Four Hundred Hereford Fans and Team Coming on Special Train

DELEGATION TO ARRIVE IN CITY AT ABOUT 11:20

"Coming to Win" Says Dispatch This Morning

BRASS BAND TO BE PRESENT

Greeting Is Arranged by Pampa Groups and School

HEREFORD, Nov. 26. (Special)—More than 400 persons, including the Hereford White Faces, pep squad, band will leave here by special train at 9 a. m., on Thanksgiving day to go to the District 1 championship football game at Pampa.

The train is scheduled to reach Pampa at 11:20 a. m.

Everybody who can get away expects to make the trip to Pampa to back the Hereford team, and the spirit of the occasion already shows the "we are going to win" fever.

Preparations in Pampa to greet the Hereford delegation when the special train arrives at 11:20 Thursday morning were going forward today.

The Green Jacket squad of Central high will be on hand when the special arrives. The Legion band, which will play at the game, will also be present if members can leave their work before noon, according to Director Pete Bradford.

Citizens are urged to meet the train and to offer transportation to the visitors. Rest rooms for the women and girls will be provided at Central high school. School officials will help arrange transportation from the school to Harvester park in the afternoon. The game will begin at 2:30 o'clock.

Pep and school spirit surged at a chapel program of Central high school students, and other rallies will be held at the end of the "Kempy" presentations at the gymnasium-auditorium tonight and tomorrow night.

School officials and Board of City Development members will make special efforts to be at the service of the guests and cooperation of Pampa citizens is asked.

Seven New Fires on Oregon 'Front'

GRANTS PASS, Ore., Nov. 26. (P)—Seven serious new fires raged in forests of Southwestern Oregon today.

The Gold Beach fire, reported to have been controlled, was said to have broken out anew.

Communication with most fire fronts was maintained by runners, flames having destroyed telegraph and telephone lines. Reports from most points were meager but indicated conditions were serious.

James Billingslea, district forest supervisor, was on a survey trip. Billingslea declared reports of losses indicated fire conditions may have reached a critical stage.

All available men were rushed to fire fronts.

First Letter to Santa Claus Is Sent to News

Here is the first Santa Claus letter sent to the old fellow in care of The News. Children of Pampa are invited to write to Old Saint Nick and send the letters to the Santa Claus editor of The News. The letters will be printed near Christmas time.

The letter:
Dear Santa,
Please bring me four small trucks and three Buick cars, and some candy and oranges and apples and nuts. And a drawing book. I guess that is all; so by by.

AMERICA'S BUSINESS LEADERS IN CONFERENCE WITH HOOVER

America's giants of commerce and industry—all leaders in the nation's business life—are shown in this remarkable picture as they called at the White House to confer with President Hoover regarding the formation of an organization representing industry, trade and commerce to work toward the stabilization of business, the maintenance of wages and the decrease of unemployment. Some of the distinguished conferees above are: 1. Alfred P. Sloan, Jr., president of General Motors. 2. Owen D. Young, chairman of the board of the General Electric Company. 3. Julius Rosenwald, chairman of the board of Sears, Roebuck & Co. 4. R. A. Young, chairman of the Federal Reserve Board. 5. Walter Gifford, president of the American Telephone & Telegraph Company. 6. Secretary of Commerce Thomas Lamont. 7. Eugene Grace, president of the Bethlehem Steel Corporation. 8. Henry Ford. 9. E. J. Kulas, president of the Otis Steel Company. 10. Secretary of the Treasury Andrew Mellon. 11. Ernest T. Trigg, chairman of the Industrial Relations Committee of Philadelphia. 12. Homer Ferguson, president of the Newport News Shipbuilding Company.

RICH LAND TITLE IS INVOLVED IN SUIT

A suit involving many thousands of dollars and attacking the validity of title to 160 acres of land which comprises the heart of the LeFors oil pool, was filed in county court here yesterday by Miss Moleta LeFors, represented by her attorney, Judge Newton P. Willis. Defendants in the suit were named as Emmett LeFors and others, including: J. M. Shaw of Canadian, Mr. Shaw as heir of his mother, Mrs. A. M. Shaw, holds title to the property, and present title is in no way resting with LeFors heirs.

The suit is brought to set aside the administratrix' deed to convey by partition Miss LeFors' interest in the acreage. The land is located in and near LeFors. The discovery well in that area was brought in on the land. Miss LeFors alleges that the administrative proceedings were illegal, therefore void. She is suing for her interest that descended to the heirs of Perry LeFors, her father.

Miss LeFors further alleges that the sale and partition of the property in 1911 were void, because there was no notice of citation or partition issued upon the filing of the application by the clerk. She alleges that there existed no right to waive issuance of the notice of citation and partition proceedings of the intended sale.

The land was sold to Mrs. Shaw in 1911, when Miss LeFors was a minor. Because of alleged illegal proceedings in disposing of her share of the property, Miss LeFors contends that she is entitled to her interest now, and that she has lawfully retained an interest in the land since the sale and partition. Mrs. Shaw owned an interest in the land before she bought the LeFors interest for which it is alleged she paid \$300.

The suit was filed in the county court since original partition and sale proceedings were issued from that court, and if they are declared void in the county court, Miss LeFors will bring action to recover her alleged interest in the district court.

HIGHWAY 41 IS VITAL PROJECT

State Designation Now Goal of Road Body

That the Oil Field Highway No. 41 is destined to be a very important road was declared by delegates attending the road association meeting here yesterday.

Oklahoma delegates said they expected their sector of the road to be designated as a state highway by next spring. The body approved a resolution to have President F. P. Reid, the county judges, commissioners, and chamber of commerce managers involved present the Texas highway commission a brief outlining the association's application for similar designation in Texas.

From Wheeler to the Oklahoma line the road has been widened and graded and paving from Mobeetie to the Gray county line is practically certain if state designation is granted. From Pampa to Carson the road has been graded by the county. The only bad stretch is from Skellytown to the Hutchinson county line, but Carson county commissioners believe they will soon have the right-of-way situation solved and will maintain the road in the future. From the Hutchinson line to Borger is a 100-foot grade. Moore county has 100-foot right-of-way now, and Hartley is working on the same proposition.

Dalhart delegates said Highway 41 saves four hours in the driving from there to Oklahoma City.

Before adjourning, the association endorsed the highway commission of Oklahoma and the plan to vote \$150,000,000 in road bonds there. It also endorsed the Texas highway commission and the proposed \$200,000,000 road bond issue, with the reservation that the bonds should not impose a property tax.

President Reid, who was re-elected, was extended a vote of thanks for his work, and appreciation for local hospitality was expressed to the citizenship and to the Chamber of Commerce. The Chamber was host at noon when a luncheon was served at the First Methodist church. Entertainment included quartet numbers. The quartet was composed of Thomas Fannell, R. B. Fisher, George Briggs, and Roy McMillen.

Among the registered delegates were: Dalhart—G. R. McGee, F. E. McDowell, A. T. Holcomb, J. O. Colquist, Sayre, Okla.—J. I. Lowery, J. T. Harden. Cordell, Okla.—P. T. Lambert, W. S. Holden. Wheeler—A. B. Crump, W. O. Miller, Grady Wilson, Judge R. H. Forrester. Hartley—E. E. Williams. Skellytown—J. O. Jensen. Dumas—Mr. and Mrs. D. A. Endsley. Amarillo—W. W. Chilton. Borger—H. M. Opportunity Is Golden, But Not For Very Long

CHICAGO, Nov. 26. (P)—The golden opportunity knocked once for John Golden—and once was enough.

"My name's Golden," he said, answering a want ad offering a restaurant for sale. "What kind of an opportunity are you offering?"

"It's a golden opportunity," replied Gerhard Poggel, the owner. "Find out for yourself by looking after the cash register for awhile."

The opportunity may still be here, but it's no longer Golden—John answered the knock, opened his bill, and calmly walked out with \$50.

Pampa Man Is Made Chairman of Park Group

C. H. Walker, manager of the office supply department of the Pampa Daily News, yesterday at Amarillo was made chairman of a committee of the Palo Duro park association to draw a constitution and by-laws.

The option committee of the association was given authority to investigate several miles of the canyon, to get prices from ranch owners, and to investigate how much acreage should be included in the proposed state park.

The association will have another meeting December 16. It will be held at the Amarillo hotel at 2 p. m.

Ford's Resignation Given to Board

DEARBORN, Mich., Nov. 26. (P)—Henry Ford, Dearborn's wealthiest citizen, resigned last night from the local board of education, because some citizens resented his non-attendance at board meetings.

Mr. Ford had been a trustee of the school district for 18 years and was regarded by many school electors as an honorary member of the board. He had not attended meetings for several years but sent his personal representative, who acted in an advisory capacity, not being allowed to vote.

The Ford estate is largely in this school district, and Henry Ford and the Ford Motor company pay the bulk of school taxes.

Recently members of the board learned some citizens objected to having a trustee on the board who did not attend its sessions. They approached Ernest G. Leopold, Ford's secretary, to learn whether Mr. Ford would resign.

GOES TO CONVENTION

John Lee Harris, assistant pastor and educational director of the First Baptist church, left last night for Longview, where he is to attend the state convention of the Baptist Young People's Union.

UNION CHOIR IS BEING PLANNED

Rev. Todd to Preside in Service on Wednesday

A community observance of Thanksgiving Day will be held at a service at the Methodist church at 7:30 o'clock Wednesday evening.

The Rev. James Todd will preside for a program arranged by the ministerial association of the city. The message of the evening will be delivered by the Rev. A. A. Hyde, pastor of the First Presbyterian church.

Singers from the various choirs of the city are asked to meet at the church 30 minutes before the service to practice a Thanksgiving anthem.

New Construction Is Recommended to Federal Body

WASHINGTON, Nov. 26. (P)—Approval of proposed construction by the Gulf and West Texas railway between Fredericksburg and Brady in Gillespie, Mason, and McCulloch counties, Texas, was recommended to the interstate commerce commission today by Examiner J. S. Prichard.

The examiner would defer, however, consideration of the proposed construction by the railway of a line from Eden to San Angelo in Concho and Tom Green counties. Permission would be granted for the road under his findings to retain any excess earnings from the new construction.

The Abilene and Southern railway which has an application pending before the commission to extend its line from Ballinger to San Angelo has opposed the Gulf and West Texas project on the ground the two proposed roads would parallel each other five or six miles.

Small Boy Shoots and Kills Mother

BATAVIA, N. Y., Nov. 26. (P)—Mrs. Elmer Shultz died yesterday at her home in Elba of wounds which she told a neighbor were inflicted by her four-year-old son, Elmer, Jr. A daughter, Eleanor, 7, corroborated her mother's story and today the husband who had been held pending investigation, was released.

The little girl, who was helping her mother make mince meat for Thanksgiving, said her brother came into the kitchen and picked up their father's shot gun.

"Bang! Mama," she quoted the child as saying, as he pointed the gun at his mother and pulled the trigger.

"KEMPY" IS WELL RECEIVED AT LEFORS

"Kempy" the three-act comedy to be presented this evening at the high school auditorium by the Central high school Dramatic club, received an exceptionally cordial ovation last evening at the LeFors high school auditorium, when the initial performance was given. It was said today by Miss VeLora Reed, sponsor and director. The auditorium was filled with an intensely interested audience.

"Kempy" is a domestic comedy centering around the desperate efforts of an old man to "marry off" two daughters. The cast includes: Yvonne Thomas, Susie Bell Hickman, Virginia Rose, Dorothy Doucette, Gene Fatheree, LeFors Doucette, Charles Thomas and Vernon Lawrence. Albert Doucette is stage manager.

Two performances of the play will be given here the second on Wednesday evening. The curtain will rise at 8:15 o'clock both evenings. The dramatic club is staging the play to raise funds toward financing the Harvester yearbook. A wide patronage is asked by students and director.

New Jury Chosen in McManus Trial

NEW YORK, Nov. 26. (P)—A new jury to try George McManus for the murder of Arnold Rothstein was completed today with the selection of Edmund A. Shotwell, automobile salesman, to fill the seat in the jury box made vacant by illness of a member of the original jury.

The evidence already taken, comprising that of five gambler associates of Rothstein and McManus chiefly concerning a stud poker game at which Rothstein lost \$219,000 and McManus \$51,000, was to be read to the new juror before additional witnesses were called.

Good Practices Held for Minstrel

Rehearsal of a three-part minstrel show to be given Dec. 4 and 5, under the auspices of the Knights of Pythias and Pythian Sisters lodge, has been so effective during the last week, according to "Happy Doc" Holland, professional director, that only the final polishing of rough edges remains for the next week.

"Mr. Holland expresses himself as being highly pleased with the talent afforded for the local show. An array of excellent comedy talent and a wealth of fine voices are found in the large group of lodge members and their friends who form the cast.

The show will open with a S. C. vaudeville. A series of spectacular melody act, followed by five acts of displays will close the performance. Vocal and instrumental dialogue will be included in the entertainment. Mr. Holland, himself, will appear in the cast.

CAR PLUNGES IN CANAL NEAR ORANGE TODAY

Man, Wife and Their Daughter Are Victims

CAUSE NOT YET DETERMINED

Road Crew Drags Car and Bodies From Water

ORANGE, Nov. 26. (P)—J. C. Dolese, 50, his wife, 39, and daughter, Marjorie, 12 were drowned in a canal 5 miles east of here today when the automobile in which they were riding plunged into the stream. The family lived in Mercedes, Tex. The bodies were identified from letters found in the car. They were removed to an Orange morgue.

Cause of the accident was not immediately ascertained. A road maintenance crew at work near the scene gave assistance in recovering the bodies and dragging the automobile from the canal.

The woman, believed still alive when taken from the canal, was rushed to a hospital, but was pronounced dead after an examination.

The car was traveling east when it plunged into the stream. Persons who saw it on the highway believed a second child was in it, but a search of the canal failed to reveal a fourth body.

Basketball Girl Suffers Injuries

Miss Avis Heiskell, 17-year-old daughter of Mr. and Mrs. H. H. Heiskell was painfully injured at her home Sunday afternoon when her arm crashed through a glass door that blew shut as she was entering it, severing the artery in an arm and lacerating several fingers. She was taken immediately to McKean and Connor hospital where the hemorrhage was stopped, and the cuts stitched. She is recovering at her home now.

Miss Heiskell is a player in the girls' basketball team and the injuries will keep her out of the first few games of the season.

Laketon School To Be Dedicated Tomorrow Night

Dedication services for the new Laketon school building will be held tomorrow evening at 8 o'clock.

Judge Ivey E. Duncan and County Superintendent John B. Hessey are to make addresses at the dedication.

The public is invited to attend the program.

Local Fliers May Go to Roswell for Airport Dedication

Possibility of a Pampa aerocade to Roswell was seen today as several plane owners expressed their likelihood of making the trip.

Roswell will dedicate her airport on December 4, and local aviation enthusiasts have been asked to attend.

Anyone interested is asked to consult the local Board of City Development.

HIGH SCHOOL STUDENT IS HELD FOR MURDER

ASHLAND, Ky., Nov. 26. (P)—An 18-year-old high school student was held in jail here today for the killing of a man at what county authorities described as a "liquor party" last night at Cannonsburg, near here.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

TWO THINGS ARE VERY APPARENT IN DISCUSSIONS OF THE STATEWIDE BOND ISSUE PLAN: THAT PROMINENT MEN EVERYWHERE BELIEVE USE OF ANTICIPATED REVENUE TO BE THE ONLY QUICK AND SATISFACTORY WAY TO CONNECT STATE HIGHWAYS, AND THAT PAST DISPUTES BETWEEN COMMUNITIES AND THE STATE ENGINEERING DEPARTMENTS WILL PROBABLY BLOCK PASSAGE.

Chronic tax howlers will of course fight the proposition. That opposition is always expected, and can be overcome. Such anti's will oppose the bonds even though it be provided in advance that retirement shall be out of the gasoline tax.

Opposition of county judges and commissioners is more important, because these men are usually leaders in highway matters in their communities. These men presumably are loathe to see highway building taken out of their hands, as it would be under the proposed plan with the exception of lateral roads.

Opposition by W. Gregory Hatcher and possibly other gubernatorial candidates is expected to hinge much around the possibility of huge losses through graft or mismanagement of the two hundred millions it is proposed to spend. Moreover, the tendency to have protracted hotel sessions, in which booze flows freely, before and during bond sales and contract letting has not set well with those who have observed it.

THE SHAMROCK COLLISION OF A FIRE TRUCK AND AN AUTOMOBILE IS FURTHER EVIDENCE OF THE DANGERS OF NOT OBSERVING EVERY PRECAUTION WHEN FIRE RUNS ARE BEING MADE.

The exact cause of the Shamrock accident is obscure, but it is obvious that either proper alarm was not being made, giving cars a chance to park at the curbs, or else the driver of the car ignored the warning.

It is to be assumed that the fire truck will be speeding during an alarm—speed is essential in reaching a fire in time to save property. This presupposes that traffic has taken to curbs and removed danger of collisions. It is a poor assumption, of course, for the fire alarm is too often the signal for many persons to drive to the scene of the blaze.

Naturally, in the Shamrock

instance, the residence on fire burned down. The community should reimburse the owner if the loss is a serious one. Had the fire been larger, thousands of dollars damage would have been done.

The incident should be a warning to those who take chances, when there are fires, of obstructing the way of the fast-moving but unwieldy engines.

One little Christmas present Pampa needs is a package of bricks or cement to fill in the dangerous gaps in the pavement. Racing to get by these places before meeting approaching cars is a prevalent, but highly dangerous habit.

Yesterday we said we came to Pampa early in 1927. B. B., and we promised to tell what the "B. B." meant. Well, here it is: Before Brick. How many remember those curb lakes?

Two Men Burn to Death—Score of Others Hurt

NEW YORK, Nov. 26. (AP)—Bodies of two men were recovered today from ruins of a construction shack at Long

Island city where 200 men stampeded last night when fire swept the structure. Twenty-two men were injured. The men were in a second floor locker room preparing to go to work when fire was discovered. They made a rush for the stairways which soon were choked. Others leaped from windows, and many suffered broken bones in the fifteen-foot drop.

Eventually the tangled mass of men on the stairways was unraveled, and the remaining men made their way to safety. A short circuit caused the fire. The Belgian government is preparing large quarters in Antwerp for the creation of a maritime university.

Women of Mooseheart Legion Give Anniversary Program Tea Monday

An attractive program tea in observance of the first anniversary of the founding of the local organization of Women of Mooseheart Legion was given yesterday at the home of Mrs. Rex Taylor, senior regent, the invitation list including all members and former members of the lodge.
A gracious welcome by Mrs. Taylor preceded the program. The opening was a vocal solo, "Mooseheart," by Mrs. J. F. Hill. Mrs. A. C. Lovell spoke on the theme, "What My Membership in Mooseheart Legion Means to Me." "What the Women of Mooseheart Legion Have Done and Will Do in the Future," was discussed by Mrs. Taylor. A song by the group closed the program.
Dainty refreshments were served. Each member, on departing, was given a sheet or a pair of pillow cases to sew for the linen box which the Legion will send at Christmas to the home for the aged at Moosehaven, Fla.
Guests at the tea were: Mrs. M. A. Jones, Mrs. R. L. Cottrell, Mrs. C. A. Dawson, Mrs. O. W. Young, Mrs. H. C. Cottrell, Mrs. Georgia B. Dotson, Mrs. W. M. Miller, Mrs. Robert Woodward, Mrs. A. C. Lovell, Mrs. E. S. Hogsett, Mrs. C. R. Followell, Mrs. John Clark, and Mrs. J. F. Hill.

Miss Elizabeth Forson and Kenneth G. Manning Married in Clovis, N. M.

The marriage of Miss Elizabeth Forson and Mr. Kenneth G. Manning of this city was solemnized Sunday at Clovis, N. M., at the home of the Rev. Laughlin, Baptist minister. The ring ceremony was read in the presence of Mrs. N. M. Forson of Amarillo, sister-in-law of the bride. The young couple returned immediately to Pampa, where they will make their home.

Miss Forson has been a resident of this city for the last four months, having come here from Lubbock, her former home, to accept a position with the W. T. Fraser Insurance company. She is the daughter of Mr. and Mrs. P. H. Forson of Lubbock. After finishing high school at Lubbock, she attended Texas Tech in that city and Baylor college at Belton.

Mr. Manning is with the Shell Petroleum corporation, and was with the Roxana before it was merged with the Shell, having come to Gray county with the latter company two years ago. His home formerly was at Tulsa, Okla. where he attended Tulsa university. Both he and his bride have acquired a large circle of friends since coming here.

Mrs. Frank Beaudoin Is Club President

Mrs. Frank Beaudoin was elected president of the Mothers' Primary school club yesterday morning, following the resignation of Mrs. Ivy Duncan. Mrs. J. O. Gillham was elected vice-president, succeeding Mrs. Beaudoin.
The election took place at a regular business meeting, where finances of the school were discussed. Announcement was made of a Thanksgiving program to be given this afternoon by pupils of the school.

Three Hostesses Extend Season's Hospitalities to Hundred Guests

Inaugurating hospitalities of Thanksgiving week, a trio of hostesses entertained more than a hundred guests Monday at two beautifully appointed bridge parties at the newly opened tea room in the balcony of Pampa Drug store No. 2. Mrs. Tom E. Rose, Mrs. R. W. Mitchell, and Mrs. C. T. Hunkapillar greeted mutual friends in the afternoon at a bridge tea of fifteen tables, and in the evening at a sixteen table affair.

Floor baskets filled with spears of goldenrod and pastel toned gladioli were used with charming effect in decorating the tea room. Holiday suggestions furnished the decorative theme for gay tally cards, score pads, and other game accessories. Tall orange tapers lighted the tables on both occasions when dainty salad and ice cream courses were served.

Hundreds See Man Leap 15 Stories

CHICAGO, Nov. 26. (AP)—Alfred Carrier, 60, leaped to death from the 15th floor of Mandell's department store today, his body dropping into Madison street, Chicago's busiest corner. Hundreds of shoppers saw the leap. Crowds of pedestrians were thrown into confusion, and traffic was blocked for some time before police could remove the body, which was crushed almost beyond recognition.
Carrier, a silverware engraver at Mandell's, one of the principal downtown department stores, had been ill.

PHILLIPSBURG, N. J., Nov. 26. (AP)—Three children of Mr. and Mrs. Tony Verenna were suffocated or burned to death here today. The dead are: Clara, 13, Charles, 8, and Mary, 6.
The children were trapped in a room on the second floor in flames created by the attempt of their mother to kindle a fire with kerosene oil.

Indian Infants Rushed to Altar

LONDON, Nov. 26. (AP)—The Daily Express in a dispatch from Bombay today said infant brides were being rushed to the altar by the hundreds in some parts of India to forestall the law prohibiting child marriage which becomes effective in April.
Several child marriages have been solemnized in Bombay the last few days, while in Surat it was estimated 2,000 such marriages have occurred recently.
Brides and bridegrooms of between five and twelve years have been a common sight. Even marriages between babies have been arranged.

CY LELAND IS REAL THREAT TO ANY TEAM

By GAYLE TALBOT, JR., Associated Press Sports Writer

Cy Leland has answered those skeptics who thought he would be just another halfback. He is the reigning sensation of a season replete with sensation. He has displayed Shelley, Mason, Grubbs, Wilson, and other great halfbacks. The long-legged looper from the plains of West Texas has proved himself even a greater football player than he is a sprinter, and there probably are not five men in the country who can beat him consistently in the dashes. He has beaten three Southwest conference eleven almost single handed with his dandling runs.

Leland is not entirely dependent upon his speed. No ball carrier ever gave a finer exhibition of darting, dodging, and squirming out of the arms of tacklers than he did in the first twenty yards of his 92-yard run against Baylor Saturday at Waco. The entire Baylor team was almost upon him when he started, and it seemed impossible he could get away for more than a yard or two, hemmed as he was against the sideline. The crowd roared its appreciation as he dodged the first two tacklers and edged forward a few yards. It roared some more as he darted past another, then hesitated so that his rolling interference could sweep him a path. The din reached its crescendo as he deftly passed the last Orange jersey and sped down the field. It was pretty to watch.

There are those who hold, or rather, held, that the Frog flash was not a great back because he could not do enough things well. They know now that any player who can carry a football like Leland doesn't need to know anything else, except, possibly, the rules and direction his team is traveling. The fact of the matter is, though, that Leland is quite an all-around star. He is about as fine a pass receiver as the conference lists and has the height to make him doubly effective in that department. He is a splendid blocker and a crack defensive man, as attested by the fact that Francis Schmidt trusts him with the very important safety position. There is no chance of anybody else getting to peg the ball around as long as Howard Grubbs is on the Horned Frog team, and Leland's stiff arm has been a scourge to the tacklers of every outfit he has met this year. It may be recalled that a fellow named Red Orange did no kicking or passing to speak of in his college days, yet was known as a fairish football player.

Coach Ray Morrison of Southern Methodist already is setting his best traps for the Frog speedster. Leland will be a marked man when the Methodists and Christians clash Saturday at Fort Worth. He will be the greatest individual threat in the championship game, and the Frogs will never be beaten as long as there remains a minute to play and Leland has his health. The Mustangs may bottle him up and keep him there for four quarters, but the odds are against it. Three conference teams have seen their title hopes wither under his flying cleats.

THE NEW FOOTBALL MAP AND SOME OF ITS MAKERS

This is how the 1929 football map will shape up when arranged on the basis of the undefeated and untied major elevens. Notre Dame and Pittsburgh stand out nationally. But they have no more pretentious records in their own sections than Utah, Texas Christian U., Tennessee, Tulane and Purdue. Utah is high in the Rocky Mountain, Texas Christian in the Southwest, Purdue in the Big Ten and Tennessee and Tulane in the Southern conference.

Twins of Gridiron Baffle Fans, Foes and Officials

RT and ED JOHNSON... SOUTH DAKOTA EASTERN NORMAL

Opponents of two western football teams have a hard time figuring out who is who when the Smith and Johnson twins swing into action.

DENVER (AP)—Football coaches in this section are facing a new hurdle on the tough road to gridiron victory. The South Dakota eastern normal and Utah Aggies elevens each have a pair of twins and opposing players as well as the official and fans are kept in suspense as to who is who.

Art and Ed Johnson, both of whom play tackle, do the twin act for Eastern normal and Ivan and Elmo Smith perform similar service for the Utah Aggies.

In a recent game, Coach E. J. Curtis tried Art and Ed in the same tackle position, using one as relief man the first half and the other the next half. The experiment was successful for eastern normal as it had the opposition confused.

Ivan and Elmo Smith, the Utah Aggies' twins, play the end positions. They are exact counterparts in build and features.

The Smith brothers have been somewhat of an enigma to sports followers hereabouts for several seasons. They play baseball and have boxed their way to high ranking in amateur boxing.

Big Pla-Mor Program to Conclude Athletic Offering Thanksgiving

The Thanksgiving sports program, featuring the Pampa-Hereford title game, planned for Pampans and visitors will end Thursday night with a 10-round boxing event, an 8-round affray, a 6-round tilt and a wrestling match at the Pla-Mor.

Of course, the feature fight of the card is expected to be the one between Cyclone Bonds and Luther Platter, but since Jack Rogers, promoter, has announced that K. O. Kitchens will fight his six rounds with Sammy Squires of Oklahoma City instead of Kid Platter the fans are showing an added interest. Kitchens weighs 128 and Squires 135 and the latter not only has it on our Kitchens in weight but it is said his record is very impressive. K. O. has been nursing a sprained arm for the past two weeks.

Preceding the main bout, Kid Smithy, weight 145 and Kid Buster, weight 148, are scheduled to go for eight rounds.

Bonds arrived back in Pampa yesterday from Las Cruces, N. Mex., where he attended his sister's funeral on the day he was supposed to have fought Platter. Bonds and Platter had been training two weeks for the scrap they were supposed to have fought last Friday night, and if training goes for anything they will be all the better prepared for the evening of Turkey Day. Bonds resumed his training here today.

The prospect of seeing the district championship football game and K. O. Kitchens box at the same time and place is likely to shift most of Miami's population to Pampa, Rogers said. The Pla-Mor is expecting its biggest crowd.

SECRET FOOTBALL PRACTICE IS ORDERED BY COACH MITCHELL—THREE STARS ARE STILL AILING

Secret practice was inaugurated by Coach Odus Mitchell today as the crippled Harvesters worked against Hereford in preparation for the Thanksgiving game here.

It is no "bear" story to state that the Harvesters' chances of winning have been seriously impaired by injuries. Lard, who has been the key man at quarterback all season, has a wrenched back and neck and yesterday could not show any speed. Captain Don Saulsbury, who calls signals when Lard is not in the game, suffered a hip injury at Memphis and may not be able to trar off the yardage he has grabbed in former games. Henry Ayres, star left end, has been out for two weeks with a sprained ankle and it is uncertain how long he would last in a hard game.

Coach Mitchell is not downhearted, and he believes his squad will win, but he recognizes that his stars may have to leave the game at any time. At best the team will be in the poorest physical condition of the season. Not a man emerged from the Memphis game without bruises.

Should the Pampa-Hereford game end in a tie, the team having penetrated the other's 20-yard line, the greatest number of times will be declared the winner, and if this basis is tied, the team having gained the most yardage will be awarded the Hereford White Faces have had

Iowa Will Ask Reinstatement of Athletic Teams

CHICAGO, Nov. 26. (AP)—With its second petition for reinstatement into good graces of the Western conference ready for presentation to the faculty committee on athletics December 7, the University of Iowa may find the committee unprepared for action.

Prof. James Paiges of Minnesota, appointed last June to head a special committee to investigate, not only the Iowa case, but athletic conditions in other Big Ten schools, last night said his group, which included Prof. Thomas E. French of Ohio State University, and the late Prof. George Goodenough of the University of Illinois, had not met and would not have a report ready when the faculty committee meets in Chicago.

Iowa athletic officials showed no surprise when they learned of Professor Paiges' statement and said they would go ahead with plans to present the petition, asking reinstatement to competition with other schools. They planned to send a brief of their case to each member school before the December 7 meeting.

Oil Production Gains Steadily in American Areas

TULSA, Nov. 26. (AP)—The gradual upward trend in the production of crude oil throughout the United States, following the record breaking drop of 201,733 barrels in daily average production two weeks ago, continued through the week ending Nov. 23 with the addition of 11,895 barrels to daily production, according to the Oil and Gas Journal, this despite pro-ration activities in the Mid-Continent and California areas.

The estimated-daily average production for the week was 2,627,352 barrels as compared to 2,615,467 barrels for the week ending Nov. 16.

Despite pro-ration the Oklahoma City pools increased slightly as did the St. Louis-Pearson field. However, Oklahoma production fell approximately 3,000 barrels due to declines in the Semi mole and northern miscellaneous fields.

The West Texas areas declined slightly less than 4,000 barrels. The Arkansas, Texas Panhandle, and Kansas areas showed slight gains. Kansas production was 110,320 barrels daily as of the week of Nov. 23 compared to 109,410 barrels for the week ending Nov. 16. The Gulf Coast, Southwest Texas, Eastern and Rocky Mountain areas declined.

California, on the other hand, added 24,500 barrels to its light crude total, Santa Fe Springs recovering from early pro-ration to add 10,000 barrels and Elwood 7,500 barrels. Ventura, Seal Beach, and miscellaneous fields of the state also added to their totals.

Out of Keelers Golt Bag

BY O. B. KEELER

Sometimes I wonder why we never have had a southpaw golfing champion in the major ranks.

A couple of years ago I met a very good left-hander named Len Nettiefold, who was at St. Andrews to compete in the British open championship, and Mr. Nettiefold was at the time amateur champion of Australia. But that is as far as I ever heard of a man getting who stood on the wrong side of the ball.

However, they have annually in this country a national southpaw golfing championship—did you know that?—and Rudolph S. Juran of Minneapolis has won it four times, his last victory being the third in a row, so that he now has permanent possession of the trophy and is known as King of the Southpaws.

And I received a very interesting letter the other day from an Associated Press correspondent, Charles A. Grumich, at Columbia, Mo., concerning Ben Richter, professional at the famous Triple-A club in St. Louis, who

Professional Golfers association, who insists on calling Binnie's slice a hook, and tries to prove it to him out of the dictionary. Binnie says Mr. Webster did not live long enough to witness a left-handed slice and that is not his (Binnie's) fault.

I should think a teacher who played left-handed would have a considerable advantage in illustrating strokes for a righthanded pupil—he would serve as a sort of human looking-glass at which the pupil could look and swing at the same time.

Bobby Trout Is Down—Refueling Ends in Failure

LOS ANGELES, Nov. 26. (AP)—Bobbie Trout, Los Angeles, and Elinor Smith, New York, girl fliers seeking to establish a new refueling endurance flight record, landed their biplane here at 2:55 a. m. today when their gasoline supply gave out.

Sponsors of the flight said the fliers were ordered down when the refueling plane was unable to make contact in the dark.

They said another start would be made Thursday.

The girl fliers took off at 8:29 a. m. yesterday. A first attempt made last Saturday and a second attempt Sunday were called off due to difficulties in refueling.

Little Theatre in Clarendon Is Made Reality

CLARENDON, Nov. 26. (Special)—Clarendon's Little Theatre has become a reality through the efforts of members of the Pathfinder club, the 1926 Book club, and the Lions club, who sponsored and formed the original organization, and secured a director of organized ability and broad experience in the Little Theatre movement and amateur dramatics.

A limited membership was determined upon, with the understanding that all members of the three sponsor clubs would have the privilege of joining, as either active or inactive members, after which the limitation would be set by the by-laws committee.

Under the plan of organization actual participation in the plays to be presented would not be limited to the membership, but the casting committee would have the privilege of inviting outside talent into the personnel of the casts. Furthermore, in accordance with Little Theatre custom throughout the country, charter members may retain their membership in the role of sponsors without being obliged to participate.

Mrs. Frank A. Stocking, head of the speech arts department of Clarendon college, was chosen director. A former leading player in the curtain club of Abilene Christian college and the Little Theatre of Abilene, and frequently a "guest artist" of the Dallas Little Theatre, Mrs. Stocking is thoroughly familiar with the mechanics as well as the purposes of the institution. She recently appeared with great success in Amarillo.

Officers were elected as follows: President, Mrs. Joe Goldston; vice-president, G. L. Boykin; secretary, Mrs. U. J. Boston; treasurer, Sam H. Braswell; property manager and electrician, Robert Dillard.

A flying club is being organized by students at the University of Virginia.

Hoover Receives Assurances That Business Is Good

WASHINGTON, Nov. 26. (AP)—President Hoover today reviewed accomplishments of his campaign for stable business conditions and expanded industrial activities and found much that was encouraging.

From all sections of the country and from virtually all phases of commercial enterprise have come almost unanimous assurances of hearty support and cooperation in the chief executive's endeavor to prevent the recent decline in security prices from adversely affecting the general structure of the nation's business.

The administration itself has announced plans for a \$100,000,000 reduction in taxes, an increase of \$175,000,000 in appropriations for federal building and a budget of ocean mail carrying contracts expected to fill the country's shipyards with new construction in less than half a year.

From industrial leaders, the heads of great railroads and telephone and telegraph companies and the governors of many states, Mr. Hoover has received estimates of construction expenditures for 1930, of both a private and governmental nature, well in excess of similar disturbances in the present year.

Bandit Wrecks Train and Robs Forty Travelers

CHEYENNE, Wyo., Nov. 26. (AP)—Approximately 40 passengers of the Union Pacific limited were robbed three miles east of here last night by a youthful robber who wrecked the train by pulling spikes from the rails and then, single handed, made a thorough-going trip through the train, taking cash and jewelry from passengers. Six of the train's eight cars were derailed, and five toppled against an embankment, but no one was seriously injured.

Railroad officials said the robber took amounts ranging from 35 cents to \$150 from passengers, but an estimate of the total amount he obtained was impossible. Many passengers continued their journeys on westbound trains after being brought here on a special train.

Unlike the notorious Bill Carlisle, last of the west's widely known train bandits, who once terrorized passengers of a Union Pacific train with a toy glass pistol, the robber last night flourished a heavy revolver and speeded his work by jabbing it viciously into the ribs of victims.

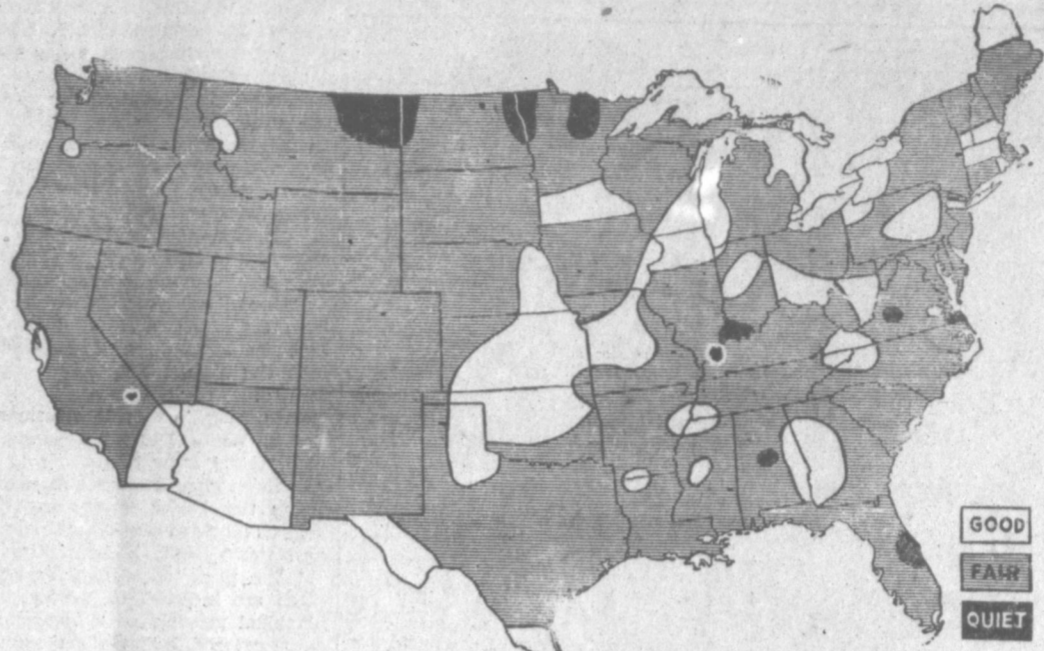

Passengers said he was about 22 years old, and had a "very thin face, light brown eyes and a deep and very rough voice." He wore overalls.

It was held likely the robbery was committed for spite, as the bandit was quoted by several passengers as saying: "I've got a wife and two kids at home, and the railroad won't give me work."

Passengers agreed that the man appeared anxious to get away as he hurried his work, took whatever was offered him and made no threats in order to obtain more. Several passengers reported he took only part of their money.

Talks To Parents

WEEK-END LEISURE
By ALICE JUDSON PEALE

The schools take care of the children during the week.

Saturday and Sunday bring the parents' opportunity to let the child become acquainted with his home, and to make friends with his father and mother.

In order that she may be free to devote herself to her children's interests, mother should see to it that on Saturday her housekeeping duties are as light as possible.

Saturday is not the day for using the vacuum cleaner and doing fancy cook-

ing and baking; it is the day when mothers should be free to play with her young children, and to be on call for her older ones.

It is the day for special trips and special festivity. No Saturday invitations are half so important as those the child extends to his mother.

Sunday is father's day; in fact, it is his only day. Unless he takes the opportunity it offers to play with his children, to walk and talk with them, he will never learn to know them. He will pay their bills and hope that they turn out well, but he will miss the fun

of being a father. Although it is desirable for children to spend at least a part of their leisure in happy pursuits with their parents, we must not forget that the child also wants some time to himself.

As he grows older and develops his own friends and his own interests, parents must be especially careful not to assume a possessive attitude towards the disposal of the child's time.

Father and mother may invite, but they cannot command the child to enjoy their society. Their hold on the child's leisure hours must depend upon their ability to make the child enjoy those hours which they spend together.

Thank You!

Effective December 1, 1929 I will no longer be connected with the Thut-Saunders Motor Co., dealers for Studebaker cars. In withdrawing from this firm I wish to thank the many folks whom I have had the pleasure of meeting. In the future I can assure you that Mr. Horace Saunders will render the same courteous service as has been the policy of Thut-Saunders Motor Company in the past.

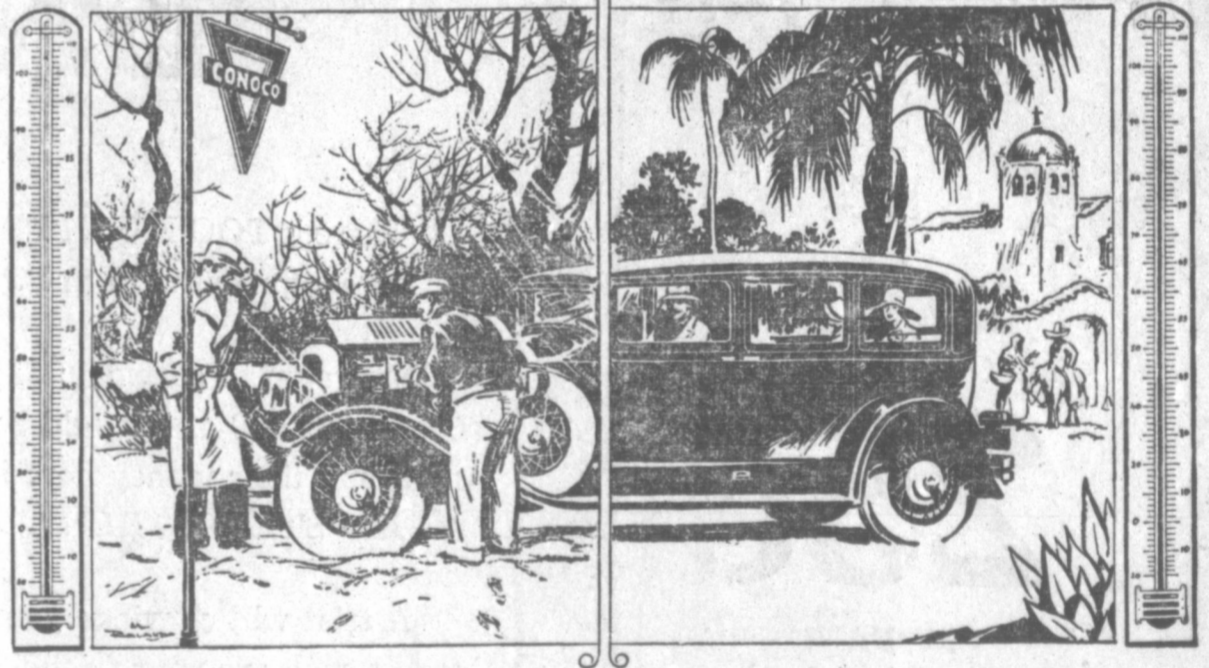

In the future, effective December 1, I will have headquarters in the rear of the old Studebaker garage on Somerville street, between Foster and Kingsmill Avenue. I will be dealer for the complete line of Hupmobile automobiles and will be equipped to give the best possible service.

My business connections in the past with Mr. Saunders in operating the Thut-Saunders Motor Company have proven to be most profitable, not only from a business standpoint, but through personal contact with the people of this community. Mr. Saunders joins with me in expressing the appreciation of dealing with the people of this community in the past.

Sincerely yours,

1680 WHEN IT'S ZERO OR A HUNDRED IN THE CRANKCASE IN THE SHADE

You Get Protective Lubrication With Conoco Germ-Processed Paraffin Base Motor Oil

CONOCO Germ-Processed Motor Oil retains its fluidity at sub-zero temperatures. In fact, there is no practical operating condition in winter that will affect its ready lubricating flow.

Due to the Germ process and the select, premium, paraffin base crude stocks used, CONOCO Germ-Processed Motor Oil positively does not break down under the most intense cylinder wall heat.

A climb, high speed, heavy load, the temperature—none of these conditions affect the ready lubricating qualities of CONOCO Germ-Processed Motor Oil.

This oil is different from all other oils in one outstanding respect. It actually penetrates metal surfaces.

The oil never leaves the bearings. In effect, a fracture-proof film—a carry-over film—is always on duty, lubricating your motor from the instant you put your foot on the starter.

When the temperature drops down to the sub-zero zone protect your motor by using CONOCO Germ-Processed Motor Oil. Know the satisfaction of realizing that your motor is well lubricated even before you start it.

Drive in at the nearest station displaying the Red Triangle now, today and have your crankcase drained. Your winter driving will change from one of worry to one of pleasure and satisfaction.

Penney Declares Business Sound

"The basic sounders of American industry, the true economic strength of the business life of this country, and the genuineness of its prosperity have been convincingly demonstrated during the past few weeks," said J. C. Penney, chairman of the board of the J. C. Penney company, after an extensive trip.

"A readjustment of market prices on general securities has been going on. Heavy market losses, accompanied in a large number of individual cases by the actual loss of accumulated fortunes, have taken place.

"Quoted prices on securities have tumbled at a rate which in years past would have brought about a panic, stifled industry and wrought havoc with the credit and earning power of the country.

"No panic has occurred industry has kept steadily on with many new records for output and for sales being made, the credit of the country and the earning power of the country have both shown no impairment, great manufacturing organizations, in place of closing down, are declaring extra dividends out of increasing earnings.

"Retail sales organizations are preparing for good business during the next few weeks and these preparations are based on a sound analysis of what the holiday season will bring forth in the way of purchasing on the part of the general public.

"For the first time in the history of American finance, a condition of panic in the stock market has failed to produce a condition of panic or near panic in industry and in business.

"Actual losses have been confined to those who are indulging in speculative purchasing of stocks which were admittedly over-priced. The actual number of people who have lost money, or will in any way be directly influenced by such losses, is so small as to be almost negligible, when compared with the total population of the country."

RAIDS IN COLUMBIA

COLUMBIA, Mo., Nov. 26. (P)—Six weeks of preparations ended last night when twenty prohibition agents descended on central Missouri in an effort to dry up the supply of liquor in Columbia, seat of the state university, and Jefferson City, State capital. Thirty-six men were arrested, and a quantity of alleged illicit liquors confiscated in simultaneous raids in four counties. Included in the net was a druggist whose store is adjacent to the campus.

This youth rushed into a drug store here last night, snatched up a sack of money and fled.

Pampa Man Wins Sales Prize and Is Much Honored

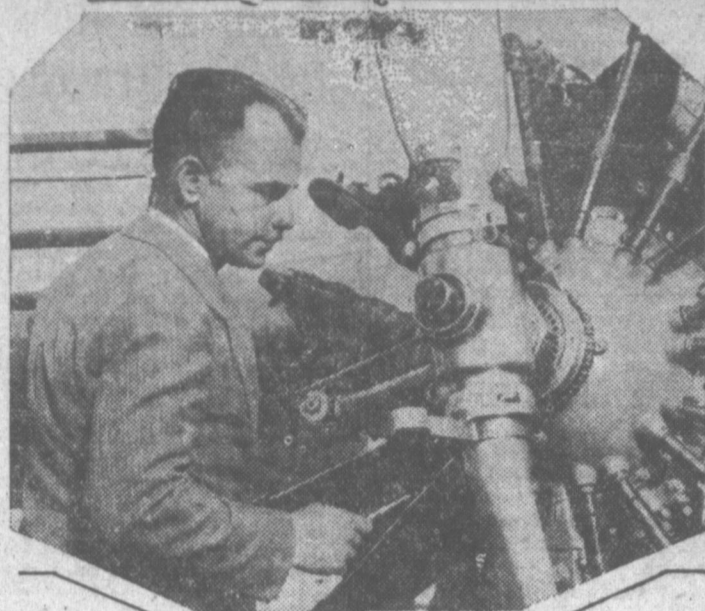

Mr. and Mrs. C. C. Cockerill have returned from Oklahoma City, bringing with them the principal prizes awarded by the Central States Power and Light corporation at the close of a six-week sales contest among salesmen for the Automatic washing machine, won by Mr. Cockerill in competition with representatives from throughout the Middle Western section.

Ending simultaneously with sales campaigns in other sections, the Middle West division contest was closed with a week-end sales conference in Oklahoma City. Awarding of prizes took place at a banquet for all in attendance, when the Pampa man was signally honored.

Mr. Cockerill, who is salesman for Pampa, White Deer, Panhandle, and the territory lying between, sold more than three times his quota of machines during the period, and almost three times as many as any other salesman in the states of Iowa, Missouri, Oklahoma and the parts of Kansas and Texas which are included in the area. His individual prizes were a handsome velvet, covered living room suite, a Gladstone bag, and \$150 in cash.

He shared also the honors of the loving cup awarded the Middle West section for winning the national contest, and in \$125 divided among the salesmen of the section. His victory in the contest also resulted in a bonus to each member of the local staff of the Central States Power and Light corporation.

Reversible Propeller Acts as Brake

This newly perfected reversible airplane propeller, displayed for the first time at the Western Aircraft Exposition at Los Angeles, introduces many new possibilities to flying, particularly in combat maneuvers. By changing the pitch of the blades in flight, an aerial brake is brought into effect and by reversing the blades the machine may taxi backward on the ground. The propeller can also give the plane a quickened takeoff and faster climbing and cruising speed. Note the chain drive pitch controller, adjusted from the cockpit, which is being examined by A. K. McLeod, one of the owners.

Eighty Persons Are Quizzed by Jurors in Lynching Probe

EASTLAND, Nov. 26. (P)—Having questioned more than 80 people as to their knowledge of the lynching of Marshall Ratliff, bank robber, a week ago, the grand jury questioned a new list of witnesses today in its efforts to fix responsibility for the mob outbreak.

No indications were given as to when the inquiry would end, or as to the possibility of indictments. County authorities yesterday were assured by the attorney general the state would give any aid it could in punishing the mob leaders. The telegram said, however, county authorities appeared to be handling the situation well.

CARD OF THANKS

To the rig builders, the American Legion and the Auxiliary and the many others who so faithfully assisted during the death of our beloved husband and father, we gratefully acknowledge your expression of sympathy, and we assure you of our deep appreciation.

NOTICE!!

To the Consumers of Bread in Pampa

There is TOO MUCH BREAD ON THE PAMPA MARKET! Thousands of dollars are invested in Bakery equipment here in Pampa. Yet Amarillo sends \$100,000 worth of bread into this city each year.

Now stop to consider: \$100,000 is sent out of Pampa each year. If this amount were kept in Pampa, at least \$20,000 of it would be used for wages and would employ 15 full-time men. These men would live and spend their money here in Pampa. ALL OF THE MONEY WOULD REMAIN IN PAMPA AND WOULD STRENGTHEN THE CAPITAL OF OUR CITIZENSHIP THAT AMOUNT.

A trial will convince you that PAMPA BREAD IS BETTER! It reaches you FRESHER and is made by men who are your friends and neighbors. These men support local institutions and improvements. Pampa Bakery Products really are better, but if they were only equal in quality, it would be good sense and good citizenship to patronize the local man.

Foreign Bakers sell in Pampa without a tax of any kind and therefore do not in any way contribute to the maintenance of municipal government or property, or to the support of civic improvements. Money spent with them goes out of the city to build and support another city, and definitely ceases to benefit Pampa citizenship in any way. SPEND YOUR MONEY WHERE YOU WILL RECEIVE BENEFITS FROM IT MANY TIMES A YEAR!

BUY PAMPA BREAD BECAUSE:

1. It is better.
2. It reaches you fresher.
3. It is made by men who live in Pampa.

General Manager of Prison System Is Being Sought

HOUSTON, Nov. 26. (P)—That job of general manager of the Texas prison system was seeking the man today the position yesterday by the prison board, debated whether to accept it. Mr. Simmons, in refusing the appointment when it was first offered, said he wanted to devote himself to other community and state enterprises in which he was interested. He was prevailed upon, however, to consider the matter. No other names were considered by the board, according to its chairman, W. A. Paddock.

Five Held After Prisoner Escapes

SAN ANTONIO, Nov. 26. (P)—Five persons, suspected of having had a part in the escape of S. C. Shipp from the Exar county jail yesterday, will be taken before the grand jury according to Sheriff Alfonso Newton, who returned Shipp to the jail last night after he had been captured in Floresville. Sheriff Bud Calmes of Wilson county.

Acquittal Is Given in Liquor Case

The second case involving violation of the prohibition laws to be tried in the last week ended last night in another acquittal. The defendant, Art Jackson, was found not guilty on a charge of possession of intoxicating liquor for the purpose of sale. Roy Albritton was declared innocent of a similar charge last Friday by a jury. Jackson was defended by W. L. McConnell. Judge W. R. Ewing refused a request for an instructed verdict of not guilty. J. L. Davis was jointly indicted with Jackson. His trial will be called today. Jackson was arrested by city officers, who took about a dozen bottles of beer at the house where Jackson was alleged to be living at the time.

Highway Body to Make More Awards at Session Today

AUSTIN, Nov. 26. (P)—After letting contracts yesterday aggregating \$628,349, the state highway commission planned to make awards on nearly as much construction work today.

In addition it was considered possible the commissions of Oklahoma and Texas would let contracts for construction of three bridges across the Red river, costing approximately \$690,000. Bids on the structures were opened yesterday.

Projects on which contracts were expected to be let today were in Anderson, Houston, Caldwell, Childress, Brown, Brazoria, Refugio and Mitchell counties. Yesterday work was contracted for in Waller, Grayson, Harris, DeWitt, Hudspeth and Medina counties.

The commission agreed to concrete highway 100 from near Los Fresnos to Point Isabel in Cameron county, provided Point Isabel should be developed as a port. The state body also agreed to bear all but approximately \$435,000 of the cost of hard surfacing highway 71 through Colorado county and building a bridge across the Colorado river at Columbus. State aid of \$25,000 was offered on highway 90 from the Grimes county line to Madisonville.

Convicted Man Has Children In Need

"There is no law nor person that can effect the release of H. H. Davis from jail until his case has been passed on by the court of criminal appeals," Judge W. R. Ewing said this morning in answer to a rumor that Shamrock county citizens will try to obtain an arrest of sentence. Judge Ewing explained that the 20-year sentence which was imposed upon Davis requires him to remain in jail until the appeals court announces its decision. An arrest in sentence is out of the question in such a case, he said.

The Shamrock people, according to The Texan, are concerned about the eight children of Davis, who are left without support. Mrs. Davis has been dead one and one-half years. The eight children range in years from 2 to 19 years. Donations are being received by The Texan for the support of the children, seven of whom are now living at the home of Mr. and Mrs. Eckerd in Shamrock. Miss Blanche Davis, oldest child, is at Pampa with an uncle A. F. Davis of Groom, trying to make arrangements for the disposition of the family she has mothered for two years, according to The Texan.

Camels have made smoking a national pleasure!

With years of steady growth behind them, Camels continue to grow. They are smoked today by more millions than ever before.

The increasing popularity of smoking in the United States exactly parallels the growth of Camel Cigarettes. Camel has given smokers a cigarette of genuine quality . . . a marvelous blend of choicest tobaccos . . . mild, fragrant, satisfying. This is the quality that smokers depend upon, and they can rest assured it will never be sacrificed. Taste in smoking, as the real pleasure of smoking is experienced, leads directly to Camel quality.

when they learn the difference they flock to **Camels**
