## JURY RECEIVES JOHNSON CASE SEVERAL COUNTIES GAIN TO BOOST OIL PRODUCTION KANSAS CITY MAN IS KILLED IN AMARILLO PLANE CRASH

### INABILITY TO RIGHT SPIN IS MISHAP CAUSE

Roy Morris Claimed to  
Have Broken  
Orders

STUNTING HAD  
BEEN BARRED

Rarified Plains Air Is  
One Explanation  
of Accident

AMARILLO, Oct. 19. (P)—Failing to get his plane out of a spin, Roy Morris, 32, Kansas City pilot, was killed instantly at the Amarillo airport today.

G. P. Wood, manager of the company by which Morris was employed, said the aviator was stunting against instructions. He added that an investigation had failed to reveal any fault with the biplane he was piloting.

Wood said the plane went into a tail spin and held it for 1,000 feet before Morris corrected it. The aviator then, according to the manager, reversed the spin for 50 feet, and was unable to straighten the plane before it fell. Wood also expressed the belief that the difference in the rarified air from that in Lincoln, Neb., where the flier was accustomed to flying, might have misled Morris. Morris and Wood were in Amarillo demonstrating planes manufactured by their company, which has its plant in Lincoln.

### Van Already Is Assuming Aspects of Boom Town

TYLER, Oct. 19. (P)—A hint that the potential production of the Jarman No. 1 well at Van, Texas, brought in this week by the Pure Oil company, was far greater than the 1,500 which the well has been averaging daily, was given here today by an official of the company who said that the entire Jarman farm would be a mass of storage tanks if the well were opened up.

C. H. McDuff of Fort Worth, general superintendent of the Texas producing division of the Pure Oil company, headed a body of officials who inspected the discovery site today. It was understood that as soon as additional storage facilities are available at the company's tank farm, a mile away, the well would be allowed to produce its maximum.

Van is expected to have a postoffice by Monday or Tuesday and each day sees the one-time sleepy village of 30 persons increase in population. Building is going on on all sides of the town rapidly and it already resembles a typical boom town.

### Bridge Worker Is Killed When Big Form Slips

MADISONVILLE, Oct. 19. (P)—Lloyd Moses, 25, a bridge worker, was killed here today when the form for a concrete caisson, to be used in the new Trinity river bridge, hung and slipped while it was being removed. Moses fell 40 feet to the bed of the river. The foreman, named Sinclair, fell 21 feet, but struck the trestle and was not seriously injured. Julian Plunket, another worker, was injured slightly.

### THE WEATHER VANE

WEST TEXAS: Fair; cooler Sunday; Monday, fair.

### Program for Band Concert of Tuesday Announced

Principal selections for the American Legion band benefit concert of Tuesday evening were announced last night by Pete Bradford, director. These are:

University of Pennsylvania, march.  
Sweethearts on Parade, fox trot.  
The Elvies, overture.  
Where the Shy Little Violets Grow, fox trot.  
Symphonia, march.  
Iron Count, overture.  
I Ain't Got Nobody, fox trot.  
Happy Hawaii, march.

The concert will be held on Albert square at 8 p. m. or, if the weather is inclement, in the Pla-Mor auditorium. A Chevrolet coach will be given away between the playing of the last two numbers.

### BUILDING HERE SOARS TO HIGH MARK IN WEEK

A steady increase in buildings reports since Oct. 1 reached \$27,125 for the past week, the largest amount taken out in any single week during the last six, according to F. E. Townsend, city building inspector.

With the exception of \$6,500, the permits were issued to build residences. Analysis of permits for the past two months shows that residential building activity has increased consistently during that time.

Buildings for one new business was begun this week, while structures of two others were enlarged. Baker Sausbury took out a permit to establish a produce house in the Central addition. The building will cost \$2,000. H. L. Case will enlarge his planing mill in South Pampa at a cost of \$10,000. W. A. Taylor was issued a permit to erect a dairy house in original townsite at a cost of \$3,500.

Construction of another fine home in the Cook-Adams addition begins this week with the issuance of a permit to Dr. J. C. McKean to build a home at a cost of \$10,000.

W. M. Craven was issued a permit to build a \$5,000 residence in the East End addition. P. A. Worley began construction of a \$3,000 home in the Channing addition. Nels Walberg was issued a permit to repair his house in the East End at a cost of \$1,000.

### Y. M. C. A. at Texas University Is Given \$25,000 by Jones

AUSTIN, Oct. 19. (P)—A gift of \$25,000 by Jesse H. Jones of Houston to the University of Texas Young Men's Christian association endowment fund was announced here today.

The gift is of the same amount presented by Mr. Jones to the university union fund raised last year by the University Ex-Students' association.

The Y. M. C. A. contribution was in memory of Mrs. Jones' mother, the late Mrs. Sallie Candler Gibbs, for many years a resident of Mexia and wife of the late Dr. Jasper Gibbs of that place.

Income from the gift is to be used for bringing to the university men and women, who, through addresses and conferences, can arouse student interest in "the vital problems of life." Y. M. C. A. officials stated.

### Plainview Gets Meeting

DALLAS, Oct. 19. (P)—Plainview was selected for the 1930 convention city of the Texas Commercial Executives' association at an executive meeting here today. The convention will be in April or May.

### FOOTBALL SCORES

Simmons 15; Daniel Baker 0.

### HUTCHINSON IS HELPING AREA TO STOP SLIDE

Gray Under Proration  
Shows Decrease  
for Week

MEERS TEST IS  
BEING WATCHED

Pipeline Company Is  
Granted Charter  
by State

Cleaned-out wells in Hutchinson county boosted production in that area upward 1,234 barrels daily above last week's total and Carson and Wheeler counties scored small increases to offset Gray county's gradual decline under proration.

The home county, with only one small completion within the period computed, lost 1,569 barrels daily. The Wilcox-Pampa oil company's No. 9 Combs-Wrley, section 35, block 3, had an initial production of 340 barrels from 2,850-56 feet. The biggest well brought in since the shut-down, Texas company's No. 4 Cook-Faulkner, is maintaining a flow of 2,000 barrels.

Wells and production by counties compared with the previous week:

Carson—190 wells producing 9,752 barrels, a gain of 393 barrels.  
Gray—455 wells producing 67,216 barrels, a loss of 1,569 barrels.  
Hutchinson—894 wells producing 27,905 barrels, a gain of 1,234 barrels.  
Moore—19 wells producing 880 barrels, a gain of 13 barrels.  
Wheeler—38 wells producing 837 barrels, a gain of 248 barrels.  
Total—1,886 wells producing 106,590 barrels, a gain of 293 barrels.

### Cleaning Out No. 1 Meers

Of the few drilling wells under the curtailment program, the McCollom et al's No. 1 F. J. Meers, section 107, block 3, is one of the most interesting.

Drilled to 3,324 feet total depth, this test has been shot at two depths and the cleaning out process is under way. The hole went through producing formation from 3,301-21 feet and then was drilled 3 feet into hard granite. It was shot with 280 quarts at the lower level and 200 more quarts at 3,110-60. The upper pay made a good response to the shot and according to R. D. Kercheval, superintendent, the top pay locks good for 250 barrels. Heavier production is hoped for in the lower pay after the hole is cleaned out. Last night the 5 1/2 inch casing had been run to 3,175 feet, and this will be carried on down as the hole is cleaned.

Two 500-barrel tanks and a separator have been erected within the dykes thrown up to hole a back water from the rainwater lake in which the test is located. Although delayed by 15 fishing jobs, the drillers never left the tools in the hole more than 18 hours at a time.

### New Pipeline Company

Austin dispatches tell of the incorporation of the Pampa Pipeline company, with capital stock of \$100,000. The incorporators are Reece S. Allen, G. L. Rowsey, and Dr. A. McClory, who also own the Pampa Refinery company. These interests several months ago took over the Bell Pipeline company system, including pipelines into the high production pools of central Gray county.

Dr. McClory, resident manager, was out of the city yesterday and other members of the staff could not amplify the Austin story of incorporation.

### Woman Is Indicted After Car Accident

COLEMAN, Oct. 19. (P)—Mrs. Louise Lebaron of Coleman was indicted for murder today in connection with an automobile accident in which Garland Freeman, the infant son of Mr. and Mrs. Cecil Freeman, was killed Monday.

### Raps D. A. R. From Boston Pulpit

Rev. Dr. William L. Stidger, pastor of the Copley Methodist Episcopal church of Boston, who, from his pulpit, has attacked the Daughters of the American Revolution as "one of the greatest organized menaces to world harmony and peace" is shown above. Threats of the D. A. R. to sue him for slander failed to stop his attacks.

### TWO BARRICKS OF CAMP MABRY, TEXAS NATIONAL GUARD, BURN WITH LOSS OF ABOUT

### Local Firms to Have Displays in Edison's Honor

Fifty years ago this month the then young Thomas A. Edison gave to the world the first incandescent lamp and the reporter who wrote the story about his discovery was "fired" by his city editor for his gullibility in believing that such a lamp would actually shed light.

Plans for the celebration of Light's Golden Jubilee during the week beginning October 20 are going forward all over the country. Almost every city represented by a light company will participate in the celebration. A thousand engraved pictures of Mr. Edison have been distributed in the city by the local office of the Southwestern Public Service company. The local firm will decorate its office with streamers of gold-colored lamps, and the electric companies are already arranging special window displays.

"This celebration is not being held for commercial purposes, but for the purpose of commemorating the invention of the incandescent lamp, which developed into the modern electric lamp and has helped to make living better in many respects," said W. H. Curry, manager of the Southwestern Public Service company's local branch, in discussing the plans yesterday.

### Dallas Wants Hospital

DALLAS, Oct. 19. (P)—Selection of a site for a state psychopathic hospital is being held up pending submission by Dallas of a description of advantages of the location submitted by the city. R. B. Wall, chairman of the state board of control, said today while in Dallas. Galveston has already filed a brief with the board. Appropriation for the hospital has been made.

### Winning Band Chosen

DALLAS, Oct. 19. (P)—The Sulphur Springs junior municipal band was awarded first place today in competition with junior bands organized not longer than a year, at the state fair of Texas band contests.

### Joe Turner Is Winner of Tourney

SALISBURY PLAINS, N. Y., Oct. 19. (P)—Joe Turnesa of the Elmford country club won the \$5,000 Lannin memorial open golf tournament today in a 36-hole playoff of a tie with Masie B. Miller of Norwich, Conn. Turnesa won by seven strokes.

### California is Visitor

Mrs. P. L. McCandless of Los Angeles, Calif., is visiting her sister, Mrs. L. M. Williams. She recently spent several weeks at Roswell, N. M., visiting in the home of her son.

### BULLETINS

AUSTIN, Oct. 19. (P)—Forty-two persons were killed and 251 injured in accidents in Texas during the week of October 7, the weekly report of the Texas council of safety, issued today, disclosed.

This brought the state accident death total for the year to 1,977 and the injury total to 8,438. During the same period last year 1,452 persons were accidentally killed and 6,278 injured.

MEXIA, Oct. 19. (P)—Bunyon Whaley, charged with murder in the death of his father-in-law, Whit Taylor, Thursday from gunshot wounds, was released today on a \$5,000 bond. The grand jury is expected to consider the case next week.

MEXICO CITY, Oct. 19. (P)—Friends of former President Plutarco Elias Calles today said they had been informed in messages from Paris: he would return to Mexico before the presidential elections on November 17.

DALLAS, Oct. 19. (P)—John Smith, 24, charged with assault to murder in the shooting of Dewey Davenport, 23, on a downtown street early today, was released this afternoon on \$2,500 bond. Davenport was said to have been with Smith's former wife.

### Radio License Is Declared Illegal

WASHINGTON, Oct. 19. (P)—A move by the city government of Saulte Ste Marie, Michigan, to license radio sets was described at the offices of the federal radio commission today as legally unenforceable.

The ordinance, which provides for collection of an annual license of \$1 a set and employment of a city radio inspector, has just been declared ineffective and was brought unofficially to the attention of the commission. So far as is known here no formal protest against it has been initiated.

### Cooking School Ends Successful Session Friday

An outstandingly successful five-day free cooking school, the second to be conducted under the auspices of The Pampa Daily News, with Mrs. Leona Rusk Ibrig as the instructor, was brought to a close Friday afternoon at the Pla-Mor auditorium, when the famous culinary expert rounded out the excellent course with answering the special requests of her students for recipes, formulas, and instruction.

Attendance was good throughout the week, averaging above 300 daily. Many women were present for every lecture and demonstration, and it was a point of interest that a large per cent of the women attending had also taken advantage of the opportunities offered in the preceding school.

Mrs. Ibrig demonstrated the three meals—breakfast, luncheon, dinner—in the same number of lectures, and on the fourth afternoon, instructed her audience in preparing new and original refreshments for children's and adults' parties. Her demonstration Friday, adapting itself exactly to meet the special needs of those who had requested help on their individual problems, was arranged to include a number of methods of cooking meat and vegetables.

National distributors of food products and condiments, as well as many business men and merchants of the city, co-operated with The Pampa Daily News to bring the services of the cooking school and a nationally known home economist to the women of Pampa and the vicinity. They also offered prizes given away daily as an added courtesy.

Mrs. Ibrig expressed much satisfaction at the interest and enthusiasm shown by her large class, and voiced her own gratitude and that of her class for the cooperation and generosity of the merchants.

### DEATH ASKED AS PENALTY IN BITTER TRIAL

Hard Fought Drama of  
Court Concluded  
Last Night

CLAIM OF ALIBI  
IS PRESENTED

Weary Jurors Had Not  
Reached Verdict at  
Midnight

With state's attorneys pleading for a death sentence and defense counsel contending for acquittal on the grounds of "reasonable doubt" plus an alibi, the trial of E. C. Johnson of Wheeler county, charged with criminal assault upon two Hardeeman county girls, was brought to a conclusion near last midnight.

Six lawyers participated in five hours of as tense argument as a Gray county jury had heard in years. For the state District Attorney Clifford Braly was assisted by W. M. Lewright, and Judge L. W. Allred of Chillicothe, while the defense counsel included Judge Newton P. Willis of Pampa, and Ben Allred and Clayton Hears of Shamrock.

No verdict had been returned at midnight, when jurymen, weary from the full week of court, turned their thoughts to sleep and rest. Judge C. G. Englewood will remain in the city today to hear the verdict should the jury agree during Sunday.

In his charge, Judge Englewood instructed the jury to consider much testimony only in passing upon the credibility of the witnesses. This included a statement that the defendant had been indicted in Wheeler county in two cases charging transportation of liquor. He instructed that the penalty in case of a verdict of guilty was rendered might be death, life sentence, or any prison sentence of not less than five years. In case of reasonable doubt, or belief in the alibi, he instructed that the verdict be for acquittal.

Complete denial of the charges made by the sisters against Johnson was heard by the jurors and the packed courtroom Friday night and Thursday afternoon as the Wheeler county deputy testified in the witness chair for hours.

The sisters were called back to the stand Saturday morning when new testimony was introduced by the state with Harris King, constable of McLean as corroborative witness.

The defendant, a large man, six feet tall and weighing over 200 pounds, called to the witness chair testified that on the night of March 17, 1929, he first saw the car in which the sisters, Naylge Pogue, and Earl Lee Elliot, all of Chillicothe, were riding. He stated he chased them 25 blocks around Shamrock and finally halted them a mile from town.

He said the driver started cursing him and later hit him, breaking the window glass, whereupon, Johnson testified, "I helped him out of the car." He said the boy struck at him with a pair of "pliers", breaking his, Johnson's thumb and they both "got mad and began fighting."

Four Were Fined  
Johnson said he took the four to the justice of peace court where they were fined. On leaving the jail he said he took the girls to a cafe for breakfast at 5:30 and after eating with them, left them there. He stated he then drove about town and came back about 7 o'clock and the girls were still there. Johnson testified that he asked the girls if they wanted to go to the justice court, and after they said they did he took them back and left them there.

The defendant said he then saw a man who told him that Herbert Blake was "drunk in a pasture about seven miles east of Shamrock where he had

(See COURT, Page 8)

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
character, standing, or reputation of
any individual, firm, concern, or cor-
poration that may appear in the col-
umns of the Pampa Daily News will
be gladly corrected when called to the
attention of the editor. It is not the
intention of this newspaper to injure any
individual, firm, or corporation, and
corrections will be made, when war-
ranted, as promptly as was the wrong-
fully published reference or article.

IN CONNECTION WITH
PUBLIC UTILITY QUES-
TIONS, IT IS OFTEN ASKED
WHAT IS THE TREND WITH
REFERENCE TO PUBLIC
OWNERSHIP.

The answer is difficult for
the reason that there is a de-
finite tendency on the part of
giant corporations to pay large
prices for utilities, thereby en-
couraging cities to sell out in
order to have funds for some
needed improvement, such as
an airport or auditorium. Ac-
cording to The American City,
447 municipal plants in the
United States were sold to pri-
vate companies during the five-
year period ending in 1927.

During the same period,
however, 64 new municipal
plants were established. In
twelve states there was an in-
crease in the number of mun-
icipal plants, in three there was
no change, and in 32 there was
a decrease. Oklahoma, where
cities have experimented
largely in municipal ownership,
offers a fair southwestern ex-
ample of the tendencies. Okla-
homa, where cities have ex-
perimented largely in mun-
icipal ownership, offers a fair
southwestern example of the
tendencies. Oklahoma has
about 45 municipal plants at
this time, whereas she formerly
had more than one hundred.
Many of these plants were sold
because big companies offered
attractive prices and no im-
mediate raises in utility service
schedules. Others were voted
into private hands because of
mismanagement, need for large
additional capital, or political
manipulation.

Municipal ownership is not
different from private owner-
ship in the sense that expert
management is necessary in
either case to obtain profits.
And expert managers are not
obtained without paying
salaries in proportion to the
demand for talent. Small
towns in particular are unwill-
ing to pay this cost, and as a
result often find their plants
run-down and wasteful. There
are quite a number of brilliant
exceptions which have made
city taxes unnecessary.

But it is a fallacy to expect
any utility to make huge pro-
fits. It is highly improbable
that a private corporation will
long do so in the face of de-
mands for cheaper rates, and
the same demand comes up
sooner or later before home-
owned plant managers. More-
over, it is illogical to rob a
utility—even a water plant—of
its profits simply to reduce
the rates. This is due to the
fact that certain replacements
and repairs are inevitable, and
that expansion should be taken
care of by surpluses built up
out of the profits. Cities which
have boasted of tremendous
profits often have been non-
plussed to find a large bond
issue necessary to rebuild or
expand a plant.

Public ownership, or at least
the right of the people to own

their public utilities, should be
carefully preserved. It is the
only recourse in cases where
no reasonable agreement can
be reached with private own-
ers. Utilities already publicly
owned should not be sold with-
out full consideration of all the
factors involved. It is easy to
sell a plant, but difficult and
expensive to obtain it again.
There are intangible assets
which the courts recognize and
which the public is loath to pay
for in purchasing a utility prop-
erty. The trend in public
ownership is not definite
enough to discourage the the-
ory nor prove that it is not
advisable. A people satisfied
with rates is not fearful of the
result of transition into private
hands, while a dissatisfied pop-
ulace is equally confident that
public ownership could not
make a situation worse and
should make it better. Pri-
vate initiative is preferable as
long as the public is well serv-
ed, both as to adequacy and
price of the commodity and
efficiency of operation.

Cattle Demand
Is Firm Around
Market Circuit

KANSAS CITY, Oct. 19 (AP)—(US
DA)—Live stock trade around the 11
market circuit this week was featured
by a broad demand for most all classes
of cattle at firm to unevenly higher
prices. Demand was for light weight
fed steers and yearlings. Some market-
reported returns of 50 to 75. Matured
steers were difficult to move at more
than steady prices. Stockers and feed-
ers comprised a large proportion of
western grass cattle offered. Low grad
slaughter steers scarce, and this tends
to create a strong undertone on butcher
cows. Aggregate receipts 295,000 an in-
crease of 25,000 over last week, but

15,500 short of the corresponding period
a year ago.
Hogs, after sagging to the lowest
price levels since January rallied. Cur-
rent values steady to 15 cent lower
than a week ago. The closing top at St.
Louis and Chicago was \$10.00. Total
offerings 475,600 against 424,039 last
week and 449,927 a year ago.
Liberal receipts of sheep prompted a
25@75 cent decline on fat lambs.
Feeding lambs firm to higher. No
change on aged stock choice fat range
lambs, late in the week at Chicago
brought \$13.25. The supply was 577,200
an increase of the 13,500 over last week
and 38,800 heavier than a year ago.

GOES TO AMARILLO

Mrs. Robert A. Smith is spending the
week-end with friends in Amarillo.
Mexico is planning to require all
foreign professional men practicing in
the country to be naturalized.

the social Undoing
of Elizabeth Ann

As a hostess, Elizabeth Ann
decided that she was a grand
success. She glanced happily
about the tables of modish
guests in the living room.

This was a party, she thought.
One they'd talk about for many
a day. Everything was going
beautifully.

She giggled as one of the
group at the nearest table
trumped her partner's acc. The
hum of conversation rose and
fell.

And then... the telephone rang!
"Yes, he's here," she an-
swered, "but he can't come to
the phone. He's in the garage
working on the car... Oh!...
Long Distance... very well...
I'll call him."

Her heart sank. The sparkle
left her eyes. Too well she knew
what to expect when her hus-
band "worked on the car."
"And things had been going
so well," she thought bitterly,
as Ed, red-faced and perspiring,
oil and grease from head to foot,
paused in embarrassment at the
door.

Ed was waiting in the hall
when she closed the door miser-
ably behind the last guest. He
slipped a consoling arm about
her.

"I'm sorry, honey!" he
soothed. "It won't happen
again. Tomorrow I'll order an
extension telephone for that
kitchen."

Telephones where you need
them save time, patience, house-
wifely strength—even prevent
minor social disasters.

Few know that one or two
additional instruments cost
considerably less than the single
telephone they now have!

By a wisely-placed "exten-
sion" or two, and perhaps a re-
arrangement of the equipment
you already have, an expert
telephone man can often double
the convenience of your tele-
phone service.

"And things had been going so well"

Manager,
Southwestern Bell Telephone Co.,
City.
I'd like to know how to get more
value out of my telephone service.
Please send me free, a copy of your
booklet, "Modern Telephone Service
for the Home."

TWINKLES

Often a very much desired
"kill" is how to kill the pain
in the shoulder after a ses-
sion with the old 12-gauge.

They are delivering our mail
and soon are to deliver our ex-
press, but the average man will
not have much trouble think-
ing up excuses to come down-
town nights.

Today's opinion: That we
need longer court terms. It
is not fair to try minor jail
cases and let the bonded crim-
inals get continuances for lack
of time—even though the poor
fellow in jail ought to have
first opportunity to gain his
freedom or know his fate.

If the Borger situation gets
into politics, we suppose the
next legislature will probe the
recent investigation.

Here's a subtle compliment
for the women of Pampa: The
News had the opportunity to
bring either a culinary or a
beauty expert to Pampa, and
we thought the former most
needed.

Heard: A man in a hurry
say that his idea of an endur-
ance contest was waiting for
the signal lights to change
color. The lights, however,
now appear rather indispensa-
ble.

Sagging ego is said to be
bolstered by the Carry-a-Cane
club of New York City. We
suggest the fad for our luck-
less duck hunters.

ARE HUNTING MOOSE
Newt Dilley, manager of the local
Dilley bakery and Don Dilley, manager
of the plant at Borger, have gone to

### Big Men Will Meet Thursday in Pla-Mor Program

Borger matchmakers failed and Pampa matchmakers were successful in matching two heavyweight boxers to appear in the local ring. Red Matlock of Borger and Luther Platter, Pampa man, have steered shy of each other for the last six months but finally came under the eyes of Doc Denebein and Jack Rogers with the result that they are matched to appear here next Friday night at the Pla-Mor auditorium.

Platter will weigh 186 pounds and Matlock 190 pounds. Both are undefeated, but one will be sure to go to a fall when they meet here Friday night. Matlock is the bully of Borger and has not been pleased that Platter has been invading his territory. It will be no love match when the two big fellows step into the ring to go ten rounds.

A feature of the night's card will be a finish wrestling match between Leo Chase and Kid Williams. The Dallas mauler has gotten it into his head that he can throw the local ironman and maybe Dotson afterwards. Chase says he is going to make the bout short and snappy with one fall to decide the outcome.

Another boxing match will bring together Kid Arthur and Jackie Smith. It ought to be real good as both are sluggers and don't know when they are out.

"Dog Face" Ed and Ed Powder, neogroes, are scheduled to go four rounds. Other good preliminaries will open the big card.

### MILLION FANS ATTEND GAMES OF SATURDAY

By The Associated Press

Hitting its crest and aided by generally perfect weather football yesterday drew "a million and more" fanatics to college fields.

Attendance at ten games, alone, aggregated more than 500,000.

Ohio State-Michigan	90,000
Notre Dame-Wisconsin	85,000
Penn-California	70,000
Harvard-Army	57,000
Illinois-Iowa	40,000
Northwestern-Minnesota	40,000
Yale-Brown	40,000
Dartmouth-Columbia	35,000
Princeton-Cornell	25,000
Georgia-North Carolina	24,000

### Public Invited to Hear Chapel on Each Week

A cleverly planned program is to be presented by the senior class of Central high school at the weekly chapel exercises next Wednesday morning, as the first of a series of programs to be given by classes and student organizations.

The public is cordially invited to this and each of the succeeding exercises, according to Supt. R. B. Fisher, who urges parents to attend chapel.

Miss Bernice Whiteley, senior sponsor, announced the following program: Orchestra selections—"United Liberty March," and "Lilacs."

Three senior stunts—"Dear Old Pampa High School," "A Successful Operation," and "Dr. N. Thusiasm's Medicine Show."

Announcements—Principal L. L. Sone

### Longhorns Win Over Oklahoma in Terrific Drive

FAIRPARK STADIUM, Dallas, Oct. 19. (AP)—The University of Texas Longhorns defeated the University of Oklahoma Sooners, 21 to 0, here today.

After being held scoreless during the first half, the Texans started drives at the beginning of the second half that bewildered the Oklahomans, scoring seven points in the third period and adding 14 more in the fourth.

### Baylor Attack Too Strong for Arkansas Team

WACO, Oct. 19. (AP)—Displaying a dazzling passing attack featuring the versatile and irrepressible Jake Wilson, quarterback, the Baylor Bears turned back the University of Arkansas here today 31 to 20.

The winning touchdowns were scored in the final period.

### Texas Tech and McMurry Go to Tie

ABILENE, Oct. 19. (AP)—Skidding on a slippery gridiron McMurry college of Abilene and Texas Tech of Lubbock fought to a scoreless draw here this afternoon.

## CLAUDE MUSTANGS UNABLE TO STOP HARVESTERS, WHO TAKE GAME HERE 54-0 ON FRIDAY

By HARRY E. HOARE

Claude's Mustangs proved of no opposition for the Pampa Harvesters here Friday afternoon, the Pampa eleven running away by the lopsided score of 54 to 0. It was a good practice game for the Mitchell crew and everyone got a chance during the hectic battle.

The Harvesters tore the Claude line to pieces at will and the fans failed to register enthusiasm unless the gain was more than ten yards. Captain Don Saulsbury ripped great gains through the line while Lard and Lee Benton tore around end for lengthy increases in yardage. The local eleven was woefully weak on passing, which was tried out frequently during the last half.

Of seven passes attempted one was completed for a 32-yard gain and a touchdown. One was intercepted, and the other five were incomplete. Claude completed three passes for 23 yards out of ten attempted against the first and second string teams, and five out of six against the Gorillas, run in during the last five minutes of play.

The entire Pampa backfield plunged and blocked well while the line was impregnable. Not a gain of more than 4 yards was registered through the Pampa line during the afternoon.

**Benton Runs Wild**

Lee Benton proved himself to be adept at carrying the ball. The rangy halfback carried the leather across for three touchdowns during the time he was in the game. He also called signals when Lard and Saulsbury were resting. He ran 50 yards for his first touchdown and soon afterward intercepted a pass and raced 55 yards for another. His other touchdown was on a plunge through the line. Lard added two touchdowns when he broke loose around end. He raced 65 yards for a touchdown, the longest gain of the season for one. His other touchdown was on a 32-yard pass from Saulsbury.

Captain Saulsbury added his usual touchdowns. He ran over two. The first was made on a 20-yard plunge through the line and the other on a 10-yard lunge, carrying four Claude tacklers the entire distance. Buckingham scored the Harvester's other counter. He stroled through the line for a 12-yard gain and a touchdown.

Lard's educated place kicking toe was the revelation of the day. The little quarterback placed five through the uprights in as many attempts. Lee Benton added one to the string of extra points.

**Little Visitor Good**

The entire Claude squad was centered around Pegram, midget quarterback and acting captain. He was tackling like a veteran and kicking farther than any seen here this year. He was injured in the third quarter and had to be removed from the game. Lockhart, big fullback, hit the line repeatedly and made the few gains registered during the afternoon. Although as heavy

### YALE'S 140 POUND BACK SETS THE PACE IN EAST

NEW HAVEN, Conn. (AP)—A small, almost frail, player is one of the pacemakers in eastern football this fall. His name is Albie Booth.

This 140-pound youngster is playing his first year at Yale. He already has overshadowed the veterans who have been doing varsity duty for two years.

Booth can pass, he can punt and he carries the ball in a way that means business. And he is one of the greatest drop-kicking threats the Blue ever has had.

That isn't all. The speedy young sophomore is a natural leader. A seasoned critic writes:

"Booth reeks of personality. He communicates that electric spark to his teammates. It is something that the spectators feel as keenly as the players."

**WERE TO SEE GAME**

John Haggard and daughter, Mildred and Lorraine Noel left Friday evening for Dallas, where they were to attend the football game between the University of Oklahoma and the University of Texas and the state fair.

(Georgia Tech.); head-linesman, O. Dial, (Austin U.).

Referee McCall is a professional football referee who moved to Pampa to make his home this month.

## TEXAS CHRISTIAN FROGS COME FROM BEHIND TO OUTPLAY AGGIE ELEVEN AND WIN 13-7 VICTORY

FORT WORTH, Oct. 19. (AP)—Fighting back in the second half, Texas Christian university's Horned Frogs marched down the field for two touchdowns in the third and fourth quarters to defeat the invading Texas A. & M. horde 13 to 7 Saturday afternoon at T. C. U. stadium.

A crowd estimated at 16,000 watched the gallant purple warriors under their new leader, Coach Francis Schmidt, rip the maroon line to pieces, bewilder it with passes and long end runs and humble the cadets before its new coach, Madison Bell, who led the Frogs to a similar victory over A. and M. last year.

## CHECK BUICK'S CHASSIS

- note its distinctive construction

.. then you'll know why more than 2,000,000 people have bought BUICKS

The world-famous Buick chassis and Buick's smart new Bodies by Fisher! An unrivaled combination! Providing the highest degree of motor car performance and all-round motoring satisfaction, over the greatest number of miles!

The more thoroughly you compare Buick with other cars, the more clearly you will understand why more than 2,000,000 people have bought Buicks—why men and women are buying from two to five times as many Buicks as any other automobile priced above

\$1200—and why they have purchased more Buicks during the few weeks this brilliant new car has been on the market than in any like period in Buick history.

See the new Buicks and arrange to buy one. Six of the 14 luxurious body types, incorporating all the famous Buick superiorities, are available at prices ranging from \$1225 to \$1295, f. o. b. factory. All available on the extremely liberal General Motors Time Payment Plan.

Buick's '99-horsepower Valve-in-Head engine is the most powerful engine of its size in the world. It is famous, too, for unrivaled smoothness, economy and stamina. It incorporates such marked engineering advancements as counter-weighted crankshaft with torsion balancer, carburetor heat control, positive pressure gas pump, and triple seals against wear.

Buick's Controlled Servo Enclosed Mechanical Brakes provide the most perfect control ever devised for any automobile. They are smooth, sure, silent in operation, and achieve positive results with minimum pedal pressure. And because they are enclosed—fully protected against dust, dirt and water—they insure maximum braking efficiency in any weather.

Buick's new frictionless steering gear imparts matchless steering ease throughout the entire turning range, while the new Buick Road Shock Eliminator absolutely prevents transmission of road jolts and jars to the driver's arms. Twin features which make a tremendous contribution to driving ease and roadability.

Buick's famous multiple-disc clutch, too, reveals marked superiorities. In addition to being far sturdier than those of conventional design, it imparts exceptional smoothness, due to its special facing which insures gentle, gradual engagement of the driving and driven surfaces.

Buick's famous torque tube serves two vitally important functions. It not only carries the driving thrust, leaving the rear springs free to cushion the car's progress, but also forms a major part of the Buick chassis seal. Every moving part of the Buick chassis—from fan to rear wheels—is fully protected against dust, dirt and water, assuring maximum operating efficiency in any weather.

\*The engine in the 124- and 131-inch Buicks develops 99 horsepower, and that in the 118-inch Buick 80 1/2 horsepower.

### Man in Plane Is Able to Address Distant Meeting

NEW YORK, Oct. 19. (AP)—Talking from an airplane, 4,000 feet in the air and 1,300 miles away, Captain A. R. Brooks today addressed the annual convention of the Telephone Pioneers of America at Minneapolis.

A combination of radio and land telephone lines, which connected New York, Minneapolis and the airplane into a single circuit thus added another milestone to the progress of communication. It was the first time that an airplane was "bridged" into a connection between two distant points.

The Bell telephone laboratories radio station at Whippany, N. J., was the link between the plane, which was flying over New Brunswick, N. J., at a speed of 95 miles an hour, and the land telephone lines leading to a listening post in New York and to the convention in Minneapolis. Three loudspeakers made the aviator's voice audible to the thousands assembled pioneers.

### REV. TODD TO JOIN STAFF OF MALONE FUNERAL HOME MONDAY

Rev. James Todd, Jr.

That the Rev. James Todd, Jr., would tomorrow become associated with the Malone Funeral home was announced last night by G. C. Malone. Rev. Todd formerly was minister of the First Christian church.

For some time, Mr. Malone said, he has desired to build up here a service which would be complete in every detail in administering to bereaved families. He now feels that the addition of Rev. Todd to the staff fulfills that desire.

Rev. Todd is equipped by years in the ministry and in public welfare work to carry out his new activity. He will have contact with the bereaved and their friends, and will endeavor to provide sympathy and helpfulness so desirable at such times. He will, in case there are no church preferences or connections, take charge of the entire service at the home, church, or chapel and grave.

In discussing his new work, Rev. Todd said that it would enable him to render a kind of service long attempted by him. He formerly was president of the Pampa Welfare society. His connections in civic work will be continued as usual, and he will be available for marriage ceremonies.

The Malone Funeral home recently installed a Seeburg pipe organ, and the entire building has been redecorated and made more comfortable.

### Russian Plane Is Now In Oakland

OAKLAND, Calif., Oct. 19. (AP)—The Russian plane "Land of the Soviets" spiraled down to a perfect landing here at 3:10 p. m., today, completing the Seattle-Oakland leg of the good will flight from Moscow to New York. The flight was interrupted yesterday when oil line trouble forced the four air men to return to Vancouver, Washington. The distance from Vancouver here is slightly more than 950 miles.

The plane was first sighted from the west and from an altitude of 2,000 feet came down in three sweeping circles. It taxied to the airport administration building amid cheers of thousands and the hymns of the Russian choir from San Francisco, and shouts in Russian of "Long Live the Soviet Fliers" and "Welcome to California."

Russian women in their native costumes made up part of the colorful crowd.

Arriving tomorrow from Seattle, M. M. Egorov, aeronautical engineer connected with the flight, will consult with airmen to determine their plans for continuance of the flight. The condition of the plane will determine the length of their stay here. It was not believed their takeoff for Cheyenne, Wyo., can be made before Monday.

### Waco Plane Leads Reliability Tour

MILWAUKEE, Oct. 19. (AP)—The 25 contestants in the national reliability air tour landed here for an overnight stop today, with John Livingston the theoretical winner.

Livingston made a perfect score in the flight from St. Paul today and unless some unforeseen incident eliminates him from the tour he will be declared the winner. Art Davis is his closest competitor. Both are flying

Waco planes. In the next leg of the itinerary will take the fliers to Moline, Ill., and Chicago. They will leave Milwaukee at 10 a. m. tomorrow.

Moses was survived by his widow and several small children. They lived near the ferry which the bridge was to replace.

Esther's Beauty Salon on North Frost street, of which Mrs. Esther Smith is owner and manager, was redecorated during the last few days in an attractive scheme of apple green and lavender. The plastered walls were painted green and the ceiling white. Window draperies and furniture covers were of green and lavender striped damask. The woodwork was refinished in deep ivory.

### Noted Landlord Saved by Squad With an Inhalator

NEW YORK, Oct. 19. (AP)—The life of Henry S. Black, the "world's greatest landlord," was saved today by a gas company inhalator squad which worked for nine hours over his unconscious form after it had been taken from an overflowing bath tub in his Plaza hotel apartment.

Black, head of the United States Realty and Investment company, was found face down in the tub by his valet.

The hotel physician called the emergency inhalator squad which was successful in bringing the nearly drowned man out of his coma only after a long struggle. The prone pressure method and inhalator were both applied for 30 minutes, after which the inhalator was used for eight and a half hours at 15 minute intervals before the physician pronounced Black recovered and out of danger.

### Policeman and Negro Shoot Each Other to Death

CHICAGO, Oct. 19. (AP)—Policeman George Giovannoni and a negro who had tried to kill a woman shot each other dead today.

The negro, Love Carey, was being chased down a South Side street by two officers who held a warrant for his arrest. A negro woman had charged that he attempted to slay her.

Giovannoni joined the chase, outstripped his fellow officers and was close to the fugitive when Carey turned, pulled out a revolver and shot him. Mortally wounded, Giovannoni fell to the ground, took aim with his own weapon and fired. The negro was killed.

### WEST VIRGINIA WINS

CHARLESTON, W. Va., Oct. 19. (AP)—West Virginia university flashed a farm pleasing to its partisans here this afternoon and defeated the Washington and Lee, 26 to 8. Nearly 15,000 fans saw the game.

### Wheat Carries All Grain Down

CHICAGO, Oct. 19. (AP)—Wheat plunged downward 3 cents a bushel today, and carried other grain along, with corn as well as wheat smashing low-price records for the season. Rains that did much to wipe out chances of a wheat crop disaster in Argentina gave decided impetus to selling here, and there was also heavy selling on account of weakness of stock market values. Meanwhile, only a moderate amount of export business in North American wheat resulted from the breaks in prices.

Closing quotations of wheat here were nervous, 2 3-8 to 2 7-8c a bushel lower than yesterday's finish. Corn closed 1-2 to 1c down, with oats 1 1-2c off, and provisions ranging from 7c decline to a rise of 2c.

Estimates from British sources were current pointing to likelihood that Argentine wheat exports for 1929 total 372,000,000 bushels the largest amount ever achieved by Argentina.

An estimate was widely-circulated that Argentina will have 184,000,000 bushels exportable surplus from the 1929 harvest. Figures also were at hand indicating that world stocks of wheat in second hands have enlarged, 70,000,000 bushels during September, an increase greater than was generally expected. Total stocks of wheat in second hands were reported as now up to 507,000,000 bushels, against 318,000,000 bushels a year ago.

### Hall and Mercur Into Tennis Finals

EL PASO, Oct. 19. (AP)—Gilbert Hall of Orange, N. J., and Frederick Mercur of Harrisburg, Pa., won their way to the final match of the southwest tennis tournament today.

Hall went to the final by taking two straight from John Walker, University of Arizona, 6-0, 6-2, while Mercur eliminated Louis Ferguson, El Paso, University of Texas player, 6-1, 6-3. The two, who have been favorites throughout the tournament, will meet to decide the championship tomorrow.

A stunt pilot who was practicing bombing was killed by one of his own bombs when it failed to clear the plane before exploding, and tore off a wing.

### Texas Conference Changes Its Name

SAN ANGELO, Oct. 19. (AP)—The Rev. J. A. Richardson of San Angelo today was re-elected head of the Colorado-Texas conference of the Methodist Protestant church in its sixtieth annual convocation here.

The conference also voted to change its name and to be known hereafter as the San Saba-Lone Grove conference in order to do away with the connotation in the old name of an interstate organization. The word Colorado in the old title was inserted because the conference lay along the Colorado river of Texas.

The merger of the San Saba-Lone Grove conference with the larger Texas conference, which was approved by the former body here yesterday, is expected to be consummated at Wortham Oct. 16, when the Texas conference meets. President Richardson will carry the proposal to the meeting at Wortham.

The Innocent Cheater

THIS HAS HAPPENED
HELEN PAGE feels unhappy when her guardian, LEONARD BRENT, tells her she represents all that she knows of home and family and she loves him blindly.
Brent changes all his plans for Helen's future after a chance meeting with a dishing beggar, CHARLES OWENS NELLIN, who tells a strange story which Brent is able to corroborate to some extent by a visit to Kankers.
On graduating, Helen reminds her guardian of his promise to reveal her parentage and he amazes when he informs her that she is heiress of a millionaire, CYRIL E. CUNNINGHAM, and that he promised her parents to take her to him when she was 18. They go to Kankers and Brent introduces her to Cunningham as his granddaughter. He offers as proof the locket containing a picture of EVANGELINE CUNNINGHAM which he had taken from the dying Nellin.
Helen remains at Bramblewood while the lawyer investigates the story. Cunningham presents her with a car which she drives everywhere. One day she accidentally strikes a girl, EVA ENNIS, who has to be taken to the hospital. Eva's brother, ROBERT, upbraid Helen for her selfish recklessness and then, noting her unstrung condition, offers to drive her home. Cunningham receives him graciously and invites him to spend the evening. The young couple go for a canoe ride.

neath the delicate skin of the eels.
he looked very sweet and delicate, very appealing and feminine. Her a novelty to Brent, meeting girl like her. It struck his fancy give it attention.
She tore her eyes away from him. The doctor says I may go home a few days," she said to Helen. "I'll come for you," Helen promised.
A few minutes later she left without. "What do you think of her?" asked when they were out of the hearing.
"Sweet," Brent answered indifferently.
A cloud passed over Helen's face his answer. Of course she didn't have expected him to adore Eva. She knew too well the use of woman to whom he bowed admiration.
Brent wanted to know what was of the accident and Helen told a frankly that she had been led to desperation by the life at Bramblewood.

CHAPTER XVIII
ONE of the things that Robert Ennis was ever to be grateful for was the fact that he did not kiss Helen at that moment.
He knew the desire, the urge that comes like an avalanche, sweeping all before it, disregarding restraint, taking no account of costs.
He knew it, and he mastered it, for one thought remained clear in his mind. This girl was not for him. His life was devoted to Eva. It was for her future that he was working. She depended upon him. And he could not lay a burdened future at the feet of a girl like Helen Brent, even had he dared to take her romantic gesture seriously.
Her hand fluttered away from his and a flush stole quickly into her cheeks. Had he deliberately repulsed her overture? Did he still consider her a devil-may-care modern?
An awkwardness descended upon them that lasted until they reached the boathouse. Helen found relief in helping Bob get the canoe launched.
The commonplace phrases they used banished much of the restraint that had fallen upon them and gradually, as they glided over the smooth water, the spell of the night reweave itself into their minds.
To Bob Helen appeared to be an cerebral creature from another land. Her white dress merged into the background of moon-silvered water like a part of the moonlight itself. Only a glint now and then from the spankled jacket when she stirred slightly hinted of reality.
He was glad when she began to sing, in a low, melodious voice. His sense of having been transported out of his own world was becoming uncomfortably convincing.
Conversation seemed not to suggest itself to either of them. They were living their hour, not discussing it as they would when they were older and sought to recapture the rapture of an awakening that never can be repeated. Old lovers talk, relive their dreams. Youth dreams. They were content with silence—the silence of song.
PRESENTLY Helen said they must go back and Bob headed the canoe toward the boathouse without vocal protest. But every instinct in his nature cried out against parting so soon.
Their good night was strictly formal. But the thoughts with which she attempted to express this

## Wedding of Miss Margaret Chandler and Clarence Langard Solemnized on Thursday at the Home of the Bride

One of the prettiest weddings of the season was that of Miss Margaret Chandler and Mr. Clarence Langard, which took place Thursday morning at the home of the bride's parents, Mr. and Mrs. H. C. Chandler.

Rev. John Lee Harris, assistant pastor of the First Baptist church, officiated in the ring service. The bridal pair stood beneath an archway, which was entwined with pink and white garden flowers and greenery. Baskets of late blossoms made the house a lovely setting for the ceremony.

**Setting Attractive**  
The bride wore a frock of brown satin faced crepe, with beige accessories. Neither she nor the bridegroom had an attendant. They left immediately after the wedding on a motor trip to Benson, Minn., where they went to visit Mr. Langard's parents. They will make their home in Pampa.

Miss Chandler had been a resident of Pampa for about eight months, having come here from Colorado Springs, Colo., with her parents. She was graduated from Colorado Springs high school, and later, from the Glockner sanitarium of Colorado Springs, where she received nurse's training. After coming to Pampa, she was on the staff of the McKean and Connor hospital several months. She had been in the office of Dr. J. H. Kelley for the last several weeks.

Mr. Langard has been here more than two years, associated during the entire time with the Cabot Co. He is a former student of the University of Minnesota.

Present at the wedding were the following relatives and friends of the young couple: Mr. and Mrs. H. C. Chandler, their daughter, Miss Helen, and son, Mr. C. B. Chandler; Mr. and Mrs. E. B. Stevens; Miss Lenna Dallis, son, Miss Audrey Covey; Miss Cornelia Barrett; and Mr. Walter Shain.

**Party Is Given**  
On the afternoon preceding the ceremony, the bride-elect was honored with a small but delightfully planned party, given by her mother, with Mrs. E. B. Stevens, Mrs. E. F. Hoffman, and Miss Audrey Covey co-hostesses. Games and music were enjoyed, and refreshments were served.

The following attended and presented a shower of attractive gifts: Mrs. Joe Hodge, Mrs. J. L. Noel, Mrs. Lovella Otterbaugh, Mrs. W. J. Turpin, Mrs. Denbert, Mrs. Sam Davis, Mrs. Hickman, Mrs. Cook, and Miss Rose Mills.

## Mrs. Biggs Horn Hostess Friday at Attractive Party

Distinction and charm marked the appointments for a bridge tea given by Mrs. Biggs Horn at the Canary Sandwich shop Friday afternoon, when she entertained members of Club May, fair and a large group of other friends, including three from out of town. Baskets of chrysanthemums and asters stood on wall brackets, lending the restaurant a festive atmosphere for the party, and accessories for the game were suggestive of Halloween. Tall orange colored tapers lighted the tables at the tea hour, each in a holder of fluted black paper on which there was a bow of pale orange satin. A jack-o'-lantern face was cleverly simulated in the salad. Other refreshments repeated the predominant color note.

Each favor was wrapped in yellow glassine paper. A green boudoir lamp with a yellow shade was given Mrs. H. E. Zoller for high club score. Mrs. Hal Peck, scoring high for guests outside the club, received a set of Madeira linen luncheon napkins. A silver "bridge hound" holder for the score pencil, went to Mrs. Jim White for top cut. Mrs. Dick Walker cut low, to receive a bottle of bath crystals.

Mrs. Horn's guests, in addition to those named, were as follows: Mrs. Bob McCoy, Mrs. Frank Skagg, and Mrs. J. C. Jackson, all of White Deer, Mrs. W. A. Duerr, Mrs. H. G. Twiford, Mrs. Clyde Fatheree, Mrs. A. S. Beavers, Mrs. W. E. Coffee, Mrs. W. T. Fraser, Mrs. Porter Malone, Mrs. Jack Mason, Mrs. Otto Stüder, Mrs. W. J. Smith, Mrs. H. W. Joins, Mrs. Edwin Vicars, Mrs. J. S. Wynne, Mrs. Roger McConnell, Mrs. I. B. Hughey, Mrs. J. M. McDonald, Mrs. R. S. Bourland, Mrs. J. Wade Duncan, Mrs. C. L. Thomas, Mrs. De Lea Vicars, Mrs. Ralph Arnold, Mrs. D. C. Houk, Miss Ruth Anner Mitchell, Miss Julia Mae Barnhart, and Miss Wilma Chapman.

## Will Send Linens to Home for Aged

Members of the local Moosehead Legion are preparing a box of linens for the Moose Lodge's famous home for aged people at Moosehaven, Fla. They will include in it sheets, pillow cases, face towels, bath towels, dish towels, and wash cloths.

## Social Calendar

### MONDAY

The Study club of the A. A. U. W. and College club will meet at 3 o'clock in the women's parlor of the Methodist church.

### TUESDAY

The Junior Twentieth Century club will meet at 3 o'clock in the home of Mrs. Lee Harrah.

### WEDNESDAY

An all-day meeting of the Baptist W. M. U. will be held at the church.

### THURSDAY

The Pampa branch of the A. A. U. W. and College club will give a dance at the Schneider hotel, benefitting its scholarship fund. Joe Norman's orchestra will play, and dancing will begin at 9 o'clock.

## "Tacky" Party Is Jolly Week-end Event for Class

Numbered among the most fashionable, least formal, but most enjoyable social affairs of this season or last in Pampa was a "tacky" party given Friday afternoon at the home of Mrs. T. W. Jamison for members of the T. E. L. class of the First Baptist Sunday school.

Costumes rescued from attic trunks and chests and assembled with cheerful disregard for period were the source of most of the afternoon's merriment. Buckleberry Finn and Tom Sawyer appeared in all their glory. Mrs. H. M. Stokes received a diamond ring from the five-and-ten as prize for the tackiest costume.

Old-fashioned games and parlor tricks were enjoyed, and refreshments were served. Suiting language to occasion, a good time was had by all.

Those present were: Mrs. W. B. Henry, Mrs. J. F. Davis, Mrs. E. Bass Clay, Mrs. R. E. Walker, Mrs. Cyril Hamilton, Mrs. H. C. Chandler, Mrs. C. L. McKinney, Mrs. Charles Kentling, Mrs. O. J. McKee, Mrs. H. M. Stokes, Mrs. R. E. Malone, Mrs. H. C. Price, Mrs. W. L. Davis, Mrs. J. Richardson, Mrs. J. H. Ayres, Mrs. John Haggard, and Mrs. F. E. Hoffman.

## Mrs. Hollenbeck Is Hostess Friday at Club Meeting

Mrs. Floyd A. Hollenbeck was hostess on Friday afternoon to Just We bridge club members and other friends, entertainings with two tables. Her house was attractively decorated with bouquets of yellow chrysanthemums, and card table appointments were in the black and yellow color scheme of Halloween.

The players were: Mrs. J. H. Lutz, Mrs. A. D. Johnston, Mrs. M. W. Jones, and Mrs. L. M. Williams, club members; Mrs. J. G. Christy, Mrs. C. C. Boles, Mrs. H. W. Hickman, and Miss Lillian Harrell of Kansas City. Mrs. Lutz scored high for the club; Miss Harrell, for special guests, and Mrs. Johnston, low.

# Modes of the Moment!

Normal waist, curved hips, longer skirt, and that ladylike air, essential to chic - are all wrapped up together in Patou's black serge dress with ermine bow in back and ermine trim in front. Rita

## Slumber Party Is Given by Teacher for Girls' Class

Mrs. C. E. Lawrence, teacher of the P. W. G. class of the Methodist Sunday school, entertained members of the group last night with a slumber party at her home. The party was to have breakfast this morning at the Canary Sandwich shop, after which they were to go to Sunday school in a body. The invitation list included the following names: Miss Beulah Lane, Miss Oak Alee and Miss Katherine Roberts, Miss Inez Certain, Miss Blanche Sibley, Miss Geraldine Ragsdale, Miss Florence Baer, Miss Mary Yoder, Miss Audrey Noel, and Miss Esther Stark.

## Pampa Women Guests at Panhandle Club Affair Thursday

Five Pampa matrons were among the guests at the annual autumn reception of the Fine Arts club of Panhandle, which was given on Thursday afternoon at the Panhandle Inn. They were Mrs. R. Earl O'Keefe and Mrs. O. H. Booth, former residents of Pan-

handle, who retained their membership in the club; Mrs. Booth's guests, Mrs. Jack Mason and Mrs. Fred Cary; and Mrs. Clifford Braly, who also liv-

ed in Panhandle before coming to Pampa, and who recently resigned membership in the Fine Arts club.

Mrs. O'Keefe presided at the guest book. An informal musical program continued during the entire afternoon. Decorated elaborately with smilax and large chrysanthemums, the dining room of the inn provided an attractive setting for the affair, which was followed in the evening by a reception for club members and their husbands.

## AMARILLO AUDITOR HERE

Russell Middleton of Amarillo, auditor connected with the Lindsey Nunn Publishing company, returned home last night after spending several days here on business.

**Returns to Missouri**  
Miss Lillian Harrell of Kansas City, who has made an extended visit with her sister, Mrs. J. H. Lutz, and Mr. Lutz, returned home yesterday afternoon.

# CHEVROLET SIX

## -the Car of Universal Appeal!

SINCE January 1st, over a million one hundred and thirty-five thousand six-cylinder Chevrolets have been produced. Naturally, this is an outstanding industrial achievement. But it is more than that. It is a great public endorsement of Chevrolet's policy of progress: to build a quality automobile whose design incorporates every possible feature of progressive engineering . . . whose beauty is distinctive, smart and satisfying . . . whose reliability is assured by fine materials and precision manufacture . . . and whose price is so low as to be within reach of the great majority of the people. We want you to know what this policy has meant in the development of the Chevrolet Six—the modern car of universal appeal. We want you to know that Chevrolet has brought within the reach of everybody, everywhere, all the advantages of smooth, six-cylinder performance. Come in today!

# CHURCHES

**Presbyterian Church**  
 Sunday will start a week of activity at the Presbyterian church. The public is invited and will be made welcome at all the services today.

Sunday school at 10 a. m.  
 Sermon, "Whom the Lord Loveth," at 11 a. m.  
 Junior Christian Endeavor at 4 p. m.

Sermon, "Life's Tendencies," at 7:30 p. m.

The board of elders will meet at the close of the morning service. On Tuesday evening the trustees of the church will meet. On Wednesday, beginning at 10 a. m., the women of the church will have their all-day meeting to complete their quilting for the Children's Home at Amarillo.

The Children's Home is unique in that it is under the Presbyterian church, the superintendent and his wife are Methodists, the trustees are selected without regard to their denominational affiliation, and the business men of Amarillo have supplied the large part of the provisions for the tables at the home.

The women made good progress in their work for the home at an all-day meeting two weeks ago and they desire to complete the same next Wednesday.

The final activity for the week will be choir practice Thursday evening at 7:30 o'clock. An invitation is given to those who sing to come and practice with us.

A. A. HYDE, Minister.

**First Baptist Church**  
 Sunday school, 9:45 a. m.  
 Morning preaching service, 11 a. m.  
 Amarada Mission service, 2:30 p. m.  
 Service at Skelly, 3 p. m.  
 Orchestra practice, 5 p. m.  
 Training Service, all unions, 6:45 p. m.

Evening preaching service, 8 p. m.  
 A well arranged program in each of the seven departmental meetings and a prepared teacher to meet each of the 36 classes in the preparation we have made for you in our Sunday school this morning. For several weeks some of the classes have not had a meeting, but beginning today each class will have a teacher and an adequate place to meet. Special music has been arranged for some of the departmental meetings. Be on time this morning so that you will miss none of these worth-while programs.

The assistant pastor will be in charge of both preaching services at the regular hours today, and will conduct the service at Skelly this afternoon. Brother Elmer G. Barrett will have charge of the service at Amara.

The choir and the orchestra will render special numbers at both the services in the auditorium.

The unions in the training service have reorganized since the first of this month, and good programs have been arranged for this evening. Several new workers have been added to our group of helpers. Meet with one of the unions this evening, and you will be blessed.

The pastor will conclude the series of revival services in Tulsa today. We are happy to hear of the success of the campaign in which he has been engaged. Following is an excerpt from one of his letters under date of Oct. 17:—"Having a great revival. High hour Wednesday night. One man about 55 years of age saved. Most of conversions are of men and young men. Expecting many to be saved and added to the church by Sunday night. I bless God that where the church is interested people will be saved. It is great to see men and young men come down the aisle after you have preached the best you can. I am in fine trim and hope to go over Sunday in high. Pray for us. Give my love to the church. Urge them to work and pray for our coming revival. I am happy to see people saved."

Rev. Geo. T. Kelley, in whose church Brother Truhitte has been conducting a revival campaign the past two weeks, will be with this church to lead in a similar campaign beginning next Sunday, October 27. Let us all pray and plan for this series of services.

We shall be happy to have you with us in each of the services of this church.

JOHN LEE HARRIS, Assistant Pastor.

**CHRISTIAN SCIENCE SOCIETY**  
 Room 2, First National Bank bldg.  
 Sunday school, 9:45 o'clock.  
 Sunday service, 11 o'clock. Subject, "The Doctrine of Atonement."  
 Mid-week service, Wednesday evening at 8 o'clock.

The public is cordially invited to attend all of these services.

**Church of Christ**  
 (Francis and Warren Streets)  
 Isaiah 1:16: Comp now and let us reason together, saith Jehovah; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson they shall be as wool. The prophet here is encouraging his brethren about him to reason on righteousness, though they are sinful.  
 Today we reason about temporal things, and do our very best to know

**AUTO LOANS**  
 Auto Contracts Refinanced for details.  
 Write Box 3265, Amarillo, MCKINNEY MOTOR CO. 1403 West 6th Street

The woman with perfect skin, who welcomes the hat whose brim turns sharply off the face, will find a new note of distinction in a chapeau whose winged chic is unusual yet simple. The winged effect is achieved by careful manipulation of fine black felt.

what is right. It is well for us to do this, but how much more useful it is for us to reason about religion, and eternal things. There are many theories and ideas advanced concerning religion, and it is impossible for them all to be right. All of them can be wrong, but when we have two theories and they contradict one another, they both cannot be right. So come, let us reason together. Your presence will be appreciated, and hospitality will be shown you.

Services for Sunday:  
 Bible study, 9:45 a. m.  
 Preaching, 11 a. m.  
 Communion, 11:45 a. m.  
 Young People's Bible study, 6 p. m.  
 Preaching, 7 p. m.  
 Communion, 7:45 p. m.  
 The morning lesson will be "Slaying Lions"; the lesson for the evening will be "The Evidence of Pardon."  
 JESSE F. WISEMAN, Minister

### Mr. and Mrs. Paul Shepherd Entertain at Bridge Thursday

Mr. and Mrs. Paul Shepherd entertained their bridge club last evening with a two-table party. Their guests were: Mr. and Mrs. Paul Kasishko, Mr. and Mrs. T. E. Simmons, Mr. and Mrs. A. D. McNamara, Mr. and Mrs. R. W. Hisky, Mr. and Mrs. F. W. Bird. High scores were made by Mrs. Hisky and Mr. Simmons, who received attractive favors. When refreshments were served at the conclusion of the playing, paper covers and napkins in Halloween colors and motif were used. The refreshment plates featured a salad cleverly arranged to represent cigaret smoking flapper.

### Reduced Rate Is Given for Course Without Credits

All privileges of the course, with exemption from final examinations, and a registration fee of \$5 for the twelve-week course, will be available to all local persons interested in the extension work offered by West Texas Teachers college of Canyon. Classes will be held here each Monday afternoon at 4 o'clock in room 66 of Central high school building. The course is in government and deals with federal and state constitutions. It is of particular interest in that its subject matter is of present day importance. To teachers it offers an opportunity to prepare to give the instruction that will be a state requirement after this year. Regular college credit will be given to those who wish it. The cost of the credit course is \$12. The instructor was not known yesterday, but will be designated in time to arrive here tomorrow.

**VISITING DAUGHTER**  
 Mrs. Hattie Tinkler of Tulsa is visiting in the home of her daughter, Mrs. Robert Roberts.

**Will Visit Mother**  
 Mrs. A. E. Arnold left early this morning for Ponca City, Okla., to visit her mother.

Many casualties to aviators result from narrowing of vision at a high altitude, thinks Dr. William H. Wilmer, of Johns Hopkins hospital.

One of the principal streets of Berlin the "Koenigsraetzstrasse," is to be named after the late foreign minister, Gustav Stresemann.

Because her husband insisted upon carving figures on the woodwork of their home, a New York woman brought suit for divorce.

### CITATION

THE STATE OF TEXAS, TO THE SHERIFF OR ANY CONSTABLE OF GRAY COUNTY—

GREETINGS:  
 You are hereby commanded to summon F. J. Meyers by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the County Court of Gray County, Texas, to be holden at the courthouse thereof in Pampa, on the third Monday in November, 1929, the same being the 18th day of November, 1929, then and there to answer an amended original petition filed in said court on the 19th day of October, 1929, in a suit numbered on the docket of said court N. 740, wherein the McIntire Lumber Company is plaintiff, and F. J. Meyers, B. C. Carmichael and Mrs. B. C. Carmichael are defendants, said petition alleging in substance as follows:

A suit on a promissory note in the principal sum of \$400.00, dated January 14, 1928, payable to the order of the McIntire Lumber Company, at Pampa, Texas, due on or before six

months after date, bearing interest at the rate of 8 per cent per annum from date, executed by F. J. Meyers and delivered by him to the McIntire Lumber Company, providing that if default be made in the payment of the same at maturity and if placed in the hands of an attorney for collection or suit is brought on the same, an additional amount of 10 per cent on the principal and interest shall be added to the same as attorneys' fees, and containing the further stipulation that payment thereof is secured by a chattel mortgage upon a five room frame house located upon the McIntire Lumber Company property in Pampa, Texas; to foreclose a chattel mortgage dated January 14, 1928, covering one frame building 20x28 located upon the McIntire Lumber Company property in Pampa, Gray County, Texas; said note being due and unpaid at date of said petition, plaintiff has placed the same in the hands of Cook, Smith & Teed, attorneys, for suit on the same and contracted to pay

them the attorney's fees stipulated therein.  
 Herein fall not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.  
 Witness Charlie Thut, Clerk of the County Court of Gray County.  
 Given under my hand the seal of said court, in Pampa, Texas, this the 19th day of October, 1929.  
 CHARLIE THUT  
 Clerk of the County Court of Gray County, Texas  
 By OLA GREGORY

### Moscow-to-New York Fliers in U. S. Now

Above, in these first pictures of the Soviet flyers on American soil, are Pilots Philip E. Bolotov and S. A. Shestakov, and Navigator Boris F. Steligov. Below is their ship, The Land of the Soviets, lying in a tiny Alaskan bay. The fourth member of the Russian crew is not shown in the picture.

### Centenary Loafs to 35-0 Victory

SHREVEPORT, La., Oct. 19. (AP)—Coming to life in the second quarter, Centenary college Gentlemen scored three touchdowns on the Sam Houston Teachers of Huntsville here this afternoon and in the fourth period increased the score by two touchdowns to win 35 to 0.

### St. Edwards Wins Over Southwestern

AUSTIN, Oct. 19. (AP)—Featuring a brilliant running attack with Parma, Macki, and Jarling leading the offensive, St. Edwards galloped to a 38 to 7 victory over the Southwestern Pirates at the Texas memorial stadium Saturday afternoon.

### Crude Prices Stable

NEW YORK, Oct. 19. (AP)—The average price of crude petroleum in 10 producing fields was unchanged last week from the previous week at \$1.652 a barrel, according to the Oil, Paint & Drug Reporter. The average for the corresponding period last year was \$1.634 a barrel.

### RETURNS TO CLOVIS

Mrs. Grace Henderson of Clovis, N. M., returned home Friday afternoon, after spending a week here studying permanent waving at Esther's Beauty shop.

NEW CHRYSLER "70" ROYAL COUPE (with rumble seat), \$1349

## SAVING 8,400,000 REVOLUTIONS A YEAR

NEW MULTI-RANGE CHRYSLERS PROLONG ENGINE LIFE AND REDUCE GASOLINE CONSUMPTION WITH GREATLY INCREASED CAR SPEED

While other engines are straining to their utmost in turning up top speeds, the new Chrysler with Multi-Range Gear Shift and four-speed transmissions purr along nonchalantly registering some 840 fewer engine revolutions per mile of car

ADDITIONAL FEATURES DOWN-DRAFT CARBURETOR SYNCHRONIZED POWER SYSTEM ARCHITONIC BODIES PARAFLEX SPRING SUSPENSION METALWARE BY CARTIER INTERNAL-EXPANDING HYDRAULIC BRAKES

travel than other cars. For one of the notable achievements of the Chrysler Multi-Range is its ability to develop highest speeds and greatest power with far less engine speed than was ever before possible.

Think what that means in an average year of driving—

8,400,000 fewer engine revolutions for every 10,000 miles covered; 8,400,000 fewer chances of imparting wear and tear to the moving parts mechanism; 8,400,000 fewer demands on the gasoline and oil supply systems.

And these brand-new cars give you the smoothest, liveliest, most enjoyable and economical performance in modern motoring. A demonstration proves it.

Chrysler Imperial, "77", "70", "66" offered in all popular body styles—Prices range from \$385 to \$3475 f.o.b. factory (Special equipment extra).

### COURT—

(Continued From Page 1)

was reset for the second week in November. The whereabouts of Davis was not known, Judge C. G. Engledow said. Davis is charged with criminal assault. Chief witnesses for Johnson included the peace officers of Shamrock and employees of a cafe which the officers patronize.

### VISITED IN DALHART

Mrs. R. McDowell, Mrs. Frank Keehn and the latter's little daughter, Frankie Lou, spent a few days with friends in Dalhart this week.

All Go to McLean He said he left the cafe about 11 o'clock and started north but before long was halted by W. W. Davis, another deputy, who was with the two girls. He testified Davis told him the two girls wanted to go to McLean for money to pay the fines of their escorts. He said they wanted to take the boys' car to Shamrock or let the deputies take them. Johnson said he would not let them have the car because he wanted to use it in his investigation of the boys and he and Davis took the sisters to McLean where they left them with relatives. He said he and Davis arrived at McLean about 12 o'clock, returned to Shamrock and stayed at home until 3 o'clock, when the girls arrived from McLean. He said he then released the boys.

Johnson also testified that the night watchman at Childress had telephoned him to be on the "look-out for a car with two boys and two girls in it." Cross examination revealed that the defendant did not know the name of the night watchman at Childress.

Identify Articles Called back to the stand, the 20-year old sister testified that with Harris King, constable at McLean, and her sister, she went back to the spot in the pasture where the alleged attack was made on the two girls by the deputies and found cigarettes, and empty pistol cartridges, gum wrappers and also an empty fruit jar that contained whiskey, all of which were claimed to have been discarded by the two men on the morning of the alleged attack. These articles were identified by King, who was placed on the witness stand, and were submitted to the jury for examination. King testified that he was sent to the pasture by order of the Gray county grand jury. The 16-year-old sister was placed on the stand and she too corroborated her sister's testimony and identified the articles as being left on the scene by the deputies.

Velven testified that he saw the girl in the cafe with Johnson about 5:30 and returned 30 minutes later and saw the girls by themselves.

The Davis case was called for trial yesterday but he was not present. Trial

### PANHANDLE FOLK HERE

Mr. and Mrs. J. D. Merriman of Panhandle and little Jimmie, Jr., are spending the day with Mr. and Mrs. J. M. Turner. Mr. Merriman is Mrs. Turner's brother.
