YOUTH KILLED BY POLICE IN KANSAS CITY

Earnest Hepworth Is Shot Down As He Ran

KANSAS CITY, Aug. 6. (P)—Police officials today undertook an investigation into the fatal shooting here last night of Earnest E. Hepworth, 14, by patrolman Elgin B. Smith.

The policeman said he and Patrolman Frank E. Brown had seen a prowler on the roof of a porch at an unoccupied home he had been sent to investigate. They found the rear door open and the house partly lighted, the officers said in a report.

Smith said he asked the prowler on the roof to surrender, but instead he ran away, and Smith fired two shots, one striking the boy in the head. The boy was a son of Arthur Hepworth, a railroad inspector.

Authorities Get Connecting Link In Zuta Slaying

CHICAGO, Aug. 6. (P)—The left-handed blonde man sought in the slaying of Alfred (Jake) Lingle today darkened investigation by officers.

A black glove for the left hand, discarded by one of the killers, has furnished the key clue to the slaying of Zuta in a resort dance hall at Delafield, Wis., last Friday night.

A maid in a resort cabin near Delafield supplied Wisconsin and Chicago authorities with a connecting link today. She told of a number of men varying at times from two to 10, who occupied a nearby cabin.

One of these men was seen to carry a machine gun into the cabin on July 23, she said. One of the five men who shot down Zuta carried a machine gun.

The maid, Sophie Oninski, said one of the men was blonde and left-handed. She remembered that by watching him throw a ball at the bathing beach.

A man whom the maid identified from pictures as Zuta came along the beach one day last week, she said, and after a warning cry from one of them, all the men staying at the cabin dived into the lake to get out of sight.

When he first hid out in Wisconsin after an attempt on his life was made July 1, Zuta stopped at the Rockstead hotel at Pewaukee lake, registering there July 4.

Several days later, a couple registered at the hotel as "Al Rosen and wife, Chicago." Zuta, the police learned, checked out after seeing the couple.

The woman, the police disclosed today, has been identified but her name was not disclosed. She is now sought for questioning. Throughout the investigation, a woman has been sought as the one who disclosed Zuta's whereabouts to his assassins.

Pearson, R. H. Hansford, Mark Long, O. K. Gaylor, C. G. Alexander, Rev. Tom Brabham, Frank P. Cahill, and Mrs. L. G. von Brunow.

Head Is Fatal
WICHITA FALLS, Aug. 6. (P)—The prolonged heat wave caused its first fatality of the season here today, when James C. Martin, 56, painting contractor, died a few minutes after he collapsed at his home.

FAMED CITY PLANNING EXPERT STARTS EXTENSIVE SURVEY OF PAMPA'S PARK POSSIBILITIES

Funeral Services Are Held For Mrs. Fannie Speed

Funeral services for Mrs. Fannie Speed, 82, pioneer resident of Gray county, who died Saturday night at the home of a son in San Angelo, were held at 3 o'clock yesterday afternoon at the First Baptist church of McLean, followed by burial in the McLean cemetery beside the grave of the husband of the deceased, T. M. Speed, who died 10 years ago.

Following the death of Mr. Speed, who was among the first settlers of Gray county, Mrs. Speed moved from McLean to Pampa to make her home with a son, Dallas. She lived here five years, moving a few years ago with her son and his family to San Angelo.

She is survived by a daughter, Mrs. Belle Beach of Elmer, Okla., two sons, Lon Speed of Amarillo and Dallas Speed of San Angelo, all of whom are known in Pampa. She had been a member of the Baptist church since she was 15 years of age.

Pampa citizens who attended the funeral service were as follows: Mrs. C. J. Cooper, Mr. and Mrs. Paul Crossman, Mrs. Alice Crossman, Mrs. J. H. Saunders, Mr. and Mrs. Guy Saunders and family, Mr. and Mrs. H. E. Saunders and family, Mr. and Mrs. E. B. Stevens and family, Mrs. Clem Davis, Mrs. Edgar Brown, and Mrs. Corinne Roberts, all of LeFors, also were present.

Pilot Drowns in Lake When Plane Is Forced Down

BELLEVILLE, Ont., Aug. 6. (P)—An airplane passenger who used the plane as a life raft after it had been forced down in Lake Ontario was alive today while the pilot who attempted to swim ashore lost his life.

Terry McGovern, a parachute jumper was rescued from the wings of the plane by boatmen yesterday and told how the pilot, Gerry Pitton, had drowned.

He said they were on their way to Toronto when the plane came down about a mile off shore. As it hit the water the engine fell off, leaving the plane buoyant. It clung to the plane he said, but Pitton decided to swim. Pitton's strength was not equal to task and he sank.

One Drowned As Yachts Collide

COWES, Isle of Wight, Aug. 6. (P)—Steward was drowned and a racing yacht, the Lucilla, owned by J. Lauriston Lewis, was sunk in a collision at the start of the Royal regatta events today, King George, aboard the Britannia, witnessed the tragedy.

The Lucilla, maneuvering with the 12-meter boats for the getaway, was hit by A. A. Paton's big cutter, the Lulworth, and went to the bottom in three minutes. The Lulworth rescued the survivors of the Lucilla's crew.

Damage Suit Is in Court Today

The case in which W. Brown is suing the Central States Power and Light company for damages in connection with an injury which he received is being tried today before Judge Clifford Braly in 114th district court. Hearing of evidence started at 10 o'clock this morning. Cook, Smith, Teed and Wade are representing the defendant, while W. M. Lewright and Judge S. D. Stennis are counsel for the plaintiff.

Jurors are as follows: Bob Black, C. H. Holt, Roy Jones, F. Lee Banks, J. H. Montgomery, M. L. Bush, J. N. Ross, Bill Frenberg, Otto Rice, G. D. Holmes and M. M. Jones.

W. H. Curry returned Monday evening from Ruidosa, N. M., where he accompanied Mrs. Curry and their infant daughter, Mrs. Curry and the little girl will spend a month there.

IMPORTANCE OF BOYS' WORK IS ROTARY TOPIC

Emphasizing the importance of boys work to the community and outlining the plans of the boys work committee of the Rotary club, Frank Keim and members of his committee spoke in detail of their plans before the club today.

Mr. Keim told of the value of the boys to the future of a community and compared the amount of time and money spent on other training with that of boys work. "We are working with the nation's greatest asset, and no better time can be spent," he explained. That boys work is not new but has been carried on in different forms for years and that the training of the young mind has unlimited possibilities, were brought out.

"The men of the average community are not acquainted with the boys and their needs. We must know the boys and their parents to make the work most effective," he said. The plan developed will include a thorough survey of all boys in an effort to help them get the training they need for the work they wish to take up.

Odus Mitchell explained a plan of the committee to perfect an organization of boys, who would be given free passes to athletic contests of the high school, particularly basketball games this winter. To attain membership in the organization a boy will be required to conduct himself in a way creditable in both his school and personal life. It will include a pledge of honesty and right living and an observance of that pledge. The passes will be issued by the boys' teachers and will be revokable for any offense unbecoming members of the organization. A suitable name will be selected and membership will be unusually desirable. The plan has worked very satisfactorily in Wichita Falls, where school officials say nothing in the last 30 years has done more for the proper training of the boys.

Federal Aid On Highways Makes Work For Many

WASHINGTON, Aug. 6. (P)—The \$50,000,000 increase in funds for federal aid highways made at the recent session of congress was reported today by the department of agriculture to have "helped materially to reduce unemployment throughout the country."

The bureau of public roads said the increase, which brought the total for federal aid highways to \$125,000,000 had caused 4,000 more men to be employed in construction in April, 4,800 in May, and 1,300 in June.

In addition to the contractor's forces, it was pointed out, more men also were employed in the preparation and transportation of the larger quantities of material required by the augmented program.

Refuses Fortune Given By Friend

BEAUMONT, Aug. 6. (P)—Bequeathed a fortune said to consist of 1,000 acres of land in Mississippi and \$9,000 in cash as a reward for an act of kindness 24 years ago, Mrs. Addie Kingston was at her usual job in a mattress factory here today, protesting that she would not accept the "fortune."

Mrs. Kingston befriended Mr. and Mrs. Henry Hendrix of Richburg, Miss., while visiting in that state in 1906 by doing "chores" around the house for them.

Mrs. Kingston learned of the bequest when William Mpe Hendrix passed through here yesterday and asked newspapers to print a story in an effort to find Mrs. Kingston. "I am not entitled to it and will not accept it," the mattress factory worker told friends.

She said she had been given a present of \$50 by the couple some time ago.

A CORRECTION
Through a typographical error in yesterday's "Public Forum," in the Daily News, there was printed a statement that the tax rate of Eastland had been "reduced to 14 cents," whereas the statement should have been "reduced by 14 cents."

The complete statement in which the error was found was as follows: "The tax rate (Eastland county's) for this year over 1929 has been reduced by 14 cents." George Briggs, secretary-manager of the Pampa B. C. D., submitted to the Public Forum the original data.

Mr. and Mrs. W. C. McCoy left Tuesday on a cavation trip to Colorado.

After Earthquake Swept Italy

Sanding amid the jumbled ruins of their homes, survivors of the earthquake which rocked Melfi, Italy, here are shown as they awaited the arrival of food and supplies from nearby relief centers. Many children were reported to be suffering from lack of nourishment. Buildings in Melfi were literally torn in two by the fierce temblors which left virtually the entire town uninhabitable.

The new fire hall is scheduled to be completed in two weeks, it was announced today. The \$30,000 building has been under construction for the last six weeks.

The fire department will move into the new headquarters as soon as the structure is finished. Workmen are now plastering the walls. Most of the upper floor where the firemen will live lacks a few details of being completed. This floor comprises living quarters and a recreation hall. The garage covers all of the ground floor.

Brick and steel work on the new city hall is rapidly nearing completion and the structure has assumed definite form. Contractor John T. Glover plans to give the building to the city between Oct. 15 and Nov. 1.

St. Louis Plane Going Strong; Record Is Goal

ST. LOUIS, Aug. 6. (P)—Dale Jackson, co-pilot with Forest O'Brine of the endurance monoplane greater St. Louis, today was suffering from a cold, but did not regard it as "anything wrong."

Jackson said over the plane's short wave transmitter late yesterday that he didn't "feel good," but said he would "let you know if anything is wrong."

Since the plane continued to function smoothly today, attaches at the airport were more convinced than ever that the flight would not end before the record of the Hunter brothers of Sparta, Ill., had fallen. The Hunter brothers remained aloft 554 hours at Chicago last month. At 7:11 today (CST) Jackson and O'Brine had been in the air 384 hours.

Man Kills Wife and Son With Ax

MINNEAPOLIS, Aug. 6. (P)—Charles S. Hall today killed his wife and five-year-old son with an ax and then wandered back to the veterans hospital at Fort Snelling, where he had been a mental patient.

Clad in pajamas, he urged some one to go to his home, adding "there may be something the matter with my wife."

Coroner Seashore returned a verdict of murder and said indications were that the intense heat of last week may have affected Hall's mentality.

L. E. Downs, Amarillo, salesman for the Oklahoma Portland Cement company, was a business visitor here yesterday.

Mr. and Mrs. P. D. Fowler and family have returned from a trip to Yellowstone park.

JAILBREAKER IS BEING REMOVED TO HUNTSVILLE

Chained and handcuffed, Johnnie Bowman was led out of the Gray county jail this afternoon. He is being taken to the Huntsville penitentiary where he is scheduled to spend the rest of his life for murder in connection with the shooting of Bill Watkins, July 4, 1929.

The prisoner is riding in the back seat of an automobile, and any attempt that he might make to escape will receive the consideration of Deputies Jeff Guthrie and Frank Jordan who are accompanying him to Huntsville.

Bowman has given Gray county officers plenty of grief since he was sentenced last fall. He first escaped from the "black hole" next to the city hall, but was recaptured. He was then taken to the Potter county jail from which he made his escape. Two weeks ago he was arrested at Imperial, Neb., and brought back to Pampa. He vowed that he would escape from this jail. He might have had his opportunity if the sheriff and doctors had believed he was as sick as he claimed to be.

After a tooth was removed, he complained he had the lock-jaw and demanded that he be taken to the hospital. Dr. Brunow after a diagnosis, declared the man was faking.

Bowman left in a bad humor. He sneered and made faces at the deputies and cursed the chains which were draped around his body, legs and neck. However, Johnnie left with a high opinion of the new Gray county jail located on the fourth floor of the courthouse.

"That's the toughest jail I ever was in," he said. "In time, I could have escaped—just like I'm going to get out of that pen!"

Man Overcome By Gas Fumes; Falls In Tank

Apparently lifeless, Pete King was rescued from an empty gasoline tank which was full of gas fumes, near the Bell refinery east of Pampa this morning. He was rushed in a Malone funeral home ambulance to McKean and Connor hospital where he is slowly regaining consciousness. His condition is still serious.

King was alone when he fell into the tank and it is not known how the accident occurred. Fellow employees found it difficult to remove King from the tank and it was 20 minutes after they discovered him when he was laid out on the tank platform.

King was employed at the loading rack. The tank had contained gasoline and fumes in it were very dense.

Rain Reported From Sections Of The State

DALLAS, Aug. 6. (P)—Widely separated sections of Texas today were enjoying a respite from the drought and hot weather of the last two months. Thunder showers yesterday watered parched fields and cooled the atmosphere.

Preceded by a heavy wind a down pour yesterday in Austin and surrounding regions brought relief. The wind assumed proportions of a small tornado at Marble Falls, where damage estimated at between \$20,000 and \$30,000 was caused, centering on the mill of the Certified Laboratories, Inc.

George B. Terrell, commissioner of agriculture, termed the rain a "God send."

Lockhart, Caldwell county, reported two inches of rain and Lamesa, Lampasas county, one inch.

Rain at Corsicana and vicinity also broke the intense heat wave. A heavy downpour at Temple was the first precipitation there in nearly two months.

Half an inch of rainfall was reported at Grand Saline, and Fort Worth was favored with 1.5 inches. Dallas enjoyed a shower of brief duration. Beaumont reported 1.35 inches and Port Arthur, 28 of an inch.

Sweetwater and Lubbock received slow, steady rains.

A considerable area in Central Texas surrounding Waco also received a good rain and an hour's downpour measuring at least two inches was reported from northeast Texas in portions of Gregg, Smith, Panola and Harrison counties.

Charging his wife had deserted him, Kirkwood won a divorce decree and the custody of their six-year-old child, James, Jr.

A contract approved by the court yesterday denied the mother any right of "care, control, custody or jurisdiction over the rearing, educating or religious training of the child."

The couple was married July 26, 1923, and parted July 15, 1928.

Oscar Wise, G. W. Smith, Henry Lane, Ike Jones, and John Clayton returned yesterday from a business trip to Borger.

ARRESTED LAST NIGHT AND TAKEN TO STINNETT AFTER VIOLENCE IS THREATENED

Wife Was Killed June 27 When An Infernal Machine Wrecked the Family Car That She Was Driving

AMARILLO, Texas, Aug. 6. (AP)—Formal charges of murder were filed here today against A. D. Payne, Amarillo attorney, in connection with the death of his wife who was killed June 27 when an infernal machine wrecked the family automobile.

District Attorney E. W. Thomerson swore to the charges before Justice of the Peace James W. Minter. Payne was arrested last night and taken to Stinnett, county seat of Hutchinson county as a precaution against violence, feeling having been tense after news of the attorney's arrest spread.

Thomerson announced today that the accused man had made a statement last night but he refused to divulge its nature. He was inclined to minimize it.

AMARILLO, Texas, Aug. 6. (AP)—Formal charges of murder were filed here today against A. D. Payne, Amarillo attorney, in connection with the death of his wife who was killed June 27 when an infernal machine wrecked the family automobile.

District Attorney E. W. Thomerson swore to the charges before Justice of the Peace James W. Minter. Payne was arrested last night and taken to Stinnett, county seat of Hutchinson county as a precaution against violence, feeling having been tense after news of the attorney's arrest spread.

Thomerson announced today that the accused man had made a statement last night but he refused to divulge its nature. He was inclined to minimize it.

While there was no sign of mob violence here word came from Borger that Sheriff W. N. Thompson of Amarillo was guarding the entrance to the Hutchinson county jail at Stinnett. Sheriff C. O. Moore of that county was assembling ammunition as a precautionary measure, the report said.

Payne had been arrested shortly after A. B. McDonald, staff correspondent of the Kansas City Star Gene Howe, editor of the Amarillo News-Globe, started an investigation of the mysterious blast that blew Mrs. Payne's body into parts and permanently maimed little A. D. Payne, Jr., 9. The investigation was started on request of Payne who complained that officers had not been thorough.

Shortly after McDonald interviewed Sheriff E. S. Graves and Jailer Eernian Wachendorf were somewhat surprised this morning when they read in the Amarillo News that Payne had been placed in the Gray county jail.

"If he's in this jail I don't know any thing about it," Herman declared. The sheriff issued the same statement and in addition, "they might have slipped him through the fourth floor windows." A visit to the jail revealed that Payne was not among the prisoners. He was never brought to Pampa. Amarillo officers apparently decided to place him in jail at Stinnett when they left Amarillo.

viewed Payne in his office he visited Mrs. Verona Thompson, former private secretary to Payne, who made a statement involving her former employer. She said he had professed ardent love to her and revealed that he had taken her on out-of-town trips.

She told McDonald that when she protested his attentions because he had a wife and children he told her he could "fix that."

When arrested Payne had on his person two penciled letters, stamped and addressed to the sheriff and chief of police, purported to be from safe blowers who said they had placed the explosives in the Payne automobile the night before the blast through mistake.

Mrs. Thompson today was packing her things preparatory to "going some place," she told reporters. She said she preferred to divulge her destination "only to the officers."

She said she was glad her conscience was clear but said she dreaded the notoriety incident to the case.

"I am glad I told everything I know," she said. "Word has been sent to me that I can retain my position."

While packing she was trying to reach an attorney on the phone.

AMARILLO, Aug. 6. (P)—Amarillo's "model husband," A. D. Payne, attorney, today faced the prospect of murder charges prepared for filing against him, after two newspapermen whose investigation uncovered evidence to explain the ex-

WASHINGTON.—Miss Democracy is a mean gal when she is crossed, but Mrs. G. O. P. has a traditionally tough skin.

All the bad little boys who played truant in 1928 are now taking their spankings in 1930 as fast as Miss Democracy can get around to them. The other party is more likely to let bygones be bygones. It seems strange but rather true that the Democrats got all disorganized in the presidential campaign and lost, only to emerge now in better marching order than ever, whereas the Republicans won the election and now seem to be all mixed up with western progressivism, depression, prohibition and things. There are plenty of disillusioned Democrats, however, willing to admit that this doesn't mean a thing insofar as 1932 is concerned.

Anyway, the Hoovercrats of 1928 have all been getting it in the neck and it has been definitely proved that the south is still Democracy's stronghold. It wasn't that the south loved Hoover; she just hated Al Smith and the pope.

Bishop Cannon in Virginia, Senator Tom Heflin in Alabama, Senator Furnifold McLendell Simmons in North Carolina, Tom Love in Texas and errant Hoovercrats in two or three other states have all been finding that out.

The Republicans have only one honest-to-goodness bolter to punish in this year's primaries and election if they can—Senator George W. Norris of Nebraska. But if they like, they can punish several progressive senators and other Republicans who have harassed Mr. Hoover since his inauguration. They might start on Borah of Idaho, who has been almost consistently irregular in the Senate since he wound up his famous speaking campaign for Hoover in '28, and is going on the stump against the farm plan, in the state convention Aug. 26. They won't. They had a chance to lick Pine of Oklahoma in the July 29th primary for his persistent antagonism to the administration, but they didn't. Nor did they punish McMaster in South Dakota nor will they, in all probability, spank the rather irregular Mr. Couzens in Michigan on Sept. 2.

Norris presumably will not be licked in Nebraska. If he is it will not be because he alienated his political supporters by declaring for Smith, but because he suffers from vengeance inspired in the hearts of strong dry voters and those religious prejudices. The conservative, regular politicians were always against him anyway.

There's a bolter in Nebraska's Democratic senatorial primary also—Miss Jennie M. Califas, who lost her national committee post in 1928 because she came out for Hoover. Miss Califas will be spanked in the primary and former Senator Gilbert M. Hitchcock, who didn't desert the ticket, will be the winner.

The old regular Democratic leaders never really lost their hold in the Democratic states which voted for Hoover. The first demonstration that the Hoovercrats had had their very brief day came last year when Bishop Cannon and the anti-Smith faction put up their own man against the regular Democratic candidate for governor and were overwhelmingly defeated.

Alabama managed to vote for Smith, but Heflin paid part of the price for his desertion when the state machine refused to let him run again as a Democrat. He probably will pay the rest of the account in November when he stands for re-election as an independent.

Plans Made to Form Cotton Pool

DALLAS, Aug. 6 (AP)—The Farmers Marketing association of America today had launched a plan to form a 5,000,000 bale cotton pool to hold until the price should reach 20 cents a pound.

The association yesterday named four members of the special advisory committee to devise details of the pool plan. Those appointed on the committee were: L. Gough, Amarillo, W. S. Corbin, Hillsboro; I. B. Alford, Austin; A. W. Luck, Austin.

Woman Accidentally Shot

PORT ARTHUR, Aug. 6 (AP)—Mrs. Ovella Vice, 46, was in a critical condition today suffering from a gunshot wound in the right lung, accidentally fired, police said, by her nephew, E. P. Richard of Crowley, La., while they were on a fishing trip near here early today.

Tree Sitter Killed

ASHLAND, Ky., Aug. 6 (AP)—A fall that cost him his life ended Nelson McIntosh's tree-sitting here today after he had been up 486 hours. He died at 12:40 p. m. The lad who is 16 years old, slipped as he leaned forward to pull up his lunch and toppled 45 feet to the ground.

Oil Men Injured in Highway Wreck

COLEMAN, Texas, Aug. 6 (AP)—Pete Poliard, Tom Jameson and R. Hooks, well known oil men of West and Central Texas, were seriously injured today when a truck overturned with them on the Coleman-Santa Anna highway.

Brooks was cut on an arm and Jameson was cut on his head and Poliard was believed to have received internal injuries.

Mrs. William Feenberg and sons, Murray and Alfred, left Sunday by train for New York, where they will visit the boys' grandparents. They were to go by way of Chicago, and planned to spend several weeks in New York.

Mrs. Cora Boze of Tulla spent the week-end here and attended the wedding of Miss Wilma Behrends and Mr. Harry T. Hoare, yesterday morning, at the home of the bride's parents, Mr. and Mrs. Louie Beh-

Wedding Gift Shower Feature of Party for Couple at New Home

A surprise party was given Mr. and Mrs. B. H. Williams last evening by a group of friends who called and presented wedding gifts at the couple's home at the Gray plant of the Phillips Petroleum company twelve miles south of LeFors.

Those who attended were: Mr. and Mrs. A. D. Johnston, Mr. and Mrs. John L. Peake, Judge and Mrs. Clifford Braly, Mrs. T. J. Considine of Amarillo, Mr. and Mrs. Philip R. Pond, Mrs. Frank C. Allison, and Mr. and Mrs. C. Herbert Walker.

After the attractive gifts were opened, the evening was spent in playing bridge. Mrs. Allison, who arranged the affair served delicious refreshments.

The party was the second given for Mr. and Mrs. Williams since the recent announcement of their marriage, the other having been the courtesy of the residents of the community at the Phillips camp.

Alamo Shows Will Be Here Next Week

Bringing many new and unusual attractions to Pampa, the Alamo Exposition shows, one of the well-known midway organizations of the southwest, will pitch their tented city here Monday for a week's engagement.

The show carries 300 people and brings to Pampa 15 high grade attractions headed by Bill Carrs rodeo.

The show grounds will be located next to the airport.

Contract Bridge Club Entertained Tuesday by Mrs. M. F. Roche

Three tables were in play yesterday afternoon when Mrs. M. F. Roche entertained the contract bridge club at her home. High score was made by Mrs. Philip R. Pond, who was awarded a filling case for recipes. Mrs. Henry Thut, Jr., made top cut, and received a painted hat stand.

Other players were: Mrs. E. Considine of Amarillo, Mrs. R. J. Kliser, Mrs. Clifford Braly, Mrs. Charles Thut, Mrs. W. A. Willson, Mrs. T. R. Martin, Mrs. Frank D. Keim, Mrs. Mel Davis, Mrs. P. M. Gwin, and the hostess. A delicious ice course was served at the conclusion of the games.

Amusu Bridge Club Entertained by Mrs. C. T. Hunkapillar

Mrs. C. T. Hunkapillar was hostess yesterday afternoon to members of the Amusu club and a few other friends at bridge. The game was played at four tables, and refreshments were served at the tea hour.

The guests were: Mrs. Jesse Squires and Miss Jean Squires of Dallas, Mrs. Gonnally, Mrs. F. J. Curtis, Mrs. J. M. Dodson, Mrs. Wm. M. Craven, Mrs. Siler Paulkner, Mrs. J. M. McDonald, Mrs. L. N. McCullough, Mrs. George Walstad, Mrs. Lynn Boyd, Mrs. George E. Wolfe, Mrs. W. J. Smith, Mrs. Clyde Fathree, and Mrs. W. A. Duerr.

Mrs. Curtis scored high for the special guests, and Mrs. McDonald, for club members.

Four Are Hostesses to London Bridge Club Members and Husbands

One of the week-end's most enjoyable occasions was a buffet supper and bridge given for members of the London Bridge club and their husbands at the home of Mr. and Mrs. Clarence Barrett, where Mrs. W. E. Coffee, Mrs. Justin Devine, and Mrs. Elmer Blair, were co-hostesses.

The following were guests: Mr. and Mrs. Wm. T. Fraser, Mr. and Mrs. H. W. Johns, Mr. and Mrs. R. G. Hughes, Mr. and Mrs. Arthur Swanson, Mr. and Mrs. P. O. Sanders, Mr. and Mrs. John Studer, Mrs. J. D. Sugg, Mrs. J. W. Johnson of Clovis, N. M., and the husbands of the four hostesses.

In the games of the evening, high scores were made by Mrs. Johns and Mr. Devine. Mrs. Otto Studer and Mr. Swanson cut. Attractive favors were presented.

CARD OF THANKS

To those who so bravely aided in the attempt to rescue our daughter, sister, and niece, June Purvins, in the tragedy of last Friday evening, and then in recovering her body, we wish thus to express our deep and heart-felt gratitude.

Women Nominated to Succeed Their Imprisoned Mates

WALLACE, Idaho, Aug. 6. (AP)—Two women whose husbands are serving prison sentences for violating the federal prohibition laws appeared today to have been nominated to succeed their imprisoned mates in county offices here.

On the face of primary election returns Mrs. R. E. Weniger, wife of the former county sheriff, received the Democratic nomination to succeed her husband. Mrs. W. H. Herrick, wife of the former county assessor, won the Republican nomination for assessor registering a large plurality over the Democratic candidates.

Walter Hendricksen, who was appointed sheriff after Weniger's resignation, will oppose Mrs. Weniger in the fall election.

Herrick, who also served as mayor of Wallace, and Weniger were sentenced to McNeil Island penitentiary upon being convicted of conspiracy to violate the dry law by permitting the sale of liquor and collecting fees from bootleggers. The revenue thus obtained was used for municipal purposes.

Herrick and Weniger asserted the town was "wet" in sentiment and that the system of collecting fines saved the municipality from financial difficulty.

Drought Relief Is Now a Political Issue in Arkansas

LITTLE ROCK, Ark., Aug. 6. (AP)—Relief from a drought of nearly three months duration became a political issue in Arkansas today with Senator Joe T. Robinson advocating federal relief for stricken farmers and his opponent for the Democratic nomination assailing the proposals as "a campaign promise."

In telegrams to President Hoover and Chairman Legge of the Farm Board, Senator Robinson suggested that the board "use such amounts of the revolving fund as may be found necessary upon a quick survey to meet immediate requirements to prevent suffering."

Tom W. Campbell, Little Rock attorney and Robinson's first opponent in a party contest since 1918, said Robinson had failed to aid farmers in his 28 years as a representative and senator. He advocated a law by which the government could guarantee prices on farm commodities. Saying he believed such a statute would obtain "genuine farm relief."

The Democratic primary will be held August 12.

Forest Fires Are Raging In Many Sections

SAN FRANCISCO, Aug. 6. (AP)—Fires in forest, brush and grass lands were giving rangers trouble today in four widely separated spots in the far west.

An augmented force was fighting a blaze which leaped out of bounds near North Fork, Madera county, California, yesterday, and spread in two directions. The Indian mission there was saved only after a stiff battle. Fighters followed one branch of the fire up a mountain side, hoping to stop the flames at the ridge.

Nearly 15,000 acres had been burned over by a blaze near Cohasset, Butte county, California, and the fire still was considered dangerous. Strong wind was driving it toward valuable timber.

Another blaze, fanned by a west wind, was burning out of control on cut-over land 15 miles south of Bend, Ore.

Out of the 83 fires started by lightning Monday and yesterday in the Clearwater and Selway National forests of Idaho, one still was out of control. This was in the Clearwater forest and was burning fiercely in thick timber.

MISSOULA, Mont., Aug. 6. (AP)—Fire fighting crews faced a fresh outburst of forest blazes in this district today caused by a severe electrical storm.

The storm concentrated in the Lolo forest, where 19 fires were reported yesterday. Two blazes were discovered in the Missoula forest.

BALTIMORE, Aug. 6. (AP)—A forest fire in Allegany county, western Maryland, which rages over a 20 mile front, has caused damage to timber estimated at more than \$100,000, was fought by 900 men today, with no let up in the heat wave and drought affecting the entire state in sight.

PLYMOUTH, Mass., Aug. 6. (AP)—Fresh forest fires today menaced lives and property over a large area and on a widely scattered front in the Cape Cod country southeast of here.

Already exhausted by more than 18 hours of incessant battle against a score of blazes, which have destroyed at least seven homes and a sawmill besides sweeping many square miles of parched brushwood, firemen from a dozen communities were forced today to resume the fight. They stretched new lines along a five mile front near Ellenville not far from the center of this town.

Texas May Gain Three Seats In House This Year

WASHINGTON, Aug. 6. (AP)—Dividing up 435 seats in the house of representatives so each state will have an equitable share of members on the basis of its 1930 population today occupied experts of the census bureau.

The secretary of commerce has been directed by congress to submit on the first day of the December session a compilation of the population of the states and the number of members to which each is entitled under the method known as "major fractions."

That method, roughly, applies the principle of counting as a unit any remainder more than half and the dropping of a remainder of less than one-half.

Application of this method to the first complete preliminary census figures indicated today 26 seats would be affected in the coming reapportionment. Twenty states probably will lose one or more members. Ten states are expected to gain the 26 seats. Legislatures in the states affected will have to rearrange their congressional districts before the election of 1932.

Texas probably will gain three additional seats in the reapportionment.

LOCALS

C. Z. Crain, St. Louis, salesman for the Rice-O'Neill shoe company, was a business visitor here yesterday.

Mr. and Mrs. E. B. Stephenson and family left today on a 10-day vacation trip to Simms and Hot Springs, Ark., where they will visit friends and relatives.

William Hildebrand of the Finley Drilling company is in Baltimore, Md., on a trip.

Warships Are Rushed to Red Zone Following Execution of Chinese; Thousands are Missing

SHANGHAI, Aug. 6. (AP)—Japanese dispatches today reported Communists executed 2,000 Chinese after capturing Changsha last Tuesday. In addition, 4,000 Chinese were missing from the wealthy Hunan province capital, many sections of which were looted and burned, the dispatches said. The Chinese were believed either murdered or kidnapped by the invaders.

Additional warships were being rushed to the Red zone by foreign governments, whose decisions to reinforce the Yangtze river patrol was hastened by further outrages against their nationals.

Eleven whites were known to have fallen victims of Communists since last Wednesday.

Six American and three British sailors have been wounded in skirmishes between bandits and gunboats on the Siang river near Changsha.

Dispatches continued to tell of Communists depredations throughout the Yangtze valley. Reports from widely scattered areas in Hunan, Hupeh, Kiangsi and Fukien provinces said numerous Red bands numbering from a few hundred to 10,000 pillaged towns and spread terror virtually unopposed.

Foreign advices from Changsha said Communists had withdrawn from that city, allowing the return of provincial defense forces, whose scattered members were assembling there.

Foreigners were leaving Kiukiang, Kiangsi province, in great numbers, fearing an attack by 10,000 Reds reported advancing upon the city from the west.

Between Yukiang and Hankow, along the Yangtze, Communists looted and burned many small villages, apparently seeking to frighten peasants into joining their forces.

Urgency continued at high pitch in the tri-cities, Hankow, Wuchang and Hanyang. Reds were reported planning to attack Hankow and volunteer defense forces were being formed there by Chinese and foreigners.

North of Hankow Reds extorted money and supplies from helpless farmers.

Meanwhile the government announced it was mustering all available forces in an effort to halt the advance of northern rebels into Honan and Shanlung provinces.

LONDON, Aug. 6. (AP)—The British government today made urgent representations to the Nanjing government for the release of the missionaries, Miss Edith Nettleton and Miss E. J. Harrington, being held

for \$50,000 ransom. It was Miss Nettleton whose finger had been reported cut off and mailed in a letter demanding \$50,000.

Minister Lamson, in Peiping, told the Chinese government today that if the brigand threats of further outrages were carried out the result would be deplorable and disastrous reaction of public opinion throughout the world and Chinese people and government would be disgraced.

Needs of Drought Stricken Country Are Investigated

WASHINGTON, Aug. 6. (AP)—The concentrated effort of government agencies was bent today to the task of ascertaining accurately the needs of the drought-stricken country.

While requests for relief were pouring in, the department of agriculture and the farm board, at the direction of President Hoover, engaged in determining both existing conditions and the measures the government could employ to assist the suffering agricultural states.

The president expects a report to be placed before him Monday.

A desolation equaling the destruction of floods, tornadoes or earthquakes was described to the president in a telegram for aid dispatched last night by Governor Sampson of Kentucky. A plea for a proclamation for nation-wide prayer meetings to ask divine aid for rain to come to the chief executive from Alexandria, just across the Potomac from the capital. Food for humans as well as cattle was asked in an appeal from the Virgin Islands.

Meanwhile reports of showers continued to come from many sections but none told of steady, soaking downpours such as are needed to save parched crops and furnish feed for vast herds of cattle.

A ray of hope came from preliminary observations of the department of agriculture, which held that if August and September produce normal rainfalls feed grain crops may be harvested in fair quantities.

These would be better than average in New England and the southeast, average in Wisconsin, Minnesota, Iowa, South Dakota and Nebraska, Kansas and parts of Colorado and New Mexico would be a little below, average while four-fifths of the grains might be saved even now in Ohio, Indiana, Illinois, Missouri, Arkansas and Alabama. A

three-fourths yield would result in the strip bordering the Ohio and Mississippi rivers to the gulf.

It was a big "if" however, that governed these hopes as the weather bureau still sought in vain for signs of real relief ahead.

New Orleans High School Girl Wins In Beauty Contest

GALVESTON, Aug. 6. (AP)—A blond 17-year-old high school girl, Dorothy Dell Goff of New Orleans, wore happily and a bit diffidently today the title "beauty queen of the universe."

In a hall swept with clamorous applause, Miss Goff was selected as the final winner of the annual international pageant of pulchritude last night and tonight \$2,000 in prize money and a silver plaque will be presented to her at a testimonial dinner. She previously had been named "Miss United States of America" in the first judging event.

Already plans were on foot to place her in moving pictures or on the stage. Martin Starr of New York, assistant director of the pageant, announced that he has become her manager and was expecting a number of offers.

The girl, brought up to the microphone as the handclapping thundered to be introduced, looked rather bewildered and said in a half choked voice that she was "the happiest girl in the world." Around New Orleans she has been an amateur radio singer.

The new Miss Universe is five and a half feet tall and weighs 123 pounds. Her hair is long and golden blond. Her bust measures 34 inches, her waist 26, hips 36, thighs 21, and ankle 7 3/4.

In the initial parades last night she wore an old-fashioned evening gown of flesh pink net trimmed with bow knots of French blue ribbon. Her bathing costume worn later in the evening, was blue with a white belt.

HASBROUCK HEIGHTS, N. J., Aug. 6. (AP)—The Lindberghs have taken to the air again.

The colonel and Mrs. Lindbergh yesterday made their first flight together since the birth of Charles Augustus Lindbergh, Jr. It was a short flight and the colonel did not venture beyond the neighborhood of the field.

An application for marriage license was issued Monday, Aug. 4,

to J. A. Brown, Pampa, and Gertrude Tockett, Gary, Okla.

J. W. Porter of Dallas is in Pampa today.

W. A. Jesson is in New Mexico on a vacation trip.

Mr. and Mrs. Carson Loftis returned today from a business trip to Plainview.

Ralph R. Thomas is in McLean today.

THE EIGHT AS BUICK BUILDS IT

Over 1,500,000 people visited Buick showrooms on Saturday, July 26, to see The Eight as Buick Builds It... the greatest reception ever accorded an eight-cylinder car.

Bona fide orders for these new Buick Eights totaled 7000 before the car was presented—a greater volume of business than any single month's sales of any other Eight* ever built.

And within the first five days, this record volume of orders had doubled.

There are four series, in four price ranges, including one series priced fully \$200 lower than last year's Buick Six. It is the world's lowest priced Valve-in-Head Straight Eight!

AT THE STATE

"Christus" the magnificent drama in English of the life of Christ, which is to open at the State theater in this city next Sunday, is comparable only to the renowned Passion Play of Oberammergau that throngs all Germany with thousands upon thousands of visitors from America and all parts of Europe when once in a decade it is presented by the cast of those who make it their life work, or the famous Freiburg version of the Passion Play, which was seen this year in many cities of the United States.

Two great differences distinguish the "Christus" as a play from either the Oberammergau or the Freiburg Passion Play, aside from its being a motion picture production—"Christus" is in English, comprehensible to everyone who will view it, while both of the German plays are spoken entirely in foreign tongue—and, secondly, the motion picture interpretation of this greatest of dramas depicts the life of Christ from birth, trial, and execution, to the resurrection, whereas the Passion Play begins with the triumphal entry to Jerusalem and carries the story through the tragic climax of Jesus' life to His resurrection.

The picture will be seen at the State theater Sunday and Monday, at matinee and night performances.

Airman Not Reported

BATAVIA, Java, Aug. 6. (AP)—A. T. Cunningham, Australian amateur airman who left Sydney Aug. 1 on a solo flight to England in an attempt to beat Bert Hinkler's 15-day record, has not been reported since he left Wyndham, North Australia, for Bima at dawn yesterday. The Wyndham Bima stage involves several hundred miles over sea, and is one of the most dangerous sections of the flight.

WORKMEN KILLED

VALENOLA, Spain, Aug. 6. (AP)—A foreman and three workmen at a pyrotechnic factory in the town of Ollerias, near here, were killed and another workman injured in an explosion there during the night. Witnesses said that the force of the explosion was so great that the edifice was totally destroyed. Doors were thrown as far away as 500 yards. An investigation has been begun into cause of the blast.

Suicide Victim Buried

ABILENE, Aug. 5. (AP)—Funeral rites were arranged today for Rufus Phillips, 44, who was found shot and fatally wounded Sunday night on his father's farm near Lockney. He died soon afterward. He left a note bidding two children goodbye and saying, "I am no good for anything." Relatives told officers he had been despondent over the death of his wife, who was killed two years ago in an automobile accident in New Mexico.

Burns Are Fatal

PAYNE—

(Continued from page 1.)

plosion June 27, which demolished Payne's automobile, killed his wife and maimed his 10-year-old son, A. D. Payne, Jr.

Payne called last week at the office of Gene Howe, editor of the Amarillo News-Globe, and requested that the editor make a personal investigation. He said the authorities were making no progress in apprehending the slayer of his wife, and welcomed an inquiry by newspapermen.

Howe immediately telegraphed the Kansas City Star and asked that A. B. MacDonald be assigned to the case. MacDonald and Howe started their investigation Monday morning and yesterday afternoon, MacDonald put the evidence they had obtained before Mayor Ernest O. Thompson and E. W. Thomerson, district attorney.

Payne was arrested soon afterward and Mrs. Verona Thompson, Payne's former private secretary, was detained as a material witness.

Mrs. Thompson in a signed statement said she and Payne had made numerous trips to nearby cities and that Payne was so desperately in love with her that he had planned to divorce his wife to marry her.

On June 27, Payne had left his car at home and walked to town to his office, several miles distant, accompanied by his small daughter. He told officers afterward that he left the car at home for his wife to use while shopping, in preparation for a vacation trip the family planned.

Mrs. Payne and her son started from home in the car several hours later.

They had driven eight blocks when smoke suddenly began to fill the coupe and a few seconds later, a terrific explosion blasted the automobile to bits, tore Mrs. Payne's body to shreds and cast the boy's mutilated figure on the lawn of a house nearby.

The boy lingered near death many days but finally recovered. He was badly maimed, one arm having been torn almost from his body by the explosion.

Detectives who investigated the case found bits of metal scattered about the scene of the explosion which they declared were fragments of a nitroglycerin or TNT bomb. They also expressed the opinion, after viewing the wreckage, that ignition wires on the car had been tampered with and that the explosive machine had been placed directly beneath the driver's seat in the car.

Payne insisted at that time that he knew of no enemy who would have made an attempt upon his own life or the lives of members of his family.

When MacDonald began his investigation, he immediately questioned Payne as to his relations with women. Payne insisted he had "known and loved but one woman"—his wife. He gave MacDonald a list of private secretaries who had worked for him during a period of several years.

He described the physical attractions of several of his secretaries and asked that MacDonald interview them. In speaking of Miss Thompson, he said she was "so plain and commonplace" that there would be no need of seeing her.

Robbers Captured at Jewelry Store

WICHITA, Kan., Aug. 6. (AP)—Two robbers were captured in front of the vault of Golden's Diamond shop here today as they were preparing to flee with jewels valued at \$20,000.

They gave their names as Jess Dever, and Charles Lindsay, both of Oklahoma City. They were captured when detectives answered a burglar alarm sounded by Henry Renzick, owner of the shop, as he was being marched to the rear of the store at the point of a gun.

Two Injured in Airplane Crash

OMAHA, Neb., Aug. 6. (AP)—When the plane she was learning to handle went into a flat tail spin and crashed into a patch of timber from a height of 25000 feet, Mrs. Nancy Morris, student, was seriously injured here today.

Dick Williams, pilot instructor, suffered a compound shoulder fracture in the crash. Both Mrs. Morris' ankles were broken and physicians said she may have internal injuries.

Sewer Explosion Starts Big Fire

WEEHAWKEN, N. J., Aug. 6. (AP)—A negro laborer flipped a match into a sewer manhole today and explosions and fire which followed imperilled thousands and called out all the fire apparatus in Weehawken and Union City.

Manhole covers flew into the air along streets, all the way to Union City. Joshua Moyer, the negro, was critically burned but no one was struck by the iron discs.

Other explosions followed and fire broke out in the chicken loading yards of the Erie railroad. While some firemen fought the spreading flames others concentrated on saving thousands of crated live chickens.

Seaman Drowned By Large Fish

TAMPA, Fla., Aug. 5. (AP)—The story of a death struggle between a Japanese seaman and a giant jew fish that dragged him into deep water and drowned him at Port Tampa was related today by port authorities.

Kimoto Toono, 25, arrived on the freighter Lisbon Maru, July 18 and began spearing small fish from a small boat. He fastened the end of his rope around his body and when he sighted a jew fish sent the spear into its tail.

Dashing out into the bay, the fish dragged the seaman under before he could release the rope. Searchers who found the body the next day said the fish was still on the rope.

T. McGehee, and I. S. Boyles, and the unknown heirs of each of said named parties, and their heirs, or legal representatives, each of whose places of residence is unknown, to be and appear before the 31st District Court to be holden in and for Gray County Texas, at the Court House in the town of Pampa, on the 4 Monday, in September 1930, same being the 22 day of September 1930, then and there to answer the petition of J. H. Furneaux, J. L. Furneaux, W. C. Furneaux, Joe E. Furneaux, Wm. L. Furneaux, Margaret Green joined by her husband Sidney F. Green, Dorothy Duggan joined by her husband Lee M. Duggan, C. M. Furneaux, and Furneaux Trust Estate, and J. H. Furneaux, trustees of Furneaux Trust Estate, filed in said court on the 15th day of July 1930, against E. S. Keller, G. W. Groom, A. E. Hagan, M. D. Masten, J. C. Barnett, H. W. Bleam, L. E. Harrington, Bill Richardson, J. S. Belt, L. M. Reynolds, W. W. Edwards, trustee, W. W. Edwards, C. C. Beasley, J. T. McGehee, and I. S. Boyles, and the unknown heirs of each of said named parties, and their heirs or legal representatives, each of whose places of residence is unknown, and W. M. Blake, and O. M. Franklin, said suit being No. 2492 on the docket of said court.

The nature of plaintiffs' demand being as follows to-wit:

The plaintiffs allege that on the 30th day of June, 1930, the plaintiffs were seized and possessed of the following described lands and premises, lying and being situated in Gray County Texas, described as follows:

The North half of the Northwest one-fourth and the West half of the Northeast one-fourth of section No. 99, Block B-2, Gray County Texas; and the Northeast one-fourth of Section 100, Block B-2, Gray County Texas;

that on said day and date the defendants and each of them unlawfully entered into the possession of said premises, forcibly ejecting the plaintiffs therefrom and that the defendants and each of them unlawfully withheld the title and possession thereof from the plaintiffs to the plaintiffs' damage; plaintiffs further allege that heretofore and on June 30th, 1926, certain of the plaintiffs named in the petition executed an oil and gas lease in favor of the defendants, E. S. Keller and W. M. Blake, and that subsequent to the execution of said lease, the said defendants Keller and Blake assigned, conveyed or contracted various interests on some portions of the acreage above described, covered by said lease, to the other defendants, the exact nature of the interests acquired being unknown to the plaintiffs, as well as the interest now claimed by said defendants, but that each of the defendants were bound by all of the terms of the original lease; that the original lease provided that if a well was not being drilled or oil or gas being produced on each one-fourth section on June 30, 1927, the lease should terminate unless certain sums of money should be paid to the lessor, or to his credit, in the Bank named in the lease to defer drilling operations, for a period of one year, and that thereafter in like manner drilling operations might be further deferred for like periods successively; that no well was drilled on the acreage above described, or on the quarter section within which same is located, and no oil or gas was produced therefrom, nor were the annual rentals above mentioned paid or tendered in the amounts, in the time, or in the manner provided at the first rental date, or any time thereafter; that by reason of such matters and facts, said oil and gas lease and the estate created thereby has terminated, ended and ceased, to exist, not withstanding which the defendants and

each of them are asserting some sort of claim of right, title, or interest in and to said lands, constituting a cloud upon plaintiffs' title. Plaintiffs pray for judgment for the lands, and for cancellation of said oil and gas lease, in so far as it covers the land above described, together with a cancellation of each and every assignment of the lease, and that it be adjudged terminated and ended; that all of the rights, and asserted rights of the defendants and each of them be divested from the defendants, and each of them, and vested in plaintiffs, and that cloud be removed from title, and for all other and further relief, legal and equitable, general and special, to which plaintiffs may be entitled.

HEREIN FAIL NOT but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed the same.

The plaintiffs allege that on the 30th day of June, 1930, the plaintiffs were seized and possessed of the following described lands and premises, lying and being situated in Gray County Texas, described as follows:

The North half of the Northwest one-fourth and the West half of the Northeast one-fourth of section No. 99, Block B-2, Gray County Texas; and the Northeast one-fourth of Section 100, Block B-2, Gray County Texas;

that on said day and date the defendants and each of them unlawfully entered into the possession of said premises, forcibly ejecting the plaintiffs therefrom and that the defendants and each of them unlawfully withheld the title and possession thereof from the plaintiffs to the plaintiffs' damage; plaintiffs further allege that heretofore and on June 30th, 1926, certain of the plaintiffs named in the petition executed an oil and gas lease in favor of the defendants, E. S. Keller and W. M. Blake, and that subsequent to the execution of said lease, the said defendants Keller and Blake assigned, conveyed or contracted various interests on some portions of the acreage above described, covered by said lease, to the other defendants, the exact nature of the interests acquired being unknown to the plaintiffs, as well as the interest now claimed by said defendants, but that each of the defendants were bound by all of the terms of the original lease; that the original lease provided that if a well was not being drilled or oil or gas being produced on each one-fourth section on June 30, 1927, the lease should terminate unless certain sums of money should be paid to the lessor, or to his credit, in the Bank named in the lease to defer drilling operations, for a period of one year, and that thereafter in like manner drilling operations might be further deferred for like periods successively; that no well was drilled on the acreage above described, or on the quarter section within which same is located, and no oil or gas was produced therefrom, nor were the annual rentals above mentioned paid or tendered in the amounts, in the time, or in the manner provided at the first rental date, or any time thereafter; that by reason of such matters and facts, said oil and gas lease and the estate created thereby has terminated, ended and ceased, to exist, not withstanding which the defendants and

each of them are asserting some sort of claim of right, title, or interest in and to said lands, constituting a cloud upon plaintiffs' title. Plaintiffs pray for judgment for the lands, and for cancellation of said oil and gas lease, in so far as it covers the land above described, together with a cancellation of each and every assignment of the lease, and that it be adjudged terminated and ended; that all of the rights, and asserted rights of the defendants and each of them be divested from the defendants, and each of them, and vested in plaintiffs, and that cloud be removed from title, and for all other and further relief, legal and equitable, general and special, to which plaintiffs may be entitled.

HEREIN FAIL NOT but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed the same.

NIGHT GAMES AND SHADOWS AID HURLERS

BY GAYLE TALBOT, JR.
Associated Press Sports Writer
If nothing else, night baseball has provided the Texas league with more brilliant pitching performances already than ordinarily would be seen in a full season of daylight play. The innovation undoubtedly has worked to the advantage of the hurlers, making up to some extent for the handicaps placed upon them in recent years.

The latest striking example of what a smart hurler can do in the lights and shadows was given last night at Houston, when old Wilbur Cooper, recently acquired by the San Antonio Indians when the Shreveport management decided he had completed his pitching span, held the Buffs to two hits and walloped young Alyn Stout in a hurling duel, 3 to 1.

Homer Peel, Buff outfielder, robbed the veteran of a shut-out when he pushed one of his southpaw slants out of the lot in the ninth. Carey Selph's single in the first was the only other blow off Cooper, whose baseball career dates back to 1912. The Indians sewed up the verdict early, bunching hits for two runs off Stout in the first inning.

While Cooper was dazzling the Buffs in their home lot, lanky Bill Harris of the Waco Cubs was turning in an almost equally fine performance against the Beaumont Exporters in their opener at Katy park. The tall righthander gave up only three hits, scattered over as many innings, and blanked the Shippers, 8 to 0. The Cubs battered Newman hard, Bischoff and Rye featuring the assault with homers. The victory broke a four-game losing streak for the Waco nine and boosted the Prattmen back into second place, and game and one-half behind the leading Spudders.

Continuing their vicious attack on opposing hurlers since their return to home ground, the Spuds cracked down on the luckless Dallas Steers in both ends of a daylight doubleheader, 6 to 5 and 7 to 3, to sweep the series. The Mavericks were ahead only one, when Jim Moore homered in the fourth inning of the first bout with two mates aboard. Outside of the one frame, Caldwell kept the Steers well subdued in the opener, and Les White had the better of the veteran Spec Meadows in the nightcap. Four Dallas errors, two of them by shortstop Nick Urban, helped the leaders to pile up their score in the second tilt.

Dropping their second fray at Shreveport, 8 to 3, the Fort Worth Cats went into third place. While Estrada limited the Panthers to eight hits and fanned nine, the Sports whacked Buchanan hard all the way, every player except Cashion joining in the 15-hit bombardment. Krauss and Hutson each connected safely three times.

YANKS TRAIL CHAMPS TEN GAMES NOW

BY ORLO ROBERTSON
Associated Press Sports Writer
But for the presence of the Washington Senators in the American league, the New York Yankees might be up there fighting the Athletics for leadership. As it is, however, Babe Ruth and company are battling in third position, 10 games back of the champions and not much chance of gaining ground as long as they are scheduled to play Walter Johnson's Senators.

The Senators have beat the Yankees in 12 of their 15 meetings this season. The Yanks succeeded in breaking the jinx yesterday but not until the Senators had won their seventh straight by taking the first of a doubleheader six to four. Babe Ruth hit his forty-first home run but that didn't help much when Walter Johnson's batters got busy on Pennock and Johnson. Charlie Ruffing was largely responsible for the Yanks' seven to one triumph in the curtain game. He put his team out in front with a homer in the second inning and then let the opposing batsmen down with nine scattered hits and fanned the same number.

The Athletics failed to take advantage of Washington's even break, losing a four to three game to the Boston Red Sox.

Detroit put over four runs in the eighth to give Earl Whitehill his eighth consecutive victory, the Tigers defeating the Indians five to four. Three of Cleveland's four runs were unearned.

The Giants and Robins furnished another one of their spectacular contests in the National league, Brooklyn finally winning nine to eight in 10 innings. The Giants trailed six to one going into the ninth but a five-run rally sent the veteran Adolfo Luque to the showers and tied the score. Two more were added in the tenth but the league leaders fell on Bill Walker for three runs and the game in their half of the frame. Bill Terry was

the big gun of the Giants attack, getting five hits, including a homer, in the ninth, to go into the National league batting leadership. The Cubs kept pace with the Robins, scoring three runs in the ninth to defeat the Cardinals five to four. Bill Hallahan held the league champions to two hits, one of which was Hack Wilson's thirty-sixth homer, until the ninth when he weakened and was forced to retire in favor of Rhem, who was charged with the defeat.

Fred Frankhouse held the Phillies to six hits as the Braves gave Philadelphia a six to two defeat.

SIoux CITY WINS DENVER TOURNAMENT

The championship of the Denver Post's baseball tournament was won Monday afternoon by the Kari-Keen club of Sioux City Ia., in the final game with the Piggly Wiggly-MacMarr team of Denver. The score was 3 to 2.

Kari-Keen advanced to the finals Sunday afternoon by eliminating the Empire Oilers of Ponca City 12 to 2. The Oilers played a miserable game in the field, making eight bobbles. The outfield let singles thru which allowed the runners to advance at will. Kari-Keen made only five earned runs, but kept piling up markers thru the terrible fielding of the Oilers. Only in the seventh were the Oilers able to make three singles count for two runs, their only scores of the afternoon. He fanned seven and walked four.

Sioux City Stockyards was eliminated by the Pigs, 7 to 5, in the second game Sunday. The Post described the game as the hardest fought and most spectacular in the 15 years of the tournament's history. Ponca City won three games in the tourney, defeating Pampa, Sioux Falls, S. D., and Boulder, and losing to Stockyards and Kari-Keen. Pampa was the sixth team to be eliminated. The Guns lost their first game to Ponca City, 9 to 8. They won the second from the M. & O. Cigarmen of Denver, 5 to 3, and were eliminated 7 to 4 by Sioux Falls. Twelve teams competed.

Batting averages of the Guns follow:
Horton, .462; Gibson, .500; Cox, .454; Marcum, .375; Wetherred, .375; Roberts, .364.

Gate Receipts To Be Low for Thursday's Bout

NEW YORK, Aug. 6. (AP)—The innocent must suffer with the guilty as Kid Chocolate and Jack Kid Berg are beginning to discover.

Madison Square Garden officials have been more than a little disturbed over the disappointing advance sale for the Chocolate-Berg battle in the polo grounds tomorrow night. Cash customers have been so scarce that Garden officials have revised their original estimates of the "gate" from \$200,000 to \$150,000.

Most of the blame for the public's lukewarm interest in this battle of two of the current boxing era's most popular figures has been placed in some quarters on the epidemic of fouls and generally unsatisfactory endings of most of the big bouts in the last year. Apparently Chocolate and Berg, neither of whom wins or loses on fouls, will have to share the loss along with the Garden.

The weight question continued to bother the experts, especially since reports have become general that Chocolate has been growing fast and has taken on weight so fast that he may have trouble in keeping down to the featherweight limit should he ever want to go after that title. The Cuban star's handlers, however, declared Chocolate would tip the beam at little more than 126 pounds at weighing in ceremonies. Berg, who has fought at as high as 141 pounds, will have no trouble making the 134 1-2 pounds his contract calls for but probably

Guns Will Play Phillips Team At Park Sunday

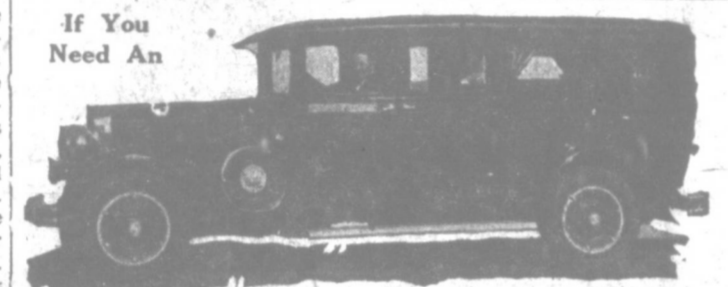

The Pampa Guns will play the Phillips "66" team at 3:30 o'clock Sunday afternoon at Gun park, three and one-half miles southeast of Pampa, it was announced yesterday by Manager Keith Edelen.

Phillips has been in the process of rejuvenation for the last three weeks and the club is expected to furnish respectable opposition for the Guns. It was last Sunday that the "66" boys laid away the Magnolias.

The Gun line-up Sunday will include the same players who defeated the Amarillo Tacks for the championship of the Panhandle. Lefty Coop and George Sullivan will comprise the battery staff. Phillips will be at his position at shortstop. Wetherred will range in the left-field area. Cox will hold down first base. Other players include Marcum at center-field; Spec Roberts at second base; Morgan at right field; Williamson at third base; Hickey and Edelen, utility.

T. B. Ellis, district manager of the Western Supply company, was a business visitor here yesterday. Charles Magner, Tulsa, is manager of the new pipe and machine shop of the Western Supply company, recently completed here.

Mr. and Mrs. Manie Austin, Ardmore, Okla., are visiting friends and relatives here.

DANCING JUDITH

BY CORALIE STANTON and HEATH HOSKEN
COPYRIGHT 1930 BY CHELSEA HOUSE

BEGIN HERE TODAY
JUDITH GRANT, artist's model loves ALAN STEYNE, painter, who is also loved by CHUMMY MORLEY, Judith's roommate. Chummy had loved Steyne seven years ago and had lost her memory when he went away; so, though Steyne loves Judith, Judith insists that it is his duty to marry Chummy, who does not know of their love. Judith is studying dancing, and BRUCE GIDEON, financier, who is infatuated with her, offers to star her in a musical show. Steyne is distrustful of Gideon's intentions, but Judith will not be warned. She dances for a group of friends at a studio party, and in a lull in the festivities finds herself standing beside Steyne at a window.

NOW GO ON WITH THE STORY
CHAPTER XXV

"I couldn't bear to see you dance in front of a great vulgar crowd," Alan said beneath his breath.
"Hush!" Judy whispered, frightened at the passion of his voice. "I've got to dance—I simply must. You've no idea what it's like."
"It drives me mad!" he went on. "It will drive other men mad!"
His voice was reckless. Judy held her breath as Chummy and Hylton passed close to them.

"You mustn't talk like that," she said when they had gone by. "You must be crazy! Come and dance at once, and behave like other people."

He obeyed her, but the hands that held her might have been made of wood. He dared not realize that she was close to him, keeping step with him, a light, gossiping thing of perfect skill and grace. He stumbled heavily in his anguish, and she released herself.

"Clumsy!" she laughed. "I'm parched. For mercy's sake, get me something to drink!"

There was more dancing, and they ate the sandwiches and cakes, and drank lemonade, or vermouth, or cold broth.

Then Tony and Michael begged Judy to dance again.
"I'm dog tired," she said, "but I don't mind, if it pleases you children."

The two artists were overcome with amazement, truth to tell. They could hardly believe that this was the Judy they had known for years. They had never appreciated her charm, although they had admired her steadfast care of poor Chummy; but this—this feather-light, seductive, languid, gay irresistible creature—they felt that their eyes must be deceiving them. They were eager for her to dance again, so that they might make sure.

But just then the telephone bell rang out in the little lobby. Alan went out and came back quickly.
"You're wanted, Miss Grant," he said. Often in addressing her he used the formal name.

She went out, and Alan shut the door, so that whatever conversation she had should not be overheard. He went back and talked to Dumont about his music.

Judy was away a long time—or so it seemed. They all talked together, but at last there came a lull, prolonged out of nervousness. In it there was no sound of Judy's voice outside.

They waited; it seemed an interminable time. Then Alan opened the door and went out.

He found Judy standing beside the instrument. She had replaced the receiver. She looked at him as if she did not know him. Her arms hung stiffly by her side. She was like a statue.

"Judy, what's the matter?" he whispered, careless whether those inside heard him or not.

She did not answer, but walked like an automaton before him into the big room. She stood in the middle and looked around at them all.

"Oh!" she said in a reedy voice. "A dreadful thing has happened! Old Guarventus—dear old Guarventus—has been run over in the street and killed. That was his housekeeper on the phone. He asked for me the last thing before he died in the hospital. She was there—they'd sent for her. She sent a messenger to the cafe, knowing I'm often there, and they told her where I was. Isn't it awful? He was such a dear old thing—like a father to me! Whatever he was pleased with me, he called me his bird. And now he's dead!"

Chummy went to Judy, put her arms about her, and tried to comfort her; but she was not to be comforted. She burst into bitter sobs that racked her body with anguish.

They gave her the sympathy of silence. But in the midst of it Steyne's heart sent up a fiery burst of thankfulness, because, if her master were dead, Judy might never become a dancer, and might never be gazed upon by the eyes of the great, vulgar world!

"Judy says she will never dance again."

"Rubbish!"
"She says she was actually dancing when Mr. Guarventus died?"
"What's that got to do with it?" asked Dumont. "Wouldn't he have wanted her to be dancing?"
"He wanted to see her," said

Chummy.
"I know but she couldn't help it that they didn't find her in time. I call it rather morbid."
"She says her career is over. I think it's a pity myself, but Alan thinks it's right."

"You saw her dance. What did you think of her, Chummy?"
"I think she was perfectly wonderful. And so were you, Bastien. The way you played! It was a dream."

"I was nothing. It was all Judy. She is a great dancer."
"Of course."

"I understand Steyne's point of view," Dumont went on. "It's a man's. I have it myself to a certain extent. No man wants to see a woman in whom he's interested, in the public eye."

"Oh, Bastien, that's old-fashioned! Men used to shut their women up in caves."
"I know. It's the old idea, and it's still there."

"But you, Bastien—you wouldn't want Judy not to become a dancer? And you're just as much interested in her as Alan is."
"Yes, just as much interested," he answered, with a sudden laugh; "but I think perhaps I've got more of the cursed artistic temperament. I think it would be a crime if Judy's art were lost to the world. Still I understand Steyne, all the same."

"I think you're ridiculous, both of you," said Chummy stoutly. "You might just as well say I shouldn't paint."

"Oh, no, that's different, Chummy."
"How different?"

"Well, the world sees your work—it doesn't see you."

"Oh! It's because the world has to see Judy herself. And you men don't like it—just as though she's

nothing to you. At least, she's nothing to Alan."
"I told you it was the man's point of view," Dumont said, swallowing something in his throat.

"It's jealousy—dog-in-the-manger jealousy, Bastien," said Chummy; "on Alan's part, at any rate. Of course, I can't help knowing that you care for Judy, but you say you don't mind her dancing."

"That's because I'm cursed with the artistic temperament, and it gets the better of the man in me."

"Bastien," said Chummy earnestly, "I'm sure you'll win Judy's love in time."

"Do you think so?"
"I'm sure of it. You're so faithful, and she is so fond of you."
"Have you noticed that?" he asked with sarcasm.

"Of course I have. And now you're getting on well and she's going to be famous. Some day you'll be a great pair!"
"And you, Chummy—when are you to be married?"

"Next month."
"Is the date fixed?"

"Not the actual day. I don't want to go away until something is settled about Judy. I couldn't leave her; and we were going abroad at once."

It was just a week after the death of Guarventus. Another grave for Judy to visit and tend. She had gone into deep mourning. She had cancelled all her model work and spent her days in her own rooms. Guarventus, apparently, had no relatives but a young nephew—a youth whose remarkably good looks were marred by unmistakable signs of dissipation. He happened to be in New York at the time, having just come over from Paris, and now took charge of everything. In the absence of a will he was the sole heir. He shut up the dancing school

and sold the lease of the house with all the furniture and fittings—lock, stock and barrel.

He was not interested in dancing as a high art. He did all his dancing at the Moulin Rouge and the Bai Bullier. He did not trouble himself about his late uncle's pupils at all. He only very reluctantly allowed the great Marie Flomina to choose a personal souvenir from the master's private belongings, and he was rude to Judy at the funeral; but, as she spoke no French, and he no English, it made no impression on her.

For more than 10 days Judy saw nobody but Chummy. Apt to exaggerate everything, she behaved as if she had been left an inconsolable widow. She would discuss no plans for her future. Only once did she talk about anything but Guarventus and his goodness; to her, and that was when she asked her friend when she was to be married.

"We have postponed it, Judy darling," Chummy said. "I couldn't go away and leave you like this without knowing what you are going to do."

"Then Judy spoke very decisively. 'That's all nonsense, Chummy! You know I shall be all right. I can go to work again as soon as I want to, and I shall when I've got over the shock. I could always get on the stage now. Anybody would give me a chance—I'm sure of that.'"

"But you said you were never going to dance again, Judy."

"I know I did; but that was after the first blow. I've been thinking since then. I feel sure that he would have wanted me to go on dancing. I think it was wrong to feel that everything was over. If I get on an d do well, he would have been proud of me, Chummy."

It sounded somewhat involved, but the sentiments were unimpeachable; only it was all so unlike Judy—that serious little person in black, with unpainted cheeks and eyes that appeared to be studying the

STORY—

(Continued from page 9.)

problems of life. "Of course, my career is done for," Judy went on. "I don't suppose I shall ever be a great dancer—not famous like Flomena. You want what dear M. Guarvenius described as the right atmosphere and surroundings. I shall never have a theater to myself, and a perfect orchestra, and all the advertising that he was going to give me. Of course, he could have managed all that, and I've going to pay him back afterward."

"He had practically taken a theater for October, hadn't he, Judy?"

"Yes—the Haystack, and he had engaged the orchestra—but of course all that will go by the board. I shall have to make my way, like any other beginner; but you're not to worry about me, Chummy. I shall be all right. I shan't want for anything. You go and get married, and go abroad and have a lovely time."

"I suppose, Judy," said Chummy rather nervously, "you wouldn't come with us?"

"What an idea!" cried Judy, and laughed more like her old self.

"But, forward, Judy, when we come back—when we go to Maine—you'll come and stay with us, won't you?"

"Oh, Lord, yes, if you'll ask me! There's nothing I'd like better. Just promise me, Chummy, first, that you won't put it off on account of me."

PUBLIC FORUM

It took five years to drill 600 miles in Gray county. How long will it take to drill 2,000?

It seems to be the general opinion of most of the people here in Pampa and in Gray county that the oil industry in the county has passed its peak and in a few years will have ceased to be an important factor in the growth of the county. The citizens of Gray county should get this idea out of their heads at once.

Right at the present time the oil industry is slowing down and we are beginning to notice this condition but every county in the state of Texas where oil is being produced is having this experience and in some places to a greater extent than in Gray county. This slowing down in production and in the drilling of wells is something new to a great many people in the county who are not at all familiar with oil conditions throughout the state, but this slowing down in operations at the present time does not mean the oil industry in Gray county is

dead by any means. As every business man knows there are certain times over a period where his business falls away below normal, but this does not mean that his business will not come back. As in any business, it is likewise true in the oil industry that when there is an over-production of a product there must be a curtailment made to overcome this over-production and that is why Gray county is experiencing at the present time, but that does not mean that this curtailment in operations will be with us all the time in the future.

Gray county as an oil field is still in its infancy is the general opinion of most operators, geologists and men familiar with conditions in this county and on the strength of this belief many operators have moved their families to Gray county and have built permanent homes here. Do you think that if these men believed that Gray county was through as a major oil field they would have done this? Do you think that the major companies and the large independent operators would continue to lease land at a pretty stiff figure, with an eye to future development in the county, if they thought that Gray county as an oil field was finished? No, oil operators don't spend their money this way. Do you citizens of Gray county know that some of the largest deals in oil properties in the state of Texas involving millions of dollars, have been made in Gray county during the past six months? A great many of these properties had only one or two wells on them at the time the properties were sold and these wells played a very minor part in the closing of these deals. These properties were bought not on the amount of oil that the leases were making at the time but were bought on what the leases would make in the future by the drilling of new wells over a period of time on these proven properties. Do you citizens of Gray county believe that large transactions, such as has been made here of late, would have been made if the purchasers did not have faith in Gray county as a large producer of oil in the future?

Take down your Gray county map and spend a half hour checking up for yourself the vast amount of acreage that is proven and where only one well has been drilled to hold that acreage for future drilling. On a recent check-up on proven acreage it was found there is at least two thousand locations that can be drilled and all are in what is known as proven area. These wells will be drilled, maybe not today or tomorrow, but some time in the not too far off future, when the demand for oil becomes greater than the supply.

Gray county not only has a won-

derful future ahead of it in oil but it has a more wonderful future in gas. Right at the present time there are three 22-inch gas lines building into the Panhandle from the east and on a very conservative estimate it will take at least three hundred million cubic feet of gas per day to keep these lines loaded to capacity. Gray county ranks as one of the largest potential gas fields in the world not only in the volume of gas it will be able to produce but in the quality of gas, the gas being entirely free of sulphur whereas the gas produced in Moore and Hutchinson counties have a very high volume of sulphur. To keep these gas lines loaded a great many wells will have to be drilled over a period of from 15 to 20 years and maybe longer and Gray county will come in for her share of this drilling you may be assured.

No Gray county is not dead as an oil and gas field.

Complete Census Figures Show Great Increase

WASHINGTON, Aug. 6. (P)—The first complete preliminary census figure today showed continental United States to number 122,728,873 inhabitants.

Four months after enumerators entered the field, Associated Press bureaus completed the first country-wide compilation from official announcements of supervisors. The total figure contains an estimate for one Pennsylvania township, returns from which are not complete, but are calculated by census officials at 1,319.

Outlying possessions added 14,772,688, making a grand total of 137,501,561.

The total population increase of the 48 states and the District of

Columbia was 17,018,253.

The percentage of increase over the last census was 16.1 per cent.

The two states topping the list in numerical gain were New York, with an increase of 2,224,328; and California, with an increase of 2,215,421.

Three others gained more than a million each: Michigan 1,149,989; Texas 1,147,455; and Illinois 1,145,003.

Only one, Montana, showed decrease, a loss of 15,370 people in the 10 years.

California was the fastest growing state—a 64.6 per cent gain. Florida was her only close contender—increasing 51.4 per cent. New Jersey, next in line added 28.8 per cent.

The Pacific states proved the fastest-growing geographical division. Washington, Oregon, and California averaging a 46.4 per cent increase.

The "center of population," mythical balance point, located near Whitehall, Ind., in 1920, was pulled west and south by the west coast increment. Just how far, the census experts have yet to figure out.

Wheat Crop Is Turned To Hay And Hog Feed

CHICAGO, Aug. 5. (P)—Farmers throughout the grain belt have begun to feed their wheat to the hogs and to put it away for hay, reports to the grain trade here indicated today, and LaSalle street hailed the news as an indication that Old Sol is having his turn at producing some farm relief.

To the offices of the government-sponsored Farmers' National Grain corporation, came a report that in sections of Montana wheat fields were being brought up to be cut for hay, where the hay fields and pastures have been burned out.

The loss to the corn crop from drought during July has been estimated here by grain brokers at about 400,000,000 bushels.

Arthur Jackson, of a grain firm here said he was informed by a miller in LaFayette, Ind., that load after load of wheat is being hauled to the mill by farmers, to be ground into hog feed and taken back home. "Nature seems to be settling the farm relief problem," said Bernard Snow, former assistant United States secretary of agriculture, now a member of a grain company here. "The upturn of the wheat market here yesterday was ascribed largely to the growing demand for wheat as a feeding substitute for corn."

Reports from Ohio put the total anticipated loss to all farm crops in that state from the drought at around \$200,000,000, or half Ohio farmers annual income from crops.

The upturn of the wheat market here yesterday was ascribed largely to the growing demand for wheat as a feeding substitute for corn.
