WASHINGTON.—One of the most superb spectacles of pomp and ceremony in modern times will be enacted early in November at Addis Ababa, the capital of Abyssinia.

A hundred thousand warlike tribesmen and distinguished representatives of the United States and the other great world powers will meet for two or three weeks of celebration in one of the last few absolute monarchies left among nations.

Great Britain, France, Italy, Germany, Japan and America, too—are going to make an appropriate fuss over this coronation because they all have important interests to serve in Abyssinia—or Ethiopia, as the Abyssinians call their country.

Ethiopia is considered on the verge of a great national revival which will open it for exploitation. Outside nations seek the exploiting privileges.

We're sending a special ambassador to the coronation. J. Murray Jacoby, New York banker. His military aide will be General William Harts.

Most of these folks will go bearing fine gifts to Ras Tafari, for his is a gift-giving, gift-taking people.

Costumes in the pageantry and ceremony probably will surpass anything ever done in Africa.

FEMININE FANCIES

BY HOLLYCE SELLERS

The writer of this column has found a friend. Mrs. Sidonie M. Gruenberg, director of the Child Study Association of America, and mother of four children, has expressed favorable opinions regarding a mother in gainful occupations.

Mrs. Gruenberg says in part: "The income the professional woman receives has raised the standards of living in general and elevated those of child care."

"Some become discouraged by the prejudices that confront them. With others it is like this. If they find a high wall before them, they want to find out what is on the other side."

"Another thing that keeps women from accomplishing as much as they might is the dissipation of their energies. People who have talent in a number of directions lose out by seeking to do too many things."

"This mother, as are many women who lack outside interests, was very much discontented before marriage she had attended art school. We persuaded her to renew this interest, and provided with a field to occupy her mind and time."

plete human being, credited with intelligence and knowledge. Her children often come to her for advice, even after they have grown up."

"The happiest home I ever knew," Mrs. Gruenberg said, "was one in which both mother and father worked, but the mother limited her outside activities to duties which did not require long hours, or exhausted her energies."

"Women must allow the time and energy necessary to build a good home. If the mother neglects to adjust her affairs accordingly, she is not only unfair to her children, but is denying herself one of the richest cultural experiences she can have, just as the father who rarely sees his offspring is doing the same thing."

Speaking of women in professions, we also read in the Independent Woman, where Fausta Vittoria Mengarini, one of the youngest and most distinguished of Italian women sculptors, has designed a lighthouse by government commission.

"This young artist says in regard to the achievements of women: 'Some become discouraged by the prejudices that confront them. With others it is like this. If they find a high wall before them, they want to find out what is on the other side.'

"Women must remember that it is the difficult path that leads to success."

"Another thing that keeps women from accomplishing as much as they might is the dissipation of their energies. People who have talent in a number of directions lose out by seeking to do too many things."

Bridge Contract Let OKLAHOMA CITY, Sept. 18. (AP)—Highway departments of Oklahoma and Texas have agreed that a contract for construction of a free bridge over Red River between El-dorado, Oklahoma and Quanah, Texas, should be awarded to Gaines and Yeokum of Oklahoma City, at the lowest bidder of seven companies, at \$69,945.33.

Ola Gregory left yesterday morning for Ft. Worth, where she was called on account of illness of her sister who has undergone an operation in a Fort Worth hospital.

Bryan P. Open to Kresnmen Now

DAYTON, Tenn., Sept. 18. (AP)—A fundamentalist university that grew out of the famous anti-evolution trial here five years ago opened here today, a memorial to William Jennings Bryan.

While here fighting to uphold the Tennessee statute forbidding the teaching of the theory of evolution in public schools, Bryan suggested the establishment of a school in Dayton. He died July 26, 1925, two days after the trial ended, but his

idea took root and grew into the William Jennings Bryan university, a co-educational school. It will have intercollegiate athletic teams, but will not have military training at least for the present.

Nearly \$1,000,000 has been subscribed to the fundamentalist school which has acquired an 81-acre site.

Silent Rattan, Out For Title, Is Confident Of Win Tonight

CHARLIE CARR IS NOT EASY ONE TO BEAT

Charlie Carr came to town today to take some of the confidence he calls it conceit—out of Silent Rattan of Dallas, whom he will meet at the Pla-Mor auditorium in a finish match tonight.

Critics who have seen Carr in work-outs at Amarillo declare the Pueblo, Colo., grappler is one of the best looking prospects who has come to this section. He is powerful, has a wealth of holds which he applies viciously, and has a way of breaking out of tight places almost before he gets into them.

Rattan, well pleased that he is meeting an opponent only two pounds heavier than himself, has no advance fears. He frankly believes he is next to the champion and that he will soon wear the crown. His speed is his especial pride. He felt no pessimism after losing to Otis Clingman, who is heavier and fully acclimated. Rattan said the high altitude here bothered him, but that he is now accustomed to it.

Carr laugh at the idea. He comes from an even higher climate, and has no such worries.

In the semi-final, Otis Clingman will try to live up to a boast, made in jest, that he can throw Rob Roy twice in 30 minutes. This crack did not set well with the youngster, who will have a lot of fans with him because he is daring Clingman to prove his statement.

ANDY HIGH IS BIGGEST HERO IN ST. LOUIS

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

There isn't very much to Andy High as ball players go—only 5 1-2 feet of him—but today he can wear the biggest hero's garland. St. Louis has to offer. Andy does not even rate as a regular on the Cardinals this season, yet he is the one who has given them two successive triumphs over their rival Brooklyn Robins and a clear hold on first place.

On Tuesday Andy went into the game as pinch hitter in the tenth inning and cracked out a double that led to the game's only run and a virtual tie with the Robins. Yesterday High hit a double in the ninth and brought a 5 to 3 triumph for the Cards and a full game margin. He hit with the score tied and two men on base.

The four leading clubs today stand as follows:

St. Louis, won 84, lost 60, pct. .583, 10 games to play.

Brooklyn, won 84, lost 62, pct. .575, 1 game behind, 8 games to play.

Chicago, won 83, lost 62, pct. .572, 1-1-2 games behind, 9 games to play.

New York, won 79, lost 66, pct. .545, 5 1-2 games behind, 9 games to play.

Sylvester Johnson pitched a fine game for the Cards against Adolfo Luque. Al Grabowski, who got credit for the victory and Jim Lindsey, did well in relief roles, and Chief Hafey's home run in the fourth gave the Card's first tie.

Hack Wilson clouted a pair of home runs on his first two times at bat against the Giants and sent the Cubs off to an easy triumph. The homers, both off Jim Chaplin's delivery, gave Wilson a total of 52 for the season and produced a new major league record for batting in runs as he brought his total to 176. The former Mark was 175 for a season, made by Lou Gehrig in 1927.

Cincinnati broke its losing streak by defeating the Boston Braves, 6 to 3 triumph in the first clash, and Pittsburgh's Pirates slammed out 12 runs in two innings to defeat Philadelphia 12 to 5.

The formality of ending the American league pennant race was delayed for a day or two as the Philadelphia Athletics went down before Red Faber's six hit pitching and lost a 4 to 2 decision to the Chicago White Sox while Washington rallied after a bad first game and won the second from Cleveland, 6 to 4. The Indians hammered out a 13 to 7 victory in the first as Earl Averill tied the modern major league home run record. Averill hit three homers in successive times at bat, barely missed a fourth and grounded out, then cracked out another his first time up in the second game.

The other American league teams took their games more or less lightly devoting most of their time to attempting to fatten their batting averages. The St. Louis Browns out lasted a seven run rally by the New York Yankees to win out, 9 to 8, while the Detroit Tigers gained a 4 to 7 victory over the Boston Red Sox as each team cracked out 15 hits.

Primo Carnera Ends American Tour Without Defeat—To Sail Oct. 11

CHICAGO, Sept. 18. (AP)—Primo Carnera has finished his conquest among American heavyweights with an average of 1,000, and an extremely healthy bank roll.

The Italian monster last night nominated and elected Jack Gross, a Jewish heavy from Philadelphia, as knockout victim No. 23, accomplishing the business in less than four rounds. Carnera's board of managers said the bout was his last in America, and that he would sail for Italy October 11.

About the only difference between Gross and Carnera's other opponents was that the Philadelphia did his fighting left-handed. He tried hard, but, outweighed 87 pounds and appearing almost puny compared to the bulky Italian, he didn't have a chance. Carnera mauled and slugged him about the ring, working methodically until the fourth when he turned loose a crushing right that dropped Gross for nine counts. Gross got up, but another nudge on the jaw by the big fist felled him for keeps.

The crowd was not all that was expected in numbers, the attendance being estimated at about 10,000 with receipts of approximately \$35,000.

Carnera's victory was not popular with the customers who cheered uproariously every time Gross landed a blow—and he accomplished that feat several times—and boomed and cheered Primo throughout the fight. Referee Ed Purdy warned Carnera for backhand hitting and for placing his forearm under Gross's chin lifting it joltingly. Gross believed he was able to continue, not realizing he had been counted out. As Carnera approached him to shake hands, the loser made a pass at the giant's head, and refused for several seconds to shake hands.

Receipt of an action intended to tie up part of Primo's receipts for the evening was filed by an attorney for George A. Blumer, Port Wayne, Ind., fight promoter. Blumer claims the Italian owes him \$3,700 for failure to appear in a bout scheduled for the first week in August at Fort Wayne.

CATS ARE ONE UP FOLLOWING FIRST GAME

MEMPHIS, Tenn., Sept. 18. (AP)—Fort Worth, Texas league contenders for the baseball championship of the south, today stood one up on their Southern Association rivals, the Memphis Chickasaws, by right of a four to three victory in the opening game yesterday of the tenth annual Dixie series, the advantage gained in an inning when "everything went wrong" for Memphis.

Incidents of the Memphis "disaster" inning, the eighth, included two bases on balls, a throw to third base, for the moment uncovered, and then the drop throw to first. When it started Memphis was leading 3 to 1, when it ended Fort Worth had scored three runs without a

hit to make the count 4 to 3 in favor of the Texas Leaguers. That was the final score.

Two runs romped home through the "open door" at third base before the ball was recovered. The drop of the throw to first allowed the other.

Otherwise the series opener was a hard-fought contest and a pitching duel between Walter Beck of Memphis and Dick McCabe of Fort Worth, both right handers. Beck allowed six hits and McCabe seven.

The second game of the series was scheduled for this afternoon Harry Kelly was announced as the pitching selection for Memphis. Frank Snyder, Fort Worth manager, was undecided as to his pitching nomination early today but guesses centered about Dick Whitworth as the probable choice.

A delegation of several hundred Fort Worth fans, with the Fort Worth police band and equipped with a plentiful supply of cowbells, were on hand yesterday to cheer

their team to victory and remained over for today's tussle. After today's game the teams will go to Fort Worth for games there Saturday, Sunday and Monday.

Attendance at yesterday's game was 8,644. Receipts amounted to \$16,012.25.

Konjola Gave Quick Relief To This Lady

After Ten Year Illness, Relief Comes Promptly With Use of New Medicine.

MRS. W. C. NIEMANN
"I was troubled for ten years with indigestion and constipation," said Mrs. W. C. Niemann, a dairy farm owner of Southton, near San Antonio. "I bloated, terribly after meals. Neuritis then attacked me and I suffered frightfully from this ailment. I was always taking something to relieve constipation but these measures brought only temporary relief. Food lay like a rock in my stomach and I was losing weight and strength."

"I read so much in the papers about Konjola that I decided to try it. I noticed a change in my condition almost at once. Gas pains were greatly relieved and my food was more easily digested. Constipation was much less troublesome and, in fact, my entire health improved amazingly. I shall continue taking Konjola and I heartily endorse it to everyone."

Given a real test over a six to eight week period, Konjola will do for you what it has done for untold thousands of men and women everywhere.

Konjola is sold in Pampa at the City Drug Store, and by all the best druggists in all towns throughout this section. Adv.

Kills Brother-in-Law
HOUSTON, Sept. 18. (P)—Sheriff Collins of Fort Bend county today was holding Tony Biamonte, Jr., in connection with the fatal shooting yesterday of his brother-in-law, Joe Todora, 26, at the home of Tony Biamonte, Sr., near Stafford. Todora married Janie Biamonte last Saturday in Houston and the couple had just returned from a brief honeymoon trip to San Antonio.

Mexican Town Burns
VERA CRUZ, Mexico, Sept. 18. (P)—Fire started by fireworks explosions during the independence day celebration has destroyed the village of Villa Azmeda near here. The whole town was wiped out despite efforts of the fire department.

W. A. Coffee of Oklahoma City, merchandiser of the L. T. Hill company who has been transacting business here the past three days, left today for Pampa.

Machine Guns Are Heard In "The Big House"

The real sound of machine guns, cannon on army tanks, and other weapons, is heard for the first time on the staking screen in "The Big House." Metro-Goldwyn-Mayer's grim drama of penitentiary riot which will be shown today at the Rex theatre.

Through a newly perfected invention of Douglas Shearer, recording engineer and his staff, gunfire can now be recorded without damaging the delicate light valves of the apparatus, a thing heretofore impossible on the screen. As a result all the actual sounds of the grim prison battle are reproduced. "We experimented for months on the idea," says Shearer, "before we worked out a sort of electrical safety valve by which this recording was possible. We were also able with improved microphones to get the clang of the prison doors and the reverberation of gunfire in the cell house with equal fidelity."

Not alone in sound, but in photography were unique effects obtained. Harold Wenstrom, in charge of the battery of cameras perfected a vivid lighting system by which the eerie shadows of dungeons and barred cells were made into spectacular combinations, and invented also a camera device termed "The Crab," because of its low position and sideways movement, by which the passing of knives and guns under tables and benches was followed in graphic "trick shots."

An entire replica of a big prison, walls, cell houses, chapels, and every detail, massive steel gates with wheel locks, and prison jute mill, were among the construction feats involved in the making of the picture.

Lumber Firm Boosting Fair

The Pampa Lumber company, with yards located throughout the Pampa-Plains, is so convinced of the need of encouraging farmers to attend the Tri-State fair at Amarillo, Sept. 22 to 27, and see the progress being made throughout the territory in diversified farming, that it is using commanding newspaper advertisements toward that end, in every city where the company has a yard and newspaper is located.

John E. Hill, general manager of the company, states the situation on diversified farming as follows: "Diversified farming is both practical and profitable in the Pampa-Plains; and the future of our area depends in no small degree upon the realization of this by our farmers. Our company is taking an active interest in advertising the forthcoming Tri-State

fair at Amarillo because we are convinced that the agricultural exhibits at this annual event will visualize this year as never before the possibilities for profit and success in diversified farming."

Valuable Land Is Involved In Local Law Suit

Testimony in a land suit said to involve oil and ranch property valued at \$750,000 is being introduced before a jury and Judge Clifford Braly in 114th district court.

The plaintiff, H. L. Holbrook, is suing J. L. Sullivan, defendant for alleged breach of contract and half interest in 2,560 acres located east of LeFors along the river in Gray county. The ranch was sold to Mr. Sullivan in February, 1927 by the

FLOUR MILL STARTED HERE

A contract to construct a \$25,000 flour and meal mill in the Finley-Banks addition, on the west side of the Clarendon road a block from the Santa Fe crossing was let yesterday. Excavation of the basement which will be of concrete and four feet deep was begun today. The builder and owner of the mill is Dave Ross of Tulsa, Okla., who owns a number of flour mills in the Sooner state.

The plant will occupy three lots. Equipment valued at \$16,000 is scheduled to arrive here next week. The building will be 40 feet long and 60 feet wide and three floors in height. It will be built of concrete, lumber and sheet iron. A feature of the mill's policy will allow farmers and others to exchange wheat for flour. H. S. Dunaway of the Independent Lumber company which is furnishing the material let the contract yesterday to R. C. Carter. Mr. Dunaway is representing Mr. Ross in the construction work.

Mr. Ross who was here recently said that the mill will be eventually enlarged. The opening capacity of the mill will be 24 barrels of flour per day.

Three times this year houses and barns on farms operated by the C. F. Callis family of Chase, Kans., have been damaged by tornadoes. The Texas state health department has begun a campaign to have children inoculated against contagious diseases.

Wheat Sags

CHICAGO, Sept. 18. (AP)—Enlarged selling on the part of houses with connections northwest did much to make wheat values average lower early today.
Opening unchanged to 3-8c off, wheat later sagged all around. Corn started at 1-4c decline to 1-8c advance, and subsequently underwent a general setback, but then rallied.

Cotton Is Steady

NEW YORK, Sept. 18. (AP)—Cotton opened steady at a decline of 2 points on July but generally 1 to 2 points higher in response to relatively steady Liverpool cables. The demand was light, however while there seemed to be little more southern selling and prices eased off after the opening with new October selling down to 10.89 and March to 11.35, about 2 to 3 points net lower on the

nesday night.
"Too much Varnes" was the opinion of Manager Sam Fenberg. Varnes scored 645 in the three games, 189, 291, and 255, an average of 215. The dust of the falling pins had scarcely settled before Sam began planning a return match at a later date.

The Pampa Diamond shop team went into the final match of the series with Amarillo with a 23-pin margin, and lost the match by a total of 79 pins in six games.
Individual scores of the Pampa team: Kahl, 178, 206, 183; Holmes, 136, 200, 164; Fenberg, 155, 204, 144; Baxter, 152, 167, 197; Dusard, 195, 150, 202. Individual scores of the Amarilloans: Daly, 180, 170, 178; Anderson, 185, 167, 148; Varnes, 189, 201, 255; Lennox, 161, 190, 166; Coffman, 147, 230, 171.
Team scores: Pampa first game,

816, second, 930, third, 890, total 2636; Amarillo, first game, 862, second, 947, third, 918, total 2728.

"A SIGNIFICANT EXAMPLE"

Says
SAMUEL HARDEN CHURCH
President of the Carnegie Institute

—that great enterprise founded by Andrew Carnegie at Pittsburgh for the promotion of art, science and literature. Known throughout the world as a student of current problems.

Chairman of the Board Carnegie Institute of Technology, Director American National Theatre.

Member American Mission to Morocco 1923. Officer of Legion of Honor (France).

"Perhaps the most vital influence in the American business world in recent years has been the tendency of industrial leaders to join hands with science. No more significant example of this trend exists than your modern use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobaccos. The great success of your experiments demonstrates the wisdom of this union between business and science."

Samuel Harden Church

LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray.

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. Samuel Harden Church to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Church appears on this page.
