## GEORGES CLEMENCEAU, WAR PREMIER OF FRANCE, IS DEAD

### COUNTRYMEN MOURN DEATH OF THE TIGER

Statesman Will Likely Be Buried Upright

### PARIS, Nov. 24. (Sunday) (AP)—The stout heart of Georges Clemenceau, Tiger of France, ceased beating at 1:15 this morning. The war-time premier was 88 years old.

The sharp tongue of the Grand Old Man of France was silenced forever. His predominant quality as author, journalist and statesman always had been the display of fighting spirit and he died as he had lived—fighting until his last breath.

Dr. Lauby, one of the chief physicians of the Tiger, had arrived at the house ten minutes before in response to a hurried summons. His hasty arrival gave rise to reports that the old statesman was already dead.

The 88-year-old statesman died without recovering consciousness. He had been in an absolute coma since 11 p. m. yesterday. For the past 24 hours he had only had brief periods of lucidity.

Dr. Lauby was just in time to enable his old friend to die in his arms. Madame Jacquemarie and Michel Clemenceau, daughter and son of the Tiger, were at the bedside.

Like his father, Clemenceau will probably be buried in an upright position. The elder Clemenceau was of stern stuff, authoritative and dominating. He was a doctor by profession and drove through the villages of Vendee healing and commanding.

Family friends recalled today that the elder Clemenceau pushed his authority to the point of putting his own chair on a raised dais at the family dining table and when he died arranged to be buried in a standing position.

The Tiger inherited his father's dictatorial position in Vendee province, an agricultural region that was the scene of a great royalist uprising during the French revolution. He was often called upon to arbitrate disputes between peasants.

Clemenceau was an adamant anticlerical, but his ruling in one of these cases was in favor of the parish priest against a countess who insisted on bringing her dogs to mass on Sundays. The Tiger obliged her to keep her dogs at home.

### Cold Weather Now Felt Toward South

By The Associated Press  
As an aftermath of the blizzard earlier in the week, three Texas cities reported Saturday as the coldest day of the year, while nearly all Texas looked forward to rising temperatures Sunday.

Houston shivered in the coldest November day in nine years and the first freeze of the season. Galveston thermometers registered 25 degrees, lowest this year, while the reading of 31 at San Antonio was the year's coldest.

Southern points had a slow misting rain today.

**Dies of Excitement**  
TOLEDO, Ohio, Nov. 23. (AP)—While cheering at the St. Johns-Central high school football game here this afternoon, Dr. LaFayette L. Barber, 70, dean of Toledo dentists, suffered a heart attack and died almost instantly. Dr. Barber had served as president of the national state and American dental associations.

### HIGHWAY 41 MEN COMING HERE MONDAY

President F. P. Reid of the Oil Field Highway No. 41 association will preside when delegates to the annual meeting open their business session at the B. C. D. auditorium at 11 o'clock tomorrow.

At noon the association will adjourn to the banquet room of the First Methodist church, where they will be guests of the Chamber of Commerce at luncheon. Scott Barcus, chairman of the highway committee of the B. C. D., will preside over the noon luncheon. Senator C. C. Small of Wellington is expected to be one of the main speakers.

Following the luncheon, the road men will remain in their seats for the final business session. Reports from various points along the highway will be made, and officers for the next fiscal year will be elected.

### Salvation Army Post Established by Ensign King

Ensign Edgar King and Mrs. King have arrived in Pampa to establish a local post of the Salvation Army.

They have not yet located a suitable building, but hope to do so soon.

Their finance plan, in the absence of a community chest, is by an annual drive. For the present, however, they will take collections at street meetings but will not make canvasses of the business houses.

In addition to some welfare and rescue work, the ultimate program of the local post will much concern young people, according to Ensign King. Mr. King has been in Salvation Army work for several years, and for a time was at Eastland while George Briggs was manager of the chamber of commerce there.

### Twenty Persons in Dallas Are Hurt

DALLAS, Nov. 23. (AP)—Approximately 20 people were injured today when one street car struck another one, causing it to crash into a third on a trestle over the Trinity river bottoms here. None was fatally injured although one man suffered a broken leg and six were treated for back injuries. Several others suffered cuts and bruises.

The cars were loaded with early morning crowds of people on their way to work down town and great confusion prevailed for some time until cars were emptied and drivers had an opportunity to make a thorough check on the injured.

The viaduct connects Oak Cliff, on the west side of the Trinity, with Dallas proper on the east side of the river.

### Laredo Gets Meeting

BEAUMONT, Nov. 23. (AP)—At its closing convention session today, the tax assessors association of Texas selected Laredo for the 1930 convention. Houston and Mineral Wells also bid for the meeting next year.

A. Lon Hill of Caldwell, Burleson county, was elected president for 1930. A. L. Leonard of Beaumont being re-elected as secretary-treasurer for his second term. Retiring from office as president of the association is F. W. Witt.

Mr. and Mrs. Clyde Naylor have as their guests today Mr. Naylor's brother, Loren Naylor of Panhandle.

### SCORE IS 33-13 AT GAME'S END

Site of Next Tilt Is to Be Decided Today

By OLIN E. HINKLE  
News Staff Writer  
MEMPHIS, Nov. 23.—Through brilliant teamwork that won over the Memphis Cyclone, 33-13, the Pampa Harvesters here Friday afternoon won the right to meet the Hereford White Faces on Thanksgiving day with the District 1 Class B title at stake.

Scoring in the first four minutes of play, the Pampa stalwarts held the lead throughout, and after being outmarched in the third quarter came back to increase their lead and smother the quelling Cyclone in the last period.

The scoring by quarters:  
Pampa 13 13 0 7—33  
Memphis 0 7 6 0—13  
Pampa made 21 first downs to 8 for Memphis, but neither this comparison nor that of the scores tells of the terrific battle which raged in Fair Park. The visitors had the facility of grouping first downs for scores, while the Memphis huskies wasted much yardage in midfield or failed by inches to make their first downs. They fumbled

Where the Pampa-Herford championship game of District 1 on Thanksgiving will be held may be decided today. Officials of the two schools will meet at the Amarillo hotel at noon to discuss the game. Pampa will likely be represented by Coach Odus Mitchell and Joe Smith, the latter of the athletic committee of the school board. Preliminary discussion at Memphis Friday brought out that Hereford would not come here unless paid a larger sum than the school officials could, at the time, consider.

at crucial moments, and their air attack proved to be Harvester opportunities. But the speedy Memphis backs were away for gains every time a Harvester missed a tackle.

100 Yards to Goal  
The most sensational play of the game was the kind you read about. Captain Don Saubury in the second quarter sent a 60-yard punt sailing with the wind toward the goal zone. Assuming that the ball would roll over the line and be brought back to the 20-yard marker, the Pampa team slowed down near midfield. But Martindale, brilliant No. 12, Memphis signal barker, grabbed the ball within 6 inches of the goal and tracked his way through the whole Pampa team to touchdown.

Once Martindale's feet touched the line as he picked up the ball, he should be given credit for one of those rare 100-yard runs to goal.

This was the high point in the Memphis offensive, but that team came back in the third quarter to press into Harvester territory, grab a couple of breaks and pass over the goal for its second and last touchdown. At other times its potential threats were cut short by alert Harvesters and a Pampa attack that held the ball most of the time.

Pampa Follows Ball  
Memphis had to find consolation in the fact that Pampa is a budding Class A team (1930) and has too much skill and manpower to match. The Cyclone never stopped Captain Saubury's powerful thrusts, and Chastain wriggled his way in his best exhibition of the year. Pampa's line, although out-weighted, tightened in the pinches Monroe at end was as noteworthy a star

### LEASING IS BRISK IN FURNEAUX AREA

The intense leasing activity that is now going on in the southwest part of Gray county near Groom in the vicinity of the Furneaux well, which now has a production of 25 barrels a day, is partially reflected in 34 leases, involving thousands of acres, filed this week in the office of county clerk.

All the leases were negotiated by Cy Reiger, although some of them have been assigned to oil or royalty companies. Scores of leases and assignments executed in the last few weeks have not yet been filed in the clerk's office, it is understood. The Furneaux well, which opened a new oil producing territory in Gray county, is shut down until storage facilities can be provided and until the company acquires more acreage.

Oklahoma Royalty company recently leased to Standard Royalties, Inc., a 5-480th interest in sections, 29, 30, block B-2, J. J. Blackwell leased all of the north-west quarter of section 34, block B-3, 160 acres, to C. L. Ledwig, L. H. Prichard has recently transferred a mineral deed giving W. H. Lindsey of Los Angeles, Calif., 4-660th interest in the following acreage in the Bowers pool: sections 88, 89, 91, 92, 120, 119 all in block B-2; and the east half of section 85 block B-3.

East half of northwest quarter of section 173, block 3, has been leased by Miss A. C. Wagoner to R. R. Miller; Southland Royalty company has leased to Danciger oil and refining company, southeast quarter of section 149, block 3, 160 acres. Bart Royalty company transferred 3-10th interest in south half section 11, block B-2, to Monarch Royalty company. J. S. Morse assigned 3-0th interest in section 24, to Lucey Petroleum company.

### First Circuit Rider Dies

LUBBOCK, Nov. 23. (AP)—The Rev. Robert F. Dunn, Methodist circuit rider preacher in West Texas, died here today of heart disease. He was 78 years old.

The Rev. Dunn spent 46 years in the service of the Methodist ministry in Texas, 46 of which were in Central and West Texas. He came to West Texas in 1883 after joining the conference at Waxahatchie in 1881. His territory was from Baird to El Paso on the west and from San Angelo to the Kansas state line. His first service in this section was held in a saloon in Colorado city, then a cow camp on the Texas and Pacific railroad. His salary was \$280 a year.

### Houston Youth Commits Suicide

HOUSTON, Nov. 23. (AP)—Clutching to his breast the photograph of the girl he wanted for a sweetheart, D. C. Putman, 24-year-old oil refinery employe, committed suicide tonight by drinking poison.

He left three notes—one to the girl, one to his landlady, Mrs. S. L. Moore, and one to a sister, Mrs. T. J. Burnett, concerning business matters.

The coroner's verdict was suicide. Putman came home about 6:30 p. m. Mrs. Moore said. As he stepped into the front door he handed her a note, then dashed into his room, shutting the door behind him.

The note read: "Mrs. Moore, please call Grace and tell her goodbye for me."

Dies of Burns  
PARIS, Nov. 23. (AP)—Holman Jennings, 53, died at a Paris hospital today from burns suffered in a gas explosion at the home of his sister, Mrs. H. F. Hancock, Nov. 8. The accident occurred when he struck a match to light a hot water heater in a room filled with gas from an open jet. He is survived by a son, William Jennings of Texarkana; his sister, and a brother, Jack Jennings of Dallas.

### TOOL DRESSER CRUSHED WHEN BOILER FALLS

George LeFevre Killed Friday Southeast of Pampa

FORMERLY LIVED IN ENID, OKLA.

Funeral to Be Held Today at Funeral Home

George LeFevre, 44, tool dresser, died in a local hospital Friday afternoon at 5:30 o'clock two hours after a boiler on the J. M. Saunders lease, 7 miles southeast of Pampa, slipped and crushed his chest. LeFevre had lived here four years but his wife and daughter, Julia, who arrived here yesterday afternoon, live at Enid, Okla.

Funeral services will be held today at 2 o'clock at the G. C. Malone funeral home with Rev. James Todd, chaplain, in charge. The body will then be sent to Enid for burial. All of Mr. LeFevre's friends are invited to attend the service, especially those with whom he worked in the oil fields. He had lived at a local hotel here for several years. When the accident occurred, Mr. LeFevre and other men were setting up a boiler. It suddenly slipped, and as it crashed to the ground he fell under it. At the time of his death, he was in the employ of Robinson and Devors, contractors. The boiler was being set up on the old Moreland lease. The man was brought to the hospital in a truck. The workmen at the lease had difficulty in raising the boiler from his body.

Mr. LeFevre was well known here among oil men and oil field workers. His 13-year old daughter, Julia, had visited her father here quite often and has a circle of friends here.

### Gray County Oil Production Gains 3,203 Barrels

Four oil wells completed in the last week for a total daily production of 9,940 barrels offset the decrease in old wells and boosted the daily production of Gray county to 64,406 barrels, an increase of 3,202 barrels over the previous week.

The big gain, raising the daily production of the Panhandle 2,273 barrels over the previous week, came mostly from Operators Oil company's No. 8 Cook-Faulkner in section 30, block B-2, which went two feet into pay at 2,810 feet and came in with an initial production of 360 barrels an hour, or 8,640 barrels per day. Due to lack of adequate pipeline connections and storage facilities the well was pinched in and is now producing around 4,500 barrels per day.

On the same day, Tuesday, Operators' No. 1 Lovett, section 88, block B-2, made an initial production of 200 barrels daily.

Two wells brought in by Skelly Oil company totaled 1,100 barrels daily. The first, No. 1 Chapman, section 69, block 25, struck pay at 2,793 feet, and made 600 barrels. While the other, No. 5 Jackson, section 90, block B-2, drilled to a depth of 3,055 and produced 500 barrels daily.

Wells and production by counties compared with the previous week:  
Carson—194 wells producing 9,595 barrels, a loss of 373.  
Gray—481 wells producing 64,406 barrels, an increase of 3,202.  
Hutchinson—978 wells producing 27,018 barrels, a decrease of 735.  
Potter—1 well producing 55 barrels.  
Moore—19 wells producing 831 barrels, a loss of 41.  
Wheeler—38 wells producing 698 barrels, an increase of 88.

Total production, 102,602 barrels, an increase of 2,273. Average production per well, 59.0 barrels, a gain of 3.2 barrels.

### COLTEXO WOULD ERECT NEW PLANT

Construction of another carbon black plant by the Coltexo corporation is contemplated if permission is granted by the oil and gas division of the state railroad commission.

The commission will have a hearing at 10 o'clock on the morning of Dec. 3 at Austin. The Coltexo corporation would build a plant almost half a mile north of its existing plant near LeFors.

Consumption would be approximately 6,000,000 cubic feet of residue casinghead gas per day.

### Rate Changes in Fire Insurance in Texas Announced

An increase of 10 per cent in the present fire insurance rate on all mercantile stocks in brick mercantile buildings in Texas, effective Nov. 20, has just been announced in Amendment #356 to the Texas general basis schedules, according to W. T. Fraser of Wm. T. Fraser & company.

At the same time, a small reduction in the rate on all tenant occupied dwellings, brick veneer and hollow tile residences was announced. However, according to the new schedule, there will be no reductions in the rate on frame owner occupied dwellings.

There are other changes, increases and reductions in the fire insurance rate on various types of buildings, but these can best be learned from insurance men, Mr. Fraser says. The new schedules cover more than two-score pages and can be adequately explained by the agents.

The new rates do not affect any fire insurance policy now in existence but policies issued after Nov. 22. Also, the change rates have no bearing on the key rate of Pampa but are general over the state.

The reduction and increases in fire insurance rates are based on the past five years of fire insurance experience on different classes of business and were made by the State Insurance commission.

The reduction in the rate on tenant occupied dwellings, brick veneer and hollow tile residences, will result in a substantial saving for home owners.

### Five Boys Break Through Ice and Fail to Get Out

JEANETTE, Pa., Nov. 23. (AP)—Five boys ranging in age from 8 to 12 years, drowned near here today when they fell through thin ice on a reservoir while skating. The bodies were recovered several hours later.

The ice on the reservoir was said to have been about an inch in thickness, and the lads had skated only 15 feet from the rim when the ice gave way and plunged them into the cold water. The boys, sons of miners, were John Chlaris, 12; Walter Lotisky, 10; Chester Lancuski, 10; John Gresh, 8, and William Goblesky, 11. The accident occurred at Edna Number 2 mine of the Hillman Coal and Coke company.

### Building Permit Total Is \$19,000

Despite the third installment of a snow storm and blizzard that began three weeks ago, building permits totaled \$19,000 in the last week, according to F. E. Townsend, city building inspector. The year's total is \$1,256,870. Inclement weather prevented very much building activity in the city.

The largest permit was issued to the Gray County Creamery to erect a dairy building in block 7, original addition at a cost of \$18,000. The other was issued to C. C. Groening to build a residence in the Alexander addition at a cost of \$1,000. The dairy barn will be constructed of tile and brick.

### CONFESSION IN LOOTING MADE LATE FRIDAY

Assistant Cashier of Bank Reveals Details

### MONEY FOUND BY OFFICERS

Bond of \$7,500 Fixed for Hodges and Sam Jones

STINNETT, Nov. 23. (AP)—Keu-ock A. Franks, former assistant cashier of the First State bank here, who was handcuffed in the vault yesterday when robbers escaped with more than \$6,000 of the bank's money was charged with theft of more than \$50 here tonight. Bert Smith and Ed Adams, arrested in Amarillo, were charged with Franks and were searching for a fourth man whose name they did not reveal.

Police said that they had full statements from each of the prisoners and that they had recovered all but \$138 of the \$6,601.80 lost. The men were expected to get their examining trials Monday.

According to officers, Franks confessed that he planned the robbery with Adams, whom he then knew as Baker, and that Adams followed him into the vault yesterday, held a sack while Franks placed the ready stacked money in it, and placed the handcuffs on his wrists, leaving the vault door open a crack.

Adams, police said, admitted that he planned the robbery with Franks and said that after he left the bank he went down the road toward Berger a couple of miles, turned most of the money over to Smith and then returned to Amarillo, where he and Smith were arrested.

Smith makes denial  
Smith, in his statement, officers said, denied any knowledge of the robbery, but said that Adams had called him and asked him to meet him and that he had received the money from Adams.

Smith and Adams live at Lelia Lake, Texas, where Smith is manager of a cotton gin owned by his brother. Two of his brothers came here tonight by airplane to attempt to arrange bonds for him. They said that he was well to do and that he had never been in any trouble.

Franks came to Texas from Lexington, Okla., and obtained his present position with high recommendations from the Oklahoma banking commission.

STINNETT, Nov. 23. (AP)—Sam Jones and Jim Hodges, charged with the slaying of District Attorney John A. Holmes, were still in the Hutchinson county jail late tonight attempting to obtain some one to make bonds for them.

The two men, who were whisked about North and Central Texas from one jail to another this week by Hutchinson county officers in an attempt to avoid premature bonds, were granted bonds totaling \$9,000 each after an exciting habeas corpus hearing here today. During the hearing remarks made by District Attorney Clem Calhoun concerning possible motives of the defendants' lawyers almost resulted in a fist fight. Calhoun refused to reveal all of the evidence against Jones at the instance of Jones attorney, W. C. Witcher. At Calhoun's explanation of his refusal to reveal state testimony Witcher leaped to his feet and said that he took the remark as an insult.

Witcher offered to take physical action and Calhoun jumped to his feet, but Deputy Sheriff W. L. Kelly, who was sitting in front of Calhoun was on his feet with his hand on his gun.

"Sit down," Kelly ordered Calhoun, "or I'll bust you in the nose."

Deputy Sheriff Forrest Stradley then took Witcher from the room and searched him, finding nothing more formidable than a pocket knife.

THE FIREMAN WHO FORGOT HIS PLUG WRENCH AND LET THREE HOUSES BURN WHILE HE LOOKED FOR ANOTHER PROVIDES A WONDERFUL ILLUSTRATION FOR ADVOCATES OF PREPAREDNESS.

Note, he needed very little, but he needed it badly. Possession was what he needed, not merely a title to the wrench.

There are many parallels in life. Human existence really is largely animal. The margin of success over failure is very small. But trifles tell the tale—what a wonderful difference just a few margins make.

Preparedness of the best type, that which is adequate but not wasteful, consists in being able to determine what one is going to need and to keep that little within easy reach. To do so is not as easy as it sounds.

IN ADVOCATING THE EMPLOYMENT OF COUNTY AGRICULTURAL AND HOME DEMONSTRATION AGENTS FOR GRAY COUNTY, THE NEWS HAS HAD NO THOUGHT OF THIS BEING A WELFARE MOVEMENT IN ANY SENSE.

Panhandle farmers are capable of the same culture that city folks have. They have their daily papers, their magazines, their radio, their fast automobiles. Their children go to good schools, and, in many cases, to city schools.

The farmer, whether he lives in town or on his land, represents a type of activity comparable to that of the merchant. He pays taxes, for which he expects certain services in return.

The county agent movement is a recognition of the importance of the farmer and his work. If we were a farmer, knowing we paid in taxes for the service whether we got it or not, we would demand of the county commissioners that the farm agents be employed. We would take out our pencil

Gray county has set aside funds to pay the county's share in employment of agents. It is a wise step. It is keeping with the progress of nearby counties. It is a recognition that agriculture is Gray county's greatest asset, the future considered.

A man who has his shoes made to order offers to lend a sock for Percy, the office mouse, to hang up on Christmas eve. If we accept for Percy, we are surely going to need some help in filling it.

Twink is for diversification strong, but just now we are not enthusiastic over those Hereford White Faces. We understand they are apt to stampee unless held well under control.

Clovis is making a tremendous noise about the dedication of her new city hall. Suppose we had better start saving up breath to make a noise about our courthouse dedication next spring in Gray county. And by the way, it is not Pampa's courthouse but Gray county's.

The world is looking for capable, honest men, but there are thousands of folk who think Old Man World is a poor lunter.

A speaker here recently said that the main trouble nowadays is that every volunteer in the vast Army of Affairs wants to enroll as a major general. If our history is right this is not a new idea, however, and can hardly be charged to modernism.

Nebraska Near Big Six Title

MANHATTAN, Kans., Nov. 23. (AP)—Sweeping through the Kansas Aggies for eight points in the first period, the Nebraska Cornhuskers piled up enough of a margin to withstand a last half Aggie threat and win the annual football game today, 10 to 6.

ABILENE BEATEN AGAIN. ABILENE, Nov. 23. (AP)—Creckenridge's claim to the Class A oil belt title became undisputed today and Abilene's last chance at it vanished when San Angelo defeated Abilene 12 to 6. It was Abilene's first defeat on the home field in four years.

Platter Knocks Out Bobbitt in Fourth Round

A rain of body punches in the region of the solar plexus delivered by Luther Platter knocked out Jack Bobbitt of Shreveport in the fourth of a scheduled 10-round fight Friday night at the Pla-Mor. At that time two of the rounds were given to Bobbitt, who has the weaving style of fighting Jack Dempsey made famous.

The program which was seen by a fairly large audience was featured by knockouts. Johnny Hillard sent a stunner to the chin of Ted Martin and knocked out that aspirant in the third round.

The wrestling match between Tulsa Flash and Red Michael won the greatest enthusiasm from the audience and the most cheers. It was reminiscent of a Sailor Clingman match when Michael picked up the Flash, held him high above his head and hurled him face down to the floor. It seemed then that Michael would win the fall, but soon afterward the Flash managed to get an intricate grapevine hold on his opponent and won the match 13 minutes after it began.

Philips and Martindale crashed to the Pampa secondary defense and were trying passes from Pampa's 20-yard line as the third quarter ended. Score: Pampa 26; Memphis 13.

Lard replaced Benton at the start of the fourth quarter. Seemingly inspiring his mates, he sent Saulsbury and Jim Ayres through the Memphis squad to the Cyclone 31-yard line. There a pass failed, then Lard passed laterally to Saulsbury, who paralleled the side-lines, shoved off would-be tacklers and dived over the goal. Lard kicked the extra point.

Lard kicked off, Martindale returning the ball 30 yards to his 43-yard line. Jim Ayres intercepted a Memphis pass and added 6 yards on a tackle block. Chastain, unsolved riddle to the Cyclone, drove his piston-like legs 40 steps and then repeated for 5 more, Jim Ayres gained a bit, then Chastain failed by 8 inches to plunge for a touchdown. Martindale punted out 24 yards. The game ended with the Harvesters, with almost a new line-up fed into the game by Coach Mitchell, pounding at the Memphis goal from the 7-yard mark. Final score: Pampa 33, Memphis 13.

MUSTANGS ARE EASY VICTORS IN RICE GAME

DALLAS, Nov. 23. (AP)—Owl feathers littered Ownby stadium tonight as the Southern Methodist university Mustangs continued looking forward to the fray with Texas Christian university next week to decide the Southwest conference football championship. The Ponies could lead to the future because of their expected 34 to 0 victory over Rice Institute today.

The Owls were sadly outplayed in every branch of the game and throughout the game except for a few minutes at the beginning and end. Pony superiority over the Owl was especially well illustrated in Southern Methodist's 21 first downs to Rice's four.

Booth Harvard's Inspiration—Not That of Yale's

By ALAN GOULD. Associated Press Sports Editor. HARVARD STADIUM, Cambridge, Mass., Nov. 23. (AP)—With one of the most dramatic strokes of the football season, Harvard converted the return game of the celebrated Albie Booth to its own advantage today, and beat Yale 10 to 6, for the second year in succession on a half frozen battle ground before a roaring crowd of 58,000 spectators.

Yale sent her little boy in blue in the game early in the second period to lead what looked like a triumphant drive but two swift "breaks", a blocked kick by Booth each time enabled Harvard to counter-attack and win the game with a brace of smashing, slashing scoring drives.

Booth, whose inspiration to the Eli attack had all year been in evidence the moment he stepped on the field, had the strange experience of seeing his appearance signalize the victorious crimson drive. Until Booth entered the game, Yale held what little edge was to be had in a strictly defensive battle. From the moment he came in, Harvard, instead of Yale, seemed inspired.

Delayed Bout to Be in Thanksgiving Card at Pla-Mor

The 10-round bout between Luther Platter and Cyclone Bonds which was postponed Friday night will feature a Thanksgiving special at the Pla-Mor Thursday night.

Bonds, attending his sister's funeral at Las Cruces, was unable to be here Friday night. Platter got nice practice for the forthcoming event by knocking out Jack Bobbitt in the fourth round night before last.

As an additional attraction, Jack Rogers, promoter, announces that the favorite boxer of Pampa, K. O. Kitchens, will engage Kid Platter in a 6-round fight. Kitchens has been out of the ring with a sprained shoulder since he got the best of a draw in a fight with Pug Grubbs of Borger.

In this Turkey Day program, Rogers will introduce a new boxer to Pampa fans, and he says "Kid" Smithy of Seminole, Okla., weight 145 pounds, is a hot number. He is scheduled to fight "Kid" Buster of Pampa, weight 148 pounds, through eight rounds.

Canary Sandwich Shop Enjoys Year of Good Business

Mr. and Mrs. Frank Allison, owners of the Canary Sandwich Shop, as they prepared yesterday for today's celebration of the first anniversary of the opening of their establishment, expressed personally and through the press their appreciation for the warm welcome that had been extended them in the business life of the city, the friendship accorded them, and the generous patronage they had received.

In reviewing the year just completed, Mr. Allison said the success achieved had been beyond his dreams of accomplishment in any city, more than justifying his faith in the continued growth and the possibilities of the Canary Shop's record of constantly increasing business through increased patronage, with a peak of 50 per cent in monthly returns, could hardly be made in any other city of the size of Pampa, Mr. Allison believes. "We are sold on Pampa, and with reasons both personal and commercial," he said. Mr. and Mrs. Allison and their young son, Jack, came here from Denver just a little over a year ago. Mr. Allison is a member of the club, and Mrs. Allison a member of the Business and Professional Women's club.

### Child Study Club Has Program on Character

Mrs. J. E. Murfee was director of an excellent study program given Friday afternoon before Child Study club members, at a meeting in the home of Mrs. Ivy E. Duncan. The leader's paper was "Earning and Saving as Factors in the Development of Character." Mrs. S. A. Hurst presented the second topic, entitled, "What Are You Worth?" Two subjects of interest were discussed by Mrs. W. Purviance, the first, "Making a Life," and the other, "Maxims and Proverbs." Mrs. Joe Smith gave a worthy discussion on "Save While You Can," after which she told the interesting story of Peter Cooper.

Mrs. Tom E. Rose, musical director of the club, talked on "Why Music is a Really Necessary Part of the Child's Education." She and Mrs. Raymond Harrah, club art director, appear alternately on the programs, presenting information of value from their special fields of culture.

During a brief business session at which Mrs. Hurst presided, the membership voted unanimous endorsement of the appointments of the executive board of the Council of Clubs. Plans were discussed for the club's Christmas party and shower of children's books for the public library, which will be held simultaneously on Dec. 13, at the home of Mrs. W. E. Coffee.

### Invitation Charity Dance to Be Sponsored by Elks Wednesday

An event of foremost interest among the approaching holiday festivities is a charity dance to be given at the Elks hall on Thanksgiving eve, by the Pampa lodge of B. P. O. E. Members of the Elks lodge and their friends will be included in a long invitation list.

Sam Fenberg, chairman of the Elks committee on entertainment, is in charge of arrangements. A new and beautifully finished dance floor and the best of music will assure the dance success, he said, while the rich decorations planned for the occasion, souvents, and confetti will make it a gala event. Refreshments are to be served, he said. Dancing will start at 9 o'clock, with Clyde Dampf and his Amarillo Past-timers playing.

Proceeds of the dance will be placed in the Elks lodge charity fund to be expended in distributing food, clothing, and toys to the needy of the community at Christmas. The benefit affair will be the first of many to be sponsored by the lodge, Mr. Fenberg said.

### Home Economics Club Holds Initiation and Symbolical Ceremony

A pledge service and candle lighting ceremony were held by the newly organized Home Economics club of Central high school, a few evenings ago. The beautiful ritual witnessed by seventy-five girls and mothers.

LaVelle Myer, president, extended her welcome to the mothers present and presided during the service. Alice Ingram, official hostess, welcomed the club members. Esther Stark, costume in white, and impersonating the spirit of girls' clubs, opened the ceremony as she presented the president a lighter white taper in token of the guiding ideals of the national organization of Home Economics clubs, and read the duties of office.

Four pink and green candles were lighted by the president as she enumerated the four cardinal virtues fostered by the organization—modesty, charity, justice, and sociability. The significance of the national club colors, pink and green, was explained by Bonnie Nel Gordon, club treasurer. Green, she said had a double meaning—yellow, one of its components, being for light, and blue the other element, standing for sorrow. Pink signified daintiness, refinement, and delicacy, she said.

The club motto, "To be a true girl, to become a true woman," appeared on dainty green cards which were on the

refreshment plates passed during the social hour following the impressive service. Miss Hill and Miss Leah Amend home economics teachers and sponsors for the club, directed the program. Girls of the second year foods class prepared the refreshments.

L. C. Parker of Clarendon was in the city yesterday.

**Just like MONEY in the bank**

Two major qualities of the Pontiac Big Six—its reliability and long life—offer motorists a definite cash advantage which is just like money in the bank. For not only do these qualities effect big savings in the cost of operating every Pontiac... but in addition they increase still further the demand for used Pontiacs. And that means that the Pontiac Big Six you buy today will have a high resale value when you are ready to turn it in.

Pontiac has many other important qualities to offer you. It has the highest top speed, fastest acceleration and the greatest power to be found in any low-priced six. It offers more style in its bodies by Fisher—and more safety in its non-squeak, dirt-and-weather-proof internal four-wheel brakes. And as for Pontiac economy, a large corporation operating 996 automobiles of 33 different makes found the operating cost of their Pontiacs during 1928 to be one cent a mile less than that of any other low-priced six.

### Notre Dame Uses Many Men to Win

DUYCHE STADIUM, Evanston, Ill., Nov. 23. (AP)—Notre Dame's thirty-four men of all nations, eleven of them playing at a time, smashed Northwestern's well-clawed Wildcats, 26 to 6 before 55,000 frozen spectators today to win their eighth consecutive game of the season and send them bounding along in the direction of a national championship.

The game was so lopsided that it was hardly a contest. A stone wall Notre Dame line supported by three young men who certainly are not full-blooded Irishmen—Jumping Joe Savoldi, Frank Cardice, and Merchant Schwartz—simply ran the Northwestern players ragged.

### LITTLEFIELD MAN KILLED

LUBBOCK, Nov. 23. (AP)—C. L. Colard, 24, of Littlefield was killed and three other persons slightly injured in an automobile collision two miles from Amberst this afternoon.

### Sidelights on the Memphis Game

BY TWINK

First, be it known that there were no fights, riots, or other annoyances at the Pampa-Memphis game Friday. Fans of the two cities mingled toward the end of the game, but the "better team won" spirit predominated. Memphis' frenzied efforts had failed to stem the Harvester drives behind crashing interference, and that was that.

The field was dry and fast, but it had been dragged while wet and was very rough. Several Harvesters have spots on their bodies which look as if giant rumps had been used on them. It was a rough game. The Cyclone is coached to give everything. Only one penalty was called excepting for incomplete second passes, and Memphis drew that one for 15 yards on roughness. Pampa players said they met more knees and elbows than in any previous game, but they made no special complaint about it. They did not expect to play a crucial game without being roughed up a bit. The writer puts forth the claim, however, that a more gentlemanly group of players than the Harvesters have not trampled Texas sod this year, and they are not addicted to the tendency to become all elbows and knees when greeting the fellows from across the line of scrimmage.

But Memphis people gave a cordial reception insofar as the writer's knowledge extends. He and Ewing Leach, with whom he drove to the game, were luncheon guests of Lyman Robbins, business manager of the Memphis Democrat. Mr. Robbins was host in his bachelor apartment, where he and other Memphis bachelors have single blessedness down to a fine point—with negro cook "everything." Editor William Russell Clark of The Democrat also offered every courtesy, and had sideline telephone connections installed.

The snow "played out" as Pampa fans approached Memphis, but the cold lingered on what Hill county weather prophets said was a south wind. It blew lengthwise of the dry, rough field and gave advantage to the team kicking with it. A sideline bon fire on the Memphis side where the "chain" was carried felt delightfully warm while one was near it, but the wind seemed colder after the fire was left behind.

Albera Lard, Pampa favorite and marked man in recent games, was pounded out three times, but he came back and was going strong at the end of the game. At one time he was so out of mind that he wanted a coat to turn the biting wind. Nearly all of the lads had bruises galore when interviewed in Pampa drug stores Friday night.

Boys in the heat of battle warmed up, but the girls' pep squads had to jump about and yell themselves hoarse to stay in the running. Two groups never tried harder, and the Cyclone's sister-squad never relaxed when the score mounted on the Pampa column. Memphis takes her football seriously. Maybe too seriously... if the habit of taking up a sideline cash collection for star plays is an example.

We differ with those who say the Harvesters did not play up to standard. This is on the theory that Memphis had as powerful a team as Pampa has met with the exception of Canyon, where the giant Williams could hardly be stopped. Memphis was a greater threat than Perryton, and had a stronger line. Who would want better backs than Martindale and Phillips, or better linemen than Massey or Kunkler?

Bob Mullen has plugged the weak spot at center since Pat Seltz became ineligible, and McFarland and English are learning the line business. Pafford and Barnard have things well in hand on the other wing. Monroe is a real find at end, and Henry Ayres is a worthy left wingman when not injured. The line, however, has been meeting heavy, fighting opponents, and it needs more technique on defense. It is protecting Mitchell's remarkably deceptive attack well, but falling prey to the same tactics reversed upon it.

To refer again to the Green Jackets—that midfield series of yells and grills in costume was no picnic. No coats can be worn while the uniforms are being shown off, and the cold is no respecter of sex and beauty.

Having proved adept at mudding and dry field negotiating, the Harvesters can look forward to the Thanksgiving game with fewer misgivings. That game, the championship tilt, can only be expected to be a toss-up between the two strongest elevens in District 1. The locals may fall to march away to touchdown after kickoff for the first time in many games, but if so they hope to again prove that the best defense is a powerful offense.

Thursday is not far away, and it will take several days of rest to put the Harvesters in condition for play. They will see little scrimmaging during the rest of the season.

Some figures: Pampa made 21 first downs; Memphis made 6. Pampa punted four times for an average of 36 yards; Memphis punted six times for average of 37 yards. Pampa tried nine passes, completing four; Memphis attempted ten, completing one and having three intercepted. Pampa fumbled seven times losing the ball twice; Memphis fumbled nine times, losing the ball twice.

### HORNED FROGS, LED BY CY LELAND, BEAT DOWN BAYLOR EFFORTS TO WIN BY 34 TO 7

BY GAYLE TALBOT, JR.

Associated Press Sports Writer WACO, Nov. 23. (AP)—Led by the streaking Cy Leland, the Texas Christian university Horned Frogs smashed through to the threshold of their first Southwest conference football title today with a decisive victory over the Baylor Bears, 34 to 7.

Fifteen thousand fans fought off a biting wind to watch the white-jerked Frog machine grind out its ninth consecutive victory for the season after allowing the Bears to score in the second period. It was a rout after the Frogs once hit their stride, with Leland supplying the big punch in two magnificent runs for touchdowns—one for 92 yards and another for 62.

As a result of today's triumph, their fourth over a conference opponent, the Frogs will be able to capture the championship by tying Southern Methodist university in the final battle next Saturday at Fort Worth.

Jake Wilson, Baylor bundle of energy, gave his team its only score ear-

ly in the second period, when he fell upon a fumble across the Christians' goal line. It took this hostile move to make the Frogs get down to business. From there on it was a question of how many touchdowns they would pile up. The purple backs rippled through the Baylor line in an unceasing stream and Grubbs' bullet-like passes were not to be denied.

### TIGERS DEFEAT KANSAS

LAWRENCE, Kans., Nov. 23. (AP)—The Missouri Tigers, reconstructed in a combination sacrificing weight for speed, today defeated the Kansas Jayhawkers by 7 to 0 in a hard fought battle featured by well performed aerial attacks, in their thirty-eighth annual gridiron meeting before a record-breaking Kansas homecoming crowd of 31,500.

CANYON, Nov. 23. (AP)—The Texas Athletic conference of college women today voted to hold its 1930 meeting at Baylor college for women at Belton. Fifteen colleges were represented at the conference here.

## Looking Back . . .

## . . . American Progress

Three hundred and nine years ago our Pilgrim forefathers established a new home on the North American continent. With steadfast purpose and earnest endeavor, they laid the foundations for the most swiftly progressing nation the world has ever known. It is a far call from that day, when oiled paper was used for window panes, when a wick in a saucer of oil was the only light available, when a log fire heated the one room cabin-home, when there was only the open fire to cook on. To our pre-

sent day of modern conveniences and mechanical wonders. These facilities have liberated the masses so that all may now enjoy, not only the comforts of modern civilization, but also the greatest offerings of the cultural arts and learning that are attendant upon wisely invested leisure. The Utilities Companies have been largely instrumental in bringing about the state of our present day civilization. As progress continues, they will continue to give the most modern service.

"The Lord is coming in the clouds of Heaven, with power and great glory—in the which the Heavens shall pass away with a great noise, and the elements shall melt with fervent heat; the earth also shall be burned up. Looking for and hastening unto the coming of the day of the Lord, wherein the Heavens being on fire shall be dissolved, and the elements shall melt with fervent heat."  
 This evening the pastor will speak on a subject of interest to all of us. Come, and let us reason together, and study God's word.  
 In the past we have been promising you a warm room, but have not kept the promise. This time—today—unless we run out of gas, we will keep our promise by giving you a warm room, a warm reception, and a warm sermon. The pastor is "warmed up" after returning from the Baptist state convention.

## Army in Victory as Last Viewed

WEST POINT, N. Y., Nov. 23. (AP)—Army's football team said goodbye to the home folk today by defeating Ohio Wesleyan, 19 to 6, in a game in which the visitors from Delaware, Ohio, were in the game from the first to last.  
 It was the last appearance of Captain Keener Cagle, Hertz Murrel, Buster Perry and Herb Gibner at Michie stadium and two of the quartet said their farewells with touchdowns, Cagle and Murrel counting one each. Perry played a great defensive game and Gibner was a star of the starting team which did so well that Coach Biff

Jones let it play half the game. Army has two games left to play but one is in New York and the other at Palo Alto, Calif.

Woman Slashes Husband's Throat

In city police court Saturday morning, a LeFors woman was fined \$15 for disturbing the peace and for an affray in which she was charged with slashing her husband's throat with a pocket knife at a local garage Friday night about 7 o'clock.

The woman was lodged in the city jail, and her husband was placed in an adjoining cell several hours after the affray. He was fined \$25 Saturday on a charge of intoxication and disturbing the peace. Officers H. G. Cottrell and Claude Roper made the arrests.

In court Saturday, the woman said she had "got tired of the beatings" she said he gave her. Both pleaded guilty to the charges, paid their fines and went back to LeFors where they live, yesterday morning. However, before leaving, the woman bathed her husband's face and combed his hair. The fight occurred shortly after the man drove the car in which they were riding into the garage.

Mrs. W. T. Willis of Wichita Falls is to return home today, after spending a few days here—visiting her daughters, Mrs. H. D. Lewis and Miss Iva June Willis, and her son, Eli Willis.

CHAPTER XLVIII

SLOWLY Mrs. Ennis shook her head. "No, it was not Evangeline," she said.

Her answer came as a shock to Helen, who was so certain she had found trace of the legitimate Cunningham heiress. She stared wordlessly at the woman sitting across from her.

Mrs. Ennis was strangely agitated; she seemed to be trying to bring herself to say something that she was loath to reveal.

Her hands fluttered up to her face, twisted around her mouth, then dropped back to clutch at the arms of her chair.

In Helen's heart a faint hope was growing that it was all a needless ordeal. She reminded herself that Brent had not proved that she was not Helen Nellin.

No, such hope was absurd, she realized. "That second lock!" She must find the owner. Then she would know, beyond question, she prayed, if there was a child who should stand in her place.

Suddenly Mrs. Ennis spoke. "I guess I'd better tell you," she said. "It is right for you to know if you are going to marry Bob; but not even he, or Eva herself, has been told."

She paused and looked at Helen appealingly. The girl said nothing.

"They are about the same age," Mrs. Ennis went on; "and he was such a tiny shaver when we . . . when we took Eva . . . He'd been out on a farm for nearly a year with my cousin Emma. He doesn't suspect that Eva isn't his sister. We gave up the hotel because he was too delicate as a child to live in town, and went out to the farm. People lost track of us, and when we bought this house and moved back to town a few years later after Cousin Emma's death no one had the slightest idea that Eva was not my own child. Heaven knows I've loved her as such," she added tremulously.

HELEN sat like a graven image, except for the light that was glowing in her eyes and the slight movement of her parted lips.

Then Eva, she whispered—the words would not come louder—"Eva is . . ."

"An adopted child," Mrs. Ennis supplemented for her. "The daughter of the man we knew as Charles Owens. I'm sorry I can't tell you more about her parentage than that, but we know nothing more about it. It was enough for us that we fell in love with the child for her own sake. She was such a darling. My heart went out to her the very first time I saw her. She wanted her mama, and Owens

didn't know how to look after her, so when he said he was going away—that he'd just come back for a while to be near a place that held tender memories for him—we begged him to let us keep the little girl. He was willing and . . . and we've had Eva ever since."

"Eva!" Helen murmured; "Eva . . . Evangeline! Oh, Mrs. Ennis, don't you know? Don't you know?" Her excitement alarmed Mrs. Ennis. "Know what?" she asked fearfully.

"That Eva is really Evangeline Nellin!" Helen cried.

"But I don't understand," Mrs. Ennis gasped. "You . . . she couldn't be! Anyway her father was Charles Owens."

"Oh no, no, he wasn't. He was Charles Nellin!"

"Then—" Mrs. Ennis' voice was shaking with emotion—"who are you?"

Helen winked. Her head drooped a little, but she quickly brought it up again and held it proudly erect when she said without a quaver: "I am an imposter."

For a moment silence followed her words—a silence that seemed to vibrate with unspoken thoughts.

"My dear," Mrs. Ennis said at last, betraying her inability to grasp the full import of this startling turn of events.

Helen's throat was tight; forcing herself to speak was torture but she went courageously on. "I have so right to the Cunningham fortune," she said; "it came to me through fraud."

"Helen's throat was tight; forcing herself to speak was torture but she went courageously on. "I have so right to the Cunningham fortune," she said; "it came to me through fraud."

Mrs. Ennis exclaimed her disbelief. "It is true," Helen affirmed, then suddenly her control broke and she slipped down to the floor and put her face in her hands against Mrs. Ennis' knees.

There she sobbed out the story from beginning to end. The woman listened, soothing her occasionally with a touch on her richly gleaming hair, a gentle pat on her slender shoulder.

"I wish," Helen gasped out at last, "that you would tell Bob. I can't go through it again. It is too terrible. But please wait until I've gone. I'll be at Bramblewood until . . . until your lawyer comes . . ."

"She looks off and got to her feet."

Mrs. Ennis thought it best to let her go. But she added a word of encouragement. "Don't worry, dear. Bob will know what to do."

"But he can't ever marry a girl like me!" Helen cried.

Mrs. Ennis smiled over her better knowledge of her son. But in her smile was gravity. The daughter of a man of crime.

She shook her head in doubt as she went back into the house after seeing Helen to her car and called to Bob to come downstairs. He knew that Helen was gone so he obeyed.

AS briefly as she could tell it, Mrs. Ennis repeated the story Helen had sobbed out to her.

"Well," she said at last, "don't look so stupid."

"But Eva . . . Helen! I can't be here!"

"I'm sure it's true but I don't know what we're going to do about it," Mrs. Ennis confessed. "The poor girl . . . she's frightened to death. But of course if the money belongs to Eva she must have it. Who'd have guessed that she's been cheated out of such a birthright all these years?"

"She hasn't been cheated out of everything," Bob said defensively. "Helen has been more than generous to her. The poor kid Mother, I'm going over to her!"

Mrs. Ennis held him sternly back. "But son," she said; "you mustn't go unless you want to marry a . . . marry a—"

"Huh!" The short ejaculation was packed with meaning. "You must think it over," the mother pleaded.

"Mother, be yourself," Bob said impatiently. "I love Helen."

Mrs. Ennis smiled in surrender. "I just wanted you to be sure," she said. "

Interest in December Benefit Tournaments Growing Keener

Sales tickets and tables for the series of three games tournaments to be held under the auspices of the Pampa branch American Association of University Women and College Club, benefiting its scholarship fund, indicate a wide interest in both and project and social events. The third tournament was arranged, indeed, following a heavy demand for reservations for the tournaments scheduled for Thursday afternoon and evening, Dec. 5, and will be given on Friday evening, following.

Thirty-three members of the club will act as table hostesses for the affairs, each looking to the convenience of the guests at a certain number of tables of bridge or forty-two. They are also selling tickets and making reservations for those who will call them on the telephone. Competition evidently was rushing ticket sales as the time drew nearer for the tournaments. It is the expectation of the scholarship and fellowship committee and the reservation committee that the benefit series will bring at least \$200 to the scholarship coffers.

It is the expectation of the scholarship committee of the club and the reservations committee that the benefit series will add at least \$200 to the scholarship coffers, which already contains \$170 earned in other enterprises. Wheat in Uproar As Argentina Crop Is Found Damaged

CHICAGO, Nov. 23. (AP)—Definite confirmation of widespread severe crop damage in Argentina came just at the last today, and threw the wheat market here into an uproar. A leading Chicago crop expert cabled from Rosario that Argentina wheat in the central zone which he had visited amounted to 25 per cent. Immediately, big buying of Chicago wheat future deliveries was begun on the part of a house with European connections, and the majority of traders here joined in, stimulated also because of announcement that open interest in December wheat contracts here had been reduced as much as 16,000,000 bushels this week.

Chicago closing quotations on wheat were greatly unsettled, 2 cents to 2 3/4 cents above yesterday's finish, despite the fact that most of the time today the market was lower. Corn closed 3-8 cents to 3-4 cents down, oats 1-4 cent to 3-8 cents advanced, and provisions varying from 7 cents decline to a rise of 50 cents.

Verdict of "Not Guilty" Returned in Liquor Case

A verdict of "not guilty" returned by a district court jury Friday evening acquitted Roy Allbritton on a charge of possessing intoxicating liquor for the purpose of sale. Allbritton was indicted by the grand jury Dec. 28, 1928. The jury deliberated one hour.

State's witnesses were Weidon Wilson, deputy; Ray Wilson, county auditor, and Jim Sullivan, officer at McLean. The jury comprised the following men: John Williams, J. W. Angel, W. A. Glass, A. A. Tieman, R. A. Stanley, D. A. Bartlett, Perry Everett, Louis Behrends, G. C. Walstad, L. W. Barrett, E. A. Shackleton and W. Hatcher. The defendant and Bert Long were defense witnesses. Judge S. D. Stinnis, represented Allbritton.

Deputy Wilson testified that on February 1928, he, Sullivan and Ray Wilson, went to a drug store in South Pampa to serve some civil papers on Allbritton. While the deputy was conferring with Allbritton about the matter, Sullivan said he noticed about a gallon of liquor near a sink. Sullivan then told Allbritton he had a warrant to search the place and proceeded to do so, he testified. Sullivan also said that he prevented emptying of the liquor in the sink. None of the state's witnesses testified that Allbritton was the one that attempted to empty the liquor into the sink. Deputy Wilson stated that Allbritton appeared as if he were working in the store.

One defendant testified that although he owned an interest in the drug store in February 1928, he owned no interest in it in February 1928 when the raid was made.

The defendant testified that he did not know that there was any liquor in the drug store. He said he "just happened to be in there." Sullivan said he discovered the whiskey while the clerk was selling Ray Wilson a cigar. Allbritton said George Shuffield, who is now under a five-year sentence from Wheeler county on a liquor charge, owned the drug store at the time.
