House Committee Votes Out And Urges Adoption of Pipeline Bill

SENATE ALSO HAS APPROVED BIG MEASURE

Railroad Commission Favored to Control Operation

MAJOR CONCERNS IN OPPOSITION

Few Independents Also Take Opposing Stand

AUSTIN, Mar. 5. (P)—The house committee on oil, gas and mining today voted out the bill of Rep. Eugene McCall of San Angelo to compel common carriage, storage and purchase of oil on a ratable basis, with the recommendation that it be adopted by the house.

The bill was sponsored by the Independent Oil Producers' association of Texas and opposed by several major companies and independents of the state. The vote was viva voce after a recess until 1 p. m., had lost.

The bill had been approved by the senate committee several days ago. It would place in the railroad commission the authority to compel pipelines to accept all oil offered them for transport, a provision of the present law, and in addition would compel storage companies to accept oil offered for storage by outside companies in the same proportion that the accepted storage company would accept the purchase of oil by purchasing companies on this same basis.

AUSTIN, Mar. 5. (P)—Regulation of the oil industry asked in the pipeline bill proposed by the independent oil producers must be given immediately if the independents are to survive and not be forced out of business, T. E. Cranfill, of Dallas, president of the Texas Independent Oil Men's association, told the house committee on oil, gas and mining last night.

Several opponents and proponents of the bill appeared before the committee to continue the hearing today. A wide difference of opinion as to whether the bill would prove an aid or a detriment to conservation of oil in Texas was brought out in the hearing, and most of the arguments were presented on this feature. The independents contended it would conserve because it would compel the purchase of oil on a pro-rata basis which would be in line with the market demand and would force pipeline runs within the limits of day to day demand.

The major companies opposed to the bill contended it would help create surplus production because of the increased storage facilities which would result from requirement that storage com-

(See PIPELINES, page 8.)

Amarillo Fire Is Very Costly

AMARILLO, Mar. 5. (P)—More than \$50,000 damage was caused by a fire here today which destroyed a garage operated by Noel Latham. There were about 75 automobiles parked in the building. The fire started when a car was backed into the hose of a gasoline pump and spilled some gasoline which was ignited by a gas stove.

WEATHER

WEST TEXAS: Partly cloudy tonight and Thursday; warmer tonight except in southwest portion.

—AND A SMILE

NEW YORK (A)—Clodomiro Ruiz, honest taxi driver, intends to buy a farm in Porto Rico so the children can have some place to play besides the sidewalks of New York. He returned a handbag of gems which Mrs. John E. Parsons left in his cab. The diamonds, pearls and emeralds were worth \$45,000. Ruiz is to receive a \$5,000 reward.

SCHOOL GIRLS ARE HURT AS TRAP DOOR DROPS IN BASEMENT

NEW YORK, March 5. (P)—Fifteen girls between the ages of 11 and 16 were injured, seven seriously, when a trapdoor over an ash hoist in the playgrounds of Holy Cross parochial school in Brooklyn collapsed today, dropping them into the basement.

Seven of the girls who fell the 25 feet into the basement were taken to Kings county hospital in ambulances suffering from broken

bones and severe cuts.

The children had just been released from school for a play hour and were frolicking in the playground when the trap door of glass and reinforced steel gave way dropping them screaming into the basement.

Teachers and passing citizens aided in carrying the children from the basement to the first floor where an emergency hospital

was set up. The condition of several of the girls was so serious that the two ambulances which answered the first alarm were overloaded because of the necessity of quickly getting the girls to a hospital.

One girl, whose name was not learned, was bleeding profusely from a gash in the abdomen. Several were unconscious.

To Frame Oil Plan

Proration Meeting Will Be Held Here March 14

A committee to comprise representatives of fifteen oil companies was designated here yesterday afternoon to draw up a proration plan which will be submitted to operators for their approval here March 14. This measure will then be presented to the state railroad commission at a hearing, which the oil men will ask immediately to be held here before April 1, to consider a request that it take charge of proration in flush areas of the Panhandle.

In the meantime, the curtailment scheme that has been in effect in flush areas of Gray county since Jan. 1 will continue until April 1, according to a decision of the operators in the session held yesterday afternoon at the Schneider hotel.

All members of the committee were not announced but company officials at the meeting indicated that they would appoint representatives at once. All oil companies operating in the flush areas are entitled to representation on the committee, it was stated.

The flush areas were designated as all of Gray county, the Noel-McConnell area in Carson county, the Cuyler pool in Carson county, and the Pan-Tex area in Hutchinson county.

As the railroad commission must give at least 10 days notice in setting a time for such a hearing, it was decided to request immediately the commission for a hearing at Pampa. It was stated that the railroad body may decide to hold it at Austin.

A proposal to further prorate the Marland-Finley pool and leave the Bowers production as it has been for the last two months was rejected.

At the opening of the session, J. L. McMahon of the Texas company stated that he had a record of every oil well in Gray county and that the production figures indicated that "there is very little proration going on anywhere."

Out of every 25 wells in the county, including those in the flush or prorated areas, only 23 were not producing 100 per cent. He said the report was based on figures secured from pumpers, pipeline companies and

(See PRORATION, page 8.)

Longtime Resident of Kingsmill Dies Tuesday Afternoon

Millard Fillmore Kirby, 73, died at his home at Kingsmill yesterday afternoon. Funeral services are being held this afternoon at the local Church of Christ. Rev. Jesse E. Wiseman, pastor, is in charge. G. C. Malone funeral home has charge of the arrangements.

Mr. Kirby is survived by his wife and the following children: James Odie, B. E. of White Deer, J. M. of Amarillo, and C. H. and H. L. who live in Tennessee. A daughter, Mrs. Maggie Armour, lives at Kingsmill.

Mr. Kirby was a native of Tennessee. He had lived on his farm in the Kingsmill community eleven years. He suffered a stroke of paralysis several years ago and since then he had been inactive. About ten days ago he became critically ill and declined steadily.

Ford Would Ignore Prohibition and Have Railroad Rates Lowered Much

BY REX SAFFER (Associated Press Staff Writer)

FORT MYERS, Fla., March 5. (P)—If congress wishes to do constructive work, let its members get about adjusting railroad rates and leave prohibition law alone—that is the conviction of Henry Ford.

Mr. Ford's impression and the suggestion are founded on many months study of the rate situation. He made his ideas known during an interview at his Fort Myers winter estate.

"Rates are too high everywhere," he said. "Railroad officials ever so often appear with a plan that they are entitled to fair returns on their investment. I believe the present rate structure gives the carriers a handsome, but none the less unjust and exorbitant, profit."

Mr. Ford commented upon the fact that automobiles manufactured by his company are being delivered in Florida and Michigan by truck because, he

said, of a saving in comparison with railroad rates.

The automobile dealer was emphatic in expression of his belief that structure of the present prohibition law is satisfactory.

"So is the enforcement of the law," came an afterthought.

"We've had no trouble from drunkenness in our plant at Dearborn, and we're right on the border," he pointed out.

The seller and the buyer of illicit liquor should be punished, Mr. Ford believes, inasmuch as he sees one as guilty of violation of the law as the other.

"It won't do any good to stir up the present situation," he responded, in answer to a question as to his opinion of recent conferences at Washington and in other cities on the subject.

"If they stir it up, they'll only get in trouble."

(Copyright, 1930, by the Associated Press.)

RADIO PROGRAM TOMORROW WILL ADVERTISE CITY

If enough local support is available, the Pampa radio entertainers will go on the air each week, according to J. A. King, organizer.

Some new talent will be heard Thursday evening at 7 o'clock when the entertainers broadcast over station KQRS at Amarillo. The performers will include Hugh McSkimming, pianist; Vern Springer, banjoist; Andy Andrews, violinist; and Mr. King and his daughter, Mrs. Ethel Pauley, yodeling soloists. Miss Neude Hardin and others will sing.

Local radio listeners are asked to telephone KQRS to let the entertainers know how the broadcast is being received.

Plane Crash on Rogers Ranch Fatal to Three

LOS ANGELES, Mar. 5. (P)—Three men were killed last night in the crash of an open cockpit biplane on the ranch of Will Rogers, comedian, in Beverly Hills, Calif. One was identified as Morye Johnson of Hollywood, Calif., owner of the plane.

The wrecked ship was discovered today by W. D. Hubbard and J. T. Hullahs, employees of the Rogers ranch.

Examination of the ship indicated Johnson had flown into the side of a hill during a heavy rain last night.

Although the airplane did not burn, police were unable to identify Johnson's companions. Johnson was identified through the license number of his ship and information from an airport that he left there on a pleasure jaunt with two friends.

Johnson was engaged in business in Hollywood and owned the plane solely for pleasure.

Emergency Fund for President Is Urged by Davis

WASHINGTON, Mar. 5. (P)—Appropriation of an emergency public buildings fund to be used at the discretion of the president in times of unemployment crises was suggested to congress by Secretary Davis of the labor department.

WASHINGTON, Mar. 5. (P)—The Hoover administration feels it is doing what it can to relieve unemployment and congress will be largely to blame if the 3,000,000 who are out of work remain jobless.

The White House disclosed today that President Hoover was in accord with a statement made last night by Secretary Davis of the labor department, saying among other things that "the delays in tariff legislation were more responsible today for creating unemployment than any other factor."

The tariff bill has been under debate in the senate for weeks, while action waits on public building authorities which Mr. Hoover expects to provide employment for many now idle.

Hearings on Paving Near Conclusion

Hearings of protests concerning proposed paving projects on a down city streets will be concluded Thursday evening at the city hall, beginning at 7:30 o'clock.

Three protests about paving on East Browning and one about paving on South State streets were heard by the city commissioners at their regular session at the city hall yesterday afternoon.

The paving projects include portions of Browning, Hill, Sunset Drive, Stark weather, Foster, alley of block No. 5, Kingsmill avenue, West street, Francis avenue, Alock, and Barnes streets.

SMALL BANK IN OKLAHOMA ROBBED TODAY

Alluwe Institution Is Looted of About \$1,400

BANDITS LEAVE TOWARD CANYON

County Officers Hot on Trail of Fleeing Pair

NOWATA, Okla., Mar. 5. (P)—The First State bank of Alluwe, 11 miles southeast of here, was robbed of between \$1,400 and \$1,600 today by two men who escaped toward Blue Canyon, an old rendezvous of outlaws.

Mrs. Don H. Marsh, teller, and a customer, O. Phillips, who were alone in the bank, were forced to lie on the floor while the men scooped up the money. After unsuccessfully trying to lock Mrs. Marsh and Phillips in the vault, the two men fled.

Don H. Marsh, cashier of the bank, had stepped out for a few minutes when the men appeared. He saw them leave as he was returning, but was not aware the institution had been robbed.

Fifteen minutes after the robbery a group of county officers left here to take up the trail.

Committee Cuts Sulphur Tax to Fifty-Cent Levy

AUSTIN, March 5. (P)—The senate state affairs committee last night cut the Sanders house bill to tax sulphur \$1 per ton in half, substituting a fifty-cent levy. This put the proposed tax in the same position it occupied when the fourth special session expired.

Vote on the motion to reduce the tax to fifty cents per ton came after the committee had rejected an amendment by Senator Joe Moore of Greenville which would have placed a tax on all natural resources. The bill, in effect, was similar to the one introduced in the house by Rep. Leonard Tiftton of Sealy.

A minority report will be placed on the floor of the senate by Senator Nat Netton of Crockett.

The committee heard statements from Homer B. Mitchell, president of the Texas Potaash corporation. Mitchell stated the present attitude of the Texas legislature toward taxation of corporations through franchise and other taxes was creating an adverse sentiment against the investing of capital in Texas enterprises and would eventually work a great hardship on the state.

ATLAS SUPPLY FIRM IS ROBBED BY BURGLARS

The Atlas Supply company in South Pampa was robbed of \$41 in cash and a number of checks which were taken from a money box in the filing cabinet of the office last night.

Entrance was gained by prying open a window. The filing cabinet was badly damaged when it was forced open with a prize bar.

The company was robbed last year of a quantity of brass. No clues were found that might lead to the identification of the robbers, but it is believed that they were well-acquainted with the arrangement of the office.

WILL BAR PARADE SAN ANTONIO, Mar. 5. (P)—A parade of unemployed will be permitted in San Antonio tomorrow. Chief of Police Owen Kilday informed J. Shaffer, ex-secretary of the local Communist party, today. Shaffer had announced that he and about 500 unemployed would parade to the city hall tomorrow.

Farmer Held

CLOVIS, March 5. (Special)—Coleman Armstrong, Curry county, New Mexico farmer, is held at Clovis awaiting action by a federal grand jury in connection with charges involving the theft and transportation from New Mexico to Texas of more than a dozen automobiles.

Officers discovered transportation of cars from Clovis to Abilene, Coleman, and Brownwood, Texas, where seventeen stolen cars were rounded up by federal and New Mexico authorities. Three men are held in jail at Abilene in connection with the theft ring.

3 CANDIDATES FILE

Names of three candidates for city offices were filed this afternoon with the request that they be placed on the ballots for the municipal election of April 1.

They are D. W. Osborne for reelection as mayor, Clyde Fatheree for commissioner No. 1, and Lynn Boyd for reelection as commissioner No. 2.

These are the first filings for the coming election. With the names were submitted petitions of about 150 names endorsing the candidate and fulfilling the charter requirement. The candidates were submitted by friends of the men, and consent to make the races was said to have been obtained only after insistence and upon promise of vigorous support.

99-Year Term Is Ordered Reversed

AUSTIN, Mar. 5. (P)—H. W. Middleton, convicted in Bastrop county for the murder of his father, J. J. Middleton, and given 99 years, was temporarily free today, after the court of criminal appeals had reversed the conviction and ordered the case dismissed.

Middleton's father died at Smithville on October 8, 1927, and the son was accused of administering poison to him. The testimony showed the young Middleton had been upbraided for what his father claimed were too friendly relations with Mrs. Rosa Waybourne, who subsequently was indicted and tried for the murder of her husband. She was recently acquitted of the murder on a second trial held in Georgetown. Her first trial resulted in a conviction, but the court of criminal appeals reversed it.

In ordering the case dismissed the appellate court held the indictment had not been specific enough in that it did not state the manner in which the poison was administered.

Hemphill Wheat Looks Very Good

CANADIAN, March 5. (Special)—Prospects are good for a bumper wheat crop in Hemphill county.

An increased acreage of wheat in the acreage of several tracts in the total of the county has been reported. The increase is due to the fact that the wheat is planted in a better soil than in previous years.

BECKWITH IS KILLED WHILE IN MESS HALL

Spanish Inmate Wields Knife With Fatal Result

IS THIRD TIME WARDEN SLAIN

Crime Causes A Halt in Trial of Gunman Becker

AUBURN, N. Y., Mar. 5. (P)—Edward Beckwith, principal keeper at Auburn prison was stabbed to death today at the prison.

Beckwith succeeded George A. Durrford, killed in the Auburn riot of December 11 last.

The news of Beckwith's death came at the height of the trial of Max Becker, Brooklyn gunman, charged with the murder of Durrford. Hasty adjournment of the trial followed.

Beckwith was the third consecutive principal keeper at the prison to meet death at the hands of the convicts. James B. Durran, Durrford's predecessor, was stabbed to death about two years ago.

Police who sent an investigator to the prison, said a Spanish inmate whose name was not ascertained immediately, stabbed Beckwith while the convict was on his way to the mess hall.

ALBANY, N. Y., Mar. 5. (P)—Principal Keeper Edward Beckwith of Auburn state prison was stabbed by a convict in the mess hall while the noonday meal was being served, according to the report made by prison officials to Dr. Raymond F. C. Kief, state commissioner of correction.

Think Slayer of Texas Cattle Man Is Found

LITTLE ROCK, Ark., March 5. (P)—Police here announced today that three employees of the Arlington hotel at Hot Springs had identified Carl R. Ashton, held as a suspected hotel burglar, as the man who was taken up on an elevator a short time previously to the floor of the hotel on which Preston Austin, wealthy Texas cattleman, was slain several months ago. The employees picked Ashton out of a group of prisoners, police said.

Rewards totaling \$22,000 have been offered for the capture of the slayer or slayers of Austin, who was strangled to death in his hotel room. His body was found the next day.

Chief of Police Joe Wakelin of Hot Springs made the announcement of the identification.

Student Is Killed by Negro Reveler

NEW ORLEANS, Mar. 5. (P)—J. Adair (Tiny) Lawrence, 28, Tulane university medical student and former football player, is dead of gunshot wounds and one negro is held and another sought as a result of a Mardi Gras street fight between revelers and negroes.

Police said they learned that Lawrence, a native of Tulsa, Okla., where his parents reside, was riding with fellow students in a truck. Arriving at the scene of the fight at the height of the celebration, authorities said Lawrence jumped from the truck and joined in the combat.

William Springer, 33, negro, who witnesses said struck Lawrence with a club, was arrested and a search was in progress for Son Robertson, another negro accused of shooting Lawrence.

PARENTS ARE CHARGED IN DEATH OF DAUGHTER

DECORAH, Iowa, Mar. 5. (P)—An indictment charging murder in connection with the death of their daughter, Dorothy, was returned today against the parents, Mrs. Walter Gustafson, of Decorah. The girl, 17, was found dead in a ditch near her home. The parents were charged with the murder of their daughter.

Pampa Daily News

By Carrier in Pampa \$5.00 per month, \$15.00 per quarter, \$45.00 per year. Outside of Pampa and adjoining counties, \$6.00 per month, \$18.00 per quarter, \$54.00 per year.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be regarded as a libel and the attention of the editor is not the intention of this newspaper to insure any individual, firm, or corporation, and corrections will be made when warranted, as prominently as was the wrongfully published reference or article.

SATURDAY WILL BE THE DAY FOR ALL GOOD CITIZENS TO GO TO THE AID OF THEIR SCHOOLS.

Put another way, it will be the day to go to the aid of their children. Pampa continues to grow. There is every indication that the enrollment by next October will be 3,000. This will mean that unless a new ward school is provided and existing wards enlarged, some rooms would have as many as 75 pupils.

Saturday, March 8, is election day. Considering the fact that many poll taxes have been paid, the election should develop many votes. Remember that a very weak minority usually decides school elections. Plan now to go to the polls and show your interest in Pampa schools and school children.

HAVING FINALLY COME TO THE CONCLUSION THAT BONDERS WERE ALREADY OVERTAKED, THE LEGISLATURE HAS NOT DONE VERY MUCH IN MOVING ALONG UNTRAVELED PATHS.

Discovering new sources of revenue without at the same time placing an unreasonable burden upon the few commodities that are sold in a gigantic market is a problem that the entire legislative body over subjects with which many members are largely indifferent would be wiser to appoint an expert commission to study revenue sources and make recommendations.

THE PROPOSAL TO EXTEND THE LABEL AND SLANDER LAWS TO THE AIR HAS MERITS, ALTHOUGH IT IS RIGHT OF FREE SPEECH SHOULD BE MAINTAINED UNVIOLATED UNLESS IT BECOMES DANGEROUS.

There is no more reason why a newspaper should be regulated than a radio station. The "circulation" of a big radio plant is equal to that of a large newspaper, and the offense of falsifying publicity is just as great.

The same laws that apply to radio broadcasting should

apply to the talking movies. The talking news reel could be as vicious as a radio, and of equal power. Passage of laws restricting spoken slander would bring about a greater understanding of and appreciation for the position into which newspapers have been placed in this state.

TWINKLES

(Pure) Bunk local politician, declares that what was good enough for our fathers was good enough for us. But he would certainly be angry if asked to serve on the salary of the oldtime office holders received.

A lot of famous men declare they are "just getting started" at 80-years of age. Then we certainly have a long time to loaf before reaching their condition in life.

So William Allen White kissed the hand of a negro woman in Haiti. That may have been a wonderful act of diplomacy, but it was hardly a political stroke. We'll wager Bill wishes news didn't travel so fast.

We have plenty of oil worries, but fortunately lack of oil is not one of them. Conditions seem to indicate that our oil will be with us for a long time.

The children are enthusiastic over these music memory contests. Wonder how many adults remember the music in the woodshed, which has

Prof. Lester and Boys Make Trip to Amarillo Event

Prof. Lester attended a meeting of the Agricultural Association of Amarillo yesterday and discussed the work of the association in the various branches of agriculture. He also discussed the work of the association in the various branches of agriculture. He also discussed the work of the association in the various branches of agriculture.

Girl Explorer

Braving the dangers of Brazilian jungles, Miss Bessie Steen, above, high school teacher of San Jose, Calif., plans a lone expedition to find the lost tribes of Brazil, believed to be the most primitive people on earth. The map shows her route. Only an Indian guide and a guide will accompany her from Leopoldina. Miss Steen visited other Indian tribes in the interior of Brazil several years ago.

State A. A. U. W. Officers and Chairmen Address Pampa Branch

Mrs. E. M. Sellards, Austin, president of the Texas branch of American Association of University Women, and Mrs. Sanders, assistant state superintendent of public instruction and A. A. U. W. state director of rural education, who together are touring the state on official visits to the various city branches of the great university women's organizations, and Mrs. E. G. Wyatt, Amarillo, Texas, chairman of the A. A. U. W. million dollar fellowship fund, spoke before members of the Pampa branch and the College club last evening at the women's parlor of the Methodist church, on behalf of two outstanding causes sponsored in the state and national program of the A. A. U. W. The state president's address centered upon the monumental fellowship project, through which the American Association of University Women is undertaking to raise one million dollars with which to establish a foundation for 25 additional fellowships. Already supporting nine fellowships by which outstanding women scholars are enabled to continue research and study in their specialized fields, including one international scholarship, the American association is waging a campaign among its chapters and its individual members to raise the foundation, interest from which would support the additional fellowships. Mrs. Sellards said, in outlining the project. Texas and its active local branches has a large responsibility in the national project, she said, and urged the Pampa branch to include the fellowship contribution in its year's program. Mrs. Wyatt also spoke on behalf of

Coolidge Won't Talk—But Accepts "Ham and" Gladly

SAN ANTONIO, Mar. 5. (AP)—Calvin Coolidge doesn't like to make speeches for breakfast; however, he may choose his bacon and eggs. Of that much of the menu the San Antonio chamber of commerce was certain today, as it made its plans to entertain the former president and his wife at breakfast at 8:30 a. m. tomorrow. Acceptance of the chamber's invitation was received yesterday by Porter Whaley, general manager, in a telegram from College which read: "Thank you. I am delighted to accept with the understanding there will be no speaking." The Bank of Manhattan, N. Y., seventy-two stories, is the world's highest building.

FAST FATAL TO MAN

ST. JOE, Ark., Mar. 5. (AP)—A 31 day fast, entered upon to cure an illness by "divine healing," has ended in the death of a man here. The man, 55, was a leader. Graham became ill several weeks ago and refused medical aid, asserting he would be cured by faith. On February 1 he began his fast and from then until his death yesterday consumed only a small bowl of soup.

Bell Telephone Company Planning to Spend Millions

More telephones in homes and business places, more calls completed on the long distance, improved long distance service, and a reduction in long distance rates are among the accomplishments of the Southwestern Bell Telephone company as shown by the annual report for 1929 which was made public by E. D. Nims, president of the company. The report is a record of improvements in local and long distance service and shows that more than 54,000 new telephones were added to the company's exchanges during the year. Net earnings for the company amounted to \$29,900,000 as compared to \$19,500,000 in 1928. Long distance calls numbered 71,445,000 and more than \$42,000,000 was spent in adding to plant equipment. Fifteen new buildings were erected, extensions were made to eight others, and 67,700 miles of wire were added to the system. In Missouri, Arkansas, Kansas, Oklahoma, Texas and a part of Illinois adjacent to St. Louis, the territory served by the Southwestern company, 2,215,000 telephones including those of connecting companies are served by 5,803,000 miles of wire. The Southwestern company operated 1,343,000 telephones. Economic surveys for each of the states in which the Southwestern company operates have been prepared to determine the demand for telephone service. It is estimated that the Southwestern company will spend \$250,000,000 within the next five years to provide for the expected growth.

APPEALS COURT

AUSTIN, Mar. 5. (AP)—The following proceedings were had in the Court of Criminal Appeals today: Affirmed: Bernard Harris, Harrison; Pete Wiggins, Cherokee; John Baker, Dallas, 3 cases; Bunk Hays, Howard; Louise Enderle, Gonzales; John Haney, Johnson; Jim Curtis, Newton; J. H. Henschay, Potter. Reversed and remanded: Roy Duty, Dallas; Bert Mayfield, Coleman; T. C. Anderson, Parker; W. J. Buchanan, Knox; Walter Polk, Cherokee; C. H. Norton, Montague; Bessie Wade, Jasper. Reversed and dismissed: H. W. Middleton, Bastrop. Reformed and affirmed: Juan Sanchez, Nueces. Appeal dismissed at request of appellant: T. F. Hathaway, Hopkins; Jack Savage, Hunt.

ALABAMA TAX RULING MADE
WASHINGTON, Mar. 5. (AP)—The internal revenue bureau ruled today that the gasoline tax imposed by the state of Alabama was deductible for federal income tax purposes by the distributor, retail dealer, or store, who pays it, but not by the consumer.

Is your memory Good?
If it is, you will remember when you are sick. If you are well you should be happy, enjoy your meals, rest perfectly at night, and your labors light and easy to accomplish. If you are not in perfect health it is time you should learn something about Chiropractic. Examination will cost you nothing.
Drs. J. C. Higginbotham and Maurene Dicken, Chiropractors, Office in Wynne Bldg., Office Phone 725, Residence 1015.

Nothing else Like it!
Snap! pop!
No other cereal so crisp. Rice Krispies actually crackle out loud in milk or cream. Children are wild about them. And such flavor! The taste of toasted rice. A different treat for breakfast. Wonderful for the kiddie lunch. So wholesome and easy to digest. Rice Krispies are handy to use in recipes. Take the place of nuts. Add to cereals. Made by Kellogg in Battle Creek.

ANALYZE THE ALLOWANCE ON YOUR USED CAR

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price

Permanent value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

If a dealer pays you more than the true worth of the car he must either re-sell it to some one else or he must make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

FURTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.

Roadster, \$435	Phaeton, \$440	Tudor Sedan, \$500	Coupe, \$500	Sport Coupe, \$530
Two-window Fordor Sedan, \$600	Three-window Fordor Sedan, \$625	Cabriolet, \$645	Town Sedan, \$670

ENGLISHMAN IS TO MAKE TRY FOR NEW PACE

NEW YORK, March 5. (AP)—Another carefree, smiling Englishman is in America today to challenge death and man-made speeds on the hard sands of Daytona Beach.

This time it is Kaye Don, crack British race driver, who will follow in the wheel ruts of his famous predecessor, Major Sir Henry Segrave, last March, on the Florida sands that have cost two American speed kings their lives. Segrave drove his Golden Arrow Sunbeam to the amazing record of 231.36 miles an hour.

Don, a good-natured veteran of world war flying days, will try to smash that record in a bigger and heavier machine, this one a mammoth seven-ton creation in silver gray labeled the "Silver Bullet." It is his "turn to drive" because Segrave, one of his best friends, has definitely turned from automobile record-smashing to his first love, the building of a speed boat that will conquer all time standards no the water.

Don arrived in New York yesterday on the Berengaria, a few cabins away from where the Silver Bullet lay-erated and lashed to the forward deck. In his party was his sister, Mrs. Robert, Louis Contalen, a mite of a Frenchman who designs the racing monsters for Sunbeam, and eight mechanics. The party will leave Thursday for Florida where the tests must be made under the American automobile association auspices between March 15 and March 30.

TWO CHAMPS ON ALL-STARS OF BALL LOOP

DALLAS, March 5. (AP)—Two members of the champion Arkansas university machine and one player each from Texas university, Southern Methodist university and Texas Christian university gained places on a composite All-Southwest conference basketball team selected for the Associated Press by the seven coaches of the conference.

Allowing two points for first-team selection and one point for second choice, the result of the coaches' poll was as follows:

First team: Schoonover, Arkansas (14) and Rose, Texas, (14) forwards; Eury, Texas Christian, (10), center; Prewitt, Arkansas (7) and Steeter, Southern Methodist, (7) guards.

Second team: Hess, Rice (6) and Alford, Baylor (4), forwards; Holt, Arkansas (5), center; Creighton, Arkansas (6), and Keeton, Aggie (4), guards.

Other players receiving at least one vote included Pickren, Arkansas; Hart, Rice; Rees, Texas; Hoke, Aggie; Stuckland, Baylor; Adkins, T. C. U.; Pombly, Texas; Brooks, S. M. U.; and Clacaham, Texas.

New York—Tony Canzoneri, New York, stopped Solly Ritz, Brooklyn, (1).

Indianapolis—Tony Herrera, Chicago, outpointed Jimmy Reed, Erie, Pa., (10). Joe Lynn, Detroit, outpointed Jimmie Dale, Decatur, Ill., (8).

Hot Springs, Ark.—Roger Bernard, Detroit, knocked out Al De Rose, Pittsburgh, (3).

Jacksonville, Fla.—Young Manuel Quintero, Tampa, Fla., outpointed Harry Wallace, Brooklyn, (10).

Hudson, Wis.—Mike Mandell, St. Paul, knocked out Pug Firpo, Mason City, Ia., (2).

Konjola Wins; Triumphs Every Day, Everywhere

New and Different Medicine Welcomes Any Test—Results Are What Count

MR. RAYMOND SCHMIDT

Results are what count; mere words and promises mean nothing. Konjola has won fame and friends just by making good, and that is the medicine sufferers want and should have. Imagine the joy of Mr. Raymond Schmidt, R. P. D. No. 1, Sealia, Mo., when he was able to say:

"Though I know it to be true I find it hard to believe Konjola in just three months, ended my sufferings of nine years duration. For that long time I suffered from indigestion, constipation, kidney trouble and catarrh. No food agreed with me; every night I had misery. In those nine years I tried no end of medicine and treatments and everyone was a miserable failure. But how different with Konjola! Week by week I grew better, and in three months I was my old self again. To me Konjola is the most wonderful medicine in the world, and I recommend it with all my heart."

Konjola is sold in Pampa at the City Drug store, and by all the best druggists in all towns throughout this entire section.

Los Angeles—Fidel La Barba, Los Angeles, outpointed Santiago, Sorilla, Panama, (10).

GOOD BASEBALL DEMANDS BIG PUNCH—BROWNS HAVE IT ONLY IN PITCHING—NEED SLUGGERS

BY ALAN GOULD
(Associated Press Sports Editor)

WEST PALM BEACH, Fla., March 5. (AP)—Baseball and boxing do not have a great deal in common, but there is one essential factor necessary to success in either sport.

A boxer must start with the punch," says Gene Tunney. "That is his main asset."

"A ball team must have good pitching, and we have it," says Bill Killefer, manager of the St. Louis Browns, "but we can use more punch at the bat."

Given another slugging outfielder of the type of Heale Mannush and improved stick work on the part of some of the other regulars, the Browns would be as formidable as any outfit challenging the hold of the Athletics on the American league championship.

Killefer is searching for the remedies while also hoping his hold-out worries soon will be over.

The Browns have one of the finest pitching staffs in either league, with Gray, Crowder, Stewart, Ogden, and Blacholder as the "Big Five," besides a number of likely prospects in training here, including Dick Coffman.

They have, in Killefer's opinion, one of the greatest young catchers to come up in years in 24-year-old Dick Ferreri, brother of Wesley Ferrell, Cleveland pitcher. They have a great first baseman in Lu Blue, a fine keystone pair in Melillo and Kress and two hard-hitting outfielders in Mannush and Fred Schulte. There is an excellent blending of age and youth, experience and aggressiveness in the club, manifest to any one who observes the spirited workouts.

As it shapes up today, however, the team lacks the offensive strength to be more than a menace to the Athletics, although the Browns' last season came as close as any club in the league to breaking even with the world's champions. Unless they are carried through by spectacular pitching, the Browns have little chance to beat out the Yankees and they will be pressed by Detroit and Cleveland for a first division berth. St. Louis was third in 1928 and fourth last year under Dan Howley.

"If money could buy it, we would have hitting strength now," remarked Killefer. "The club has been willing to pay high for what it needs, but good young players or even good veterans, who can hit, are not to be plucked at random."

The siege guns of the Browns is Mannush, who were barely beaten out for the American league batting crown in 1928, batted 355 last season and looks to be in condition now for a great year. Mannush has the build of a Stanford shot-putter or a Greek discus-thrower.

With Mannush in left and Schulte,

a 300 sticker, in center, the right-field post has developed a scramble among Morris Badgro, Earl McNeely, and Fred Bennett, who hit 308 last season for Wichita Falls in the Texas league. If he could field like McNeely, Bennett might get the call.

Third base is the only infield problem. Sammy Hale, obtained from the Athletics, may find the change of scenery a benefit and beat out the fast-fielding, but light-hitting Frank O'Rourke. In that case O'Rourke would hold the general infield utility job. Ralph Kress, young shortstop over whose performance brewed the internal club strife that ended with the retirement of Howley as manager last year, will have no opposition for the job this spring.

HOLD-OUTS IN BIG LEAGUES GROW FEWER

NEW YORK, March 5. (AP)—One by one holdouts among the New York Giants are signing on the dotted line.

Travis Jackson came to terms yesterday and Larry Benton finally let the club know his whereabouts. Benton wired he would be in camp Thursday. The red-headed right hander has not signed a contract yet but the fact he was on his way to San Antonio was taken as an indication that he was ready to come to terms.

As is usually the case at this time of the year, Brooklyn's hitters are much further advanced in the spring training grind than the pitchers. If any proof were needed, the boys furnished it yesterday in a practice game at Clearwater, Fla. Thirty-four safe hits were registered as the irregulars beat the regulars, 12-9, in nine innings.

Two rookies have edged their way into the tentative first team line-up prepared by Manager Bob Shawkey of the New York Yankees training at St. Petersburg, Fla. Shawkey put the boys through a defensive drill yesterday and lined them up the way he hopes to for the regular season. Ben Chapman at third and Allen (Dusty) Cooke in left field were the two rookies who joined such regulars as Gehrig, Lazzeri, Koehne, Ruth and Combs.

One by one the reluctant Phillies are coming into the fold, and today only one regular remained unsigned. The absentee from the camp at Winter Haven, Fla., is Chuck Klein, man of all work who led the National League in home-runs last season but Manager Shotton is confident his long distance clout will be there by Sunday.

Clingman May Use This On Tex

Heretofore, Old Clingman's head locks and body slams were usually followed by ymning falls. The ex-sailor, (above), has spent hours this week perfecting another hold which he is going to use on Tex Watkins Thursday night at the Pfa-Mer. Both Clingman and Watkins are ex-champions of the Navy. Clingman held it three years before Watkins won the belt. In the semi-final event tomorrow night, Tarzan Knight will grapple with Tiger Taylor, the man with the great hairy chest. Taylor's wrestling was highly pleasing to the fans here last Thursday when he lost to Clingman.

With only two regulars missing from the ensemble at Fort Myers Connie Mack will split the Athletics squad into equal parts tomorrow and begin internal warfare in earnest. Al Simmons and Max Bishop, who have been slow rounding into shape, have been granted permission to take a few more nose dives in the baths at Hot Springs and will not report for several days.

At Avon, Catalina Island, Manager Joe McCarthy of the Chicago Cubs is devoting most of his time to recruit pitchers in preparation for the opening of the exhibition series with Los Angeles this week-end. The veteran hurlers are not to be called upon for duty unless an emergency arises. So Bud Tichenor, Al Sheely, Lou Warneke, Malcolm Ross, Lynn Nelson, and George Bell are getting attention. All looked more or less impressive against Hornsby, Wilson, Cuyler, et al, yesterday.

Meyer, surrounding the non-appearance of White Kamm Alex Metzler, Smokey Jolley and Art Shires, in the training grounds of the Chicago White Sox at San Antonio, has officially been explained. Kamm is a hold-out because he didn't get a raise in wages and has been cut off from his

extra money for acting as field captain—Manager Donie Bush having decided no field captain being necessary. Metzler wants more money. Jolley has signed, but apparently is stalled on the coast, trying to get a part of his \$50,000 purchase price from the San Francisco club of the Coast league. Shires wants more money.

Boost Bond Issue
CANADIAN, March 5. (Special)—A series of meetings to acquaint citizens of Hemphill with the issues involved in an approaching paving bond election began recently with a gathering at M. K. school-house. Meetings also were held at Washita, Gageby, Zybach, and Gem communities. H. E. Hoover of Canadian and other prominent Hemphill county men were to be among the speakers.

SAN FRANCISCO, Mar. 5 (AP)—George Noel Keyton, president of the San Francisco Stock Exchange, and eight others were under federal grand jury indictment today on conspiracy charges as the result of the alleged embezzlement of \$550,000 a year ago from a San Francisco branch of the Bank of Italy.

Rash Romance

© 1930 by NEA Service, Inc. By LAURA LOU BROOKMAN

BEG NIKER TODAY... "I don't know what you mean," she said. "I guess you don't know what I mean either."

NOW GO ON WITH THE STORY... CHAPTER XXXV... There came the sound of a car in the driveway.

Arthur Knight, Tony and Judith were in the living room—Arthur and Tony sitting on theavenport, with the mel-blowing into the lamps shooting light-into the girls' dark eyes. Judith's eyes were staring at the door.

She set down the silver coffee pot. "Who's coming?" she asked. "I don't know anyone's expected."

It wasn't surprising, she thought, that she had jumped to her feet. She had found out who it was.

She tried to laugh lightly but the attempt was not successful. "Not at all," Arthur assured her quickly.

At two o'clock next afternoon Katharine Turner arrived at Knight's suburban home bearing the teacher's brief case, filled with letters and legal documents. Judith, lingering about the door of her husband's home, watched the pair stride down for an afternoon of work.

"I've got the roaster back," she went on gaily. "Works like perfection now. I'll like to take you for a spin."

"Well, there are several things I ought to do this afternoon," she said. "I don't know what you mean to do. I don't know perfectly well that I can't take care of these cars and see what a good little car it is, now it has been in the shop."
