

## ARGENTINE REGIME OVERTHROWN BUILDING PERMITS LARGER-NEW THEATRE IS STARTED FIRST WEEK OF PRORATION WORK APPEARS TO BE SUCCESSFUL

### PAMPA TOPICS OF OUR CITY

Thoughts while at Rotary banquet for football boys:  
It is rather hard to determine which group profited most—the boys or the men. Adults are sometimes surprised suddenly to remember that they were young once. That boys have ideas and ideas, opinions and philosophies. That the men are being watched and, to a certain extent, inflated by the boys. More of the men are known to the boys than the former realize.

Victory always adds zest to the banquet spirit. But the Rotarians emphasized that they would have been as strongly behind the boys had they gone down fighting. The Lions and Kiwanians plan later honors for the Harvesters, and the thing that will count will be the way the game is played, not the score primarily.  
The boys are honored not because they are athletes. They are fighting to uphold the dignity and honor of the community. Their school work is part of their effort. Good sportsmanship is essential. Football is a mental as well as physical activity. As someone remarked, the value of brains is not so noticeable until you see some fellow with less than his share of this important endowment. Football is the civic service of a large group of Pampa boys.

Not merely those on the field are rendering such service. They also serve who only stand, or sit, on the sidelines and wait. The Harvester reserves played a magnificent game Friday. By this we mean that their minds and hearts, though not their bodies, were in that game. They did not sit on the sidelines and talk about their next dates or a hunting expedition they planned. Some of them will yet save the day for Pampa this year, and may be developing their mental, physical, and moral qualities will render brilliant service in the future.

Time was when Pampa had only eleven football men in high school, and if one was knocked out the reserves resorted to bench sitters and the side on the field knew that there are fellows eager to get into action. This season's team is better than last year's if for no other reason than that the reserves "play" a better game than they did last year, and are capable of better relief performances when called upon by the coaches.  
Emphasis upon the physical can easily be overdone. The sort of emphasis the civic clubs are placing upon football and the man-boy relationship has a greater meaning than athletics in the usual sense. Victory is desired, of course. But if every football man can know one, two, or more business men intimately and can feel the kindly interest of these adults he will be a better student and will be better able, in later life, to appreciate his own son and the sons of his associates. The odds are that the men need the ideals of clean sport as greatly as do the boys.

Living unselfishly and cleanly for and with a boy nets results as tangible as a load of brick. A little time and money invested in a youth returns later to cheer the donor, be he king of business or merely a laborer in the ranks. It is a pity that so many boys and girls struggle with adversity and lack of opportunity when men with much wealth of possessions but little of mind and heart could be of such great help. Men of a community should look to the school teachers to supply all the companionship the lads crave. Most of the teachers

### DECLINE OF GRAY COUNTY UNDER WAY

#### Gauge Crews Worked On Potentials Of Wells

#### UMPIRE BUSY ON HUGE TASK

#### Total Production To Be Near 75,000 Barrels

That the first week of oil proration as devised by the railroad commission was actually and psychologically successful is indicated in production and drilling reports of the area. Last Tuesday morning, H. J. Corcoran, proration umpire, started the difficult task of enforcing the order in the five Panhandle counties.  
When the plan was drafted by the Panhandle operators committee the potential production of each well producing more than 25 barrel of oil daily was estimated, and Mr. Corcoran, finding it necessary to inaugurate some curtailing measure, used the committee's potential as a basis for slashing the production. However, by Sept. 15 he expects to have gauged the potential capacity of every well in the field.

Yesterday morning, seven borrowed gauge men began ascertaining potentials and 12 men will be in the field tomorrow morning. With this information in hand, the umpire will assemble the operators and submit his figures, together with the commission's order. Actual proration will then likely follow. The commission has ordered that the Panhandle output shall not exceed 80,000 barrels, but it is generally believed that the maximum production will be between 70,000 and 75,000 barrels. The proration committee estimated the potential production of the field at 107,000 barrels and based their withdrawals in this estimate.

Gray county led the field in production decrease last week, the 690 wells producing 67,975 barrels with a loss of 3,748 barrels compared with that of the previous week. Carson, Hutchinson and Wheeler also decreased. The area production last week was 97,451 barrels, a decrease of 5,018 barrels. Five wells were completed but all were small and two were found dry and were abandoned.

Only two locations were reported. Completions were as follows: Danciger Oil and Refining company's 1 Catlin, section 97, block 3, total depth, 3,120 feet, initial production 17 barrels.  
Magnolia Petroleum company's No. 9 Bowers, section 53, block B-2, total depth, 3,375 feet, salt water, dry and abandoned. Same company's No. 1 Cubine section 36, block 25, total depth 2,775 feet, temporarily abandoned. Midwest Exploration company's No. 1 Waggoner, section 173, block 3, total depth, 3,263 feet, shot with 140 quarts from 3,160 feet to 3,258 feet, initial production 370 barrels.

Texas company's No. 21 Saunders, section 1, B. and B. survey, total depth 2,797 feet, initial production 145 barrels of oil and three million feet of gas.  
Locations were made as follows: Cockerell-McIlroy Oil company's No. 1 Yarbrough, 1,263 feet from the north line and 330 feet from the west line of the east half of the northwest quarter of section 114, block 3, rotary. Magnolia Petroleum company's No. 2 Cubine, 999 feet from the north line and 330 feet from the west line of the northeast quarter of section 36, block 25, location.  
Production of the various counties compared with the previous week: Carson—224 wells, producing 8,353 barrels, a decrease of 3,748 barrels. Gray—680 wells, producing 67,975 barrels, a decrease of 3,748 barrels. Hutchinson—981 wells, producing 20,817 barrels, a loss of 748 barrels. Moore—20 wells, producing 450 barrels, a gain of 198 barrels. Wheeler—40 wells, producing 670

### PAMPA WOMAN IS VICTIM OF WRECK

Mrs. George Kesterson, 30, died on Friday at Canyon, as a result of injuries received when the sedan in which she and her two children, Elmer and Bobbie, and Mrs. Henry Stirner, were riding overturned four miles east of Hereford.  
Mrs. Kesterson and children and Mrs. Stirner left Pampa Friday morning about 11 o'clock enroute to Clovis, N. M., where they planned to visit. When the car overturned, the two women were thrown out of the automobile. The children were unhurt. Mrs. Stirner suffered injuries as a result of being pinned underneath the wreckage. She is under a doctor's care at Canyon.

Mr. and Mrs. Hollis Power, Henry Stirner, and George Kesterson, went to Canyon immediately after learning of the accident. Mr. Stirner remained in Canyon; Mr. and Mrs. Power and Mr. Kesterson returned to Pampa. Mr. Kesterson returned to Canyon yesterday.  
The body will be sent to Quinnton, Okla., for burial.  
Both families lived on the Bowers lease. Mr. Kesterson and Mr. Stirner both being employees of the Midwest Exploration company.

### Wood Is Found Insane by Jury

According to a letter received here from his father, Prof. Jack Wood, formerly connected with the local schools, was adjudged of unbalanced mind at a lunacy hearing in Dallas Wednesday.  
The letter stated that the jury returned the verdict after deliberating a short time, and the opinion was expressed that Mr. Wood had been suffering from the malady for more than a year.  
Arrangements were being made to place him in a state hospital.

### Bowers Will To Be Probated Soon

The will left by Mrs. Joe Bowers, wealthy Gray county pioneer who recently passed away, will be probated in court before Judge Ivey E. Duncan, Monday morning, it was announced today. The proceedings will include naming of appraisers to make an inventory of the property left by Mrs. Bowers, and subsequent assessing of its value.  
Mrs. Bowers left the bulk of her fortune to her three sons, it is understood. The property comprises oil values.

### New Traffic Officer Is Hired

Lester L. Renner is Pampa's new traffic officer.  
He succeeds Art Regier, who has resigned. Renner took up his duties here yesterday. For the last year he was a member of the traffic squad of the Amarillo police department; he resigned his position in that city Friday.  
Renner is the only motorcycle officer in Pampa and is one of the heaviest, if not the heaviest, member of the police department, as he weighs 246 pounds.

### SWALLOWS INSECT—DIES

VICTORIA, Sept. 6.—(AP)—George Jaynes, infant son of Mr. and Mrs. G. S. Haynes, was dead here today; the second Victoria child to die within the year, after swallowing a poisonous red insect resembling a wasp.  
"No," she replied. "I do realize that my ideas of world peace and the eradication of social evils that exist must be established very gradually."

### Pleads for Old Age Insurance

JANE ADAMS  
By NEA Service  
BAR HARBOR, Me., Sept. 6.—Looking back over her long experience in dealing with social welfare problems, Jane Adams, famous founder of Hull House in Chicago, who reached her 70th birthday here today, is convinced the greatest need of America today is insurance against unemployment and poverty in old age.  
In a special birthday interview with NEA Service, she said:  
"Our most pressing need—one that will do away with much suffering—is the enactment of wide-spread measures for insurance against unemployment, old age and other such preventable disasters. There has been a small beginning in this, but it must be carried out on a large scale to be efficacious."  
Praises Arms Limitations  
Grayer and less physically active than in other years, but mentally more alert than ever, the renowned social worker gave her views on life and world progress from her summer retreat, Hull Cove, at Bar Harbor, where she celebrated her birthday quietly, receiving messages of congratulation from all parts of the world.  
Asked what she considered the most important achievement of the present age, she said:  
"I believe the outstanding achievement, the one we of today should be the most proud of, has been the establishment of conferences and treaties between the governments of the world for the reduction of armaments and the outlawry of war. It is certain in dictation of the time when national friendship will be more than a mere expression. The establishment of the world court is another big step in this direction."  
"This comity between nations is, in my opinion, the best guarantee for world betterment."  
"What I consider the most deplorable situation in the United States is the lack of imagination and sympathy for peoples and countries unlike ourselves. The fault lies in ignorance and should be remedied by our educators."  
"Have any of your ideals of social ethics changed?" she was asked.  
"No," she replied. "I do realize that my ideas of world peace and the eradication of social evils that exist must be established very gradually."

### SCURRY DEPUTY WOUNDED WHEN STOPPING FIGHT

SNYDER, Sept. 6.—(AP)—Acting as peacemaker between two other men culminated today in the shooting and wounding of O. S. Wills, 56, of Pflugerville, deputy sheriff of Scurry county.  
The shooting occurred at noon, on this square here. Wills told officers afterward that a man for whom he had been acting as go-between in a dispute with another man, called him to his automobile and began shooting at him.  
Wills struck at the gun and the first shot went wild but the second struck him in the left shoulder. He jumped to the running board of the car and grappled with his assailant, holding the man until Sheriff F. M. Brownfield arrived.  
Frank Greer, 30, farmer living five miles south of Pflugerville, was arrested and charged with assault to murder. He later was released under \$3,000 bond. His wife and mother were in the automobile with him at the time of the shooting.  
Wills was taken to a hospital at Lubbock but late today, attendants reported his condition was not serious.

### STRONG FOR ICE CREAM

WASHINGTON, Sept. 6.—(AP)—The consumption of ice cream in the United States last year was three gallons per person. The production reached a grand total of 365,448,000 gallons.

### LIQUOR TREASURE SEIZED

NEW ORLEANS, Sept. 6.—(AP)—Five thousand sacks of liquor estimated to be valued at \$250,000 were seized today by federal prohibition agents in a marsh near De La Croix Island.

### "LA NORA" IS BIGGEST ITEM HERE LATELY

#### Partial Permits Are Taken Out By Glover

#### CONSTRUCTION IS WELL STARTED

#### Building In Texas Is At Low Ebb Of Season

The late summer building boom which started here several weeks ago was reflected this week in the building permits which totaled \$58,950. The projects included five residences and the La Nora theater.  
Contractor John T. Glover applied for permission to construct only the front and rear parts of the theater building. The estimated cost of this was \$45,000. The entire building is scheduled to cost \$125,000. Other permits will be issued later.  
New projects include: J. C. Lunsford, frame residence, Carlson addition, \$2,000; E. C. Barrett, frame residence, Wilcox addition, \$1,000; F. E. Hoffman residence, East End, \$2,000; O. L. Woods, residence, Alexander addition, \$1,000. Three other building items amounted to \$150, \$500 and \$600, each.  
The weekly amount raised the total for the year to \$832,500.  
Construction of the La Nora theater began this week on the site formerly occupied by the Crescent theater. Its height will be equivalent to four stories. H. A. Gilliland is erecting the structure. The Griffith Amusement company has arranged to lease the building.

### PAMPA RANKS HIGH

DALLAS, Sept. 6.—(AP)—The summertime lull in construction work persisted in Texas this week, as reflected in building permits reported by various Texas cities. Houston led the list for the week.

### Man Believed From Idaho Killed And Robbed on Houston Highway

SEELY, Sept. 6.—(AP)—A man believed to be Ben Titworth from Lava Hot Springs, Idaho, was found murdered near his car three miles south of Seely on the road to Houston today.  
Robbery was believed to have been the motive for the killing as his clothes were stripped of all valuables.  
He was shot once in the temple and his body was dragged about 60 feet and hidden in the woods.  
The body was found by a passer-by who was attracted to the scene by Titworth's car parked on the side of the road with no one near it.  
From papers found in the car it was indicated that Titworth was a convict guard. The credentials indicated that he had been connected with several penitentiaries, mostly in the western part of the United States.  
Titworth was last seen when he passed through here, late Friday. His car bore California license number 28-1008.

### Pampa Child Runs Away But Talks Too Much

A 10-year-old Pampa girl who decided to leave home because of fancied wrongs was able to reach Borger Friday, but was returned to her parents a few hours later after a search had been instituted.  
The child packed a few belongings in a miniature suit case and started walking. She secured rides to Borger and asked a hotel keeper there to take her ring in exchange for lodging. She inadvertently admitted to the hotel manager that her father was an employee of the Tulsa Rig & Reel company of Pampa. The Borger office of that company was notified and the child was identified, then her parents informed of her whereabouts.  
The child said a former playmate lived in Borger, and that she had intended to find her. She was not adverse, however, to returning home.

### SEVERAL DAYS MAY BE NEEDED FOR BIG HEARING

Hearing on a petition in which Jno. V. Andrews challenges the legality of 367 ballots cast for his opponent, Lon L. Blanscet, in the run-off primary for sheriff of Gray county, was set for Thursday by the county democratic committee yesterday.  
Mr. Blanscet, who was nominated by 22 votes, through his attorneys, Cook, Smith and Teed, and Underwood, Johnson, Dooley and Simpson, will answer the allegations made by Mr. Andrews about Wednesday, it was said. In addition, Mr. Blanscet in his answer, is also expected to challenge the legality of ballots cast for Mr. Andrews.  
The hearing will consist of the presentation of testimony and arguments regarding the voting qualifications of persons who cast ballots in the election. Mr. Andrews alleges that 367 voted illegally for Mr. Blanscet. Names of these persons are listed in the petition.  
The question of whether the ballot office of a person who voted in Gray county after paying his poll tax in another county, should be counted seems likely to be disputed. It is claimed that many who obtained poll taxes and voted had no right to do so because they were not residing in Gray county in January, 1928.  
Inasmuch as at least 367 ballots must be investigated it is believed that the hearing will require several days, or even more. The losing contender for the office is expected to file an appeal for hearing of the case in district court, from which there is no appeal, after it is tried before the democratic committee.

### Robbery Attempt At Hoover Halted

An attempt by three men to rob the general mercantile store at Hoover on Thursday night was frustrated by an employee who was sleeping in the store. The three men fled when they discovered the employee who shot at them as they ran down the railroad tracks. A car left by them was taken into custody by officers of the sheriff's department.  
A young man who claimed the car yesterday morning is being held in the county jail for investigation.

Dean Boles is in Enid, Okla., visiting his grand-parents, Mr. and Mrs. O. H. Hayes and Mr. and Mrs. W. S. Boles.

### FIFTEEN DIE IN BATTLE AS POLICE FIRE

#### Military Forces In Full Control Now

#### BRIEF REVOLT VERY POPULAR

#### New Officials Are Chosen—Paper Burned

BY NELSON J. RILEY  
Associated Press Correspondent  
(Copyright, 1930, and all rights reserved by the Associated Press.)  
BUENOS AIRES, Sept. 6.—(AP)—Military forces tonight overturned the government of Hipolito Irigoyen after a sanguinary encounter with a little group of mounted police in which approximately 15 persons were killed and 100 wounded.  
Early in the evening the public hospital estimated that 1,000 persons had been killed or wounded, but it appeared late tonight the hospital had greatly exaggerated the number although it was impossible at the time to compile an accurate list.  
Among the wounded were Captain Enrique Padilla, noted international polo player, and a military cadet named Poisson. Most of the casualties were civilians.  
Some civilians were injured in mid-afternoon when police fired on a group in the Plaza Mayo who had cheered the appearance of military airplanes over the government house.  
The revolt was brief and resulted in the ousting of Dr. Enrique V. Martinez, president for a day after the retirement of Irigoyen.  
Two armies of soldiers, police and civilians marched on the government house from two directions, and the white flag was run up on the building after a sanguinary battle between the oncoming troops and a detachment of mounted police in the Avenida De Mayo in front of the newspaper La Epoca, a government organ which later was sacked and burned by a shouting mob.  
Soldier in Charge  
The leader of the revolt, General Jose Evaristo Uriburu, a noted soldier, took charge of the government, named a civilian cabinet and issued a proclamation stating the country was under strict military law.  
Vice-president Enrique V. Martinez, who had taken over the government yesterday under constitutional provisions with the retirement of President Irigoyen, then resigned and told the commander of loyal forces, General Toranzo, to lay down his arms.  
With that the military revolt was over in the capital, although the provinces have not been heard from because of scanty communication. It was reported, however, that at La Plata, capital of the province of Buenos Aires, public demonstrations have demanded the resignation of Governor Crovetto.  
Apparently the clash between the incensed police and the soldiers was the only serious conflict in connection with the revolt. Little could be learned of it because of the surging thousands in the heart of the city and the resultant confusion, but it appeared that the police, stalwart fellows from the north and south knowing but locally, opened fire on a detachment of soldiers in trucks.  
Use Machine Guns  
The troops unlimbered machine guns and the top-lap of these weapons could be heard even in the Associated Press bureau.  
A proclamation issued by General Uriburu at the same time, at the same time he announced the subject presumed drastic execution before a firing squad for those who violate the new regime of military law.

### Sanitation Is Urged As Health Move In Pampa

The city health department yesterday issued the following statement upon the necessity for sanitation to prevent spread of contagious and infectious diseases:

"As school time is here, the same precautions should be practiced on inside, and as long as there are diseases on the inside of the city there will be similar diseases on the outside. To promote health we have to begin with personal cleanliness, which should be taught at home and in the schools. The health department advocates the vaccination of children against smallpox, influenza, scarlet fever, and diphtheria, also the re-vaccination of those who have not been vaccinated during the last seven years.

"In cases of exposure to an infectious or contagious disease the people should consult their physicians as to the proper precautions they should take, and when there is sickness in the neighborhood it would be more proper for the people not to visit in such homes until a physician has been called and diagnosis made. Many persons are exposed by visiting their neighbors in the beginning of a contagious disease.

"Schools and public buildings should be provided with sanitary drinking fountains, lavatories, wash basins, and sanitary paper towels. In our schools, the children should be taught the necessity of cleanliness by frequent washing of their hands and especially before eating their lunches. There is danger of infectious diseases being transmitted from one to another while playing.

"The health department also advocates proper foods, one of the most valuable of which to promote bone and muscle is milk. Children should have all the milk they wish daily."

### Mobeetie Pioneer Woman Succumbs

Funeral services of Mrs. Nannie Katharine Park, 66, who died at her home in Mobeetie, Friday, September 5, were conducted in Mobeetie Saturday at 1 o'clock, with the Rev. Sam Thomas, the Rev. John Crow and the Rev. Clinton Evans, officiating. Burial was in the Mobeetie cemetery.

Mrs. Park had been a resident of Texas for 25 years, principally in Mobeetie, where she had lived for nineteen years. She joined the Methodist church in Mobeetie when she first came to that town, and had been a member ever since that time, and was a member of the Ladies Missionary society of that denomination. The Order of the Eastern Star was another organization to which she belonged.

She was preceded in death by her husband, Rufus Park, who died on April 26, of this year. She is survived by two sisters, Mrs. Molly Dozier, Covell, Ill., and Mrs. Edith Benton, Madison, Pa., and several nieces and nephews.

Funeral services were in charge of the Stephenson Mortuary.

The Hollywood Story

COPYRIGHT 1930 by NEA SERVICE Inc. by ERNEST LYNN

BEGIN HERE TODAY

Through a letter that he receives from a friend in New York, DAN RORIMER, Hollywood scenario writer and former New York newspaper man, needs ANNE WINTER, who has come from Tulsa, Okla., to try to get extra work in the movies.

NOW GO ON WITH THE STORY

Rorimer had entered the restaurant with Martin Collins, the director and Jim Connelly, but at sight of Eva Harley sitting alone at a corner table, he excused himself and hurried over to her.

covered bare white arms and shoulders, and a low-cut, tight-waisted gown of another era. "I'm supposed to be a Floradora girl," Eva explained. "I parked the hat."

CHAPTER X

Rorimer had entered the restaurant with Martin Collins, the director and Jim Connelly, but at sight of Eva Harley sitting alone at a corner table, he excused himself and hurried over to her.

is closed on her wafer glass. And her reply came with a shade of defiance and a touch of bitterness. "It's not all," she admitted, "but it's one reason. Another, if you care to know it, is that Mona's just a kid and she needs somebody around who knows what's good for her and what isn't. You don't see any of these would-be shiks hanging around her, do you?" she demanded, and Dan said he hadn't.

CHAPTER XI

Presently he reminded the tall blond girl sitting across the table from him that, though she had given her reasons for thinking that Mona's chances for Hollywood fame were small, she had not, after all, said anything that he would be in-

terested now in anything she said about herself. "You don't mind, do you?" he asked. "Why should I?" "Because," Dan said, "you gave me the impression when I met you of being very quiet and self-effacing and—do you mind if I speak frankly?—and a little mysterious." He smiled. "I felt that you didn't like me—and that's an uncomfortable sort of feeling to have."

CHAPTER XII

But he knew an increased respect for Eva Harley, and if he had entertained any doubts concerning her suitability as a living companion for Anne Winter, they now were gone. He thought: "There's a story some where down deep in Eva, and it's not very pleasant. It's tearing her heart out."

pictures, she went on, she had found fairly steady employment. "I had some pretty decent bits, too. But now—well, if you're pretty enough and small enough, if you can sing a little and do a tap-dance routine without falling on your face, there's jobs to be had in the movies. That's not my style." Her laugh was short and mirthless. "I'm out of luck, that's all," she concluded.

CHAPTER XIII

He sat studying her for a while, and presently Eva turned toward him again, extinguishing her cigarette, and informed him that today's was the first motion picture employment she had had in almost a month.

## HARVESTERS OPEN SEASON BY DEFEATING SPUR HIGH, 19-14

### STRONG TEAM BEATEN AFTER HARD BATTLE

BY OLIN E. HINKLE  
Spur High school, aspirant for the Panhandle Class B title this season, fell short in her attempt here Friday afternoon to take a victory from the Pampa Harvesters, who are beginning their first year in Class A. Pampa high won 19 to 14, in the first grid contest in this section.

Scoring by periods:  
Spur 14 0 0 0—14.  
Pampa 7 6 0 0—18.  
The first half was played under a warm September sun, and the second largely in a downpour of rain which drenched the teams, officials, news men, and many spectators. More than 1,500 persons, including many business men who had closed their stores for the game, were present. A girls' cheering section, led by Miss Bobbie Jean Robinson and Miss Susie Bell Hickman, last year's yell leaders, did good work although school had not yet opened and no practices had been held.

**Hard Fought**  
The crowd was in mid-season temperament, but the competing teams not quite so far advanced. However, it was an unusually close game for a beginner, and the players were exceptionally well conditioned. Every man used in the game showed plenty of fight.

Spur's letter men boxed in the Pampa ends and tackled in the first half and gave Jim Hahn, the brilliant No. 36, a chance to tear down the field. Jim was the visitors' great star, and his brother Joe, playing for the first time, was hardily noticed. Captain Puckett of the opposition was also a capable grinder, despite a recently cracked collar bone.

Captain Salsbury was the best man on the field, and his towering form was seen in nearly every play. Albert Lard played brilliantly until forced out by two rib fractures which will incapacitate him for the Perryton game next Saturday. Martindale and Chastain showed themselves in condition for regular play, with Bill Barnett and Joe Kahl scarcely less capable.

The line needs most attention, and will get it. Coach Odus Mitchell noted needs for a number of changes, and predicted that much improvement would be shown against Perryton. The linesmen will probably meet no tougher opposition many times this season than they faced Friday. They were outweighed several pounds and had to cope with experienced players.

The Harvesters made a total of 216 yards from scrimmage and had 17 first downs; Spur made 11 first downs and 260 yards. Pampa gained 94 yards on two passes; the Bulldogs 88 on three heaves. Two Spur passes were intercepted and five were incomplete.

Spur kicked off to Martindale, who wriggled back for 20 yards. Salsbury and Chastain plunged at the Spur line for small gains. Martindale had Chastain tipped off tackles for a first down. Lard lost 4 but on the next play regained 9 yards. Chastain fumbled but recovered, losing 3 yards. Captain Salsbury punted out to Puckett, rival captain, who was downed in his tracks.

Spur gained 6 yards in three plunges then punted 35 yards to Martindale, who returned 20 yards to his own 30-yard line. Lard fumbled but recovered for a 9-yard gain. Don Salsbury ran into his own interference, making half a yard. Lard advanced the ball 4 yards for a first down. Martindale found an open field to his liking and sped past the Spur line, reeling off 29 yards. Lard drifted around right end for 12, dropping on the 23-yard line. Chastain and Don were held, but Chastain tried again for 9 yards, which Lard changed to a first down through a 9-yard advance. Captain Salsbury plunged through right tackle for a touchdown, and received the extra point when Spur was offside on the place-kick, Pampa 7, Spur 0.

Spur's score came a few minutes later. Her Mr. Barrett returned the kick-off to his 36-yard line. Puckett plunged for 5, Joe Hahn circled left end for 3, then Brother Jim Hahn called for a clear right end, got it, and went 35 yards before he could be halted. He got 3 more, then Rickles passed to Puckett, who stepped over the line. Puckett plunged through for the extra point, knotting the score at the end of 25 minutes elapsed time. Pampa 7, Spur 7.

Taking the next kick-off, Salsbury shook off the Spurs, returning the compressed air 38 yards to his 46-yard line. Rhodes stopped Chastain for a 5-yard loss. Then the Spur line held and Don punted out 35 yards. Brother Jim of the visiting eleven again called for a clear right zone and this time he covered the entire approximately 75 yards to the Pampa goal. It was a criss-cross play. Puckett converted for the point, ending the scoring for the first quarter. Pampa 7, Spur 14.

The second quarter opened with the Pampa defense wobbling. Lard circled right end for 16 yards, but Captain Don then shortly had to punt. Spur likewise failed to click, and Rickles punted into the end zone. After an exchange of punts, Lard passed to Kennedy for an 18-yard advance, placing the ball on Spur's 22-yard line. Lard and Salsbury through short plunges swept up to the 2-yard mark, from where Chastain bucked over. Don's kick was barely wide. Pampa 13, Spur 14. Pampa outplayed Spur during the remainder of the half, and the period ended with the ball on Spur's 20-yard chalk.

Spur had made 3 first downs to Pampa's 9, but led on account of the long scoring runs. Spur out-gained the Harvesters in the first period, 128 to 109 yards, but were completely outclassed in this department in the second quarter, 81 to 4.

At the beginning of the second half Spur started auspiciously, and included an 18-yard pass, Puckett to Jim Hahn. Passes proved Pampa's opportunity, however, when Salsbury snatched one and, with good interference at the start and clever drifting in open ground, covered 75 yards to the goal. It was a magnificent effort. Lard's place-kick for extra point was wide. By this time a driving rain had begun, ending the scoring. Pampa 19, Spur 14.

Martindale a few moments later returned a punt 64 yards to the goal zone for Pampa, but the referee ruled that a teammate had signalled for a fair catch and the ball was brought back to the signal point. The rest of the quarter was evenly fought except for a 30-yard end run by Lard, who was injured on the play and replaced by Kahl. In this third quarter Pampa made 2 first downs to 4 for Spur, and gained 51 yards from scrimmage as compared with 72 for the visitors.

The Harvesters by this time had Sartin and Kennedy at end, and

### Clingman Must Make Weight When He Tackles Silent Rattan Here

Otis Clingman is carefully counting his calories this week, in preparation for Thursday night, September 11, when he is scheduled to meet "Silent" Rattan, Dallas, famous deaf and dumb wrestler, in a match at the Pla-Mor auditorium.

The Pampa athlete says that he must not weigh more than 187 pounds by 1 o'clock Thursday afternoon, and in order to accomplish this he must lose one pound each day. "Baby face" began his reduction program Friday. The Dallas wrestler is willing to grant Clingman a five pound advantage.

Rattan was scheduled to wrestle in Pampa some time ago, but a match with Jack Reynolds, world's champion, resulted in a dislocated arm and a twisted leg ligament, so that he could not appear on the mat in Pampa. Rattan has been wrestling for five years, is 23 years old, and weighs 150 pounds. The deaf and dumb grappler was champion wrestler at Oklahoma A. & M. college, an institution that has produced many noted wrestlers.

In the preliminaries, "Red" Michaels and Tommy Thomas, each weighing 147 pounds, will meet in a match that will be of local interest to wrestling.

### CATS HAMMER SPUDDERS AND WIN 10 TO 2

WICHITA FALLS, Sept. 6. (AP)—The Fort Worth Cats hammered White and Koob for thirteen hits and 10 runs while Whitworth and Stoner were limiting Wichita Falls to six hits and two runs here today to win the third game of the final series between the two pennant contenders. Cox hit a home run with two on base in the second inning to start the Panthers off right. Cox also hit a double and two singles. Mallon got three hits. Five Spudder errors aided the Cats in their liberal scoring.

SHREVEPORT, La., Sept. 6. (AP)—Shreveport scored its third consecutive win over Dallas today when Estrada heliethem to one run and four hits while Grimm and Meadows were touched for four hits.

Benton had been shifted from end to backfield. The changes were for the better, and substitutions in the line did not appear to weaken the middle of the wall. The fourth period opened in the mud, with even exchanges of punts. Then the Harvesters power plays began to function, and four successive first downs with Martindale, Denton, Salsbury, and Chastain plunging took the ball to the Spur 8-yard line, where the Spur line held.

Spur worked out of danger carefully, making three first downs before punting out to midfield, where, after two or three plays, the game ended. In the last period Pampa gained 75 yards from scrimmage and made 6 first downs, compared with Spur's 56 yards and 4 first downs.

### GROVE TURNS IN 25TH GAME FOR THE A'S

PHILADELPHIA, Sept. 6. (AP)—Lefty Grove, southpaw pitcher of the Athletics today turned in his twenty-fifth triumph of the season when the world's champions defeated Boston 3 to 1 in ten innings. Mickey Cochrane hit a home run with two out and Dykes on first in the final inning, breaking up a 1-1 tie waged by Hod Lisenbee against the serving of Shores in seven innings and Grove for three. Grove went into the box in the eighth, struck out three and didn't permit a hit. It was the left hander's third victory in the sweep of four games over the Red Sox.

### Tigers

DETROIT, Sept. 6. (AP)—The Tigers fell on three of the four pitchers facing them today for 15 hits and defeated the St. Louis Browns in the second game of the series 8 to 4. While Coffman, Stiles and Holshouser were being batted all over the lot, Wyatt was holding visitors to six hits, giving way to Waite Hoyt in the eighth when he showed signs of weakening. Hoyt pitched hitless ball from then on.

### GIANTS TAKE TWO

BOSTON, Sept. 6. (AP)—After losing three straight to the Braves, the New York Giants came out of their hitting slump today and clouted out two victories over Boston, 12 to 1 and 7 to 2. The Giants pounded Smith and Frankhouse for 13 hits in the opener while Fred Fitzsimmons held the Braves to nine. Bill Walker allowed the Braves only six hits in the second game while the Giants touched Sherdel and Cantwell for ten.

### Seven Spudders Sold to Browns And Milwaukee

WICHITA FALLS, Sept. 6. (AP)—The outright sale of seven members of the Wichita Falls Texas league club to the St. Louis Browns of the American league and the Milwaukee Brewers of the American Association was announced here today by William E. Huff, president of the team.

Jack Burns, first baseman; Lin Storti, second baseman; Jim Levey, shortstop, and Jack Crouch, catcher, were sold to the American league club, and Jack Kloza, outfielder; Hal Witte, pitcher, and Walter Fuller, third baseman, will go to Milwaukee.

The Milwaukee and Wichita Falls clubs are farms in the extensive St. Louis farm system. None of the players will report to their new owners until Wichita Falls completes its post season schedule.

### Favorites Holding Texas Golf Leads

HARLINGEN, Sept. 6. (AP)—Qualifying rounds of match play for amateurs only were completed today in the Texas professional golfers' association tournament here, the field including many of South and Central Texas' choicest amateur golfers.

Coming up to expectations, Jimmy Morgan and T. Lawrence of San Antonio and Hill Cooke of Harlingen, winners of the three first places in the medal play with professionals yesterday, in the qualifying round today entered the first flight for play tomorrow.

Morgan, with a 75 for the difficult par 70 course, won medalist honors, while Cooke was second with 76.

Dick Turner, McAllen, one of the favorites, turned in a 77. Turner did not enter the medal play yesterday.

Others favored for tomorrow were J. M. George, Brownsville; Mac Burnett, San Antonio; R. M. Kleberg, Corpus Christi; J. I. George, Brownsville; and S. L. McDowell.

Semi-finals and finals will be played Monday.

### Gallant Fox Is Big Money Horse

NEW YORK, Rising to financial heights heretofore unknown to American turf, William Woodward's Gallant Fox, the three year old champion, today won the thirty-eighth running of the Lawrence realization to climax a brilliant career.

In a sensational three-year-old campaign, the Fox has amassed a grand total of \$317,865, the last \$26,610 of which was earned today in his victorious jaunt around the Belmont park oval. In annexing the money winning title, the great son of Sir Gallahad III passed the former record of \$313,639 held by the Rancocas Stable's Zev, financial sensation of 1923.

CHICAGO, Sept. 6. (AP)—The White Sox broke Wesley Ferrell's 13 game winning streak today while dividing a doubleheader with the Cleveland Indians. Lyons outpitched Ferrell to win the first game 2 to 1, while Mel Harder hurried the Indians to a 4 to 2 victory in the second.

### Great French Star Is Downed By Texas Youth

By The Associated Press  
They tossed him into the thick of the fight against the seeded French player, Jean Borotra, and the dynamic Texan Saturday afternoon proved it was all a mistake to so underrate him by beating the great invader, 3-6, 12-10, 7-5.

The slender, 22-year-old kid from Austin was not considered enough by the tournament committee to be included on the list of Americans selected for favorable positions in the draw, but he played today like nobody's business to blast out of the tournament a player who still ranks among the greatest under the sun.

Bell left no doubt in the mind of the enthusiastic gallery of 7,000 as to why he was ranked ninth among the players of the nation last year and how he was able to force Henri Cochet to five sets at Wimbledon this summer.

Borotra, treated shabbily by fate in drawing the dangerous Bell for an opening opponent while other favorites faced comparative pushovers, battled with all the strength in his slender, graceful frame and all the courage of his justly famous fighting heart, but Bell had ten years more of youth on his side of the net and he prevailed.

### Dallas Man Is Leader In Fort Worth Tourney

FORT WORTH, Sept. 6. (AP)—Francis McGonagill of Dallas, paced the field through the first 36 holes in the seventh annual tournament of the Texas municipal golf association at Worth Hills today. He posted a score of 152 for his two rounds and set a limit of 167 for the championship flight.

Due to the hot pace set by McGonagill, only 23 public course players of the state were able to gain the championship division. All of the positions with the exception of one which was taken by B. C. Graves, coach at Sul Ross college, Alpine, went to Fort Worth and Dallas entrants. Dallas led with 15.

Dallas also furnished the second place entry in Howard Guidahl, who finished just one stroke behind McGonagill with 153.

### Malone To Show Refrigerators In Four Day Event

An event of interest to the women of Pampa will be the demonstration of General Electric refrigerators at the Malone Furniture at 10 o'clock in the mornings and 3 o'clock in the afternoons of Monday, Tuesday, Wednesday and Thursday, September 8-9-10-11.

The demonstration is for ladies only. Mrs. Annie Dial, factory representative of the General Electric company, will give instructions on the use of the recipe books that will be given to those attending, and will also show how to make many new desserts and salads. Favors, in addition to the books, will be given.

### Thomas Has Full Program For Week

Ralph R. Thomas, county agent, says he supposes he will kill a few prairie dogs in his spare time this week.

He has almost a full schedule for this week, every day, excepted Thursday, being filled. On Monday, he will deliver a talk at the teachers institute here. Tuesday, he will go to McLean to conduct a poultry demonstration for the McLean 4-H club, and on Wednesday he will again be in McLean where he will judge a yard contest that is being sponsored by the McLean Lions club. Thursday is an open date. On Friday, he will judge the dairy show at the Hemphill County fair at Canadian. He will complete the week at his office Saturday.

### Joe Tinker Will Try To Boost Jersey City From League Cellar

BY BRIAN BELL  
(Associated Press Sports Writer)  
NEW YORK, Sept. 6. (AP)—Joe Tinker, one of the romantic figures of baseball, has come back to the game, signing to manage the Jersey City club of the International League.

Tinker managed the Cincinnati Reds, when he had come to the end of the road as a great shortstop, and "Tinker Field" at Orlando, Fla., where the Reds go through their spring training paces, is a monument to his name, although he won no championship for the club.

Joe is older and heavier now than he was when he used to start double plays for the great Chicago Cubs, "Tinker to Evers to Chance," but the fire of baseball burns brightly in him.

There is not much time left and the Jersey City club is at the bottom of the International League heap, fans all over the country will be rooting for Joe to do some effective tinkering with the machinery and get it going.

Tinker was said by old timers in baseball to be the only player of his day who could hit the immortal Christy Mathewson consistently.

Some players could get safeties from the delivery of "Big Six" occasionally, but Tinker could always be counted on to give the great

JOE TINKER

pitcher a battle at the plate and more often than not he won.

Joe has tried to get away from baseball. He has been a real estate man in Florida with some degree of success, but after venturing in the world outside the game, has always returned to baseball.

He did some scouting of the Athletics for the Cubs before the world series last year, but at this late day should not be held against him.

### Fort Worth Cats Are Doped for Victory Over Wichita Falls In Play-Off Series of This Week

BY GAYLE TALBOT, JR.  
(Associated Press Sports Writer)  
DALLAS, Sept. 6. (AP)—Unless Lil Stoner, Dick McCabe or Dick Whitworth comes down with fallen arches or something equally disconcerting within the next three days, the Fort Worth Cats, second half champions of the Texas League, will be favored to lick the Wichita Falls Spudders in their five game play-off series starting Wednesday at Wichita Falls.

The statement defies tradition, in that a second-half champion never has been victorious in a saw-off. But it defies it on the proposition that no previous second-half winner had a trio of pitchers like Stoner, Whitworth and McCabe. Those three offer sufficient grounds for defying anything within reason.

Victory in a short series is supposed to hinge approximately 75 per cent on pitching. Granting that the Spuds have the better hitting and fielding club, which, incidentally is not granted by Cat adherents, they still would be some 50 per cent points in the red on that basis.

McCabe, with two games to play, was the only hurler in the league

with 30 victories. Whitworth had 19, Stoner 14. Between them they had lost only 24, and practically all of their defeats were suffered more than a month ago. The trio has been practically unbeatable since the Panthers started their great drive to the title about the middle of August. All three are at top form for the play-off, hot and ready to go. Prospects are that Manager Frank Snyder will shoot them at the Spudders in one-two-three order, and then start them all over again if the series goes more than the minimum of three games.

The Wichita Staff does not offer a match for the "big three." In Steengrafe, big right-hander, and Hal Witte, southpaw, the first-half champs have a pair who have won 19 games apiece. The trouble is that neither has been able to win lately. Witte, in particular, has been a disappointment. After setting the circuit afire during the first half, he suddenly lost his effectiveness and has been almost a total loss for two months. If he should suddenly find himself again, he could change the entire aspect of the play-off.

### American Polo Team Defeats Its British Rivals by Large Score

INTERNATIONAL FIELD, Westbury, N. Y., Sept. 6. (AP)—America with another combination of four young horsemen galloped off victorious today in the first match with Great Britain for the historic international polo cup. The final score was 10 to 5 in favor of the white-clad riders led by Tommy Hitchcock, and it came close to being a complete rout in the final lap.

A crowd officially estimated at 45,000, the greatest that ever witnessed a polo match, saw the Americans come from behind, gain a lead of 5-3 in the first half and then with a spectacular finish, double their advantage in the last four periods.

As a result of their decisive tri-

umph, the American team now is a prohibitive favorite to capture the series in two straight games and successfully defend the trophy they have held for the past ten years. It was the seventh straight victory for the United States over England in cup competition since 1921. The second match is scheduled next Wednesday.

The twin stars of today's triumph for America were Eric Pedley of California, playing at No. 1 in his first international match, and 22 year old Earle A. S. Hopping, who justified his belated selection by Captain Hitchcock for the vital No. 2 position by performing spectacularly.

### RULERS ON SUFFERANCE

Mr. James W. Gerard's assertion that 59—or was it 64—prominent Americans really rule the nation has drawn fire from any number of places, and the discussion provoked by his remark will not die down for a long time. There have been indignant denials and vehement affirmations; certainly it is quite obvious that the financial and industrial leaders he names, if they do not actually rule us, at least exercise a tremendous amount of influence in governmental, social and economic affairs.

However, to admit that much is far from admitting that we are in the grip of a financial oligarchy. It may be perfectly true that such men as Morgan, Ford, Mellon and Rockefeller have things pretty much their own way; but that does not in the least mean that democracy, in the old sense, has come or is coming to an end.

Consider the matter for a moment. The political framework set up by the Revolutionary statesmen still exists unshaken, revised in places only to make the self-government they dreamed of more certain and more easily workable. Every adult citizen still has a vote. It is still possible for the government chosen by the people to put any kind of curb the people ask on big business. The people, through their representatives, can pass any kind of law they want.

It may be objected, of course, that this is only theoretical; that in practice big business and finance have such power over elected representatives that this self-government is largely a myth. But what of it. The power, in the last analysis, still remains in the hands of the voters. It is theirs to use whenever they care to use it.

To be sure, big combinations of business men have more than their share of power in the government today; but they have it, so to speak, on sufferance. Ford, Morgan and the rest are allowed to exercise power because the people are convinced that these men are giving the country good service. As long as they continue to do so the people will be satisfied.

In other words, the power that these "rules" enjoy is only a loan. The loan can be called at any time. The American democracy still has its hands on the reins. Self-government is by no means in a bad way, even if Mr. Gerard's assertion be taken at its face value.—NEA.

### Again Konjola Shows What It Can Accomplish

Prominent San Antonio Man Eager in His Praise Of New Medicine

MR. C. OLIPHANT

"I am glad to endorse Konjola to any who suffer as I did," said Mr. Charles Oliphant, well-known San Antonio railroad man, 423 Lamar street, San Antonio. "About a year ago I suffered a breaking out on my skin. Little patches of pimples appeared and were called water-blisters. They itched and burned severely, and, though I tried many remedies I gained only temporary relief. From Konjola, I gained what I consider miraculous results. The breaking out disappeared within three weeks after I began taking Konjola. I had kidney trouble but now the pains in my back and the swelling under my eyes have disappeared also. I feel better in every way and have gained weight. I think Konjola is a very fine medicine."

Konjola is recommended over a six to eight weeks period and is designed to relieve ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis, and nervousness.

Konjola is sold in Pampa, at the City Drug store, and by all the druggists in all towns throughout this entire section.—Adv.

(Continued from page 1.) are women (without them the nation would totter on its foundations) who despite their marvelous virtues of mind and heart cannot understand many of the problems and impulses, and enthusiasms of boyhood.

It is apparent that many of the fathers of the Harvesters will have to keep training with their sons. The dads swell with pride when their sons reel off yardage on the "enemy", and it takes good conditioning to enable them to contain themselves.

While the Spur boys were delighted to see the rain at the game Friday for more reasons than one the one we refer to particularly here was mentioned by a visitor. It is that many of the Spur lads, having lived in that drought area all their lives, had never seen a real rain. Be this as it may, The Pampa did not have on a dry thread at the end of the game. This Week Perryton will be the ambitious opponent, which recalls to mind the football special train of last year, and the sea of mud in which the Harvesters won a fine victory. The lads hope to be up-an-at-tem this time on dry turf—an ambition which this writer shares, with gusto.

### Mileage Contest For Chevrolet Car Owners Announced

All drivers of Chevrolet sixes, either 1929 or 1930 models, are invited by Cudberson-Small Chevrolet company and other business firms of Pampa, to a fuel economy contest, in which they can determine exactly the mileage on gasoline of their cars. And at the same time, the chance of winning one of several valuable prizes.

All that is necessary for Chevrolet Six owners to do is register at the Chevrolet agency Monday or Tuesday and it is best to register early for in case of a tie the prize is awarded to the driver registering first.

The car of each entrant will be equipped with a recommended fuel tester, containing one quart of gasoline, the fuel line disconnected and the motor run until the carburetor is dry. The owner will drive the car and will be accompanied by an official judge, who will check the mileage.

There are no strings attached to the contest, which will be held Wednesday Thursday and Friday.

The benefit is all for the Chevrolet owners, even the gasoline is free to all who enter. The same kind of gasoline will be used in all cars and each car will be driven over exactly the same route.

The rules of the contest and the firms co-operating are listed in a page announcement in this issue of the News.

### Annual Breakfast Is Planned Here Friday Morning

One of the most interesting social events of the season, an annual presidents' breakfast, was planned at a called business meeting of the Twentieth Century club Friday morning in the home of the President, Mrs. W. A. Bratton, 906 Maryellen street.

The president-elect, Mrs. R. W. Mitchell, will be named honoree for the breakfast, which will be held in Mrs. Bratton's home September 23, and all other federated club presidents in Pampa are to be guests for the occasion.

Yearbooks Approved  
Yearbooks were presented and approved by the club, each of ten lessons being based on psychology. The course is given by the University of Texas.

The first regular meeting will be held on September 23 and meetings will continue on the second and fourth Tuesdays of each month. Various members are to entertain in their homes.

Those Present  
Those attending Friday morning's meeting were Mrs. Bratton, Mrs. Clifford Braly, Mrs. F. M. Culbertson, Mrs. A. H. Doucette, Mrs. Paul Kasahke, Mrs. H. D. Lewis, Mrs. Porter Malone, Mrs. R. W. Mitchell, Mrs. Tom E. Rose, Mrs. A. R. Sawyer, Mrs. Joe Smith, Mrs. J. D. Sugg, Mrs. H. C. Twiford and Mrs. Edward Vlears.

### Keeps Her Real Name For Stage Use

Pretty June Blossom has stepped from the role of a debutante in society to a debutante in a Broadway show.

NEW YORK, Sept. 6 (AP)—June Blossom sounds like a stage name, but it's her real name, too.

Society called Miss Blossom last winter, and she became a New York debutante. Now the stage has called, and by coincidence she's playing this part of a debutante in a Broadway comedy.

June has not forsaken society entirely, although study of voice culture and stage dancing claims most of her attention since she was signed by the Shuberts.

Only 19 years old now, she has been graduated from an exclusive New York school and has spent a year at the Sorbonne studying languages and voice.

Apart from her society and stage interest, she likes welfare work and sports.

### Miss Wigham Is Recent Bride of Lee C. McConnell

Pampa friends of Miss Ruba M. Wigham and Mr. Lee C. McConnell learned yesterday of their marriage Saturday evening, August 30 at an Oklahoma town just across the Texas line.

The married pair is now on a honeymoon trip in Colorado. They left Pampa by motor Tuesday afternoon, informing immediate relatives of their marriage. When they return they will make their home in Pampa.

Miss Wigham was born in this section of the Panhandle and lived in Carson and Gray counties before moving to California with her mother. Later she returned to Pampa and has been employed as city bookkeeper for the past year.

Mr. McConnell is from one of Gray county's oldest and wealthiest families.

### COLUMN—

(Continued from page 1.)  
are women (without them the nation would totter on its foundations) who despite their marvelous virtues of mind and heart cannot understand many of the problems and impulses and enthusiasms of boyhood.

It is apparent that many of the fathers of the Harvesters will have to keep training with their sons. The dads swell with pride when their sons reel off yardage or stop the "enemy", and it takes good conditioning to enable them to contain themselves.

While the Spur boys were delighted to see the rain at the game Friday for more reasons than one the one we refer to particularly here was mentioned by a visitor. It is that many of the Spur lads, having lived in that drought area all their lives, had never seen a real rain. Be this as it may, The Pampa did not have on a dry thread at the end of the game. This Week Perryton will be the ambitious opponent, which recalls to mind the football special train of last year, and the sea of mud in which the Harvesters won a fine victory. The lads hope to be up-an'-at-'em this time on dry turf—an ambition which this writer shares, with gusto.

### Mileage Contest For Chevrolet Car Owners Announced

All drivers of Chevrolet sixes, either 1929 or 1930 models, are invited by Cuddeback-Small Chevrolet company and other business firms of Pampa, to a fuel economy contest, in which they can determine exactly the mileage on gasoline of their cars. And at the same time, the chance of winning one of several valuable prizes.

All that is necessary for Chevrolet Six owners to do is register at the Chevrolet agency Monday or Tuesday and it is best to register early for in case of a tie the prize is awarded to the driver registering first. The car of each entrant will be equipped with a recommended fuel tester, containing one quart of gasoline, the fuel line disconnected and the motor run until the carburetor is dry. The owner will drive the car and will be accompanied by an official judge, who will check the mileage.

There are no strings attached to the contest, which will be held Wednesday Thursday and Friday.

The benefit is all for the Chevrolet owners, even the gasoline is free to all who enter. The same kind of gasoline will be used in all cars and each car will be driven over exactly the same route.

The rules of the contest and the firms co-operating are listed in a page announcement in this issue of the News.

### SUSPECTED OF THEFT

**CORSICANA, Sept. 6.—(P)—**Edgar Earl Mayes, negro janitor of the local postoffice, was under arrest today after postal inspectors charged him with stealing special delivery letters. He was to be taken to Dallas by a United States marshal.

**BUENOS AIRES, Sept. 6.—(P)—**The government announced late tonight that former president, Irigoyen, whose government was overthrown by a revolt tonight, had been arrested and was confined in the barracks of the seventh infantry at La Plata. Previously the former president had handed in his resignation and it was reported he was in very poor health.

### Shamrock Boy Held In Robbery Of Alabama Bank

**OAKMAN, Ala., Sept. 6.—(P)—**One youth was under arrest in connection with robbery of the bank of Oakman today and Mr. Alabama authorities tonight pressed their search for a second bandit who was believed to have in his possession the bulk of the \$3,700 taken from the bank.

The youth, who told officers he came to Alabama recently from Shamrock, Texas, was arrested and a companion were attempting to cross the Warrior river at Franklins Ferry, eight miles from here, several hours after the robbery.

### SEVERE RIGHT ARM

**PACIFIC GROVE, Calif., Sept. 6.—(P)—**Because she thought her right arm was "destined to murder", Alta

a racing passenger train here today Fickle, 20, shoved her arm under and the wheels amputated it above the elbow.

The girl expressed no regret as she lay in a hospital at Salinas tonight. Physicians said she was suffering mainly from shock.

## COMMITTEES ARE ANNOUNCED BY PRESIDENT OF A.A.U.W.

### Annual Breakfast Is Planned Here Friday Morning

One of the most interesting social events of the season, an annual president's breakfast, was planned at a called business meeting of the Twentieth Century club Friday morning in the home of the President, Mrs. W. A. Bratton, 906 Maryellen street.

The president-elect, Mrs. R. W. Mitchell, will be named honoree for the breakfast, which will be held in Mrs. Bratton's home September 23, and all other federated club presidents in Pampa are to be guests for the occasion.

**Yearbooks Approved**

Yearbooks were presented and approved by the club, each of ten lessons being based on psychology. The course is given by the University of Texas.

The first regular meeting will be held on September 23 and meetings will continue on the second and fourth Tuesdays of each month. Various members are to entertain in their homes.

**Those Present**

Those attending Friday morning's meeting were Mrs. Bratton, Mrs. Clifford Braly, Mrs. F. M. Culbertson, Mrs. A. H. Doucette, Mrs. Paul Kaschke, Mrs. H. D. Lewis, Mrs. Porter Malone, Mrs. R. W. Mitchell, Mrs. Tom E. Rose, Mrs. A. R. Sawyer, Mrs. Joe Smith, Mrs. J. D. Sugg, Mrs. H. O. Twiford and Mrs. Edward Vickers.

### Pampa College Of Music Will Present Recital

The opening recital of the Pampa College of Music will be presented Thursday evening at the First Methodist church, the program beginning at 8:15 o'clock.

Mrs. May Foreman Carr, pianist and dean of the college, John Cochran, head of the violin department of the Amarillo college, and Prof. Emil F. Myers, president of the Amarillo institution, will give a varied performance. This will be the first of a series of recitals to which the public is invited.

The Pampa College of Music will be located temporarily at 321 North Front street, just west of Central high school. Mrs. Carr's studio will have two pianos, string ensemble work will be featured. She has directed ensembles of as many as ten grand pianos. She holds three diplomas besides her B. of M. degree. She has taught in the cities of Chicago, Minneapolis, and Des Moines and several years at Des Moines university.

### Epworth League Members to Give Radio Broadcast

The program will be as follows: Vocal solo, Audrey Noel; Reading, Frances Campbell; Vocal duet, Ruth Noel and Ruth Wakeman; Violin solo, Laverne Twiford; Vocal solo, Malcolm Carr; Reading, Katharine Vincent; Vocal solo, Tom Hammond; Vocal duet, Audrey Noel and Malcolm Carr; Violin solo, Laverne Twiford; Reading, Frances Campbell; Vocal duet, Ruth Noel and Ruth Wakeman; Vocal solo, Tom Hammond; Reading, Katharine Vincent; Vocal solo, Audrey Noel; Vocal solo, Malcolm Carr.

### Sixty Persons Attend Meeting

Members of the Rebekah lodge of Panhandle initiated five candidates for the local group at a meeting held in the Odd Fellows hall here Thursday evening. About 60 persons were present.

Panhandle lodge members attending were Mrs. Nellie Harmon, Mrs. Minnie Garner, Mrs. Florine Hackworth, R. P. Harmon, Mr. and Mrs. H. W. Cunningham, Miss Clara Shewmaker, Mr. and Mrs. John Russell, Mr. and Mrs. Joe Russell, Mrs. Bertha Elston, Mr. and Mrs. J. M. Whaley, Mrs. C. A. McLaury and Mrs. Alberta Blackman.

O. M. Anderson, Abilene, J. T. Glass, Corsicana and Mrs. O. E. Coons, Shulder, Okla., also were present.

### Keeps Her Real Name For Stage Use

Prerty June Blossom has stepped from the role of a debutante in society to a debutante in a Broadway show.

NEW YORK, Sept. 6. (AP)—June Blossom sounds like a stage name, but it's her real name, too.

Society called Miss Blossom last winter, and she became a New York debutante. Now the stage has called, and by coincidence she's playing this part of a debutante in a Broadway comedy.

June has not forsaken society completely, although study of voice culture and stage dancing claims most of her attention since she was signed by this Shuberts.

Only 19 years old now, she has been graduated from an exclusive New York school and has spent a year at the Sorbonne studying languages and voice. Apart from her society and stage interest, she likes welfare work and sports.

### Last Minute Preparations Made by Pampa Young People for Attending Colleges Throughout United States

Many parents in Pampa are beginning to be quite uneasy in regard to their sons' and daughters' appetites this week-end. But the boys and girls will tell you there is no time for eating. There are skirts to be pressed, photographs to be exchanged, packing to be done and scores and scores of articles to be bought in making last-minute preparations to attend colleges and universities throughout the United States. Many have already gone to the various schools, and others are to leave daily during the coming week.

Charles Thomas, son of Mr. and Mrs. C. L. Thomas, and Hallie Gantz, son of Mr. and Mrs. J. G. Gantz, left Friday for Enid, Okla., where they will enter Phillips university. They were accompanied by their mothers, who are to return to Pampa Monday.

Mr. Thomas graduated last year from the local high school, where he was a member of the "Harvester" staff, the orchestra and Dramatic club. Mr. Gantz will be a college senior this year, having graduated from the local high school in 1927.

Miss Cleora Starnard, accompanied by her mother, Mrs. Alta Starnard, and sister, Miss Floy Starnard, left Saturday morning for Marble Falls to visit Mrs. Starnard's parents, Mr. and Mrs. W. C. Freeman for a few days. From there Miss Cleora will go to Denton to enter the Texas State College for Women (C.L.A.). She will be a junior.

Miss Irene Bolander, 1930 graduate of Pampa high school, is to take up nursing this fall at the Scott and White Sanitarium, Temple.

LeFors and Albert Doucette, sons of Mr. and Mrs. A. H. Doucette, will go to Texas Technological college, Lubbock, this latter part of the week for their first year's work. They are 1930 graduates of the local high school, where they were members of the orchestra and were prominent in dramatic activities.

Perry Morgan, who graduated from Pampa high school in 1929, will return for his second year at Texas Technological college, Lubbock.

George Walstad, Jr., will return to the University of Texas for his senior year.

Miss Betty Louise Glover is leaving September 14 for Texas State College for Women (C.L.A.), where she is a sophomore. Miss Glover is majoring in business administration.

Miss Loris Cobb will be in Pampa until January, when she plans to enter...

### Miss Wigham Is Recent Bride of Lee C. McConnell

Pampa friends of Miss Ruba M. Wigham and Mr. Lee C. McConnell learned yesterday of their marriage Saturday evening, August 30 at an Oklahoma town just across the Texas line.

The married pair is now on a honeymoon trip in Colorado. They left Pampa by motor Tuesday afternoon, informing immediate relatives of their marriage. When they return they will make their home in Pampa.

Miss Wigham was born in this section of the Panhandle and lived in Carson and Gray counties before moving to California with her mother. Later she returned to Pampa and has been employed as city book-keeper for the past year.

Mr. McConnell is from one of Gray county's oldest and wealthiest families.

## FEMINE FANCIES

By HOLLYCE SELLERS

This week about 40 young men and women are leaving Pampa to enroll in colleges and universities in Texas and in other parts of the United States. Some have stated that they would prefer to enter some gainful employment, but that at times were dull they felt it would be more profitable to attend school.

True, it is often more profitable to attend school even in times of prosperity than to enter an occupation and this is especially true

in hard times if it is made so by the student. . . .

Yet how many students have gone through college without any visible benefits? Even the conscientious student often receives a degree, yet claims that the degree, yes, even what the degree stands for, is useless to him in his everyday life. He knows a smattering of several subjects but is thorough in nothing, although he has spent several hours in hard study.

There are many who claim that the gaining of knowledge and skill is only a small part of college life.

but most students really, in their own minds, are putting this first, although they wander, seemingly aimlessly, from one subject to another. They are to a large extent undirected, and, not knowing just what they want, are introduced to first one subject and then another, and when they finally obtain their degrees, as likely as not

they will either teach school or will take up a profession entirely different.

### Joan Crawford In Strong Role At Rex Theatre

What is reported to be Joan Crawford's most pretentious talking picture to date will be seen today at the Rex theatre when Metro-Goldwyn-Mayer presents "Our Blushing Brides," an extremely modern drama adapted from an original story by Bess Meredith and Edwin Justus Mayer.

Harry Beaumont who produced "Our Blushing Brides," the picture which resulted in stardom for Miss Crawford, directed the new film, and Anita Page and Dorothy Sebastian who played featured parts in the former silent picture hit will again be seen in leading roles. An imposing supporting cast includes such popular players as Robert Montgomery, Raymond Hackett, John Miljan, Hedda Hopper, Albert Conti, Edward Brophy, Robert Emmett O'Connor, Marjua Sleeper, Mary Moran, Gwen Lee and Catharine Moyal.

The story concerns the respective romances of three girls who work in the same department store and who share living quarters. Fed up with the humdrum and depressing existence of alarm clocks and canned-food two of the roommates throw all caution to the winds, and when two wealthy and impetuous admirers offer them the opportunity for a more luxurious life, they accept, one with the sanction of a wedding ring and the other with a promise of a marriage-to-come. The third, however, sticks to her standards, and as events turn out, her foresight proved only too accurate, the first two alliances resulting in disaster. The roles are said to call for intensely dramatic performances upon the part of the principal feminine layers.

The picture presents a striking contrast between the lives of the average working girl and wealthy society, the scenes switching from the department store and meagerly furnished rooms of the three friends to palatial country estates and Park Avenue apartments. The modernistic interiors are reported to be the last word in film settings, particular ingenuity having been shown in construction of a bungalow which was built in the top of a tree out on an island and which forms a perfect hideaway for a love scene between Miss Crawford and Robert Montgomery.

Application for marriage licenses filed September 5: R. F. Phillips and Rosa Brown, both of Pampa; Jack McKay and Esther Patrick of Pampa.

**ANNOUNCEMENT:**  
I will begin my class in piano Monday, Sept. 15, at my studio, at 830 East Browning St., across the street from East Ward school.

I received my teacher's diploma in piano from the School of Piano from Simmons University, June 1929, and my B. Mus. degree, also Bachelor of Arts degree from that school in June, 1930. I have had four years intensive work in Theory of Music, Harmony and Methods of Teaching. I have also done observation work in the Junior Piano School of Simmons University where 70 children were taught under the direction of Prof. Irl Allison.

All of my piano work was with Prof. Allison who is a noted concert pianist, and composer as well as teacher. It was under his direction that I gave my graduation recital April 25, 1930, when I played compositions from Bach, Beethoven, Chopin, Weber and Tchaikovsky.

I will be glad to talk with anyone who is interested in my methods, price and class arrangements. See me in my studio or call 302R after Sept. 4th.—(Adv.)

### FANCIES—

(Continued from page 3.)

With apologies to idealists, I believe that learning to make a living is one of the most important objectives of a college education, and that if students choose their subjects carefully now they will be prepared to fill the higher paid professions when better times come. When they get into the world they have to focus their attention on their work and center their other interests around this, so why should they not begin this custom in college, which is supposed to be their preparation for life?

If possible, students, choose a profession upon entering college and stay with it. That does not mean you have to specialize at the outset. If a girl is interested in

dramatics, she does not necessarily have to decide whether she will be an actress, a teacher of speech or a professional reader, but she should stay within the field of dramatics unless she is sure the change is a wise one. The same principal applies to journalism, law, medicine or any of the other professions.

There is another point that must be overlooked. Do not follow the crowd. It seems to me that the teaching profession is becoming overcrowded, yet students continue their preparations to teach simply because their associates are doing it and it seems to be the line of least resistance.

Study your likes and dislikes as you are choosing a profession. If you like teaching better than anything else the chances are you will be talented in this field and will be successful, but if you have no special liking for teaching, leave it alone and prepare for the thing you

like best. If possible, exercise originality. It is for originality that high salaries are paid.

In concluding, let me say that your preparation for making a living will not interfere with the developing of the aesthetic side of your life, or with your ability to get along with people. Many institutions, in their enthusiasm for these latter accomplishments, to some extent neglect the former, and it is up to the student to use his own initiative in preparing for his life's work.

**S**CHOOL begins in Pampa this week and with the beginning of school congestion becomes more acute. Hundreds of children will be crowded into close quarters in apartments and make-shift homes. With additions built to all school buildings and one new building erected this year all buildings will be crowded to the extent that children who were not of age on Sept. 1, will not be given school privileges until next term. With children huddled together in school rooms it becomes more necessary that they be given roomier living quarters. The crying demand in Pampa is "Give us a place to live." This cry is heard daily from people who are anxious to move to Pampa but are unable to build their own homes, or for some reason prefer to rent. There is a great demand for rent houses. There is no other investment that will bring as much returns to the investor as rent property in Pampa. Consult your favorite lumberman.

## FIRST BAPTIST CHURCH

Kingmill and West Streets  
 There will be services in the regular order today; the pastor preaching at 11 a. m. and 8 p. m. Sunday school meets at 9.45 a. m., and Young People meet at 7 for their programs. At the close of the morning service there will be the observance of the Lord's Supper. The ordinance of Baptism will be administered at the close of the evening service. A cordial welcome is extended to the stranger and visitor.

The choir will render special numbers at both services. Many new voices, and trained singers are being enlisted. The singing last Sunday was a credit to any church in any town.

E. LANCASTER, Pastor.

## CENTRAL BAPTIST CHURCH

Corner Francis and Stark streets

Sunday school, G. C. Stark, supt.

Sermon by the pastor, 11 a. m.

Morning subject will be "A Vision of His Face." If you are not in services elsewhere we invite you to worship with us. Following the morning service we will drive out to the lake south of Pampa and administer the ordinance of baptism, there being a number for baptism.

Join us at the Central Baptist church building at 12.30 Sunday and go along and enjoy an old fashion baptismal service.

The training service will be held at 7.15 p. m., and we invite you to join our young people in their B. Y. P. U. work. We expect 75 present this evening.

We call attention to the closing service at the First Methodist church this evening, and urge our people to attend.

D. H. TRUHITTE, Pastor.

## PRESBYTERIAN CHURCH

Close your place of business, forget your social affairs today and attend church. Come in the spirit of worship. Give your soul a rest from the eternal daily grind and you will go into a new week with renewed vigor. The one who never goes to church carries over the same old poison in his mind and heart from week to week. His spiritual youth is never renewed like the eagle.

The Presbyterian church offers you the following services today. Sunday school, 10 a. m., sermon, "Who Then Can Be Saved?" 11 a. m.; Junior Christian Endeavor, 3 p. m.; sermon, "Watchman, What of the Night?" 8 p. m.

You are welcome.

Mrs. Mary A. HYDE, Minister.

## PAULINE CHRISTIAN CHURCH

500 E. Kingmill Avenue

Please note the change of time for the night meetings to 8 o'clock. Christian Endeavor will be held at 7 o'clock.

We are striving for a great Bible school today and a greater one every week following. Members are asked to come and bring others.

The Lord's Supper at 11 o'clock will be followed by a sermon by the pastor.

Gospel preaching will be held at 8 p. m., today, and on Wednesday. Everybody is welcome.

F. W. O'MALLEY, Minister

## EPISCOPAL SCHOOL

The Episcopal church school is held every Sunday morning at 10 o'clock in the music hall of the high school building.

### Miss Jahncke Wears Black Crepe Suit

WASHINGTON, Sept. 6—(AP)—Cora Jahncke, daughter of the Assistant Secretary of the Navy, wears black crepe suit with flower design of beige and blue.

The blouse is of beige crepe and the scarf collar of the coat faced with the same material. With this she wears a small, closely fitting beige hat.

### Evening Caps Copy Lines Of Berets

PARIS, Sept. 6—(AP)—Many evening ensembles for restaurant or theater wear have matching caps of fabric or sequins, as shown by a dressmaker whose evening styles are considered of first importance.

The little caps are round and unpretentious and are worn like tight fitting berets, over one ear.

### Monkey Fur Cape For Afternoon Dress

PARIS, Sept. 6—(AP)—A cape of monkeyfur is the three-quarter length wrap which accompanies a black and white afternoon dress at a dressmaking house which likes to be different.

### First Lady Likes Transparent Coats

WASHINGTON, Sept. 6—(AP)—Mrs. Herbert Hoover has been partial to long coats of transparent material for summer wear.

She often wears a black chiffon coat with her light dresses. It has a chiffon collar which is loosely knotted on the shoulder.

## PARIS REVIVES MEDIEVAL GOWNS FOR EVENING WEAR BY FLAPPERS

BY DIANA MERWIN (Associated Press Fashion Editor)

PARIS Sept. 6—(AP)—Eraswhile flappers, who never have known the joy of dresses longer than they are, may wear moyen age evening dresses next winter if they desire.

Tight bodied dresses of velvet or supple metal cloth with full skirts that lie from four to six inches on the ground all the way around are just about the most romantic apparel Paris has thought up.

Feel Different

They are expressly designed, moreover, for girls of today who enjoy feeling like somebody else when evening comes and festivities begin.

With the medieval gowns so medieval wraps, flowing sleeves, ermine trim and all. The coats are made of richly colored velvet, and made of beautiful brocades and lames, of which Paris has a bewildering assortment this season.

Contrasting with these dresses are other creations of airy tulle or starched chiffon with billowing skirts of Civil war width.

There are many versions of lace

and chiffon, combined or used alone. They also are for deba and dancers.

Next to black, all white is most used. Turquoise blue in pale soft shades, pale green, baby blue, and rose pink are shades dressmakers stress for youthful evening ensembles.

Moyen age dresses are developed in silver and gold, white black and deep rich colors like garnet, turquoise and a deep green almost a black.

## Slippers Heels Now Match Dress

PARIS, Sept. 6—(AP)—Lame evening ensembles should be accompanied by slippers of the darkest color in the fabric, set off with lame heels and insets, according to ideas of one dressmaking specialist in metal brocades.

The same dressmaker puts heels of printed taffeta on slippers of plain color for wear with a dress of printed taffeta.

J. A. Cqneley, representing the Southern Flaw company of Dallas was in Pampa Friday.
