FEDERAL PRO AGENT IS INDICTED

FOREIGN RELATIONS COMMITTEE PASSES NAVAL TREATY BIG HOUSTON THEATRE IS VICTIM OF DAYLIGHT ROBBERY

That's gold in these here prairies.

Pampa fact: The latitude of this city is 35 degrees, 32 minutes, 39 seconds; longitude 100 degrees, 57 minutes, 12 seconds.

Note to vacationists: If you are going to cross the border into Old Mexico for any length of time, get a letter of introduction for presentation to Mexican officials. Your Pampa Board of City Development has the authority to issue such a letter, and it will be accepted at any border point. Even if you do not intend to cross over, if you will be in the border vicinity it may save you trouble to take a letter—in case you change your mind. Mexican officials are courteous, provided you have the necessary identification.

When Gray county struck oil, she abandoned her agricultural program which has lately been resumed. It may be well to suggest a view at an oil map to see how much development of our resources have directly affected agriculture. A surprisingly small acreage of the best plains land has been ruined by oil, or even interfered with by derricks. Wheat thrives in the midst of rigs, particularly on the west, but the trend is along the sandy North Park, where crops are few, and because of the nature of the soil perhaps never will grow.

Sure, we have an expanding oil field, but the derricks have not touched many acres of wheat land. Most of the farmers are still looking to their agricultural pursuits for their profits. Those who sell leases and royalties are fortunate and they can keep on farming or can secure tenants who can do so. It is a fallacy to assume that oil has supplanted agriculture. Look at a map, or take an airplane ride for proof.

West Texas facts: West Texas produces half of the nation's cattle, three-fifths of the oil, three-fifths of the wool and mohair, and two-sevenths of the nation's cotton. And don't let a little wind blow away the truth that this is the home of sunshine, cool nights that put you to sleep and send you to work next day refreshed and vigorous, and that its undeveloped resources are waiting for men and women of vision—maybe you.

TWINKLES

We Panhandle folks should remember the heat and the humidity down where our laws are made, and forgive our legislators and officials for some of the absurd things they do.

Tech and other Texas colleges are losing their professors because of better salary offers. The day when teachers taught for "service" and ignored their economic welfare is largely past. Texas must make the salaries of her teachers in line with other states if she wishes to move much further from the bottom of the list, educationally speaking.

These new-fangled whistles on cars may sound like the Bare Foot boy on a fine spring morning, but they do not have our approval. They tempt the big crop of dumbbells to use them incessantly.

LONE BANDIT GETS \$1,700 AND ESCAPES

Well Dressed Youth Takes Money at Gun Point

METROPOLITAN IS SITE OF CRIME

Feature Picture Is "In the Shadow of the Law"

HOUSTON, June 23. (AP)—The Metropolitan theater here was robbed today by an unmasked man who got, first reports said about \$1,700.

The bandit, who appeared about 21 and was described as being "well dressed in a dark suit," entered the manager's office on the second floor and with drawn gun forced the assistant manager, Russell Weir, to give up the money.

The theater is in the center of the downtown district and is one of the biggest here. The picture being featured at the time was titled "In the Shadow of the Law."

The robber as he walked into the office, said he wanted to "make a refund." As Weir turned to him, he found a pistol pointed at his head and was compelled to empty a bag containing the show house's recent receipts.

Albritton Out on Bond Today

Roy Albritton was released from the Potter county jail this morning, immediately after he made a \$20,000 bond set Saturday by the United States commissioner. Bondsman were John S. Mackie and Ed Wright, both of Pampa.

Charges of conspiracy to violate the national prohibition act, and of possession and sale of intoxicating liquor were filed Saturday against Albritton.

He was arrested Friday night on a federal warrant after a raid on a South Pampa drug store and rooming house, where six federal agents seized 141 pints of whiskey, gin and rum. Albritton returned to Pampa today.

A. H. Cornett, who was arrested at the same time and against whom possession charges were filed, had been unable to make a \$2,500 bond at noon today, and was being held in the Potter county jail, pending posting of the bond.

Answering questions directed by the commissioner at the hearing Mr. Albritton denied that he operated either the rooming house or the drug store where the raid was made. He pleaded not guilty to all of the charges. Both Albritton and Cornett waived preliminary hearing.

Trial of both is scheduled to be held in the federal court at the September term, if they are indicted.

Rioting in Spain
SEVILLE, Spain, June 23. (AP)—Many persons were wounded during rioting today resulting from a sudden conflict between the police and strikers. The police fired into the crowds in an effort to suppress demonstrations.

Mr. and Mrs. L. W. Busscy and daughter, Mary Hope of Amarillo, visited friends and relatives here Sunday.

PAIR OF BANDITS GET \$7,500 AT NOON

CLARENDON, June 23. (Special)—Two polite but very businesslike young men robbed the Donley County State bank of about \$7,500 here during the noon hour, and escaped in a Buick coupe.

While the manner of their escape was not clear, it was believed that a woman waited outside the bank in the car in which the pair escaped.

Entering the bank about 12:30 o'clock, the bandits whipped out pistols and calmly told two bank officials and two lady bookkeepers who were in the institution that "your money is what we are after." They assured the bankers that no harm would happen to them if no resistance was offered.

Holman Kennedy, cashier, and J. L. McMurry, director, and the young women were forced into the vault, but the robbers failed to work the lock. Within five minutes after the robbery, Mr. Kennedy had notified the officers and was telephoning to neighboring cities.

Sheriff Moseley and deputies took up the hunt, but after several hours had few clues except some reports indicating that the bandits drove eastward.

The Donley bank is a member of the Texas Bankers' association, fund through which \$5,000 is offered for dead bank bandits.

The bank's loss was covered by insurance.

THOUSANDS AT ROTARY MEETING IN CHICAGO NOW

CHICAGO, June 23. (AP)—Chicago went round and round today with Rotary.

Between 18,000 and 20,000 Rotarians and their wives—the Rotary Anniversary—returned to commemorate the silver anniversary of Rotary's birth and to open the twenty-first annual convention.

On a February night 25 years ago, in a little Italian restaurant on the near Northside, a coal dealer, a mining engineer and a merchant tailor dined with Paul P. Harris, an ex-Princeton student, cowboy and nomadic newspaperman after five years of travel.

Harris unveiled his dream of fraternal relationship—a group of business men banded together socially to be mutually helpful, each having exclusive representation in his profession or trade. Harris suggested a rotation of meeting places and the name "Rotary" was born.

Harris' dream has surged around the seven seas into 62 countries, Russia, alone of the principal nations of the world, is not represented in Rotary's 3,330 clubs and approximately 153,000 membership.

Harris, who is 62 years old and head of a Chicago law firm, is in ill health and Rotary officials doubted if he would be able to attend any of the sessions.

The Pampa Rotary club is represented at the national meeting by M. K. Brown, retiring president; L. N. McCullough, president-elect; J. E. Murfee, Jr., Mrs. Brown, Mrs. McCullough, and Mrs. Murfee represent the local Rotary Annex, unofficially, among the convention visitors.

SENATE WILL VOTE SOON ON BIG MEASURE

Approval Predicted After Victory Today

VOTE OF 16-4 CAST FOR PACT

Minority Report to Be Submitted As Expected

WASHINGTON, June 23. (AP)—The senate foreign relations committee today approved the London naval treaty.

By 16 to 4, the committee ordered it reported to the senate.

Senators Johnson, Republican, California, and Shipstead, Farmer-Labor, Minnesota, announced they would submit minority reports.

The overwhelming support for the treaty in the committee was believed to insure ratification of the pact when it is taken up by the senate in special session.

Those voting against the pact were: Johnson, Shipstead, Robinson of Indiana, and Moses of New Hampshire, Republicans.

Those voting for it were: Borah, Idaho; Chairman, Capper, Kansas; Gillett, Massachusetts; Reed, Pennsylvania; Fess, Ohio; Goff, West Virginia; LaPollette, Wisconsin, and Vandenberg, Michigan, Republicans.

Swanson, Virginia; Pittman, Nevada; Robinson, Arkansas; Walsh, Montana; Harrison, Mississippi; George, Georgia; Black, Alabama, and Wagner, New York, Democrats.

Borah announced he would submit the treaty to the senate today, without a report but merely introducing a resolution of ratification. This is the usual procedure of his committee.

Thus the treaty will be put before the senate without a word of recommendation either from President Hoover or from the foreign relations committee. In submitting the pact, the president only called for ratification.

"The debate will take care of any words or recommendations," observed Senator Borah.

With the treaty now on the senate calendar, there is a possibility that its advocates may move for immediate consideration should the senate and house become deadlocked on adjournment during a quarrel over the veterans' bill. No suggestion has been made for that course, however.

Nearly Million Is Paid for Wheat

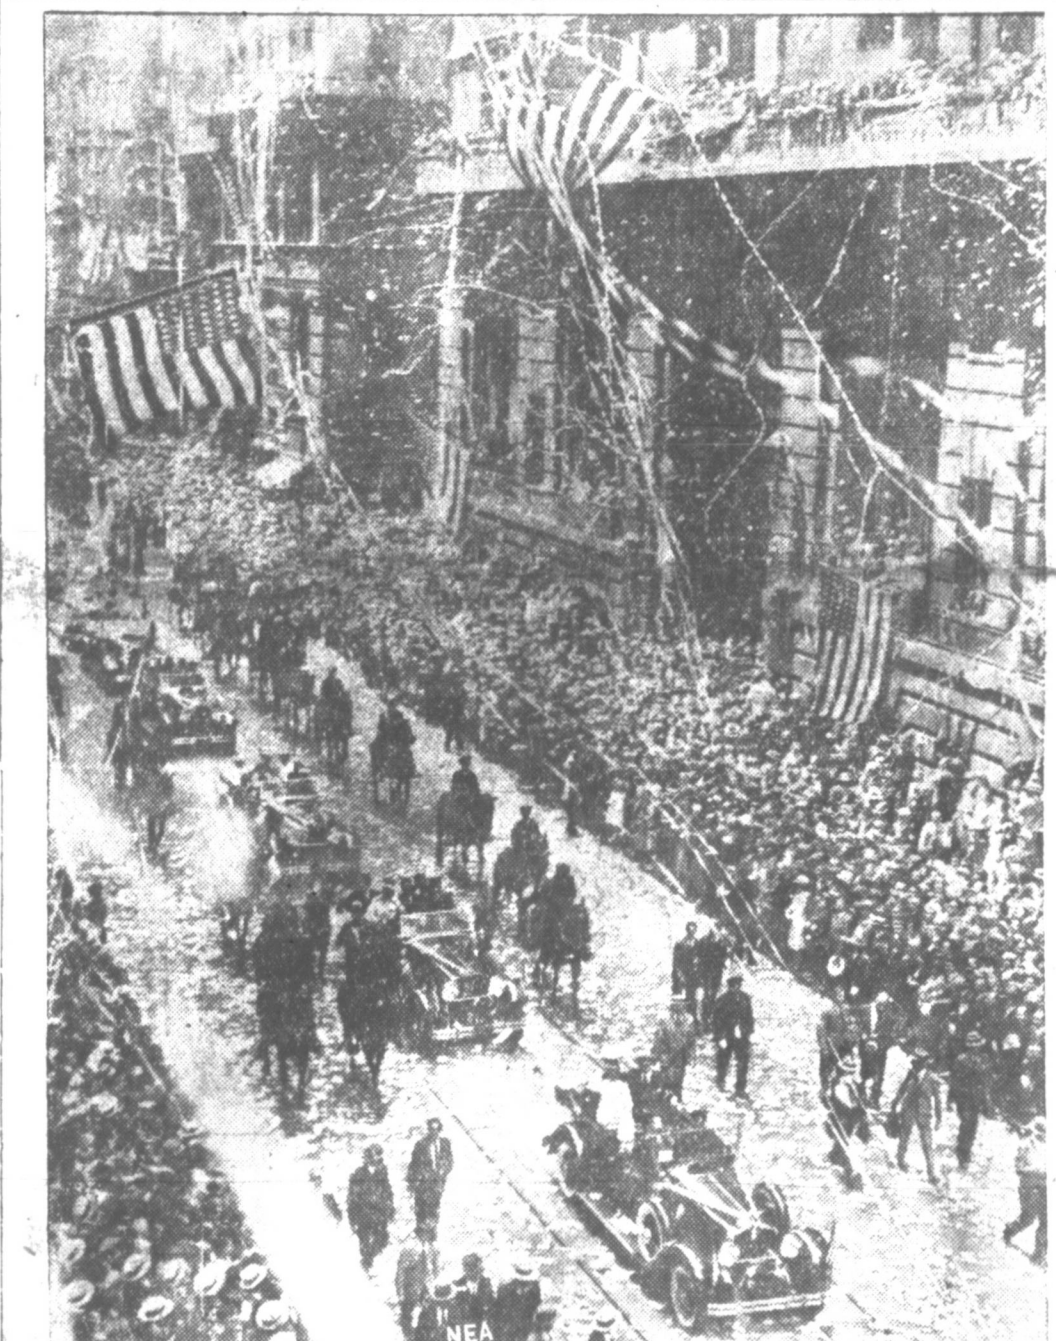

FORT WORTH, June 23. (AP)—Wheat reaching Fort Worth railroad yards Sunday and Monday morning numbered 587 cars loads, according to figures of the Fort Worth grain and cotton exchange.

Dealers estimated that checks on Fort Worth banks in payment for this wheat totaled \$880,000, even at low prices now prevailing.

Despite the heavy movement this week, no congestion of grain is expected. Railroads are declared well prepared for the flood tide of the harvest and inspection forces have been increased so that no delay will occur at that score.

Jack Dolan was a visitor in Miami yesterday.

HOW BROADWAY HAILED POLAR HEROES

Resembling the Antarctic snows from which they had returned was this white storm of ticker-tape and confetti which greeted Rear Admiral Byrd and his party of explorers as they paraded up Broadway to receive New York's tumultuous welcome. Admiral Byrd and Grover Whalen, chairman of the mayor's welcoming committee, are in the first car. Note the paper-littered pavement and the dense crowds that packed the sidewalks and the balconies of buildings. It was Broadway's third and biggest welcome to Byrd, the trans-Atlantic flyer and conqueror of both poles.

Wheat Move Begins

But Price Breaks to 68-Cent Market Close

Despite the fact that wheat sank to a new low level of 67 cents per bushel when the market opened this morning, farmers sold more wheat today than in any day this season, according to grain dealers. The price rose one point to 68 cents just before the market closed at 1 o'clock today.

At noon today, 34 cars of wheat had been shipped out of Pampa, according to L. W. Klein, Santa Fe agent. Hoover had shipped eight cars and Laketon none. Most of the wheat being shipped is going into storage at Dallas and Fort Worth and other Texas cities, grain men say. By far the largest part of the grain now being harvested is being placed into storage in this territory, in home granaries and in elevators.

Minnesota Girl Is Tortured as She Fails to Deliver Big Sum

FERGUS FALLS, Minn., June 23. (AP)—Found bound and with her face and body slashed, Viola Holt, 18, daughter of a weakly Ottertail county farmer, today told a story of an attempt by three men to extort \$30,000 on threats of death to members of her family.

The girl, who is in a Pelican Rapids hospital today, told authorities she met three men near a small slough last night after she had received a series of notes threatening death to her grandparents and a younger brother unless she paid the writers \$30,000.

While she was unable to raise the money, the girl said she decided that she would die if necessary to save the other members of the family, and appeared near the slough as directed. There, she said she met the three men and told them she could not get the money.

Angered, her story goes, the men seized her, threatened death and finally bound her. Afterward one of them, she said, slashed her across the face and body with a knife. When she screamed the men fled.

Small Fire Put Out

A small fire in the servants' quarters at the rear of the T. B. Solomon residence at 421 West Francis was extinguished with garden hose before the arrival of the fire department. Damage was slight. The small cottage caught fire from a burning trash pile near it.

Mrs. Clay Schoolfield returned Saturday from a trip to Temple, Granbury, Denton, Tex., and Wilson, Okla., where she visited friends and relatives.

HOUSTON MAN AND 2 OTHERS ARE CHARGED

Development Follows Recent Killing of Aviator

"FRAME-UP" IS DEFENSE PLEA

Car License Is Taken Out in Name of Officer

HOUSTON, June 23. (AP)—D. R. Cheatham, federal prohibition agent, and three other men were indicted by the county grand jury today for conspiracy to transport liquor in violation of state laws. The investigation which led to the bills was begun after the murder of W. L. Edwards, Houston aviator and concerned a liquor charge which had been filed against Edwards May 10.

Cheatham was charged in another indictment, returned at the same time, with transporting liquor as an accomplice.

The first indictment named, besides Cheatham, C. H. Smith, Ivey T. Wharton and E. T. Wharton.

Seven indictments were returned, naming all or some of the defendants. Bail for Cheatham was fixed by Judge Langston King at \$4,000. Bail for the others was set as follows: Smith, \$3,500 on four charges; Ivey T. Wharton, \$1,000 on two charges; E. T. Wharton, \$1,000 on two charges.

At the time the charge was filed against him, Edwards claimed it was a "frame-up" to run him out of the city. The liquor in question was seized in an automobile registered at the courthouse in Edwards' name. The car was found in a parking lot. Edwards, as soon as he was released under bond, found that the car had been registered in his name by E. T. Wharton, Edwards told newspapermen.

Cash Register Stolen and Small Sum Is Taken

An unlocked cash register was stolen from the Bungalow service station at 1260 Barnes street Friday night and carried 100 yards from the station into a wheat field where \$5.50 was taken out of the cash drawer. Save for a few scratches the register was not damaged.

Entrance into the office was gained by cutting the screen on a window. An employe at the station was asleep a few feet from the cash register when it was stolen.

SMALL PUTS FEAR IN OPPONENTS

The fact that gubernatorial opponents of Clint Small are taking his candidacy seriously and leveling their heavy artillery at him is proof enough that his campaign is progressing satisfactorily.

Tom Love is the first to invade Small's Panhandle territory and to attempt to cut into his well known strength in this section. With characteristic word-twisting of the professional politician, he attempts to prove that Senator Small is a wet by showing that the Wellington man voted for Smith. The logic is absurd, of course, but there are some voters who will believe the accusation unless better informed.

Small, it will be remembered here, made the first speech after his announcement to club women in session at Pampa, and that address was for better law enforcement, including rigid enforcement of the Eighteenth amendment. Love knows that his logic is malevolently untruthful, but half-lies are favorite weapons of veteran campaigners.

The other main attack upon Small is that he represents special interests. It happens that this is true, if you mean the land owners who were about to be robbed by the Austin tribe of land-grabbers. It is true if you mean that he fought for the pipeline regulation bill to protect small operators against the "big squeeze" of Standard Oil. Yes, Small represents special interests—the interests of the common man, the landowner, the independent oil operators, who have no paid lobbyists and no high-salaried legal staffs to represent them at the capitol.

Small represents the folks who too often have been without representation. Would that the legislature were full of his kind, instead of those retained in one way or another by the "big interests". Small stands for right and justice for all Texans. If one of his bills should need revision, he will stand ready to revise it. He has fought for the landowners of Texas and has an unfinished battle in keeping the land grabbers away from the strip along the Texas-Oklahoma border which recently was awarded to this state. While Small has fought for the "special interests" of hard-pressed Texans, Senator Love has given the appearance of standing for the "big interests", and his vote went with and for the land-grabbers of Austin.

Love shall not by the subtlety of political acumen go unchallenged in his clever attacks upon the Wellington statesman. He will be repudiated when the Panhandle voters go to the polls with the memory of the "battle of the North Fork" in their minds. Moreover, Small's notable fight for the rights of common citizens has won acclaim in the other parts of the state.

Love and the other candidates have ample reason to fear the candidacy of Clint Small.

A NEW AGE OF BELIEF

The present age is an age of skepticism. A glance at any modern magazine, a study of any religious publication, a survey of the weekly output of sermons in any city, will convince you of that. The average writer or preacher seems to take it for granted that unbelief is more firmly entrenched today than ever before. The skeptic is having his hey-day.

But things move in cycles, and no great period of doubt—for there have been others, in the history of the world—has ever lasted for long. To discern an age of faith lying beyond the present age of skepticism may seem a job for a man with uncommonly good eyes; yet there are those who do discern it, and who are confident that its advent is not so very far off.

There is, for instance, Salvador de Madariaga, one of the most thoughtful, intelligent Europeans alive today. Writing for the New York Herald-Tribune, Senor de Madariaga expresses the belief that the western world is about to "re-discover God"—to emerge from its era of weary disbelief into an era of faith and wonder, which are the hallmarks of all devotion.

His reason for advancing this proposition are interesting.

A few decades ago science suddenly expanded the scope of its operations. It upset many old beliefs, dug up many facts and theories about the world, caused many men to look doubtfully at dogmas that had gone unquestioned for centuries and raised that peculiar, fascinating, terrifying specter of a mechanical, soulless universe.

This, as much as anything, is back of modern skepticism. But now, says Senor de Madariaga, science is taking a new tack. It is beginning to realize that it has merely scratched the surface of knowledge. A generation ago science believed that it would only be a matter of time before all of the secrets of creation were laid bare; now it is beginning to admit that there are many things that it will never know. It is, in fact, beginning to see that man's finite capacity for understanding makes it inevitable that the greater part of the universe about him will always be a mystery to him. So, says this writer: "Science is the theology of the westerner; the way, the method, toward God. Science leads to the conclusion that the world—including matter—can only be explained in terms of intelligent energy. The time is therefore at hand when the westerner will see God with the only eyes he possesses for spiritual realities—the eyes of the intellect."

The world, in other words, is not the easily-understood place some cock-sure investigators have thought. The chemist and the physicist are daily proving that it is filled with mystery and wonder. Is it not possible, then—even probable—that we are on the verge of a great quickening and awakening, in which the old awe, the old sense of being in the presence of unutterable marvels, will once again be a part of the daily life of every man?—NEA.

CONGRATULATIONS MUTUAL

NEW YORK, June 23. (AP)—Col. Charles A. Lindbergh and Rear Admiral Richard E. Byrd met today and exchanged congratulations.

Colonel Lindbergh congratulated the admiral of his conquest of the South Pole. Admiral Byrd congratulated Lindbergh on the arrival of a son yesterday.

They met in the Hotel Biltmore, where Admiral Byrd is making his headquarters, and went immediately to the room of a friend for a good visit.

ERRORS FIGURE PROMINENTLY AS GULF BEATS PHILLIPS

BIG RALLY IN FIRST INNING GETS 4 RUNS

Because they made no errors and took advantage of two costly bobbles by Phillips "66" in the first inning, the Gulf Guns won a fast baseball game yesterday afternoon at Gun park, 8 to 5.

Phillips lost their chance of winning the game in the eighth when Beeson went down with the bases loaded. The "66" stickmen hit Lefty Coop, the Guns' curve ball artist, consistently for eleven bingles, including two doubles by Kirkpatrick and Wight, and a fence-ender by Locke over left-field. But at that, Coop struck out five. The Guns found Rains' ball a little too fast for them and managed to connect for seven hits. However, he walked four and hit two. Coop walked two and hit one.

Four of the Gun runs were made on errors, two in the first and one each in the second and third. The ball was fumbled in shortstop area and by second and third. Mostly the "66's" were slow in sending the ball to first and home. The Guns made four runs in the first inning, one of these a double by Hickey; two runs in the second inning, one in the third and one in the fourth. They were made on errors.

Locke started the enthusiasm for Phillips when as first man to bat in the game, he sent a lovely one over the fence and easily completed the circuit. In the last half of the first, Phillips went to pieces and batters who should have been out at first went to second and third. Rains did not get his support until the "66" lightened up in the fourth. During the remaining frames, Phillips played beautiful ball and made short shrift of the Guns. In the eighth, they allowed Pope to come in when he would have been out at home. Dan Gunman, chalked up 10 put-outs at first and Hickey covered all the ground between second and third from the pitchers' box back to center. Kuhnke at third and Hickey were high-point assist men.

The second, third and fourth innings were empty for Phillips. In the fifth they almost knocked Coop out of the box and made four runs. Kirkpatrick bagged four flies in center field area, while Wight, shortstop, made four assists and one put-out. Forrester at left-field played consistently well. Errors were made by Locke, Beeson, and Wight. Jones and Ricketts umpired the game.

Players and runs follow:
Guns—Munds 2b, Davis 1b, 2; Hickey ss, 2; Sullivan c, 1; Kuhnke 3b, 1; Hays lf, Swafford cf, 1; Pope rf, 1. Coop, p.

Phillips—Locke 2b, 2; Kirkpatrick cf, 2; Beeson 1b, 1; Wight ss, 1; Keith 3b, Carter rf, Forrester lf, Browning c, Rains p.

Barrett batted for Forrester in the fifth and eighth in the Phillips' line-up.

ROBINS' HOLD TO HIGH RUNG REMARKABLE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

Considering the closeness of the rivalry among the National league clubs, the tenure of Brooklyn as leader of the circuit is something really remarkable. The Robins, who caused something of a surprise when they first gained the top, have shown the way to their rivals for nearly a month despite numerous threats to their security. After various ups and downs, the Robins took the lead at the end of May and have not been displaced since.

In the past two days, the Chicago Cubs, who have been right on Brooklyn's heels had a big chance to assume the lead after Brooklyn had tossed away a few games through careless fielding. But the Robins tightened up and won three contests while the Cubs failed to stand the strain of pursuit and dropped to 2 1-2 games behind yesterday with a 3-2 defeat at the hands of the Boston Braves while Brooklyn was downing Pittsburgh, 9 to 6.

The costly Robin errors disappeared suddenly when first place was in danger while the Robin bats swung into effective action. Brooklyn came from behind yesterday, paced by two home runs by Babe Herman and one by Johnny Frederick, to score six runs in the seventh and eighth innings off Larry French, Braves' pitcher. The Cubs made two homers off the delivery of Fred Frankhouse, recent Boston acquisition, and one of them was Hack Wilson's 21st of the season, but they could not get any other counters while the Braves ten hits scored in three different innings.

The New York Giants picked up a game on the Cubs, remaining three games behind, by putting on a performance similar to Brooklyn's. The Giants seemed to feel it necessary to perform in the traditional manner as Cincinnati celebrated Benjie Frey day. They got to Benjie in the seventh and eighth for three runs at a time and took a 6 to 4 decision from the Reds. The St. Louis Cardinals attained a .500 average again by taking two games from Philadelphia. The Cards outdid 33 hits against five Phillie pitchers to win by scores of 12 to 3 and 9 to 3. Flint Rhem and Burleigh Grimes, the latter making his first start for St. Louis, held the Phillies well under control.

The Detroit Tigers altered the American league standing a bit by winning a pair of games from the Boston Red Sox, 5 to 3 and 4 to 2. The double triumph while St. Louis was dividing a twin bill with the New York Yankees, put the Tigers into fifth place. Detroit had good pitching and "the breaks", scoring all of its runs off Milton Gaston in the first game in one inning without earning one. A homer by Gehring provided the margin in the short second contest.

Despite their even break, the Yankees picked up a half game on the leading Philadelphia Athletics, who moved to Cleveland for Sunday and dropped the final contest to the Indians, 4 to 2. Wes Ferrell broke Cleveland's losing streak, holding the champions to seven hits. The Yankees had as much luck as Detroit.

They scored all their runs in one

As charming as she is beautiful, Catherine Hill, above, of Port Allen, La., was named to represent the Magnolia state at the annual Rhododendron Festival in Asheville, N. C. She is one of many Southern beauties chosen to participate in the festival.

College Golfers Open Tourney on Oakmont Course

PITTSBURGH, June 23. (AP)—Through the merciless hazards of Oakmont—one of the most treacherous greenwads in the land—103 college players today begin their race to the national throne of intercollegiate golf.

The colors of 15 universities and colleges from all over the country will wave over the battle for team championship, with eastern schools predominating and with Princeton ready to defend the honor it won last year. Yale, Harvard, Dartmouth, Penn State, Pennsylvania, Bowdoin, Williams, and Holy Cross will be the other eastern entrants. Ohio State, Notre Dame, and Illinois will be here for the Middle West; Alabama will represent the South and Rice and Texas the Southwest.

Golfers of these schools also will seek the individual title held by Thomas Aycock, Yale, now graduated from the ranks.

George Brown of Middleton, Pa., was a visitor here Sunday.

Inning to win the first game, 5 to 4, after Gullic had dropped a fly that would have retired the side. But the Yanks could not make their hits count in the second contest and lost by a 5 to 2 count.

Washington, with Ad Liska pitching a five-hit game and Art Shires leading the attack on his old team with three blows that drove in four runs, made an even greater advance by trouncing the Chicago White Sox 10 to 2. They picked up a full game on the Athletics, resting 2 1-2 games behind the leaders and only a half game behind the Yankees.

MAGNOLIA IN FINE VICTORY HERE SUNDAY

Spts.—Magnolia In—30

Until the sixth inning here yesterday afternoon it looked as if the Magnolias would be easy victims for the Amarillo Smelters who were leading 4 to 2, but the Pampans hit for 12 runs in the last of the sixth, 7 runs in the seventh and when the game was finished the score stood, Magnolia 34, Smelters 4. The rejuvenated Magnolias disposed of four pitchers in the last three innings.

Magnolia's new first baseman, Kazelski, lost the ball for two homers. Blankenship completed the circuit for another. Every Magnolia got more than one hit. Shriver, Lyman, Kazelski, Blankenship garnered three hits each. Catcher Bozeman hit four times, while Foy, third base, got three hits and two walks. Ward duplicated Foy's record. Coach Ochs Mitchell batted seven times, got four hits, three walks and made six runs. The new pitcher, Varnell, slammed out four bingles, and let the Smelters down for 11 strike-outs. Each team made four errors.

The victory added considerably to the Magnolias prestige, as the Smelters had defeated both the Amarillo Cats and Tacks. Varnell made a fine showing on the Magnolia mound. His stuff is o. k. and good to see.

The Magnolias are now ready for the Guns, and would like a game next Sunday. They have been begging the Gulf for a game for a month and they contend that it ought to be forthcoming. "If the Guns don't think we have the best team, why don't they give us a game?" a Magnolia said this morning.

The Magnolia line-up yesterday included the following:
Lyman 2b, Mitchell ss, Foy 3b, Shriver lf, Lister cf, Ward rf, Varnell p, Kazelski 1b, Bozeman c, and Blankenship p.

Wale's Birthday Is Spent Quietly

LONDON, June 23. (AP)—The Prince of Wales, Britain's bachelor heir, celebrated his thirty-sixth birthday today quietly. He spent the morning at his country residence, Port Bevedere, and in the afternoon drove to Buckingham palace to meet King George and Queen Mary who arrived from Windsor to convey their congratulations with those of other members of the royal family.

A steady stream of messages and telegrams of congratulation arrived at York house from all parts of the empire and many foreign countries, the prince spending a long time perusing them. His program included attendance at the annual dinner of the Dogra Brigade of the Indian army.

Joe Louis Graham, son of Mr. and Mrs. P. D. Graham was brought to McKean-Connor hospital today for treatment.

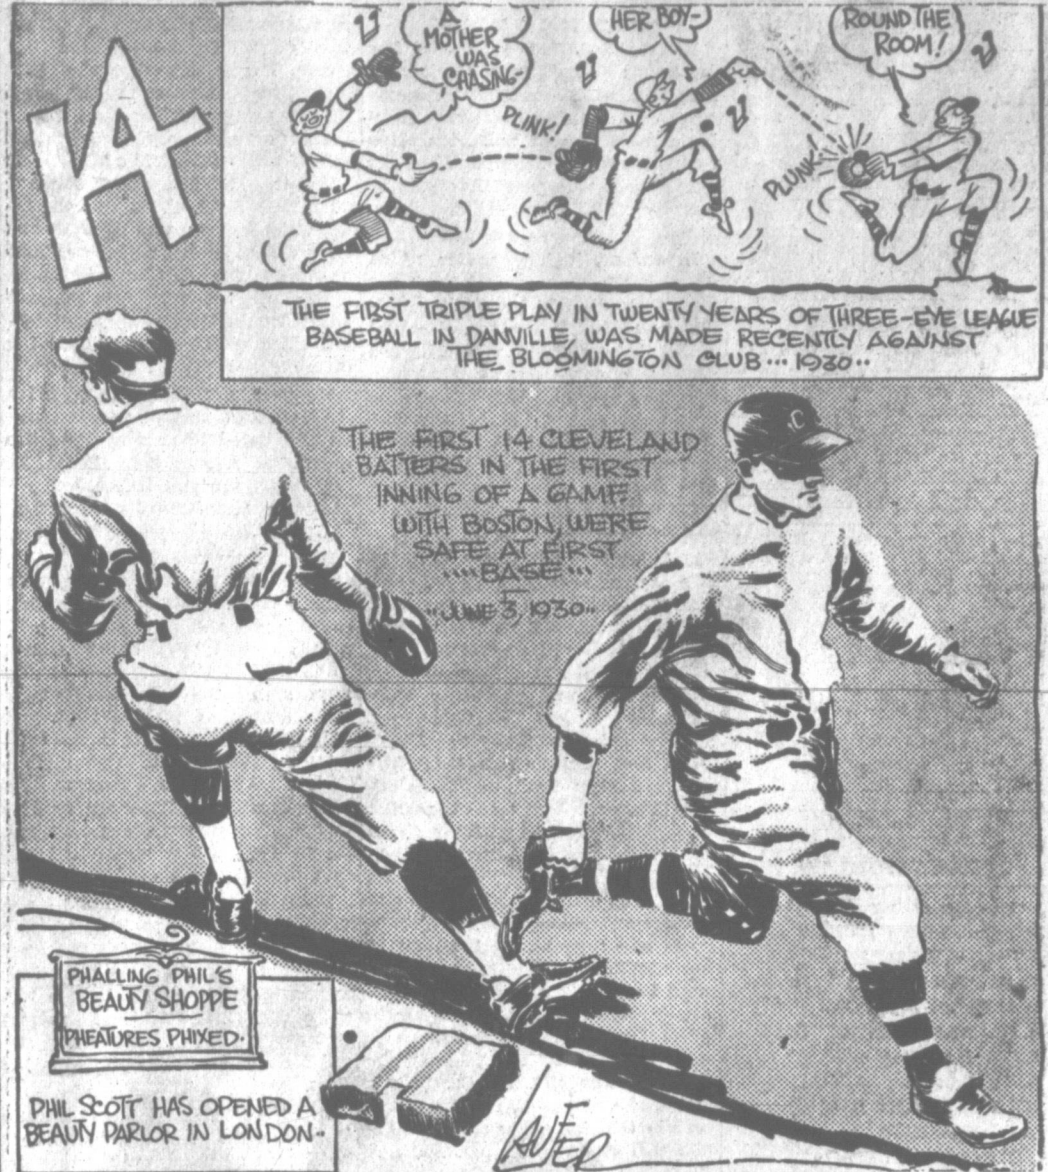

Young American Netters Win in Easy Fashion—Cochet Is Pressed To Defeat Champion of Holland

CLINGMAN SIGNS TO MEET DEAF AND DUMB WRESTLER—FORMER AGGIE IN OKLAHOMA

With his victory over Joe Kopecky still firing his enthusiasm Otis Clingman signed a contract Saturday to wrestle Silent Rattan of Dallas here Thursday night. Until last Friday night when Clingman wrecked and ruined the mighty Kopecky, Rattan was rated just above the cottonpicker. He is the next obstacle for Clingman to remove if he expects to become leading contender for the middleweight championship belt—and that is just what is in the mind of Pampa's favorite wrestler.

It developed last Friday night that Clingman is also the favorite wrestler of Amarillo, if cheering and applause mean anything.

The peculiar thing about Silent Rattan is that he is deaf and dumb and the razzing or the cheering of the audience has no effect on him. He is a young man, graduate of a deaf and dumb school. His Olympic victory was over Russell Vis, Olympic champion. After leaving the deaf and dumb school Rattan went to Oklahoma A. & M. college where he was a member of the champion wrestling team of the U. S. A. If he chooses to be clean Thursday night he will be very clean, and if he prefers to get tough nobody can stop him. However, it is believed he will wrestle in the Clingman manner.

Preliminaries to the main event will be announced tomorrow. Promoter Jack Rogers announces that he is arranging something real good. Rattan has an enormous following in Dallas, where he is to Dallas what Cal Farley is to Amarillo. "He is the hottest shot in the middleweight class," Promoter Rogers announced.

The match Thursday night will be the first at the Pla-Mor in two weeks.

Mrs. Leonard L. Weigman, who was seriously burned at her home here two weeks ago, is improving at McKean-Connor hospital.

Heywood Busby is a patient at the McKean and Connor hospital today.

Borger Golfers Win Over Pampa Players Sunday

Shooting under par in many matches, Borger's golfers overwhelmed a score of Pampa players here yesterday.

With a number of stars unable to make the trip, the Pampa delegation was placed at a disadvantage, but most of the scores were close. Borger will likely come here for a return engagement next Sunday, and the Pampa club is planning revenge tactics. The local clubmen were guests of the Borger club yesterday at luncheon at Johnson's boarding house.

Don Donovan of Pampa shot a 34, or two under par, but he was playing George Hopkins, who broke the course record with a sensational 31.

Chicago Plane Aloft 278 Hours

CHICAGO, June 23. (AP)—The refueling endurance plane, "City of Chicago," passed its 278th hour in the air over sky harbor airport at 6:40 a. m. (CDT) today.

The break the world record of 420 hours, 21 minutes and 30 seconds held by the St. Louis Robin, Kenneth and John Hunter, brother-pilots of the "City of Chicago," must remain aloft until after 5:01:30 a. m. (CDT) next Sunday morning.

In an attempt last year in a plane called "Chicago—We Will," the brothers remained aloft 261 hours.

WISCONSIN DELEGATION ON WAY TO HURLINGEN

SAN ANTONIO, June 23. (AP)—Six Wisconsin business men, members of a committee appointed by Governor Walter Kohler of the Badger state, were en route to Hurlingen today to inspect citrus fruit lands in the Rio Grande valley.

The group was in charge of Geo. F. Kull, secretary of the Wisconsin Manufacturers' association and came to Texas at the request of Governor Dan Moody after the Wisconsin real estate brokers' board refused to allow certain Texas real estate firms to operate in Wisconsin.

INDIANS ARE MUCH BETTER IN WORK NOW

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

After floundering around near the bottom for over two months, the San Antonio Indians appear suddenly to have found themselves. If they continue to get the kind of pitching they have for the last fortnight, Manager George Burns' Redskins are likely to be in the second half race with all four feet.

In defeating the Fort Worth Panthers in both ends of a bargain bill yesterday, 5 to 4 and 7 to 1, the Indians rang up their seventh straight victory in the last five days. In that period they have won almost a fourth of their total victories for the first half.

Although the Indians' mound ace, Jim Chaplin, has been sold to the New York Giants, the players coming to San Antonio in the deal should, if anything, strengthen the club. Lucas should prove a winning hurler in the Texas league and Leslie should plug up the club's weak spot at first base, where Old Jim Riley has been sort of filling in until a first sacker arrived. President Homer Hammond believes his outfit will be a contender in the new deal starting Wednesday.

Cy Smith went in to stop the Cats in yesterday's first game after they had pounded Carson for three runs in the sixth and was credited with the win when the Injuns banged Walkup for the deciding run in the eighth. George Malickey kept the Cats well in hand in the second bout while the tribe bunched their hits off Clarkson.

The Dallas Steers turned the biggest feat of a day of doubleheaders when they slaughtered Waco, 21 to 4, in their first game. The second went eight innings to a 2-3 deadlock, a pitchers' duel between the venerable Claude Meadows and Paul Wachtel. In running up their prodigious total in the first tilt the Steers pounded Chien Ketchum and Manager Del Pratt, who tried to relieve him in the eighth, for 26 hits, including five homers. Gene Moore had a field day, driving in eight runs with a pair on homers and three singles. Leo Cotter smacked two doubles and three singles. George Murray limited the Cubs to six hits and coasted to victory.

The two games were witnessed by Grover "Pete" Alexander, the Steers' latest acquisition, from the grandstand. The crowd greeted him vociferously and he took a bow. He said, as you might have guessed, that he was glad to be in Texas. He was to don a minor league uniform today after 20 years of service in the big show.

Safely ensconced as winners of the first half, the Wichita Spudders divided a pair with Beaumont, winning the first, 6 to 5, and dropping the second, 7 to 1. The Exporters pounded Ray Caldwell for 14 blows in the opener, two more than the Spuds got off Vaughn, but failed to bunch them as effectively as the champs. Denny Burns set the Oilers down with five hits in the nightcap.

Shreveport and Houston also broke even for the day, the Buffs capturing the first, 5 to 4, in a ten-inning struggle and the Sports taking the second easily, 5 to 1, behind Moulton's steady twirling. George Binder, shortstop, out for several weeks after an attack of ptomaine poisoning, and Watty Holm, outfielder, recovered from injuries, returned to the Houston line-up and figured in winning the first game. The club will start the second half at full strength.

Post, Writer of Short Stories, Dies

CLARKSBURG, W. Va., June 23. (AP)—Melville Davison Post, 59, well known short story writer, died today in a hospital here.

While riding a horse on June 10 at his country estate near here, Post was stricken suddenly and was brought to a hospital. Blood transfusions improved his condition, but he suffered a relapse last Thursday. Various veins of the esophagus with complications was the cause of death.

Post was a prolific contributor to American literature. The scenes of many of his works were laid in his native hills of West Virginia. He was especially noted for his mystery stories, among them his "Uncle Abner" series, and "Walker of the Secret Service."

His wife died in 1919. Their only child died in infancy.

Carnera Faces Severe Test in Meeting Godfrey

PHILADELPHIA, June 23. (AP)—Primo Carnera, Italy's challenger for recognition as a first-flight heavyweight, meets his biggest and perhaps his most formidable opponent tonight when he fights Godfrey, gigantic negro of Leipersville, Pa., at the Phillies' ball park. The bout is ten rounds.

Scaling 245, the black panther has never traded punches with a ring rival of the bulk of the mauling mastodon of Venice. Carnera, standing six feet seven, weighs 268. He will also be facing his biggest foe, none of his long list of quick knockout victims measuring up to the size of Godfrey.

Godfrey will spot Carnera 23 inches, five inches in height, two inches in reach and, in the matter of age, about seven years. He claims an advantage in fighting experience and boxing skill, and insists that Primo's American victories were scored over second rate opponents.

The promoters predicted an attendance of more than 30,000 and said the advance sale had passed \$100,000.

The fight will be broadcast beginning at 9 p. m., Eastern Standard time over WCAU and W3XAU.

Memphis Chicks Bat Chattanooga in Two Games

ATLANTA, June 23. (AP)—By downing Chattanooga twice Sunday by the scores of 18 to 8 and 4 to 3, the leading Memphis Chicks widened the gap between themselves and New Orleans to two and a half games in the Southern association standings.

Although the Atlanta Crackers outfit New Orleans 15 to 13 they only scored in two innings while the Pelicans brought in runs in six of their eight sessions and won, 15 to 7. Detroit, Pei third baseman, pounded out five blows and drove in four men.

Ray Partridge poked out his 20th homer of the season and Dumas also hit one for Nashville and the volunteers trounced Little Rock, 13 to 3.

Six runs in the first game gave Mobile a lead which Birmingham could not overcome and the Bears won the first of a double bill, 9 to 5. However the champion Barons turned the tables in the night cap and scored seven times in the fourth to defeat the eas, 10 to 3.

BABE HITS NO. 24

NEW YORK, June 23. (AP)—Babe Ruth connected with his twenty-fourth home run of the season in the second inning of the first game of today's double-header between the Yankees and the Browns. The Babe was the first man up in the inning and the circuit drive gave the Yanks an 8 to 6 lead. Kimsey was on the mound for St. Louis.

Cranfill Calls Meeting

WICHITA FALLS, June 23. (AP)—Tom Cranfill, president of the Independent Oil Producers' association, has called a meeting of the independent operators in Wichita Falls for 2 p. m., Wednesday for the purpose of discussing the tariff and other problems of the oil industry.

Paul Thorp of Ponca City, Okla., was in Pampa yesterday.

The Husband Hunter

1930 BY NEA SERVICE INC. BY RUTH DEWEY GROVES

BEGIN HERE TODAY Natalie Converse, jealous of her husband's friendship with Bernadine Lamont, leaves Alan. Wounded pride prevents either from seeking a reconciliation.

Repentant, Natalie writes Alan informing him of her return. Their meeting leaves him hopeful but baffled as to her intentions.

Natalie's sister, Florence, with the help of her fiancé, Andrew, takes an illness in order to bring Alan back to his home.

Florence pleads with their difficulties if left to themselves. Natalie makes a visit to Alan's office and there meets Bernadine who is seeking Alan's advice in desperation over heavy stock market losses.

Edging her time, Phillipa goes to Alan, who succumbs to her sympathy. She suggests that he go to her apartment for dinner.

Phillipa always took Alan's incoming telephone calls. She was thankful now, when the operator had switched the call to her desk.

He told her that he would not return to the office again that day, and she was so thankful to have him stay away that she did not even ask when she would see him.

He thought it was sweet of her to let him alone, and hung up the receiver with a feeling of gratitude toward her for not insisting he come to her apartment for dinner.

After that Phillipa was able to apply herself to her neglected work with sufficient diligence to get enough of it done so that she could soon turn her thoughts again to the winning of the man she wanted for her husband.

Natalie had gone, Phillipa had smiled triumphantly over her departure. Plainly the waiting had been too great a strain to be longer endured.

Phillipa smiled, but she knew that if Natalie and Alan met and he told her that he had been too offended and angry to tell her the day before—that Bernadine Lamont was in need of sympathy because of her poor health and financial difficulties—there would be an immediate reconciliation between them.

She had seen, penitence in Natalie's eyes, knew that she was ready to plead with Alan to forgive her. She remembered that Alan had said he had not told Natalie the truth because he had made up his mind that she was incapable of believing it.

Phillipa was sitting, deep in thought, her gaze fixed on a blank piece of paper in her typewriter when some mail that had just arrived, was brought to her. Alan's letters, mostly.

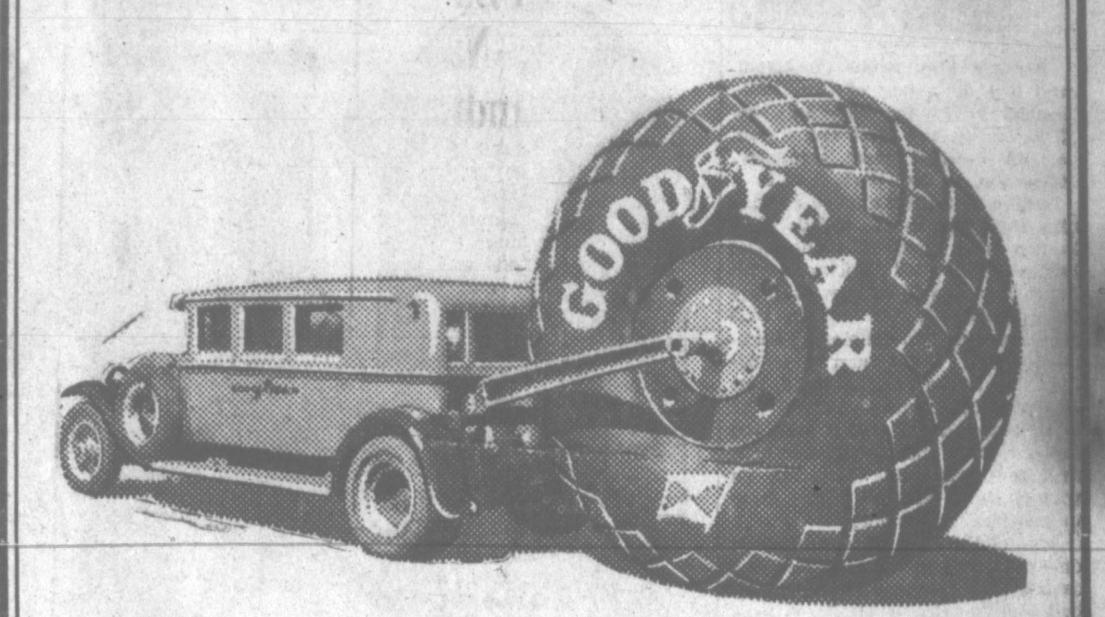

She ran them over with perfunctory interest until she came to one of odd shape and distinctive coloring. Quickly she put the others aside and tore this one open. She knew that it was from Bernadine Lamont. Many such had come to the office.

Phillipa was always keen to read them. She wanted to know as much as she could about the relations of her employer with his most colorful client. For she had a very definite idea that Bernadine was a woman it would be as well to watch.

The letter was purely a business one. Bernadine directed Alan to buy certain stock for her. She had received a tip on it, she said, from a most reliable source, and gave initials that few in the Street would have had any trouble in identifying. Phillipa's lips curled in scorn.

writing closely and detect a difference. "If I got a tip from that source, I'd be darned careful how I peddled it around," she sneered.

Lindbergh Babe May Be Named for Grandfather

ENGLEWOOD, N. J., June 23 (AP)—Colonel and Mrs. Charles A. Lindbergh are the parents of a son. The baby, weighing seven and three-quarters pounds was born at 2:15 p. m. eastern standard time yesterday in the home where his mother, the former Anne Morrow, was born. She became a mother on her 24th birthday.

Aside from the statement of the baby's birth and his weight, no details of the event were forthcoming from the household of Mrs. Lindbergh's parents, Ambassador and Mrs. Dwight W. Morrow except the statement that mother and baby were resting comfortably.

News of the arrival of the Lindbergh heir spread rapidly to all parts of the country and to foreign shores and within a short time a parade of messengers with congratulatory messages and bearing flowers began to arrive at the Morrow home. Radio stations interrupted their programs to broadcast news of the event which has been awaited with lively interest for several weeks.

A name had not been announced for the new arrival but Charles A. Lindbergh, Jr., for his father or Dwight W. Morrow Lindbergh after his grandfather were mentioned as probable choices.

Preparations which had been made for Mrs. Lindbergh's reception in a New York hospital were cancelled several days ago and hospital equipment and two nurses were installed in the Morrow home.

The arrival of messengers trooping up the drive to the house was the only sign about the Morrow home to indicate that the event had taken place. There were even persons within the house at the time who did not learn of the birth until they left and were informed by outsiders.

Among those were Mayor C. P. Mitchell of Englewood and Daniel Pomeroy, Republican National committee man, who had called on Ambassador Morrow.

"I am a bit surprised," Mayor Mitchell said, "for I left Ambassador Morrow after 5 o'clock and he never said a word about it. Come to think of it, a gentleman passed me in a bit of a hurry while I was in the house, but he wouldn't talk to me. He must have been the doctor."

Mrs. Lindbergh, who has been her husband's constant companion in the air since their marriage May 27, 1929, continued her flying to within a few days on the baby's birth. Last Thursday she flew with Colonel Lindbergh from Teterboro airport to Hartford, Conn., and return. Ten days previously she had accompanied him in a test flight of a small monoplane.

Jack Carter and B. J. Swofford, Gulf company employes, are improving by McKean and Connor hospital. They suffered painful burns in a gasoline explosion on a company lease last week.

Multicolor Work Is Demonstrated at Lumber Firm

A demonstration that will attract much interest in Pampa this week, is that being conducted at the Fickering Lumber company by A. P. Redd, representative of the True-Tagg Paint company, Memphis, Tenn.

The company is nationally known for the manufacture of the famous True's 4-hour drying enamel.

The demonstration consists of the application of the multicolor process, whereby artistic effects can be made on vases, statuary, bookends, candlesticks, lamps, and other decorative objects. Various colors are poured on the surface of water,

as many as six or more being used. The object to be treated is simply dipped in the water, the colors adhering to the object, thus obtaining many beautiful effects. It is a process that has effects similar to marbleizing. It transforms vases into resemblances of Indian pottery. Pampan will be amazed at the simplicity of the process, as well as at the results obtained.

From June 23 to June 28, this week, Mr. Redd will conduct this demonstration, giving a small can of enamel to each lady who attends, as well as painting one vase free for each one.

M. J. McGarrity and Leo Murphy were spectators at the Shamrock-Coltex baseball game in LeFors yesterday.

World's Biggest Tire Coming Here for Exhibit Use

The largest tire in the world is on its way to Pampa, and will be on exhibition June 24, according to Jack Baker, manager of Adkinson & Gun tire shop, located at 409 West Foster.

"This massive tire, which has traveled thousands of miles, visiting various sections of the United States and Canada, has been an object of wonderment. It measures 12 feet in height and 4 feet in width and the total weight of the tire and yoke is 3,900 pounds, just a fraction under two tons," said Mr. Baker.

"This tire was built by the Goodyear Tire & Rubber company of Akron, Ohio, in line with that company's policy of pioneering and research, through which have come many of the most important developments in the tire industry. The

longer folks look at it the more interested they become. "This great tire was not built in a day, or a week, or a month. Three months' time was required to construct the rubber giant, which is, except for size, an exact replica of the regular Goodyear All-Weather tread Supertwist cord tire, the measurements being in exact ratio to measurements and manufacture of the regular size tire."

J. O. Parrott of Chicago was in Pampa Sunday.

WHEAT—

(Continued from page 11.)

Although the price of wheat has been going down steadily for two weeks, farmers are continuing to keep their grain off the market in the hope that the price will soar before harvest ends.

A combine was circling almost every wheat field in Gray county yesterday, and grain men declared today that the harvest is in full swing throughout this territory. The wheat is in an ideal condition for harvesting and farmers are hoping for dry weather. It is believed that most of the wheat will be harvested by July 4, the date when actual harvest got underway last year.

Grain dealers declare that it is impossible to tell just how much the wheat is averaging per acre as reports of different growers vary. Some say that the crop will average 10 bushels per acre while others hold that the average will be between 14 and 16 bushels.

Mr. Klein believes that the average will not be over 10 bushels. "There are 10,000 acres south of town that won't make anything and 10,000 acres north in the hall area that won't make anything, while there are 1,000-acre fields here and there which will average 25 bushels," he said.

Another Man Is Much Too Slow on "Draw"

KANSAS CITY, June 23. (AP)—Another name has been added to the long list of western peace officers who were too slow on the draw.

R. R. Knox, deputy United States marshal of Tulsa, Okla., waited between trains yesterday in Kansas City with a prisoner, Burrell Newton, 23.

Newton, complaining of heat, suggested a swim. The perspiring deputy said the suggestion seemed to him a bright idea, so off to a pool they went.

While Deputy Knox, refreshed by his plunge, was slowly drawing on his trousers, prisoner Newton, the lad with the bright idea, slipped out of the dressing room to liberty.

Mayor Ruffu of Atlantic City Is Killed at Crossing

ABESCON, N. J., June 23. (AP)—Mayor Anthony M. Ruffu, Jr., of Atlantic City, and three other persons were killed today when an automobile was struck by a shore bound Philadelphia-Atlantic City express on a grade crossing here.

Ruffu, who was 52, was identified by papers in his pocket.

The other dead are: John Wiley, 52, his wife, Lillian C. Siracusa, 37, of Ventnor, widow of Stephen Siracusa, a brother of Mayor Ruffu's wife and aunt of Assemblyman Anthony J. Siracusa, of Atlantic City.

The automobile, Mayor Ruffu's car, was struck squarely in the center by the southbound Pennsylvania railroad train. The wreckage was strewn over the tracks for more than 100 yards, and the bodies so mangled that identification was almost impossible.

So terrific was the crash that the engine of the flyer was disabled, and it was necessary to send another engine from Atlantic City to draw the train into the station.

Three Will Be Charged in Killing of Sayre Sheriff

SAYRE, Okla., June 23. (AP)—The mystery surrounding the slaying of C. H. Phillips, Beckham county sheriff, cleared away a few hours later he was killed in the doorway of his rooms in the court house late Saturday, county officials today expected to place charges against three men.

Joe Pounds, former deputy sheriff, yesterday told Hubert Ivester, county attorney, he had shot Phillips. Pounds was transferred to the state reformatory at Granite for safekeeping.

Frank Griffin and Jess Brown, farmers, were held in the county jail here.

Pounds, Ivester said, stated that he shot Phillips with Griffin's gun when the sheriff answered a knock at his door.

Phillips, noted for strict enforcement of the prohibition laws, had raided Griffin's property south of Sayre Saturday afternoon, finding a still.

Ivester said Pounds told him that he and Griffin were at Brown's home and when they learned of the raid there was talk of retaliation. They had been drinking, Pounds said. Leaving Brown's they went into town, he related, and attempted to borrow a gun from two persons.

Ivester said Brown and Griffin denied connection with the slaying.

Gasoline Is Taken

While a group of men were sleeping a few feet away, 350 gallons of gasoline stored in a tank were stolen by burglars from the farm of John Haggard near Miami Friday night. Roberts county officials are investigating the theft.

Kansas Singers on Music Program at Local Church

A service composed entirely of music, except for a Scripture reading, was held last evening at the Presbyterian church, with Mr. and Mrs. Alfred Hurd of Clay Center, Kans., mezzo soprano and tenor, appearing on the exceptionally interesting program.

The visiting singers presented solos and duets, and appeared with singers of the local church in other ensembles. Mrs. Harry E. Lyman and Mrs. A. H. Doucette, soloists of the Presbyterian church, also gave special numbers. The choir sang hymns and anthems, directed by George Briggs. Mrs. F. P. McKimling and Mrs. Frank Keehn were accompanists.

The morning service of the Presbyterian church also was in the form of a special program. Children's day was observed with a program of songs, readings, and a pageant by younger pupils of the Sunday school.

Dallas Man Killed

DALLAS, June 23. (AP)—W. C. Clark, 29, was fatally injured here yesterday when shot through the chest during an argument with another man. Clark died in a hospital. His wife was in a hospital after a child was born yesterday morning.

Clark, accompanied by his brother, Floyd, and two nephews, Herbert and Howard Clark, went to the other man's home and in the course of an argument, Clark was shot as he stood in the hallway of the place.
