SOVIET DUE TO BACK DOWN IN JAP QUARREL

JAPS SAY THEY HAVE NO ARMED FORCES ON ISLANDS

By JAMES A. MILLS. TOKYO, July 2 (AP)—Official Japan charged a new invasion of Manchoukouan territory by Russian planes and gunboats today.

Army officials said "the question of evacuation of the islands as raised by the Soviet government does not exist—that only peaceful fishermen, lighthouse and beaconkeepers now occupy" the disputed islands.

Dispatches from Hsinking, capital of the Japanese-occupied state of Manchoukou, said three Soviet planes flew low over Sennufu island yesterday and disappeared in an unknown direction.

Simultaneously, the dispatches stated, five Soviet gunboats moved into Manchoukouan waters near the scene of a dramatic clash between Soviet vessels and Japanese forces on Wednesday.

Japanese officials repeated that all Japan and Manchoukou wants is for Soviet Russia to withdraw forces from the Amur river islands and if this is done, "Japan and Manchoukou are ready to adopt a conciliatory" attitude in the interest of peace.

Soviet Russia proposed to withdraw her troops if Japan would do likewise. The Japanese army statement that Japan has no armed forces on the Amur islands themselves and the declaration that questions of future Japanese troop withdrawal from the area are up to the Japanese supreme army command came in answer to that proposal.

MOSCOW, July 2 (AP)—Solution of the dangerous Russo-Japanese crisis growing out of the battle of the Amur river Wednesday was considered largely in the hands of military commanders in the Far East today.

Usually competent Moscow observers declared the immediate question was whether the Japanese army in Manchoukou would respond to a Soviet proposal for simultaneous demilitarization of the Japanese zone on the northeastern border of Manchoukou recognize that the Soviet has a claim to the disputed islands.

When the Japanese withdrew, the statement declared, Russia is willing to begin negotiations on demarcation of the frontier line along the Amur.

Foreign observers considered that the Soviet foreign office was playing for time and in some quarters the belief was advanced that even should Japan force the issue and military action occur, the Soviet would capitulate to keep the trouble localized.

These observers pointed to the European situation and asserted the Soviet was unlikely to court trouble on a double front.

NEW ORLEANS, July 2 (AP)—The 21 artillery horses first Sgt. Henry Bruing loved were led out and shot this week, condemned as too old for service.

Sergeant Bruing was found dead last night, a bullet wound in his head, his revolver by his side. "The only explanation I can think of," said his uncle, H. E. Bruing, "is that Henry was grieving over the horses." Dr. C. Grene, coroner, said the death was a suicide.

I Heard... Fish stories and rain stories this morning, but the one that capped them all was O. K. Gaylor's epistle about hearing his Persian cat raising cat calls to the moon last night.

Flaunting Blood of Slain Picket

As the body of a slain picket was carried away, these angry steel strikers at Beaver Falls, Pa., smeared his blood from the pavement on this sign and held it up for all to see. The picket, George Mike, was injured fatally when a deputy sheriff fired a gas gun into a crowd at close range. The deputy said the gun went off accidentally.

Pool Contests, Rodeo, Dances Hold Spotlight

Two dances sponsored by the American Legion at the Southern club, a diving and swimming contest at the municipal swimming pool, and the annual rodeo at Ansel Park, Canadian, will be the principal attractions for Top O' Texas residents Monday when retail business over the area will practically cease.

FIVE KILLED AND 15 HURT BY FIREWORKS

NAMPA, Idaho, July 2 (AP)—A pre-holiday fireworks explosion that turned a combination drug store and beauty parlor into an inferno of pyrotechnics claimed two more lives today, bringing the toll to five.

More than 15 were injured, one of whom is feared dying. Mrs. Ernest Miller, 28, and Mrs. George Le Delle, 38 died this morning.

Of the injured Miss Maria Geors is in the most serious condition, and hospital attendants said she is "sinking fast."

Several of the other victims suffered broken arms and legs in addition to powder burns when they were forced to leap from rear windows of the mezzanine beauty shop.

POSTAL RECEIPTS HERE INCREASE 18 PER CENT

Pampa's weather barometer may vary but its business barometer, postal receipts, shows only one inclination and that is to go up. Postal receipts for June of this year showed an increase of 18 per cent over the same month last year and receipts for the quarter which ended June 30 revealed an increase of nearly 13 per cent over the same quarter of 1936.

RAIN FALLS IN OTHER SECTIONS OF PLAINS

Threatening skies last evening failed to bring Pampa anything more than a sprinkle of rain while other cities throughout the Panhandle were receiving up to a quarter of an inch rainfall.

PLANT OPENS UNDER TROOP PROTECTION

SOLDIERS HOLD BACK PICKETS AFTER THREAT

MASSILLON, O., July 2—Under bayonet protection, more strike-locked steel mills opened here today as troops of Youngstown Sheet and Tube employees were stirred by reports of new plans to reopen plants at Indiana Harbor, Ind.

Del Eillinwood, secretary of the Association of Steel Employees, an independent union opposed to the CIO strike, said he expected "some definite word about reopening" the Indiana Harbor mills within a few hours.

CIO strike leaders immediately sent out a general call for pickets to resist the move.

Philip Murray, chairman of the steel workers organizing committee, filed petitions with the National Labor Relations Board at Pittsburgh requesting collective bargaining elections among employees at all plants of the Bethlehem Steel corporation and the Weirton Steel company.

The back-to-work movement in Massillon was carried out without violence.

MASSILLON, O., July 2 (AP)—Republic Steel Corp. defied a CIO picket line today and reopened another strike-locked plant today. There was no violence.

Gates of the concern's central steel division swung open under protection of steel-helmeted national guardsmen for the first time since the plant closed completely.

Only a few hours before the concern's newest "back-to-work" move, the home of a non-striking employee was dynamited at nearby Canton.

Bloody Fight Threatened Republic ignored a CIO picket captain's bristling defiance.

WHEAT PRODUCTION ESTIMATES REDUCED

CHICAGO, July 2 (AP)—Private crop authorities in Chicago reduced their estimates of probable United States winter wheat production this year but made no change in the forecast for the spring wheat harvest.

At the same time they released the first figures on probable corn production, forecasting the largest crop of the principal feed grain since 1932, a billion more bushels than were harvested last year.

The average of six private figures on probable 1937 domestic corn production was 2,579,000,000 bushels. Some individual estimates ran as high as 2,765,000,000 bushels.

This compared with a crop of only 1,524,000,000 bushels last year.

The average of six estimates on winter wheat production was 642,000,000 bushels, compared with the official forecast a month ago of 649,000,000 bushels.

These Scenes Will be General Here Next Week

Today farmers in Gray, Roberts, Carson and other counties of the Top O' Texas area were either taking part in scenes shown above or were repair or oiling combines for the wheat harvest. After five lean years in the dust bowl, plentiful spring rains have at last produced the makings of a bumper wheat crop on the South Plains of the Panhandle where the above pictures were taken. The great combines reap anywhere from 25 to 50 bushels to the acre in that area where the yield is far greater than it will be in this section.

Parents Urged To Supervise All Fireworks

Pampa parents and children are urged to spend a safe and sane Fourth of July holiday period by using every care possible in the use of fireworks.

Mr. Phillips, accompanied by his assistants C. P. Dimit and D. R. Knowlton of Bartlesville, and other company officials, were to visit Pampa and Phillips plants and holdings in the field sometime this afternoon before going to Borger.

After a Dutch luncheon at the picnic grounds for all male employees of the company to attend, Mr. Phillips will make a brief address. All possible operations of the company will be closed down for the picnic.

Sardine Can Key Taken From Throat Of Clare Morris

A key from a sardine can was removed from the throat of Oma Clare Morris, five-year-old daughter of Mr. and Mrs. Tom Morris, last night in Amarillo. Today she was resting comfortably at the home of her grandparents in Amarillo.

The child swallowed the key while at a play early last night. X-ray pictures taken here showed the key lodged about three inches down the child's throat. She was rushed to a specialist in Amarillo and the key was removed soon after midnight.

SUIT FILED IN CAR ACCIDENT

A lawsuit for \$8,000 damages was filed in district court today by Dan Dean against C. H. Robinson. The plaintiff's petition charges that the defendant's automobile struck one in which the plaintiff was riding a mile west of Kellerville on last June 10.

MAN HANGS SELF AFTER POLICE QUESTION HIM

LOC ANGELES, July 2 (AP)—Roy Harmon, a park department employee who was found hanging in the garage of his home yesterday after he had been questioned—and cleared of responsibility—in the sex slaying of three Inglewood girls, was officially pronounced a suicide by police today.

Detective Lieuts. A. E. Winters and L. N. Pitts said Harmon took his own life after he had been given his choice of arrest or resigning from the park department as the result of the investigation of his conduct. They offered no further explanation. Both said he had no connection with the Inglewood crime.

PATROL FIRED POINT-BLANK INTO STRIKERS

RESISTANCE SHOWED TWICE; LEADER TESTIFIES

WASHINGTON, July 2 (AP)—The Senate Civil Liberties committee viewed today the first motion picture evidence ever introduced into a congressional investigation—a newsreel of the Memorial day battle between steel strikers and Chicago police, in which ten persons were killed and many wounded.

The film showed approximately 120 uniformed patrolmen shooting and clubbing a crowd of shirt-sleeved paraders, among them a number of women.

Women Clubbed The film showed police clubbing fleeing women, striking men on the ground, and firing point-blank into the crowd.

Close-ups showed police placing the wounded into patrol wagons. The stretchers with which the wagons were said to be equipped were not used.

Blood On Face One woman—identified as Lupe Marshall—was put into the wagon with her face smeared with blood. A man, paralyzed from the waist down, lay writhing almost under the rear wheels of the police car until officers picked him up and placed him in a stretcher.

Another striker, apparently dead, was laid by the side of the road with a scrap of newspaper under his head.

The last view before the fighting began showed strikers talking with police. Witnesses had said earlier that the strikers were permitted to establish peaceful picket lines in front of the Republic Steel company plant.

The next scene disclosed demonstrations falling on the ground and police charging forward, swinging their batons on the backs and heads of the fleeing crowd.

After the first showing of the film, committee officials ran off a slow-motion version of 14 "still" photographs inserted at crucial points.

Prostrate People Struck One of these stills showed a man going down in a policeman's hands. Others showed police clubs striking people prostrate in the grass.

Committee attaches identified one man, struck down while running, as Sam Popovich, who died of bullet wounds and multiple skull fracture.

Senator Thomas (D-Utah) told newsmen he considered the film a proof of "extreme brutality" by the police, and that it showed "no provocation whatsoever" for the attack.

Before the film was shown John Fife a strike leader, testified that the Memorial day marchers did not intend to enter the Republic steel plant when they staged their demonstration.

Riffe testified before the Senate Civil Liberties committee that the marchers "didn't have any idea of getting into the gate; it never was discussed."

Police witnesses previously had told the committee they fired on strike demonstrators to prevent them from marching into the plant.

In response to questions by Senator Thomas (D. Utah), Riffe, a Steel Workers organizing committee official, asserted establishment of a picket line was the only purpose of the march.

Riffe also testified that 150 club-swinging policemen broke up the union's peaceful picket lines a few days after the march.

NEW OFFICERS INSTALLED AT LIONS BANQUET

New officers of the Pampa Lions Club were installed at the annual banquet and ladies night banquet held last night in First Methodist church.

The banquet, attended by 115 persons, was featured by impromptu addresses and an entertainment by a number of Amarillo artists.

The new officers are: R. B. Fisher, president; Arthur M. Teed, vice president; Roy McMillen, secretary-treasurer; L. L. McColm, lion tamer; J. S. Wynne, tail twister; and Jack Dunn, Charlie Thut and Crawford Atkinson, directors.

Outgoing officers were Arthur Teed, president; Bert Curry, vice president; R. C. Wilson, secretary-treasurer; Ewing Williams, lion tamer; H. H. Hicks, tail twister; and Siler Faulkner, W. R. Ewing, and L. L. McColm, directors.

Group singing was led by Chick Hickman. The invocation was given by the Rev. John Mullen and Howard House played dinner music on the claraphone.

Report of the club's activities during the past year was given by outgoing President Teed. Violin, whistling and vocal numbers were given by the Amarillo entertainers.

Following the installation of officers, Mr. Fisher, the new president, closed the program with an outline of plans for club's activities for the coming year and praise for the work accomplished during the administration just ended.

HOURS FOR OBTAINING POISON BRAN CHANGED

Due to the fact that the sales of poison bran mash for grasshoppers have fallen off considerably in the last few days, the time in which this mash may be obtained will be changed from 4 to 8 to 4:30 to 6:30 in the afternoon beginning today.

According to M. J. Simms, assistant county agent, the majority of the people who have used this poison bran bait have had unusually good luck in killing grasshoppers, but, of course, it will take persistent effort on the part of the general public to control the grasshoppers.

WPA WORKERS CUT. WASHINGTON, July 2 (AP)—Harry L. Hopkins, WPA administrator, announced today WPA cut off more than 124,000 workers in the two weeks ending June 26.

That action reduced the number of persons employed to 1,821,151. The reduction is in line with Hopkins' intention to trim the rolls to 1,665,477 by July 15.

The number of persons working on June 26 by states included: New Mexico, 8,244; Texas, 66,213.

Now Federal Tires are guaranteed against all road hazards. MOTOR INN. Adv.

Jim Bob Johnson Tells Absorbing Story Of Jamboree Doings, Washington Sights

A sightseeing trip through the national capitol, visits to the house chamber, the museum, Marvin Jones office and to other places of interest in Washington are described today in a well-written, highly-interesting letter received from Jim Bob Johnson, local Scout who is attending the Jamboree at Washington. The letter follows.

SCOUT JAMBOREE CAMP, Washington, D. C. 8:30 a. m. EST, Tuesday, June 28.—There has been a heavy fog every morning thus far when we awoke, but now the sun is beginning to peep through. Our tentative program calls for rising at seven, breakfast at seven thirty, then drill, letter-writing, anything we want to do, and dinner at twelve. We usually have something planned for the whole troop in the afternoon.

Yesterday afternoon we went on a sight-seeing bus to the middle of the city. We got out at the House office building, and visited the offices of Congressman Marvin Jones and the Agriculture committee room. Mr. Jones is chairman of this committee. Several copies of the Amarillo News and Globe were lying around on his desks. Miss Altavine Clark, Mr. Jones' secretary, showed us through the building and guided us through the subway to the capitol, where we visited the House in session. Miss Clark explained that a farm bill which had been prepared in Mr. Jones' office was before the House. Mr. Jones and Speaker Bankhead

I Saw...

About 2,000 local children being handled under the direction of W. Postma, summer recreational director, in the city park yesterday. You can imagine how difficult it is to keep that many children occupied. Hundreds may be playing games, but others will be doing nothing, so Mr. Postma announced that he would give a penny for every four-leaf clover. They found 30 in two weeks.

See No. 3, Page 8

H. D. Club Women Attend Meeting At Kelly Home

Casserole dishes and recipes formed the topic of discussion of Mrs. Julia Kelly, county home demonstration agent, at a meeting held in her home yesterday afternoon. Casserole dishes make excellent one-dish meals when served with salad and drink, Mrs. Kelly stated. Six recipes were demonstrated and the most popular was "Carrots and String Beans Au Gratin."

The recipe for this dish as given by Mrs. Kelly, follows: two cups carrots, cooked until slightly tender; one cup diced string beans; half tablespoon of salt, three tablespoons melted butter, one-third cup grated cheese, one cup milk, one cup bread crumbs mixed with 1 tablespoon melted butter. Combine all ingredients, except buttered crumbs. Turn the mixture into a buttered baking dish, then cover with buttered bread crumbs and brown in moderate oven.

Ten representatives from six of the 11 county clubs attended yesterday's meeting. They were: Priscilla Clark, Mrs. May Skaggs, Miss Jewell Skaggs, and Mrs. Roy Tinsley; Merten club, Mrs. E. M. Hope; Texas Elf club, Mrs. Willard Elisee and Mrs. J. J. Franks; Cabot club, Mrs. Charlie Mulligan and Mrs. L. H. Norman; Wayside club, Mrs. F. S. Fuqua, and Bell club, Mrs. H. H. Keahy.

BROCADES FOR SLIPS.

NEW YORK (AP)—Slips made of satin brocade are on the market. They promise to be especially popular for wear with summer eyelet and cotton lace dresses.

H. D. CLUB TO MEET

There will be a meeting of the Texas Elf home demonstration club at the club house at 2:30 p. m., Thursday, July 8.

Whittenburg News

Jane Segard and E. C. Ellis Wed

The marriage of Miss Margaret Jane Segard and Mr. E. C. Ellis was solemnized on Thursday evening at 8 o'clock at the Central Baptist church parsonage with Rev. John O. Scott officiating. Witnesses were Mrs. A. E. Sewell and Mrs. B. E. Stone.

Mrs. Ellis came here just recently from Albuquerque, N. M. Mr. Ellis is technician at the Pampa-Jarratt hospital, where the couple will be at home.

Shamrock News

SHAMROCK July 2—An interesting visitor in Shamrock this week end was Hubert Reavis, brother of Cecil Reavis, student at Duke University, Durham N. C., who last week won second place in the 220 yard low hurdles at the Princeton University track meet. Reavis will visit this summer with his parents in Briscoe, and at Shamrock with his brother, July 15 he will enter the Pan-American track meet which will be held in Dallas.

Officers and teachers of the First Methodist church were honor guests at a covered dish supper in the basement of the First Methodist church Wednesday evening. The supper and program took the place of the regular Wednesday vesper service, with a short musical program and Rev. Webb talked on "The Joy of Witnessing."

Miss Ruth Bergman, daughter of Mrs. Cora Bergman of this city, and Walter Neville of Borger, were married at Wellington Sunday afternoon. The bride has been associated with the Shamrock Works Progress Administration office for the past several years. Mr. Neville is associated with the Sinclair Oil Company at Borger, where they will make their home.

Contract Let for School Building

The contract for the North Ward school building, auditorium and gymnasium was awarded Tuesday to Eibes and Ingie, Lubbock contractors. The successful bid was \$52,692. A clause in the contract calls for the use of local labor throughout the duration, with the exception of a general superintendent, carpenter, foreman and machinist. It is thought sufficient local labor will be available for the greater part of the work, although it might be necessary to employ outside workers in some phases of the construction. The contract calls for construction to start at the earliest possible time, which will probably be next week, the contractors stated. A representative of the construction firm will be in Shamrock today to sign the contract and attend to other details in preparation for starting work.

SEE YOUR DENTIST BEFORE 1939

SAN FRANCISCO (AP)—The San Francisco world's fair management advises all the world to see its dentists before 1939.

In that year 10,000 practitioners will be temporarily away from their offices. The international dental congress meets here in connection with the Golden Gate International exposition.

Freshness of berries is determined by appearance, bright color and plumpness. Over-ripe berries have a dull appearance and probably are moldy underneath.

Ethel Du Pont in Bridal Gown

Her slim, blond beauty framed in a setting of peonies, lilies and woodwardia fern, Ethel Du Pont wore this charmingly lovely wedding dress as she walked down a satin-covered aisle in Wilmington, Del., to become the bride of Franklin D. Roosevelt, Jr., son of the President and Mrs. Roosevelt. The scene was the little Christ Church, Christiansa Hundred, built by the du Pont family in 1856. The bride, daughter of the Eugene du Ponts, did not divulge any description of her wedding gown until she appeared in the church, as pictured here.

McCULLOUGH MEMBERS TO SERVE DINNER ON GROUND SUNDAY NOON

YOUR CHILDREN

By OLIVE ROBERTS BARTON

While it is excellent for children to have a close friend or two, it is narrowing for them to consider outsiders with complete indifference.

The more sensitive child is likely to tie to one or two pals, while the more naturally gregarious to a wider circle. What a pity, because the hermit needs different types of companions to keep him from nursing his feelings and withdrawing behind a protective wall.

Yet, we must be very careful and not force him to friendships. It may make him worse, and end in creating an active unhappiness.

The mother who realizes that her boy (or girl) needs a greater variety of playmates than just Jimmy next door or Sally across the street may often work some magic of her own. When she sees a child who has quality that she thinks her own child needs, she can use some clever ruse to bring them together. Gradually she can increase the circle until her little shy-away has quite a variety of playfellows.

Crushes' condemned

It is not a good thing, ever, for any child to settle down to a "crush" and learn to depend entirely on one pal for companionship, but of course circumstances often make it impossible to do much about it.

In such a case it is to be hoped that the boy or girl chum is not too strong-willed, or the incurable leader, who bends your child's mind invariably to his.

Such a state of affairs may suit our shy offspring admirably, because it saves thinking and trouble. He does what he's told, reacts contentedly to any suggestion and loves being bossed by the friend he loves.

But in time he loses still more initiative and confidence because there is nothing to overcome, and nothing to put him on his mettle. If there is to be only one friend, the gods are good if the two of them balance the scales evenly in disposition.

Child Needs Competition

By the same token, it happens that a weaker-willed visitor will generate a feeling of importance in our Ted. This is all right, too, but not for too long. Ted won't find the world made up of yes men later, and he needs to have his pluck exercised more vigorously than by daily exclusive contacts with his soft little shadow.

The shy child does better at first with just a friend or two. It is true, but with the passing months, a great effort should be made to add to the number. And, if possible, these should represent different types of personalities.

To be more general in friendships is best. Loyalty is loyalty, and it need not be sacrificed, but the wider experience makes for a bigger outlook. Besides, it breaks down barriers that, allowed to stand, deepen sensitiveness, fix the hermit instinct and generally deplete courage. Yes, the more friends the better.

When buying broilers, allow half a broiler per person to serve six, select three broilers weighing about one and one-half pounds a piece.

A simple test for determining when the waffle iron is hot enough for the batter is this: Put a teaspoon of water in the iron, close, and when the steam ceases coming out, the iron is ready for the batter.

91 Women Entertained By McLean's Presbyterians

McLEAN, July 2—Ninety-one ladies and girls from the various churches in McLean enjoyed a fellowship meeting Tuesday afternoon at the Presbyterian church, with ladies from that church acting as hostesses.

A permanent organization was formed and the regular meeting day set aside as every fifth Tuesday day. The Methodist ladies will be hostesses at the next meeting.

The following officers were elected: President, Mrs. W. H. Finley; vice-president, Mrs. H. E. Franks; secretary, Mrs. Alva Christian; song leader, Mrs. Cecil G. Goff; pianist, Mrs. Travis Stokes; reporter, Mrs. Jim Eack.

Tuesday's program which was given in the auditorium of the church was as follows:

Welcome, Mrs. Thurman Adkins; devotional, Mrs. Robt. Ashby; vocal duet, Mesdames C. O. Greene and Bob Thomas; talk, Fellowship, Mrs. Alva Christian; piano solo, Willie Louelle Cobb; talk, The Christian Life—a Challenge, Mrs. Cecil G. Goff; song, "Blessed Be the Tie," by entire group; closing prayer, Mrs. Homer Abbott.

The program committee for the year is composed of Mrs. W. E. Bogan, Mrs. Cecil G. Goff and Mrs. H. E. Franks.

After the program Tuesday an informal social hour was held in the basement where a light refreshment plate was served. As guests prepared to leave, the young girls present sang, "God Be With You Till We Meet Again."

Mr. and Mrs. W. E. Bogan and son, Jack, spent the weekend in Oklahoma City. They were accompanied by Eric Glenn Fulbright who remained for a longer visit with his aunt, Mrs. E. O. Dennis.

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. At a bridge party what is meant by a "guest prize"?
2. Is it good manners for the dummy to entertain the other players with an amusing story?
3. Does making allis for mistakes in bridge playing help matters?
4. Is it good manners at bridge to give unasked advice?
5. Is it all right to call attention to progress toward making or defeating a contract by the way one stacks the tricks or by saying "That's our book"?

What would you do if—

1. You have a high score at a bridge party and draw a partner who is a poor player?
2. (a) Show him your superiority by comparing your scores? (b) Always take the bid in your own hand? (c) Play your best, but be careful not to make your partner feel uncomfortable?

Answers.

1. One received by a guest of honor without being won.
2. Not during play.
3. No.
4. No.
5. No. It is decidedly unfair.

Best "What Would You Do?" solution—(c). (Copyright, 1937, NEA Service, Inc.)

FRASERS GIVEN BRIDAL DINNER ON WEDNESDAY

On Wednesday evening, the employees of the Friendly Men's Wear store and their wives enjoyed a lovely dinner at the Eagle Buffet in honor of Mr. and Mrs. Wm. T. Fraser.

The table was beautiful in crystal and white decorations with long tapers in crystal holders at either end. Place cards were miniature men and women silhouetted in silver.

A bridal cake was placed in the center of a huge mirror in the center of the table, decorated with a miniature bridal party on top consisting of the bride and groom, minister, maid of honor and best man.

The table was laid for Messrs. and Meses. Shelby Gantz, Lawton Nicholson, Shug Cobb, Harold Wright, Misses Corrine Worley, Ann Johnson, Pauline Ballard, and Mr. Barney Moore of Amarillo, and the guests of honor, Mr. and Mrs. Fraser.

HOME FOOD SUPPLY PLANNING DISCUSSED

Planning of the home food supply was discussed at the regular meeting of the Texas Elf Home Demonstration club yesterday afternoon in the clubroom.

A report of the food supply as adopted by five Texas cities was given by Mrs. Julia Kelly, home demonstration agent for Gray county.

The business session which followed was presided over by Mrs. Leah Brown, president.

POLICE FACE BLIND ALLEYS AT INGLEWOOD

INGLEWOOD, Calif., July 2 (AP)—Baffled officials, having traversed a maze of blind alleys in their search for the fiendish slayer of three little girls, started all over again today.

With the exception of one person, a wealthy New York and Los Angeles family, all suspects have been eliminated from consideration.

The theory guiding sleuths in their new tack is that Madeline Everett, 7, her sister, Melba, 9, and Jeanette Stephens, were slain last Saturday by some one with whom they were acquainted, not by a stranger.

Thus the will-o-the-wisp known as "Eddie the Sailor," for whom police have been searching since the bodies and garroted bodies of the children were found in a Baldwin Hills ravine last Monday, lost importance.

District Attorney Euron Fitts said that the possibility the killer was well-known to the three girls is based on the belief that they would have been reluctant to accompany a comparative stranger into the hills, but would have gone unhesitatingly with a person whom they knew and trusted.

The only remaining suspect of the first phase of the roundup, the wealthy, 33-year old man, was removed last night from an Inglewood hospital to the city all, then sent back again to the hospital when authorities judged him still too intoxicated to submit to questioning.

Officials want him to explain his whereabouts over the week-end. Police heard with interest the story of Mrs. Aileen Brannon, widow who reported a strange conversation she had with a man on a street car last Sunday.

Mrs. Brannon said the man tried to conceal spots of dried blood on his trousers and acted nervous and "jumpy."

Inquests into the deaths of the children are scheduled for today.

A sensational, but meaningless development occurred last night when Roy Harmon, 57, park worker who had been quizzed in connection with the murders, hanged himself. Officials said he had proved he had nothing to do with the crimes.

22 TEXANS SCHEDULED TO DIE THIS WEEK-END

AUSTIN, July 2 (AP)—Governor James V. Alford asked Texans today to "walk safely, drive safely and play safely" and save an estimated 22 lives that might be taken in traffic accidents over the week-end. In a proclamation the chief executive pointed to the "trail of death" left in the wake of other Fourth of July celebrations and urged double precaution for this year's double holiday.

Among locations mentioned as strong possibilities are one across the Louisiana line from Orange and another at Matamoris, Mexico, across from the lower Rio Grande Valley.

Many persons doubt that tracks at these places could, finance big-time meets.

Both tracks, if established, would have populous areas near by. The densely populated lower Rio Grande Valley is within easy traveling distance of Matamoris and a course across the Louisiana line from Orange would draw from Beaumont, Port Arthur, and Lake Charles and to some extent from Houston. Some have expressed the opinion a track may be built near Shreveport, La.

Although Texas had in prospect approximately \$750,000 in revenue from racing this year if the law had not been repealed this state had not been getting the revenue some other states obtained.

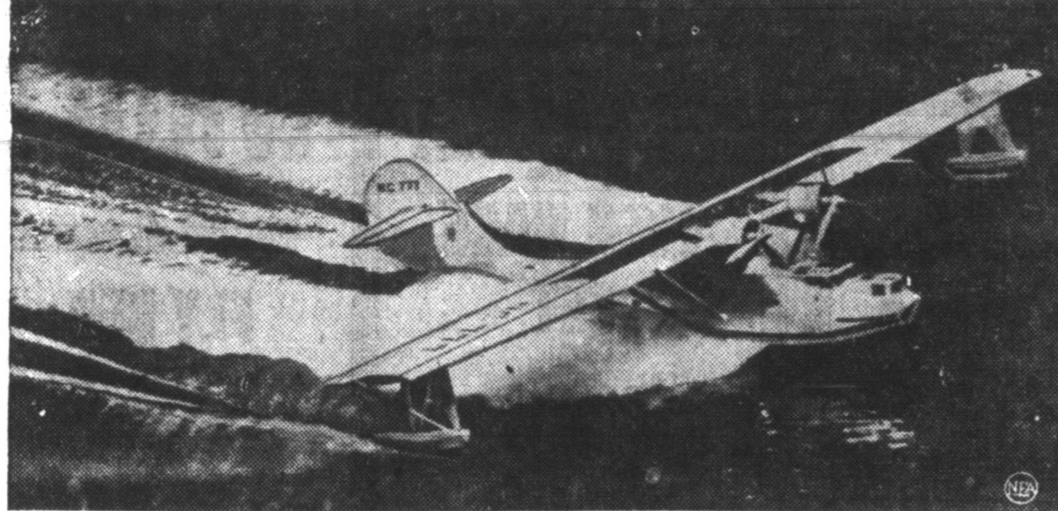

Figures from the National association of racing commissioners show that California in 1936 reaped more

Girdler Lashing Strike Tactics of C. I. O.

Explosive, quick-tempered Tom Mercer Girdler, chairman of Republic Steel, indicated by arrow in this picture made during his appearance before the Senate Postoffice Committee, told all within hearing that he will never sign a contract with the C. I. O., until the law forces him to do so. He charged that the C. I. O. is associated with communism, disregards the law and denies labor the right to work. Bearing directly on the probe to determine if mail was stopped by pickets, he told the committee he had mail wrappers marked "passed by pickets."

Ending First Amphibian Flight Across U. S.

Land planes have flown across the continent many times and land planes have flown across the sea, but it was the first time an amphibian had ever made a transcontinental nonstop flight when Richard Archbold's \$125,000 flying boat dropped out of the skies and skimmed to a stop at North Beach airport, New York, as this picture was taken. The flight from San Francisco took 17 hours and three minutes. The plane will be used for a scientific expedition to New Guinea.

governor's office was one to establish two new senior colleges in Texas.

The proposal called for elevation of John Tarleton at Stephenville and North Texas Junior agricultural college at Arlington from Junior to Senior rank. It received Senate approval and passed to final reading in the house only to die at that stage.

Earhart Starts Her Longest Hop

SAN FRANCISCO, July 2 (AP)—Amelia Earhart blazed a new air trail over the South Pacific today in a hazardous 2,570 mile flight from Lae, New Guinea, to tiny Howland Island.

She started the longest jump of her leisurely round-the-world flight at 10 a. m. today. Lae time (4 p. m. yesterday, Pacific standard time) and was expected to complete it in about 18 or 20 hours.

The first radio message received early today by coast guard headquarters here, where George Putnam is listening in on his wife's flight, was undecipherable. Putnam said he "assumed" the flight was proceeding normally.

Putnam said he was not alarmed at failure to obtain reports as radio conditions were unfavorable in the Howland area.

The coast guard cutter Itasca, stationed at Howland, reported: "Have not heard Earhart signals this time (4-46 a. m. PST). See operators on duty and will notify you at once moment plane is contacted."

BORGER BOY KILLED BY LIGHTNING AT GUYMON

GUYMON, Okla., July 2 (AP)—James Adkins, 17, Borger, Texas, was killed instantly yesterday by lightning on a farm near Hitchland, Tex.

Adkins and George Wagner were working in a field when a sudden thunderstorm struck. They sought refuge in a barn. Lightning struck the barn and Wagner said Adkins was holding some wires in his hand. Wagner, who was stunned by the lightning, said the shock evidently traveled from the barn roof down the wires Adkins was holding.

SOUTHWEST'S FIRST MAN GETS A MUSEUM

TUMACACORI, Ariz. (AP)—Graphic representations of the daily lives of prehistoric inhabitants of the southwest will be shown in an old Spanish mission here when the new museum is completed.

The museum will house collections of artifacts, charts, maps, photographs and other descriptive matter, as well as dioramas to tell the story of a period of nearly two and a half centuries ago.

WILL HAYS' GIFT BENEFITS HAYS, JR.

CRAWFORDSVILLE, Ind. (AP)—Will Hays, czar of the movies and a graduate of Wabash college, has given the institution a recording machine for voice-testing.

The machine is being used to show student speakers their defects and improvement. Will Hays, jr., son of the donor, was the first to make a recording.

Mr. and Mrs. Carl Benefield and son of Enid, Okla., former Pampans, spent yesterday afternoon and this morning visiting with friends here.

Mr. and Mrs. J. S. Leach and daughter Jeanne of Canadian have

Wheat Farmers Urged to Slash Fall Planting

WASHINGTON, July 2 (AP)—Government farm experts said today the long-time outlook for world wheat prices is uncertain, and urged wheat farmers to consider restricting planting this fall and next spring.

Farm leaders from 31 wheat producing states were called here by H. R. Tolley, administrator of government benefit programs, to discuss the 1938 program.

A survey of world wheat production and trade by government economists was pessimistic about the United States regarding its wheat export markets.

They said the world wheat acreage now is as large as ever, and that trade barriers of importing nations and a reluctance of the public here to accept foreign imports in exchange for agricultural exports dimmed the prospects of large exports by the United States.

UNITED STATES ACCUSED AS AMERICA'S GERMANY

WARSAW, Poland, July 2 (AP)—Alexandro Carrillo, Mexican delegate to the International Federation of Trade Unions congress, charged today that the United States for 25 years has "supported internal turmoil in Mexico to further its own selfish and imperialistic aims."

"The United States are the Germany of the American continent," he said.

Carrillo's attack came after the executive committee had adopted a resolution expressing solidarity with "democratic Spain" and urging all members of the League of Nations to take immediate action in order to save world peace.

Carrillo urged European countries to defend the Spanish republic, adding: "Through 25 years of fighting against United States imperialism Mexico knows the meaning of civil war incited by a foreign country."

Local Office of Security Board Moved to Dallas

The local office of the Social Security Board has been disbanded and moved to Dallas, Postmaster C. H. Walker announced today. Anyone desiring information or wishing to secure a Social Security number must make application to the board in Dallas.

Postmaster Walker said that he still had a supply of application blanks on hand and that they could be secured at the post office here until the supply is exhausted. It is compulsory for a person to have a Social Security number before being employed.

moved to Pampa to make their home. Mr. Leach is with the Santa Fe railroad.

Mr. and Mrs. Budge Bernard announce the birth of a 7½-pound daughter Sunday. She has been named Sue Ann.

Sleep while your want-ad works.

On Capitol Hill

By HARRELL E. LEE.

AUSTIN, July 1 (AP)—Since repeal of the law authorizing horse racing in Texas under the certificate of system of betting plans for the establishment of large tracts near the Texas border have been discussed.

Among locations mentioned as strong possibilities are one across the Louisiana line from Orange and another at Matamoris, Mexico, across from the lower Rio Grande Valley.

Many persons doubt that tracks at these places could, finance big-time meets.

Both tracks, if established, would have populous areas near by. The densely populated lower Rio Grande Valley is within easy traveling distance of Matamoris and a course across the Louisiana line from Orange would draw from Beaumont, Port Arthur, and Lake Charles and to some extent from Houston. Some have expressed the opinion a track may be built near Shreveport, La.

Although Texas had in prospect approximately \$750,000 in revenue from racing this year if the law had not been repealed this state had not been getting the revenue some other states obtained.

Figures from the National association of racing commissioners show that California in 1936 reaped more

than \$1,700,000 in taxes and license fees, Rhode Island \$1,200,000, Maryland \$1,045,000, Massachusetts \$1,011,000 and Florida \$822,554.

Several other states had revenue lower than that of Texas. New York and Texas last year realized about the same sum, approximately \$486,000. Illinois was only slightly higher than \$493,881.

California, Florida, Illinois, Maryland, Massachusetts, and Rhode Island all had greater pari-mutuel play last year than this state. The California play of \$42,237,374 was more than twice the Texas total of \$18,751,174.

Department of Education officials say they will be able to release the last of the \$19 per capita school apportionment late in August. That means the available school fund will be about even at the start of the new fiscal year September 1.

Most of the talk has been on the proposal authorizing a return to the fee system of compensating district county, and precinct officers. Plans have been made, however, for a systematic campaign for adoption of the amendments permitting state aid to adult, needy blind and dependent children.

County officers, like the public, are divided on whether the legislature should be permitted to put them back on the fee basis. District clerks at their recent Houston convention adopted a resolution favoring continuation of the fee system.

In addition to the fee system amendment and those expanding the Social Security program, the

It's Our Family's Whiskey, Neighbor

One of Wallace Bros. Elephants taking peanuts off us!

Judging by the scare look on Tom's face, I'd say he wasn't so keen on fooling with Eva there!

Harry E. Wilken

I bet Our Family was making whiskey before Eva was born!

—and this is our own Family's Recipe

Those elephants eating peanuts there mightn't be over thirty or forty years old for all I know. Or like as not they'd be a hundred years or so.

I'll bet people living to be as old as elephants would know a whole lot! But the next best thing is to learn from the folks that have gone before you—and that's what we've tried to do in our Family—learn from Pa Wilken all he picked up in his 40 odd years of distilling, just as he learned from Grandpa Wilken what he knew about making fine whiskey.

And this personal Family's Recipe of ours has got everything all of us learned concerning making whiskey mild and tasty. Yes sir—everything!

Harry E. Wilken

THE WILKEN FAMILY

CHURCHES

ST. MATTHEWS MISSION
 R. J. Swell, minister-in-charge
 Holy Communion, 8 a. m.
 Church school, 8:45 a. m.
 Morning prayer and sermon, 11 a. m.

SALVATION ARMY
 843 E. Barnes-st
 Capt. Herman Lambrecht
 Sunday, 2:30 p. m., Company meeting or Sunday school.
 Sunday, 6:30 p. m., Young People's Legion service.
 Sunday, 8 p. m., Salvation service.
 Subject: "Follow Thou Me."
 Tuesday, 7 p. m., Home League service for women.
 Wednesday, 8 p. m., Mid-week prayer service.
 You are always welcome at The Salvation Army.

FIRST BAPTIST CHURCH
 Kingsmill and West-sts.
 Sunday school, 9:45 a. m.
 Morning worship, 11 a. m.
 B. T. U., 7 p. m.
 Evening worship, 8 p. m.
 Dr. G. W. McDonald, president of Wayland College, Plainview, will preach for us at both services Sunday. Dr. McDonald has touched the lives of many young preachers of today. His experience in evangelism is widely known, and we bespeak for him a good hearing. A cordial welcome awaits all who will attend.

EVERY MAN'S BIBLE CLASS
 City Hall Auditorium
 At 9:45 Sunday morning at the city hall the Every Man's class will meet. This class extends a welcome to all visitors and strangers who might be in town at this time, and to those who do not have a regular place to go to Sunday school. Last Sunday the class elected the following new officers: C. W. Briscoe, president; J. A. Meek, first vice-president; D. B. Jameson, second vice-president; Paul Brown, secretary; and Frank Hill and Stanley Brake, assistant secretaries. Fred Thompson will teach the lesson Sunday.

CHRISTIAN SCIENCE
 901 N. West-st.
 "God" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 4.
 The golden text is: "To the only wise God our Savior, be glory and majesty, dominion and power, both now and forever" (Jude 1:25).
 Among the citations which comprise the lesson-sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is Thine. Thine is the kingdom, O Lord, and Thou art exalted as head above all" (1 Chronicles 29:11).
 The lesson-sermon includes also the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures imply that God is all-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas... Allness is the measure of the infinite, and nothing less can express God" (pages 331 and 336).
 Sunday, 11 a. m.
 Sunday school, 9:30.
 Wednesday, 8 p. m.
 Reading room in church open Tuesday and Friday 2 to 4 p. m. You are cordially invited to attend our services and use the reading room.

JEHOVAH'S WITNESSES
 The local company of Jehovah's Witnesses meet Sunday evening in the commissioner's room at the city hall.
 The subject of the Bible lesson beginning at 7 p. m. is "Opposing God."
 A lecture on the subject, "Religion vs Christianity" will be given from 8 to 9 p. m. Religion is any form of worship practiced by creatures in recognition of some higher power which formalism finds support only in tradition.
 Christianity means full obedience to the commandments of God, even as Christ Jesus obeyed and taught those commandments to others.
 Hear this lecture and you will be convinced that while there are numerous religions there is but one Christianity. It is now given to the people of good will to learn the origin of religion and to know the truth that leads to life and happiness.

FIRST METHODIST CHURCH
 At the Sunday school hour Sunday morning, July 4, all ex-soldiers are invited to be special guests at 9:40 o'clock for a special Fourth of July program. D. A. Bartlett, head of the Pampa Legion, will be in charge. H. F. Luby, commander of the Veterans of Foreign Wars, will make a short talk. Charlie Maisel, commander of the American Legion, will speak a few moments. Judge Sherman White will speak on "The Significance of the Fourth." There will be special music which will consist of melodies of patriotic songs.
 At the eleven o'clock hour, Ralph Randall of Panhandle will speak at a laymen's service. Mr. Randall is well known to people of our city and we consider it a privilege to have him bring a message.
 Epworth League will meet at 7. At 8, Dr. Will C. House will preach on "True Patriotism." Dr. House will return Sunday afternoon from Memphis, where he has been conducting a meeting.

FIRST CHRISTIAN CHURCH
 John S. Mullen, minister
 Corner Kingsmill and Starkweather
 9:45 a. m., Church worship. Special music by the choir. The Lord's Supper is always observed at this service, and all who consider themselves to be followers of Christ, are invited to partake.
 Sermon by the minister, "The Beauty of Holiness," 10:45 a. m. Bible school. The nursery, beginners and juniors go to their class rooms at 9:45 and remain in session until 12:25. The other classes go into the auditorium for the church worship

When Gas Gun Fired Into Crowd Killed Picket

Tear gas drifts over the two men and trickling blood forms a darkening pool on the sidewalk as a fellow picket stoops to pick up the body of striking George Mike, 39, outside the gates of the Moltrup Steel Products Co. at Beaver Falls, Pa. Mike was fatally injured when a deputy sheriff fired a gas gun, accidentally, he said, into a crowd of strikers at close range. The projectile struck Mike in the head and he went down on his face. Notice the flags flying in the background, and the buildings of the Moltrup plant. Mike's death was the 13th of the seven-strike steel strike.

Bilbao's Weary Conquerors Rest on Their Laurels

Victorious in the three-month attack on Bilbao's defenses, troops of the Spanish rebel forces, happy but exhausted by the long battle, rest in the streets of the Basque capital before being assigned to billets. The soldiers busily tinker with their equipment while boys and girls of Bilbao hover around to make friends.

and go from there to their various class rooms.

7 p. m., Christian Endeavor. The intermediate society meets in the intermediate room on the second floor of the Educational building. The Senior society meets in the men's class room in the basement.

8 p. m., Daily vacation Bible school program. There will be a play by the Juniors and features by the Primary and Beginners.

FIRST PRESBYTERIAN CHURCH
 Sunday school, 10 o'clock
 Rev. J. R. Sharp, of Canyon, will preach at the 11 o'clock hour.

CENTRAL BAPTIST CHURCH.
 Service at 1. Subject, "The Song of the Saved." Evening service. Subject, "Behold, the Lamb of God." Services are still held in the tent, but there are no mosquitoes. All are invited.

MCCULLOUGH-HARFAH METHODIST CHURCHES
 Hubert Bratcher, Pastor

These churches are in the midst of a revival campaign and a record attendance is expected in every department Sunday.
 Sunday school 9:45 (Ross Combs and Neely Rogers, Superintendents).
 Morning worship (McCullough) 11:00. Special music by B. R. Lamance. Sermon by Dr. Thos. S. Batus.
 Dinner on the ground 12:00.
 Quarterly conference 2:00.
 Sing-Song 2:30.
 Group meetings (young people, adults, children) 7:15.
 Evening worship (McCullough) 8:00. Special music. Announcements by Bro. Nance. Sermon by the pastor.
 Evening services will be held every night next week with Rev. Lloyd Jones of LeFors preaching. Group meetings each evening at 7:15. Song-service at 8:00.
 You have a special invitation to be with us in the all-day meeting Sunday.

NO CALLERS ON LIST OF PRESIDENT TODAY

HYDE PARK, N. Y., July 2 (AP)—President Roosevelt faced today one of those rare occasions in the life of a president—a day with not a single caller on his engagement calendar.
 As members of the family who came east for the Roosevelt-du Pont wedding began to scatter, he planned to stay close to his mother's Dutch county estate except for a possible motor ride around the countryside.
 The President capped the first of five days he intends to spend here with a radio address last night congratulating Canada on the 70th anniversary of her confederation.

International Sunday School Lesson

GOD HEARS A PEOPLE'S CRY.
 Text: Exodus 1:6-14; 2:23-25.
 By WM. E. GILROY, D. D., Editor of Advance.

Prosperity brings its problems for races and nations as well as for individuals. The children of Israel, settled in Egypt where they had gone from their own famine-stricken land to the help and protection of the powerful and illustrious Joseph, had an era of great prosperity in their new home.

How terse and powerful are the descriptions in the Bible! How could one convey within a few words so complete a picture of success and prosperity as is conveyed in the words that "the children of Israel were fruitful, and increased abundantly, and multiplied, and waxed exceedingly mighty; and the land was filled with them?"

Just how long this continued is not clear, but about 300 years apparently elapsed from the time of Joseph and the rise of this new dynasty with a king over Egypt "who knew not Joseph."

Then began one of the great episodes in the long history of anti-Semitic movements. With a swiftness similar to that in our own time with which the Jews have been persecuted and harried or driven from Germany, this new "king" aroused his subjects to racial prejudice. With much the same motives and arguments as have been manifested in anti-Jewish movements of our own time, he pointed to the growing power of these Jewish people and the danger that he believed they constituted in the state.

"The people of the children of Israel are more and mightier than we." There was probably no more truth in this assertion than there is in similar prejudicial statements concerning the Jews today. In the ancient time, as today, anti-Jewish prejudice took to itself high-sounding phrases and the profession of idealistic ends. "Let us deal wisely with them," said this persecuting monarch; but his wisdom consisted in enslaving the people, in setting taskmasters over them, and in binding them with heavy burdens.

The persistency and strength of

the Jewish people, then as now, were manifest in their continued growth despite their oppression. Bitterness and hard service could not destroy the spirit of that people. In their distress and groaning also, a new spirit began to move among them. They were concerned less about the ease, and comfort, and wealth, that had been taken from them, and they were forced to think of higher things, of freedom and right and truth.

The record is that though earthly covenants had been broken, God heard the groaning of the people, and remembering His covenant with Abraham and Isaac and Jacob, "He saw the children of Israel and took knowledge of them."

The truth is that the people began themselves to be mindful of that covenant. God never forgets or breaks His covenant. His attitude is unchanging, and the people, in their distress, discovered realities that they themselves had forgotten. (Copyright, 1937, NEA Service, Inc.)

SCOUT NEWS

SHAMROCK, July 2—Jack Shull was named scout troop head at a scout leaders meeting this week, with Lee Wallace assistant scoutmaster. E. K. Caperton will serve as chairman of the scout committee. J. R. Benson, chairman of the Court of Honor, R. C. Lewis, Edwin Griffin and Dr. Joel Zeigler, finance committee. The first meeting of the scout troop will be held Tuesday night. The first hike will be July 13th. During Mr. Shull's membership in the scouts he has won the distinction of being awarded 52 merit badges.

Outline of Great Books
 250 of the World's Best Works of HISTORY TRAVEL SCIENCE RELIGION BIOGRAPHY PHILOSOPHY
 Introduction by JOHN ERSKINE
 Over 200 Illustrations
 Introduction by JOHN ERSKINE
 250 of the World's Masterpieces from Earliest to Modern Times Condensed for Enjoyable Reading
 A WHOLE LIBRARY of IMMORTAL LITERATURE IN ONE VOLUME

DO YOU KNOW—
 Who wrote the Canterbury Tales?
 What famous Italian goldsmith was also one of the world's greatest lovers?
 What were the causes of the French Revolution?
 Who wrote the most famous diary in the English language?
 What famous scientist wrote down the first observations on the motion of the heart and blood?
 In the fascinating pages of the OUTLINE OF GREAT BOOKS you will find the answers to these and many other interesting questions that arise in reading and conversation. Here you will quickly familiarize yourself with such famous classics as Richard Henry Dana's "Two Years Before the Mast"; the essays of Ralph Waldo Emerson; Plutarch's Lives; "Dart Juan" by Lord Byron; Thomas de Quincey's "Confessions of an English Opium-Eater" and many other works of literature, science, travel, poetry, etc., etc., all presented in the author's own words, but edited in the popular style of "Reader's Digest" to give you a lot in the least space and time.

Now You Can Talk About Books with the Best of Them!
 There's no longer any need for you to sit in tongue-tied embarrassment when the talk turns to literature. You can become really "well-read" in just a few weeks—with the aid of the OUTLINE OF GREAT BOOKS. In this one book you are given (quickly, easily, pleasantly) the gist of the 250 great works which are most frequently spoken of in the social talk of well-bred, well-educated men and women.
 These 250 books are expertly condensed—each in its author's own words—into a single volume of over 1300 pages, 3 1/4" x 8 1/4" in size, handsomely bound in cloth, with rich gold stamping. Over 200 portraits, with authors' biographies. Keep it on your library table, entertain yourself reading a few fascinating masterpieces every evening, and soon you'll be able to hold your own in any conversation about literature! There's reading here to interest the whole family—father, mother and the children at school! Get your copy today!

BROTHER HOAX PLEASES CARDS AFTER 2 YEARS

HOUSTON, July 2. (AP)—The new deals' social security legislation exposed the aid of a social security card, uncovered the "Red" Davis story which had been a secret of no more than three persons about two years.

It has to do with "Red's" acquisition by the Cardinal system. A couple of years ago, Scout Charley Keicher, veteran of the Card staff, Robert Davis, a little red-headed infidel, in action in amateur baseball, and sent him a contract.

Then John H. Davis, Robert's kid brother, stepped into the picture. He also is a little red-headed infidel.

He didn't have a job. So he took the contract, signed it "Robert Davis" and reported to the Cardinal system.

Last year he made good in class D company, and this year was promoted to the Columbus club of the American Association.

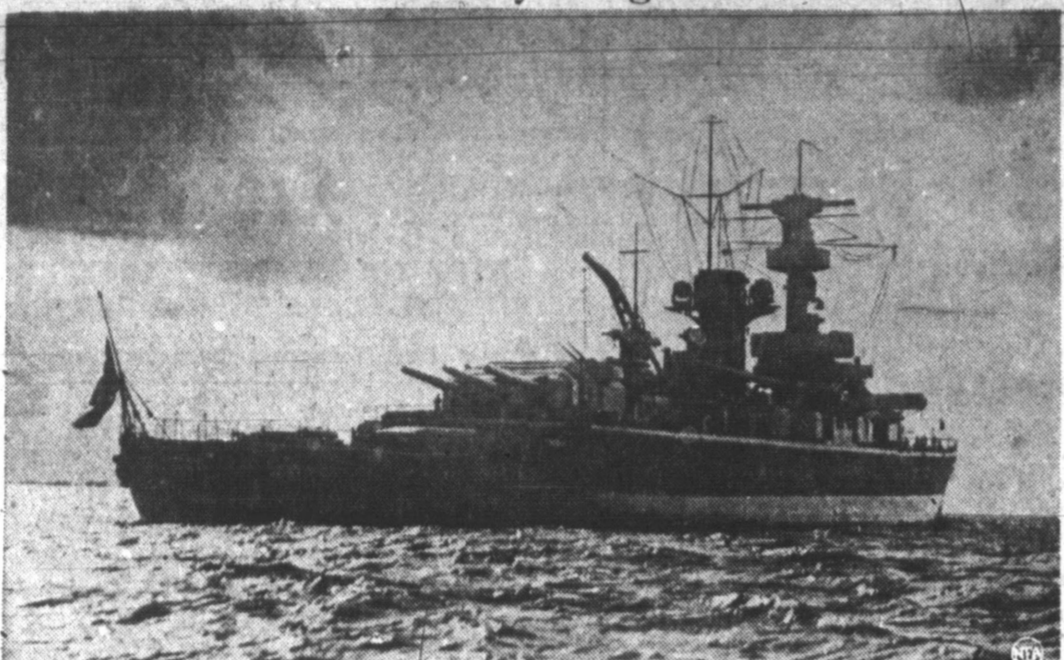

That is the "Red" Davis who is with the Buffs now. His name is John instead of Robert. It finally was discovered through a social security card which was forwarded here from Columbus bearing the name of "John H. (Robert) Davis," and a request that Ankenman discover just what name the youngster had a right to use.

Ankenman called "Red" into the office and discovered the hoax by which the youth joined the Cardinal system.

The other part of it is that the real "Robert," the one wanted by the Cardinal, joined the Card system last year and now is playing class D ball in the far northwest.

"Red" Davis of Houston, Ankenman said, is considered one of the Card's prize rookies.

Pride of German Navy Brings Home Its Dead

The pocket battleship Deutschland, bombed by loyalist Spanish aviators at Iviza, in the Balearic Islands, returns to its base at Wilhelmshaven, Germany, under lowering skies, and with its flag at half-mast in tribute to the 31 sailors killed in the incident. It was in retaliation for their deaths that a German fleet shelled Almeria. The dead sailors were given a state funeral.

deal for a temporary restraining order against the troops.

Company officials said today that plants in the Youngstown area, normally employing 30,000 men, are "within 1,000 men of normal."

Inland Steel Denies This "back to work movement—the union insists the companies' estimates are 'exaggerated'—has been accomplished without any change in their attitude toward the union.

The attitude of Inland Steel and of the three corporations involved—Republic, Bethlehem and Youngstown Sheet and Tube—has been that they would sign no bargaining contract with the John L. Lewis union.

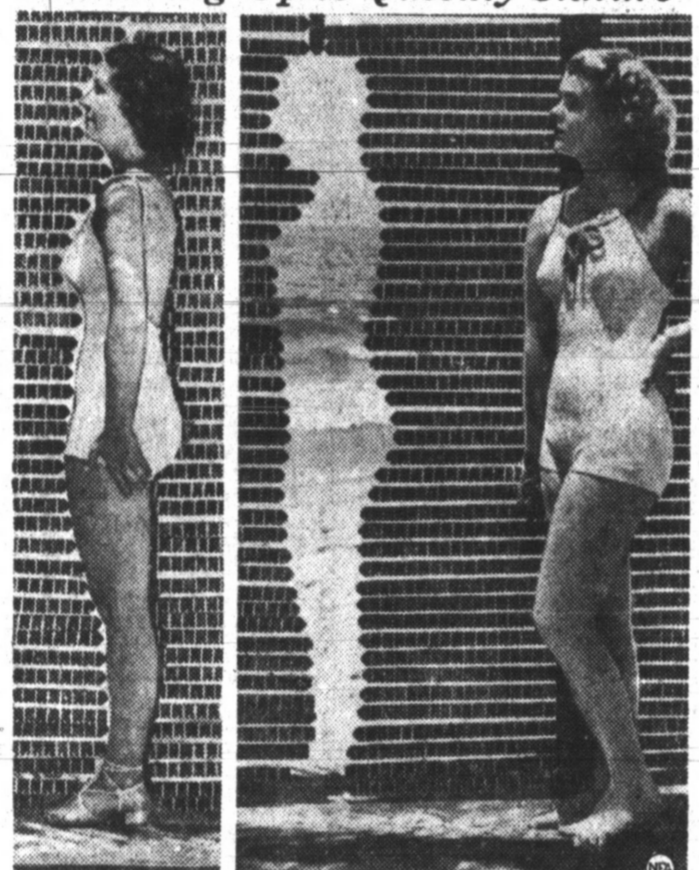

The report of President Roosevelt's strike negotiation board, made public at Washington by Secretary of Labor Perkins, put the blame for that board's failure to effect a settlement on the steel companies.

The secretary said she thought the opposing groups would meet "sometime" and that "when they do, they will solve the problem."

At East Chicago, Ind., locked gates were Youngstown Sheet and Tube's answer today to overtures from Gov. Townsend believed a settlement would be made before nightfall.

The company's president, Frank Purnell, said only two days ago he would sign no agreement with CIO, the union whose strike has kept the plant idle more than a month.

Measuring Up to Queenly Stature

Figures can't lie in the novel gadget demonstrated here—the "figuremeter" employed at Venice, Calif., in preliminaries of the search for beauty to be climaxed by the selection of "Miss California" for the city's annual Mardi Gras.

WASHINGTON, July 2. (AP)—"Uncle Dan" Beard, a sponsor of the Boy Scout movement, took a philosophical view today of modern times.

"This period is only part of the swing of a pendulum," said the 87-year-old Scout.

"You know, it took a revolution to produce the Magna Charta. Another upheaval preceded the Revolutionary war.

"Of course, the moral and physical life of the youngsters today is not what I thought it would be back in 1910."

"But yet, perhaps we shouldn't judge the times by conditions just today. Perhaps this represents the pendulum swinging again and the country may be better off for it—how do you know?"

MARKET BARRIERS

NEW YORK, July 2. (AP)—Short covering on sections and a better news environment aided the stock market to gains of fractions to a point or more today.

More auspicious news, brokers said, included further abatement of strike worries, mounting hopes for the French currency difficulty and a lift of 50 cents a ton in steel scrap at Pittsburgh.

Table with columns for stock symbols (Am T, Am T & SF, etc.) and their corresponding prices and changes.

NEW YORK CURE

CHICAGO, July 2. (AP)—A drawn battle was the final outcome of Chicago wheat trading today with July contracts

KANSAS CITY LIVESTOCK KANSAS CITY, July 2. (AP)—(U. S. Dept. Agr.)—Cattle 1,200; calves 300; mostly cleanup trade at steadily steady prices.

NEW ORLEANS COTTON NEW ORLEANS, July 2. (AP)—Prices slid off slowly during the morning on speculative selling and at the lowest were 12 to 17 points below the previous close.

BOSTON, July 2. (AP)—The Commercial Bulletin will say tomorrow: "The movement of wool from Boston is absolutely prevented by the strike of woolhandlers, who have been granted all their demands and closed shop on which the wool trade refuse to arbitrate as a matter of principle."

BELLIGERENT RIGHTS DEMANDED BY FASCISTS

Italy and Germany, still flatly opposed to an Anglo-French neutrality patrol of all Spain's coasts, proposed today that both sides of the Spanish civil war be given belligerent rights.

The plan was offered jointly at a second critical meeting of the intervention sub-committee dealing with the withdrawal of Germany and Italy from the 4-power neutrality naval patrol.

It was submitted as a counter-proposal to the Anglo-French plan and left still unanswered how Europe was to save its peace from Spanish explosion.

Earlier, Britain and France formulated what was regarded as a firm stand against Italy and Germany on the issue. British Foreign Secretary Anthony Eden told the House of Commons there could be no agreement on belligerent rights at the moment.

French Foreign Minister Yvon Delbos was reported in Paris to have told the chamber of deputies foreign affairs committee that France and Britain might over-ride Italo-German objections and jointly patrol Spain's coasts. There also was the possibility of complete abandonment of the non-intervention scheme.

Edens, meanwhile, received fresh reminders of their empire's defense preparations. Warnings were posted against suspicious aerial photography. A drive was announced for 8,000,000 tons of scrap iron and steel for armaments. Military officials of

MILITARY FUNERAL FOR MCCORMICK PLANNED

Ex-service men of Pampa are invited to be at the American Legion, but on West Foster avenue at 2 o'clock tomorrow and go from there to attend funeral services for Sergeant Willard W. McCormick, 27, killed in an automobile crash near Louisville, Ky., Monday night.

Services will be conducted at 3 o'clock in First Baptist church, burial will be in charge of Ducrest-Carmichael Funeral Home at Fairview cemetery where military services will be conducted. The body was to arrive here at 2:09 this afternoon.

WHEAT \$1.10

Wheat reached a new high today when local elevators posted a price of \$1.10 a bushel, four cents more than the close yesterday.

JAMBOREE TO BE BROADCAST OVER NETWORK

WASHINGTON—The most extensive radio coverage from the national capitol since President Roosevelt's inaugural broadcasts last January are telling millions of parents, Boy Scouts and their friends throughout the world the daily story of the national Jamboree here from June 30th to July 9th, in which more than 25,000 American boys are taking part.

John B. Kennedy, famous NBC commentator, will dedicate his part of the RCA "Magic Key" program of Sunday, July 4, to the Jamboree. His program, originating from the studio tent, will be heard from 2 to 3 p. m. EDT.

A partial list of the "special events" to be broadcast over the NBC networks follows:

July 4—A non-sectarian inspirational convocation in the evening with 25,000 Scouts participating at the base of the Washington Monument, one of the high spots of the Jamboree.

July 5—Scout Pilgrimage in the morning to the tomb of the Unknown Soldier.

July 5—Evening celebration of Independence Day with 25,000 Scouts seeing a colorful fireworks display and hearing a band concert.

July 5—Mobile broadcasting unit will describe President Roosevelt's drive down Constitution avenue from the Capitol to the White House reviewing the "stationary parade" of 25,000 Scouts lined on both sides of the historic street. Reception later at the White House grounds.

July 8—Closing night at the Jamboree. Farewell interviews with Scouts, band music and short talks by principal Jamboree camp chiefs.

Mary and Buddy and Wedding Cake

They had just repeated the words of a simple ceremony that made them man and wife and were smiling over their wedding cake when this informal picture of Buddy Rogers and Mary Pickford was taken. The private wedding was performed in the mansion of a friend, followed by a huge reception at the Pickford Hollywood home. The couple left that evening on a Honolulu honeymoon.

greater and more spectacular than the show last year. From the moment President Roosevelt, by remote control, served the lariat stretched across the entrance of the grounds, there has been a continuous clicking of turnstiles as crowds poured in to see the galaxy of stars such as Paul Whiteman, Harriet Hoctor, Everett Marshall and many others.

A completely new show is Casa Manana this year, using as its theme the four best selling books, "Gone With the Wind," "Wake Up and Live," "Lost Horizon," and "It Can't Happen Here."

PLANTS NEED DARKNESS: IT HELPS THEM GROW

WASHINGTON (AP)—Gangway for auxins! They're neither topographical errors nor cousins of penguins. They're nothing more or less than the hormones that regulate the growth of all plants, including the grass in your front yard.

Science has just discovered that the activity of auxins in stimulating the growth of plants comes principally in the darkness. Therefore the darkness is as essential to plant growth as is light.

The discoverers of this strange phenomenon of the plant world are Dr. Earl S. Johnston of the Smithsonian Institution and Dr. Paul R. Burkholder of Connecticut college.

As the earth, traveling along its orbit, passes the other planets, they appear to travel backwards, making a complete loop in the sky before resuming their original direction.

CONSTIPATION IS A MISERABLE THING!

It takes the pep right out of you—makes you feel tired and irritable—ready to worry over the slightest thing.

Yet it can be corrected in most cases so easily. Common constipation is usually caused by lack of "bulk" in the foods you eat.

Millions of people have learned that Kellogg's ALL-BRAN ends constipation by putting "bulk" back in the diet. Within the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass and gently sponging out the system.

Kellogg's ALL-BRAN also furnishes vitamin B to tone the intestines and iron for the blood.

Two tablespoons daily as a cereal with milk or cream, or in recipes, are sufficient. Three times daily in severe cases.

Sold at all grocers—and guaranteed by Kellogg in Battle Creek.

12,000 ATTEND FRONTIER FIESTA ON OPENING NIGHT AT COWTOWN

FORT WORTH, July 2.—The Fort Worth Frontier Fiesta, featuring the 1937 Casa Manana Revue, this week got off to a flying start with a record attendance of 12,000 at the huge cafe-theater alone on opening night.

As the successor attraction to the 1936 Frontier Centennial moved into high gear on its regular schedule, words of praise poured from the typewriters of eight distinguished newspaper and magazine critics who flew here from New York for the formal opening.

Besides the huge crowd that three times jammed the House of To-

morrow on opening night, thousands of persons witnessed the other unique attractions that Billy Rose, Broadway showman deluxe, has placed on the grounds to make Fort Worth the fun spot of the Nation—Melody Lane, where famous composers play their own compositions; Firey Garden, where the renowned Salici Puppets perform; Pioneer Palace, already celebrated for the extraordinarily hilarious performance last year, and the thrill show, "Flirting With Death."

Already the nation has learned that the Frontier Fiesta is even

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, July 2 (AP)—Gov. James V. Allred hasn't made up his mind where he will go for a vacation, but is thinking of spending a few days at Galveston.

"I may not take any at all," he said recently.

To a question as to where was the best place to rest, he said positively, "On a ranch. There's no better place in the world."

Not long ago the governor slipped away from cares of a legislative session and spent several days on a ranch in southwest Texas. He likes to ride and loaf.

Debate in the Senate recently over what should be done with Texas' 284 jacks and stallions brought into notice the fact most of the animals are quartered in the black land farming belt.

There is a simple reason. According to Senator Olin Van Zandt of Texas, sponsor of a bill which would continue supervision of the animals in the department of Agriculture, they must be located where there is demand for them or the service fees will not pay expenses.

The heaviest demand, he said, came from farming areas where machinery has not displaced horses and mules in farm work. In some parts of West Texas, he said, machinery has about shoved horses and mules out of the pictures.

The State government continues to expand and there is a consequent never-ending demand for office space.

So cramped were quarters of the engineering divisions of the railroad commission new ones had to be found. Accordingly, the engineers and certain other employees were shunted two blocks west of the capitol and set down in a frame building, formerly a residence and a funeral home.

A move in the general session of the Legislature to build a state office building in the hotel but authors did not press them, thinking the time not ripe.

The matter unquestionably will come up again and most persons familiar with the congestion and the constantly growing government think the building ultimately will have to be built. Some members regarded as strictest in matters of state economy are advocating a building.

KEEP COOL WITH

NOTICE TO STOCKHOLDERS.

Notice is hereby given that on July 30, 1937, at 10 a. m. a meeting of all the lot owners in the Fairview Cemetery of Pampa, Gray county, Texas, will be held at the White Deer Land Company's building No. 116 South Cuyler street, Pampa, Texas, for the purpose of forming a corporation as provided for in title 26 of the Revised Civil Statutes of 1925 of the State of Texas.

Admiration!

TEA KEEPS YOU COOL

Parental pride in accomplishments of the young—be they beast or bird or human—and a manufacturer's pride in his product may be pardoned. When the Duncan Coffee Company achieved a fine blend of coffee, they named it "Admiration." Try it and you'll agree that you cannot buy a finer coffee at any price than Admiration.

Packed three ways: Vacuum glass jars, air-tight tin can, and Cellophane-covered bags. Ground three ways: Steel cut, fat-pots and percolators, Dripkut for dripolators and tricolators, and Pulverized for glass coffee-makers. Always oven-fresh.

DUNCAN'S Admiration Coffee

"WHAT TEXAS MAKES TEXAS"

FENCE POST FARMS' THRIVE IN WEST WALLA WALLA, Wash. (AP)—"Remember the fence posts" has become an important axiom in the lumber-producing Pacific northwest. Experts have determined 88,000,000 board feet of lumber are used each year in replacing fence posts in Washington and Oregon alone. In states where farms are smaller, the annual fence post consumption is much larger. Lumber companies have established several "post farms" near here to test various methods of treating posts to withstand weather and insects.

SPEAKING OF SAFETY

BUT A MOTORIST MUST HAVE TWO GOOD LIGHTS TO DRIVE SAFELY AT NIGHT!

WHAT CONGRESS IS DOING

(By The Associated Press.)
 Today—Senate:
 Debates farm tenancy bill.
 La Follette committee continues inquiry into Chicago strike fatalities.
 Labor committee considers wage-hour bill.
 Agriculture committee continues hearings on Norris power bill.
 House:
 Joint committee on tax dodging hears wind-up of treasury's case.
 Agriculture committee studies bill to simplify farm credit administration.
 Irrigation committee opens hearing on Colorado river project.
 Yesterday:
 Senate rejected increase of proposed farm tenancy fund.
 House passed rivers and harbors bill and natural gas regulatory measure.

66-Year Old Texan Executed In Chair

HUNTSVILLE, July 2 (AP)—Clemens Constantine Matura, 65, the oldest man to be executed in Texas, died in a chair early today for killing Miss Rebecca Corsey, aged spinster, near Haskell in May, 1936. He was dead at 12:08 a. m.
 Before he was strapped into the chair he told witnesses: "I never would have done this if I hadn't been drunk."
 Matura had been convicted in the deaths of three other persons. His brother, John, was slain accidentally when Matura shot and killed Vince Krobart in 1897. He was convicted of slaying John Page in Haskell county in 1923.

STANFORD U. RECEIVES HOOVER LIBRARY GIFT

PALO ALTO, Calif. (AP)—A gift of \$142,684 toward construction of a building to house the Herbert Hoover war memorial has been announced by Leland Stanford University. The source was not made known.
 Started by former President Hoover when he was in Europe during the World War, the library is a collection of books, magazines, newspapers and private documents bearing on the war. Scholars regard it as priceless for research.

Whether he promised that in case U. S. Steel signed a collective bargaining agreement he would then demand contracts from the independents and call strikes of refused, can only be a matter of conjecture for the rest of us. But it was understood here that Lewis would do exactly that.
 So what would you have done in Taylor's place? An explanation of why Girdler and Grace wouldn't sign with Lewis would be more complex. Unquestionably CIO was more strongly organized in U. S. Steel than steel. Lewis isn't suffering either. "Big Steel" signed a collective bargaining agreement with the CIO after conferences between Lewis and its chairman, Myron Taylor. So "Big

SNAKES FOR TIBBITS.
 And perhaps you didn't know that the Department of Justice captures criminals and the criminals capture rattlesnakes and sooner or later the meat of those rattlesnakes shows up on certain tables—heaven knows where—in the form of hors d'oeuvres.
 Officers and clients at a federal prison camp near Tucson, Ariz., in the Catalina mountains used to kill the snakes they encountered and throw them away. But they have discontinued that wasteful process. They capture the snakes and pass them on to a lady in Tucson who fattens, kills and cleans them and cans the meat for shipment to the east.

Steel isn't having any strike and is producing—and profiting—full blast.
 Taylor, in his position, obviously appreciated the large difference between having the U. S. Steel plants tied up in this big production year and having the independent plants tied up. There are various types of raps that corporations take when they run up against a strike of the kind waged by Mr. Lewis.
 Taylor and J. P. Morgan decided to let the independents take the rap if they desired. Up to that time the independents had been dead certain U. S. Steel would take the rap. They received the surprise of their lives, and men like Tom Girdler of Republic Steel, Eugene Grace of Bethlehem, and Ernest Weir of National, are reported to have been hornet-mad ever since.
 There were many considerations, but one in Taylor's mind was the fact that independent companies had been taking tonnage away from U. S. Steel in recent years. It was Taylor's job to build up the business of his corporation and its subsidiaries. Lewis could be useful in keeping up a rigid wage scale among U. S. Steel competitors in case he organized them. And he could be much more useful tying up their plants than tying up those of Taylor's corporation.
 At any rate, Lewis convinced Taylor that he was all set to take U. S. Steel first and alone, and that he could put a large crimp in its production.
