SHORTEN YOUR CLEANING HOURS

Why need you use the electric rug to do the lighter tasks? Here is the easier way to clean... without the single attachment!

Our plan actually gives you two electric cleaners—both for the price of one: A big Premier for the rugs and carpets—and a handy Premier Spic-Span, for the small jobs.

## A speedier way without attachments

Spic-Span is the result of years of research. It retains all the superiorities of the Premier... super-suction, ball-bearings—no moving parts! Weighing only four pounds, the Spic-Span can be taken from task to task without waste of time or steps.

It cleans faster and better because it gets its nose close to the dust and dirt. You can plug it into any electric socket and clean mattresses, clothes, stairways, upholstery, automobiles, nooks and crannies everywhere.

## Free Demonstration

Why use a big cleaner for little cleaning jobs? With the Premier two cleaner idea, you can cut your housecleaning hours in half. For, as soon as you're finished with the big cleaner, you drop it and pick up the Spic-Span. No lost motion—no unnecessary strain.

The Spic-Span may be purchased separately for \$13.50... or in one of the following combinations. Phone or visit us today and arrange for a private demonstration. No obligation.

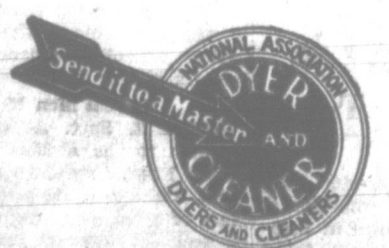

**Two Cleaners for the Price of One**  
Premier Duplex and Premier Spic-Span Both \$72.50  
Premier Junior and Premier Spic-Span Both \$48

The Innocent Cheat Ruth Dewey Groves AUTHOR OF "RICH GIRL-POOR GIRL," ETC.

CHAPTER I THE boxes that came for Helen

Page always caused excitement at Miss Spann's School for Girls. Miss Spann's girls were smart and up-to-date and quite often their own clothes bore the label of a Fifth Avenue shop. But few of them possessed even a single garment with a Paris label in it. All the clothes that came for Helen were Paris originals. Helen did not know, so she could not explain, that her guardian had them brought over by a friend who made frequent trips abroad—a friend he had never allowed Helen to meet. As a matter of fact she had met none of his friends. But this friend had perfect taste and Helen's clothes were the envy of her school-mates. Just now they were engaged—all who could crowd into her room—in helping her open the two large packages that had come that afternoon. Helen was less interested in the new things than in the coming visit of her guardian himself. She was thrilling happily to the thought of it. For Leonard Brent was more to Helen than just a guardian in the common sense of the word. She had given him the adoration of an untouched heart, without question of the manner in which he might guard the gift. Of his guardianship of herself Helen had no complaint. It was lonely sometimes when the other girls, all but one or two, were away at home for holidays and the summer vacation, but there was always Leno's next visit to look forward to. "Oh, Helen," just look at this dinner dress!" one of the girls cried, holding up a periwinkle blue chiffon creation. "Don't you love it?" Helen took it and rushed over to the mirror in the closet door. "I'll wear it tonight," she exclaimed, holding it up before her, judging its lines. "You ought to take that V out of the back," one of the girls remarked as Helen held the dress off and studied it. Helen shook her head. "Leno wouldn't like it," she said. "Don't you ever get tired of living up to his freak ideas?" someone asked her. "It must be a strain."

Helen's hands trembled as Brent took them in his own and kissed their fingertips.

"Absolutely decrepit," the other girl returned. "Don't be silly, Agatha," she was admonished by still another girl. "Mr. Brent is the most distinguished looking man who comes here." "The most distinguished man in New York, I'd say," put in the girl who had suggested making the dinner dress more décolleté. "When Helen and I went down to town last Saturday we saw him at the Ritz. . . ." "At the Ritz! Shallmar Morris, you never had enough money to lunch at the Ritz!" "Why be a goose?" Shallmar retorted undisturbed. "Of course not. We went there to see what's being worn. Mr. Brent came in. . . ." "Did he take you to lunch?" "He was with a date," Shallmar explained patiently. "All the girls were interested, for Helen's guardian was a topic of unflinching interest in their conversations." "But she was dressed like Queen Mary and had the manners of a Victorian Dutchess." "Not at all," Shallmar hastened to assure them. Then she turned to Helen. "Shall I describe her?" Helen shrugged. "What's the use?" she said. "Just because Leno thinks there isn't anything funny about teaching a girl to be a lady they imagine he's a dodo." "Oh, don't be a meany Helen. Go on, Shallmar." "Well, I just wish you'd seen her for yourselves," Shallmar began uncertainly. "She was smart as could be and not a bit stiff." "Did he introduce you?" "No. . . ." Shallmar's glance sought Helen's. The latter hastily turned away. "No, we decided he wouldn't have any use for a couple of school girls just then," Shallmar went on, flushing a trifle under her sunbonnet. "You don't mean to say you passed up a chance to meet one of Leno's lady friends?" HELEN spoke up sharply. "You needn't call him Leno just be-

# CONNALLY SAVES DAY TO LET DALLAS BEAT BARONS—LUDOLPH SLATED TO FACE STEERS TODAY

## OLD MARK IN AMERICAN TIED BY ATHLETICS

BOSTON, Sept. 28. (AP)—The Athletics by defeating the Red Sox by 6 to 3 at Braves field this afternoon, equaled their own mark of 102 victories in a season, made back in 1910. To beat that mark, the Mackmen need only one victory in their five remaining games. They have no chance, however, to equal the league mark of the Yankees of 110 games won in a year.

Bill Shores and then Ed Rommel worked in the box for the A's. Philadelphia ..... 010 003 200—6 8 1 Boston ..... 011 010 100—3 9 1 Shores, Rommel and Cochrane, Perkins; MacFadden, Carroll, Durham and A. Gaston, Connally.

**Beat New York Twice**  
WASHINGTON, Sept. 28. (AP)—With Jones and Marberry bearing down in the pinches, Washington defeated New York in both ends of a double header here today, 6 to 4, and 6 to 3. New York ..... 001 200 100—4 10 1 Washington ..... 001 050 00x—6 8 0 Sherid, Heimach and Dickey; Jones and Tate, Spencer.

**Second:**  
New York ..... 001 000 020—3 7 1 Washington ..... 001 2 0 11x—6 11 1 Rhodes, Nemoia & Jorgens; Marberry and Tate.

**Detroit Defeats Sox**  
DETROIT, Sept. 28. (AP)—Detroit nosed out the Chicago White Sox 11 to 0, in a slugfest which saw seven pitchers paraded across the mound here today. Chicago ..... 020 411 000—2 10 16 4 Detroit ..... 300 001 112—3 11 16 1 Thomas, Lyons and Berg; Hogsett, Sorrell, Carroll, Page, Uhle and Hayworth, Hargrave.

**Indians 4; Browns 1**  
CLEVELAND, Sept. 28. (AP)—The Indians defeated the St. Louis Browns 4 to 1, today in the opener of a six-game battle for third place in the American league's final standings. St. Louis ..... 000 000 010—1 11 0 Cleveland ..... 201 010 00x—4 10 2 Stewart, Gray, Collins and Schang; Miller and L. Sewell.

## Texas Aggies Run Over Southwestern

COLLEGE STATION, Sept. 28. (AP)—Coach Matty Bell's Texas Aggies ran roughshod over the Southwestern University Pirates today, defeating them 54 to 7 in the opening game of the season here.

Bell used the greater part of his squad against the Pirates, sending in four entirely different lineups before the final shot was fired. Except for the third quarter, when the Pirate touchdown was scored and the Aggies failed to tally, the Bellman found the going easy. The first two touchdowns came within the first seven minutes of play. At the end of the half the score was 27 to 0.

## STANDINGS OF THE CLUBS

Pittsburgh 8; St. Louis 5.  
Boston 8-8; Philadelphia 9-8.

BY GAYLE TALBOT, JR.  
Associated Press Sports Writer

DALLAS, Sept. 28. (AP)—Heroic relief pitching by George Connally, th sharpshooting sergeant, after White Glazner had wilted in the eighth inning, enabled the Dallas Steers to pull out with a 4 to 2 victory over Birmingham in the third game of the Dixie series here today. A win tomorrow would place the Texas league champions on an even standing with the Southern association representatives.

Connally, who worked in both games at Birmingham, twirled magnificently after he was called upon to stop the Barons' and protect the Steers' slender lead today. He went in with the bases loaded and only one out and two of the most dangerous sluggers of the Birmingham roster coming in Clabaugh whiffed, cutting viciously at a third strike, and Weis grounded out meekly to short. The Barons were equally helpless before the Sergeant's slings in the ninth.

The Steers led by George Bischoff clubbed out their victory over Ra Francis, veteran Baron pitcher, before he was relieved by Carlos Moore, a rookie, in the seventh. Francis was no puzzle to the Stockmen, the first man up in five of the six innings bouncing him for a hit. Bischoff has a perfect day, cracking a double, two singles and a sacrifice in four attempts.

Although touched for six hits during his tenure, Glazner had the Barons well in hand until the eighth, when he suddenly lost control and walked two batters. Both Birmingham run rode in on sacrifice flies.

Ludolph, who set Dallas down with two hits in the opener at Birmingham was slated to go out after his second victory today. Either Frasier or Martina was expected to be Manager Mill Stock's choice.

Score:

## MALONE FAILS TO SHOW OFF SERIES FORM

CHICAGO, Sept. 28. (AP)—Pitching or the chance to open the world's series against the Athletics, Pat Malone was off form today and Cincinnati beat the champion Chicago Cubs by 5 to 3. Malone had one bad inning, the fifth, when five straight hits cost him three runs. Those markers were enough for Pete Donohue and he protected his lead the rest of the way. Cincinnati ..... 010 031 000—5 10 1 Chicago ..... 000 200 010—3 10 1 Donohue and Sukeforth; Malone and Gonzales.

**Brooklyn Takes Two**  
NEW YORK, Sept. 28. (AP)—Brooklyn took both halves of a doubleheader from the Giants here today, 5 to 1 and 10 to 3, virtually ending the fight of the New York team to overhaul the Pirates in second place. The Robins now have won fourteen out of twenty-one from the Giants with one more game to be decided.

Brooklyn ..... 005 000 000—5 7 6  
New York ..... 000 000 100—1 4 1  
Clark, Lucas and Plcinich; Fitzsimmons, Judge and Hogan.  
Second:  
Brooklyn ..... 330 001 201—10 16 1  
New York ..... 010 000 011—3 10 9  
Dudley and Deberry; Hubbell, Lucas,

**Pirates Stop Cards**  
ST. LOUIS, Sept. 28. (AP)—In a free hitting game here this afternoon the Pittsburgh Pirates halted the Cardinals 6-game winning spree with a score of 3 to 5.  
Pittsburgh ..... 130 003 010—8 18 4  
St. Louis ..... 000 040 100—5 11 0  
Grimes, Swetonic and Hargreaves; Johnson, Sherdell, Harris and Smith.

**Boston Overwhelmed**  
PHILADELPHIA, Sept. 28. (AP)—The Philadelphia Nationals took both games of a doubleheader here today from the Boston Braves. The scores were 9 to 8 and 8 to 6.  
Boston ..... 200 021 300—8 18 1

Boston ..... 100 041 000—6 9 1  
Boston ..... 003 310 01x—8 16 1  
Clarkson, Smith and Leggett, Bengel, McGraw and Davis.

## Mustangs Barely Tie Yellowjackets

DALLAS, Sept. 28. (AP)—Southern Methodist university was forced to the limit in gaining a 13 to 13 tie with the Howard Payne college Yellowjackets here today. The visitors led 13 to 0 at the end of the third quarter. Twice in the final period the Ponies marched down the field, using a strong running and passing attack, and squared the score just before the last gun.

### Trick Golfer to Be Seen Today

Driving two balls set one on top of the other and causing one to hook and the other to slice, is one of an exhibition of trick shots that will be given by Art Ashton, golf professional at the Country club at 2:30 this afternoon. He will also play in an 18-hole match with

Otto Studer, Dr. R. A. Webb, Dr. H. H. Hicks and Pat O'Brien, professional who will be in charge of the tournament next week-end. Ashton has shown some of the local golfers enough of his tricks to convince them that he is "good" and the

### Saints Hit Hard Against Longhorns

AUSTIN, Sept. 28. (AP)—University of Texas defeated St. Edwards university today, 13 to 0.

The Saints held the Longhorns in submission until time was about to be called on the first half, when Coach Littlefield's men pushed one over. They scored the second touchdown in the third quarter.

Arkansas Strong  
FAYETTEVILLE, Ark., Sept. 28. (AP)—Arkansas university smashed six times over the College of the Ozarks goal line to open its 1929 season with a 37 to 0 victory. The game was played in mid-summer heat.

Tulsa University Wins  
WICHITA, Kans., Sept. 28. (AP)—Tulsa university's golden hurricane defeated Wichita university here this afternoon in the opening game on University field, 19 to 0.

Young Communists Arrested  
SAN FRANCISCO, Sept. 28. (AP)—Twenty-five members of the Young Communist League of America, including three women, were arrested by police tonight when they staged a demonstration on a downtown street corner protesting against the trial of Gastonia textile strikers in North Carolina, who are accused of the murder of a police official.

exhibition today is attracting considerable interest.

The trick shot golfer has a golf ball under complete control and the only thing he hasn't taught it to do is to call him papa—he says he is working on that trick now, in fact he is going to take his tricks into the talkies. He has signed to make a talking picture of his act when he reaches New York for which city he was headed when he stopped here yesterday. He is traveling by auto, accompanied by Mrs. Ashton and their two young sons.

After a trick exhibition lasting one hour, which will be featured by hitting the ball from a string and play call shots of 200 yards, the match will begin.

### "A Few Variations" Ahead For Notre Dame

Outside of saying that there will be a "few variations" this fall, Knute Rockne reveals about his plans for his Notre Dame eleven. Captain Law, a guard, and Brill, a half, stand out as big cogs in the South Bend machine.

Among the business visitors in the city yesterday were W. A. Stuckey and Earl Stuckey of Wichita Falls; Sam Mangum and L. S. McKenkie of Kansas City; Joe McCullum of Amarillo; Moss Alexander and A. G. Atkinson of Kansas City, all of whom were here for the letting of city paving contracts.

### Bob Kahl Plays With Tulsa Team

That Bob Kahl, Harvester captain last year, broke into university football Saturday was made known to The News last night in a telegram from his father, Joe Kahl.

The new Finklea, Radio Shop at the Panhandle Hardware Company, offers to Pampa all the latest models of the world's radio—Atwater Kent. Each set is backed by Finklea's complete service facilities and reputation for fair and square dealing. Come in today and hear a radio that is—

Startling the World With **Push-Button Circuit**  
**Enormous Power!** **Needle-Point Selectivity!**

Now  
In Beautiful Console

A new circuit — Screen-Grid — tested and proven to be the greatest performer of the age. Enormous new power—greater distance, pure, clear tone over the entire sound range without distortion; needlepoint selectivity that actually separates stations without interference and the most amazing fact of all —no hum or mechanical noises can be heard to mar your program, you must see it—hear it to fully realize its wonderful performance.

### Console Model 655

A most sensational value—this Atwater Kent Screen-Grid Console of beautiful rich walnut with contrasting panels, illuminated dial board and artistic grille add to its appearance of expensiveness. A five-ply baffle board gives the Electro-Dynamic Speaker a fullness of tone, clear pure and without exaggeration. You will be amazed at the unusual value of this model. COMPLETE

### Oil Production Falls With Wells Halted at Pay

Shutting down of wells on top of pay was reflected again during the last week in another daily oil production decline, amounting to 6,986 barrels.

Daily average production, number of wells, loss and gain compared with the previous week, and the average production per well in each county in the Panhandle.

Carson—188 wells producing 10,104 barrels, a loss of 173 barrels from the previous week. Average 53.8 barrels per well.

Gray—454 wells producing 78,474 barrels, a loss of 6,986 barrels from the previous week. Average 172.8 barrels per well.

Hutchinson—886 wells producing 25,665 barrels, a gain of 108 barrels over the previous week. Average 29 barrels per well.

Moore—18 wells producing 806 barrels, a loss of 9 barrels from the previous week. Average 44.8 barrels per well.

Wheeler—38 wells producing 175 barrels, a loss of 108 barrels from the previous week. Average 19.6 barrels per well.

Total—1,848 wells producing 115,795 barrels, a loss of 6,894 barrels from the previous week. Average 686 barrels per well.

### Hamilton Trial to Open Monday

AMARILLO, Sept. 28. (P)—The state will demand an early trial for R. H. Hamilton, former judge on the supreme court's commission of appeals who is charged with the slaying of his son-in-law, Tom Walton, Jr., when the case comes up for setting at Weatherford Monday, District Attorney Ed W. Thomerson declared here today.

Thomerson and Hugh H. Cooper, special prosecutor, will leave for Weatherford tomorrow.

Walton was shot and killed last May when he entered Hamilton's office to tell the former judge that he and the judge's daughter had been secretly married while attending the University of Texas.

More than one-half the entire tea importations into the United States are handled at New York.

### LARGE PRIZES TO BE AWARDED IN GOLF EVENT

Prizes amounting to \$500 in cash and in merchandise will be given winners in the Panhandle open golf tournament which will be held here Oct. 5, 6 and 7, according to Otto Studer, chairman of the prize committee that is assisting Pat O'Brien of Amarillo, who is in charge of the tournament.

Complete list of prizes have not been announced but the winner of the professional class will be given a large cash prize. Regarding entry of professionals in the tournament, Mr. O'Brien said they will be matched with professionals and the various flights, comprising 16 men each, will include golfers of equal ability, affording every entry a chance to win a prize.

Golfers making the course between 80 and 90 will be matched, those between 90 and 100, and 100 and 125. Professionals who will compete in the tournament are Bonebrake, Mansell, Merriman, Jack Bush, O'Brien, Paul Derson, Dell Love, Cecil Ledbetter and Art Ashton, all of Amarillo. Amateurs and professionals from 17 clubs in the Panhandle have been invited to enter the matches.

Qualifying rounds will be played Saturday and match play on Sunday and Monday.

### Hunt for Slayer On at Brownsville

BROWNSVILLE, Sept. 28. (P)—Acting on unconfirmed rumors that Lynn Stephens, wanted by San Antonio officers in connection with the ambushing of prohibition agent Charles Stevens, was somewhere in the lower Rio Grande valley, border authorities at Brownsville, Hidalgo and Roma tonight were keeping a sharp lookout for him.

City and county officers also were watching for him, although all of the officials felt that he would be "foolish" to come into the valley. By doing so, they declared, he would be walking into a blind alley with no escape possible.

The theory was that if Stephens was in this section, he was hoping to cross the Rio Grande into Mexico.

### PAVING—

(Continued From Page 1.)

Action on the gas proposals was deferred until Monday. A reduction in the present schedule was expected from E. H. Poe, district executive of the Central States Power and Light company, but it was delayed with the detention of Mr. Poe at Amarillo, en route to his Tulsa headquarters.

Higgins Couple Here  
Mr. and Mrs. A. L. Winsett of Higgins arrived Friday to visit relatives.

If you have something to buy, sell, or trade, use Pampa Daily News want ads for results.

### Chapel to Offer Good Program Next Wednesday

A varied program of numbers interesting to both students and patrons of Central high school has been announced for the weekly students' assembly at the gymnasium-auditorium. It will be given at 11 o'clock Wednesday morning. The faculty invites the public to attend this and each of the forthcoming weekly programs.

The following numbers will be given: Devotional, The Rev. A. A. Hyde. Special music, High School Orchestra. Readings, "Miss Minerva and William Green Hill," and "Pants," Virginia Rose.

Vocal solo, "Love Brings a Little Gift of Roses," Supt. R. E. Fisher. Saxophone solo, James McKee. Announcements, Principal L. L. Stone. School yells, Pep Squad.

### INSANE MOTHER KILLS DAUGHTER

WORCESTER, Mass., Sept. 28. (P)—A mother, temporarily insane, ran amuck with a bread knife this afternoon, killed her 4-year-old daughter and probably fatally stabbed the child's 3-year-old playmate. The woman then walked to the police station, tossed the bloody weapon on the booking desk and announced: "I have killed my children."

Mrs. Anna Kandrak, 37, the mother feared that her children were to be taken away from her and cared for by a welfare association. Police say she became unbalanced and attacked her daughter, Ellen, and her playmate, Lillian Japowski, as they were seated on the steps of the Kandrak home. A trail of blood leading from the steps through the hallway into a bedroom bore witness to Ellen's flight to escape her maddened mother.

### Fort Worth Leads in Texas Building

DALLAS, Sept. 28. (P)—Building activity in Texas quickened noticeably in Texas in the past week with permits in Fort Worth exceeding the million dollar mark and at least five cities in the state issuing more than \$100,000 each in permits. The high total in Fort Worth was due chiefly to the issuance of a permit to Jesse Jones of Houston for an 18-story office and store building. The following cities reported:

City	Week	Year
Fort Worth	1,086,170	8,896,293
Houston	358,380	23,878,448
Dallas	207,894	7,437,916
Corpus Christi	205,420	1,823,950
San Antonio	166,652	12,652,648
Shreveport	106,857	2,961,584
Port Arthur	98,655	2,329,584
Lubbock	57,350	3,004,464
Austin	44,728	2,598,867
Galveston	31,769	3,432,998
Pampa	18,200	1,123,495
Plainview	15,150	942,570
Amarillo	10,625	1,401,219
Waco	4,180	1,695,998

Music is a part of the course of study in South Dakota public schools this year.

### HARVESTERS—

(Continued From Page 1.)

Electra 234 yards. The largest Electra gains were made through the air, while the Pampa boys got theirs on straight football. Albert Lard, Harvester quarterback was the sensation of the day. He tore around end and through the line for a total of 139 yards. Saulsbury accounted for 53 yards; Chastain for 30 yards; Largin for 46 yards; Buchanan, for 12 yards, and Jim Ayres for 2 yards.

Crass was the big threat for Electra. He gained through the line 86 yards. A. Smith made 59 yards; Hub White made 26 yards; E. White gained 21 yards, and Clark made 35 yards.

Electra won the toss and elected to defend the north goal with the wind in her back, receiving the ball. Jim Ayres' boot went only to the Electra 35-yard line and R. Smith returned it to the center of the field. After the Pampa line held Electra slipped over a short pass for the initial first down of the game. Then the Harvester line held and Electra lost the ball on downs.

J. Ayres lost the ball on a fumble and Electra recovered but could make no headway and lost it again. Then Don Saulsbury broke into the limelight when he ran 30 yards up the field before being downed by Head. Chastain reeled off 8 yards on a crisscross and Lard followed with another 18 yards. Electra line held on the 15-yard line and the ball went over. Then started a push up and down the middle of the field with the ball in Electra's possession on her 42-yard line at the quarter.

Pampa had made three first downs and Electra two.

**Electra Threatens**  
The second quarter started with Electra making a determined push for a touchdown and she was succeeding when Captain Saulsbury intercepted a pass on his 40-yard line. Largin replaced Jim Ayres in the backfield and Palford went into the line for Barnett. Saulsbury made a nice 50-yard punt and soon after Johnson punted to Lard, who made a 20 yard return to be

downed by H. White in one of the nicest tackles of the day. The Harvesters then slipped a fast one by Electra when Saulsbury back-passed to Lard, who skirted right end for 28 yards before he was downed on Electra's 35-yard line. Gains by Saulsbury, Largin and Lard placed the ball on the Electra 8-yard line and Largin went straight through a hole made by Palford for the first touchdown of the game. Lard then placed the ball over the upright for the extra point.

**Bad Break Costly**  
The Harvesters got a break soon after the kick-off when the Electra center made a poor pass to White. The ball rolled to Electra's 18-yard line and Gerdis Schmidt broke through and fell on it. Two line plunges and an Electra offside penalty placed the ball on the Electra 5-yard line. Quarterback Lard then called for the same play that had scored the first touchdown and Largin again went over the line. Lard failed to add the extra point.

**Buchanan and English** went into the game for the Harvesters and Buchanan kicked off. The ball was on Pampa's 42-yard line as the half ended. Electra pushed the ball up the field by line bucks.

In the second quarter Pampa made three first downs and Electra two.

**Almost a Comeback**  
Starting out the second half like a real Class A football team, Electra started an offensive that had the Harvesters worried. Crass, big Electra fullback, crashed through for 28 yards before Lard downed him with a pretty tackle on his own 35-yard line. Crass continued to hit the line hard and often and had the ball on the Harvesters' 25-yard line when Henry Ayres threw H. White for a loss and followed by breaking up an attempted pass.

A march down the field netted the Pampa boys several yards and then Lard broke through to receive a pass from Largin and race 28 yards before he was downed. The ball was on Electra's 28 yard line as the quarter ended. Pampa had made four first downs and Electra the same number.

**Over Goal Again**  
As the final quarter opened, Lard made 5 yards and was followed by Largin, who drove through for four. Saulsbury made it a first down with

3 more. Saulsbury made 3 yards. Then Lard slipped over a short 8-yard pass to Largin, who raced over the line for his third touchdown of the game. The added point failed.

After the kick-off, White passed 20 yards to A. Smith who was away for a touchdown but again Largin showed his ability to make a flying tackle. He downed the fast stepping Smith on his 34-yard line. Electra bucked to Pampa's 14 yard line but couldn't get any closer. Mullen made a nice play give the Harvesters the ball. Saulsbury immediately kicked out of danger.

Crass paced to Clark, substitute end, and Electra was away for a touchdown when Lard overtook him on the 25-yard line. The pass and run totaled 50 yards. The ball was returned to the 50 yard line where an ineligible man had touched the ball. On the very next play the pass was repeated and Clark was away for a touchdown when the ineligible Largin again tackled him

after a run of 35 yards.

The game ended after Monroe, Harvester end, had intercepted a forward pass and had raced 20 yards to Electra's 40-yard line.

The lineup:  
PAMPA (19)  
H. Ayres, le  
Gerdis Schmidt, lt  
Bob Mullin, lg  
Jones Seitz, c  
Onan Barnard, rg  
Allie Barnett, rt  
T. B. Monroe, rb  
Ray Chastain, lb  
Jim Ayres, qb  
Don Saulsbury (Capt.), fb  
Albert Lard, qb  
Substitutes—Pampa, Buchanan, Largin, Palford, English, Barrett. Electra, McDannald, Hughes, Clark, Beasley, E. White, French, Price.

Officials—Referee, Campbell, (Oklahoma U.); umpire, Hicks, (Baylor); headlinesman, Barrett (Georgia Tech) timekeeper, Hunkaplar.

where can you duplicate the style, comfort and convenience of America's finest medium-priced automobile?

Oakland combines a long wheelbase with a short turning radius—giving greater handling ease. Its bodies by Fisher provide such convenience and comfort features as drivers' seats adjustable as you drive, clear-vision easily-regulated VV windshields and side oval ventilators.

Foot-controlled headlights—automatic spark control assuring correct spark occurrence at any speed—spring covers which add to riding ease by keeping springs permanently lubricated and free from sand, rain and dust. . . all these are comfort and convenience features which only the All-American in its field combines.

Come in and let us show you how, on every basis of comparison, today's Oakland is America's finest medium-priced automobile.

**Facts which prove Oakland supremacy**

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 876 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 323 or 45.50 per cent. And 13 of the 20 were higher-priced than Oakland.

**FISHER BODY** Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is more than \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

**WHEELBASE** Only one car as low priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

**FULL AUTOMATIC SPARK CONTROL** Only Oakland and two other cars in the field provide this advancement. It is especially satisfactory when used with the G-M-R cylinder head.

**CROSS-FLOW RADIATOR** Only Oakland in the entire field has the Cross-Flow Radiator or anything similar to it. All other cars use the down-flow radiator; this despite the fact that 13 of the 20 are higher-priced than Oakland.

Oakland All-American Six, \$1145 to \$1375, f. o. b. Pontiac, Michigan, plus delivery charges, spring covers and Lovejoy Hydraulic Shock Absorbers included in list price. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or accessories ordered.

**To be Up-to-Date Means to be Up-to-Chrysler**

When anything new is produced, there are always those who create and those who follow.

In the change to balloon tires, some makers asserted the new type would never succeed. Four-wheel brakes found some who disastrously supported the two-wheel design. And today, there are engineers who decry the Multi-Range Gear Shift and the Down-Draft carburetor.

Chrysler has never been among those who shun new things—if the new be better than the old.

The public acclaim for Chrysler, instead, has been based on Chrysler's pioneering or ready acceptance of those new creations which have made motoring safer, more comfortable, surer and more economical.

To be always ahead of or abreast of the times, but never to experiment on the public is the real foundation of Chrysler success.

You who prefer the latest, the most advanced, the best, have made Chrysler the most copied car in the world. Because Chrysler has built the kind of cars you up-to-the-minute people want, you have given Chrysler the greatest success in the history of automobile building. We invite your most critical inspection.

### Wells Near Pay Forecast Increase in Gray Production

Despite curtailment pending outcome of the oil man's conference to be held here Oct. 1, more than a score of wells were drilling ahead this mid-week.

These tests included the following:  
Champion's No. 2 Jackson, section 60, block B-2, H&GN, drilling 3,720.  
Champion's No. 3 McLaughlin, section 33, block B-2, drilling 2,855.  
Danciger's No. 1 Arnold, section 149, block 3, drilling 1,675.  
Danciger's No. 4 Beck, section 28, block B-2, H&GN, set 8 1-4 inch casing total depth 2,781.  
Danciger's No. 5 Beck, section 28, block B-2, total depth 2,758, set 8 1-2 inch casing.  
Danciger's No. 6 Beck, section 28, block B-2, drilling 2,325.  
Danciger's No. 7 Beck, section 28, block B-2, show gas 2,397-2,455; total depth 2,667.  
Danciger's No. 11 Jackson, section 88, block B-2, H&GN, total depth 2,906; setting 8 1-2 inch casing.  
Danciger's No. 1 McLarty, section 10, block 1, ACH&B, drilling 1,765.  
Danciger's No. 1 Shaw, section 5, block 1, ACH&B, drilling 2,141.  
Gulf's No. 2 Worley-A, section 36, block 3, I&GN, drilling 2,839.  
Gulf's No. 3 Worley-A, section 36, block 3, I&GN, drilling 2,725.  
Guernsey Oil company's No. 1 Pope, section 173, block 3, I&GN, drilling 1,725.  
Herragan Oil company's No. 1 Bradford, section 123, block B-2, drilling 2,250.  
Humble's No. 3 Jackson, section 90, block B-2, H&GN, drilling 2,628; show gas 2,593.  
Humble's No. 4 Jackson, section 90, block B-2, H&GN, drilling 2,456; show gas 2,271.  
Independent Oil & Gas company's No. 1 Hollenbeck, section 176, block 3,

I&GN, total depth 3,470; 5,000,000 feet gas 2,428-63.  
Magnolia's No. 2 Wright, section 13, block 3, I&GN, drilling 1,935.  
McCormick et al's No. 1 E. J. Moore, section 107, block 3, drilling 3,240; 100 barrels estimate first pay 3,110.  
McMann Oil & Gas company's No. 3 Jackson, section 90, block B-2, H&GN drilling 1816.  
McMann's No. 4 Jackson, section 90, block B-2, H&GN, drilling 1110.  
Operator's No. 1 Lovett, section 57, block B-2, H&GN, standardizing 2,793.  
Operator's No. 5 Cook-Faulkner, section 30, block B-2, standardizing 2,748; to S. D.  
Operator's No. 8 Cook-Faulkner, section 30, block B-2, H&GN, drilling 2,637.  
Panhandle Refining company's No. 3 Saunders, section 3, block 1, ACH&B, drilling 2,100 feet.  
Phillips No. 6 Jackson, section 88, block B-2, H&GN, drilling 2,262.  
Quillan's et al's No. 1 Barrett, section 131, block 3, H&GN, drilling 2,100.  
Sun Oil company's No. 4 Purviance, section 61, block B-2, H&GN, drilling 500.  
Texas company's No. 7 Cook-Faulkner, section 29, block B-2, H&GN, drilling 1,958.  
White Eagle Oil & Refining company's No. 2 Faulkner, section 25, block B-2, standardizing 2,476.

### Inventor Claims Flapping Wings to Replace Propeller

A new type of airplane, propelled by wings as a bird flies, is the dream of James H. Dunn, who has worked on the plans for two years and believes his principles are correct.  
Mr. Dunn brought his idea to Pampa a few days ago from Amarillo, where he visited a daughter, and his drawings have attracted much attention here. Briefly, the drawing shows a plane of conventional design except for cer-

tain innovations, chiefly the propelling device. There is no propeller, but instead a wing that beats the air is placed on either side of the front-mounted engine. These wings, in tandem with the stationary wings such as any monoplane has, are claimed to develop the power or "push" that the whirling propeller develops in ordinary ships. The greater surface of the wings is claimed to afford more stability and power than the propeller provides.  
The inventor declares one hundred impulses upon the flapping wings per minute would equal 136.36 miles per hour in "dead" air. He plans to appear soon before the board of engineers of Transcontinental Air Transport at Wichita. He has patents pending on the plans, and has the building of an air-

plane factory in mind if the idea is proved as successful as the inventor who has been working with plans designs for more than 12 years, believes.

### Man Arrested Here Is Found Again

"Hardboiled" Smith, whose bond was forfeited when he failed to appear in Amarillo federal court to answer narcotic charges, was re-arrested Friday in Amarillo and lodged in jail to await trial.  
Smith was arrested here a month ago by city police officers and later taken to Amarillo and turned over to federal authorities. He was released on bond two weeks ago. From Amarillo Smith went to Oklahoma City and later came back to Amarillo where he was again arrested.  
Four narcotic agents arrested by city police received prison sentences in Amarillo during the past week.

**"NOT MUCH OF A CROP—A BARE 2,000 ACRES—PROMISES AVERAGE YIELD"**. Thus does a headline in the Hereford Brand tell of the extent of the fine art of farming in that vicinity.

A mere 2,000-acre tract means little, of course, in terms of our wheat lands of the Upper North Plains, but the land The Brand is talking about is sown in row crops. The crop consists of maize, hegari, kafir, and cane. Some of the maize heads measure 13 inches.

There is no doubt of it—the Panhandle will raise the crops necessary to support a much greater livestock development than most people imagine, and indirectly a bigger human population as well. No matter how densely populated the Panhandle becomes, it can grow its own vegetables and meats. The fruit possibilities are somewhat localized, yet hardy varieties have never been given a chance in many places.

The "barren plains" the old geographies talk about will bloom in proportion to the demands made upon them. The wheat crops merely illustrate the remarkable vitality of soil which yields year after year without rotation, and recovers quickly even when exhausted of the components of a single variety of plants.

**SCHOOL NURSING SEEMS TO BE GAINING WIDELY IN FAVOR IN THIS TERRITORY.**

Pampa has had such a service for several years, and the system is getting large enough to demand a full-time worker. This would be especially vital should an epidemic develop among the school children. The plan for some time has been to use part-time service of the community nurse.

The school nurse plan has recently won favor in McLean and Shamrock, where steps are being taken to obtain the service. In some instances, the state nurse plan is advisable under the county system. Good roads over a county are essential, however, in any county-wide project.

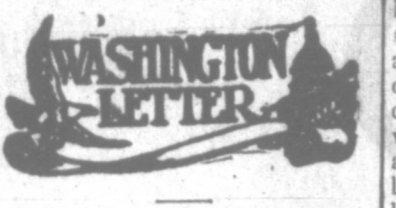

**GAPS IN PAVING RESULT IN SUCH A STORM OF ILL WILL AGAINST PROPERTY OWNERS THAT THE LATTER ARE DUE SYMPATHY ALONG WITH CENSURE.**

There are instances in which paying for paving, even over a considerable period, would work a hardship. And there are others in which ill-advised stubbornness is involved. Furthermore, it seems rather illogical, from a property owner's standpoint, to place costly paving along not very valuable lots. This works a hardship, no doubt.

The city is not justified in

doing for a property owner what he could do for himself, yet there are places where the gaps cause dangerous traffic hazards. These should be removed by the city if there is no other way. The wide concrete is costly, it is true, yet discomfort and danger are likewise costly.

There are a few instances in Pampa, doubtless known well enough to all concerned, where to leave ordinary earth between concrete is too dangerous and annoying to be tenable. The gaps should either be paved or graveled, or improved in some manner to make them less bumpy and, in rainy weather, slippery and muddy.

**BY RODNEY DUTCHER**  
**WASHINGTON**—If you want to go to college, as nearly a million young Americans are doing this month, Uncle Sam will tell you how.

It isn't difficult and it isn't expensive, according to a 136-page book entitled "Self-Help for College Students", published by the federal bureau of education.

Last year more than 1000 institutions of higher learning offered college education to about 900,000 students. Since 1920 the average college student probably has spent about \$700 a year for a college education. These and subsequent figures were worked out by Dr. Walter J. Greenleaf, the bureau's specialist in higher education, who says that economical college men and women spend less than \$700 a year.

**How the Expense Run**—Tuition averages \$184 a year in men's and women's colleges, but only \$134 in coeducational colleges. Board and room, usually the largest item on the student expense account runs from \$108 to \$650 per school year, the average in coeducational colleges being \$281. Minimum expense for a college year of 35 weeks averages \$547 in the four-year colleges and universities. That does not include travel, clothes and off-campus amusements. In nearly half of such colleges, Dr. Greenleaf says, \$500 will pay the entire expenses of an economical student.

Forty-six per cent or nearly half of all college men, are making some effort to earn at least a part of their expenses. One out of every four college women is contributing to her own support while attending. Of all college students, one out of every three was at least partially self-supporting during the year 1927-28. One-sixth of all college students were en-

tirely self supporting in that year, according to Dr. Greenleaf's figures. College men and women earned \$32,500,000 during their term time in 611 institutions reporting. The average amount earned was \$169 for men and \$149 for women.

The bureau of education book lists colleges and universities over the country, their rates of tuition, board and room charged and other fees. It tells all about student loans and about many of the available scholarships.

Buying education on the installment plan has become popular and many agencies are making "character loans" to students whom they believe to be good risks. In 182 colleges and universities funds aggregating nearly \$4,000,000 a year are lent annually to students at an average of 6 per cent, repayment beginning within a stipulated period after graduation. Dr. Greenleaf presents a list of student loan funds in the United States.

Considerable space is devoted to describing the various means by which students are earning money. Many students are engaged in trades. There are paper hangers, carpenters, plasterers, mason's helpers, house painters, interior decorators, window dressers, substitution operators, radio announcers and installation experts, photographers, watch repairers and shoemakers working their way through college.

**Some of 'Em Cut Hair**—Barbering requires little time to learn, can be done in spare time and is fairly profitable when done either in local shops or independently in the college rooms", one is advised, and the vogue for bobbed hair has given many college girls work, cutting hair, shampooing and manieuring in beauty shops.

Dressmaking, engineering, millinery, and factory work offer possibilities.

Many students drive taxis, act as chauffeurs or run light delivery services. Others act as auto mechanics, wash and grease cars or tend filling stations part time. Some give driving lessons or sell automobiles and accessories.

**TWINKLES**

Reflecting on \$100 federal fines for liquor law violations: How much will it discomfort a bootlegger to pay a \$100 fine if he clears that much every week-end?

A Lubbock man advertises thus: "John Blank, Himself". Few of us can afford to be ourselves and advertise it.

Well, if Moody gets Borger straightened out, he ought to be able to get a high position

with the good people of Chicago, if he should desire it.

On the theory that this column ought to be constructive once in a while, Twink wishes to say that he thinks it would be a fine thing for a large group of local people to attend the Shamrock convention of this W. T. C. district.

They are getting up lots of ideas in loose, open styles for men, but we suppose most of us will continue to burn up and to choke ourselves to death with present afflictions.

"Borger Wants Proof" shouts the Herald in asking confirmation of the bad tales the Rangers are telling. Yes, and the little towns of the Panhandle want proof that the criminals are run out of the oil fields.

"Peace Above Profits" is a good international slogan; and "Friendship Above Greed" a good local one.

**"Drag", New Rex Movie, Portrays Family Trials**

Coming close upon the heels of "Weary River," Richard Barthelmess, First National-Vitaphone star, registers another definite hit in "Drag," his newest starring vehicle which opens at the Rex theatre today.

The sincerity and understanding with which the star delineated the leading character makes it one of the best Barthelmess features seen in recent times—and that also takes into consideration that he has had several exceptional successes in the past three years.

"Drag" is about people all know. The characters are sympathetically and intelligently drawn. The story is built up and around the young man so that his burdens and struggles and aspirations grip one's attention until the final ten feet of film. "Drag" is a story of domestic strife. A young man marries a girl and finds himself the "goat," supporting her entire family. How they drag him down and torture his ambitions until he decides upon a desperate measure forms an absorbing subject. Barthelmess has never been better—not even in "The Patent Leathers Kid" or "Weary River." Frank Lloyd with his subtle and human direction, again displays the intelligence that was evident in "Weary River." The cast is as perfect as anything we have seen in a long time. Lila Lee is ideal as Dot and Alice Day seems authentic as Allie, whose family is the millstone around the hero's neck. The balance of the cast, including Katherine Ward, Lucien Littlefield, Tom Dugan and Margaret Fielding, give excellent performances.

**TO STUDY PHOTOGRAPHY**  
 Chas. W. Hester, local photographer, will spend this week in Dallas taking instruction under Prof. Beattie of Hollywood, Calif. Prof. Beattie will teach negative making. He is considered a leading authority in this subject.

Mr. and Mrs. Richard Shields and daughter, Miss Daisy Anne, and Miss Sybil Alexander of Childress are visiting Mr. and Mrs. Odus Mitchell this week-end.

Inactive members desiring reservations will call Mrs. Robert Chafin, telephone 571-W, before 9 o'clock Thursday evening. Likewise, active members wishing to cancel their standing reservations will call Mrs. Chafin before that hour.

Readings by Harold White to Feature Luncheon Meeting

Mrs. Tom E. Rose, program chairman of the Pampa branch American Association of University Women and College club, has announced that an entertainment feature of the monthly luncheon scheduled for Saturday will be a 20 minute monologue by Harold White, popular local reader.

The luncheon meeting will be held at the Schneider hotel, at 12:15 o'clock. It has been arranged for the guests to be seated promptly on the hour, officers of the club said.

Paving to Kingsmill Finished Thursday

Paving of Highway No. 23 in Carson county was completed early Thursday afternoon, providing for motorists the first concrete highway to be paved across any county in the Panhandle.

The strip of paving from White Deer to Kingsmill will be opened to travel in 21 days. Panhandle and Amarillo were the first two county seats in the Panhandle to be connected by a paved highway.

Home Ec Girls Enjoy Amarillo Trip

Fifty-five home economics girls spent an interesting and profitable day in Amarillo Friday under the supervision of Miss Lucille Hill and Miss Leah Amend.

The trip was made in cars driven by teachers and mothers of the girls. The local B. C. D. made arrangements with the Amarillo B. C. D. for the girls to be shown interesting points about the city. The Mistletoe creamery and Tri-State fair were of particular interest. Ice cream and Eskimo pies were served by the creamery.

FLIES PLANE HERE

H. W. Waddell, representative of the Cypress Tank company, North Texas division, returned Friday morning to Tulsa in his Wright Whirlwind Spartan plane. He spent several days here transacting business.

Party Featuring Shower of Gifts Honors Bride-Elect

Miss Marguerite Noel, bride-elect of Mr. Harley G. Smith, was honored on Thursday afternoon with a party and gift shower given by her mother, Mrs. J. L. Noel, with Mrs. Earl Noel and Mrs. R. C. Sowder, co-hostesses.

Garden flowers in attractive arrangement lent added color and charm to the rooms where thirty friends were entertained. Piano solos by Mrs. Irving Cole and a dialogue by Phyllis Smith and Pauline Noel were enjoyable features of the occasion.

Gifts for the honoree's kitchen were concealed in an improvised pond, at which she fished for them. A wedding cake, prettily decorated with orange blossoms, was cut by the bride-to-be, and served at tea time.

The guest list included the following names: Mrs. Audrey Cobey, Mrs. Joe M. Smith, Mrs. Ruth McConnell, Mrs. John Haggard, Mrs. H. C. Chandler, Mrs. O. N. Frasier, Mrs. Chris Baer, Mrs. Shelby Gantz, Mrs. Henry Krizmier, Mrs. C. A. Burton, Mrs. J. S. Biard, Mrs. E. H. Hamlett, Mrs. Jack Back, Mrs. John Reeder, Mrs. Clyde Oswald.

Mrs. J. G. Noel, Mrs. Irving Cole, Mrs. L. A. Featherston, Mrs. Walter Herndon, Mrs. Claude Robinson, Miss Helen Biard, Miss Marguerite Chandler, Miss Cleo Fendrick, Miss Vivian Frasier, Miss Ruth and Miss Audrey Noel, Miss Lorraine Noel, Miss Helen Meers, Miss Lou Jones, Pauline Noel, and Phyllis Smith.

Miss Beulah Hall is spending the week-end in Tulsa.

Mrs. W. A. Duerr was a visitor in Amarillo yesterday.

Mrs. Mel Davis left for Rochester, Minn., yesterday afternoon to enter the clinic at Mayo brothers sanitarium and have a major operation. Mr. Davis will join her there later. Accompanying Mrs. Davis were Mrs. Baker Salsbury and Mrs. H. F. Barnhart, who also will enter the clinic.

Blue Bonnet Club Members and Others Meet for Bridge

Mrs. C. E. McHenry was hostess on Friday afternoon to members of the Blue Bonnet bridge club. Arranging three tables for the play, she included a number of additional guests in her invitations.

Mrs. S. L. Maynard scored high for the club, while Mrs. J. L. Nance played high for specially invited guests. Congratulations favor went to Mrs. J. G. Christy.

Others players were: Mrs. Ralph Dunlap, Mrs. J. H. Hulme, Mrs. Given Wolfe, Mrs. C. M. Carlock, Mrs. Don Wakeman, Mrs. A. L. Hill, Mrs. L. O. McMillan, Mrs. W. A. Gray, and Miss Laura Zellner.

Child Study Club Has Program of Interest Friday

Child training problems as they relate particularly to girls were studied by members of Child Study Club Friday afternoon in an interesting program directed by Mrs. W. A. Crawford.

The leader's discussion was on the topic, "The Walls We Build Between Our Girls and a Self-reliant Purposeful and Brave Life."

Mrs. T. H. Barnard discussed "Girls That Are Wanted." She also talked on Louisa M. Alcott's "Little Women" as an ideal book for girls. "An Heroic Schoolmistress" was depicted in interesting style by Mrs. J. C. Phillips. "The Last Message," a poem, was read by Mrs. B. E. Finley.

The meeting was held in the home of Mrs. A. H. Doucette.

Skelly Corona Club No. 3 Meets Friday in W. K. Night Home

The Skelly Corona club, No. 3, a study club whose membership comprises the wives of Skelly Oil corporation who live in the field south of Pampa, met Friday afternoon in the home of Mrs. W. K. Knight, south of Skellytown, for a business session preliminary to the opening of the year's work.

Mrs. M. W. Matthews, president presided. The selection of a course of study was postponed until a later meeting. Programs would be given semi-monthly, it was decided.

Mrs. Knight was hostess to the members at a two-course luncheon and a delightful social gathering following the club adjournment. Her guests were: Mrs. L. C. Looman, Mrs. V. V. Hertz, Mrs. G. A. Lewis, Mrs. L. M. Clawder, Mrs. S. E. Mitchell, Mrs. George Berlin, and her sister, Miss Mabel Doyle of Lawton, Okla., and Mrs. Matthews.

Whiskey Raid Success

A man was arrested on a charge of possession of intoxicating liquor for the purpose of sale, and three others were arrested for disturbing the peace in a raid made by the sheriff's department Saturday evening. A quantity of whiskey was taken by the officers.

Visits Her Parents  
Mrs. Henry Gerhard left this week-end for a two-week visit with her parents in Girard, Kans., and friends in Kansas City. She was accompanied by her sister, Miss Katie Lee Smith of Philadelphia, who had spent several days here. Miss Smith will return home from Kansas City.

System in Kitchen Means Leisure Hours for Housewives, Says Expert

With the release from much household drudgery, through the installation of labor saving devices, the modern housewife is rapidly approaching emancipation, which permits her to enjoy the hour thus released in other activities. In the kitchen, however, she has been slower to take advantage of the opportunities that are extended than anywhere else in the home.

How often have you heard "I wish I could get a meal with as little trouble as she does"? The "little trouble" referred to usually consists of plans, which have been in the making for quite some time before. Like most other worries, which beset us, once a task is attacked, its accomplishment is completed in much shorter time than our fears had led us to believe.

Mrs. Leona Rusk Ihrig, nationally famous home economist, declares that no woman should enter the kitchen door without a definite plan in her mind as to what she intends doing, and a smile on her face of anticipation, both of pleasure and of the rapidity with which she can accomplish a given task.

"The mental attitude constitutes fifty per cent of the average woman's kitchen drudgery," declares Mrs. Ihrig. "If she approaches her work with a definite plan in mind as to what she intends doing; what items she in-

into hundreds of thousands of homes over the United States is being brought to Pampa under the auspices of the women's department of The News, and attendance at the lectures, which will be held at the Pla-Mor auditorium, will be absolutely free of charge and without obligation.
