

TWO BRADY MEN DIE IN GUN FIGHT

INDIA SEETHES AS PRESIDENT OF CONGRESS IS ARRESTED

JUDGE BRADY'S MURDER TRIAL IS TRANSFERRED TO DALLAS

BIG CASE TO BE HEARD ON NEXT MAY 5

Change of Venue Is Quickly Made Today

NO OPPOSITION TO THIS MOVE

Austin People Said to Favor Heavy Sentence

AUSTIN, April 14. (AP)—The John W. Brady murder case was transferred to Dallas on a change of venue, entered by Judge J. D. Moore today.

Judge Moore sent it to criminal court No. 2, and set it for trial in that court on May 5.

Application of the defendant for a change of venue was not opposed by the state. District Attorney Henry H. Brooks told the court he acquiesced in allegations of the defense that a fair and impartial trial could not be had in Travis county, in view of wide publicity given the testimony on the first trial, which ended here Feb. 8. The jury failed to reach a verdict, one juror holding out for acquittal, nine voting for the death penalty and one for life imprisonment.

Brady, former member of the third court of civil appeals, was indicted for the murder of Miss Leahia Highsmith, stenographer for the supreme court commission of appeals. She was stabbed to death on the night of Nov. 9 in front of her apartment. Brady has been in jail since.

Need Only 15 Minutes
Lon Curtis of Belton, of counsel for Brady, read the motion for a change of venue, Brooks made a brief answer and Judge Moore entered his order transferring one of the most sensational murder cases ever placed on the docket of this court, all within 15 minutes.

Brady sat in court, with Mrs. Brady on one side and his sister, Mrs. D. T. White, of El Paso on the other. His brother, Will Brady of Ventura, Calif., was at counsel table. A. C. B. Highsmith, father of the dead girl, accompanied by Mrs. Highsmith, Leahia's step-mother, were present.

The motion alleged the case had been "prejudiced" against Brady on account of newspaper publicity given the tragedy and the subsequent trial. It said so much prejudice existed it would be impossible to obtain a fair and impartial trial in this county, as well as in Hays, Williamson, Bastrop, Caldwell, Blanco and Burnet counties.

"It seems to be the universal opinion in this county that this defendant is guilty and should be severely punished," Curtis read from the petition. "In fact, one hears the expression frequently that the death penalty ought to be inflicted."

District Attorney Brooks said he had not encountered a man, woman or child who was not familiar with the case.

"I have reached the conclusion it would hereby result in an increased expense to the taxpayers to attempt to try this case again in Travis county," Brooks said.

Many Excuses Given
In granting the motion, Judge Moore said that of the 500 veniremen drawn only 277 had been served, and that he had been importuned by many out of that number to excuse them for various reasons.

"I am sure most of those who do not have legal excuses have formed fixed opinions," he said.

Dayton Moses of Fort Worth, of counsel for the defendant, was not in court, having been detained in a case at Eastland. Judge E. A. Berry of Houston, who headed defense staff at the first trial, had withdrawn from the case on account of press of personal business, having announced his services heretofore had been "a gift to a friend."

NOW IS MOVING TIME FOR COUNTY OFFICIALS, ENGAGED IN OCCUPYING COURTHOUSE

Coming Soon

Robert Lee Hobbitt, attorney general of Texas, who will be principal speaker at the dedication of the new courthouse Saturday, writes The News that he is looking forward with much pleasure to his trip here. He recalled that his grandfather, who died last July at the age of 94, settled at Lockney and was a pioneer in this section.

Ward Produce House Robbed of About \$50

The T. C. Ward wholesale company was robbed of \$50 in cash yesterday morning between 10 o'clock and noon. Entrance was gained by cutting the wire screen of the poultry house, which is connected to the main building by the smokehouse. The money was taken from the cash register.

The lock on the gasoline pump at the Magnolia filling station at the end of South Cuyler street was broken last night and 23 gallons of gasoline was taken.

Oil Development Declared Ample

WASHINGTON, April 14. (AP)—A demand within the United States for 486,700,000 barrels of gasoline during 1930, calling for a domestic crude oil production of 942,800,000 barrels, was forecast today by a committee on petroleum economics. In a report to Secretary Wilbur, made public during the day, the committee indicated that despite an increase of nine per cent in the demand for gasoline over 1929, the estimated requirements can be amply provided for by present oil developments.

In allocating production requirements, adjusted to relate to the last nine months of 1929, the committee suggested that California produce 610,000 barrels of crude oil per day; Oklahoma—655,000 barrels; Texas—750,000 and all other states combined—480,000 barrels per day. The committee further suggested that 78,000 barrels per day be taken from storage.

Homer Wharton, who has been seriously ill at the home of his sister, Mrs. J. H. Hayes is slightly improved.

trial that Brady stabbed Miss Highsmith to death in a fit of jealousy, after he had been carrying on an affair with her for a number of years. His defense was that he had been temporarily deranged by the long use of bootleg whiskey.

Old Building Will Be Nearly Vacant by Friday

The big trek into the new Gray county courthouse has already started. County Clerk Charles Thut, Tax assessor Ewing Leach and Tax collector E. S. Graves are transferring the county records to the new building. By Friday, the temporary court house will be virtually vacated. The office of the County clerk is almost empty now.

Court Here Is Awaiting Action of Governor Moody

Lack of a district attorney brought the wheels of justice almost to a standstill in the first district court here today. Appointment of the new prosecutor is expected hourly by Judge W. R. Ewing, who today urged the governor to make his selection at once.

When court opened this morning, the state lacked a prosecutor. C. G. Engledow, who was appointed district attorney pro tem in Judge Clifford Braly's absence, had not returned to the city. Judge Ewing then appointed Ben Allred, former district attorney of Wichita Falls district, to act as district attorney until the governor announced his choice.

As it will take Mr. Allred several days to familiarize himself with the cases, practically none will be brought to trial unless those involving pleas of guilty. No indictments have been tried since Judge Braly went to Austin at the request of the governor last Wednesday. Several divorce cases have been heard.

Mrs. Bertie Hobbs, who was denied a divorce from Joe Hobbs and custody of a five-year old daughter appeared in tears before Judge Ewing again this morning with a plea that the child be returned to her. Judge Ewing said that attorneys for the estranged husband and wife were attempting to arrange a reconciliation.

Jurors for this, the sixth week, follow: J. M. Daugherty, Gilbert Smith, Arnold Stager, J. M. Hill, Earl Rice, E. R. Terbush, Dan Campbell, J. H. A. Hartman, W. J. Ball, W. M. Flaherty, M. T. Harrison, E. E. Bechtelheimer, W. C. Stalcup, Andy Word, Paul Cunningham, Earl Roof, H. E. Tillman, M. R. Hefflin, Robert Gordon, T. J. Coffee, Frank McAfee, A. B. Isbell, L. D. Bolton, Nugent Kunkle, H. H. Heiskell, Mac Graham, J. K. Redman, P. M. Patton, J. M. McDonald, J. T. Brown, J. F. Dietz, E. J. Dunigan, J. M. Dodson, J. O. Davis, W. P. Davis, J. H. Dean, Clyde Ridgeway, Wright Wise, R. M. Ashby, N. W. Park.

Moody Works on 3 Statements

AUSTIN, April 14. (AP)—Governor Moody is at work on a series of three statements of importance he contemplates releasing to the press within the next few days. It was considered more than probable at the capitol the latest utterances by the governor would be climaxed by his formal announcement for a third term as chief executive.

One of the statements was to deal with accomplishments of his administration, a little more than three years old; the second was to be devoted to attitude of the legislature toward some of his proposals, and the third was to give his views as to how pending problems should be solved.

VIOLATION OF SALT LAW IS ACTION BASIS

Imprisonment for Six Months Assessed in Trial

MOVEMENT NOW IS NATIONWIDE

Half Million Watch Demonstration Sunday

ALLAHABAD, Bombay, India, April 14. (AP)—Pundit Jawaharlal Nehru, president of the All-India National congress, was sentenced to six months simple imprisonment this afternoon by a British court after conviction on a charge of violation of the Indian salt laws. He was arrested only this morning.

The trial of the Pundit was held in the central jail while Indians staged a demonstration in front of the structure. A large crowd waved national flags. Nehru appeared at the window and thanked the demonstrators.

BOMBAY, India, April 14. (AP)—News of arrest of Pundit Jawaharlal Nehru, president of the All-India National congress, spread like wildfire through Bombay this morning. Within a few minutes the cotton, bullion, seeds, and share markets had suspended business.

Sixteen persons were arrested at Lucknow, united provinces, for offenses against the salt laws. They included McHanlal Saxena, chief executive officer of the national congress, and Imtial Ahmed, president of the local congress committee, and several other congress officials.

The correspondent of the London Daily Mail here cabled his paper that arrest of Gandhi was imminent, and that the government, alarmed at rapid spread of his movement and growing animosity of Hindus toward the British, had determined to take a more vigorous action with references to him.

Gandhi himself was at Dandi today. This was his periodical day of silence during which he speaks not a word.

The Bombay congress committee decided after it had been informed of Nehru's arrest to proclaim a hartal, or day of mourning, and stoppage of work. National volunteers were sent to all parts of Bombay in fast motor cars to proclaim the fact with the air of megaphones.

"National Week," which saw organized violation of the salt laws grow from a single act of the Mahatma and his followers at Dandi a week ago to violations covering a great deal of India, closed last night with the throwing of a figure representing the salt law into the sea. The effigy was a lurid blood-colored monster, which seemed to be squeezing to death two miserable human beings and trampling on others. More than 500,000 thousand were estimated to have watched as the figure was tossed away.

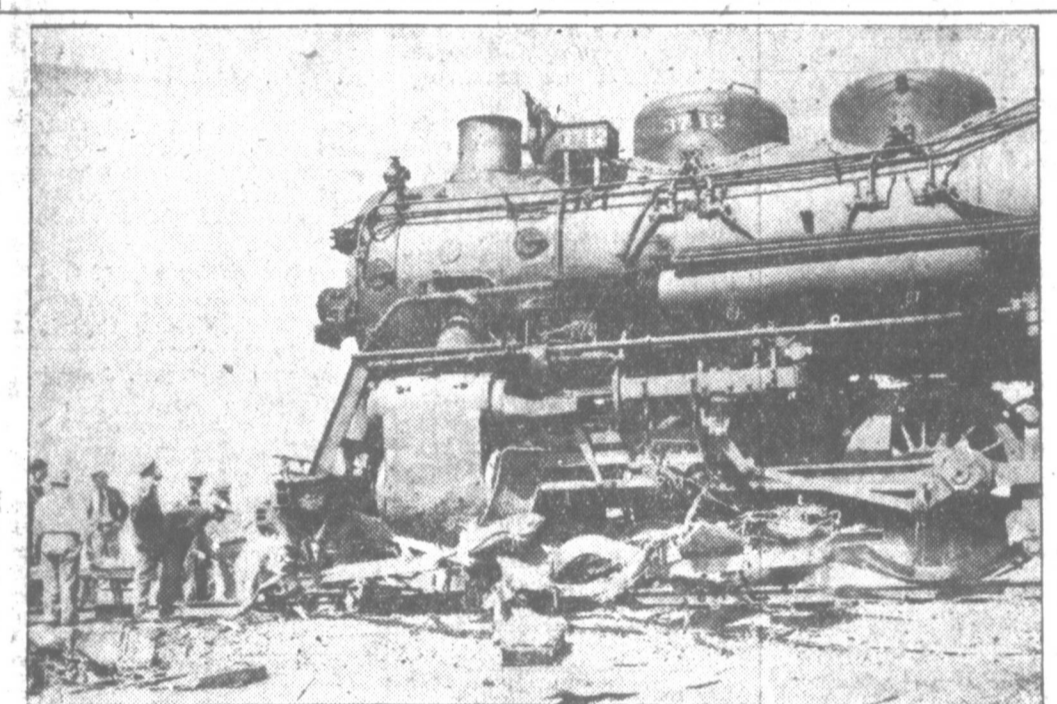

Double Wedding of Local Couples Is Performed

In a double wedding in Amarillo early Saturday morning Jack Baker and Miss Nell Quartermore and Sam Ray and Miss Maxine Montgomery were married.

Mr. Baker is manager of Adkisson & Gunn tire company here and Mr. Ray is with the Republic Supply company. Mrs. Baker was formerly an employe of the Western Union and Mrs. Ray was employed by the Texas Elf Carbon company.

Denver has a new air police squad.

Where 19 Persons Perished in Accident

The above photograph shows all that was left of the big Pickwick bus after it was struck by a Santa Fe passenger train at Isleta, N. M. Nineteen persons were killed and others injured when the driver was unable to avoid the onrushing train.

Farmer Shoots Self

Ground Will Be Broken Tuesday for Pampa City Hall-Auditorium

Ground for the new city hall will be broken on Albert Square tomorrow. The ceremony will be unpretentious and short, with city commissioners and other city officials present.

This morning the first industrial activity ever seen on the Square took place when City Engineer A. H. Doucette and his assistants began surveying the grassy sward.

The new \$100,000 structure will be erected in the center of the Square. City officials expect the building will be completed by late fall.

Spring Rabbit Show to Be Held by City Association April 18, 19

An annual spring show of the Pampa Rabbit and Fur Breeders association will be held on April 18 and 19. It was announced today. The location will probably be made known tomorrow.

According to C. N. Brewer, secretary of the show, many entries from out of the city are being made. There will be 40 or 50 rabbits shown by Amarillo fanciers.

Much interest has been created through the market demand for the rabbits. The demand is said to exceed the supply. Merchants have been cooperating by advertising the meat for sale.

There will be about \$100 in cash prizes for the best rabbits. Russell Middleton of Amarillo, a licensed judge of the American Rabbit and Cavy Breeders association, will judge the show.

Class to Have Social Tuesday

The Brotherhood class of the First Methodist church will hold a social at the church basement tomorrow evening at 8 o'clock. All members of the class, with their wives, sweethearts or friends will attend.

The social is being given by one group of the class as the result of a recent attendance and new member contest.

Wagon Jobbers Increase
NEW YORK (AP)—The wagon jobber is a growing factor in the distribution system according to the Associated Grocery Manufacturers of America. There are more than 10,000 wagon jobbers in the country and they are spidily increasing.

CLOSE RANGE FIRE BRINGS QUICK DEATHS

Nick Wright, Arthur Laughlin Are Victims

FEUD BREAKS OUT SUDDENLY

Brother of Wright Was Recently Slain

BROWNWOOD, April 14. (AP)—Nick Wright, 30, and Arthur Laughlin, both single, shot each other to death in a pistol fight on the courthouse square at Brady today.

The shooting started when Wright halted Laughlin as he was ascending stairs in the Commercial National bank building to consult his lawyer, witnesses said. Both men fell dead at the rear of an automobile parked in the street after exchanging between six or seven shots at close range.

The shooting is believed to have resulted from the slaying of John Wright, brother of Nick Wright, at Brady about a month ago. Laughlin was under bond in connection with John Wright's death.

The streets around the courthouse were crowded, but none besides the participants in the fight was injured. The rear of the automobile at the rear of which the men fell was riddled with bullets as were the fronts of several buildings.

Wright, who fell first, was shot in the right arm, the right side and through the heart. Laughlin was shot in the left hand, the face and through the heart. Both died without speaking.

An inquest was ordered for this afternoon.

Examiner Davis Overrules Motion at Rail Hearing

PORT ARTHUR, April 14. (AP)—Two motions of dismissal of the Interstate Commerce Commission hearing on petition of the Missouri Pacific and Santa Fe railroads to acquire the Eastern Texas Electric company interurban line between Port Arthur and Beaumont were overruled by Examiner H. C. Davis today as the hearing opened.

The motions, presented by Col. R. C. Duff, Houston, owner of the Waco, Beaumont Trinity, and Sabine railroad, were on the grounds that the proposed Sabine Basin railroad, the project of the Missouri Pacific and Santa Fe lines, had not been satisfactorily advertised and that the proposed line "constitutes in the main industrial spur rather than a central railway system."

H. R. Safford, vice president of the M. P. in testifying in favor of the project, cited what he contended would be advantages to Southeast Texas, and the Middle-West should the acquisition be allowed.

Lloyd George's daughter made her first speech in the House of Commons recently.

THE WEATHER

WEST TEXAS: Cloudy, probably showers in west portion tonight and Tuesday; warmer in the Panhandle tonight.

—AND A SMILE
MATA, Ecuador (AP)—Five hundred kegs of water, gift of the mayor, will be a treat to the poor on the forthcoming celebration of the 100th anniversary of Ecuador's independence. This town seldom has a rain, and water is brought in tank cars from a river 20 miles away and sold by the keg and drink.

Have You Been Enumerated?

If not, or if you have any doubt, fill out this coupon and mail to: Galen R. Smith, Supervisor of Census, 330 Federal Bldg., Amarillo, Texas.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

We are not interested in Europe's troubles from the standpoint of interference, but if science keeps on improving methods of destruction we may find ourselves too close to even the Far East.

A safety razor war is on, but we, the buying public, continue to shed all the blood involved. We still anticipate the day of the "perfect shave" we read so much about.

General Pershing is now a doctor of military science. But what's in a title. General is one of the finest words in the language and too many honorary degrees are intended to honor the college giving them, as well as the man. There is an enormous amount of trading in the awarding of honorary degrees.

Just as we predicted, the rains came with the revival. Revive means give new life, you know, and the growing things are included too. And then the city commission gave cheaper water.

The Scurry County Times says that marriages are "going boom" down there at a great rate. Yeah, you cannot be certain any more that thunder is thunder. However, matrimonial bust-ups are much less pugilistic than formerly, we are told, and agreements to disagree are much more easily reached. In other words the booms are getting smaller but more frequent.

"GETTING ALONG" ON HIGHWAYS

It is often said that the only way to obtain state aid in highway matters is to "get along" with the state commission. In a sense this is true. The ultimate authority lies with the commission. Two-thirds of the cost of designated road paving is paid by the state and federal government, and in the expenditure of this the state is czar.

When designations made by the state tend to work against a community rather than help it, however, what can be done except to protest vehemently? After all, it is a public matter in which the right of petition cannot be denied. Compromise agreements are better than none at all. Moreover, in no other way can the attitude of a community be transmitted to distant Austin. Patterns made in the state capital often do not fit local conditions.

This section is again confronted with an Austin ruling that is in opposition to the recommendation of highway enthusiasts, county commissioners, and county judges from all over this territory. State Engineer Gibb Gilchrist has refused to designate the Oilfield highway, although a few weeks ago the big delegation which spoke to the highway commission in behalf of the project came back believing they had made their point. Mr. Gilchrist's authority in designations, however, continues absolute.

Assurance of general desire to pave the Oilfield Highway No. 41 was asked and received by the highway commissioners at Austin. The state does not wish to spend any more money on dirt maintenance, but it is interested in paved thoroughfares which serve long distances.

Mr. Gilchrist's reason for denying the designation is, however, entirely off this point. His refusal is based on the allegation that No. 41 would parallel No. 66. The reason is entirely inadequate as anyone who investigates conditions in the oil belt of the Panhandle will notice. The state engineer appears to be another far-off official with the idea that all roads should radiate out of Amarillo—a notion as absurd as it is inaccurate. Furthermore, the idea is antagonistic to the state's repeated desire to take the shortest distance between "control points." In this instance, why go by Amarillo when Sayre, Okla., and Dalhart are the true control points, placing the

route through Pampa, Borger, and other intermediate points? The idea is the route is to shorten the distance of traffic between Oklahoma City and Denver, or parts of that distance.

There may be reasons why the state at this time does not wish to designate dirt roads, but the "parallel" argument is so far off the point that we should like to have another answer. Lack of understanding of traffic trends in this territory have resulted in designation difficulties for more than a decade. Such troubles certainly test the patience of the Panhandle residents and cause them to doubt the wisdom of placing their highway matters entirely in the hands of the commission and state engineer, as would be done under the statewide bond issue plan.

Legge Opposes Senate Bill on Futures Market

WASHINGTON, April 14, (AP)—Chairman Legge of the farm board announced today he had advised Chairman McNary of the senate agriculture committee that a pending senate bill to prevent the sale of cotton and grain in futures markets was too "drastic a change" and would completely upset the marketing machinery, although he realized the need for improvement. "Inasmuch as the handling, processing and financing of several of our major crops are so completely based on the present futures market system, which has been in operation for many years," Legge wrote, "we are fearful that so drastic a change would completely upset the marketing machinery, although we realize the need for improvement. We think a change, in order to avoid disruption, will have to come gradually."

"We believe," he continued, "that decided improvement in the present system would be accomplished if the exchanges were placed under proper supervision and control of the department of agriculture, with power to intervene wherever the secretary of agriculture finds any operations in the farm commodity futures markets are antagonistic to the best interests of producers or consumers, or both."

Prepare Indictment

TOPEKA, Kans., April 14, (AP)—The government prepared today to ask a federal grand jury to indict Major Charles A. Shepard on a charge of murder in connection with the alleged fatal poisoning of his second wife at Fort Riley, Kans., last June. Miss Grace Brandon, Brooks Field, Texas stenographer, was on hand as a witness.

Electric Clocks Tell 'Tickless' Time

BY MARGERY TAYLOR

Interior Decoration Editor, McCall's Magazine. Written for Pampa Daily News

Banjo clocks are new again. American to the very tick, they were certainly popular early in the last century. Their new popularity is due not only to their very real grace, but to the new reproductions worthy of adorning the most blue-blooded of antique rooms.

Over a mantel is just the place for a banjo clock—with a wall sconce on each side. Above a Governor Winthrop or spinet desk, a banjo clock grouped with two or three interesting silhouettes achieve just the right atmosphere.

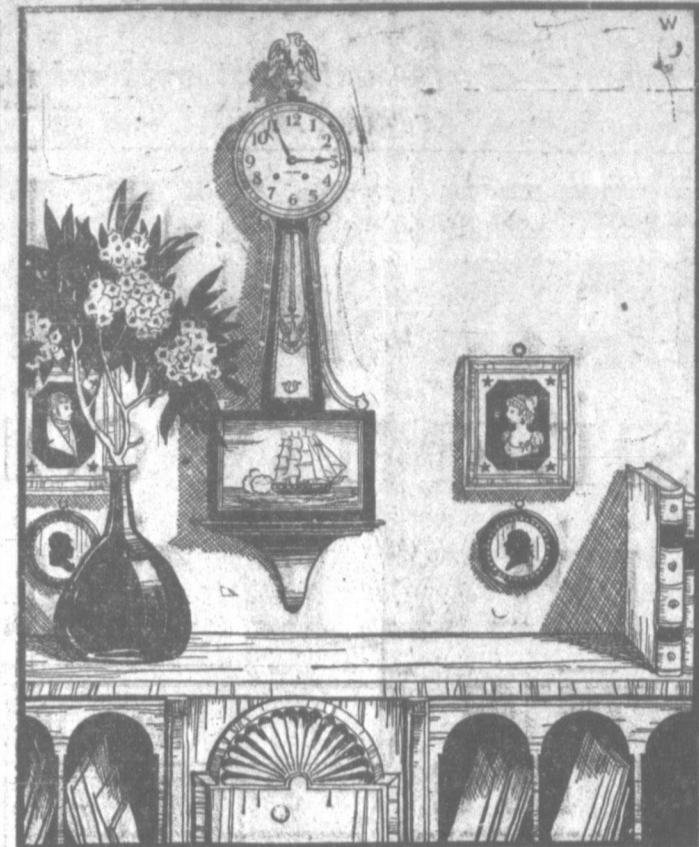

The banjo clock in the hall smifes a pleasant welcome. Even if there is little space, a banjo clock and a little tip-top table are enough to say "home."

With smaller rooms and more to put in them, grandfather clock is in many homes retiring in favor of the new grandmother clock. Smaller and slenderer, the grandmother clock still manages to retain that restful and benign air.

From the hall the clock has come into the living room. Often, just by being there, it creates cheer where once was only a corner, behind a chair or in a narrow space of wall.

But their colonial cases are deceptive. These clocks have come to be modern. There is no winding, cleaning, oiling or setting. You simply plug them into a light socket and electricity does the rest.

If you are sentimental, you may miss the tick, but perhaps you can be consoled with the chimes, which are just as musical. There is no

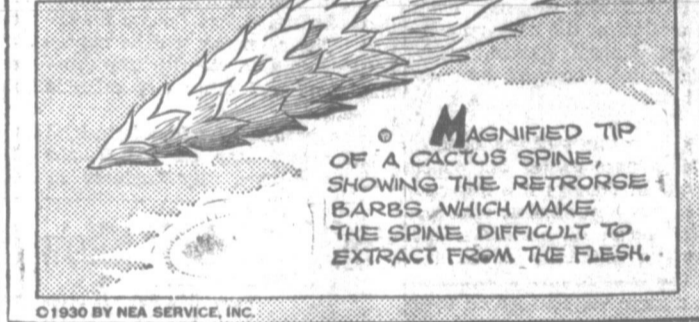

jumble of wheels and wheels—only a little electric motor. The electric generator in the central power house does all the work and keeps all the clocks on the line at the same time, the right time.

While it eliminates a lot of good excuses for tardiness, the new electrical clock really is a blessing.

Murder Backstairs

by ANNE AUSTIN AUTHOR OF 'THE AVENGING PARROT' 'THE BLACK PIGEON' ETC.

BEGIN HERE TODAY

DORIS Matthews, lady's maid, murdered Friday night after 11:30 in a summerhouse on the Berkeley estate.

'Big and tall—ran like an athlete, eh?' Strawn repeated.

Mrs. Berkeley is forced to admit she slapped Doris while the maid was dressing her for dinner because Doris said she used too much perfume.

CHAPTER XXIV 'Whew! I thought those reporters would tear my uniform off me!' Captain Strawn grunted disgustedly.

PECOS, April 14. (P)—Mrs. William Turner of Pecos, injured Saturday in the crash of a barnstorming plane at the Pecos airport.

FOR SALE—3 room house with bath, in redeveloped part of Pampa. \$1600. \$300 down and \$50 per month.

FOR SALE—3 room house, inside toilet. East end location. \$1550. \$250 cash, \$35 per month.

FOR RENT—5 room brick veneer and garage. Well located. New. \$8500. Good terms.

'All right. Get along with your story,' Strawn ordered. 'Well, I'd been told that I wouldn't be needed during the evening, but at about a quarter to 11 the phone in my room rang.'

'The Riverside Country club?' Strawn repeated, startled, his eyes suddenly narrowing to slits. 'That's only about eight miles from here, isn't it? If I'd known this young man, you'd have been on the carpet long ago!'

married eh?' 'Dreamed about getting married, yes! But instead of twiddling my thumbs I was counting cars, and here's the proof!'

'No no Nanette' at Rex Pleases Local Crowds

In bringing the delightful musical comedy, 'No, No, Nanette,' to the talking screen First National has set a brilliant pace for other Hollywood studios to follow.

The story—the comedy fable of a very unsophisticated millionaire who imagined he could buy clothes for pretty girls just out of pure good nature and get away with it—is very funny.

Other song numbers are 'The Japanese Ballet,' 'The Dance of the Wooden Shoes,' 'Dancing on Mars,' and 'Pretending.'

Bernice Claire and Gray portray the leading roles very effectively. Miss Claire, a new personality from the stage, playing her first picture, will without doubt be one of the musical comedy talkies' bets hereafter.

Kidnapers Are Reported Killed

NOGALES, Ariz., April 14. (P)—While Nogales today awaited arrival of J. E. Bristow, San Angelo, Texas, oil operator, dispatches from Mazatlan, Sinaloa, Mexico, reported that eight bandits, among them members of the band that held him captive for a month, had been slain by Mexican troops.

General Pablo Rodriguez, leading the detachments of soldiers, fell upon the desperadoes in the mountainous section between Mazatlan and Tepic, Nayarit. No casualties were reported by the soldiers.

The bandits were said to have been those who made an unsuccessful attack south of Mazatlan upon the Southern Pacific of Mexico train.

bringing Bristow back to the United States. Cruz Delgado, leader of the kidnapers, who released Bristow last week after his son, Gordon O. Bristow, had paid a \$200,000 ransom, was not mentioned in the report of the battle.

The Bristows planned to leave here at noon for El Paso, Texas, where the wife of the oil man will join them.

Senator Nye Appointed WASHINGTON, April 14. (P)—Senator Nye, Republican, North Dakota, has been determined upon as the chairman of the senate campaign funds investigating committee in the place of Senator Johnson, Republican, California, who declined the appointment.

Agrarian Plan Approved BERLIN, April 14. (P)—The Reichstag today approved the government's bitterly contested Agrarian program on its third and final reading by a vote of 200 to 204.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION

Sealed proposals addressed to the State Highway Engineer of Texas, for the improvement of that part of State Highway No. 33, covered by F. A. P. No. 421-G in Gray County, will be received at the office of the State Highway Engineer at Austin, Texas, until 10 o'clock a. m., April 22, 1930, and then publicly opened and read.

Work consists of constructing Grading and Drainage Structures. From the Carson County line to Pampa a distance of 7.286 miles.

A certified or cashier's check for \$1,200.00 is required.

Detailed plans and specifications of the work may be seen for examination and information may be obtained at the office of W. C. Bushfield, Resident Engineer, at McLean, Texas, and at the office of the State Highway Department State Office Building, Austin, Texas.

The usual rights are reserved.

'Anybody to corroborate this at little abbi?' Strawn asked. 'I suppose my car was noticed by at least a hundred people but I don't know who any of them were. I didn't speak to anyone. But it is the truth—take it or leave it.'

'And what time did you say you got back here, after using your employer's car on private business?' 'About five minutes after 12. I remember looking at the clock on the dashboard when I was held up by a passing freight train just outside of Hamilton. It was 12 straight-up then, and it took me not more than five minutes to reach the gates of Hillcrest. It was when I was turning into our own driveway that I saw the man.'

'What did he look like? What was he doing?' Strawn demanded skeptically. 'I didn't get a good look at him. Arnold admitted. 'I just supposed it was a new sweetie that Della or Peggy, the downstairs maid, had picked up somewhere, and had been having a sneak date with. He was big and tall both, and was wearing a light gray top coat and a gray felt hat.'

'When I swung my car in between the gates he was running away from them up the road. My headlights were on him just a second, and I only saw his back, but he ran like an athlete, I'm telling you! I thought at the time he was hurrying to catch the interurban trolley, which had just whistled at the stop about six blocks away from Hillcrest. There's a station just north of here, you know, and he was headed in that direction.'

'Big and tall—ran like an athlete, eh?' Strawn repeated thoughtfully. He reached for the telephone on the library desk and called police headquarters. 'Round up John Maxwell, Sergeant Turney,' he ordered crisply. 'Yeah. That Maxwell. He got into town yesterday... yeah. Maybe!... Not yet—Sure! I'll be in at noon.' He hung up the receiver and turned again to the chauffeur. 'Now, Arnold, come clean!' he snapped. 'Why did you kill the girl and let Dick Berkeley get off scotfree?'

City Council of P. T. A. Is Formed Last Saturday

Representatives of the Parent-Teacher association groups of Pampa met Saturday afternoon at the high school and organized the City Council of P. T. A.

Governor Long May Campaign in Senatorial Race

PLAQUEMINES, La., April 14. (P)—Making his first public announcement on the subject, Governor Huey P. Long said here last night in an address that he would oppose Senator Joseph E. Ransdell for the United States senate provided he could finish his term in the governor's chair before taking office if elected.

Hoovers Have New Grand Daughter

LOS ANGELES, April 14. (P)—The president and first lady of the land have a new granddaughter. The child was born Saturday to Mr. and Mrs. Herbert Hoover, Jr., until last night. The child weighed six pounds at birth.

Modes of the Moment

Story's Heavy Bond Forfeited

DALLAS, April 14. (P)—Bonds totaling \$33,000 in 25 felony cases were forfeited against Yancy Story today by Judge C. A. Pippen when the Denton county rancher failed to put in an appearance in court to answer the charges.

Markets

CHICAGO GRAIN CHICAGO, April 14. (P)—Wheat: No. 3 red 1.10; No. 2 yellow hard 1.05. Corn: No. 2 mixed 82 1-4; No. 1 yellow 82 3-4 to 83 1-2.

May Probe Cotton

WASHINGTON, April 14. (P)—The Sheppard bill to authorize the secretary of agriculture to investigate the cause of the decline of cotton prices from 1926 to 1929, inclusive, was passed today by the senate and sent to the house.

Loose Cotton Decision

WASHINGTON, April 14. (P)—Cotton compresses and warehouses near the water front in Galveston and Houston failed in the supreme court today in their effort to set aside an order of the interstate commerce commission regulating rates on cotton, which they claimed gave illegal advantage to uptown competitors.

Dallas Woman Beaten by Negroes

DALLAS, April 14. (P)—Exhibiting body bruises, Mrs. J. N. Parrott reported to police here she had been attacked by two negroes and her automobile stolen as she enroute home from a party early today.

Ranchman Kidnaped

MEXICO CITY, April 14. (P)—Dispatches today from Zamora, Michoacan, said the rancher Jose Maria Quiroz had been kidnaped and was held in the hills by bandits. A column of soldiers is searching for him.

Judge Parker Is Defended by Administration

WASHINGTON, April 14. (P)—Action on the nomination of Judge John J. Parker of North Carolina to be an associate justice of the supreme court, was deferred for a week today by the senate judiciary committee.

Life Termer Is Now at Large

HUNTSVILLE, April 14. (P)—For ten years, E. E. Sapp, 52, serving a life term from Brazos county for murder had been a state approved trustee, employed in the last several months in the home of Captain E. F. Morgan.

Attends Sunday School 37 Years Without Miss

AUSTIN, April 14. (P)—James W. Pariss yesterday completed his 37th year as a Sunday school goer without a single miss. The Hyde Park Methodist church delighted him on his achievement.

Wichita Falls Woman Is Hurt in Accident

HOUSTON, April 14. (P)—Mrs. M. Pola of Wichita Falls was brought to Methodist hospital today following an accident at Waller in which she was injured.

Accented today by three developments which set Washington wondering if a repetition of the battle which attended the nomination of Charles Evans Hughes as Chief Justice was in prospect.

From the White House there came last night a statement, prepared by the justice department, defending Judge Parker against the criticism of the American Federation of Labor, which simultaneously issued a reiteration of its opposition. In addition, it was learned that Chairman Norris of the senate judiciary committee had decided to oppose confirmation and might be joined by Senator Borah.

Knowledge Competition Read and Win

To the first person sending in the absolutely correct names and addresses of firms listed below to "Who Is It" editor, Pampa Daily News, before 6 p. m. Thursday, April 24, will receive First Prize—\$200.

Auto Beauty Parlor

No. 10.—When the car gets a bump, whether you are responsible, or the other fellow, do you know where to take the car to get the dents taken out of the body and the fenders straightened?

Cheer-Up Service

No. 11.—When you see the yellow truck coming then you know that your cleaning troubles are over. For they will come and get the garments you wish to have cleaned and pressed, returning them to you perfectly finished.

Everything in Glass

No. 12.—We ask, right now, tell us the name of the business where one can get glass—all kinds, plate, auto, window, shatter-proof glass? We refer to the glass specialists here in Pampa.

Solve This Puzzle

No. 17.—The name here is a combination of two distinct and separate words for this business house in Pampa. The first means for a person to move rapidly or something to flow; the last part means a valve. Really a cross-word puzzle.

Social Necessity

No. 22.—It is fine to know folks, have friends, but to meet them in a social way there is a definite requirement—to be well dressed.

Who Is It?

3400

Artists in Food

No. 1.—To what place of business in Pampa do you suppose we refer in this cross word puzzle of Pampa's business houses, when we say artists in food? We say that because they are artists in cooking and serving food, and additionally because the name of the owner is the same as one of America's most gifted artists—you remember the one so popular and noted for his paintings of girls.

United Motors Service

No. 6.—Do you know the place of business here in Pampa, which is the authorized agency for United Motors? This shop does several different kinds of work for your car. They will repair the radiator, sell you a new one, or restore the circulation, straighten fenders if necessary.

Uplifting Station

No. 2.—Do you know the name of this snappy service station where the name and the emblem means hoist, uplifting and help-along in this cross-word puzzle about Pampa's principal business firms? Here you get Texaco, Pennant and Olinco gas and oils, and competent and dependable washing and greasing for your car.

The Bigger the Better

No. 3.—We call your attention here in this cross word puzzle of Pampa institutions to the firm which tells you "The Bigger the Loaf the Better the Flavor" and we do want to know if you know the firm name. This shop takes flour, with other ingredients, and makes big loaves of bread, pastries and cakes.

Boiler Makers

No. 4.—Who is the firm here in Pampa that tells you they are practical boiler makers and welders? Do you know them and the work which they do? If you do not this is an invitation to you to look them up and find out for yourself the many things they can do for you.

Knowledge Competition Read and Win

To the first person sending in the absolutely correct names and addresses of firms listed below to "Who Is It" editor, Pampa Daily News, before 6 p. m. Thursday, April 24, will receive First Prize—\$200.

Save With Ice

No. 5.—This is a firm which you all know, and depend upon for the preservation of foods, now and all the time. This number you know and keep in mind, for use each day, 184. Their wagons for the efficient delivery service are aluminum colored with red letters, red wheels and the inside a light blue. Their place of business is red brick gray stucco front, black and white letters. They will call at your home each day and leave you the amount of pounds you wish, many or few, and you are sure of having well kept foods. Fresh and crisp with all the moisture left in them. Serving all the food value. This service does not cost you much, and if you have a well insulated box the temperature will be uniform, if kept full. If you are in the market for a new refrigerator, ask these folks to show you those in stock and tell us "Who Is It?" Name and location, please.

Auto Beauty Parlor

No. 10.—When the car gets a bump, whether you are responsible, or the other fellow, do you know where to take the car to get the dents taken out of the body and the fenders straightened? Perhaps you may want a new top or glass for the front or doors. Do you know the place which does this class of work in a satisfactory manner? There is such a place in Pampa. They know how to do these things in a very efficient way, and the way they do it and the fair price they ask will please you. If your car needs a new paint job, they will do it as it should be. Also new upholstery will make the inside look as attractive as the outside with a high class job of Duco refinishing. That's why we call this place the auto beauty parlor. The phone is CCCCC in Roman numbers. "Who Is It?" Correct name and address, please.

Cheer-Up Service

No. 11.—When you see the yellow truck coming then you know that your cleaning troubles are over. For they will come and get the garments you wish to have cleaned and pressed, returning them to you perfectly finished, all that is necessary to the rest. This firm is located in a brick building between two automobile firms, with a yellow painted front and their name in gold letters on the windows. A double door entrance, and a Master Cleaner sign on each window. They tell you that they do quality cleaning and pressing, sure to please you. They specialize in ladies garments. You will get much better service on your cleaning for the Easter season, if you will not wait till the last day or two, to send the work. But can you tell the correct name and address of this firm? "Who Is It?" in Pampa.

Everything in Glass

No. 12.—We ask, right now, tell us the name of the business where one can get glass—all kinds, plate, auto, window, shatter-proof glass? We refer to the glass specialists here in Pampa. Their place of business is rather hidden, unless you have a good idea just where that look, but when you do find them they will do that job of putting glass in whatever may need glass, and a real job done. These folks have a truck for delivery which is painted dark green, with orange wheels and stake body. Regardless of the size of the glass job, they can and will do it for you in the most efficient and quickest possible manner. You will like their business methods, and their courteous services rendered. The small job will receive the same consideration as the largest one. Phone 142. But can you tell "Who Is It?" in Pampa? Name and address.

Solve This Puzzle

No. 17.—The name here is a combination of two distinct and separate words for this business house in Pampa. The first means for a person to move rapidly or something to flow; the last part means a valve. Really a cross-word puzzle. But at this place of business you will find it to be the middle center of Pampa—Baldwin and Guilanet's Plans, upright and grand. Victor phonographs and radio and the combination micro-synchronous, the Binwick radio, portable phonographs, banjos, guitars, musical instruments, sheet music and records. Of course, from the line of merchandise given you may know where it is and that you get the most attention to your needs and prompt service in harmony with the finest name and purpose of this local institution. But give us the correct name and address of "Who Is It?" in Pampa.

Social Necessity

No. 22.—It is fine to know folks, have friends, but to meet them in a social way there is a definite requirement—to be well dressed. This is applicable particularly to men. It is to men this business in Pampa offers Society brand clothing. Society brand suits are a social necessity. Clothes to make a difference and Society suits make a difference. Proper appearance is traceable directly to where man buys his clothes. Also, the same goes for the men who care for their clothes. Wilson Bros., haberdashery—underwear, hose, garters, shirts and cravats—Hartley and Perstage shoes, good clothes, handkerchiefs, luggage and gloves. This store is the only one in Pampa with display windows finished with tired in oak. Everything for the well dressed man and those who want to be among the well dressed. "Who Is It?" and correct address in Pampa.

EVERY MAJOR LEAGUE PILOT IS OPTIMISTIC THIS SEASON

MANAGERS OF BIG CIRCUITS IN FORECASTS

By The Associated Press

Although the reaction in some places will be different later on, there is not a down-hearted manager in either major league as the baseball season opens. Not all leaders of the clubs think they have a chance to win, but with an exception here and there, the pilots expect their clubs to do better than was the case last season.

The managers speak:

American League

Connie Mack, Athletics—"The Athletics are not claiming a pennant because we realize every team has strengthened, and we look forward to a close race."

Bob Shawkey, Yankees—"Expect the Yankees to do better than we have added strength in new players and I have no fear about our pitching."

Stanley Harris, Tigers—"It would be foolish to claim a championship for no sane man can discount the strength of the Athletics and Yankees, but I believe Detroit will be in the race. We are much better than we were at this time last season."

Roger Peckinpaugh, Indians—"We may have been lucky to finish third last year as some say but we have a good ball club and I am hopeful we can cause a great deal of trouble for the other clubs."

Bill Killefer, Browns—"It is true that we haven't as much punch as I would like to see but we have good pitchers and a lot of hustling young players. We should do well."

Walter Johnson, Senators—"I am sure Washington will have a hustling ball club, with good spirit and punching and I am confident it will make a better record than in 1929."

Dan Bush, White Sox—"No one can question the fact that the White Sox are a stronger club. Hitting of course will decide our place at the finish but at any rate we shape up better than seventh."

Heinie Wagner, Red Sox—"Our team looks better now than it has at any time during the four years I have been connected with it. The players will hustle and I am hopeful of results."

National League

Joe McCarthy, Cubs—"Additional strength leads me to believe the Cubs will repeat and barring accidents and breaks that are unforeseen, the Cubs will come down to the finish a winner."

Jewel Ems, Pirates—"I see every reason for being optimistic and with a fine array of hitters combined with youth and speed, the Pittsburgh team ought to be up there in the race, provided our players do not meet with too many injuries."

John J. McGraw, Giants—"We are cheerful as we prepare to open the season. Marshall will prove a good second baseman for us and the improvement in Ott's play is one of the most striking things I have seen in baseball."

Gabby Street, Cardinals—"I am not saying the we will win the pennant but we have a good team and will figure in the race. I expect to see our pitchers do some great work."

Burt Shotton, Phillies—"I expect my club to finish in the first division and if we don't get up there, the second division will be much stronger than I expect it to be."

Wilbert Robinson, Robins—"Brooklyn has been tremendously improved over last year's club and I will be very much surprised and disappointed if we are not in the thick of the fight. Our infields are well and we have added much strength."

Dan Howley, Reds—"The Reds are quite a bit stronger than last year I believe and we all look forward to a real try for the first division. Given good pitching we will surprise the fans of Cincinnati."

Bill McKechnie, Braves—"We will have to feel our way along for a while but we have started the rebuilding program and we may be able to show some immediate results."

Hoover to Make Radio Address

WASHINGTON, April 14. (AP)—President Hoover will speak tonight at the thirty-ninth continental congress of the Daughters of the American Revolution. His address will be broadcast by an extensive chain of radio stations combining both the National Broadcasting company and Columbia systems.

Members of the organization, assembled here today for the opening meeting of the congress, held in the new auditorium erected in conjunction with national headquarters here.

Sidat in Nogales

NOGALES, Ariz., April 14. (AP)—Captain Pablo Sidat, Mexican army aviator on route from Mexico City to Los Angeles arrived at Nogales at 9 a. m., today after a flight from Ciudad Obregon, Sonora, where he spent last night.

Altitudious Husky Ace Shoots at Shot Mark

SEATTLE, (AP)—Paul Jessup of the University of Washington track and field team has sounded a note of warning to the great shot putters of the country.

The former Husky football captain who stands 6 feet, 6 inches high took a strangle hold on a 16 pound ball and hoisted it out 50 feet 6 1-2 inches during indoor practice recently.

Although it was the best mark he had ever made he has been tossing the shot around 50 feet every day and is striving for 51 feet before the track season officially opens.

Jessup is a husky in competition and his friends are predicting some startling news when he competes in the national collegiate meet in Chicago next summer.

"He's Edmondson, Washington track coach, has visions of the Husky giant becoming a greater shot putter than Herman Brix, National A. U. champion and former Washington star. Edmondson fought Brix the tricks of the sport which enabled him to place second in the last Olympic games with a toss of 51 feet 8 inches.

Jessup's best mark in competition last year was 50 feet 2 1-2 inches. Edmondson is pushing him hard this season as it is his last at Washington.

CLOSE RACE IN NATIONAL LOOP SEEN

By Hugh S. Fullerton, Jr.

NEW YORK, April 14. (AP)—The National League approaches the opening of its 1930 season with a plentiful supply of doubt, an equal amount of hope, and the one certainty that the pennant race will be unusually close.

Four new managers add to the uncertainty of the struggle. Bill McKechnie, former producer of champions at Pittsburgh and St. Louis, has taken the Boston Braves in hand. Dan Howley has assumed the reins at Cincinnati and Jewel Ems of Pittsburgh and Gobby Street of the St. Louis Cardinals have been promoted from coaching to managerial jobs. Ems took charge of the Pirates last year and is starting his first full season as manager.

The champion Cubs must contend with Roger Hornsby's sore heel as a possible producer of trouble at second base although their weak spot at third seems to have been patched up by Lester Bell and Clarence Blair. Leo Hartnett is back to add catching strength.

Two other teams rated as strong contenders, St. Louis and Pittsburgh, must start the season with some of their regulars on the sick list. The Cardinals, with stronger pitching than last year and an infield improved by moving Frisch down to third are shy outfielders Orsatti and Peel. Pittsburgh is badly hit by Pie Traynor's eye ailment, and the fact that Lloyd Waner has not completely recovered from an operation.

The New York Giants are troubled by a shortage of first class outfielders although the trade which brought them Walter Roesinger from the Cards seems to have helped considerably.

Brooklyn, Philadelphia and to a lesser extent Cincinnati, are the "dark horses" of the race. The Boston Braves are slated for the cellar again by all the experts.

Jefferson Is Greatly Honored

CHARLOTTESVILLE, Va., April 14. (AP)—Thomas Jefferson the statesman will be eulogized tonight by Dr. Edwin Anderson Alderman, president of the University of Virginia, in a radio address over a nation-wide hookup, concluding the three-day observance of the 187th anniversary of Jefferson's birth.

Yesterday Jefferson the crusader for religious freedom was honored by representatives of three religious sects and prominent members of two major political parties, while Saturday students at the University of Virginia paid tribute to Jefferson the educator at their founder's day exercises.

On the porch of Monticello yesterday Senator Clarence C. Dill, Democrat, Washington, and Senator Simeon D. Pess, Republican, Ohio, eulogized Jefferson's work for the right of religious worship in the United States, and were followed by a prayer at the grave by Bishop Collins Denny, of the Methodist Episcopal church, South, Protestant representative, and brief remarks by Rabbi Edward N. Calisch, Richmond, representing the Jews and Rev. John I. Kelleher, Richmond, speaking for the Roman Catholics.

A wreath sent by President Hoover was placed on the monument, while flowers were dropped from an airplane circling overhead.

Today's plenary session lasted 24 minutes, and was merely for the purpose of getting final formal approval of committee reports, which constitute the "raw" material for the treaty itself. Mr. MacDonald, an old parliamentarian, wasted no time, but rushed the business so fast that at times he and the official interpreter fell over each other's words.

There was one interesting break, when the prime minister asked Secretary Stimson to announce an element of further agreement between him and Reijiro Wakatsuki, head of the Japanese delegation. Secretary Stimson arose and said that he and the Japanese had agreed that exchanges might be made between the light cruiser and destroyer category not to exceed ten per cent of the category to which the change is made. The Japanese had asked for a fifteen per cent differential.

The American delegation was jubilant over the prospect of being able to catch the Leviathan next Tuesday or thereafter for their homeward trip after more than three months away from the United States. It undoubtedly will be necessary to delay the liner's sailing for a few hours, but if a treaty is signed by midday Tuesday the Americans should be able to get to Southampton later in the afternoon.

Foot Kills Self

MOSCOW, April 14. (AP)—Vladimir Mayakovsky, regarded by many as Soviet Russia's greatest poet, committed suicide today. Mayakovsky visited the United States in December, 1925, and on his return to Russia pictured the United States as money mad.

Woman's Champ Plans Practices

NEW YORK, April 14. (AP)—Helen Willis Moody, world's woman's tennis champion, has arrived in New York for a series of practice matches designed to get her into condition for defense of her French and British singles titles.

Mrs. Moody has played frequently in California this winter, but plans several exhibition matches here with Elmer Griffith. She will sail for Europe aboard the Berengaria on April 22.

CLARENDON IS DEFEATED BY GULF'S GUNS

The Gulf Guns silenced the highly-touted Clarendon nine on the Gulf diamond Sunday, winning 11 to 5.

Edelen went the route for the Guns, giving up only 7 hits and striking out 8 men. His bullet delivery was too much for the visitors.

Clarendon used two hurlers and allowed 13 hits. The game was in doubt up to the eighth frame, when the Gunners started their bombardment, batting around and getting 5 added runs. Hays, Gulf second baseman, thrilled the stands by going deep into center field, to make a backhand play that ordinarily would have been good for two bases.

Guns 13 11 4
Clarendon 7 5 3

Coltexo Wins Jemco Battle

The Coltexo gassers of LeFors gave the Jones-Everett Machine company Jemcos what they were not looking for yesterday afternoon here and won a baseball game, 11 to 6.

The absence of Bullock, pride battery of the Jemcos, and Rusty Cahill, was the reason advanced by the losers. Gilliland, on the mound for the Machinists, struck out ten men, while the Coltexo twirler struck out six. The two teams divided two homers. Byble ran the circuit for the Jemcos.

The Machinists will play the Gulf Guns Wednesday afternoon.

Virginia Forest Fire Is Menacing

BUCHANAN, Va., April 14. (AP)—The eight hundred inhabitants of this Virginia valley town today were anxiously awaiting the outcome of a battle volunteer fire fighters were waging against forest blazes which had them surrounded.

The fires were said to be the most furious ever to besiege the forests of the state. Thousands of acres of valuable timber have been lost, dwellings have been burned and livestock killed.

Foresters said the fires were caused by the carelessness of trash burners in wooded sections, dry weather and high winds.

Cotton Data Released

WASHINGTON, April 14. (AP)—Cotton consumed during March was announced today by the census bureau as 508,576 bales of lint and 63,976 of linters, compared with 495,204 of lint and 60,923 of linters in February this year and 631,669 of lint and 76,564 of linters in March last year.

BEAUMONT IS NOW AT TOP OF COLUMN

By The Associated Press

Beaumont today held undisputed possession of the top rung of the Texas league ladder. It was the first time since the opening of the season Wednesday that no tie for the leadership existed.

The Shippers, previously tied with Dallas, nosed ahead yesterday with a 7 to 4 victory over Houston, while Shreveport handed the Steers a 4 to 3 defeat.

Charlie Wade, outfielder, and Denny Burns, right-hander with a nice assortment of pitching stuff, were the Exporter heroes, Wade hitting two homers, a double and a single, while Burns, though giving up twelve bingles, was miserly in pitches.

Although the Atzmen at Dallas outthrew the Sports 10 to 4, the long distance batting power of the Shreveport lineup again decided the issue. The invaders made two home runs, counted three tallies and took advantage of a brief blowup by the veteran Paul Wachtel for another score, accomplished by a walk, two wild pitches and a sacrifice fly.

The Sports and Steers were headed for another tilt today, Beaumont taking another swing at Houston.

Hal Witse scored the first shut-out of the season when he pitched Wichita Falls to a 4 to 0 victory over Fort Worth, and today the rivals were matched again.

Old Tom Estell outpitched the Joplin twins, Becker and House, yesterday when San Antonio wrestled Waco to a 10 to 3 decision, and Dondero started with two home runs. Another game was on the list today as Waco.

Baseball Season Opens

WASHINGTON, April 14. (AP)—Under a benign April sun, the Washington Senators and Boston Red Sox ushered in the 1930 major league baseball season today. Long before the usual formalities accompanying the opening of the season in the capitol city, the grand stand was filled, and the bleachers in center field were dotted with compact little groups. The senate recessed early to attend the game, while the house of representatives and the cabinet were well represented.

Texan Recommended

WASHINGTON, April 14. (AP)—Senator Sheppard of Texas today recommended to President Hoover that William Lee Estes of Texas, now federal district judge, be named federal circuit judge for the place which would be created in event of passage of legislation now pending before congress.

Students Restrained

TAZEWELL, Tenn., April 14. (AP)—A temporary injunction, restraining two professors and their wives and Clay McCarroll, president of the student body, from "interfering further" with the operation of Lincoln Memorial university by agitating a strike among students at the school, was issued in chancery court here today. The university is at Harrogate, Tenn.

Speed Test Abandoned

DAYTONA BEACH, Fla., April 14. (AP)—Kaye Don, British automobile racer, has definitely abandoned his plans for attempting to beat the world's automobile speed record here this year and will sail for home Wednesday. It was learned today, His car, the Silver Bullet will be shipped back to England this week.

Billiard Ranks Are Announced

CHICAGO, Ill., April 14. (AP)—Jake Schaeffer is ranked by the National Billiard association of America as the world's best 18.2 ball player, with Johnny Layton, Sedalia, Mo., and Ralph Greenleaf of New York, rated similarly at three-cushion and pocket billiards, respectively.

At billiards, behind Schaeffer are ranked Walker Cochran; Edouard Horemans, Belgium; Eric Hagelacher, Germany; Willie Hoppe, New York; Roger Conti, France; Kintyre Matsuyama, Japan; Felix Grange, France; Edmond Derbier, France, and David McCandless, Chicago.

Warfield Improves

NEW YORK, April 14. (AP)—Condition of David Warfield, veteran actor, was described by his surgeon today as "very satisfactory" after an operation.

Mr. Warfield, who is 83 years old, has been at the hospital three weeks where he underwent a "rather serious" operation, the surgeon, Dr. John D. Stewart said. The nature of the actor's illness was not disclosed.

BUY NO DESK Until You've Seen the Sensation of The Business Show

Buy no desk until you have seen Skyscraper, the new desk by Shaw-Walker. You'll marvel at the downright cleverness of it. You'll revel in the rich beauty of it. You'll be amazed at the organized features of it. And you'll gladly pay the moderate price asked for it. Your people, too, will thank you for an easier and better day's work.

No wonder the Skyscraper Desk by Shaw-Walker has the sensation of the Business Show. Every desk-interested person who saw it, whether office worker, executive, official, or professional man, admired the way in which it solves old-time desk problems.

It has a new kind of top—smooth and glove-like. No other desk can have it. Each drawer is organized for the worker's special convenience. One drawer is your "waste basket." Another takes a flat-type interdepartmental telephone. Others hold typewriter, ink, "Out" and "Pending" mail. Others, special card files, visible indexes, pens, pads, accessories, etc.

This new-style desk was designed by Shaw-Walker, a leader in the office equipment field for thirty years. Buy no desk until you have seen this desk sensation at the New York Business Show.

Come see it, or send your mail. Or mail the attached coupon for complete information.

"Apparel for Women"

"Jake-Leg" Has Become Problem for Physicians

There are at least 100 cases of "jake" paralysis, colloquially known as "jake-leg", in Pampa, according to reports of Pampa physicians. Several of the doctors believe like Dr. A. Cole, city health officer, that "there is no way of learning the exact number of cases, because some of the victims are not even taking treatment while others just go from one doctor to another."

A survey of the cases indicates that almost as many women as men are suffering from the malady. Although the white cases outnumber the negro cases, the percentages of the latter is greater according to population. One doctor reported that he had 15 cases.

"Each patient always says the same thing when you ask him if he has the 'jake' habit," Dr. Cole said. "Well, just about a month ago I had one drink of 'jake,'" he'll say. After a patient has started to recover it will be three months before he will be entirely well, and even then he is almost sure to have some permanent weakness as an aftereffect of the disease, Dr. Cole believes.

The first case of the paralysis was reported here about seven weeks ago by Dr. R. A. Webb.

ANOTHER BUS HAS ACCIDENT

ROSWELL, N. M., April 14. (AP)—Nine passengers were injured, one seriously, when an eastbound Pickwick Greyhound lines transcontinental bus plunged into a stage 22 miles west of Roswell about midnight last night.

A man named Beddow of San Diego, Calif., en route to Clinton, Okla., was perhaps fatally injured. Beddow had not regained consciousness early this morning.

His right ear was severed and he had a fractured skull and probable concussion of the brain.

Eight others injured were brought to Roswell and given first aid. They were able to continue on their way this morning.

Local Pickwick officials this morning said they did not have names of the ones who were hurt. There were twelve passengers on the bus.

Local Pickwick officials this morning said they did not have names of the ones who were hurt. There were twelve passengers on the bus.

State History Society to Meet on April 29, 30

AUSTIN, April 14.—Faculty members of the University of Texas department of history will be hosts for the thirty-third annual meeting of the Texas State Historical association to be held in Austin, April 29 and 30, according to Mrs. Coral Horton Tullis, secretary.

The program opens with an executive luncheon at noon, Tuesday, April 29. The first regular session will convene at 2 o'clock, with Prof. J. E. Pearce delivering an address on "Prehistoric Texas"; Dr. Albert Woldt speaking on "The Actual Location of the Tejas Village (San Pedro) and Its Missions in Houston County"; and Miss Jovita Gonzalez lecturing on "The Social and Economic Condition of the Texas-Mexicans before the Industrial Development of the Lower Rio Grande Valley."

At the dinner Tuesday evening, Dr. Alex Dienst will preside, and addresses on the Texas Historical association and its branches, the Panhandle-Plains, The West Texas, The East Texas and the Texas Catholic historical associations will be given by Judge R. L. Batts, J. Everts Haley, R. C. Crane, J. L. Clark and the Rev. Paul J. Foik.

Wednesday morning will be devoted to an exhibit of Texana in the University library. The final program of the convention will be held Wednesday afternoon, and the following addresses will be delivered: "The Office of Political Chief in Mexican Texas" by Rhea M. Smith, "A Study of Thomas J. Rusk Based on His Letters to His Brother, 1837-56" by Mrs. Guy Blout and "A Report on County Archives and Local Historical Collections" by J. Everts Haley. A business session will close the meeting.

Best All-Round Girls in T. C. U.

Students of Texas Christian university have named these three co-eds as the "Best All-Around Girls" in the school. They are: Miss Elizabeth Ruff, Brownsville; Miss Vera Turbeville and Miss Pauline Barnes, both of Fort Worth. Miss Ruff is a sophomore and Miss Turbeville and Miss Barnes are seniors.

Oil Curtailment During March Is More Effective

AUSTIN, April 14.—Curtailment of the petroleum industry in Texas was still observed during March, and production in the United States is now down to the lowest level since December, 1928, according to Harvard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"During March, 26,381,000 barrels of crude oil were gathered in Texas, against 23,772,000 barrels in February and 25,079,000 barrels in March, 1929," Mr. Nichols said. "This makes a total output of 76,441,000 barrels in the first quarter, a new high record. Last year, in the first three months, 70,886,000 barrels were produced. Daily flow averaged 851,000 barrels in March, compared with 810,000 in March a year ago.

"Drilling activity showed little change from February, but the number of new wells completed so far this year is considerably below the number of wells reported in the first quarter of 1929. During March, 544 new wells were completed in Texas, making 1,584 for the first three months. There were 284 producers among the new wells drilled in March, which makes 841 successful wells for the quarter. In March last year, 287 producing wells were brought in, making a total of 939 for the first three months.

"Crude prices remained unchanged during the month, but markets displayed a firmer tendency, due largely to the sharp decline in total production. Gasoline prices were also about unchanged."

Wisconsin District Attorney Is Slain—Ousted Sheriff Arrested

MAUSTON, Wis., April 14. (AP)—Loyal Wright, ousted "boy sheriff" of Juneau county, was arrested today for questioning in connection with the slaying from ambush last night of Clinton G. Price, district attorney.

Price, known throughout the state for his war upon prohibition law violators, was shot down by a assailant who lay hidden outside the kitchen door of his home.

Hardly a month ago Price announced he would reveal facts that would "blow the lid off the Juneau county booze situation." That announcement followed his acquittal on Federal charges of conspiracy to violate the prohibition law.

A shotgun charge, fired through a screen door into Price's back was the cause of death. The district attorney died shortly after midnight. Wright, principal witness against Price at the federal liquor charge trial, was arrested shortly afterward when seen walking downtown with a bandaged hand.

Price had started down a flight of stairs from the kitchen when the attack was made. He staggered back a few steps to where his wife stood and collapsed at her feet.

At the trial of Price and others, Wright testified that the district attorney had accepted "protection money" from operators of a large still at Kilbourn, Wis.

Two Rescuers Fatally Injured

YPSILANTI, Mich., April 14. (AP)—Two men gave their lives in futile rescue attempts after an airplane became entangled in high-voltage wires while making a landing at Ypsilanti airport Sunday. A passenger in the plane was killed as he tried to jump from the burning ship.

The dead are Levi Keppler, teller in the Farmers and Mechanics bank of Ann Arbor, Mich., passenger in the plane; Harry Walters, 31, superintendent of the airport who sought to rescue Keppler, and W. Glasgow, 60, retired farmer who tried to save Walters.

The plane was owned and piloted by Leon Henselmann, 23, of Ann Arbor. In making a landing at the field, Henselmann undershot the field, and the plane struck the wires. The pilot was thrown to the ground, and the plane was suspended 20 feet above, fire flashing from the engine.

Another Killing May Be Bared

SAN ANTONIO, April 14. (AP)—Belief that the John Inzell farm near Waring, which yielded the mutilated body of John W. Bradshaw last Thursday, might hold another murder victim, led Sheriff Alfonso Newton, Jr., to head a searching party that that place today.

He sought the body of Richard King of Luling, who escaped from the San Antonio state hospital on March 21 with Homer Edwards and Ernest Young, both held in the Kendall county jail at Boerne, charged with the murder of Bradshaw.

Sheriff Newton believed King also was murdered and his body either thrown in the Guadalupe river, which failed to conceal Bradshaw's body, or hidden at some other spot on the farm.

His search was begun at the request of relatives of King who reported they had not heard from him since he escaped with Edwards and Young. Although he would not disclose his source, Sheriff Newton said he had information the body had been hidden in a hay stack.

Attorneys employed by Mrs. Young said today they would institute habeas corpus proceedings in an effort to have Edwards and Young returned to a state hospital for the insane and thereby escape trial.

Latin America Seen as Great Future Market

HOUSTON, April 14. (AP)—In a great ball room hung with the flags of all Pan-America, Dr. William F. Gephart of St. Louis gave the keynote address today at the second annual southwest foreign trade conference.

The prime commercial necessity of the United States—particularly the South—he said, was the question of additional foreign markets to take care of manufactured goods long before the capacity of the domestic consumer and steadily increasing.

"Our population," the St. Louis banker declared, "due to immigration restriction and the material decrease in the birth rate is not and does not promise to increase anywhere at the rate that has prevailed in the past. If, therefore, we are not to face in the future a real problem of permanent unemployment, we must find new markets for our products. If we are also to continue our mass production with lower unit costs we must have increased markets for our output."

The two most significant features of United States foreign trade last year were the facts that the nation's exports were higher than in any year since 1920 and that there was a marked increase in the export of finished manufactured goods, he said.

The people of the Mississippi valley and the south, Dr. Gephart believed, would be particularly anxious and particularly able to turn to Latin-America to find buyers because of the advantageous geographical position of the sections and because "of the fundamental complementary character of much of their trade."

To hold the present foreign trade, and to develop more, he went on, the southwest and the south need, first, to know more about international trading; second, better transportation facilities, especially from the gulf ports; third, an international trade policy on the part of our government, which while protecting the American standard of living yet permits—and indeed encourages trade with our nations."

Blast Cause Sought Today

TACOMA, Wash., April 14. (AP)—Cause of an explosion in the Pacific Coast coal company's mine at Carbonado, 20 miles east of here, which cost the lives of 17 miners, was sought by company officials and federal inspectors today.

Death caught every man working on the Douly seam in the second level of the mine, where the blast occurred, Saturday night. There were four other members of the crew, giving rise to early reports that 21 had perished, but they were not near the scene of the explosion and could throw no light on the disaster's cause.

Heiress of Post Is on Honeymoon

NEW YORK, April 14. (AP)—Eleanor Post Hutton, 20, heiress granddaughter of the late C. W. Post, cereal manufacturer, was on a runaway honeymoon today as the bride of Preston Sturges, playwright.

In the face of opposition to the match by her mother, the former Marjorie Post, and her step-father, Edward F. Hutton, the couple eloped Saturday and were married.

The romance between the debutante and the author of "Strictly Dishonorable," Broadway hit, has been known in society circles for several weeks as well as the fact of the opposition of Miss Hutton's parents.

MINERAL WELLS CLINIC offers the largest and most complete drugless clinic in the southwest.

From April 10th to 25th we are offering a course of 21 baths for only \$35. Regular price \$8 each.

It is no longer necessary for you to search for health in distant health resorts, as you now have in your own front yard a combination of the different baths and drugless treatment used throughout the country.

Adequate X-Ray and Clinical Laboratory service, blood analysis, urine analysis, gastric analysis, sputum and fecal tests can be properly done.

Abilene Chamber Attacks Railroad

WASHINGTON, April 14. (AP)—Opposition of the Texas and Pacific railway to proposal of the Abilene and Eastern railway to construct a line between Abilene and Cross Plains, Texas, was attacked before the Interstate Commerce Commission today by the Abilene Chamber of Commerce.

Asserting that the opposition was based upon a plea that the road would be built by shippers of Abilene who would favor their own line, the chamber in a brief said this was not sufficient grounds for denying the application and charged that the Texas and Pacific had followed the same practice in naming as members of its board prominent Texas shippers.

The Chamber recommended that the application be approved to permit expansion of Abilene and Cross Plains and to give employment to men now out of jobs.

More Federal Judges May Be Provided Soon

WASHINGTON, April 14. (AP)—A proposal that fourteen additional federal judges be appointed as a means of relieving court congestion was advanced today by Representative Bachman of West Virginia, Republican member of the house judiciary committee.

He urged this program as a substitute for legislation recommended by the Hoover law enforcement commission to strengthen the enforcement of the prohibition laws.

The commission's proposals have encountered considerable opposition. It is understood both wets and dries are of the belief that the Bachman plan is a practical means of effecting immediate relief.

The West Virginian has embodied his program in a bill which he proposes for introduction today. It is to be brought up for consideration by the judiciary committee on Wednesday.

HERE'S PROOF

THIS is to certify that I was diagnosed as having cancer of the stomach by three up-to-the-minute physicians before I was brought to a chiropractors office by Uncle Frank and Aunt Mary Cope. I was hardly able to sit up at that time, and had lost 47 pounds. I had a Radionic analysis which verified the diagnosis of the other doctors.

With the Copes' aid I purchased a card of Radionic Vibrations—that being Armistice Day, 1929. Today—March 15, 1930—I have gained 32 pounds, can work hard every day, and feel good all the time. I was too sore to be adjusted for the first few weeks, so I just took the Radionic alone for the first three weeks. I was dismissed today—and I can do a man's work and feel good all the time.

I can highly recommend the Radionic and Chiropractic.
