## BIG SPRING REPORTS TREMBLORS

### Deeds to City's First Park and Playground Presented Yesterday

#### CONDITIONS IN TRANSFER NOT VERY BINDING

Buckler, Wilks, and Cook Make Gift of 13 Acres

#### FUND IN HAND TO BEGIN WORK

Part of \$20,000 Voted Recently Can Be Utilized

Deeds to a 13-acre park and playground tract were presented to the city commissioners yesterday afternoon by C. P. Buckler, Will Wilks, and C. C. Cook and were accepted.

Nine acres of the tract of land, situated east of the bridge across the draw which separates the Cook-Adams addition from the main part of the city, will be improved and developed into a park and playground out of the funds provided for parks and playgrounds in the recent bond issue, according to the commissioners.

The remaining four acres on the west side of the bridge are subject to flood, and improvement of that tract will not be considered for some time. This land was presented to the city to be used for any purpose it may deem best, but the 9-acre tract east of the bridge must be used only for a park and playground. There were no other conditions of acceptance, according to City Manager E. M. Gwin. The city may also improve the tract when it chooses. The recent bond issue provided \$20,000 for improvement of parks and playgrounds, but commissioners will use only a part of that sum for the development of the park.

First improvements will include leveling the ground, particularly of certain hills and planting of trees, grass, and flowers. City Manager Gwin remarked that it takes many years to develop a show-place park. The first steps comprise accurate landscaping and the planting of trees and grass.

Mr. Buckler and Mr. Wilks donated all of the land except one acre, which was given by Mr. Cook. Naming of the park will be taken up by the city commissioners in the near future.

#### Woman Who Feared and Killed "Witch" Is Found Guilty

KALAMAZOO, Mich., Oct. 18. (P)—A jury of 11 men and one woman today found Mrs. Pearl Burgess, 52, guilty of the murder of Mrs. Etta Fairchild, 76-year-old inmate of an old ladies' home, whom Mrs. Burgess and her husband, Eugene, had admitted beating to death with a lead pipe, "because she was a witch and had killed a hundred people just by wishing them dead."

Mrs. Burgess's sanity was the point on which the jurors were reported to have found difficulty in reaching agreement. Judge George V. Welmer did not say when he would pass sentence, and attorneys for Mrs. Burgess did not indicate whether they would appeal.

Mrs. Burgess and her husband were arrested after Mrs. Fairchild's body was found in a cistern behind the Burgess' home on the night of July 18, the same night on which she was killed.

They did not deny the slaying. Their daughter, Eugenia, 17, was singled out by Mrs. Fairchild, they said, and they were forced to kill the woman to save the child.

#### JOHNSON CASE MAY CONTINUE TO NEXT WEEK

Testimony was introduced by the defense last night in the trial of T. C. Johnson, Wheeler county deputy charged with a statutory offense, to show that the officer at the time of a second alleged attack on the two sisters was taking back a Shamrock boy who had been accidentally left in a pasture 8 miles from the Wheeler county town.

If the state and defense attorneys decide to end the case tomorrow, the defendant is expected to be called to speak in his own behalf from the witness chair this afternoon or tonight. However, if the case continues into next week, both sides may proceed with the leisure they have exercised this week in examining the witnesses, of which 50 were sworn in but only 10 have testified.

The state halted its testimony yesterday afternoon but it is understood that numerous character witnesses will testify, with a possibility that the sisters may be called back to the stand.

Herbert Blake, second defense witness to take the stand, testified that he and four other boy friends had gone to the pasture and spent the night "on a party." The next morning three of them left for Shamrock without taking Blake with them, he testified. He said further that Deputy Johnson drove out, found him and took him back to Shamrock with the two deputies in the early afternoon.

Mrs. Austin, wife of the justice of peace, Shamrock, said on the stand that the sisters made no complaint to

Reports that the commissioners court was about to rescind a decision made three months ago to secure a county agent and a home demonstration agent for Gray county, has caused many citizens from various parts of the county this week to protest against such an action by the commissioners.

However, the commissioners in session this week assured citizens from Pampa, Albrecht, and McLain that they have no intentions of reversing their former action. They plan to secure the services of the agents by the first of next year, it was stated.

When the court decided to initiate home demonstration and county agent work in Gray county, Commissioners L. O. Cox and M. M. Newman voted to secure the agents and Commissioners T. O. Kirby and J. R. White voted negatively. Judge Ivy E. Duncan cast the deciding vote for the work. It was reported last week that Mr. Newman had changed his stand on the matter. However, an expression from him this week indicated he has not.

#### Borger Officers Ready to Seek Their Freedom

STINNETT, Oct. 18. (P)—Four former peace officers and at least five other men, held in the county jail here under General Order Number Six, planned to present bonds for their release today after lifting of the order.

Those who indicated they would present bonds for approval of Sheriff C. O. Moore were former Deputy Sheriff Cal Baird, former Deputy Constable Sam Jones, former policeman D. T. Blasingame and J. A. Lee and John Ware, Louis Crim, Leroy Dempsey, and John Harkness.

Brigadier General Jacob Wolters, in charge of guardsmen enforcing martial law in Hutchinson county, ordered the order not to be lifted before noon.

BORGER, Oct. 18. (P)—Civil peace officers here and in Hutchinson county administered their duties today for the first time since Governor Moody sent troops here Sept. 30 to investigate the assassination of District Attorney John A. Holmes and clean up the town.

Martial law was still effective, but Brigadier General Jacob F. Wolters had withdrawn his soldiers from the courthouse and the city offices and had turned over all police duties to the civil authorities and Rangers. The soldiers themselves planned to leave this afternoon, and it was thought that with their departure a proclamation reinstating civil government would be issued in Austin.

As the troops left there was no indication they had been able to track down the gunman who killed Holmes, but their presence led to the resignations of almost all of the county and city officials and new men, approved by Clem Calhoun, newly appointed district attorney, sat in the sheriff's office at Stinnett and in the city offices here.

C. O. Moore, a Ranger who was released by the state to become sheriff, was given responsibility for keeping the county free from the vice that had grown up under the influence of oil boom conditions. Albert Mace, experienced in handling law enforcement after the departure of soldiers led in the chief of police's office. Mace took a similar job at Mexia in 1922 when the troops left after cleaning up the locality.

In the meantime, the grand jury, which started its deliberations Monday, returned two murder indictments and a number of indictments for liquor law violations. W. C. Allsbrook was indicted for the slaying, a few hours before Holmes' assassination, of Melvin T. Hotchkiss, and Clarence French, a negro, was indicted for the death of one of his own race.

The grand jury, in an aspect report, praised the character of the troops sent

#### PERJURY STILL THREATENED IN THEATRE CASE

Woman Witness May Be Questioned on Story

#### DOCTOR DENIES GIRL ATTACKED

Evidence of Plot to Injure Pantages Is Prepared

LOS ANGELES, Oct. 18. (P)—A prosecutor's threat of grand jury action hung over another defense witness in the Alexander Pantages case today as the multi-millionaire theater man continued his fight against the charge he criminally assaulted Biffie Pringle, 17-year-old dancer.

District Attorney Buron Pitts intimated the grand jury may review testimony given by Mrs. Floy Biffie yesterday, partially corroborating the sworn statements of her husband, Garland Biffie, who was indicted on a perjury charge Wednesday after giving evidence considered favorable to the theater man.

After giving her testimony and undergoing a searching cross-examination by Pitts, Mrs. Biffie broke down and implored court officials not to take her to jail.

Pitts said no immediate action would be taken against her, but indicated her case might be put before the grand jury.

Claims He Heard Plot  
Biffie was indicted after he testified he saw Miss Pringle and Nicholas Dunaway, author of the dancer's vaudeville skit, enter the Pantages theater building on the day of the alleged attack. Biffie further averred he overheard Miss Pringle tell Dunaway Pantages would be "sorry" if he did not accept her act for his vaudeville circuit.

In spite of her husband's arrest, Mrs. Biffie testified she also saw Dunaway and the dancer in the theater building, but said she did not overhear the remark which Biffie declared he overheard.

Under cross-examination by Pitts, Mrs. Biffie admitted she had talked the case over with her husband several times, both before and after his appearance on the witness stand, and that she had not brought her story to the district attorney's office because she did not think he was "interested in that side of the case."

#### Doctor Is Skeptical

Three physicians also were defense witnesses. The first of these was Dr. Peter O. Sunden, who testified he gave the Pringle girl a physical examination at the request of District Attorney Pitts on August 13 and at that time could find no evidence of an attack. Dr. Sterling Pierce, who also was present and made a similar examination at the same time as Dr. Sunden, gave similar testimony. Dr. E. H. Gibbs still occupied the witness stand on direct examination when court adjourned.

Neighborhood gossip found its way into the records of the trial when the grand jury testimony of Leo Zlaket, who lives next door to the Pringle home, was read to the jury. In this statement Zlaket said his wife had told him a 19-year-old neighbor girl had told her she had heard a rumor that Eunice Pringle had once "broken up a family." Zlaket admitted he, of his own knowledge, knew of nothing that could detract from the girl's reputation.

#### Roads Slippery After Rainfall of About Half Inch

Rainfall of half an inch last night caused much inconvenience here today as roads became slippery.

While the moisture did not penetrate deeply, it created a layer of mud which made traveling without chains almost impossible. The roads were beaten out and passable before noon, but remained rough. The sun broke through the clouds at intervals early this afternoon, but "probable showers" were forecast for tonight and Saturday.

#### Stolen Goods Is Recovered—Two Men Are Under Arrest

DALLAS, Oct. 18. (P)—Two Wood county men were in jail here and approximately \$4,500 worth of merchandise stolen from the Alba Mercantile company of Alba 10 days ago has been recovered.

Part of the loot was found in the possession of a Dallas lawyer, who said he bought it with the expectation of making a little money, according to the officers. The lawyer, they added, denied knowledge of it being stolen goods.

In the burglary \$3,000 worth of merchandise was taken, consisting mostly of boys' clothing and men's clothing.

Oil Conference Called  
FORT WORTH, Oct. 18. (P)—A meeting of oil companies to discuss a shot-down in the Hobbs' area of New Mexico will be held at the chamber of commerce in Roswell, N. M., Oct. 22. The meeting was announced today by John W. Mouser of the Prairie Oil and Gas company of Eastland.

Australia may be spared the "talkies". American films presented there were unsuccessful because of mysterious tampering with the sound apparatus.

A Swiss village recently tried to levy a tax on bobbed hair. The tax was a complete failure since the women refused.

Escaped Men Caught  
NACOGDOCHES, Oct. 18. (P)—Two men who saved their way out of the county jail here last night were re-arrested today. One was taken while trying to get a job, and the other was found at the home of his father. A third prisoner, under a 40-year penitentiary sentence, refused to leave the prison.

#### FIVE QUAKES FELT IN CITY THIS MORNING

Excitement Prevails as Dishes Rattle on Shelves

#### NO RECORD OF OTHER SHOCKS

Professor Recalls Time When Pampa Felt Quivers

BIG SPRING, Oct. 18. (P)—Much excitement prevailed here this morning after hundreds of residents were awakened by the rattling of windows and bric-a-brac, believed to have been caused by earth tremors.

The first of a series of shocks occurred at 12:30 a. m. The last was registered shortly before 7 o'clock. Residents, who reported they had counted five tremors, said the last was the most severe. All of the shocks were of a few seconds duration.

Belief that the shocks were earth tremors was strengthened after a check of oil field and construction camps revealed no blasting was done during the hours the tremors were felt. No damage was reported.

AUSTIN, Oct. 18. (P)—After being informed of the earth tremors reported at Big Spring today, E. H. Sellards, chief of the bureau of economic geology of the University of Texas, recalled that the Texas Panhandle experienced an earthquake July 30, 1925.

Tremors were felt as far north as Dodge City, Kans., west to Tucuman, N. M., east to Oklahoma City and south to post. The earthquake, which was slight and caused little property damage, was centered in the vicinity of Amarillo, Canyon and Pampa. Dr. Sellards said.

Dr. Sellards declined to make any comment on the Big Spring occurrence until he gained more information. He said he would make a study and, attempt to arrive at certain conclusions concerning it.

#### Republicans Will Expedite Tariff

WASHINGTON, Oct. 18. (P)—Mindful that President Hoover wants the tariff out of the way when the regular session begins, Republican leaders mapped out a program today to expedite the measure through the senate at the earliest possible moment.

Three steps were agreed upon: First, the finance committee Republicans to meet daily and decide on what amendments might be accepted without debate.

Second, to propose night sessions beginning tonight.

Third, to convene the senate at 10 instead of 11 o'clock each morning if night sessions should not be possible.

#### Only 90-Day Law Now Into Effect

AUSTIN, Oct. 18. (P)—The only law passed by the third called session of the 41st legislature as a "90-day measure" went into effect today, creating the 112th judicial district comprising Peecos, Upton, Kimble, Sutton and Crockett counties.

This was the only law enacted during the last session which failed to pass by a two-thirds majority vote on a record vote, which would have permitted it to have become effective immediately.

#### Train To Christoval

SAN ANGELO, Oct. 18. (P)—First work train of the Santa Fe railroad pulled past the depot site at Christoval yesterday, removing rail isolation that had existed since the town was founded. Completion of work thus far covered 15 miles of track, but completion of the bridge over the South Concho river at Christoval will delay extensions from there about 10 days.

ORDINARILY AN ANONYMOUS LETTER IS HEADED DIRECTLY FOR THE WASTE BASKET, BUT THE ONE WE ARE REPRINTING HERE IS REPRODUCED IN THE SPIRIT IN WHICH IT EVIDENTLY IS WRITTEN.

Here is the letter received by the editor of The News: "Wealth and riches do not make a true citizen every time. A man can be honest and strictly law abiding as a citizen and stand up for the right and justice even though he has not riches."

Verily. Nearly every American has several little sins that he is unwilling to give up merely because they are against the law. These may be speeding, working on the Sabbath, double parking, gambling, violating sanitation ordinances and building codes, and other "respectable sins".

Considering how many of the "best people" violate laws which aggravate them, it is not to be wondered when another type of criminal objects when called to account for his particular legal sin.

TWINKLES

Custom and habit make an early impression upon the young. A wee sma' lad in The News' big family was heard to say that he thought he would get some turkeys and raise some little turkeys.

Heard: Local man ask another if he intended to visit El Paso while at Juarez attending the West Texas Chamber of Commerce convention.

We hate to see the practice of "just getting mad" fixed up with fancy names and connected with crime. All of us need such an emotional outlet occasionally - otherwise we would be tempted to vent our feelings through this column.

Genuine, unsolicited compliments are so rare in this world that to overhear one is to in-

spire that guilty feeling one experiences when he is credited with something he did not do. We are speaking of compliments, not flattery.

Don Jose has gone into the talkies, and we hope the ladies don't sigh loud enough to drown him out when he strikes a romantic chord.

Pampa bachelors who were left out in the cold when the exclusive club was recently announced are somewhat incensed. They hate to think anyone considered them ineligible for membership, or even poor risks.

Whitey Walker's Trial to Be Held Next November 4

BORGER, Oct. 18. (AP)—William J. "Whitey" Walker, will go on trial here November 4 for the slaying of Deputy Sheriff Pat Kenyon and A. L. Terry.

Hugh Walker, his brother, and Ed Bailey, are also indicted for the slayings, and Whitey is under another indictment for the slaying of Coke Buchanan in 1927.

TAHOKA, Oct. 18. (AP)—A five-year suspended sentence was passed here yesterday upon Mrs. William J. Walker, wife of Whitey Walker, Panhandle "bad man" who is awaiting trial for three slayings at Borger, when she pleaded guilty to burglarizing a drug store.

Mrs. Doheny Tells of Signature Torn From Fall Note

WASHINGTON, Oct. 18. (AP)—Mrs. Carrie Estella Doheny, wife of Edward L. Doheny, whom the government charges bribed Albert D. Fall with \$100,000 to obtain the Elk Hills, Calif., naval oil lease, testified today Fall's signature had been torn from a note for that amount.

When she said her husband had told her to keep the signature carefully so it would be available when time came to present the note for payment.

She added she had taken the signature from New York to Los Angeles and put it in a safe deposit box.

Today Mrs. Doheny produced the signature in court. She already had identified the note. Frank Hogan, chief defense counsel, put them together and presented the complete note to the jury, which examined it carefully.

She was on the stand only a short while before her husband was called.

Regarded as the most important witness for the defense, Doheny has said the \$100,000 was a "loan to an old friend in need" and not a bribe as charged by the prosecution.

Al Smith Still Has Open Mind as to Politics

NEW YORK, Oct. 18. (AP)—Under the headline "Smith's mind open on candidacy in 1932 national race," the New York World today published the following:

The Democratic presidential nomination in 1932 is not a closed book for Alfred E. Smith.

"Governor," he was asked, "is it that you will seek to enter the senate in 1934?"

Mr. Smith declined to answer the question for the record.

"Have you determined not to run for president again?"

Mr. Smith did answer that question and this is what he said:

"A man never gets anywhere or accomplishes much if he makes his plans too far in advance. I have never made definite plans for the future. I have never gone about it that way. What I have done has sort of come my way. I have never determined matters long in advance. You cannot tell what is going to happen in the future, what may occur in between times. And to count on what you will do at some distant time is, to me, silly."

Mail Fraud Case Moved to November

### Forty-Two Men Indicted for Part in Gigantic Smuggling Syndicate—Bribery Evidence Being Collected

DETROIT, Oct. 18. (P)—Federal indictments against 42 men said to have been involved in two huge liquor syndicates operating out of New York, Detroit, and Chicago were returned by a grand jury today. Fifteen of the alleged conspirators already have been arraigned, according to John R. Watkins, District attorney.

NEW YORK, Oct. 18. (P)—Entries in a small black account book showing \$2,000,000 profits in six months, huge sums paid for bribery, ships and liquor, revealed today the proportions of the syndicate which federal officials charge monopolized liquor smuggling along the Atlantic coast.

The account book was seized with large sums paid to local officers for protection.

Notations showed, he said, that last March the syndicate spent \$700,000 in Montreal "for ships, the purchase of liquor and operating expenses."

Calhoun said that seven banks in New Jersey, Manhattan, and Brooklyn with which the ring did business would be called upon to produce their records of the transactions.

James E. Wilkinson, assistant U. S. Attorney, declared the three banks in New Jersey where the smugglers had accounts were obviously aware of the nature of their client's business. He also denounced lawyers who he charged gave legal advice to the syndicate.

"It is no secret that this mob of bootleggers is more or less hooked up with the gang of Scarface Al Capone," Wilkinson added.

United States Attorney Charles H. Tuttle in announcing that the three federal districts in Manhattan, Brooklyn, and New Jersey would cooperate in the prosecution of the syndicate said:

"This ring not only was conducting smuggling of contraband on an enormous scale with ramifications in England, Canada and elsewhere, but was by practice virtually monopolizing this illegal importation."

A score of men taken in the simultaneous raids were free under bail today, the highest being that of Malcolm McMasters, radio operator arrested in the smugglers' station. He was held in \$30,000 bond in Trenton, N. J., federal court.

Search was under way for three others mentioned in the indictments, William and Al Lillen, and James

Murphy. They were described by authorities as members of the "board of directors" who with four others controlled the syndicate.

William J. Calhoun, prohibition administrator for New Jersey, said the little book contained, in addition to notations showing the profits divided in ratios of seven to 23 per cent among members, closely written memoranda of

### Movie Stars' Tax Returns Under Fire

LOS ANGELES, Oct. 18. (P)—Apprehension hung heavily over the Hollywood motion picture colony today as a result of filing by the federal government of a bill of particulars naming a half dozen screen celebrities as clients of Marjorie Berger, Hollywood tax counselor, who is charged with making illegal deductions from income tax statements prepared for her customers.

Liquor bills, presents for a wife, traveling expenses and parental gifts were among expenditures which the government says Miss Berger placed under the headings of "entertainment," "advertising and publicity," and "salary for business manager."

Statements prepared by Miss Berger, cited in the bill, included those of Rod La Rocque, Mitchell Lewis, Dorothy Mackall, William Haines, Robert W. B. Browne, and George Marion, Jr., playwright.

Miss Berger has been indicted on seven counts in connection with alleged frauds in screen players' tax returns, and in the case of Tom Mix, cowboy star, the actor was named as a conspirator.

Rev. James Todd, Jr., delivered a lecture in the auditorium of Panhandle high school last night.

### THREE GREAT GAMES AWAIT GRIDIRON FANS

BY GAYLE TALBOT, JR.  
Associated Press Sports Writer  
Southwest conference grid addicts, scouting for a suitable stadium to inhabit tomorrow, have something of a problem on their hands. Then can turn any one of three ways and not go far wrong.

Each of the three big bouts on tap has an appeal of its own. Texas Aggies and Texas Christian university will tie up at Fort Worth in what looks like one of the season's most important conference struggles. It might very well decide a championship. The Baylor Bears, overwhelmingly pre-season favorite, will show their stuff for the first time against Arkansas university at Waco. Texas university and Oklahoma university tangle at Dallas in a colorful intersectional engagement.

From a strictly competitive standpoint, the two contests in North Texas, only 30 miles removed, hold more promise than that at Waco, but the publicity given the mighty Baylor array makes it desirable to see the team in action. The Bruins will be out to prove, whether they are a false alarm as some critics have labeled them, the forecast is they will dispel such rumors.

The Frog-Aggie battle easily is the more vital to the conference chase. It brings together two vigorous contenders for the title. The Aggies look nearly as powerful as in 1927, when the fishing Joel Hunt and his comrades swept through the conference field. T. C. U. has one of the greatest, if not the greatest, eleven in the school's history. Many believe it is the most potent football machine ever to wear the purple. It will be a desperately fought battle. The Frogs and Farmers make a point of playing that kind of football against each other, as two tins in the last three years testify.

Among other things, the Clark field throng will get an eye full of Cyrus Leisand, Frog fullback, fastest gridster in the country. He has played a big part in the devastating attack the Christians have employed in early games. The fountain head of the Frog success, however, will be Howard Frubbs, brilliant quarterback. The strength of the T. C. U. forward wall needs no further testimonial than that it stopped both Simmons and Cennery almost dead.

The Aggies were almost a perfect unit in last week's 19 to 0 victory over the Kansas Aggies. Their passing attack, used sparingly, proved a deadly instrument. Their line was far from impregnable, but it took hold at the proper time. In Captain Tommy Mills they have a great hand to carry the mail. Kansas failed utterly to stop him, once he decided to go places.

It would be folly to name a favorite. There is none. The Frogs hold a psychological advantage in having escaped defeat at the hands of the Aggies for three seasons. Such an advantage, however, is purely ephemeral.

Texas and Oklahoma are assured a capacity crowd, 15,000, for their tussle at Dallas. The Sooners will be accompanied by upward of 5,000 fans on special trains. They are enthusiastic about the Oklahoma eleven since it downed Creighton so decisively last week, giving up only one first down. The Sooners, they say, are headed for the Big Six battle. There is no doubt the Longhorns must be counted in on the Southwest title. That makes it even.

The only basis for a comparison lies in the decisive manner in which the Aggies trounced Kansas State, another Big Six team, last week, and that is something of a left-handed method. Texas is expected to rely largely upon the passing attack that routed Arkansas last week.

The Baylor-Razrobacks tussle will mark the ninth meeting of the schools since 1912. Each holds four decisions. Arkansas had held the upper hand for two years, defeating the Bears, 13 to 6, in 1927 and 14 to 0 last season.

### Title Given Up By Georgia Tech Now at Stake

ATLANTA, Ga., Oct. 18. (AP)—Three football games tomorrow will involve five first flight southern eleven, all of them with a chance to go through undefeated and cop off the title now held by Georgia Tech.

The premier attraction among the conference encounters are Alabama vs. Tennessee at Knoxville; Florida vs. Georgia Tech, at Atlanta, and Georgia vs. Carolina at Chapel Hill.

Based on their showing so far, Alabama and Tennessee stand out as two of the most powerful machines in the South.

Georgia Tech has been defeated, but is being developed slowly.

In other conference games, Vanderbilt faces an Auburn team with a brand new spirit; Virginia and Virginia Military hook up at Charlottesville in a game which may have a lot to do with the state championship and Louisiana state hopes to make it two in a row against conference foes at the expense of Mississippi A. & M. at Jackson, Miss.

### HUGGINS' WORD USED IN CHOICE OF NEW PILOT

BY HERBERT W. BARKER  
Associated Press Sports Writer

NEW YORK, Oct. 18. (AP)—Unconditionally released by the club two years ago, Bob Shawkey, ex-sailor, has been named manager of the New York Yankees, leaderless since the death three weeks ago of Miller J. Huggins.

A great right-handed pitcher in his day and coach of the Yankees during the last season, Shawkey has had no managerial experience. His contract is for one year.

Shawkey's selection surprised the experts who had expected that Arthur Fletcher, Yankee coach, or Bob Conner, president of the St. Paul club of the American association, would be named to the post.

"I do not want to manage the Yankees or any other club," Fletcher said when the offer was made. "If the club wishes me to continue as coach I will be satisfied."

The offer then was made to and accepted by Shawkey.

Colonel Jacob Ruppert, club president, said the new manager had been selected solely on the basis of advice given by Huggins five years ago. Ruppert and Huggins had discussed possible successors to the "mike manager" in the event of his retirement or disability. Huggins recommended Fletcher first and Shawkey second.

### FRANK SLAVIN PUGILISTIC VET, WAS COLORFUL

VAN COUVER, B. C., Oct. 18. (AP)—One of the last links connecting present-day pugilism with the era of John Sullivan and other fighters of the bare knuckle school has been broken with the death here of Frank Slavin.

Slavin fought as a professional for more than 20 years, fell under the spell of the Yukon during the gold stampede of 1898 and wound up the spectacular side of his career with an enlistment in the Canadian army during the world war when he was 54 years old.

He died in a hospital here yesterday after an illness of more than a year.

Born in Maitland, New South Wales, Jan. 5, 1862, Slavin took up boxing as a form of amusement while he was working in a mining camp in Australia. He won the amateur heavyweight championship and turned professional more or less by accident. In a Queensland barroom he encountered Martin Powers, a local champion, who poked fun at the amateur until Slavin offered to fight him then and there. So great was the interest, however, that the fight was staged at a race track for a purse. Slavin beat Powers in 13 minutes under prize ring rules.

Slavin's rise was rapid. In 1896 Martin Costello of the United States who had lasted five rounds with Sullivan, visited Australia, and Slavin was picked to uphold the prestige of that country against the invader. Costello was knocked out in seven rounds. Slavin then went to Europe and still later to the United States, meeting among others, Jim Smith, British champion; Big Jack McAuliffe of Detroit; Peter Jackson, Jim Hall, Bob Armstrong, Jake Kilrain, and Frank Craig.

Slavin was in San Francisco when news of the gold strike in the Klondike came. He immediately went to the Yukon where he remained for many years. While there he met Frank Gotch, the heavyweight wrestling champion. Gotch thought he could box, and he agreed not to use wrestling tactics. After Slavin had given him a bad battering, however, Gotch, infuriated, lifted the Australian in his arms and tossed him out of the ring.

Slavin's proudest boast was his happy married life.

### CLAUDE AND WEATHER BOTH OF UNKNOWN CHARACTER—HARVESTER SQUAD READY FOR ANY DEMANDS

With a collective eye on the weather, Pampa's Harvester squad awaited the hour of 3:30 o'clock when the game with Claude high school was scheduled to begin on the local gridiron.

Last night's half inch rain made the field only slightly muddy, but the highways were exceedingly slippery early today.

Fully confident were the locals, but ready for eventualities. The Claude team was regarded as a developing squad of potential power but hitherto unknown strength. Coach Mitchell was warning his lads that a game is never

won on "dope", and that they should be ready to hit up a fast pace from the beginning.

Claude lost to Berger, last week's opposition here, but held the Hutchinson county team on rather even terms in regard to ground gained from scrimmage.

EL PASO, Oct. 18. (AP)—With first round matches played, Gilbert Hall of Orange, N. J., and Fritz Mercur of Harrisburg, Pa., were the favorites today to come through the finals in the annual southwest tennis tournament, here.

In the first round yesterday, Hall took his two sets easily, allowing Allen Stamm of Albuquerque, N. M., interscholastic champion, only one game in each set. Mercur did not play because of a slight indisposition.

Winners yesterday included: Frank Stephens of Dallas over G. R. Murff of El Paso; Willie Cound of El Paso over Houston Boyd of Dallas; J. Walker of the University of Arizona over Joe Cornell of Albuquerque; Tommy Galk, junior champion of New Mexico, over Roger Brown of El Paso.

"I'm afraid," she said, "that my importance in the world is of small matter. But I'm glad to know about your sister. I'd feel as bad over hurting anyone, but in the case of a girl with a rare talent I would have a greater responsibility, I'm glad you told me."

## Candle Light Bridge Tea Given on Thursday Afternoon Is Event of Foremost Interest in Week's Events

Outstanding among the autumn social events, both for its charm of detail and the length of the invitation list, was the candle-lighted bridge tea given yesterday afternoon by Mrs. Lynn Boyd, Mrs. George Wolfe, and Mrs. Siler Faulkner, at Mrs. Boyd's home, 810 North Somerville.

Shades were drawn throughout the house, and the rooms softly lighted with tapers of glowing orange and yellow. For the tea hour each table was centered with a yellow candle tied with orange tulle. A tiny candle in a miniature holder adorned each tea plate.

Dainty boudoir pillows were given Mrs. A. D. McNamara and Mrs. Floyd Mith for high score and high cut, respectively. Mrs. R. E. McKernan received a pair of Italian pottery candle holders as consolation for low score. A framed etching favor for low cut, went to Mrs. Frank Keim.

Other players were as follows: Mrs. I. B. Hughey, Mrs. Roger McConnell, Mrs. C. P. Buckler, Mrs. H. H. Hicks, Mrs. Dick Walker, Mrs. J. M. McDonald, Mrs. P. M. Culbertson, Mrs. Charles Thut, Mrs. Henry Thut, Jr., Mrs. W. F. Campbell, Mrs. M. King, Mrs. Clay Schoolfield, Mrs. W. A. Duerr, Mrs. H. G. Twiford, Mrs. H. E. Zoller, Mrs. Charles Thomas, Mrs. J. S. The prophet here is encouraging his brethren about him to reason on righteousness, though they were sinful.

Today we reason about temporal things, and do our very best to know what is right. It is well for us to do this, but how much more needful it is for us to reason about religion, and eternal things. There are many theories, and ideas advanced today concerning religion, and it is impossible for them all to be right: All of them can be wrong, but when we have two theories, and they contradict one another, they both cannot be right. So come, let us reason together. Your presence will be appreciated, and hospitality will be shown you.

## Circle Reports Given at General W. M. U. Meeting

All circles of the Baptist Women's Missionary Union convened Wednesday afternoon at the church for a general business session, followed by a program from the Royal Service manual. Each group gave an excellent attendance and finance report for the last quarter year.

Mrs. S. L. Anderson, who, with Mrs. G. D. Holmes, recently visited the negro Baptist W. M. S., told of the progress being made by the society and of some of the ways in which the white women's organization may help. The negro women, she said, were appreciative of any assistance. The teacher of the negro school requested the visitors to ask their fellow workers to encourage all negro parents to send their children to the school which has been established.

Mrs. W. P. Barton, president of the union, was in the chair for the business discussion, during which plans were made for an all-day meeting of the entire society at the church next Wednesday. A series of programs from the W. M. U. manual was scheduled for the day.

The following program on "Money and Missions" was given at the close of the business session, under the direction of Mrs. C. L. McKinney.

"My Possessions—Are They Mine or God's?"—Mrs. E. F. Brake. "The Separated Portion in Financing the Kingdom"—Mrs. E. Bass Clay. "The Law and the Tithes"—Mrs. Clyde Garner.

"The Law and Love"—Mrs. T. B. Solomon.

A round table discussion was held, with the following participating: Mrs. Mary Binford, Mrs. Robert Mitchell, Mrs. R. E. Williams, Mrs. T. H. Barnard, and Mrs. Wm. McAlister. The program closed with a vocal duet by Mrs. Van Carter and Mrs. G. C. Stark.

### FOREIGN RACKET

A Manhattanite the other day received a plain envelope addressed in foreign script and postmarked "Hamburg."

Opening it, he found the prospectus of a Danish lottery.

Almost every day, some citizen, ethical or curious, hands over a similar circular to the new York postal authorities, who in turn forward them to Washington.

Lotteries are forbidden in America by a federal law which is strictly enforced, and while United States officials can do nothing about the various European drawings, they can, and do confiscate under fraud orders outgoing mail addressed to the promoters.

Consular officials, who keep out of lottery affairs, say the European state lotteries thrive on the sale of tickets in this country. Apparently the mailing lists of the promoters are made up

from the telephone directory, for the letter mentioned was forwarded from an address vacated by the recipient six months ago.

### Few Changes Expected in Political Affairs of G. O. P. In South Soon

BY JAMES L. WEST  
Associated Press Staff Writer  
WASHINGTON, Oct. 18. (AP)—Little if any change in the general plan for conducting Republican party affairs in the south is likely under the administration of Claudis H. Huston, newly elected chairman of the national committee, who soon will come here to enter actively upon his duties.

Suggestions that the organization set up during the campaign in the South last year be brought into existence again found no favor in administration circles, and information now is that the general committees formed this year in a number of states under the direction of President Hoover will be retained.

After the selection of Mr. Huston as chairman of the national committee, reports were current that Horace A. Mann, a Washington, D. C., lawyer, who had charge of the Hoover campaign in the South, would be given direction of the general organization in that section. Functioning through general committees to be built up around those formed with the approval of Postmaster General Brown, Walter Newton, administrative assistant to President Hoover, and James Francis Burke, general counsel of the Republican national committee.

Mr. Mann and Mr. Huston come from the same state, Tennessee. They long have been personal friends, and with the election of Huston some political observers concluded Mann would win his controversy with the national committee and the so-called administration patronage organization which declined to approve a plan which he evolved for building a new party organization.

In the reorganization of the party in South Carolina, Georgia, Florida, and Mississippi, the Hoover administration insisted upon and obtained representation for both the leaders of the Republican organization in the last campaign and of the anti-Smith Democratic forces. Difficulty was experienced in some states, particularly Georgia and Florida, where rumblings still are heard.

Party leaders generally resist any and all proposals for a sort of super control of Republican affairs in the South for a number of reasons, not the least of which is control of the delegation to the national party conventions. They insist such a super control plan would place entirely too much power in the hands of a single individual, a sit would make it possi-

ble for him to control a very sizeable block of delegates in the convention and thus be in a position to influence if not actually dictate, the action of the convention in matters both of platform declarations and candidates.

### Waggoner Plea of guilty Is to Be Reversed by Him

NEW YORK, Oct. 18. (AP)—Attorneys for C. D. Waggoner, Telluride, Colo., banker who pleaded guilty in federal court to charges of mail fraud in connection with the scheme by which he mulcted New York banks of \$500,000, announced today they were preparing a motion to change his plea to not guilty. Waggoner is under sentence of 15 years in Atlanta penitentiary.

The motion will be made before Federal Judge Frank J. Coleman, Allan E. Campbell, of Waggoner's counsel said. Waggoner's plea of guilty when he was called to trial Oct. 10 was entirely unexpected, as his attorneys had indicated they would fight the case, probably on the grounds of insanity.

Mr. Campbell did not indicate what had caused the new move.

### Suspects Held in Ohio in Connection With Texan's Death

HOT SPRINGS, Ark., Oct. 18. (AP)—Police today awaited further word from police at Chillicothe, O., for descriptions and finger prints of two men arrested there late yesterday as suspects in the murder of Preston R. Austin, wealthy Victoria, Texas, cattleman, here the night of Sept. 26.

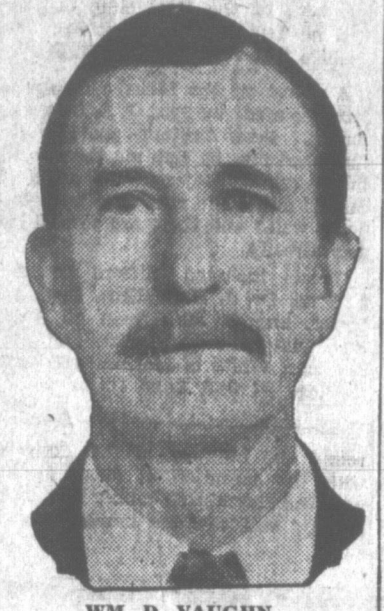

Two men were in custody at Chillicothe who resembled in a general way descriptions of two of three men seen in the hotel the night of the murder. Arrest of a third man was expected immediately.

Police Chief Joe Wakelin notified El Paso, Texas, police that three men held there were not wanted here. He said hotel employees were certain they were not the men in the hotel when Austin was slain.

Austin was found in his room, bound and gagged, and died of strangulation.

"My stomach was out of order for a long time. Although I ate very little, I was often in misery after meals and smothering spells would frequently wake me at night. I was constipated, my blood was thin and my color was as yellow as gold. I had severe pains in my back and sides and my kidneys would get me up all during the night.

"Since taking Sargon, I'm in better health than for years. I eat like a hungry school boy and can digest anything. There's not a pain in my body and I sleep good all night. Sargon Pills toned up my liver and ended my constipation. Now my skin has a good healthy color and I feel like a new man."—Wm. D. Vaughn, 1910, S. Akard St., Dallas.

### Driver of Money Car Drives Off With Big Sum

NEW YORK, Oct. 18. (AP)—A chauffeur was sought today for driving away an armored truck and looting it of \$63,000 in payroll cash.

Raymond H. Gallagher, 27, was left on the driver's seat of the car yesterday while the two guards, Edward Roche and Floyd Chase, delivered a package of money at the Chemical National bank at Liberty street and Broadway. When they came out of the bank the car was gone.

Two hours later the car was found two blocks from the bank and a short distance from the Greenwich street police station. The strong box inside had been opened and was empty. Officials of the Brinks Express company, owners of the truck, said Gallagher had a key to the chest.

Shortly after the truck was found a messenger boy delivered a package at the Brinks company office in which were found the payroll envelopes, all empty, except one, in which there was \$500.

Gallagher had been driving for the Brinks company for 15 months at a salary of \$125 a month.

### French Troops in Algeria Attacked

ORAN, Algeria, Oct. 18. (AP)—Moorish tribesmen have made another raid on French troops on the south slopes of the Atlas mountains, cutting up a column of the French foreign legion. Fifty Legionnaires and native soldiers were killed and 21 wounded. The tribesmen left many dead on the field.

Another column of the Foreign Legion came up in time to beat off the Moors who had descended from the Tafilalet region of Morocco, on the southern slopes of the Atlas range. This is one of the most active dissident areas.

The attack, which occurred yesterday, was the first recorded in some months.

### Canadian Captain Is Indicted—Escaped Coast Guardsmen

WASHINGTON, Oct. 18. (AP)—Assistant Secretary Lowman in charge of prohibition announced today that Captain John MacLeod of the Canadian ship Shawnee has been indicted by a federal grand jury on a conspiracy charge in connection with the rum smuggling syndicate uncovered in raids two days ago along the New Jersey coast.

The Canadian legation has asked the state department for a report on the action of a Coast Guard boat in stopping and firing on the Shawnee on the night of Sept. 11 off New York harbor. MacLeod claimed his ship had been fired on 17 miles off the American coast after he had hoisted a British flag in reply to the challenge of the Coast Guard boat.

Lowman said MacLeod has not been arrested as a result of the indictment as his vessel escaped the Coast Guard patrol boats during the raids, because it was outside the 12-mile limit.

He cannot be extradited from Canada as his alleged offense is not an extraditable one under the British-American rum smuggling agreements. The assistant secretary characterized the escape of the Shawnee as a disappointment to the prohibition forces, saying the vessel was considered "the main prize."

The indictment against MacLeod charged conspiracy to smuggle liquor into the United States.

## Matty's Lemon Meringue Pie and a pastry short-cut

I call this Matty's lemon pie because a man from Missouri told me it was as good as that made by an old colored cook named Matty—and he once rode 10 miles on horseback and rowed a mile across the Missouri River just to eat her lemon pie.

It's just sweet enough—with an overtone of fresh, piquant fruit, crowned with a pert meringue browned to a golden glow and served in a Crisco pastry shell, as crisp on the bottom as it is 'round the edge—as only Crisco pastry can be.

- 1 lemon, juice and grated rind
- 1 orange, juice and pulp
- 2 egg yolks, beaten light
- 3 tablespoons cornstarch
- 1 cup granulated sugar
- 1/2 teaspoon salt
- 2 tablespoons Crisco
- 1 1/2 cups water

Beat egg yolks light and stir in mixed dry ingredients. Add liquids, lemon rind and Crisco. Cook in double boiler until thick. Cool. Pour into baked shell. Cover with meringue (2 egg whites beaten stiff blended with 4 tablespoons granulated sugar) to which has been added 1 teaspoon lemon juice. Brown in moderate oven (350° F.) for 15 minutes.

**Flakier Pie Crust**  
with a time-saving suggestion

Crisco pie crust is flakier, more tender—sweet-tasting, too, because Crisco itself tastes so sweet and fresh. And because Crisco stays sweet, you can keep this pastry dough, already mixed, in the icebox for a week and bake a crust just when you need it. The thorough chilling will make the crust even flakier than usual.

- 2 cups flour
- 1/2 cup Crisco
- 1/2 teaspoon baking powder
- 1/2 teaspoon salt
- 6 to 8 tablespoons cold water

Sift dry ingredients together. Cut Crisco in well with two knives. Add water gradually and only enough to hold mixture together. Roll 1/4 inch thick on floured board. For baked shell, take half of recipe and cover inverted pie plate. Leave enough dough to fold back to make a firm edge. Prick well with fork to prevent bubbles. Bake in hot oven (450° F.) 15 minutes. For two crust pie, bake at 450° F. for 10 minutes, then reduce heat to moderate (350° F.) and bake until filling is done.

**Taste Crisco's sweet, fresh flavor**

HAVE you ever tasted Crisco itself? We suggest that you do so.

You taste milk. You test eggs. Now, taste Crisco—then any other shortening. Then you'll understand why Crisco's own sweet, fresh flavor so improves the taste of your cakes, pies, hot breads, cookies and fried foods.

These recipes have been tested and approved by cooking authorities. You will get best results by using level measurements and the ingredients specified.

**CRISCO is used in the Cooking School now being conducted by this paper**

Mrs. Irlig, in the Pampa Daily News Cooking School, makes a point of modern methods in cooking. Naturally, then, she uses Crisco, the modern shortening. Not only is Crisco easy to use; in addition, it helps you secure better, surer results.

### School Trustees Stand by Decision on Student Meals

HOUSTON, Oct. 18. (AP)—Having withstood the first legal assault on its order prohibiting public school students from eating their lunches in public eating houses without benefit of chaperones, the Houston school board prepared to have its critics in further legal bouts.

Rumors that petty gambling and other unseemly diversions had marked the student's noon hour reveals in some establishments led the board to issue its order that the students must take their lunch at the school cafeteria, at home, or at some restaurant where they would be under the eyes of a chaperone.

P. W. Bishop, a restaurant owner, came to grips with the board yesterday when he ordered his daughter Anne, 13 years old, to disregard the order. She was suspended, and Bishop lost his plea for an order restraining the board from enforcing the rule.

Later 66 men and firms lodged another suit for a restraining order, compelling the school cafeteria were benefiting through an unfair trade practice. One principal who locked the doors of his school to prevent students slipping out for lunch was warned, by the fire marshal, that he had violated the state law.

Ingredients: 1 cup sugar, 1-2 cup of strong Schilling's coffee, 1-4 teaspoon salt, 1 teaspoon vanilla, 3 egg whites, 1 teaspoon gelatin, 1-4 cup cold water, 2 cups cream, whipped.

Boil sugar and coffee 5 minutes. Add salt to egg whites which have been beaten stiff; then slowly pour the syrup mixture over the egg whites and add gelatin dissolved in cold water. Cool and add whipped cream and vanilla. Pour into moulds and freeze in Frigidaire.

**Ice Box Roll**  
Crush 1 box Graham crackers; rice 2 bananas; chop 3-4 pound stoned dates; cut 1-4 pound marshmallows. Mix all thoroughly and moisten with orange juice. Shape evenly, roll in waxed paper, and leave in Frigidaire 12 hours or more. Slice and serve with whipped cream.

**Tamale Croquettes**  
Dip Walker's Red Hot tamales in 1 well beaten egg which has been thinned with 2 tablespoonfuls of water. Roll in crushed corn flakes. Fry in hot Crisco. Serve with tomato sauce or with sauce made of 1 can of Walker's Red Hot chili con carne.

girls' escorts from Chillicothe to Shamrock, were being held in it. He said they told him they did not know exactly what they were arrested for, but that the charges "could, have been either drinking or reckless driving."

The state had previously introduced testimony to show that the two sisters, Elliot and Pogue had not drunk any liquor the night they came to Shamrock by automobile.

This morning the defense called Leon Tedder of McLean to the stand as a character witness.

A grueling cross-examination by W. M. Lewright, who is assisting District Attorney Clifford Braly, elicited testimony from Tedder that he is now under a 5-year suspended sentence for forgery, that the chief character witness at his trial in Amarillo in the early part of this year was Deputy Johnson and that his attorney was Clayton Heare, one of the attorneys representing Johnson in the present case.

Tedder was in the witness chair two and one-half hours this morning. Crowds continue to pack the courtroom an hour before court opens in the morning and evening. Many persons from Shamrock and Wheeler county are attending the trial.

W. Mahan of Shamrock testified for the defense that the cattle guard through which the girls said the two deputies drove their car into the pasture, was nailed up. Ed Warren of

Chief of Police Mace announced he had two men from Mexico and one from Houston coming to Borger to accept jobs. Marvitt Wootern, former Mexico policeman under Mace, was mentioned as one of the trio, but the names of the others were not revealed.

Lee Hutson, former policeman, was appointed fire marshal.

AUSTIN, Oct. 18. (AP)—Colonel Taylor Nichols, acting adjutant general, today received a wire from General Jacob F. Wolters, in charge of the troops at Borger, in which the general said the grand jury there had approved the action of Governor Moody in declaring martial law at the Panhandle city and had commended the National Guardsmen stationed there.

The special report of the grand jury was as follows:

"We approve the action of the governor in declaring martial law in Hutchinson county. If the detachment of officers and soldiers on duty in Hutchinson county is fairly representative of the officers and soldiers of the Texas National Guard, then in our opinion the people of Texas have a right to be proud of its National Guard.

"More particularly do we approve and wish to commend the manner in which Brigadier General Jacob F. Wolters has administered martial law in this county. We extend to the governor of Texas, the National Guard and officers who have been in charge our thanks."

### Musical Comedy With All-Male Cast Will Be Presented by Lions Members

Pampa Lions have signed a contract with Lion W. H. Aldridge of Salt Lake City to make possible a musical comedy planned for some time in November.

It will be an all-male cast using members of the local club, but there will be female impersonations. Mr. Aldridge will furnish all costumes.

A report on the Lions club pig project was made by Prof. J. L. Lester yesterday. Prof. Lester's students were furnished pigs by club members so that the required project work could be carried out. The pigs were said "to be doing well," and there are several baby pigs already.

Guests included Clifford Braly, L. L. Sone, Dr. J. H. Wallace, Prof. J. L. Lester, and C. M. Bryson of Pampa, Rev. Clingan of Electra, and Lions Sherman White of McLean and W. H. Aldridge of Salt Lake City.

### International Sunday School Lesson

BY DR. J. E. NUNN

International Sunday School Lesson for Oct. 20, 1929.

General Topic: — Useful Work A Christian Duty.

Scripture Lesson:—Gen. 2:15; Exodus 20:9; Neh. 6:3; John 5:17; Acts 20:33-35; 2 Thess. 3:8-12; Eph. 4:28; Gen. 2:15. And Jehovah God took the man, and put him into the garden of Eden to dress it and to keep it.

Ex. 20:9. Six days shalt thou labor, and do all thy work.

Neh. 6:3. And I sent messengers unto them, saying, I am doing a great work, so that I cannot come down: why should the work cease, whilst I leave it, and come down to you?

John 5:17. But Jesus answered them, My Father worketh even until now, and I work.

John 9:4. We must work the works of Him that sent Me, while it is day; the night cometh, when no man can work.

Acts 20:33. I coveted no man's silver, or gold, or apparel.

34. Ye yourselves know that these hands ministered unto my necessities, and to them that were with me.

35. In all things I gave you an example, that so laboring ye ought to help the weak, and to remember the words of the Lord Jesus, that He Himself said, It is more blessed to give than to receive.

2 Thess. 3:6. Now we command you, brethren, in the name of our Lord Jesus Christ, that ye withdraw yourselves from every brother that walketh disorderly, and not after the tradition which they received of us.

7. For yourselves know how ye ought to imitate us; for we behaved not ourselves disorderly among you.

8. Neither did we eat bread for naught a tany man's hand, but in labor and travail, working night and day, that we might not burden any of you.

9. Not because we have not the right, but to make ourselves an exam-

ple unto you, that ye should imitate us.

10. For even when we were with you this we commanded you, If any will not work, neither let him eat.

11. For we hear of some that walk among you disorderly, that work not at all, but are busybodies.

12. Now them that are such we command extort in the Lord Jesus Christ, that with quietness they work, and eat their own bread.

Eph. 4:28. Let him that stole steal no more; but rather let him labor, working with his hands the thing that is good, that he may have wherewith to give him that hath need.

Time and Place:—Ten Commandments given to Moses on Mt. Sinai, B. C. 1489. (Beecher). Nehemiah rebuilds the wall of Jerusalem, B. C. 444. Christ heals at the pool of Bethesda, A. D. 28. Christ heals in Jerusalem the man born blind, A. D. 29. Paul's address to the Ephesian elders, at Miletus, A. D. 57.

Golden Text:—If any will not work, neither let him eat.—Thess. 3:10.

Introduction

The Bible emphasizes work as well as faith. Man in his biblical original state was assigned to work. This emphasis is not contrary to the nature of men. The Decalogue sets apart six days of every week for work. The prophetic element of Old Testament does not ignore the duty and value of work. The apostles and disciples of the New Testament were men of work. Biology and sociology make work a necessity. The needs of man and the interests of man cannot be met without work.

Work and Creation

"And Jehovah God took the man and put him into the Garden of Eden to dress it and keep it." Gen. 2:15. When man was created, his work was created. No man is born into the world without a task, a work. Hence there can be no substitute for work.

The Bible teaches this truth from Genesis to Revelation. No place in the kingdom of God for the idle poor or the idle rich. Adam was given a task even before his fall. The fall did not bring the task. It brought difficulty in performing the task.

Adam was required to dress the ground; to keep the garden. Later he was told; "In the sweat of thy face shalt thou eat bread." What could God have meant other than that work is a law of life? Work is the foundation of contentment and happiness. Even Jesus was subject to this law. "My meat, that is my happiness, my contentment, my purpose and joy, 'is to do the will of him that sent me.'" Work is also essential to all growth and progress. No action and no work means no growth, no progress. Work is the native habitat of man.

Six Days for Work

"Six days shalt thou labor, and do all thy work." Ex. 20:9. It is often forgotten that the Fourth Commandment is an ordinance of labor as well as of an ordinance of rest. Until there is labor there cannot be rest, in any true sense of the word. Six times as many days are assigned to work as to rest. The Decalogue condemns the idle man as the Sabbath-breaker.

"A reasonable obedience to the law of labor is necessary to our full enjoyment of this merciful law of rest which limits it. Idle people, with whom every day is a day of leisure, and ennui the chief of enemies, cannot know what a Sabbath means. Before they can be in a position to observe the day of repose, they must learn to do a week's work."

"Six days shalt thou labor"; but that the labor may not be degradingly and exhaustingly wearisome; that the man may not become a mere machine, "worn out by the dust of his own grinding." Therefore, "the seventh day is the Sabbath of the Lord thy God; in it thou shalt do no manner of work."—F. W. Farrar.

Divine Examples of Work

"But Jesus answered them, My Father worketh even until now, and I work." John 5:17. Jesus had just healed the sick man at the Pool of Bethesda in Jerusalem, and when the Jews persecuted him because he had

worked this blessed miracle on the Sabbath, our Lord made the reply given above, thus angering the Jews because he called God his Father, "making himself equal with God."

"God is not an inert and inactive Deity. He is a working God. He is everywhere present. He is ceaselessly active. He worketh 'in all and through all.' About the activity of the forces of evil there can be no mistake. Evidences of their deadly handiwork are all about us. We are surrounded by broken, ruined, shamed men and women. But the devil is not the only being at work. God is also at work—and therein lies the world's hope."

"My Father worketh hitherto, and I work." But how? Not with much observation and blare of trumpets, but like the seed which swells beneath the soil, with an increase which no eye can measure when it is doing, but all must admire when it is done. "Why do we not all take this up, and add, 'And I also work?' For that is the spirit which the Lord would see in

men."

Paul's Example of Industry

"Ye yourselves know that these hands ministered unto my necessities, and to them that were with me." The wise Jewish custom required that every Jewish lad should be taught a trade, and Paul's was the art, so useful then, of making tents, coarse cloth for the purpose being made in his native Tarsus. This was the business which enabled the apostle to be self-supporting, and also, in large part, to support his assistants.

"In all things I gave you an example." Paul's example of industry was no small part of the glorious example set. "That so laboring ye ought to help the weak. One object of all worthy toil is to be self-supporting and

another is to aid those that are less able to work than we are. Toil that has not unselfish aim beattles rather than enables the worker. "And to remember the words of the Lord Jesus, that he himself said, It is more blessed to give than to receive." This priceless quotation is the only addition the New Testament gives us to the words of Christ recorded in the four

gospels. Working for wages, the heaping up of money, has a hardening tendency which the Christian will take pains to counteract with generous giving. As our wealth increases let our generosity grow, or our toil and its reward will be a curse to us. "These hands." "As Paul held them up, they saw a tongue of truth in ever seam (See LESSON, Page 11)

### Rise of Nick Lucas Is Epic of New Music

It is indeed a far cry from the obscure factory worker of Newark, New Jersey, to one of the greatest singing entertainers of the present day. But Nick Lucas, vaudeville headliner, phonograph record best seller, musical comedy star, and now talking motion picture player in Warner Bros. all-talking, singing, dancing, 100 per cent natural color picture, "Gold Diggers of Broadway," coming to the Rex theatre Sunday, has bridged that gap in the short space of a very few years.

Born of Italian parents in the "Little Italy" of Newark, Nick found himself gifted with the musical talents of his race. As a youngster, he learned to play the mandolin well and aided in the support of his family while going to school by playing at different places of entertainment. This early experience implanted in the boy's mind the ardent desire to make his living by use of his talent.

His parents, however, desired that he should pursue a trade that would give him a regular income. Against his will, and merely to please his parents, he took a job in a tile factory at \$10 a week. But he soon found out that he did not belong there. The hours were too long and the work too strenuous even though melodies were always singing through his mind.

Buying a banjo, he obtained a job in a cabaret playing with a four-

piece orchestra, much like the modern jazz band. Here he also doubled on the guitar and then played and entertained alone with his guitar, singing at the same time. He finally organized a band of his own and played in many New York cabarets.

He accepted an opportunity to take his band to Chicago and later played at the Edgewater Beach hotel with the Oriole Orchestra. Here he became a soloist and sang over the radio.

Due to his soft singing voice and melodious guitar, Lucas soon gained a wide radio fan following as the "crooning troubadour." His radio fan mail reached the thousands.

Brunswick then put him under contract to make twelve records a year for which he receives no mean sum. His first record was made five years ago and was titled "My Best Girl." During 1928 over three million of his records were bought by an appreciative public.

Four years ago Keith-Orpheum signed him to appear on that circuit as a top-notch headliner, after he made his initial stage appearance at the Chicago Theatre on December 8, 1924.

Lucas has also played in such musical comedies as "Sweetheart Time" on Broadway. He has appeared at the leading cafes of Paris and London. While in the latter city he accepted the invitation of the Prince of Wales to entertain a party given by him in honor of the Queen of Spain, which was held at the home of Lady Innes Kerr.

Making his debut in talking motion pictures in an auspicious manner, Nick Lucas portrays a prominent role, in "Gold Diggers of Broadway," in which

he sings several songs written especially for him by Al Dubin and Joe Burke. Lucas weighs one hundred and fifty pounds, is five feet one inch in height, has dark hair and dark eyes and lives in Newark, N. J., with his wife and daughter.

**THE CLOCK TALKS**  
BY MARY GRAHAM BONNER

The little black clock and the children rode along on the Indian's swift-moving horse. After they had traveled over a great deal of prairie land, the little black clock whispered to the

one evening when I was wishing I could go back to a very nice afternoon I had had, that I was offered the magic.

Instantly they stopped and the wind, which seemed so wild before, was very quiet.

The little black clock jumped down and Peggy and John did the same. The horse turned back toward home, racing for all he was worth.

"What are we going to do?" asked Peggy.

"Why did you let the horse go?" John asked.

It seemed rather dreadful to be left alone on a great prairie, with only the little black clock. The legs of the little black clock were not particularly strong looking, nor did he look as though he could do much to help them if danger should come that way.

The little black clock motioned to each of them to sit down, and, putting one of his funny hands on each, he said:

"Don't be frightened. I will never, never, never let harm to come to you."

"We have had so much excitement with the wonderful dance the Indians gave that I thought we'd just rest here while I tell you a little more about myself and of all the good times we can have together."

As John and Peggy looked at the jolly, happy, friendly face of the clock they knew they need never be frightened again.

"It was long before either of you were born that I stopped going," the clock said. "It was a little before 7

one evening when I was wishing I could go back to a very nice afternoon I had had, that I was offered the magic.

"But I had to choose between keeping the regular time or any time at all except the regular time."

"What was the person like who brought you the magic?" John asked.

"Won't you tell us?" Peggy added.

"Why, yes—I will!" the clock told them.

"Why, yes—I will!" the clock told them.

## Another Phillips Station---

A short time ago Phillips Motor products — Phillips 66 — Phillips 66 Ethyl—Phillips Oils—were first introduced to motorists of Pampa and vicinity.

These products were built to conform to a Phillips ideal—not just to a price. We were convinced of their superiority before they were offered for sale—and the public's reception of them has confirmed our belief.

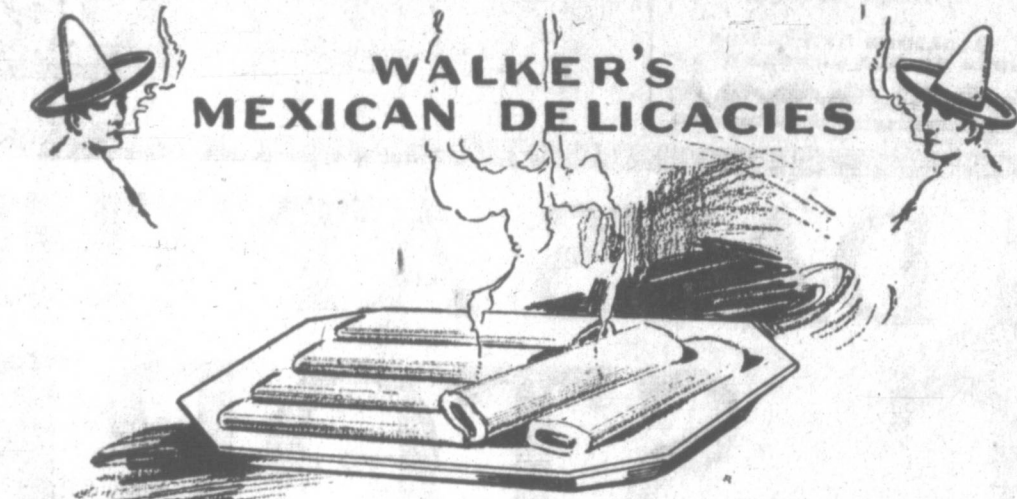

In order to keep pace with fast growing Pampa, and to better serve the increasing demand for Phillips products, we are pleased to announce the opening of a second service station at Brown and Cuyler.

We thank the public whose splendid patronage has made this expansion possible and pledge ourselves to maintain the high quality of our products and of our service.

### LESSON---

(Continued from Page 9)

that marked them. Luke has made no mention in Acts 19 of Paul's manual labor at Ephesus, but these words are confirmed by 1 Cor. 4:12; written from Ephesus: "We toil, working with our own hands."

#### Earning One's Way

"Neither did we eat bread for nought at any man's hand." 2 Thess: 3:8-10. "to eat bread" is to be maintained, supported, by another. Moffatt's translation is very graphic: "We did not loaf in your midst, we did not take free meals from anyone." "But in labor and travail, working night and day that we might not burden any of you." Tent-making, using coarse and heavy cloth, was hard work, but it suited Paul's purpose because he could take it up at any time, and work on it at night and in the intervals of his preaching and evangelizing.

"Not because we have not the right." In Section VI will be found a reference amplifying this statement that Christian workers have a right to support from those to whom they minister. "But to make ourselves an example unto you, that ye should imitate us." Paul was charged "with diverting to his own use a part, at least, of the funds he collected for the Jeru-

salem poor. His punctilious refusal of a salary was a sufficient reply to this slander.

"This we commanded you. If any will not work, neither let him eat." "The form of the Greek implies in this case a positive refusal to labor; the man won't work; then it is God's law that he shall starve. A stern, but necessary and merciful rule, the neglect of which makes charity demoralizing. But this law of St. Paul's touches the idle rich, as well as the poor; it makes that a discredit which one hears spoken of as if it were a privilege and the mark of a gentleman,—to 'live upon one's means,' to live without service to the community."

#### The Object of Labor

"Working with the hands, the thing that is good, that he may have whereof to give him that hath not." The ideal of Christianity is service. No man can be called Christian, no matter how much self-control and piety he possesses, if he lacks proper consideration for others. This consideration is not expressed in "feeling toward," but in "acting toward." The life of service is a happy life; it is richer off on some morbid and disastrous indulgence; it earns the love, gratitude and approbation of others; it is more blessed. "Money making is good only when it is pursued in the love of God and man."

"Swing Into Line—Be a Worker"

"Swing into line with the eternal energy! be a force among forces, a toiler, a producer, a factor, and life will never lose its tone and flavor, its head or glamour. There is no real taste to bread, nor bliss in sleep, for the idler. We are not here to play, to dream, to drift; We have hard work to do, and loads to lift; Shun not the struggle; face it! 'tis God's Gift."—Maltie Babcock.

## Now Try Them Yourself--In Your Own Home!

The striking thing to many, many of you Pampa housewives who attended Mrs. Ihrig's Cooking School was the way she utilized modern kitchen and home electrical appliances.

Now that the Cooking School is over, why not decide to have some or all of these modern electrical conveniences which take the drudgery out of housework, free you from being chained to the kitchen, and help you to be more successful in every phase of operating your home on a modern basis?

We're anxious to have you try out in your own home a Hotpoint Electric Range, one of the New Frigidaires, a Meadows Washer, or any one or more of a score of the electric necessities on display at our store. Then, after complete trial of your selections, if you decide you want to do so, we will arrange for their purchase on terms so reasonable that you will acquire these home aids with very little outlay at any one time. Often we can make you a very attractive offer on the home equipment being replaced—and thus hold down the cost of the new appliances to a minimum. Stop in and talk it over—now, while the advantages of electrical home aids are fresh in your mind!

### A Tribute to The Pampa Daily News

The successful cooking school which has been fostered by the Pampa Daily News this week has been a most worth-while event for everyone. Makers and sellers of products of merit have had an opportunity to demonstrate their advantages in actual use; and Pampa housewives have been able to learn quickly and correctly about these products and how they can be fitted into the making of modern homes and better home life. We congratulate the Pampa Daily News in the service it has rendered to the city and its people in bringing Mrs. Ihrig and her Cooking School to Pampa.

**Case May  
Be Carried Into  
Supreme Court**

WASHINGTON, Oct. 17. (AP)—At General Mitchell said today a situation of the liability to a purchaser of bootleg liquor be obtained only through the conviction for actual purchase and then the carrying of the case to the supreme court. He expressed belief no pending case would provide a proper test and that the recently discussed Philadelphia case, in which the court of appeals held the buyer not liable, was upon conspiracy to violate the prohibition law. Mitchell said that a thorough test of the case through the various courts to the highest tribunal, he felt, would take many months. He refused to express an opinion on the question. He said he had at the request of Senator Shepley, Democrat, Texas, for an inquiry into the purchaser's liability to the prohibition division for instigation.

**headed Body of  
Woman Is Found**

NEW YORK, N. Y., Oct. 18. (AP)—The fleshy body of a woman found in a grove of woods in Breenburgh, near St. Andrews golf club at Mount Pleasant Thursday, gave the police their lead in a murder mystery in a month. A wedding ring set with a diamond and another ring from which the stone had been removed from its setting were only clues in the latest mystery. A county medical examiner said the man had been dead some time. No body was found nearby, and police are searching for the head as a means of identification. The body was found less than a month ago Mrs. Elsa Marshall, 24, was slain at Knollwood in the Breenburgh section, and her assistant has not been found.

**Old Trail Drivers  
Now in Assembly**

SAN ANTONIO, Oct. 18. (AP)—Rugged veterans of pioneer trails of the West, numbering more than 1,000 were in an Antonio Thursday to attend the opening of the fourteenth annual meeting of the Old Trail Drivers association.

Men and women who have lived on the ranges all their lives and are well past the three score and ten, pioneers who fought the Indians and many of the middle aged, business leaders in the smaller towns of the southwest have come to the meeting to enjoy three days of pleasure and reminiscences.

Geo. W. Sanders, president, called the meeting to order. Attorney General Robert Lee Bobbitt and Colonel Mike

T. Fryor delivered the principal addresses in the morning. Ranger Captain J. B. Gillette of Marfa asked the Old Trail drivers to forget everything else and enjoy the visit to San Antonio. Jeff Smith, 67-year-old white man captured by Indians when a boy, was introduced.
