TWO GUSHERS ARE TO BOOST GRAY COUNTY PRODUCTION

SAUNDERS OIL WELL FLOWING 4,380 BARRELS

Shamrock Oil Company Gets Largest of Recent Tests

PANHANDLE CO., ADDS ANOTHER

Wildcat Competition in Section 140 Is Important

Gray county's second gusher for the past week, Shamrock Oil and Gas company's No. 2 Saunders-Lincoln, section 3, block 1, barely touched the Thursday night and came in for a production of 120 barrels per hour the first 24 hours, Saturday afternoon, the flow increased to 180 barrels an hour, a total daily production of 4,380 barrels.

The well is two miles east of LeFors on the H. C. Saunders land 330 feet north and west, southeast corner of the one-half northeast section 3. The well, with storage facilities adequate for only ten days, will not be deepened until pipeline arrangements are made. The top of the granite wash was barely touched.

The new gusher is the first to be brought in by the recently re-organized Shamrock Oil and Gas company and is the best well yet completed in that area. Total depth of the well is 2,492 feet.

Another gusher, Panhandle Refining company's No. 3 Saunders, section 3, block 1, came in near the first of the week for an initial production of 2,000 barrels. It is now flowing about 1,500 barrels.

One of the most interesting completions of the week is Howard Bean Corporation and others' well in section 140, block 3, which is now swabbing 30 barrels an hour. Top of the pay was struck Wednesday at 3,200 feet and the hole filled with 2,000 feet of oil. It is about 3 miles northwest of Pampa, in small production territory.

Drilling of a wildcat test in section 35, block B-2, a territory that has always aroused speculation and interest among oil companies and geologists, was started today by Queen Oil company of Chicago. The well is in the northwest corner of the northeast quarter of section 35. It is located one-half mile south of the Marland-Finley pool. This is the first well the company has drilled in Gray county.

Gray county's biggest decline in daily oil production since the shut-down agreement went into effect lowered this week's daily figure 1,773 barrels and the Panhandle area production 1,882 barrels under last week's total.

The total production during the past week was 65,443 barrels while that of the preceding week was 67,216. Production of new wells in the LeFors area and in the Saunders pool was not included in compiling this week's figures.

The decrease in production began two months ago when the Gray county field was producing over 100,000 barrels daily. Local operators are predicting that the curtailment will be discontinued Oct. 29 when they meet here to discuss continuance of the shut-down. It is estimated that about 40 wells are now on top of the pay in the Bowers-Finley area which was affected by the shut-down.

Wells and production by counties compared with the previous week:
 Carson—191 wells producing 10,170 barrels, a gain of 418 barrels.
 Gray—394 wells producing 65,443 barrels, a loss of 1,773 barrels.

WEST TEXAS: Partly cloudy Sunday and Monday.

BULLETINS

LAMAR, Colo., Oct. 26. (P)—Ralph Fleagle, elderly bank robber, was condemned to death in a verdict tonight by a jury which disregarded a bargain made by officers for his confession. The jury found him guilty of first degree murder in the holdup of the First National bank of Lamar in May, 1928, in connection with which four men were killed.

PARIS, Oct. 26. (P)—The physicians of former Premier Georges Clemenceau continued rather guardedly tonight to express themselves as satisfied with the condition of their patient. The latter continued today his work of correcting the proofs of his new book and indulged in a characteristic pleasantry by conducting Dr. Degennes to the door himself.

BEAUMONT, Oct. 26. (P)—Mrs. J. S. Cullinan was killed and her husband J. S. Cullinan, was slightly injured, tonight when their automobile skidded into a ditch on the Beaumont-Houston highway. They were returning from Beaumont where they had attended the intra-coastal canal convention. Cullinan is widely known in oil circles. He was formerly president of the Texas company. Mrs. Cullinan's body was brought to Beaumont. Cullinan is being treated at the Beaumont general hospital.

DES MOINES, Oct. 26. (P)—Rev. Floyd Allen Bash of Wichita Falls today accepted the pastorate of the Central Christian church, Des Moines, one of the largest churches in Iowa. He succeeds the Rev. W. B. Mathews, resigned. In his Texas charge he added 675 members to his church in less than four years.

PINE BLUFF, Ark., Oct. 26. (P)—Three persons were killed, two were thought to be fatally injured and two others were seriously injured in a grade crossing accident, near Wilmot, 100 miles south of here today. Mrs. Ellis Simmon and her two children were instantly killed. Mr. Simmon and another child were perhaps fatally injured and two other children of the couple were in a serious condition. Their automobile was struck by a north bound Missouri Pacific passenger train according to advices to the Missouri Pacific offices here.

Judge Ewing to Resume Bench on Monday Morning

Failure of the court to finish the Arnold Drilling company-Eli Howell suit this week necessitates the continuance of the case until Monday, which marks the beginning of the sixth week of court. Beginning with the trial of John Bowman on an indictment for murder, the week will be devoted to criminal cases. Only one suit was disposed of during the past week during which a dozen civil suits were scheduled to be disposed of.

Judge W. R. Ewing has informed C. G. Engledow of Shamrock acting judge for the past three weeks, that he will be on the bench Monday.

Petit jurors for next week are as follows:
 John Haggard, Clyde Beebe, Nelson Dodson, T. R. Walker, A. S. Parker, F. E. Durham, W. A. Back, C. L. Pettit, J. G. Noel, A. C. McKay, W. C. Bradford, W. A. Bratton, E. H. Baird, I. B. Hughey, L. C. Howlett, Tom Collins, H. L. Groves, C. C. Ragland, J. A. Hood, B. C. Priest, Willard McAdam, M. D. Bentley, C. M. Eudy, W. S. Willis, R. E. Montgomery, M. G. Williams, Jack Cooke, W. S. Copeland, E. B. Stevens, M. D. Howard, L. D. Gill, N. L. Welton, J. L. Casey, Andy Word, W. B. Rutherford, W. H. Stockstill, G. Pinnell, Tom Caruth, H. G. Cox, S. W. Brown.

Little improvement has been noted recently in the condition of Roger McConnell, who has been in an Amarillo hospital for treatment the last several weeks, according to members of his family. His condition was critical at one time.

OIL MAN FROM WICHITA FALLS IS PRESIDENT

Territory Is to Be Divided Into 10 Parts

BOURLAND IS GIVEN PRAISE

Executive Board Will Be Taken From Districts

By FRED DYE
 Associated Press Staff Writer
 EL PASO, Oct. 26. (P)—The eleventh general convention of the West Texas Chamber of Commerce was adjourned here late today with the selection of W. B. Hamilton of Wichita Falls as president and Abilene as the 1930 convention city.

Hamilton, oil man, is chairman of the Oil and Gas Bureau of the organization. He succeeds A. M. Bourland, Vernon, who also had been serving as manager since July 15. Two vice-presidents were elected by the new board of directors, which, under newly adopted by-laws, had the naming of the president. They are Charles E. Cobmes, Stamford, and Houston Harter, San Angelo.

By resolution the president and vice-presidents were empowered to divide the West Texas territory into ten geographical areas, name one executive committee member from each, select a treasurer and call the executive committee together for the purpose of nominating a general manager. All of these selections are subject to ratification by the new board of directors.

Committee Meeting Called
 Announcement was made that the executive committee will be selected the coming week and be called together early in November at Stamford, the headquarters office, to ballot on the general manager. Tonight the delegates were being given a Spanish fiesta at Juarez.

The annual "My Home Town" contest, oratorical feature of the convention, was won this afternoon by Miss Elizabeth Jobe, 16, of Sweetwater. Her home town will take possession of the Thomas H. Etheridge cup held two years by the Abilene representative, Walter Ely, Jr., who did not compete this year.

The new board, transacting its final business at a delayed luncheon, passed a vote of tribute to the retiring president-manager, Mr. Bourland, and his executive assistant, Grady Shipp, and had an impromptu compliment to a member of the headquarters staff, Miss Clara Lively, in eulogies and a purse of money.

Many Resolutions
 Resolutions adopted on the convention floor at the final session covered conservation of natural resources, validation of titles on land sold by the state, highway development with endorsement of a constitutional amendment for issuance of not more than \$200,000,000 in state highway bonds to be liquidated from the gasoline tax, equitable distribution of taxes, adequate appropriations for state institutions of higher education and fostering of commercial aviation with recommendations for federal and state aid on municipal airports said to have strategic importance in the postal service on peace time and in the national defense.

Most of the delegates not engaged with committee meetings attended a bull fight in Juarez, across the Rio Grande, this afternoon. Two bulls were slain, the second one after the matador seriously bungled his job and required three stabs at the little black animal, twice being chased from the ring. The matador lost his left shoe in one wild dash to safety while the crowd, largely Texans, roared encouragement to the bull which, however, with six banderillas dragging at his neck and confused by pink and yellow capes flung in his eyes, never had a chance.

This Must Take Hunting Tale Prize for 1929

The prize hunting story of the season is traced to Mickey Gibson, who last night refused to comment on its truth or falsity but who agreed that it be printed as rumored. Rumor has it that Mr. Gibson, disdaining to shoot a deer passing so near to the tree by which he was standing, bulldozged the animal while on his Arizona trip a few days ago. The story goes that eventually the deer broke away, but that the local cafe man gave chase and finally took the animal alive with the intention of returning it to Pampa. Friends of Mr. Gibson have reported the tale to a local truth society, and a judgment from that body is momentarily expected. Mr. Gibson was accompanied on the trip by Frank Hunt, Chris Martin, George Berlin, and Mr. Cree.

BIDS ON BONDS ARE REJECTED BY COMMISSION

All bids for Pampa's \$238,000 municipal bond issue were rejected by the city commission on Saturday.

Despite the extensive advertising given the sale only three bidders submitted offers. These were:

Branch-Crummer company, \$96.25 on the \$100 bond.

Branch-Middlekauff company, \$95.31.

National Savings Investment company, \$94.50.

Each of these companies is of Wichita, Kans. While the Branch-Crummer bid was more or less in line with current prices in this territory, the city commission felt that nothing would be lost by postponing sale of the bonds.

With stocks slipping, municipal bonds are tending upward, and it was thought a better price could yet be obtained. The bids made were with accrued interest. The Branch-Crummer company has more than \$2,000,000 invested in Gray county, and was expected to lead the bids to protect local paper already in its possession.

Only Mayor Osborne and Commissioner J. E. Murfee were present. Commissioner Lynn Boyd being out of the city. City Manager F. M. Gwin was in Independence, Kans., where he was called Friday by the death of a brother-in-law.

Wheeler Deputy Still on Force After Conviction

T. C. Johnson, Wheeler county deputy sheriff who was convicted here a week ago on a statutory charge and given a 10-year penitentiary sentence, is continuing his official duties according to the Shamrock Texan.

The Texan quotes Sheriff W. K. McLemore of Wheeler county as saying that he would stand by his deputy, as long as possible. Johnson appealed his case, and he has been advised by his attorneys that it is permissible for him to continue his duties as a deputy while awaiting the decision of the higher court.

HEIFER SELLS HIGH

MIAMI, Oct. 26. (Special)—J. P. Osborne, owner of one of the world's most famous herds of line bred Prince Domino Hereford cattle, recently sold a heifer from his Roberts county ranch to W. D. Corley of Colorado Springs for \$2,500. The heifer was shipped to the buyer by way of the Santa Fe.

FARM BOARD PUTS MILLIONS TO WHEAT AID

Cooperatives Can Use Fund to Hold Grain

PRICE TOO LOW CHAIRMAN SAYS

Disorderly Marketing Is Blamed by Legge in Report

CHICAGO, Oct. 26. (P)—The federal farm board placed \$100,000,000 at the call of the grain cooperatives today, pledged its aid in demanding more from congress if necessary, and gave its opinion that prevailing prices for wheat were too low.

While the Farmers National Grain corporation was perfecting its organization, Chairman Alexander Legge of the farm board issued its statement of policy climaxing the week's final organization conference. His statement:

"The federal farm board believes that based on known world supply, the present prevailing prices for wheat are too low. The board believes that this unsatisfactory price level is chiefly due to the rapid or disorderly movement which is putting a large part of the year's wheat supply on the market within a short time.

"The unprecedented liquidation of values within the last few days has advanced stocks and shrinkage in so has an effect on wheat values which is entirely unwarranted and wheat producers should not be forced to sell on a market affected by these conditions.

"The board also believes that the remedy lies in more orderly marketing. In order to assist wheat farmers to hold back their crop and at the same time have money with which to pay their obligations, the board proposes to loan wheat cooperatives, qualified as borrowers under the Capper-Volstead act, sums sufficient to bring the total amount borrowed from all sources by such associations to the amount shown on the attached schedule. These loans will be carried on this basis until the close of the marketing season. The wheat cooperatives are now borrowing certain sums for advances to members from commercial banks, the federal intermediate credit banks and the farm board. The board will make supplemental loans to cooperatives in amounts equal to the following price schedule, taking into account the customary differentials:

No. 1 white amber \$1.12 per bushel, basis Seattle.

No. 1 red winter \$1.25 per bushel, basis Minneapolis.

No. 1 durum \$1.12 per bushel, basis Duluth.

No. 1 hard winter \$1.18 per bushel, basis Chicago.

No. 1 red winter \$1.25 per bushel, basis St. Louis.

No. 1 hard winter 1.15 per bushel, basis Kansas City.

No. 1 hard winter \$1.21 per bushel, basis Galveston.

No. 1 hard winter \$1.15 per bushel, basis Omaha.

"This schedule is based on a grade price and does not take into consideration premiums for higher quality of wheat.

"In many sections of the country the board believes that the net advances which cooperatives can make to their members under this loan plan will almost, if not quite, equal the amounts which are being paid by the speculators and others on actual purchases from farmers.

"There is a grain cooperative in every state which produces wheat. It is open to the membership of every wheat farmer. The farmer may join, ship his wheat to a designated concentration point where it will be graded and cleaned, and draw his advance.

She Just Got Up on "Wrong Side of the Bed!"

It wasn't a "razuh" that slit the arm, almost wrecked the profile and left gashes in the shoulders and a light one from ear to ear on the throat of a negro man who came into McKean & Connor hospital Saturday morning early to be bandaged, sewed up, and "disinfected."

But, according to the negro's story to a nurse, it was "a keen bladeed knife—a butchuh knife" in the hands of his wife who got up in a terrible temper "on de wrong side of de bed dis mornin'." She was waiting for him when he came home in the wee small hours—3 o'clock to be exact.

"Now you has had yo' party with dat yaller wench and I's gwine to have mine rat now!" she warned as she slipped out of the bed fully clothed and with a butcher knife in her hands. "Ah wusent in no shape to run," the negro confessed. "A jealous woman ain't gonna two-time you, but shey sho aint peaceabul!" he declared.

CHAPMAN TEST DERRICK FIRED ON SATURDAY

Fire just before dawn Saturday morning destroyed the steel derrick at the Texas company's A. Chapman B-3, in section 69, block 25, H&GN survey, about 8 miles southeast of LeFors.

The well ignited when gas was struck before it was expected. The flow three rocks out of the hole, breaking electric light bulbs and igniting the gas. The flow was estimated at about 1,000-1,000 cubic feet. The hole was about 2,655 feet total depth.

Drillers escaped injury by being momentarily away from the hole. The steel derrick melted rapidly before the fierce cone of blaze.

Yesterday afternoon the hot steel was dragged away from the hole and the blaze was extinguished by Billie Brooks with a shot of nitro.

Boys' Thrift Club to Meet Tomorrow at Schneider Hotel

The first Boys' Thrift club to be organized by the Seaboard Life Insurance company of Houston will be formed here Monday evening at a banquet session at the New Schneider hotel. President R. H. Baker of the company will be present and will speak.

Mr. Baker is an enthusiast in Boys' work, and is head of Dad-and-Son week activities in Houston. Under his direction more than 100 Father-and-Son banquets were held in Houston last year.

Plumbers' Exam to Be Held Tuesday

A plumbers' examination will be held Tuesday evening, Oct. 29, at Glen Ragsdale's shop.

This examination will be for plumbers who have not taken the test in Pampa, and those who are to take their second or third test.

The examining board will be composed of S. H. Sullins, W. J. Hatcher, Dr. T. J. Worrell, A. H. Doucette, and F. E. Townsend.

B. & P. BOARD TO MEET AT HOME OF PRESIDENT

Projects and programs for the ensuing year will be outlined by the executive board of the Business and Professional Women's club at a meeting this afternoon in the home of the president, Mrs. Grace Higgins, 608 West Francis avenue.

Officers and chairmen of the standing committees comprise the board. Mrs. Higgins has urged that every board member attend. The meeting is to open at 3 o'clock.

WATER BONDS ARE DEFEATED IN HOT VOTING

Balloting Shows 2,041 Against and 929 for Issue

GAS PURCHASE IS DISAPPROVED

Prairie Official Now Claims Vote of Confidence

AMARILLO, Oct. 26. (P)—Two projects with the backing of the Amarillo city commission were defeated by large majorities on Saturday in the largest and hottest balloting ever seen here.

The vote on the proposal to issue \$200,000 worth of water bonds was 929 for and 2,041 against the proposition.

The referendum vote on whether the city commission should take steps to purchase the gas distributing system from the Prairie Oil and Gas company showed 1,291 for municipal ownership and 1,894 against this plan.

Mayor Ernest O. Thompson issued a statement tonight saying that the city commission would keep on fighting for cheaper gas.

City Commissioner Lester Stone declared that "everybody won," for cheaper gas rates had already been granted on account of the agitation, and the city had avoided the responsibility of municipal ownership.

Nelson K. Moody, president of the Prairie company was jubilant, asserting that the people had given his company a vote of confidence. On the morning of the election he published a statement saying "that if the present rate is not just, that if the people will vote against municipal ownership, we will agree to any fair method to bring about a further adjustment on the basis that our company is entitled to a fair return on the money we have invested and would continue to invest in this city."

The double-barreled election gained interest rapidly in the last week, and closed with speakers from both sides addressing the public by radio. Mayor Thompson was especially active in behalf of the issues.

Residences Make Up All Building for Current Week

Building permits in Pampa for the last week totaled \$16,250, and included only residences, according to F. B. Townsend, building inspector.

No permits have been taken out for several building started but the area is included in next week's report.

Current building permits:
 Raymond Harnah, residence, lot 5, block 13, North Addition, \$7,500.
 Mr. Hoover, lot 2, block 3, Alexander addition, residence, \$3,000.

HALF THE COST OF A BATTLESHIP WOULD COMPLETE THE FLOOD CONTROL WORK ON THE LOWER MISSISSIPPI. SAID PRESIDENT HOOVER IN CONNECTION WITH HIS OHIO RIVER ADDRESS.

He asserted that nothing "could be a finer or more vivid conversion of swords to plowshares" if the nation could be so fortunate as to save this annual outlay in naval construction as the result of the forthcoming naval conference in London.

The cost of a battleship is almost the equivalent of the cost of operating the Texas highway department for a year and building all new roads constructed during that period.

But the writer is not under the delusion that disarmament military appropriations. The is as simple as blue-penciling best that is immediately hoped to do is to limit armaments to those necessary "for reasonable national defense".

Today is "Navy Day", and the anniversary of the birth of the patron saint of the modern navy, Theodore Roosevelt.

"Our navy is primarily concerned with the defense of the nation, the protection of our merchant marine, and the insurance of American interests abroad. The value of the navy as a defender has been ably demonstrated in the past.

That is history. The protection of our shipping is also history to a large extent, from the Tripolitan wars down to the present day encounters with Chinese pirates. In the protection of our foreign trade, there is maintained in the Asiatic waters a fleet numbering about 80 vessels, most of them men-of-war, but small vessels and capable of navigating the shallow Chinese rivers. They are constantly called upon to render service in the protection

of American interests ashore and afloat.

"In order to carry on, the navy must be efficiently maintained. It must be prepared and ready. High standards are set up in gunnery and engineering which must be lived up to. Every year the fleet makes at least one extensive cruise during which actual battle conditions are simulated, and attacks are made at a fictitious enemy under imagined gunfire.

The United States is now a world power with world commitments and responsibilities. A growing number and volume of imported materials are essential to our home production. The necessity of an American merchant marine adequate to carry on American foreign commerce is clearly seen. And the necessity for an adequate merchant marine entails the necessity for an adequate American navy.

Baylor Surprised by Centenary for 27 to 12 Victory

SHREVEPORT, La., Oct. 26.—(AP)—Centenary upset the dope bucket here today with a mighty kick that sent them out in front of Baylor university of Waco, on the long end of a 27 to 12 victory.

The Texans who were top heavy favorites to win were unable to get their aerial attack working except in the third period, when they scored two touchdowns by that route. Centenary played a strong defensive game outplaying the Texans, making ten first downs to Baylor's seven.

An intercepted forward pass paved the way for the first touchdown, recovery of a fumble scored the second and in the last quarter a forward pass of twelve yards, Hanna to Finch, who scampered twelve yards for the touchdown and an intercepted Baylor pass by Finch in the last minute and a half of play added the two last touchdowns.

Five Regulars of Harvester Eleven Are Out of Team

Coach Mitchell would like to know a sure way to get rid of Old Man Jinx, who has taken five players from the Harvester squad in the last week. First, Jones Setz, regular center, was found ineligible for Interscholastic League competition.

Friday's game took two regulars out of the lineup for a week or longer. Harold English suffered a bad nose-fracture and will be lucky to break into the Penytan game November 11. The fifth victim was Schmidt, linesman, who has a broken rib.

BUFFS BEATEN BY 2 POINTS AT AMARILLO

AMARILLO, Oct. 26.—(Special)—Outplayed by an inspired West Texas Teachers college eleven, Simmons university had to combine every break to defeat the Buffaloes here Saturday afternoon by the margin of two place-kicks for points after touchdowns.

The Bulldogs, with Gerald, Powell, Jones, and Newman playing brilliantly, took the lead in the first quarter. In the second quarter, Simmons went ahead by one point when the Cowboys completed a 25-yard pass and kicked goal. The Buffaloes surged back into the lead when Gerald hurled a 20-yard pass to Bandy. The try for point failed again.

Coach Bridges' Abilene eleven was a constant pain now is the time swept back at the start of the second half, but held on the 11-yard line. Later in the third quarter, Ward of Simmons blocked a Buffalo punt and fell on it at the 5-yard line. Four

Cowboy plunges failed to gain, but on the last a Buff linesman was offside and Simmons went over on the fifth plunge and kicked goal, taking a 14-12 lead.

Gerald almost turned the tide late in the last quarter when he returned a punt 50 yards to the Cowboy 10-yard line. Four plunges carried the ball to the 2-yard line but failed of a goal. Gerald, hurling passes with deadly speed and accuracy, was a continual threat, and his groundgaining in returning punts kept the crowd on its feet. The game closed as Simmons made a desperate attempt to increase her score, but failed on the Buffalo 6-yard line.

Tournament Will Be Held Today

A "blind bogie" tournament on the local nine-hole course, in which entrants will choose their own handicaps, will be held this afternoon at the Country club. The bracket will be between 37 and 47. Three prizes in golf balls will be given winners. Each man will have a chance at the prize, as the handicap number of each player will be put in a hat from which the three winning numbers will be drawn.

Platter and Matlock Slug Whole Route to Draw—Chase Beats Kid Williams Easily Friday Night

Exchanging blow for blow through ten rounds of fast and furious fighting, Pampa's native son boxer, Luther Platter, and Borger's favorite pugilist, Red Matlock, fought to a draw Friday night before the largest crowd that ever assembled in Pla-Mor auditorium to see a boxing or wrestling event.

Though both youthful boxers knocked each other groggy several times, neither succeeded in landing the punch that might have resulted in a knockout, or might have given the decision to one or the other. In round four it seemed Platter was on his last legs and was due for a good beating or knockout blow. He held his own in round five but in the next two minutes he whipped the red-headed Borger youth all over the ring, leaving him at the end of the sixth round stumbling to his corner. In the remaining four rounds, Platter delivered more terrific blows and out-pointed Matlock by a slight margin.

The Borger red-head started the fight in the first round with a right to the head, closely followed by a left. Platter countered with left to the nose and both went into a clinch while Platter rained blows into Matlock's ribs with his right. The Borger boy led the fight through the first five rounds and in the last minute of the ninth and in the tenth.

Each of the last nine rounds was just a duplication of the first, a few blows to the head and heart, then a clinch, with Matlock continually crowding Platter to the ropes. In the clinches, Red's stiff uppercuts split Matlock's chin and left the Pampa boy bleeding at the mouth at the end

not let up until he had won the four rounds and beat the Borger boy's mouth to a pulp. Kitchen's defense is superb. He hunches his body in a shell close to the floor then suddenly flies at his opponent, slugging and jabbing. Kitchen knocked Francis thru the ropes once and scored later two knockdowns. He uses his left as well as his right. Both lads were 16 years old. Francis put up a brave fight and the bout was not near so one-sided as the decision might indicate.

In a desultory wrestling match, Leo Chase won a decision in two falls from Kid Williams. Eleven minutes after the match started, Chase got an arm bar and body weight on Williams and forced his shoulders to the mat. He won the second fall in ten minutes with a double arm bar and body weight hold. Williams' vaunted Herculean strength proved futile, as Chase handled him at will. Kid Knight did not show up for his mixed bout with Tulsa Flash, but the large audience felt more than compensated with the substitution: Kitchen vs. Francis.

No serious slugging was undertaken by either of the fighters until the eighth round, when Platter attempted to make good his promise to flatten the Borgerite. The Pampa boy shot blow after blow at the body and chin of Matlock, who took his punishment well. In the last of the tenth and in the fifth, Platter was almost beaten down by Matlock's ubiquitous right which was always followed by his left.

Platter knocked his adversary almost thru the ropes once and knocked him to his knees in the eighth but beyond that there was nothing that resembled a knock-down in the bout. However, water on the ring in Platter's corner caused the Pampa boy to slip down twice. The bout was featured by many clinches with Matlock on the initiative. They fought to a draw in round one, two, three, seven; Platter plainly outpointed Red in the ninth and almost licked him in the sixth and eighth. Matlock can be safely given rounds four, five and ten. Sam Fenberg refereed the bout.

Matlock's weight was 188 while Platter carried 182. The Borger boxer was almost two inches taller than the Pampa boy and had the reach on him.

The best surprise of the evening was the four-round scrap between Pampa's Cale Kitchen, weight 122, and Frankie Francis, weight 132, the latter was brought to the city by Matlock fans from Borger. Kitchen started in fighting like a demon and did

CHURCHES

METHODIST CHURCH
Sunday closes out the conference year of 1928-29. November ushers in a new year in church history. Resolutions in regard to church work for the coming year are now in order. Plan to close out the year right by being present at every service at the Methodist church today. You will enjoy every service and get something that will be of lasting good to you.
Sunday school opens at 9:45 a. m. Rev. Tom W. Brabham will preach on the subject "What is Truth." Plan to hear this worthwhile discourse.
The Epworth League meets at 8:30 and there is always something good to be had from these programs. Final plans for a big Halloween party will be made at this meeting.
The evening services are always different. Great crowds have been enjoying these services the past few Sun-

day evenings. "A Man of Faith" will be used by the pastor as his subject for the evening service. Feast on the best in life. Drink at the fountain of eternal happiness and usefulness.
TOM W. BRABHAM, Pastor
GRADY G. MORTON, Edu. Director

Presbyterian Church
The story of a man who mourned for one gourd vine while he was wishing for the destruction of a city containing 120,000 innocent children will be told in the message at his First Presbyterian church Sunday evening.
Services for today:
Sunday school for all ages, 10 a. m.
Sermon, "Seek and Ye Shall Find," 11 a. m.
Intermediate and Junior Christian Endeavor, 4 p. m.
Sermon, "Magnifying Non-Essentials," 7:30 p. m.
Coming events: The Rev. W. H. Besire, Sunday school missionary will give a stereopticon lecture at the church Wednesday at 7:30 p. m. An offering will be taken but no admission will be

charged.
On next Sunday morning, Miss Gladefelter, ational secretary of young people's work, will give the message. You are welcome to all services.
A. A. HYDE, Minister.

These

are the **Oakland features** which make driving **a real delight**

Proof that **Oakland is America's Finest Medium-priced Automobile**

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland.

CROSS-FLOW RADIATOR
Only Oakland in the entire field has the Cross-flow radiator or anything similar to it. All other cars use the down-flow radiator.

FOOT-CONTROLLED HEADLIGHTS
Only Oakland and one other higher-priced car in the field offer this convenience. Eleven more expensive cars fail to provide it.

Today's Oakland All-American Six embodies many basic advantages which are combined in no other car at its price. In addition, it offers a number of features of a supplementary nature—which make driving a real delight. Foremost among these is the Cross-flow radiator. Foot-controlled headlights represent another. It is such features as these, combined with Oakland's impressive performance, distinctive style and exceptionally long life, which make Oakland ownership an uninterrupted experience in motoring enjoyment.

Oakland All-American Six, \$1145 to \$1375, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Low-Joy Hydraulic Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Millions of Miles of Constant Testing to maintain the outstanding quality and dependability of The Chevrolet Six

This ingenious device accurately weighs the pressure required to operate the clutch pedal of the Chevrolet Six.

The decelerometer records the rate the new Chevrolet Six slows down at any pressure on the brake pedal.

In spite of the fact that a million Chevrolet Sixes have already been placed in the hands of owners, and have proved their performance and stamina by billions of miles of service over every type of highway.

—the Chevrolet Motor Company continues to take new Chevrolet Sixes from the assembly line at the factory and subject them to pitiless testing on the roads of the General Motors Proving Ground!

This passion for proof—this consistent refusal to accept any tests as

final—is one of the fundamental reasons for the overwhelming popularity of Chevrolet cars. For in no other way is it possible to make the Chevrolet Six so sound in design and materials—so dependable in performance—and so economical to operate!

If you are considering the purchase of a car, come in and see the new Chevrolet. You will find that it is more than a Six in the price range of the four. *It is a finer car than you ever thought possible in the low-price field!*

The Roadster, \$235; The Phaeton, \$235; The Coach, \$295; The Coupe, \$295; The Sport Coupe, \$445; The Sedan, \$475; The Imperial Sedan, \$495; Sedan Delivery, \$595; Light Delivery Chassis, \$400; 1 1/2 Ton Chassis, \$545; 1 1/2 Ton Chassis with Cab, \$600.

A fifth wheel speedometer accurately measures speed and mileage on all Chevrolet test runs at the Proving Ground.

To prove Chevrolet fuel economy, an apparatus like a huge graduated "bottle" measures the gasoline, drop by drop.

The effort required to steer the Chevrolet Six is accurately measured at the Proving Ground by means of this "steering wheel."

The instrument illustrated above records the pressure necessary to apply Chevrolet brakes to insure rapid positive brake action.

CHAPTER XXIV
It was several days before Brent went up to Bramblewood following the Sunday afternoon of Bob's rescue of Helen on the lake. His plans had been slow in maturing inasmuch as Helen's actions had an important bearing upon them.
On Monday he had telephoned to ask her to come down to New York and teach with him, but she said her grandfather's condition required her to be with him.
The next day Brent telephoned a second time, only to receive the same message. He felt it unwise to be too insistent and on Wednesday he decided to drive up to Yonkers and see for himself whether it really was the seriousness of her grandfather's illness that kept Helen at Bramblewood or whether Bob's death had anything to do with it.
On that day Mr. Cunningham was better and Brent was convinced that he had not been so ill as Helen pretended. "She did not want to see me," he conceded.
But his conclusion was a trifle puzzling to him, because in manner she had not greatly changed toward him. She did not speak of Bob and Brent had no desire to bring up his name.
Had he been able to question her fully he would have learned that concern for her grandfather and all other thoughts from her mind all thoughts except the one that she might need someone to turn upon when death finally claimed the frail old man who had been so dear to her.
Instinctively she turned to Brent when she thought of being left entirely alone in the world. But it was not the turning of one blindly in love and Brent sensed the difference, although he did not correctly analyze it.
"YOU mustn't exhaust yourself so," he said to her while she was pouring tea for him. "I never saw your hands shake like that before. Don't you go out at all?"
At that moment, in Leonard Brent's mind, the seal was finally set upon Mr. Cunningham's fate.
"I haven't been out since Sunday."
"Isn't that a little queer?" Brent asked. "You don't think you could leave your grandfather tomorrow and come down to New York? We will go to a matinee and I'll have you back here early."
"I'd like to," Helen admitted. "He is much better today; perhaps he will be able to sit up tomorrow. Time passes much faster for him when he is at the window."
"Does the doctor say about him?"
"His name is getting stronger. I mean stronger than he has been since Sunday, but that he will never be well again."
"Does he live for years?"
"No, not for years, but the doctor said he might linger for months— even a year. But any sudden shock will kill him."
Her words, serious as they were to Helen, were of greater significance to Brent. Even a few months he told himself, might be sufficient time for Helen to realize that being in love and being in love with love are two different things.
At that moment, in Leonard Brent's mind, the seal was finally set upon Mr. Cunningham's fate.
"Will you telephone me in the morning?" he asked Helen. "I'll let you know if you will lunch with me?"
Helen promised, and shortly afterward Brent took his departure. He did not go up to take leave of Mr. Cunningham.
He spent a restless night—not because he was troubled by his conscience but because the daring of his plan was perfectly apparent to him. If anything went wrong he would be unable to explain the act that he now depended upon to clear his path.
"But the odds are with me," he encouraged himself. "I've got to gamble."
Helen called him at 10 o'clock to say she would meet him for lunch, but that she could not stay to attend a matinee.
When he saw her she showed evidence of being under a severe strain.
"We will lunch in some quiet place," he told her, "and then I'll drive you home. It will be good for you to be out of doors."
Helen welcomed the suggestion of driving back to Bramblewood. "But we mustn't be too long at lunch," she pointed out. "or I won't have time to drive up. I promised to be back by tea."
HER information gave Brent a new thought. He began to act on it at lunch by ordering dishes that would require special preparation. Helen protested the delay but Brent assured her he would make up the time on the road.
But on the drive to Yonkers she was silent, and pensive. Brent hardened his heart to carry out his plans, knowing that defeat for him might well be behind her mood.
He too fell silent and they were only a short distance from Bramblewood when that which he had planned occurred. Suddenly, and without apparent reason, the car lurched to one side of the road. Brent had allowed the front wheels to strike a rut and had not attempted to control it. This gave him an opportunity to drive the car off the road under pretense of getting it righted.
It happened so quickly that Helen had no time to realize what Brent had done. She thought that he had been careless but she did not question its being an accident.
They came to a stop in a weed-grown depression so deep that Brent was unable to get the car back on the road under its own power.
"I'll have to go for help," he said to Helen when finally he appeared to accept the inevitable. "Fortunately we are near Bramblewood. They ought to be able to pull us out with the service car."
Helen started to climb to the ground. "I'll walk with you," she said.
"If you don't mind," Brent objected quickly. "I'd rather you stayed here. I've some things in the car that I shouldn't like to leave unguarded. Besides, you are probably pretty badly shaken up. Better wait here, dear."
Helen sank back in the seat. She was a bit unbalanced and very tired. The walk held no particular appeal for her.
"I won't be long," Brent promised and started off.
WHEN he reached Bramblewood he asked for Marks and told Ashe not to say in Mr. Cunningham's presence who it was that wanted to see his attendant.
"Miss Nellin and I have met with a slight accident," he explained. "and I wish to inquire if Mr. Cunningham's condition will permit us to tell him of it."
"Is not very good, sir," Ashe volunteered.
"Too bad," Brent said feelingly. "Try not to disturb him when you send Marks down."
When Marks came a few minutes later Brent told him that the car was ditched and asked him to send someone to get it to Bramblewood.
"I'll go up and reassure Mr. Cunningham," he said, moving toward the door.
"Be very careful Mr. Brent. Mr. Cunningham is very nervous. He has been worrying about Miss Nellin's absence. If he thought anything had happened to her—"
"I understand," Brent said. "I won't excite him."
But when he reached the sick man's room he was, even without words, a startling visitor. He had left his hat downstairs and his gray hair was now wildly disordered.
With a jerk he had loosened his tie. His coat was pulled off one shoulder and one cuff of his shirt was hanging below his tugged-up coat-sleeve.
Altogether he was as disheveled as he could make himself. He burst into Mr. Cunningham's room with the abruptness of a man who had lost all his self-control.
The invalid, watching the door for Helen's coming, sat up with a start.
Brent came on, staggering slightly, and clutching at his throat with one hand while the other groped for support on the air.
Quite close to the bed he stopped and appeared to see the man upon whom he had just entered the room.
Mr. Cunningham's face was as white as his pillow and his eyes were horribly distended. "What is it?" he attempted to say, but there was nothing more than a croak to issue from his blue lips.
"O my God!" Brent cried, as though the words had been wrung from him in agony. "Helen! Helen! She has been killed!"

Fifty Guests Attend Hallow'en Barn Dance Honoring Local Employees of Southwestern Bell Telephone Company

The age old delight of the masquerade, a colorful and attractive background, and cleverly fashioned, many-hued costumes allied to make the Hallow'en barn dance given Thursday evening by the Southwestern Bell Telephone company, complimentary to local employees, one of the most enjoyable affairs of the season.

McKenzie's barn, a mile west of the city, was the scene of the festivities, which was attended by more than fifty guests. Entrance to the barn was made by climbing a ladder to the loft, walking through the dark loft, and climbing down another ladder to the gaily decorated hall.

Music was by the Harmony Kings orchestra. A speciality dance was given by little Miss Joyce Smith, daughter of Mrs. Christine Smith, and little Miss Christine Manning, daughter of Mr. and Mrs. Guy Manning, who wore attractive Gypsy costumes.

Following is the guest list: Mrs. Christine Smith, Mrs. Lena Mae Walcott, Mr. and Mrs. Howard Zello, Mr. and Mrs. Jack Porterfield, Mr. and Mrs. Truitt Thomas, Mr. and Mrs. Guy Manning, Miss Marie McGee, Miss Cora and Miss Nora Murray, Miss Thelma Hughes, Miss Ruth and Miss Lela Kennedy, Miss Thelma Taylor, Miss Lillie and Miss Virginia McMillan, Miss Etta Freeman.

Miss Joyce Martin, Miss Esther Patrick, Miss Eloise Coolbaugh, Miss Ina Rae Faulk, Miss Alma Harwell, Miss Etta V. Zello, Miss Eurinia Dollard, Miss Christine Harshey, Miss Lalaise, Joyce Smith and Christine Manning, Otis Hamilton, E. C. Rich, Dan Baxter, Lonnie McGee, T. E. Ellison, Floyd Young, E. A. A. U. W. and College Club Raises Sum of \$137 for Scholarship Fund at Benefit Dance Given Thursday Evening

Profits from the dance given by the Pampa branch of the American Association of University Women and College club at the Schneider hotel on Thursday evening totaled \$137, which was placed in the organization's scholarship fund. More than 100 couples attended.

The affair was made not only a marked financial success but an event of social importance as well. Hallow'en favors—horns, whistles, and paper hats—given the guests upon their arrival, lent the occasion an extra festive touch. Joe Norman's orchestra played.

The fellowship and scholarship committee of the club was in charge of the benefit, with Miss Fannie Florence Sims, chairman, directing. The same committee will give an afternoon bridge tournament on Dec. 6, and another dance during February to raise the remainder of a scholarship which the club will award at the end of the school year to a girl graduate of Central high school. Terms of the award also will be settled by the committee, in consultation with the high school faculty. A goal of \$500 has been set.

Members of the committee are: Miss Sims, Mrs. Paul Kasihke, Mrs. W. A. Duerr, Mrs. A. D. Johnston, Mrs. W. J. Smith, Mrs. Lynn Boyd, Mrs. J. J. Devine, Mrs. I. B. Hughey, Mrs. A. D. Young Women's Class of Sunday School Has Party

Mrs. S. A. Hurst's class of the Methodists Sunday school, composed of the young business and professional women of the church, was entertained with a Hallow'en party of unusual interest, Friday evening, in the basement of the church.

Following the instructions of a witch the group followed a string to the spook's own kitchen, where the exciting and sometimes terrifying future of the several members were revealed. After two hours of fun in the kitchen each guest was required to hunt peanuts and shell out enough to pay for her supper. Refreshments typical of the season were served.

The occasion was enjoyed by the following: Mrs. Hurst, Mrs. Sadie Kelley, Mrs. Joe Hodge, Mrs. A. M. Teed, Miss Fannie May, Miss Addie Lee Smith, Miss Maleta Williams, Miss Orene Hudgins, Miss Lillian Mullinax, Miss Vula Ward, Miss Julia Mae Barnhart, and Miss Bernice Whiteley.

Mrs. Clyde Fatheree Gives Bridge Tea in Colorful Setting

A week-end event of interest was a bridge tea given Friday afternoon by Mrs. Clyde Fatheree, the setting of which reflected the gay Hallow'en spirit with charming individuality. SIL houettes of black cats shaded the mantle lights, and jack-o'-lanterns and owls were placed elsewhere in the rooms.

The players were as follows: Mrs. C. C. Cook, Mrs. Charles Thut, Mrs. Henry Thut, Jr., Mrs. Otto Studer, Mrs. Charles Pollard, Mrs. Siler Faulkner, Mrs. George Kahala, Mrs. George Wolfe, Mrs. John V. Andrews, Mrs. J. M. Mc Donald, Mrs. W. A. Duerr, Mrs. Harry Cornelius, Miss Dorothy Pollard, and Miss Ruth Anne Mitchell. Miss Mitchell scored high, and Mrs. Cornelius, low. Top cut was made by Mrs. Duerr, and low, by Mrs. Pollard.

When tea hour refreshments were served each cover was marked by a papier mache candle from which a fortune was drawn.

Film Fashions

Gray Broadcloth and Manchurian wolf are combined to make the charming coat, worn by Helene Chadwick in the latest Film Fashions being shown this week in natural color at the Rex Theatre through the courtesy of the Murfee's Inc. The loose panel in the back gives the slenderizing effect much desired by all well dressed women.

Clever shirring at the waistline adds a touch of demure sophistication to the transparent velvet gown worn by Nancy Welford. Helen Foster is dainty indeed in a smart frock of pebble crepe. The peach georgette trimmings and bows lend distinction. Marilyn Morgan dons a smart golf and sport dress of loose basket weave. It is a two piece jumper having a colorful scarf for the trim.

MIAMI OVERPOWERED HERE BY HARVESTERS, 52-0, FRIDAY— FUMBLING IS VERY FREQUENT

By TWINK

It was a plucky but inadequate Miami eleven which went down fighting before the onslaughts of the undefeated Harvester eleven on the local field Friday afternoon, 52 to 0.

After holding the Pampa boys on fairly even terms in the first quarter, the Miamians wilted before superior manpower and allowed two touchdowns in each of the second and third quarters and three in the fourth. Coach Mitchell fed almost his entire substitute string into the line-up and near the end of the game let the Gortillas take the field.

The Harvesters combined nearly every ground-gaining method in making 28 first downs to 6 for Miami. Against the smaller eleven nearly every man showed to advantage individually, but the team-lacking necessity for teamwork and mental concentration appeared more disorganized than at any time this season. It was clearly an off-day, with fumbles frequent, and had there been a strong opponent this story might have had a bitter ending. Ten times the leather slipped from Harvester hands, and seven times Miami's Warriors recovered.

Miami Kicking Good

Morrison's splendid kicking kept the Harvester back much of the time, or the score would have been larger. Pampa called for few kicks in her scheme of things, preferring to send Captain Saulsbury striding through the opposition for first downs. Perhaps the outstanding feature of the game was Lard's hurling of long passes for the first time in the season. The passing machine was imperfect, but it showed possibilities. Saulsbury also threw several accurate passes.

Substitute backfield men looked good, especially the Benton brothers, Dick and Lee, and McFarland and Buckingham. Mullen seemed to be finding his place at center, where he has been shifted on account of the ineligibility of Setz. Friday's starting line-up found Green at left tackle, English at left guard, and Pafford at right guard. Development of Henry Ayres and Monroe have given Pampa the best ends seen here this year.

Talley Is Star

Miami's outstanding ground gainer was Talley, one of the smallest men on the squad but one of the toughest. Kitchens also did well, and Captain Branch's low lunge tore up the Pampa line several times.

Chastain took the initial kick-off be-

hind his own goal and returned it to the 20-yard line. With Lard, Saulsbury, and Buckingham gaining steadily, the ball went 40 yards without a miss, then Chastain fumbled and Miami recovered. Miami failed to gain and punted to mid-field. Saulsbury and Chastain reeled off long gains to reach the 11-yard line, from where Saulsbury, with good interference, stepped behind the goal. Lard place-kicked the point.

The rest of the quarter was dismal, with fumbles by Buckingham and Saulsbury giving Miami the ball in Pampa territory. A pass, Kitchens to Talley, and a 12-yard gain by Osborne put the ball on Pampa's 12-yard line. Talley lost 2 yards as the quarter ended, and at resumption of play Henry Ayres recovered a Miami fumble. Saulsbury and Lard then gained sensationally, stepping off 15 to 20 yards at a time to down the ball on Miami's 1-foot line. Chastain slipped over untouched, but Lard's place-kick was wide. Pampa storming again at the Miami goal, was held on the 1-yard line, but a Miami punt was short then Jim Ayres ripped back to the 9-yard line. Dick Benton passed to Lee, his brother, over the goal line and the latter converted the point. Pampa kicked off to the 40 yard line as the half ended. Pampa 20, Miami 0.

Girl's Squads Perform

Between halves the Miami girl's pep squad, beautifully uniformed, performed, followed by the Green Jackets in characteristic array and a cute group of small girls from Miss Annie Daniels' East Ward school. The East Warders

got a big hand when they accompanied the Green jackets upon the field. They carried the school colors, and their uniforms included "sweat shirts" upon which small pennants were pinned.

Morrison kicked off over the Pampa goal line to start the second half. Fumbles mingled with long gains and Morrison's punts kept the ball see-sawing for several minutes, then Lard raced 35 yards and Buckingham 14. Lard Passed to Buckingham for 16 more and the 25 to Monroe for a touchdown. The try for extra point was wide. Other passes repeated to carry the ball down after the kick-off, and Buckingham found a hole at left tackle through

which he went over. The extra point again failed.

Passing continued in the last period and Lard hurried the ball 27 yards to Henry Ayres, who stepped over the goal. Lard kicked the point. A few minutes later Pampa recovered a Miami pass, Jim Ayres ran 10 yards to the Miami 7-yard line, and Bus Benton, MORE MORE MORE after hesitating while the lines charged, slipped around end and over. He kicked the point.

Passes Are Effective

In the closing moments of the game, with substitutes making a procession of it, Jim Ayres intercepted another Miami

Bill for Feeding Prisoners Includes Carry-Over Items

The total amount paid by the county commissioners at their October session for feeding and safeguarding September and part of August aggregated \$1,734.80, according to an itemized account of the expenses furnished by auditor Ray Wilson.

One bill of \$104, cost of transporting a prisoner to Gatesville by the sheriff's department was continued until next month. The News carried a story last week which stated that bills for feeding and safeguarding prisoners in the amount of approximately \$1,700 were paid by the county.

The expenses were divided as follows: August, \$37.50 carry-over for feeding and guarding prisoners in the Gray county jail, \$264.60 for keeping Gray county prisoners in the Carson county jail, \$2.75 for keeping a prisoner in the jail at Mangum; August and September, \$18.75 for keeping prisoners at McLean; September, \$104.40 for keeping prisoners in the Potter county jail, and \$1,306.80 for keeping prisoners in the Gray county jails here. The first bill in the above list was continued from the preceding month for payment. The total amount of the bills is \$1,734.80.

In a News story last week, by mistake, the deficits in the four roads and bridge funds as of Jan. 1, 1929 were given instead of funds on hand Sept. 30. The balance on hand in five road and bridge funds at that time are as follows: general, \$1637.48; No. 1, \$3,091.10; No. 2, \$3,167.44; No. 3, \$4,638.18 and No. 4, \$504.23. As the figures show, there is no deficit at present in any of the road and bridge funds. All of them showed deficits Jan. 1 of this year. In the first fund, the general road and bridge, \$1,166.65 was transferred from the jury fund to make up the deficit.

Mustangs Swamp Mississippi With Greatest of Ease

DALLAS, Oct. 26—(AP)—Using second and third string players most of the way, Southern Methodist university spattered a weak Mississippi university eleven all over Fair park stadium here today, 52 to 0.

It could have been declared "no contest" almost any time after the Mustangs scored their first touchdown in the early minutes of the game. There is no telling what the final count would have been had not Coach Ray Morrison withdrawn his first team in the second period. Not until the last batch of substitutes on the Southern Methodist bench had been injected in the last quarter did "Ole Miss" display an appreciable punch. Even then they could not score.

Arkansas Wins Over Aggies by One-Point Margin

COLLEGE STATION, Oct. 26—(AP)—Wear Schoonover, star Arkansas end, presented his team a 14 to 13 victory over Texas A. and M. here today by breaking thru the line and blocking the Aggies' attempt to score a point after touchdown, which would have tied the game.

Aggie fumbles were costly thruout the game and the Arkansas team displayed a sparkling defense that cancelled several Aggie drives in the closing period.

Owl Harriers Are Beaten by Texas

AUSTIN, Oct. 26—(AP)—Although Captain Willis of Rice paced the field, the Owls were defeated 26 to 31 by the University of Texas harriers in their cross country race here today.

Both teams were slowed up considerably over the 3.8 mile course by the mud. The winning time was 19 minutes and 20.6 seconds.

The harriers finished as follows: Willis, Rice, first; Storm, Texas second; Schiller, Texas, third; Cole, Texas, fourth; Jacobs, Rice, fifth; Kaplan Rice, sixth; Arnold, Rice, seventh; Williams, Texas, eighth; Meredith, Texas, ninth; McKinnon, Texas, tenth; Duncan, Texas, eleventh; Wilmoth, twelfth; Wortham and Burnett, Rice, tied for thirteenth.

Miss Oak Alee Robertis, freshman student West Texas State Teachers college at Canyon, is spending the week end here with her mother, Mrs. Bertha Robertis.

The other proposition is a bout at the Miami, Fla., Kennel club in March sponsored by G. R. K. Carter, partner of the late George L. "Tex" Rickard.

TRINITY BEATEN AGAIN

WAXAHACHIE, Oct. 26—(AP)—Intercepting a pass in the third quarter and marching 28 yards to score the only touchdown of the game, the North Texas Teachers defeated Trinity 7 to 0 here today.

pass on the latter's 30-yard line. He made 7 yards around left end, Dick Benton swept around right end for 10, and Lee Benton went through for 6. The last touchdown came from a pass to Monroe. The point try was low. Miami was gaining on the Gorillas as the game ended.

Wheeler is slated to come here next Friday for the second Harvester Class B game, when the locals will go to Perryton on Monday, Nov. 11, for the crucial bi-sectional game.
