UNITED STATES IN WINTER'S GRIP

Cold Spell Is Moving to South Texas Region

FAIRBANKS, Alaska, Jan. 8. (AP)—With relatively low temperatures accompanied by snow and wind prevailing throughout the north, search for the aviators lost in the Arctic was held at a standstill again today.

Dull, snow laden skies here and at Nulato forestalled any attempt to send planes into the air to search for Captain Pat Reid and his companions, Mechanics William Hughes and James Hutchinson, missing between Nulato and Norton bay since Saturday when they attempted to fly from here to Nome. The three were on their way to join the hunt for Carl Ben Eielson and Earl Borland, who have been missing for two months.

Word received at Nome last night from North Cape, Siberia, where the fur trading ship Namuk is loeked in the ice, revealed weather there prevented any scouting for Eielson and Borland, lost November 9 while attempting to reach the ship.

(By the Associated Press) Ice gripped North Texas today as (See WEATHER, page 6.)

Small Audience Hears Vochestral Party Program

An exceptionally interesting program was given by the vochestral party at Central high school last evening, before a very small audience.

The third program in the lyceum course arranged under the auspices of the high school year-book staff, the number was considered by some who heard it the best of the series.

Selections played by Patti Ray-Thornburg on the Italian harp were particularly pleasing. Saxophone numbers and bird warbles by A. A. Thornburg also were enjoyed.

Among several tableaux the outstanding one was a representation of a pilgrimage to Jerusalem, staged in striking costume, against the background of "Holy City," sung by Beluah Frazier-Crick, contralto.

The remaining two programs of the lyceum course are scheduled for Jan. 30 and Feb. 24. The first probably will be given in the afternoon, if arrangements can be made. Supt. Fisher said this morning. The number will consist of tricks by two well-known magicians; hence the matinee showing for the benefit of younger students.

Mr. and Mrs. J. L. Noel left yesterday morning on a business trip to Melrose, N. M.

Man Found Dead Is Unidentified

GREENVILLE, Ill., Jan. 8. (AP)—The body of an unidentified red haired man was found yesterday in a stolen automobile parked on a road near Mulberry Grove.

There was a bullet wound in the temple. No weapon was found. A coroner's jury returned a verdict of homicide at the hands of parties unknown.

His tie carried the label of an Amarillo, Texas, store, and on one finger was a ring with the monogram "W. P. H. S." Clerks of the Amarillo store said they did not recall the youth and suggested the tie might have been included in loot from the store during a pre-holiday robbery.

The youth appeared to be about 18 or 20 years old, was five feet five inches tall and weighed 125 pounds to 130 pounds. He wore a sheepskin coat and dark trousers.

Small Cottage Destroyed Today

Fire which scattered to all parts of the room when a gas stove exploded about 7:30 o'clock this morning, gutted a small cottage at the rear of T. V. Lane's residence at 320 North Somerville.

One of the house was occupied by negroes. One of whom said that the fire spread so quickly she had no time to save any of their personal belongings. The blaze was extinguished in five minutes after the arrival of the fire department.

CHICAGO, Jan. 8. (AP)—Mrs. Edith Wilmans Born, once a candidate for the Democratic gubernatorial nomination in Texas, today asked \$500 monthly alimony pending settlement of her suit for separate maintenance against Henry Born, president of the Born Refrigerating company, whom she married last February 26.

Mrs. Born formerly lived at Dallas. Mrs. Born, 47, and mother of three daughters by a former marriage, was a member of the Texas legislature from 1923 to 1924, her attorneys said. She was named special justice of the Texas supreme court in 1925, and a year later sought the Democratic nomination for governor, opposing Mrs. Mariani Ferguson and Dan Moody, present governor. Again in 1928, she sought the nomination unsuccessfully, attorneys said.

Judge Joseph Sabath referred the case to a mastery in chancery who will hear the evidence.

Mrs. Born, a grandmother, married Born after three years' courtship through correspondence, attorneys told the court.

Mexico Says No Request to Open Consulate Made

AUSTIN, Jan. 8. (AP)—Governor Dan Moody today read to J. P. Cotton, assistant secretary of the state department, over the telephone press dispatches quoting the Mexican foreign office to the effect the United States had not requested the opening of the Mexican consulate at Laredo.

Governor Moody would not divulge Secretary Cotton's reply, other than to say Cotton had asked him "to wait another day."

'CRIME WAVE' INNOCENT, HE STILL CLAIMS

Conviction Resulted at Murder Trial in Dallas

STUDENT SLAIN IN STRUGGLE

Drug Store Hold-Up by Him Drew 99 Years

DALLAS, Jan. 8. (AP)—Roused from his slumbers to be told a court decision had brought death a step nearer, William "Dagger" Pruitt, convicted of murder, received the news calmly at the county jail today.

Along "death row" the prisoners sleep late, and the corridor was still bedded in when the decision was received. Dewey Hunt, another condemned man whose sentence was recently reversed, first stuck his head out to ask whether the news was "good or bad" when Pruitt's name was called. When told it was bad, he went into Pruitt's cell.

The man held responsible by officers for Dallas "one-man" crime wave" of a year ago, talked after he had shaved and dressed. He declared he was not down hearted. All he can do, he said, is "have faith in the knowledge of my own innocence."

The death sentence was assessed against Pruitt for the killing of William Mann, 17, honor student at Forest high school. Three weeks before he was sentenced to 99 years imprisonment for a drug store hold-up. This sentence has been affirmed by the appeals court. After the death penalty was assessed against him for indictments for highway robbery and one for assault were dismissed.

Mann, 17, was taking a young woman home from church in an automobile when attacked by Pruitt. He had stopped for a signal light when Pruitt walked up to the automobile and thrust himself into the lap of the girl, directing her to move over. In the fight that ensued between Pruitt and Mann, Mann was shot to death.

'Harvester' Is Given Honors in Big Association

Central high school, winner of many honors in the 1928-29 term, has added another feather to its cap for that year, having recently received announcement from the National Scholastic Press association that the "Harvester" year-book of 28-29 had received honorable mention, with second highest ranking for school of equal size.

The book was rated "good." More than 1,000 schools make up the national association. Bob Kahl was editor of last year's "Harvester," and J. T. "Skeet" Roberts the business manager. Miss VeLora Reed, faculty sponsor of the publication, is in charge of the annual for this year also.

The Neils were en route to Denison after attending the funeral of a relative.

ROYAL WEDDING IS OCCASION OF SPLENDOR

ROME, Jan. 8. (AP)—Princess Marie Jose, only daughter of the king and queen of the Belgians, this morning became the bride of Prince Humbert of Piedmont, heir to the Italian throne.

The ceremony was performed at mass in the historic Pauline chapel of the Quirinal palace, scene of four conclaves for the election of popes and six years ago of the wedding of Humbert's sister, Princess Yolanda, to Count Calvi di Ber gole.

Cardinal Maffi, archbishop of Pisa, noted astronomer and friend of the Italian royal family, performed the ceremony. He was assisted by Monsignor Beccaria, chaplain of the royal household, who had baptized the bridegroom and had been his spiritual mentor through his youth.

Five kings, five queens, 28 princes, and 26 princesses of the blood were among the guests, who constituted one of the most brilliant assemblages seen at any European court since the war.

King Albert and Queen Elizabeth of the Belgians, and Leopold and Astrid, duke and duchess of Brabant, and Charles, count of Flanders, came from Brussels for the wedding.

King Victor Emmanuel of Italy, Queen Helena and others of the Italian royal family were present. King Boris of Bulgaria, Prince Cyril and Princess Eudoxia of Bulgaria and Prince Paul and Princess Olga of Yugoslavia were among the other royal guests.

The Duke of York represented his father, King George of Great Britain; Marshal Petain, saviour of Verdun, and M. Bece de Pouquieres, director of the protocol, were present for France. Ambassador John W. Garrett and Mrs. Garrett represented the United States.

The Infante Don Ferdinand was sent by his Cousin King Alfonso for Spain. Premier Mussolini, his cabinet, his secretaries and their wives were present.

The bride, a tall girl, entered the chapel on the arm of her father, who was garbed in the full dress of a general. The wedding march was an old Sardinian hymn sung by the papal choir led by the organist.

At the altar rail waiting stood the crown prince, resplendent in the full dress of a colonel of infantry and wearing the collar of the annunziata, Italy's highest decoration.

Of high stature and handsome, he presented a colorful figure in his gray-green uniform relieved by silver epaulettes with their long fringes, the plaques, and medals, and the long purple shoulder sash caught up just under the sword at his left.

The bride wore a cream white velvet (See WEDDING, page 6.)

SENATOR SAYS HE WILL KNOW WITHIN MONTH

Land Bill Author Here to Discuss Big Issues

STATE ENGINEER IS RAPPED HERE

Fee System Change Is Favored in Talk to Citizens

Although refusing to make positive announcements that he would become a candidate for congress from the 18th district, Senator Clint C. Small, author of the Small land bill, said here yesterday that he would make the race "as far as I know now." The state senator from Wellington said that a definite statement concerning his candidacy would be made about Feb. 1, or near the close of the special session of the legislature which convenes soon.

As yetting that the state highway commission and its present engineers are "digging their own grave by taking extremely arbitrary stands in ignoring the rights of the people," Judge Small predicted the commission officers are certain to become elective instead of appointive. However, he deplored such a condition because such a measure by the legislature would bring road-building into politics.

Judge Small told the commissioners and other citizens here that as things are now there is no solution for your highway problems as to securing aid and designations on roads already built and as to securing right of way and "outing No. 33—you're at the mercy of the commission.

The senator said he favored the state road bond issue because "as the state is going to build the roads the way it wants to anyway, it'll be better for the counties if it spends its own money and takes blame for its own mistakes."

Senator Small stated that he would vote against the bill basing the salaries of county commissioners on the valuation of the county, and against the bill which would take all fees away from county officers. However, he said he would not approve a bill that did not place a limit on the amount of fees which a justice of peace or a county attorney may take. He was told that the office of justice of peace in this precinct has paid its incumbent from three to eleven hundred dollars a month.

County Judge Ivy E. Duncan informed the senator that bootleggers and hi-jackers who make bonds in this district court are free agents, and that the court is too busy trying to call cases to hear the cries of those out on bail. He said some relief should be afforded the crowded courts here. Judge Small advised the commissioners to present such a resolution to Governor Dan Moody, making the state executive alone responsible for the situation here.

He promised the county some relief from the over-stuffed docket which now contains over 600 cases if the citizens would decide exactly what they want and leave the rest for him. However, he stated that there was little chance of securing a year-around court term or a civil appeals court for Gray county during the coming special session, as the governor has already limited the consideration of the legislation to the fee system and reorganization of the prison system.

Fort Worth Lawyer Dies FORT WORTH, Jan. 8. (AP)—R. O. Johnson, prominent member of the Fort Worth bar for 30 years, died suddenly here today. He was a brother-in-law of Dr. Joe and Goodall Woolen of Austin. Judge Johnson had participated in a civic meeting last night as one of the speakers.

Mrs. Tom E. Rose is in Dallas this week.

A COURT DECISION OF WIDE APPLICATION AND CONSIDERABLE IMPORTANCE WAS MADE THE OTHER DAY IN DALLAS WHEN THE FIFTH COURT OF CIVIL APPEALS HELD THAT THE STATE LAW COULD NOT RESTRICT A HIGH SCHOOL TO A FEE OF \$7.50 PER MONTH FOR NON-RESIDENT STUDENTS.

This, applied to Pampa, could have a bearing on expenses of the district, in which transfer students are common. There is no indication yet, however, that this district will change the fee formerly fixed by the legislature.

The appeal was brought by Senator Tom Love in behalf of a minor. He argued that exorbitant fees in some cases make it impossible for students to finish their year's work. It is true, in the case of transient students who cannot transfer within the time limit set by law that a hardship is worked, and one that appears to interfere with the pupil's right to "free" public schooling.

AMERICANS SHOULD WATCH WITH GREAT INTEREST THE COMING LONDON CONFERENCE ON WORLD PEACE AND DISARMAMENT.

Aside from the usual aspects of world peace movements is the fact that America is sending what is perhaps the most brilliant diplomats that ever graced foreign courts.

ing such men as Chas. Dawes and Dwight Morrow could hardly be surpassed. American diplomacy, notably weak in past years, is achieving a much higher place abroad now.

A NUMBER OF WORTH-WHILE MOVEMENTS IN PAMPA ARE IN DANGER OF ABANDONMENT BECAUSE IT IS IMPOSSIBLE TO OBTAIN LARGE ENOUGH GROUPS OVER A PERIOD OF WEEKS.

This appears due to the fact that too many persons are trying to do too many things. For example, the Community chorus greatly needs male voices. There is plenty of talent, but most of it is "too busy."

Yet it is no doubt true that if a number of "busy" singers would give up other activities their places could easily be filled, while it is not so easy to fill empty bass and tenor sections. A large group of ladies practices regularly on Monday evening for the chorus, yet their work will be in vain unless their efforts are matched by enough men to round out the organization.

TWINKLES

Winter is king; and we don't like royalty anyhow.

Having taken up golf, we will have to discard our boast that spring winds do not bother us. That little pill looks like an ant egg when we get to swinging with the wind swaying us and destroying our rhythm (if any).

With ushers dressed like foreign troopers, maybe Tuxedos will eventually come into style here.

Basketball has been superceded at Central high by the question of who will win the exams—teachers or pupils?

Turning over a new leaf must be a proper thing about this time of year. Nature has done it and now all the automobile manufacturers are turning out new models. Human leaves, however, are not very easy to turn, for nature is a hard architect.

Well, they didn't get Laredo out of the rut by Christmas, and it looks like the city is between the devil and the well known deep blue sea. However, many Texans refer to Mexico as the devil and to "guts" and impartial law enforcement as the sea.

MEXICAN SLAYER IS NOT DAILY HURT, IT APPEARS

CORPUS CHRISTI, Jan. 8. (AP)—Articles found in the room of Pedro Rabendo, held in Alice on a charge of slaying border Patrolman William McCaleb, have been identified by C. B. Jones, proprietor of an Aguadulce drug store.

Identification was made after Corpus Christi officials, who have arrested nine Mexicans in connection with a series of thefts in Nueces county, went to Alice and examined the merchandise.

Rabendo, at first reported to have been seriously wounded in an exchange of shots with Buck West, patrol officer accompanying McCaleb, was said today to be suffering only from the effects of a narcotic and a blow on the head.

SECOND MURDER CHARGE IS FILED AGAINST CAMPO

WEWOKA, Okla., Jan. 8. (AP)—A new charge of murder was filed today against Jack Campo, former Seminole county deputy sheriff and former Texas Ranger, by Homer Bishop, county attorney. Campo, who shot and killed Mrs. Emma Van Noy, 52, of Cronwell, was freed of a murder charge yesterday by J. E. Simpson, county judge.

After Judge Simpson had dismissed the charge, Bishop prepared the second charge, which he filed in the court of J. W. Fowler, Seminole justice of the peace.

Judge Simpson held Mrs. Van Noy's death accidental.

Kills His Former Wife

ATLANTA, Jan. 8. (AP)—John E. Barrett of Chattanooga, Tenn., today shot and killed George Mason and Mrs. Mason and then committed suicide. He was a former husband of Mrs. Mason.

A small boy told police he saw the automobiles rush up the street. The front car suddenly stopped, and Barrett leaped out holding to his shoulder a specially designed automatic pistol with a stock that made it into a miniature machine gun.

He emptied into the rear automobile in which Mr. and Mrs. Mason rode, and then fired a bullet through his own head.

Amusu Bridge Club and Guests Entertained by Mrs. Alex Schneider, Jr.

Suggestions of springtime on the bleakly cold day that was yesterday lent the bridge luncheon given by Mrs. Alex Schneider, Jr., for members of Amusu club and other friends an added charm and novelty.

The luncheon was at 1:30 o'clock in the dining room of the Schneider hotel. From a cluster of pink and white candles which centered the table there extended toward the ends a long block of closely massed pink and white sweet

peas. Covers for sixteen guests were marked with corsages of spring blossoms. Bridge followed at 2:30 o'clock in Mrs. Schneider's suite at the hotel. High score for the club was made by Mrs. Wm. M. Craven, and for other guests, by Mrs. George Rainouard. Mrs. W. W. Meriten, club member, and Mrs. DeLes Vicars held the low scores of the afternoon.

Executive Board To Recommend Important Steps to B. & P. Club

The executive board of the Business and Professional Women's club, which met last evening at the Pampa Drug store tea room, will recommend to the club at the regular semi-monthly dinner meeting next Tuesday evening four measures of importance: First, that the attendance rules be enforced as set forth in the constitution and by-laws; second, that local dues be made payable in February, rather than in January; third, that the club establish a building fund with which to purchase property in Pampa and erect a building; and fourth, that the local club make a donation of \$25 toward the building of a national home and executive offices in Washington, D. C.

In connection with establishing a local building fund, the board will recommend that the club place a percentage of the earnings from each financial project in the reserve, and that a special committee be appointed to consider what that percentage shall be. A further decision of the board was to endorse a bridge party for the members at some time this month or next.

in the chair for the business session. Officers and directors present were: Mrs. Pauline Thurman, Mrs. Artie M. Shepard, Mrs. H. A. McDonald, Mrs. Florence Way, Mrs. E. E. McNutt, Mrs. Firis Jordan, Miss Madeline Tarpley, Miss Willette Cole, Miss Edna Glenon, and Miss Louise Miller.

SHIRES FINDS THINGS MUCH BRIGHTER NOW

CHICAGO, Jan. 8. (AP)—Charles Arthur "The Great" Shires found the world full of sunshine today. The fighting White Sox first baseman boasted a 750 percentage and his third one-round victory since invading the cauliflower industry. He was \$2,500 or more closer to the nest egg of \$250,000, and the dark clouds of suspicion, which threatened his banishment from the ring and organized baseball, gave promise of blowing away.

His third successful ring venture in four starts was chalked up at St. Paul, Minn., last night when his furious rights flattened Tony Faeth, St. Paul fighter, in the first round. It was a decisive victory for Arthur, and officials and spectators were satisfied there was no "dive" in that battle.

Meanwhile, the Illinois and Michigan state athletic commissions were expected to clear the Great Arthur from charges of "fixing" his bout with "Dangerous Dan" Daly of Cleveland here last December and of attempting to "fix" his postponed match with Battling Criss at Detroit.

The Illinois commission took testimony yesterday from Promoter James Mullen, who arranged the Shires-Daly match, and Eddie Meade, manager of the Dangerous One, and the indicated it would give Shires a clean bill. Acquittal of charges made by Battling Criss, who said he was asked to take a "dive" and refused, was also anticipated from the Michigan commission.

SCOTT BATTLE FOR SHARKEY IS ARRANGED

NEW YORK, Jan. 8. (AP)—Jack Sharkey, Boston sailor man, will battle Phil Scott, heavyweight champion of Great Britain, in Madison Square Garden's second annual southern spectacle at Miami, Fla., Feb. 27. Difficulties were ironed out last night.

Selection of Scott as Sharkey's opponent was practically dictated by the Boston sailor, generally regarded as the outstanding contender for Gene Tunney's vacated heavyweight throne. At a recent conference in Boston, Sharkey threatened to break away from the Garden for good unless it abandoned its attempt to match him with Tuffy Griffiths in Miami. He named two or three possible opponents he would be willing to meet, but favored Scott.

Advance calculations forecast a decisive victory for Sharkey provided he can duplicate his performance against Tommy Loughran whom he knocked out in two rounds. Scott is a fair boxer with a good left jab, but he does not hit hard enough, it would seem, to bother Sharkey. The tall Briton, now in England, is under somewhat of a cloud in this district as a result of his recent battle with Otto Von Forst. Scott won that bout on a foul in the second round, but investigations later seemed to confirm a rather general belief he was not hurt by the low blow and could have continued.

GOLFING ELITE VIE FOR MANY PRIZES TODAY

By PAUL ZIMMERMAN
Associated Press Sports Writer

LOS ANGELES, Jan. 8. (AP)—On seven fronts today more than three hundred of the nation's golfing elite campaigned in medal play for the privilege of testing their clubs on the Riviera country club course Friday in quest of the champion's share of \$10,000.

While these paraders of the fairways were harassed with worries of turning in scores sufficient to place 85 of them in the Los Angeles open tournament, a select array of 43 others, whose names graced the exemption list, marked time.

Few upsets were anticipated in the minor skirmishes, which saw Johnny Farrell, former open champion, Joe Turnesa, fellow member of the Ryder cup team, Johnny Dawson, one of the country's leading amateurs, Charlie Guest, California threat in the meeting, and many others of note seeking to finish under the wire.

The exemption list was marked with such names as MacDonald Smith, Long Island professional, who in two successive years has bade adieu to the others with the winner's money in his pocket. To repeat this year will mean the Great Scot must defeat the strongest field in the history of the event.

Another Smith—Horton—threatened the defending titleholder, not to mention Leo Diesel, professional champion, Walter Hagen, British open king, Bobby Cruickshank, and Harry Cooper, both former winners of the event. Al Espinosa, Bill Mehlför, Ed Dudley, and a dozen or more others.

RUTH THINKS HE IS WORTH \$85,000 YEARLY

NEW YORK, Jan. 8. (AP)—Babe Ruth thinks he's worth \$85,000 a year for the next three years to the New York Yankees, but he has to prove his argument to President Jacob Ruppert and Secretary Ed Barrow.

Ruppert thinks he can pay The Babe \$75,000 per annum for the next two years, but that offer is \$10,000 too little and one year too short for the man who made home runs what they are.

These two viewpoints couldn't be reconciled at a conference in Ruppert's brewery yesterday, each side retreating in good order to consider the matter calmly.

Baseball followers considered the biggest obstacle in the way of an agreement was Ruth's demand for a three-year contract. The Babe has just completed a three-year contract at \$70,000 a year, but Ruppert said he would not give Ruth another one on any terms.

The Yankee president evidently feels Ruth is getting no younger and it would be too much of a gamble to give him such a long-term contract.

His "top offer," the colonel assured Ruth, "was a two-year contract at \$75,000 per annum," but the mighty slugger nonchalantly turned down this wage, equal to the salary paid to the president of the United States, and \$10,000 more than is paid to K. M. Landis, commissioner of baseball.

Ruppert and Barrow said the next move must come from Ruth. The Babe said he would leave Saturday for St. Petersburg, Fla., where the Yankees will train.

Purported Exploits in England Win Places for Pair on Rotary Team—Lions Choosing Line-Up

Enthusiasm is rising rapidly in the camps of the rival Rotary and Lions basketball teams, and the contests between the clubs Thursday evening is expected to afford not a few thrills for local fans.

Inasmuch as practice is prohibited, the selection of teams is a serious matter, and the men who can tell the biggest tales about miraculous performances in colleges years ago will make the starting line-ups.

The alleged performances of that fast combination, Brown & Buckler in old England have assured them places on the Rotary team, and many hopes are pinned upon them. According to his own report of the last game in which he played, Forward Brown made 50 successive field goals. On the other hand, the Lions are reported to have wagered their last pennies on the scoring ability of C. O. Busby and Frank Culberson.

So many claims of past achievements have been made that it is impossible for the Rotary officials to agree on a starting center. However, Lynn Boyd is occupying most of the spotlight and the mentors feel confident that he can make Clyde Stuckey, the Lions' leading center, stand in awe as the ball goes by. However, the Lions have Roy McMillen who promises to star of the referee can toss the ball high enough.

Charlie Cook and J. M. Dodson are mentioned prominently for Rotary guards and are expected to stop the Lions roar. The Lions slogan is reported to be "Stop Brown and Buckler"—the B. B. combination whose claims are said to be shone from a hot-air rifle. But as yet no Lions have shouted their claims loud enough to cinch the anti-B. B. line-up. However, in the last skull practice Ivy Duncan and Ewing Leech seemed to be favorites.

Two games will be played, the first starting in the gym at 7:30 p. m.

To Fight

LUTHER PLATTER

Announcement that Luther Platter and Johnnie Cable both impressive heavyweights, will headline the boxing card at the Pla-Mor Friday night, was made today by Promoter Jack C. Rogers who said that Neil "Pug" Grubbs had cancelled his fight with Chuck Woods because his mother was killed in an automobile accident yesterday at Chickasha, Kans.

Crubbs left last night for Kansas, cancelling before he left his fight with Woods at Tucuman, Jan. 16, and other fights that had been arranged for him. Woods left for Tulsa today and will shortly leave for California. Rogers says it is doubtful if the two boys will meet in the ring in the near future.

Cable, whose weight is 180 pounds, has just returned from many fistic encounters in Detroit, Cleveland, Chicago, and New York. Talking to Rogers from his home at Borger today, Cable said

he believes he can "lick that Platter, judging by all that I've heard." Cable has an enviable record.

As for Platter, most every Pampan knows that he has fought eleven fights and won 10, losing one to Cyclone Bonds on a foul. Besides that he has scored eight knock-outs. The Platter-Cable fight will last ten rounds if necessary. The other bouts on the card will remain unchanged.

Ferguson May Inject Issue of Amnesty Bill

AUSTIN Jan. 8. (AP)—If Former Governor James E. Ferguson runs for governor this year, and all indications point to his entry into the race, Texas may hear a good deal of the "amnesty bill."

They already have heard considerable about it, since it was drawn and passed by the legislature in 1925 to wash away the political sins charged against Ferguson by reason of his impeachment in 1917.

Mrs. Miriam A. Ferguson, wife of James E. Ferguson, was governor when the amnesty bill was passed, and, as the chief executive, placed her signature on it. Mrs. Ferguson became a candidate for governor in 1924 when the State Democratic Executive committee barred her husband's name on grounds that he had been impeached from office and under the constitution was, therefore "disqualified from holding any office of honor, trust or profit."

After Mrs. Ferguson was elected in one of the most heated campaigns

New Deputy in Sheriff's Office

Mr. Rheudisal, who has been jailer here for some time, has not announced his plans for the future.

Mrs. Glen Harrellson of Borger is here for a short visit with her parents, Mr. and Mrs. W. R. Pressnell.

Mrs. H. D. Lewis and her children have returned home, after an extended visit with relatives in Wichita Falls. Mr. Lewis also spent a few days there during the holidays.

Mrs. Joe Feits underwent a minor operation in Pampa hospital this morning.

C. B. Shepard of Canyon visited his mother, Mrs. Artie M. Shepard, last night and this morning, returning home at noon.

WEATHER

(Continued from page 1.) a wet cold wave moved south and east from the Texas Panhandle. Sleet and drizzling rain, which clung and froze to everything it touched, covered highways and streets. Air currents were fog filled, stopping nearly all airplane traffic in northern areas, and motor traffic was hazardous on treacherous slippery roads. Temperatures ranged from 10 de-

OKLAHOMA CITY, Jan. 8. (AP)—Winter's grip was on Oklahoma today, slowing rail and highway traffic and tying up airplane schedules. Snow and sleet were general over the state. The mercury held well below freezing. Mail plane schedules of the National Air Transport were abandoned, and passenger service of the Universal and Safeway Air lines was suspended.

Operations in oil fields and in northeastern Oklahoma's zinc and lead field were hampered.

KANSAS CITY, Jan. 8. (AP)—Over the favorite domain of King Winter—the vast region of the great plains and the eastern slopes of the Rocky Mountains—a sleet storm rolled today.

From the Dakotas and Montana to the Gulf and from the Mississippi river to the continental divide, sleet, snow and rain drove south and eastward on a northern gale, while the mercury dropped out of sight in the bulbs of thermometers not built to register such temperatures as prevailed. In Glasgow, Mont., the official thermometer broke yesterday after recording 40 degrees below.
