WHOLE VALLEY IS COMMENDED ON HUGE FEAT

The President Praises
Men of His Calling
in Speech

MANY SHARE GLORY, HE SAYS

Thousands Tune in on
Short Ceremony
This Morning

EDEN PARK, Cincinnati, Oct. 22. (P)—Standing on a towering bluff overlooking the Ohio river, President Hoover today dedicated a white granite shaft commemorating the completion of the lock system on the waterway from Pittsburgh to Cairo.

A new agency of service now begins its quiet labors for mankind. Mr. Hoover said in congratulating the whole Ohio valley and the nation on this occasion. "This new instrument of commerce, from which untold blessings will come year after year, is an enduring monument to those patient men of my own profession whose lives are spent in devising means to increase the comfort and convenience of the world."

"But men of every mould have wrought with equal bravery in this transformation of the wild beauty of the Ohio river into the not less beautiful, but more tractable, stream of today. The Engineers found the practical means, but many others contributed to the vision, courage and persistence needed to this accomplishment."

"Statesmen, river men, and business men may share the glory. The elders present may well regret the absence of such stalwart figures as Colonel William E. Merrill and Captain Wm. B. Rodgers, whose ingenuity and dauntless faith bore so large a part in this achievement."

The chief executive paid special tribute to the long labors of Senator Theodore E. Burton and Speaker Nicholas Longworth on behalf of the improved waterway, and he expressed deep regret that Senator Burton, who was chairman of the first inland waterways commission, was unable to be present because of illness.

Mr. Hoover was presented to an audience of several thousand on the bluff and untold thousands who heard the ceremonies of a nation-wide radio hook-up by Governor Cooper of Ohio, who, with Governor Conley of West Virginia, greeted the chief executive here. Gov. Sampson of Kentucky was detained in his state by official business, but he will welcome Mr. Hoover at Louisville tomorrow at the conclusion of the voyage down the Ohio from Cincinnati, to be started in mid-afternoon.

A drizzling rain fell throughout the ceremonies, which were held almost at the base of an enormous old vine covered water tower at the summit of the park. The speaking was from the band stand, but the rain drove in on the chief executive who was far from dry as a result of a drive of three and a half miles from a hotel to the park in an open automobile with Mrs. Hoover at his side.

After the simple ceremonies at the park, the presidential party drove to the home of Speaker Longworth before returning to the Hotel Gibson for lunch as the guest of the city.

THE WEATHER VANE

WEST TEXAS: Fair, colder in north portion tonight and Wednesday.

—AND A SMILE

PARIS. (P)—Whiskers for all Frenchmen over 30 are advocated by Maurice de Walleffe, an arbiter elegantiarum. In the newspaper *Midi*, of which he is part owner, he writes: "Whiskers form part of our national type. Our young men, aping Americans, have abandoned whiskers. We do not want to become standardized Americans. Let us be French."

Bachelor Prexy Finds Work Too Strenuous—Quits

It was a trying job to head a Bachelor's club.

It is, in fact, a work that however valuable to the club's membership demands more time than Clarence Coffin, who works for Uncle Sam, can afford to spare. Mr. Coffin resigned. He offered to reveal secrets of the organization to any females interested but the latter were too numerous.

Mr. Coffin blames Harold White, founder of the Bachelor's club, for his predicament, and suggests that the latter assume the presidency. At any rate, Mr. Coffin urges that anyone interested henceforth go to Mr. White for desired information.

HARRIS NAMED CHORUS HEAD LAST EVENING

Organization of a community chorus was carried further last night when John Lee Harris was elected president and Mrs. Robert Chafin was chosen as secretary.

A group of local singers from various choirs met last night at the music cottage on the Central campus and talked over plans with Thomas Fannell, director. Basses and sopranos were most numerous, but it is expected that tenor and alto sections will be well represented at the next session. Practices will be held each Monday evening at 7:30 o'clock at the music cottage.

A membership committee composed of Mrs. Tom Rose, Mrs. W. A. Bratton, Mrs. John Andrews, and Mrs. C. C. Dodd was appointed, and a list of proposed members was divided among these women.

Gratifying facility in reading some of the music already selected was noted by Mr. Fannell, who predicted that the chorus would be able to give a creditable performance within a few weeks. It is planned to present several short numbers at the beginning, rather than attempt some work which would require months of practice.

Edison Rests After Excitement of Last Night's Occasion

DEARBORN, Mich., Oct. 22. (P)—Having put behind him one of the most thrilling days of his life, Thomas A. Edison was resting at "Fairlane," the country estate Henry Ford, today, preparing to return to his home in East Orange, N. J.

When he leaves, he will carry with him the memory of a tribute paid in the presence last night of some 600 notable guests invited by Henry Ford to join in honoring Edison on the fiftieth anniversary of his perfection of the incandescent light. It had as its general setting the early American village Ford has constructed on his Dearborn property.

To Edison, given the seat of honor at the speakers' table despite the presence of the president of the United States—an honor rarely accorded a citizen—it was an hour of supreme happiness. He spoke in a breaking voice at times, thanking the president and the nation for its tribute and declaring that if he had helped mankind he was content.

Messages of congratulation to Mr. Edison were read from the Prince of Wales, President von Hindenburg of Germany and Commander Richard Evelyn Byrd from "Little America." President Hoover, moved by the enthusiasm by which the celebrated inventor was acclaimed by the world over, frequently interpolated in his brief address tributes to the genius of Mr. Edison.

COUNTY FUNDS DEPLETED FOR LAST QUARTER

Need for Economy Is
Shown in Regular
Audit Report

DEFICITS SEEN IN NEW FIGURES

Citizens May See All
Itemized Accounts
of Monies

In the three-month period beginning July 1 and ending September 30 of this year, the county spent \$14,671.01 out of the general fund, bringing the total disbursements from the fund for this year up to \$39,483.48, and leaving a deficit of \$222.46, according to Auditor Ray Wilson's quarterly report, which has been approved by the county commissioners.

Largest expenditures, however, came out of the building fund, from which the county has paid out a total of \$193,874.66, leaving a balance of \$6,056.59. Total disbursements from the courthouse and jail fund aggregate \$11,659.07, leaving a deficit of \$1,547.70. Deficits in the various other funds are as follows:

Highway fund, \$70.39; road and bridge No. 4, \$943.98; road and bridge No. 3, \$436.86; road and bridge No. 1, \$721.11; road and bridge, \$1,336.00. The balance in the road and bridge fund No. 2, Sept. 30 was \$3,167.44. A balance of \$14,762.60 in the jury fund was the largest of all. Transfers from this fund to the general fund and other funds are frequently made to make up for deficits particularly in the general fund.

During the last quarter expenditures in the general fund were as follows:

Salaries, \$3,921.38; boarding prisoners, \$2,131.86; waiting on court, \$52; safe-keeping prisoners, for jail guards and deputies, \$1,575.90; assessing taxes, \$900; lunacy expense, \$46.70; delinquent tax roll, \$213.35; ninth administrative district, \$96; finger prints, \$9; printing and stationery, \$386.05; telephone and telegraph, \$9.50; paupers and indigents \$1,007.19; drugs and disinfectants, \$13.45; freight, express and drayage, \$17.57; equipment and repairs, \$223.74; holding inquest, \$5; election expense, \$105.45; auditing expense, \$820; ice, \$10.30; gas, lights, \$235.07; plumbing, \$11.55; jail supplies, \$87.60; interest on warrants, \$75; bounties, \$37.60; justice of peace fees (in all county precincts), \$2,690.00 grand total, \$14,671.01.

Mr. Wilson makes a quarterly itemized report every three months which interested citizens may inspect at the courthouse. He also makes a monthly report giving receipts and disbursements in the various funds.

In August, disbursements from the general fund totaled \$5,666.05; from the jury fund, \$334.50 and from the courthouse and jail fund, \$350.

ROYALTY DEALS MADE IN COUNTY

One-fourth royalty interest in section 13, block H, A. W. Wallace survey was recently leased by J. J. Taylor to P. L. Meadors who leased it to Delmar Oil company. Roy W. Tinsley has leased one-twenty-eighth royalty interest in section 57, block 3 a total of 71 acres, to J. C. Vollmert. At the same time Mr. Vollmert leased south-west quarter section 150, block 3 to Mr. Tinsley on a one-sixteenth royalty basis.

T. B. Noble and L. Mackachney leased for three years northeast 160 acres of section 49, block A-9, to George B. Ray. Midwest Exploration company has assigned to Atlantic Oil Production company, east one-half of south-east quarter, section 8, A. W. Wallace survey, block H. F. M. Osborne has received release of oil and gas lease on east 53 acres, northwest quarter, section 108, block 3.

Bootlegging Man Flees as Wife Tells Officers

DALLAS, Oct. 22. (P)—Tiring of moral suasion that failed to sway her husband from his bootlegging ways, a Dallas woman applied legal action last night, with the result that the husband is in hiding. "I won't have him bootlegging," the woman told police as she delivered four cases of her husband's home brew at the station. "I have begged, scolded and pleaded. Now I'll bet I make him quit and go to work and do right."

Police accompanied her to her home where they seized 1,500 bottles of the brew and arrested the husband's partner. The husband, however, had hid him to the hinterlands.

SAUNDERS WELL ONE OF BEST IN RECENT WEEKS

One of the best producing oil wells brought in this fall is Panhandle Refining company's No. 3 Saunders, 330 ft north and east, southwest corner, east one-half northeast, section 3, block 1, A. C. H. & B. survey, which came in Saturday for an initial production of 2,000 barrels.

Pay was struck Friday at 2,650 feet and the well produced 500 barrels. It was deepened and the well became a big producer. It was flowing 65 barrels and hour yesterday, or around 1,600 barrels daily.

The well extended the Saunders producing area one-half mile. It is one-half mile from the Texas company's gassers on the Saunders land.

This well and other tests in its vicinity was not affected by the shut-down program which has been in effect in the Finley-Bowers area for the past two months.

Ferguson Heads 1929 Board of City Methodists

Board members of the First Methodist church met last night and adopted a local budget of \$10,000.

A financial committee appointed to devise a method for raising this amount is headed by W. Mullinax. Other members are J. M. Dodson, J. O. Gillham, W. F. Campbell, W. R. Campbell, and Joe Shelton.

In the election of new officers of the official board, O. W. Ferguson was made chairman, J. M. Dodson, secretary, and James G. Burgess, treasurer. The church has completed a very successful year, and is outlining its activities for the new conference period beginning November 1.

Only one resident of San Francisco's Chinatown wears a queue.

Successful reindeer raising in Alaska has inspired northern Canadians to contract for a herd of 3000 to be driven from the American territory.

LEGION WISHES ARMISTICE DAY GAME PLAYED HERE AS PART OF BIG CELEBRATION OF OCCASION

If the plans of the American Legion are carried through as outlined last night, the bi-divisional football game between Pampa and Perryton, prospective opponents, will be played here November 11.

The Legion last night voted to underwrite the game to the extent of \$1,000, which will be offered to Perryton by the athletic committee of Central high school. If the arrangement is made, the Legion will assist in stag-

MAGNATE SAYS GIRL'S DANCE WAS INDECENT

Description of Play Is
Detailed by Him
to Jury

STATE OBJECTS TO HIS CHARGE

Story of Attempt to
Exact Money Is Told
by Boy

LOS ANGELES, Oct. 22. (P)—Alexander Pantages, theater multi-millionaire, charged with a statutory offense against Eunice Pringle, school girl dancer, denied his alleged crime from the witness stand today.

The defendant, immaculately dressed Pantages, climbed the chair after a brief direct examination of his son, Rodney Pantages.

It was a surprise move, for it had been anticipated the son would occupy the stand for some time, especially after his accusation that a state witness, Jay Sheridan, had attempted to extort money from his father.

The state, for the moment, apparently did not fear the testimony, and when the witness was dismissed the defense called the 34-year-old theater magnate for examination. It was his first appearance as a witness.

Rodney, first member of the family to appear in the trial proceedings, testified Sheridan had threatened to "go to the district attorney" if he was not paid \$300. Sheridan is a San Diego, Calif., hotel man and ex-convict.

The youth testified he told Sheridan "you can go to the district attorney, or go to hell."

Pantages said he first met Miss Eunice Pringle, his accuser, in his office early last May. She was using the name "Solito Deyo."

The first time she came to his office, Pantages said, she inquired regarding the possibility of placing a dance act in which she was interested entitled "The Prince of Hollywood."

Q: "Did you see the play later?"
A: "I did."
Q: "Who else was there?"
A: "Nick Duneav, Eunice Pringle, a Mexican named Hernandez and a lady whose name I don't know. The play consisted of singing, dancing, and dialogue, and as I recollect the theme was trying to conquer the prince by her dancing and dialogue."

He was instructed to continue description of the play by defense attorney, W. I. Gilbert.

Her character in the play was such she had to play up to the prince and win him, Pantages said.

Q: "Well, how did she play up to him?"
Pantages rose from the witness chair and attempted to demonstrate the actions by placing his hands before him and haughtily elevating his shoulder, imitating movements of a Spanish dancer.

The part, Pantages said, was "very suggestive." The state objected to the answer and the reply was stricken from the record.

Dr. R. A. Webb, P. E. Boyd, and Coach Odus Mitchell will go to Perryton soon to take up the discussion with high school officials there. Perryton played in Pampa last year.

Plans for Armistice day are well under way, and will be announced soon, according to Mr. Boyd.

W. F. DITEMAN OF MONTANA REVEALS HIS PLANS TO HARBOR GRACE AIRPORT OFFICIALS BY LETTER AFTER TAKE-OFF IN SMALL, ILL-FITTED PLANE THAT HAS ONLY 165 GALLONS OF GAS.

HARBOR GRACE, N. F., Oct. 22.—(AP)—Without a word of warning as to his intentions, Aviator W. F. Diteman of Billings, Montana, hopped off here today for London, England. His destination did not become known until after his departure, when a letter to airport officials was opened.

Legion Band to Play Concert on Square Tonight

The American Legion band will give a concert tonight at 8 o'clock on Albert Square or, if the weather is too cold or otherwise inclement, in the Plator auditorium. Just before the last number, the Legion will give away a Chevrolet coach.

The selections to be played will include popular selections with a sprinkling of standard compositions. Request numbers will be played for encore.

This is the first public concert the band has given in about two months. However, the members have been practicing diligently and regularly once a week.

LONE STAR GAS COMPANY BUYS MANY PLANTS

DALLAS, Oct. 22. (P)—Purchase of the Texas Cities Gas company has been announced by the Lone Star Gas corporation.

The Texas Cities company operates in El Paso, Galveston, Waco, Paris, and Brenham, Texas, and Juarez, Mexico, and several cities in Oklahoma, Washington, Oregon, Iowa, and Idaho.

The Lone Star company announced no change in the operating management or personnel of the properties would be made as a result of its acquisition of the Texas Cities company.

The Texas Cities company was owned by the Union Utilities, Inc., and was organized June 1, 1928.

In the transaction, the Lone Star company also acquired the following additional properties: Council Bluffs Gas company, Council Bluffs, Iowa; Guthrie Gas company, Guthrie, Okla.; the Northwest Cities Gas company, operating manufactured gas plants in Walla Walla and Yakima, Wash.; Lewiston and Clarkston, Idaho, and Astoria, Eugene, Pendleton, and Springfield, Ore., and the Coos Bay Gas company, operating manufactured gas plants in Marshfield and North Bend, Ore.

The purchase price was not made public.

MARSHALL, Mo., Oct. 22. (P)—The Baring low-wing monoplane in which W. F. Diteman today took off on a trans-Atlantic flight was not designed for such a long cruise, Russell Nicholas of the Nicholas-Beasley Aircraft company, builders of the little ship, said today. He was surprised to learn Diteman had attempted the hazardous ocean crossing in the plane.

Girl Exonerated After She Slays Negro Yesterday

SELMA, Ala., Oct. 22. (P)—Exonerated by a coroner's jury verdict of justifiable homicide, Miss Esther Barnes, 20, today was back at her farm home 14 miles from here, where yesterday she shot and killed a 27-year-old negro who she said made improper advance to her.

The girl, who telephoned Sheriff R. F. Hammer here after the slaying, said "a negro has been killed," told the coroner's jury she was alone when Ed McKee came into the house about 9 a. m., called her familiar names, and said "he would return."

Within a few minutes the negro came back, Miss Barnes said, and she shot him once through the throat with a small rifle.

Marion Kennedy of Trowbridge, Ill., is the only blind telephone operator in the country. He has held his post 29 years, and is a livestock dealer on the side.

WILDCAT WELL IS FULL OF OIL IN SECTION 140

Another new area of oil production was opened today and prospects of a gusher were apparent when Howard Bean Corporation and others' wildcat test in section 140, block 3, I. & G. N. survey struck top of pay at 3,300 feet and three hours there was 2,000 feet of oil in the hole. Drilling is being suspended until storage tanks are built.

Operators believe that the well will be good for at least 1,500 barrels, with gusher possibilities when the hole is deepened. The well is almost two miles northeast of Magnolia wells in section 150. Local men promoted the drilling of the well.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm, or corporation, and corrections will be made, when warranted, as promptly as was the wrongfully published reference or article.

THE ATTRIBUTES OF A GOOD TOWN WERE SUMMARIZED IN THE SEPTEMBER ISSUE OF THE NATION'S BUSINESS, OFFICIAL ORGAN OF THE CHAMBER OF COMMERCE OF THE UNITED STATES.

The ten points, which should be of interest to every citizen eager to upbuild his home city, follow:

1. Pure water.
2. Complete sewer system.
3. Well paved thoroughfares, properly maintained.
4. Good schools.
5. Efficient police and fire departments.
6. Fair taxes evenly distributed.
7. Good public library system supplementing the public school system.
8. Parks and an artistic spirit strong enough to keep them clean and orderly.
9. A proper building code enforced to protect the appearance of the city and to create a low insurance rate.
10. Good churches.

Of the above points, Pampa most noticeably is deficient in 8 and 9. Parks will be developed soon, however, beginning with the one below the Cook-Adams addition. The \$20,000 recently voted to start a park and playground system shows the interest already developed. The park-minded city, moreover, is eager to have beautiful lawns and streets as well. And by the way, have you noticed the great increase in number of flowers this season? The new homes are losing the just-finished appearance and looking well kept.

A proper building code is greatly needed here, but this is a question that cannot be settled in a week or a month. A city planning commission should be appointed to study the problem and work out a suggestive ordinance. The saving in insurance premiums and the more orderly growth insured under the plan more than justify such an appointment. The present city commission is understood to be studying the personnel for such a group for Pampa.

Sunday's issue of the Tulsa Tribune carried a story telling how Blackwell, Okla., fitted the above description of a good city. Blackwell is a city of about 13,000 in a prosperous wheat-oil section of Northern Oklahoma. The city went through heavy oil development in the Blackwell, Braman, Tonkawa, Three Sands area, and when flush production was over maintained her size and most of her assets. She has a refinery, a glass factory, and a zinc smelter. But today her chief asset is the fine farming country about her, which supports a population of 100,000 within a radius of 60 miles.

Blackwell is known to the writer, a former resident there, as an admirable city in every sense. There is little evidence

of the problem. The country seems to be flooded with seers, each with his pet panacea for the ills of society.

As a matter of fact, our laws and administration of justice are so embroiled in red tape and technicalities that nobody knows "what it is all about." Every year thousands of new statutes go on the books; every year the criminal seems to grow more successful and safe. Our records handling crime improves in inverse ratio to our burden of laws.

We need simpler and better laws. We need less technical jurisprudence and more common sense. And we need such an organization as the Illinois Association advocates which can bring a scientific knowledge and viewpoint to the war against the underworld. Otherwise, we must be as we are at present—a voice crying in the wilderness.—Memphis Democrat.

Blackwell is unique in that she has no city taxes. Her public properties, which include municipal water and light plants, last year had an income of \$193,664.28 compared with operating expenses of only \$48,695.71. She has not lowered water and light rates greatly below the level of other towns, but has chosen rather to turn the profits into the general fund and to eliminate city taxes. Absence of taxes is a tremendous civic talking point, although the distribution of municipal expense is not, under this plan, according to the value of property owned. Some of the largest property holders pay no more for the water they use than do ordinary householders, all using the same. But since water rates are as low or lower than other nearby towns enjoy, this is no serious complaint.

There is considerable discussion of public ownership here. Many factors are involved. The franchises under which local utility companies are operating are so liberal that purchase would be costly, even if possible. The public ultimately pays for duplication of plants under competition, for state corporation commissions invariably permit utilities to realize profits up to 8 percent. Municipal ownership is about the only weapon that cities have in case rates are too high, as they are to an extent in Pampa now, and while it is a dangerous weapon of last resort, it is something to think about.

An Intelligent Suggestion for Crime

The Illinois Association for Criminal Justice believes the effort to prevent crime by sporadic crusades for law enforcement will not bear any lasting results.

The association recommends that a research and statistical organization be formed which would act both as a fact-finding body and a yardstick for measuring the efficiency of our agencies of law enforcement.

This is good advice. Too many crime reformers have gone off at half-cock, and have only added to the complexity

of the problem. The country seems to be flooded with seers, each with his pet panacea for the ills of society.

As a matter of fact, our laws and administration of justice are so embroiled in red tape and technicalities that nobody knows "what it is all about." Every year thousands of new statutes go on the books; every year the criminal seems to grow more successful and safe. Our records handling crime improves in inverse ratio to our burden of laws.

We need simpler and better laws. We need less technical jurisprudence and more common sense. And we need such an organization as the Illinois Association advocates which can bring a scientific knowledge and viewpoint to the war against the underworld. Otherwise, we must be as we are at present—a voice crying in the wilderness.—Memphis Democrat.

TWINKLES

When winter comes, maybe more people will be impelled to think of Dick Byrd, way down in the icy country where he has been almost as long as some people remember.

It is probably apropos of nothing, but Mr. Edison has never had time to learn bridge.

Sweeping of streets is a popular way to work out fines in an Illinois town. Maybe that is one way to make county prisoners earn their \$1,700 per month board bill, and to make Pampa a cleaner town. Then this word clean-up would have a new relation to crime.

It is predicted that cars will be traveling 150 miles per hour by 1950. Well, if we are going to move that fast, we believe we will take up aviation and be done with it.

Shop talk should not be tolerated, especially if wife is talking about her job.

The Pampa bachelors' club president has given up his job and, figuratively speaking, taken to the tall timber. Truly, Daily News advertising gets results.

We have probably spoken too much about our newly adopted golf. The Borger Herald bunch has officially challenged us to a tournament, and we fear to go over there without protection of the National Guard, considering some of the cracks we have made about Hutchinson county.

Who remembers to use the good word scofflaw, which won a prize and much favor a few years ago? Maybe it wasn't bad enough.

Army Band Will Play at Amarillo Next October 28

Local music lovers are looking forward with eagerness to the two appearances in Amarillo October 28 of the U. S. Military band in the municipal auditorium there. This will be the first offering in the winter program of the Amarillo College of Music.

Band history has been made by the U. S. Army band under the leadership of Captain Stannard. His band has broadcast more times and to more millions of people than any other military band. It has been the official band for numerous diplomatic and state functions in the U. S. capital. It led the Lindbergh homecoming celebration, the Coolidge and Hoover inaugural parades, the defense day parade, and the funeral procession of the late President Harding.

The army band recently attended the Ibero-American exposition at Seville, Spain, as the official music representative of the United States government. The soul-stirring marches, dreamy waltzes, and compelling overtures of the masters as played by the band have thrilled chiefs of states as well as radio shut-ins. There are 52 men in the organization as it will appear in Amarillo.

An afternoon performance will be given over largely to school children and students at nominal prices. Seats will be reserved for the night program.

Oil Production in United States Greatly Boosted

TULSA, Okla., Oct. 22. (P)—With production temporarily lifted in that area, daily average production of crude oil in the Oklahoma City flush pool leaped ahead approximately 75,000 barrels during the week ending October 19, while the daily average production of all pools of the United States gained approximately 8,271 barrels.

The estimated average daily production for the entire country during the week was 2,909,255 barrels as compared to 2,830,984 for the preceding week. The increase marked the halt of a downward trend marked throughout the past month, according to the Oil and Gas Journal.

The Santa Fe Springs uncertain deep drilling area in California moved to the front again to boost that state's production in light oil by 5,500 barrels. The light oil increase for the Pacific coast was 6,500 barrels. Heavy oil in the area dropped 4,000 barrels.

Under the Oklahoma City forward surge and despite general declines in other areas, the state of Oklahoma totaled a 58,015 barrel increase for the past week. West Texas gained approximately 6,000 barrels. The Mid-Continent area gained 62,446 barrels in light oil and remained virtually constant in heavy oil.

The Gulf Coast area heavy oil surged ahead 16,099 barrels in its daily average. Southwest Texas declined slightly. The increase in light oil for the entire country was 68,436 barrels.

Kansas production was 111,415 as compared to 112,070 for the previous week.

Soviet Plane Takes Off
OAKLAND, Calif., Oct. 22. (P)—The Russian monoplane "Land of the Soviets" took off here at 5:50 o'clock this morning for Cheyenne, the next scheduled stop on its flight from Moscow to New York.

Social Calendar

TUESDAY
El Progresso club will meet at 2:30 o'clock in the home of Mrs. George Walstad.

The Twentieth Century club will meet at 2:40 o'clock in the home of Mrs. R. C. Campbell.

WEDNESDAY
The Lafolot bridge club will meet in the home of Mr. and Mrs. H. W. Johns at 8 o'clock.

An all-day meeting of the Baptist W. M. U. will be held at the church.

The Altar society of the Holy Souls church will convene promptly at 2:30 at the home of Mrs. A. B. Zahn, 822 North Somerville.

The Methodist Women's society will meet at the church at 3 o'clock for the study of a mission lesson.

The Women's auxiliary of the Presbyterian church will hold an all-day meeting at the church, to complete quilts for the Northwest Texas Children's home at Amarillo. The work will start at 10 o'clock, and a covered dish luncheon will be served at 12 o'clock.

THURSDAY
The Friendship class of the Methodist Sunday school will hold a social meeting in the class room, beginning at 3 o'clock. Each member will bring sewing for the forthcoming bazaar.

A Halloween party for the Intermediate department of the Baptist church and Sunday school will be held in the church basement at 7:30 o'clock. All young people of the church, between the ages of 13 and 16 years, are cordially invited to be present.

The Pampa branch of the A. A. U. W. and College club will give a dance at the Schneider hotel, benefitting its scholarship fund. Joe Norman's orchestra will play, and dancing will begin at 9 o'clock.

FRIDAY
The Mother's Primary school club will meet at 10 o'clock in the women's parlor of the Methodist church, for the transaction of business relating to the school.

The Child Study club will meet in the home of Mrs. J. M. Turner, 515 S. 1st street, at 2:30 o'clock.

A Halloween party will be given in the basement of the Baptist church for all young people of the Senior department, 17 years of age or older, beginning at 7:30 o'clock.

The Halcyon bridge club will meet in the home of Mr. and Mrs. E. B. Gøber at 8 o'clock.

A regular meeting of the Women's auxiliary of the Carpenters' union will be held at 7:30 o'clock in the home of Mrs. L. A. Barber. All members are urged to attend.

SATURDAY
A cooked food sale will be held by the Altar society of Holy Souls Catholic church at Piggly Wiggly store, No. 1.

Changes in P.-T. A. Schedule Proposed Subject to Vote

Presidents of the six Parent-Teacher associations of the city and a committee from the primary department of the school, headed by Mrs. J. L. Lester, primary supervisor, yesterday planned a change in the meeting dates of three associations, subject to the approval of the members.

The tentative change in the meeting schedule was made at the request of Supt. R. B. Fisher and Mrs. Lester after Mrs. Lester had explained the difficulty of holding the necessary and required faculty meetings of her department without interfering with some one of the P.-T.-A. meetings. She and Mr. Fisher suggested that, since three associations already had Thursday as their meeting day, the other three select a Thursday also. In the event the proposal was accepted, Mrs. Lester said, the primary teachers would never be called to faculty meetings on any Thursday in the month, but would be free to carry on their work with the P.-T.-A.

The changes to be proposed to the Parent-Teacher associations at their next meeting will be for the following arrangements: Junior high, first Thursday; Lamar, third Thursday; Baker, third Thursday. The High School P.-T.-A., as well as the East and West Ward associations, which already have their monthly meetings on Thursday, would retain their regular times, it was said.

Gas System Improved
Announcement by the Central States Power and Light company that a change in the ledger system has been effected to make possible more rapid service has been announced.

According to J. W. Garman, Jr., district manager, its advantages over the old system will be as once apparent. The new plan will go into effect November 1.

SON TO HASSELLS
A son was born this morning to Mr. and Mrs. G. R. Hassell at McKeen & Connor hospital.

Mrs. Ivy Duncan Hostess at Pretty Week-end Affair

Mrs. Ivy E. Duncan entertained Saturday afternoon at her lovely new home in Cook-Adams addition, with one of the most delightful of the week-end events. The Halloween motif, together with the yellow, orange, and black color scheme of the season, was used with distinctive effect in appointment for five bridge tables. Bright-hued autumn flowers lent their color to the background.

Mrs. Robert Gilchrist made high score, while Miss Josephine Thomas did low. Each received a favor, as did Miss Marieta Williams, who made top cut. A dainty refreshment course was served at the tea hour.

Guests, other than those named, were as follows: Mrs. Frank Elliott, Mrs. John Wood, Mrs. Ray Wilson, Mrs. O. K. Gaylor, Mrs. Paul D. Hill, Mrs. Homer Kees, Mrs. S. A. Burns, Mrs. R. E. Kinser, Mrs. James Todd, Jr., Mrs. R. D. Morris, Mrs. A. Duennkel, Mrs. Lee Ledrick, Mrs. W. W. Wilson, Mrs. Harry Marbaugh, Mrs. J. L. Lester, Mrs. Ivan Kullmann, Mrs. C. Herbert Walker, and Miss Iva June Willis.

Mrs. W. J. Smith and Mrs. Hal Peck Give Club Program

Willis Cather's "My Antonia" was studied by members of the A. A. U. W. and College Study club, and a brief review of the author's other novels was given in discussions at the semi-monthly meeting yesterday afternoon in the Methodist church parlor.

Mrs. W. J. Smith, program leader, gave a biographical sketch, followed by a discourse on Miss Cather's outstanding works, her style, and powers of description. The pervading picture of pioneering America, with its shifting scene and locale, she said, afforded the writer the perfect background for the development of her characters, with ample opportunity for varied plot.

Mrs. Hal Peck gave a synopsis of "My Antonia," together with a critical study of the work. The program was the third of a series in contemporary American literature, outlined by the extension department of the University of North Carolina.

During the business session, at which Mrs. W. T. Fraser presided, the members voted to hold an open meeting at some time during the year.

Lots of Action Is Promised Here Friday in Pla-Mor's Next Program

Local boxing and wrestling fans will be able to see plenty of both Friday night in the best mixed card J. J. Denebeim has promoted at the Pla-Mor. The mat and glove menu contains three events of which any one might feature a night's entertainment. However, if there is a feature it will be a 10-round battle between Pampa's Luther Platter, weight, 182, and Borgers Red Matock, weight 195.

Borgers promoters have been trying all summer to get these boys together and were just about ready to present them in what promised to be a terrible encounter but martial law came along and the promoters got weakness thinking they'd be arrested for causing so much blood to be shed, according to word from Borgers. The way the two men hate each other will likely scare away many of those who don't like to see a bloody battle.

The second feature of the big triple main event will be a grappling contest between Leo Chase and Kid Williams who calls himself "the hardboiled boy from Dallas." Those who saw the Kid stall around 30 minutes before he threw Stringer last night are wondering what he's got packed in "them ther hills and valleys of his'n"—if anything, Chase will step onto the mat weighing 165 pounds while the Kid will tip the scales at 175.

One of the best sights on the program will be a 4-round mixed bout between Kid Knight and the Tulsa Flash. The latter figured in a mixed bout at the Pla-Mor two weeks ago and spectators found the boxing-wrestling spectacle absorbing. Some are expecting a knockout Friday night in this event. Knight weighs 140 and the Flash 143.

It's been quite a while since Pampans have had the opportunity of seeing men of Jack Johnson's race lam and slam and knockout each other at the Pla-Mor but Friday night two negroes who have been sore at each other for six months, Dog-Face Ed and Edie Powder will try to kill each other in four rounds. Dog-Face weighs 148 and Powder 145.

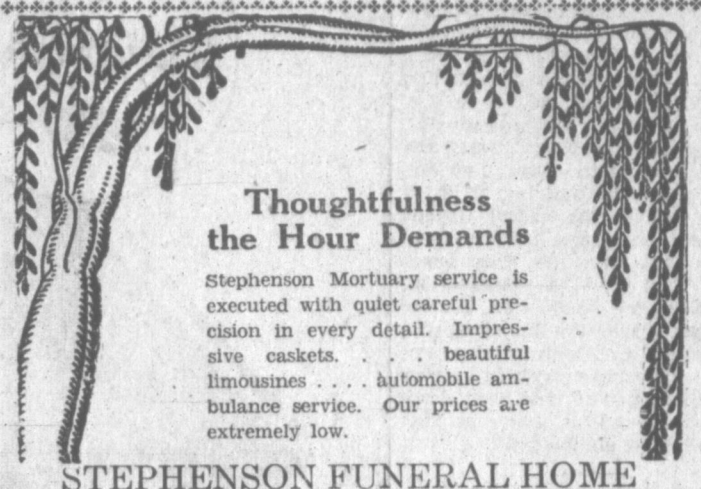

Besides these four main goes, there'll be some juvenile preliminaries, music and other features that Doc Denebeim has up his sleeve.

Five Hurt When Five Cars Crash

DALLAS, Oct. 22. (AP)—Although five automobiles figured in a crash on the Dallas-Fort Worth pike near here yesterday, only five people were injured.

The accident is said to have occurred in heavy fast traffic, when one car tried to pass another and met a third coming from the opposite direction. Before traffic could stop, five cars had hit, or had been hit.

Mrs. O. L. Slaton, wife of a Lubbock banker, was critically hurt. She was brought to a Dallas hospital suffering internal injuries. Her daughter Ruth sustained a broken pelvis, and her condition was critical. Mrs. Slaton's son, O. L. Slaton, Jr., received minor injuries, as did Mrs. Ivy Elliott of Dallas and a negro woman of Fort Worth.

Thoughtfulness the Hour Demands

GREAT STARS SHINE IN EARLY SEASON TILTS

By GAYLE TALBOT, JR.
Associated Press Sports Writer

A new variety of pigskin specialist—a pass interceptor—was employed with telling effect by Coach Francis Schmidt of the Texas Christian Horned Frogs in Saturday's ruckus at Fort Worth. With about a minute to play the Aggies cut loose with a passing attack that had the Frogs groggy and threatened to tie the score. Two long heaves carried the oval into T. C. U. territory, and it was evident Captain Mills of the Aggies was going to throw another. Out from the Frog bench sprinted Paul Snow, a substitute for the dynamic, but badly worn, Howard Grubbs. He didn't stay there long, just one play, but he probably saved a gaze Mill's next peg came down in a group of scrambling players, and Snow, leaping high took it on his finger tips. That done, he trotted off the field.

Accounts of Saturday's three games would indicate the all-conference pickers will not have much difficulty in filling several berths on the mythical eleven. Dexter Shelley, Texas halfback practically assured himself a place by his brilliant performance against the Oklahoma Sooners. Another member of the same team, Captain Gordy Brown played such a superb tackle against the Sooners as to leave little doubt in its victory over the Aggies advanced two candidates who scarcely can be overlooked. They were Howard Grubbs, quarterback, and Brumbelow, guard. Both are outstanding stars. Jake Wilson, Baylor's sterling field general, was almost the whole show in the Bear's victory over Arkansas. Bochey Koch, the Bruins' all-conference guard of last year, gave a smashing performance as warning he intends to repeat. The two outstanding ends for the day were Schoonover, Arkansas' six-foot-two pass snatcher, and "Big One" Rose of the Longhorns. Those who witnessed the Arkansas-Baylor duel declare Schoonover ranks with the best wingmen in conference history.

In picking an all-conference quarterback this year the critics will be faced with much the same problem as two seasons ago, when Jerry Mann and Joel Hunt commanded the spotlight. This year it looks as they will have to choose between another pair of brilliant performers, Grubbs and Wilson. It is possible another compromise will be effected, as in the Hunt-Mann case, placing one of the other at halfback. There are many who believe Nona Reese, the Longhorns' pilot, ranks along with Grubbs and Wilson.

It would be difficult to convince the Horned Frogs there is nothing in a color scheme. The "purple" eleven has worn white jerseys in its last seven games and has won that many victories. After abandoning their old jerseys in the middle of last season, the Frogs defeated the Aggies, Rice, and S. M. U. and have won their first four starts this year. The Christians will continue to wear white until they are defeated.

MIAMI TEAM COMING FRIDAY NOT SO WEAK

A rapidly developing Miami eleven will come to Pampa Friday intent upon toppling the Harvesters from their high position in this territory. It will be the first Interscholastic League scheduled game for the locals.

Miami's strength is shown by the fact that she held the powerful Perryton eleven to a score of 26-0, while Follett, chief rival of Perryton in the upper area, lost to the Ochiltree county boys 51-0. Granting for the doping the claim of Perryton that her team is two or three touchdowns better than the Harvesters, it may be seen that Miami has a chance, even though a small one, to outkick the Pampa team.

Miami was in bad form and minus several of her stars last week when she tied Wheeler, but her talent will be 100 per cent ready next Friday. Miami has defeated White Deer, Canadian, and Spearman, according to reports received here. Of last year's Roberts county squad, it is said that only Duncan, sensational fullback, is missing.

The game here will begin Friday afternoon at 3:30 o'clock. The Green Jackets and other students are planning to make it a gala occasion.

One week later the Harvesters will play Wheeler, and if unbeaten by that team will be slated to meet their old rivals at Perryton November 11. All reports from across the river point to a terrific game, in which neither team will admit defeat until the final gun. All other games are mere preliminaries to this "The game of the season." Not even the district final is likely to attract more interest.

PANHANDLE MANAGER HERE

Mr. and Mrs. F. J. Harper and two children of Panhandle were guests of Mr. and Mrs. Roy Wiley Saturday night and Sunday. Mr. Harper is city manager of Panhandle.

ACE RENEWS DRIVE FOR MICKEY'S TITLE; BOUT SET FOR LOS ANGELES, OCTOBER 29

The wildcat of the ring—Ace Hudkins of Nebraska—is back on the trail of Mickey Walker, the middleweight champion. They will fight it out for the crown on the coast, the scene of their first battle 18 months ago.

By Paul B. Zimmerman
(Associated Press Sports Writer)

LOS ANGELES (AP)—The long road as a title contender from the lightweight division to the middleweight class, which Ace Hudkins has left strewn with the blasted hopes of would-be champions, has carried the Wildcat from the Nebraska plains to his second fight for Mickey Walker's crown.

It was a year ago last summer that Hudkins stood toe-to-toe with the slugging Jersey battler, trading his best efforts for what Walker could deliver in defense of his honors, and lost a decision. At Wrigley field on the night of October 29 he hopes to attain his objective.

Since the night in New York when he knocked out Ruby Goldstein, lightweight, and virtually thrust the pride of the East Side into oblivion, Hudkins has been camping on the trail of champions. Until the Walker bout he was forced to be content with warding off advances of other con-

tenders.

Following the defeat at Chicago, the Nebraskan has been a busy scrapper. His technical knockout victory over the stout-hearted Kentuckian, Joe Anderson, resulted in the immediate signing of papers for a return match with Walker.

Most significant of his other bouts was the decided defeat handed Armand Emanuel in a venture into the light heavyweight division, after the fighting barrister from San Francisco had dropped a close decision to Tommy Loughran, then the champion.

Hudkins boasts that in his career, no fighter has emerged from a return bout with victory over him. He points to Sammy Baker and Joe Anderson as examples of scrappers who paid dearly for previous fights which earned for them the nod over the Wildcat.

Walker will be no exception, says the Ace.

Harvester

A regular place in the Harvester line-up this season has been won by big John Pafford, 200 pound guard who is fast and aggressive for his build. He comes from Claude, and is a sophomore at Central high.

Waggoners Just Will Have Races

FORT WORTH, Oct. 22. (P)—W. T. Waggoner and his sons, who like to see the Bangtails run so well they are building a modern racing plant at Arlington Downs with their own money, so that a race meeting may be held there this fall, were to be honored today by approximately 1,000 business men of Fort Worth and Dallas.

Several exhibition races were to be run while the business men enjoyed a barbecue dinner in the grandstand of the track, on the Three D stock farm.

Thin paper, and semi-transparent paper with unglazed surface, is compelled by Greek law to contain sulphur powder to prevent being cut up for use as cigarette paper.

PAMPA, TEXAS

EAST TO SEE BITTER RIVALS ON SATURDAY

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Oct. 22. (P)—A half dozen inter-sectional games provide the sauce for the East's football feast on Saturday, but traditional rivalries furnish the real backbone of the menu.

On a day when such games as Army-Yale, Dartmouth-Harvard, Mt. Holyoke-Frinceton, and Syracuse-Brown are available to tempt Mr. John Football fan, only the Carnegie Tech-Notre Dame fray, among inter-sectional battles, can offer much competition.

Carnegie Tech can boast of two successive victories over Knute Rockne's ramblers from South Bend, but it appears three in a row is a bit too much to expect. Carnegie, without Howard Harper calling the plays, does not loom so formidable as the aggregation that crushed Notre Dame, 27 to 7, last fall. And Rockne's team, with Cariden, Elder, Brill and others, is much improved over last year.

Other inter-sectional games bring together New York university and Butler of Indianapolis; Marquette of Milwaukee and Holy Cross; Duke and Villanova; Kenyon of Ohio and Haverford, all in the East, and West Virginia and the Oklahoma Aggies at Stillwater, Okla.

None of these, however, can hope to divert much attention from the big domestic spectacles. Army's tie game with Harvard last week served only to conform what previously had been something more than a slight suspicion—namely that to beat the Cadets one must stop Cagle. There seems to exist considerable doubt whether Yale can do either.

Dartmouth, with Marsters running wild, looked invincible against Columbia, but it remains to be seen whether even "Special Delivery Al" can get past a fine Harvard line.

Beaten by Brown and Cornell on successive Saturdays, Princeton hopes

to get going at the expense of Navy, but these same hopes seem to lack any logical foundation. Navy has been beaten only by Notre Dame and revealed a powerful offensive against Duke.

Syracuse, highest scoring team in the country, will be favored over Brown, although the Bruins have showed they are not to be taken lightly despite an early defeat by Springfield and another beating by Yale.

Penn State expects all sorts of trouble from Lafayette, although Herb McCracken's Leopards are not nearly so dangerous as they were a couple of seasons back. Two undefeated teams, Davis and Elkins and Fordham are to meet at the Polo Grounds and another, Williams, probably will suffer its first reverse at the hands of Columbia.

CARSON ATTORNEY HERE

Mr. and Mrs. Frank Murray of Pampa, handle the guests of Mr. and Mrs. S. G. Surratt Sunday. Mr. Murray is county attorney of Carson county.

Golf Course Is Being Improved at Ashton's Direction

Ash Ashton, noted California professional and trick artist extraordinary, has been employed by the Pampa Country club to put the golf course in best possible condition.

Mr. Ashton plans to throw up some bunkers and possibly to change the fairways somewhat. He is already at work in planning the improvements. His salary during his stay has been underwritten by fifteen members of the club.

In addition to this work, Mr. Ashton is available as an instructor, and has announced reduced rates to club members who wish to improve their games. He is planning special golfing events for the near future.

COOKING SCHOOL ECHOES

Two new double-quick cookies

Grandmother's Sugar Cookies

(Mixing time: 7 minutes)

Remember when you used to slip down the back dollar steps and "swipe" cookies like these from Grandmother's big cookie jar? She had to store them in the cellar to keep them soft and fresh. You can keep them handy anywhere because nowadays they're made with Crisco, a pure, sweet shortening which helps to make them fine flavored and moist—and keeps them so to the very last cookie.

1 cup Crisco 1/4 cup thick, sour milk
1 1/2 cups sugar 1/2 teaspoon soda
2 eggs, beaten 3 cups flour
1 teaspoon salt
(1/2 cup sugar and 1 teaspoon nutmeg)

Blend Crisco and sugar, add beaten eggs. Add sour milk with soda dissolved in it and stir in flour sifted with salt. Don't roll dough—drop by spoonfuls on Criscoed pan. Sprinkle with mixture of sugar and nutmeg. Bake in moderate oven (350° F.) for 10 minutes. This makes 30 luscious cookies.

Soft Molasses Cookies

(Mixing time: 10 minutes)

A letter from a man in Ohio tells us that Crisco cookies were left all winter in a summer camp and when found this spring were "amazingly" fresh and sweet. There is something amazing about Crisco's pure sweet flavor and the way it lends its flavor and fresh keeping quality to foods.

1 cup Crisco 2 teaspoons cinnamon
1 cup brown sugar 1/2 teaspoon soda
2 eggs well beaten 1 cup hot coffee
1 cup molasses 1 teaspoon vinegar
4 cups flour 1 teaspoon salt
2 teaspoons ginger 3 teaspoons baking powder

Blend sugar and Crisco, add well beaten eggs, molasses, spices and soda mixed with hot coffee. Then add vinegar and beat in the flour sifted with salt and baking powder. Stir well and drop from end of spoon onto Criscoed cookie sheet. Flatten with spatula dipped in water and bake in moderate oven (350° F.) for 10 minutes. This recipe makes about 65 cookies.

Taste Crisco's sweet, fresh flavor

YOU taste milk. You test eggs. Now taste Crisco—then any other shortening. Then you'll understand why Crisco's own sweet, fresh flavor so improves the taste of your cakes, pies, hot breads, cookies and fried foods.

These recipes have been tested and approved by cooking authorities. You will get best results by using level measurements and the ingredients specified.

CRISCO was used in the Cooking School conducted by this paper last week.

Mrs. Leona Rusk Thrig, in the News Cooking School, made a point of modern methods in cooking. Naturally, then, she used Crisco, the modern shortening. Not only is Crisco easy to use; in addition, it helps secure better, surer results.

Crisco is the registered trade-mark of a shortening manufactured by The Procter & Gamble Co.

NOTICE OF EXECUTION SALE

STATE OF TEXAS COUNTY OF GRAY By virtue of an execution issued out of the 108th District Court of Potter County, Texas, on a judgment rendered in said court on the 20th day of August, A. D., 1929, in favor of Walter D. Caldwell and against Erwin C. Ochener, Trustee, Bayshore Petroleum company, Fox Rig & Lumber company and A. R. Anderson, in the case of Walter D. Caldwell vs Erwin C. Ochener, Trustee, Bayshore Petroleum company, Fox Rig & Lumber company and A. R. Anderson, No. 7327, in such Court I did, on the 8th day of October, A. D., 1929, at 9 o'clock a. m., levy upon the following described oil and gas leasehold estate and property appurtenant thereto situate in the County of Gray and State of Texas, as the property of the said Bayshore Petroleum company, to-wit: Oil and gas leasehold estate covering N 1/2 of NE 1/4 and E 1/2 of NE 1/4 of the NW 1/4 of section 148, containing 100 acres, more or less, and the SW 1/4 of E 1/2 of section 149, all in Block B-2, H&TC Survey, Gray County, Texas; also all oil, gas and/or casinghead gas and drip gasoline upon said premises; also all machinery, equipment and personal property belonging to Bayshore Petroleum company located upon the said lease hold estate, and used, or to be used, in the development and operation thereof, whether the same be classified as fixtures or not, and all pipe line easements, etc., belonging to the said Bayshore Petroleum Company as appurtenant to said leasehold estate; and to be used in the development and operation thereof. An on the 6th day of November, A. D., 1929, being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction to the highest bidder all the right, title and interest of said Bayshore Petroleum company, Erwin C. Ochener, Trustee, Fox Rig & Lumber company and A. R. Anderson in and to said property and oil and gas leasehold estate. DATED AT PAMPA, TEXAS, this 8th day of October, 1929. E. S. GRAVES Sheriff, Gray County, Texas C. E. PIPES, Deputy. 8-15-29-29 Oct. 34

Costly Jewels Stolen

CHICAGO, Oct. 22. (AP)—The disappearance of jewels valued at \$57,500 was under investigation today. A \$17,500 pearl necklace belonging to Mrs. Edward L. Everson of Lake Forest disappeared from a delivery truck in which it was being taken to Mrs. Ryerson from a loop jewelry store where it had been restring. Louis N. Rose, jewelry salesman, reported the loss of jewels valued at \$40,000. They were taken from him, he said, by two men as he was riding in a streetcar yesterday. The robbers pressed guns against him and compelled him to hand over the sample cases in which the jewels were kept.

Grand Jury Is to Probe Charges Made in Letters

That Miss Beulah Allred upon her return Thursday from East Texas will be summoned to appear before the grand jury to substantiate accusations made against local officers in letters mailed by her Saturday, was indicated yesterday afternoon when a deputy sheriff called at the hotel of which Miss Allred is proprietor to summon her to appear before the inquisitorial body. The deputy was sent by the grand jury, it is understood. It was not known by the grand jury until yesterday afternoon that Miss Allred had left town for five days.

Mrs. H. H. Hicks, who underwent a major operation yesterday morning at the Dallas Medical and Surgical clinic, this morning was resting satisfactorily, according to the message received by Dr. Hicks. Her condition was not considered serious.

Color Film Gets Great Ovation in Showing at Rex

The most amazing and gorgeous of all natural color films, "Gold Diggers of Broadway," a Vitaphone singing, talking and dancing picture produced by Warner Bros. from David Belasco's production of Avery Hopwood's greatest stage success, had its first presentation at the Rex theatre Sunday before an audience that applauded it with wild enthusiasm.

The color process used is technicolor in its newest development, the same that Warner Bros. used in "On With the Show." The many colors and tints thrown upon the screen with absolute fidelity to nature, when it comes to the chorus numbers in the show, within-a-show scenes the riot of colors is absolutely gorgeous.

The story lives up to the treatment accorded it. As "The Gold Diggers" in its stage presentation, is scored one of the biggest hits in David Belasco's long life as a theatrical producer. As a motion picture, entirely in color, it will have a success immeasurably greater than its stage success, judging from the rapture of every audience.

The picture will be shown today and tomorrow, having been booked for four days.

Chicago Grain
CHICAGO, Oct. 22. (AP)—Wheat: No. 3 hard 1.21; No. 2 mixed 1.22 1-2. Corn: No. 1 mixed 94; No. 3 yellow 93. Oats: No. 2 white 47 3-4.

Wheat Price Lower

CHICAGO, Oct. 22. (AP)—Owing to unexpected weakness at Liverpool, wheat here averaged lower early today.

Opening at 1-4c off to 1-8c up, Chicago wheat later underwent a general sag, but afterward rallied. Corn and oats tended upward. With corn starting unchanged to 1-2c higher and subsequently rising all around. Provisions were easy.

Cotton Is Higher

NEW ORLEANS, Oct. 22. (AP)—The farm board's statement that cotton prices were too low and its proposal to lend to cotton cooperatives for the orderly marketing of the crop influenced a higher opening in the local cotton market today. Initial trades showed advances of from \$1 to \$1.50 a bale. Active trade buying and covering stimulated by the board's announcement accounted for the rise in values. Although the market receded a few points towards the end of the first hour the undertone continued firm.

KANSAS CITY, Oct. 22. (AP)—(U. S. D. A.)—Hogs: 9,000; weak to 10c lower; top \$9.45 on 200-250 lbs; packing sows 7.25 to 8.35.

Cattle: 11,600; calves: 2,000; choice yearlings and she stock fully steady; other classes slow; slaughter steers, good and choice 11.00-13.00 lbs 11.75 to 15.50; 950-1100 lbs 12.25 to 16.00; fed yearlings 12.50 to 16.00; heifers 11.50

Planning Methodist Conference Here

J. M. Dodson is chairman of the program committee and Mrs. W. Purviance is chairman of the housing committee for the big Methodist conference which will convene here November 13-18. The program will be ready in about a week. Mrs. Purviance and her committee need 125 more accommodations in private homes for the delegates, and these will, it is hoped, be promised this week.

to 15.00; cows 7.75 to 10.00; vealers 8.00 to 13.00; stocker and feeder steers 9.50 to 12.25. Sheep: 9,000; 10 to 15c higher; lambs 11.50 to 12.50; ewes 4.25 to 5.50; feeder lambs 12.25.

Executive Board to Meet Sunday

Mrs. Grace Higgins, president of the Business and Professional Women's club, announced today that a meeting of the board of directors of the club, previously scheduled for this evening at the B. C. D. auditorium, had been postponed until Sunday afternoon, when the board will convene at her home, 608 East Francis avenue. She urged that all board members be present at 3 o'clock, inasmuch as important project plans would be formulated at that hour.

The Cow is off the Track!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

Railroads have safely passed those danger signals of prejudice which caused folks to look upon them with fear. Holding aloft the semaphore of progress AMERICAN INTELLIGENCE cleared the track and, today, millions travel in ease and security.

"toasting did it"—
Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation - No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.
© 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.
