NOTICE TO THE PUBLIC
Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm, or corporation, and corrections will be made, when warranted as prominently as was the wrongfully published reference or article.

AVIATION IS UNDERGOING A REACTION WHICH HAS CAUSED CANCELLATION OF MANY PROJECTS. THE BRANIFF AIR LINE HAS DISCONTINUED THE SERVICE THROUGH PAMPA, ANNOUNCING THAT ONLY THE TRIED AND PROVEN MAJOR ROUTES BETWEEN MAJOR CITIES ARE FEASIBLE AT THIS TIME.

This action was not at all unexpected. The demand for speed is still not as real as it seems. Much present day speed comes from habit and inclination, rather than necessity. Moreover, recent unfortunate air accidents have greatly retarded flying along pioneering routes where air travel is less common than in the cities.

But aviation will come back. Radio was first a toy, then a device for special occasion, and finally a piece of furniture. Flying will be as common as an easy chair some day, and that probably not far distant. The public will come to realize that aviation in commercial work must be carried on without taking of chances. It will see that most of the accidents are avoidable.

The unfortunate local crash last Wednesday evening was not carried to its fatal conclusion through necessity. The pilot took a desperate chance in stalling the ship too near the ground to right it should the nose dive develop. One often sees this stunt executed safely, yet it is so extremely dangerous that to try it is analogous to driving off a steep bank with an automobile. Al Henley, famous pilot well known here, died at San Angelo when a vertical bank near the ground ended in a nose dive. The nose dive itself is no longer feared if it starts at sufficient altitude, but near the ground the tendency is disastrous.

It is regrettable that legitimate flying by careful aviators is so severely damaged in reputation by avoidable accidents. But we believe the public will understand and that the continued development of aviation along commercial lines is inevitable.

On Responsibilities
a living by running a newspaper much of the responsibility of their newspapers to the public, but little of the public's responsibility to the newspaper. Oh well, editors are usually too busy helping along some civic improvement to have time to think of the public's responsibility to the little old sheet that is a tool in the hands of the folks who are wearing their souls out trying to make a living by running a newspaper. As a rule newspaper people do not look after themselves enough, thinking first of those they serve. Yet the public agrees for the success of the

lic is responsible to a great de- newspapers of the community. Backing up the newspaper is a pretty good thing to do and the paper will be all the better for the hearty support of its community. But, for all that, the newspapers of the land of the free and the home of the brave will not cease to work for the home town and community, even though the support is about as weak as a cup of tea minus the tea. Newspapers are built that way and they can't help it.—Higgins News.

Making a Liability an Asset
An example of what a community can do with just a little bit of money and a lot of ingenuity and common sense is the new auditorium, athletic park and swimming pool that is being completed at Lockney. The city council issued warrants for the purchase and improvement of the tract of land formerly owned by the old college of Lockney. They got a bargain in seven and one-half acres of land, and the old building for fifteen hundred dollars. At an expenditure of approximately \$25,000 they will have a fenced park of seven and one-half acres, good auditorium and club room, baseball park with grandstand and all, a 40x100 foot swimming pool with concrete bath house.

One of the council members, who could spare the time is supervising the work and is doing a good job of it. No contract was let.

Here's a splendid example of a city turning a liability into a wonderful community asset.—Plainview News.

WASHINGTON LETTER

BY RODNEY DUTCHER
WASHINGTON—The drinking wets of prohibition America are getting onto a home brew moonshine basis nearly everywhere.
The average drinker, if he is not consuming home-brewed beer or domestic wine, is nearly always drinking whisky or gin or beer in which the kick is produced by alcohol from an illicit still.
For some time his chances of getting the "real stuff" have been down to what seems to be a minimum.
These facts one gathers from authorities in the Prohibition Bureau.
At one time a tremendous amount of industrial alcohol was diverted into the bootlegging business. A great deal of this alcohol still finds its way into the national drink supply, but not nearly so much. The government has tightened up in its supervision over industrial alcohol and it has

become harder to get.
The Stills Are Busy
But the smaller the flow of industrial alcohol into bootleg channels the greater the production of alcohol from moonshine stills. And the moonshine alcohol is, as prohibition enforcers admit, pure grain alcohol. It does not contain the horrible and more or less poisonous concoctions which the government has been putting into industrial alcohol in order to keep it out of cocktail and highball glasses, and the consumer does not have to worry about the bootlegger's expertise in the process of recocking.

The great proportion of booze seized in the country as a whole, according to government chemists, is moonshine liquor made in stills from corn sugar, molasses and grains.

Only about five per cent of the seized liquor is found to contain what was once diverted industrial alcohol. In some industrial alcohol is more readily available, the percentage is locations of course, especially in large eastern states where considerably higher.

Through the south, the middle west and the mountain states virtually all the whiskey and all the alcohol found appears to have come straight

from the still. The best market for straight alcohol is found in the states where the law is most nearly enforced, owing to the greater convenience of carrying alcohol. In comparatively dry agricultural states such as Iowa and Kansas, alcohol is used by the ultimate consumer to "spike" near beer.

The chemists are not surprised to observe what appears to be the generally increased popularity of gin, for they explain that gin is much easier to make than whisky if the maker only has the alcohol.

"As the supervision of alcohol becomes more effective and as our treatment of it becomes more difficult to overcome", a prohibition official told your correspondent, "the illicit alcohol and whisky stills will do a correspondingly larger business. Of course, these are much harder to control. When we get down to a moonshine proposition it is up to the local authorities to help suppress the traffic. The federal force simply can't be expected to locate all the concealed stills.

The post-war rush to college has ceased, says an educator. Now the war lords will have another excuse for advocating another conflict.

The Central P.-T.-A., including the patrons and teachers of Lamar and Junior high school, will meet in room 202 of Central high school at 4 o'clock.

A regular meeting of the Order of the Eastern Star will be held at 8:15 o'clock.

SATURDAY

A regular monthly luncheon of the A. A. U. W. and College club will be held at the Schneider hotel. Arrangements have been made for the guests to be seated promptly at 12:15 o'clock.

Inactive members desiring reservations will call Mrs. Robert Chafin, telephone 871-W, before 9 o'clock Thursday evening. Likewise, active members wishing to cancel their standing reservations will call Mrs. Chafin before that hour.

Return From Trip
Mr. and Mrs. C. C. Stockstill have returned from visits in Kansas City and Chicago.

To Help Mothers Keep Up With Girls

A golden opportunity for mother to keep up with daughter, is to be offered in the Pampa Daily News cooking school to be conducted by Mrs. Leona Rusk Ihrig, opening Oct. 14 at the Pla-Mor auditorium.

For the "flapper daughter" knows much more about the science of cooking and home economics than many of her circumspect elders, leading educators declare.

It is the belief of Mrs. Ihrig that "this business of being a woman" should in truth be treated as a business. It is her mission in life to teach women the fundamentals in home making and point out to them the new and more scientific ways of preparing foods into tempting dishes.

"The biggest single factor in health and happiness is food," says Mrs. Ihrig. "Beginning in the seventh grade and

continuing through high school and college, girls are taught the scientific planning of meals, perfectly balanced and attractive to the eye. This is done with the thought that such training is essential to these girls who expect to make a success of their home management."

The five day school of cookery will give to the women of Pampa and vicinity an opportunity of receiving first hand information from a recognized expert along these lines. Economy will be stressed in these lectures by Mrs. Ihrig, for she feels that the woman who can excel in the art of cookery and at the same time save something from the family budget, is after all, the true artist.

The lectures will be free and all women are invited to hear this series of illuminating talks.

Sunday school at 9:45, and communion service at 11.
Judge L. Gough of Amarillo will be in the pulpit at the morning service. Judge Gough is one of the oldtimers of the Panhandle and during the early days was known among the cowboys as "Parson" Gough. Come and hear him; he has a message that will do you good.

Three Christian endeavor classes will meet at 7 p. m.
There will be no preaching services Sunday evening.
—Committee.

Auxiliary Holds Business Meeting

A short business session of the Woman's auxiliary of the Episcopal church was held yesterday afternoon at the home of Mrs. E. H. Hamlett, followed by a social period. Nine members were present. Mrs. M. K. Brown, president, conducted a devotional at the opening of the meeting.

The next meeting of the organization scheduled for Oct. 16, will be used for the study of a mission or Bible lesson, according to the plan adopted for the year's work. Future meetings will be held at 2:30 o'clock.

Mrs. George Briggs Presents Lesson at Auxiliary Meeting

An excellent analysis of the Book of Joshua and an interpretation of its teachings, together with a comprehensive review of the work and of preceding Bible studies, were given by

Mrs. George Briggs yesterday afternoon in discussion before the Women's auxiliary of the Presbyterian church.

Mrs. John V. Andrews, vice president conducted a business session in the absence of Mrs. Jim White, president. The meeting was at the home of Mrs. Dave Pope, where a social hour was enjoyed after the adjournment.

PRIZES WORTH \$350 AWAITING WINNERS IN OPEN GOLF MEET IN PAMPA BEGINNING SATURDAY

Dempsey Gives Fans Much Action on Chicago Car

CHICAGO, Oct. 3. (AP)—That greatest gate attraction of ring history, Jack Dempsey, has sold himself to Chicago boxing fans as a promoter of 'fistic entertainment. Making his bow as a promoter last night, Dempsey presented a card that sized with action. The Chicago coliseum, scene of the old mauler's inaugural show, was not packed the way he used to pack them in, but 7,269 enthusiasts paid \$31,574 to see Jackie Fields, world welterweight champion, use every thing he had to win a 10-round decision over Vince Dundee of Baltimore, brother of the boxer from whom Fields won his title last August. Two other ten rounders provided almost as much entertainment. Dave Shade, middleweight, gained a decision over Joe Roche, San Francisco. Haakon Hanson, Chicago middleweight, scored a technical knockout over Cowboy Dula of Fort Worth, Texas, in the sixth round of a ten-round bout.

Mrs. G. Cravey, who has been at Pampa hospital a week for treatment, today was said to be improving.

Prizes donated by merchants to be given away in the open golf tournament here Saturday, Sunday and Monday are valued at about \$350, according to the prize list which was announced this morning by Otto Studer, one of the local men who are assisting Pat O'Brien in promoting the tournament.

All local golfers who expect to compete in the event are asked to register before Saturday. Registration fee is \$2 which covers all green fees. Pampa golfers may also qualify on Friday by notifying Pat O'Brien and registering with W. H. Curry. They are also privileged to play 9 holes on Friday and 9 on Saturday of both n either day.

The list of prizes and donors are as follows:

Diamond Shop, \$50 Bulova wrist watch; Keys and Thomas, golf sweater; W. T. Fraser company, golf liability policy; Hayter Bros., golf sport shoes; Pampa Drug No. 2, Parker Duofold fountain pen; Fatheree Drug store, smoking stand; Wade's store, golf putter; G. C. Malone Furniture company, table lamp; Amarillo Furniture company, floor lamp; Motor Supply company, automobile spotlight; Texas garage, automobile emergency kit.

Southwestern Public Service company, coffee percolator; Foxworth-Galbraith Lumber company, \$15 div-

BARONS STEAL PENNANT FROM DALLAS TEAM

BIRMINGHAM, Ala., Oct. 3. (AP)—The long reign of the Texas league as Dixie baseball champions has ended—at least for this year—and today a new champion sits on the throne.

The 1929 series was one of the hardest fought in the history of the annual battles between the two leagues. Birmingham won the first two games on her own lot and then Dallas came back to win the next two in Texas. Birmingham, however, broke through to fifth and then returned home to

take the championship when Milton Stock's pitching staff went to pieces through over work and injuries.

Glenna Collett Golf Favorite

DETROIT, Oct. 3. (AP)—Glenna Collett, golfing marvel from Pebble Beach, Calif., stood out as a favorite against the field to win again the national women's golf championship today. Miss Collett signaled her threat to fifth and then returned home to

take the championship when Milton Stock's pitching staff went to pieces through over work and injuries.

Differential Rate Battle Is Begun

EL PASO, Oct. 3. (AP)—Shippers and carriers, at loggerheads over freight rates in the "differential area" of West and South Texas, prepared today to move their voluminous piles of tariff freight loading, population and production statistics to San Antonio where hearings on the petition to abolish differentials will be resumed Monday.

The Innocent Cheat

© 1929 BY NEA SERVICE INC.

While he went on about his business Brent waited until the soup was finished and then began to ply the old man with questions.

HELEN BRENT feels unhappy when she glances at the Spanish boarding school teacher her about being Miss Simplicity just to please her handsome guardian, CHARLES NELLIN BRENT, who supplies her with ample funds and smart frocks which are brought from Paris for her by a woman friend whom Helen has never met.

HOLDING the half-conscious man at arm's length, Brent shook him violently. The weak lids lifted over the watery eyes, the muttering ceased.

QUICKLY Brent stopped to the street, where the light was better, and took the locket out of his pocket. He opened it and disclosed the likeness of a beautiful young woman dressed in the style of 29 years ago.

He wheeled back and again leaned over the beggar. This time he put aside his distaste for physical contact with the other's person and lifted him to his feet. Again he shook him, roughly, thoroughly.

A name came to his mind. Brent had to keep continually on the alert, and his own mind was affected.

THE waiter grinned. Obviously his guest was unused to coffee houses of this order. A hot coffee indeed! A thick, white mist at the best.

But even so, in spite of the coffee, the soup and the tobacco, it was not easy to get the story. Not that the old fellow was at all reluctant to reveal it, but it came hard for him to put his statements in sequence.

WHOSE father? Evangelina's? "Gunningham. What Gunningham?"

At least Brent concluded that his guest was no more of it from Charles Nellin. That was the vagrant's name, Charles Owens Nellin. He mustn't forget, Charles Owens Nellin.

Well, it was none of his business. Like enough he'd get a good fat tip out of it. Soft-hearted gink, probably, bit of a fool.

THE YOUNGER GENERATION

with **JEAN HERSHOLT**
LINA BASQUETTE
and **RICARDO CORTEZ**

She will dance her way into your hearts. You'll laugh and you'll cry with this dainty little girl who chose love and poverty to slavery and riches. You'll have to see this great drama!

Directed by **FRANK R. CAPRA**

Comedy and Act

Five Workman Die in Crossing Mishap

WARREN, N. H., Oct. 3. (AP)—Five men, field workers for the New England Power company, met instant death at the Warren village grade crossing of the Boston & Maine railroad today when their automobile was struck by the Red Wing express, north bound from Boston to Montreal.

The dead: William E. Johnson, Evergreen, Ala. Joseph Leclair, Brooklyn, N. Y. Paul Baldwin, Barton, Vt. Hugh Tucker, Waco, Texas. Ernest Anderson, Worcester, Mass.

The crossing at which the accident

occurred was unguarded. Ownership of the machine and identity of its driver were undetermined. The vehicle was demolished, and the bodies of the victims strewn along the tracks.

YOUTH IS ACQUITTED

BOERNE, Oct. 3. (AP)—Placing its faith in Jim Bunn's story that he killed his stepfather, Joe Graham, lawyer, in defense of his mother, a jury yesterday acquitted the young man of murder. Graham, Bunn said from the stand, advanced upon Mrs. Graham with a butcher knife.

Augusta Believes Flood Fight Won

AUGUSTA, Ga., Oct. 3. (AP)—Striving to hold back the wall of water that has pounded at the city levee since Monday, citizens of Augusta today believed their fight against the floods of Savannah river had been won.

Although the river had reached a stage of 44.8 feet, the weather bureau officials said they expected a recession. Except for the three crevasses below the city, levee stood intact. Some 1,500 men strengthened it with sandbags.

If Your Child Needs Glasses?

Now that school has started, the question of your child's eyesight is important.

Don't Blame your child if he lags behind in his lessons; it may not be his fault. Backwardness in children is often due to eyestrain. The right kind of glasses properly fitted will relieve this strain.

Let our competent optometrist examine your child's eyes.

Excitement Reigns in Central High Wednesday as Elections Are Held

Yesterday was election day at Central high school, with all four classes choosing their officers and sponsors for the year. Excitement reigned in class-rooms and corridors during the last period of the day as ballots were counted.

Tom Braly was elected president of the senior class. Florence Baer was made vice-president; Violet Schafer, secretary; Eileen Pengra, treasurer; and Florence Ward, reporter. Miss Bernice Whiteley and E. H. Solt were chosen as sponsors.

The junior class elected James Saltzman president. Other officers were: Vice-president, LaVelle Meyer; secretary, Dary Meador; treasurer, Lorena Qualls; reporter, Frances Campbell. The class sponsors were Miss Zenobia McFarland and C. S. Chaney.

Ray Chastain was elected sophomore president, with Robert Woodward as vice-president. Curtis Stark was made secretary; Evelyn Cravey, treasurer; and Isabel Baer, reporter. Miss Leah Amend and Miss Josephine Carricker were named sponsors.

The freshmen elected Margaret Bryson president; Reed Clark, vice-president; Berton Doucette, secretary; Oliver Calhoun, treasurer; Billie Jaynes, reporter. Going one step further than

the upper classmen, the "fish" chose to have a sergeant-at-arms, and elected Leo Saulsbury for the position. Miss Anna Esta Goerner and N. L. Tedford were elected sponsors.

Salesman High Brows Women Then Sells Them Fake Property

LOS ANGELES, Oct. 3. (AP)—A real estate salesman alleged to have obtained the names of several wealthy society women in Hollywood during lectures on psychology and then sold them a California town was sought today by Los Angeles and New York City police.

John W. Hamilton, the salesman-

PLANE—

(Continued From Page 1)

even if he had survived the explosion. Morris suffered broken ribs, many bruises, and slight brain concussion. Fellow aviators noted that he appeared unwell, and at least one of them urged him not to take off. He replied that he felt all right, however. The plane never maneuvered correctly, airman said, and seemed inclined to climb into a stall frequently.

An "extra" telling of the fatal accident was issued by the Pampa Daily News last night, and hundreds of copies were sold.

Women Are Free!
AN ANCIENT PREJUDICE HAS BEEN REMOVED

Legally, politically and socially woman has been emancipated from those chains which bound her, AMERICAN INTELLIGENCE has exploded the ridiculous theory that forced the stigma of inferiority upon a sex.

"toasting did it" —

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful, corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

The 3-piece Living Room Suite in our **AUCTION WINDOW** is priced today at **\$130.00**

It will be reduced \$10 per day until sold. Come in and make a bid.
