Sale of School Bonds Is Negotiated at Par and Accrued Interest

ERECTION OF BUILDINGS TO BEGIN IN MAY

Brown-Crummer Firm Is Purchaser of New Issue

ARCHITECT NOW DRAWING PLANS

Trustee Election Will Be Held Saturday

Negotiating a private sale, the Pampa school trustees have disposed of the \$200,000 bond issue to the Brown-Crummer Investment company for par and accrued interest.

A short time ago the trustees declined to open bids at a public sale when it appeared that the top price offered would be about \$85.14 on the \$100 bond. The Brown-Crummer company decided to meet the board's demand for par, since the company already holds most of Pampa's bond issues, and desires to protect its own market for them.

The contract calls for delivery of the bonds April 15 if they are approved by the attorney general in time. Plans and specifications for the new ward additions, Central high school annex, and a new North Pampa ward building will be ready by April 20, it was said by the architects, Kaufman & Son. When the plans are ready, the advertising for bids must be placed and the contractors must be given time to figure the bids. The contracts, which may be let in two or three groups, will probably be awarded about May 15, it was stated by Joe Smith, business manager of the district.

TRUSTEE ELECTION TO BE HELD TOMORROW

With only the incumbents in the race, a school trustee election will be held Saturday in the Pampa Independent school district.

C. P. Buckler, secretary of the board, J. M. Dodson, and Roger McConnell are candidates to succeed themselves. The election will be held at the Board of City Development auditorium with L. C. McMurry as judge and W. R. Campbell and Chas. Hughes as clerks.

Mine Explosion Takes 13 Lives

BRUSSELS, Belgium, April 4. (AP)—Thirteen men were killed and eight injured in a fire-damp explosion in a coal mine at Elouges, near Mons, last night.

Two of the injured men were seriously hurt and were taken out by rescue crews who worked desperately throughout the night.

The explosion occurred as an electrically controlled dynamite charge was detonated. The miner in charge of the operation declared all precautions had been taken and there was no trace of firedamp before the accident.

GETS EIGHTEENTH WELL

TYLER, April 4. (AP)—The Van oil field today had its eighteenth producer. The Pure Oil company's J. T. Thompson No. 2 came in yesterday at a depth of 2,874 feet, making an estimated 10,000 to 12,000 barrels daily. It is now located southwest of the discovery well.

Commander Byrd on Return from South Pole

This picture shows Commander Richard E. Byrd with his pet fox terrier debarking at Dunedin, New Zealand, after his successful flight over the South Pole. It is the first photograph of the noted explorer to reach the United States, and it was rushed to the Pampa Daily News by boat from Panama and to New York by airplane. From New York it was transmitted to Chicago by telephone wires, then rushed here by air mail and special delivery. It is copyrighted by NEA Service, Inc.

2 Ohio Banks Looted

Machine Guns Used in Couple of Bold Hold-Ups

DAYTON, Ohio, April 4. (AP)—Five robbers, masked and armed with a machine gun, held up five bank employees of the Xenia avenue branch of the Union Trust company and several customers looted the bank vault of practically all of its cash and escaped with a sum estimated at between \$30,000 and \$40,000 shortly after the bank opened for business this morning.

Two of the men remained in an automobile in front of the bank while the other three entered and forced the bank employees and customers to lie on the floor.

After scooping up every bit of available cash in the vault and what was lying on the counters, the robbers escaped in the waiting machine.

The bank has been robbed four times within the past several years. The loot ranged from \$5,000 to \$15,000 in the other holdups.

CINCINNATI, April 4. (AP)—The Reading bank was robbed of \$9,000 today by four men armed with a machine gun.

A grocer across the street saw the robbers and opened fire on them. The robbers immediately gave up attempts to secure additional currency, ran from the bank, returned the grocer's fire with the machine gun and escaped in an automobile.

None of the shots took effect.

Burglars Get Small Hauls

The Jitney Jungle, Lemon's Meat Market, and the Pampa Supply were broken into by burglars last night, but the loss at each place was small. Small coins were taken at the Jitney Jungle, three cases of cigars at Lemon's, while the Pampa Supply reported nothing missing in the last place, the safe was thoroughly ransacked and its contents scattered over the floor. The lock was broken off the safe at Lemon's store.

County officers photographed the prints at the various business places. Both city and county officers are working on the case.

WILL FORM AUXILIARY

Members of Pampa American Legion will go to McLean next Tuesday night, April 8, for the purpose of organizing a Ladies Auxiliary. All members and their wives that can possibly do so are urged to do so.

Football Banquet Claiming Interest of the Harvesters

Forky boys and about the same number of men will assemble at the Methodist church basement tonight at 8 o'clock to talk football. The banquet will follow the Harvester vs. Harvester game to be played this afternoon.

Lynn Boyd will be master of ceremonies, and the entertainment will include a saxophone duet by Smith Wise, Jr., and Paul Keim and selections by the Lions club quartet. There will be a number of short speeches.

Coach Odus Mitchell said today that the boys were eagerly looking forward to the banquet. He added that he would enter ten or twelve of the best track men in the Tri-State meet at Amarillo April 11 and 12 at the next athletic event.

Wade's Trial Is Set for April 13

After a jury had been selected and seated in the box for hearing of evidence, trial of R. E. Wade on a charge of possessing intoxicating liquor for the purpose of sale was postponed until April 13 by Judge W. R. Ewing this morning when District Attorney Clifford Braly said that the state was not ready to proceed with the trial because of the absence of material witnesses. The missing witnesses were Lou Murrell and Mr. and Mrs. Ted Keim, Mr. Braly said.

The case was called for trial yesterday afternoon but neither the defendant nor his attorney was present. Judge Ewing ordered Wade's bond forfeited, but said this morning that he would set aside that ruling since the state was not ready.

W. L. McConnell, of the firm of Douglass and McConnell, defense counsel, yesterday afternoon offered a motion for continuance of the case but withdrew it this morning. He informed the court on April 13 the defense might not be ready for trial. He said he would be in Central Texas at that time. Curtis Douglass, attorney for Wade in a trial for possession of liquor held here last week, was not present. Wade was then acquitted by a jury that was out 37 minutes. There are still four indictments for possession of liquor against him on the docket.

In court yesterday, Bill Kasen, Syrian youth of Borger, was acquitted on a charge of robbery with firearms. Judge Newton P. Willis represented Kasen.

Scout Officials Called to Meet at Camp Warner

M. K. Brown has been made national representative for the Adobe Walls Boy Scout council, it was stated today in a letter from C. A. Clark, executive.

Mr. Clark urged that all executive board members and camp committees to meet at Camp Warner, south of Claude, Saturday morning. Plans for the year will be started at that time. The Rev. Tom W. Abraham, new council president, will be in charge of the meeting. He is conducting a revival at Claude at this time.

The fiscal year will not end until June, but President J. Sid O'Keefe of Panhandle called for an early election so that no time would be lost between administrations. Mr. O'Keefe was praised for his work in developing the new council.

Calhoun Wants Prisoner First

Disposition of a prisoner, Roy Murphy, being held on a charge of carrying firearms and on a charge of carrying a knife, was the subject of an editorial in a newspaper published by Joseph Daniels, former Democratic navy secretary, in which Raskob was condemned for serving as a director of the Association Against the Prohibition Amendment while Democratic chairman.

Wales broke in and shouted to Raskob not to answer the question. Robinson retorted that the same sort of question was asked Claudius H. Huston, chairman of the Republican National committee, while he was being questioned by the committee on his Muscle Shoals activities.

Pampa Boy Is Hurt in Accident

Suffering from a fracture near the base of the skull Clyde Husted, Pampa youth, was still in an unconscious condition in an Amarillo hospital, where he was taken after the motorcycle he was riding overturned on highway No. 13 near Amarillo yesterday afternoon about 6 o'clock.

Robert J. Meers, who was riding with Husted, was bruised on the head and hip, but was back in school this morning.

The accident occurred after a tire had blown out. J. L. Noel, who was driving his automobile behind the boys, took both to the hospital.

RASKOB TELLS OF WORK FOR WET SOCIETY

Says Progress Made in Effort Against Amendment

HE DONATES TO BODY'S FUND

Says Republicans Are in Majority on Board

WASHINGTON, April 4. (AP)—Called for questioning in regard to his stand against prohibition, John J. Raskob, chairman of the Democratic national committee, today testified before the senate lobby committee that he had "no right to commit the Democratic party on either side of the question."

After testifying he had contributed between \$65,000 and \$68,000 to the association against the prohibition issue amendment, of which he is a director, Raskob asserted he was careful not to mix his personal beliefs on prohibition with the affairs of the Democratic national committee.

"My opinion," he said, "is that no one can commit the Democratic party on this question except the national convention. I shall not try to influence any Democratic member on this question."

Many listeners The committee room was crowded with spectators as Raskob appeared. Three members of the lobby committee were present. They were Senator Robinson, Republican, Indiana, who asked that Raskob be called, and Senators Caraway of Arkansas and Wish of Montana both Democrats.

Caraway, chairman of the committee, questioned Raskob at first. The Democratic chairman said he contributed \$12,500 to the Association Against the Prohibition Amendment in 1928, \$50,000 in 1929 and had pledged \$30,000 for 1930, some of which had been paid.

Raskob said he thought some progress had been made toward modification or repeal of the Eighteenth Amendment, but testified he took little part in the active work of the association. He added the wet organization was interested in the election of wets to congress "rather than in the persuasion of those in congress."

Under sharp questioning by Senator Robinson, the Democratic leader said the association was not a lobbying organization, but added he was not sure of the correct definition of the term.

The Indiana senator asked Raskob if he intended to quit after reading an editorial in a newspaper published by Joseph Daniels, former Democratic navy secretary, in which Raskob was condemned for serving as a director of the Association Against the Prohibition Amendment while Democratic chairman.

Wales broke in and shouted to Raskob not to answer the question. Robinson retorted that the same sort of question was asked Claudius H. Huston, chairman of the Republican National committee, while he was being questioned by the committee on his Muscle Shoals activities.

Raskob said the purpose of the association was to "attempt by education to convince the people of the United States that the Eighteenth Amendment ought to be repealed."

"Have you much hope?" asked Caraway.

Raskob laughed before he answered "Yes, I think I have a great deal of hope we are making progress toward modification."

Raskob read a list of the names of names of men comprising the board of the association.

"I note some Irish names on it, and I judge it is bipartisan," remarked Chairman Caraway.

"Yes, I think there are more Republicans than Democrats on it," added Raskob.

Caraway asked Raskob if he had seen members of congress in regard to their views on prohibition since he became a director. "No," said the witness.

WILDCAT TEST IS OPENING NEW AREA

Expecting a bigger pay, deepening of Shoup Brothers No. 1 Aldous, section 96, block 16, Collingsworth county, began today at 2,198 feet. The well came in yesterday for an initial flow of 200 barrels a day. A number of local men have interests in the well.

The test is four miles south of Shamrock on the Shamrock-Welington highway. This is Collingsworth county's first oil well.

The 8-inch pipe, now landed at 2,030 will be straight reamed on down to 2,191 and seated there. The first show of gas, a slight one, was at 1,442 and the second at 1,678. At 1,942 the gas increased to one and one-half million feet coming from a brown dolomite. First show of oil was at 2,176 to 2,177, which increased slightly at 2,180. At this depth there was a hard break of several feet and immediately under this was the first pay which produced 10 barrels a day. Four feet deeper it produced 200 barrels daily. The big line was found at 1,460 feet.

Among the local men interested in the well are Dr. John V. McCallister, J. G. Christie, C. C. Alexander, and Dr. A. R. Sawyer.

Marland-Finley Area Is Extended by New Well

The Marland-Finley pool was extended two miles this week when Operators Royalty company's No. 1 M. J. Edgington, in the northeast corner northwest of section 34, block B-2, semi-wildcat well began spraying 30 barrels of oil per day from a total depth of 3,023 feet.

Top of the granite wash pay was logged at 2,837-45 feet and an increase in pay was found at 3,020-23 feet. It will probably be drilled to 3,050 feet before being completed. It is 2 1-2 miles southwest of LeFors. Finding of oil justifies the contention that the Marland-Finley pool is yet to be extended several miles south and north.

LAW FIRM TO TAKE CASE OF BEULAH ALLRED

For the third time Judge W. R. Ewing this morning postponed his decision on pleadings submitted by Miss Beulah Allred to forestall foreclosure on her hotel. The judge set the case for 9:30 o'clock Monday morning in order to allow Miss Allred's new attorney, Mayes and Mayes, of Fort Worth and Amarillo, enough time to familiarize themselves with the case and to prepare their defense. The defendant claimed previously that the suit was prematurely brought, and demanded a jury.

Answering questions directed by the court, Miss Allred said C. S. Workman, who had been representing her in the suit, had gone to Oklahoma City, but had not left word with her when he would be back. W. M. Leavitt, counsel for the First National bank in the suit, quoted Mr. Workman's landlord as saying that the attorney had told his landlord he would be gone indefinitely. Mayes and Mayes was represented by Mr. Mayes and Mr. Ellis.

Decision of the civil suit will be made immediately before the trial of Miss Allred on a charge of transporting intoxicating liquor. Yesterday 115 firm members offered her their services by telegraph. She announced today she would accept them. Miss Allred told the court yesterday she would plead guilty to the charge, and that she did not need a lawyer.

Gas Worker Killed in Accident Last Night at Shamrock

SHAMROCK, April 4. (AP)—James E. Esary, 28, gas field worker, was killed and his brother, Royal Esary, was injured seriously when an automobile overturned here last night. The victim was survived by his widow and four children.

'OVERSHOT' IS TRIED TWICE THIS MORNING

Great Bonnet Prepared to Place Over Casing

FIRE ZONE IS MADE LARGER

Tremendous Hazard Is Worrying Sooner Operators

OKLAHOMA CITY, April 4. (AP)—Two attempts to place an "overshot" cap in the casing head of the well Number 1 Mary Sudik gusher failed today. Undismayed, the crew of a dozen picked men re-entered the nauseating fury to make another attempt.

The overshot was pulled into place both times over the top of the casing, but the high pressure of the upward stream of oil and gas foiled efforts to lower the cap and screw it into place. Connections could not be made with chains in the concrete foundation of the derrick.

OKLAHOMA CITY, April 4. (AP)—The fire zone was doubled in extent today about the outlaw No. 1 Mary Sudik oil well in the South Oklahoma City field, as preparations for a new effort to bring it under control neared completion. The zone, from which all but actual workers on the well were excluded, was extended to a radius of 1-1/2 miles by authority of C. R. O'Neal, state fire marshal.

Low hanging clouds of white steam, permitted by a calm to roll over the field, made the increased pressure against fire advisable.

The ground for hundreds of feet about the well was saturated with oil, forming a hazard that would transform the vicinity of the well into an inferno if ignition took place.

Two plans for conquering the gusher of oil were pursued by Ernest Craig, petroleum engineer who arrived here by plane from Tampico, Mexico, to take charge of the problem. The first was the dropping of "stabbing" of an "overshot," a pipe-contained valve to the top of the protruding casing. If this failed to hold under the withering column of gas-driven sand, sand oil plans were to drop a 3,000 pound steel "bonnet," anchored by steel weights aggregating sixteen tons, over the mouth of the well. Both the cap shot and bonnet are equipped with connections for pipelines to carry away the oil and gas.

The vicinity of the oil well presented a weird aspect today. Trees, grass and even the men and horses working about the well were lacquered from the black mist, and the surfaces glistened in the sun with the brilliancy of winter ice.

Workers wore slickers to shield themselves from the gray rain, and a few wore steel war helmets as protection from the occasional rocks hurled high into the air.

Hawks Is Forced Down by Mishap

TERRE HAUTE, Ind., April 4. (AP)—Breaking of the cable between his glider and the tow plane forced Frank Hawkins down four miles east of here shortly after he had taken off for Indianapolis on another leg of his transcontinental glider flight.

Hawkins said he expected to make two pairs and continue on to Indianapolis this afternoon. He sent word of the mishap to the delegation that was awaiting him at the Mars Hill airport, Indianapolis.

WOULD BUY WATERWAY

WASHINGTON, April 4. (AP)—Approval and completion by the Federal government of the Illinois waterway to connect the Great Lakes with the Mississippi river system, at an estimated cost of \$7,800,000 was recommended today before the house river and harbors committee by Brigadier General Deskyne, of the the army board of engineers.

THAT PIPELINE
 Yesterday in this column
 were presented some of the
 reasons why the proposed
 pipelines from the Pampa gas
 field to Chicago would be
 detrimental. Today we will
 carry the discussion further by
 presenting some of the favor-
 able arguments, and later we
 will touch upon the legal
 phases of the problem.

At present there is not much
 of a market for natural gas.
 The ownership of land on which
 no oil is found may have big
 gas wells, yet little income or
 none at all. This means that
 the landowner must look to
 pipelines, industries, or cities
 to sell his gas. Two or three
 wells easily serve a city the
 size of Pampa, hence the home
 market is virtually nothing.

Another point raised is that
 there is no immediate prospect
 for marketing the gas at home.
 The gas is so plentiful that it
 would take many giant indus-
 tries to make a dent in the
 available supply. We would
 like to have the industries,
 but most factories are running
 at much less than capacity and
 they will not consider moving
 further away from their
 markets. Conditions may
 change, but owners of gas
 lands are not very hopeful.

Another argument, of intan-
 gible exactness but some logic,
 is that this is a gas age, but
 may not remain so until the
 gas is exhausted. A few de-
 cades ago we had the coal age.
 Everyone argued that the coal
 deposits should be conserved.
 Many of them were, and the
 demand for the coal is so de-
 pleted that many of the reserve
 deposits may never be touched.
 It is argued that in the next
 decade we may be getting heat
 from the sun, and energy the
 same way. The electric age
 is here, in the power sense.
 What it offers as a substitute
 for gas is of course problemat-
 ical.

This is the greatest gas field
 in the world, but if the world
 or even a small portion of it
 draws upon our gas for domes-
 tic and industrial use, the pro-
 duct will be exhausted in a
 few decades. No expert opin-
 ion has been presented at
 any formal hearing, but the
 supply can be pretty closely
 estimated by petroleum engi-
 neers.

In fact, the companies in-
 vesting in pipelines estimate
 very closely the supply, the
 length of time it will last, and
 the revenue to be obtained
 therefrom. The civic leaders of
 this territory should also have
 such facts.

TWINKLES
 It is said of a local man
 that he sure would be large
 if so much of him were not

turned under the oak feet.
 Hoover is going to talk by
 telephone to several presi-
 dents. He had better not try
 that with premiers—who
 change so rapidly in many
 countries they would have new
 ones by the time a call were
 completed.

A lot of retorts could be
 made to the census enumera-
 tors, but it is best not to do
 so. The census takers must
 work fast to count us all, and
 we all wish to be counted.

A rabid baseball fan is one
 who knows all the swaps and
 transfers now, while the ordi-
 nary fan will just be getting
 all the names straight in the
 mid season. The real fan gets
 in talking trip long before his
 favorites get the stiffness out
 of their joints.

The Panhandle is the best
 place to be in many ways. For
 instance, our gas is so eager
 to get out of the underground
 storerooms that we don't have
 to dig for it, and therefore we
 don't have mine disasters.

Governor Moody continues
 to keep us folks "in hot water".
 He threatens to veto the pipe-
 line regulation appropriation,
 which Supervisor Parker says
 would make the law inopera-
 tive, and he delays appoint-
 ing the judge for the new
 civil district court.

Capone's Income Is Being Studied

CHICAGO, April 4. (AP)—The govern-
 ment today claimed additional evi-
 dence in support of its contention that "Scar-
 face Al" Capone's income is "enormous"
 and that the gang leader is guilty of falsi-
 fying his income tax returns.

Seizure of telegraphic money orders,
 totaling \$100,000 and alleged to have
 been sent by and to Capone in 1928,
 was the latest move in the government's
 case against the gangster.

A subpoena duces tecum was served
 on the Western Union Telegraph
 company, ordering the company to
 turn over to prosecutors the original
 copies of the telegrams, and federal
 authorities said the senders and receivers
 of the money orders would be
 subpoenaed later.

CANNOT FIND STORY

DENTON, April 4. (AP)—Denton coun-
 ty officers today continued their search
 for Yancy Storey, whose appeal bond
 was forfeited by Judge Ben W. Boyd
 after Storey was assessed a jail sen-
 tence of 100 days and a fine of \$200
 on a charge of stealing turkeys. The
 jail sentence was to run concurrently
 with a five-year prison sentence as-
 sessed Storey in Marlin on a charge of
 robbing a bank at Krum, Denton coun-
 ty, several years ago.

RATE SCHEDULE DEBATED

GALVESTON, April 4. (AP)—Attor-
 neys and rate experts representing
 Texas cities and ports planned to con-
 tinue today their fight to justify a rat-
 e set up by them in the coastwise
 southwestern cases before U. S. In-
 terstate Commerce Commission.

The carriers claim that the
 coastwise rates should be based on
 the democratic basis of other
 commerce and industry rates.

Five Home Demonstrations and Six 4-H Clubs Are Active in County

There are now active in Gray coun-
 ty five home demonstration clubs and
 six 4-H clubs, all under the supervi-
 sion of Miss Myrtle Miller, county
 home demonstration agent.

The home demonstration groups,
 totaling a membership of 84, include
 the following: Alanreed club, Grand-
 view club, McLean club, the Wayside
 club of Wayside community, and the
 Helping Hands club of Laketon.

Sixty-eight girls work in 4-H
 clubs at school centers of the county.
 The clubs of Grandview and Hop-
 kins No. 1 schools are now combined,
 under the name of Grandview No. 1 club.
 Other girls' clubs are at the follow-
 ing schools: Laketon, Back, Alanreed,
 Eldridge, and Hopkins No. 2.

All girls in these clubs study sew-
 ing, food preparation, food preserva-
 tion, and home improvement, and
 each club member has one productive
 project such as poultry raising, gar-
 dening, or dairying.

During March emphasis was placed
 on sewing and productive work. Fifty-
 five sewing boxes were fully equip-
 ped, and 44 aprons were made by the girls.

Women's club work consisted of
 meat canning with demonstrations
 held at the various clubs. Members
 of the Laketon Helping Hands club
 and their husbands held an all-day
 meeting at the home of Mr. and Mrs.
 Clyde Beebe, where they spent the
 day preparing and canning a yearling
 beef that dressed 200 pounds.

Three quarters and a half of the
 fourth are canned, as follows: Nine
 quarts of chili; eleven pints of meat
 loaf; 20 pints of steak; 36 pints of
 roast; and 11 quarts of steak. The
 pints were put up in tins and the
 quarts in glass.

 pints of steak were canned from \$1.85
 worth of steak. Miss Miller, in giv-
 ing the demonstration, pointed out
 the concentrated values in can-
 ned meats. She also the buying of
 meat for canning was not recommend-
 ed, but that there was great economy
 in canning home-dressed beefs and
 chickens, particularly where there
 were large supplies on hand when the
 market prices were low.

Demonstrations in the canning of
 chicken were held at the homes of
 Mrs. R. I. Davis in Grandview, Mrs.
 J. H. Sherrod in Alanreed, and the
 Methodist church at McLean. The
 chicken was boned in each demon-
 stration, and in most of them it was cut
 in cubes for salads, chicken a la king,
 and the several creamed dishes. Ten
 chickens filled twelve pint cans and
 two quart containers. The broth was
 canned for soups. The canning of
 cuts during seasons when low market
 prices prevailed was recommended by
 Miss Miller.

Texas Is Strong for Enforcement of Prohibition

The vote for strict enforcement shows a slight gain in the fourth week's returns of The Literary Digest's "straw" referendum on prohibition, though Kansas and Tennessee are the only two of the forty States reported which are voting bone dry, according to tomorrow's issue of the magazine.

Of the 2,000,340 post-card votes returned through the mail and counted at the poll headquarters, 848,751, or slightly over 42 per cent of the total are wet and 588,262, or nearly 30 per cent vote damp while 553,337 are bone dry and demand a strict enforcement of the prohibition laws.

In every southern state except Tennessee the combined vote for modification and repeal is larger than that for enforcement, while in Maryland the vote for repeal is considerably greater than for both modification and enforcement.

The vast section of Dixie is appraised as voting "medium dry" by The Literary Digest.

In Florida, Kentucky, and Louisiana, the vote for repeal outbalances the total for either modification or enforcement.

In Maine, which has long been considered the bell-wether of the Prohibition movement, the drys outvote the wets by 4,116 to 4,035, but there is a third damp group of 2,589 who favor modification.

Oklahoma, one of the baby states of the Union, votes vigorously for strict enforcement, returning a total that almost outweighs both that for modification and repeal.

Connecticut, Delaware, Illinois, New Jersey, New York, Pennsylvania, and Wisconsin continue to vote strongly wet as does also the tiny domain of the District of Columbia.

Of the forty states reported, twenty show a vote for repeal that is greater than for either modification or enforcement, while in the other twenty states the vote for strict enforcement shows a larger total than for either modification or repeal.

"A little figuring," The Literary Digest states editorially, "will show that the bone drys have gained a trifle more than a point in ratio value since last week, while modification has gone down almost a point, and repeal has lost a fraction of a point."

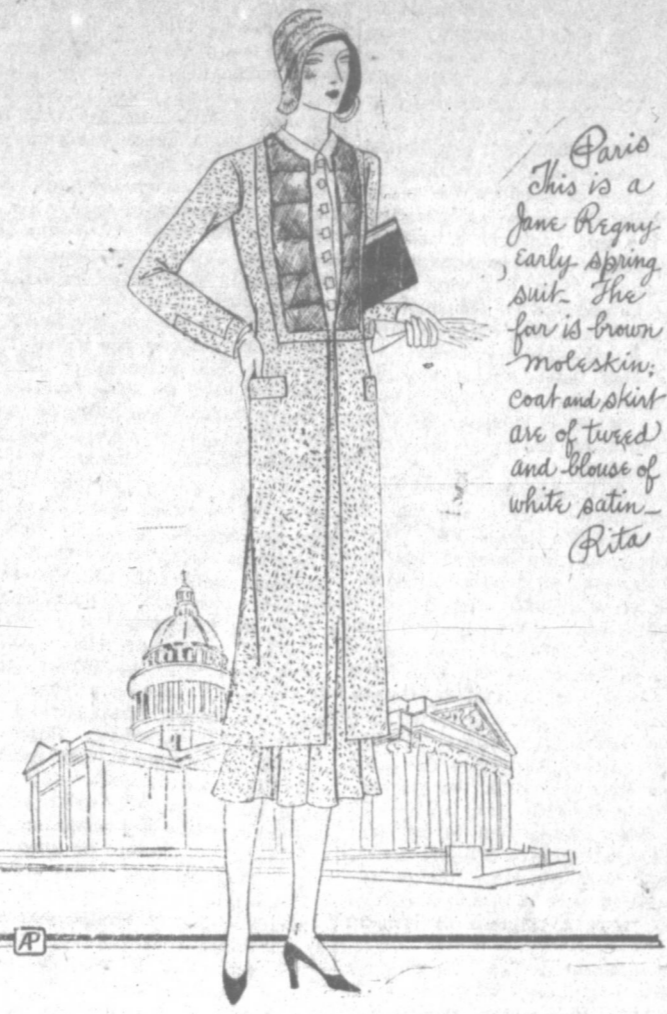

Glancing at some of the newly arrived states in today's mammoth tabulation, we see Alabama and Arkansas running almost neck and neck and rolling up pluralities for enforcement.

It will be seen that Delaware plunges for repeal, its vote in the third column outweighing its combined enforcement and modification votes.

Florida, Louisiana, and Kentucky, also go wet—unless their modification and enforcement votes be counted together.

Georgia remains loyal to enforcement, in a rather evenly distributed

Modes of the Moment

Maryland goes ultra-wet, with the repeal vote outnumbering its other two votes combined.

Mississippi favors enforcement by a small margin, but Tennessee goes dry with a bang, its enforcement vote soaring beyond its combined modification and repeal votes.

Texas gives enforcement a solid plurality, but is counterbalanced by Virginia with a vote of similar proportions, giving its chief weight to repeal West Virginia, however, rallies for the drys.

And despite what the Governor of North Carolina said, in pre-Prohibition days, to the Governor of South Carolina, both States figure in The Digest's dry count.

Turning to New England, we find Massachusetts delivering 30,688 dripping wet votes, as against 19,594 dry and 16,723 damp ones.

New Hampshire and Vermont on the contrary back the dry cause. Rhode Island, which is looking forward to

holding an official prohibition referendum, plunges hard for repeal.

But Maine, which has been called the Grandmother of Prohibition, rallies pluckily for enforcement and gets under the wire by a nose, as it were—4,116 dry, 2,589 damp and 4,035 wet.

Looking westward we see Oklahoma plunging for enforcement.

BAND WILL TRAVEL

CANYON, April 4.—The Buffalo band of the West Texas State Teachers college will take a short road trip beginning April 7.

During three days they will travel 300 miles and will play concerts at Dimmitt, Olton, Sudan, Muleshoe, Farwell, and Bovina, and Portales and Clovis, New Mexico.

Thirty members, a violin soloist, a reader and a baritone soloist will make up the band. Five girls play in the organization which is under the direction of C. E. Strain, veteran band leader.

"LOVE LIKE OURS CAN NEVER DIE," MUTTERED MARMADUKE, THICKLY.

"You'd be surprised," replied the sprightly Sophia. "With a rasping voice like yours, love is likely to fly out of the window and land on the back of its neck. What our love needs is insurance."

"What insurance?" he wondered.

"The insurance of OLD GOLDS, boy friend. Throat-ease and tender tones caused by the mellow, mild, heart-leaf tobacco; vocal cords that act without a struggle; no tickle, scratch or scrape. OLD GOLD yourself, Marmie, and we shall be inseparable. There's not a bark in a billion."

GARDNER WILL BE LAUDED IN FANS' AFFAIR

By The Associated Press.

While the rest of the league watched the clock today in nervous anticipation of next Wednesday, opening day of the pennant race, Wichita Falls citizens were planning a dinner for tonight honoring Alvin Gardner, president of the league. Horace Robbins, chairman of the sports and recreation committee of the Wichita Falls Chamber of Commerce, was making arrangements to entertain league officials, baseball fans and friends from over the state.

The reason for festivity, perhaps, was that the Spudders yesterday broke the New York Yankees' winning streak of five straight and handed the Yanks a 7 to 5 defeat, and that, in the face of the fact that Babe Ruth hit his fifth and sixth home runs of the spring barn storming season.

With no exhibition game scheduled today, the Dallas Steers planned to put in a two-hour grind getting ready to receive The Babe and his Yanks tomorrow for the first of a two-game series. The Steers took it easy yesterday, the regulars loafing in the city while the Yankigans journeyed to McKinney and handed the McKinney high school nine a 7 to 0 defeat.

Bob Tarleton, business manager of the Steers, left Dallas last night for Shreveport, to pay his "annual visit" to Mike Kelly, manager of the Minneapolis Millers. It was believed Tarleton had hopes of landing playing talent from the Minneapolis club. Cy Bostenthal, holdout outfielder of the Steers who recently was placed on the suspended list, was expected to come to Dallas from San Antonio within a few days for a conference with Tarleton.

The Waco Cubs today faced their final exhibition game of the season against the Baylor Bears. Manager Ed Frait yesterday reduced his squad to 12 players, including pitcher, shortstop, second baseman, and Ed Kallina first baseman and outfielder going to Joplin, Mo.

The second of the four-game series between the Houston Buffs and the Pittsburg Pirates was scheduled for today. Gus Bahr, first sacker who last season smacked 51 homers for the San Francisco Seals, yesterday was the power that carried the Pirates to an 8 to 7 victory over the Buffs.

The Shreveport Sports planned today to open a three-game series with the Minneapolis Millers.

Today the Beaumont Exporters were matched with Al Nixon's Lake Charles Exporters at Orange, Texas, the Exporters' training camp. Yesterday the Exporter yankigans nosed out the regulars 7 to 6 in extra innings.

Manager George Burns of the San Antonio Indians still has not announced how the team will line up, though he put the lineup through a double daily workout yesterday. The Indians are to leave Saturday morning for Kingsville for two games with the pioneers of the Missouri Pacific railroad league Saturday and Sunday.

The Chicago White Sox finished their stay in Texas yesterday with a 10 to 4 decision over Frank Snyder's Fort Worth Cats.

Kummer Hopes To Again Be Jockey

NEW YORK, April 4. (AP)—Clarence Kummer, who rode to fame on the renowned Man O'War, plans a comeback.

Each morning finds the erstwhile idol of the turf, diligently striving to get in condition at Aqueduct. At present he is several pounds over weight, but he hopes to get down to riding weight and at the same time regain the favor of the jockey club, which refused to grant him a license in 1928.

Kummer, who ranked with Laverne Fator and Earl Sande in his prime, finished the 1925 season with a clean record, but his actions off the track were said to have aroused the ire of the racing salons. The jockey club, however, never stated its reasons for refusing to grant a license to the boy who rode Man O'War to his twenty victories.

McGraw Asserts His Hurlers Are High Strung Boys

NEW YORK, April 4. (AP)—Release of four more players has cut the Brooklyn Robins' squad to twenty-seven. Southpaw Jim Faulkner, obtained from the Buffalo of the International league, was returned to that club; Clarence Blumenthal, right-handed pitcher, was sent to Atlanta; outfielder Max West, of Jersey City of the International league, and Bob Farham, outfielder, to the Macon club of the South Atlantic league. The Dodgers attached strings only to Farham.

Manager John McGraw of the New York Giants refuses to say who will pitch the opening game of the season, but the boys are guessing Bill Walker, southpaw, will get the assignment.

"I never announce my pitchers in advance," said McGraw. "Some of them are high strung young fellows and lose sleep when they know they are going to pitch the next day. Right now the best looking pitcher in camp is Bill Walker."

The New York Yankees went to Wichita Falls, saw and were conquered but the real winner was Babe Ruth. While the Yanks were losing to the Texas league team yesterday, Ruth clouted two home runs, the second of which was one of the longest drives of his career. The center field fence here is 405 feet from the home plate. Ruth's second drive cleared this barrier with plenty to spare and landed nearly 500 feet from the batter's box. More than 8,000 fans turned out to watch the Babe and his mates.

Manager Burt Shetton of the Phillies would like to know the whereabouts of Chester Nichols, right-handed pitcher drafted from Montreal. "He was offered a splendid contract, and I want him," Shetton said today. "But I guess he does not want us. I don't know where he is." The Phillies are back at Philadelphia from their southern training trip.

Jimmy Foxx, Athletics first baseman, has found his batting eye. He was in a slump during most of the training season, but as the team neared home yesterday he clouted a home run and a double, batting in three of the Athletics four runs against Charlotte.

Real concern over the condition of Rogers Hornsby's ailing heel was felt in the Chicago Cub camp today as the club faced its final engagement with the Los Angeles Angels. The Rajah dropped out of the lineup yesterday under doctor's orders, and it was feared he might be forced to have another operation which would keep him out of action until the middle of the season.

The Chicago White Sox, minus Sarge Connally, dropped for lack of adherence to training regulations, today started on the homeward trail. The Sox finish their stay in Texas with a 10 to 4 victory over Fort Worth yesterday, and today faced the opening contest of a three-game series with Little Rock, or the Southern Association, at Little Rock.

Konjola Only Medicine That Did Any Good

NEW MEDICINE BANISHED KIDNEY AND STOMACH AILMENTS AFTER OTHERS FAILED

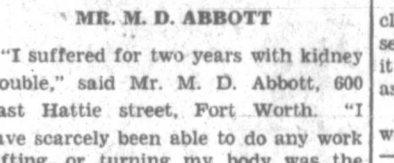

MR. M. D. ABBOTT

"I suffered for two years with kidney trouble," said Mr. M. D. Abbott, 600 East Hattie street, Fort Worth. "I have scarcely been able to do any work. Lifting, or turning my body was the signal for severe back pains. Nighy risings were frequent. My stomach, too, added to my misery. Anything I ate caused gas and a severe pain in the pit of my stomach.

"Konjola is the only medicine that did me any good. I now feel better than I have for many a day. I can eat what I wish without suffering and the pains in my back are gone. My kidneys now are functioning normally. Konjola has gone right to the spot in my case and I praise this wonderful medicine for all that it has done for me. A medicine that did all Konjola did for me can help others and I am recommending it to a lot of my friends who are suffering as I did."

Konjola is not a "cure-all." There is no such thing. But when taken for from six to eight weeks, Konjola will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good, even in the most stubborn cases.

Konjola is sold in Pampa at the City Drug store, and by all the best druggists in all towns throughout this entire section.—(Adv.)

Forty Colleges Are Invited to Canyon Meet

CANYON, April 4.—About forty colleges have been invited to attend the tenth annual Great Plains Intercollegiate track and field meet to be held at Canyon April 25 and 26.

This meet has grown to be one of the best held any place in the Southwest, and gives a great many colleges that are not members of any conference an opportunity to compete.

Some exceptionally good records have been set and with the great improvements being made on the West Texas track, several others are due to fall this year.

West Texas, now has one of the best tracks in the Southwest. A 220-yard straight-way and cinders all the way around, are some of its features. Several hands have been busy for the past two or three months getting the track and field in readiness for this meet, as well as for the Interscholastic League meet that comes a week earlier.

Last year the Great Plains meet included, for the first time, a high school section, nine high schools entered, and it is believed that there will be as many as 25 or thirty this year.

First, second, and third place medals will be awarded winners in both the high school and college section, with a suitable award to the all-round man in each section.

CLINGMAN BEATS WATKINS IN LONG FALL—NEAR RIOT STOPS UNDER INFLUENCE OF SHERIFF

It took one hour and five minutes, a dozen head locks and body slams, countless toe holds, and an air-plane spin for Otis Clingman to win the first fall from Tex Watkins at the Pla-Mor last night.

Covered with blood and lizy to the point of nausea, Otis crumpled to the mat before he could get out of the ring. While he was laying stretched out on the mat, apparently insensible, Tex recovered consciousness and leaping like a tiger half-way across the ring, he pounced on Clingman.

In the mosh rush that followed Watkins was handled pretty roughly by a score of men that crowded into the ring brandishing bottles and sundry weapons. Watkins claimed that he was struck in the eye with a pair of brass knucks.

He said that he never recovered. A physician worked with him for 10 minutes after the second fall.

Watkins may have thought that the audience was still in progress when he pounced on Clingman after the first fall had ended. When he recovered from the effects of an airplane spin, or a flying Dutchman, he saw Otis lying in the corner. It is possible, though some fans think not probable, that Tex was thinking the match was still going on. At any rate, when Tex made his tiger leap at Otis, a score of fans leaped into the ring. The high sheriff of Gray county had to do some forceful pushing and banging before he could clear the ring. Then he proceeded to tell the crowd that their actions "were a disgrace to civilized people."

"I'm ashamed of you," he told the audience in a little speech before the second fall. Thenceforth, the frenzied fans calmed their enthusiasm.

The second fall lasted three minutes. Judging by the way Tex staggered when he stumbled to his corner, he was in no condition to wrestle for a second fall. Clingman applied several head lock spins and body slams before Watkins shoulders sank to the mat.

In a sly, overt manner, Tex used rough tactics throughout the match. The imprint of Watkins' teeth on Clingman's loins and legs indicated how Tex broke leg scissors clamped on the visitor's head by Otis. Often, Tex managed to slug Clingman in the solar plexus.

To climax it all, Tex gave Otis' nose a slicing upper cut and the blood flowed. Again Otis lost his temper. It was evident that he'd stood it as long as he could. It is becoming less

ATLANTA, April 4. (AP)—For the second consecutive year, Horton Smith tops the field of money winners among the winter golfing troupe.

The wandering professional, who learned his golf in Missouri's Ozarks, not only has pocketed the most money, but also has won more tournaments than any of his fellow ash performers.

Victorious in five tournaments, finishing second in six and placing high up in a number of others, Smith accumulated prizes of \$15,000. In addition he played in many remunerative exhibition matches.

Gene Sarazen, stocky New Yorker, who won golf's largest prize of \$10,000 at Agua Caliente, ranks second with \$13,500 for his season's labors, but the other pros are far behind.

Smith enjoyed a successful period on the Pacific Coast, winning the Pasadena, Berkeley, and Portland, Ore., opens. He was second to Craig Wood in the Hawaiian open and tied for second in the Agua Caliente and in the Los Angeles tournaments.

Leaving their pros during their journey through Texas Smith joined the nomad army again at Savannah, Ga., where he took first honors after nosing out Bobby Jones, national open champion. His Florida tour brought him first place in the central open at Orlando, second in the rich La Gorce open at Miami and a tie with Frank Walsh for second at St. Petersburg.

Smith, with the majority of the nation's leading professionals, took a neat lacing from Bobby Jones in the southeastern open at Augusta this week, but Horton topped the professionals and took the \$1,000 first prize.

Mr. and Mrs. J. W. McCray are transacting business in Oklahoma City and Tulsa this week. Mr. McCray is with the Independent Boiler and Welding Works.

SOCIAL CALENDAR

FRIDAY: A regular meeting of the Order of The Eastern Star will be held at 8 o'clock.

The monthly social meeting of the Azar class of the Baptist Sunday school will be a "poverty party" at the home of Mrs. C. L. Rice, 628 North Somerville, beginning at 2:30 o'clock.

SATURDAY: The semi-annual business meeting of the A. A. U. W. and College Club will be held at the Schneider hotel at 12:30 o'clock.

Young Matrons' Society Favors Council Plan in Ballot on Wednesday

The Young Matrons' Missionary society of the First Christian church met Wednesday afternoon in the home of Mrs. Bert Isbell, 421 North West street, where Mrs. W. G. Kinzer was associate hostess.

Mrs. Kinzer, president of the society, was in the chair for a brief business session preceding the worship period and the program.

Announcement was made of the places in which group prayer meetings would be held next week and the week following and of the leaders for the six meetings preceding the personal evangelism campaign of the church.

Mrs. Paul Hill conducted the worship service, which focused on the Scriptural quotation, "Hearing they shall also believe." The theme of the program was "Witnesses of Christ's Power—Preachers and Evangelists," developed in the following discussions and narratives:

"Beautiful Feet," by Mrs. Ernest Sanders.

"I Am An African Evangelist," by Mrs. Billie Taylor.

"I Am A Mexican Evangelist," by Mrs. Homer Kees.

"I Am A Philippino Evangelist," by Mrs. Robert Gilchrist.

"I Am A Chinese Bible Woman," by Mrs. Walter Sill.

Benediction.

Visitors at the meeting were: Mrs. E. Burtz, Mrs. Ragland, Mrs. Richmond, and Mrs. Olie Smith. Mrs. H. F. Henderson became a member of the society. Other members present were: Mrs. Ramon Wilson, Mrs. I. E. Duncan, Mrs. O. K. Gaylor, Mrs. A. Blackley, Mrs. J. W. Hutchins, and those who appeared on the program.

Mrs. Charles Gilmore Elected to Office by Baptist Circle One

The election of Mrs. Charles Gilmore as secretary-treasurer of Circle 1 of the Baptist Women's Missionary union took place Wednesday afternoon, following the resignation of Mrs. E. Bass Clay, at a weekly meeting in Mrs. T. B. Solomon's home.

A Bible study program was given under the direction of Mrs. Solomon. Members present were: Mrs. C. S. Barrett, Mrs. C. L. Stephens, Mrs. T. W. Jamison, Mrs. C. L. McKinney, Mrs. Troy Manness, Mrs. L. H. Greene, Mrs. Robert Lee Banks, Mrs. Ed Baird, Mrs. E. F. Hoffman, Mrs. T. H. Barnard, Mrs. A. C. Shaw, Mrs. Charles Gilmore, Mrs. Carl Schufke, and Mrs. J. Powell Wehrung.

IN CORRECTION

It was erroneously stated in the Thursday issue of the Daily News that Baker Parent-Teacher association and West Ward Parent-Teacher association were the only Pampa organizations represented at the annual convention of the Eighth district Congress of Mothers and Parent-Teacher associations at Childress, whereas it should have been said Baker and East Ward associations were the only local organizations sending delegates.

The following delegates, which were listed yesterday as representing the West Ward association, were in fact from the East Ward P.-T.-A.: Mrs. J. B. Townsend, president; Mrs. J. V. Kidwell, Mrs. Sunkel, Mrs. George Cree, Mrs. Porter Beck, Mrs. R. E. Turman, Mrs. D. L. Hoover, Mrs. Wood, and Mrs. H. H. Heiskell.

TULSA BANKER PLEADS NOT GUILTY OF CHARGE

TULSA, Okla., April 4. (AP)—Joseph J. Schneider, former auditor of the Exchange National bank of Tulsa, reported to have attempted suicide at Sapulpa ten days ago by swallowing poison, pleaded not guilty when arraigned yesterday on an embezzlement charge. He was released on \$1,000 bond to await a preliminary hearing April 10. He is accused of appropriating \$525 of the bank's funds.

Mrs. J. Warren Sparks of Wichita Falls, a former resident of Pampa, is visiting her sister, Mrs. Grace Higgins, and her brother, Clyde Stuckey. She is to be here several days.

MAN'S STORY OF KILLING

SEBRING, Fla., April 4. (AP)—William R. Carver former Philadelphia real estate man, was held in jail here for questioning in the ax-killing of his wife and two-year-old son, which a coroner's jury had blamed on a negro yard boy whom Carver shot to death.

Mrs. Carver and her boy were killed in the Carver home here Wednesday. The coroner's jury said the negro, Ben Whitehead, had killed them and that Whitehead's death at Carver's hands was justifiable homicide.

SPANIARD IN PROTEST

GALVESTON, April 4. (AP)—Fablo Ubarri, Spanish consul for Texas and New Mexico, today had filed a protest at Washington on behalf of A. Campdera, Texas cotton man and Spanish citizen, whose appointment as consul was cancelled by customs man. Campdera was humiliated unnecessarily.

Rotarians Will Meet in Temple on April 23-24

TEMPLE, April 4. (Special)—One of the largest and most interesting Rotary 41st district conventions in years will be held in Temple, April 23-24 when it is expected that more than 750 Rotarians will gather here.

Temple is planning to entertain the convention in a big way with thousands of additional colored lights in the streets, flags and special decorations. The host city has a new "skyscraper" hotel, a new \$150,000 municipal auditorium that is handsomely equipped and has its four leading hotels, principal cafes, auditorium and committee meeting places all within a three-minute walk of each other.

District Governor Bernard Bryant in a pre-convention visit here declared the convention facilities here are the best he has seen, of highest order and conveniently located.

Temple's beautiful country club will provide special golf tournaments and aid in the entertainment for the visitors.

The Temple and Belton clubs, within eight miles of each other, are combining forces to entertain the convention. Belton is the home of Baylor college, one of the south's leading girls' colleges which has recently completed a large building program of fine arts buildings.

The annual Rotary conference here will bring scores of outstanding Rotarians on a program full of interest.

So important will be the morning sessions with their inspiration and vocational addresses that it has been arranged for the Rotary-Anns to have no morning entertainment to conflict with attendance at the general convention.

The opening night the Temple club will be host at a big banquet at which arrangements are being made for an outstanding leader in Rotary International to deliver the main address. Past district governors, past officers, international committeemen will be here.

Advance registrations for the conven-

Aha! The Great Shires!

All's well with the Chicago White Sox now—the Great Shires is in the fold again. Here is Art himself, right having converse with Moe Berg, oft the literary catcher. Berg speaks seven languages, and even can understand that spoken by the Great Shires. This is the first picture of the Sox first baseman since he accepted terms and reported for duty.

tion are now being made through Dr. R. T. Wilson, chairman of the hotel and reservations committee, Temple.

Liquor Runner Fights for Life

WINDSOR, Ont., April 4. (AP)—Another victim of warfare on the Detroit river was fighting for life in a hospital here today.

A flaming speedboat with no one at its helm crashed against a liquor export dock at Lasalle, Ont., about midnight last night. A human form was hanging over the side. An attendant at the dock dragged the man to safety before fire consumed his craft.

At a hospital here the man was identified as Steve Jurecke, 25, of Ecorse. His face was partly shot away, and

a bullet had passed through his shoulder.

No signs of liquor were found in Jurecke's boat. This led police to believe the speed boat was returning to Canada after delivering a liquor cargo to the Michigan side of the river, when the shooting took place. Officers of the United States customs border patrol at Detroit said no federal agents had reported firing shots on the river last night.

Author Gets Divorce

LOS ANGELES, April 4. (AP)—Award of an interlocutory decree of divorce to Eugene Walter, author of "Paid in Full," from Charlotte Walker, stage actress, on grounds of desertion has been revealed here. The couple married in 1908 and separated in 1923.

CHURCH OF CHRIST

Corner Francis and Warren
The great commission reads as follows: "Go ye therefore, and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit; teaching them to observe all things whatsoever I have commanded you; and lo, I am with you always even unto the end of the world."—Matt. 28:19-20.

"And He said unto them, go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; and he that believeth not shall be condemned."—Mark 16: 15-16. Read also Luke 24: 46-47.

From these quotations we learn that baptism is a command given by Jesus Christ. This command is no more essential than any other command, but it is to be obeyed. If one fails to obey this command, that one is not a follower of Christ.

We are to be baptized the way for the purpose that the New Testament teaches. From Romans, 6:4; Acts 1:30-39 we learn the way one is to be baptized, and here the word of God declares that baptism is a burial. And God knows nothing of a substitution.

The purpose of baptism is for the remission of sin, Acts 2:28, not because we are saved, but in order to be saved. Let us take the word of God for our guide and remember that we are not the ones to be pleased, but it is the God of heaven that must be satisfied.

If this command is not to be obeyed, how can the children of men know just how many commandments are essential and how many that are not-essential?

Here's Proof

THIS is to certify that I was diagnosed as having cancer of the stomach by three up-to-the-minute physicians, before I was brought to a chiropractors office by Uncle Frank and Aunt Mary Cope. I was hardly able to sit up at that time, and had lost 47 pounds. I had a Radionic analysis which verified the diagnosis of the other doctors.

With the Copes' aid I purchased a card of Radionic Vibrations—that being Armistic Day, 1929. Today—March 15, 1930—I have gained 32 pounds, can work hard every day, and feel good all the time. I was too sore to be adjusted for the first few weeks, so I just took the Radionic alone for the first three weeks. I was dismissed today—and I can do a man's work and feel good all the time.

I can highly recommend the Radionic and Chiropractic.

Wichita Falls Woman Is Killed

WICHITA FALLS, April 4. (AP)—Mrs. Eunice A. Moore was dead and her husband, John W. Moore, was perhaps fatally wounded today as a result of a quarrel on a downtown street here. Mrs. Moore was shot to death last night on the street after the two had quarreled in a hotel lobby. They left the hotel and started toward another, the husband half-carrying his wife, witnesses said. She was heard to express fear of going farther, and before onlookers had an opportunity to interfere, Moore had fired several shots and turned the gun on himself. Two bullets struck Mrs. Moore in the back, and the third pierced her heart. One bullet was fired into the side of Moore's head.

HEALTH PROBLEM IS SOLVED FOR MANY

They Eat Kellogg's ALL-BRAN Daily

Constipation is the most common menace to health today. It is extremely dangerous in itself and is the source of many other complicating ailments. There is no permanent relief in pills and drugs. Many of them are dangerous. Kellogg's ALL-BRAN is positively guaranteed to relieve and to prevent both temporary and recurring constipation. If it does not, money will be refunded.

Kellogg's ALL-BRAN is roughage. And roughage in food helps eliminate the possibility of constipation. Most modern foods do not contain roughage. Two tablespoons of Kellogg's ALL-BRAN daily is the proper amount. In recurring cases, ALL-BRAN should be eaten with each meal. It is essential in any reducing diet. In addition, Kellogg's ALL-BRAN contains iron, the blood builder. It is the original ALL-BRAN, proved effective by millions.

Kellogg's ALL-BRAN has an appetizing flavor. Eat it with milk or cream, in cereals and fruit juices, in soups and in cooked foods. Your grocer has ALL-BRAN in the red and green package. Made by Kellogg in Battle Creek.

Quick End to Naval Session Now in Sight

LONDON, April 4. (AP)—The American delegation this afternoon tentatively engaged reservations to return home on the Leviathan April 22.

LONDON, April 4. (AP)—Signing of a three-power pact by the United States, Great Britain, and Japan and quick adjournment of the naval conference were said in an authoritative quarter late today to be quite possible.

This would involve leaving the knotty questions of French security and Franco-Italian parity to be signed in other fields, and would provide so that France and Italy would be in a position to sign as soon as these difficulties had been ironed out.

LONDON, April 4. (AP)—Italian demands for naval parity with France loomed again today as the rock on which naval conference hopes for a five-power limitation treaty might be wrecked.

In the Italian camp the view was reiterated that no recession from the parity-with-France principle was possible. Simultaneously increasing impatience was manifested with Anglo-French negotiations for a new interpretation of the league of nations covenant and the Locarno agreements.

An Italian spokesman close to Dino Grandi, foreign minister, said that these negotiations belonged properly at Geneva, where all league members might participate.

This spokesman let it be known the Italians hoped for a plenary session of the conference very shortly at which all the delegations would make known their views on the progress achieved thus far. One advisor in the Italian delegation was particularly emphatic in a statement that the negotiations must be brought to a conclusion at the earliest possible moment.

Missouri Dentist Sued by Survivors of Slain Man

BENTONVILLE, Ark., April 4. (AP)—The widow and two children of William Robert Pearman of Columbia, Mo., found dead near Gravette last Saturday with three bullet wounds in his head, today filed a civil suit for \$200,000 damages here against Dr. Andrew J. Bass, 55, retired dentist of Columbia charged with murder in connection with the slaying of Pearman in an alleged insurance conspiracy.

Young Pearman told officers it was possible another person could have assembled an identical collection, but added it was "very improbable."

Pearman said he kept the stickers in his room at Columbia, Mo., where he attends the University of Missouri, and knew of no way any one else could have obtained them except through his father who had access to his room.

BENTONVILLE, Ark., April 4. (AP)—An unique collection of hotel stickers identified by Robert Pearman, 21, as similar to stickers he obtained on a trip into various foreign countries last summer was found by officers today in a suitcase belonging to Dr. Andrew J. Bass, held here on a murder charge in connection with the slaying of young Pearman, of Columbia, Mo., in an alleged insurance conspiracy.

NEA Boston Bureau
Former President and Mrs. Calvin Coolidge were among the depositors in the Hampshire County Trust Co., Northampton, Mass., which was closed after a two-day run on the bank had resulted from charges of embezzlement placed against Harold R. Newcomb, above, manager of the savings department. Newcomb was arrested and held under \$50,000 bail. Officials disclosed a \$285,000 shortage.

Fireworks Plant Like Battlefield

PHILADELPHIA, April 4. (AP)—The site of the Pennsylvania Fireworks Display company, Inc., at Devon, Pa., where a series of explosions yesterday killed ten persons and injured more than 30 others, today presented a scene reminiscent of the western battlefield after a bombardment.

Ten blackened holes in the ground marked the spots where had stood the small frame buildings comprising the plant; trees on the seven-acre tract of land were shorn of limbs, and the tract was covered with debris. Every building on the site was blown to bits by dynamite and black powder.

After searching the smoldering ruins without finding additional bodies, the authorities said they believed all the victims had been accounted for. Those killed were employes, but many of the injured were hurt in their home nearby. Police estimated at least 200 homes had been damaged.

Alexander Vardaro, head of the company, said as to the cause:

"The only thing I can think of that might have caused it is friction. It would have been possible for the nails in the shoes of workmen moving about in the buildings to have set off the dynamite."

Wedding Under Water Is Latest

LOS ANGELES, April 4. (AP)—Katie Wilson, 25, and J. F. Gotrick, 26, principals in the reputed world's wettest wedding, today were honeymooning on the rugged shores of Santa Catalina island after their marriage here beneath the placid waters of the Ambassador Hotel swimming pool.

Donning earplugs and diving hoods, the bridal couple and the Rev. Sheldon Shepard, pastor of the First Universalist church, in step to the strains of Lohengrin's wedding march, waded into the pool yesterday and disappeared in deep water. Spectators then saw the story of history's first submarine wedding written on the glassy surface of the pool.

"Gurb, gurb," they interpreted as the minister's familiar "do you take this woman," etc.

"Blurb, blurb," unquestionably the bridegroom's resolute "I do," was followed a few seconds later by a weaker "Gurgle, gurgle," obviously indicating the blushing bride's promise to love, honor, and, possibly, obey.

The ceremony over, the aquatic man and wife made haste to leave their watery altar, while the Rev. Dr. Shepard, loosening his heavy diving helmet and fumbling at a thoroughly wilted collar, mumbled something about being "all wet."

Missouri U. Head May Get Absence

ST. LOUIS, April 4. (AP)—The St. Louis Post-Dispatch says today in a Columbia, Mo., dispatch from a staff correspondent:

"The granting of an indefinite leave of absence to Dr. Stratton D. Brooks, president of the University of Missouri, will be considered by the board of curators at its meeting here tomorrow as a substitute for his request for his resignation.

The proposed new plan, if carried out will be merely a different method of effecting the same result as a resignation, for it will be understood that Dr. Brooks will not return to the university."

Woman Charged With Shooting of Longtime Chum

DALLAS, April 4. (AP)—A charge of assault to murder was filed against Mrs. Elizabeth Evans, 27, here today in connection with the wounding of her former chum, Miss Bernice Burger, 18, last night. She was released on \$750 bond.

Mrs. Evans surrendered after Miss Burger had been shot in the abdomen as she alighted from an automobile in front of her home on returning from a drive with H. E. Evans, estranged husband of Mrs. Evans.

"She stole the love of my husband and broke up my home," Mrs. Evans, mother of two children, told officers. "I had to do it."

Attendants at a hospital said Miss Burger had a fair chance to recover.

BEGIN HERE TODAY

THE CRIME: Doris Matthews, lady's maid, is murdered Friday night in summerhouse by blow with heavy perfume flask; body rock-weighted and tied with scarf, is dumped into lake on estate of millionaire Berkeleys.

DETECTIVES: Bonnie Dundee, house guest, and discoverer of body at sunrise swimming party; Captain Strawn of the Homicide Squad.

MEMBERS OF HOUSEHOLD: (all under suspicion); MR. and Mrs. GEORGE BERKELEY, who quarreled Friday night over their daughter CLO-RINDA'S engagement to SEYMOUR CROSBY, New York society widower and close friend of Mrs. Berkeley's secretary, MRS. LAMBERT; GIGI Berkeley, who unaccountably sprinkled all guests Friday night with perfume from flask presented by Crosby to Mrs. Berkeley, and later used as murder weapon; DICK Berkeley, infatuated with Doris and missing all night from his room; EUGENE ARNOLD, chauffeur; WICKETT, butler.

Mrs. Berkeley accuses Arnold of having murdered both Doris and her missing son, Dick, because of jealousy and following a quarrel between the three Friday afternoon. Dick walks in, says he has spent the night in the tower room, having fallen asleep waiting for Doris to meet him there as he had drunkenly forced her to promise to do. Denies all knowledge of the crime. Detectives go to tower room to check Dick's story.

NOW GO ON WITH THE STORY CHAPTER XVI

After Captain Strawn had given his orders to Wickett, he joined Dundee in the third-floor hall.

"Before we take a look at that tower room, I'd like to have a sniff at the

shoes young Dick was wearing last night," he said. "As I said before the

have got his shoes spattered with the stuff. Stepped in it, too, probably." "Through here, chief," Dundee suggested, leading the way into his own room and thence into the connecting bath. "It was mighty decent of you to let me question Mrs. Berkeley and Dick, but I want you to know I'll be glad to play dumb any time you say the word."

"That's all right, boy," Strawn answered heartily. "You're doing a good job so far. George Berkeley is a mighty big man in this town and I don't want to antagonize him any more than I can help. If you forget anything I'll butt in. Don't you worry!—Hmm. Swell room the kid's got! Wonder if he was lying when he said he wanted to marry the girl? His parents would have kicked him out, of course, and he knew it."

"I think he was really in love with her, though who knows what his love led him into?" Dundee answered thoughtfully. "Well, here's his dressing room. And these seem to be the shoes he was wearing last night."

Strawn took the fine, custom-made pair of black dress shoes and sniffed them, walking away from the dressing room to do so, for the odor of Fleur d'Amour was strong in there. "Can't smell anything but shoe polish," he admitted. "Now let's see the suit he was wearing last night—Tuxedo, huh? Plenty of the stuff on this, all right. Do you think the kid sister splashed much of the perfume on Dick?"

"She anointed us all pretty thoroughly," Dundee answered ruefully. "My own Tux will have to go to the cleaner before I can wear it again."

"Why did she do it? Pure cussedness?" Strawn wondered. "I don't know. She's a wild little cat, but—"

"Another mystery, eh? Well, I guess that'll wait. These trousers don't seem to have any of the perfum on them. Let's get along to the tower room."

It was a little circular room, two-thirds windows, which were draped with faded red velvet. The furniture seemed to be a collection of odds and ends, discarded, perhaps, during one of Abbie Berkeley's orgies of re-decoration. There were two ancient armchairs, a worn rug, a book case filled with juvenile and detective fiction, and a broken-spring sofa, whose brown velvet cover lay in a huddle on the floor. A metal smoking stand stood at the head of the sofa, and in it lay the stamped-out butts of seven cigarettes.

"I'll have our chemist look these over and tell me approximately how old they are, though I don't suppose it matters a whole of a lot," Strawn said, as he emptied the ash tray into an old envelope from his own pocket. The boy could have sneaked up here after the murder and done a furious lot of smoking then, to quiet his nerves. We have only his word for it that he was to meet the girl here. And even if he

Student Fliers Jump to Deaths as Plane Burns

TULSA, Okla., April 4. (AP)—When a sheet of flame enveloped their airplane high above a golf course east of Tulsa late yesterday, two student fliers chose to jump to almost certain death, rather than remain with the burning ship. Both were killed instantly. Joe Bryant, 28, Claremore, Okla., recently graduated from Washington university in St. Louis, leaped from an altitude estimated at 1,000 feet, while Louis Crippin, 27, Tulsa, at the controls stayed with the blazing craft until it was within 300 feet of the ground. Crippin's clothing was burned from his body. After Crippin's jump, the unmanned ship glided to earth about 500 feet from where Crippin's body struck, made what investigators said was a perfect three point landing, rolled to a stop and then was consumed by the flames. The ship was a new biplane, completed here last week. Investigators expressed belief a cigarette tossed by one of the two fliers ignited the highly inflammable fuselage fabric.

International Sunday School Lesson BY DR. J. E. NUNN

International Sunday School Lesson for April 6, 1930.
General Topic: The Law of the Cross.

Scripture Lesson: Matt. 16:13-26.

Matt. 16:13. Now when Jesus came into the parts of Caesarea Philippi, He asked His disciples, saying, Who do men say that the Son of man is?

14. And they said, Some say John the Baptist; some, Elijah; and others, Jeremiah, or one of the prophets.

15. He saith unto them, But who say ye that I am?

16. And Simon Peter answered, and said, Thou art the Christ, the Son of the living God.

17. And Jesus answered and said unto him, Blessed art thou, Simon Bar-Jonah; for flesh and blood hath not revealed it unto thee, but My Father who is in heaven.

18. And I also say unto thee, that thou art Peter, and upon this rock I will build my church; and the gates of Hades shall not prevail against it.

19. I will give unto thee the keys of the kingdom of heaven; and whatsoever thou shalt bind on earth shall be bound in heaven; and whatsoever thou shalt loose on earth shall be loosed in heaven.

20. Then charged He the disciples that they should tell no man that He was the Christ.

21. From that time began Jesus to show unto His disciples, that He must go unto Jerusalem, and suffer many things of the elders and chief priests and scribes, and be killed, and the third day be raised up.

22. And Peter took Him, and began to rebuke Him, saying, Be it far from Thee, Lord; this shall never be unto Thee.

23. But He turned, and said unto Peter, Get thee behind Me, Satan; thou art a stumbling block unto Me; for thou mindest not the things of God, but the things of men.

24. Then said Jesus unto His disci-

ples, If any man would come after Me, let him deny himself, and take up his cross, and follow Me.

25. For whosoever would save his life shall lose it; and whosoever shall lose his life for my sake shall find it.

26. For what shall a man be profited if he gain the whole world, and forfeit his life? or what shall a man give in exchange for his life?

Golden Text: If any man would come after Me, let him deny himself, and take up his cross, and follow Me.—Matt. 16:24.

Time: Summer of A. D. 29, in the third year of Christ's ministry.

Place: Near Caesarea Philippi, in the extreme north of Palestine. At Capernaum.

Introduction

"In the preceding verses (Lesson XII, of the last quarter) our Lord was on, the across the lake to Bethsaida, the city at the extreme north of the lake; (see Mark 8:22). From there Christ and His disciples continued northward to the neighborhood of Caesarea Philippi, the most northerly point in Palestine reached by Jesus. It was a few miles east of the ancient frontier city of Dan ("from Dan to Beer-Sheba"). The Roman capital of Palestine, Caesarea, on the Mediterranean coast, was built by Herod the Great, and named in honor of the Emperor (Caesarea) Augustus. This Caesarea was also named in honor of Augustus by Herod Philip, who added his own name to distinguish it from the Caesarea on the coast. It was finely situated on a rocky terrace 1150 feet above sea level, at the base of Mt. Hermon. Just north of the town is the source of the Jordan, gushing out of the ground in a plentiful flow."

"The Son of Man"

"The Son of Man," Christ's favorite name for Himself, emphasized His nature as typical man, taking up man's sins in Himself, that He might

make an atonement for them. His wonderful works were enough to mark Him the Son of God. No one else has ever lived whom it was necessary to call "the Son of man" in order to make men realize his kinship with our mortality. The title, derived from Daniel, Ezekiel, and the Psalms, was a recognized name of the Messiah, and this was the main reason why Christ used it. As His death drew near, it became necessary for Him to assert His claims to Messiahship clearly, and establish them so firmly in the minds of His disciples as to lay the foundation of His church and His kingdom. John the Baptist, Elijah or Jeremiah. "And they said, Some say John the Baptist." John had been murdered. "He saith unto them, But who say ye that I am?" That was the main question for Jesus. He had been the uneasy conscience of Herod An-

tipas, who had put Elijah to death, led him to share this opinion (Matt. 14:1, 2). "Some, Elijah." Elijah was a great worker of miracles, as Christ was; he stood boldly for the true religion and against all iniquity, as Christ did; John the Baptist, Christ's herald, was to come "in the spirit and power of Elijah, and, finally, Elijah was carried mysteriously to heaven without death and burial, and so might easily be expected to return again. "And others, Jeremiah, or one of the prophets." Another of the prophets, Jeremiah in the Jewish Bible, was placed first among the Old Testament prophets. "Who say ye that I am?" "He saith unto them, But who say ye that I am?" That was the main question for Jesus. He had been the uneasy conscience of Herod An-

Many Pampanos to Attend Meeting of History Group

CANYON, April 4.—Pampa will have one of the largest groups that are present from Panhandle cities for the annual meeting of the Panhandle-Plains Historical Society here the eleventh of April.

Already eighteen tickets have been ordered by people from Pampa, and the formal announcements of the meeting did not go into the mail until today.

T. D. Hobart is serving his second year as president of the Historical Society, in which he holds a life membership. Other Pampa citizens who are life members of the organization are W. D. Jordan, Clyde Fatheree, Mrs. F. D. Hobart, Mrs. L. G. McMurtry, J. R. Henry, C. A. Tignor, and M. K. Brown.

A large number of Pampa people are also annual members and still others have given valuable support to the work of the society.

Women's Story of Drowning Doubted

HOUSTON, April 4. (AP)—Three men were at liberty under bonds of \$1,000 each today, apparently exonerated of responsibility for the death of Albert Miller, 25; Joe Scott, 32, and Peter McGee, 49, negro, drowned Monday night when a motor boat sank in the San Jacinto river here.

Eight hours after the filing of complaints against R. H. Mahley, Nick Gress, and W. D. Cunningham, officers investigating apparently abandoned the theory of foul play. Officers yesterday indicated they saw a possible jealousy motive in the statements of two women which had caused the men to be arrested.

SLAYING CONFESSED

TULSA, Okla., April 3. (AP)—Authorities disclosed today that Marvin Hampton, 23, said to have served a term in an Oregon prison, was named as the slayer of Charles Miller, 23, in confessions made late last night by Cecil Harris, 20, and Clifford Wilson, 16. Miller was killed on a lonely road near here the night of March 22.

STUDENTS ATTACK POLICE

LOS ANGELES, April 3. (AP)—Riot calls for 200 policemen brought emergency squads to the streets about the University of Southern California today as hundreds of students fought officers who attempted to rescue a policeman, said to have been manhandled after his automobile collided with that of a girl student.

No great violence was reported, but the milling students persisted in pummeling the streets about Bovard auditorium, shouting and hooting the police.

LESSON---

(Continued from page 11.)

teaching them and they had been working with and observing Him for two and a half years. Was it all a success or a failure? That question was a searching test for each one of the Twelve. Is it a searching test for us as well. The opinion of Christ that others hold will not answer for us. Each one must be fully persuaded in his own mind. What we think of Christ determines our degree of success in this life and our eternal destiny.

"Thou Art the Christ"

"And Simon Peter answered." Peter's quickness and boldness, which sometimes got him into trouble, never showed themselves to better advantage than at this time. He knew, and knew that he knew. "And said, 'Thou art the Christ, the Son of the living God.'" This is the sum and substance of Christian theology. It would be impossible for a Christian statement to be more comprehensive, satisfactory, and inspiring. Jesus, Peter declared, was the Messiah, the Christ (for both mean "the Anointed One"), the Redeemer foretold by the prophets.

"Upon Thy Rock"

"Thou art Peter, and upon this rock I will build my church." Jesus usually called Peter by his name, Simon; on this occasion He recurs to the name He had bestowed upon him prophetically when Andrew brought him to Christ (John 1:41). Peter (both Greek and Latin in origin) means "rock," as in our "petrified," turned to stone. Cephus is Arabic for the same thing. Not upon Peter, the fallible, clumsy and blundering disciple, but upon Peter's confession of Jesus as the Christ, the Son of the living God. "And the gates of Hades shall not prevail against it." Hades is a Greek word meaning "unseen"; it means the realm of departed spirits, the invisible world, a synonym of death. From the custom of holding court at the city gates, the word "gates" came to mean authority or power. Therefore Christ said here that against His church, thus founded, the power of death would not prevail; it would stand forever.

Jesus Foretells His Death

"From that time." From the time of Peter's declaration. "Began Jesus to show unto His disciples." His work had become intensive. The Twelve must be made ready to carry on His work after His death. "That He must go unto Jerusalem." There in the heart of the chosen people, the seat of the temple of the living God, the divine sacrifice for the sin of the world must be made. "And suffer

many things of the elders and chief priests and scribes." The three classes making up the Sanhedrin, the Jews' supreme court which condemned Jesus to death. "And he killed." Only a blood atonement would serve as a sacrifice for the sins of humanity, and Christ knew the absolute necessity for this. "And the third day he raised up." This was in fulfillment of prophecy and as the chosen sign in verification of Christ's deity—"the sign of the prophet Jonah."

Peter Rebukes Jesus

"And Peter took Him." Peter led Jesus to one side, having at least enough modesty to wish to make his protest privately. "And began to rebuke Him." He began, but Christ did not allow him to go very far in his egotistic though affectionate folly, "Saying, Be it far from Thee, Lord." Literally, "God pity thee," that is, "God give thee a better fate."

"But he turned and said unto Peter, Get thee behind me, Satan." The devil, Christ's adversary in the temptations which he had faced at the opening of His ministry, was making use of the apostle, and through him was presenting once more the lure of worldly dominion, of the kingdoms of the world and their glory, which the Saviour had so decisively repudiated at that time.

Self Denial and Cross Bearing

"If any man would come after me, let him deny himself, and take up his cross, and follow me." Luke 9:23, says, "Take up his cross daily." Our Lord meant not only following Him, if need be, along the path to a violent and disgraceful death, but also day by day on the road of lowly and difficult service.

"For what shall a man be profited, if he shall gain the whole world, and lose himself, or come to contempt of the world, and himself, and burn as chaff?" Christ is purposely overstating the case, for the worldling never does gain the whole world, but only a very small

part of it; and the more of it he has, the less he seems to have, and the greater is his discontent. "And forfeit his life?" His real life, his eternal life, that for which the world exists, with all its experiences and wealth. "Or what shall a man give in exchange for his life?" One's being, one's soul, is that by which alone one can enjoy any pleasure or use any possessions. "Nothing can be given to us to recompense the loss of heaven; and if our souls be lost, there is nothing remaining to us whereby we can be happy."—Jeremy Taylor.

The chapter closes with a prophecy of the second coming of Christ. His return in glory with the angels, His judgment upon all men in accordance with their deeds; the establishment of the kingdom of heaven. The next chapter of Matthew's Gospel is largely devoted to the wonderful transfiguration scene, in which Christ bore witness to Himself by allowing His deity to shine out in splendor before the dazzled eyes of Peter, James, and John; in which also Moses and Elijah, returning to earth, bore the witness of the Law and of Prophecy; and in which, as a mighty climax, the Father bore witness by the voice from heaven: "This is my beloved Son, in whom I am well pleased, hear ye Him."

WILL FACE HEARING

SAN ANTONIO, April 4. (AP)—Hunt Watson, alias Ward Hunt, faced a hearing today before Judge R. B. Minor of district court on charges of robbing S. J. Woodter, cashier of the St. Anthony hotel, of more than \$3,000. Woodter was held up and robbed Sunday morning. Watson yesterday was returned from Floresville where he had been sent for safe keeping.

Mrs. I. E. Kullmann, who has been at Enid, Okla., at the home of her parents since the Christmas holidays, arrived home yesterday afternoon with her three-week-old son, Charles Dean.
