MUCH WORK IS SHOWN BY ALL REPORTS

Welfare of Children of Veterans Discussed

SCHOOL LOANS ANOTHER TOPIC

Civic Activities Claim Interest This Morning

With 250 women representing all sections of the Panhandle assembled in the city, the ninth annual convention of the Seventh district of the Texas Federation of Women's clubs was formally opened this morning at the First Methodist church, after a half-day's preliminaries, during which the pre-convention board meeting was held and the officers and delegates were entertained with social courtesies afforded by the hostess city.

Mrs. J. T. Whitmore presided for the first time since her election last spring. Mrs. R. F. Lindsay of Mount Pleasant, state president, was present, and sat on the platform with the district president and the secretary, Mrs. H. G. Towle of Snyder.

Tomorrow's Program

At 8:30 o'clock the convention will open, with Mrs. Whitmore presiding, reports of the department of education, the department of public welfare, and the department of American citizenship will be heard. The state president will hold round-tables and conferences.

At 12 o'clock the luncheon sponsored by the department of public welfare will be held in the church basement.

At 1:30 o'clock, the session will open in the church auditorium. Following the report of the department of fine arts, the site for the 1930 meeting will be selected. The annual singing contest will be held, and all district prizes for the year will be awarded.

F. M. Gwin, representing the men of the city, and Mrs. W. Purviance, speaking for the women, welcomed the convention body to the city, and the response for the district was made by Mrs. A. W. Howard of Childress. Mrs. W. A. Wilson directed the assembly singing of "The Eyes of Texas." The invocation was pronounced by the Rev. F. W. O'Malley.

Proceedings of the morning included the introduction of the first and second vice-presidents, Mrs. Tillman Jones of Post and Mrs. W. J. Whitel of Canadian, and the secretary-treasurer, Mrs. Towle. Each gave her annual report, after which Mrs. Whitmore made hers.

The report on junior membership was made by Mrs. W. P. Averitt of Lamesa and the credentials minutes were read by Mrs. E. J. Nunn of Amarillo.

Mrs. C. M. Ballinger of Lubbock, chairman of the department of applied education, and chairmen of the eleven divisions of the department were introduced. Divisional reports were given as follows: Public instruction, Mrs. W. W. Royalty, Lubbock; physical education, Mrs. J. C. Thomas, Childress; scholarship and loans, Mrs. C. M. Holt, Amarillo; state education institutions, Mrs. S. W. Meharg, Plainview; library extension, Mrs. T. L. Brown, Tulla.

Among the special reports, that of Mrs. Tillman Jones, Post, on federation work for war veterans was of particular interest. She advocated club women's organizations turning their attention to the welfare of the children of the dead soldiers and incapacitated veterans, rather than upon the rehabilitation of the returned men themselves, since the latter service is being adequately performed by the American Legion and its subsidiaries.

JAKE YALE IS ASSESSED TWO YEARS

A jury that was hopelessly deadlocked in five ballots finally compromised and gave Jake Yale a two-year sentence in the state penitentiary this morning on a charge of murder. Yale was charged in connection with the fatal shooting of Jack McKee, alias Jack King, in South Pampa, March 23. Whether the case will be appealed has not yet been decided, according to Will Saunders, counsel for the defendant.

In the first ballot, the jurors stood nine to three for acquittal and the vote was the same in three ballots that followed. When they reported to Judge W. R. Ewning the vote stood eight to four for acquittal. In subsequent ballots the majority for freeing the defendant gradually diminished. A two-year sentence in the penitentiary is the minimum penalty that may be assessed in the state of Texas on a murder charge.

On the witness stand, Yale made a plea for self-defense. He testified that just before he shot McKee, the latter's hand "went to his hip pocket." Defense witnesses testified that McKee had made threats that he was going to kill Yale. The defendant came to Pampa the day of the shooting looking for his wife, and saw McKee, a former acquaintance, Yale said.

The shooting occurred when Yale, Mrs. Yale, and McKee were walking near the tracks in South Pampa. At that time, McKee was quoted by Yale as saying, "If you come over here to tell what your wife must do, you'll get your head torn off." Yale claimed his wife had left him and he had hunted her in various cities before he came to Pampa. McKee was under a two-year sentence for car theft. He had been a fugitive for four years.

The state was represented by Ben Allred, who acted as district attorney. A material witness for the state arrived shortly after testimony on both sides had closed, it was stated. The trial was unique in that only two days were required to try the case.

Learned Jap Wrestler Here

Iota Shima, noted Japanese wrestler who will meet Otis Clingman at the Pla-Mor tonight arrived in town this afternoon and gave the news that he had won a surprise.

Mr. Shima is a highly educated Japanese. He is a graduate of the University of Tokyo and Whittier college in California. Besides that he is an expert criminologist and criminal lawyer. He comes from an ancient family of noble lineage. He lives just outside the harbor of Yokohama on Shima Island which has borne the name of his family for generations.

Youth Is Given 99-Year Term

HEARNE, April 24. (P)—Admitting he poisoned his cousin, for whom he was named, John Gary Arnett, 19, today was under sentence of 99 years imprisonment. Arnett was sentenced yesterday upon a plea of guilty, to the slaying of John Gary who died April 6. Arnett was arrested when it was discovered all food in Gary's kitchen had been poisoned, and that Arnett was the beneficiary of a life insurance policy.

Daughter of Il Duce Is Wedded

Signorina Edda Mussolini, daughter of Benito Mussolini, premier of Italy, today was married to Count Galeazzo, secretary of the Italian embassy at the Holy See. The honeymoon plans were kept secret.

SMALL GIRL, SEARCHING FOR SPRING FLOWERS, WANDERS TO ENGINE HOUSE AND IS KILLED

A quest for spring wild flowers ended in the death of little four-year-old Vera Mae Gibson at the Phillips Petroleum company's No. 5 Jackson yesterday afternoon and brought stark tragedy into the lives of a family of four members.

The little dark-eyed, curly-headed child had obtained permission from her mother at the Phillips camp to pick wild flowers in the pasture surrounding the camp. She left the house about 20 minutes till 4 That was the last time the mother and her two other small girls saw the child alive. The mother had told the little girl not to go very far from the camp. She did not return as soon as expected and the father and mother and neighbors began to search.

Forty-five minutes later they found her dead in the engine room of Jackson No. 5, a pumping well. She had been crushed and broken by the machinery. She had in some way fallen into the belt and hurled against the engine. Her neck was broken and she had sustained a fractured skull, besides other bruises and fractures. It is believed that she had been playing around the well and had wandered into the engine-room, drawn by the fascinating whirr of the engine and a desire to see the wheels go around.

She was the youngest daughter of Mr. and Mrs. L. H. Gibson. She is survived by her parents and two sisters, Frances, 9, and Myrtle, 7. The Gibsons have lived here for the past eight months, coming from Oklahoma and California.

Funeral services will be held at the G. C. Malone funeral home, which has charge of arrangements, tomorrow afternoon at 3:30 o'clock, with the Rev. A. A. Hyde, pastor of the First Presbyterian church in charge. Burial will be made in the local cemetery.

RALLS GROUP ESCAPE WHEN BRAKE LOCKS

Ukelele Band Taken To Meeting in Temple

NISBET ALSO ABOARD SHIP

College Head Speaks to Convention Today

TEMPLE, April 24. (P)—An airplane chartered by the Plainview Rotary club for advertising its city in the campaign for the next convention at a district Rotary convention here crashed shortly after landing today.

Six women from Ralls, members of a ukelele band, and John Lee Nisbet, president of the Plainview club, were in the plane, piloted by T. T. Pennington of Fort Worth. None was injured.

One wing and the landing gear were torn off and the cabin split in half when the brake on one wheel locked, causing the craft to crash after it started circling as it was taxiing on the ground.

TEMPLE, April 24. (P)—Speakers before the forty-first Texas district Rotary convention here today included T. D. Brooks of Waco, Bruce Boney of Cisco and Dr. P. W. Horn of Lubbock.

Ray Nichols of Vernon was nominated for district governor by Walter Cline of Wichita Falls. His nomination was seconded by Allen Early of Amarillo and Senator Edgar Witt of Waco.

Balloting on officers and selection of the 1931 convention city planned for the closing session this afternoon followed. Cleburne, Plainview, and Mineral Wells sought the next meeting.

Texas Men Die in Auto Crash

OLNEY, April 24. (P)—D. Kinnard, 40, Wichita Falls, and Mike Spears, 40, Vernon, were dead today, and a man believed to be Hollis Jewell of Electra was in a serious condition, as a result of two automobile accidents near here. Jewell was not expected to live.

Kinnard was killed last night when his automobile overturned as he was driving alone to Olney. His head was crushed.

Spears was killed on the same highway, a few miles distant, when his automobile collided last night with one driven by A. E. Holmes of Graham. Jewell was riding with Spears. Holmes was slightly injured.

Spears' mother was believed to reside in Corsicana and a daughter, in Chickasha, Okla. The men were oil well drillers.

S. M. U. Men's Glee Club Is To Be Heard Here Saturday Evening

The musical wares of a college male chorus, both popular and classic, will be heard here Saturday night at the First Methodist church, when the Men's Glee club of Southern Methodist university of Dallas will present a program of classical numbers and specialties under the auspices of the choir.

Under the direction of David McPherson, baritone, former assistant director of the Wisconsin university men's glee club, the S. M. U. organization, popularly known as the "Mustang Harmony Boys," is making its 1930 Panhandle tour, stopping at Bowie, Wichita Falls, Chillicothe, Quanah, Childress, Pampa, Amarillo, Canyon, Jarendo and Burkburnett for performances.

West Texas' Own Candidate

Senator Clint C. Small of Wellington, who is here today to address the federated club women, is in a very real sense this section's own gubernatorial candidate. He has proved himself, in a comparatively short but meteoric legislative career, to be a resourceful and effective advocate of the rights of the people. In a time beset by bitter politics, his declaration that this state should "adjourn politics and inaugurate a constructive era devoted to building and developing Texas institutions" is particularly appropriate. The Pampa Daily News welcomes Senator Small and endorses most heartily his candidacy for governor of Texas.

CLINT SMALL COMES HERE TO OPEN GUBERNATORIAL DRIVE—OFFERS BUSINESS-LIKE TERM

DALLAS, April 24. (P)—State Senator Clint Small of Wellington planned to open today his campaign for the Democratic nomination for governor with a speech in Pampa. He left here last night with the intention of returning Saturday to open headquarters.

In a statement, he outlined his platform as a program offering the state a "careful business administration," a "legislative trace," and a "political armistice."

Ralph Watkins Is Buried Beside His Father Here

Nine months after Bill Watkins, Pampa filling station proprietor, was interred in the local cemetery, the victim of a slayer's bullet, his son, Ralph Watkins, 20, who was fatally shot Sunday was buried beside his father this afternoon. Interment followed funeral services which were held in the Church of Christ with Rev. Jesse F. Wiseman, pastor, in charge.

Watkins is survived by his mother, who lives in California, and his step-mother who lives here. He was a member of the Church of Christ and of a Sunday school class taught by his mother.

The shooting occurred in front of the Watkins' home, in South Pampa, about 7:30 Sunday morning. Gilbert Cox, 20, who was arrested in connection with the shooting, was released on bond Monday afternoon. Representatives of major oil companies here signed the \$5,000 bond. Trial of Cox is scheduled for May 5.

Virginia cotton mills kept 669,928 spindles active during February. Beekeeping is taking its place as an important industry in Louisiana.

WEST TEXAS: Cloudy, scattered showers tonight and Friday.

NEW YORK—California, here comes Paul Whiteman. He's going back as soon as possible. "Broadway's all different," he explained. "There's no one here I know. The gang's gone Hollywood."

CRUELTY TO CONVICTS IS THEIR CLAIM

Revolt Is Growing at Alarming Rate Today

THREATS MADE TO KILL GUARDS

Great Shouts Heard As Discontent Grows

COOLUMBUS, Ohio, April 24. (P)—Attorney General Gilbert Gettman left Ohio penitentiary hastily this afternoon to confer with Governor Cooper on a proposal temporarily to suspend Preston Thomas as warden. The action was taken when several thousand prisoners announced they would revolt against Thomas' rule. They charged the warden with "cruelty" and held him responsible in part for the 318 fatalities in the prison fire disaster.

COLUMBUS, O., April 24. (P)—As investigators of the Ohio penitentiary fire today continued their probe into the disaster which took a life toll of 318 convicts, the general spirit of unrest in the prison flamed into open revolt against discipline.

After a night of disquieting reports some 2,000 convicts in the idle house threatened open warfare if they were not released immediately. They said they would kill the score of guards in the cell block if they were not turned loose from the cage into the yard.

In the yard itself another disorder occurred. Some 100 convicts confined temporarily in the chapel, were inflamed by incendiary speeches made by leaders. These men were from the cell block where a majority of the victims died. National guard officers and prison officials attempted to quiet them.

Two ministers, well known to the prisoners, went into the white city when the bedlam continued. They were Father Goswin Menge of Cincinnati, Catholic priest, and the Rev. T. A. Reed of Columbus, former prison chaplain. Some of the prisoners quieted as they entered, and the ministers started to talk to them.

Before the disorder began some of the soldiers at the penitentiary had been demobilized. When the prisoners became unruly, however, a hurry call was sent out for headquarters company of the 166th infantry, Ohio National guard, which arrived in double quick time.

As the din continued, Colonel R. S. Haubrich, commanding officers of the Ohio National guard and his staff went into hurried conference with the warden.

In the white city, in addition to the idle house and company K, are the death cells, where eight convicts in the extreme southeast wing of demned men are now confined. They held the block.

The general spirit of unrest in the penitentiary caused state officials to move immediately to remedy the situation by reducing the population. It was said by state welfare director Hal Griswold that as soon as possible 100 convicts would be sent to the London prison farm and from 150 to 200 to the Mansfield reformatory. In order to make room at the farm and reformatory the parole board will advance the date for release of 250 men already recommended for parole.

The convicts demanded that company K, the bad men of the penitentiary, be turned loose. The men in the K outfit shouted back that they did not want to be loose.

Warden Preston Thomas said that guard lines were being tightened about the white city, and that if necessary soldiers would be called in to quiet the men. About ten guards were on duty in the block.

Phil E. Blair of Paris, Tex., has been United States marshal under

Murder Backstairs

By ANNE AUSTIN AUTHOR OF "THE AVEING PARROT" "THE BLACK PIGEON" ETC. ©1930 BY NEA SERVICE INC.

But an unfinished letter of Doris to her sister in London turns Seymour Crosby into chief suspect for a time, linking the maid's murder with the sudden death of PHYLLIS CROSBY 14 months before in London.

When it is found that Harvey Johnson, valet hired for Crosby, has robbed Mrs. Berkeley and Crosby, Captain Strawn considers the murder solved, throws out police dragnet for Johnson and leaves Dundee in charge at the Berkeley home.

Mrs. Lambert, secretary to Mrs. Berkeley, requests an interview with Dundee and begs him not to consider any solution of the case which reflects on Doris's honesty and loyalty.

"Please tell me frankly what you are thinking Mrs. Lambert," Dundee urged gently. "The social secretary got control of herself with an obvious effort. She even managed to smile slightly.

"You startled me," she confessed. "I know how Seymour—Mr. Crosby—treasured that miniature of Phyllis. It is an exquisite thing, a remarkable likeness of one of the most beautiful girls I ever saw.

"I know," Gigi interrupted striking her small brown hands together. "Everyone says Johnson looked like a gentleman, and I'm here to tell you he had S. A. plus—in a deadly, quiet sort of way, if you know what I mean.

"Hush, Gigi! You're being ridiculous!" Mrs. Lambert commanded sternly, but Dundee saw that her face had gone ghostly pale.

"Wouldn't I make a swell detective, Bonnie Dundee?" Gigi exclaimed. "Well, this is the way I dope it out: Johnson was a 'gentleman crook' playing the nightclubs in New York, or something like that.

"I was. We were devoted friends in spite of the difference in our ages," Mrs. Lambert replied, her pale lips trembling.

"I bet she was going to have a baby!" Gigi cut in excitedly. Mrs. Lambert flushed. "She was, I believed then and I still believe that her morbidity and her—her suicide were due to her condition. At Seymour's request, I went to London to stay with Phyllis

other reason whatsoever." "Mrs. Lambert, did Phyllis threaten to commit suicide?" "Certainly not, or I should not have left her alone for a moment!" Mrs. Lambert replied indignantly.

"Did she tell you why she was unhappy, Mrs. Lambert?" Dundee asked. "I—I refuse to answer."

"It is quite possible then that Doris was wholly in Mrs. Crosby's confidence?" Dundee persisted. "Quite possible, of course," Mrs. Lambert agreed stiffly.

"Mrs. Lambert, forgive me for what must seem idle curiosity to you but—would you say Mr. and Mrs. Crosby were happily married? That they loved each other?"

"Will you please tell me all you can remember of Phyllis Crosby's last evening?" "Mr. Dundee, I have been patient under this—this ordeal: I have tried to answer your questions as if you had a right to ask them, but I must protest—"

"Because you feel sure there is no connection between Doris's murder and Phyllis Crosby's suicide?" Dundee suggested quietly. "Please bear with me, Mrs. Lambert, for I honestly believe there is a connection, and that it is our duty to Phyllis Crosby—to bring that missing link to light."

"At dinner that Sunday evening—it was the sixth of May—Phyllis seemed more ill and hysterical than usual. She ate nothing, and finally went to her room, locking the door. Doris was with her, and I felt it would be useless to intrude until the poor child felt better.

"Alone?" Dundee asked quickly. "Yes, quite alone. The roof could be used by any tenants of the building, of course, but there was no one at all but Phyllis when I found her."

"No one whom you saw, you mean?" Dundee corrected her. "I saw no one," Mrs. Lambert amended coldly. "Naturally I did not search the roof. I was interested only in Phyllis. I found her seated on a stone bench near the coping which surrounded the roof. She was weeping quietly, and I soothed her as best I could—"

"You asked her what was wrong?" "Of course, but she just shook her head. Finally she began to laugh hysterically at herself, called herself a little fool for behaving as she was doing, and asked me to go down and send Seymour up to her. She said she had something to tell him—"

"She did not tell you what it was?" "No. There was no need, I knew what was wrong, or believed I did." "Simply that she was ill and hysterical, because of her condition?" "There was the faintest hesitation

HERE'S PROOF

THIS is to certify that I was diagnosed as having cancer of the stomach by three up-to-the-minute physicians, before I was brought to a chiropractors office by Uncle Frank and Aunt Mary Cope. I was hardly able to sit up at that time, and had just 47 pounds. I had a Radiatic analysis which verified the diagnosis of the other doctors.

With the Copes' aid I purchased a card of Radiatic Vibrations—that being Armistice Day, 1929. Today—March 15, 1930—I have gained 32 pounds, can work hard every day, and feel good all the time. I was too sore to be adjusted for the first three weeks, so I just took the Radiatic alone for the first three weeks. I was dismissed today—and I can do a man's work and feel good all the time.

I can highly recommend the Radiatic and Chiropractic. (signed), HARRY ANDERSON, Box 95, Pampa, Texas.

THURSDAY:
The Bible Gleasers class of the First Baptist Sunday school will have a party at the home of Mrs. John Brown, 711 North Banks street at 2:30 o'clock. Mrs. C. L. Stephens will be co-hostess.

The Ladies' auxiliary of the Carpenter's union will meet in the home of Mrs. Lyle Stout at 7:30 o'clock. The regular social and business meeting of the T. E. L. class of the First Baptist church will be held Thursday afternoon at 2:30 o'clock in the home of Mrs. Cyril Hamilton, 837. Important business will be transacted, and the attendance of all members and associate members is desired.

FRIDAY
The Study club of the Order of the Eastern Star is to meet at 8 o'clock.

Epworth League Has Big Meeting and Outdoor Outing

The Green Belt Union Epworth League of Clarendon district met 6 miles north of Alanreed Wednesday evening at 7:30 at the "Hobos Paradise," a beautiful spot among tall cottonwood trees on the banks of South McClelland creek.

The meeting was called together by Rev. A. E. Hardy, pastor of the Methodist church at Alanreed. All were seated around a great camp fire, which gave light enough for the meeting. The devotional was conducted by Miss Alene Crisp of the Alanreed League in which she gave a reading, "God's Great Out-of-Door Temple of Worship," accompanied by a male quartet which hummed the tune, "God Is Love." The prayer was given by Rev. Crow, pastor of the Methodist church at Groom.

The meeting was then turned over to Walter Hardin, president of the Union, who conducted the business session.

Officers for the next year were nominated, as follows: Walter Smith of Groom, Earl Smith of Clarendon, Chester Smith of Alanreed, Walter Hardin of Pampa, for president. Walter Smith of Groom was selected upon the first ballot. Mrs. Barto Smith, of Alanreed, and Miss Irene Franklin of Groom were nominated for secretary-treasurer. As Mrs. Smith would not be in the district next year, her nomination was withdrawn and Miss Irene Franklin was unanimously re-elected secretary-treasurer.

There were 34 persons present from Groom, 46 from Alanreed, 4 from Clarendon, and 5 from Pampa. Those from Pampa were Clarence Coffin, Lawrence Meyers, Frances Campbell, "Bill" Ward, and Walter Hardin. The next meeting will be held at Clarendon some time in May.

After the business meeting many games were played under the direction of Mrs. A. S. Hardy. At 10 o'clock a luncheon consisting of sandwiches, cake, and fruit punch was served.

OFFICER AND ROBBER DIE IN PISTOL DUEL

ST. LOUIS, April 24. (AP)—A deputy sheriff and a would-be robber were slain in a pistol duel in St. Louis county about midnight last night when two men approached the officer, who with a companion, was parked along the highway to trap bandits who have perpetrated a number of holdups of motorists recently.

William Goerick, 28, the deputy sheriff, was fatally wounded, and the bandit, about 35, was found when other deputies went to the scene. Chief Deputy Sheriff Arnold Williams who was with Goerick, said two men approached them and ordered them to throw up their hands. Willmann said they told the pair they were officers, and one of the highwaymen immediately opened fire.

Willmann returned the fire, and the pair fled. Willmann immediately took his companion to a hospital, where he died.

Chinese immigration into the Philippines decreased about 10 per cent in 1929, the bureau of customs reported.

Precautions to Prevent Another Fire Are Taken

COLUMBUS, Ohio, April 24. (AP)—While additional bodies were being released to sorrowing relatives of prisoners who died in the Ohio penitentiary fire, state officials joined today in a determination to leave nothing undone to prevent a recurrence of the catastrophe which claimed 316 lives.

Without waiting to find the cause of the fire, officials, led by Governor Myers Y. Cooper, started consideration of plans to relieve crowded conditions at the old prison. One step toward this end, the governor indicated after a conference with members of his cabinet and Warden Preston E. Thomas, will be the transfer of short term convicts to the London prison farm.

The program, also calls for speedy completion of two new cell blocks at the penitentiary as well as rebuilding of the fire-swept G and H house in which last Monday's fire had its origin.

Despite several manifestations of unrest, it was believed extra guards would be withdrawn within a few days. A group of prisoners working on a coal house caused a stir early today when they deserted their post and roamed about the prison court. They were returned to their jobs.

While the state's investigation has brought forth several individual opinions, it has failed thus far to reveal how the fire started. Most of the witnesses before the board of inquiry devoted their testimony to suggestions as to how more of the prisoners might have been rescued from their locked cells. These included a statement by A. T. Nice, chief of the Columbus fire department, that none would have perished had the prisoners been released as soon as the fire was discovered. He charged that rescue efforts were delayed by guards inside the walls.

Following testimony by Warden Thomas that no fire protection was provided at the cell blocks, State Welfare Director H. H. Griswold announced extinguishers had been ordered placed in the cell houses. As an extra precaution, he said, guards would be placed in the towers.

Cotton ginned in Alabama in 1929 totaled 1,307,372 bales.

Trying to Save a Convict's Life

This graphic closeup shows convicts attempting to revive a fellow-prisoner carried from the burning cell block at Ohio State Penitentiary at Columbus in the fire that swept the prison. The scene took place in the prison courtyard.

Conroe Man Is Killed in Well

CONROE, April 24. (AP)—James Brown, 23, farmer, was dead today,

having been smothered to death when he was buried beneath a cave-in of quicksand while digging at the bottom of a well on his father's farm here.

The accident occurred yesterday and though his father and other persons working to the top of the

well cast him a rope it slipped from the youth's hands. He disappeared, screaming, beneath the murky waters and sand.

Jodo Sect evangelists of Japan are distributing Buddhist sermons on phonograph records.

Two Most Modern Milk Plants In Texas Being Finished Here

Two of the most modern milk products plants in the Southwest are now nearing completion in Pampa. They are the Gray County creamery and the Taylor dairy farm creamery. No less an authority than Dr. T. J. Worrell, city health inspector, says that when these plants are completed and in operation they will have no superiors in Texas.

The Gray County creamery has been enlarged four times its former size. The new building measures 100 feet long and 60 feet wide. Both buildings are built of concrete and snow-white stucco. There are enough windows and skylights in both buildings to amply light them without the aid of many electric lights. While the Gray County creamery is much larger than the Taylor establishment, the latter is just as modern and up-to-date in equipment and construction.

The Taylor plant is expected to be completed and equipped this week, while the Gray County establishment is finished except for a few details in construction and installation of equipment. The pasteurizing equipment for the Gray County creamery is now in operation and like equipment for the Taylor plant is being installed.

A feature of the Gray establishment is that a glass partition separates the office department from the milk, butter, and pasteurizing rooms. The office is located at the front of the building on the second floor and visitors and others may observe the details of butter-making, pasteurizing, etc., through the glass without leaving the office. An average churning at the Gray County creamery now is 1,000 pounds. In a separate room is housed a bot-

tle-washing machine which washes eight bottles every minute. It takes 17 minutes to wash one bottle, so thorough is the cleaning and germ-killing process. Equipment for making ice cream was recently added to the plant.

The huge refrigerator is located at the center of the building and is in reality a good sized room. A chute from it delivers the milk to the wagons and delivery wagons. Paul Jensen, creamery expert, is in charge of the milk products department. Mr. and Mrs. Henry Gerhard are managers and proprietors of the creamery. More than a dozen are employed at the plant. Enlarging the creamery and installation of new machinery and equipment was accomplished at a huge cost.

The Taylor plant will have the latest and most approved machinery. Machinery in both plants was selected with the assistance of Dr. Worrell. When both are in operation, Pampa citizens may use the best A-grade milk products, manufactured under the most rigid standards.

Kansas City Livestock
KANSAS CITY, April 24. (U. S. D. A.)—Hogs: 6,000, weak to 15c lower; top \$9.80 on choice 180 to 230 lbs.

TIME FOR FACTS, NOT POLITICS

The approaching battle over whether or not this country shall officially ratify the action of its representatives at the London conference is one in which the American people should not jump to conclusions.

There are, at the outset, two camps warring against each other. One feels that there can be no good in reducing the military strength of the nation; the other assumes that anything done in the name of peace can do no harm.

The world rejoices that, apparently, a great stride has been made toward reducing armaments and doing away with the warlike spirit. It takes the position that the conference was a success, unless it can be shown that it was otherwise.

The Rotary convention at Temple took notice of the conference and rejoiced in it. International civic clubs are doing an important work in creating good will among men of varying creeds and races.

There are, no doubt, points in the big treaty that do not exactly square with old ideas on preparedness. Naturally so, for the aim was to change those old conceptions of security and to substitute parity.

It would be extremely unfortunate if America should undo what was accomplished at London, assuming that that accomplishment was all it appears on the face. National security is a supreme issue, but world peace is a greater one if it can be attained without too greatly endangering any nation.

THE ULTIMATE IN MERGERS

Gang lawlessness is bad enough when it exists in the form of rings which fight each other and thereby tend to restrict their activities.

If, as reported, Chicago gangs have merged in order to enlarge their operations and stamp out all opposition, America has a phenomenon which Washington and Jefferson could not have by the wildest flights of the imagination conceived.

The world exposition may not succeed by reason of the fear that millions of people will have of entering the city for the event. To say the least, Chicago's reputation does not encourage the country folk—which most of us are—to visit her.

When lawlessness merges, good citizens must organize themselves to an extent not contemplated in the period in which this government was born.

Easter eggs have a new meaning, according to Irvin Cole, local poultryman, who expects us to believe that a basketful of chicks of assorted colors came from colored eggs.

Editor E. I. Hill, our good friend down at Tahoka, admits that he is puzzled indeed by the gubernatorial outlook. Mr. Hill, however, is usually more original and exclusive in his states of mind.

Straw hat time will be here when you can set a stiff lid upon its brim and outrun it in the average day's breeze.

We often rage inwardly when riled by events beyond control or reach, but the last straw is when one pays "postage due" and then finds he has received a lot of press agent stuff about the tariff on putty or the state of the natives in the Near East.

We have no energy to waste in regrets over not being able to sit back and let the Denver railroad build Pampa. We must go forward and build it ourselves.

We didn't get the railroad permit, but there are still available the city building permits. Let's have more of them. Those contractors who have built residences without taking out permits have done the city an injustice.

How's this for a bit of civic alliteration: "Boost, Build, and Buy in Pampa!"

GREAT DERBY HAS INTEREST OF ALL FANS

NEW YORK, April 24. (AP)—Sane the usual glamour and optimism, but lacking none of the color of yesteryears, America's foremost three-year-old thoroughbreds have begun their annual trek to the fifty-seventh running of the Kentucky derby at Churchill Downs on May 17.

Long, however, before the winner of the historic blue grass stake is crowned many of the present hopefuls will have joined the also ran group, without having faced the barrier on that May Saturday. One hundred and fifty now stand ready to answer the call of the bugle but should more than 22 go to the post, it will be a record for the Kentucky classic.

At least six of the foremost candidates for the \$50,000 purse have already made their debut on the tracks of New York, Maryland and Kentucky, while another group, the lesser lights, have exhibited their speed or lack of it in over night events. A few of the eligibles are carrying on from the winter tracks of New Orleans, Florida and Agua Caliente.

To date Mrs. Graham Fair Vanderbilt has put in the strongest bid, sending Sarazen II out to win the Paumonok handicap at the opening of Jamaica and then following with Desert Light yesterday. The latter, held as one of the favorites in the future books, failed to win, but ran a creditable race back of the speedy Sandy Ford, which covered the mile and 70 yards in 1:46 2-5.

Dedicate, held as the chief hope of the middleweight to again carry off the honors, has been out at Lexington and showed he was every bit as good as the bookmakers had said. He has both disappointed and encouraged the backers of G. W. Foreman's silks, winning his first start by a wide margin, but falling in four other attempts.

Michigan Boy may prove to be the

To Meet Japanese Tonight

Iota Shima, Japanese wrestler who hopes to fill the shoes of Matty Matsuda, is rapidly conquering the southwest, but he may be stopped tonight when he attempts to do to Otis Clingman (above) what he did to Joe Kopecky last Friday night and to Dick Davis court Monday night at Phoenix, Ariz., where he hurled the 220-lb. heavyweight out of the ring and easily won the match.

Shima realizes that to get anywhere in American wrestling he's got to master catch-as-catch can wrestling and he's starting out tonight. His manager, McIntosh, manager of the late Matsuda is confident that Shima is safely on his way to winning the championship from Jack Reynolds. Clingman avers that he's going to stop him tonight. Sale of ringside seats indicates that a big crowd will see the tussle.

In the semi-final event, Rob Roy will have it out with the prize of Borger, Young Sampson in 30 minutes. A preliminary event will feature Homer Allen and Kid Williams, of whom the latter has appeared here before.

Crack Brigade, well favored among certain racing circles, was out in the Paumonok, but his performance was nothing to shout about.

Mr. and Mrs. Henry Curry, Garfield Court, are the parents of a son.

HARD HITTING NOT GETTING BIG RESULTS

Between them, Brooklyn and Philadelphia have about the greatest array of sheer slugging talent an array of teams in the two major leagues can produce, but they haven't displayed it to very good advantage through the first games. Their blows were rather ineffective until they got together yesterday, and then there were more than plenty.

It all started when Fresco Thompson, Phillie leadoff man, stepped up to the plate in the first inning and drove the ball into the stands for the fifth time when Spotts, third Phillie catcher to appear, took advantage of an error by Flowers to romp home from third with the run that gave Philadelphia a 16 to 15 victory. In between there came 38 hits, 21 of them going to the Phillies, a parade of pitchers and pinch hitters and one big scoring rally after another. Starting with Jim Faulkner and ending with Bill Clark, the Robins used six hurlers while the Phillies called on four. In all 35 players took part in the game. Southern and Thevenow of Philadelphia and Frederick and Flowers of Brooklyn took the leading slugging roles, yielding only to Chuck Klein's third homer of the season.

The Brooklyn-Philadelphia was the only major league game in the east which survived the wintry weather. One western contest in each league reached its end while Pittsburgh tried to hold its home opening against Cincinnati, but gave it up in the third inning when a snow storm swept over the field.

The Chicago Cubs, champions of the National league last season, got back about the 500 mark by beating out the St. Louis Cardinals, 6 to 5, in the other National league game.

The Cubs got five runs in the third inning only to have the Cards get them all back again before the ninth. Charley Grimm came through in the ninth with his third hit of the game to bring Hack Wilson home from third with the winning run. Charley Root, winning his first game of the year in three starts, outlasted a trio of Cardinal pitchers.

INVASION OF NORTH UNDER WAY TODAY

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

The long-awaited invasion by southern clubs of the northern division of the Texas league was in full swing today, with the spotlight playing on the inaugural between the league leading Beaumont Exporters and the Fort Worth Cats at Pantherville. Second in interest was the visit of the Houston Buffs, occupants of second place, to the Sports' orchard at Shreveport.

Although three games do not make a season make, the series at Fort Worth and Shreveport might well prove the turning point in the current chase. If the Exporters and Buffs get away to a good start on their first long road trip they promise to be hard to stop.

Two of the northern outfits grew what appeared to be soft spots at the outset of the present invasion. The Dallas Steers were bracketed with San Antonio for three days, and Wichita Falls had every reason to anticipate easy pickings at the expense of the Beaumont artillery.

If every club caught a country licker, the Cubs were the victims the last three days. As a parting shot, the Exporters hung a 17 to 4 defeat on Del Pratt's pupils yesterday. In three days of target practice at Katy park the Shippers hung up a record of 45 runs, a mark that probably will stand for the season.

Houston moved into second place with its third straight over the docile San Antonio Indians, 10 to 2. While Lefty Reinhardt kept eight blows scattered to win his second straight, every man in the Buff line-up contributed to the onslaught on Estill and Carson.

A losing streak that had reached four straight was stemmed when the Spudders waged a spectacular uphill drive to nose out Dallas, 7 to 6, in their closer. The victory enabled Wichita to climb into a tie with Shreveport for the third rung as the Sports dropped their final at Fort Worth, 7 to 1.

British Stars in Chicago Meet

CHICAGO, April 24. (AP)—Pick of the British empire's track and field stars and an American team of Olympic caliber will meet in international competition on Soldier field the night of August 27.

The meet was obtained for Chicago by Avery Brundage, president of the National A. A. U., against the bidding of Boston, New York and Philadelphia, and will be Chicago's first night track and field meet.

Fifty-five members of the British team, including stars from Canada, Australia, New Zealand, South Africa and Ireland, will come to Chicago from Hamilton, Ont., where the empire games will be held Aug. 16 to 23. The National A. A. U. games will be decided at Pittsburgh Aug. 21.

SHERWIN-WILLIAMS PAINT HEADQUARTERS

Buy your paint on the job basis . . . and save

SWP—the world's best house paint—costs less on your house than cheaper paint. This is because its wonderful body thoroughly covers more square feet of surface per gallon. Therefore its slightly higher price per gallon is more than made up by the fewer gallons needed for the job. That is why you should buy by the job—not by the gallon.

The beautiful, weatherproof SWP colors and its tough film last twice as long as cheaper paints. That means that you save from 50% to 60% on repainting when you use SWP. It is the world's greatest house paint bargain. Note the many Friday and Saturday Suggestions we offer this week.

FRIDAY AND SATURDAY SUGGESTIONS

SWP House Paint

The world's standard of house paint quality. SWP is made in one quality only and that the very best. Famous for long life and the permanency of its many beautiful colors. Covers more square feet of surface per gallon. Costs less on the house than cheaper paints at a lower price per gallon. Regular colors, per gallon \$3.75

Gloss White, per gallon \$4.00

S-W Flat-Tone
A washable flat wall paint for interior decorations. Produces beautiful velvet finish on plaster or wallboard.
Per quart \$1.00

S-W Semi-Lustre
An interior paint with the hard-drying and washable qualities of enamel. Dries with half-enamel gloss.
Per quart \$1.25

Specify SWP and engage a good painter

S-W Enameloid
The world's finest rapid-drying decorative enamel. Ideal for woodwork, furniture, toys, etc. Wide range of charming colors. Per quart \$1.75

S-W Floor Enamel
A beautiful enamel finish for wood, concrete or linoleum floors. Withstands daily scrubbing and tramping heels. Per quart \$1.00

A complete set of Building and Remodeling plans, built in furniture now on display. We will assist in planning and financing your building or remodeling.

Four Net Stars Still in Running

WHITE SULPHUR SPRINGS, W. Va., April 24. (AP)—Minus Johnny Doeg, the Mason and Dixon tennis championships swung into the semi-final round today with four of America's first seven ranking players still in running.

Francis Hunter, No. 2, was paired with John Van Ryn, No. 5, in the upper bracket. In the lower half, George Lott, No. 4, opposed Wilmer Allison, No. 7, defending champion.

Allison handed the tournament its first upset yesterday when he defeated Doeg who only a week previous won the Pinehurst tournament. The downfall of Doeg, however, was overshadowed by the Hunter-Berkeley Bell match, which Hunter won after the Texan had collapsed when within one point of the match. Hunter's claim of the match by default was allowed.

Gulf Guns Are Beaten by Coltoso

The Coltoso nine dethroned the unbeaten Gulf Guns 3 to 2 yesterday afternoon in a five-inning game at the Gulf camp two miles south of Pampa. The Guns will be loaded for revenge when the two teams meet next Wednesday afternoon at the Coltoso plant.

Yesterday, Ross let the Gulf team down with two hits, while the Coltoso boys made six hits off Bulloch's delivery.

The Coltoso boys are proud of their victory, as the Gulf team had defeated the Amarillo Cats last Sunday. The Coltoso nine has not lost a single game this season.

PAMPA TEXAS

Deputy Is Killed After Booze Raid

COOKEVILLE, Tenn., April 23. (P)—A deputy sheriff was killed and another wounded last evening when a party of officers returning from a raid on a still near here was fired upon from an automobile.

Deputy Orville Moss, 45, died after the shooting, and Deputy Beal Warren, 31, was wounded seriously.

Near the place where the raid was to be made, the officers met an automobile with three men in it, one of whom fled when the car was halted. While the raiders were pursuing him, the other two men drove off.

After the raid the officers again encountered the car with two men in it, and said that when they approached the automobile the men opened fire. One of the men was captured, but the other escaped.

Robinson Rejects Davidson's Plan

WACO, April 23. (P)—Fred B. Robinson, former newspaper publisher, now one of the Democratic candidates for governor, today rejected a proposal by T. Whit Davidson, former lieutenant governor, that all candidates withdraw in favor of a convention-selected candidate.

"The all-day primary secures an expression of 100 votes to 1 by convention methods," Mr. Robinson said, "and I have always believed in rule by the people, fairly expressed."

"This is my first entry into the state arena and my desire is to have as full expression of the voters as possible."

U. S. Delegation to Conference Is on Way Home

SOUTHAMPTON, England, April 23. (P)—The Leviathan sailed from Southampton harbor at 7:30 a. m., today taking with it Colonel Henry L. Stimson, American secretary of state, and others of the American delegation to the London naval conference.

Departure of the steamer was delayed more than 19 hours in order that the naval delegates might complete work of the conference with signing of the treaty. They came aboard at midnight, after a rail trip from London, but the ship had to await better tide conditions.

Accompanying Colonel Stimson were Ambassador Morrow, Senator Robinson, and Secretary Adams, what was left of the clerical staff of the delegation, the naval experts, and American newspapermen. Senator Reed remained for a visit with Ambassador Gibson in Brussels. Ambassador Dawes remained in London.

The departing delegation brought with them a certified copy of "The London naval treaty of 1930," signed yesterday at the final plenary session of the conference at St. James's palace. The original remains with the British government.

A few formalities, in addition to the rush of packing, occupied the closing hours of yesterday after adjournment of the conference.

AMERICAN IS RELEASED WHEN RANSOM PAID

MEXICO CITY, April 23. —Dr. George Edward Purnell, American dentist who was kidnaped near Guadalajara Sunday, was released by his captors outside Guadalajara late last night on payment of 400 pesos (about \$200).

Dr. Purnell reached Guadalajara at one o'clock this morning.

Dr. Purnell was the third American within the past month to be kidnaped by bandits and then released. The first was J. E. Bristow, Texas mining man, released at the end of three weeks on payment of ransom; the second was Leonard Cassidy of Peabody, Mass., also finally released.

Dr. Purnell was released through efforts of Raleigh A. Gibson, American consul, William B. Lawton, American vice consul, two other Americans and two Mexicans.

The kidnapers, of whom there were three, had asked 6,000 pesos but this figure eventually was reduced to 400 in silver through negotiations.

As soon as Purnell was released, 65 mounted federal troopers took the trail of the bandits, whose capture was expected today.

"Remember When" Spring Was Late

For F. L. Elliott, summer does not come until May 30, Decoration Day, at the very least.

In connection with the present cold spell and snow on the Atlantic coast, he remembered this morning that on April 14, 1903, back in Pennsylvania, West Virginia and "York state" a 15-inch snow fell. And it stayed quite a while, and people got out their sleds.

In the same country, a little later, on Decoration Day, another big snow fell.

The house at Tepic, Mexico, in which Amado Nervo, noted Mexican poet was born, is to be converted into a museum in Nervo's honor.

Who's Hoodlum For Chicago Is Published Today

CHICAGO, April 24. (P)—Who's hoodlum in Chicago was published today.

With Alphonse Capone, scar-faced overlord of gangland, named first, the Chicago crime commission prepared a list of 28 notorious gangsters, gunmen and racketeers who "are constantly in conflict with the law."

Edited by Frank F. Loesch, president of the crime body and a member of President Hoover's law enforcement commission, the list was sent to city, county and federal law enforcement agencies with a reminder that "these men are public enemies and should be treated accordingly."

Leaders of every gangland faction were named. There was George (Bugs) Moran, heir to the northside mob hunted together by Dion O'Banion; "Polack Joe" Sallis, stockyards district chieftain; Frankie Lake and Terry Druggan, original beer barons of Chicago, and Joe Aiello, last of the once-powerful Aiello westside clan.

The crime commission's action, it was said, was resultant of the recent report that all of Chicago's

Radio Boosters On Air Tonight

The Pampa Booster entertainers will be on the air this evening as usual from 6:30 to 7:30 p. m. over KGRS, Amarillo.

Those scheduled to appear on the program are Tommy Hammond, Jack Vasey, three Lunsford brothers, LeRoy Carle, Vern Springer, Jimmie King, Andy Andrews and Mrs. Ethel Pauley.

The Pampa Boosters have asked the Board of City Development to take over this regular Thursday evening broadcasting program as an advertising medium for Pampa and Gray county agriculturally and industrially.

Many propositions and counter propositions have been offered and suggested. A very popular one is to establish a subsidiary line from Pampa to Amarillo, since it is impracticable to get a station at Pampa at this time.

Leos Shows Coming

The J. George Leos shows will open a week's engagement in Pampa Monday under the auspices of the American Legion. The company is one of the largest to tour this part of the country. It played here two years ago. The show has been engaged to show at twelve fairs this year.

Parker Decision Monday

WASHINGTON, April 23. (P)—The question of confirming or rejecting the nomination of Judge John J. Parker as an associate justice of the supreme court will be taken up by the senate on Monday.

AVIATION NEWS

Boyd Kennedy flew the Pampa Refining company's Ryan B-6 Mono plane to Big Spring yesterday to pick up a passenger.

R. W. "Dutch" Bartgis piloted the Cree and Hoover Ryan B-7 plane to Amarillo yesterday, taking a passenger.

Frank Shaw is expecting to receive the new American Eagle he ordered recently, about May 3. Art Pavey is now the owner of the plane formerly owned by Mr. Shaw. This plane was completely rebuilt at the factory and has been pronounced just as good as new by the inspector.

All that stunting that scores of people watched Tuesday afternoon about 5 o'clock was being done by Boyd Kennedy in the Pampa Refining plane. Boyd shakes about the hottest stick in Pampa. With him in the plane was Earl Poland, who is on duty at the Pampa Refining company Hangar at the airport throughout the day. Boyd sure loves his stunting.

Mr. Delaney, inspector of the aviation branch of the department of commerce will make his monthly visit to Pampa about the tenth of

next month. Do you wonder who it is that flies a plane three or four mornings out of each week for an hour or two? Well that's probably Art Pavey, who now has about 100 hours of flying. Mr. Pavey is a driller for the Texas company.

Dr. McKean flew his Stearman bi-plane back from Hobbs the first of the week.

The Pampa Refining plane, piloted by Boyd Kennedy, with Dr. A. McClory as a passenger, returned the first of the week from a week's tour of South Texas towns.

Revis Ponder, piloting an American Eagle, flew over from Mangum, Okla., Monday with a passenger. The Ponder family is certainly air-minded. Bill Ponder, besides being a crack pilot, is now an airplane salesman. A younger brother, Gayden Ponder, just 19 years old, handles the stick in as lovely a manner as you ever saw. Mr. Shaw is buying his plane from Bill Ponder.

The landing field is now covered with a carpet of green grass. One can hardly tell it from the adjoining wheat fields. Pilots say that this is the best time of the year to take a flight because there's nothing livelier than flying over the wheat fields which are so green they are almost

blue. When Mr. Shaw gets his new plane, the Pampa owned planes will number seven. Those kept at the hangar now includes besides those already mentioned, Murphy & McKernan's Spartan bi-plane, and Dutch Bartgis' Swallow.

One Indictment Against Wade Is Dismissed Today

On motion of District Attorney C. G. Engledow, an indictment charging R. E. Wade with possessing and transporting intoxicating liquor was dismissed by Judge W. R. Ewing this morning.

Mr. Wade will be tried next Thursday on a like charge. Postponement of the case until that time was granted this morning by Judge W. R. Ewing upon motion of Curtis Douglas, Wade's attorney.

Dismissal of the indictment against Mr. Wade left three against him, charging him with the same offense. Trial of Jimmie Allen, negro, on a charge of possessing intoxicating liquor is being tried this morning in 31st district court. The negro was stricken with "jake" paralysis after he was confined to jail about two week ago. He has been suffering from the disease for a week. He walked into court this morning with the assistance of a cane.

South Carolina Negro Is Lynched

WALHALLA, S. C., April 24. (P)—Allen Green, 50-year-old negro, was lynched today by a masked mob that dragged him from the Oconee county jail, tied him to a tree and riddled his body with bullets.

Sheriff John Thomas was struck a heavy blow on the head when he resisted the mob. He was taken to Anderson to determine if his skull was fractured.

Green was charged with attacking an 18-year-old white girl. He was arrested Sunday. The next day he was given a preliminary hearing and ordered held in jail without bond for trial in court of general sessions.

ANDERSON, S. C., April 24. (P)—Sheriff John Thomas of Walhalla, injured this morning resting a mob at the Oconee county jail, was in a serious condition today at a hospital here. Physicians said his skull was fractured and he had other injuries on the head and shoulders.

Mrs. Ruth Mahaney of Granfield, Okla., has moved to Pampa and is now with the Fredericksen Sisters permanent wave shoppe. Mrs. Ben Ward is visiting this week at the home of her parents, Mr. and Mrs. R. E. Thomas, in Amarillo.

8 o'clock DRESSETTES

The Season's most Fashionable Wash Frocks in a Surpassing Array of STYLES, COLORS AND PATTERNS

\$1.00

Entirely NEW lines define Spring wash frock styles. In 8 O'CLOCK DRESSETTES you will see how charmingly this style change has been treated. This new and gala collection is more interesting than ever before. Thousands of women know the QUALITY and SMARTNESS of 8 O'CLOCK DRESSETTES. You will find styles that flatter the larger figures and styles that enhance the more slender lines. 8 O'CLOCK DRESSETTES are all crisp, fresh, new—garments that are a revelation

in real value giving. The style of every dress is distinctly original, modern and individual. There are trim little flaring models, fitted princess lines; jaunty peplum-effects, youthful little tuck-in belt lines and smartly tailored straight lines. The colors and patterns are the most sparkling array ever offered. Some are smart and conservative, others are more bold, modernistic. There are pert bows, saucy collars, dainty little cap sleeves, bright buttons and buckles.

Marvelous individual STYLES, Fast color materials, attention to details and finish in workmanship make these wash frocks the most outstanding values of the season at this popular price.

GUARANTEED FAST COLORS

are used in the Prints, Dimities and Batistes featured in 8 O'CLOCK DRESSETTES

Chicago Cubs to Ignore Birthday of Howard Ehmke

CHICAGO, April 24. (AP)—Today is Howard Ehmke's 36th birthday, and he probably will receive a lot of nice greetings—but it is not likely the Philadelphia Athletics pitcher will receive any from the Chicago Cubs.

The assorted members of the National League champions, who struck out often enough to total 13 in the first game of the 1929 world series will not forget Ehmke, nor will they remember him on his birthday.

Mexican Indian Fugitive Wounded

TEMPLE, April 24. (AP)—Manuel Romero, 28, Mexican born Indian who escaped from the penitentiary at Huntsville last August, was shot and wounded seriously here last night.

When Romero threatened to kill three people in the Mexican district where he was hiding, police were summoned. Romero fled, but was shot when he tried to hide behind a straw pile. He was taken to a hospital under guard.

Romero had been sentenced to six years imprisonment for burglary at Karnes City in July, 1929.

MUSSOLINI— (Continued from page 1)

gining their honeymoon, details of which have been kept secret.

The wedding and attendant ceremonies were without show and ostentation, in keeping with Premier Mussolini's policy of keeping his private life and family as much in the background as possible.

Guests included United States Ambassador John W. Garrett, Mrs. Garrett, other ambassadors and ministers, ministers in the Duce's cabinet, and Fascist party leaders. Mrs. Henrietta Wurts of Philadelphia also was present.

The bride is 19 years old, and the groom 27.

CONVENTION— (Continued from page 1)

les. Mrs. J. R. Whitworth discussed emblems and federation pin.

Club work in programs of city beautification, child welfare, health promotion, library building and maintenance, home and garden beautification, musical education for adults and children, art appreciation, and cooperative work with Parent-Teacher associations, American Legion and Legion auxiliaries, and rural organizations were outlined in the reports of county federation, departmental clubs, and city forums.

A memorial service for Mrs. F. T. Collins of Amarillo, late president of the Seventh district, was conducted by Mrs. S. H. Madden of Amarillo. Mrs. W. A. Taylor of Pampa, who died last September, was memorialized by Mrs. Tom Clayton, president of Wayside club. "Lead Kindly Light" was sung by Mrs. A. H. Doucette and Mrs. P. L. Elliott, the latter playing the organ accompaniment. Mrs. Charles F. Smith of Amarillo also sang during the service.

Mrs. Geraldine Green, dean of women of West Texas State Teachers college, Canyon, delivered the address of the morning, speaking on "The Place of a Dean of Girls in a High School." A full account of her discussion will be given in tomorrow's issue of The Daily News.

The department of Education was in charge of the program given at the luncheon held at 12 o'clock in the church basement. Mrs. C. M. Ballenger acted as chairman, with Mrs. S. W. Meharg of Plainview as toastmistress. Mrs. S. A. Hurst was to preside as local hostess.

The address of the occasion was to be given by Mrs. William Dingus of Lubbock on "The Value of Higher Education for Women." Entertainment numbers of interest were to be given.

Senator C. C. Small of Wellington was scheduled to give the address of the afternoon, his subject being "Law Observance." The report of the American home department and its sub-divisions was to be presented, and further club reports and special summaries were to be heard.

The president's dinner, honoring Mrs. J. T. Whitmore, will be held at 6 o'clock this evening in the basement of the Methodist church, followed by the president's evening program in the auditorium. The public is invited to attend the latter, which will be one of the most interesting of the entire convention.

Officers and members of the Seventh district Federation of Women's

How Hat Follows Cape Theme

Picture hats take inspiration for their wide graceful sides from the sloping cape shoulders of the new dress frocks. This hat of lovely pastel lace straw has a facing of matching taffeta. Its brim reflects the "draped" feeling that is prevalent this spring.

clubs assembled here yesterday for their ninth annual convention, which was formally opened this morning, were the honorees of a series of social courtesies which filled the afternoon, and in the evening they were entertained with a large Pampa audience at the annual fine arts program in Central auditorium.

A luncheon honoring the executive board, which is composed of the officers, departmental chairmen, and divisional chairmen was given at 12:30 o'clock at the home of Mrs. C. F. Buckler, with 35 members present.

Mrs. Rose Is Hostess

Mrs. Tom E. Rose, president of the Pampa Council of Clubs and local convention chairman, acted as hostess and greeted the visitors. Response for the district was made by Miss Edna Bryan of Memphis.

A jonquil motif was predominant in appointments for the luncheon, and the menu followed the color theme of green and yellow. A bowl of lovely blossoms centered the long table where the president, Mrs. J. T. Whitmore of Snyder, and other officers were seated with Mrs. Rose. Long tapers were used. Hand-painted place cards were decorated with tiny paper jonquils.

A delightful program, which stressed the spring theme, was given. The Lioness trio, composed of Mrs. Elbert Thomas, Mrs. C. B. Boles, and Mrs. W. A. Bratton, sang two selections, accompanied by Mrs. Tom W. Brabham at the piano. Six small pupils of Miss Marie Batal gave a dance that was greatly enjoyed. Two musical readings were given by Mrs. T. F. Morton, with piano accompaniment by Miss Madeline Tarpley and violin obligato by Mrs. Ray Chambers. Mrs. Chambers also played a violin solo.

A drive to the oil fields near the city was one of the most enjoyably features of the day for many of the club women from distant parts of the Panhandle. Members of the Rotary and Lions clubs and business men of the city aided Mrs. Ivy Duncan, transportation chairman, and members of her committee in conducting the tour.

Tea At Hughey Home

Three hundred visitors and local club women attended the colorful Oriental tea at the home of Mrs. I. B. Hughey between 5 and 6:30 o'clock, where the second enjoyable program of the day was presented by local talent.

The attractive costumes of those who appeared on the program and the Oriental dress of those who assisted in serving the tea lent added interest

Don't worry or suffer another moment from the misery of indigestion, bloating, gas, and that suffocated, hard-to-breathe feeling after eating. Just a tablespoonful of Tanlac before eating will end all this pain and discomfort. But why suffer from these stomach troubles at all? A short course of Tanlac taken regularly before meals and bedtime will do wonders in ridding you of them, for good and make you feel like a real man. Try a bottle on the basis it must help you or money back. At all drug stores. Accept no substitute.

This modern method is embodied in Marmola's prescription tablets. People have used them for 22 years—millions of boxes of them. In almost every circle you can see the amazing change it brings.

If over-fat, you owe yourself a trial of Marmola. Don't remain abnormal. All druggists supply Marmola at \$1 a box. Each box states the formula and tells the reasons for results. Start growing thin.

Tanlac

Minutes by Trolley." William Dawes of West Texas State Teachers college, Canyon, was an outstanding figure on the program by reason of his exceptionally pleasing rendition of cowboy ballads. Miss Pauline Brigham, also of Canyon, played the piano accompaniment.

"Under Six Flags," a pageant written by Mrs. L. A. Wells of Amarillo, winner of the state federation prize in 1925, was presented as the final number by a large Amarillo cast. Mrs. E. P. Gipson, Amarillo, was the director. Written upon the inspiration of Van Dyke's dedicatory for Rice Institute, "Texas, a Democratic Ode," the pageant depicted the history of the state under the flags of several nations and even before the coming of the white man. It was very impressive, and like other numbers was made more so by colorful costuming and effective setting.

Mrs. R. Q. Lee Is Out to Succeed Late Husband

CISCO, April 24. (AP)—Mrs. R. Q. Lee of Cisco today announced her candidacy for congressman from the seventeenth Texas district to fill the unexpired term of her late husband.

Mrs. Lee had been urged by a number of friends and supporters of the late congressman to seek the place.

In a statement she said that "because of the fact that a great many matters need attention in the office at Washington, and in view of the fact that these must be taken care of within 30 days, it will be necessary for me to return to Washington at once, which prevents me from making a personal campaign."

Thomas L. Blanton of Abilene, former congressman, and V. Earl Earp of Sweetwater also have announced for the place.

Local Firm Is Distributing Point on Office Supplies

A sales transaction, which illustrates to what extent the office supply department of the Nunn-Warren Publishing company here is becoming a point for distribution of office supplies throughout the Panhandle, was made recently when seven Shaw-Walker "skyscraper" desks were sold to the West Texas Utilities company at Childress, Texas.

The office supply department is maintained in connection with Nunn-Warren newspapers in the various cities of Texas and New Mexico, but the Pampa office is the distribution point. The sales cover most of the Panhandle territory. C. Herbert Walker is manager of the department.

McHenry Elected President of Rifle Club Last Night

Members of the Pampa Rifle Club last night elected C. E. McHenry president for the coming year, replacing Dr. A. Cote, who was the first president of the association.

Other officers elected were, Joe Vincent, vice-president; Harry E. Hoare, secretary-treasurer, and George Wolfe, sergeant-at-arms. The range officers will be appointed later.

The Pampa Rifle Club was organized a year ago with a charter membership of 75 local men. During the year the club grew to have 110 members, everyone a member of the National Rifle Association. The Pampa club was one of the few in the state to have a 100 percent National membership.

An active drive will be conducted to renew old memberships and receive new members into the club. A new range will be located within the next few weeks and another season of active shooting will begin. Renewal membership in the club will be \$5, out of which the National dues will be paid. New members will be assessed \$7, which will include national organization affiliation.

The year's issue of free ammunition will be ordered soon and to be included in the list members' dues must be in the hands of the secretary at once.

The club contemplates installing a trap on its new location for members who enjoy trap-shooting.

Markets

Wheat Is Stronger

CHICAGO, April 24. (AP)—Helped by Liverpool quotations higher than looked for and by large North American export business of late, wheat here ranged upward early today. A forecast of showers in drought districts tended, however, to cause reactions.

Opening unchanged to 1c higher, Chicago wheat afterward scored a general advance, but then sagged somewhat. Corn, oats and provisions were also firmer, with corn starting 1-4 to 3-4 up and subsequently keeping near to the initial range.

CHICAGO GRAIN

CHICAGO, April 24. (AP)—Wheat: No. 3 red 1.05; No. 2 mixed 1.05.

Corn: No. 2 mixed 83; No. 2 yellow 82 3-4 to 83 3-4.

Oats: No. 2 white 42 1-2 to 44.

Wheat closed unsettled 5-8 to 1 1-8c a bushel lower than yesterday's finish.

Corn closed 1-4 to 5-8c off, oats 1-8 to 1-4c down, and provisions unchanged to 10c drop.

Dance to them All

Here they are! Every one danceable,—beginning with the dreamy waltz strains of "Lazy Lou'siana Moon," soothingly strummed by the Hilo Hawaiians and ending with the popular "Everybody Tap" played in sprightly fashion by Bernie Cummins and His New Yorker Hotel Orchestra. They're bound to make you dance! These two are just mentioned at random—the good things are too numerous to tell about in detail. Pick the numbers that strike your fancy or those that you have heard in the latest "talkies" and ask us to play them. We'll do it gladly.

Avoid GUM-STUCK VALVES!

Use KOOLMOTOR GASOLENE

the gas from which harmful gum has been removed

IMAGINE the fight that goes on in your engine when your valves are stuck with sticky, gummy, clinging deposits. Gasolenes containing an excessive amount of gum cause that condition. When you step on the gas for more power your engine labors—your valves struggle to get free—you wince at the faulty response. Why tolerate this sluggish performance? Change to Koolmotor Gasolene—the gas from which harmful gum has been removed. Cities Service experts put this superior motor fuel through extra processes, exercise greater care, to relieve you of gum-stuck valves. The Cities Service mini-gum process reduces the gum content to a harmless minimum. Keep your valves clean—help them deliver their best—insure maximum power at all times—by keeping your tank full of Koolmotor Gasolene—the gas that is free from harmful gum. Cities Service Radio Concerts, Fridays 7 P. M. Central Standard Time—33 stations on N. B. C. Coast-to-Coast network. CITIES SERVICE OIL COMPANY
