CLOVIS FEUD FLARES-TWO DEAD

SENATOR E. B. MAYFIELD ANNOUNCES FOR GOVERNOR TEXAS SHERIFF AND DEPUTIES ARE ARRESTED IN BIG RAID

PRO OFFICIALS CHARGE MANY AT RICHMOND

Thirty Federal Men of Many Cities in Big Move 'MUD ALLEY' IS BEING CLEARED Conspiracy Is Alleged to Have Been Uncovered

HOUSTON, Jan. 18. (AP)—Seventeen persons, including Sheriff H. Wyatt Collins of Fort Bend county, his jailor and four deputy sheriffs, were arrested tonight when a squad of 30 federal agents swooped down on Richmond 40 miles from here, and made 11 simultaneous raids on alleged resorts in "mud alley."

The raid was characterized by federal prohibition enforcement officers and attaches of the United States district attorney's office here as one of the most important ever made in South Texas. It was led by C. D. Cooper of Fort Worth, prohibition administrator for Texas; Paul Jackson, his assistant, also of Fort Worth, and Raymond Wisheart, assistant United States district attorney here, who for the past month has been directing activities of investigating officers.

The officers gathered in Houston early tonight and planned the raid. When they reached Richmond they separated into eleven groups and the raids were staged simultaneously. Those arrested were charged today.

(See SHERIFF, page 6.)

Pickett Contract on Assessments of Oil Renewed

The commissioners renewed the county's contract with Thos. Y. Pickett & company of Dallas to assess the oil properties of Gray county for the years of 1930 and 1931 at a special meeting Saturday afternoon.

The assessing company will receive four cents on each \$100 valuation on oil field properties only, up to and not exceeding \$30,000.00, and 3 1-2 cents on each \$100 exceeding thirty millions. Those voting to renew the contract were Thos. E. Kirby, Lewis O. Cox, and M. M. Newman. John R. White was absent, and Judge Ivy E. Duncan did not vote, since he is not required to unless there is a tie. However, he stated at the meeting of the commissioners Tuesday that he was unalterably opposed to renewing the contract because he believes the assessing percentage is too large. He favored a per diem basis or a graduated scale, reducing their percentage as the amount of taxes increased. He said he would not favor paying any tax experts over \$4,000 per annum for assessing the properties.

A representative of the Pickett company stated that his company would cancel the contract at any time he did not have the unanimous support of all the commissioners. He said that should the legislature at the coming special session pass a law prohibiting the counties from employing tax experts on a percentage basis, his company would void the contract if the commissioners desired it. Judge Duncan declared Tuesday that such an act could not cancel a contract made under an existing law.

The county judge opposed renewal of the contract, he said, because the amount for assessing is paid out of the general fund of the county and continually keeps that fund depleted. Last year the Pickett company received \$7,500 from the county for assessing the oil properties, and \$3,500 for assessing oil properties of independent school districts in Gray county.

ELMORE LUCY IS TO SPEAK TODAY

"Leaves from the Scrapbook of Life" is the title of Thos. Elmore Lucy's unique program to be given at the Methodist church this evening at 8 o'clock.

The Epworth league sponsored Mr. Lucy's appearance on Friday evening, and on account of the severe weather preventing the attendance of many who were anxious to hear him, he was induced to remain over for Sunday. It is the custom of this church to make no admission charge to any function held in the main auditorium, but a silver offering is taken when a special attraction appears. The program has been given throughout the United States and Canada, as well as in Australia, Europe, the British Isles, the Orient, Mexico and Central America.

Mr. Lucy's versatility is an outstanding feature of his platform and radio work. Following a brief program at WDAG yesterday morning there came a number of messages of congratulation, a number of Pampa folk being among the listeners-in. This evening he will impersonate a number of notables in history in full costume, such as Lincoln, Lee, Washington, King David, and others, many of his original humorous characterizations, and draw lightning crayon sketches, illustrating sacred songs of the Bible. The program has been presented at three-figure fees on the chautauqua platform.

The audience last night greatly enjoyed his lightning character portrayals in "The Dawn of Democracy," a proven costumed feature, as well as the crayon-illustrated song, "The Holy City," and the many local humorous quips, one of the hits being a portrait of Rev. James Todd. The musical accompaniments were capably played by Mrs. T. W. Brabham.

Mr. Lucy will occupy the pulpit at the First Christian church this morning at 11 o'clock.

JOHN BRADLEY NOW CANDIDATE FOR TREASURER

John I. Bradley, well known resident of Pampa, has announced as a candidate for county treasurer, subject to the action of the July Democratic primary.

He is a disabled world war veteran, who served with the American forces in France for eighteen months.

He has been active in the American Legion since its organization, and recently resigned as adjutant of the Kerley-Crossman post.

Having had wide experience in book-keeping and accounting, Mr. Bradley feels that he is qualified to hold the office.

He is anxious to discuss his candidacy with his friends, and he desires to meet all the citizens of Gray county. He states that if elected he would run the office in a business-like manner, and would take pleasure in serving the citizens of the county in a courteous way.

FARRISH HAS BILL

AUSTIN, Jan. 18. (AP)—Senator Pink L. Parrish of Lubbock said today that he planned to present a bill to the special legislative session permitting the payment of county commissioners out of the road and bridge fund.

HIGHWAY BOND PLAN GETS NO ENDORSEMENT

Elective Road Body Is Favored in His Platform

IDEAS GIVEN ON PRISON PROBLEM

Hopes Oil Well to Pay for Fine Penal System

AUSTIN, Jan. 18. (AP)—Declaring for an elective highway commission, against an enormous state bond issue for building highways, for a modern penitentiary system on a site owned by the state and advocating substitution of other methods of obtaining revenue than through an ad valorem levy, former United States Senator Earle B. Mayfield announced his candidacy for governor of Texas today.

Mr. Mayfield has been a familiar figure in Texas politics for many years, having served on the railroad commission prior to going to the national congress. He was in the senate for one term of six years.

He said he "indulged the hope that prejudice and malice, spite and envy, hatred and jealousy may take refuge in the forgotten incidents of the past and that the campaign may be confined to a discussion of those problems that so vitally concern the welfare and happiness of our people."

Sees Oil-Built Prison "The state owns 80,000 acres of prison land, a large part of which is as fertile as the valley of the Nile, and we should think a long while before disposing of our penitentiary lands," he said.

Declaring that in 1927 the Humble Oil company had brought in its first oil well "within sight of the Imperial farm," owned by the state as prison property, he said that in his opinion there is enough oil under this farm "to build the most modern prison system in the United States."

Corpus Christi Is at Top of Week's Builders in Texas

DALLAS, Jan. 18. (AP)—Corpus Christi with \$184,300 led Texas cities this week in building permits. This amount increased the southern city's total for the year to \$269,862.

Table with columns: CITY, WEEK, YEAR. Lists cities like Amarillo, Austin, Beaumont, Port Worth, Dallas, Galveston, Lubbock, Port Arthur, San Angelo, San Antonio, Houston, Waco, Wichita Falls with their respective weekly and yearly permit values.

Home Demonstration and County Agents Will Be Sent Here Soon

That Gray county will have an agricultural and a home demonstration agent by or soon after February 1 is indicated in letters received here. District agents of both branches of the A. & M. extension work have written that state aid is now available, and that the personnel remained to be chosen. John R. Edmonds of College Station, agent for this district, believes that he may be able to send a man here by February 1. He will accompany the agent and assist in mapping out plans for spring and summer work. He said notifications that Gray county was ready to begin work had been received. Miss Minnie Mae Grubbs, district home demonstration agent, wrote last week that she was considering prospective agents and would bring the best obtainable to Gray county. Office quarters will have to be secured for the workers, although they will doubtless be stationed at the new courthouse when it is completed.

YOUTHFUL BANDIT IS DEAD AND ANOTHER IS UNDER ARREST AFTER ROBBERY OF KEMP NATIONAL BANK

Body of Ervin Bodalek Found Following Battle With Posse—Wounded, He Had Committed Suicide—George Wheeler Admits Details of Raid Friday.

KAUFMAN, Jan. 18. (AP)—Death and arrest was the aftermath of the robbery of the First National bank at Kemp yesterday afternoon.

The body of Ervin Bodalek, one of the two young men charged with the robbery earlier in the day, was found today in a wooded pasture near mudduck's lake. He had died of bullet wounds, the freshest one self-inflicted. A short note was found by the body, saying the youth was taking his own life.

George Wheeler, former Kaufman high school student, was in jail here, charged with robbery with firearms. In a statement to officers he said that Bodalek was his companion, and the charges were placed before officers knew Bodalek was dead.

The body was found near the spot where the bandits abandoned their car yesterday when pursued by a citizens' posse.

Immediately after news of the robbery spread the posse was formed. About dusk Bodalek was located in the woods and ordered to surrender. He opened fire and his shots were returned.

Not knowing they had wounded him, members of the posse gave up the search when night fell. Early this morning they returned to the place and found a trail of blood leading to the body. The note was in his hand, frozen rigid by the zero weather.

Wheeler was captured by Sheriff Adams a short time after the robbery. He is the son of J. N. Wheeler, former county agent of this county. Both youths attended public school here. Wheeler had been married only a short time.

BAPTIST LEADERS FROM LARGE TERRITORY COMING TOMORROW TO DISTRICT 10 ANNUAL BUDGET RALLY

Baptist ministers and lay leaders from seventeen Panhandle counties are expected here for the annual budget rally of District ten of the Texas Baptist convention, which will open at the First Baptist church at 7 o'clock tomorrow evening and continue until 4 o'clock Monday afternoon.

The Rev. E. T. Miller of Memphis, district chairman, and the Rev. D. H. Truhitte pastor of the host church, have estimated the attendance will be between 150 and 200 persons.

Members of the local congregation will open their homes to the visitors, furnishing them lodging for their one night in the city and breakfast the following morning. Mrs. T. H. Barnard and Mrs. G. C. Stark are in charge of reservations and assignments. A luncheon will be served at the church Tuesday noon by the Women's Missionary union. Chairmen of the four circles will be in charge.

Budgeting plans and methods, as applied to both local finances and the central or united work of the state Baptist organization, will occupy all sessions. Pastors, missionary ministers, Sunday school superintendents, B. Y. F. U. directors, church secretaries, and presidents of women's missionary societies have been sent en masse.

Oklahoma Lawyer Gets Prison Term in Poison Plot

NEWKIRK, Okla., Jan. 18. (AP)—Francis C. Hyde, young Ponca City attorney, found guilty last Saturday of administering poison with intent to kill, to Samuel C. Collins, his former employer, today was sentenced to 15 years in the penitentiary by Judge W. E. Rice.

Hyde was convicted after a sensational trial in which the prosecution introduced testimony tending to show that Hyde had concocted several alleged plots against Collins' life before becoming involved in the poison episode. He was charged with giving Collins a drink of soda pop last summer, in which poison had been placed.

THE WEATHER VANE

OKLAHOMA AND WEST TEXAS: Mostly cloudy Sunday and Monday, becoming unsettled with snow flurries probable in north and rain in south portion by Monday; colder Monday or Monday night.

PAMPA AND RAIL LINE REMAIN IN "WAR"

Belief that Pampa and the Fort Worth and Denver railway company have "a fifty-fifty chance" to secure the branch line from Childress to Pampa when the hearing is held before the Interstate Commerce Commission was expressed at the B. C. D. Chamber of Commerce luncheon by Charles C. Cook, city attorney Friday.

Mr. Cook reported Pampa's exception to Examiner Sullivan's report has been filed, and that he believes the I. C. C. will call for oral arguments some time in February. Because civic bodies of Wichita Falls and Childress did not file briefs for the road, they will not be permitted to file exceptions to the examiner's reports, and the fight for the road before the I. C. C. has been left to Pampa and the Denver, he said. Sullivan's unfavorable report was due in a measure to the failure of Childress and Wichita Falls to file briefs, Mr. Cook said.

Emphasizing the obvious inconsistencies in Mr. Sullivan's report in the oral arguments will have weight with the commission, Mr. Cook believes. He said it is apparent that the Santa Fe wishes to build the 8-mile line from Pampa to LeFors to block the Denver's plan.

The outstanding paradox in Mr. Sullivan's report was that the examiner recommended the Heaton-LeFors branch for the same reason that he did not favor the Pampa-Childress route, Mr. Cook pointed out. Sullivan said that LeFors needed the Santa Fe branch in order to provide transportation of petroleum products, and that LeFors does not need the Denver road because the small quantity of products would not justify the building of a railroad and trucks provided sufficient transportation.

Highway 41 Plan to Be Heard in Austin Monday

Representatives of cities and organizations along the route of Oilfield Highway 41 are en route to Austin today to appear before the state highway commission with the proposition that Texas designate and maintain the sector from the Wheeler county line through this territory to the Oklahoma line in Dallam county.

F. P. Reid, president of the Highway 41 association, left for Austin yesterday, and he will be followed today by County Judge Ivy E. Duncan and Commissioner M. M. Newman. Mr. Newman also has business in Austin relating to Highway 66.

The highway commission several days ago notified Mr. Reid that his delegation would be received January 20. Numerous state legislators have interested themselves in the proposition, and it is expected that a sympathetic hearing will be given.

Highway 41 has been developed by the association over a period of nearly two years, and will be in fair condition when the delegates ask the state to accept it. State designation has been one of the goals of the association.

B. C. D. Members and Business Men Will Visit in Neighboring Cities

Informal visiting by local citizens will be started tomorrow, when a delegation will attend the annual banquet of the Shamrock Chamber of Commerce.

On Tuesday evening another delegation will go to McLean to attend the annual meeting there. The Memphis chamber also will likely have several Pampa guests on the same evening. A few days later Wheeler will have his annual Chamber of Commerce meeting, and Clarendon's event will be Jan. 28.

STREET FIGHT IS SENSATION

G. C. Bohannon and Youngest Son Are Victims

V. TATE SPIRITED AWAY FOR SAFETY

Killer's Son Was Slain Several Years Ago by a Bohannon

CLOVIS, N. M., Jan. 18. (AP)—Pandemonium reigned in crowded main street of Clovis late today when a long standing feud between the Tates and Bohannans flared into open warfare in front of the Citizens' bank, resulting in slaying in death to two of the Bohannon family, the death of two of the Bohannon, 55, and his youngest son, Carl Bohannon, 19.

Passersby on the street dropped to the sidewalk as the shooting started and others dived into doorways and crouched inside automobiles.

V. Tate, Curry county auctioneer, who wielded the gun, was taken by officers out of town for safety, and every available officer in Clovis was placed on vigil fearing that the trouble was not yet over.

The long standing deference between Tate and the Bohannon family, composed of the father and seven sons, was reopened Thursday evening when four of the Bohannon boys gave Tate a severe beating in a fight at Grater, fifteen miles west of Clovis. Following that fight, Tate went to his home, got a gun, returned and quarreled with Louis Bohannon. They fought and Tate fired three shots at him, one of which clipped off three fingers of Louis' right hand. Tate was arrested on a charge of assault with intent to kill, but yesterday was released on bond.

The feud started several years ago.

Production of Gray County Is Still Declining

Production tightened down still more this week as Gray county's oil production declined 4,926 barrels. The production the previous week was 87,871 barrels, compared with 82,945 barrels of this week.

The new production of the week amounted to a first flow of 405 barrels from Texas company's No. 15 G. H. Saunders in section 3, block 1, Quilman et al.'s No. 1 Barrett in section 131, block 3, made 17 million feet of gas at 2,900-25 feet.

Daily production of every county in the Panhandle except Wheeler decreased during the week. Blizzards in this section aided in prorating the fields and curtailing developments, and although drilling has started on many new locations, and many wells were about ready to be drilled in the severe weather acted as a umpire and shut many of the wells down. Many field reports read "frozen water lines." The biggest oil development of the week was the big price cut in Gray county crude oil by Humble and Magnolia companies. Wells and their production compared with the previous week follow:

- Catson—191 wells producing 9,193 barrels, a loss of 293 barrels. Gray—509 wells producing 82,945 barrels, a loss of 4,926 barrels. Hutchinson—978 wells producing 24,711 barrels, a decrease of 1,016 barrels. Moore—19 wells producing 868 barrels, a loss of 20 barrels. Wheeler—38 wells producing 613 barrels, a gain of 35 barrels. Total—1,740 wells producing 88,130 barrels, a loss of 6,169 barrels.

IT HAS BEEN COLD: WE WON'T DENY IT. BUT WE HAVE BEEN IN THESE PARTS SINCE 1906 AND WE ARE NOT READY TO ADMIT THAT WE HAVE NOT SEEN WORSE DAYS THAN FRIDAY.

We have seen it so cold cattle froze to death on their feet and hogs bedded too close together and smothered. We have seen steers drive with the blizzard and tear down fences. We have known of men to become lost walking not over two miles and freezing to death. We have seen it snow ten inches and blow every bit of it, instead of whipping a 3-inch fall about.

No, we are not ready to admit that it was the worst blizzard "in 20 years". As a matter of fact, we believe that mild winters of the last decade have made even oldtimers forget how northers used to blow up nearly every Saturday night in the Panhandle, and how the wind used to howl and whistle with zero weather in its grasp. However, we have no desire for a recurrence of oldtime severity, and we admit that it was seldom below minus-10.

We recall, moreover, that the oldtimers always pointed back to the '80s and '90s as having been more bitter.

**POVERTY, SUFFERING, AND DIRE DANGER TURN PEOPLE INTO BEASTS, JUST AS GREAT WEALTH TENDS TO BREAK DOWN THE MORAL FIBER OF SOME.**

Cannibalism has broken out in famine-stricken portions of China. Over-populated, China now witnesses her pitiful citizens eating each other—starving wretches sharing their meal of human flesh with the skeleton-like dogs which fall upon the dead.

Anywhere else, almost, this would be an international catastrophe. But China has starving millions. She has, furthermore, given foreigners much trouble. Her war lords continue to make cannon fodder of her manhood. It is hard for China now to be taken seriously; to transfer her woes to the minds and hearts of people across the sea.

China should have aid, of course, yet there is little concern over how quick she gets it. Whether the fact will tend to make her more liberal or will harden the attitude of her masses is hard to say. Chances are that the starving thousands will pounce upon the aid that the missionaries provide, and scream for more. Christendom's compacency will not make the missionaries' work any easier.

## Cattle Losses Found to Be Heavy as Texans Estimate Blizzard Toll

(By the Associated Press)  
 Texas Saturday took toll of the most severe cold wave this southern state has known since 1899.

At least two deaths, several critically ill from exposure, hundreds of cattle frozen to death, garden truck crops and citrus fruits damaged in the Rio Grande valley, grain crops hurt, roads blocked by snow in the Panhandle, snapped telephone circuits, and delayed traffic over the state were disclosed in a preliminary check.

Deaths of F. A. Park from automobile injuries and exposure, and C. E. King, 81, frozen to death in his cabin in the Texas Panhandle, previously were reported.

A five-week-old infant came near freezing to death at his home in Nacogdoches this morning. He had kicked off his covers. When his parents, Mr. and Mrs. Paul Whitaker, went to the baby's room, he was stiff from the cold, and was revived only after a physician had worked over him for an hour.

Death from freezing or starvation faced several families who went to

Among those who have been watching the weather forecasts are several persons wondering when it would warm up enough for them to get hair cuts. But since this is supposed to be a bad winter, said gentlemen perhaps should join the House of David and go unshorn.

Still, their prospects are considerably better than those of the Rice Institute students who have resolved not to shave until the Owls have won two basketball games.

They are making soundless slippers for movie stars, but small folk should know that the new vogue can still be used for purposes of chastisement.

Heard: Many car owners boasting that their favorite vehicles will still start on these sub-zero mornings. They should remember, however, that we may still have several icy day-breaks, and the day cometh when no car will start every morning without fail.

Prohibition will never have a fair trial until we have more and better trials of those who seek to get rich from its violations.

A few hardy souls have tried ice skating lately, but most folk found they fell down often enough without help of mechanical devices.

Parrots are in bad repute, and the disease menace promises to be even more serious than the bird's notorious attitude for remembering naughty words.

Heard: A local man says that when his feet got cold he was cold all over, but that with his feet warm he was very comfortable. He is right; we saw those feet.

Shamrock in hopes of obtaining work but found none.

Firemen in Houston, fighting a blaze in near zero weather, had to be thawed out. Their clothes had frozen to them. A railroad lineman was in a critical condition at Wortham after working all night repairing lines in sub-zero temperatures. A negro at Corsicana was critically ill from exposure, paralyzed from the waist down.

Unlike previous cold spells of the winter, no automobile accidents were reported. Precipitation was slight except in the Panhandle, where snow which has covered the ground for several days was piled high in drifts. This section, according to advices from the highway commission, had almost impassable roads.

Cattle losses were reported from points as widely separated as Wichita Falls, Beaumont, and Abilene, but the extent was not ascertained. Neither was the exact amount of damage done to Rio Grande valley truck gardens known, although the loss was believed great, especially to the tomato and cabbage crops. Gardeners said, however, that all frozen crops would be replanted in time for the spring market. The citrus belt suffered some damage to fruit still on trees, but unless another cold wave hits this section Saturday night the loss was expected to be nominal.

One of the unusual phenomena of the cold was the freezing of many bodies of water which had never frozen before. The waters of Galveston and San Jacinto bays were frozen several hundred feet along the edges and great slabs of ice were in the channels.

Social Calendar

Monday The scholarship committee of the A. A. U. W. and College club will meet at the home of Mrs. T. D. Hughey to determine conditions of the award of the 1930 scholarship fund. The study club of the A. A. U. W. and College club will meet at 3 o'clock in the women's parlor of the First Methodist church. A new president is to be elected, and Mrs. J. W. Smith, retiring officer, requests the presence of all members. Tuesday The Order of the Rainbow will hold initiatory services at the Masonic hall at 7:30 o'clock. All members of the Order of the Eastern Star and Masonic orders are cordially invited to be present. The Pythian Sisters will hold a regular meeting in the Odd Fellows hall at 2:30 o'clock. Mrs. Guy Manning and Mrs. Floyd Bennett will be hostesses to members of Kongvial Kord Klub and their husbands at the Pampa Drug store tea room at an evening bridge. Amuse bridge club will meet at 2:30 o'clock in the home of Mrs. Edwin V. cars. Wednesday The Altar society of Holy Souls church will meet at 2:30 o'clock in the home of Mrs. Dan Gribbon at Kingsmill, where Mrs. Hampton Waddell will be co-hostess. A meeting of the executive board of the Methodist Women's Missionary society will be held at the church at 2:30 o'clock. Friday Child Study club will meet in Mrs. Lee Harrah's home at 2:30 o'clock. Miscellaneous Tickets for the founders' day banquet to be given Friday evening by the A. A. U. W. and College club are on sale at Pampa Drug store No. 1 and Fathesse Drug store No. 4. Members are requested to buy their tickets before Tuesday night. Mrs. W. R. Campbell, telephone 111, and Mrs. Lee Harrah, 76-J, are in charge of reservations. Miss Christine Campbell, teacher in Groom high school, is spending the week-end here with her parents, Mr. and Mrs. R. C. Campbell. Mr. and Mrs. J. M. Turner and daughter, Joyce Elaine, are to visit Mrs. Turner's parents in Wheeler today.

Mrs. Mel Davis Opens Home for Bridge Teas With Two Co-Hostesses

At two delightful bridge parties in the home of Mrs. Mel Davis, Cook-Adams addition, Mrs. Davis, Mrs. P. M. Culbertson, and Mrs. Floyd A. Smith entertained a hundred friends this week-end, arranging eleven tables on Friday afternoon and twelve on Saturday afternoon, and having on each occasion a number of guests in addition to the players for the tea hour. A profusion of cut flowers arranged to create an atmosphere of springtime made the beautiful house doubly attractive. Flower sprigged card table covers were veiled with organdies of varying pastel shades, and when tea was served, each table was centered with a bowl of sweet peas. Embroidered linens were given as favors. Mrs. J. M. McDonald received high score on Friday afternoon, when Mrs. Jesse Shalls made top cut and Mrs. C. M. Carlock, low cut. Mrs. Earl Scheig played high yesterday afternoon, and Mrs. R. A. Webb and Mrs. Paul Kasishke were fortunate in the cuts.

President

—Photo by Fred's Studio. Mrs. O. H. Gilstrap, above, is superintendent of the Cradle Roll department of the First Baptist church, and president of the Cradle Roll club, which is composed of officers and teachers of the department. Under her administration the club has furnished and decorated the departmental rooms very attractively. She was recently re-elected superintendent.

Terms of 1930 University and College Club Scholarship Award Will Be Determined Monday Night

Miss Fannie Florence Sims, scholarship and fellowship chairman of the Pampa branch of American Association of University Women and College club, has called her committee of 52 members to convene at 7:30 o'clock tomorrow evening at the home of Mrs. H. B. Hughey, for the purpose of settling terms of the award of the club's \$500 scholarship fund. She requested that every member keep the date open for the meeting. The committee is as follows: Mrs. C. C. Cook, Mrs. Roy Wiley, Mrs. Henry Thut, Jr., Mrs. L. L. Sone, Mrs. H. E. Marbaugh, Mrs. R. A. Webb, Mrs. Carl Boston, Mrs. T. F. Smalling, Mrs. T. R. Martin, Mrs. H. D. Lewis, Mrs. M. A. Graham, Mrs. Clyde Fathesse, Mrs. H. P. Elliott, Mrs. John I. Bradley, Mrs. F. M. Culbertson.

Mrs. Catherine Wilkerson, Mrs. John L. Peake, Mrs. C. E. Lawrence, Mrs. W. A. Bratton, Mrs. T. E. Simmons, Mrs. H. R. McDonald, Mrs. Olivene Collins, Miss Clarice Fuller, Miss Mildred Stewart, Miss Willette Cole, Miss Dorothy Pollard, Miss Mary Snell, Miss Fannie May, Miss Wilma Behrends, Miss Madeline Turpey, Miss Martha Wolfman, Miss Leah Amend, and Miss Esta Goerner.

Mr. and Mrs. W. A. Wilson Give Dinner Bridge at Schneider

Mr. and Mrs. W. A. Wilson entertained Thursday evening with a dinner-bridge at the Schneider hotel, having as guests the following: Mrs. James Todd, Mr. and Mrs. C. T. Hunkapillar, Mr. and Mrs. Tom E. Rose, Mr. and Mrs. Ivy E. Duncan, Mr. and Mrs. Ray Wilson, Mr. and Mrs. J. D. Sugg, Mr. and Mrs. R. W. Mitchell, Mr. and Mrs. C. M. Bryson, Mr. and Mrs. Sanders, Jack and Walter Wilson, Jr. A centerpiece of pink carnations and fern and tall pink tapers lent an attractive color note to the long table at

Mrs. W. E. Coffee Is Hostess Friday Evening to London Bridge Club

Mrs. W. E. Coffee was hostess on Friday evening to London bridge club, entertaining eight members at her home. Accessories for the game featured a cheery color theme of red and white, and the individual scores were kept on Valentines. Mrs. H. W. Johns made the high score in five games, and received a boudoir-pillow in pastel shades. Mrs. P. O. Sanders was consoled for low score with a pair of attractive curtain tie-backs. Top cut was made by Mrs. Porter Malone, whose favor was a Colonial boudoir doll. Players other than those named were: Mrs. Clarence Barrett, Mrs. J. D. Sugg, Mrs. W. T. Fraser, Mrs. I. B. Hughey, and the hostess. A salad course was served at the conclusion of the playing.

which a three course dinner was served. In the games following Mrs. Sugg and Mr. Hunkapillar made the high scores. Mrs. Sugg was presented an attractive telephone memorandum, and Mr. Hunkapillar a nest of ash trays. There are 600 varieties of seaweed in Japan. A 40-year-old doctor of Torquay, England, broke three ribs in a fit of coughing.

Delegate

—Photo by Fred's Studio. Mrs. Wm. M. Croven, above, is a delegate to the annual convocation of the Northwest Texas Episcopal diocese, which opens in Amarillo today. She is serving as representative of the local Women's auxiliary of the Episcopal church, of which she is president.

Dress Rehearsal for Historical Revue Set for Tomorrow Evening

Dress rehearsal for "The Progress of the Texas Panhandle" a revue which will be staged at the founders' day banquet of the Pampa branch of American Association of University Women and College club next Friday night, is to be held at 7 o'clock tomorrow evening, according to the announcement from Harold White, director. It is expected that the striking array of costumes for principals and choruses will be completed by that time.

The men's chorus, which is being coached by Mrs. Lynn Boyd, will practice at 3 o'clock this afternoon at the Old Baptist church building, above the present courthouse. Mr. White invited all men of the city who enjoy singing to join the group, appearing at the meeting this afternoon. Costumes for the performance are to be furnished by the club.

Officers of Amarillo Presbyterian to Meet With Local Auxiliary

Mrs. A. S. Aldridge, president of the Amarillo Presbyterian, and Mrs. O. R. Hoken, treasurer of the district organizations, will speak Wednesday afternoon to the Women's auxiliary of the Presbyterian church, at a meeting in the home of Mrs. V. E. Fathesse, both are residents of Amarillo.

Mrs. Jim White, president of the local auxiliary, said that while the district officers had not made known the subjects upon which they would speak it was certain their addresses would be upon topics of major interest to the members. The program will open at 3 o'clock.

Business and Social Meeting of Friendship Class Held Thursday

Mrs. O. W. Ferguson and Mrs. Fred Gary were hostesses to other members of the Friendship class of the Methodist Sunday school on Thursday afternoon, when a combined business and social meeting was held in the classroom.

Mrs. C. S. Boston presided during the business session, during which plans were made for a Valentine party and a membership and attendance contest. Dainty refreshments were served.

Members present at the meeting were Mrs. J. D. Sackett, Mrs. Luther Pierson, Mrs. R. D. Morris, Mrs. George Eades, Mrs. Jerry Boston, Mrs. L. A. Seigle, Mrs. Chester Norris, Mrs. Russell Smith, and Mrs. Joe Hodge.

Judge S. D. Stranis is spending the week-end in Dallas.

Now ALL MUST GO

We have sold the store to J. K. Azzam and are sacrificing the entire stock in order that the will of the late Mr. S. Farris may be straightened up and closed. # ANNOUNCING

## A Startling New Idea in Tires

Greater strength without needless weight. A 12% larger cushion of air. Increased mileage with improved Air-Cushion riding comfort. More beauty and style.

The Big Problem in modern tire-making is to gain strength without needless weight—to insure long mileage and real air cushioned riding comfort. For years leading tire manufacturers have sought the answer. Now Federal announces the accomplishment of this scientific feat.

In this new-type Federal Tire, five important engineering improvements produce greater strength with less weight. It is a triumph of finer quality and more scientific balancing of weight over mere brute bulk. Read these five startling features below.

The new-type Federal Tire provides much more air space and more flexibility. You ride on more buoyant air—not on an excess of heavy, inflexible material. Your riding on rough roads is quietly cushioned as a modern tire is supposed to cushion it. You get motor-ing comfort of a new and most enjoyable kind.

Steering, too, is noticeably easier. Acceleration

is more sprightly. Traction is more positive, braking more definite. And practical tests prove a saving of 5 to 7 per cent in gasoline consumption.

### 50,000 Miles and More

Yet this new-type tire insures even greater mileage. The new Federal "DeLuxe", for example, has a life expectancy of 50,000 wonderful miles and more.

You may never use up these 50,000 miles. But you will know that at 25,000 miles or 30,000 miles your Federal DeLuxe will be as safe and dependable as many new tires. Federal quality gives you this margin of safety.

### Of Modern Style and Beauty

The new, easy-riding Federal Tire, in addition to long mileage and air-cushioned riding comfort, offers modern style and dressy appearance. The elimination of needless weight and bulk permits smarter and more harmonious lines. Even the new and exclu-

sive Federal Full-Contact "Rim-wide" Tread, while scientifically designed to give perfect traction and silent running, is more refined.

### "Money-back" Guaranty!

To equip your car with new-type Federal Tires will cost you no more than with any other leading make. Furthermore, you are not asked to accept this radically new development on faith. Every Federal dealer sells new type Federal Tires with this "money-back" guaranty.

"If after 30 days' use you are not fully convinced that these new-type Federal Tires give you more luxurious, air-cushioned riding comfort, better acceleration, easier steering, firmer braking, and the assurance of maximum mileage, return them and your money will be refunded."

See the Federal Agency nearest you for details of this startling new idea in tires. If you do not know the location, write us at once.

## Five New Exclusive Features

- |  |   |  |   |   |
|--|---|--|---|---|
| 1 New Federal "Inlaid" Cord System—A patented and exclusive Federal feature. | 2 New Federal "Multi-Cable" Anchoring Bead—Another outstanding engineering achievement. | 3 New Larger Air Chamber—You ride on a bigger cushion of buoyant air at lower pressure | 4 New Type Federal "Rim Wide" Tread—A radical forward step in modern tread design | 5 New Federal "Cantilever" Sidewalls—Greatly increased flexibility—with longer life |

# CANYON EAGLES CHAMPIONS IN PANHANDLE TOURNAMENT, AND DIMMITT GIRLS' TEAM WINS

PANHANDLE, Jan. 18. (Special)—In a thrilling finish here tonight Canyon high school came from behind to defeat Panhandle, 18 to 15, and win the invitation basketball tournament. The Dimmitt sextet won the girls' division by defeating Panhandle girls 26 to 28. The Canyon team furnished the upset of the tournament by toppling the Amarillo Sandies, 20 to 11, when the latter had a streak of thiracuracy. Twenty-one teams participated in the tournament despite the extremely cold weather.

Trophies were given to the winning teams, and gold basketballs to the all-star selections. The mythical five of the boys in the tournament was selected as follows: R. Cabe, Canyon, and Speck Upham, Panhandle, forwards; McDaniel, Canyon, Center; and Magness, Happy, and Webb of Dimmitt, guards.

The girls' all-star sextet was composed of Elder, Dimmitt, and O'Keefe, Panhandle, forwards; Brooks, Dimmitt, and Creager, Dimmitt, centers; and Hawkins Panhandle and Harp of Dimmitt, guards.

# Panhandle Girls Win Over Pampa Team on Friday

By a margin of a single point, Central high school girls were beaten by the Panhandle girls at the invitation tournament Friday evening, 28-27. One defeat was sufficient to eliminate any team entered.

The Pampa team was scheduled to play the Goodnight sextet, but the latter did not arrive on account of the blizzard.

Ruby Brown, captain and forward, was high scorer for the Pampa girls, and also has made the most points for the team this season. The starting line-up was Brown and Stone, forwards; Fletcher and Thomas, forwards; and Ward and James, guards.

Stone and Fletcher left the game with three personal fouls each, and were replaced by Robinson and Hieskeil.

According to spectators, the Pampa girls played their best game of the season. It was probably the last game the girls will have until the last night of the Pampa tournament, February 1. The opponent of that night has not been selected. The girls will enter the Miami tournament for girls February 21.

# CARDINALS BUY ANOTHER CLUB

ST. LOUIS, Jan. 18. (P)—Purchase of the Greensboro, N. C., club of the Piedmont league, as an addition to the farm holdings of the Cardinals, was announced tonight by Secretary Clarence Lloyd of the Cardinals. Greensboro takes the place of the Fort Wayne club of the central league.

Lafonia Eliminated. COVINGTON, Ky., Jan. 18. (P)—The Kentucky Racing commission met here today and decided to eliminate Lafonia's spring thoroughbred race meeting. The step was a radical departure from Kentucky's spring racing program.

# Chicago Tourney to Begin April 1

CHICAGO, Jan. 18. (P)—For the first time in its 12-year history the annual University of Chicago National Interscholastic basketball championship tournament will be open to private as well as public high schools. The event will be held in Bartlett gymnasium April 1 to 5, inclusive.

Under the plan, academies, denominational, and private institutions which meet University of Chicago eligibility requirements, will be permitted to participate. The winner of the tournament, in the widened scope of competition, will have a powerful claim to the national prep basketball title.

Athen, Texas, high school won the 1929 event, defeating Classen high school of Oklahoma City 25 to 21 in the championship contest.

# 'MULE' WILSON SAYS PRO LIFE IS VERY HARD

BY GAYLE TALBOT, JR. DALLAS, Jan. 18. (P)—The difference between a college football star and a professional star, says Pay "Mule" Wilson, formerly a big touchdown man for the Texas Aggies, is something like 18 months, or, roughly, a year and a half.

Wilson, an All-Southwest conference back not so many years ago, recently returned from the professional gridiron wars. He has been through several campaigns with the New York Giants, and has some first hand information on the brand of football played by the salaried lads.

"Boy, that is football," he said, pushing back a derby and wrapping his spats about a restaurant stool. The emphasis was on the "is." "The pro game takes up where college football leaves off. There's no comparison."

All of which, coming from a fellow who ranks as one of the greatest half-backs ever produced by the Southwest, carries considerable authority. "I don't care how great they were in college. It takes them at least a season and a half to amount to anything in the pro racket," Wilson continued. "It's just like a high school star entering college. He has to learn a lot of football before he's of any value."

Wilson chose Ken Strong, a unanimous All-American choice at New York university two years ago, as an example. Strong was in the same league with the former Aggie Ace during the last season. He didn't gain his length against the Giants, Wilson said.

"You don't see many long runs. Every time you carry the ball you're trying to go through eleven fellows who are just as good, if not better than you are. It's tough when your opponents know every trick in the bag and half the time are thinking ahead of you."

Wilson saw little service in the Giants' backfield during the past season, because of an ankle injury early in the campaign. The only other Texas player in the league was Jake Williams, crack Texas Christian university tackle of 1928.

Although Wilson weighed 190 pounds

# Huge Tire Deal Is Completed Here

Probably the largest automobile tire deal ever made in the Panhandle was closed last week between representatives of the Shook Rubber company, sole distributors for Federal tires, and L. M. Guyer, representing the Texas Garage, Inc., distributors for this territory.

The Federal Tire company is manufacturing an entirely new tire, known as the Federal De Luxe, which promises to revolutionize the tire industry, having an expectancy of fifty thousand miles or more. A full car load shipment is now en route and will be distributed from the Texas garage

here and at White Deer. Purchasers of Federal tires must be satisfied or money will be refunded.

# Mike Dundee to Fight Tomorrow

KANSAS CITY, Jan. 18. (P)—Mike Dundee, featherweight from Rock Island, Ill., and Mickey Cohen, Denver lightweight, will meet in a scheduled 10-round bout here Monday February 3, the opening fight card of 1930.

Before this card is held the Missouri State Boxing commission may begin agitation for 15-round decision fight in the state. At present 10 rounds is the maximum allowed and there must be no official decision.

# Two Professionals and an Amateur Tie for Honors in LaJolla Event

## GENERO WINS OVER BOY IN PARIS BATTLE

PARIS, Jan. 18. (P)—Frankie Genaro of New York, recognized by the National Boxing association as flyweight champion of the world, stopped Youth Trevidic, 18-year-old Britanny youth, in the 12th round of their 15-round title bout here tonight.

The little New Yorker was too clever and too smart for the French youth who took a bad battering from Genaro from start to finish. The veteran gave Trevidic a boxing lesson, cutting him up with sharp lefts to the head and weakening him with heavy rights to the body. The ringside impression was that the French youth was much too young to be rushed into a bout with as experienced a performer as Genaro. Genaro weighed 110 pounds; Trevidic 111.

# Cards Release Hurler to Texas Farm Saturday

ST. LOUIS, Mo., Jan. 18. (P)—The outright release of Pitcher Arthur Reinhart to the Houston club of the Texas league was announced tonight by Clarence Lloyd, secretary of the St. Louis Cardinals. Reinhart was a member of the Cardinal pitching staff when the team won the national league title in 1926.

Baltimore, known as the "Monumental City," was once noted for the number of monuments it contained.

Walter Lindrum record-breaking billiard player confines his liquid diet to a gallon of tea daily.

LAJOLLA, Calif., Jan. 18. (P)—Two professionals, Dick Linares, Tucson, Arizona, and Phil Hart, Wheeling, W. Va., and George Von Elm, Detroit, one of the nations leading amateurs, today tied for top honors in the LaJolla \$1,000 golf tournament.

The trio turned in cards of 70, one under par, to finish ahead of some ninety performers, who halted here to try their turn on the picturesque course, before continuing their journey across the border to Agua Caliente, where the \$25,000 open classic starts Monday. Linares and Hart split \$500 first and second place money.

A number of contestants, including Walter Hagen, British open champion; MacDensid Smith, Long Island, N. Y., and Johnny Farrell, former open title holder, preferred to make it a day of rest in anticipation of the final driver for the victor's \$10,000 share of the big stake.

Following the leaders by a stroke came a quartet of others who shot perfect scores over the course, which was still slow as the result of heavy rains. They were Al Espinosa, Chicago; Sharles Guest, Los Angeles; Olin Dutra, Santa Monica, and Bill Foley, Colorado, Cal.

Behind them came Denny Shute, Columbus, Ohio, winner of the recent Los Angeles \$10,000 open, with a score of 72; Leo Diegel, Agua Caliente, Mexico, with a 75 and Horton Smith, Joplin, Mo., with a 73.

The leaders included: Al Watrous, Detroit, 72; Mortie Dutra, Tacoma, Wash., 73.

IOWA CITY, Iowa, Jan. 18. (P)—Willis A. Glasgow, retiring University of Iowa football captain, was acclaimed here tonight as the Western conference player of most value to his team during the 1929 season with presentation of the Chicago Tribune trophy between halves of the Bradley Tech-Iowa basketball game.

 1:20 p. m.—Devotional, the Rev. Douglas Carver, White Deer.  
 1:30 p. m.—Budget round table.  
 2 p. m.—Address, Dr. O. L. Powers.

### SHERIFF—

(Continued from page 1.)  
 before United States Commissioner Brandley Harris at Galveston. The charge against them alleged that "the defendants did on or about January 17, 1930, at Fort Bend county conspire to violate the national prohibition act and did manufacture, sell, and possess intoxicating liquor."  
 Those charged were:  
 Sheriff H. Wyatt Collins, deputy sheriff and Jaller Rue Linecum, Chief Deputy Frank Bell, Deputy R. L. Wheaton, Deputy Joe Bingham Crawford, Deputy Tom Davis, J. W. Fendley, Homer Howard, Sam W. Smith, Bob Haggard, Bill Goodman, Tom Daniels, one Flores, Bill Brent, Bob Johnson and Charlie Dodd, all of Richmond, and one Miller, of Fairchilds, near here.

The complaint was filed by Prohibition Agent R. B. Hamilton. Prohibition agents from all sections of Texas, immigration officials and agents of the department of justice participated.  
 Most of the places raided were in the street known as "Mud Alley." The officers said they found gambling proceeding in some of the alleged resorts when they entered. In one place the agents allowed a poker game to continue while they waited for an immigration department patrol automobile to pick up the defendants. The raiders said the dealer, holding a stack of chips, looked up calmly as the officers entered, and when they gave permission, continued dealing the cards.  
 After the agents took charge of the places raided, they held persons found there until the patrol car arrived and those named in the warrants were in custody. The patrons of the resorts then were released.  
 When all the defendants had been rounded up they were placed in the patrol, which immediately left for Galveston, where the men will be placed in jail.  
 It was learned that under cover men of the prohibition department have been operating in Richmond for many weeks, some of them having obtained employment in the county.  
 The raids came as a complete surprise to the places visited by the agents. No violence was reported, all of the arrests being made peaceably.

### CLOVIS—

(Continued from page 1.)  
 when one of the Bohannon boys shot Tate's son.  
 Tate and G. C. Bohannon met in front of the Citizens' bank. Their argument progressed into a fight. In the scuffle Tate drew his pistol and shot Bohannon three times.  
 Bohannon slumped to the sidewalk dead. Tate ran inside the bank pursued by Carl and John Bohannon, who were attracted by the shots. Tate dived inside an open vault for protection.  
 Carl and John charged the bank vault. Tate from his steel refuge there opened fire and two shots felled Carl Bohannon. Persons in the bank seized John Bohannon and held him. Meanwhile, outside the bank, Carsey Bohannon, another brother, had heard of the shooting. He tore through a crowd surrounding his father's body and rushed inside the bank. He carried a rifle and said he was going after Tate.  
 Several persons in the crowd, however, overpowered him.  
 Carl Bohannon died a few minutes later.  
 An inquest will be held Sunday morning.  
 Carl Bohannon carried a pistol, it was learned, but did not draw it in the bank. It was found in his coat pocket after his death. Louis, the brother whose fingers were shot off by Tate, and Reuben Bohannon also were in Clovis at the time of the killings, and Virgil, another brother lives in Clovis.

When all the defendants had been rounded up they were placed in the patrol, which immediately left for Galveston, where the men will be placed in jail.  
 It was learned that under cover men of the prohibition department have been operating in Richmond for many weeks, some of them having obtained employment in the county.  
 The raids came as a complete surprise to the places visited by the agents. No violence was reported, all of the arrests being made peaceably.

### Wider Right-of-Way on Highway 33 Is Obtained for Total of \$7,971.98

Damages in the amount of \$7,971.98 were assessed against land owners for 40 feet of additional right-of-way required by the state on Highway 33 from the Carson county line to the city limits of Pampa, according to the jury of view report which was approved and accepted by the commissioners yesterday.

M. K. Brown, chairman of the jury of view, presented the report. The five jurors were praised by the county commissioners for their work in assessing the damages and for their dealings with the land owners. The damages are due to 13 land owners, all of whom agreed to sell the required right-of-way to the county.

Damages to the Magnolia Petroleum company aggregated \$3,407.13, almost half the total amount. However, the Magnolia will be required to move numerous buildings and industrial establishments. The county was assured that the highline on the additional right of way will be moved, but cost of removal was not included in the above amount. This additional cost will be calculated in the near future.

The land owners include Magnolia Petroleum company, Oscar Huff, L. A. Sullivan, Sam McCullough, W. P. Latham, Agnes Barrett, E. G. Barrett, Russell Benedict, I. W. Spangler, J. H. Wilkins, J. V. New, K. S. Boehm, L. L. Lavender and W. B. Henry. The jurors who assessed the damages after hearing testimony of the landowners were M. K. Brown, Clyde Fatheree, Casland Frasher, Charles Barrett, W. J. Brown, A. H. Doucette surveyed the forty-foot strip which is about eight miles long.

Descriptions of the land are in charge of County Attorney John F. Studer who will have deeds to the property drawn up at once. The additional right of way secured extends from the Carson county line to the city limits of Pampa.

Mr. Brown reported that the land owners and the Magnolia company were very fair in cooperating with the jury of view to obtain the right of way. Perfect harmony prevailed among all parties during the transactions, he said. Hearing for the land owners was held last Thursday, five days after notice was given, as the law requires. As soon as the deeds are drawn up and signed, the right of way will be relinquished and made a part of the road.

Miss Mary Camuse arrived Friday from Weatherford, Okla., where she has spent the last five months teaching in Southwestern State Teachers college to accept a position in the offices of Cook, Smith, and Teed, attorneys. Miss Camuse had a position here last summer. She will make her home temporarily with her aunt, Mrs. Mary B. Ikard, and her cousin, Mrs. C. B. Emerson.

Unemployment, considered as a separate subject of inquiry, also is new, although some of the previous population censuses have included a single question asking the number of months of unemployment during a year.

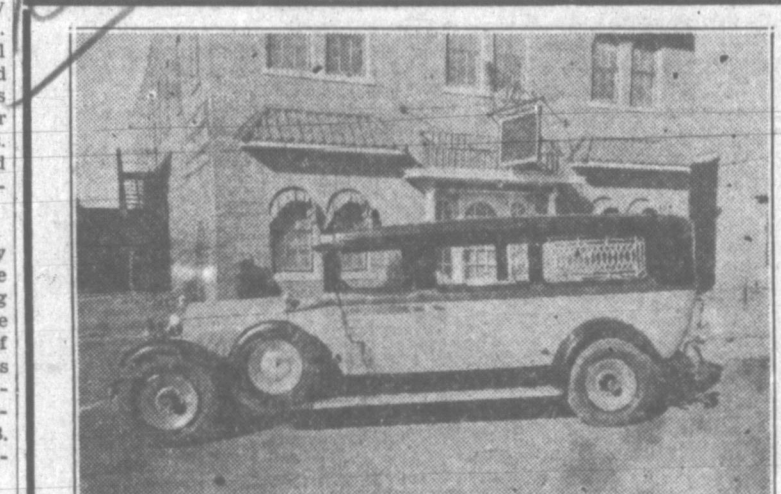

### Man Feared to Have Frozen Seen; Suffers No Harm

Instead of being buried in some snow drift, as officers feared, Joe Dudy was seen in Amarillo Saturday afternoon by a close friend, it was learned by The News last night. He was uninjured, and though he did not deny he left two companions in a car in a ditch on the Clarendon road while he went to a rig for help, he seemed surprised that he had been the object of a search by officers.

Meanwhile, Horace Steele, one of the three who were riding in the car, is in Pampa hospital recovering from head lacerations received in an altercation in a South Pampa cafe, and from the painful effects of frozen feet. The third occupant of the car, a woman, who was jailed on a complaint of disturbing the peace, was released Friday afternoon after paying a \$13.50 fine. The three drove from the cafe out on the Clarendon road. Police were told that Dudy had left the car about four miles from Pampa. Steele first went to a local hotel and then was taken to the police station. Later he was sent to the hospital in a G. C. Malone ambulance.

The woman was arrested in her home after a complaint had been filed in the evening by her husband. He claimed that he and their small son were forced to leave the car.

Few Complaints on Gas  
 All complaints from gas patrons during the recent sub-zero weather—numbering six—were found to be the result of faulty stoves or house connections, according to J. W. Garman, local manager of the Central States Power & Light company. He said that the gas pressure was found satisfactory in every case.

This Malone Ambulance used exclusively as an invalid coach.

### ABOUT FOLKS

(BY SLIM)  
 Two poverty-stricken families were glad to get six blankets each and a quantity of clothing as gifts from Kees & Thomas Saturday afternoon. The children and parents were hardily clothed. They had been suffering intensely from the cold in the tents they are living in in south Pampa.

People have been praising Ray Wilson, county auditor, for the way he has straightened out the financial books of Gray county in the last year. Take this last report of his, for instance; it took him two weeks to compile it, but when it was finished everyone knew just how the county made its money last year, and how it spent it.

Folks, better have that dog of yours vaccinated and tagged by the city, says Police Chief J. I. Downs. Along about the first of February, he's going to hire a dog-catcher whose duty will be to gather in the blue-bloods and mongrels regardless. They will be kept in the pound three days before they are shot.

Only six dogs had been licensed to live in 1930 by Friday night. Those wearing tags numbers 5, 6 and 7 were S. A. Burns' Pard, tan Airdale; P. D. Keim's shepherd "Dynamite"; H. C. Cottrell's Airdale, "King Tut."

Correction: A. G. Brandth, member of the exclusive Unofficial Office Deputies club of six members, did not come to Gray county 10 years ago as was stated Wednesday, but "way back in 1908, a year before C. C. Ragland came. L. G. Blanton says we are thinking of taking some new members into this club this week.

Jailor Herman Wachtendorf has moved nearer the county jail where he can keep a good eye on the prisoners.

Some salmon, and likewise carp, have been known to live a century, while some eels have survived for 60 years.

### Many Destitute Persons Suffer in Cold at Shamrock—Work Is Scarce

SHAMROCK, Jan. 18. (AP)—Breaking of the cold wave brought mingled hope and fear to Shamrock's charitable organizations today—hope that suffering of several score indigent families would be alleviated and fear that warm weather would bring fresh jobseekers to Shamrock, idled by the prospect of railroad construction work that is still several months away.

Saturday was the first time in two weeks that many of the stranded families have been able to venture forth from their makeshift tents and hovels without feeling the bite of a blizzard like north wind. During this period, they have had only the food that has been given them, barely sufficient to keep them alive, and practically no heat.

Church women, charitable and civic organizations have united in attempting to care for the people but the funds provided by this town of 5,000 are running low under the load of caring for at least 140 poverty stricken persons.

The hovels the visitors have erected usually house at least eight persons, some of them more, and few of them having the necessities of life.

One family with eight children was visited today by social workers. They

found the whole group, except the father, crowded together under their three quilts, trying to keep warm.

The largest parties include one group of 21 persons, another of 16 two of 10 each, one of eight members, and a number of smaller families.

City police have been instructed to warn all vagrants to move on, and warnings have been sent out that no work is in prospect here for several months.

### Child Slayer Will Get Prison Term

CAMDEN, N. J., Jan. 18. Gladys May Parks was convicted by a jury tonight of second degree murder in the killing of a child left in her care and of manslaughter in the death of a second child.

The murder verdict was for the death of Timothy Rogers, aged two, while in the death of the boy's sister, Dorothy, aged 4, the jury returned a finding of manslaughter. Sentence will be pronounced Monday.

In a recent week there were 1422 births and 1048 deaths in London.

### Legion Audience Rocked by Mirth As Sooner Humorist Tells His Jokes

Cooties, trench warfare, training camps, and the pot of gold at the end of the rainbow were some of the commonplace subjects that Josh Lee, Sooner orator-humorist, discussed in an extraordinarily original manner Friday night before a small audience that he held spell-bound for one hour Friday at the Legion hall.

Reading dramatic and humorous poems about the World war and his "personally conducted tour of Europe", Mr. Lee mixed wit, philosophy, pathos, and humor in his address.

His speaking engagement Friday noon at the B. C. D. Chamber of Commerce luncheon was the third he has missed in the eight years he has been lecturing from Canada to the Gulf and from coast to coast, he said.

Friday was also the first snow blizzard he had ever "eaten for two hours," and he said it was no surprise to him that he fainted when Dr. R. A. Webb was "thawing" out his hands, which had frozen. Dr. Webb and Mr. Lee arrived in Pampa late Friday afternoon. They left Jericho at 6:30 o'clock Friday morning. Admitting that he couldn't "get warm" and that he became faint several times during his address, he nevertheless delivered one of the most entertaining lectures ever heard here.

His reading of "The Battle of Cognac" rocked his hearers with laughter, then he launched into another poem about the war that held them rigid with the horror of the spectacle he was portraying.

Some of his sayings:  
"When I was a boy I was very patriotic about the flag—mother furnished the stripes and I the stars."

"When I crossed over to France the sea was so rough I went mostly by rail."

"A cootie is a flea with military training. I had cooties on me that had cooties on them—A dollar would go farther in the old days; every meal was the balance brought forward—speaking of farm relief, the farmers have been relieved of about all they ever had—the most unbeautiful word is 'work'—This farmer was so stingy he worked cross-word puzzles up and down so he wouldn't have to come across, and he took off his glasses when he wasn't looking—the girls hanging on arms of men pouring honeyed words into their ears, trying to make a name for themselves—the first indication that the stock market might crash was the sudden drop in women's skirts but the curtain always comes down after a good show—the domestic silence girls—Oklahoma some of these days will elect a governor by electricity and electrocute him by the same shot—a sudden turn of luck is not success—success is an attitude, a philosophy—no man is successful because he makes a million dollars."

### CLARA BOW IS NOW AT REX IN "ZIPPY" MOVIE

Clara Bow is coming to the all-talking screen at the Rex theatre today—this time in the role of an ambitious and hard working shop girl in a play of department store life, "The Saturday Night Kid."

She falls in love with a clerk in the store, James Hall, and dreams of the day when they will be married when a series of upsetting events force her to pose at a "Saturday Night Kid," namely a girl who has a date with a different "guy" on each succeeding Saturday night; in other words, a girl without a "steady." But her reputation as a gay philanderer is dissolved later in the plot when the true test of real love comes.

One of the high spots of comedy in this bang-up, slang-up laugh-romance is the pageant given by the employees for the Welfare Fund. Clara Bow is cast as Duty in the pageant. James

Hall is Everyclerk; Jean Arthur is Pleasure; Eddie Dunn is Time, the dog; Leone Lane is Late Hours; Jean Harlow is indolence and William Bow is made up in ghastly fashion to represent Corruption of the Flesh. The pageant, presumably, was written and directed by Edna May Oliver who is forewoman in the Ginsberg store and who plays The Spirit of Ginsberg.

### Harvesters Are Beaten in Tourney by Dimmitt Five

Find the competition too strong in the Panhandle tournament, Pampa Harvesters lost their initial encounter to Dimmitt, 28 to 19, on Friday soon after the Pampa girls had been eliminated by Panhandle.

The Pampa lads, developing slowly this season, but more rapidly since Charles James became eligible, found the Dimmitt sharpshooters the more accurate. Dimmitt takes "per" basketball as seriously as football is considered in Pampa, and the game is played almost the whole school year. Dimmitt later was eliminated by the Am-

arillo Sandies, who in turn were topped by the Canyon Eagles in a surprising upset.

Saturday's elimination play by boys' teams included the following results: Panhandle 42, Miami 15; Happy 34, Stratford 30; Canyon 27, Dimmitt 17; Amarillo 32, Dimmitt 14; Panhandle 28, Happy 22.

New York Boy Wins  
ST. AUGUSTINE, Fla., Jan. 18. (AP)—Howard Tryon, 21, Elmira, N. Y., golf champion, today won the national amateur championship of golf club champions by defeating Carl Dann, Jr., Water Park, Fla., one up in the 36 holes final.  
Glasgow is Great Britain's richest city.

# CHURCHES

## CHURCH OF CHRIST

Francis and Warren  
 "Be thou faithful until death, and I will give thee a crown of life."—Rev. 2:10. From this Scripture we learn that we are to be faithful even though it costs us our lives. By our being faithful we will become the proud possessors of a crown of life.

It should be understood by every one that claims to be a follower of Christ that we will not obtain the crown unless we are faithful. You cannot worship God just when you find it convenient and be well pleasing to Him.

How would it please you if you had a number of servants and they would serve you only when they found it convenient to do so. Would you be pleased with service of this kind? We would not have a servant if he would not serve us when we wanted him to, and the way we wanted him to. We are very careful about our servants but think that God will be pleased with anything.

Who would not serve God and go to heaven if he could serve Him just when he found it convenient, and could serve the way he wanted to. We must remember that we do not have any choice about serving God.

Services Sunday:  
 Bible study, 9:45 a. m.  
 Preaching, 11 a. m.  
 Communion, 11:45 a. m.  
 Young People's Bible study, 6 p. m.

## FIRST METHODIST CHURCH

Programs that you will enjoy have been arranged for the services at the Methodist church today. Sunday school starts promptly at 9:45. The pastor will speak at the morning hour of worship from the theme "Three Classes of Church Members." This

message will deal with the problems of church life today.

A special feature of the morning will be a vocal duet by Howard Zimmerman and Josephine Lane.

Mrs. F. L. Elliott will be at the organ. A unique program has been arranged for the evening hour. Thomas Elmose Lucy, world renowned humorist and character artist, will give a semi-religious program. Mr. Lucy was presented by the league Friday evening to a small but enthusiastic crowd. In the program of Sunday evening, Mr. Lucy will graphically bring several Biblical characters before us in speech and costume.

Mr. Roy Tinsley will render a special selection on the violin. You are invited to worship with us. Our programs are different.

The church with a hearty welcome.

## PRESBYTERIAN CHURCH

Kingdoms of this earth have fallen by a traitor in high standing. Jesus Christ let it be known that such could not find refuge within the Kingdom of God.

"Why call ye me, Lord, Lord," he said, "and do not the things which I say?" At another time he gave the answer, "Not every one that saith unto me, 'Lord, Lord, shall enter into the Kingdom of Heaven, but he that doeth the will of My Father which is in heaven."

Isaiah warned those who honor with lips but with heart far from Jehovah: "You are welcome to any or all of the services announced here."

Sunday school, 10 a. m.  
 Sermon, "Lip Service," 1 a. m.  
 Junior Endeavor, 3 p. m.  
 Intermediate Christian Endeavor, 4 p. m.  
 Sermon, "Is There a Personal Satan?" 7:30 p. m.

A. A. HYDE,  
 Minister.

## FIRST BAPTIST CHURCH

Sunday school, 9:45 a. m.  
 Morning preaching service, 11 a. m.  
 Amarada Mission service, 2:30 p. m.  
 Orchestra rehearsal, 4 p. m.  
 Training service, all unions, 6:15 p. m.  
 Evening preaching service, 7:30 p. m.

The subject of the pastor's morning sermon will be, "I Have Finished the Work Thou Gavest Me to Do." Sunday evening the pastor will preach from the text, "The Lord is Not Slack Concerning His Promise—Without the Shedding of Blood There is No Remission."

The public is cordially invited to attend the services of this church. You owe it to God, to your influence over your friends, and to yourself to attend

church services somewhere today. If you are not actively affiliated with one of the other denominations of the city, we urge you to worship with us.

D. H. TRUHITE,  
 Pastor.  
 JOHN LEE HARRIS,  
 Asst. Pastor.

# SOCIETY

## Lamar Parent-Teacher Association Has Large Attendance at Program

Despite the extremely cold weather of the closing days of the week, the Lamar Parent-Teacher meeting held Thursday afternoon was attended by 68 members, including all teachers of Lamar school. Mrs. E. Bass Clay, president, was in the chair for the business session and presided at the program.

Addresses of the afternoon were on the theme, "Character Building." During the latter part of the program, the silver trophy awarded the Lamar football team by the Pampa Athletic association was placed before the audience by J. G. McConnell and Maurice Saunders, after which several of the schools songs and yells were given by the Lamar pep squad, demonstrating its activities during the recent ward school tournament.

The following program was enjoyed: Group songs—"National Anthem," and "America the Beautiful," led by Miss Iva June Willis, public school music supervisor.

Song—"The Rose," by Mrs. John B. Hesse's class.

Reading—"Preparedness," by Wayne Coffee.

Songs—"The Lantern," and "The Old Man," by Mrs. L. K. Stout's fifth grade class.

Address—"Character as Influenced by Home Training," by Mrs. Thomas W. Brabham.

Piano solo—Betty Boudoin.  
 Reading—"The Cold," by Mary Jo Winn.

Address—"Character as Reflected in Church Work," by John Lee Harris, assistant pastor of the First Baptist church.

Address—"Character as Reflected in School Activities," by Jack Wood, principal of Lamar school.

Miss Alice Russell is spending the week-end in Clovis, N. M.

John B. Hesse, county superintendent, was in charge at Baker school Wednesday, Thursday, and Friday, acting for J. A. Meek, principal, who was ill at his home. Mr. Meek expects to be able to return to school tomorrow.

## Advisory Board of the Order of the Rainbow Selected from O. E. S.

An advisory board for the Order of Rainbow for Girls was named last evening by Mrs. Wilson Hatcher, worthy Matron of the Order of the Eastern Star, at the latter organization's regular meeting in Masonic hall.

Mrs. Roy Sewen was made chairman, with the following forming the board: Mrs. W. P. Vincent, secretary; Mrs. C. P. Buckler, Mrs. Van Carter, Mrs. B. W. Rose, Mrs. Tom E. Rose, Mrs. T. H. Barnard, Mrs. Wilson Hatcher, the Rev. Tom W. Brabham, and the Rev. James Todd. From this board a mother advisor for the girls' organization will be chosen in the near future.

The advisory board, together with the newly elected staff of Rainbow officers, will be installed on the evening of Jan. 28, at a regular meeting of the Order of the Rainbow.

## Mrs. W. J. Smith to Resign Presidency of College Study Club

The Study club of the A. A. U. W. and College club tomorrow afternoon will elect a president to succeed Mrs. W. J. Smith, who, having accepted a position as teacher in Central high school which will make it impossible for her to attend club meetings, is to resign the office at that time. The retiring officers request the presence of all members at the election.

The meeting will open at 3 o'clock. Mrs. Harry E. Marbaugh will direct the program of the afternoon, which will be on the subject, "The Making of Citizens." Mrs. Roy Wiley will give a paper on "The Task of Colleges," and the leader will speak on "The School and Citizenship."

Mrs. Grace Higgins and Miss Aurilla Miller are spending the day in Amarillo.

Mrs. W. J. Smith has accepted a position to teach eighth grade history and algebra at Central high school each afternoon.

# EVERYBODY HAPPY

All patrons of the Central States Power and Light Corporation (Pampa's Gas Company) are loud in their praise of the service given during the cold weather of this week. While the mercury was registering as low as eleven degrees below zero Pampa citizens sat by their fires enjoying summer temperatures. During the same time nearby towns were shivering due to low pressure on the main lines of another company.

Only six complaints were received at the local office of the Central States Light and Power Corporation. Service men were immediately sent to the places that were supposed to be having low pressure; three calls were reported by the residents to be without their knowledge, pressure having been good. Two calls proved to be due to mixing valves on stoves not being properly regulated, and another call was from a local tourist park where the owner had laid a one-inch line to supply fifty houses. This splendid service was rendered by your gas company without any extra help being employed.

### MAYFIELD--

(Continued from page 1.)  
for oil has not been made on the Imperial farm." Mayfield said. "If I am elected governor of Texas, one of the first things I shall do will be to make arrangements to have this particular tract of land drilled for oil."  
Continuing a discussion of the prison system, he said:  
"It is my opinion that a suitable location for the construction of a modern prison system can be found on state-owned lands, yet as governor of Texas I would not assume a 'rule or ruin' attitude on the matter. I would be willing to locate the penitentiary system wherever the combined wisdom of the people of Texas, speaking through their chosen representatives, say it should be located, provided the legislators adjusted our tax laws so that those interests now escaping taxation in the state would be made to pay their proper proportion of state taxes."

"If the penitentiary system is moved, the purchase of additional lands, together with the construction of a modern prison system, will cost between \$5,000,000 and \$10,000,000. Let those who favor this proposition tell the taxpayers of the state where and how this money will be secured."

**Against County Aid**  
Mayfield opposes a state-wide bond issue for highway construction, but said a "correlated system of highways, constructed at the earliest date and at the lowest cost, is imperative."  
"The only way this can be done," he said, "is for the state to construct and maintain with state funds all designated state highways, independent of county aid, leaving to the counties the construction and maintenance of all lateral roads."

Coming out for an elective commission, he said, "the responsibility of discharging the affairs of such a department should not travel through the governor's office, but should go direct to the people."

He pointed out that the highway commission has upon its payroll something like 5,500 employees, "which is over five times as many as are employed in all other departments of the government combined."

**Says Election Safest**  
The elective franchise is the surest safeguard to prevent the office of highway commissioner from being subjected to corrupting and intimidating influences," Mayfield says. "The glory of the Texas constitution has been that it repudiates the false theory that the people are not capable of electing their officers. This government was made by the people and it is theirs. Why not let them rule?"

Saying that "it is too early to pronounce the federal farm board a failure," he promised that if it should fail "to meet the situation," he would, if elected governor, "appeal to the agencies of the entire cotton growing section in the early spring of next year to enlist in the fight for economic justice and freedom."

"As governor of the state that produces over one-third of the cotton of the entire country, I would call a conference of the governors, commissioners of agriculture, representative farmers, business men and bankers of the cotton-growing states and agree on uniform legislation for adoption by the states that would enable us to put into effect such a plan as I have suggested or some other plan calling for uniform, simultaneous and cooperative

C. E. "TINY" PIPES.

action on the part of the states producing cotton, that would liberate our cotton farmers from the shackles of economic slavery and serfdom," Mayfield said.

**For State Farm Bonds**  
He advocated a constitutional amendment to permit the state to issue 35-year 4 per cent farm bond loans, "to be sold only as needed and the proceeds to be used in carrying out the supplemental work of the state."

He would create the "State Farm Loan Board" composed of the land commissioner, the commissioner of agriculture and the attorney general, "whose duty would be to put into effect the land settlement policy as adopted by the legislature." His plan would be to have the board market sufficient bonds with which to pay cash for the land "and then sell to the farmers on 35 years time, taking his vendors lien note in favor of the state at six per cent interest, payable annually." Four per cent of this interest would go to pay the interest on the bonds and two per cent would be set aside as a sinking fund which would liquidate the entire indebtedness on the farm in 35 years, he said. The purchaser would be required to pay annually the six per cent interest.

**Against Monopolies**  
He declared for regulation of public utilities through the railroad commission, and came out for legislation regulating the "sale of merchandise in intrastate commerce in the interest of the general security of the state," in order to "prevent the creation of monopolies," referring specifically to "present conditions brought about by the chain store system."

He advocated abolition of the ad valorem tax and said it was "the most unjust and inequitable tax levied in Texas today." He said the state should raise its revenue from a tax on corporations, inheritances, franchises, general occupations, luxuries and the like "leaving the lands and personal property to the counties and cities from which to raise their revenue."

TED LEWIS AND ANN PENNINGTON AT CRESCENT

Forty of the prettiest girls in Hollywood appear with the ravishing Ann Pennington in an extravagant sequence of "Is Everybody Happy?" the Warner Bros. and Vitaphone production, starring Ted Lewis, which comes to the Crescent theatre today.

Ann is seen on the stage of a theatre as a member of the "Polles," singing a lifting song about the glories of Samcha, and then going into an Hawaiian dance which represents the proverbial last word in graceful gyrations. And the forty chorus maidens, dressed in exotic costumes of scant though pleasing, design, furnish a stage picture of particular beauty.

These girls were trained for "Is Everybody Happy?" by Larry Ceballos, head of the ballet department of Warner Bros. and a dance producer who has for many years been recognized as a leader in his profession.

In "Is Everybody Happy?" Ted Lewis, popular and talented musician of vaudeville fame, makes his debut as a talking motion picture star. The picture is filled with singing, dancing, pretty girls and the entrancing music of Ted's own band. Assisting him in the cast besides Miss Pennington, are Alice Day, Julia Swayne Gordon, Lawrence Grant and Purnell Pratt. Archie L. Mayo directed and the screen story was written by Joseph Jackson and James A. Starr.

Negro Barber Dies Funeral services for Daniel Harris, 27, negro barber, who died of pneumonia Saturday will be held Monday in the negro Baptist church here. He has been employed as a barber in his father's shop in the Negro section for two years.

Miscellaneous CARTER WINDOW WASHER. Cleans, dries, polishes. Approved by Good Housekeeping Institute. 10 sales daily net you \$420.00 monthly. Write today. Carter Products Corp., 906 Front St., Cleveland, O.

THOROUGH BRED CHICKS ON SHARES I want to place a limited number of my prize laying strain of Baby Chicks out on a share basis with responsible ranch women of Gray county. Contract for them now for delivery during February, March, April and May. Will furnish either eggs or Day Old Chicks on a fair basis. See me for particulars at once and the number available is limited. Nothing but strictly Free Range conditions considered. No town lot deal considered.

WHITE LEGHORNS 80-head year old hens topped from a flock of 600, selected by competent poultry judge. Headed by five of the best Cook birds I ever saw. Strictly American standard show type birds combined with some of America's best laying strains. You can breed some wonderful birds from this flock. No baby chicks for sale. The quality chick brings \$1.00 each at day old.

20 head pullets for which I paid E. W. Mahood, Webster Grove, Mo., \$2.50 each at day old. Headed by two wonderful Mahogany Red cock birds from Mahood. I sold \$25 each for them. This flock is from that pen that Mahood won the egg laying contest in Missouri in 1928 over all breeds and second in Illinois in 1929.

If interested, see my flocks at once and place contracts for future delivery. Will furnish either day old chicks or eggs for setting at home. Nothing for sale. Supply limited. We will divide what you raise on 50-50 basis at twelve weeks old.

THE ANSWER to the telegram to Chaney Smith, Optician, Riverside, California, came at 10 o'clock on Friday morning, bringing a new luster to eyes heavy with doubt and sleeplessness. And thereafter, for 12 hours, no one could have accused Bonnie Dundee, man or one incapable of moving his long legs swiftly.

Among his activities was the filing in person of long telegrams at his own expense, so that their contents and the information they effected would not become the property of any curious mind at Police Headquarters.

He came back accompanied by a keen-eyed, sharp-faced young man, who had been getting his daily dose during a heated hour with Dundee, by alternately nodding and shaking his head with great vigor. A most opinionated young man, but one who undoubtedly knew his stuff. One, too, who asked no annoying questions when he saw an excited detective committing unlawful entry by means of a most efficient skeleton key.

"Look at this!" Dundee cried excitedly, when the door of another man's room had closed upon the two. And he handed over in a message which Mrs. Rhodes had signed for. "I guess that clinches it, doesn't it? You said if he'd had that training, he could do it!"

"Hm," said the head-shaker and-nodder, but nodding this time. And then he got busy.

Finally he arose, dusted his hands and conceded: "You were right! But there's one thing missing," and he proceeded to describe it minutely.

"I'll find it," Dundee promised rashly, exuberantly. "Can't fall now. Well, what do you say? If I do find it—and I will, somehow—I want you to want to do so, so that I can pull off my party?"

"Work here most of the day to-morrow, if the coast is clear," the keen-eyed, sharp-faced young man answered.

"The coast will be clear, all right," Dundee promised.

THE first thing Dundee did when he was alone again in his own room on the third floor of the Rhodes House was to call police headquarters. Two minutes later Sergeant Turner's voice vibrated harshly against his eardrum.

"Dundee speaking, Sergeant. Yeah, pretty busy, listen. Sergeant, and this is more important than I can possibly tell you; I want you to detail one of your best men to shadow Miss Jewel Briggs. He's not to let her out of his sight a minute during the day, and tonight I want him stationed in the vacant room directly across from Jewell's. Furthermore, please instruct one of the men patrolling the Rhodes House grounds to keep an eye on Jewell's window."

"That makes three men you've got tied up, besides the two on the grounds," Turner grumbled. "What?"

After skillfully evading the curious but scoffing sergeant's questions, Dundee hung up the receiver, cast a loving eye upon some apparently interesting items from the Rhodes House trash bags, then locked them up and went down to the basement again to see if he could add to them.

As he borrowed the old-fashioned padlock key from Mrs. Rhodes, who was alone in her bed-sitting-room at the time, he noticed that she was studying an extremely legal-looking document.

"Thanks, Mother Rhodes. . . . What's the heavy literature?" "A deed, I'm selling the Rhodes House," she informed him stiffly. "Getting a good price, too. They're going to use the site for an apartment house. In a few weeks there won't be any 'Murder' Mansion," she added bitterly.

"But what am I and the rest of us pampereed boarders going to do?" "I'm thinking of buying a house four blocks further down Chestnut, and opening again about the first of September. If you really want to stay with me," the landlady answered brusquely, but there were tears in her eyes.

"Want to? Just try to get rid of me," Dundee retorted, and hugged her close for a moment before dashing down to the basement. He knew that what he was looking for could not be far down in the unfiled trash bag, if it was there at all, which he doubted. His pessimism was justified. Empty-handed, he plodded slowly upstairs; then, seized with a sudden inspiration, he halted in the second floor hall, took out his skeleton key, and

"But what am I and the rest of us pampereed boarders going to do?" "I'm thinking of buying a house four blocks further down Chestnut, and opening again about the first of September. If you really want to stay with me," the landlady answered brusquely, but there were tears in her eyes.

"Want to? Just try to get rid of me," Dundee retorted, and hugged her close for a moment before dashing down to the basement. He knew that what he was looking for could not be far down in the unfiled trash bag, if it was there at all, which he doubted. His pessimism was justified. Empty-handed, he plodded slowly upstairs; then, seized with a sudden inspiration, he halted in the second floor hall, took out his skeleton key, and

again effected unlawful entry. Ten minutes later he had the keen-eyed, sharp-faced young man on the phone, was exulting: "Found it! And you'd never guess where! See you in the morning about half past nine. O. K.?"

And once more he made a dash upon Mrs. Rhodes: "Have you got such a thing as a small-size photograph record? The kind that make nursery rhymes on?"

"I know where I can get one," Dr. Wechs had a whole book of them for his grandchild."

"Great!" Dundee hugged him again. "Send Tilda up with the same as possible, and you might lend me a needle and some thread, too."

"If you've got any mending to do, I guess I can do it for you," she assured him.

"Your stitches would be fantastic!" he refused gaily, "but remember your offer when I call a button!"

WELL, how are you coming on?" Lieutenant Strawn greeted his newest recruit ruefully at 11 o'clock on Saturday.

"You'd be surprised!" Dundee grinned. "Is it all fixed up with the district attorney to keep boarders tied up all afternoon?"

"He'll keep 'em busy, quite about Sevier and the Hogan case, all right," Strawn promised. "But I'd like to know what devil you're up to anyway. See to me you're either lying down the job or being damned mysterious."

"The latter, chief, though I'm being mysterious just for the fun of the thing," Dundee assured him. "There really isn't much to tell you, though I haven't been lazy. The truth is, I've got a pot on the table which I'd like you to bring to boil for me tonight."

"For 10 minutes Dundee explained without, however, giving away to his chief the contents of the pot which he hoped would boil over that evening. It was not an easy task, but he left Police Headquarters with Lieutenant Strawn's unwilling and puzzled promise of assistance.

At five minutes to eight the Saturday evening Bonnie Dundee was pretending as much surprise and indignation as any other boarder when Lieutenant Strawn, assisted by Detectives Payne and Wilkins, brusquely ordered all inmates of the Rhodes House to the second floor.

"Where is he going to hold the meeting?" Dundee heard Norma Paige quaver. "In—in Mrs. Gorman's room?"

Strawn himself answered the question by commanding curtly: "Open your door, Styles. . . . Oh, it's not locked. . . . Come in, everybody, and make yourselves comfortable!"

DUNDY, Magnus and Dundee had seated themselves on the bed which was along the wall in which the door was set. The door was open. The others occupied chairs, Walter sitting with his arm about Norma's shoulders.

"I shall not keep you long, folks," (To Be Concluded)

### Kansas City Life Insurance Company Reports Good Year

William A. Crawford has just received an outline of the 1929 plans of the company he represents—Kansas City Life. Although the period just finished lacked considerable of being a so-called "banner year," Mr. Crawford is informed that on the whole his organization was able to close 1929 in a very satisfactory manner.

Slightly more than \$14,000,000 of life insurance was placed, bringing the total in force in Texas to \$92,000,000 distributed among 41,500 policy holders. The Texas agency of Kansas City Life is celebrating its twenty-fifth anniversary this year. The agency was founded on May 12, 1905 by the late Orville Thorp, who had the distinction of organizing the largest state agency ever built for any company in 25 years' time. The agency is not only the largest in Texas but the largest in the entire South, and one of the largest in the world. The present state manager, O. Sam Cummings, was formerly Mr. Thorp's partner and an official of the company. In the 18 months of his management the agency has produced over \$23,000,000 in business.

### Hog Quotations Up During Week

KANSAS CITY, Jan. 18. (AP)—United States Department of Agriculture—Curtailed hog receipts around the eleven market circuit this week prompted a 25 to 60c upturn in prices with most points reporting closing prices as high or higher than any time this season. Total offerings were around \$2,000, a decrease of 95,000 from last week and 201,000 short of the corresponding period a year ago.

The sheep supply approximated 275,691 against 290,796 last week and 299,198 a year ago. Fat lambs showed losses of 50c to \$1 as compared with a week ago. Trade on matured classes was somewhat uneven.

Cattle trade was marked by material price declines on most all killing classes except highly finished yearlings, low grade cows and bulls. The in-between grades of beef steers and yearlings slumped 50c or more at most points. Fat she stock generally shared the break on steers. Aggregate receipts were estimated at 216,000, 15,500 heavier than last week and 9,000 short of the same week a year ago.

Mrs. F. G. Browne, who has been seriously ill at her home the last ten days, is reported to be slightly improved.

Mr. and Mrs. C. S. Wortman returned home yesterday, after spending three weeks in Ashland, Neb., and points in Kansas.

### Long Honor and Attendance Roll Is Announced for West Ward School

The honor roll and perfect attendance record of West Ward school for the six-week term which closed the first semester has been announced by Miss Josephine Thomas, principal. In more than one instance, Miss Thomas pointed out, all pupils making perfect attendance records were able to achieve the honor roll, and in one instance the honor roll and the perfect attendance list were one and the same. By grades, the rolls were as follows:

**LOW FIRST GRADE**  
(Miss Wilma Chapman, Teacher)  
Honor roll—Doris Maxine Rives.  
Honor roll with perfect attendance—H. H. McLain.

**HIGH FIRST GRADE**  
(Miss Wilma Chapman, Teacher)  
Perfect attendance—LeRoy Phillips, Ruth Wilson, Eugene Richardson.  
Honor roll—Betty Sue Price, Evelyn Stephens.

Honor roll with perfect attendance—Eva Bell Wilkerson, Lucille Smith, Ila Ridner, Mildred Mae Sharpe.

**FIRST GRADE**  
(Miss Mary Nail, Teacher)  
Perfect attendance—Katherine Trice, Warren Lemon.

Honor roll—Junior Davis, Russell Meade, Louise Baines, Doris Billings, Leah George, Maxine Houchin, Nellie McNeill.

The O. Sam Cummings Agency Building, Dallas

1905 1930  
25th Anniversary Texas Agency  
KANSAS CITY LIFE INSURANCE CO.

**Quarter Century Texas Record**  
Policyholders in Texas 41,500  
Insurance in Force in Texas \$92,000,000  
Loans and Investments in Texas Over \$11,000,000  
Paid Texas Policyholders and Beneficiaries Over \$10,000,000

The Texas Agency was founded May 12, 1905, by the late Orville Thorp. This agency has more insurance in force than all but 87 out of over 300 entire legal reserve companies in America. It is the largest agency in Texas or the South, and one of the ten largest in America.

In 1929, the agency acquired its own Home Office, and is the only State Agency in America that occupies its own building. When in Dallas, you are urged to use Policyholders' Headquarters, a room in our Home Office for Kansas City Life policyholders and their friends.

**A Great Company Record**  
Insurance in Force \$430,000,000  
Company Assets \$60,000,000

The Kansas City Life Insurance Company is a strong, progressive legal reserve, old line Company, writing attractive policies at low net cost.

### B. C. D. Plans Are Detailed Friday in Luncheon Meeting

Reports of committee chairmen and introduction of the five new and ten old members of the B. C. D. featured the B. C. D. Chamber of Commerce luncheon Friday in the absence of Josh Lee, who was to have been principal speaker before the 108 who were present.

New or re-elected members who were given a "big-hand" reception were DeLea Vicars, Sam Fenberg, Al Duerr, Bert Curry and J. M. Dodson. The new B. C. D. chairman, Clyde Fatheree presided.

Mr. Curry, chairman of the industrial committee, said facts and data regarding Pampa's resources are being gathered to interest industrial concerns that might locate here.

A four-page bulletin, featuring the agricultural development of Pampa's large territory, will be issued during the next three months, Sam Fenberg, chairman of the publicity committee reported. He named C. B. Akers and Olin Hinkle as members of his committee. The bulletin will include a page each by the two county agents

### King, Ivey Sneathen.

Honor roll—Helen Frances Draper, Pascal Massey.

Honor roll with perfect attendance—Pauline Keith, John King.

ON DISPLAY TODAY

**THE NEW OAKLAND 8**

\$1045 AND UP

General Motors' Lowest-Priced Eight . . . the Car with Superior Performance

Today a new eight-cylinder motor car makes its appearance. It is the newest General Motors eight and by several hundreds of dollars the lowest in price. It is the New Oakland Eight with smart new bodies by Fisher.

**Superior Performance**  
The New Oakland Eight develops 85 horsepower and is the first stock car of its size and weight to employ an engine of such high power. Since performance depends largely on the ratio between horsepower and weight, the New Oakland Eight is exceptionally fast and powerful because it produces

one horsepower to 37 pounds of car weight.

**Eight-Cylinder Smoothness**  
The New Oakland Eight has all the smoothness which results from the overlapping power impulses inherent in eight-cylinder engine design. In addition, it enjoys exclusive mechanical advantages which make it even smoother and more delightful to drive.

**Sound Basic Design**  
Several of the engineers who participated in creating General Motors' first eight back in 1914 were responsible for the develop-

ment of the New Oakland Eight. To this latest task they brought a wide knowledge of eight-cylinder design. It is reasonable to expect that the Oakland is a finer eight because of this fact.

**Moderate Price**  
We believe the New Oakland Eight will appeal to you all the more forcibly when you consider its very moderate price. And a demonstration will reveal how well it merits the description "the car with superior performance."

The New Oakland Eight, \$1045 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Lovejoy Hydraulic Shock Absorbers included in list price. Bumpers, rear wheel guards and spring covers extra. General Motors Time Payment Plan available at minimum rate.

**NEW SERIES PONTIAC BIG 6**

\$745 AND UP

A Famous Name—A Finer Car . . . Introducing Important Improvements

The announcement of the first Pontiac in 1926 brought to the low-price field a new order of beauty, performance and reliability. And each Pontiac announcement since that time has introduced a car which represented an improvement even over its own highly regarded predecessors.

**Important Improvements**  
Now comes the New Series Pontiac Big Six—an even finer car with a famous name. It retains all the qualities responsible for Pontiac's success in the past. And in addition it introduces many improvements.

New bodies by Fisher make this latest Pontiac Big Six more beautiful than ever.

**Greater Smoothness and Safety**  
The smoothness of Pontiac's 60-horsepower engine is further increased by the use of improved type rubber engine mountings. Pontiac's large non-squeak four-wheel brakes have been made even more efficient. A new sloping non-glare windshield also adds to its safety. Handling ease is increased through the use of a new type of steering mechanism. Improved Lovejoy Hydraulic Shock Absorbers give increased riding comfort.

**Time-Tried Performance**  
In speed, power and pick-up the New Series Pontiac Big Six continues to uphold the Pontiac reputation for spirited performance. Come now to our showroom and inspect this finer car with a famous name—the New Series Pontiac Big Six.

The New Series Pontiac Big Six, \$745 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.
