MOODY NOT TO REMOVE DISTRICT ATTORNEY VALLS CITY NOW SEEKING TO DISSOLVE TEMPORARY INJUNCTION

'SHOW DOWN' IS ASKED BY COMMISSION

Race Segregation Issue Still Hampered by Writ

LATE DECISION VOIDED STATUTE

Dallas Recently Lost in Similar Plan of Action

An application to dissolve a temporary writ of injunction restraining the city of Pampa from interfering with T. M. Tulls, negro, for living in a white section of the city, will be presented to Judge Henry S. Bishop of the 47th district court at Amarillo today if a meeting with him can be arranged, according to Arthur Teed, acting for City Attorney Chas. C. Cook.

If the application is presented, Judge Bishop is scheduled to pass on it today. In view of the decision handed down by the court of civil appeals at Dallas recently which held that all segregation ordinances passed under the provisions of an act of the 1927 legislature were null and void, it was believed that the application to dissolve the injunction would not be presented, but the city commission in session yesterday instructed the city attorney to precipitate "a show-down" on the matter.

Tulls who was arrested Christmas eve for owning, renting, and living in the Myrtle May apartments in block 7, lot 8 with his wife, was arrested Tuesday for not appearing at the hearing Monday. They were released Tuesday afternoon. The injunction was secured by Judge S. D. Stennis, attorney for Tulls.

The apartments were advertised for sale in yesterday's issue of the Daily News.

Ohio Railroad Employe Shoots Girl, Kills Self

BUYRDS, Ohio, Jan. 2. (AP)—Milo J. Goodwin, 25, railway employe, shot Miss Rose Ulmer, 22, through the shoulder and then committed suicide here today.

Miss Ulmer was going to work at a factory with Miss Mary Fisher, a friend, when Goodwin accosted them. Authorities said Goodwin told Miss Ulmer to "get in this car, or I will fix you."

BORGER MAN IS FREED BY JURY

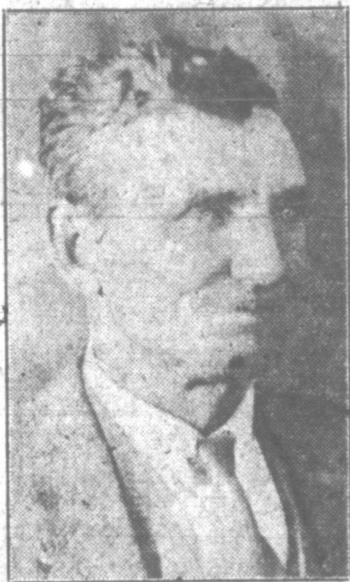

CANADIAN, Jan. 2. (AP)—Earl C. Scott, Borger, today stood acquitted of the slaying of Mrs. Bonnie Turner in Borger last April 15. A jury in district court returned a verdict here yesterday after two and one-half hours deliberation.

THE WEATHER VANE

WEST TEXAS: Fair tonight and Friday, somewhat colder in southeast portion tonight; probably colder in the Panhandle Friday.

—AND A SMILE NEW YORK (AP)—Primo Carnera, Italian fighter, who has been lugging his 6 feet 9 and 274 pounds around town seeing the sights, has a poor appetite. All he had for New Year's breakfast was two glasses of orange juice, four eggs, half a dozen slices of toast and two quarts of milk.

Runs Again

The first Gray county office holder to seek re-election is John R. White, commissioner of precinct No. 1. Mr. White bases his candidacy upon his record during his current term, which is his first. He is well known in the county, having lived in the Laketon community about fourteen years.

R. B. THOMPSON AGAIN RUNS FOR DISTRICT CLERK

Announcement by The News of the candidacy of R. B. "Rufe" Thompson for the office of district clerk here was authorized today.

Mr. Thompson was elected to that office last year, but through a technicality the position was never created. Separation of the office of county and district clerk depends upon the federal census soon to be taken, and owing to lack of an official census report on Gray county population the new position could not legally be created after the last election.

Mr. Thompson feels that, since he was elected to an office he never received, there should be little question as to his success next July 28 in the Democratic primary.

He has lived in Gray county twenty years, and knows the duties and routine of the office he seeks, having been county and district clerk from 1920 to 1924.

Since 1924 Mr. Thompson has been in the hardware business here. At present he is with the Pampa Hardware & Implement company.

Site of Federal Building Is Talked

Location of the proposed federal building was discussed at meetings of the city commission and B. C. D. yesterday and today.

Whether the federal government would accept part of Albert square will be ascertained before further investigation of possible locations is made. Since the city is almost ready to approve the architect's plan for the city hall auditorium, which will be placed on the square, any discussion of the federal building with respect to the city property must be immediate.

At its session yesterday, the city commission shined its time of weekly meetings from Monday evening to Tuesday afternoons at 2 o'clock.

Legislature Will Meet January 20

AUSTIN, Jan. 2. (AP)—Date for convening the special session of the legislature has been set for January 20, according to Senator John W. Hornsby of Austin. Governor Moody previously stated would call the legislature to meet about January 15.

STATEMENT IS WITHHELD BY ALL INVOLVED

Laredo Men Silent in Austin After Session

SECOND MEETING WILL BE HELD

Petition of 1600 Names Is Carried to Executive

AUSTIN, Jan. 2. (AP)—Although neither O. W. Killam nor Max Brennan, representing certain Laredo business men, nor Governor Moody would state definitely the outcome of conferences over the situation at Laredo brought about by the closing of the Mexican consulate there, it was evident the governor would not accede to the request that District Attorney John A. Valls be removed in order to restore usual commercial relations between the border city and Mexico.

Governor Moody said he would refrain from issuing a statement about the conference and his decision on the matter until he had given Killam and Brennan another audience.

"Right will prevail in the end," was the only comment Killam would make. He declared the true facts of the situation at Laredo were not known and many had the wrong impression.

"Many people are under the impression there is an indictment against General Calles in Webb county, but this is erroneous," he stated.

"It is a very delicate situation and we do not care to say anything that might be misinterpreted, but it is possible we will decide to issue a formal statement after Governor Moody gives us a formal reply to our request," Brennan said.

Killam and Brennan brought petitions bearing 1,600 signatures asking that Governor Moody act to relieve Valls of his office.

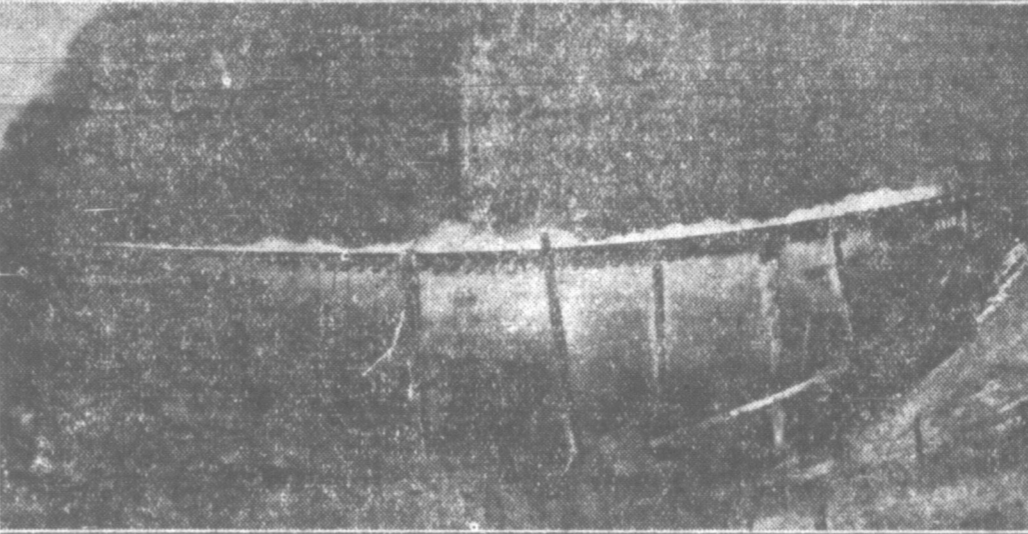

Senators Norris, Sheppard and Tom Connally yesterday telegraphed the Laredo Chamber of Commerce they had communicated with the state department protesting the closing of the Mexican consulate and the threatened closing of the customs house in Nuevo Laredo.

Federal Chiefs Need Valls' "Guts" Declares Hamer

AUSTIN, Jan. 2. (AP)—If the federal authorities at Washington had one-tenth the courage District Attorney John A. Valls of Laredo possesses, the situation at Laredo as a result of the closing of the consulate there could be ironed out, in ten minutes, Ranger Captain Frank Hamer said today. He gave his opinion in unvarnished language typical of him.

"John Valls is one of the foremost law enforcing officers in Texas, and the situation at Laredo is a fair indication of what happens sometimes when a conscientious man attempts to enforce the law," Captain Hamer said.

When the C. & O. W. Trestle Burned East of Pampa

This excellent picture shows the dense smoke and flames pouring from the C. & O. W. railroad trestle which burned near Pampa on Christmas day. A short time later the rails collapsed into the ravine. The bridge was replaced in two days.

Detroit Officer Shot

Girl Shoots at Sweetheart then Commits Suicide

SHREVEPORT, La., Jan. 2. (AP)—After making a futile plea to I. C. Miller, 24, filling station employe, to marry her, Miss Lillie Dugas, 20, fired two shots at Miller and then sent a bullet into her own brain. The shots fired at Miller went wild. Miss Dugas died at a sanitarium.

Miss Dugas had been at the station about half an hour before the shooting, pleading with Miller to marry her, and the latter had refused, according to Miller's statement.

Miller told the police Miss Dugas went into a rest room, returning a few minutes later and drawing a pistol from her purse. At the sight of the gun Miller fled, and Miss Dugas fired two shots at him without effect. She then placed the gun to her head and fired.

ATHENS BEATS TRINIDAD FIVE LAST EVENING

The Athens high school Hornets, national basketball champions last year, will arrive here at 5 p. m. today for their clash with the Harvesters tonight.

The Hornets last night journeyed to Trinidad, Colo., where they won by a score of 22 to 15.

Tonight's referee will be Fitzgerald. The game will begin at 7:30 o'clock in Central gymnasium. The same teams will play Friday evening also.

Pampa Talent to Broadcast Soon

Some of Pampa's outstanding talent will be heard Saturday evening in a radio program to be broadcast from station WDAE, between 8 and 9 o'clock. Readings, songs, piano selections, and violin solos will feature the audition.

Head of Bomb Squad Is Wounded; Girl Dying

DETROIT, Jan. 2. (AP)—Inspector Henry J. Garven, head of the crime and bomb squad of the Detroit police department, was shot twice today by men in a black sedan who drove beside the inspector's car on Coplin avenue and fired 12 shots.

An 11-year-old girl, struck by one of the bullets, was said to be dying.

The inspector is known to have been a marked man in the city's underworld since the organization of the crime and bomb squad two years ago. The squad was organized to rid the city of racketeers and hijackers.

The wounded girl was Lois Bartlett. She was hit in the head and arm. Inspector Garven's condition was said to be serious, but not critical. He was able to give police details of the shooting.

Mrs. Gann Given Auto License 11

WASHINGTON, Jan. 2. (AP)—Mrs. Dolly Gann, official hostess of Vice-President Curtis, has obtained 1930 automobile license number 11.

Mrs. Nicholas Longworth, her recent opponent over matters of social precedence, will get number 81.

Speaker Longworth's official car, which Representative Garner, minority leader, continues to call "our" car, will carry license number 66.

New Marriage Law Paralyzes Cupid's Business

The new marriage law may be of great benefit to society and a great protection to the unborn population, but it certainly worked havoc in the marriage license bureau of Gray county, according to an analysis of figures compiled since last June.

Where there were 250 marriage licenses issued in 1928 only 175 were issued in 1929. The marriage law requiring a medical examination and a three-day notice before the license is issued, went into effect in June and since that time only 75 licenses have been issued although there has been a great increase in population since 1928.

County Clerk Charlie Thut says that he can count off hand 50 couples who went to Sayre, Okla., to be married rather than comply with the requirements of the new law.

The marriage license business is usually heaviest around Christmas but this year there was a dearth of it, Mr. Thut says. The marrying months, June and December, were just like any other month as far as license buying was concerned, he said.

"People have and always will like to marry on the sly," the clerk said, "and there's no way of stopping them. There's no telling how many Texas dollars have poured into the pockets of Oklahoma preachers and officials because from the tip of the Panhandle-Oklahoma border down to Bowie county on the Oklahoma border in East Texas, the young folks are going across the line to get married—and they will continue to do so."

BOARD OF CITY DEVELOPMENT IN LAST YEAR HAS MUCH HELP FROM OTHER ORGANIZATIONS OF PAMPA

DEPUTY FIRES ON WATCHMAN AT GONZALES

Wounded Man Shoots 5 Times From the Ground

BOTH SUCCUMB TO BAD WOUNDS

Third Man May Have Had a Part in Affair

GONZALES, Jan. 2. (AP)—J. S. Tate, city night watchman, and A. C. Strickling, deputy sheriff, were shot to death in a gun battle in an alley in the business district here late last night.

The two men, Tate shot five times and Strickling three, were found mortally wounded by Deputy Sheriff Ruel Vasburg, who was attracted to the alley by the sound of gunfire.

Vasburg said Tate told him that Strickling, apparently under the influence of liquor, approached him in the alley with the remark:

"Stick 'em up, damn you!" Tate said, according to Vasburg, that he deputy opened fire without another word, and that after he had been hot to the ground he pulled his gun and shot Strickling five times.

The fact that one bullet hole in Tate appeared to have been made with a run of smaller calibre than the others led officers to push their investigation under the assumption a third man may have taken part in the fight.

Tate died at 12:20 a. m. today; Strickling at 3:30.

First 1930 Baby in Pampa Born Today

Pampa's first 1930 baby, as far as the News can learn, is the chubby son of Mr. and Mrs. John T. Lindsey, who was born this morning at 2:45 a. m. in McKean & Conroy hospital.

As he is a brunet, according to an old Irish belief, brunets will be lucky in Pampa in 1930. The superstition holds that the type of the first baby, that is, either blonde or brunet, born in a village after Dec. 31 will be favored by Lady Luck during that year.

Mr. Lindsey is an employe of the Humble Oil and Refining company.

RESPIRATION FAILS

ALTUS, Okla., Jan. 2. (AP)—After being kept alive 20 hours by artificial respiration following an operation, Mrs. Garland Hughes, 36, of Altus, died here today.

THAT TERRIBLE TRAGEDY IN SCOTLAND, IN WHICH 72 CHILDREN LOST THEIR LIVES IN A THEATRE, IS A FEARFUL EXAMPLE OF THE PART THAT FEAR PLAYS IN HUMAN THINKING.

Fear, an instinctive reaction basically chemical in the human anatomy, detrones reason. The way to control fear is through training to de-arise as much as possible of the instinctive reaction and to give the mind a track—through repetition of a like occurrence—in which to act. In other words, had those children been sent through fire drills at their schools, their reaction would have been weaker to the fire symbol, and their thinking would have included a course of action apart from the blind desire to batter at the nearest exit.

Children should be taught how to act in moments of danger, whether of fire, of severed artery, of snake bite, or other menace. Fire drills are held in most high schools as a step toward lowering fire insurance key rates. A group of American children so trained probably would not have trampled each other as did the Scotch lads and lassies. In fact, grown-ups would have been more apt to get excited; it should be commonly understood that in theatres such as the Rex and Crescent in Pampa the projection booths are fire-proof, and blazing film would endanger no one but the operators. Trampling is the chief danger in any stampede, for were not the exits jammed or bodies thrown against doors there would be time for all to file out in orderly, even-leisurely fashion. The thing to do after any cry of "fire" is to think, not run. And the word fire should never be used in a crowded building, lest it be misunderstood and frighten those whose minds may be absorbed by other thoughts but who will act before they realize what they are doing. The trained school child knows what he should do.

THE DEBATE OVER THE STATUS OF COLLEGE ATHLETICS HAS BECOME HEATED THROUGHOUT THE NATION.

Notre Dame, outside any restricting conference, was criticized severely in the last issue of the Texas Intercollegiate League newspaper. Notre Dame pays one hundred players from \$100 to \$300 for a season in return for three hours work per day when the team is at home. Iowa has just been kicked out of the Big Ten because of her slush fund for athletes.

Some form of financial aid for athletes is provided in almost every large institution. Athletes, it occurs, usually come from families of small means, and many boys could not go to college were it not for their athletic ability, which assures them a job. There are many who consider that the athletes are entitled to their upkeep in return for their time and their ability to bring tens of thousands of persons through the stiles.

Let the argument rage; in no other way will the problem ultimately be solved. Pampa has, in common with other Texas schools, the duty of providing physical education classes for all pupils next year. It is a state requirement, and a good one. The added expense will not be great. A woman giving half her time in high school, and a man doing likewise in addition to the regular coach, can handle the classes. That means the equivalent of one added teacher.

Intensive training for those who do not need it from a physical standpoint, to the exclusion of those who need the training but who are of no value in competitive athletics, is illogical in a system that is supposed to be based on intelligence.

Shop talk at a banquet is bad enough, and the Lubbock fireman who had to rush to a blaze during their annual banquet probably were greatly aggrained.

TWINKLES

Better see the Harvesters battle the national champs here tonight. Incidentally, the coaches here wish the boys of Pampa were by on a longer plan to combat that lanky aggregation from Athens.

By the time most of the New Year's resolutions are in the same condition as dad after paying the Christmas bill.

The art of conversation is coming back, when we will be expected to say something when we open up around our friends. However, this column isn't conversation.

It must be a hard winter; some of our burglars appear to be very needy.

Twink is not running for, to, from, at, (or other adverb) anything, office, remuneration, or emolument. He likes to encourage others to gallantly offer themselves unto the Democratic primary of next July, however, and he advises all who seek offices and fame to have their pictures made before coming in to announce. Russ Air Hero in Hunt for Eielson

Russia's most famous flyer, Semyon Shestakov, above, will join the international air search for Carl Ben Eielson, Alaskan pilot, who has been missing for more than six weeks off the Siberian coast. A national hero since his return from the recent pioneering Moscow-to-New York flight, Shestakov will head an expedition which the Soviet government has ordered into the frozen wastes where Eielson is believed to have been forced down.

Aw, Whatsa Use!

YOU MAY REMEMBER WHEN WE OPENED THIS CONTEST FOR THE BOYS, WE ASKED THEM TO TELL US WHAT THEY WOULD DO IN A BUSINESS WAY IF THEY HAD \$500 EACH TO START WITH. WE WOULD LIKE TO PRINT THEM ALL, BUT HAVE ROOM FOR ONLY ONE LETTER, FROM OSCAR PLETZEBADIM. THE FOLLOWING IS EXACTLY THE WAY THAT MASTER OSCAR WROTE IT:

ANSWER TO QUESTION: "WHAT WOULD YOU DO WITH \$500, AND WHY?"

I WOULD GIVE \$50 TO CHARITY—\$25 FOR A BICYCLE—\$5 FOR ONE YEAR'S BUNDLE OF

HAPPLE MAGAZINES—\$25 FOR ONE ACRE OF GROUND—\$14 FOR SEVENTY FENCE-POSTS—\$31.05 FOR SIXTY RODS OF FENCE WIRE AND \$18 FOR LABOR AT \$1.50 A DAY TO PUT UP THE

SEEDING \$1945 FOR ANIMAL EXPENSES TO GET THE BUSINESS INTO A PAYING PROCESS. I WOULD GIVE \$50 TO CHARITY BECAUSE THE BIBLE GIVES A PROMISE CONCERNING SAVING.

BUY A BICYCLE—BECAUSE I COULD ENLARGE MY FIELD FOR HAPPLE'S MAGAZINE, BY REACHING FINE NEIGHBORING TOWNS AND VILLAGES, INCLUDING WELL-TO-DO FARMING COMMUNITIES—ONE HUNDRED MAGAZINES WOULD BE A GOOD INVESTMENT AS A START IN THE PAPER BUSINESS.

THE POULTRY BUSINESS—BECAUSE I COULD BUY A PIECE OF GROUND BUT ONE HALF-MILE FROM MY HOME AND ALL THINGS MENTIONED THAT I WOULD NEED TO MAKE IT A SUCCESS HAVING HIGH MARKET PRICE AT A CREAMERY THAT SHIPS EVERY FEW DAYS. ALSO BECAUSE I COULD ENGAGE IN THE POULTRY BUSINESS WITHOUT INTERFERENCE TO MY SCHOOL WORK.

MIDWEST TOO POWERFUL FOR HOME ELEVEN

BY GAYLE TALEOT, JR.
(Associated Press Sports Writer)

DALLAS, Jan. 2. (AP)—"Power" football, as she is played in the Middle West, still is a very effective means of advancing the sphere. It is not, as they had come to believe, an obsolete method.

Fifteen thousand fans saw a group of young giants from the North batter their way to a 25 to 12 triumph over a collection of Southwest stars in the Dixie classic here yesterday will bear witness.

It was a golden juggernaut that Coach Jimmy Phelan turned loose on scrapping representatives of this section. There was nothing fancy about the Midwest offense. It consisted, principally, of a running attack built about Pest Welch, Texas thunderbolt who went to Purdue for his schooling, and three or four others who play a similar brand of football. When Welch wasn't smashing off the Southwest tackles and around the ends, it was Rabholz of Wisconsin, or Gembis of Michigan, or Holman of Ohio State, or Walker of Illinois.

The Southwest eleven sadly outweighed, made a brave fight of it and gave the spectators a run for their money, but there was no doubt of the superiority of the Midwest crew. Not only did the invaders demonstrate their ability to drive straight down the field for two touchdowns, but they rubbed it in slightly by stealing the Southwest's own thunder, and putting across a couple more via the aerial route.

Only once did the supporters have an opportunity to get enthusiastic. That was toward the close of the second period, when the homelings passed their way from midfield for a touchdown that tied the score, 6 to 6. In the course of that march eight passes were completed. Geis of Arkansas who shared with Grubbs of Texas Christian what honors there were in the Southwest backfield, made the score. The came combination, Grubbs to Geis, also scored the Southwest's other touchdown in the third period. Geis made several sensational catches of the rifle-like heaves from Grubbs.

After the second period, the invaders had an effective defense against the Southwest's passing attack. While the guards and ends rushed Grubbs so hard he scarcely had time to get the ball out of his hands—and frequently did not get rid of it—the tackles blocked the Southwest ends.

Colleges Admit Charges—Wish to Better Athletics

NEW YORK, Jan. 2. (AP)—The National Collegiate Athletic association has made a New Year's resolution that the next bulletin on college athletics issued by the Carnegie foundation must tell of conditions entirely unlike those described in bulletin 23. At their 24th annual meeting yesterday, the delegates admitted the existence of conditions the Carnegie report described and decided to remedy them.

The new president, Charles W. Kennedy of Princeton, was authorized to appoint a committee to draw up a practical reform program. The committee will report at the next meeting. Meanwhile, college and university presidents and secondary school authorities will be urged to start an earnest effort to clean up their institutions.

The proposal of President Frank P. Day of Union college that colleges should abolish gate receipts and return to amateur coaches was rejected on the grounds it would be only a return to and older and no better system.

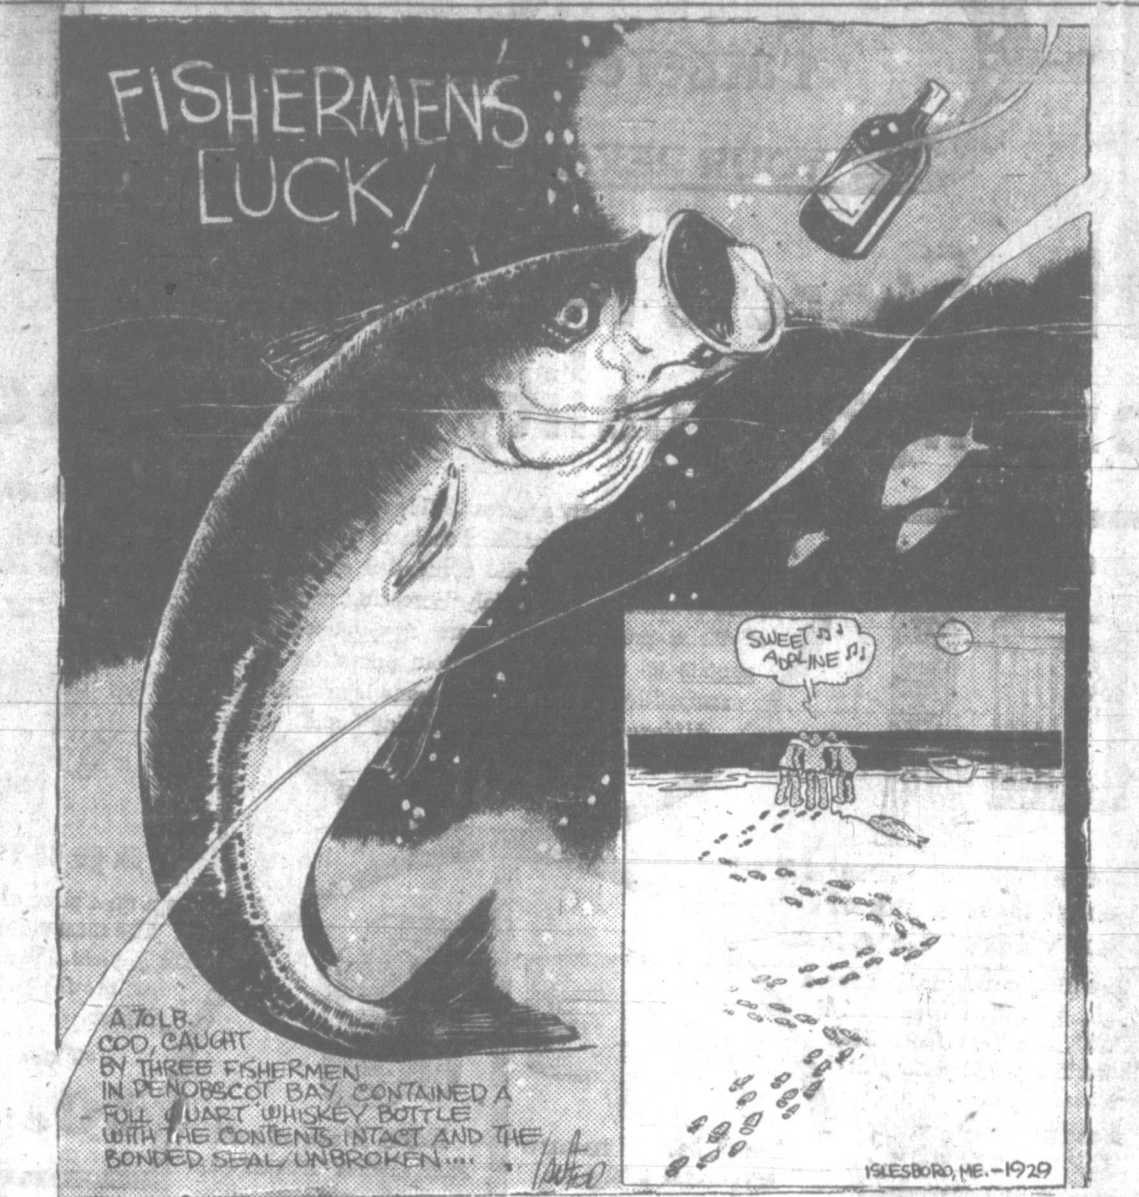

Election of Mr. Kennedy as president came after Brigadier-General Palmer E. Pierce, who had held the office since the organization of the N. C. A. A. 24 years ago, retired. The office of honorary president was created, and General Pierce was elected to it for life.

BRUSHING UP SPORTS... by Laufer

Scarcity of Great Ends Noticed as Mythical School Eleven Picked

DALLAS, Jan. 2. (AP)—Three outstanding backfield stars, an abundance of fine tackles, guards and centers, and a scarcity of great ends, marked the 1929 state high school race, as reflected in the "all-state" selections of nine sports writers.

A composite team, gleaned by the Associated Press, revealed that Boyce Magness of the Breckenridge Bucks, co-holder with Port Arthur of the state championship, Kelly Scott of Marshall, and Ray Brandon of Cleburne generally were regarded as the finest trio of backfield stars in the race.

Dewitt Knight of Port Arthur was a unanimous choice at one end, but the critics were widely divided in the choice of his running mate.

In all, a total of 35 players, representing schools from Amarillo to Brownsville and from Marshall to San Angelo, were deemed worthy of all-state honors by the nine observers whose selections were used in compiling the composite team.

Contrary to the usual practice, the scribes did not confine themselves to the teams that won district championships in looking for starring material. Five of the players represented in the consensus played on teams that did not win out of their section. Four district winners, Brownsville, Denton, Waco and Central (Port Worth) did not place a man on the team. The composite selection is somewhat off-side in that it contains twelve players, one more than it could use conveniently.

This was brought about through the fact that Dumesnell, Port Arthur captain, and Hecker, plunging fullback at Sam Houston high (Houston), each received three votes for the fourth job behind the line. They will have to alternate at the position.

Although any agency that attempts to name the eleven outstanding players in a race that contains 68 teams cannot be entirely accurate, the team presented herewith may be considered at least representative. The nine sports writers who contributed their opinions followed the state race closely, especially in the bi-district, semi-final and final stages.

They are: Prexy Anderson, News, Abilene; Victor Davis, News, Dallas; "Tookie" Sheppard, News, Port Arthur; Victor Emmanuel, News, Galveston; Bill Parker Times-Herald, Dallas; Jinx Tucker, News-Tribune, Waco; Wes Hodges, American, Breckenridge; Elmo Angell, Record-Chronicle, Denton; Harold V. Ratliff, Times-Review, Cleburne.

The team: Dewitt Knight, left end, Port Arthur, 9 votes; Claude Cox, left tackle, Breckenridge, 8 votes; Fay Lagow, left guard, Forest (Dallas), 7 votes; Fred Nicklatis, center, Amarillo, 4 votes; Bill Stamps, right guard, Corsicana, 6 votes; Eugene Grimes, right tackle, San Angelo, 5 votes; G. Cary, right end, Breckenridge, 3 votes; Boyce Magness, back, Breckenridge, 9 votes; Ray Brandon, back, Cleburne, 6 votes; Kelly Scott, back, Marshall, 5 votes; Fred Hecker, back, Sam Houston, 3 votes; Walter Dumesnell, back, Port Arthur, 3 votes.

The honor roll, including other players who received at least one vote, follows: Ends: Shear, Waco; Price, Lubbock; Richardson, Breckenridge (San Antonio); Bartfield, Port Arthur; Watson,

PITT IS GIVEN WORST DEFEAT IN ROSE BOWL

PASADENA, Calif., Jan. 2. (AP)—Burdened with a decisive 47 to 14 trouncing handed them as a New Year's day greeting by the mighty Trojans of the University of Southern California, Pittsburgh's grid squad today prepared to return to its native heath, victim of the most decisive defeat meted out in the fourteen years of tournament of Roses competition.

The Pitt Panthers, who dug their claws into the turf of the historic battle ground yesterday intent on reversing a 7 to 6 beating administered in 1928 by Stanford, left the greensward bowed in their first defeat of the season because they could not solve the puzzling Southern California passing attack.

Beginning with the initial touchdown, which came only a few moments after 70,000 persons had filled the stadium, the men of Troy found scoring possible in four of seven tallies because of unerring aerial work. A fifth counter, was indirectly the result of a long pass and the others were the result of plunging football.

The Panthers, with a quartet of All-Americans in the line-up, saw the glory of individual performance stolen from them by a group of U. S. C. gridsters who shattered the famed Pitt defense.

Rubio Not Bothered by Unfriendly Crowd

DETROIT, Mich., Jan. 2. (AP)—After a reception marred by a hostile demonstration on the part of 200 or more men and women who mingled with a friendly crowd at the railroad station, Pascual Ortiz Rubio, president-elect of Mexico, today was tendered the official greetings of the city.

The president-elect appeared unperturbed by the unfriendly attitude of the group, which was outnumbered ten to one by those who cheered as he left his train last night. The hostile crowd was said by police to have been composed principally of Communist. Two men were detained by police.

PLANE IS REPORTED TO HAVE FALLEN IN OHIO

SANDUSKY, Ohio, Jan. 2. (AP)—Search by airplane for a plane supposed to have fallen last night near Johnson's Island, in Sandusky Bay, failed to locate signs of a landed plane or of wrecked gear.

Coast guards planned a search by boat later. They made one attempt last night but their boat was blocked by ice. The supposed crash was reported by several persons. They thought they saw a plane prop a flare as it passed over the island and said the motors then stopped and the riding lights disappeared.

Bruce Cobb, student in Oklahoma A. & M., left Tuesday for Stillwater, after spending the holidays at his home here.

Tennessee Star Shines as Dixie Eleven Is Beaten

ATLANTA, Jan. 2. (AP)—Fans and critics, who nominated Bobby Dodd, Tennessee's sharpshooter for the quarterback post on the 1929 Dixie all-star football team have had their judgment vindicated.

In a game for charity, Dodd and his old teammate, Buddy Hackman, put on a show yesterday. Dodd tossed two passes which Hackman converted into touchdowns and Hack galloped 44 yards for the other score. The eleven recruited from the northern half of the Southern conference topped the Cardinal squad from the South, 21-12.

Dunlap of Georgia Tech climaxed a 40-yard drive with a short thrust over center for a touchdown and later threw a 22-yard pass across the goal line to Tom Jones, also of Georgia Tech.

WOMAN AND FOUR MEN KILLED BY BAD BOOZE

NEW YORK, Jan. 2. (AP)—Liquor was blamed by hospital physicians today for the death of one woman and four men as an aftermath of the New Year's celebration here. Hospitals treated 79 cases of alcoholism.

Bodies of the woman and one of the men were found by police on Brooklyn streets. An autopsy was ordered in the case of a man who died by his home to determine whether he had been killed by poison liquor. One other died at home, and the fourth succumbed at a hospital.

"BIG BILL" DENIED

PARIS, Jan. 2. (AP)—Bill Tilden defeated Christian Boususs, young French southpaw in the semi-finals of the French international covered court tennis championships today, 6-8, 6-2, 8-6. He will meet his old rival, Jean Borotra in the final on Saturday.

Northerners Win

DENVER, Colo., Jan. 2. (AP)—An all-star football squad recruited from the North Central conference packed too much team work for Rocky Mountain conference players yesterday, the visitors taking home a 13-6 victory.

VETERAN RE-ARRESTED

JONESBORO, Ark., Jan. 2. (AP)—Arthur M. Baxter, war-crippled peddler, released Tuesday night as a suspect in an investigation of the murder of a woman at Marked Tree, Ark., December 11 was re-arrested today for questioning.

IMPROVING HARVESTERS WILL FACE NATIONAL CHAMPIONS IN CENTRAL GYMNASIUM TONIGHT

Last year's national high school basketball champions, the Athens, Texas, basketball quintet, will be seen in action at Central gymnasium this evening and again on Friday night.

The games will begin at 7:30 o'clock. Basketball fans from a wide area are expected to come here to see a brand of basketball seldom exhibited in this section.

The Pampa Harvesters, again but rapidly-improving aggregation, will attempt to give the champs the most competition they have had on the North Plains. The Athenians defeated the Amarillo Sandies in two games, but had no easy time doing it.

Mr. and Mrs. H. D. Lewis and children are visiting relatives in Wichita Falls.

East Beats West in All-Star Tilt at San Francisco

SAN FRANCISCO, Jan. 2. (AP)—Western football enthusiasts were singing the praises of Jack Cannon, Notre Dame guard, Glasgow, Iowa halfback, and a host of other eastern performers today as they recuperated from the effects of seeing an all-star West team trounced 19 to 7 here yesterday by an all-star East team.

The East scored its first touchdown in the opening quarter on a 25-yard pass added another in the second, and completed its scoring by means of two field goals by Frosty Peters of Illinois. The West made its lone score in the

Baltimore Boy Is Tennis Champ

NEW YORK, Jan. 2. (AP)—William Jacobs of Baltimore city college is the new king of America's indoor tennis players of junior age and John Richardson of Dartmouth is the new crown prince.

Jacobs conquered Richardson yesterday for the national junior indoor crown, 6-3, 6-2, 2-6, 7-9, 6-3. Jacobs is 17, and Richardson 18.

Marcus Hecht, 16, of New York won the national boys' indoor title, beating Bernard Friedman, Philadelphia, 6-3, 6-2. In doubles Hecht and Friedman lost to Frank Parker of Milwaukee and Giles Verstraeten, New York, 7-5, 6-8. In the junior doubles Sandy Davis and Richard Downing, of New York beat Donald Frame, Harvard, and Fred Roll, Merbersburg, 6-4, 6-4, 5-8, 7-5.

State Institutions Program Topic Tuesday of Twentieth Century

Mrs. A. R. Sawyer was principal speaker at a program on "Our State Institutions," given before members of the Twentieth Century club. Her topic was on the eleemosynary institutions chiefly, and she told of the number and kind, as well as the locations, of these.

Mrs. J. D. Sugg named the penal institutions and compared them with the institutions of other states. She explained the parole system and the conditional pardon system.

Mrs. R. W. Mitchell accepted the position of club representative on the Council of Clubs, recently resigned by Mrs. H. D. Lewis.

The meeting was held in the home of Mrs. Raymond Harrah.

Members present, other than those named, were: Mrs. R. C. Campbell, Mrs. W. R. Campbell, Mrs. F. M. Culbertson, Mrs. A. H. Doucette, Mrs. Paul Kasabke, Mrs. Tom E. Rose, Mrs. Floyd Smith, and Mrs. H. G. Twiford. Mrs. W. R. Kaufman of Amarillo was a visitor.

Holiday Visitors Are Honored by Mrs. Tom E. Rose at Breakfast

Mrs. Margaret E. Lawhead of Denver, Colo., guest of her brother, C. T. Hunkapillar, and Mrs. Hunkapillar, and Miss Nellie Warren of Olathe, Kans., who has spent the holidays in the home of her sister, Mrs. B. E. Finley, together were honored when Mrs. Tom E. Rose entertained at 10 o'clock yesterday morning with a prettily appointed breakfast at her home.

Covers were laid for eight with a service of rose pink glass. Pink carnations centered the table, and corsages of the same flowers marked places for the two honorees.

The guests were as follows: Mrs. George Walstad, Mrs. R. W. Mitchell, Mrs. George Kahala, Mrs. A. Cole, Mrs. C. T. Hunkapillar, and the honorees, Mrs. Lawhead and Miss Warren.

Mr. and Mrs. J. M. Turner Entertain with New Year's Eve Bridge

Among the delightful affairs of New Year's eve was a bridge party given by Mr. and Mrs. J. M. Turner, whose guests were as follows: Mr. and Mrs. Philip Pond, Mr. and Mrs. Ralph Trimble, Mr. and Mrs. C. L. Craig, Mr. and Mrs. B. F. Reno, Mr. and Mrs. Harry Jones, Miss Wilma Behrends, and Harry E. Hoare.

The card tables were attractive with accessories stressing the holiday note, the tally cards each carrying a list of absurd New Year's resolutions. Candles lighted the tables when refreshments were served.

In the first period of the playing, favors were awarded. Mr. and Mrs. Jones for the high scores, Mrs. Jones receiving a console set, and her husband, a pocket knife. Between the mid refreshments, were served and midnight, when an alarm clock sounded the hour, Mrs. Craig and Mr. Hoare made the high scores. Mrs. Craig's favor was a compact, and Mr. Hoare's an alarm clock.

Miss Beth Blythe and her brother, Dee Blythe, are to return today to Canyon, where they are students in W. T. S. T. C. They spent the Christmas holidays with their parents, Mr. and Mrs. J. H. Blythe.

Informal Musical Is Feature of New Year's Eve Entertainment

Mr. and Mrs. B. E. Finley entertained on New Year's eve with a buffet supper and informal musical, in compliment to Miss Nellie Warren of Olathe, Kans., sister of Mrs. Finley, who has been their guest for the holidays.

Their guests were: The Rev. and Mrs. D. D. McSkimming, Mr. and Mrs. Roy Tinsley and children, Marie and William; Mr. and Mrs. H. G. Twiford and sons, LaVerne and Glenn; Mr. and Mrs. W. R. Campbell; Mrs. John V. Andrews; Louise Walstad, and Hugh McSkimming. Their own children, Frances, Warren, and Flora Deen, also were present.

The entertainment of the evening included vocal selections by Mrs. Andrews; violin solos by Roy Tinsley and LaVerne Twiford, Mrs. Twiford playing accompaniments for her son's playing; piano selections by Hugh McSkimming, who played some of the old-time favorites; and piano numbers by Flora Deen Finley and Glen Twiford.

Dayton Smith 15, is being held in the city jail for investigation and vagrancy. He was arrested last night.

Mrs. Claude Lard and Mrs. Roy Kilgus Give New Year's Party

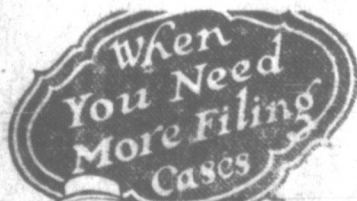

An attractive New Year's party was given last evening by Mrs. Claude Lard and Mrs. Roy Kilgus, entertaining mutual friends at Mrs. Lard's home, on South Somerville street.

Players at the gaily decorated tables were: Mr. and Mrs. A. L. Jones, Mr. and Mrs. J. S. O'Brien, Mr. and Mrs. W. M. Voyles, Mrs. F. G. Browne, Bob Hickman, Ben Robinson, Walter Holland, the hostesses, and their husbands. Mrs. O'Brien received a beautiful handkerchief as high score trophy. Mr. Hickman received a silk scarf for men's high score. Mrs. Jones and Mr. Voyles received novelty 1930 model "anxiety-eradicators." Dainty refreshment plates were passed at the conclusion of the game.

Mrs. C. C. Matheny, who has been seriously ill at her home since Monday, today was reported improved.

H. M. Davis, critically ill in Dallas Medical clinic for the last several weeks, was thought to be slightly improved last night according to a message received by his daughter, Miss Mabel Davis.

Hoover Shakes Hands with 6,348 Persons Yesterday

WASHINGTON, Jan. 2. (AP)—The great and the lowly extended personal New Year greetings to President and Mrs. Hoover yesterday, and when the day was over, a tabulation showed the chief executive and first lady had shaken hands with 6,348 people. From 11 o'clock until nearly 3, with the exception of a short period for lunch and brief intervals of rest while the long line was halted, Mr. and Mrs. Hoover were busy receiving callers.

Suit on Lease Filed

Mr. Willis filed suit individually and as an independent executor of the will left by his mother, Mrs. Sally Willis. The suit is scheduled to come up in the March session of the 31st district court. W. M. Lewright is attorney for Mr. Willis.

DEFLECTED BULLET FAILS TO INJURE GROCERY OWNER

FORT WORTH, Jan. 2. (AP)—The hard surface of a counter which deflected a bullet fired at F. W. Schwenck, proprietor of a grocery store, by a negro bandit today probably saved the grocer's life.

The bullet, fired from Schwenck's own gun, plowed through the counter, glanced upward and struck Schwenck in the stomach without breaking the skin.

Policemen S. P. Jones and Charles Sumpter were disarmed by a gunman about midnight after they had driven into a filling station which the bandit was robbing. The man struck Jones in the chest with his pistol and fired a shot into the officers' faces, the bullet passing through Sumpter's hat.

General Weyand Promised

PARIS, Jan. 2. (AP)—General Maxime Weyand, considered the military heir of Marshal Foch, was today named chief of the French army general staff. His promotion has been generally known since last March. Weyand was considered by Foch the ablest military chief in France. Not long before his death Foch said in a conversation "when I am no longer here, if a military peril menaces France, call on Weyand, and you can be tranquil."

PORT ANGELES, Wash., Jan. 2. (AP)—Wallowing helpless 800 miles off Tatoosh island with a broken steering gear and her afterhold filled with water, the steamer Californian today asked aid from the Coast Guard. The cutter Snookhish left here shortly after 3 a. m., expecting to reach the Californian in approximately three days.

Ruins of Sodom Believed Found

JERUSALEM, Jan. 2. (AP)—Archaeologists working in Palestine wonder whether the ruins of Sodom, which the Bible says was so wicked it was burned to the ground, have been found.

An expedition of the Pontifical Bible institute of Jerusalem excavated ruins of a city hitherto unknown to science in which all houses and buildings were covered by a layer of ashes.

Investigators, taking note of relics found, assumed the place was burned in the bronze age and never had been inhabited since. The relics included broken pottery, a few axes, and flint instruments. Among the ruins was an ancient wall, built partly of stone and partly of bricks.

The ruins are located in the eastern plain of Jordan about six kilometers north of the Dead Sea. They were found quite by accident when members of a Pontifical Bible institute party found some flint objects and potsherds where their tents were located.

Father Malloy, heading the investigation, said it was too early to classify the ruins as those of Sodom. The Bible records a visitation of fire and brimstone on Sodom, and its twin city Gomorrah because of the wickedness of their inhabitants.

Young Man Dies of Pneumonia at Noelette Home

Gordon Stewart, 23 years old, died of pneumonia early yesterday morning at his home in Noelette. The body was sent yesterday to Bartlesville, Okla., by Stephenson Funeral home. The funeral and burial will be at Bartlesville this afternoon. Mr. Stewart is survived by his wife and two children.

SCHOOLS IN OAKLAND ARE FIRED BY PYROMANIAC

OAKLAND, Calif., Jan. 2. (AP)—Destruction by fire of Fremont High school, Oakland's oldest educational unit, and the attempt a few hours later to set fire to Lockwood junior high school by a bomb resulted today in an intensive search for a pyromaniac here. The incendiarist is believed to be the same whose activities have reduced to ashes a dozen schools, churches and public buildings in Sonoma, Mendocino, Lake and Suisun counties in recent months. Although he was seen throwing a fire bomb which set fire to the steps of the Lockwood school last night, darkness shrouded his features.

B. C. D. REPORT—

(Continued from page 1.)

line from Childress to Pampa. The chairman called his committee together and a campaign was outlined. A careful survey was made of all the facts that would be of interest to the Denver. These were submitted to the officials. The chairman made a trip to Chicago, and interviewed the Burlington officials. Trips were made to Ft. Worth and a steady campaign was pushed.

Finally, we received word that the Burlington officials were interested. Application for a permit to build was made to the Interstate Commerce Commission. Then the real work was begun. The board of directors, the transportation committee and the secretarial force spent weeks of intensive effort in getting up the proper data to present our case to the commission at the hearing.

Oppose Santa Fe Spur
 In the meantime, the Santa Fe made application for a permit to build a spur from Heaton to near LeFors. This committee feeling that such a spur would injure our city, intervened in the application. Both the above hearings were held at Fort Worth. A number of Pampa business men, lead by the committee, and under the guidance of Chas. C. Cook, attorney, spent a week at Ft. Worth, largely at their own expense. Everything that could be done was done. We recently have received a report, which is discouraging, to some extent, but the fight is not over, and all possible is being done to win this fight for Pampa.

Postponed Spur Building
 The fact that the Board of City Development intervened on the spur question, has at least postponed action on the part of the Santa Fe, and that in itself was worth much to Pampa.

This committee has also done much to develop the present interest in aviation. A temporary airport was secured through the kindness of the White Deer land organization, and Pampa today has more privately owned planes than any other city of its size, and larger, in this whole section.

The committee also arranged for the painting of a sign on the top of the High school gymnasium, which is also of great value to aviators.

A delegation of five planes was sent to Roswell at the formal opening of their city port. This was more planes than any other community was able to send. This was done through the cooperation of the local plane owners.

It was through this committee that free express delivery was obtained.

As indicated above, there is still much to do no the railroad fight, and Pampa, can depend upon the Board of City Development and the transportation committee to do what is necessary.

HIGHWAY COMMITTEE—Scott Barcus, chairman.
 Through this committee much has been accomplished in straightening out the highway situation in Gray county. It is difficult to tell all the activities of this committee in this respect for some of the work had to be carried out quietly. But it is felt that 1930 will see a plan worked out that will give Pampa, and Gray county, a system of highways which will be adequate to the needs. Trips were made to Austin and close touch has been had with all highway officials. A complete highway map was made up, showing the needs of this territory, and presented to the Highway Commission at Austin.

This committee assisted in financing the Oil Field Highway association No. 41 signs, and cooperated in many ways with this association, of which F. P. Field is the president. The prospects of this highway being given a State designation are good, and this

road will be worth much to Pampa.

Placing Road Signs
 One hundred signs with "PAMPA" and a proper arrow has been purchased, and these are being put out as possible.

In the secretary's office a complete system of road maps is maintained, and more than a thousand have been given out, with road directions during 1929. This service has been worth much to citizens of Pampa, and to tourists.

CIVIC COMMITTEE—E. F. Thomas, chairman.
 This committee has done its part towards a better Pampa. Early in the year it started a movement for a city planning commission. John Surratt, secretary of the Kessler Planning association of Dallas was brought to Pampa, and after studying the city's needs, he spoke to the Chamber of Commerce, advocating the appointment of such a commission. The purpose of this commission is to make a careful survey of the city, and draw up plans for beautification, zoning, etc. The city commission has appointed this committee, and it is expected that during 1930 active work will be undertaken.

The civic committee worked with the city commission on the reduction of fire rates, and have made several recommendations to that end.

Advocated Bonds
 The committee was active with the rest of the Chamber of Commerce in assisting in carrying the bond issue which will give the city a fine city hall and auditorium, central fire station, more paving and parks.

The committee helped in the campaign for free mail delivery, which is now accomplished fact.

OIL INDUSTRY RELATIONS COMMITTEE—W. B. Salsbury, chairman.
 This committee was active in the various problems of interest to the oil industry, such as the land bills, oil legislation, etc.

The committee was also instrumental in entertaining the oil men at a banquet in which a large number of business men and oil men met and got better acquainted.

PUBLICITY COMMITTEE—O. E. Hinkle, chairman.
 The publicity committee did much towards keeping Pampa before the world, through innumerable articles in a number of magazines, and dailies. Several well known magazines carried articles and pictures concerning Pampa and territory.

This committee also issued 2,000 booklets which have been distributed over a large territory in answer to inquiries.

In cooperation with others, county and city maps were printed and many have been distributed.

Under the auspices of this committee, two radio programs have been put on at Amarillo, which has given much publicity to this section.

Plans are going forward to give Pampa still greater publicity during 1930.

AGRICULTURE COMMITTEE—Roy McMillen, chairman.
 This committee has been handicapped in its activities because of having no county agents in Gray county. Realizing this, the committee in cooperation with McLean requested the county commissioners court to employ both a county agent and a home demonstration agent. This they agreed to do beginning with 1930 and we are assured this Gray county will have both agents this coming year. This will make possible much agricultural work that could not be done without their help. And it is the plan of this committee to join wholeheartedly with these agents upon their arrival.

Short Course Held
 One dairy and poultry short course was held during the year, at which a number of farmers and their wives, as well as the vocational students of the high school were present. This short course served to stir up more interest in these subjects. And the committee is now planning to hold another short course early in winter. In the spring, it is planned to hold a meet for the vocational boys of this territory—in which a judging contest will be held here for the boys.

This committee fostered two poultry shows for the year. These shows put on by the Pampa Poultry Breeders' association are doing much to develop greater interest in better and more poultry.

Last summer, the committee took a delegation of dairy farmers to the Plainview Dairy show, which stirred up considerable interest.

The secretary has cooperated with many farmers in various ways during the year.

ENTERTAINMENT COMMITTEE—Paul Shepherd, chairman.
 This committee has had charge of all the luncheons and banquets during the year, and has served the Chamber of Commerce well.

The committee assisted in the entertainment of the P. T. A. convention, the Panhandle Press convention, and of the oil men.

INDUSTRIES AND TRADE EXTENSIONS—I. E. Duncan, chairman.
 This committee has fostered a number of good will trips over the territory, and has been instrumental in cementing closer relations with the towns and cities of the Panhandle.

Pampa territory has had added to its industries quite a number of new plants, such as carbon black, casing-head gasoline and one new refinery.

Wheat Goes Up
 CHICAGO, Jan. 2. (AP)—Influenced by reports that widespread rains were hampering the wheat harvest in Argentina, wheat here averaged higher today.

Opening at 1-2c to 1c advance, wheat afterward in some cases receded to be low Saturday's finish. Corn, oats and provisions were likewise relatively firm, with corn starting 1-8c to 3-8c up, and subsequently reacting somewhat, but then scoring rallies.

 CHICAGO, Jan. 2. (AP)—Wheat: No. 2 hard 1.28; No. 2 yellow hard 1.29. Corn: No. 3 mixed 84 to 3-4; No. 6 white 75 1-2.

Oats: No. 3 white 44 to 45.

Wheat closed easy at 1 7-8 cents to 2 1-4 cents net decline. Corn finished 3-8 to 5-8 cents off. Oats unchanged to 1-8c lower, and provisions 3 to 7 cents to 10 cents advanced.

Moody Predicts Great Expansion of State in 1930

AUSTIN, Jan. 2. (AP)—Texas, already in the midst of one of the greatest development programs any state has ever experienced, is bound to enjoy an uncommon year of building and expansion in every line, Governor Moody declared today in a brief expression as to the outlook for 1930.

"There can hardly be any more concrete evidence of what we may expect than the figures accumulated by the surveys made by mayors and public officials of 30 cities and towns in Texas at the request of President Hoover recently," he said.

"Revelations that survey furnished were even more sanguine than the most enthusiastic believer in Texas' future anticipated. It showed that between \$350,000,000 and \$500,000,000 would be expended during the year for public works and private buildings, that is, highway construction, public and semi-public buildings, municipal improvements, city, county and state projects, and private buildings.

"Those of us here on the ground, being familiar with the steady, ever-increasing growth of our state, can easily understand how this great empire, just now on the threshold of unprecedented development, can use \$500,000,000 worth of public and private works in a single year.

"There is not anything that can hold Texas back. She has the soil, the climate, and the citizenry. Possibilities of this state's ultimate development are recognized by those who have capital to employ in the development of projects that are backed and supported by anything so tangible as a great, young, ever-growing state with plenty of untouched opportunities in reserve."

Canadian Fliers Expected at Nome

NOME, Alaska, Jan. 2. (AP)—Weather permitting, two powerful cabin planes piloted by Canadian aviators are expected here from Fairbanks today to aid in the search for Carl Ben Eielson and Earl Bourland, Arctic airmen lost in Northeastern Siberia.

The planes are built to give the pilots protection from the elements, are equipped with motors which will enable them to fly under adverse conditions and are large enough to carry necessary gasoline to make the 500 miles from Teller, Alaska, to North Cape, Siberia, where the fur trading ship Nanuk is locked in the ice, and still have fuel left for extensive scouting operations. Eielson and Bourland were flying to the Nanuk when they were lost.

T-P. Shop Contract at Big Spring Let

DALLAS, Jan. 2. (AP)—Contract for construction of a new locomotive terminal at Big Spring, Texas, has been awarded to Robert E. McKee of El Paso, it was announced today at Dallas headquarters of the Texas and Pacific railroad.

Contract price was not announced. Construction included the roundhouse, outbuildings, and other facilities necessary for the terminal.

Work will start as soon as the contractor can get his men and materials on the ground, it was said. Estimated time for completion was six months.

Miss Katherine Stewart Marries St. Louis Man in Home Ceremony

In a beautiful home wedding, solemnized at 2 o'clock on the afternoon of New Year's day, Miss Helen Katherine Stewart, daughter of Mr. and Mrs. Zebulon Arthur Stewart, 617 North Frost street, became the bride of Mr. Jackson Edward Dugdale of St. Louis, Mo.

Immediately after the ceremony the young couple left for St. Louis, where they will make their home at 2435 Bellevue avenue, Maplewood.

The bride, a resident of Pampa for the last several months, and a popular member of the younger social circles of the city, formerly lived in Murray and Lexington, Ky. She was graduated from high school at El Dorado, Ark., and attended Hamilton college, Lexington, where her mother was educated. Since coming to Pampa with her parents, she has been employed in the office of Central States Power and Light corporation. She was a member of the Business and Professional Women's club.

Mr. Dugdale is auditor for the Shell Petroleum company, with offices in St. Louis. He is a licensed air pilot, having received his training as a cadet at March Field, California, during the World war, and as a member of the student's army training corps. He is a graduate of Washington University, St. Louis, where he was prominent in athletics and the track teams. He is a member of Sigma Nu, national social fraternity. He is the son of Mrs. E. C. Dugdale of Maplewood, a suburb of St. Louis.

The marriage ceremony was performed impressively by the Rev. James Todd, who read the ring service. Friends of the young couple and the bride's family were present. Cadman's "At Dawning" was sung by Mrs. W. A. Wilson, soprano, as the pre-nuptial solo. Mrs. C. C. Boles playing the piano accompaniment, and Miss Eleanor Frey, a violin obligato. Mrs. Boles and Miss Frey played the wedding march from Lohengrin as the processional.

The bridal couple stood while the vows were said before an altar of banded fern, on which pink tapers burned in silver chandelabra. A cluster of three flower-shaped bells, showered with satin ribbons, hung above.

The bride wore a smartly tailored ensemble of beige tweed, with a blouse of matching crepe satin. Hat and accessories of harmonizing shades and beige fox scarf completed the attractive costume. She wore a single La rance rose bud, which was clasped to the fur scarf. Neither she nor the bridegroom had an attendant.

The wedding guests were the following: Dr. and Mrs. H. D. Irvan and Miss Virginia Irvan of Borger; Mr. and Mrs. Roy McMillen and daughters, Blanche and Janet; Mr. and Mrs. Harry Marbaugh; Mrs. Raymond Harrah and son, Raymond, Jr.; Mrs. Kenneth G. Manning; Mr. and Mrs. Frank McNeill; Mrs. R. W. Mitchell; Mrs. J. G. Gantz; the Rev. and Mrs. James Todd and daughter, Emma Boone; Mrs. Ed Stevens; Mrs. C. C. Boles; Mrs. W. A. Wilson; Miss Joyce Darnell; Miss Lelia Johnson; Miss Willette Cole; Miss Eleanor Frey; Mr. A. E. Hickman; Mr. Jack Dunn; Mr. Tex Kelley; the bride's parents, their daughter, Miss Lucille Harlan, and sons, Charles Morrison and Hay.

Missionary Society Studies Influences of Christian Hospitals
 Mrs. Paul Kasishke was hostess to members of the Young Matrons' Missionary society of the First Christian church, when they met yesterday afternoon for a program on "Witnessing for Christ Through Missionary Hospitals." Mrs. O. K. Gaylor was the leader.

Mrs. H. R. Kees spoke on "The Hospital Door Speaks." Mrs. Kasishke's discussion was on "China Preaches Christianity Through Hospitals." Some of the difficulties faced by foreign missionaries were described by Mrs. Ivy E. Duncan. "A Missionary Doctor's Soliloquy" was given by Mrs. E. Blachley.

Members present in addition to those named, were: Mrs. E. L. Hunter, Mrs. Roy Wilson, Mrs. Ernest Sanders, and Mrs. Wm. G. Kinser.

Pythian Sisters Hold Initiation Services

An initiation service was held last evening by the Pythian Sisters temple, under the direction of Mrs. Allie M. Park, past chief of the Denver, Colo., temple. Mrs. Roy Sullivan, excellent chief, presided.

At the close of the impressive ritual, a social hour was enjoyed by the large group in attendance. A handkerchief holder was given Mrs. Parks, in token of the chapter's appreciation of her aid during the last several weeks. Refreshments were served.

Many Vacancies for Federal Attorneyships

WASHINGTON, Jan. 2. (AP)—Fifteen vacancies among the 91 United States district attorneys will be filled soon, 12 others having been replaced since Attorney General Mitchell took office.

In making the announcement today, Mr. Mitchell said he had not received any statement from Senator Borah regarding the latter's charges that there were wide open saloons in the districts of about 17 district attorneys.

The attorney general said 11 of the 15 vacancies some of the incumbents were candidates for reappointment and that one, the district attorney for Arkansas, had signified his desire not to continue in office. He said all the vacancies were due to the expiration of four year terms of office.

Tax Collector Is Swamped by Auto License Business

Faced with a new state ruling requiring the registration and licensing of all automobiles before midnight, Jan. 31, and promises of a rigid enforcement of the law and collection of the 25 per cent penalty after that date, Gray county car and truck owners are rushing the county tax collector's office in an earnest effort to abide by the ruling and at the same time avoid the penalty for tardiness.

By noon today approximately 700 licenses had been issued by Deputy Tax Collector T. W. Barnes and his assistants. Payment of taxes began three weeks ago, they said, and during the last six days owners of vehicles and trucks have kept up a steady stream before the windows of the court house office.

LOOKS LIKE GOOD WELL

Danciger Oil and Refining company's Davidson No. 1 in section 86, has 1,100 feet of oil in the hole at 3,121 feet. Should this well develop into a big producer, operators will sink many wells in the vicinity, it is believed. It would mean discovery of a new pool rather than extension of the Marland-Finley.

I wish to announce that I am a candidate for
District Clerk
 Subject to the action of the Democratic primary, July 26, 1930.

I will appreciate your support and influence and assure you of my careful attention to the duties of the office if elected.
