OSBORNE IS RETURNED

WEST LAS VEGAS, N. M. IS THREATENED WITH MARTIAL LAW

GOVERNOR IS PETITIONED TO SEND TROOPS

Citizens Assert Mayor Uses Force to Keep Job

NATIONAL GUARD HEAD ON DUTY

Small Riot at Voting Box Reported; Men Injured

WEST LAS VEGAS, N. M., April 1. (AP)—Adjutant General W. G. Halthorn of the New Mexico National Guard, three other officers and four sergeants were on duty here today at the request of Governor R. C. Dillon to see that today's municipal election was orderly. These officers were sent after the governor had received a petition with 1800 signatures requesting state troops to insure that voters especially those supporting the citizens ticket and opposing Lorenzo Delgado's campaign for re-election as mayor, were guaranteed their rights of franchise.

A delegation of citizens ticket supporters who called upon the governor yesterday represented that Delgado as mayor controlled the police force, as sheriff controlled the sheriff's office, and had employed drastic methods to keep names of voters opposing him off the registration books and had appointed election judges and clerks entirely from his own following.

SANTA FE, N. M., April 1. (AP)—Governor R. C. Dillon this morning received reports from West Las Vegas that two men had been hit on the heads with clubs during a row at a voting precinct, and also a further recommendation from District Attorney Thomas V. Truder that the governor place the town under martial law.

Miss Allred Says No Aid of Rangers Had Been Expected

Unperturbed because Texas Rangers Gonzales and Huddleston did not pay her a visit while here, Miss Beulah Allred declared today that she did not expect "any help" from the Rangers, and that she has "other plans."

Charging that the true facts in her case have been suppressed, the woman in her cell at the county jail today addressed telegrams to W. C. T. U. organizations of various states. She also telegraphed the National W. C. T. U. to send a special field representative to Pampa to assist her in what she describes as her "fight against the liquor ring."

Stamps Quartet to Sing Tonight

The versatile Stam's quartet of Dallas, which has achieved equal popularity before radio audiences, banquet gatherings, and church congregations, will appear this evening at Central auditorium, in a concert beginning at 8 o'clock.

An almost nominal charge will be made, with the local share of proceeds to be used toward defraying expenses of a banquet for the Harvester football squad.

WEATHER

WEST TEXAS: Partly cloudy, colder, breezing in the Panhandle tonight; Wednesday fair, colder in southeast portion.

—AND A SMILE

NEW YORK. (AP)—John A. Heyder, president of the National League, is worried. Over the coming opening of the baseball season? No. His golf game is worse than when he went south a few weeks ago to brush it up.

CAPTAIN YANCEY OFF ON LONG FLIGHT

NORTH BEACH, N. Y., April 1. (AP)—Captain Lewis A. Yancey and two companions took off at 9:35 a. m., today on an attempt to make a non-stop flight to Bermuda.

The plane rose from the water of Long Island sound on the sixth attempt of the fliers to get into the air. In attempting to lift the ship, Yancey and his companions used more than one hour's supply of gasoline. Observers estimated that at the time of the take off there remained in the ship's tanks about nine and one-half hour's supply of fuel. The fliers will attempt to make the 1759-mile over-water flight in eight hours.

A flight from New York to Bermuda is considered one of the most difficult feats of aerial navigation. Although the Bermuda development board at one time posted a \$25,000 prize for the first flight to the islands, none of the trans-oceanic fliers ever attempted it.

Just a string of tiny islands, estimated between 300 and 360 in number, only six are of any importance. They occupy a space of only about 18 miles by six.

Navigators say that only by dead reckoning can an airplane pilot pick out this little speck of land in the midst of a wide expanse of water.

Aeronautical experts held that a flight to Bermuda was too hazardous, and the prize offered was withdrawn.

Big Permit for Gordon—Denebeim Building Issued

Three building permits totaling \$36,000 were issued by F. E. Townsend, city building inspector, yesterday.

The largest permit amounted to \$27,901 and was issued to A. Gordon and Denebeim to erect a modern brick building at the corner of Cuyler and Foster. Wrecking of the old landmark began this morning. It was built in 1902 and is one of the oldest business buildings in Pampa.

A permit was issued to Mrs. J. R. Brown to erect a \$7,000 residence at 112 West Browning. This will be a modern brick-veneer building.

An addition to house an elaborate cooling system is being installed at the Crescent theatre at a cost of \$1,100. The permit was issued yesterday.

Henry Is Urging Pro Referendum

HOUSTON, April 1. (AP)—Despite one refusal, former Congressman R. L. Henry of Houston, who seeks the seat now held by Senator Morris Sheppard, today awaited another reply from Sheppard on the question of submitting a prohibition referendum in the July primaries.

In response to Henry's first invitation, Sheppard wired that such a course appeared to him likely to engender unnecessary strife and discord in the Democratic party. Upon receiving it, Henry wired that the "voters wish a referendum" and renewed his request that Sheppard join him in sponsoring it.

Central Girls' Volley Ball Team Defeats LeFors

The girls' volley ball team of Central high school will represent Gray county in the district interscholastic league meet at Canyon, April 18 and 19, having won the right by defeating LeFors in the final game of the county meet Saturday night. LeFors won the right to meet Pampa by defeating McLean.

Previous victories over the Panhandle and White Deer, as well as all contenders in the Gray county meet, having shown Coach J. L. Lester's team to be exceptionally strong among the teams of this section.

FORMULA FOR TONNAGE NOW NEAR FINISH

Reservations Are Not to Stop Tripartite Agreement

SPOKESMEN MORE OPTIMISTIC NOW Way to Satisfy French Demand Is Also in Sight

TOKYO, April 1. (AP)—The Japanese government today instructed its delegation in London to accept the Reed-Matsudaira naval formula without entering into reservations which, it was authoritatively stated, should present no difficulties for an early conclusion of a tripartite naval limitation pact.

As a result of its decision, the Tokyo government confidently expects the success of the London conference, at least as far as Japan, America, and Great Britain are concerned.

With Premier Hamaguchi presiding, and Baron Shidehara, foreign minister, stating the case for an agreement, the cabinet decided to instruct Reijiro Wakatsuki, head of the Japanese delegation in London, to accept the Reed-Matsudaira formula with the tonnage figures unaltered, but with reservations.

After adjournment of the cabinet's four-hour session, Premier Hamaguchi proceeded to the imperial palace and received Emperor Hirohito's sanction to the decision. Soon the cabinets were carrying the instructions to London.

The government did not make public the instructions, but an authoritative source outlined them as follows:

The tonnage schedules of the Reed-Matsudaira formula are accepted without alteration.

The reservations are set forth under four heads, namely:

First, Japan's acceptance in no wise prejudices her right to reopen the question of tonnage ratio and eight-inch gun cruisers when the present agreement terminates.

Second, Japan reserves the right to arrange her submarine program by replacing vessels before they reach their age limit, but keeping within the limit of 52,700 tons so as to insure continuous employment of skilled dock yard labor specializing therein.

Third, Japan desires a definite understanding that the agreement is to terminate at the end of 1936.

Fourth, Japan insists that an agreement for extension of the capital ship holiday be bound up in this auxiliary limitation pact.

LONDON, April 1. (AP)—A British naval conference spokesman announced this morning that "distinct progress" was made during the past 24 hours toward finding a security formula satisfactory to Great Britain and France.

The announcement represented a distinct change from the gloom which pervaded conference circles yesterday over the Anglo-French negotiations in which Great Britain had endeavored to satisfy French desire for a guaranteed security in exchange for reduction of the French naval program. It was understood generally the

AGAIN MAYOR

D. W. Osborne

RE-ELECTED

Lynn Boyd

ELECTED

Clyde Fatheree

two delegations had reached an impasse.

FATHEREE AND BOYD ALSO WINNERS

Administration candidates were overwhelmingly returned to Pampa city offices in today's municipal election, it was shown by the complete count when the polls closed at 7 p. m. The total vote was 1233.

FOR MAYOR

D. W. OSBORNE, 926.

R. C. CAMPBELL, 240.

FOR COMMISSIONER NO. 1

CLYDE FATHEREE, 946.

J. G. GANTZ, 213.

FOR COMMISSIONER NO. 2

LYNN BOYD, 895.

CHAS. KENTLING, 266.

Mayor Osborne and Commissioner Boyd were successful candidates for re-election while Mr. Fatheree replaces J. E. Murfee, who retires after several years service on the commission.

The defeated candidates were supported by the Law and Order League, which waged a long fight but was torn by internal dissension.

The administration during the coming year will have the responsibility of supervising the expenditure of more than \$300,000 for all purposes. This will include the new city hall and fire station, starting of a city park, and laying of more than 50 blocks of paving.

DISPUTE ENDS IN SLAYING OF DALLAS MAN

MINERAL WELLS, April 1. (AP)—Ed Brooks, 47, of Dallas, was shot and killed near the home of his father 3 miles east of here today.

H. C. Stubblefield, 62, came here and surrendered. A charge of murder was filed against him.

The shooting was said to have grown out of a dispute over property lines between Brooks and Stubblefield. A survey, it was reported, showed Stubblefield's fence was 30 feet on the Brooks property. Early today Brooks and his father were making arrangements to move a fence on the line of the new survey.

Brooks died shortly after the shooting of buckshot wounds in the head. Stubblefield was placed in the Palo Pinto county jail to await examining trial.

CLEBURNE MAN APPOINTED AUSTIN, April 1. (AP)—Attorney General R. L. Bobbitt today announced the appointment of Heber Henry of Cleburne to be an assistant attorney general to succeed D. L. Whitehurst who has resigned to return to private practice of law in Dallas.

Jones May Not Be Speaker Here

Congressman Marvin Jones has written from Washington to Supt. R. B. Fisher to say that present deadlocks in the senate and the house make it doubtful that he could be in Pampa to deliver the commencement address to the senior class of Central high school on May 23. He had previously accepted the invitation.

Explaining the uncertainty of the situation, which would make it impossible for him to definitely make plan for the next two or three weeks, Mr. Jones suggested that Mr. Fisher find some one else to make the address.

Vote on Manager's Work

GAINESVILLE, April 1. (AP)—Gainesville voters today cast their ballots to determine whether a council manager form of government was to stand after a two-year trial. Fourteen amendments to the city charter, which would have the government revert to the aldermanic type, were voted upon.

Actresses Marry

NEW YORK, April 1. (AP)—The marriage of Bert Lytell, stage and screen star, and Miss Grace Menken, actress, became known today. They were married in Elkins Park, Philadelphia on March 16 at the home of Kenneth Menken, brother of the bride.

TWO MEN WOUNDED

TEMPLE, April 1. (AP)—Sheriff Blaylock today was investigating a shooting at Rockdale yesterday in which Wiley Williams, constable, and Claude Robinson, business man, were wounded. According to reports received here, the shooting followed an attempt by Williams to arrest Robinson for carrying a pistol. Robinson's wound may prove serious.

JONES BREAKS PAR

AUGUSTA, Ga., April 1. (AP)—Bobby Jones of Atlanta, national open champion turned in a brilliant 69, two under par, on the third round of the southeastern open golf tournament today to lead the field with a 54-hole total of 213.

HOOVER ASKS FOR HELP IN CENSUS WORK

Cooperation of People Necessary to Success

TEXAS WOMAN HAS BIG TASK

Must Carry Tent When She Enumerates Pecos County

WASHINGTON, April 1. (AP)—President Hoover today appealed to the nation to cooperate wholeheartedly in order that the census to be started tomorrow will be effective.

WASHINGTON, April 1. (AP)—A woman with a tent and blanket roll will start taking census tomorrow out in Pecos county, Texas.

Of the entire 120,000 enumerators who will call on all the 30,000,000 families of the United States, hers is regarded the most herculean task thus far definitely called to the attention of enumerating headquarters here.

W. H. Case, El Paso, Texas, supervisor of the twentieth Texas district, reported to William H. Stewart, bureau chief, that three enumerators "took and quit this particular Texas job after twenty-four hours after he started interviewing applicants."

But the fourth, a woman, "he was proud to report, 'would stick.'" Of the three who didn't, one got his leg broken, Case reported; one went away without the formality of farewell; one auctored out to take a look at the country and was "scared off."

The woman who will take the census was born and reared there, and is thoroughly familiar with its roads and trails, Supervisor Case said. She will travel principally on horseback. He described some of the difficulties before her as follows:

"Leaving Alpine (in Brewster county) she will travel eighty miles before she reaches her first place to enumerate. She must take with her a tent, cooking stove, and her bed and prepare to camp out, as there is absolutely nowhere for a person to stay in those entire districts."

"After she has enumerated the west part, it will be necessary for her to come back to Alpine and take another road south to get to the middle part of the district, moving her tent and camp."

She must come back to Alpine again and take another road to the eastern part of the district.

"It is impossible to cross from east to west in any part of this district, except the far south end where canyons empty into the river. There are no roads back up the canyons from the river. These canyons have to be entered from the north."

The name of this feminine camping-out census taker in Texas was not reported by Supervisor Case to the bureau here.

Farmer Slays Wife and Takes Own Life

SHREVEPORT, La., April 1. (AP)—E. Burrell Yearwood, 55, farmer of prominent family, today shot and fatally wounded his wife and took his own life.

The tragedy occurred in their home at Belcher 20 miles from here, where Yearwood was operating a plantation in partnership with Dr. T. B. Tooke, physician of Belcher.

Coroner Willis P. Butler expressed belief Yearwood shot his wife and committed suicide because of financial worries.

Mr. and Mrs. Paul Shepherd left yesterday on a business trip to Tulsa.

Mrs. H. H. Heiskell is a business visitor in Amarillo today.

Dallas Churchmen Claim History Used in Schools Questions Divine Origin of Bible—Ask for Probe

DALLAS, April 1. (AP)—Charging, among other things, evolutionary teachings in Dallas high schools for the past five years, a petition bearing 400 names has been forwarded to the state text book commission at Austin asking investigation of Dr. Hutton Webster's "early European history" taught in the freshman year.

That the divine origin of the Bible was questioned, and that Catholicism was receiving undue emphasis through

the book were among the arraignments of the petition, presented by the Rev. Earl Anderson, pastor of the Fundamental Baptist church here.

AUSTIN, April 1. (AP)—The petition protesting Dr. Hutton Webster's "early European history," used by high schools was forwarded today by S. M. H. Marrs, state superintendent of public instruction, to B. F. Tysinger of Gar-

land, chairman of the state textbook board committee on revision.

Superintendent Marrs said the book now is one of a multiple list available to schools and that it was not likely any would be sold under the present contract since many schools would be exchanging them for other texts on the subject. For the past five years it had been in use in all high schools before being placed on the multiple list recently, Marrs said.

 Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm, or corporation and corrections will be made, when warranted, as promptly as was the wrongfully published reference or article.

LAWN JAYWALKING
 Chief of Police Lee of Fort Worth, says the Star-Telegram, would win any popularity contest in that city were the housewives given a vote. Reason: Chief Lee has ordered his officers to arrest any peddlers or other persons who jaywalk across lawns and flower beds in shortening the distance between houses. He even invites housewives to put in a quick call for a policeman if they see their flowers or grass being walked upon and their walks covered with mud from soggy feet.

Pampa housewives are of the same mind. Numbers of them have remarked upon the difficulty of having lawns and flowers. The offenders range all the way from husbands to tramps, and include the neighbors' "kids" of course. Sometimes neighborhood neighborliness is threatened because Johnny's ball is knocked into a neighboring yard by Tommy and Billie tramples down a prize and promising shrub before retrieving it. Billie is denounced by an angry housewife but his mother thinks her Little Angel can do no wrong and raises Old Ned about the accusation.

Maybe Pampa has no such situations, but if not we are most fortunate. In this day of costly lots and big water bills, a lawn is an asset representing a sizeable capital investment, and is something to be protected by villance, sharp words, and a police call if necessary. Of course the ideal course would be for everyone to avoid lawn jaywalking. Sidewalks are made to walk on, and if there are none a little sighting will show one where the walk should be and where one can safely exercise the process of pedal-locomotion.

HOPE IS VITAL
 Destroy hope in the life of an average individual and you have a desperate person, if not a killer and an anarchist. The fortitude of the near hopeless is remarkable, and the faintest spark of hope prevents chaos in many part of the world.

Overpopulated China and India, many of whose people live like jackals, practice infanticide, killing thousands of unwanted female children. The Benevolent Society of Shanghai recently issued a statement that the city's burial squad has picked up 5860 corpses from the streets since January 1. Of these bodies 4,877 were of infants, mostly females. Thirty-one thousand corpses were collected by the burial squad in 1929, and of these 22,000 were girl children.

Knawing voids in the stomach create radicals of the worst type. A hungry man is something of a beast, despite of efforts to the contrary, for

his material, physical needs crowd out other thoughts and motives. A well fed man rarely causes trouble consistently. The machinations of Sovietism are aimed at the idle, the hungry, and the men whose spark of hope is low. It is easy to spread inflammatory propaganda among such groups, particularly if the workers are foreigners with an imperfect conception of Americanism. Lenin is said to have impressed it upon his staff that violence and shedding of blood by workmen best prepare the way for Sovietism.

The recent riots and demonstrations in this country are known to have been guided by said Soviets, who inflamed the thoughts of the unemployed. But give those unemployed jobs and the Russian plan will be without effect. That is why unemployment is a far-flung issue.

A Pampa golfer says he lures not play too much lest his legs get so stiff people will think he has "jaketitis".

April 19 promises to be a full day for us. There is our annual Panhandle Press convention in Memphis, the Gray county courthouse opening, and the district 1 Interscholastic League events at Canyon. Unless somebody changes a date or two, we are going to have to charter an airplane and some extra eyes and ears.

No, we don't want Al Capone, and we could get along without some of the visitors who claim to have connections with him. People make a good town, that is, good people. Rapid City, S. D. wants Capone, probably to offset the cooling effect of Cal Coolidge's stay up there a few years ago.

That British driver made "just 179 miles an hour" in an experimental speed test. Most of us will confine our speed tests to within the easy limits of the average American small car.

Missouri is a funny state, especially since we left there back early in this century. Her Supreme Court has declared back seat driving not only necessary, but failure to assist the front seat driver was said to constitute contributory negligence in case of accident.

Brick builds a permanent city. We need a brick yard and plenty of brick work. The visitor cannot be impressed more effectively than by noting evidences of permanency of construction. Little bricks when put together by the mason's skill show a great faith.

Texas Movie in Rex Last Time Showings Today

The desert shots with sound, eight and natural color cameras which make up an impressive part of "Under a Texas Moon," Warner Bros. first 100 per cent talking, singing, outdoor picture in technicolor which is at the Rex theatre or the last time today were made in the face of a multitude of difficulties. It was not the extreme heat, which reached one hundred-twenty degrees some days on the Victorville location, but caused the most trouble—not the arid atmosphere and the consequent loss of twenty pounds of flesh by Frank Fay, the featured player of the picture, but hindered production—not the wind that blew in gales at times and whistled in the microphones—not the cast and crew returned from the sea and on stepped on—not the dust, nor the sand, nor the fear of rattlesnakes.

The thing that hindered most the titaphoning of the scenes in the great California deserts was the more or less constant stream of airplanes that make the desert skies their highway. The desert, according to Michael Juris, director of "Under a Texas Moon," is becoming increasingly difficult as a location for picture-making for this reason. By working odd hours and between air schedules the desert scenes were eventually completed and the cast and crew returned from the soles of the desert to the peace and quiet of Warner Brothers Sunset Boulevard studio.

The cast of "Under a Texas Moon," includes Raquel Torres, Myrna Loy, Armda, Noah Berry, George Stone, George Cooper, Fred Kohler, Betty Boyd, Charles Sellon, Tully Marshall and many others.

Bar Is Padlocked
 BOSTON, April 1. (AP)—Judge Elisha Brewster in federal court today ordered padlocked for one year a mezzanine floor in the Elks hotel where federal prohibition agents recently raided a bar room and cafe. He also ordered the Elks hotel company and Boston Lodge No. 30, benevolent and protective order of Elks, to post \$1,000 bond against liquor violations on another floor with the understanding that a single violation would result in a similar padlock there.

Murder Backstairs

By ANNE AUSTIN
AUTHOR OF "THE AVEGING PARROT" "THE BLACK PIGEON," ETC.
©1930 by NEA SERVICE INC.

BEGIN HERE TODAY
THE CRIME: Doris Matthews, lady's maid, murdered Friday night in summerhouse by blow with heavy perfume flask; body dumped into lake on estate of millionaire Berkeleys.
DETECTIVES: Bonnie Dundee, guest at time of crime and discoverer of body; Captain Strawn of the Romkide Squad.
MEMBERS OF HOUSEHOLD: Mrs. George Berkeley, social climber; George Berkeley, opposed to his daughter Croby; Of rinda's engagement to Seymour Crosby; New York society widower and a close friend of Mrs. Berkeley's social secretary, Mrs. Letitia Lambert; Croby; Gigi Berkeley, who unaccountably sprinkled all guests Friday night with perfume from flask presented by Crosby to her mother; Dick Berkeley, so infatuated with Doris that he had forced her to agree to meet him later, although she was engaged to Eugene Arnold, the chauffeur; Wicket, butler, formerly in employ of both Mrs. Lambert and Crosby.

Detectives scour estate for Dick Berkeley, while Dundee reconstructs crime, which he believes was impromptu and committed by a member of the household, all of whom become suspects. After girl's body is removed from summerhouse by coroner Dundee and Strawn go to house, where inmates are in ignorance that the girl did not commit suicide but has been murdered. Strawn makes the startling announcement, and adds that Dundee is to assist him in solving the murder.

NO GO ON WITH THE STORY. CHAPTER XIII
George Berkeley broke the silence. "Naturally we're glad to have Mr. Dundee with us, though I am afraid his visit—" he began uncertainly.
"I'll explain, Mr. Berkeley," Captain Strawn assured him. "Mr. Dundee is what I'd call a mighty clever amateur detective, though being what you might call an old-fashioned regular I don't usually have much use for amateurs. Criminologist, I believe, is the word he uses. He's studied Scotland Yard methods and just this summer he did me a good turn on the biggest murder case we've ever had in Hamilton. Getting material for books on the subject—that's his game. He writes shorthand, too, and he's going to take down what you folks have to tell me—"

Miscellaneous
A BUSINESS COURSE AT HOME—The Fleming Business College of Amarillo is organizing a school in Pampa. Through intensive business training for which the Fleming school is noted is now available at home for every young person of Pampa. For additional information telephone Mrs. L. Bradford, local representative. Phone 564, residence 115 West Crawford avenue. 18-3p
FOR RENT
Two modern offices, one 25x35, steam heat; store building, east front, Rose building. 20-2p

what became of my perfume? I thought it was awfully queer that Wicket should disobey me, when I told him to take it straight to my room last night! Quick, George! See if he took my jewels, too! Oh, the deceitful little wretch—"
"Another question, Mrs. Berkeley," Strawn interrupted harshly, "although you have not answered either of the other two: When did you last see your son?"
"Dick? Why—oh, you don't mean—George, Dick hasn't eloped with that awful little thief, has he? . . . Oh, my God! And my head's splitting, too, George, why don't you say something—tell me what all this means?"
"Abbie, my dear," her husband began sadly, "I am afraid this is all much more serious than stolen perfume and jewels. Please try to control yourself—"
"If you'll pardon me, Mr. Berkeley, I'll do the explaining." Captain Strawn cut in sharply. "Mrs. Berkeley, it is my unpleasant duty to inform you that Doris Matthews has been murdered!"

"Murdered?" the woman gasped. Then she whispered the word, he lips—like red crepe paper—quivering over the word. "Murdered!" Then she lay back on her pillows, her disheveled, hennaed head rolling, the wrinkled lids falling over her faded, hard eyes.
"And I must also inform you, Mrs. Berkeley," Captain Strawn went on implacably, unmercifully, "that your son, Dick, is missing. He did not sleep in his room last night, and we know that he made an appointment to meet the girl after the family was in bed."

"You think—Dick—? Oh, you're a fool, a fool! My boy's not a murderer! He's dead, too! He killed them both, like he said he would! Oh, my God, my God!"
"He?" Strawn echoed, as George Berkeley forcibly held his wife in bed.

BETTER—ALWAYS BETTER

The Truth About Fat
Science has found that excess fat is largely due to a weakened gland. Many physicians the world over, in treating obesity, combat that major cause. Starvation is not advised.
The chief factors they use are embodied in Marmola's prescription tablets. People have used them for 22 years—millions of boxes of them. In late years, excess fat has been fast disappearing, as everybody knows.
The method and formula are explained in every box of Marmola. As you gain new slenderness, beauty and vim, you know why. Gotry the method which has done so much. Watch the amazing results. All drugists supply Marmola at \$1 a box.

SOCIAL CALENDAR

TUESDAY:
A regular business session of the T. E. L. Class of the Baptist Sunday school will be held at the home of Mrs. Charles Olinore in the Phillips camp south of the city, opening at 2:30 o'clock.

The executive board of the Business and Professional Women's club will meet at the tea room of Pampa Drug store No. 2, beginning at 7 o'clock.

WEDNESDAY:
Circle 1 of the Methodist W. M. S. will meet in the home of Mrs. J. G. Noel, 301 North West street; Circle 2, in the home of Mrs. T. L. Certain, 903 North Somerville; Circle 3, in the home of Mrs. Joe Shelton, 523 Grace street; and Circle 4, at the church, all meetings opening at 2:30 o'clock.

The Altar society of Holy Souls church will convene in the home of Mrs. A. B. Sawyer, 311 North Gray street, at 2:30 o'clock.

The Women's Missionary society of the First Christian church will meet at the home of Mrs. Mel Davis at 2:30 o'clock.

Circle 1 of the W. M. U. of the Baptist church will meet in Mrs. T. B. Solomon's home at 2:30 o'clock.

The Young Matrons society of the First Christian church is to meet in the home of Mrs. Bert Isbell at 2:30 o'clock.

The Woman's auxiliary of the Episcopal church will meet in the home of Mrs. C. P. Buckler at 3 o'clock for the study of the fourth chapter of "The Road to the City of God."

THURSDAY:
The regular meeting of the American Legion auxiliary is indefinitely postponed because of the district P-T. A. meeting at Childress, which several of the auxiliary members plan to attend.

FRIDAY:
The semi-annual business meeting of the A. A. U. W. and College Club will be held at the Schneider hotel at 12:30 o'clock. The election of officers will take place and the club will consider recommendations from the executive board. All members, active and inactive, are urged to attend, the inactive members making reservations with Mrs. Robert Chafin before 9 o'clock Thursday night.

WAGNER'S WIDOW DIES
BERLIN, April 1. (AP)—Fran Cosma Wagner, widow of the famous composer, Richard Wagner, died today.

Engagement of Miss Anne Talley to Nolan McKean Is Announced

Announcement of the engagement and approaching marriage of Miss Anne Talley and Mr. Nolan McKean has been made by the young couple.

Miss Talley daughter of Mr. and Mrs. A. C. Talley of Quanah, has lived in Pampa the last two months. She is a registered nurse and is on special duty at McKean and Connor Clinic hospital.

Mr. McKean is the son of Dr. Roger McKean of Fort Worth and a nephew of Dr. J. C. McKean of this city. He is employed with the Cabot company. Date of the wedding was not announced.

Pampa Students Rank High at Sam Houston Teachers' College

Misses Mae and Retha Lester of Pampa, now attending school at Sam Houston College at Huntsville, were among those making the highest grades during the winter quarter just closed.

Mainly because of their high standing, the home in which they stay ranked first among all rooming houses for students in the average number of grade points made. The significance of this statement is apparent when it is remembered that the college at Huntsville has no dormitories, the students rooming in the homes in the town.

The Misses Lester are daughters of Mr. and Mrs. J. L. Lester of the Pampa school system. Mr. Lester is vocational agriculture teacher and Mrs. Lester is primary supervisor.

Meeting of Twin Six Bridge Club Pleasant Event of Monday Night

Mr. and Mrs. A. D. Johnston entertained Twin Six bridge club at their home last evening, arranging three tables, and including additional guests in their invitation list.

The players were: Mr. and Mrs. J. H. Hulme, Mr. and Mrs. F. W. Byrd, special guests: Mr. and Mrs. Dan Gribbon, Mr. and Mrs. John L. Peake, Mr. and Mrs. Frank Allison, the host, and the hostess.

Mrs. Allison and Mr. Gribbon held the high scores for the club, and Mrs. Byrd for other guests. A delicious plate luncheon was served at the conclusion of the games.

Mr. and Mrs. L. R. Hartell and daughter, Clair Marie, of Shamrock are guests of Mr. and Mrs. W. H. Lang.

Historical Society Banquet Will Draw Pioneers From Wide Territory

Bridge Tea Favoring Kongenial Kard Klub Is Attractive Affair

A floral motif and a variety of springtime colors lent charm to the card-table accessories and the appointments for tea, when Mrs. Jim White entertained at bridge yesterday afternoon for Kongenial Kard Klub.

The theme was repeated in the game favors and the dainty refreshment plate, a tiny basket filled with spring blossoms marking each cover at tea time.

In addition to the club members, Mrs. White entertained Mrs. L. R. Hartell, Mrs. Shamrock, Mrs. Ted White, and Mrs. J. T. Roberts. Other members who attended were: Mrs. F. M. C. Loberg, Mrs. C. S. Brown, Mrs. Ralph Trimble, Mrs. C. L. Cray, Mrs. R. A. Webb, Mrs. W. H. Lang, Mrs. Roger McConnell, Mrs. Floyd McConnell, and Mrs. A. F. Clark.

Mrs. Webb and Mrs. Hartell received the high score favors, and Mrs. Ted White the consolation. Mrs. Trimble, Mrs. Clark, and Mrs. Floyd McConnell made top cuts at their tables.

CANYON, April 1. (Special)—

Interest in the annual meeting of the Pampa Plains Historical society which will be held here April 11 is already evident by the large number of reservations which have been made for the banquet.

The society will hold four sessions beginning at 11 o'clock with W. H. Patrick of Clarendon as principal speaker at the first session.

Horace Russell of Amarillo will have charge of T. D. Hobart, president of the organization.

The principal session will be in charge of S. B. Holman, president of the Society and of the Southwestern Cattle Raisers' association.

The annual dinner will be held at 6 p. m. with J. Evetts Haley of Austin as principal speaker.

Officers of the society state that reservations for the banquet must be made by April 5 in order to be sure of getting tickets.

Formal Opening of Gordon's Store to Be Wednesday

The formal opening of Gordon's Store, owned and operated by August A. Gordon, has been announced for Wednesday, Thursday, Friday, and Saturday of this week.

The store has been recently remodeled and redecorated and new merchandise has been placed in the store.

Opening the store with 2,000 feet of floor space nearly four years ago, with only four clerks and the shoe and millinery departments rented out, the store and business have been enlarged to 3,500 feet of floor space and twelve clerks are now employed, and all departments are operated by Mr. Gordon.

Through the progressive policy of Mr. Gordon the store has grown to one of the largest in Pampa and "Standard Brand Merchandise at Popular Prices" has been featured and advertised until the slogan and merchandise are known all over the Pampa trade territory.

A new children's department has been added recently, carrying a varied line of children's apparel for both boys and girls.

LIBRARY GIVEN "BOOK OF LIFE" BY M. K. BROWN

"The Book of Life," an arrangement of the Bible in eight volumes, described as the most readable compilation of the Scriptures, is to be presented Pampa Public Library by M. K. Brown.

Printed in the style of other books, rather than in the double or triple columned form of the Bible, and paraphrased according to topic, the content is said to be more easily read than in the traditional form.

Historical and geographical notes, copies of paintings of Scriptural inspiration by the masters, and many photographs of the Holy Land supplement the text and add immeasurably to the work.

The set of books is expected to arrive this week. Members of the board of directors of the Pampa Library association said it had long been the wish of the group to provide library patrons with "The Book of Life." They considered Mr. Brown's donation of the set a distinct civic service.

Would Grant Permit
WASHINGTON, April 1. (AP)—Approval of the Abilene & Southern railway's proposed construction between Abilene and San Angelo, unless the Santa Fe grants complete trackage rights to the road within 30 days over its line between the two points, would be given by the Interstate Commerce Commission, under recommendations submitted today by one of its examiners.

NOW

Your Opportunity to Share in Nunn-Warren Profits

To have our readers share in the ownership of our papers in every town where one is located, we have decided to accept subscriptions for a limited issue of preferred shares in the Nunn-Warren Publishing Company. Shares are offered as long as they last at \$100 each, to pay \$7 regular dividend annually, and up to \$2 extra dividend each year, as the preferred participates equally with the common up to 9 per cent.

The margin of safety of the preferred stock is more than three to one—for the \$150,000 issue of preferred will have a prior claim to assets to the sum of \$469,353.87 as of January 31, 1930. This is more protection than is available on many 4 1/2 and 5 per cent bonds which have sound investment ratings—yet the net earnings of this company have been at such a uniform rate during the past three years that the extra \$2 participating dividend has been earned by a wide margin, and the share holders have a total of \$9.00 per share return every year. In the opinion of the management, these earnings should continue, in which event these shares will regularly receive a 9 per cent dividend annually. Phone or write for full details.

Only \$25 Down This Folder on Request

Clinches Your Stock

Shares may be purchased on a basis of not less than 25 per cent down, and balance in five equal-monthly payments. Interest will be charged at the rate of ten per cent per year on unpaid balances, with dividend on stock credited to the purchaser.

ATZ CHUCKLES OVER CHICAGO LOSS TO HIM

(By the Associated Press)
Still chuckling over yesterday's victory, Skipper Jackie Atz of the Dallas Steers has decided April Fool's day would be ideal to make it two in a row over the Chicago Cubs of the American league, patron saint of the Steers.

To make the game more interesting, Atz planned to start Homer Blankenship on the mound, with the promise from Donie Bush, Home Mogul, that Homer's big brother, Ted, would take the rubber for the White Sox.

After today's game the Sox will proceed to Fort Worth for a game tomorrow, leaving behind pitcher, Louis Garland as an addition to the Dallas ranks.

At San Antonio, the Indians did not do so well against their big league rival, the New York Yankees. Babe Ruth led the Yankees' scoring, garnering a home run, a double, a single, two walks, and a sacrifice in his trips to bat, and helping materially in piling up the 14 to 4 score.

The Shreveport Sports were equally out of luck, dropping a track meet sort of game to the New York Giants 11 to 7.

Teams in other camps held themselves to intra-squad practice yesterday, preparing for games today and tomorrow. Besides the Dallas-White Sox game, Fort Worth will meet the T. C. U. Horned Frogs today, and the White Sox Wednesday. Waco will meet the Yannigans Wednesday, and Beaumont will clash with the Pittsburgh Pirates the same day.

South Texas hopes for a Class D league were shattered with announcement by President Ankenman that the Houston Buffs temporarily had abandoned plans for the league. Corpus Christi was the hardest hit, fans in the city having planned on a farm for the St. Louis Cards.

Ankenman also announced several releases from the Buffs. Dizzy Dean, pitcher, Vernon Deck, outfielder, and Blaine Kunes, infielder, were sold to St. Joseph, Mo. Eddie Williford, second baseman; Joe Morgenthaler, pitcher; William Brown, pitcher, and Paul Evans, outfielder, were shipped to the Shawnee, Okla., training camp of the Cardinals.

News of trading also came from Fort Worth with the acquisition of Kent Greenfield, right-handed hurler from Brooklyn, and the sale of Joe Granade to Denver. Several other major league deals probably will be completed next week, the Cats' spokesman said.

Less definite trading news came from Waco, where the list of eight pitchers from which Manager Pratt will select his staff of seven excluded the names of Blake, Woodward, Halbert, and Bosch, now playing with the Cubs.

The Spudders at Wichita Falls lost two pitchers, with Ed Ellis assigned to Topeka and Nason Baxter of Philadelphia released.

Harvester Squads Getting Ready to Play Football and Enjoy Banquet

Two groups, each containing 20 Harvesters or prospective first string men, will battle next Friday evening for spring football honors and the privilege of attending the football banquet Friday evening.

Every man who participates in the game will be a guest of honor when the banquet table is set at the Methodist church basement at 8 p. m.

The game will be called at 3:30 o'clock on Harvester field. Coach Odus Mitchell is training a squad captained by Albert Lard, and Assistant Coach A. M. Fox has charge of the rival squad captained by Don Saulsbury.

Captain Lard will view his team from the sidelines, shielding a recent knee injury. His starting line-up will probably be Chastain, Tate, Barnett, and

James in the backfield; Moore and D. Benton, ends; J. Ayres, Berry, tackles; Reno and Weedman, guards; and Poe, center.

Captain Saulsbury, Martindale, Joe Kahl, and Ledrick will be in the opposing backfield, with Kennedy and Sartin at ends, Lewer and Hagsdale, at tackle positions. Schmidt and Parford at guard, and Poole at center.

Tickets are being sold for the banquet, which will be held to reward the faithful spring training done by the boys and to arouse community interest in the Class A schedule the team will face next fall. Lynn Boyd will be toastmaster, and speakers will include C. T. Hunkapillar, J. M. Dodson, Olin E. Hinkle, Dr. H. H. Hicks, W. F. Campbell, R. B. Fisher, and L. L. Sone.

Texas Team to Start Tourney at Chicago Today

CHICAGO, April 1. (AP)—The title of national prep basketball champion today dangled before 35 teams awaiting the signal for battle in the twelfth annual Interscholastic tournament at the University of Chicago.

Starting at 1 a. m. today the sturdy youths from all parts of the country faced mornings, noons, and nights of basketball, in the championship round or in the consolation series.

Linsley Institute of Wheeling, West Virginia, and John Reagan high of Houston, Texas, were the opening game contenders.

Garden to Stage Many Battles

NEW YORK, April 1. (AP)—Madison Square Garden plans a half dozen battles for the 1930 outdoor season, and dates for two have been fixed.

Max Schmeling and Jack Sharkey are to meet for the heavyweight championship at the Yankee stadium June 12, and Sammy Mandell, lightweight king, will defend his title against Al Slinger in the same arena July 17.

In addition the Garden plans a flyweight battle between Midget Wolgast of Philadelphia and Frankie Genaro of New York; a match for Kid Chocolate either against Bat Battalino featherweight champion, or some good lightweight; a welterweight match between Jackie Fields, titleholder, and Jimmy McLarin; and possibly a tussle between the heavyweight behemoths, Primo Carnera and Victor Campolo.

Mustangs Ready to Meet Baylor

DALLAS, April 1. (AP)—Coach Jerry Mann planned to send his S. M. U. Mustangs through a final workout today in preparation for the baseball opener against the Baylor Bears tomorrow. Showing unusual strength in early exhibition games, the Mustangs loom as strong contenders for the conference crown. The Baylor team opened its season by splitting a two game series with Texas Christian university.

Mr. and Mrs. W. J. Brown and daughter, Miss Anna, left this morning for Temple, where Miss Brown is to undergo an operation.

Gambler's Death Studied in Hopes of Getting Clues

SAN ANGELO, April 1. (AP)—Hoping to clear up at least one murder and possibly find a lead to two others, authorities today continued an investigation which has disclosed that the body found in the Pecos river near imperial March 25 was that of H. M. Poland, from Montana.

Five persons who saw Poland at the cattlemen's convention here two weeks ago identified the man from pictures taken after the body was recovered. It was learned from a woman companion of Poland's here that he left March 22.

A few weeks before the body was discovered, the bodies of a woman and girl were found near the same place. Clothing had been stripped from all three bodies.

FIFTY WOOD, Mont., April 1. (AP)—Henry M. Poland, whose body was found in the Pecos river was one of the first settlers in the northeastern corner of Montana and later a professional gambler. Before taking up a homestead here in 1908, he operated a pool hall at Crosby, N. D.

After several years of crop failure, Poland turned to cards. Here, as in Fort Worth, Texas, where he frequented a recreation club, he was known to carry large sums of money. He left Fifty Wood several years ago and returned on a visit in 1928. During his stay he was connected by the police with several shooting scrapes. No one here possesses any knowledge regarding Poland's relatives.

Jones Leads by 3 Strokes Today

AUGUSTA, Ga., April 1. (AP)—With a three-stroke lead over the field, Bobby Jones set out today for the final 36 holes of play in the \$5,000 southern open golf tournament.

The Atlanta amateur and national open champion shot two par rounds of golf yesterday for 144 to take first day's honors. Horton Smith, professional, was four strokes behind him in fourth place.

A gallery of 2,000 watched Jones and Smith play together yesterday over the well trapped hill course at the Augusta country club. Today Jones will be playing late. Smith has an engagement in Boston Thursday, and arrangements have been made for him to play both his rounds in the morning and leave here by airplane tomorrow afternoon.

GIANTS LIKE TEXAS LEAGUE BALL PARKS

NEW YORK, April 1. (AP)—If they could play all their games in Texas League parks, the New York Giants might set a few home run records. In two games since they broke camp at San Antonio, the Giants have collected seven four-base blows, five of them in yesterday's 11-7 victory over Shreveport. Freddy Lindstrom, making his first appearance in a game this year, and Johnny Mostil, playing his first full contest, were among the home run hitters.

With the opening of the season only two weeks away, Manager Shotton is about ready to concede the Phillies are rapidly getting no better. "When we start hitting we'll start winning," he said. "That's our trouble now."

George Barnshaw, righthander of the Philadelphia Athletics, said today he would scale more than 200 pounds when the champions open the season.

Chicago's Cubs today headed into the final week of their stay on the Pacific Coast, which includes a series with Los

Angeles and another with the Hollywood club of the Coast League.

All recruits contacted with the Chicago White Sox today were out to do big things against the Dallas club of the Texas League—because Manager Donie Bush planned to leave one or more youngsters with the Steers for further seasoning under Jackie Atz.

With the opening of the National league pennant race only a couple of weeks away, the Pittsburgh Pirates are confronted with a growing list of injured and sick. The Pirates reached Houston today on their exhibition tour.

Lack of punch by the St. Louis Browns has already started to worry Manager Bill Killefer as his proteges start the homeward trek for the big league opening. He pointed to the 36 men left on bases in the last four games as reasons why a shakeup in the batting order may be expected.

While other clubs were skip-stopping northward, the St. Louis Cardinals are trying the innovation of remaining in Florida until time for the annual spring city series with the Browns. The International league farm of the Cards, Rochester, moved to Bradenton for the final week or so of training.

A day spent in gazing out of a train window while the Cincinnati Reds traveled northward from Florida didn't help Dan Howley much in his search for a promising backstop, and he in-

Tex Watkins Pleads Way to Return Match With Clingman, Arch-Enemy

Popular demand, threats, and pleadings from Tex Watkins are responsible for the match between Otis Clingman and Watkins Thursday night at the Pla-Mor. Not often are two wrestlers matched for two consecutive weeks, but what is one going to do about it when there is Tex to deal with? That's the question Promoter Jack Rogers asks you and then he explains.

Although Watkins has lost to about every wrestler in this section, he is now the biggest threat in the Panhandle. Joe Kopecky is scared of him and will wrestle him for the second time Friday night at Amarillo. At

tended to look around Atlanta today. Howley wants an assistant to Sukeforth and Gooch.

Primed by their fourth victory yesterday out of five games with New Orleans, the Cleveland Indians today welcomed their first test against major league opposition with John McGraw's Giants.

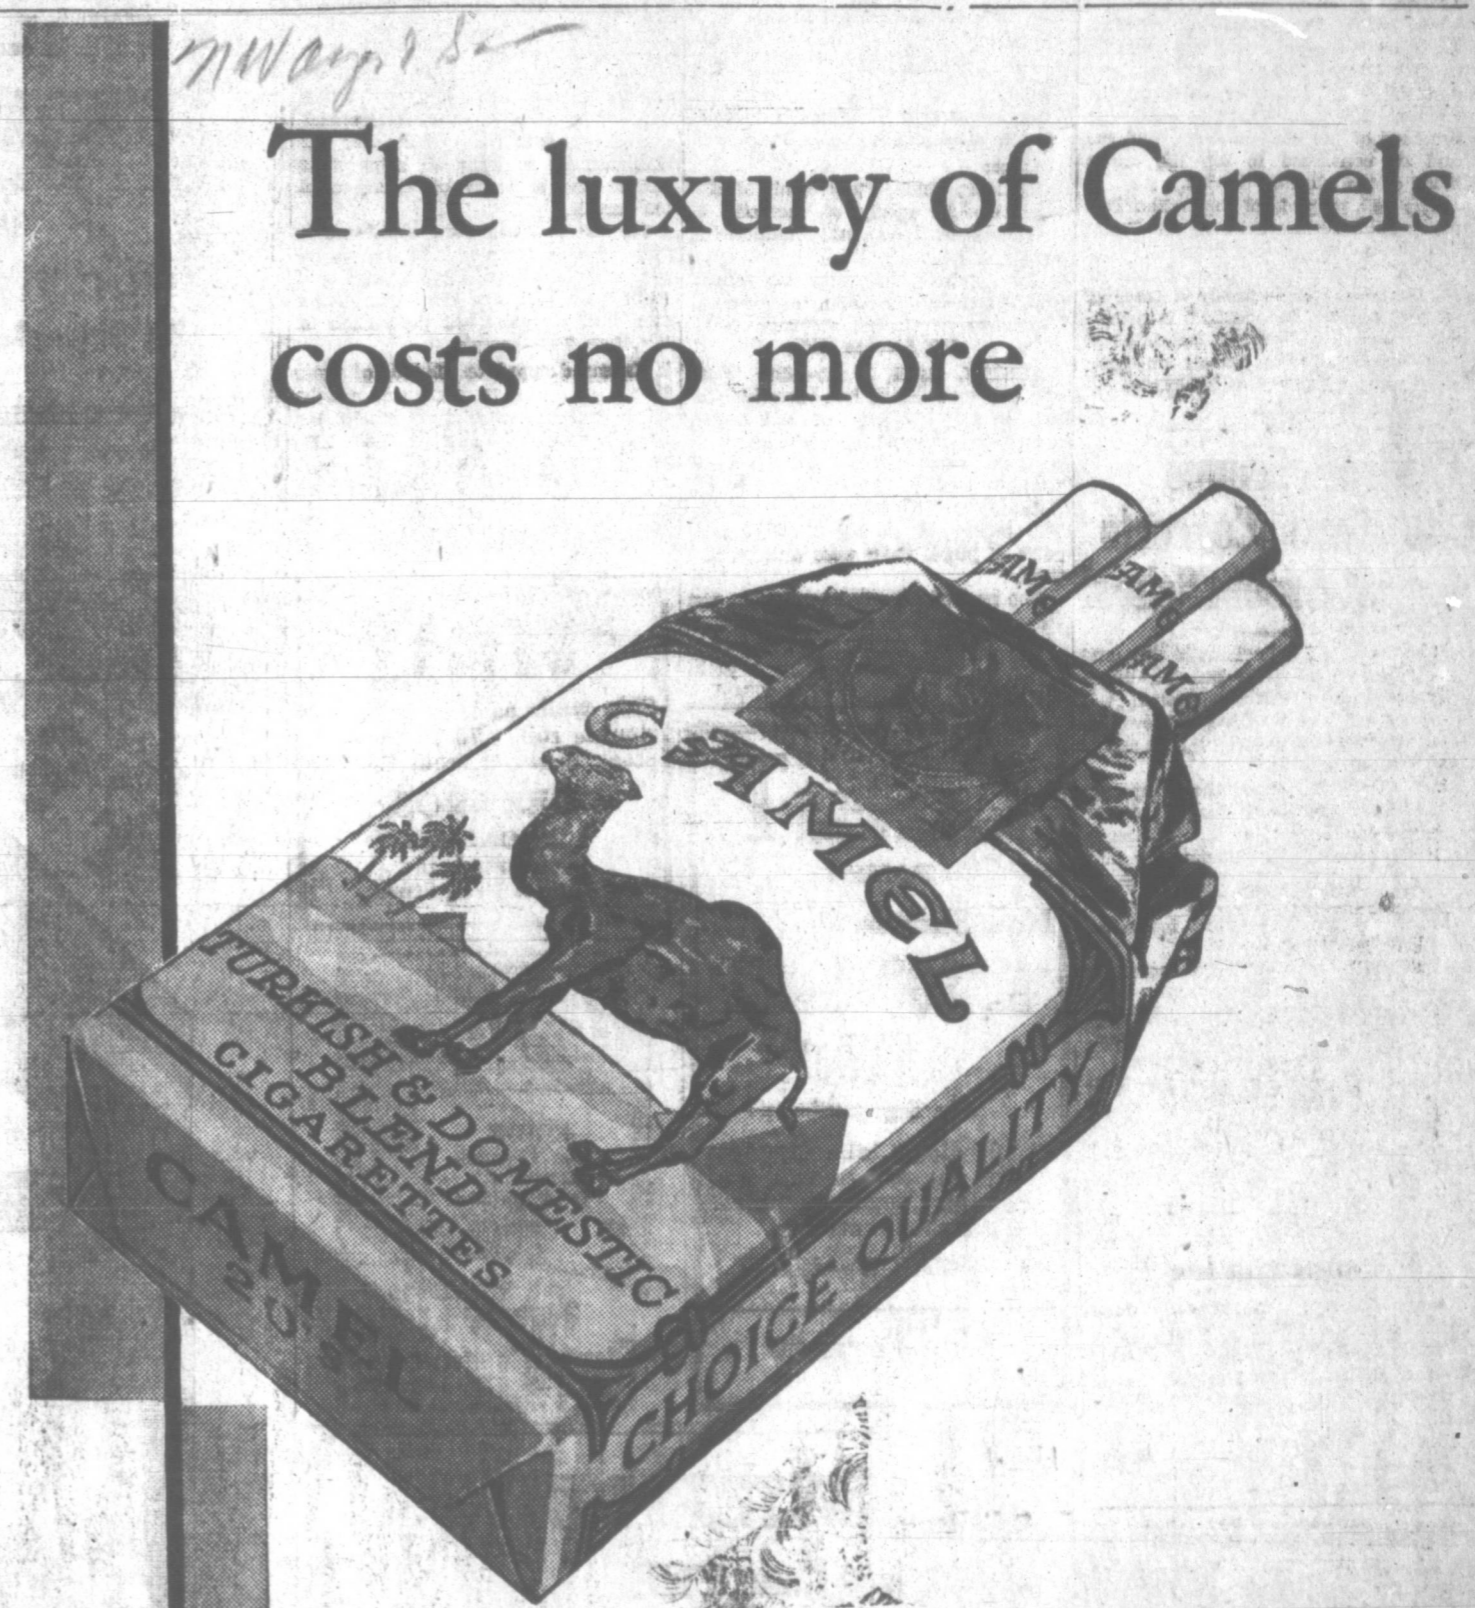

Stanley Harris' Detroit Tigers were completing a two-day exhibition stand at Daytona Beach today with the Montreal International league club as opponents.

first, Rogers flatly refused to match Tex with Otis again Thursday night. Then Tex cajoled and persuaded; then he got nasty. He threatened and he raved.

There are fans in Pampa who believe that Tex is a better wrestler than Otis. Clingman admits that Watkins is the best man he ever tackled. Tex isn't admitting anything. "The only time Clingman ever beat me was due to an accident," he said. "I tell you what I'll do. I'll bet any man in Pampa a pair of suspenders that I win Thursday night."

"If it hadn't been for that sheriff last Thursday night, I'd have won. It makes me nervous for him to jump around that ring with a big hog-leg on his hip. Can't anybody stop him? Just when I had Clingman where I wanted him here came that sheriff—I makes me nervous, I tell you!"

In the semi-final event, Dutch Esiko and Roy Welch, both of Berger, are scheduled to grapple for 30 minutes. Dutch learned how to be tough from Mantell. The tiff is expected to be a slam-bang affair with plenty of slug-ging, gouging, and hair-pulling.

The luxury of Camels costs no more

DON'T DENY YOURSELF the enjoyment of smoking Camels. You pay as much whatever you buy. Why not have the real smoke-luxury that Camels alone can give?

Into this familiar package goes all the mellow, natural fragrance, all the mildness, all the delicately blended aroma and richness—in short, all the true smoking delight that twenty cigarettes can possibly contain. No frills on the package. The extras you get with Camels are in the marvelous quality of the cigarettes themselves.

Camels have won a wider friendship among the millions who appreciate the luxury of a perfect smoke than any other cigarette ever made.

Don't deny yourself the luxury of

"Quality Higher than Price"

Giant Gusher Still Is Running Beyond Control

OKLAHOMA CITY, April 1. (P)—Defying man's efforts to restrict its strength, the Mary Sudik No. 1, wild oil gusher of the Oklahoma City field, today hurled a constant menace of thousands of barrels of oil hundreds of feet into the air.

All suggested precautions were taken against the possibility of an outbreak of fire. Swept on the wings of a 30-mile gale, petroleum laden spray from what is termed the largest sweet high gravity well in the world, yesterday showered over the country side to the north of the gusher.

Housewives in South Oklahoma City were warned to close the windows of their homes. Fire fighting equipment was dotted in strategic locations along the edge of the city and throughout the oil fields.

Oil splattered down on the deserted buildings and shafts of Bodine City, mushroom oil town, and then whipped northward through the oil field, its path marked by hurriedly quenched fires and halted drilling operations. The entire field was at a standstill.

Although the wind later died away diligence against possible fire was not relaxed.

The critical situation developed after workmen apparently had succeeded in their battle to subdue the "out law" and clamped a master valve on the gusher. The valve failed to check the rampage of the well, however, and gas and oil continued to top the crown block of the 122-foot derrick.

The well, property of the Indian Territory Illuminating Oil and the Foster Petroleum companies, began to run wild last Wednesday. It first came in as a gasser, with scarcely a trace of oil. Gradually the "color" increased, until now the oil flow is estimated at from 2,000 to 3,000 barrels an hour, and the gas pressure at 200,000,000 cubic feet a day.

Central Groups to Give Concerts at Groom School

Central high school orchestra and the high school girls' quartet, under the direction of Thomas Fannell, will give a joint concert Thursday evening with the Groom band at the high school auditorium in Groom.

The Groom band and the Pampa organizations will share proceeds of the concert, according to arrangements made by the Groom Community club sponsors, and Mr. Fannell. The Pampa students will use their share in buying sweaters and letters for members of the orchestra.

The girls' quartet is composed of Yvonne Thomas, Doris Price, Ruth Wakeman, and Audrey Noel, with Mrs. Thomas Fannell as accompanist. Members of the orchestra are as follows:

Violins—Gay Fager, LaVerne Twiford, Violet Shafer, Bob Wallace, Eleanor Frey, LaVerne Vickers, Burdette Keim, Bonny Nell Gordon, Dorothy Mae Meers, Ruth Wakeman, Barbara Camp, and Grace Dwyer.

Saxophones—Gene Fatheree, Joe Kahl, Mansel Stokes, Howard Houk, Howard Rierson, Charles Frost, Audrey Noel.

Horns—Vernon Lawrence, John Schoolfield.

Clarinets—LeFors Doucette, Jimmie McKee, Richard Montgomery.

Trumpets—Curtis Stark, Carl Jamison.

Drums—Tom Braly.

Base—Albert Doucette.

Piano—Wanda Barnard.

Oil Production in Decrease—Sooner Field Is Ahead

TULSA, Okla., April 1. (P)—Estimated daily average production of oil in the United States decreased 11,805 barrels during the week ending March 29, but the Oklahoma City field continued merrily on its productive way with a total gain of 9,835 barrels.

Majority of the principal areas of the nation contributed to the total decrease, the Gulf Coast district of Texas being the only other important one besides Oklahoma City to show an appreciable gain.

Oklahoma City production jumped from 64,025 barrels of daily production for the week ending March 22, to 73,860 barrels for the current week, according to the weekly report of the Oil & Gas Journal. This gain followed a slump, of 21,000 barrels from the mark set in the week of March 15 when capital city production totaled 52,860 barrels.

Despite the Oklahoma City gain total production for Oklahoma state decreased 960 barrels during the last week. Semhol set the pace on the toboggan with a decrease of 13,630 barrels, making a total decrease for that area of 28,745 barrels for the last two weeks. The Northern Oklahoma fields registered a 4,000 gain during the week.

West Texas production dropped 4,983 barrels. Minor losses or gains were reported from other Midcontinent fields, the total decline for the Midcontinent in light oil being 6,210 barrels and a heavy oil decrease of 100 barrels.

The Gulf Coast area registered a gain of 4,734 barrels, and North Louisiana light oil production increased 4,725 barrels. The Rock Mountain area had an increased production of less than 2,000 barrels.

Kansas dropped to 114,180, of more than 2,000 barrels, and California light oil production showed a decline for the week in daily production of 16,600 barrels.

Total daily average production for the week ending March 29 was 2,529,001, compared to 2,540,806 for the previous week.

McKenzie Placed in Bexar Jail

SAN ANTONIO, April 1. (P)—John M. "Pete" McKenzie, convicted slayer of Sam Street, chief of detectives, today was no longer a man without a jail.

Until some place had been provided for criminally insane persons, McKenzie will become a permanent lodger at the Bexar county jail, where he has been held temporarily prior to and during his second sanity trial.

District Attorney Lamar Seeligson announced this decision, after the refusal of the state board of control to accept McKenzie at any state institution. McKenzie was saved from the electric chair by a jury's finding him insane, and when, at a second sanity trial, the jury disagreed, the state refused to accept him again on the grounds there was no place in state institutions for criminally insane.

MINERAL WELLS CLINIC

offers the largest and most complete drugless clinic in the southwest.

It is no longer necessary for you to search for health in distant health resorts, as you now have in your own front yard a combination of the different baths and drugless treatment used throughout the country.

Adequate X-Ray and Clinical Laboratory service, blood analysis, urine analysis, gastric analysis, sputum and fecal tests can be properly done.

Making Yale's Bond
Bond for Jake Yale, charged with the murder of Jack McKee in South Pampa, March 23, is being arranged this afternoon by his father, J. A. Yale, and brother, R. A. Yale, both of Chico, Wise county, Texas.

An effort to postpone the trial is being made, it is understood. Judge W. R. Ewing set the case for April 21. Mrs. Yale is attending the funeral of McKee at Minarel Wells. She was the only witness to the shooting.

The brink of Niagara Falls has moved seven miles west in 30,000 years. There are 7,000,000 acres of vacant government lands in the southern California land district.

First class German and French trains now average between 50 and 60 miles and hour over runs covering several hundred miles.
