BATTLE OVER ENFORCEMENT DRAWING FIRE

Crime Commission Is Heading Talk on Big Issue

CHAIRMAN HAS LATEST PLAN

Illegality of Nation's Amendment Is Debated

WASHINGTON, Jan. 16. (AP)—National prohibition today celebrated its tenth anniversary in a familiar setting of a public hearing.

On Capitol Hill, the birthday of America's most discussed law found its friends occupied with plans for making its enforcement vigorously effective and its enemies arguing for a mighty battle.

Congressional committees were busy formulating legislation requested by President Hoover as a means of reducing dry law violations, while the subject of debate in the house was a measure replete with potential strife.

This was the annual appropriation bill for the treasury department. Included in it were provisions for the financial upkeep of the prohibition enforcement unit and the Coast Guard, both of which have been under attack in recent weeks.

Senate is Alert The senate, to be sure, was plodding along with the tariff bill, and its time was devoted to that measure, but its members were keenly alert to the developing phases of prohibition discussion.

Of particular interest to many of these was a statement from Chairman George W. Wickersham, of the law enforcement commission, with which he buttressed recommendations of his group by a vigorous assertion of their constitutionality.

Some members of congress had questioned the constitutional validity of the commission's proposal that minor violations of the dry laws be tried before an United States commissioner, thus diverting many cases from the overtaxed federal courts. They regarded it as an invasion of the constitutional right of trial by jury.

Wickersham, a former attorney general, declared his proposition entirely constitutional and an extension of the practice in vogue in most states under which misdemeanors are tried by magistrates.

Amendment Attacked Representative Legard, Republican, New York, threatened to bring debate on the treasury supply bill to a halt with a point of order arguing that the Eighteenth Amendment has never been properly ratified and is therefore void. He asserted that while the necessary 36 states had ratified the resolution creating the amendment, only ten had ratified the amendment itself.

One of the authors of the Eighteenth amendment, Senator Sheppard, Democrat, Texas, said of Legard's argument: "There is nothing to it," while

THE WEATHER VANE

WEST TEXAS: Mostly cloudy tonight and Friday, becoming unsettled; rising temperature in the Panhandle tonight; warmer Friday.

—AND A SMILE NEW YORK (AP)—There has been ado about noise in the city and a special municipal commission is studying things. Among the results so far have been apologies. A bank erecting a skyscraper in Wall Street wrote neighbors regretting the unnecessary din.

The framework of an apartment building in Gramercy park bears a sign: "Our sincere apologies to our neighbors for the unavoidable annoyance this hammering must occasion."

DRILLING NOW AT STANDSTILL IN GRAY COUNTY

"We've stopped drilling any wells until proration ends," was the answer given this morning by major oil companies regarding drilling activities in Gray county oil fields. The only new production since Jan. 5 was the Champlin Refining company's well, which came in on that date for 1,600 barrels. Report that Texas company had brought in its No. 4 Wright was refuted by the company. The well was shut down after it had swabbed about 75 barrels. The company estimates it will be about a 100-barrel well when completed. Texas company has shut down J. K. Quinn No. 3 and J. T. Noel No. 3 in the same condition.

Dallas Fire Is Very Damaging

DALLAS, Jan. 16. (AP)—Fire of undetermined origin today destroyed the warehouse and manufacturing equipment of the Southwest Tablet Manufacturing Supply company here. Loss was estimated at \$100,000.

A general alarm brought out all the city's fire fighting equipment. Flames were brought under control after many hose lines had played water on the burning structure for three-quarters of an hour.

Charles Moss, 69, night watchman, was overcome by smoke. He was taken to a hospital, where it was reported he would recover.

LOUISE MILLER CANDIDATE FOR DISTRICT CLERK

Endorsed by the Gray county bar association, Miss Louise Miller, deputy district and county clerk of Gray county for the past four years, today announced her candidacy for district clerk subject to the action of the Democratic primary in July.

During her tenure of office as deputy clerk, Miss Miller has performed most of the duties of district clerk. She bases her candidacy on the fact that experience has acquainted her with every duty of the office. Her popularity among the attorneys is indicated by the fact that they signed a statement endorsing her candidacy.

In recent court terms, Miss Miller issued subpoenas, administered the oath to witnesses, and waited on the court throughout the sessions. She is a competent stenographer and is thoroughly familiar with recording and filing of county records. After being graduated from high school, Miss Miller completed a business course, and not being able to avail herself of a university education, she entered upon a business career.

A young woman, she is well-known by both old and young people of Gray county, and counts her friends by the score.

Sanity Hearing for Robber Is Planned

EASTLAND, Jan. 16. (AP)—An affidavit seeking a sanity trial for E. V. Allen, condemned Carbon bank robber, was prepared for filing here today by Maury Hughes, Dallas attorney.

The attorney left Dallas for this city after Governor Dan Moody had advised him he would have plenty of time to file the affidavit before the scheduled execution—early Friday.

The governor's message was in response to a request by Hughes that the executive grant a 10-day stay of execution in order that papers setting forth that Allen had become insane since conviction might be filed.

San Feldman, Atlanta grocer, has been robbed seven times by the same man. "I hope he breaks the habit," prays Feldman.

BUT DESPAIRS OF REPEATING THIS METHOD

Officers Were Puzzled Over Tableware's Loss

SEVERAL LOCKS NOW ATTACHED

Prisoners Explain How They Obtained Tools

Six weeks and 25 spoons were required for Johnnie Bowman, under a life sentence for the murder of Bill Watkins, to fashion the key that opened the jail door Monday noon and effected the escape of Bowman, Bud Jones and Pat Powell recently.

This information was learned by officers of the sheriff's department yesterday when Bowman surrendered the key he had made out of a spoon with a finger-nail file. The sheriff finished changing locks on the cell and outside doors when Bowman said, "Well, I believe I'll give you my key; with those locks on the door I can't see that I'll be of any use to me." He then took the key out of his mouth and gave it to the officer.

All the prisoners were "shook down"—thoroughly searched—yesterday for wires, files or anything that might aid them to escape from the jail. The key remained hidden in Bowman's cheek while he was being searched. The cell door is now fastened with several locks and officers declare that the only way prisoners can break out is to saw their way out, and the officers are using every possible precaution to keep saws and other implements out of their hands.

Young Girls Are Liquor Runners

STRAFFORD, Pa., Jan. 16. (AP)—Two sisters, still in their teens, were caught by police today as rum runners. Warrants for the arrest of Marie Duttner, 19, and Violet, 17, were in the hands of Police Chief Nugent, who declared the girls had been running liquor by automobile between Philadelphia and Harrisburg. He said suspicion was directed to them when their liquor-laden car collided with another machine near here.

The girls are daughters of William Duttner, farmer near Lancaster, Pa., convicted on a liquor charge two years ago.

William A. Anderson, whose automobile figured in the collision, told authorities the two girls dumped 25 five-gallon cans of whiskey in a field and drained twenty of them before the arrival of police summoned by him. They were unable to remove the rest from the other five cans.

The girls disappeared a few minutes later in another automobile. This police believe, was an escort car furnished by the bootleg ring.

Route of Highway 33 of Much Interest in City and Gray County

Should highway 33 be routed through Pampa, it is the hope of city and county officials that the state highway department will not require the full 100-foot right-of-way asked at other points.

The highway now is 50 feet wide through the city for a distance of more than half a mile. Should this width be adopted, the county likely would pave 15 feet on each side of the 18-foot strip placed by the state and county jointly. Getting an additional width of 40 feet would work a hardship on all concerned, it is believed.

The matter will be discussed in the course of future negotiations. District Engineer Bailey has promised to have the state engineering department fix the route of highway 33 within the next month, if possible. Resident Engineer Bushfield of Gray county has been here for several days in consultation with city and county officials and Mr. Bailey.

NORTH PLAINS RESIDENTS FEEL STING OF ZERO WEATHER—FAIR IS FORECAST FOR WEST TEXAS TODAY

Zero weather returned to the North Plains again last night, although the snow had ceased and still cold followed the 2-1-2 inch blanket which fell the previous night.

The protracted cold was virtually a new experience for those who came to this section in recent years; usually the zero temperature here is associated only with blizzards. The forecast for today was "generally fair," but the day dawned unsettled and bitterly cold. Tonight is scheduled to be warmer but cloudy.

DENVER, Colo., Jan. 16. (AP)—The Rocky Mountain west still shivered today under the sting of the most protracted cold wave since 1924. Six deaths were caused indirectly yesterday by the bitter cold.

Temperatures that have been well below the freezing mark in Denver for nine days ventured to now low levels with a minimum of 7 below zero today. Throughout Montana, Wyoming, Colorado, New Mexico and Kansas the cold held tenaciously.

Five Indians of the same family perished in flames that destroyed their cabin on the Crow reservation south of Billings, Mont. It was believed the fire was caused by an overheated stove.

DUNCAN OPPOSES Letting of Oil Assessing Job

In addition to hearing the report of the jury of view on securing additional right-of-way on highway 33 between Pampa and Kingsmill, the commissioners will consider at their special session tomorrow renewal of Thomas Y. Pickett & company's contract to assess the oil properties of Gray county.

At the regular meeting of the county board Tuesday, Judge Ivy E. Duncan opposed renewing of the contract, which allows the company 4 cents on the \$100, on the ground that it is too large a percentage to pay for the services rendered. He stated that he favored paying them either on a per diem basis or a graduated scale, reducing their percentage as the amount of taxes increased.

He said he would not favor paying any tax experts over \$4,000 per annum for the services. He pointed out that the company represents the Pampa Independent school district and it collects 2 1-2 per cent on the \$100 for this work.

Judge Duncan said he anticipates that the legislature at the coming special session will pass a law prohibiting the counties from employing tax experts on a percentage basis and if the county contracts now any law could not affect Gray county since a legislature cannot pass a law that is restorative.

Magnolia Follows Humble in Cut of Crude Prices Throughout Texas

DALLAS, Jan. 16. (AP)—Reductions on crude oil prices averaging 25 cents per barrel throughout Texas were announced today by the Magnolia Petroleum company.

The reductions were made effective today until further notice, on all oil purchased on a gravity basis. Separate postings were made for the Panhandle district, West Texas crude, Howard and Glascock county crude, and for the Mirando, Luling, Corsicana and Darst creek areas.

The new prices range from 60 cents for oil below 25 gravity, to \$1.44 per barrel for 44 gravity oil and above.

The new postings include: Texas. 25 to 30.9 gravity, 60 cents to 96 cents; 31 to 40.9 gravity, \$1.02 to \$1.32; 41 to 44 gravity and above, \$1.35 to \$1.44.

Panhandle (Gray county): Below 29 gravity to 35.9 gravity, 69 cents to \$1.02; 36 to 40.9 gravity, \$1.05 to \$1.17; 41 to 44 gravity and above, \$1.20 to \$1.29.

(Wheeler county): 30 to 35.9 gravity, 70 cents to 97 cents; 36 to 40.9 gravity, \$1.00 to \$1.12; 41 to 44 gravity and above, \$1.15 to \$1.24.

Elected

C. F. Buckler was elected vice-president of the Panhandle Certificate Masons' association at a meeting here yesterday.

Homer Mulkey of Clarendon yesterday was raised to the presidency of the Panhandle Certificate Masons' association, which met here in all-day session.

C. P. Buckler, local man, was made vice-president, and F. W. Kerbow of Clarendon was the choice for secretary.

A number of degrees were conferred during the sessions. The association will meet in White Deer in March.

Noted Humorist Has Entertained in Many Lands—Here Friday

Few entertainers are as versatile as Thomas Elmore Lucy, who will be presented by the Senior Epworth league at the Methodist church basement auditorium Friday evening.

Mr. Lucy is a humorist, poet, a cartoonist, a singer, and impersonator of great ability. He combines these programs that have pleased many thousands in many lands.

He has made more than 5,000 appearances on stage and chautauq platforms. He has entertained in China, Japan, Australia, New Zealand, South America, Panama, Old Mexico, Jamaica, Cuba, Honolulu, England, Holland, France, Italy, Egypt, and Palestine.

His program will begin at 8 o'clock. J. D. Merriman, manager of the Panhandle Herald, was a visitor here yesterday. He attended the Rotary luncheon.

LETTER GIVES BASIS OF NEW STATE PLANS

Gilchrist Asserts That He Misunderstood Matter

THOUGHT MIAMI NORTH OF TRACK

Designation Will Await An Engineering Report

Routing of "highway 33 east from Pampa, long an uncertain matter, today appeared no more settled than two years ago. In a letter to County Judge Ivy E. Duncan, state engineer Gibb Gilchrist said that in all probability the road would be built south of the Santa Fe tracks, instead of to the north as a Miami delegation reported several weeks ago.

Mr. Gilchrist wrote, in part: "The action of the highway commission was really to make Miami a control point on highway 33, which means the highway will pass through Miami. The discussion about the road being north of the railroad was due to my own misunderstanding of the situation. Although I had been in Miami once, my impression was that Miami lay on the north side of the Santa Fe railroad, but after discussing the situation further when the commission had adjourned, I learned my mistake and recalled that the greater part of the town did lie on the south, and inasmuch as the road between Miami and Canadian will have to lie on the south, there will be no necessity for crossing the railroad to the north side, unless some topographic conditions require it.

"Please understand that we may find it practical to route the highway north of the railroad, but I am sure that we will not if we do take the route which your county built north of Pampa.

"No field survey has ever been made between Pampa and Miami and it seems that it will be best to defer any discussion regarding the actual location until we get this done. The real action of the highway commission was to make Miami a control point and this is what I think everyone in your section of Texas has desired, and we have also found it desirable, after investigation.

Miss Davis Seeks Second Term as County Treasurer

Asking the voters for a second term, Miss Mabel Davis today announced her candidacy for re-election to the office of county treasurer.

Miss Davis, elected to the office over one opponent in 1928, gained the confidence and votes of the electorate by her promise that she would make an honest, efficient officer and would keep a good set of books.

Miss Davis bases her candidacy on her competency and the age-old Democratic custom of returning to office for a second term officers who have proved efficient, faithful, and honest. She is the first to announce for the office in the Daily News.

As a county treasurer, Miss Davis has been popular. She has lived in Pampa 10 years and formerly was employed as bookkeeper at a local bank, where she gained expert experience in bookkeeping. She also was clerk for a time at the local post office.

Miss Davis moved with her father, the late H. M. Davis, from Gainesville, where she was born. She attended the Gainesville public schools and later was graduated from Decatur college. Her family, which was prominent in Cooke county, later became well-known here.

West Texas (counties of Crane, Upton, Winkler and Mitchell): 25 to 30.9 gravity, 55 cents to 73 cents; 31 to 35.9 gravity, 76 cents to 88 cents; 36 gravity and above, 91 cents.

Howard and Glascock counties: 25 to 30.9 gravity, 55 cents to 70 cents; 31 to 35.9 gravity, 72 cents to 80 cents; 36 gravity and above, 82 cents.

Mirando, Luling, and Corsicana: 75 cents per barrel. Darst creek \$1.05 per barrel.

MORE THAN ANY PREVIOUS CRUDE OIL PRICE CUT WILL THE LATEST ONE BE SCRUTINIZED. LEGISLATIVE FORCES IN SESSION, OR SOON TO CONVENE, SHOULD LOOK INTO THE SITUATION.

There are many of us who cannot believe that a 41-cent cut in Gray county crude oil is justified. Nor are there many who expect any commensurate reduction in the price of petroleum products. Even if there is over-production, there are ways of avoiding price slashes which virtually stifle the independent producers and cripple the activities of even the highest gravity pools.

In short, the drastic step causes doubt of the good faith involved. This is all the more noticeable because there were no preliminary preventive steps worthy of notice, other than prorating, which admittedly was rather successful.

THE NATION'S (MAGAZINE) HONOR ROLL FOR 1929 WILL PROBABLY BE PUZZLING TO MANY WHO READ THIS ARTICLE. MANY OF THE NAMES ARE UNFAMILIAR WITH AVERAGE NEWSPAPER READERS.

For example, there is Robert Moses, commended for his part in securing for the people of New York state one of the finest systems of public parks in the United States. Then there is Salmon O. Levinson, "father of the idea of the outlawry of war, now embodied in the Paris peace pact and formally accepted by the great powers of the world."

Millions of Americans no doubt have forgotten the name of the Socialist candidate for president in the last general election. Norman Thomas, often called the most brilliant man intellectually in the presidential campaigns, is lauded by The Nation "for his intelligent, forthright, and vigorous campaign as Socialist candi-

date for mayor of New York city last year."

Heroism of course had to mention Rear Admiral Richard Evelyn Byrd, whose bold flight over the south pole thrilled Americans and the world. But, looking over the list of heroes, The Nation found a negro worthy. Robert Charles, negro passerby at the Cleveland clinic disaster "not only kept his head in a panic but performed feats of the most incredible bravery and self-sacrifice."

Other notables named are more familiar in name, such as Owen D. Young, Senator Bronson Cutting, Brand Whitlock, and many others. Among the institutions commended is the News Reel theatre of New York—the talkie newspaper.

IT IS SAID THAT AMERICA HAS "REFORMERITIS", AND THAT PLANS TO STIFLE THIS AND THAT ARE TOO MANY.

There will always be reformers, and there should be. Agitation hurts no one seriously, and it is conducive to thought. Mental complacency is a dangerous thing. Keep a people thinking and they will throw off suggestions that amount to nothing. You cannot make a man think and at the same time make him think along given tracks. And fortunately confinement to certain tracks causes thinking, and rebellion.

Bad reforms should be rejected, but the reformer should be permitted to carry on his campaigns. Remember, we now honor many of the men of history once condemned as reformers.

Now who will answer the inevitable question of "Who won the Laredo-Mexico contest?"

When the Dear Public tries to tell us too often how to do our work, we can always retaliate by telling them how to run their business. There seem to be two kinds of farmers: the dirt farmers and the city "farmers" who throw dirt at the farmer.

With the help of our friend down at Clovis we manage to keep the Lindberghs in the paper, but we are worried about how our friends over at Berger are going to keep that place in the headlines. But maybe they can catch a few more men who murdered Johnny Holmes.

CERTIFIED SEED IS PROFITABLE TO RANDALL MEN

CANYON, Jan. 16. (Special)—A small number of Randall county farmers who planted both certified and uncertified seed in 1929, increased their yield where they used certified seed an average of eight bushels per acre according to the amounts which they kept and submitted to W. H. DeChurch, county agent.

About 100 farmers bought an average of 75 pounds each of certified grain sorghum seed which was planted on 2,000 acres of land. Thirty-two of the farmers made written reports giving comparative yields from fields where home-grown, uncertified seed was used and those using certified seed. From these reports the estimate of an average increase of ten bushels per acre was made. This means that in Randall county, from a very small acreage, the crop was increased 16,000 bushels through the seed campaign.

The seed was bought by W. H. DeChurch, with money furnished by the Canyon Chamber of Commerce, and was distributed on a non-profit basis. This year a larger amount of such seed will be bought. At least two farmers in Randall county are planning to grow certified seed on their own places this year, making seed available for their neighbors.

HIGHWAY 33

(Continued from page 1.)

I have, in my discussion with Judge Ely, explained to him what I had in mind regarding the highway north of the railroad and this discussion was simply the result of my own misunderstanding as to just how Miami lay across the railroad.

"I am assuming that Pampa will be satisfied with either route and in this connection I wish you would let me know just how you have progressed on the right-of-way between Pampa and the Carson county line. You will recall we advertised this for construction last year but the commissioners' court of Gray county withheld their funds from the construction. It will of course, be April or May before we would want to start this project, and in the meantime, we will have time to check up the route from Pampa to Miami so there will be no delay when we get ready to start."

Jury Dismissed in Robbery Trial of Stinnett Banker

PANHANDLE, Jan. 16. (P)—Unable to agree, the jury considering the case of Rueben A. Franks, former assistant cashier, who pleaded guilty to participating in the First State bank of Stinnett robbery, was dismissed today. The vote stood eight for a two-year sentence, and four for a suspended sentence. Judge E. J. Pickens announced the retrial would be held here the week of Jan. 27.

PANHANDLE, Jan. 16. (P)—A nine-year penitentiary sentence was assessed against J. W. Adams for his part in the robbery of the First State bank at Stinnett by a jury which immediately took under consideration the guilty plea of Rueben A. Franks, former assistant bank cashier, on the same charge.

The state demanded the minimum of two years imprisonment for Franks. But Smith, acquitted on similar charges yesterday, was among state witnesses against Adams, who was convicted on practically the same testimony used in Smith's trial, including the statement which Smith repudiated at his trial.

The case of Torrance A. Popejoy, fourth man indicted in the Stinnett robbery, will not come up here, District Attorney Clem Calhoun said. Popejoy is free on bond, and the case is set for the next term of district court at Stinnett in March.

War Debts and World Peace Pact Are Topics on Club Program Tuesday

A study in international relations occupied the program hour of Twentieth Century club, when the members met Tuesday afternoon at Mrs. Clifford Braly's home.

The Treaty of Versailles was explained by Mrs. Paul K. Jassik, Mrs. Porter Malone spoke on related topics, "Adjustment of World War Debts," and "The Dawes Plan of Reparation."

Club plans for aiding in the effort to raise funds for Pampa Public Library and for supporting the Council of Clubs in sponsoring a French marmalade show here during February were discussed during the business session.

Seventeen members of the Baptist Women's Missionary union attended a meeting at the church yesterday afternoon, where a program from "Royal Service," a missionary manual, was given, and arrangements made for the entertainment of delegates to the budget conference of the Tenth district of the Texas Baptist Convention, which will be held here Jan. 20 and 21.

In addition to those appearing on the program, the following attended the meeting: Mrs. D. H. Truhitte, Mrs. W. E. Cobb, Mrs. O. H. Gilstrap, Mrs. T. H. Barnard, Mrs. O. B. West, Mrs. E. F. Brake, Mrs. Mary Blinford, Mrs. Troy Maness, and Mrs. D. L. Lunsford.

Victoria Member of Committee for Strong Pledge AUSTIN, Jan. 16. (P)—Declaring "loyalty is one of the rarest and most admirable virtues," Venable B. Proctor of Victoria, member of the state Democratic executive committee, announced he would vote to "rigidly exclude" unfaithful Democrats from the primary ballot when the committee meets soon.

Fat Comes At Forty Sometimes in earlier years, it comes when a certain gland grows weak. That is what modern authorities find. And physicians the world over now combat that cause.

The method they use is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in every circle you can see what slender figures, what health and vigor that right method brings. And all without abnormal exercise or diet.

Every box of Marmola contains the formula and facts. Users know the reasons for all good effects. In fairness to yourself, go try Marmola. Watch the results. All druggists supply it at \$1 a box.

Negro Tells How He Picked Lock on Pampa Jail

Johnnie Johnson, alias J. T. Allen, negro, who escaped from the county jail a week ago, and was captured by Dallas police, was brought back to the Pampa jail yesterday by Deputy C. E. (Tiny) Pipes.

Johnson told officers of the sheriff's department that he used a wire to 'pick' the lock on the jail door the night he escaped.

Johnson was being held in jail on a charge of assault with intent to kill. A charge of theft was filed against him yesterday. Johnson escaped to Dallas in an automobile stolen in front of the Schneider hotel. However, he is charged with taking another car which he wrecked before he stole the second one.

Cooperation in Livestock Market Activity Urged

DENVER, Colo., Jan. 16. (P)—Cooperative marketing through a national organization for effective control of livestock prices was advocated today by C. E. D. Denman, member of the federal farm board, at the annual meeting of the American National Livestock association.

Eilson Reported Safe in Siberia

MOSCOW, Jan. 16. (P)—A report that Carl Ben Eilson and his mechanic, Earl Borland, were near the river Anguemy, Siberia, was received by the Soviet government today. Although it was not confirmed, Soviet authorities ordered a dog sled expedition to the place.

Eilson and Borland, who have been missing since Nov. 9, in the Arctic, have been the center of a long search by American and Canadian airmen. Within recent weeks the Soviet government took up the search in view of the possibility that the two fliers, who were on an air trip to reach the fur trading slip Nanuk, ice bound at North Cape, Siberia, might have been forced down somewhere along the Siberian coast.

Resident Honored in Funeral Yesterday at Baptist Church

Funeral services for H. M. Davis, who died Sunday afternoon in a Dallas hospital, after a long illness, were held yesterday morning at the First Baptist church, with the burial in Fairview cemetery. The Rev. E. G. Pennington of Plainview officiated, assisted by the Rev. D. H. Truhitte, pastor of the local church.

Mr. Davis was a resident of Pampa and the vicinity the last seven years of his life. Born Oct. 6, 1856, at Cherry Hill, Md., he came to Texas in 1856, settling in Cook county, where he lived until coming to Gray county. He was

engaged in farming during the greater part of his life, and owned a farm near this city, which he managed until his retirement five years ago. His health had been declining more than a year. His condition becoming grave, he was taken to Dallas two months ago, where he underwent an operation. He is survived by his wife; two daughters, Mrs. W. A. Snell and Miss Mabel Davis of this city; three sons, W. L. and James Q. Davis of this place, and W. O. Davis of Waco; and seven grand-children.

PROHIBITION

Senator Borah, a severe critic of present enforcement conditions, expressed the same attitude. DETROIT, Mich., Jan. 16. (P)—The Anti-Saloon League of America turned its attention to the educational side

of the prohibition problem at today's sessions of the 22nd national convention. A "support the president luncheon" for business men also was on the day's program with "why industry and business support President Hoover" as the topic for general discussion. In an address prepared for delivery today, R. N. Holsapple, superintendent of the Michigan Anti-Saloon league, asserted "the only solution of the prohibition question is moral and educational."

Must Teach People "People must be taught," he said, not only to refrain from the sale of alcohol, but to abstain from its use, not because they fear the law or the officials, but rather because they know that alcohol will do to those who use it. Beginning in 1930, he said, the Michigan league will conduct "gospel temperance revivals, which will be in the nature of a religious total abstinence crusade." Educational work through schools,

publications, newspaper publicity, distribution of literature, co-operation with the church press and other methods was discussed in addresses prepared by other speakers. Educational discussions followed a meeting last night in which militancy was urged by speakers, including F. Scott McBride, general superintendent, and the Rev. A. J. Barton, Atlanta, chairman of the national executive committee.

ABOUT FOLKS

(BY A. F.)
 To support his contention that a person should be tried as soon as he is charged with crime and that district courts should be subject to call or remain in session all the time, Judge Newton P. Willis says that a term-time court is a relic of the dark ages when communication and transportation were slow, when it took 40 days or more to serve subpoenas and to get witnesses to court. In 1814, when the Battle of New Orleans was fought two weeks after the treaty of Ghent was signed, a court term was excusable, but now-a-days when conditions are the reverse, the system should be changed to suit modern needs, he said. Judge Willis favors the civil district court asked for by the Gray county commissioners.

When two of the leading fishing enthusiasts of the Pampa area, Otto Studer and C. Herbert Walker, got to talking the other night, a court term was excusable, but now-a-days when conditions are the reverse, the system should be changed to suit modern needs, he said. Judge Willis favors the civil district court asked for by the Gray county commissioners.

The latest, but seemingly pointless smart-tack, is "dang it, I'm dead!" given in answer to the query, "how are you?"

Among the alumni of the University of Oklahoma who are looking forward with pleasure to the visit of Josh Lee, Sooner historian, to Pampa are Dr. W. B. Wild, Dr. R. A. Webb, Clyde Fatheree, Mrs. C. T. Hunkapillar and Ralph Jones.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Local people, many of whom you know, are highly endorsing Tanlac. For example, Mrs. Eliza White says: "For years I suffered from indigestion. I got no relief from anything until I took Tanlac. After my fourth bottle, I feel like a new person and have a fine appetite."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver, if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you. Accept no substitute.

Makes Gift to Firemen

John Frey, proprietor of the Frey hotel which caught on fire two weeks ago and was extinguished by the fire department before much damage was done, has given the department \$50 as an expression of his gratitude for the fast and efficient service rendered when the lower half of the first floor was in flames, according to Fire Chief Alex Schneider.

Mr. Frey says that he has never seen a blaze smothered any quicker. He mentioned also that the furniture in the building was not damaged by water. The firemen used only chemicals in extinguishing the fire.

Miss Ruth Daugherty of Amarillo has accepted a position in Jarre's Fashion shop.

Joe Isbell, 11-year-old son of Mr. and Mrs. Bert Isbell, who has suffered with an eye infection for the last three weeks and who became ill with mumps last week, today was reported almost recovered from the mumps. No change was noted in the serious condition of the eye, however.

THOROUGH BRED CHICKS ON SHARES

I want to place a limited number of my prize winning, egg laying strains of Baby Chicks out on a share basis with responsible ranch women of Gray county. Contract for them now for delivery during February, March, April and May. Will furnish either eggs or Day Old Chicks on a fair basis. See me for particulars at once as the number available is limited. Nothing but strictly Free Range conditions considered. No town lot deal considered.

WHITE LEGHORNS 90-head year old hens topped from a flock of 600, selected by competent poultry judge. Headed by five of the best Cockerbirds I ever saw. Strictly American standard show type birds combined with some of America's best laying strains. You can breed some wonderful birds from this flock. No town lot deal considered. The quality chick brings \$1.00 each at day old.

S. C. R. I. REDS 20 head pullets for which I paid E. W. Mahood, Webster Grove, Mo., \$2.50 each at day old. Headed by two wonderful Mahogany Red cock birds from Mahood. I paid \$25 each for them. This flock is from that pen that Mahood won the egg laying contest in Missouri in 1928 over all breeds and second in Illinois in 1929.

If interested, see my flocks at once and place contracts for future delivery. Will furnish either day old chicks or eggs for setting at home. Nothing for sale. Supply limited. We will divide what you raise on 50-50 basis at twelve weeks old.

Landis Known to Oppose Boxing by Baseball Players

CHICAGO, Jan. 16. (P)—Organized baseball's first move to prohibit its players from engaging in professional boxing contests is expected Saturday when Commissioner Kenesaw M. Landis confers with Charles Arthur (The Great) Shires.

While Commissioner Landis has refused to discuss the question, it is known he has been displeased with the boxing ventures of Shires and other professional baseball players this winter and will back up his displeasure by demanding a halt.

Shires has intimated he will take the matter to the federal courts, but Commissioner Landis is certain to give him Saturday and forget boxing for baseball.

HOME OF POLITICAL CHIEF IN CHICAGO BOMBED

CHICAGO, Jan. 16. (P)—The home of City Collector Morris Eller, political chief of the "Bloody Twentieth" ward, was bombed today.

Eller and Mrs. Eller were shaken, but unharmed, as the powder bomb tore at the rear entrance of the Eller apartment in a three-story brick building. A maid Anna Seaman, was cut and bruised by plaster that fell from her bedroom.

A garage was damaged. Windows in the building and in nearby places were shattered.

Eller said he had no idea why the bomb was thrown.

Delaney Cannot Use Arm Again in Boxing Bouts

BRIDGEPORT, Conn., Jan. 16. (P)—Jack Delaney, retired light heavyweight champion of the world, has fought his last fight.

Dr. George W. Hawley, bone specialist, wrote "finis" to Delaney's ring career today when he declared an injury to the right arm, which has bothered the former champion for two years, threatened to cripple the arm permanently unless Delaney abandons boxing.

Delaney, with tears in his eyes, heard the doctor's dictum after an x-ray examination.

Delaney was planning a comeback bout against Tom Kirby of Boston at the Providence arena on January 24.

She's Getting Thinner Every Day

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 85c bottle of Kruschen Salts at Fathere Drug Stores or any drug store (last 4 weeks) with a distinct understanding that you will be satisfied with results or money back.

One Montana woman lost 15 pounds of fat in 4 weeks and feels better than she has for years. Adv-4

"Although this is the fourth of July, it is a sad day for this household, Mr. Dundee. The wife had her breakfast in bed. The poor girl is sadly upset over the tragedies. It is an outrage that the police won't let us move to more pleasant quarters, where we could try to forget."

AL SIMMONS BEST MAN ON GETTING RUNS

BY PAUL R. MICKELSON (Associated Press Sports Writer)

CHICAGO, Jan. 16. (AP)—Al Simmons performed his duty as cleanup man for the Philadelphia Athletics in championship style last season, leading the circuit in the important business of batting in runs, official all-1929 averages revealed today.

The Philadelphian participated in 133 games and drove in 157 of the 901 runs scored by Connie Mack's team. Thirty-four times he scored himself by home runs and came home with 80 more through assistance of his mates.

Babe Ruth, playing eight less games than Simmons, was second with 541.

Simmons and Ruth were the only two American league batsmen to drive in an average of one or more runs a game during 1929. Dale Alexander, Detroit rookie, finished third by driving in 137 runs in 155 games while Gehrig was next, sending 126 runs across in 154 games. Other leaders and the number of runs they batted in were Hellmann, Detroit, 20; Fox, Philadelphia, 17; Kress, St. Louis, 10; Gehring, Detroit, 10; Lazzeri, New York, 10, and Fonseca, Cleveland first baseman who won the American league batting championship, 103.

Best harvester of bases on balls for 1929 was Max Bishop of the Athletics. He was given 128 passes to first base in 129 games. Ruel of St. Louis was second with 126 bases on balls in 151 games. Gehrig got 122 free passes and Fox worked the pitchers for 103, many of them intentional. Ruth, who has been honored for years with 100 or more free trips to first each season and who holds the record with 170, retained but 72 in 135 games in 1929.

Joe Sewell retained his title as the hardest man in the American league to strike out, tying his own world's record of four strike-outs in 152 games. "Mickey" Cochrane of the Athletics struck out but eight times in 135 games, while Sam Price of Washington whiffed only nine times in 150 contests.

Jimmy Foxx, possessing a hit or nothing complex, was the easiest man to strikeout among the regular batsmen, churning the air 70 times, or two more than Gehrig and 10 more than Ruth.

FOOTBALL ENDS GOING GREAT IN BASKETBALL

By GAYLE TALBOT, JR. (Associated Press Sports Writer)

DALLAS, Jan. 16. (AP)—Judging from the present Southwest conference basketball race, the proper training ground for an athlete who aspires to great things on the court is an end position in football.

Wear Schoonover, Arkansas university's human lighthouse, and Red Rose, the "Big 'Un" of Texas university, virtually were unanimous choices for All-Forthwest conference ends at the close of last season. They are becoming unanimous choices for all-conference basketball forwards.

Both strapping fellows, Schoonover and Rose are finding the same abilities that enabled them to stand out in football extremely valuable on the painted court. The Razorbacks and Longhorns have won their two starts, largely through the brilliant play of Schoonover and Rose.

Schoonover was an all-conference basketball last year and is doing no

more than was expected of him, but Rose's exceptional form in the opening games has caused rejoicing at Texas university. He was a good man last year, but could do little than play second fiddle to the lustrous Holly Brock. Now he is making them forget Holly.

In addition to Rose and Schoonover, three other members of the Associated Press' all-conference football eleven are cutting figures in the basketball ace. They are Jake Wilson, Baylor quarterback; Marion Hammon, Southern Methodist tackle; and Noble Atkins, center for the champion Texas Christian Horned Frogs.

Hammon and Atkins are playing regular guards for their teams and Wilson has proved a capable substitute forward for the Bruin cagers.

Others who carved their names on the football honor role to a lesser degree and are engaged in the hoop scramble include Captain Nona Rees, Frank Cheatham, and Wilson Elkins at Texas university; Harlos Green and Robertson at Texas Christian; Milan Creighton at Arkansas; Wicher, Kierkeby and Alford at Baylor; Bill Skeeters, Koontz and Johnson at Southern Methodist; McCable at Rice, and Joe Brown Texas A. & M.

Queen Marie and Princess Ileana are leaving on a trip to Egypt about Feb. 1.

Finland's Star, Ill, Backs Out of Race—Into Trouble

NEW YORK, Jan. 16. (AP)—The rigors of a very warm New York winter for one who is accustomed to Finland's cold are threatening to cause trouble for Eino Purje this year just as they did for his famous countryman, Paavo Nurmi, a year ago.

Purje, scheduled to make his first appearance of the indoor track season at the Pastime A. C. games last night, withdrew at the last minute because of a case of tonsillitis and promptly found himself in bad with Amateur Athletic Union authorities. Nurmi was suspended when he did not turn up for the national championships last year. An investigation is planned.

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence

You men who would keep trim and fit... you women who covet the tantalizing curves of the truly modern figure—when tempted to do yourself too well, light a **Lucky** instead. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When your eyes are bigger than your stomach, light a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"Coming events cast their shadows before"

"It's toasted"

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
