El Paso Is Filling With Delegates Arriving for Chamber Convention

EL PASO, Oct. 23. (P)—This gateway city today awakened in full holiday attire as the vanguard of delegates and visitors began arriving for the eleventh annual convention of the West Texas Chamber of Commerce.

Hotel lobbies took on an unusual amount of din as the visitors arrived by special train, by motorcade, and by the latest mode of traveling—the airplane. By night fall it was apparent hostilities would be nearly filled, and plans were made to throw open to the visitors hundreds of private homes.

Early predictions that this would be the greatest gathering ever held by the organization seemed well on the way to be borne out as streets and other public places were filled with the

safety of bustling delegations. El Paso also expected it to be its largest convention.

The meeting will formally get under way tomorrow morning at Liberty hall, with Governor Dan Moody delivering the featuring address.

A meeting of directors was called this morning to perfect last minute preparations.

On Friday the featuring address will be delivered by Governor R. C. Dillon of New Mexico, and on Saturday, the last day of the convention, Governor Luis Leon of Chihuahua, Mexico, will speak.

The convention will close Saturday night with a typical Spanish fiesta in Juarez.

PROPOSAL TO BRING GAME OF NOVEMBER 11 TO PAMPA GIVEN PERRYTON SCHOOL ON TUESDAY

Reply of Perryton school officials to a proposition to play the Pampa-Perryton game here on Armistice day was submitted today by local representatives who went to the Ochiltree county city yesterday afternoon.

Coach Odus Mitchell, backed by an American Legion decision to underwrite the game to the extent of \$1,000, offered Supt. Erwin of Perryton that sum to bring the game here. The superintendent showed considerable interest in the local proposal, but said

he would have to consult his school board and other Perryton supporters before announcing a decision. The Harvesters are otherwise due to play in Perryton if undefeated by November 11.

The desire of the Legion to bring the game here is based on the idea of having an outstanding Armistice day program, of which the football game would furnish the sports feature. An elaborate speaking program is being planned, together with other features of the day.

Ferguson Feeling Out State Upon Idea of Candidacy for Governor

AUSTIN, Oct. 23. (P)—Former Governor James E. Ferguson, for ten years an active figure in Texas politics, today was threatening to run for Governor next year. In a formal statement he outlined what his platform would be in the event he made the race.

He declared that instead of spending \$5,000,000 for a new penitentiary plant he would ask the legislature to appropriate \$500,000 with which to fix up buildings at Huntsville. He said he would pardon "about 2,000 of the convicts for good records and good behavior."

He stated that "from many parts of the state my wife and I are getting many letters suggesting that one of us announce for governor."

Evidently indicative that if either should run it would be Mr. Ferguson, rather than Mrs. Ferguson, the statement set out a platform which would be placed before the people.

He said he would veto all legislation with reference to prohibition; favor reduction of the number of public servants and oppose any county official receiving more than \$6,000 annually; prohibit any state bank from loaning over ten per cent of its capital and deposits outside of Texas; favor repeal of the law passed by the present legislature prohibiting removal of tenants or laborers without consent of landlords; favor law abolishing present highway commissioners and election of five com. missioners who would give full time to duties; favor three-cent gasoline tax and material reduction in automobile registration fees, and favor luxury tax on all factory made cigars and cigars, the proceeds to go to the common schools.

He would have to consult his school board and other Perryton supporters before announcing a decision. The Harvesters are otherwise due to play in Perryton if undefeated by November 11.

The desire of the Legion to bring the game here is based on the idea of having an outstanding Armistice day program, of which the football game would furnish the sports feature. An elaborate speaking program is being planned, together with other features of the day.

Merriman Rehearing Denied
AUSTIN, Oct. 23. (P)—The court of criminal appeals today overruled the motion for a rehearing of Lee Roy Merriman, Dallas, whose death sentence had been affirmed previously. He was convicted of criminal assault. The court two weeks ago affirmed the death sentence against Ben Aldridge for a similar offense.

He would have to consult his school board and other Perryton supporters before announcing a decision. The Harvesters are otherwise due to play in Perryton if undefeated by November 11.

The desire of the Legion to bring the game here is based on the idea of having an outstanding Armistice day program, of which the football game would furnish the sports feature. An elaborate speaking program is being planned, together with other features of the day.

Girl Kills Stepmother
BARNHART, Mo., Oct. 23. (P)—Miss Helen Vachuda, 20, who conducts a roadhouse known as "Helen's Place" near Imperial, Mo., drove five miles from her establishment to the home of her stepfather, William Zarbua, 48, here last night and then shot him dead for striking her mother. She was held in jail at Hillsboro on a charge of murder.

He would have to consult his school board and other Perryton supporters before announcing a decision. The Harvesters are otherwise due to play in Perryton if undefeated by November 11.

The desire of the Legion to bring the game here is based on the idea of having an outstanding Armistice day program, of which the football game would furnish the sports feature. An elaborate speaking program is being planned, together with other features of the day.

THE WEATHER VANE
WEST TEXAS: Fair, frost in north portion tonight; Thursday fair.

Pampa Men at W. T. C. C. Meeting
Manager George Briggs of the Board of City Development, C. B. Akers, manager of the Rex and Crescent theatres, and Harry E. Hoar of the Daily News organization are in El Paso for the West Texas Chamber of Commerce convention.

Mr. Briggs today will attend a preliminary meeting of Chamber secretaries. The men will return Sunday or Monday.

AND A SMILE
NEW YORK (P)—Ray Williams was up for sentence as a robber and gunman.

"Your honor," he asked, "I want a week's adjournment to wind up my business affairs."

"Your business affairs! what are they?"

"Well I hold shares in several good speakeries."

"You certainly have your nerve with you," concluded Judge Rosalsky. "Twenty years."

OPERATORS' COMPANY ADDS HOLDINGS RAILROAD FIGHT MAY BE DECIDED SOON

RAIL OFFICIAL THINKS CLIMAX LIKELY NOV. 15

Frank Clarity, Who Is Vice-President, Is Quoted
CHAS. C. COOK IS DOUBTFUL TODAY
Local Attorney Is Not Yet Informed of Date

Chas. C. Cook, attorney for the Board of City Development in the recent railroad hearing, has had no notice of the possibility of an Interstate Commerce Commission decision by November 15, as predicted yesterday by the Star-Telegram.

He thought it hardly possible, in view of oral arguments which had been planned, but said a change in the I. C. C. schedule for the case may have been made.

"The Star-Telegram article, by Byron C. Utech, follows:

The Interstate Commerce Commission probably will announce a decision on the application of the Fort Worth and Denver Railroad to extend a branch from Childress northward to Pampa by Nov. 15, Frank E. Clarity, vice president and general manager, said Monday. The line, if authorized, will be 110 miles long, tapping a rich agricultural section and adding to Fort Worth's trade territory.

The commission at the same time may decide various applications of the Frisco and Rock Island for extensions, which would connect lines for more direct routing in Fort Worth from Northwest Texas. One of these would extend the Gulf, Texas and Western from Seymour to Paducah meeting the Quahok, Acme and Pacific; from Jacksboro the Gulf Texas and Western would use Rock Island tracks into Fort Worth. The Frisco recently purchased the G. T. & W.

Italian Prince In Brussels to Ask Girl's Hand

BRUSSELS, Oct. 23. (P)—Umberto, prince of Piedmont, Italy's 25-year-old crown prince, arrived here today to ask King Albert for the hand of his 23-year-old daughter, Princess Marie Jose. Formal sanction will be given and announcement of the engagement made probably tomorrow.

King Albert and his two sons, all in plain clothes, met the prince of the railway station. A large number of Italians were on the platform and were introduced by the Italian ambassador. Italians waiting outside shouted "Long Live Italy."

The prince and his suite are traveling incognito.

TEX-MORE OIL INTERESTS GO TO LOCAL MEN

Tom Doswell Announces Large Purchase This Morning
GAS PROPERTY IS TRANSFERRED
Artesia, N. M., Lease of 700 Acres Is Involved

Purchase of the Tex-More Oil and Gas company holdings in the Gray county field and in the Artesia, New Mexico, field, by Operators' Oil company was announced today by Tom Doswell, general manager of the company.

The deal was consummated last week-end in Pampa and Chicago by officials of both companies. The Illinois city is general headquarters for the Tex-More Oil and Gas company. Although no purchase price was announced, the figure paid by Operators' must have run well into the hundreds of thousands.

By the terms of the transaction, the purchasing company acquires 220 acres of valuable gas land in section 85, block B.2, in Gray county. The two gas wells on this lease supplies the city of Pampa with fuel. Another gas well will be drilled on this acreage in the immediate future.

In the Artesia, N. M., field, Operators' bought from Tex-More a 700-acre lease on which are now 17 producing oil wells. Two more wells will be drilled on this lease immediately.

Jim Cloud of Tulsa, Okla., is president of Operators' company. Ray M. Dunnett is secretary, and Mr. Doswell is general manager.

NEW TRIAL IS REFUSED—CASE NOW APPEALED

A new trial was refused Tom C. Johnson by Judge C. G. Engledow in district court here yesterday when his attorneys filed the motion with the court.

The case was immediately appealed to the Court of Criminal Appeals. Johnson, Wheeler county deputy, was given a 10-year sentence in the penitentiary last Sunday on a statutory offense. Trial of W. W. Davis, who is charged with being a partner in the crime for which Johnson was convicted will be held the week beginning Nov. 11.

Johnson immediately after the jury returned its verdict, was lodged in the county jail, where he remained until the case was appealed. Upon his release he went back to Shamrock.

Johnson's appeal bond was set at \$7,500.

Appeal of Local Man Denied Today

The case of Jim Jackson, who was given a 7-year term in the penitentiary for the murder of John Walling on last January 23, was affirmed by the court of criminal appeals at Austin today. Jackson was convicted and sentenced in the March term of the 31st district court here. He appealed the case later. Jackson is now being held in the Gray county jail. He will be transported to prison as soon as confirmation of the sentence arrives. Sheriff E. S. Graves said.

Mountain Town in Path of Fire

SEATTLE, Oct. 23. (P)—Driven by a heavy wind, a forest fire threatened the mountain village of Gold Bar, Wash., today.

The east bound Oriental Limited, Great Northern railway passenger train, was held up by the fire, which was raging out of control over a four mile area near Index.

PAMPA ESCAPES FREEZE AND FROST IN COLDEST WEATHER OF SEASON LAST EVENING

DALLAS, Oct. 23. (P)—Near freezing weather made its appearance in Texas last night for the first time this season.

A strong north wind that blew over the greater part of West Texas yesterday, subsided during the night after temperatures had been forced down a number of degrees.

Amarillo was one of the coldest places, the first frost of the season being reported in that section after the thermometer was sent tumbling to 33 degrees. This was a day later than the first frost of last year.

The chilling winds also reached into

Elks Lodge Gives Large Sum to School Orchestra

Thomas Fannell, head of the music department of the public schools and director of the high school orchestra, announced today that the Elks lodge had presented the orchestra a cash gift of \$420.11, which, he said, would be invested in music and instruments, the lodge having made no stipulation as to how the money was to be used.

"It was a splendid thing for the organization to assist the school in such a way," Mr. Fannell said in expressing his appreciation and that of the orchestra for the generous gift. The donation, incidentally, was taken up among the members on the evening of the recent initiation ceremony with which the lodge was instituted, hence was among the order's first civic projects. A check for the amount of the donation was sent the orchestra yesterday by Lee McConnell, treasurer of the Elks lodge.

RED CROSS TO PICK OFFICERS IN NEXT MONTH

Election of new officers of the Pampa Red Cross chapter will be made immediately after the annual roll call is concluded, it was decided yesterday at a meeting of Chairman Tom W. Brabham and directors.

The roll call is being planned by Scott Barcus, who has been appointed chairman of the drive. He will have the assistance of representatives from various churches, clubs, and other organizations.

The goal this year is 1,000 members, and it is believed these may be obtained in two days of intensive work. The roll call normally starts on Nov. 11, but organized soliciting will likely be held a few days later. Supplies for the work have been received by Mr. Barcus.

College Presidents Like Horse Racing

ARLINGTON, Oct. 23. (P)—If kept within the law, horse racing at Arlington Downs will have the backing of educational institutions of North Texas.

This was the expression of half a dozen representatives of educational and business institutions at a "testimonial meeting" here yesterday for W. T. Waggoner and other backers of Arlington Downs. It was put into words by C. C. Seelman, president of Southern Methodist university at Dallas, who asserted there was no more need for betting on a horse race than a football game.

Other speakers were Dr. E. M. Waits, president of Texas Christian university at Fort Worth; Rev. Father Henry Felderhoff, assistant pastor of St. Patrick's Catholic church of Fort Worth; Dean E. E. Davis of North Texas Agricultural college; Federal Judge Sheppard of Florida, at present judge of the U. S. court at Fort Worth, and others of Dallas and Fort Worth.

DITEMAN DUE IN LONDON ON OCEAN FLIGHT

Belfast, Ireland Has No Information on Montana Man
WIFE SAYS HE IS NO NOVICE
Tiny Plane Bought and Remodeled for Effort

LONDON, Oct. 23. (P)—As hour after hour went by today and no word was received from any place regarding the fate of Urban F. Diteman, Jr., who made a surprise take-off from New Foundland yesterday for London, aviation circles here held less and less hope for his safety.

Although it was thought he should have been heard from hours ago, instructions were issued for London's great airports at Croydon to be illuminated through the night. All along the Irish and English coasts a sharp lookout was kept, but there was no sign of the plane.

BELFAST, Northern Ireland, Oct. 23. (P)—Up to 5 p. m., today (noon E. S. T.) Urban F. Diteman, Jr., solitary trans-Atlantic flier, had not been sighted by an Irish station. He was due at London by this hour after leaving New Foundland yesterday.

BILLINGS, Mont., Oct. 23. (P)—After a sleepless night, Mrs. U. F. Diteman waited eagerly today for news of the little plane and expressed confidence in her husband's ability to "make it." She reiterated he was no novice in flying.

HARBOR GRACE, N. F., Oct. 23. (P)—Urban F. Diteman, Jr., 32, a Montana cattleman who traces his ancestry to Sir Francis Drake, English sea adventurer, was presumed to be far out over the Atlantic today on a solo flight from here to London.

He took off at 12:45 p. m., eastern standard time yesterday in a small monoplane, named the Golden Hind after one of the ships commanded by Sir Francis Drake. The plane carried 165 gallons of fuel, which Diteman estimated was sufficient for 25 hours.

The Golden Hind was last seen ten minutes after the take off heading out to sea over Cape St. Francis, N. F.

Airmen estimated between 25 and 30 hours would be required for the flight to London, which is approximately 2,350 miles. That would make Diteman due in London, if he succeeds, late Wednesday night or early Thursday morning, London time. The water jump from Harbor Grace to Ireland is 1,800 miles.

It was not known that Diteman planned to fly the Atlantic until after he was on his way. His destination was announced in a letter he left with the manager of the airport, marked "open after departure." It read:

"I have 165 U. S. standard gallons gasoline aboard, conservative estimate 25 hours."

"Many thanks, ye New Foundlanders, and I apologize for so many impromptu lies. Drake did not bring me here nor to London, albeit I am a descendant. Sorry if I hurt anyone's feelings. I meant no harm. P. S.—Many thanks. You will hear from me, "Dite."

Fairly favorable weather was forecast on both sides of the Atlantic. The weather at the takeoff was fine but a fog settled down on the Newfoundland coast by mid-afternoon, and by night the sky was overcast. A north-east wind was blowing.

Has Tonsil Operation
Mrs. Bob Roberts has returned from Amarillo, where she had a tonsillectomy Monday afternoon.

Chicago Whipped By Severe Storm of Wide Extent

CHICAGO, Oct. 23. (P)—The worst storm of the year—a storm shooting high waves against the Illinois-Wisconsin-Indiana shore line of Lake Michigan—swept eastward today, cold, raw and snow-choked.

In Chicago, it left crumpled sea walls flooded basements, water-filled boulevards; in Gary Ind., homes deserted by families fleeing the menacing seas; in Michigan City, Ind., a \$300,000 property damage; along the Wisconsin shore, crippled traffic and property loss in Lake Superior, Huron and Ontario, shipping fought the angry waters.

An unidentified freighter went aground in Lake Ontario just off Leamington, Ont., and life saving crews struggled to reach her through pounding seas.

The Lake Frugality, Ford Motor company barge with a crew of six, was adrift in Lake Superior. The steamer Maple Court of the Canada steamship lines was aground on Magnetic reef in Lake Huron, taking a severe pounding, but in no immediate danger. Two tugs stood by.

Air mail service was halted, and land and lake transportation was seriously crippled; but these effects of the storm were incidental to the physical damage done as far north as Green Bay and around the Chicago curve of the lake up to Michigan City, Ind., and beyond.

Snow began falling shortly before 10 o'clock last night over the entire area, and the temperature fell within two degrees of freezing.

A "kolacky day" was held at Montgomery, Minn., in an effort to popularize the luscious Bohemian delicacy.

It is not the intention of this newspaper to injure any individual, firm, or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

THE NEWS IS IN ACCORD WITH THE STATEMENT OF JUDGE IVEY E. DUNCAN THAT THE TRYING OF THE LENG THY WHEELER COUNTY CASES IN GRAY COUNTY IS UNFORTUNATE AT THIS TIME.

The financial aspect is bad enough, considering the state of county finances, but the time-consuming angle is even worse. Half of the district court term has been exhausted, and the criminal docket has hardly been touched. If another Wheeler case consumes an entire week, the Gray county criminal trials will be more numerous than before the current grand jury went into session.

It is not the fault of the court officials, for the mills of justice have been grinding steadily, but the difficulty lies in the inadequacy of the length of the term. It is unfair to Gray county to transfer cases here and consume time which is so vitally needed in local legal procedure.

It is a fact that there are criminals operating here without apparent fear of the operation of the law. And why should they? If they are caught, a bond gives them liberty and the courts are too crowded to hear their cases. This is especially true of liquor law violators. By the time trial begins, if it does, the liquid evidence has probably exploded and the witnesses upon whom prosecution depends have moved beyond reasonable jurisdiction of the court. Why any criminal should greatly fear a congested court, much less pay for protection to keep out of the clutches of the law, is difficult to fathom. If something is not done to clear the dockets, Gray county is not unlikely to be faced with an embarrassing criminal situation. This statement is not that of an alarmist. It is merely a repetition of the statements of county and city officers and district officials made to the writer since the current term convened here.

It is only right to try minor jail cases first, in order to give justice to those who can least afford to pay for legal talent to defend them and to put up bonds for their liberty. But the major criminals, in many cases, are the first to make bond the last to be tried. This is not justice nor efficient operation of criminal procedure.

There are, moreover, an equally large number of minor civil suits which have little chance to be heard. Now the gravity of a small title or debt judgment may seem of little moment to those not involved and who do not feel the injustice upon which the suit is based. But some of the greatest suits, circumstances of the plaintiffs considered, are those involving issues not spec-

tacular enough to command a favored position on the docket.

The judges sitting here have shown commendable desire to expedite cases as much as possible. But "railroading" would only bring about injustice in the attempt to speed justice in other cases. It is highly regrettable that American legal procedure is so inflexible that, even in this intellectual and enlightened age, we accept injustice as inevitable and custom is an insurmountable barrier.

TWINKLES

Curiosity is, we suppose, that something which makes us leave water in the radiators of our cars to see how cold it must get to freeze it.

Well, we will have to take off our hats to nature as about the only agency which enforces the laws it enacts.

One of the wonders of this community is how big a board bill can come out of that dinky little Gray county jail. What a wonderful business the jail game must be where stories rise above stories and the lobbies would contain a score of such jails. Why, if there was a way to make those prisoners earn their board, the county would have a working asset of around \$1,500 per month. That would build roads, parks, bridges, and sow the whole community in wheat. Maybe we need a county farm. It isn't right to let this thing go on.

If the duck hunters are to be blamed for this cold weather they had been wishing for, they ought to have to feed duck to all of us who as yet have not been able to locate our last year's overcoats.

About the only agency which is doing much for the farmer in the way of high finance is that of the installment house. And the politicians dare not point out the fallacy of spending the most of the net income on thoroughbred cars instead of thoroughbred livestock.

The theatre may be "on its last legs", but it surely looks like the talkies are on the theatre's legs at this moment.

GRANDVIEW NEWS

The Alanreed boys' basket-ball team defeated the Grandview team last Friday with a score of 33 to 14. Grandview's high point man was McCormish, and Alanreed's was Virgil.

Mr. and Mrs. G. C. Andis entertained with a forty-two party Saturday evening.

Mr. and Mrs. G. C. Carver were business visitors in Pampa Tuesday evening.

Mr. and Mrs. D. D. McCormick attended the Alanreed-Grandview basketball game Friday.

Mrs. Guy Andis was a business visitor in Pampa Friday.

Mr. and Mrs. C. S. Jones attended the Alanreed-Grandview basketball game Friday.

Mr. and Mrs. D. D. McCormick entertained the basket ball team with a dinner Sunday.

TEACHERAGE IS NEWLY PAINTED
Prof. Carver is improving the looks of the Grandview teacherage by applying a new coat of paint to the building.

Mr. and Mrs. John Baggerman and children visited in the home of Mr. and Mrs. C. N. Baggerman Sunday.

Grandview will play Hopkins No. 2 in a basket ball game Friday.

HOOPER PURSUED BY BAD STORMS

WITH PRESIDENT HOOVER'S FLOTILLA ON THE OHIO, Oct. 23. (AP)—Storms by water seem to pursue President Hoover.

On this voyage to commemorate the opening of the lock system on the Ohio he encountered last night one of the worst October storms experienced in this section in many years.

Equipped with a patent bow, which easily split the waves, his steamer, the Greenbrier, bucked head waves with ease compared to the snubbed craft that came behind, and it rode the blow well while anchored for the night, as did the other craft.

During his good will tour of Latin-

America, the president encountered no less than three storms. The first and most serious was that in crossing Tehuantepec bay off the coast of Mexico on the battleship Maryland.

Visiting his second port of call on that tour—Launton, San Salvador, the gig in which he crossed the bay ran into rough weather and he was able to get on the dock in the high running sea only at the risk of limb, if not life.

Then, as his homeward voyage on the Utah was almost at an end, sea and wind gave him a shake-up off Cape Hatteras on the North Carolina coast.

General Motors to Build Flying Boats

NEW YORK, Oct. 23. (AP)—Formation of a General Motor subsidiary to build flying boats of the type of the Dornier Do-X and incorporation of a Zeppelin Transport company for service between California and Hawaii were announced today.

Alfred P. Sloan, president of General Motors corporation, witnessed the successful test flight of the German-made Dornier Do-X with 169 persons aboard over Lake Constance, Switzerland, Monday.

The announcement said amphibians would be built in this country under Dornier design and patents in accordance with an agreement reached with the Dornier Aircraft company of Germany several months ago. Dr. Maurice Dornier, designer of the flying boats, will come to this country next month to assist in launching the new company. In addition to amphibians of the Dornier Do-X size, smaller craft will be built. The General Motors Dorniers are planned for domestic and international service.

Social Calendar

TUESDAY
El Progresso club will meet at 2:30 o'clock in the home of Mrs. George Alstad.
The Twentieth Century club will meet at 2:40 o'clock in the home of Mrs. R. C. Campbell.
WEDNESDAY
The Lafolot bridge club will meet at the home of Mr. and Mrs. H. W. Johns at 8 o'clock.
An all-day meeting of the Baptist Y. M. U. will be held at the church.
The Altar society of the Holy Souls church will convene promptly at 2:30 o'clock in the home of Mrs. A. B. Zahn, 222 North Somerville.
The Methodist Women's society will meet at the church at 3 o'clock for the study of a mission lesson.
The Women's auxiliary of the Presbyterian church will hold an all-day meeting at the church, to complete plans for the Northwest Texas Children's home at Amarillo. The work will start at 10 o'clock, and a covered luncheon will be served at 12 o'clock.
THURSDAY
The Friendship class of the Methodist Sunday school will hold a social meeting in the class room, beginning at 3 o'clock. Each member will bring something for the forthcoming bazaar.
A Halloween party for the Intermediate department of the Baptist church and Sunday school will be held in the church basement at 7:30 o'clock. All young people of the church, between the ages of 13 and 16 years, are cordially invited to be present.
The Pampa branch of the A. A. U. W. and College club will give a dance at the Schneider hotel, benefitting its scholarship fund. Joe Norman's orchestra will play, and dancing will begin at 9 o'clock.
The women of Mooseheart Legion will give a founders' day program and a Halloween party at the Odd Fellows' hall at 7:30 o'clock.
FRIDAY
The Mother's Primary school club will meet at 10 o'clock in the women's parlor of the Methodist church, for the transaction of business relating to the school.
The Child Study club will meet in the home of Mrs. J. M. Turner, 515 Short street, at 2:30 o'clock.
A Halloween party will be given in the basement of the Baptist church for all young people of the Senior department, 17 years of age or older, beginning at 7:30 o'clock.
The Halcyon bridge club will meet in the home of Mr. and Mrs. E. B. Dober at 8 o'clock.
A regular meeting of the Women's auxiliary of the Carpenters' union will be held at 7:30 o'clock in the home of Mrs. L. A. Barber. All members are urged to attend.
The Cradle Roll club of the First Baptist church will give a party at the church for the mothers of children in the department. The affair is scheduled for 2:30 o'clock.
SATURDAY
A cooked food sale will be held by the Altar society of Holy Souls Catholic church at Piggy Wiggy store, No. 4.
A called meeting of members of Pythian Sisters lodge, women eligible for membership, and the committee on arrangements for institution of a local temple will be held at the Odd Fellows' hall at 2:30 o'clock.

Pythian Sisters to Institute Local Temple Wednesday

A temple of the Pythian Sisters will be instituted here next Wednesday at the Odd Fellows hall by Mrs. Willie Belle Boyd of Houston, grand chief, assisted by Lee Freeman of Fort Worth, grand chancellor of Texas.

The ceremony and the initial degree work will follow a banquet at the Schneider hotel, to which all Knights of Pythias, their families, and their friends are invited. Tickets for the banquet, which is scheduled for 7:30 o'clock, will be on sale by members of the committee within a few days, it was announced. Mrs. Boyd and Mr. Freeman will be the principal speakers of the occasion, which also will feature a brief musical program.

The committee on arrangements is as follows: Mrs. S. J. Rice, Mrs. Roy Sullivan, Mrs. Mary Elkin, Mrs. Scott Rheudisal, and Mrs. R. K. Douglass.

Program on Home Given at Junior Club Tuesday

Home was the subject of an interesting program given yesterday afternoon at a meeting of the Junior Twentieth Century club. Mrs. Fred Cary was leader, and as her topic discussed religion in the home. Mrs. Tom Perkins gave a reading, "The Path to Home." A round table discussion on the attributes and influences of the home was held, after which the members sang "Home, Sweet Home."

Members of the club voted, during a business session following the program, to affiliate at once with the district, state, and national Federation of Women's clubs.

Mrs. Lee Harrah was hostess to the following members for the meeting and a social half-hour: Mrs. Roy Bourland, Mrs. Fred Cary, Mrs. Robert Chafin, Mrs. N. A. Helstand, Mrs. T. R. Martin, Mrs. Tom Perkins, Mrs. Dick Walker, Mrs. Eli Willis, Mrs. C. C. Boles, and Miss Ruth Anne Mitchell.

Twentieth Century Club Has Program of Unusual Interest on Wharton Novel and Hears Reports of Two Chairmen

Edith Wharton's famous novel of divorce, "The Children," was discussed yesterday in a program given before the Twentieth Century club, at a meeting in the home of Mrs. R. C. Campbell.

An survey of the author's life was given by Mrs. R. W. Mitchell, who was program director for the afternoon. Mrs. Tom E. Rose gave the setting and background of the story, together with the plot. The characters of the seven little Wheatleys and their "steps," the other personages who figure in the story of their lives, were described by Mrs. W. T. Fraser. "Viewpoints of the Modern School" was a paper on the attitude of 1929 America toward marriage and divorce, forcefully given by Mrs. W. A. Bratton, who read the laws of several states relating to mar-

riage. Mrs. Campbell announced to the club yesterday in a program given before the Twentieth Century club, at a meeting in the home of Mrs. R. C. Campbell.

Mrs. Tom E. Rose, chairman of the program director for the afternoon. Mrs. Tom E. Rose gave the setting and background of the story, together with the plot. The characters of the seven little Wheatleys and their "steps," the other personages who figure in the story of their lives, were described by Mrs. W. T. Fraser. "Viewpoints of the Modern School" was a paper on the attitude of 1929 America toward marriage and divorce, forcefully given by Mrs. W. A. Bratton, who read the laws of several states relating to mar-

noon at the home of Mrs. Raymond Harrah, honoring the Junior Twentieth Century club.

The following members attended the meeting and were guests of Mrs. Campbell for a social hour: Mrs. W. A. Bratton, president; Mrs. Clifford Braly, Mrs. F. M. Culbertson, Mrs. W. T. Fraser, Mrs. Raymond Harrah, Mrs. Porter Malone, Mrs. R. W. Mitchell, Mrs. Tom E. Rose, Mrs. A. R. Sawyer, Mrs.

Floyd A. Smith, Mrs. J. D. Sugg, Mrs. H. G. Twiford, Mrs. Edwin Vicars, Mrs. Bratton's mother, Mrs. Pritchard of Springfield, Colo., was a guest.

MARRIAGE LICENCES

Marriage licenses were granted to the following during the past month: M. G. Smith and Marguerite Noel; J. B. Neuland and Irene Delworth; Glenn

R. Deggs and Alane Locton; W. D. Arnold and Lillian F. Johnson; H. A. McDonald and Jewell Flanagan; Luby F. Knowles and Jonnie Bandy; W. B. Redin and Faye Martley; E. G. Pafford and Gladys McElhanon; Robert E. Carr and Edna Ramsey; J. A. Wilson and Myrtle Looper; John Jackson and Gladys Williams, negro; Clarence Langard and Margaret Chandler.

WE CAN'T CONTROL THE WEATHER . . . but

WE CAN CONTROL VOLATILITY!

"There's been a lot said about the weather but very little done about it" —until Phillips 66 was perfected. Here, at last, is a motor fuel in which the volatility of each gallon is controlled to fit the season and the climatic conditions of the locality in which you buy it. The result? Instant starting—any weather. Quick warm-up. Easy acceleration. Mileage and power that gratify. All this at no extra cost! For best results try a full tank of Phillips 66 . . . or 66 Ethyl.

Phil-up with **Phillips 66**

CONTROLLED VOLATILITY

WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP. Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

S. M. U. COVERS HER MACHINE THIS SEASON

By GAYLE TALBOT, JR.
Associated Press Sports Writer

Strange as it may seem, considering the team's record to date, there are numerous critics over the state, close followers of southwest conference football, who believe Southern Methodist either will win the championship or finish not more than one jump off the top. There is slight foundation for such a prediction, considering the known strength of Baylor, Texas, and T. C. U., but the boys simply have become distrustful of Ray Morrison, foxy Mustang mentor. He is as full of surprises as a birthday cake. He will spring plenty of them when the Ponies get in the conference race, declare those in close touch with the Red and Blue corral.

Very little has been heard of the team's training activities since it returned from Nebraska. Morrison has had nothing to tell reporters who visited the camp. They were free to watch the Ponies practice, but for the most part they had a dull time of it. The deep stuff has been rehearsed in private. The Methodists apparently learned a valuable lesson last year, when there was so much fanfare concerning their chances at the title. After the season's close one of the school's athletics officials directly attributed the Mustang's disastrous record to an excess of publicity. He said it would be different this year.

It is doubtful the Morrisonmen will uncover much against Mississippi this week at Dallas. In the first place, "Ole Miss" does not appear, on its record sufficiently strong to push the Ponies. Secondly, Morrison probably would be willing to accept a tie with Coach Hazel's eleven rather than trot out his big guns for conference scouts to inspect. The genuine 1929 model Mustang machine probably will be seen in action for the first time against the Longhorns Nov. 2 at Dallas. That will be next week's big attraction.

Of the two conference frays booked this week, that at College Station easily is the more promising. Reports from Fayetteville assert the Razorbacks are fired with determination after their sensational showing against Baylor and will scrap the Aggies to the last ditch. Both teams emerged from losing battles last week without serious injuries, although Van Sickle and Gardner, veteran Arkansas linemen, will be out for another week. The Porkers definitely are out of the title race after two defeats. Rice elevens, however inferior, usually have at least one real battle in their system. The Owls have had two weeks of rest for the game with Texas while the Steers have gone through a pair of tough melees. They are due for a slight letdown, but even so should win with ease.

NATIONALIST VICTORIES EXPECTED IN CHINA

HANKOW, Oct. 23. (AP)—The tide of battle seemed to be turning in favor of the Nationalist government today as its armies fought to keep the rebellious Kuominchun forces from advancing to Kankow.

Nationalist forces have retaken Yen-cheng, driving the Kikwanchun, or people's army, 35 miles northward to Hsuechow. Yen-cheng is on the Kinhan railway about 200 miles directly north of here. Additional Kuominchun forces were advancing southeastward from Loyang, however, and were expected to renew their southward rush from Hsuechow.

By ALAN J. GOULD

One of the most interesting of the debates left over by the World's Series concerns the speed of Bob Grove, southpaw ace of the Athletics, and how it compares with the fire of other famous sharpshooters.

The series display of pitching settled at least one portion of the argument that has been going on for some time. Nothing that any other twirler on either team showed could compare with the sheer speed that Grove let loose at several stages of the series. Before-hand, it was debated whether Earnshaw or Walberg of the A's did not have a faster ball than Grove, or whether Root and Malone of the Cub might not display more zip. Before the assembled board of critics, Grove put on an exhibition that settled all this.

Yet it is difficult to convince any number of old timers that Grove is as fast as Walter Johnson or Cy Young or Amos Rusie or Rube Waddell or Dazzy Vance, when the dazzler was in his prime a few years ago.

"Grove is different from all the rest in the way he shoots the ball, without any exaggerated windup or appearance of bearing down or side-arm motion, such as Johnson used," declared George Moriarty, the old Detroit star and now an umpire. Moriarty battled against most of the old-time American league speed kings but he hesitates to say which was the faster.

"I battled against Cy Young when he was supposed to be nearly through but he tossed a few past me before I knew it," said Moriarty. "If he was that good then, I wondered what he might have had in his prime.

"Waddell had tremendous strength, broad shoulders, and more of a sweep-

ing delivery than Grove, who seems to snap the ball. Johnson threw bullets past the boys for a long time."

Vance has lost some of the hop on his fast one but as recently as two years ago Roger Hornsby told me there was no doubt whatever in his mind that when the Dazzler turned it on, he had more speed than any other twirler in the National League.

Tommy Loughran was in the press-box the day that the Athletics gave their famous "count of ten," the knockout, to the Cubs at Shibe Park.

"I know how groggy the Cubs must feel after that one," said Tommy as he recalled the wallop that had him dazed and "out on his feet" the night he fought Jack Sharkey in another ball park, the Yankee Stadium.

Before this gridiron season is over, the combination of Red Cagle and John Hertz Murrel of the Army likely will be as famous as the Grange-Britton duo that starred for Illinois a few years ago. Murrel, punter and inter-ferer, has been fitting in as effectively with the more elusive Cagle as Britton did in teaming with the illustrious Illinois redhead in 1923, '24 and '25.

One of the main differences is that Cagle has a distinct aversion to scoring touchdowns, unless there is no other way to avoid it on a long run. The Army redhead and captain apparently has no ambition to see his name in the list of high-scorers, even though it might be easy for him to do it. Repeatedly he has called on Murrel to carry the ball over after himself putting it in a convenient position for the dash over the final stripe.

GARDNER HAS SOLD SPUDDER STOCK TO HUFF

WICHITA FALLS, Oct. 23. (AP)—William E. Huff of Wichita Falls, has acquired controlling interest in the Wichita Falls baseball club, it was announced here today. J. Alvin Gardner, president of the Spudders for the last four years, retained no interest in the Spudders.

Gardner sold approximately 70 per cent of the stock. He acquired control of the club late in 1925 from R. O. Harvey.

Huff has been a stockholder in the club since the franchise was brought here from Waco in 1920 and during the past season was vice-president. He has been associated closely with Gardner in the management of the team. The change became effective today.

Secretary Guy of Airey will continue as secretary of the team, and a close relationship with the St. Louis Browns will be maintained.

McCarthy Laughs at Dykes' Talk

BUFFALO, N. Y., Oct. 23. (AP)—Joe McCarthy, manager of the Chicago Cubs, was amused today over a statement Jimmy Dykes, third baseman of the Philadelphia Athletics, that the Athletics knew all the Cubs' pitching signals in the world series.

"If my men knew what the pitchers were going to throw they'd make so many runs in the very first inning they'd have to get an eviction order to put the side out," said McCarthy. "Any ball player or one who knows baseball will laugh. It's too ridiculous."

Construction of a landing field has been begun at Fairbanks, Alaska, in the expectation of a visit from the Graf Zeppelin next April.

Dr. Murray Will Teach Extension Course in City

Dr. C. A. Murray, professor in the department of social sciences at West Texas State Teachers college, Canyon, on Monday afternoon opened an extension class here in constitutional government, conducting the first lesson at the Central high school building. He will be in Pampa each Monday afternoon to hold a two hour class, beginning at 4 o'clock.

The class was organized here the previous Monday, under the direction of Mrs. T. V. Reeves, head of the bureau of public service at the teachers college. Nineteen members had enrolled when the work began yesterday, and it was stated that twenty students would be required to obtain the services of a teacher from the college. It was expected that several would have enrolled before the next class.

Full resident credit for the course will be granted by the teachers college to those who make the required grades. The majority of the class members are teachers who wish either to prepare themselves to teach the courses in government and civics which after this year will be required in both grade school and high school, or to build toward degrees or high certificates. Some few, however, are residents outside the faculty. The course is open to any one who wishes to take it.

The class roll is as follows: Mrs. C. E. Lawrence, Mrs. Tom Morris, Mrs. L. E. Stout, Mrs. Sam Irwin, Mrs. N. B. Ellis, Mrs. John Bradley, Mrs. H. Cockston, Mrs. Edna Underwood, Mrs. Alexander, Mrs. Katherine Wilkerson, Mrs. Teddicord, Mrs. Gwendolyn Spradley, Miss Opal Cox, Miss Vida Cox, Miss Marguerite Terrell, Miss Iva Pool, Miss Naomi Owen, Miss Jewell Montague, and J. A. Meek.

Bar Association May Study Booze

MEMPHIS, Tenn., Oct. 23. (AP)—Prohibition and legal education were on the lips of a majority of the 10,000 delegates and visitors to the American Bar association which got under full sail today.

A concentrated effort by the "wet" wing of the association was being made to bring the liquor question before the convention proper despite an attempt of the executive committee to confine discussion of the 18th amendment and its kindred laws to sectional sessions ended last night.

Gurley E. Newlin of Los Angeles, president of the association, did not mention the prohibition act in his annual address prepared for delivery today. He urged the lawyers to pledge their support to President Hoover in his effort to solve and correct the crime problem and to lend their aid to his crime commission. He said it was the business of the bar to make all laws respected.

PLATTER

The hands of Matlock and Platter are so big that Jack C. Rogers and J. J. Denebeim of the Pla-Mor auditorium were compelled to buy a new set of gloves for the fight Friday night. The two men will headline the most ambitious boxing-wrestling event that has been promoted in Pampa this year. Both heavyweights have whipped everything around Borger and the mix-up Friday night is inevitable. Each swears he can whip the other and Denebeim arranged a ten-round bout in which they may back up their claim. Besides the heavyweight clash, Leo Chase will wrestle Kid Knight of

MATLOCK

Dallas to a positive finish in two falls out of three. Knight seems to have many local followers who think that he can put Leo's shoulders to the floor.

The matches have been advertised widely in eight towns in this section.

Deluge of Arrests Continue Here

Twenty-three arrests for vagrancy and intoxication have been made by city officers since Saturday night. Half of fourteen made Sunday night were on vagrancy charges.

County officers arrested about 20 on intoxication and vagrancy charges. All pleaded guilty and paid fines before T. M. Wolfe, who is justice of peace during the absence of C. E. Cary. Mr. Cary is in the veterans' hospital at Muskogee, Okla., undergoing an operation on his right leg.

Stolen Car Recovered
The automobile of Prof. J. L. Lester was found last night by H. E. Castleberry, now of Amarillo but formerly editor of the Borger Herald, on the Amarillo road one and one-half miles west of Panhandle where it had been abandoned by the person that stole it in Pampa Monday night. At that time it was parked near the Central auditorium.

Visits Sister Here
Mrs. Frank Willis of Amarillo is the guest of her sister, Mrs. Annie Daniels, who is principal of the East Ward school. She was a visitor at the school this morning.

Band Concert Is An Enjoyable One

Cold weather kept many away from the the American Legion band concert last night in the Pla-Mor auditorium and the crowd was not as large as it might have been had weather been favorable, according to John Bradley, adjutant of the local post. Those present were highly pleased by the music.

The Legion band will continue to give concerts throughout the fall and winter but they will have to be held indoors and arrangements have not been made for a hall.

Three Men Die in Rail Crash

WASHINGTON, Oct. 23. (AP)—Three men were killed and four injured today when a railroad motor car was struck by a locomotive engine on the Baltimore and Ohio railroad near Rockville, Md.

The dead are: Marion Selby, 24, son of Charles Selby, superintendent of the Metropolitan branch of the B. & O.; Millard Bobley, 20, both of Gaithersburg, Md., and Thomas Poole, 22 of Rockville, Md.

H. H. Walthers of Des Moines, Ia., representative of the American Vibrolithic corporation, is here to direct work for his company in connection with the new paving program. Because of heavy tourist traffic to the Bok singing tower at Lake Wales, Fla., parking space near the tower will be enlarged to accommodate 2500 automobiles.
