Fifty policemen used their clubs freely to disperse the crowds.

CITY COMMISSIONERS WILL SEE CITY HALLS OF OTHER TOWNS IN TWO-DAY TRIP TO SOUTH OF HERE

City commissioners, accompanied by City Manager F. M. Gwin, W. R. Kaufman, and Clyde Fatheree, left Pampa today for West Texas towns where they will inspect various types of city halls, ascertain their costs and other details of construction before accepting plans for the new city hall.

The commissioners and architect have found it hard to "build a \$300,000 hall out of \$100,000," that is to provide for the offices and departments that must be housed in the city hall. The commissioners want to see how the other cities are doing it. The original sketch submitted by Mr. Kaufman and partially approved has been altered three times.

Those making the trip are Mayor D. W. Osborne, F. M. Gwin, Lynn Boyd, Mr. Kaufman, and Mr. Fatheree.

In the two-day inspection trip they will visit Abilene, Sweetwater, and other cities in that section.

G. O. P. BIDS FOR DEMOCRATIC VOTES OIL TARIFF PASSES PRORATION INTEREST

PRODUCTION IS DROPPING WITH ACTIVITY CUT

Gray County Total Is 1,382 Barrels Lower

FIELDS WELL CHIEF SUBJECT

Empire Company Gets Big Leases of Promise

Almost perfect quiet reigned in the Gray county oil fields during the last week, and the daily production dropped from 55,208 barrels of the previous week to 54,826 barrels during the seven-day period ending February 13. Proration and cessation of drilling, enforced chiefly by the pipeline companies, were working at their best and put a quietus on anything that resembled activity.

How long this inactivity will keep up, nobody will conjecture, but all operators believe that a tariff on oil would result in a speedy resumption of drilling, as well as a raise in the price of crude. If no tariff is forthcoming, operators are of the opinion that the only thing they can do is to prorate and hope the big companies will finally do what is best.

Many independent operators are beginning to wonder now if they didn't play right into the big companies' hands when they started the proration, which they now think was a rather persuasive way of squeezing them out of the picture. The desired tariff is now proclaimed as a panacea for most of the ills suffered by the independent operators and the royalty owners.

Fields Well Sensation

While lethargy held the Gray county fields in its grip, the Panhandle oil industry was getting all pepped up and excited over the Empire Gas and Fuel company's Fields No. 1, section 13 block 7, which was cut back Saturday morning with 230 pounds of back back pressure to 140 barrels a day. A choke on the well forces the oil through a half-inch pipe.

The company expects to have a loading rack and a pipeline to Cuyler finished by next Friday or Saturday, when the well will be opened for all it will flow. The well is three and one-half miles north of Cuyler, which is mid-way between Panhandle and White Deer on the Santa Fe.

Dallas Chamber to Hear Rail Plans

DALLAS, Feb. 15. (AP)—Support of the Dallas chamber of commerce for a projected railroad from Palestine through Blackfoot, Athens, Van, and Canton to Willis Point was sought today at a conference between W. M. Keller, representing the Palestine Lions club and Chamber of Commerce, and General Manager Homer D. Wade of the Dallas chamber.

Wade agreed to refer the proposal to the Dallas chamber.

Efforts are being made to interest the Missouri Pacific lines in the project, it was indicated, since the Missouri Pacific interests holds a majority of stock in the Texas & Pacific.

Applications have been filed both by the Cotton Belt and the Texas & Pacific railways to build lines to Van, tapping the new oil field there.

The Cotton Belt seeks to build from Chandler Junction, near the town of Chandler, Henderson county, about 17 miles. The T. & P. seeks to build from Grand Saline to Van. About 11 miles.

According to Mr. Duncan, the directors will probably decide to assess each member for funds to carry on the work for one year. INVITATION IS BROADCAST AT DALLAS MEET

Hoovercrats Are Hope of Republicans in Texas

"CONSCIENCE IS THE ONLY GUIDE"

Dr. Cranfill Is Urging Union Effort for Prohibition

DALLAS, Feb. 15. (AP)—The Republican party in Texas, through its state executive committee, made an official bid today for Democrats who had been partially alienated from their party by recent action of the state Democratic executive committee.

A resolution was adopted inviting Democrats who voted for Herbert Hoover in 1928 to become permanent members in good standing of the Republican party. The Democratic committee two weeks ago voted to bar as state candidates those Democrats although admitting them as voters.

The committee also voted to request elimination of the primary pledge system in Texas and demanded legislation preventing party executive committees from interfering with "the right of voters to cast their votes according to the dictates of their own consciences." Under present laws, voters in a primary must take a pledge to vote for the nominees of that primary.

While the resolution offered by Dr. B. C. Cranfill, national committee chairman, invited "bolters" to become Republicans, Orville Bullington of Wichita Falls, state vice-chairman, said that did not mean that disaffected Democrats would be unwelcome as "independent voters."

Dr. J. B. Cranfill of Dallas, who voted for President Hoover although ordinarily supporting the Democratic nominees said that he was not much of a "party man" but that he believed that the Republicans and Hoover Democrats should unite for progress, prohibition, and patriotism regardless of whether they were called Republicans or something else.

Candidates for this year were not mentioned except that when committee men were discussing prospects for success if a good man should be nominated for governor, some one called Harris' name. The Republicans this year will select their nominees through a primary for the second time in history, as a result of their candidate for governor having polled more than 100,000 votes in 1928.

The committee paid a rising vote of respect to the memory of the late Leonard Withington of Fort Worth, former general organizer. The question of who will succeed him was not discussed. Bullington said that there was no justice in the existing primary pledge system. "Speaking for the Republican party, we don't want it," he asserted. "If our nominees are not acceptable we want to be able to vote for some one else."

The patient's state of health became so serious yesterday that he was moved from a sanitarium where he had gone to obtain relief from a "bad cold" to the California hospital here.

John Barrymore's \$500,000 steel yacht, christened "The Infanta," was launched recently.

MOODY TO MAKE PRISON PLEA BY RADIO

AUSTIN, Feb. 15. (AP)—Gov. Moody will carry the question of prison centralization and rehabilitation to the people of Texas, he announced tonight.

The governor said he planned a series of radio speeches to begin next week in Dallas, Fort Worth, Houston and San Antonio.

His announcement was taken indicative of his decision on his part to veto any plan that does not centralize near Austin.

Gov. Moody declined to say definitely that he would call a fifth special session of the legislature to again consider his plan for a centralization near Austin to some other Central Texas point, but the intimation that he would do so was abroad.

The present session will expire Tuesday.

An adult leadership training course in Boy Scout work will begin here Tuesday evening, according to Supr. R. B. Fisher, who is chairman of the instruction program.

It is expected that more than twenty men will be present at the First Methodist church assembly auditorium when he meets again at 7:30 p. m. Tuesday.

The interest aroused by observation of Boy Scout anniversary week and by the Father and Son banquet is so capitalized in the training course. There will be no charge for the instruction, although Executive C. A. Clark will be present at each of the eight weekly study periods.

Certificates will be given to all men who complete the course.

SCHMELING IS NOW READY TO BE OBEDIENT

NEW YORK, Feb. 15. (AP)—With a stately gesture of forgiveness toward the New York state athletic commission Max Schmeling announced himself today as ready and willing to furnish one half of the competition for the world's heavyweight championship in the ring at the Polo Grounds next June.

Hibernating in Germany since his victory over Paulino Uzcudun and the bitter squarrel with the commission that followed the fight here last June, he ushered himself back into the picture in a cablegram to William Muldoon, aged cauliflower king. Muldoon agreed with Muldoon's oft-published statements that the winner of the Jack Sharkey-Phil Scott tussle in Miami should fight him for the crown vacated by Gene Tunney. He said he would meet the designated gladiator June 27.

As matters stand now Schmeling is in dire disrepute with the solemn fathers. His license, along with that of his manager of choice, Joe Jacobs, was revoked by the commission when he refused to have anything more to do with his German pilot, Arthur Buelow, and repudiated a contract made for a bout with Phil Scott.

While recognizing Schmeling's standing among the heavyweights, the commission insisted that the Teuton must fight Scott or else be declared null and void forever within the cauliflower confines of New York State. A match between Schmeling and Sharkey was promoted by the Garden outside New York state in violation of this command was quickly abandoned when the Garden was threatened with indefinite suspension by the commission. Every edict of the commission regarding Schmeling has indicated that the German must be broken to halt here or remain inactive.

However, the final bout for the title will be staged under the auspices of charity. And the greatest of all influences in boxing circles happen to be charity.

Phil Scott Says He Will Round Into Good Shape

MIAMI, Fla., Feb. 15. (AP)—Phil Scott, British heavyweight who was informed yesterday by Dr. Frank H. Davis, physician of the Miami boxing commission, that he is in poor physical condition and would require hard work to fit himself for his fight with Jack Sharkey February 27, agreed with the diagnosis in part today.

"The only objection I have to the doctor's report is his statement that I have no coordination of mind and muscle. I'll prove otherwise on February 27."

"Don't fear, I'll be in condition and I'll win that fight. I'll get there by degrees and there won't be any need of halting in order not to grow stale as in the case with Sharkey."

LONDOS SAYS HE POSITIVELY WILL WRESTLE

Today Billy Londos came to town and swore on a stack of cauliflowers that he would wrestle Sailor Otis Clingman here Thursday night.

Described as a "chesty little Greek" by Clingman, Londos who threshed the mat with Rob Roy Friday night in a whirlwind go at Amarillo, slamming the life out of him in 12 minutes, crowed today how he will scramble the ears of the ex-gob.

"I'll mess up that lubber worse than I would have Cal Farley six years ago in Amarillo if the law hadn't stopped me," he said.

Clingman, a quiet sort of fellow, hasn't much to say in regard to the match, but his manager Bugs Fincher, who does most of the talking, says the mat will be plenty greasy when Clingman gets through with this wild and woolly Greek.

Fincher says that when Clingman has squared the shoulders of Londos to the mat two falls out of three, he is going to match him with Joe Kopecky, the spine-busting cotton picker. Clingman won the middle-weight championship of the navy and he is out for the world's middle-weight championship.

The card Thursday night will include other matches not yet arranged.

Londos was scheduled to wrestle Tex Watkins, the toughest bozo that ever bit this man's town, here last Thursday night. Tex said, "the greasy dishwasher was scared of me—that's the reason he didn't show up. But I should worry—that Clingman will squeak all the grease out of his tallow."

Judge Brady May Be Tried Again in Travis County

AUSTIN, Feb. 15. (P)—John W. Brady may face another jury of his fellow citizens of Travis county in an effort to win acquittal of the charges of murder brought against him after Miss Lehigh Highsmith, stenographer, had been stabbed to death on the night of November 9, last.

Gray's Prisoner Escapes at Borger

Sheriff E. S. Graves is wondering what he can do about it when he lends a prisoner to Hutchinson county's imported crack deputy, "Red" Burton, for identification purposes and the prisoner, one Roy Murphy, escapes an hour after he is incarcerated in the Borger bastle.

Murphy was arrested Thursday afternoon with Nell Smith at the bus station, which was suddenly emptied when the woman made long passes at Murphy with a razor and he flourished a pistol between dodges. At the sheriff's office he was charged with intoxication and with carrying firearms. Miss Smith was charged with disturbing the peace. Check raising and forgery tools were found in the luggage belonging to Murphy.

Somehow news of the arrest got to Borger in a hurry. Burton came after him. Wanted certain Borgerites to identify him as a participant in Borger crimes. Of the eighteen prisoners in the Hutchinson county jail, Murphy was the only one who escaped. The local sheriff is peeved but is still wondering what he can do about it. He is thinking of asking Mr. Clem Calhoun, who with Mr. Burton "cleaned up Borger," to see that his prisoner is returned.

Shoppers of red hearts hung by narrow ribbons from the chandeliers and archways, and potted red tulips gave the rooms a note of springtime gaiety. Accessories of the card tables and appointments for tea featured a color scheme of red and gold.

The arriving guests received their tally cards from little Miss Doris Anne Davis, who wore a red apron, dotted with gold cupids and hearts, with a matching hat, and little Dale Thut, who wore a gold paper vest and hat decorated with red hearts. Each child carried a red basket, tied with a big tulip bow, from which the tallies were distributed.

Favors in attractive packages were given Mrs. Floyd Smith, high score; Mrs. Lynn Boyd, second high; Mrs. Phillip R. Pond, low cut; and Mrs. George Kahala, 1st cut.

School Lunch Sales Prove Profitable to West Ward P.-T.-A.

Sales of sandwiches, home made candy, and hot chocolate to pupils and teachers of the West Ward school at noon-luncheon periods last week resulted in \$30 profits to the Parent-Teacher association of the ward, all of which was placed in a fund for paying the indebtedness remaining on a piano which the association has placed in the school.

Teachers and pupils, as well as members of the P.-T.-A. furnished materials on several days. The same plan will be followed this week, with those rooms which did not participate in the work last week furnishing materials.

Instead of the sandwiches served last week, plate lunches of baked beans, fruit, cocoa, and sandwiches will be served all this week, according to announcement from Mrs. J. G. Strop, chairman of the finance committee. A luncheon will cost only 15 cents, she said.

The P.-T.-A. hopes to gain, through the coming week's efforts, at least \$30 or \$40 more on the piano fund. Recent donations from Dr. W. Purviance and C. T. Hunkapillar, each of \$25 cash, appreciably lowered the sum to be raised, and were gratefully received by the membership and the school, Mrs. Stapp said.

E. D. Willard suffered a fractured knee while working on the Hill lease 11 miles south of Pampa. He is being treated in McKean and Connor hospital.

CHURCH OF CHRIST
 Corner, Francis and Warren
 When a member of the family becomes sick physically we do our best to restore him to his accustomed health, and we are to be commended for so doing. But the father and mother who spare neither time nor money when their child is sick, never think of that spiritual sickness which is much worse. Is the fleshly man, soon to die, more valuable than the part of the man that lives forever, and must spend eternity somewhere?

The prescription that Jesus has left for the ailing is: Belief, Mark 16:1; repentance, Luke 25:45-47; confession, Matthew, 10:32; and baptism, Matthew 28:19-20. To the erring child of God Jesus has prescribed through the apostles; Repentance, Acts 8:22; confession, James 5:16; and prayer, James 5:16.

When our family physician leaves a prescription, we do our best to follow the directions. Then let us strive to follow the directions of Jesus, the Great Physician.

All Praise to Great Medicine New Konjola

Another Grateful Lady Pays Tribute to Konjola, the New and Different Medicine

MRS. LIZZIE MYERS

"All praise to a great medicine, New Konjola," was the grateful expression of Mrs. Lizzie Myers, south Ft. Smith Ark. "I suffered for a long time with stomach and kidney trouble. No matter what I ate, gases formed in my stomach and I bloated frightfully. I was frequently short of breath and nauseated. Awful headaches were daily occurrence. My kidneys were weak and back pains plagued me daily. Bladder actions were frequent and often painful."

"I tried so many medicines without relief that I had become discouraged. Not long after I began taking Konjola I noticed a decided change in my condition. I continued until I had taken several bottles and am happy to say that my health troubles are over. I no longer bloat after meals and I eat heartily, for my appetite is better than it has been in years. My kidneys are normal and I am no longer troubled with bladder weakness. All praise to a great medicine, New Konjola."

Konjola is sold in Pampa at the City Drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

TARIFF—

Marland-Finley pool came in during December of 1928, has there been a sensational discovery as this rank of wildcats. Completions Small
 Gray county completions for the week were inconsequential as far as production is concerned. George Ray

and others' No. 1 Noble, section 10, block A-6 was drilled to a depth of 2,012 feet and shot with 80 quarts. It is producing 10 barrels a day.
 Danciger Oil and Refining company's Arnold No. 1, section 149, block 3 had an initial production of 160 barrels the first 24 hours. Depth of the hole was 3,235 feet.

McCollum and others' No. 1 Meers, section 107, block 3, was completed for eight million feet of gas. It was shot with 290 quarts at 3,110 feet and with 290 quarts at 3,110 feet. There was a small show of oil at 3,110 feet.
 Queen No. 1 Lovett, section 35, block B-2, had a small show of gas at 2,710 feet and was drilled to a total depth of 3,200 feet, where it was abandoned as a dry hole.

Wells and their production compared with the previous week, follow:
 Carson—185 wells, producing 9,574 barrels, an increase of 137 barrels.
 Gray—513 wells, producing 54,826 barrels, a loss of 1,382 barrels.
 Hutchinson—973 wells, producing 24,155 barrels, a loss of 623 barrels.
 Moore—19 wells, producing 600 barrels, an increase of 100 barrels.
 Wheeler—38 wells, producing 542 barrels, a gain of 227 barrels.
 Total production, 89,697 barrels, a loss of 815 barrels.

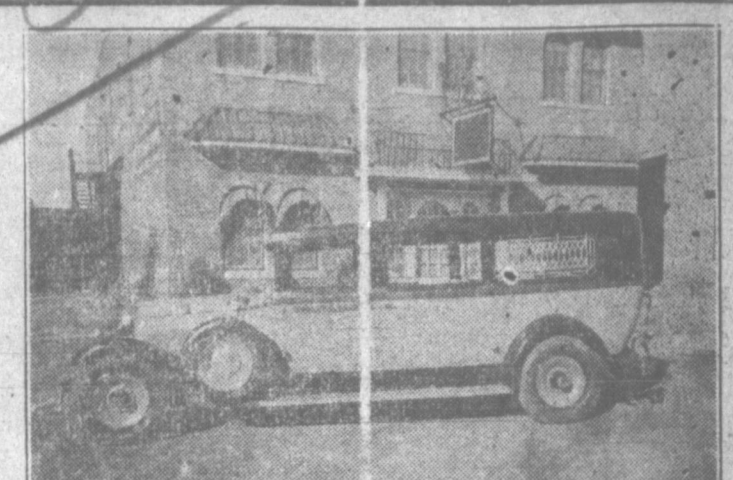

In South American countries the school year begins in March or April and closes in November or December.

PRESBYTERIAN CHURCH
 "As the hart for deer panteth after the water brook, so panteth my soul after Thee, O God." So spoke David, the king, in his hunger for righteousness. Thus David, a great sinner, became reconciled to his God. No possible chance for the sinner however self righteous he may be, if he has no desire for the righteousness of Christ.
 We invite you to look to Him who "satisfieth the longing soul and filleth the hungry soul with goodness."

NOW THAT THE PRINCIPAL EFFORT IN BEHALF OF A TARIFF ON PETROLEUM HAS BEEN MADE, IT IS POSSIBLE TO SUM UP THE SITUATION AS IT HAS DEVELOPED.

Members of delegations to Washington were surprised to know that many senators and representatives did NOT know there was no tariff on oil. They were astounded to learn that there is no tariff protection against the crude and refined products of South America, which are produced at a minimum of cost—as low as 18 cents a barrel—with cheap labor, taxation free. This is an advantage over Mid-Continent production that cannot be ignored. The problem affects all business.

Washington's trained observers said that the delegations accomplished much good in causing legislators to study the oil situation, and that more progress was made toward a tariff than had been made in the last 20 years. The support before the Washington trip was confined to less than half a dozen Congressmen and senators; before the oil men left they had at least 38 backers.

Proration and curtailment are of value, but independent oil men are merely playing in to the hands of the major companies if they stop their activities while the flood of oil continues from South America. All their commendable willingness to cut production is nullified by the relentless flood from foreign fields. It is the little operators who suffer; the large ones are the refiners who make their products from crude taken from many fields. There is no equality under present proration methods between small producers and the major concerns. There's the rub, and there must be the remedy be applied.

Curtailment is difficult, even for the big companies, under the five and ten-year leases with drilling clauses. It is predicted that scores of big suits for breach of contracts will be filed within the next few months. To offset this factor, the companies are now insisting upon outright warranty deeds to all the minerals under the lands they acquire. Despite the fact that this may mean indefinite postponement of oil development, the depressed condition of the industry makes it relatively easy to force these contracts.

Keeping a tariff on South American beef is rather easy, but statesmen seem unable to see a parallel on oil. The Democrats who have not studied the problem regard the tariff as a G. O. P. plot, which it certainly isn't. The conservation argument has its weight, especially when the Congress-

men fail to visualize the great number of small operators who must find an outlet for their activity. Perhaps the tariff is not the ideal remedy, but it is about the only effective one in sight.

A Message to the Governor

Mid-continent oil men are making a direct, smashing fight for a tariff on crude oil and a tax on refined petroleum products. The economics of the situation are too well known to be recounted here. It is truly fight or perish for them, the independents believe, and they are not quitters. Their rally last night at the Wilcox Oil & Gas Co., building was almost spectacular. But there was nothing bombastic about it. There was more logic, more irrefutable fact, spoken across the two office rooms that served as auditorium than has been heard in any one place about the oil business for years.

These men know the perils of their industry and they deserve to be supported to the limit by every business institution in the Mid-Continent area. They have a dozen great leaders, men who can convince senators and representatives at Washington of the justice of their cause, if they can get to Washington and stay there for the finish.

These leaders can't stay in Tulsa and engage in raising money for their cause and at the same time fight the battle in Washington. Reserves must go to the nation's capital right away. Every business organization in this area should send its most substantial, most persuasive leaders to Capitol Hill to help Wirt Franklin, George Dye, James Gardner and James Cloud.

And that's not all. Oil touches every business in the Mid-Continent. And every business ought to have membership in the Independent Producers' association. The membership fee is \$25 a year and the treasurer is George Dye, of the Wilcox Oil & Gas Co. Send him your firm name and your check today.

AND THAT'S NOT ALL. The state of Oklahoma as a business institution is more concerned with this oil tariff fight than any individual. It is greatly supported by the gross production tax. When crude oil prices are low, government here is in despair and progress is halted. Oil is precious to Oklahoma. Every barrel sold at present prices dulls the state's future.

If Governor Holloway would awaken to this broadgauged battle on in Washington he would start the machinery for decisive action in Oklahoma. If Governor Holloway has the elements of great leadership he will call the legislature of Oklahoma into extraordinary session for the purpose of voting \$100,000 or \$200,000 to finance this fight. There is just a month, or less, to go. Inaction shows inaptitude. Silence reveals stupidity, slow wit. Governor Holloway has

it within his power to take part in a great moment in history. Has he the decisive courage?

TWINKLES

Lots of hullabaloo is being made over even single battleships at the London conference. Seems queer, but did you ever look up the price of a battleship?

A local gardener and lawn specialist says that his patrons are waiting for cheaper water before planning their "green" program. This particularly true of those who do not own their own homes, pay high rents, and yet want pretty lawns.

Lyman Robbins, our fellow bachelor in Panhandle journalism who batches in connection with the Memphis Democrat, devotes two columns to his lame ankle, resulting when he got in the way of a fire truck. Too bad, but think what he would have written if he had been badly injured. The worst part of it, however, was the fact that Lyman was in front of the truck, which is a crime in any man's town.

Lots of fuss has been made over boys and Boy Scouts lately. The test is yet to come, however—will the follow-up work the boys are expecting materialize?

Green grass was sighted on our last sojourn "in the rough" at the country club golf course, and now we know that the baseball enthusiasts will not be quiet much longer.

Sometimes the biggest insult you can give a jobless man is to find him a job. It is said to the credit of Pampa that the number of such men here is very small.

The Love bill passed; meaning, however, little more than that name-on-ballot rows will be settled more quickly and hotly.

A scientist says that two million people linked together would generate only enough electricity to light a single bulb. That ought to take the wind out of the sails of a lot of these magnetism profs and the high-hats.

About New York

BY RICHARD MASSOCK NEW YORK—In quiet peace away from a city that now would be strange to her a woman once the town's toast is living in oblivion. It has been three years or more since a young man, newly come to New York, set out to find this old lady, whose performances he had heard the traveled oldsters tell back in the middle-western home. He wanted to hear from her own lips about the times she played in Da-

vid Balasco's production of "Deburau" which was not so long ago, and before that in "Our Betters" and back in the 80's in "The School for Scandal," with Lester Wallace. He wanted to get from her the memories of her 52 years on the stages of America, her of Little Old New York, Chelsea; to adopted country, and England, where she was born.

Retreat On a wintry day, therefore, he went down to that last remaining remnant of the old fashioned, red brick hotel on Twenty-third street that manages somehow to hold out against the building progress that is fast wiping out traces of the neighborhood's former ginghamed elegance.

There, in surroundings reminiscent of years when the carriages of Commodore Vanderbilt, Jay Gould, Mrs. Astor and Lily Langtry used to pass, he found the apartment of Rose Coghlan, whom he sought.

He was, however, too late. By that day he had missed a last chance to obtain the memories of a noted actress, if, indeed, the actress had been able to relate them to him before she was taken up the country that is farther away from Broadway, in distance if not in manner, than is West Twenty-third street.

Instead of the veteran leading lady, the caller found her daughter collecting together the countless souvenirs that only such a mother could acquire. Around her in confused piles were yellow playbills, bits of wardrobe that the eyes of hundreds of drama lovers had looked upon, the accumulated mementos of many glamorous nights.

Among these no doubt were the memories of Miss Rose Coghlan. But there was no one to pick them out. Miss Coghlan was in retirement so complete that it was not until recently he learned where she had gone—to St. Vincent's Retreat at Harrison, N. Y.

FRIENDS REMEMBER

Miss Coghlan now is nearing her seventy-ninth year. She left the stage nine years ago and a year later was taken seriously ill.

Old friends came to her aid. They still remembered her as they did in recent weeks when they sent her messages of good wishes which she was unable to answer.

At a gay party in 1878, just before King Edward, then prince of Wales, Rose Coghlan left London permanently, said:

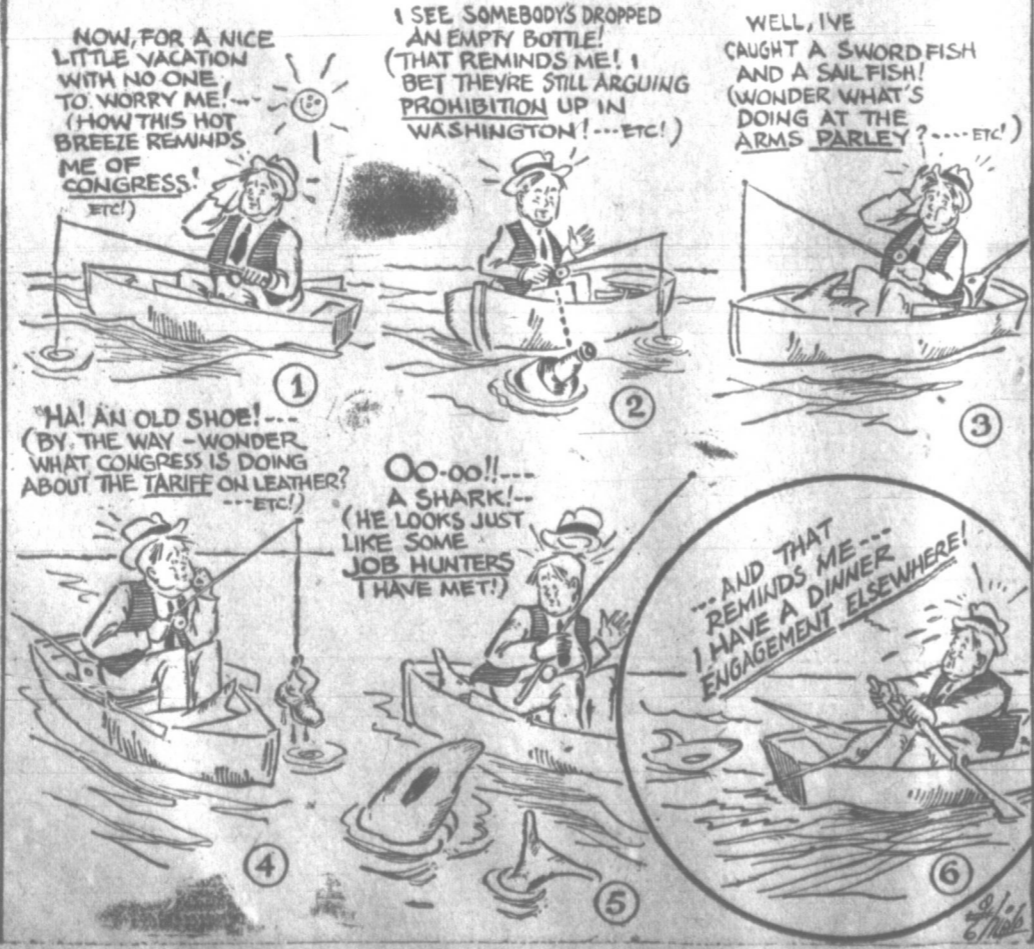

"Don't stay too long in America. They are fickle people and don't like old women."

But the actress stayed on and the kindness of friends has proven an exception.

Mrs. Calvin Coolidge was asked by an usher to leave the White House in her first visit here, with a group of school pupils, because of their lengthy visit. The same usher later greeted her daily as first lady of the land.

"DENVER" SMITH IS LEGION WARD UNDER PAROLE

Dayton "Denver" Smith will be given a chance. Friday afternoon, Judge Ivy E. Duncan set aside his former ruling sentencing 15-year-old "Denver" to the juvenile training school at Gatesville and paroled him to the American Legion post.

Twenty-five Legionnaires at a luncheon Friday decided the local post would adopt the boy, be his guardian, send him to school and give him a job if Judge Duncan would parole him to the post. C. E. Cary, justice of peace, representing the post, told the judge that because the boy, in addition to being bright, intelligent, clever, had committed only one offense he deserved another chance.

For the present, "Denver" will live at the home of Adjutant D. W. Thurman who knew the boy's family in Missouri. The boy, happy as a lark because he will not be compelled to go to the reform school serves notice today upon certain former companions that he is through with them. "I've been wanting to quit associating with certain boys in this town a long time and this is a good opportunity," he said. "I'm going straight from now on." The boy will enter school immediately, according to Legion plans.

For quite a while "Denver" has been troubled with bad eyes and bad tonsils. These defects will be corrected. "He will be given the best chance a boy ever had to go straight," Commandant Paul Hill said. "Petition for the parole was presented by Mr. Cary. 'We're going to keep him in school and what time he is not in school we're going to keep him too busy to think about a gang or any shady deals,' Commandant Hill said. Mr. Hill is responsible for "Denvers" behavior.

"Denver" left his home in Missouri three years ago and came to Borger to visit his brother, but he soon came to Pampa and has been here almost three years. It was Judge Duncan's observation that the boy has supported himself during that time and has always appeared neat. The Legionnaires said that lack of the restraining influence of parents or a guardian was largely responsible for the temporary delinquency that almost landed him in the reform school.

It was County Attorney John Studer's observation that all of the delinquent children who are baled into juvenile court here are without either a father or a mother.

Mr. Hill said that their own investigations indicated that most of the boys who are sent to the training school come out worse than when they went in.

Wheat Level Is Lower Saturday

BY JOHN P. BOUGHAN (Associated Press Market Editor)

CHICAGO, Feb. 15. (AP)—Plenty of wheat for sale here today in all hand spots proved to be more of a weight on values than buyers were prepared for. Export business in wheat from North America was almost at a halt, totaling only 500,000 bushels, chiefly Canadian and more than half of it to China.

Chicago closing prices on wheat were unsettled at but little above the day's bottom level, 23c to 1-14c a bushel below yesterday's finish. Corn closed 1-2c to 3-4c down, oats 1-4c to 1-2c off and provisions varying from 2 to 5c decline to 7c advance.

Transient rallies in Chicago wheat values today came principally through buying on rather numerous standing orders to take wheat offered whenever the market here declined to \$1.20 a bushel, May delivery. These orders were more or less associated with the fact that the federal farm board loan basis of \$1.18 for No. 2 hard wheat here rendered purchases of May comparatively attractive.

In corn, larger receipts and favorable weather added to the bearish effect of wheat weakness. Oats sympathized with the downturns of other cereals. Provisions mainly were easier.

NEW CHARTER ISSUED

AUSTIN, Feb. 15. (AP)—Chartered: Big Spring Oil and Royalty company, oil business, Big Spring; capital stock \$20,000. Incorporators: G. T. Hall, Bob T. Piner, R. L. Cook.

a week ago. St. Louis had a price-year ago. Prices 10 to 45c higher than that late top of 11.40 but on Friday the week's high spot 11.45 was realized. Lighter weight scaling 230lb down moved to the best advantage.

The sheep supply approximated \$32,836, an increase of \$500 over last week and 42,000 heavier than the same week a year ago. Fat lambs were tendered a job of 50c to \$1.00, while matured classes of sheep at some centers were 50c lower.

Billy Disch Has Little Material to Build Into Team

AUSTIN, Feb. 15. (Special)—Billy Disch has started moulding his baseball team, which appears at the outset to be one of the weakest that the Texas mentor has ever had. The infield is weak, the outfield batting punch is an unknown quantity, and only Railton bolsters the pitching staff. However, Uncle Billy is taking what he has and trying to mould a winner out of it. He usually does.

A heavy schedule, which includes both the New York Yankees and the New York Giants, and several out of state colleges, awaits the Orange and White.

The schedule: March 6, New York Giants in Austin. March 27, Baltimore Orioles in Austin. April 1, New York Yankees in Austin. April 1, Rice in Austin. April 5, Rice in Austin.

April 11-12, Baylor in Austin (tentative). April 16-7, Iowa State in Austin. April 19, Northwestern university in Austin. April 21, Texas A & M college at College Station. April 22, Texas A & M. at College Station. April 25-26, Southern Methodist university in Dallas. April 28-29, Texas Christian university in Fort Worth. May 2-3, Baylor university in Waco. May 5-6, Rice Institute in Houston. May 12-13, Texas Christian university in Austin. May 16-17, Southern Methodist university in Austin. May 20-21, Texas A & M college in Austin.

SAN ANGELO IS WINNER SAN ANGELO, Feb. 15. (AP)—San Angelo high school's basketball team won the championship of District 18 today, defeating three teams in succession for the title. The team will meet the winner of the District 17 contest, as yet undecided.

AMERICAN AUTHOR DETAINED MEXICO CITY, Feb. 15. (AP)—Carlson Beals, American author and newspaperman, today sent cable messages to Ambassador Dwight W. Morrow, who is attending the naval conference in London protesting against his detention by Mexican authorities. He expressed the fear he might be deported. Beals so far has received no notification to leave the country.

Market Prices Higher for Week

KANSAS CITY, Feb. 15. (AP)—(U. S. D. A.)—Livestock trade around the eleven-market circuit this week was featured by new high prices for the season on hogs, material advances on most classes of cattle and a lump in values on lambs to the lowest levels in nine years.

Cattle receipts 157,650, or 7,000 heavier than last week and the corresponding period a year ago. Fed steers and yearlings unevenly 25 to 75c higher. Fat cows shared in the upturn but at several markets closing trade was slow with a weak undertone prevailing. Country demand for replacement stock widened and prices ruled firm to higher. WASHINGTON SAVED AND NOW WE SPEND!

In the days when Washington was leading a ragged, ill-equipped band of colonists against the most impressive army in the world he could not afford to waste a crust or a cartridge. He had to make every shot, every cent COUNT.

He did it, and his success is mirrored in the rich nation which he helped to found. The economy of yesteryear brings the riches of tomorrow.

"Huckleberry Finn" to Be Given by Marionette Show Next Friday

Announcement that Mark Twain's humorous masterpiece, "The Adventures of Huckleberry Finn," would be presented by Jean Gros French Marionettes at Central auditorium next Friday evening, instead of Percy Crosby's "Skipper," which had been previously scheduled, was made yesterday afternoon by Mrs. S. A. Hurst, chairman of the finance committee of the Council of Clubs, under whose auspices the Marionettes are to appear in Pampa.

The change of program was made because of the unparalleled reception given the puppet performance of the popular Mark Twain story throughout the country, the management of the show informed Mrs. Hurst. The original plan of showing "Uncle Wiggly" at the children's matinee performance will be followed. Four years ago, Mr. Jean Gros, a

Frenchman, approached the Mark Twain estate to obtain the rights to use Mark Twain's two masterpieces, "The Adventures of Huckleberry Finn," and "The Adventures of Tom Sawyer," believing that those two books contained the finest possible material for a true American puppet play.

It was only after the estate was convinced that this humorous and charming material would not be maltreated that permission was given to Mr. Gros to adapt a play and write appropriate music and after a year's time was devoted in picking out the best bits, and making puppets that would radiate the mood of the words, the play was finally put into rehearsal.

While it was believed that Huck Finn would meet with an enthusiastic response it was never expected that

the success would be so complete. Huck now appeared on the stage, in movies, in the comic section of the best newspapers and finally has won his greatest glory disguised as a Marionette.

When Jim and Dinah call for Lily Magnolia, their small pickaninny, and when their offspring makes her appearance on the stage, audience all over the country have staged such an uproarious welcome and have laughed with such tremendous enthusiasm that for the first time in America a small Marionette has actually "stopped" the show.

ELIHU ROOT HAS GOOD HEALTH ON 85th BIRTHDAY

NEW YORK, Feb. 15. (AP)—Elihu Root, the grand old man of statesmanship, passed his eighty-fifth birthday today with his family in the quiet of his upper Fifth avenue apartment.

Aside from a dinner last night in his honor given by Dr. Nicholas Murray

Butler, president of Columbia university, and the fact he did not go downtown to his law offices today, there was no especial observance of the event and the day was much like another. Despite his years Mr. Root is in good health.

A member of two cabinets—he was secretary of war during President McKinley's administration and secretary of state under Roosevelt—Mr. Root for two decades has had a prominent role in every important movement for world peace, the most recent of which was his work last year at the Geneva conference of international jurists to revise the statutes of the permanent court of international justice. He returned from that conference with a plan for the been signed and now needs only ratification of the United States. It has been rejected by the senate.

VANCOUVER, B. C., Feb. 15. (AP)—Archibald Johnston, 52, former police chief of Medicine Hat, Alberta, was shot and killed by an unidentified assailant in his apartment here today. The assailant escaped.

Murder Charge Is Filed Against Slayer of Deputy

PALESTINE, Feb. 15. (AP)—A charge of murder was filed here today against Wendell Sanders, 18, in the slaying of Floyd C. Cox, 27, deputy constable, in a cafe last night.

Another youth was arrested as an accomplice. Cox died in a hospital shortly after three shots were fired at him through a window of the cafe as he was seated at a table.

Sanders surrendered soon after the shooting. Cox, it was said, arrested the youth Thursday night. He was reported to have struck Sanders over the head with his pistol when he was alleged to have resisted.

The constable was survived by his widow and one child. He came here two years ago from Arkansas.

Rash Romance BY LAURA LOU BROOKMAN

BEGIN HERE TODAY JUDITH CAMERON, typist in a New York publishing house, marries ARTHUR KNIGHT, executive of the department in which she works. Knight is a widower with a daughter, TONY, 18, and in Paris, and a son, JUNIOR, 16, at school.

Judith took out the letter she had written, tore both letter and envelope into little bits, and dropped them in a wastebasket.

long has she been with the firm? "That's not the point. That's not it at all! The idea of her telling you I was in conference! Why, I was at my desk all the afternoon. The very idea—"

"But don't discharge her this time," Judith urged. "Think how much she knows about your work and what a trial it would be to break in someone new! If you talk to her about it in the morning I'm sure it won't happen over again. You ought to give her one more trial, Arthur."

wagging his bit of a tail expressively, and snuffing as though to say, "How do you do." Judith was delighted. She stroked the dog's head, rubbed his chin and before half an hour had gone by they were old friends.

eyes were starry and her cheeks bright. "Do you like me?" she asked, slowly turning to give her husband a complete view of the costume. Knight was on his feet. "Judith!" he exclaimed. "Why, you're wonderful!" She came forward.
