### SIMMONS BAND IS PROMINENT

New Mexico to Have  
Part in Texas  
Classic

DALLAS, Oct. 12. (AP)—With every element in its favor, including the weather, the forty-third State Fair of Texas opened today with thousands of visitors from every part of the state in attendance. Downtown streets were thronged with sight-seers for the parade which signaled the opening. Prominent in the line of march was the Simmons university Cowboy of 100 pieces.

In the parade was a herd of 100 paint ponies that will be used in the rodeo performances, with cowboy and cowgirls. The rodeo producer, W. T. Johnson of San Antonio, rode at the head.

Officials of the fair declared there were more exhibits this year than ever before. In the boys' Four-H club display, fostered by the A. & M. college extension, 40 counties have 300 exhibits.

An attractive exhibit in the agricultural building was from New Mexico. Each of the 32 counties in the state contributed to the exhibit and every resource of the state is depicted. Gov. R. C. Dillon of New Mexico is expected to visit the fair.

Practically every consequential industry and business in Texas is represented in the commercial exhibit. More than 100 high school bands are entered in the annual contest for the state championship.

### LEFORS TO VOTE ON OFFICIALS NEXT TUESDAY

An election to choose mayor, alderman, city marshal and city secretary of LeFors will be held Tuesday, Oct. 15.

The only candidate for mayor is T. M. Wolfe, though it is understood others are in the race and will rely on voters to write in their names on the ballot.

Candidates for city aldermen are: A. M. Claredy, G. W. Harkins, W. S. Beavers, F. S. Matteson, Ray S. Carter, and R. A. Nipper. J. H. Cone is the sole candidate for city marshal, and E. B. Echus is the only candidate for city secretary.

LeFors recently voted for incorporation.

### Yom Kippur Will Be Observed Here

Yom Kippur, day of atonement for people of Jewish faith, will be observed tomorrow by Pampa Jews. Most of them will attend Temple B'nai at Amarillo. Yom Kippur is essentially a day of fasting for Jewish people. Devout members will remain in the synagogue all day.

According to the old orthodox rules work at all was to be done on Yom Kippur, which begins Sunday night at sundown and continues until Monday night at sunset.

Jewish New Year was celebrated 10 days ago which was the 6659th anniversary of the date Moses gave the Ten Commandments to the children of Israel at Mt. Sinai.

### THE WEATHER VANE

WEST TEXAS: Partly cloudy, probably showers in southeast portion Sunday and Monday.

### Will Conduct Cooking School for News

Mrs. Leona Rusk Ihrig, well known to many Pampa women by reason of having held last year's big cooking school for The News, will arrive today to conduct another of these popular courses for this newspaper. The school will open tomorrow afternoon at 2:30 o'clock in the Pla-Mor auditorium. It will be absolutely free, and women of this whole territory are invited and urged to attend the lectures.

### EVERYTHING IN READINESS FOR OPENING OF PAMPA DAILYS NEWS' FREE COOKING SCHOOL TOMORROW

Hundreds of housewives of Pampa and vicinity will make the Pla-Mor auditorium their mecca tomorrow as soon as their luncheon details are over.

Present indications point to large throngs at the auditorium long before 2:30 arrives, the hour at which Mrs. Ihrig, nationally famed domestic science and home economist, will be formally introduced to the biggest feminine assembly in Pampa's history, thereby inaugurating the Pampa Daily News cooking school for 1929.

Never before in the history of Pampa has there been such a widespread interest in improvement of culinary standards and a more complete knowledge of modern kitchen hygiene and food evaluation. The News is gratified at the tremendous response evinced over its efforts to foster this year a cooking school that will establish new records both in attendance and in general attraction. Co-operating merchants, as well as The News management, have pledged their entire personnel to handle the great crowds anticipated, with a minimum degree of inconvenience.

The doors to the Pla-Mor auditorium will open at 2 o'clock "sharp." The lectures will start at 2:30.

Pleasant surprises and entertaining innovations have been provided as highlights in tomorrow's program. Mrs. Ihrig will be glad to answer questions both from the floor and at the conclusion of the lecture, if time permits.

The elaborate preparations that have been in the making for several weeks seem entirely justified as the hour of the opening lecture arrives, and it is hoped that every woman possible may be seated before the lectures takes the platform, in order that absolute attention may be devoted to her remarks.

Tomorrow's lecture will be the first of a series of five on consecutive days, to be held at the same hour in the auditorium. Every woman in Pampa and vicinity is invited. Admission is absolutely free.

### Mr. Schulkey Opens Dental Office

Dr. Carl Schulkey is opening dental offices this week in suite 312 of the Rose building. Dr. Schulkey was graduated from Baylor Dental college in 1926 and since then has been practicing at Electra. His wife and two children will arrive in Pampa next week. Dr. Schulkey was born and reared at Decatur, where his parents live.

### CLOUDBURST AT COLORADO IS DAMAGING TO COTTON

COLORADO, Oct. 12. (AP)—The streets here were flooded today by a three-inch rain which fell in thirty minutes this afternoon. Traffic was tied up for an hour. The Colorado river, and Lone Wolf and Morgan creeks were on a rampage.

The moisture will be of much benefit to ranges, but considerable damage to open cotton resulted. Mitchell county cotton fields were white with the ripe staple and the rain beat it down badly.

### Rare Display of Iron Nerve Shown by Lon Blancet After Accident—Sees Doctor Amputate Right Arm

Details of the accident in which Lon Blancet, local cattleman, lost his right arm in a hunting accident near Flagstaff, Ariz., about a week ago have been received by The News, and they illustrate an exhibition of iron nerve such as is seldom displayed. Mr. Blancet was hunting with Ed Davis, a friend, when the mishap occurred. He had secured his buck and doe, and the two were looking for Mr. Davis' quota along a mountain ridge. When a deer was sighted, Mr. Davis told the local man to shoot if the animal appeared to be getting away. Both knelt.

Mr. Davis shot low, then Mr. Blancet emptied his automatic and knocked the deer down. Then the Arizona man shot a second time and pumped a third shell into the firing chamber as Mr. Blancet raised up. The men had been about even, but the Pampan leaned forward as he arose. Mr. Davis saw an arm come in front of his gun, but he had already pulled the trigger. The concussion and bullet together nearly severed Mr. Blancet's arm above the elbow, shattering the bone. Neither man was able to explain exactly how the accident happened. While Mr. Davis was almost insane with grief, he was not blamed by the local man who, according to a letter written by Mrs. Blancet, is taking the incident cheerfully.

Mr. Davis tore up his shirt and made a tourniquet for the arm, and Mr. Blancet rode 10 miles over mountain trails to Camp Kane. There very fortunately a doctor arrived a few minutes later. The Pampan man climbed upon a table and after receiving an injection of morphine watched the doctor amputate the arm, which was so nearly severed that there was little cutting to do.

The accident occurred about 5:30 o'clock on Saturday evening, October 5, and the two men reached camp about 9 p. m. Mr. and Mrs. Blancet stayed at Camp Kane until the following Monday, when forest ranger (See BLANCSET, Page 8)

### GRAY COUNTY NOW SHOWING STEADY LOSS

Field's Total Shows  
68,785 Barrels  
Daily

### FEW WELLS TO BE SUNK SOON

Local Men Considering  
Purchase of  
Acreage

The entire Panhandle, and especially Gray county, experienced decreases in oil production during the last week. Gray county's production declined 9,665 barrels daily. Other county's slumped from 58 to 516 barrels.

The big slump in Gray county's production was due to major companies deciding two weeks ago to continue the shut-down started more than a month ago. Only two new wells were drilled in during the week, and their production did not affect the week's total.

Wells and daily production:  
Carson—189 wells producing 9,359 barrels, a loss of 516 barrels from the previous week.  
Gray 452 wells producing 68,785 barrels, a loss of 9,665 barrels from the previous week.

Hutchinson—984 wells producing 26,671 barrels, a loss of 193 barrels from the previous week.  
Moore—19 wells producing 893 barrels, a loss of 58 barrels from the previous week.

Wheeler—38 wells producing 589 barrels, a loss of 128 barrels from the previous week.  
Total—1,622 wells producing 106,297 barrels, a loss of 10,560 barrels from the previous week.

A report that J. M. Dodson, Lewis Robinson, and others had purchased valuable oil and gas acreage aggregating 160 acres from Continental Oil company was denied last night by Mr. Dodson.

Late yesterday afternoon, Continental Oil company at Amarillo announced it had sold over-riding royalty, including the west one-half of the north-west quarter of section 40, block 3, and west one-half of southwest quarter of section 41, block 3 to the Pampanas.

When Big Gray company's test in section 40 came in last Wednesday with an initial production of 1,500 barrels, operators believe the Saunders area was extended a mile. To the south of the test three-fourths of a mile is Gulf company's No. 1 on the Saunders land, a small producer compared with the new well.

The value of the acreage surrounding the well has increased considerably since the big flow started, operators say. They believe that an unusually large sum would be involved in such a transaction.

Mr. Dodson admitted that his company had been negotiating with Continental regarding the purchase of the leases. He declared the deal had not gone through, but might be consummated Monday.

### WHEELER CASE IS ON DOCKET FOR MONDAY

Trial of T. C. Johnson, deputy sheriff of Wheeler county, who is charged with a statutory offense, will begin Monday morning. Lawyers for the defense have not yet been announced, but District Attorney Clifford Brjly will conduct the prosecution. The case has attracted considerable attention in Wheeler county and this section.

The first three weeks of the 31st district court session has been taken up with non-jury and civil suits and criminal cases. The court disposed of 10 criminal cases last week, one civil suit the week before, and a dozen non-jury cases the first week. Court adjourned Friday afternoon until tomorrow morning.

Petit jurors for the week are as follows:

Fourth week—W. M. Mathis, P. E. Boyd, Ben Lockhart, W. D. Benton, P. O. Sanders, B. T. Watt, I. E. Howard Clyde Holloway, Emmet LeFors, D. R. Henry, W. B. Wilson, J. A. Pearson, J. A. Meador, Lee Harrah, J. C. Gray, L. N. McCullough, W. G. Walker, H. S. Williams, J. L. McFarland, A. B. Keaher, C. F. Johnson, P. B. Mooney, A. A. Pierce, Sam McClellan, C. E. Phillips, Roy Campbell, W. B. Saultsbury, C. V. Tulley, E. W. McJunkin, M. S. Gibson, M. J. McGarrity, L. D. Rider, J. A. Ashby, F. J. Thomas, B. R. White, R. S. Jordan, R. E. ### Two Men Held, Third Sought in Robbery, Shooting

MIDLAND, Oct. 12. (AP)—Two men were under arrest today and a third was sought in connection with the robbing last night of the Cottage hotel at Crane City, during which Mrs. Ossie Spires was shot and seriously wounded.

One of the men was arrested today about 15 miles from Crane City, according to reports received here. The other was taken shortly after the holdup after his automobile had been crowded into a ditch by officers. Between \$100 and \$150 was taken from the hotel's cash register.

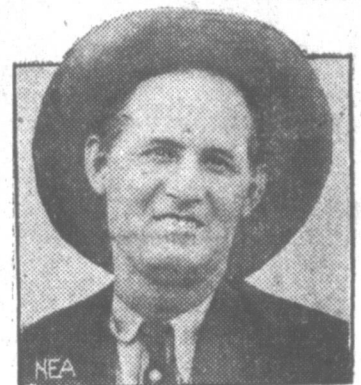

Mrs. Spires was brought to a hospital here, where physicians described her condition as serious but indicated she had a chance to recover. She was wounded in the head.

The woman, who with her husband was in charge of the hotel, was shot as she came up behind one of the bandits who had covered Spires with a gun, apparently not realizing she was being held up.

Soon after the robbery, a posse was started in search of the bandits.

SEGUIN, Oct. 12. (AP)—The body of Helmut Herbold, 22, was brought here today from San Marcos where he was killed accidentally yesterday by a wild bullet fired in a battle between two men. Funeral services will be held tomorrow.

### Arrested

Cal Beard, deputy sheriff at Borger, was among those arrested by order of General Walters in connection with martial law activities in the turbulent city.

### TOOL DRESSER RESCUED FROM WELL CELLAR

Overcome by a gas explosion in Pampa Refining company's Saunders No. 3 east of LeFors, Jake Miller fell in the cellar of the well and sank in 18 feet of water early yesterday morning. He was rescued by workmen at the well and rushed in a G. C. Malone Funeral Home ambulance to McKean & Connor hospital, where he is recovering. Miller was employed on the location as a tool-dresser.

M. L. Heete, driller of the well, was also badly gassed and as brought to the hospital. However, only his eyes were affected by the gas and he was immediately released. His injuries were slight.

### Residences Are Chief Buildings in Week's Total

Residential construction in the total sum of \$12,000 featured this week's building activity and raised the building permits for the year to \$1,149,345. Construction will begin on several business buildings in the next month, according to contractors who are preparing estimates.

Plans have already been drawn for a theater in South Pampa and the contractor is returning estimates soon. Permits were issued this week to the following:

W. A. Bratton to build a \$6,000 residence in the Cook-Adams addition.  
Robert Seeds to build a residence in the Priest addition at a cost of \$4,500.  
E. R. Sunkel to build a \$2,500 residence in the Alexander addition.

### Oil Pool Sinking Believed Stopped

BEAUMONT, Oct. 12. (AP)—The phenomenal depression of the surface of the northeast section of the Sour Lake oil field has presented no change since noon yesterday, according to reports this afternoon.

The sloughing of the surface into voids, created during the course of drilling produced in this field, left a crater approximately 600 feet in diameter and about 100 feet deep in the center. Its deepest level covers 10,000 square feet. Water stands on this area about five feet deep. Damage has not been estimated.

Miss Wilma Behrends underwent a tonsillectomy at McKean & Connor hospital yesterday.

W. A. Slade, one of the first drillers to come to Gray county after the discovery of oil, left yesterday for Seminole, where he expects to spend two months.

### FIGHTS OVER HER BODY AS RESCUE FAILS

Massive Bull Seizes

Corsicana

### TRAINER HURT IN STRUGGLE

Al Barnes Circus Is  
Owner of Mad  
Beast

CORSICANA, Oct. 12. (AP)—Suddenly becoming enraged as it was being taken to the circus grounds here today, a massive bull elephant seized and injured fatally a woman after it had hurt its former trainer.

The woman, Mrs. Eva Donohoe, of Kerens, Texas, was taken to a hospital where she lived only a few minutes. Attendants said her skull was crushed.

H. D. "Curly" Prickett, employed by Mrs. Donohoe on her farm, was in charge of the animal when it became unmanageable. Prickett had charge of the elephant for about seven years before it was obtained by the Al G. Barnes circus two years ago. The animal, known as "Blackdiamond," was the second largest in the circus' herd.

As the herd reached a street corner, according to Prickett, the animal suddenly knocked him several feet and seized Mrs. Donohoe with its snout and crashed her to the ground. The former trainer said he attempted to regain control of the elephant, but was unable to do so because of his injuries, which included a broken wrist.

The animal finally was brought under control and, heavily hobbled and chained to three other elephants, was taken to its quarters in a freight car. The assistant manager of the circus said today's affair was the first the circus ever had with the beast.

Officials of the circus were uncertain tonight what disposition they would make of the animal. Should orders be received to kill it, it was thought the execution probably would take place in the next few days. The circus goes from here to Bay City. The decision, they said, rested with the head offices of the corporation headed by John Ringling, which controls the Barnes circus.

W. M. Cannon, who battled with the elephant until he rescued Mrs. Donohoe, was hailed as the hero of the encounter.

He said that he was standing talking to Mrs. Donohoe, who was standing between two cars when the huge animal suddenly and without warning lunged at the woman, striking her in the face with his tusks and knocking her down. The beast then reached in with his trunk, dragged the woman from between the automobiles and flung her to the ground, stepping on her and jabbing at her with his tusks. He fought viciously to retain Mrs. Donohoe's body, seizing it twice after Cannon and another man had succeeded in freeing her from the beast's clasp.

Other circus employees rushed to quiet the remainder of the herd and several elephants finally were chained to the raging animal. Other witnesses said that the elephant appeared very nervous before the attack and was weaving from side to side.

They said that at one time during the battle the animal grasped Cannon around the neck, but that Cannon was quick enough to twist free before the huge muscles had closed on him.

The automobile, near which Mrs. Donohoe was standing was a total wreck. The sides were crushed and all of the glass broken. At one time during the fight the elephant picked up Trainer Jackson and tossed him several feet.

Cattle have been eliminated from the tax rolls of Mississippi in order to encourage development of dairying and livestock growing.

### Hallowe'en Motif Creates Festive Setting for Party

Five tables were in the play when Mr. and Mrs. L. M. Williams entertained Friday evening with a Hallowe'en party. Jack O'Lanterns, witches, and black cats featured decorations of the rooms where the card tables were placed, and accessories for

the game repeated the theme. The menu of a two-course luncheon, which was served at the conclusion of the games, was in keeping with Hallowe'en tradition.

The guest list included the following names: Mr. and Mrs. H. W. Johns, Mr. and Mrs. F. M. Gwin, Mr. and Mrs. Ivey E. Duncan, Mr. and Mrs. I. B. Hughey, Mr. and Mrs. L. A. Dennison, Mr. and Mrs. T. F. Smalling, Mr. and Mrs. J. L. Nance, Mr. and Mrs. J. H. Lutz, Mrs. J. G. Christy, Miss Alma Christy, and Miss Lillian Harrell of Kansas City.

High scores were made by Mrs. Gwin and Mr. Nance. Mrs. Hughey and Mr. Lutz played low. Favors in attractive packages of black and yellow were given. Souvenirs marked places when refreshments were served.

### Truck Drivers in New York on Serious Strike

NEW YORK, Oct. 12. (AP)—With police riding almost every load and guards armed with riot guns standing vigil over storage tanks, the strike of gasoline oil truck drivers tonight went into a week-end deadlock while both sides made conflicting claims for the duration of the fight.

The strike started in Long Island city, Queens, Saturday and spread rapidly through that borough to Brooklyn and Manhattan and Nassau county on Long Island. Near Hoboken, N. J., where the drivers are not on strike, an oil truck was tipped over and its load set afire after the driver had been forced to flee from three men.

Similar acts of violence in the city brought out 1,000 police guards, 200 of them being concentrated in Long Island city. Riot guns guarded the storage tanks of the larger oil companies.

Company officials said the 3,000 striking drivers had been replaced, and while there was no serious shortage of gasoline or fuel oil, distribution was at least 20 per cent below normal. Some of the emergency drivers were concentrated at the Times Square subway station in Manhattan and driven to their places of employment in a van guarded by a special police detail.

The truck drivers union wants a weekly wage increase from \$35 to \$47.50, and eight hour day, time and a half for overtime and recognition of the organization.

#### Preacher Is Killed

FORT WORTH, Oct. 12. (AP)—Rev. Charles U. Bitler, brother of Mrs. Henry Bowden of Fort Worth was killed Saturday afternoon by a train at Winter Haven, Florida, where he was doing special religious work, according to a message received Saturday night by Mrs. Bowden. Rev. Bitler was an accomplished singer and musician. He worked with Billy Sunday for four years.

### Texan Is Killed in Auto Crash

CORSICANA, Oct. 12. (AP)—C. W. Brown, 62, Bloominggrove, Texas, was killed and his wife seriously injured in a collision on the Corsicana-Bloominggrove highway near here late today.

Brown was attempting to pass another automobile when he ran onto a car coming from the other direction. Occupants of the other car were not hurt seriously.

### Accidental Shot May Be Fatal

NOCONA, Oct. 12. (AP)—Ed Powell, city marshal here, was shot and seriously wounded here tonight when his own gun dropped to the sidewalk while he was scuffling with a man whom he had arrested.

The bullet passed over the heart and passed through his body under the shoulder.

### Two Bandits Are Slain in Detroit

DETROIT, Oct. 12. (AP)—Two bandits were shot and killed and a detective and a saloon proprietor were wounded in a gun battle in a saloon here tonight. One of the dead bandits was identified as Thomas B. Stork, 28, of Beecan, Ill. The wounded detective is David Coy.

Coy, in company with another detective, Charles Osborn, had been sent to the saloon on information that it was being held up. They were standing behind a partition when the bandits, clad in new overalls, entered and ordered the proprietor to turn over his money. The detectives started firing and the bandits returned the fire.

# Compare features . . . to learn how much more Oakland gives for its price

The Cabriolet Body by Fisher

UNTIL you have actually compared today's Oakland All-American Six with other cars of its price you cannot appreciate how much more Oakland is offering for your money. For Oakland provides a combination of advanced engineering features which no other medium-priced car in the world has matched.

878 individual comparisons have been made between the All-American Six and twenty other medium-priced cars. Of these comparisons, Oakland proves to

be definitely superior in 451 or 51.37 per cent. The twenty other cars combined are at best equal to Oakland in 322 comparisons or 43.50 per cent. And 13 of the 20 are higher-priced than Oakland!

Before you buy any car within \$300 of Oakland's price, be sure to come in and see the complete results of this comparison. And when you have seen them, we will clinch the proof of Oakland superiority with a demonstration—convincing you beyond any question that this is America's finest medium-priced automobile!

### Proof that Oakland is America's Finest Medium-Priced Automobile

**WHEELBASE** Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

**PISTON DISPLACEMENT** Oakland's 228 cubic inch piston displacement is greater than 12 of the 20 cars in its price field. Of the 8 remaining cars, 7 are much higher priced than Oakland.

**RUBBER ENGINE MOUNTING** Only Oakland in the entire field employs rubber "biscuit" insulators. While others claim rubber mountings, none offers such resilience and permanent freedom from vibration as Oakland.

**BRAKES** Only Oakland and one other car in its field use the fine type of brakes which Oakland employs. And no car in the field equals Oakland's 290 square inches of brake band area. Oakland's separate emergency brake operates on the transmission. Seven cars in the field have no separate emergency brakes, although three of them exceed Oakland in price.

**FISHER BODY** Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

Oakland All-American Six, \$1145 to \$1275, f. o. b. Pontiac, Mich., plus delivery charges. Spring covers, Lane-Jay shock absorbers included in list price. Bumpers and rear fender guards extra. Casual Motor's Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

## Mrs. Lee Harrah Directs Program at Study Club Meeting

Mrs. A. Cole was hostess to members of Child Study club Friday afternoon, when they met for a semi-monthly program lesson. Mrs. Lee Harrah, as leader for the afternoon, gave the principal paper, "Do We Fall in Teaching Love, Gratitude, and Respect to Our Children?"

"Good Manners" was the subject of a talk by Mrs. Roy Wiley, who also spoke on "The Moral Duties of a Free Citizen." Mrs. Tom Rose told the Bible stories of the ten virgins and the good Samaritan. The poem, "The End of the Play," was read by Mrs. Floyd McConnell.

At the close of the study in child training, Mrs. Raymond Harrah, art director of the club, exhibited a copy of the famous painting, "Shoeing the Bay Mare," by Landisler. She explained the qualities of the picture which especially endear it to children and make it suitable for their study. She also recommended paintings by Millet, Breton, and Landisler, and told why the works of those old masters are inspirational to children of every land.

Present at the meeting, in addition to those appearing on the program, were: Mrs. T. H. Barnard, Mrs. B. E. Finley, Mrs. Ivey E. Duncan, Mrs. H. D. Lewis, and Mrs. S. A. Hurst.

### TO VISIT IN OKLAHOMA

Mrs. W. C. de Cordova and little daughter, Clarice, were to leave today for a ten day visit in Ardmore and Oklahoma City.

### Arm Is Fractured

Mrs. May Cain fell Friday night and broke her arm. She was taken to Pampa hospital, where yesterday her condition was said to be improved.

### Mrs. Saulsbury Improving

Mrs. Baker Saulsbury is recovering satisfactorily after undergoing a minor operation at Mayo Brothers sanitarium, Rochester, Minn.

### Mrs. L. E. Ellis Underwent a Major Operation

Mrs. L. E. Ellis underwent a major operation Friday at Pampa hospital. Her condition was considered satisfactory yesterday afternoon.

## Haleyon Members Entertained by Mr. and Mrs. A. G. Post

Mr. and Mrs. A. G. Post entertained on Friday evening for the Haleyon bridge club, including in their guest list a number outside the membership. Garden flowers in simple and charming arrangement lent color interest to the rooms where four tables were placed for the games.

The players were as follows: Mr. and Mrs. H. L. Grove, Mr. and Mrs. H. W. Hickman, Mr. and Mrs. H. L. Lister, Mr. and Mrs. Harry Marbaugh, Mr. and Mrs. E. B. Guber, Mr. and Mrs. Fred Curtis, Mrs. Joe Berry, C. E. Hutchins, the host and the hostess.

Favors for combined high scores went to Mr. and Mrs. Guber, members, and Mr. and Mrs. Grove, special guests. Mrs. Marbaugh received the consolation favor. Refreshments in two courses were served, following the game.

### Christian Science Society

Room 2, First National Bank building. Sunday school, 9:45 o'clock. Sunday services, 11 o'clock. Subject: "Are Sin, Disease, and Death Real?" Mid-week service, 8 o'clock Wednesday evening. The public is cordially invited to attend all of these services.

### Presbyterian Church

The members and the minister of the First Presbyterian church extend to you a hearty welcome to our services today.

Sunday school starts at 10 a. m. Morning worship; sermon, "Sight Unseen," 11 a. m. Junior Christian Endeavor, 4 p. m. Intermediate Endeavor, 4 p. m. Sermon, "Seeking the Roe's Egg," 7:30 p. m.

A. A. HYDE, Minister.

### THEIR FATHER DIES

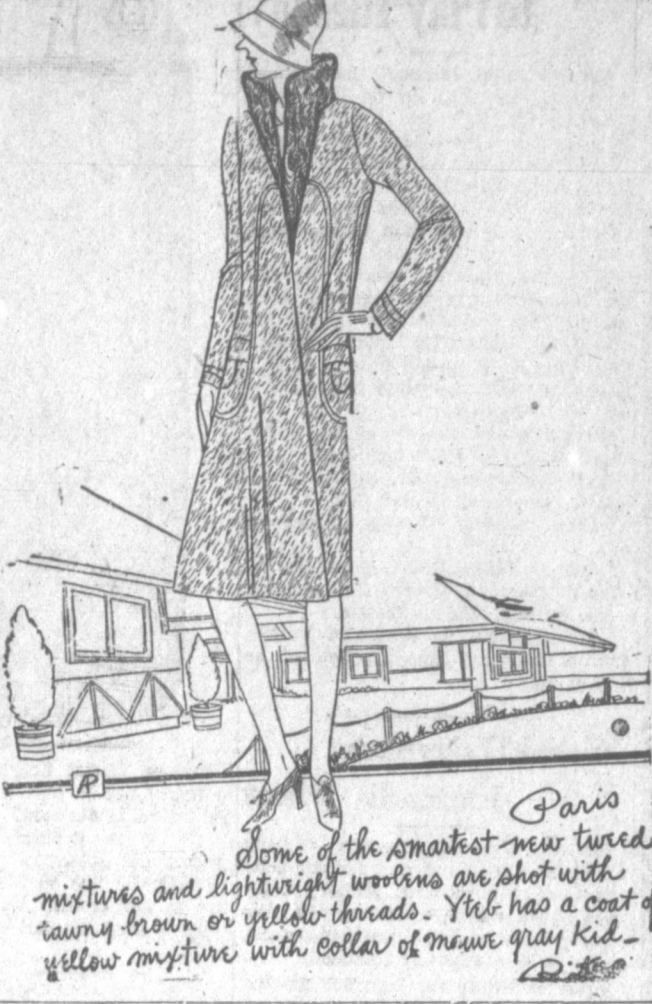

News was received here yesterday of the death of J. F. Walker of Moline, Kans., at St. Mary's hospital in Winfield, Kans. Mr. Walker was the father of Mrs. R. J. Kiser and Miss Georgia Walker of this city. Mr. and Mrs. Kiser and Miss Walker left last Tuesday for Winfield, when they were notified that Mr. Walker had suffered a severe heart attack.

### MRS. BARNHART RECOVERING

Mrs. H. L. Barnhart, who underwent a minor operation last Monday at Mayo Brothers sanitarium, Rochester, Minn., is recovering satisfactorily, according to members of her family, and expects to return home in about two weeks.

## Modes of the Moment!

Some of the smartest new tured mixtures and lightweight woollens are shot with tawny brown or yellow threads. Yel has a coat of yellow mixtures with collar of mouse gray kid.

## Kansas City Girl Honoree of Party Friday Afternoon

Complimenting Miss Lillian Harrell of Kansas City, a guest in the home of her sister, Mrs. J. H. Lutz, Mrs. M. W. Jones and Mrs. Lutz entertained at the latter's home on Friday afternoon with four tables of bridge.

The Halloween motif was developed in attractively appointed card tables and in house decorations. Score awards went to Mrs. Jim-White, high, and Mrs. P. C. Ledrick, low. A cut at each table brought favors to Mrs. J. M. McDonald, Mrs. C. S. Boston, Mrs. C. M. Carlock, and Mrs. L. A. Dennison. The hostesses presented Miss Harrell a gift. At the close of the game a two course luncheon was served.

Guests other than those named were: Mrs. R. A. Webb, Mrs. Dick Walker, Mrs. W. F. Gray, Mrs. H. W. Johns, Mrs. T. F. Smaling, Mrs. J. M. Saunders, Mrs. H. L. Grove, Mrs. Roy Vaughn, and Mrs. Floyd Hollenbeck.

O. W. Gould, who underwent a major operation Oct. 4, left Pampa hospital yesterday afternoon.

### TO VISIT DAUGHTER

Mrs. J. E. Phelps of Guthrie, Okla., will arrive tomorrow to visit her daughter, Mrs. J. B. Austin, and Mr. Austin.

Wisconsin repealed its state prohibition act, but still enforces laws against drunkenness.

**Canadian P.-T. A. Is Growing Rapidly**

CANADIAN, Oct. 12. (Special) — Conducting an extensive membership among the parents and friends of the schools, the Canadian Parent-Teacher association enrolled 265 members during a period of one week. Cash prizes were offered for the students securing the largest number of new members, and a banner was offered the room securing the largest representation of parent members.

**KANSANS ARE VISITORS**

Mr. and Mrs. J. A. Pearson have as guests Mrs. Pearson's sister, Mrs. R. H. Spencer and Mr. Spencer of Oxford, Kansas.

**Todd Family Moves**

The Rev. James Todd, Jr., and family are located at 422 Yeager street. Their residence was moved recently when Rev. Todd resigned as minister of the Christian church to take up lecture work.

**Novel Features Will Be Added to Play Tuesday**

Several novel features have been added to the program to be given Tuesday evening by the Epworth League of the First Methodist church. "The Wandering Minstrel," as he styles himself, will sing several popular songs. He is said to have an exceptional voice and each of the songs will be done in costume.

The Rotary Ladies' quartet are also on the program of the evening. As a feature the leaguers are presenting their first one act play entitled "Squaring It With the Boss." It is a burlesque, with the most comical situations imaginable.

Harold White, director of the play, announced the following cast: James Greening, Earl Smith, Beth Greening, Beulah Lane, Johnie Bender, Thomas Brabham, Jr.

Aunt Hortense, Violet Schaffer, Aunt Clarrissa, Evelyn Zimmerman, Mr. Dunne, Walter Hardin.

The play will be presented in the church basement Tuesday, Oct. 15, at 8:15 p. m.

**Miami Dairyman Expands Plant**

MIAMI, Oct. 12. (Special) — Dave Keehn has let a contract for the construction of a modern, sanitary dairy barn at Miami. The building will have a concrete floor and washable walls, and will be completely screened.

After awarding the contract for the new building, Mr. Keehn announced he had employed Charles Bryant of Sulphur Springs, an experienced dairy supervisor to take charge of the barn. He said that tuberculin tests would be given the herd, in a further effort to make the dairy one of the most modern and best equipped in Roberts county.

**A Flyer at 16**

Society parties and dates are incidental things in the life of pretty Annie Laura Underwood, 16-year-old Raleigh, N. C., debutante. Aviation is getting her attention these days, and already she has 15 hours of solo flying to her credit. She hopes to become a licensed pilot when she reaches 18.

**Extension Work Will Be Outlined Here Tomorrow**

CANYON, Oct. 12. (Special) — The West Texas State Teachers college will open extension classes in Pampa soon if the plans of the college and Supt. R. B. Fisher are carried out.

Mrs. Sam Irwin has been chosen by Supt. Fisher to be chairman of the committee in charge of extension work in Pampa, and she has made arrangements for Mrs. T. V. Reeves of the Canyon college extension department to visit the Pampa teachers on Monday, Oct. 14, at 4 o'clock at the high school building.

A large number of courses in history, government, education, English, art, mathematics, geography, public speaking and economics are offered. A minimum of twenty persons is necessary for the establishment of any class, and the classes are open to all who wish to enter them.

Those who enter the classes for college credit must have the pre-requisites for the courses, but those not wishing credits may have all the privileges of the classes on the same basis as credit members, and may be excused from examinations. This makes the courses very attractive to club women and business people who wish the content of the courses.

The price for each course is \$12, according to the statement of the college authorities.

**Railroad Notes**

C. S. Craven, general superintendent of the Santa Fe Plains division, was on an inspection tour here yesterday.

C. H. West, special agent for the Plains division, was in Pampa Thursday night and Friday morning on business.

While passenger train No. 10 stopped here a few minutes Friday morning at 3:56 a. m., a sneak thief stole Engineer W. L. Schaffer's suitcase from the engineer's box on the engine. The thief made his steal on the south side of the engine while the fireman and engineer were talking on the north side. A. J. Davis, special officer for the Santa Fe, immediately "took out" after the burglar but he and other local peace officers failed to locate him.

Business on the Clinton branch of the Santa Fe is still increasing. Lumber shipments to the new towns on the road this month doubled the shipments of any preceding month. This would seem to indicate that the towns have begun a steady growth. The Santa Fe does not favor boom towns.

No more complaints are being registered at the B. C. D. and at the station about switching facilities. The Santa Fe is now using several engines during the day and two throughout the night to provide the ample switching service which Pampa is now getting.

**Mrs. Davis Helped**

Mrs. Mel Davis, who underwent a major operation last Monday at Mayo Brothers sanitarium at Rochester, Minn., was recovering satisfactorily, according to information received by her parents, Mr. and Mrs. C. P. Sloan. Mr. Davis, who has been with her the last several days, is expected to arrive home tomorrow.

the choice of floor coverings made by Mrs. Leona Rusk Ihrig for the Daily News Cooking School!

"Nothing is more important in the kitchen than the floor covering," says Mrs. Ihrig, nationally famous expert on home economics and domestic science.

The reason I prefer Armstrongs Linoleum and Quaker Felt Rugs is that they are restful—if you'll stand on Armstrongs for a while, and then try the ordinary brands, you'll readily know the difference. Armstrongs is scientifically made—it is made to wear and yet made for comfort and beauty.

"I have found that Armstrongs floor coverings actually cost far less when you consider their wear resisting qualities," says Mrs. Ihrig.

"I appreciated the courteous service and treatment of the Malone Furniture company last year," says Mrs. Ihrig, "and I want to use their kitchen tables, stools and floor coverings this year."

Attend the Cooking School and see why Armstrongs Floor Coverings are on more floors than other coverings.

**MISCONCEPTIONS UPON WHICH THE PUBLIC BASES MUCH CRITICISM ARE NONE THE LESS REGRETTABLE BECAUSE THE CRITICS ARE HONESTLY MISTAKEN. THE OIL INDUSTRY HAS ITS SHORTCOMINGS AND ITS FAULTS, BUT IT IS NOT GUILTY OF MUCH THAT IS CHARGED.**

Waste exists in many of our industries. Our natural forests, for example, have been depleted at a devastating rate, and only in the last two decades have efforts toward reforestation been started. Burning of coal is imperfect, and many valuable gases and other by-products escape. The country is covered with what was once costly machinery, but which has been devoured by rust.

It is common to hear speakers talk of the waste of gas by the carbon black plants. Black horizons, caused by the clouds from the little burner houses, are pointed to as proof of this "tremendous waste". It is difficult to explain gas residue, and the important part that the carbon black factories have in relation to casinghead plants. There is no use attempting to analyze to some critics the ash content of the offcast smoke. Smoke is not a badge or waste in the sense that most persons mean it. To conserve the smoke with the product is to change the product, which is undesirable.

It is true that there is room for greater conservation efficiency than now exists. Monthly records show much residue gas goes to no use for lack of carbon black demand. There is, moreover, waste at drilling wells and along pipelines. In terms of domestic rates, the leakage amounts to many hundreds of dollars daily in a large field. Gas is a very important fuel for home and industry, and should be conserved for longtime use in the household. It should be sold more cheaply right here in the field than now is the case. Carbon black plants should be restricted in their consumption to casinghead residue. Leaking gas lines should be repaired as rapidly as fissures develop. The gas supply is great, but it is being exhausted just as inevitably and as rapidly as have the great forests been reduced by heavy cutting and fires. And while forests grow back in time with man's aid, there is no parallel as to gas.

The gas rate proposition in Pampa seems indefinite. The proposed new franchise, with the city's amendments, has not been finally passed upon, on the one hand, the the present company has not complied with its promise to submit its lowest reduction. If there is a disposition on the part of the gas distributors to believe that the people of Pampa will let the matter "ride" through the coming winter, it is an erro-

neous assumption. The winter season is fast approaching. If there is to be a reduction, it should be immediate. If no reduction is intended, the quicker the fact is made known the better.

The only solution is to lay all of the cards on the table and let the outcome be indicated by decision in the best interests of the people who are the consumers. It is not fair to the present company nor to the Cabot company, which asks a franchise, for the matter to be long postponed. The city government must make the decision on the basis of the propositions submitted to it. If these propositions are not forthcoming, then the next

move is the people's. All that any fairminded citizen wants is a square deal all the way through. And there are few indeed who do not believe that cheaper gas should be available here in the center of the world's greatest field.

**Greatest Oil Fair Closes Saturday**

TULSA, Okla., Oct. 12. (AP)—The sixth annual international petroleum exposition closed its gates here tonight after the most successful year of exposition history. Three exposition records were broken in the 1929 show—attendance, receipts and, for the first time, funds sufficient to meet all outstanding expenses.

Late this afternoon, with the 1929 exposition safely out of the way, directors of the show were laying plans for the next "world's fair of the oil industry." If hopes, announced by W. G. Skelly, are realized, two additional buildings will be erected on the exposition grounds during the coming year, one to house all-foreign exhibits and the other for refining and marketing equipment at future shows.

**New Spectacle Offered for \$2.98**

A Chicago optometrist has devised a new comfort spectacle that leaves no mark on the nose or face and is guaranteed against breaking or tarnishing. These spectacles are claimed to be the most beautiful produced in years. They create a distinguished appearance and yet rest remarkably light on the face. These spectacles will enable anyone to read the finest print, see far or near.

The manufacturers are pleased with this new product that they offer to send a pair of these spectacles on 100 days trial to any honest person who writes them, with the understanding that if their customers are not amazed and delighted and do not think the spectacles they list at \$2.98 equal to those sold elsewhere at \$20, they will be out nothing. A beautiful spectacle case and style book included free. Send no money, just your name, address and age if you wish to try a pair of spectacles at their risk. Write Dr. Ritholz & Sons, Suite 1165, 1445 W. Jackson Blvd., Chicago, Ill., today.—Adv.

**JACOB ATZ TO LEAD STEERS NEXT SEASON**

DALLAS, Oct. 12. (P)—John Jacob Atz, for almost 14 years pilot of the Fort Worth Panthers, will manage the Dallas, Texas, league club in 1930. It was announced today by Fred McJunkin, president of the Steers.

Atz will succeed Milton Stock, who piloted Dallas to the Texas league championship this year. McJunkin announced a week ago Stock would not be back. It was no secret that the two disagreed frequently on questions of club policy and there was an open breach after the Dixie series, which Dallas lost to Birmingham.

"It took only five minutes for Atz and me to get together when he visited my office today," McJunkin said. "It was the first time we had discussed the matter, despite all reports to the contrary."

Atz compiled one of the greatest records in baseball history while with Fort Worth, leading the cats to six consecutive Texas league flags and five Dixie championships. He resigned in the middle of last season and was succeeded by Frank Snyder. He announced today he would report to the Dallas club March 1, moving his family here from New Orleans.

Acquisition of Atz by the local club was expected to cause a renewal of intense rivalry between Dallas and Fort Worth, somewhat dormant in recent years. Atz admitted that one of his chief reasons for signing with Dallas was to get a chance at the Cats.

It was understood that Atz made only two stipulations in reaching an agreement with McJunkin. The first was that Waxahachie not be selected as a training camp or farm. "I can't spell the word," he explained. Secondly, he stipulated that the club would have to pay all his fines. "I'm a man that gets excited during a game and don't want to have all my salary taken up paying fines."

No contract was signed nor the salary agreed upon. Atz declared he was willing to be paid what he was worth.

### Calhoun Prepares Evidence to Be Given Grand Jury to Prove Charge About "Entrenched Criminal Ring"

BORGER, Oct. 12. (P)—Clem Calhoun newly appointed district attorney sent here by Governor Moody to clean up Borger, put the final polishing touches tonight in the evidence which he expects to place before the grand jury Monday in an effort to break the alleged "deeply entrenched criminal ring" here.

It was predicted today that ouster proceedings against all county officials who have not resigned, will be instituted.

The resignation today of Constable C. A. Mitchell of Borger brought the total to two, Justice of the Peace Walter Broomhall having resigned last week. Mitchell made no comment on his action.

In the event ouster proceedings are instituted the evidence which the military court of inquiry has collected in its investigation of the assassination of District Attorney John A. Holmes here Sept. 13, and of other lawlessness, will be used.

"Evidence gathered by the court of inquiry," Brigadier General Jacob Wolters, commanding the troops here said, "will not be turned over to the grand jury, but it will be made available to Mr. Calhoun, and he may present what he sees fit."

General Wolters said that the military authorities would continue their investigation, although personally, he said, he would attend district court Monday morning "just to see what a court looks like again."

There is no indication as to the order in which cases on the docket will be set Monday, but District Attorney Cal-

houn has announced that he intends to have criminal cases set and tried as soon as possible. The docket contains 144 criminal cases, many of them two years old.

### Seven-Year Term Given A. D. Covin

BEAUMONT, Oct. 12. (P)—A. D. Covin was sentenced to seven years imprisonment in the penitentiary for the killing of T. J. Benefield by a verdict of a jury in criminal district court here today. The jury was out more than 12 hours.

Covin was calm and appeared greatly relieved when the verdict was announced. His aged mother, Mrs. Laura Guidry, broke into hysterical screams and refused to be consoled. His sister, Mrs. Jack Mathias, who was at his side throughout the hearing which lasted since Tuesday morning, also became hysterical.

Evidence was that Covin met his divorced wife, Mrs. Gladys Covin, on the street with Benefield and shot him to death because he said the slain man had become intimate with his wife and caused her to divorce him. Covin also entered a plea of self defense. He pleaded not guilty when the murder charge was read.

### Fall to Waive Right to Be at Bribery Trial

WASHINGTON, Oct. 12. (P)—Speedy conclusion of the bribery trial of Albert B. Fall appeared in prospect tonight after Fall had instructed his counsel that in case illness again prevented his appearance they were to waive his right to be present and continue.

Frank J. Hogan, chief counsel for the defense announced Fall's instructions and said the former secretary would not be called as a witness because of his weakened condition. Owen J. Roberts, special government counsel, announced the prosecution would conclude its case in a day or so and the defense expects to occupy four days.

During the short session today the defense introduced evidence to show that Fall was not in Washington most of the time while negotiations were being made to lease the part of Elk Hills, Calif., naval oil reserve to E. L. Doheny's Pan-American Petroleum and Transportation company and had

nothing to do with the negotiations. The testimony was developed on cross-examination from E. C. Finney, solicitor of the interior department, who was first assistant secretary of the interior under Fall. It was during the time the leases were being negotiated that the government charges that Fall received \$400,000 from Doheny for awarding the contract to the latter's company.

The defense, which brought out from C. C. Chase, Fall's son-in-law, that Fall had told him the money was a loan for which he had given his note, drew from Finney the assertion that Fall had turned over the entire negotiations leading up to the contract with the Pan-American company for construction of naval oil storage tanks.

### CHILD'S ARM SEVERED IN AUTOMOBILE ACCIDENT

SAN ANTONIO, Oct. 12. (P)—The left arm of John Bashman, six-year-old son of Mr. and Mrs. H. N. Bashman, of San Antonio was torn off when he was knocked down and dragged by an automobile here today.

The child was crossing a street intersection with his half-sister when hit by an automobile driven by Mrs. Camilla Chapa of Anson.

The driver was held under \$200 bond.

BRYAN, Oct. 12. (P)—J. H. Carroll, 22, employe of the Texas A. & M. College Station, was killed today when he fell from a 75-foot tower at the plant. He was alone on the tower at the time of the accident. His neck was broken in the fall.

Three United States predatory animals hunters in Alaska have a "beat" to cover aggregating 500,000 square miles.

### BLANSCET

(Continued From Page 1) gers succeeded in clearing a short runway on which an airplane they had sent for landed for the first time in that vicinity. The plane made the flight to Flagstaff in less than an hour, as compared with the 18 hours required by car.

Mr. Blanscet's chief regret was in the thought that his rodeo days as a participant were over. His roping arm was amputated about three inches above the elbow. "Girl, they are losing a good roper," he remarked to Mrs. Blanscet while the doctor was removing the arm. Forest rangers from a wide territory gathered to see Mr. Blanscet, and they offered every resource they possessed to make him as comfortable as possible.

Mr. and Mrs. Blanscet will be at Flagstaff for a month or more. The injured man doubtless would be glad to receive letters from his friends.

### Santa Fe Asks Permit to Build Shorter Line to Denver—Would Also Link Dumas and Spearman

AMARILLO, Oct. 12. (P)—A north and south trunk line, which will connect three branch lines and two transcontinental lines of the Santa Fe system, is the objective of the railroad's application for permission to build a line from Amarillo to Las Animas, Colo. It was said by officials of the company in Amarillo today.

The proposed line would run northwest through the Texas Panhandle, cut across Oklahoma and penetrate Southeastern Colorado, connecting with the northern route of the Santa Fe's main line running into Pueblo and Denver, it was explained.

The line also would connect with three existing branch lines, one in the Texas Panhandle, one in Oklahoma, and the third in Colorado. These lines serve the wheat belts of the respective areas, and the new line would afford a direct outlet to the Gulf for grain movements.

The officials said it also would give the Santa Fe a trunk line from Denver to Texas points, and a direct route

to the Gulf. It would shorten present mileage over the Santa Fe line from Denver to Amarillo by 465 miles, and would provide a route between the two cities 27 miles shorter than the Fort Worth and Denver line, according to Roger Martini, assistant vice-president and general manager of the western lines of the Santa Fe.

The new line would run from Amarillo through Dumas in the oil and gas territory of the North Panhandle, thence to Stratford, Okla., where it would cross the Rock Island's main line west, and then to Boise City, Okla. Pritchett, Colo., and Las Animas, connecting there with the main line into Pueblo and Denver.

The cost of the road was estimated at \$8,000,000, Martini said preliminary survey had been made. He said with the exception of the Canadian river area the road would open up lands most likely suitable to agriculture and stock raising. The grades, he said, would be light.

The application also asked permis-

sion to build a branch from Dumas east to Spearman, connecting with the Santa Fe line out of Slatkock, Okla. to Spearman. This branch would be 261 miles long.

### Here for Game

The Rev. and Mrs. A. F. Johnson of Borger were among those who came from the neighboring city to attend the Borger-Pampa football game Friday afternoon. They were guests in the home of Mr. and Mrs. O. J. McAllister Thursday night and Friday and visited other friends here.

### Have Two Guests

Mr. and Mrs. C. Herbert Walker have as guests their daughter, Mrs. Lowell Munday of Amarillo, and Mrs. Lowly Moore of Dalhart.

LON SMITH IS ILL. AUSTIN, Oct. 12. (P)—While the funeral service was being held here today for Clarence E. Gilmore, chairman of the Texas railroad commission, Lon A. Smith, member of the commission, lay seriously ill in a hospital here. Smith, who has organic trouble, suffered his most recent attack Thursday.

### TRYING FOR RECORD

SYRACUSE, N. Y., Oct. 12. (P)—With 157 hours of flying behind them at the 9:13 p. m. Ivo McKinney and Aaron Krantz, pilots of the endurance plane "Empire's own," tonight were approaching the end of their first week aloft. They were confident they would eventually surpass the feat of the St. Louis Robin of 240 hours in the air.

### Athletics' Seventh Inning Explosion Wrecks 8-Run Lead of Cubs

#### TEN RUNS AND TEN HITS IN LONE PERIOD SET NEW RECORD AS CHICAGO WATCHES STUNNED

By ALAN GOULD  
Associated Press Sports Editor  
SHIBE PARK, Philadelphia, Oct. 12. (AP)—The bubbling world's series hopes of the Chicago Cubs were scattered all over Shibe Park today by a combination of lightning, cyclone and tidal wave in the wildest inning of baseball championship history.

When they had picked themselves up sometime later, dazed and reeling, the Cubs found that the Athletics had broken all records by scoring ten runs on ten hits in the seventh inning off four pitchers, coming from behind to win the fourth game by a count of 10 to 8 and take a lead of 3 to 1 in the world's series conflict.

Going into the seventh inning, eight runs behind, their veteran spitballer, Old Jack Quinn, a knockout victim of Cub clouters and their net efforts showing a grand total of three hits off the fast balls of Charley Root, there didn't appear more than the pale ghost of a chance for the Athletics to win and prevent the Cubs from making it two straight, tying the series.

**A's Looked Beaten**  
If ever a club looked beaten, it was the A's, met with a savagery that has never before been duplicated in the annals of the world's series, they

leaped upon Root, drove him from the box, knocked out his two successors, Art Nehf and Sheriff Blake, in short order, and were stopped by Pat Malone only after 15 men had gone to bat.

This astonishing counter barrage, this avalanche of destructive hitting by the champions of the American league sent the home town crowd of 30,000 into a hysterical frenzy and eclipsed a run scoring record that had stood for eight years. The former record of eight hits and eight runs for a single inning of world's series play, was made by the New York Giants on Oct. 7, 1921, when the seventh inning also was the happy moment and the Yankees the victims. The final score being 13 to 5.

**Cubs Need 3 Straight**  
The Cubs, to win now, must take three straight to win the series. They need not give up hope entirely. Even if their chances now are exceedingly slim. The Pirate turned the trick in 1925 after losing three of the first four games to Washington. The Boston Red Sox of 1903 closed with four straight victories to win after also losing three of the first four to Pittsburgh.

The conference at the plate between the umpires and the two captains was less extended today although Van Grafflin, the umpire in chief, reassured himself as to stipulations governing balls coming in contact with the corners of the bases and left field stands.

**First Inning**  
CUBS—McMillan walked on four straight pitches. English filed out to Miller on a foul near the left field fence. McMillan held first. Hornsbey fanned on a spitter. Wilson singled to right, McMillan taking second, Cuyler fanned on a third called strike. No runs, one hit, no errors, two left.

ATHLETICS—Bishop hit a fly to Stephenson in short left. Haas bunted to McMillan and was out to Grimm. Cochrane hit a fly to English back of

#### SAULSBURY AND COMPANY TOO HUSKY AND WELL TRAINED FOR HUTCHINSON COUNTY'S ELEVEN

By HARRY E. HOARE  
Borger's Bulldogs couldn't stop Captain Don Saulsbury and his Harvester crew here Friday afternoon and were swamped under a 33 to 0 score. Plunging, passing, and running ends like whirlwinds, the Mitchell-coached Harvesters literally ran wild while Coach Cherry's Bulldogs were battering away at a stonewall defense.

Even against the Gorilla's, put in for the last few minutes of play, the

Borger eleven could make no headway. Heady work by Lard, Harvester's sensational quarterback, had the Borger boys falling over themselves hunting for the man carrying the ball.

Big Fat Seitz would pass the ball to Saulsbury. It would be handed to Chastain and would then disappear only to reappear in the arms of Big Jig Ayres deep in Borger territory. The line held like a stonewall and when

holes were needed they were available. Mitchell's second string was injected into the affray twice and proved almost as adept at hitting the line and holding as the first string eleven. The work of McFarland and Buckingham was especially spectacular, while the Benton brothers crashed through for nice gains and kicked long and far. The second string line also held like veterans.

Then Joe Kahl and his midgets went into the affray and succeeded in completing two forward passes and recovering a fumble before the game ended.

Captain Don Saulsbury was the big point man of the day. The hard-hitting fullback crashed the line for our touchdown and received two forward passes from Lard to score. Two more Jim Ayres crashed the line for one touchdown and Dick Benton made the last of the long string.

#### Lard Kicks Well

One of the bright spots on this year's team is the educated toe of Albert Lard on kicks. The youngster landed two out of three between the uprights yesterday, and Buckingham lifted the other one through. Last year the team was woefully weak on a place kicker.

The Harvesters made sixteen first downs to on by the Borger outfit. The Bulldog's lone first came on a pass Timmons to Horton who hid out on the sidelines and caught Jim Ayres asleep. The pass netted 18 yards before Ayres nailed the receiver. In all the Borger team had the ball only fourteen times.

The Pampa ends, Henry Ayres and Monroe, showed up much better than in any previous game. They were tackling hard and getting through repeatedly. The line held up much better than in previous games and gave the backfield more protection than on other occasions. Chastain was ineffective offensively, but on the defensive nothing went by him. He tackled hard and low and was in nearly every play.

#### Bullock Star Bulldog

Bullock, Borger right half, was the pick of the Bulldogs. He crashed the line repeatedly for short gains and tackled hard. He gained 21 yards, Timmons, quarterback, also was effective at times gaining 19 yards through the line. The team worked hard but could not penetrate Pampa territory.

Saulsbury was the phenomenal ground gainer for the Harvesters. He plunged and tore his way through for 186 yards Jim Ayres was next with 68 yards and McFarland and the Benton brothers followed with 35 yards apiece. Lard was good for 30 yards and Buckingham

### Tries Football

STANFORD UNIVERSITY, CALIF.—Two track stars who helped Stanford win its third successive national track and field championship last spring are carrying their activities to the football field this fall.

They are Harlow Rothert, holder for a time of the national intercollegiate shot put record, and Ward Edmonds, of pole vaulting and hurdling renown. Rothert has crashed through for a varsity halfback position. Coach Glenn "Pop" Warner will depend much this season upon his kicking and line plunging ability.

Edmonds, weighing only 145 pounds but fleet footed, also aspires to a halfback berth. It is his first whirl at college football although he played at high school.

and Chastain for 18 yards each. After three first downs, after Pampa received the kickoff, which was featured by a 37-yard run by Saulsbury, Jim Ayres carried the ball 5 yards for the first touchdown. Lard kicked the goal.

On the first play after kickoff Jim Ayres tore through for 31 yards to be followed by Lard, Chastain and Saulsbury for long gains. With the ball on the 10-yard line Lard threw a pass to Saulsbury who trotted across the line without being tackled. On the kickoff for extra point Pampa was offside.

The ball was on the 50 yard line at the quarter.

Soon after the second quarter got under way Coach Mitchell sent in his second string team composed of Buchanan, McFarland, and the Benton brothers in the backfield and Pafford, English, Moore, Poe, Greene, Reno and Braly in the line.

They continued the march down the field and Dick Benton went over for the third touchdown, Buckingham added the point.

Continuing to buck the line and run the ends, the second string boys sent the ball up the field and had it on Borger's 20 yard line at the half.

The Bulldog had the ball in their possession five times during the half. They tried bucking, running ends and passing with the same negative result. Bull and Timmons crashed the line and they were worn out but could gain no headway. The longest gain was made by Timmons who made 8 yards off tackle.

The second half opened with Saulsbury making 13 yards to be followed by Jim Ayres and Lard for nice gains. With the ball on Borger's 18-yard line Lard slipped another short pass to Saulsbury and he galloped over for another touchdown. The try failed.

The Pampa boys were tackling hard and low and Borger had to kick on the third down. The Harvesters took the ball and started up the field and had it on Borger's 9 yard line at the end of the quarter. The last play was a pass of 13 yards, Lard to Chastain.

Saulsbury carried the ball over for a touchdown and Lard added the extra point.

One of the most spectacular plays of the day followed when Saulsbury threw a 20 yard pass to Monroe who when tackled, passed the ball to Jim Ayres who made another 5 yards.

Then the second stringers were sent into the fray. They had the ball bucked to the Borger 10-yard line when the Gorillas took the field. After being thrown for two losses Kahl passed to Doucette for 10 yards but the next down failed. On Borger's first plunge Timmons lost the ball and Poe recovered. Ledrick then passed to Doucette for 9 yards as the whistle blew.

The Borger eleven was played off its feet and were unable to stop the Harvesters in the last quarter. Timmons, Morrison, and Bullock gamely continued to buck the line and Borger's shattered wall worked hard to the end.

#### Fifth Inning

CUBS—Root hit to Dykes and was out to Foxx, who caught the ball with one hand. McMillan hit to Boley and was out at first. English lined to Bishop, who stood still to catch the ball. No runs, no hits, no errors, none left.

ATHLETICS—Miller hit through the box for a single, the ball bounding from Root's glove with great force. Dykes and a double play followed, Dykes to Bishop to Foxx. One run, two hits, no errors, one left.

ATHLETICS—Simmons hit on top of the stands in left field for a home run. Foxx singled to right field. Miller singled to center and Foxx took second. It was a fly which fell in front of Wilson. Foxx scored on Dykes' single to left. Miller stopped at second. Miller scored on Boley's single to right center. Dykes going to third and Boley stopping at first. Burns

Hornsby scored on Cuyler's single to right and Wilson ran to third, Cuyler stopping at first. Wilson scored on Stephenson's single to center. Cuyler went to second. Quinn was taken from the box, and Walberg went in to pitch for the A's. Grimm bunted to Walberg, who threw wildly to first. Cuyler scored and Stephenson followed him home. Grimm was given a base hit and Walberg charged with an error. Grimm ran to third. Grimm scored on Taylor's sacrifice fly to Haas in right center. The Athletics kicked long and hard on the decision at the plate. Root fanned, swinging. McMillan struck out swinging at the third strike. Five runs, five hits, one error, none left.

ATHLETICS—Bishop went out on a fly to Stephenson. Haas hit to Hornsby and was out at first. Cochrane went out on a fly to Wilson far back in center field. No runs, no hits, no errors, none left.

#### Seventh Inning

CUBS—Rommel went in to pitch for the Athletics. English went out on a fly to Haas in center. Hornsby hit into deep center field for three bases. Wilson walked. Hornsby scored on Cuyler's single to left. Wilson went to second. Stephenson hit to Dykes and a double play followed, Dykes to Bishop to Foxx. One run, two hits, no errors, one left.

ATHLETICS—Simmons hit on top of the stands in left field for a home run. Foxx singled to right field. Miller singled to center and Foxx took second. It was a fly which fell in front of Wilson. Foxx scored on Dykes' single to left. Miller stopped at second. Miller scored on Boley's single to right center. Dykes going to third and Boley stopping at first. Burns

batted for Rommel. Burns filed to English back of short. Dykes scored on Bishop's single to center. Boley went to third, Bishop stopping at first. Root was taken out. Nehf went in to pitch for the Cubs. Boley scored and Bishop and Dykes on Haas' home run into center field which jumped Wilson as he seemed about to catch it. The sun was in his eyes. Cochrane walked. Blake went to the mound for the Cubs. Simmons singled to left, sending Cochrane to second. It was Simmons' second hit of the inning. Cochrane scored on Foxx's single to center, tying the score. Simmons ran to third, McMillan went in to pitch. Miller was hit by a pitched ball, filling the bases. Simmons and Foxx scored when Dykes hit a fly into left for two bases. Miller stopped on third, Boley fanned, hitting at third strike. Burns struck out.

#### Eighth Inning

CUBS—Grove went in to pitch for the Athletics. Grimm went out, Boley to Foxx. Taylor fanned swinging. Hartnett batting for Malone, fanned swinging. No runs, not hits, no errors, none left.

ATHLETICS—Carlson went in to pitch for the Cubs. Bishop singled to left just inside the foul line. Haas sacrificed with a bunt to Carlson. Bishop was thrown out at the plate by Stephenson after Cochrane had singled to left. Cochrane took second on the throw. Simmons fanned on called strike. No runs, two hits, no errors, one left.

#### Ninth Inning

CUBS—McMillan fanned on three pitched balls. English fanned. Hornsby filed out to Miller. No runs, not hits, no errors, none left.

**BUILT BY BUICK**

The Marquette is sweeping to nationwide success with an array of features that distinguish it at once as the most outstanding value in the moderate-price field:

**BUILT BY BUICK**—The Marquette alone in its class can offer the priceless advantages of Buick engineering, Buick craftsmanship and countrywide Buick service facilities.

**PERFORMANCE**—Brilliant pick-up—30 to 60 miles an hour in 3 seconds—dashing speed—68 or 70 honest miles an hour—and a wonderful fund of smooth, flexible power.

**PISTON DISPLACEMENT**—The marvelous power plant has a larger piston displacement (215.8 cubic inches) than any car of its price!

**ECONOMY**—Even with larger piston displacement, this remarkable engine operates in the normal driving range with appreciably lower fuel consumption! Tire mileage is phenomenal. Service needs are at an absolute minimum.

**COMPLETENESS**—Throughout the Marquette you will find a full complement of the finest features. Nothing but the very best has been good enough!

**ROADABILITY**—So perfect are its poise and balance that, at every speed, riding qualities and roadability are amazingly superior to those of many cars of much higher price!

**UPHOLSTERY**—The Marquette alone in the moderate-price class is upholstered with a wonderful new waterproof, dustproof, wear-proof mohair.

**ENDURANCE**—Buick-built cars are famous for stamina. The Marquette delivers many thousands of miles of brilliant, uninterrupted service over every kind of road.

**EXTRA VALUE**—Buick's immense resources and great facilities provide in the Marquette extra goodness in every part—extra snap and sparkle in performance—extra value, unapproached at the price.

**STYLE**—The Marquette is as distinguished in appearance as in performance. Its handsomely tailored bodies by Fisher challenge comparison with the smartest cars on the road!

See the Marquette. Take the wheel and discover performance that knows no rival in the moderate-price field!

## Gallant Old Connie Mack Unable to Tell Men How He Liked Rally

BY EDWARD J. NEIL  
Associated Press Sports Writer  
SHIBE PARK, Philadelphia, Oct. 12. (P)—A tall, lean, tremulous old man in a neat blue suit, hat in hand, overcoat folded meticulously over one arm, stepped timidly today into one of the wildest celebrations in the history of world series aftermaths.

He shivered with emotion as he tapped lightly on the door of the Athletics' dressing room. As the door swung open a burst of cheering, singing, and just plain incoherent shouting, billowed past him. He "swallowed" a couple of times, took a firm grip on himself and stepped inside.

The yelling over the mad 10 to 8 defeat of the Cubs died as Connie Mack, 67-year-old manager of the ball club that had just staged the most sensational rally in world series history looked around at his players. His shaggy eyebrows quivered and the lines of his face were deep from restrained emotion.

Lean and stately, the kindly old man who rarely visits his players after combat, tried to speak and break the beaming, happy silence. He gulped and looked at each one of them.

Finally he spoke.  
"I'd just like to be able to express to you the things I feel," he told his players. "But I can't. I'll have to let it go at that."

And then, rather than break down in his happiness, Connie turned on his heels and marched out, leaving the celebration to roar out afresh behind him.

"I've never seen anything like that rally," he said as he hurried away. There is nothing in baseball history to compare with it. It was the greatest display of punch and fighting ability I've ever seen on a ball field."

In another dressing room, only a few yards away, there were other tears very close to the surface, if tears can ever really get that close to a ball player.

Hack Wilson, the gallant chunky powerhouse of the Cubs, muttered to himself as he changed his clothes. He fought with his shoe laces, pulled his hat down over his eyes and stalked from the room, oblivious to the cheering words of his team mates. He was heart broken and burning with pent-up rage at the same time. Up to the final innings today Hack was the hitting, fielding hero of the Bruins, today he lost two crucial fly balls in the sun.

Another sad ball player was Norman McMullan, who saw "double play balls" from Al Simmons' bat bounced over

his head for the clean hit that blasted the Cubs' hopes in the final stages of that ten-run rally in the seventh inning. McMullan was made just like the rest of the Cubs, who could hardly believe that the things they saw the A's do today actually had happened.

Joe McCarthy the pleasant pilot of the Bruins, calmed his players in philosophical fashion.  
"The breaks of the game beat us today," he said, "but we're not shipped in this series yet by any means. It took the worst breaks I have ever seen."

"The sun had a lot to do with it. In the seventh the sun shone directly in the eyes of every pitcher I sent out there. It was just going down behind the grandstand. Artie Nehf was almost blinded and poor Hack was in a terrible fix out there in centerfield." Jimmy Dykes, considers the series "all over."

"I wish I could bat all the time in the National league," he cried. "I'd sure lead that circuit. All you have to do against these Cub pitchers is stick your bat out and you get hits."

But Joe McCarthy had the final word as he marshalled his raging charges off to their hotel.  
"You can beat a ball club and even move a ball park," he said, "but you can't do either to the sun."

## Arkansas Gets Bad Beating From Texas University

FAYETTEVILLE, Ark., Oct. 12. (P)—Texas handed Arkansas the most disastrous defeat the Razorbacks ever suffered, a 27 to 0 shutout, on their own field, here today in the final quarter of the game, after Arkansas had held the Texans to a scoreless tie for three periods.

The Longhorns crossed the Arkansas goal line four times in the final period on short dashes and short passes, sweeping the Arkansas team off its feet. Dexter Shelley scored the first touchdown early in the period racing around right end after a series of short passes had taken the ball to the goal line. "Big Un" Rose made the second taking a 20-yard pass from Rees and Shelley added the extra point, a feat he had failed on his own touchdown.

## TEXAS AGGIES BEAT KANSANS AT DALLAS

DALLAS, Oct. 12. (P)—Scoring in the first minute of play and pushing across two more touchdowns in the final period after their opponents had worn themselves down in a vain effort to overtake them, the Texas Aggies defeated the Kansas Aggies, 19 to 0, in their intersectional battle here today.

Ten thousand spectators witnessed a brilliant display of offensive football from the first kickoff. Captain Mills of Texas ran back 60 yards, to the final gun. The Kansas eleven chalked up 14 first downs, compared to 13 for the winners. The Texas Aggies made nine of theirs in a fourth-quarter assault that tore the Kansas line to shreds.

Led by a scampering halfback, Nigro, who broke loose for many long runs around the wings and off tackle, Coach Bo McMillin's purple clad Kansans clearly outplayed the Bellmen for the first three periods. Time and again the northern eleven penetrated deep into its opponents' territory, but each time the Texas line braced and held firm. The final period saw the Kansans so worn that they fell easy prey to a furious assault launched by the Texans.

## All Teachers of Two Wards Attend Friday's Grid Tilt

Two of Pampa's ward schools claimed 100 per cent attendance of the faculty at Friday's football game between the Harvesters and the Borger eleven. These schools were the Baker school, of which Aaron Meek is principal, and the West Ward headed by Mrs. Josephine Thomas.

The teachers were commended by Supt. R. B. Fisher for their interest in the students.

## A. C. C. Wildcats Win Over Buffaloes

ABILENE, Oct. 12. (P)—Abilene Christian college opened the T. I. A. A. football race here today with a 16 to 0 victory over the West Texas Teachers. The Abilene eleven's big line ripped huge holes for its backs to tear through. The Teachers made their biggest threat through the air, completing 12 of 20 passes attempted.

## Sailor Clingman Beats Betke With Brilliant Exhibition of Wrestling

Four paralyzing head-locks and body slams followed by a breath-taking merry-go-round left Dutch Betke lying flat on his back on the mat and won a second fall in 13 minutes and a match decision for Sailor Otis Clingman in a rip-smartin' wrestling match at the Pla-Mor auditorium Friday night.

The former champion of the navy won the first fall after 16 minutes of vicious wrestling with a combination leg, arm bar and toe hold. The ex-gob with the advantage this excruciating hold afforded literally forced the tough Dutchman's shoulders to the mat.

Clingman failed to get the anticipated head-lock in his first wild rush at Dutch but a few seconds later had him tearing his hair in a leg split. Betke slipped out but Clingman had him wining again in arm and toe hold. Dutch, unable to break it, crawled to the ropes, as he did three more times later in the match when it seemed that he must crawl off the mat or tap it.

Clingman found it comparatively easy to break the few holds which the Borger man managed to get. One of these, a scissors and arm made the sailor wince for a minute. Clingman finally broke it and got a foot hold which made Dutch crawl to the ropes again. Betke demonstrated several times before both falls that he also knows how to execute a body slam.

The ex-sailor gave one of the best exhibitions of clean wrestling ever seen here, although Betke's fingers were busy, especially in the second fall, in Clingman's mouth, eyes, at his throat and in his hair. Dutch broke several painful holds by pulling his opponent's hair, and digging in his mouth. So it was not surprising that Clingman was bloody at the end of the first fall.

Clingman got about three holds to his opponent's one from the beginning of the match to the end. The spectacular merry-go-round at the finish was not surprising. Dutch weighed 162 and Clingman 158.

The two wrestling matches were refereed by Jack Patton, welterweight boxing champ of Tulane university in

1924. Clingman may soon be a citizen of Pampa as he may begin working for Cal Farley here.

A mixed wrestling-boxing match between grappler Tulsa Flash and slugger Kid Knight was stopped just before the gong sounded in the second round. The bout was scheduled to last three rounds. The flash who had just been knocked dizzy by the Kid, managed to get a strangle on him and the management thought best to stop it.

Kid Williams of Dallas, weight 175, won a decision over Sam Stringer 165 when Stringer crawled his back and the Kid fell to the floor with him knocking him out. Andy Gump and Jack Alexander fought to a draw in a bloody three-round battle. Cyclone Bond of Wichita Falls was introduced. He challenged any wrestler in the Panhandle to a mixed boxing-wrestling match, which J. J. Denebeim says may materialize.

## Hillbillies Spring Surprise to Beat Tech Matadors

LUBBOCK, Oct. 12. (P)—The unheralded Daniel Baker eleven proved good mudhorses here today and upset Texas Tech 6 to 2.

The game for the most part, was a battle of punts. In the third quarter, however, Daniel Baker scored a touchdown on a 30 yard pass over the goal line, Hunter to Johnson. Hunter missed his placement for point after touchdown. Tech's two points were made in the fourth quarter after Green had dropped a beautiful punt out of bounds on Daniel Baker's one-yard line.

Hunter tried to kick from behind the goal line, but was smeared before he could get the kick away.

## GEORGIA BEATS YALE

ATHENS, Ga., Oct. 12. (P)—A fighting Georgia team packed a healthy punch today to defeat Yale 15 to 0 before a howling mass of 35,000 persons, who had journeyed here for the dedication of Sanford stadium.

## High Foursome to Fight for Honors

The high foursome at the Pampa Country club—Studer, Webb, Barrett, and Hicks—planned to fight it out beginning at 1 p. m. today for honors on the local golf course. The prize was uncertain, but the satisfaction was expected to be considerable.

Play will begin soon in a handicap tournament, with the prize a loving cup offered by President H. Otto Studer of the club. The cup will become the possession of the golfer winning it on two successive years.

## Rochester Evens Count in Series

ROCHESTER, Oct. 12. (P)—The Rochester Red Wings tied the little world's series at four victories each today by winning the eighth game 6 to 5 in 11 innings. Worthington's sacrifice fly scored Brown with the winning run after Rochester had staged an uphill battle all the way.

The Red Wings came from behind in the sixth and ninth inning to tie the score. Rochester collected fifteen hits off Sheehan, Murray and Day while Kansas City nicked Carleton, Derringer, and Littlejohn for eleven.

## Oklahoma Beats Creighton, 26 to 0

OWEN FIELD, Norman, Okla., Oct. 12. (P)—A smoothly functioning University of Oklahoma eleven battered Creighton university's gridsters for a 26 to 0 victory here this afternoon. The Sooners dominated the play at all times. The visitors never making a serious threat.

## SAN MARCOS TEACHERS BEAT KINGSVILLE RIVALS

SAN MARCOS Oct. 12. (P)—The San Marcos Teachers eleven defeated the Kingsville Teachers 32 to 0 here today upsetting the strategy of the visitors to score two of their touchdowns.

Two blocked punts and two intercepted passes figured heavily in the local team's scoring. Brannum, Berry and Kitchens were outstanding for San Marcos, while J. Smith, M. Smith and E. Smith bore the brunt of the Kingsville attack.

Shook Rubber Company,  
Dallas, Texas.  
Gentlemen:

I wish to advise that we have been using Federal Tires for the past twelve months, buying them through J. F. Frye Rubber company.

We operate a string of trucks, in all the West Texas oil fields and find that we have gotten better service at lower cost out of Federal Tires than any other tire we have ever used, and we have used many brands, having been in the oil field trucking business for five years.

We do not hesitate in recommending Federal Tires to any one wanting tires for real service.

Very truly yours,  
C. A. JONES, Genl. Contractor.

### Straight Gains Win for Baylor

WACO, Oct. 12. (P)—Still showing nothing but orthodox football the Baylor Bears defeated St. Edward's university here today, 19 to 0.  
 The Bears were extended to gain a verdict over the Saints who presented an offense that was smooth and a defense that kept the Bruins well in check.

### Gentlemen Easy Victims of T. C. U.

SHREVEPORT, La., Oct. 12. (P)—Texas Christian university's Horned Frogs outclassed the Centenary Gentlemen in every department of play in their game at the state fair grounds today and defeated the local collegians 28 to 0.  
 It evened the standing between the two colleges, which have won two each in four engagements.

### Northwestern Powerful

MADISON, Wis., Oct. 12. (P)—Outplaying Wisconsin in all departments, and bracing when the Badgers threatened, Northwestern defeated Wisconsin, 7 to 0, here today.

### Rice Finally Wins Game on Gridiron

HOUSTON, Oct. 12. (P)—Rice Institute wore down the Southwestern University Pirates of Georgetown, Texas, to win 14 to 6 here today. It was the first Rice victory in three years.

### Nebraska Defeats Syracuse, 13 to 6

SYRACUSE, N. Y., Oct. 12. (P)—The University of Nebraska broke its 3 to 3 tie in games with Syracuse university in Archbold stadium here today by the score of 13 to 6.  
 The Cornhuskers came from behind

to defeat the Orange, Syracuse having scored in the first period.

## Honest Values that assure DEPENDABLE TRANSPORTATION!

### The Chevrolet Red, "O. K. That Counts" Tag Protects Your Used Car Purchase

Used car buyers in this community have learned that they can have perfect confidence in any used car that has attached to its radiator cap the Chevrolet red "O. K. that Counts" tag.

Under the terms of Chevrolet's used car policy, originated to protect the used car buyer, every reconditioned car we offer for sale is identified by means of this red tag attached to the radiator cap. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service.

Due to the great popularity of the new Chevrolet Six in this community, we have on hand at this time an unusually large group of these "O. K.'d" cars. If you are in the market for a dependable used car—come in. You are certain to find the car you want—at a price that will positively save you money. Make a small down payment and drive the car away—balance on easy terms.

# Mrs Leona Rusk Ihrig Selects The New HOTPOINT ELECTRIC RANGE For Exclusive Use In Her Cooking School!

Mrs. Ihrig will demonstrate for you the better, simpler way to cook—the Hotpoint way! She'll show you how to cook your meals perfectly, without watching—how to put the entire meal in the oven, including dessert, set the simple automatic controls, and forget cooking worries for the day! The oven will maintain the correct heat, and then turn itself off at the desired time.

Learn from Mrs. Ihrig how a Hotpoint Electric Range makes cooking cool in summer, avoid soot and discolored utensils, and keeps your walls and ceilings clean. And she'll demonstrate for you its speed, economy, and other qualities which make this modern type electric range 25 years ahead of old methods of cooking.

Examine the Hotpoint at our booth at the Cooking School. Complete information as to its features, reasonable cost and other facts you'll want to know are yours for the asking.
