

UNEMPLOYMENT DEBATE ISSUE TWO PERSONS ARE INJURED IN CROSSING ACCIDENT BILL TO REGULATE PIPELINES IS GIVEN TO LEGISLATURE

MOODY SENDS SUBJECT WITH SEVERAL MORE

Measure Would Give Rail Group New Powers

STORAGE WOULD BECOME UTILITY

Slander May Apply to Radio If Plan Approved

AUSTIN, March 3. (P)—The bill sponsored by members of the Independent Petroleum association to safe guard interests of the so-called "little fellow" in the petroleum field was introduced in the legislature today after Governor Moody had submitted the general subject.

Governor Moody amended his message of last Thursday, sent after the two houses adjourned for the week-end, to include the regulation of pipelines, a number of local bills, and a few of general application.

He submitted the proposal to extend the laws against libel and slander to statements made over the radio; the matter of granting authority to the commissioners' court of Wilbarger county to contract and agree to the construction of a public bridge across the Red river; enactment of laws to validate certain levee improvement district bonds, held invalid after the decision of the Supreme Court of the United States in the Archer county case, and the granting of authority to the commissioners of the general land office to procure and file in the general land office papers relating to the surveys of lands by virtue of certificates issued by the state of Texas to railway companies, which records are now held by individuals and private interests.

The pipeline bill would enlarge the powers and duties of the railroad commission with reference to conservation, transportation, storage, and purchase of petroleum and its products; designate as public utilities the owners, operators, and managers of oil storage tanks and storage facilities for the public use and provide that no such public utility shall discriminate between or against its patrons in regard to facilities furnished or service rendered or rates charged under the same or similar circumstances in the storage of crude petroleum; require the filing of a bond by the utility; regulate character of facilities, forms of receipts, rates, charges and regulations for storage of crude petroleum, and designate as common purchasers every person, association of persons or corporation engaged in the business of purchasing crude petroleum.

Brownwood Paper Has Costly Blaze

BROWNWOOD, Mar. 3. (P)—Fire originating in the starting box of an electric motor today did an estimated damage of \$5,000 to the plant of the Brownwood Bulletin. Equipment of the mechanical department was damaged by fire and water and two floors of the building was blackened by smoke. The newspaper will be issued as usual today.

WEATHER

W. O. TEASAB: Increasing cloudiness, not so cold in the Panhandle tonight; Tuesday, unsettled, warmer. —AND A SMILE

NEW YORK (P)—Charles H. Tuttle, Republican, is federal attorney for this district. His daughter, Charlotte, student at Vassar, is a socialist. His daughter, Evelyn, is as staunch as Republican as dad. She has won a prize of a girls' Republican committee with an essay which attacks socialism.

BELIEVE MISSING WESTERN AIR EXPRESS PLANE HAS BEEN FOUND WRECKED IN CALIFORNIA CANYON

Campus Queen

Pretty? Yes, but that's not the half of it! Lois Hartness, above, comely campus queen of Meredith College, has been voted the most vivacious co-ed in the school by her fellow students. She is 19, a senior, and daughter of James A. Hartness, North Carolina's Secretary of State.

CARSON POOL TO BE SUBJECT AT GATHERING HERE

Oil operators with holdings in Gray and Carson counties are gathering here today for the monthly proration meeting which is scheduled to begin at 10 o'clock Tuesday morning at the Schneider hotel.

The report of Ed Daly, proration umpire, will be given at the beginning of the meeting. It is believed by most operators that continuation of the proration program now in effect will be favored.

One of the most pressing problems that will be discussed concerns proration and restriction of drilling in Carson county. Opening of the new pool three miles west of Cuyler, equidistant between Panhandle and White Deer, threatens to undo all the work that proration has accomplished in this section unless development of the pool is properly controlled. Means to control this area will be discussed and some action is expected.

More money is spent in the United States for chewing gum than for school text books.

Senator Nye Would Determine If Grain Trade Hinders Farm Board

WASHINGTON, March 3. (P)—Investigation by the senate to determine whether the grain trade had conspired to destroy the effectiveness of the farm relief act was proposed in a resolution introduced today by Senator Nye, Republican, North Carolina.

The resolution also would provide that the senate determine whether the farm board has been "fairly interpreting" the farm relief act and carrying out its purposes.

The investigation would be conducted by the senate agriculture committee, which would be authorized to subpoena

LOS ANGELES, March 3. (P)—J. T. Barber, a rancher, living in the San Bernardino mountains today reported to the Western Air Express discovery of the wreckage of an airplane 20 miles northeast of Lake Arrowhead in the deep Box canyon.

C. C. Colet, superintendent of operations of the Western Air Express, expressed belief the wreckage was that of the tri-motored monoplane, piloted by James E. Doles which had been missing for a week.

Three men, Doles, A. W. Bieber, copilot, and John W. Slaton, steward, were in the transport when it disappeared. Barber reported he discovered the wreck with field glasses and one wing appeared burned. He saw no sign of life.

A posse was sent out by Sheriff Walter Shady of San Bernardino immediately. Superintendent Cole left here for the scene by automobile.

Fact-Finding Year Is Capper Idea

WASHINGTON, March 3. (P)—Senator Capper of Kansas today indicated his belief that, in effect, the Democratic-Republican independent coalition is writing a tariff bill which will be agreeable to President Hoover.

While the senate began what it was hoped would be the final week's work on the measure which has occupied it just six months next Saturday, Capper said in a radio address that "it is my belief that the senate discussion and actions will result in tariff rates in line with President Hoover's program, this in spite of the fact that those rates, in the last analysis, will be written in great part by political enemies of the president."

Characterizing Mr. Hoover's first year as president as "a year of fact finding," the Kansas Republican asserted that "the policies followed, the programs laid down and initiated, the actions taken by President Hoover so far, are along lines that will rebound to the best interests of the entire country in the long run."

Former Resident of Pampa Dies

A. B. McAfee, who owned a ranch twelve miles east of Pampa and was a resident of this community for many years, died at 8:30 o'clock this morning at Temple, according to messages from Mrs. McAfee to friends here.

For the last two years, Mr. McAfee had lived on his fruit ranch near McAllen. Although funeral arrangements had not been made when the messages were sent here, it was believed burial would be made here. Mrs. Weimer Tolbert and Mrs. Parnell are daughters of the late Mr. McAfee.

Ether Ralston, movie actress, lost a diamond and emerald bracelet valued at \$4000.

AUTO STRUCK BY PASSENGER TRAIN SUNDAY

R. E. Gass Is Severely Hurt Yesterday Afternoon

SMALL COUPE HIT BY ENGINE

Mishap Takes Place at Starkweather Street

In the fourth railroad crossing accident here in the last month, R. E. Gass was severely injured and Mrs. T. C. Chambliss was painfully bruised when the small coupe in which they were riding was struck and badly wrecked by Santa Fe passenger train No. 1 at the Starkweather street crossing at 4:20 o'clock yesterday afternoon.

The other two passengers in the car, T. C. Chambliss and his 2-year-old child, were uninjured.

Mr. Gass and Mrs. Chambliss were taken in a G. C. Malone ambulance to McKean and Connor hospital. Physicians said that Mr. Gass was severely bruised about the head, arms and legs. He also suffered painful lacerations. Mrs. Chambliss was able to leave the hospital late yesterday afternoon after first-aid treatment. X-ray pictures taken today will reveal whether or not Mr. Gass sustained any broken bones or internal injuries.

Chambliss was driving the car north when the rear end of it was struck by the engine. All the occupants except Chambliss were thrown from the car. Chambliss said he did not hear the engine whistle until the impact.

In the four railroad crossing accidents which have occurred in the last month, five persons were injured and one, G. W. Bechtelheimer was killed. Two of the accidents occurred at the Cuyler street crossing, one about 12 o'clock at night and the other about 3 o'clock in the morning. Mr. Bechtelheimer was fatally injured at the Frost street crossing. The automobile in each case was badly wrecked.

In one of the collisions, Mr. and Mrs. E. L. Moore of Skellytown suffered bruises and lacerations on the night of Feb. 23 when their car collided with a freight train at the Cuyler street crossing.

Empire Well in Carson County to Be Tested Fully

With the loading rack built at Cuyler and the pipeline laid from the Empire Gas and Fuel company's well in section 13, block 7, the company is planning to open the well and begin shipping oil about Thursday of this week.

The full strength of the well has never been gauged, although it was allowed to produce 72 barrels an hour a day after it was brought in. It is believed it has a potential production of between 3,000 and 5,000 barrels. Empire has not made any locations on its acreage surrounding the well. McElmer and Cockrell are building a rig on a location in the section adjoining 13.

COTTON BROKER DIES

CORSICANA, March 3. (P)—Jack Croddy, 63, retired cotton broker, died here today of injuries received in a fall last Thursday. He was a native of Ireland, had resided in Texas for the past 60 years.

BURNED WOMAN DIES

EL PASO, March 3. (P)—A three-day old baby today survived the mother, Mrs. E. Pimelia Martinez, 23, so severely burned February 17 she died yesterday.

"Twins" Puzzle Kansas Voters

The Republican elephant and the Democratic donkey will be carrying the same banner, to all appearances, in the forthcoming primaries for nomination of rival candidates for United States senator from Kansas. Enough alike in facial appearance to be twins, are George McGill, right a Democrat, and Senator Henry J. Allen, left, Republican, are expected competitors in their race for the post now held by Allen. Their striking resemblance is shown

Administration senators struck back when the Hoover policies were attacked. Senator Robinson, Republican, Indiana, insisted the responsibility so far as the government was concerned rested upon congress. He said it was up to congress to pass legislation and asked what legislation was proposed.

Senator Vandenberg, Republican, Michigan, reminded the senate that there has been pending for two months the house bill enlarging the public buildings program and suggested that "all the senate needs to do is to tend to its business."

Senator Johnson, Republican, California, remarked that the White House statements indicated there was "nothing but prosperity."

Senator La Follette said he wanted the president to make sure that the spirit of the promises given labor by business leaders at the White House parleys last November was being observed.

MAN STRUCK WHILE RESISTING ARREST HAS BEEN UNCONSCIOUS FOR SIXTY HOURS—NO CHARGES

No change in the condition of C. E. Lambright, who has been unconscious for the last 60 hours, was reported at Pampa hospital at noon today. His physical condition improved last night and this morning but he still remained in the coma into which he sank Saturday morning about 1:30 o'clock after he was struck twice over the head with a leather billet by Deputy Herman Wachtendorf when the latter was searching a room in a South Pampa hotel.

Lambright's respiration has increased to normal and his pulse-beat has decreased considerably, but he has showed no signs of consciousness, although he said several words this morning. Dr. V. E. Brunow, county physician, said the man was suffering from a concussion of the brain.

Wachtendorf first was knocked across the room when Lambright hit him at the side of the head while the officer and Constable G. H. Parrish were serving a warrant to search the room. The deputy said Lambright would have secured his (Wachtendorf's) pistol if it had not fallen at the constable's feet.

Parrish had signed the search warrant. Officers seized a half-dozen boxes of assorted merchandise in the room. The merchandise included toilet articles, drugs, groceries, canned goods,

silver ware, and toys. Several clothing articles were wrapped up in wrapping papers.

Lambright remained unconscious in the county jail from the time he was arrested until 10 o'clock Saturday morning, when Dr. Brunow arrived and ordered removal to the hospital. Lambright had been living at a rooming house in South Pampa for three months.

An acquaintance of Lambright living in Pampa said that he knew him six years ago at Nowata, Okla., where he said Lambright was in the grocery business. He also said the man was a member of the Masonic lodge, Elks lodge, and Rotary club. He expressed surprise that he should be arrested. No charge has been filed against Lambright, and none of the merchandise has been identified as stolen goods.

Lambright's landlord said the merchandise had been in his room stored in boxes for several months.

DALLAS MAN APPOINTED

AUSTIN, March 3. (P)—Williams A. Wade of Dallas was appointed an assistant attorney general by Attorney General R. L. Bobbitt today. He fills the vacancy left by resignation of first Assistant Attorney General Galloway Calhoun and advancement of H. Grady Chandler to that place.

SENATOR SAYS STEPS SHOULD BE TAKEN NOW

Communist Talk Tends to Obscure Real Problem

HOOVER BACKERS REPLY HEATEDLY

Call Upon Senate to Vote Building Funds

WASHINGTON, March 3. (P)—After Senator Wagner, Democrat, New York, had urged in the senate today that the government organize to meet the "unemployment problem," Senator La Follette, Republican, Wisconsin, said he deplored "alarms on Red scares and Communist demonstrations," asserting they were attempts to divert attention from the "real issue of unemployment."

Administration senators struck back when the Hoover policies were attacked.

Senator Robinson, Republican, Indiana, insisted the responsibility so far as the government was concerned rested upon congress. He said it was up to congress to pass legislation and asked what legislation was proposed.

Senator Vandenberg, Republican, Michigan, reminded the senate that there has been pending for two months the house bill enlarging the public buildings program and suggested that "all the senate needs to do is to tend to its business."

Senator Johnson, Republican, California, remarked that the White House statements indicated there was "nothing but prosperity."

Senator La Follette said he wanted the president to make sure that the spirit of the promises given labor by business leaders at the White House parleys last November was being observed.

One Man Wounded by Youth Probably Not to Recover

ALBUQUERQUE, N. M., March 3. (P)—While preparations were being made today to bury Bonifacio Torres, 19, who Saturday held a posse of 200 men at bay in an all-afternoon battle, three victims of his gun were in a hospital here, one not expected to recover.

Physicians gave Charles Cunningham, deputy sheriff, little chance to recover from a wound in his left lung. He was brought here yesterday from Belen near the scene of the fight, with Sheriff Ignacio Aragon, who also was shot in the left lung. Daniel Sanchez, Belen Marshall, was wounded in the thigh and one hand.

Torres shot Sanchez as the marshal arrived with Sheriff Aragon to take the youth to a reform school. The sheriff and Deputy Baca retreated after Sanchez was wounded, and Torres shot Aragon in the back. Cunningham was shot by Torres as the deputy broke into the house where Torres was barricaded.

A posse attempted throughout the afternoon to dislodge Torres with gunfire, dynamite, and tear gas. It was not until two members of the posse threw gasoline torches into the house, igniting the structure, that Torres was forced out. He came running from the house and fired into the posse. They returned the fire, and Torres was fatally wounded.

ACCIDENTALLY SHOT

DALLAS, March 3. (P)—C. L. Bennett was in a hospital here today suffering gun shot wounds in the face and neck received yesterday when a gun in the hands of a companion was accidentally discharged while Bennett was awaiting his turn to shoot on a shooting range near here.

Gas Leakage Is Believed to Have Caused Western Union Explosion

SAN ANGELO, March 3. (P)—Leakage of gas from a sewer or gas main was blamed today for the explosion in a building occupied by the Western Union telegraph company here Saturday in which several persons were injured.

Officers said they had learned that messenger boys had stood in an alley outside the building and struck matches

to see small flares of gas burn from the ground.

Fire Chief John Parker was of the opinion that gas accumulated under the floor of the building from a sewerage pipe and was ignited by a spark caused by a roller chair being pushed over a nail in the floor. The concussion of the explosion was believed to have blown out the frame.

Pampa Daily News

Published every evening (except Saturdays) and on Sunday morning by the Pampa Daily News Publishing Company, Inc., 122 West Foster.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

THERE ARE SOME RECENT EVIDENCES THAT THE CITY DUMP GROUNDS ARE NOT BEING USED BY ALL THOSE WHO HAVE TRASH TO HAUL AWAY.

Promiscuous dumping; along or in sight of lateral county roads is forbidden, but violations are noticeable. The evidence is not alarming, but one violation encourages another.

Those who live in this city rarely see themselves as others see them. A city's outskirts ugliness first catches the eye of the tourist.

IT IS GRATIFYING TO NOTE THAT THE SALVATION ARMY DRIVE WENT NEAR THE GOAL SET.

The need for someone constantly on duty may be readily seen by anyone who cares to investigate even casually. Ensign King declares that the demand of those worthy to be helped is virtually constant, and is not confined to periods of bad weather.

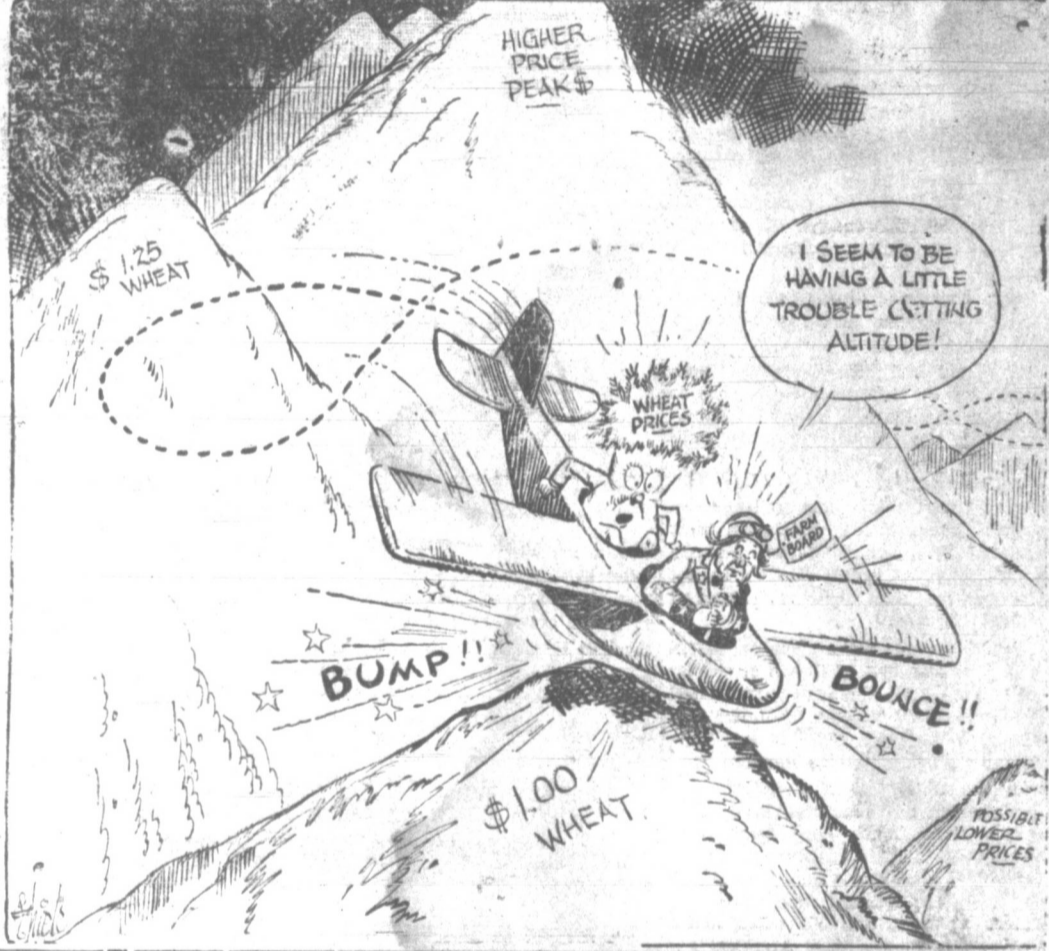

FORTS TO RAISE THEIR LITERACY RECORD BEFORE THE FEDERAL CENSUS BEGAN.

It has since been brought to general attention that Texas has had no program to make ability to read and write more universal. Texas ranks thirty-fifth in the list of 48 states from the standpoint of the literacy of her citizens.

The legislature has repeatedly refused to create a division of literacy in the department of education, and little has been done in the last ten years, while other states have been carrying out definite programs.

Texas has been doing too little for the underprivileged child. She has not adopted the attitude of building good citizens out of those who for environmental reasons have had their progress arrested or retarded.

You'll Never Know What Thrills Are Till You Take Up Gliding!

more nearly approached the status of schools in crime. For many years the Panhandle was an exception to the general rule in Texas, and to an extent this is still true. Yet there has been an influx of new peoples, of various standards of living and of educational possibilities.

There are, moreover, many Mexicans and negroes in the Panhandle now. They are becoming fixtures in the present day Plains civilization. In short, this region has inherited some of the illiteracy of other sections.

TWINKLES

Golf is a great game, but not combined with these March breezes. How can you hit the ball when the vibration from your chattering teeth shakes the clubs?

P. (Pure) Hokum, local candidate, comes out loudly for shorter hours and more pay, but he would be insulted if anyone should ask him to take any definite step in the matter.

Not much good news has come out of Washington of late, but we hope that the decision on our Pampa-Childress railroad will not turn out to be an April's Fool joke on us and the Fort Worth & Denver.

Our crossings don't move, but trains and motorists do. It looks as if we are going to close up all the streets but one and call out the National Guard to watch it.

We are not often troubled by adventurous desires, but the urge to join the Nicholson exploring party in Carlsbad cavern is pretty strong with us right now. If we could cavort in that changeless temperature for a month or so, Old Sol would have things warmed up on the outside by the time we emerged.

This column is intended to carry no gloom, but it seems it a public service to remind its clients that there is just a little more than a fortnight left in which to pay the income tax, or at least file a report.

Governor Moody Expects Special Legislative Session to Last Full Thirty Days—Much Work Unfinished

BY R. W. BARRY
(Associated Press Staff Writer)

AUSTIN, March 3. (AP)—In spite of the legislature's consistent disagreement over how best to attempt to put the Texas penitentiary system on its feet, Governor Moody has not given up hope by any means. He is still confident some kind of a bill will be worked out under which an industrial plant of some size can be put in Central Texas.

He issued a statement answering critics of his reformation idea and timed its release so it would meet the attention of legislators returning today from a vacation that extended from last Thursday.

He pointed out that the legislature, in the final analysis, is the manager of the prison system "because it writes the laws and makes appropriations under which the system must be operated." Then, he called attention to the finances of the system. He declared \$3,637,890 had been lost since 1919.

"This is a considerable bill that has fallen upon the taxpayers of the state," he said. "Those of us who have been advocating prison reform have been trying to end the losses of the penitentiary for the benefit of the taxpayers."

The house has passed an even more conservative bill than it espoused in the fourth called session. This time it would expend \$400,000 in rebuilding, enlarging and improving the existing system without removing the headquarters from Huntsville. The bill of the previous session proposed \$550,000 for this.

The senate had passed a bill to appropriate \$1,500,000, \$500,000 to be spent on each of a new industrial unit to be built in Central Texas, moving the Huntsville plant and rebuilding it on the Wynne farm, two miles away, and improving the farms and facilities on the farms.

A conference committee was to begin sowing the seemingly impossible task of bringing the widely separated factions together on a plan which would please both.

Governor Moody had hope this could be done. He was not ready to give up, by any means.

In the face of his optimism there was a movement to adjourn the legislature sine die. Governor Moody, told of the relentlessness, said he was confident the element that felt the legislature had finished its work would be held down by those who realized much unfinished important business lay before them.

The senate had not considered the house bill to levy a \$1 per ton tax on sulphur and the house had pending revenue proposals, including bills to tax natural gas, theatres of all kinds, chair stores, and other things.

The house committee on revenue and taxation had definitely decided it did not care to vote a tax on producers of natural gas, but the question of whether it would tax distributors had not been determined.

Another important piece of business the legislature was expected to attend to was the matter of making emergency appropriations to sustain summer schools in state colleges and eleemosynary institutions and departments. The governor had declined to submit appropriations, however, until the legislature had created additional revenues, pointing out that all available funds had already been appropriated.

Independent oil producers were clamoring for what they claimed to be "protective" legislation, and the governor promised to submit the general subject of legislation designed to relieve the present distressed situation of crude oil.

There were 16 working days left in the fifth session, and Governor Moody anticipated sufficient unfinished business to keep the legislature busy until the 30-day constitutional period ended on March 20.

Baker School Honor Roll and List of Perfect Attendance Announced

The following honor rolls and perfect attendance records for Baker school were announced by J. A. Meek, principal at the end of the six-week term just closed.

- FIRST GRADE**
Miss Sarah Campbell, Teachers
Perfect attendance—Mary Katherine Butler, Christine Davis, Eugene Fleming, Elizabeth Fleming, Anna Fern Eastup.
Honor roll—Imogene Parker, Raymond Ingram, Edgar Lee Milam, Dorothy Lee Childress.
Honor roll with perfect attendance—Earl Bell, Mattie Davis.
- LOW SECOND GRADE**
Miss Martha Wulfman, Teacher
Perfect attendance—Sidney Sinemans
Honor roll—Billie Collier, James Cartmelt, Truett Ellis, H. D. Jones, Rita Cagle, Kathleen Howell, Annabelle Lead.
Honor roll and perfect attendance—Jim Cox, Billie Morrow, Sammie Ward, Virginia Harrison, Ruby Owens, Sybil Reed, Theima Shelton, Ruthelle Wade, Betty Woolridge.
- LOW SECOND GRADE**
Mrs. J. G. Killian, Teacher
Perfect attendance—Corbett Bancroft, Edy Condo, Herschell Phillips, Elmer Kupp, Buster Sipes, Garland Simmons.
Honor roll—Gertrude Ingram, Elaine Murphy, Edgar Earl Payne, Buster Sipes.
Honor roll and perfect attendance—Evelyn Butler, William Gibby, Zade Watkins, Bobby Dunlap.
- HIGH SECOND GRADE**
Miss Euritha Henry, Teacher
Perfect attendance—Robert Dale Smith, Edward Ellis, Charles Dwight, A. J. Organ, Donald Kissinger, Georgia Payne, Stanley Atwood, Cleo Harrison, Woody Gray.
Honor roll—Phyllis Keller, Daisy Ann O'Brien, Clifford Roth.
- LOW THIRD GRADE**
Miss Beulah Hall, Teacher
Perfect attendance—J. P. Gray, John Shampa, Jack McGee, Melvin Watkins, Anna Allan, Gertha Allan, Wennonah Ellis, Louise Paine, Ravenal Winston.
Honor roll—Forrest C. Platt, Frances Platt.
Honor roll and perfect attendance—Joualee Lee Richey.
- HIGH THIRD GRADE**
Miss Euritha Henry, Teachers
Perfect attendance—Janey Dwight, Clytie Ford, Elizabeth Helbert, Maurice Hinson, Billie Jones.
Honor roll—Wanda Lee Dunlap, Agnes Ingram.
- LOW FOURTH GRADE**
Miss Maxine Collins, Teacher
Perfect attendance—Elmer Watkins, Everett Pittman, Velma Turner, Ira Elliot, Lois Cottrell, Clyde Bevers.
Honor roll—Manuel Parker, Marie Howell, Juanita Cockerill, Clara Mae Harrison.
- HIGH FOURTH GRADE**
Miss Deborah Vinson, Teacher
Perfect attendance—Ralph Walker, Kendall Green, Ruby Isbell, Theda Oak, Rachel Bond.
Honor roll—Betty Jane Blythe, Robert Kilgore, Richard Kilgore, Howard Johnson, Wayne Harrison, Byrl Eastup.
Honor roll and perfect attendance—Wayne West.
- FOURTH GRADE**
Miss Helen Anderson, Teacher

Markets

Wheat in Drop
CHICAGO, March 3. (AP)—Wheat underwent a decided drop early today, largely because farm board appliers had ceased to buy country run wheat at the board's loan basis. A bullish showing made by unofficial estimates issued today regarding farm reserve stocks of wheat appeared to have been discounted in advance.

Opening 1 3-8 to 2 3-4c lower, Chicago wheat afterward fluctuated nervously, but rallies failed to hold well. Corn and oats were also weaker, with corn starting 1-8 to 3-4c off, and subsequently keeping near the initial range. Provisions were firm.

Kansas City Livestock
KANSAS CITY, March 3. (AP) (U. S. D. A.)—Hogs: 13,000; 15-25c higher on 340 lbs down; weightier kinds slow; top \$10.90 on 180-210 lbs.
Cattle: 16,000; calves: 2,000; steady; slaughter steers, good and choice 11.00-15.00 lbs 11.50-14.75; 950-1100 lbs 11.75-15.25; fed yearlings 12.25-15.50; heifers 10.75-14.00; cows 7.50-9.75; vealers 7.50-13.00; stocker and feeder steers 10.50-13.25.
Sheep: 11,000; steady; lambs 8.75-9.85; ewes 3.75-5.35.

CHICAGO GRAIN
CHICAGO, March 3. (AP)—Wheat: No. 2 hard 1.09 1-2; No. 5 hard 95.
Corn: No. 6 mixed 72; No. 5 white 76.
Oats: No. 3 white 43-43 1-2; No. 4 white 42 3-4.
Wheat closed unsettled 2 1-2 to 4 1-2c a bushel lower than Saturday's finish.
Corn closed 1 to 1 1-2c down, oats 1-8 to 3-4c off and provisions unchanged to a rise of 2c.

TO REVIEW LIQUEUR ISSUE
WASHINGTON, March 3. (AP)—The government was granted a review today by the Supreme Court, to test whether the purchaser of liquor, who gives an order for its delivery knowing that the order involves illegal transportation, is guilty of conspiracy with the bootlegger to violate the federal prohibition law.

TEXAS THEATRE ROBBED
NACOGDOCHES, March 3. (AP)—Robbers broke into the office of the Austin theater here last night, blew open the safe and escaped with \$525. The robbery was discovered by a porter today who noticed a lock on the door had been broken.

"Mad" Dog Shot by Charlie Pipes

A "mad" dog was killed in front of the Methodist church Saturday afternoon by Charlie Pipes, city policeman, just in time to prevent it from attacking a little girl. The child who lives nearby had seen the dog and had started across the street evidently to play with it. Several complaints were received at the police station Saturday morning about a dog with rabies. Pipes was hunting it when he saw it heading for the child.
Police said the animal may have bitten other dogs in the city. Citizens are warned to report all dogs with symptoms of rabies. They are also urged to have their dogs vaccinated at once since one case of rabies is usually followed by at least ten.

INJURIES PROVE FATAL
TEXARKANA, Ark., March 3. (AP)—Raymond Duncan, 10-year-old son of Mr. and Mrs. Ben M. Duncan, died here today from injuries received last Christmas day in exploding a homemade firecracker. The child had been confined in a hospital since the accident.

THINKS FLY WIPED OUT

ORLANDO, Fla., March 3. (AP)—Dr. A. T. Baker, entomologist for the department of agriculture in charge of Mediterranean fruit fly research experiments in Florida, today told a congressional subcommittee that in his opinion "not a single larva, pupa or living fruit fly is in Florida today." He said he believed the pest had been eradicated.
Dr. and Mrs. A. Cole, Dr. and Mrs. C. E. Pollard, Mr. and Mrs. Charles Thomas, and Mr. and Mrs. C. T. Hunkapillar were guests Saturday evening at a dinner bridge given by Mr. and Mrs. Oliver Elliott at their home near Mobeetie. Mrs. Elliott is Dr. Cole's sister.
