POSSES PURSUING ROBBERS OF RICHMOND, KANSAS BANK

FIVE MEN AND FOUR WOMEN ARE TRAPPED

Return Fire Directed by Vigilantes of Town

HAUL AMOUNTS TO ABOUT \$2,000

Fleeing Pair Moving Westward at High Speed

RICHMOND, Kans., Dec. 10. (AP)—The Peoples National bank was robbed today of approximately \$2,000 by two masked robbers who escaped after an exchange of shots with vigilantes.

Four employes were forced to lie face downward on the floor while the institution was looted.

The robbers fled in an automobile. Citizens opened fire as they departed and the fire was returned, shots shattering several store windows, but inflicting no person.

The robbers headed north toward Princeton, and a little later sped thru Williamsburg to the west. Poses took up the pursuit.

Burglar Killed by Dallas Druggist

DALLAS, Dec. 10. (AP)—Body of a man found in an alley here today was identified by police records as that of Floyd Calvin Stanley. The body was found a short distance from a drug store where the proprietor, E. R. Spring, told police he had shot at one of two men he had found in the store last night.

The body bore a small bullet wound in the left breast. No trace was found of the second man. Springer said the men had fled when he fired, and one of them cried out he had been wounded. They left an automobile in front of the pharmacy.

Lack of Motive Is Lester Defense

LUBBOCK, Dec. 10. (AP)—The fate of Clay Lester, charged with slaying his wife, neared the decision of a jury today.

Arguments in his trial were started this morning. Charles C. Crenshaw, special prosecutor, opening for the state.

Attacking the defense sanity plea, Crenshaw reviewed testimony relating to how the defendant went to the sheriff's office and surrendered after the shooting.

"Whenever there is a killing done by a normal man there will always be a motive commensurate with the act he commits," Charles C. Triplett, opening for the defense, said. "The state has never been able to show Clay Lester had any motive for the killing."

Mr. and Mrs. Tom E. Rose have as guests Mrs. Rose's parents, Mr. and Mrs. A. H. Barnes of Dentonville, Ark., who will be here until after the Christmas holidays.

THE WEATHER VANE

WEST TEXAS: Generally fair to light and Wednesday; probably colder in the Panhandle Wednesday.

—AND A SMILE

NEW YORK (AP)—Miss Ida Lathers carries a red lantern in the daytime when she desires to take trolley cars. She finds she needs it to warn passing automobiles to give her a chance. She has written police vigorously about the necessity for being her own traffic light.

POLICE STATION IS LOOTED EARLY TODAY

Police headquarters was robbed of a cash box containing about \$200 between 5 and 6 o'clock this morning by a thief or thieves who entered the city hall by ripping a window from Dr. T. J. Worrell's office.

The metal box contained about \$100 in currency and silver and as much more in checks.

The burglary was made while W. J. Turpin was covering the late morning beat in South Pampa. Policeman Claud Roper is usually on duty at that hour, but he left yesterday to attend the funeral of a relative in Oklahoma.

To seize the money box, the burglar stripped the padlock off the desk. Officers always lock the desk before leaving the office. The money box is kept in the space under the roll top. It is about 10 inches long and six inches wide. It was locked at the time. Police Chief J. I. Downs has possession of the key.

Although the police were working on a half-dozen cities, no arrests had been announced.

One prisoner was in the city jail at the time of the theft. The door from the jail leads into police headquarters.

The screen on the window in Dr. Worrell's office was ripped about three-fourths of its width across the top. The window was not fastened on the inside.

Officers are connecting the robbery with an attempt by burglars to force open the safe in the City Steam laundry Sunday night. Burglars gained admittance to the laundry by breaking a window at the rear. That the attempt was the work of amateurs was indicated by the fact that the burglars failed to open the safe. Laundry employees believe the would-be safe crackers were novices or youths.

Air Mail Pilot Cracks in Fog at Oklahoma City

OKLAHOMA CITY, Dec. 10. (AP)—Running short of fuel and with the earth hidden by a heavy blanket of fog, Charles Peoples, air mail pilot, attempted a landing at the municipal airport here late last night, cracked up his plane and escaped without a scratch. This morning he was aboard a train to Kansas City with his mail.

After taking off at Fort Worth, Peoples ran into a heavy fog near Healdton. He pushed ahead, and a short time later received radio warning that the fog was unbroken from his position to Oklahoma City. He looked at the fuel gauge and decided it was too late to turn back.

Shortly before midnight he sighted the blurred glare of Oklahoma City lights. Time after time he circled around the southwest section of the city trying to locate a rift in the fog. Finally, by checking a smear of lights with another, he located what he thought was the airport.

He plunged into the fog blanket a dozen times searching for the runway, but couldn't find it. He dropped flares, but they showed nothing. By this time his fuel supply had become exhausted, and the only thing left to do was to jump or attempt a landing. He chose to attempt to bring the plane down safely, and headed the craft downward to where he thought the runway should be.

The plane touched ground 50 yards from the runway. A wheel collapsed and the axle plowed into the earth. The ship reared up on its nose and turned over, wrecked almost beyond repair. Peoples crawled from the wreckage uninjured.

Mrs. Lucille Stevens, proprietor of Lucille's Smart Shoppe, has returned from a marketing trip to Eastern style centers.

Mrs. Tom Perkins left yesterday for Augusta, Kans., called there by the serious illness of her mother.

NOMINEES TO FILL VACANT POSTS NAMED

Short Course Will Be Held Here Next January

STOCK JUDGING ALSO PLANNED

Chas. Cook Praised by Board for Fine Work

That the Pampa Board of City Development would finish the current year without a deficit was disclosed last night by George Briggs, manager, in a statement to the board members in their final session of 1929.

Funds on hand and pledged will carry the organization through the rest of the year, but will probably a very small balance, it was stated. This was the B. C. D.'s first year under the municipal tax plan. While the tax fund was not large enough, the remainder was raised by the Chamber of Commerce, or general membership organization.

Under the B. C. D. membership plan, five expired terms of directors will be filled by the city commission from a list of ten submitted by the Board of City Development. These nominees, which will be sent to the city at once, are Ivy Duncan, Clyde Fatheree, E. F. Thomas, C. H. Walker, DeLea Vicars, W. C. Mitchell, Bert Curry, W. A. Duerr, Sam Fenberg, and E. Hooks. Five of these men will be designated to serve three years each in the B. C. D. The city also will name a city planning commission soon.

A committee composed of M. K. Brown, J. M. Dodson, and Tom Rose was appointed to consult with the city commission concerning next year's activities of the B. C. D.

The Board unanimously gave Chas. Cook, its attorney, a vote of appreciation for his great and largely unremunerated services. Mr. Cook did much work in behalf of the Fort Worth & Denver railroad project, and is still representing the B. C. D. in the effort to secure the Pampa-Childress line.

Manager Briggs said a farmers' short course would be held in January under B. C. D. auspices, and that a boys' stock judging contest would be held in the spring.

A letter received from the Roswell Chamber of Commerce expressed appreciation of the fact that Pampa had the largest aerodrome at the Roswell airport. It was also said that Dr. J. C. McKean ably spoke for this city at the airport banquet at which air visitors were guests.

It was announced that the B. C. D. would broadcast a program from an Amarillo radio station at 7:30 o'clock Saturday evening. The Lions club quartet will have a prominent part on this program.

There was lengthy discussion of the need for a Pampa broadcasting station, and a study of this proposal will be made.

The Board discussed but postponed for further study a request of the Santa Fe railroad to endorse its proposed line from Amarillo to Las Animas, Colo., and connecting units.

Dallas Man Comes to Salvation Army

Envoy J. M. Holloway, of Dallas, has been sent to Pampa to assist Ensign and Mrs. Edgar King in establishing a Salvation Army corps here. Envoy Holloway has had many years experience in the Salvation Army and is expected to make a valuable helper in the Army work here.

One of the most successful methods of the Salvation Army is raising money for its Christmas effort and winter relief work is to place the old fashioned tripod and kettle on the street during the Christmas week with the little sign "Keep the Pot Boiling." A Salvationist ringing a little bell, calls attention to the passerby.

In Control of Troubled Haiti

While additional forces of Marines were being rushed to Haiti, the situation acknowledged as "serious," rested in the hands of the officials pictured above: Brig. Gen. John H. Russell, left, High Commissioner, who established martial law after the recent riots, and Louis Borno, right, president of the West Indies republic. The U. S. State Department's approval of Borno's decision not to seek a third term as president helped to calm political unrest. Below is the presidential palace, about which previous rebellions have centered.

COMMISSIONERS ASK REDUCTION IN TAX ASSESSMENT FEE UPON VALUATING OF OIL PROPERTIES

Supervisory Areas of Panhandle Fixed

Deputy supervisors of the oil and gas division of the state railroad commission in the Panhandle district have been given the following slightly re-arranged areas:

District No. 16, J. M. McDonald, Pampa—Armstrong, Briscoe, Cottle, Crosby, Childress, Carson, Collingsworth, Donley, Dickens, Floyd, Gray, Hemphill, Hall, King, Lipscomb, Motley, Ochiltree, Roberts, and Wheeler counties.

District No. 13, J. T. Elliott, Amarillo—Bailey, Castro, Cochran, Dallam, Deaf Smith, Hockley, Hale, Hansford, Hutchinson, Hartley, Lynn, Lubbock, Lamb, Moore, Oldham, Potter, Farmer, Randall, Sherman, Swisher, Terry, and Yoakum counties.

Reports upon wells located or to be located in these counties must be given to the deputy supervisors in person or by mail.

Mr. and Mrs. E. G. Alexander of Amarillo are visitors in the city today.

BAPTIST WORKER TO TALK TONIGHT AT LOCAL CHURCH

Dr. H. H. Muirhead, president of the Southern Baptist Theological Seminary at Pernambuco, Brazil, will speak at the local Baptist church this evening at 7:30 o'clock.

Dr. Muirhead is known as one of the outstanding missionaries of the denomination, and as an interesting speaker.

Also on the program will be Mrs. D. A. Grundy of Memphis, president of the Women's missionary society in the Amarillo district.

Heavy Crude Is Showing Decline Over Country

TULSA, Okla., Dec. 10. (AP)—Daily production of crude oil in the United States for the week ending December 7, was 2,624,478 barrels, compared with 2,632,717 for the week ending November 30, a decline of 8,239 barrels, the Oil and Gas Journal will say today. The loss was in heavy crude, as the nation's light crude production increased 1,318 barrels during the seven-day period.

Oklahoma production decreased from 647,580 barrels for the week ending Nov. 30, to 654,465 barrels for the last week. Increased production in the Oklahoma City field, which jumped from 55,660 barrels to 72,620 barrels, was responsible for the jump in the state's total daily production. With the exception of the St. Louis-Pearson area, where a slight increase was noted, all other state fields registered losses for the period.

All West Texas fields showed slight decreases, total for the section dropping about 4,500 barrels. Production in other areas of the Midcontinent field remained fairly stationary.

Gulf Coast and Rocky Mountain areas suffered the week's principal decreases, with daily production of heavy crude dropping about 4,000 barrels in each district.

Kansas production was 108,965, compared with 108,880 for the previous week.

Kirby Is Thanked for Sausage Gift

County Commissioner Thomas O. Kirby was given a hearty reception by the other commissioners at the regular meeting of the board yesterday afternoon.

The reason: Commissioner Kirby presented a Christmas gift to each of the commissioners—a Christmas gift of his own making. It may be an old Spanish custom but it's an annual custom of his. The board members were so pleased with the gifts that they ordered this resolution spread on the minutes:

"The members of this court are grateful to that most generous member, Thomas O. Kirby, for the giving of each of them a liberal share of rare and luxurious sausage."

To Have Banquet Tonight

Continental Oil company officials and dealers of six nearby towns will attend a banquet tonight at the Schneider hotel, beginning at 8 o'clock. This is the last of a series of six meetings at which the Germ Process of Conoco motor oil will be discussed. About 30 are expected.

Milk Dealers Meeting

ABILENE, Dec. 10. (AP)—More than 100 Texas milk dealers, having organized a state association, met and discussed mutual problems with members of the state Ice Cream Manufacturers' association here today.

Mr. and Mrs. J. S. O'Brien returned yesterday from Denver, where they spent the Thanksgiving holidays and the week following.

Miss Helen Pierce who is employed in the beauty parlor at Mitchell's, left Sunday evening for Oklahoma City, where she was called by the grave illness of her grand-mother.

BANDITS MAKE ESCAPE DURING RUNNING FIGHT

Movie Studio Suddenly Bursts in Flames This Morning

ACTORS WERE IN FULL COSTUME

Fire Departments Are Late in Halting Blaze

NEW YORK, Dec. 10. (AP)—Nine persons, five men and four women, were killed, and several others were missing, in a fire which swept a three-story brick studio of the Manhattan Studios, Inc., and the Pathe Motion picture exchange at Park avenue and 134th street today.

About 75 persons were in the building when the fire of undetermined origin, was discovered shortly before 10 o'clock.

Fed by inflammable film, the flames quickly made an inferno of the interior of the brick building. Many barely saved their lives by jumping from windows.

Four fire alarms brought all available apparatus from upper Manhattan and the Bronx. Several fireboats played streams on the flaming building from the nearby Harlem river.

One woman was seriously injured and taken away in one of many ambulances that responded to calls by police. Two men burned about the hands, were taken to Harlem hospital.

Many in Costume

The stage was set in the rear of the first floor of the studio, and "Eddie" Elkins, orchestra leader, had his fourteen musicians in position to start the overture for a miniature review, produced by Merry Delmar. On the second floor about thirty women, in costume, were in their dressing rooms awaiting the call of the director.

With cameras in position, director ready and cast awaiting the call to "shoot," there was a flash from a black velvet drop in the rear of the stage. Flames followed. The studio crew, according to reports to the police, uncoiled a line of hose and started to fight the blaze.

The fire spread with such rapidity that by the time the engines arrived the studio building was a mass of flames and huge billows of smoke were pouring from the structure.

Sounds Many Alarms

Deputy Fire Chief Dougherty immediately sounded second, third and fourth alarms, bringing apparatus from the Bronx and many parts of Manhattan, ambulances and police emergency squads and reserves.

When the studio employees realized the flames were too much for them they shouted for everyone to flee from the building. The performers in the dressing rooms fled down the stairs and into the street where they were given refuge in nearby offices.

When firemen finally were able to make their way into the building, they came upon the bodies of the five men and four women who were trapped.

Mrs. T. A. Robinson and Mrs. E. G. Browne will spend Wednesday in Amarillo.

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

WHAT IS BELIEVED TO BE THE FIRST "CUSS THE EDITOR" WEEK IS BEING LAUNCHED BY THE DALHART TEXAN.

Our old friend John L. McCarty is new at this game of editing, and evidently thinks that if he can concentrate all the cussing into one week he can escape the verbal broadsides the rest of the year.

The Dalhart editor invites his public to cuss and discuss him, and promises to print all that is hurled his way. He does not even ask that names be signed to the kicks.

On some theory or other that the Pampa public would like to cuss this editor in public, McCarty has written suggesting that this newspaper conduct a similar "week".

McCarty has one advantage—or disadvantage—over us. He has a small staff, does most of the work, and takes all the blame for what his weekly says or does.

Far be it from us to discourage any movement that will benefit the small publishers. Running a small daily is not very different from operating a weekly, except that the times of issue are more numerous and the cost is tremendously greater.

tools and facilities, than the small city editor who usually not only fills the ordinary editorial duties, but also acts as telegraph editor, exchange editor, literary editor, financial editor, assistant sports editor, and at odd times acts as office boy, ad taker, printer, and "et cetera".

So it should not be difficult to find subject matter in a local "Cuss the Editor" week. Such good moves should be a daily occurrence, yet if it would be to serve any public interest to concentrate them far be it from us to object.

It seems strange that, considering how much wind we have in this section, we have few windfalls. The mechanic of this column has been playing golf all of three months now and the only holes he has made in one have been those the ball made for itself in the banks of the young canyons across the course.

Optimism is a great thing, but you just know that these fine July days in November cannot last. Shopping early for Christmas is commendable, but the late shopper has so little to pick from that choice is more simple.

A local parent says that if the younger generation would stay out a little later at night the rascals would get in just about time to light the morning fires for the older folk. Childless is celebrating the opening of a new Fort Worth & Denver railroad station.

Teacher's Aim Is Topic of Lecture

Dr. B. A. Hodges of Waxahachie gave the first of three lectures at the Presbyterian church last evening, speaking on the subject of the teacher's aim. Mere discipline, mere teaching of the tenets of the Bible, stopping with conversation, should not be the aim of the teacher, he said.

Dr. Hodges will deliver his second message at 7:30 o'clock this evening, on "What the Teacher Should Know." His last lecture will be given Wednesday evening, at the same hour.

Council of Clubs to Ask District Federation President to Visit Here
Mrs. J. T. Whitmore of Snyder, president of the Seventh district Federation of Women's clubs, who will head the annual district convention here next spring, is to be invited to visit federated organizations and club women of Pampa at her own convenience, some time during the winter months, according to a decision of the Council of Clubs, which met yesterday afternoon in monthly session.
Various points of advantage in such a pre-convention visit to the host city were advanced, one of the foremost of them being the desirability of familiarizing the local convention committees with the district president's plans. Mrs. Whitmore was elected to the presidency of the district at the 1929 convention at Snyder, at which Pampa's invitation for the next meeting was

Cotton Dresses Coming Back Institute Says

CHICAGO, Dec. 10. (P)—Those long skirts, dotted Swiss dresses, wide brimmed straw—how young America snickers! But they're coming back! The cotton textile institute of America Farm Bureau-Federation says its Mull and muslin (grandmother used to think there was nothing much better for a dress) are returning. Procks of these materials already are in vogue at Florida resorts, the farmers' wives were told today by Miss Susan Bates of New York.
Cotton may not sound so ritzy to young women who speak in terms of chiffon, silk and such, but the institute revealed one could pay good prices for cotton as well. A simple street dress had a \$35 price tag and, Miss Bates said, \$125 for an evening gown is really nothing.

Thousands of Motorists are now using this safe, new oil because it actually Penetrates Metal Surfaces!

You'll find this new oil at stations and dealers displaying the Conoco Red Triangle.

WE say that CONOCO Germ-Processed Motor Oil actually penetrates and combines with metal surfaces.
This is a strong statement, but it is supported by positive tests and demonstrations.
Saturate a bearing with this oil, and then try to remove it by ordinary methods. It can't be done! Scouring with gasoline or scrubbing with any other ordinary cleansing agent will not remove the film of oil that has penetrated the pores of the metal. It clings with such tenacity, it has so combined itself with the metal, that it forms a permanent, lasting film that remains for months.
No other American oil will do this. No other oil will give you that degree of plus lubrication as will CONOCO Germ-Processed Motor Oil.

We state positively that CONOCO Germ-Processed Motor Oil is the finest motor lubricant available to you today. Begin now to profit through its use.
Attendants at stations identified by the Red Triangle will gladly drain your crankcase and refill with the proper grade of CONOCO Germ-Processed Motor Oil. Drive in today.

NEW ATHLETIC BODY IN WEST TEXAS LIKELY

DALLAS, Dec. 9. (AP)—Virtual abolition of post-season football and a sweeping investigation into athletic conditions in all Texas colleges were called for in resolutions passed by the faculty committee of the Southwest conference at its annual meeting here.

Hereafter no senior football player who is eligible for other sports—baseball, basketball and track—will be permitted to compete in a post season grid game. In order not to interfere with plans already made for the Dixie classic here New Year's day between stars of the Southwest and Big Ten conferences, and the East-West clash on the coast, the rule will not be invoked until next year. As a majority of the gridiron greats desire also to play one of the other major sports in their final year, it is believed the regulation will prove an insurmountable obstacle to the post-season bouts.

The Southwest conference resolved to co-operate with the athletic commission of the Association of Texas colleges in a "thoroughgoing investigation into athletic conditions in all Texas colleges." Every school of any consequence in the state is a member of the association. The resolution followed a lengthy discussion of the famous report of the Carnegie foundation on subsidizing of athletics.

Officials of the Texas conference and Texas Intercollegiate Athletic association, which held their annual meetings in adjoining rooms to the Southwest conference, also gave the Carnegie report much consideration. Although both organizations reported they were "free of corruption," each passed a resolution calling for strict enforcement of eligibility rules and tightening its supervision of athletics.

A faculty committee hereafter must pass upon all contracts, expenditures and schedules in the Texas conference. The T. I. A. A. voted to make its rules and regulations exactly the same as those of the Southwest conference.

The unwieldy T. I. A. A., whose membership was brought to eleven by admission of the Texas College of Arts and Industries at Kingsville, decided to divide its races into two sections in future, the winners to clash in a play-off for the title. A committee was appointed to make the division.

Rumors current for several weeks that a number of schools contemplated formation of a conference in West Texas took definite shape with announcement by W. A. Jackson, faculty representative of Texas Tech, that a meeting had been called at Sweetwater Dec. 31, for that purpose.

Five schools, Texas Tech, Simmons university, Howard Payne college, West Texas Teachers and Texas College of Mines, have promised to send representatives to the meeting, Mr. Jackson said. Simmons and Howard Payne are members of the Texas conference, while the West Texas Teachers belong to the T. I. A. A. Officials of the two organizations did not indicate their reactions to the proposed split. The new group, if formed, will be known as the Staked Plains conference.

The Southwest conference decided hereafter to select its own all-conference football team. Each coach will be required to name his choices for first and second team, after which they will be compared and the official composite team announced by the secretary. It will take a load off the state's sports writers. The conference voted also to join the American Olympic association. A request by the conference's basketball coaches that they be permitted to practice their teams through Christmas week was turned down.

Pete Cawthorn was re-elected president of the state board of approved basketball officials, Harp Morse was named vice-president. Coach Francis Schmidt of T. C. U. led in an interpretation of the new rules.

SCOTT GIVEN DECISION WHEN STRUCK LOW

NEW YORK, Dec. 10. (AP)—Phil Scott, gangling British neavyweight, today was the possessor of a ring decision that proved nothing much of anything.

Shufflin' Phil, with an agonized lunge that seemed prompted somewhat by second thought, fell to the canvas in the second round of his bout with the black thatched Norwegian, Otto von Porat, last night, after being hit low by a left hook. After considerable hesitation and a good deal of reluctance upon the part of the referee, none other than Jack Dempsey, Scott was awarded the verdict on a foul to the accompaniment of a tremendous roar of disapproval from the crowd of 15,000 fans.

Thus, what was to have been the star 12-round attraction of the much ballyhooed Christmas fund show, the heavy-weight battle to help determine a logical opponent for Jack Sharkey in a final championship test, came to a thoroughly unsatisfactory finish.

The outcome left Scott in possession of victory, yet with no more substantial claim to recognition than von Porat. For the three minutes and 25 seconds of actual fisticuffing, it was demonstrated that von Porat was the more dangerous puncher, Scott the better boxer, but this was well known previously.

SHIRES DOWNS HIS OPPONENT IN 21 SECONDS

CHICAGO, Dec. 10. (AP)—Victorious in his first professional boxing bout, Charles Arthur (The Great) Shires wants Gene Tunney next.

Shires made his bow at the White City arena last night and spent just 21 seconds of his first fight for profit in knocking out Dangerous Dan Daly, Cleveland youth who also was making his initial appearance as a professional heavyweight.

After the bout promoter Jim Mullen told Shires his next opponent would be George Trafton, huge center of the Chicago Bears of the national pro football league, but Charles Arthur noisily refused the assignment.

"No more punk fighters get any free publicity through me," was Shires' ultimatum. "I want the best or none. Get Tunney out of retirement for me."

The great one was only mildly stirred by his quick victory and the circumstances surrounding the show. It drew a capacity crowd of 5,000, with gate receipts of approximately \$13,000.

"Big crowd?" Shires asked. "What's 5,000 people when 55,000 used to turn out to see me play the Yankees."

Shires had plenty of competition from Daly until the finish occurred. They answered the bell by charging into each other throwing punches from everywhere. Shires connected with a right to Daly's chin, and the Cleveland youth, a protege of Eddie Meade, manager of Joe Lynch when the latter was bantamweight champion, dived face-first to the canvas. He tried to get up, but couldn't.

The belligerent White Sox first baseman entered the ring with a chorus of boos as his greeting, but left with cheers ringing in his ears.

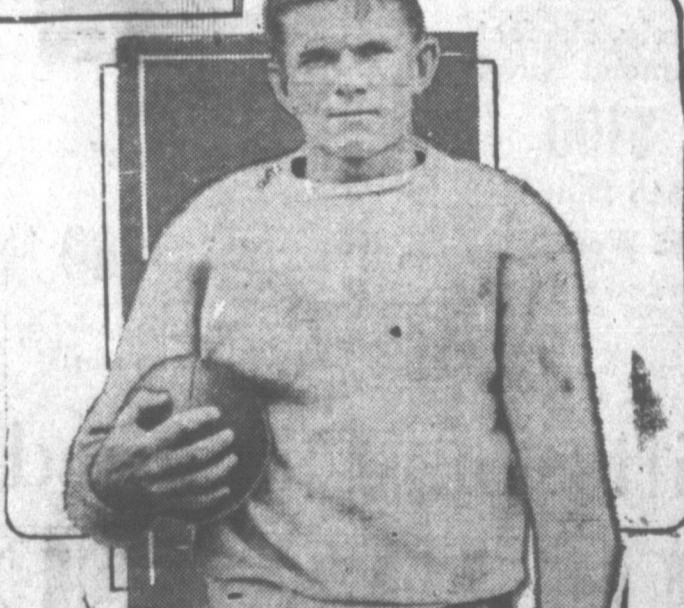

Lou Barbour, traveling secretary of the White Sox, who went to the aid of Lena Blackburne, then manager of the club, when Blackburne was attempting to subdue Shires during a battle in a Philadelphia hotel room last summer, was at the ringside, as was Dell Pratt, former major league infielder, who came all the way from Waco, Texas, to see Shires fight.

Tunneys Return to U. S.

Back came the Tunneys, Polly and Gene, after their 14 months' honeymoon abroad. And here you see the retired heavyweight champion and his socially prominent and wealthy wife as they arrived in New York with broad smiles and "nothing to say, of course" about the \$500,000 breach of promise suit brought against Tunney by Katherine King Fogarty, Texas divorcee. The suit is to be tried soon in Bridgeport, Conn.

CY LELAND TEXAS CHRISTIAN U.

BY GAYLE TALBOT (Associated Press Sports Service)

FORT WORTH (AP)—They were afraid three months ago that football would ruin Cy Leland's career as a sprinter.

Now they don't much care if he never sees a cinder track again. It might affect his football stride. The long-limbed Texas Christian

university meteor became the sensation of the Southwest conference. He is, many competent observers say, the greatest ball carrier the section has ever produced. And he was a scoring threat most any time he got his hands on the ball.

Two long, spectacular sprints for touchdowns against Baylor university sent the Frog Flash into the lead in

Central Girls to Play Panhandle Friday Evening

Pampa high school girls will play their first basketball game of the season with the Panhandle team next Friday night, on the Panhandle court, it was announced today. The game is called for 7:30 o'clock.

The entire squad of seventeen players among whom the race for positions on the team is being made will be taken to Panhandle, and it is expected that each girl will play part of the game, according to Miss Zenobia McFarland.

Thirty-four girls have been out for semi-weekly practice the last several weeks, tutored by Miss McFarland and Miss Fannie Florence Sims. The coaches said some excellent material had been discovered giving them confidence that a strong team would be developed.

GRANGE IS MANAGER

CHICAGO, Dec. 10. (AP)—Red Grange, the once "galloping ghost" of college football, has turned to managing fighters. He has taken over the affairs of George Trafton, giant center of the Chicago Bears' professional football team, and has directed Trafton's first challenge at Arthur (The Great) Shires.

the conference scoring race. Cy contributed 13 touchdowns in nine games and largely was responsible for his team's unbroken string of victories.

He was directly responsible for the Christians' victories over two conference opponents, Texas university and Texas Aggies.

Against the Aggies he sprinted 60 yards from scrimmage for the winning touchdown.

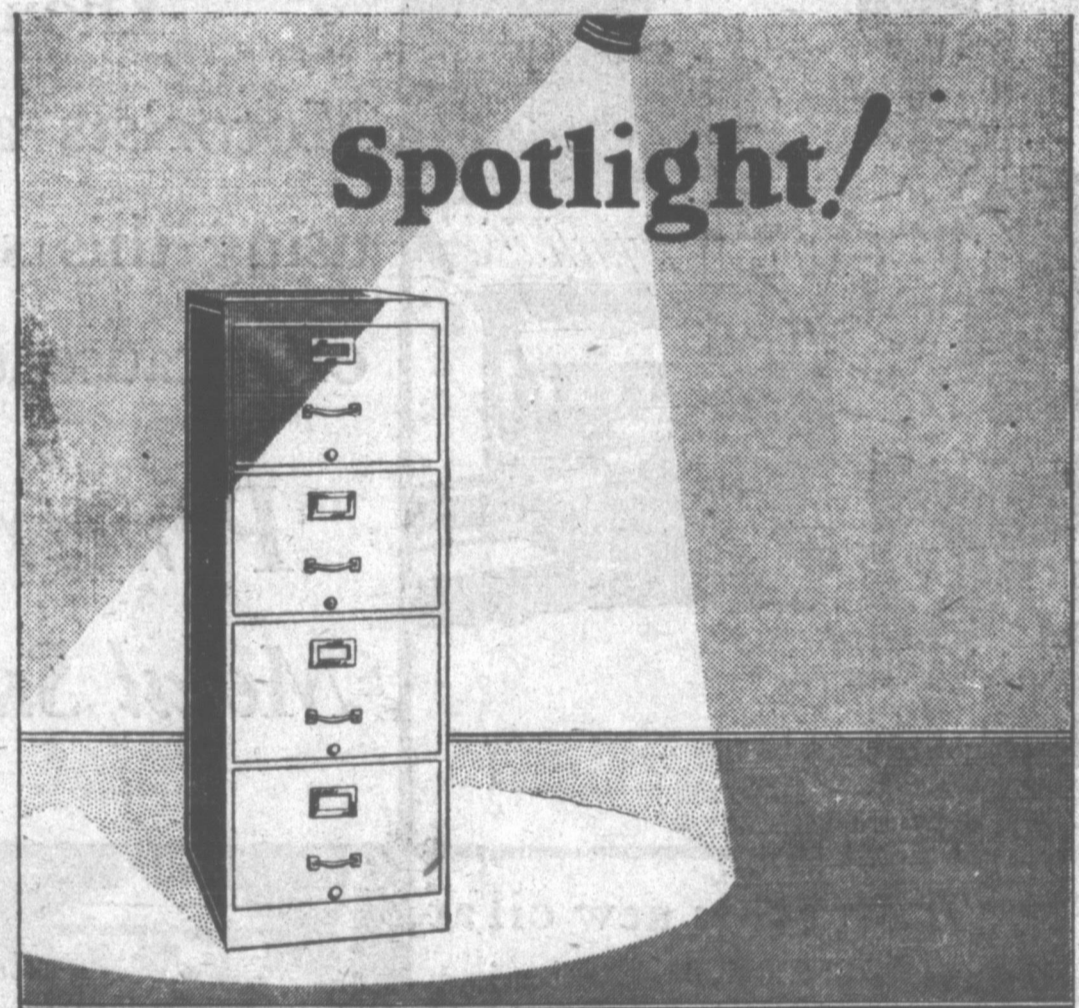

He returned a kick-off 90 yards through the Longhorns to give the Frogs a 15 to 12 victory.

His most sensational romp, however, was a 92-yard punt return against Baylor. He shook off four tacklers in the first 10 yards and sidestepped that many more before he struck his sprinting stride and left the pack far behind. Shortly before he had circled end for 64 yards and a touchdown.

Leland's individual feats planted the Frogs on the threshold of their first Southwest conference title.

In addition to his speed, which has earned him the title of "Football's Fastest Human," Leland is as shifty as they come and has a devastating stiff arm.

Cy does not pass nor kick, but became one of the conference's finest pass catchers. He did not miss a minute's play on account of injuries.

Mexican Woman Murdered

ENNIS, Dec. 10. (P)—Hidden under the flooring, the body of an unidentified Mexican woman was found in a vacant house 15 miles east of here yesterday. A wire was twisted about her neck and one eye was discolored. Part of the flooring of the house had been lifted and replaced. Officials estimated death occurred 24 hours before the body was found. The only clue police had was the statement of neighbors that a strange truck had been seen in the vicinity of the house.

Burial in Oklahoma

The body of Owen Bishop, who was killed Saturday when he fell 55 feet from a derrick near Pampa, was taken for burial to Muskogee, Okla., last night by G. C. Malone's funeral car. Christmas Packages Must Be Mailed Immediately to Insure Delivery by Proper Time, According to Crawford

Shop now and mail your Christmas packages early for early delivery, is the advice and the warning of Postmaster W. A. Crawford. Those habitually late mailers are going to be sadly disappointed this year, Mr. Crawford said, because there will be no mail delivery on Christmas day.

"The post office will make every effort to handle the Christmas mails without congestion and delay, but owing to the enormous volume this can be done only with the cooperation of the public. Compliance with the following suggestions will greatly aid the post office and insure prompt handling of your mail," the postmaster said.

"During the holiday time the volume of mail increases approximately 200 per cent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas day, the public should shop and mail early. Do your Christmas shopping so that you can mail your gifts, greetings, and letters to relatives, friends, and loved ones at least a week or 10 days before Christmas, according to the distance. This will not only make it certain that they are received on or before Christmas day, but will be a great aid to your postal service and to the postal employees and enable them to spend Christmas day with their families.

"Patrons sending a quantity of Christmas cards, say 10 or more, should prepare and mail them two or three weeks in advance, as millions are mailed and they can not possibly be handled and delivered if mailed only two or three days before Christmas. To avoid this, patrons may mail their cards two or three weeks before Christmas, if delivered to the post office or postal station in person, or tied together in a bundle, labeled to show that they are Christmas cards, and deposited in a street letter or package box. They will then be segregated, stamped with the date on which to be delivered and delivery effected one of two days before Christmas.

"Christmas cards and gifts addressed to points within one day's travel should be mailed in no event later than Dec. 20; within two days' travel not later than Dec. 18; within three days' travel, not later than Dec. 16; for more distant points, not later than Dec. 14. Parcels and cards for local delivery should be mailed not later than Dec. 21. Parcels

"The use of a special delivery stamp will assure delivery on Christmas day, if mailed at the proper time. Special delivery service means the handling and transportation of parcels with the same expedition as first-class letter mail, as well as the immediate delivery at office of address. It is obtained by affixing a special delivery stamp of the proper denomination, or its equivalent in ordinary stamps, in addition to the regular postage. When ordinary stamps are used the words, "special delivery" must be written or printed directly below, but not on the stamps. It is urged that all mailers desiring immediate delivery of any matter mailed by them affix special delivery stamps there to. Special delivery is for speed and not for safety."

The Avenging Parrot Service, Inc. 1929 by NEA. Anne Austin, author of "The Black Pigeon," "Rival Wives," etc. THIS HAS HAPPENED MRS. EMMA HOGARTH is strangled to death in her room on the second floor of Mrs. RHODES' boarding house, where she was confined because of her "trouble." Rhodessa, who had her will frequently changed to name a new favorite among the boarders, was the one who did it. BONNIE DUNDIE, young detective, and his chief, LIEUT. STRAWN, in their investigation, immediately suspect a former boarder, EMIL SEVIER, who, he fears, left town that night on the one o'clock train. A doctor next door reports having seen a man running down the alley about 12:10. The doctor hid behind a screen, takes notes as Strawn quizzes the boarders. HENRY DUNDIE, secretary of work, insists he was in his room all evening and heard nothing of the disappearance of Mrs. Hogarth's parrot. "OH! PAIGE," she tells of her date with another boarder, HENRY BLAZIER, a newspaper writer, of how he failed to appear and her return to the house to hear him whistling at 12:10. She explains her hand-dressed hand by saying it is an electric iron burn. When Strawn demands to know why Mrs. Hogarth had her date with the "devil made love to her but she never knew it," she tells of her "trouble." MR. and MRS. SHARP are brought to the house. Sharp is dressed to catch a train, saying she is going to her boy who is in trouble in nearby village today. They tell of seeing WALTER PAIGE go to Mrs. Hogarth's door. Mrs. Hogarth's anger with Styles and later of her suspicious disappearance from the second floor bath. Norma is brought in, and later of her "trouble." NOW GO ON WITH THE STORY CHAPTER XIV "YOU have no right to make such insinuations against Walter Styles!" Norma flamed. "He was only thinking of me—of my reputation in a gossip boarding house. If anyone had discovered I was in Walter's room, so late at night, dressed as I was—" "You did enter his room then?" Strawn interrupted, his voice gentle and placating again. "Yes, I did! We could hardly talk in the hall, with me crying as I was. But we left the door slightly ajar, and stood near it. We did not sit down the whole time. I told him, because he urged me to. Just what Mrs. Hogarth had said, about his asking her to lend him money for his business, and—and her wager that he wouldn't want to marry me after she had cut me out of her will—" "And your fiance was very angry, of course?" "Of course!" Norma agreed vehemently, then gasped as she realized the trend of the question. "He was certainly justified in being angry at Mrs. Hogarth's misunderstanding of his motives—" "And he went to have a little quiet talk with her, to set her straight on his motives—Wait, Miss Paige! He crawled out of his window and walked along the upstairs porch to Mrs. Hogarth's room, entering by her window—" "He did so such thing!" the girl almost screamed. "He didn't leave me for a single minute! We stood right by the door, talking in whispers. I don't know just how long we talked, but we both saw Mrs. Sharp go to the bathroom. She knocked and called my name, but of course I didn't answer, and she opened the door and went in. She must have seen my towel and soap there, for she went to my room then and knocked. Then she went back to the bathroom and took her bath, or I suppose she did, for she was in there long enough to bathe. "We heard her turn the water on

PORT-AU-PRINCE, Haiti, Dec. 10. (AP)—Haiti resumed its normal aspect today confident there would be no continuance of week-end rioting which cost lives of five natives and more than a score of wounded.

President Louis Borno issued a manifesto charging ambitious persons wishing a change in the government had caused the disorders. He praised the American forces for the manner in which they performed their duties under the treaty with Haiti.

The president charged these "ambitious persons" worked principally among students of the country spreading disquiet and unrest, exploiting through equivocal contrivances the ardent and generous feeling of youth.

CHICAGO GRAIN HIGHER CHICAGO, Dec. 10. (AP)—Argentine reports of stormy weather and of resulting crop damage led to early higher prices here for wheat.

Opening at 1-8 to 3-4 advance, wheat afterward showed further gains, but also dipped to below yesterday's finish. Corn and oats were firmer, with corn starting 1-2@3-8 off to 1-2c up, and subsequently rising all around. Provisions inclined downward.

Trial Is Postponed LAGRANGE, Dec. 10. (AP)—Third trial of M. K. Simmons, former San Patricio county game warden, for the slaying of Bud Stoner in 1926 will not be held until the May term of court. Judge Jeffrey granted a defense motion for a continuance because of the absence of material witnesses.

CHICAGO BROKER BARELY ESCAPES IN BOMB PLOT

CHICAGO, Dec. 10. (AP)—Both the Lake Forest home of James Norris, broker, and the \$7,000,000 Chicago stadium on the West Side were under police guard today, the result of an unsuccessful attempt to bomb Norris' home Sunday.

Norris is a stockholder in the stadium corporation. A dynamite bomb, its fuse half burned, was found by the Norris butler under the dining table just as the Norris family was about to sit down to Sunday dinner. The fuse had been extinguished, apparently by the brushing of a curtain, blown against it.

News of the attempted bombing was not divulged, but both police and private detectives were called in. Five officers patrolled the Norris estate last night, and a special police detail was assigned to the stadium in the belief the attempt upon Norris' life may have had some connection with recent activities of the stadium directors.

Police said the bomb was placed by some one who found the dining room window conveniently unlocked. The bomber's failure to close the window defeated the attempt. Had the bomb exploded, police said it would have killed all in the room and have wrecked the house.

Perfumed Slugger Finally Arrested

SEATTLE, Wash., Dec. 10. (AP)—The county prosecutor's office announced here today it had reports in its files of attacks on more than twenty Seattle and Tacoma girls by Lloyd Fathers, arrested in Janesville, Wis., and identified by photographs as the "Perfumed Slugger" who terrorized residential districts of the two cities here for months.

A charge accused Fathers with attacking Roby Mayo, 19, Seattle high school girl, in her home on October 15, 1929. The attacker gained his name because he was invariably reeking with cheap perfume. He always carried a pistol and blackjack, and in each instance would frighten his victims into silence after stealing upon them.

The police said they knew of two cases in which he fired on his victims. In the first, he escaped after firing several times at John Kidneigh, brother of Evelyn Kidneigh, an intended victim. In the second, he shot Miss Grace Bonett in the foot when she screamed.

OPPOSITION TO WORLD COURT IS TAKING SHAPE

WASHINGTON, Dec. 10. (AP)—Opposition to the new plan for American entry into the world court as determined as that which met the original proposal for the adherence of the Washington government is developing in the senate.

The senators who three years ago voted against the United States becoming allied with the international tribunal, even under reservations, is apparently as much dissatisfied with the new arrangement as it was with the old.

How much of a factor in the senate's final vote this opposition will be remains to be determined, but notice has been given by the group that modification of the court's rules of procedure, affected in an effort to facilitate American entry, is unacceptable. A new protocol of American adherence was signed yesterday at Geneva on behalf of the Washington government, together with protocols of the statutes of the court and of the revised statutes. It is expected President Hoover will not submit the protocols for ratification until after Secretary Stimson returns from the London naval limitation conference.

Chairman Borah of the foreign relations committee, Senator Johnson of California, ranking Republican on the committee, and Senator Moses of New Hampshire have expressed outspoken opposition to the new arrangement. They were prominent in the fight against participation three years ago.

Was Down in Bed for Four Months

"When a medicine takes a man who's been in bed for four months and puts him on his feet feeling better than in years, it's bound to be wonderful. That's what Sargon did for me."

EDWARD GEBHART

"Two years ago my health began to give away. My digestion got so bad I could hardly eat a thing and I lost weight and strength until I had to quit work. Then rheumatism and neuritis set in and put me in bed almost helpless. I spent hundreds of dollars but got no better."

"I finally began Sargon and it helped me from the first day. It straightened out my digestion and I began to eat anything I wanted. Sargon Pills got my liver working right and rid my system of poisons. In less than two weeks I was out of bed and every pain from rheumatism and neuritis was gone. I've gained ten pounds, and can just feel myself tingle with new blood, strength and vitality. Sargon's the finest medicine on earth."—Edward Gebhart, 25 N. Olympic St., Tulsa. Hemphill Farmer Will Sell Jerseys

Paul Witt, Hemphill county farmer who some time ago announced a sale of 30 head of high class Jersey cows, has written The News that on account of bad weather he was unable to hold this sale as scheduled. The sale has been postponed to Dec. 17. At that time Mr. Witt will offer 15 or more young Jersey cows and heavy springing heifers which are said to be choice animals. He also will sell two registered Poland China boars and five registered Poland China gilts. The Witt farm is located 10 miles southwest of Canadian on the Canadian-Moebette highway.
