DANCIGER FIGHTING PRORATION FOOTBALL TRAIN PLANS COMPLETE

W. A. "Bill" Crawford, postmaster, has been asked to furnish information concerning Aubrey Wilkerson, a young man who joined the U. S. Marine corps and who is needed by his mother for her support. The mother lives in this community, and if she will get in touch with The Pampa or Mr. Crawford she will be assisted in securing a discharge for her son.

School boys need a man's code. Say what you will about over-emphasis upon athletics, there is no other department which emphasizes such as this, by Pete Cawthon of Texas Tech.

1. Eat REGULAR and that which will agree with you.
2. Use no tobacco in any form.
3. Eat supper as prescribed by the coaches individually.
4. Go to BED by 11 O'CLOCK each and every night except the night before the game and then be in BED by 10 O'CLOCK.
5. Watch your digestion very closely.
6. Get out EARLY when possible.
7. Do NOT eat between meals.
8. Pass ALL your courses.
9. NO LIQUOR AND DANCES.
10. Drink water freely between meals—VERY little at meals. DON'T drink water for 20 minutes after your workout and little at that.

These rules and regulations are for YOU and YOU should be proud to live up to them. Live by them and be a REAL MAN and FOOT-BALL player—Disobey them and be a BIG JELLY and a WISHER.

Before this election contest is over, the folks should have realized the responsibility of voting, and voting accurately. The writer is one who is glad he is not counting the ballots—it was trouble enough to tabulate the returns, or at least the alleged returns, in the original election. Secrecy of the ballot, moreover, should be preserved so far as possible, and other secrecy avoided.

Forrest McKimling, ordinarily passably truthful or a little better, gives the latest reason for having to attend the Lubbock game Friday. Mac says he had a dream the other night, but woke up at the end of the third quarter with the game tied at 13-all. He tried to dream out the game but failed, and now he must go all the way to Lubbock to get the rest. That, as we see it, takes the well known cake, and the treats are on us.

They may dry up the colleges, but if they have much luck telling the frosh to "dry up," they will be better men than our sophomore class, by the way.

LeFors business men say they do not resent a reasonable criticism of conditions down here, but that they hate to be singled out when the Pampa community is not wholly faultless. They say they could tell the grand jury something and probably will, about other places not setting the finest example in the world.

Dr. Butte is recognized as a "big" and smart man. Maybe that is why he runs true to form in declining to carry the G. O. P. banner in Texas this fall. But without him, to whom can Jim Ferguson bolt? There's a rub for you.

LUBBOCK IS READY TO BE HOST TO ALL

Special Will Leave Promptly at 9 a. m. Friday

ARRIVAL TO BE AT 1 O'CLOCK

Big Public Rally Is Held to Inspire Players

Pampa football fans, accompanied by a 30-piece band and a girls' pep squad of one hundred members from Central high school, will leave at 9 a. m. tomorrow for Lubbock to back the Harvesters in their first Class A game. The number on the train will probably reach three hundred.

Ticket orders placed with the Board of City Development may be presented now at the Santa Fe ticket office to obtain the official tickets for the special train. There is no reduction for children, since the \$3.55 fare is already exceptionally low. The train will be "spotted" at 8 a. m. and the big crowd is urged to assemble early.

The train will leave exactly at 9 a. m. and will arrive at Amarillo at 10:10 a. m. It will leave the Pottery city at 10:20 a. m. and arrive at Lubbock at 1 p. m. after an uninterrupted run. It is likely that a parade will be held when the train arrives. Lubbock citizens will furnish courtesy cars to transport local people from the city to Tech field.

The special will leave Lubbock at 7:30 p. m., will arrive in Amarillo at 10:10 p. m., and arrive in Pampa at 11:30 p. m.

Coach Odus Mitchell and 32 Harvesters left at 4:10 a. m. today on a special coach, and were to work out at Tech field at 3:30 p. m. They will stay at the Lubbock hotel tonight.

Hundreds of students and fans held a big street rally last night as a send-off for the boys. The combined Legion and high school band played and the girls' pep squad led the cheering. Short speeches were made by Principal L. L. Sone, Geo. Briggs, Pop Frazier, Arthur Teed, Captain Don Sulisbury, Sam Fenberg, and Olin E. Hinkle. Mr. Fenberg announced that many tickets had been purchased for the girls and for members of the band by local business men.

Mr. Frazier, who arranged the rally, expressed his thanks today for the city's closing of part of East Foster for the event. He thanked Thompson Hardware company for rope, the McKay truck line for the machine used as a speakers' stand, and to members of the Legion band for their assistance. He asked that Legion band members be at the station tomorrow at 8:30 to receive instructions.

NEW YORK, Sept. 25. (AP)—Joe McCarthy, deposed manager of the Cubs, resigned today, refusing to finish the season as leader of the National league pennant contenders. Rogers Hornsby was placed in immediate charge of the team as the Cubs prepared to battle Cincinnati.

Turman Takes Up Work As Constable

The resignation of G. H. Parish, constable of precinct No. 2, was accepted yesterday by the commissioners court.

E. R. Turman, constable-elect, was appointed to fill out Mr. Parish's unexpired term. Mr. Turman was due to take office Jan. 1. His bond of \$1,500 was approved.

The new constable began his duties today.

JOE MCCARTHY QUILTS

Raskob's Son and Bride-to-Be

Two young people who have stepped into the matrimonial spotlight are John J. Raskob, Jr., and Minerva Aaronson. They are shown above at New Haven, Conn., in the first picture taken of them since the recent engagement. He, the eldest son of the Democratic national chairman and financier, and she, a 19-year-old stenographer and daughter of a Jewish family, are to be married next spring by a Catholic priest.

CHICKEN HUNTING WILL BE PROHIBITED IN GRAY COUNTY FOR FIVE YEARS UNDER ORDER

No more hunting of prairie chickens in Gray county for five years. This was the order issued yesterday by the county commissioners. The game warden was instructed to strictly enforce the order.

The court members recalled that not many years ago prairie chickens were plentiful in many parts of Gray county and that now they are as hard to find as the haystack's proverbial needle. The fowl will be given five years to propagate without interference of dog or gun.

Cannon Protests Hasty Action of Church Group

NEW YORK, Sept. 25. (AP)—Bishop James Cannon, Jr., of the Methodist Episcopal church, South, complained today in a radio message of the action of elders of his own church filing charges against him while he was in Brazil on church work.

The message was sent to The Associated Press from the American Legion on which he is coming from Brazil.

These charges, while their content has not been made public, are understood to involve Bishop Cannon's stock speculation operations, and political activities, as well as certain new charges.

They have been brought by the Rev. Dr. Forrest J. Prettyman of Baltimore, Dr. J. T. Martin and Dr. Costen J. Harrell of Richmond, Va., and Dr. I. P. Partain of Abingdon, Va.

After detailing circumstances of his notification, while he was spending a honeymoon in Brazil with his former secretary, that new charges were to be filed against him, Bishop Cannon in his message said: "I shall protest the legality of the hurried and premature action taken before my arrival, making impossible conferences with me, which the disciplinary provision to 'carefully inquire' necessarily includes."

According to the Bishop's message he was notified briefly by the four clergymen on Sept. 8 that they were inquiring into his case.

He cabled immediately offering to meet his accusers in Washington after Oct. 2 and received an answer which refused his right to confer with them.

Two Gray County 4-H Club Boys Win Prizes With Cotton at Fair

Gray county, primarily a wheat growing section, also produces good cotton, as is evidenced by the fact that two Gray county 4-H club boys won prizes in cotton at the Amarillo Tri-State exposition.

Aaron Holt and Wayne Prock, both of Alanreed, won second and third prizes respectively. County Agent Ralph R. Thomas said that the boys selected their own samples for exhibits without any aid from him. He further stated that the cotton of these two Gray county boys was more uniform than that shown by the Collingsworth county boy who won first place, but was not as long stapled.

The Grandview school was enthusiastic about the exposition, the entire student body of this school being present at the fair yesterday. Mr. Thomas conducted a sort of lecture tour, taking the club boys around the grounds, and pointing out facts about the hog and cattle exhibits. The boys who were with him on this trip around the exhibits were Willard Kuykendall, Groom;

INJUNCTION IS THREAT UPON WHOLE PLAN

Gray Refinery Cited in Action at Austin

ILLEGALITY IS BASIS OF PLEA

No Steps Will Be Taken Here at Once

AUSTIN, Sept. 25. (AP)—A temporary injunction restraining the state railroad commission from enforcing its proration order against the Danciger Oil company was issued in district court here today. The company operates in Gray, Carson, and Hutchinson county.

While affecting only the properties of the Danciger Oil company the suit was regarded as a potential threat to the state-wide order under which the Danciger company was prorated.

The company's chief grievance was that under the curtailment program it was forbidden the privilege of supplying its refinery, near Pampa, with sufficient crude oil to keep it running at capacity. The refinery was built expressly to take care of the company's oil.

The claim was made that the statewide proration order was unconstitutional and invalid on several grounds, principally that it deprived the complainants of their property without due process of law. The proration scheme, it was alleged, was purely an economic measure and not to conserve natural resources as the commission set forth in its order.

No date was set for the hearing.

Chorus Will Be Organized Monday to Give "Messiah"

Formation of a city chorus to present Handel's "Messiah" near Christmas time will be attempted here next Monday evening, it has been announced by Mrs. May Foreman Carr, dean of the Pampa College of Music.

It is hoped that at least one hundred singers may enroll for the work. The director will be Prof. Emil F. Myers of Amarillo, who has directed choral works in that city for many years.

Local Man Dies

G. E. Duckworth died this morning in a local hospital. The body is at the Stephenson Mortuary, pending funeral arrangements.

Mr. and Mrs. Siler Faulkner and Mrs. Charlie Tate were visitors in Amarillo Wednesday.

Pershing Is Escort to War Mothers

Gold Star Mothers of Missouri, on a three-day pilgrimage to the nation's capital, are pictured here as they were accompanied to Arlington National Cemetery by a fellow Missourian, General John J. Pershing. As war-time commander of their sons who died in service, General Pershing officiated at ceremonies which the war mothers conducted at the Tomb of the Unknown Soldier.

ROAD BOND ELECTION IS SET FOR OCTOBER 25—URGENCY OF APPROVAL NOW IS RECOGNIZED

The third road bond election of the year was ordered yesterday by the county commissioners at the close of a hearing on a proposed \$2,121,000 issue for Road District No. 5. Oct. 25 was the date set for the election.

The petition, signed by 300 tax-paying voters, as submitted to the county court provides for paving and improving state and county roads in precincts Nos. 1, 2 and 3 which comprise the road district created June 9. All legally qualified voters owning property which may be rendered for taxes may cast ballots in the election.

The bond election differs from the last one in that about 18 miles of improved roads, based on a cost of \$10,000 per mile, would be placed east of LeFors. The total of the bond issue includes \$360,000 to take over the outstanding bonds in precinct 2.

It appeared today that opposition in South Pampa would not develop. Henry L. Gordon, attorney who represented this group, said that his clients had desired to assure themselves that highway 23 would serve their interests, and now that they understood the situation they had no objections on that score.

The urgency of voting the bonds in time to secure assessing of oil field values this year—to give more than \$100,000 in taxes—was recognized as the proposition outlined by the county commissioners.

College Course Will Be Taught for Local Class

Organization of a college extension course in education was started here yesterday by Mrs. T. V. Reeves, head of the public service department of West Texas Teachers' college.

Probably as many as 25 local teachers will take the work, which will stress tests and measurements. College credit will be awarded to those who complete the course of 12 weeks. Temporarily, the class will be held on Mondays at 4 p. m. with a college professor in charge. All interested persons are eligible to take the course, whether they are teachers or not.

Mrs. Reeves remained here last night and this morning went to McLean to organize a similar course there.

Alanreed Firm Is Given Contract

Bruce nurseries of Alanreed was awarded the contract to landscape the courthouse grounds and to install a sprinkler system, by the commissioners court. The sprinklers will be installed at a cost of \$4.50 each.

Other expenditures allowed were as follows:

Fourteen drain and control valves, \$4.50 each; 50 elm trees, \$3.50 each; 16 catalpa trees, \$3.50 each; 8 evergreens, \$7.50 each; 8 large evergreens, \$10 each; 110 canna bulbs, \$36; lawn, two cents per square foot; 1 1-2 tons of fertilizer, \$46 per ton.

FIREMAN AT PERRYTON DIES EARLY TODAY

PERRYTON, Sept. 25. (AP)—J. C. Reagan, 34, member of the Perryton volunteer fire department, died today four hours after coming in contact with a wire charged with electricity while fighting fire.

Two firemen worked over Reagan with a pulmotor trying to revive him after he received the shock.

Two firemen were slightly burned while rescuing Reagan from the live wire.

The firemen were fighting a blaze in the Shearer Produce company which was totally destroyed. Reagan was a veteran of the world war.

Watermelon Raid Ends in Shooting

PONCA CITY, Okla., Sept. 25. (AP)—A watermelon patch raid resulted today in the death of Ted Shore, 22, employee of a local oil company. Shore was shot last night by Paul Roberts, 16, who with two younger boys were guarding a melon patch in Osage county, a few miles east of here. J. H. Barlow, one of four companions of Shore, was shot in the leg, apparently by the same gun shot charge, and slightly injured.

An investigation was being conducted today by Osage county officials. No charge had been placed this morning against Roberts.

L. C. Harris of Woodward, Okla., was in Pampa this week to see his new granddaughter, little Colleen Cockerill. Mr. Harris was accompanied by his daughter, Mrs. Juanita Dennis.

NOMINEE IS HEAVY LOSER THIS MORNING

Ballots Through An Error Are Not Numbered
FIRST PHASE NEARING END
Candidate Standings Are Brought Nearer

Forty-five ballots in the Hopkins box were thrown out because they were not numbered at the hearing on the contested sheriff's election being held before Judge Ewing in 31st district court this morning.

Tabulation showed that Lon L. Blanscet lost 21 votes. Thirty-three of the challenged votes were cast for Mr. Blanscet, and 12 for John V. Andrews, who is contesting the result of the run-off primary which gave his opponent, Mr. Blanscet, a 22-vote majority. There were 72 votes polled in the Hopkins box. According to the original count, Mr. Blanscet received 51 votes and Mr. Andrews 21.

Election officials failed to number the votes from 1 to 45, inclusive. W. W. Formwalt was election judge at the box. Election laws provide that no unnumbered ballot may be counted, since it is impossible to decide who cast it. The name of the election judge must also be written on the reverse side of the ballot.

At noon today, approximately 1,400 votes had been inspected. By agreement, the contestant and contestee decided not to inspect the ballots in the Farrington, Laketon, and Hopkins boxes if the votes were "regular," that is, if they had been numbered and if the election judge had written his name on the reverse side of each. It was found that the election laws had been complied with in the Laketon and Farrington boxes. The 45 unnumbered ballots were opened, but the names of the voters were not divulged.

About 250 votes out of the first thousand examined were challenged. No check of the challenges made is being made now. Votes in voting precinct No. 9, which is the courthouse box, are being examined. In the original petition of the contestant, all the votes in the Grandview or Knorr box were challenged on the grounds that the election judge had failed to write his name on the back of the ballots.

Inspection of the votes in this box revealed that the judge had written his name on all except a few, although the signature was barely discernable on account of the hard lead in the pencil which he used. The candidates lost an equal number of votes in this box. Until the votes were thrown out of the Hopkins box, it was estimated that the two men had lost about the same number of votes on technical grounds.

It is believed that inspection of the votes will be completed this afternoon or tomorrow. Hearing of testimony on the challenged votes is scheduled to begin then.

Immediately after the opening of the session at 1:30 o'clock, W. M. Lewright, counsel for Mr. Andrews, asked that the entire Laketon vote be thrown out on the ground that the election judge wrote his name on the face of the ballot instead of the blank side. Mr. Lewright contended that the statutes provide that the judge's signature shall be written on the blank side. He cited laws in proof of his point. Judge Ewing reserved his ruling until later. Mr. Blanscet received 35 votes in this box and Mr. Andrews 33.

NEA Service Writer BY RODNEY DUTCHER

WASHINGTON.—Our Latin American customers below the Panama Canal seem to have maintained a much more satisfactory status in regard to their trade with the United States than the northerly group of republics which includes Mexico and the countries of Central America, and the Caribbean.

The export and import figures comparing the year ended last June 30 with the previous year show that the 10 Republics of South America averaged an improvement in the balance of trade factor over the 1929 whereas the other 10 Latin American states received a bad break.

Relative decline of our imports from and our exports to all of Latin America was practically the same—imports falling off about 14 per cent and exports about 13. Imports fell from \$999,099,000 to \$854,607,000 and exports from \$912,335,000 to \$790,130,000.

But whereas our exports to the South American countries fell off 20.89 per cent our imports from them were reduced only 9.06 per cent. Exports dropped from \$551,300,000 to \$436,500,000, and imports from \$611,700,000 to \$556,700,000. That is, we bought 90 per cent as much from South America as we did in the year before, but she only bought 80 per cent as much from us.

Now take the North American republics. Our imports from them fell off 22.91 per cent and our exports to them only 2.08 per cent. Imports dropped from \$389,475,000 to \$300,327,000 and exports merely from \$363,400,000 to \$355,900,000. We kept right on selling to this group at virtually the same old pace, but cut down our purchases almost one-fourth.

The figure in dollars are furnished by the Department of Commerce. The percentages used in this story were worked out at the headquarters of the Pan-American Union. They are especially interested at this time because of current economic developments in Latin America—and their political consequences, the Latin American protests against our new tariff act and the fact that they throw some light on the facts in the worldwide business depression. It should be remembered, of course, that declines in values of imports and exports are frequently largely due to the general lowering of commodity prices.

Cuba took the worst sock among those countries whose exports to the United States suffered—a drop of almost exactly 30 per cent from a 1929 export business of \$214,100,000. Meanwhile, we sold Cuba all but 12.65 per cent as much in the fiscal year of 1930 as in 1929. Mexico's balance of trade fared considerably worse, for while our imports from her fell off 17.23 per cent we increased our exports to Mexico by 17.23 per cent.

Cuba's trouble was sugar. The quantity of our purchases of that commodity fell from 8,217,000,000 pounds in 1928-29 to 5,516,000,000 pounds and the value from \$166,000,000 to \$101,000,000. The figure makes it quite easy to understand Cuba's terrific hollering at a further increase in our sugar tariff.

Argentina, Bolivia, Colombia, Ecuador and Peru all sold us more last year than the year before and bought less. Only Chile and aPraguay in South America sold us less and bought more. Brazil, Uruguay and Venezuela showed smaller declines in exports to us than in imports from us.

A MENACING SITUATION

It is small wonder that most of Germany and practically all the rest of Europe are both perplexed and disturbed by the amazing strength shown by the German Fascist party in the last election.

The platform thrown together by Adolph Hitler, the irresponsible leader of this party, is the sort of things one reads with amazement. Here, for instance, are some of the planks, as compiled in a recent issue of the New Republic:

First of all, all Jews will be disfranchised or driven out of Germany. Everyone else who has entered the country since 1914 would be similarly treated. The rest of the population would then divide the nation's wealth. All land would be nationalized, and so would all trusts, with the workers getting the profits. All department stores would be taken over by the state, divided into small shops and rented out, at low rates, to small shopkeepers. Reparations would be abolished. Germany and Austria would unite, Germany's lost colonies would be regained and a big army would be established.

All in all, there is enough dynamite in that platform to throw Germany into a desperate turmoil and knock the peace of Europe higher than a kite.

To be sure, there is small likelihood that that platform will be put into effect, or even that any of its major features will be adopted by the German nation as a whole. Nevertheless, the fact remains that more than 6,000,000 Germans voted for candidates espousing that platform, and in the new Reichstag 107 of the 576 deputies will be pledged to support it.

Consequently, it is obvious that this program, wild as it is, enjoys a large measure of support in Germany.

Much as we would like to dismiss it as the grandiose dream of unbalanced political schemers, we cannot do so. Evidently a tremendous wave of dissatisfaction with post-war conditions is sweeping through Germany. The situation is extremely serious.—NEA

Old Scout Succumbs

KANSAS CITY, Kans., Sept. 25. (AP)—Harvey S. Faucett, 36, an associate of Buffalo Bill, Kit Carson and other scouts of the early 70's in the west, died in a hospital here today from injuries received in a fall Sept. 6 at the city market.

The aged Indian scout, whose body bore marks of tomahawk, hunting knife, arrow and bullet, suffered a broken hip when he was knocked to the pavement by two men in a friendly scuffle.

Known as "Arapahoe Tarve, the Eagle of the Trail," he served as a scout for Gen. George H. Custer. Faucett had a forewarning of the massacre of Custer and his 276

men on the Little Bighorn river and rode frantically to give the warning but his pony died after galloping 20 hours over the prairie.

WILL CHARGE PAIR

MIAMI, Okla., Sept. 25. (AP)—County attorney Perry Porter said he would file murder charges here today against Lee Sult, 26, Commerce garage attendant, and Mrs. Elizabeth Hall, 23-year-old widow of Robert Hall, 49, Commerce cafe owner, who died in a hospital here yesterday from a bullet wound received Sept. 1.

Hall was shot in a house in Pitcher said by officers to have been rented by Sult, under the name of Roy

Wilson. Mrs. Hall had lived there for several weeks before the shooting after leaving her husband.

Embezzled Bonds Returned to Owner

OKLAHOMA CITY, Sept. 25. (AP)—Voluntary return of \$35,000 of state money and bonds with which he disappeared in February, 1928, has been made by Ross M. Houston, 56, former cashier in the state treasurer's office, George M. Callahan, county attorney, said today.

At the same time, John Tomerlin, attorney for the American Surety company, Houston's bondsman, announced that full restitution had been made to it, and that the company had signed an agreement absolving Houston from any further civil liability. The company paid Houston's losses after a long search

for him had failed. As a result, Tomerlin said, the company signed an agreement with D. B. Eades, Dallas attorney and relative of Houston, that the settlement was satisfactory and that it has ended its private search for Houston.

Callahan said no promise of immunity from prosecution had been made by his office.

Two charges against Houston, one alleging embezzlement of \$6,000 cash and another the alleged theft of \$30,000 in bonds, still are pending.

Praises Ritual DALLAS, Sept. 25. (AP)—An admission to degree masters to adhere to the ritual, which he praised for its literary value as well as its content, was made by Col. John H. Cowles, grand commander of the supreme council of the 33rd degree Scottish Rite Masonry for the southern jurisdiction, in today's session of that body.

The general session was held after an executive meeting, where it was said the advisability of election of a lieutenant grand commander was discussed.

Snow Blocks Roads LARAMIE, Wyo., Sept. 25. (AP)—Heaping drifts three feet across the 11,000 foot spine of snowy range, winter today had clamped an icy padlock on the Laramie-Saratoga highway through the mountains. The forest service office here reported a blizzard raging at Brooklyp lake. No snow has fallen here, although rain fell intermittently all night. The surrounding hills are white.

Pythian Class Initiated Here

For the purpose of initiating a class into the rank of esquire the local lodge Knights of Pythias met in a special called session Tuesday evening, September 23.

Brother Wilbur R. Cadman, special deputy grand chancellor, who has been in this community for the past few days assisted in the initiation ceremony and later installed the officers for the current term. R. M. Johnson was installed as chancellor commander.

Judge W. R. Ewing, Jr., a member of the Pampa lodge, spoke words of encouragement to the young men of the order and expressed his appreciation of the splendid work being done by the local lodge.

The entire membership of the lodge is expected to meet at the I. O. O. F. hall Friday September 26 at 8:30 to go by automobile to Amarillo where the rank of knight will be conferred upon twenty-three members of the Pampa and Amarillo lodges.

John B. Hesse, Charlie Thut, and F. E. Leech are among those who will go to the football game at Lubbock tomorrow.

Gene Homans Is Golfing Sensation

MERION CRICKET CLUB, Ardmore, Pa., Sept. 25. (AP)—Gene Homans, of Englewood, N. J., former Princetonian, led the way in the semifinals of the National Amateur Golf championship today by swamping Johnny Lehman of Chicago, the western amateur titleholder, 8 up and 7 to play in their 36-hole quarter final match.

Bobby Jones, despite some lapses on the part of his famous "calamity Jane," assumed a commanding lead of six up at the 27th hole over Fay Coleman, young Californian.

X-RAY PICTURES SHOWN TO LIONS

Exhibition of X-Ray negatives with explanations of their use and value in medical science proved very interesting as presented to Pampa Lions today by Dr. G. H. Wallace.

The program was arranged by Ewing Leech. Visitors were Clinton Henry and C. P. Buckler. Dr. H. L. Wilder was introduced as a new member.

Alleged Counterfeiter Held SAN ANTONIO, Sept. 25. (AP)—Charged jointly with James R. Ragsdale with manufacturing and possessing molds for the purpose of counterfeiting fifty cent coins and with passing several of the counterfeited coins. Daniel Hessbrook, 25, was arrested at New Braunfels today.

Charges against the pair were filed before United States Commissioner P. A. Lockhart by Edward Tyrrell, secret service agent on September 12 and Ragsdale was arrested several days ago and remanded to Bexar county jail.

No "Mother Goose" For Lindy, Junior

Charles Augustus Lindbergh, Jr., won't have to bother with ordinary "Mother Goose" tales when he starts reading. The first child book for him will be "The Painted Pig" written by his grandmother, Mrs. Morrow. Its jacket design is shown above.

Little dreaming that some day he would become president of Czechoslovakia, Thomas G. Masaryk was an apprentice to a maker of heel plates for shoes. Tiring of this, he returned home and became a blacksmith.

Body Is Identified PHILADELPHIA, Sept. 25. (AP)—A body of a young woman found on a farm in Chester county, 25 miles west of Philadelphia today, has been identified by authorities as that of Miss Grace Delancey V. Newlin, 30-year-old member of a prominent Bryn Mawr family.

Nearby was found a bottle and a glass that apparently had contained poison. An automobile was also found nearby. Miss Newlin disappeared from her home in Bryn Mawr Tuesday morning in a touring car.

Oklahoma City Plane Still Up

OKLAHOMA CITY, Sept. 25. (AP)—After trips to Enid, where participants of the national air tour visited yesterday, and to the Oklahoma state fair grounds, Bennett Griffin and Roy Hunt, endurance pilots, today resumed their restricted circling over Curtiss-Wright airport here. They had been in the air 285 hours at 10:36 a. m. (CTS).

Frank Paccassi, flight manager, said today that an oil company has agreed to furnish the fliers free gasoline and oil during the remainder of the flight.

Stabbed Man Dies FORT WORTH, Sept. 25. (AP)—Homer Rogers, 35, died here early today of stab wounds without regaining sufficient consciousness to tell who slashed him with a knife last night and left him lying in a clump of bushes near Glen Garden Country club.

He was found by Special Deputy Sheriff Keys as the officer drove in his automobile on a side road near the club. Keys said an automobile parked nearby without lights sped away when he stopped.

Killed By "Rat" CHICAGO, Sept. 25. (AP)—The manner in which William Arnold, gambler died, last night was this: A "rat" stabbed him.

He stumbled from an Indiana Harbor poolroom and signalled a taxicab. He was white as paper and his hands clutched his left side. He mumbled the name of a hospital.

Surgeons asked him how he had been hurt.

"Just a rat," he said. "I caught him cheating at cards. Just an ordinary—rat."

Lives In Respirator CHICAGO, Sept. 25. (AP)—Frances McGann, 25-year-old student nurse continued to keep the odds in her favor today as she began her 15th day in a respirator at a Chicago hospital.

Attendants said she spent a comfortable night but that there was

"no appreciable change, during the last 24 hours." She has gained strength daily, they said, and appears to be responding to treatment for the infantile paralysis which impaired the function of her chest muscles September 11.

Mr. and Mrs. Lynn Boyd, who were accompanied by Mr. and Mrs. Marc Gould of Chicago, returned Wednesday from a trip to Taos, Santa Fe and other points in New Mexico. Mr. and Mrs. Gould left this morning for Chickasha, Okla., where Mrs. Gould will visit relatives and friends, Mr. Gould returning

to Chicago. R. A. Nipper of LeFors was a visitor here yesterday.

GRAY COUNTY WOMEN AMONG PRIZE-WINNERS AT FAIR

Articles Entered In Department By Many Rural Folk

With the announcement of prize winners in the women's and girls' Home Demonstration club exhibits in the Tri-State fair, Gray county entrants were found to have made no small showing.

Fourteen counties in Texas, and representatives from two other states, New Mexico and Oklahoma, participated in the display, and more than 1,500 articles were entered by 700 exhibitors. Thus the awards won by women of Gray county reflect credit both upon the women themselves and upon Miss Myrtle Miller, county home demonstration agent.

Judges in Department

Miss Mildred Horton, state home demonstration agent, was one of the judges. She was assisted by Miss Minnie Lee Gribbs, Miss Mamie Lee Hayden, and Miss Myrtle Murray.

The fair display is under the direction of Miss Mary Sitton, Potter county home demonstration club worker, assisted by Miss Margie Lyon, Carson county agent, and Miss Elsie Phillips, Armstrong county agent. It is said to be one of the most orderly displays of the entire exhibition.

Gray County Winners

Gray county winners have been announced as follows: Tomatoes, Mrs. J. W. Franklin, second; parrots, Mrs. Charles Talley, second; other vegetables, Mrs. Tom Breeding, second; pickled beets, Mrs. Blake Gerald, third; green tomato, Mrs. L. L. Palmer, third; other vegetable pickles, Mrs. S. W. Rice, first; red pepper hash or relish, Mrs. G. V. Koons, first; chopped pickled Bermuda onions, Mrs. E. W. McJunkin, first; Mrs. John B. Dyke, fifth; uniform cap, Ethel Prater, third; Lucille Cox, fifth; dresser scarf, Lucille Cox, first; Joe Tva Clemons, third.

Program Is Held By W.M.S. Group Here Wednesday

"The Material Side of Life" furnished the subject for the devotional led by Mrs. Walter Purviance at a meeting of the Methodist Woman's Missionary Society Wednesday afternoon in the parlors of the church. A hymn, followed by a prayer and scripture reading, opened the devotional.

"Cuba" was the subject for the lesson, with Mrs. Lee Hill discussing "Schools for Children in Cuba," and Mrs. Roy Tinsley discussing "Cuba and the United States."

Business Session Held

Mrs. Purviance presided during the business session and announced that week of prayer would be observed beginning Nov. 9.

The superintendent of study, Mrs. S. A. Hurst, announced that the book "Trailing the Conquistadors" would be studied by the various circles during the next six weeks and asked that the women call at her home for the books before the meeting next week. The book deals with momentous issues of the day, and its purpose is to influence its readers to be internationalists as well as Christians.

Leaders for the study will be as follows: Circle 1, Mrs. Walter Purviance; Circle 2, Mrs. S. A. Hurst; Circle 3, Mrs. Lee Harrah; Circle 4, Mrs. Roy Tinsley.

Those Present

Those present were Mrs. W. Castleberry, Mrs. Walter Purviance, Mrs. Henry Thut, Mrs. Joe Smith, Mrs. W. Mullinax, Mrs. R. G. Harrell, Mrs. S. A. Hurst, Mrs. Pierson, Mrs. W. S. Tolbert, Mrs. H. F. Bishard, Mrs. W. R. Campbell, Mrs. O. W. Ferguson, Mrs. Lee Harrah, Mrs. T. W. Brubham, Mrs. Roy Tinsley, Mrs. Albert Wood, Mrs. Lewis Robinson, Mrs. Porter Beck, Mrs. J. W. Murphy, Mrs. A. B. Goldston, Mrs. Lee Hill, and Mrs. Edwin S. Vicars.

FEMININE FANCIES

BY HOLLYCE SELLERS

It was quite a shock to us to have Myra Oliver Dougan, who was to conduct our cooking school Oct. 15-17 take suddenly ill, wasn't it, ladies? Nevertheless, we feel that Grace Bull, who has been chosen to take her place, will be altogether as satisfactory. Miss Bull has proved her capability in conducting similar schools for some time on the Pacific coast, and the crowds which gather to hear her are unusually large.

Miss Bull stresses the importance of vegetables in diet. "Man's first agricultural efforts," she says, "were inspired by a desire to increase the production of some edible vegetable items peculiar to his habitat. In these earlier days before the development of pottery making, vegetables were eaten raw, or baked."

"We have written records in Egypt of cucumbers, dating back more than three thousand years, although it is only within the past few years that the real food value of the cucumber has become recognized by science. Carrots, radishes, onions, turnips and other bulbous vegetables easily secured from the ground, were esteemed delicacies at the dawn of written history."

"The remarkable strides made by science in the last score of years," the lecturer continues, "have unearthed a vista of possibilities in vegetable foods hitherto undreamed. The poisonous love apple is discovered to be the homely tomato filled with iron and tonic qualities. Other vegetables possess strong iodine contents, with which pernicious anemia can be successfully combated."

"It has also become known that many of the vegetableizing factors are lost in erroneous cooking and that greater skill must be observed in preparing them. The essential vitamins on which health seems to be so absolutely dependent cannot be handled rough shod. The self-satisfied housewife who flaunts medical and science background for such statements is encouraging indigestion and bad health for her family."

"Vegetables more than any other item of fare," Miss Bull says, "contain health giving ingredients, which cannot be scorned. The tremendous improvement of transportation facilities lends to these hitherto perishable and seasonable items an accessibility undreamed of in our grandmother's days."

"The greatest care must be used, however, in competing the food values of vegetable items in order that a balanced menu may be obtained. Only a thorough knowledge of the scientific background and the chemical analysis of the members of the vegetable family can qualify a person to serve as an intelligent dietitian."

Gray county winners have been announced as follows: Tomatoes, Mrs. J. W. Franklin, second; parrots, Mrs. Charles Talley, second; other vegetables, Mrs. Tom Breeding, second; pickled beets, Mrs. Blake Gerald, third; green tomato, Mrs. L. L. Palmer, third; other vegetable pickles, Mrs. S. W. Rice, first; red pepper hash or relish, Mrs. G. V. Koons, first; chopped pickled Bermuda onions, Mrs. E. W. McJunkin, first; Mrs. John B. Yanne, second; pear preserves, Mrs. L. L. Palmer, third; other fruit preserves, Mrs. T. E. Crisp, third; blackberry or dewberry jelly, Mrs. S. L. Montgomery, third; apple jelly, Mrs. John B. Yanne, third; crystallized cherries, Mrs. Charles Talley, second; home made braided rug sunny sack, Mrs. B. G. Dyke, fifth; uniform cap, Ethel Prater, third; Lucille Cox, fifth; dresser scarf, Lucille Cox, first; Joe Tva Clemons, third.

Programs Will Be in Bulletins For Educational Group

A new plan for calling to the attention of A. A. U. W. and College club members the various programs is to be adopted this year. Instead of distributing year books, a bulletin giving an outline of the next program, together with other outstanding facts pertaining to the organization, will be given each member when the regular meetings are held. These bulletins are now being prepared by a special committee.

Definite Plan and a Smile Should Go With Every Woman to Kitchen Says Grace Bull, Cookery Expert

With the release from household drudgery, through the installation of labor saving devices, the modern housewife is rapidly approaching emancipation, which permits her to enjoy the hours thus released in other activities. In the kitchen, however, she has been slower to take advantage of the opportunities that are extended than anywhere else in the house.

How often have you heard "I wish I could get a meal with as little trouble as she does?" The "little trouble" referred to usually consists of plans, which had been in the making for quite some time before. Like most other worries which beset us once a task is attacked, its accomplishment is completed in much shorter time than our fears had led us to believe. It will usually be noticed that the woman to whom cookery seems an enjoyment and whose efforts require a comparatively small time, is the accepted expert in the culinary arts.

Grace Bull, nationally famous home economist, declares that no woman should enter the kitchen door without a definite plan in her mind as to what she intends doing, and a smile on her face, both of pleasure and of the rapidity with which she can accomplish a given task.

Mental Attitude

"The mental attitude constitutes 50 per cent of the average woman's kitchen drudgery," declares Grace Bull. "If she approaches her work with a definite plan in mind as to what she intends doing; what items she intends to prepare first and which items she plans to let cook while she is preparing the rest; and if at the same time she is inspired by the thought that the meal in question is another opportunity in which she may demonstrate her ability to try out savory dishes and present a well balanced menu that cannot help but be reflected in the attitude of her family, as they assemble at the table, the work flies from under her finger tips."

Many Pampa housewives are already inquiring regarding the details of Grace Bull's appearance here which the Pampa Daily News has secured for Oct. 14-17, inclusive. Miss Bull will personally appear at each lecture.

Miss Bull insists that while each of her lectures comprises a unit in itself, there is a coherency running through them that will make the attendance at all four of these lectures doubly valuable to the woman who can arrange her time so as to permit her regular attendance.

Wednesday Evening Program, First Baptist Church, Mid-Week Feature Of Series of WMS Prayer Services

The third day of prayer week now being observed by the First Baptist Woman's Missionary Society was featured with a special program at the regular prayer service Wednesday evening. Mrs. T. B. Solomon was leader of a program on "State Mission Work Among Mexican People," and about 60 persons, including 25 W. M. S. members, attended.

Mrs. Solomon was assisted on the program with talks by Mrs. Clyde Garner, Mrs. Baker Henry, and Mrs. T. H. Barnard.

State Missions Studied

"State Missions" is the general subject for the entire week, and an offering for state missions is made at the close of each service.

Twenty women attended the initial meeting on Monday afternoon, with Mrs. Preston Briggs as leader, and on Tuesday afternoon 16 women attended the service presided over by Mrs. R. L. Champion. Mrs. Ernest Fletcher is directing the meeting this afternoon, and tomorrow afternoon Mrs. C. E. Lancaster will be in charge.

Week of prayer for state missions is observed annually in September, while in December a week of prayer for foreign missions is held just before Christmas, and the Lottie Moon Christmas offering is taken.

VIENNA, Sept. 25. (AP)—Chancellor Schober and the entire Austrian cabinet resigned this afternoon.

Pampa Folk Given Party In Conway

One of the largest crowds which ever gathered in the Conway community was present recently at the home of Mr. and Mrs. Otis Walker to honor Mr. and Mrs. A. L. Patrick, who recently moved to Pampa.

Games were enjoyed by men, women and children on the lawn of the Walker home, and later watermelon was cut and served. With the singing of "The More We Get Together the Happier Are We," the party was brought to a close.

Mr. Patrick was principal of the Conway school for three consecutive years, beginning in September, 1926, and Mrs. Patrick was primary teacher during that time. During the past year they were associated with the Patrick Mercantile company at Conway, and this year Mr. Patrick is principal of North Ward school, Pampa.

MANTELL WILL TRY TO PROVE HE IS NOT "THROUGH"

WATKINS IS PICKED TO BE HIS OPPONENT

Age-toughened sinews, directed by a mind disciplined by 32 years of mat battles, will be matched at the Pla-Mor this evening against the challenge of youth.

Old Dutch Mantell, as ugly as humans get, but a man who has made wrestling a profitable business all his life, will attempt to wipe out the claim of his youthful opponent that he is just an Old "Fossil" waiting to be tossed into the scrap heap of has-beens.

It may be a pathetic exhibition of a man getting whipped because he does not know when to quit. Or it may prove that Tex Watkins talks when he should be listening—and training.

Mantell has been king of so many territories that he resents the claims of incoming grapplers. Several times he has been tempted to retire, but it ruffles him to see the youngsters growing cocky because they are healthy and can down most of the second rate veterans who pass this way.

Watkins is a bit heavier than Mantell and is a tough boy considering his five years of wrestling. He has given Otis Clingman some awful battles, and the fans know what this statement means.

Preliminary events will include an exhibition of strength by Artur Saxon, noted strong man.

The feature wrestling preliminary will be between two up and coming youngsters, Rob Roy and Roy Welch.

FEW WISHING TO SEE FIGHT IN NEW YORK

NEW YORK, Sept. 25. (AP)—If the pre-fight gate receipts are any criterion, then it doesn't make much difference to very many people if Jack Sharkey versus Victorio Campolo, the Argentine, to the mat for the count of 10, or vice versa when they come together, in their 15-round heavyweight bout at the Yankee stadium tonight.

Unless there is a last minute mad rush to the box office, there'll be many yawning gaps in the huge ball park when the two heavyweights step into the ring between 8:30 and 9 p. m. (EST). Predictions were that the receipts would not go much above the \$100,000 mark and if such be the case, then Madison Square Garden faces a substantial loss.

Sharkey, making his first appearance since losing to Max Schmeling on a foul in June, will enter the ring a two to one favorite over his bigger but cruder South American opponent. The Boston sailor will not only have the advantage of the betting odds, if that be an advantage, but his take of the gate will be \$100,000. In contrast Campolo will receive only training expenses, about \$7,500.

The Garden, which manages Campolo, has high hopes that the Argentine heavyweight will come through tonight, furnish the biggest upset of the hectic season and provide an outstanding opponent for Young Stribling in the annual battle of the palms at Miami next winter. Campolo packs a powerful right hand but is clumsy with his left, unless he has improved since defeating Salvatore Ruggirello in Boston six months ago.

Defeat for Sharkey tonight would just about shove him out of the heavyweight picture and at the same time a victory would push Campolo into the midst of the mud-died situation. Campolo will have a decided advantage in height, reach and weight but the "wise ones" say that Sharkey packs too much experience for his South American opponent.

Intervene For Road

DALLAS, Sept. 25. (AP)—Claiming that the South Plains section of West Texas is not now adequately served by existing railroad lines, the Dallas Chamber of Commerce yesterday mailed to the Interstate Commerce Commission its petition for leave to intervene in behalf of the application of the Texas & Pacific Northern Railway, a Texas & Pacific subsidiary, to build 333 miles of railroad from the T. & P. main line at Big Spring to Amarillo.

TULSA, Okla., Sept. 25. (AP)—Tulsa's flying fraternity today had two new candidates for the Caterpillar club. Leaping from a blazing airplane east of the city late yesterday, H. S. Christensen, chief pilot at the Garland Airport and flying school, and M. G. McCullough, mate for the Safeway lines, dropped safely to the ground with parachutes.

SWEETSTER IS AMONG ELITE AT TOURNEY

ARDMORE, Pa., Sept. 25. (AP)—When the third round of the amateur golf championship today brought the first of the long 36-hole matches there were only two players in the "last eight" who had occupied such exalted positions before, Robert T. Jones, Jr. and Jess W. Sweetster, both former champions.

The Von Elms, Voights, Ouimets, Willings and other landmarks of the great national competition were out of the picture with their places taken by the youngsters and one veteran who has been good in the past but never good enough.

The third round arrayed Eugene Homans, young New Jersey player, against John Lehman, younger Chicago star, who is the western amateur champion; Charles Seaver, stocky, tow-headed Los Angeles youth, against William F. McPhail, 37-year-old Bostonian, who never before has been successfully negotiated the earlier hurdles of the competition.

In the lower bracket Maurice McCarthy, recent Georgetown graduate and former intercollegiate champion, the sensation of the first day's play, faced Jess Sweetster, and Bobby one was bracketed with Pay Coleman, California's second representative among the survivors. Bob one was the only seeded player left.

To prevent the stars killing one another off early, Jones, George Voight, George Von Elms, Dr. O. P. Willing, and other goddams, Francis Ouimet, George T. Dunlap, Jr. and T. Philip Perkins were scattered through the draw, well separated by comparatively unknown but ambitious players.

The apprehension over the good premature. There were other players wrecking one another was ready and willing to cut the field.

School Boys Killed

BIRMINGHAM, Ala., Sept. 25. (AP)—The bodies of Robert Jenkins, 15, Verdenburgh, Ala., who fled from of Huntsville, and Neil Warren, 16, the Alabama boys industrial school here last night, were found on the railroad tracks near Trussville today.

The bodies were badly mangled and identification was established by a representative of the industrial school by means of their clothing.

Leaps to Death

LOUISVILLE, Ky., Sept. 25. (AP)—Miss Belle Coehran, assistant secretary of the Louisville Rotary club and manager of its office in the Brown hotel, jumped to her death from the fifteenth floor of the hotel here today. Her body landed almost on the car tracks on Fourth street. She left a suicide note.

Elderly Man Killed

EL PASO, Sept. 25. (AP)—W. M. Huggins, 64, formerly of Corsicana, was dead here today after injuries in an automobile accident Tuesday. Both legs were so badly crushed it was necessary to amputate them. Melvin Wilson, 18, driver of an automobile that struck Huggins, was exonerated of blame. Huggins was crossing the street at the time.

MIGHTY BATTLE EXPECTED AT LUBBOCK—MITCHELL IS ILL AS BIG SQUAD LEAVES

Coach Mitchell was the chief cripple as the Harvesters entrained for Lubbock this morning. The Pampa coach could hardly speak on account of a glandular ailment in the throat growing out of some teeth-pulling recently done.

He planned to get medical attention at Lubbock, and local dentists and physicians were to examine him tomorrow on arrival of the football special. His condition was not serious, and was calculated to inspire rather than discourage his team.

The coach on Friday afternoon probably will start Moore and Kennedy at ends, Schmidt and Burch at tackle, Reno and Pafford as guards, and Poe at center against the Westerners. The backfield will be composed of Lard, Martindale, Chastain, and Salsbury. Jim Ayres will be ready to insert in the line, and Benton at end or at halfback. Other reserves were in good condition.

While the "dope" undeniably favors the older, experienced Lubbock Class A eleven; advance notices showed that the two squads were due for a mighty battle in which the "experts" would not be surprised if either wins.

Collier Parris, Avalanche-Journal sports editor, wrote of the game as follows:

"Believe it or not, but the game next Friday with the Pampa Harvesters is one that easily comes under the head of "crucial" activity. The two clubs involved are conceded the greatest chances to finish high in the average standing, and a game between them would mean quite a lot. The winner of the game here Friday will naturally be considered the favorite, and for the victor, one of the strongest contenders will be out of the way, temporarily at least.

"The Harvesters have already played and won three games by decisive scores, crowning the third exhibition with a score over 70 against the Hollis, Okla., team. The Pampa team will be in mid-season form when they face the Westerners Friday, and when that game is over a great deal can be said concerning who is favored to stand first in the final averages of District 1.

"Pampa, a Class B team last year, has risen almost miraculously overnight. Three years ago the Harvesters were a struggling little Class B team, having a difficult time in winning games from the teams in its own class. In 1928 there was a great change, and there was a team at Pampa who threatened some day to become a contender for the first class laurels. But few

Soviets are planning a billion bushel crop for the coming year, which they can produce at 50 cents a bushel at Black Sea ports, as compared with the American production cost of upward of 80 cents. A great part of this crop, he thinks can be dumped on foreign markets.

He said he has reason to believe that Russia was figuring that the United States next spring would have a surplus of at least 200,000,000 bushels which, together with the huge Russian crop, would depress prices greatly.

The short sales, in his opinion, were made to make money for the all Russian Textile syndicate which expects the price to be down as the result of the huge Russian crop, and to be able to cover at a large profit.

MUSTANGS TO KEEP OFFENSE UNDER COVER

DALLAS, Sept. 25. (AP)—The Southern Methodist university Mustangs today will unveil to an expectant football world the team that has received more advance notice than any in the 15-year history of the Southwest conference. The Howard Payne Yellowjackets will assist, however reluctantly, to make the occasion one to be remembered.

A critical, if not an over-large, audience was assured. A small army of scouts, arriving from everywhere during the night, moved in on Dallas early today and before game time was expected to be firmly entrenched at Owenby stadium. The showboating contingent was said to include gentlemen of keen perception from points as distant as South Bend, Ind., and Annapolis, Md.

Chances were that the audience, including cash clients, would get only a rough, general idea of what the Mustangs have on the ball. Although Coach Ray Morrison announced he would start his strongest line-up against the Jackets—almost the identical outfit that held TCU to a 7-7 tie last November 30—He was not expected to keep them in there any longer than absolutely necessary. The pony offense was due to be limited to a few power plays and simple passes; just enough to win. Some 50-odd plays with which the Methodist are known to be equipped probably will remain a deep, dark secret until Oct. 4.

Congressman Injured
FORT WORTH, Sept. 25. (AP)—Congressman Fritz C. Lanham was resting here today after he suffered a broken leg yesterday when he fell while fishing in a small lake near Millsap, in company with E. W. Fender, vice president of the Fort Worth National bank. Lanham was at Fender's home here, where he has stayed since his return from Washington on the adjournment of congress.

PENNANT MAY BE CINCHED IN TODAY'S PLAY

BY HUGH S. FULERTON, JR.
Associated Press Sports Writer

The National league pennant race finally has arrived at the point where it may be settled in one day's play. St. Louis starts its final four-game series against Pittsburgh and Chicago clashes with the Cincinnati Reds.

If the league leading Cardinals can win today and the Reds can against assert the supremacy over the Cubs they have held all season, the race will be over. Today the two leaders stand this way:

St. Louis—won 89; lost 61; pct. .593; to play 4.
Chicago—won 86; lost 64; pct. .573; behind 3; to play 4.

If the Cardinals triumph today and the Cubs lost their standing will be:

St. Louis—won 90; lost 61; pct. .596; to play 3.
Chicago—won 86; lost 65; pct. .570; behind 4; to play 3.

The Pirates already have knocked the New York Giants out of the pennant race while the Cubs, easy victims in Cincinnati, have done somewhat better against the Reds in Chicago and can be counted on to show their best with the pennant at stake. Yet if St. Louis wins, the best they can hope for is a tie while the Cards need but two victories in four games to clinch the title no matter what the Cubs do.

The rivals of the two leaders clashed yesterday but without giving the fans much chance to see what they may do today. Rain interrupted the game several times and finally halted it in the sixth inning, bringing Pittsburgh a 5 to 1 victory.

Pie Traynor's home run in the first inning sent the Pirates off to a lead that never was threatened as Larry French gave only five hits in the short game.

Brooklyn's floundering Robins dropped into fourth place as they lost to the last place Phillies. With successive first inning homers by

Chuck Klein and Don Hurst at the starting point, the Phils continued to hit hard and won by 6 to 3. It was Brooklyn's seventh straight defeat and left the Robins a half game behind the New York Giants. Klein's homer was his 40th of the season.

Another fall-ender, the Boston Red Sox, came out ahead in the only American league game, defeating the second place Washington Senators, 6 to 3.

Under pending proposals the trunk lines would organize the Sabine Basin railway which would by the Eastern Texas Electric company and thereafter build about 22 miles of line joining the Beaumont, Sour Lake, and Western railroad and Gulf, Colorado and Santa Fe system. The Missouri Pacific and Atchafalaya, Topka and Santa Fe systems would thus acquire joint ownership of a route into Port Arthur.

Weed held that Port Arthur now being adequately served by the Kansas City Southern railway, while another line is now in receivership. The Beaumont, Trinity and Sabine railroad, holds permission of the commission to build into Port Arthur but has not yet exercised it. Weed held the railroad service now available for Port Arthur to be adequate.

Examiner Says Proposed Railroad Is Not Necessary

WASHINGTON, Sept. 25. (AP)—The Interstate Commerce Commission today received an adverse report from one of its examiners on the proposed project of the Missouri Pacific and Santa Fe railroad system to extend their service by new railroad construction and purchase of existing lines into Port Arthur and Beaumont, Texas.

The Hollywood Story

COPYRIGHT 1930 by NEA SERVICE Inc. by ERNEST LYNN

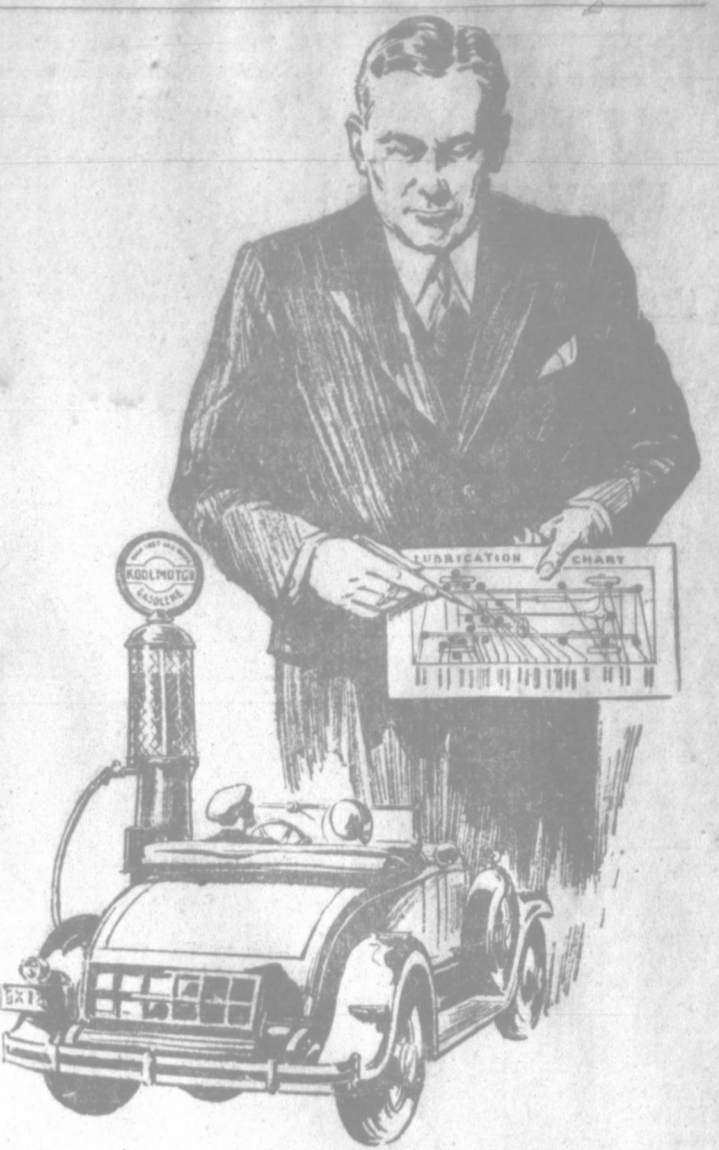

BEGIN HERE TODAY Dan Korimer, a scenario writer in Hollywood, is in love with Anne Winter, who, beginning as an extra has progressed rapidly and has been offered a contract by Grand United, one of the largest of the studios. Anne lives with two extra girls, Mona Harrison and Eva Harley, Eva at times is very bitter. She works only rarely, and she is despondent over a tragic love experience. FUAL COLLIER, who writes a daily movie column for a string of newspapers, shares Dan's apartment with him. Dan is under contract at CONTINENTAL PICTURES, but after a reorganization and a quarrel with an executive, he leaves. As a free lance, he is not successful at first, and he broods a good deal over what he thinks is his lack of real ability. Every step upward that Anne takes seems to Dan to remove her that much farther from him. She has managed to get a contract to her liking after turning down a first offer. NOW GO ON WITH THE STORY CHAPTER XXVI Paul Collier had said, "You're invited to lunch at Maris Farrell's. How do you do it, my boy? I'm invited because I occasionally write a piece about Maris which doesn't do her any harm, but you're asked just because you're you. Maris made a special request."

Konjola Ends Neuritis And Stomach Pains

Dallas Man, Unable to Work, About to Give up Hope, Now Back on Job.

MR. JIMMIE SANCHEZ "From the second day that I started with Konjola I felt that I had the right medicine," said Mr. Jimmie Sanchez, 1917 Orange street, Dallas. "I suffered for more than four years with neuritis and stomach trouble, a condition that rapidly brought me down in health. My fingers and limbs were so badly swollen and the pains in my sides so severe that I was forced to go to bed for one month. My work required me to do a great deal of writing and this of course was impossible. I had severe attacks of indigestion and gas accumulation after meals. "I have taken four bottles of Konjola and the neuritis is completely gone. My fingers and joints no longer swell and the pain in my side is gone. I am again at my work and happy to relate my experience with Konjola."

IDENTITY OF BLACK IS NOT VERY CERTAIN

THOMASVILLE, Ga., Sept. 25. (AP)—Willie Kirkland, 29-year-old negro convict, said to have been identified by a nine-year-old school girl as the man who attempted to attack her, was lynched here early today.

Kirkland, serving a sentence on the chain gang for horse stealing, was taken from Sheriff Gordon E. Davis and several deputies who were seeking to transfer him to a nearby town for safe keeping.

The men who seized the negro numbered between 50 and 75. Kirkland was hanged from the limb of a tree in Magnolia Gardens, a suburb, about a mile from the heart of Thomasville.

After hanging him, the men tied his body to the rear of a truck and drove to the city. They circled the public square and deposited the body finally on the courthouse lawn.

Kirkland was arrested yesterday with five other negroes. During the night it was said that Kirkland, in custody of officers, was taken from the jail to the home of the girl, who identified him. Shortly after daylight he was taken before the girl who again said he was the one who attempted to attack her.

It was after this second visit that officers sought to spirit him away but were balked by the mob. Extra guards were placed around the jail during the night while a number of townspeople kept an all night vigil in front of the building. There was no attempt at violence then, however.

A posse estimated at 1,000 men was formed here soon after the attack and searched the swamps in the vicinity for several hours with the aid of dogs. The hunt was continued even after Kirkland was placed under arrest.

Doubt that Kirkland was the person who attacked the girl was said to have been expressed today by the warden of the convict camp. He was quoted as saying the negro did not leave the camp yesterday.

LITTLE ROCK, Ark., Sept. 25. (AP)—A young negro who gave his name as Green Harris was brought to the state penitentiary for safe keeping following his arrest in Helena early today in connection with an attack on a 13-year-old white girl in West Helena a week ago.

Sheriff Barlow left Helena with the negro a short time after arresting him because of feeling aroused by the attack. The girl was attacked as she was on her way home from school last Thursday afternoon.

Tax Rolls Will Be Finished Soon

Completion of the tax rolls for the coming year was ordered yesterday by the commissioners court. F. E. Leech, county tax assessor, said that he would have the lists completed in due time.

As the commissioners plan to include the road bond assessments in the 1930 renditions, should the \$2,121,000 issue be approved at the polls Oct. 25, the rolls may be revised. If the issue does not carry the rolls will be approved.

At the special meeting of the commissioners yesterday, they ordered that \$4,000 in warrants payable out of the general fund be issued to Thos. Y. Pickett, oil assessor of Gray county, to fall due March 1, 1931.

Grains Are Stronger CHICAGO, Sept. 25. (AP)—Fresh upturns in grain values here took place early today, helped by advanced quotations at Liverpool, where previous sellers were said to be collecting profits. Sharp falling off in receipts of wheat at Winnipeg counted also as a stimulating factor, however, was reported as continuing to offer wheat freely abroad.

Starting unchanged to 1-2c up, Chicago wheat prices later scored for, however, was reported as con-opened at 1-8c decline to 1 3-8c gain, with the rise subsequently becoming general.

Stimson Says Administration Is Keeping Promises

ALBANY, N. Y., Sept. 25. (AP)—Henry L. Stimson, secretary of state, in the keynote address at the Republican state convention today declared the Hoover administration by legislative or executive action has redeemed thirty four of its thirty five campaign pledges.

He made no mention of prohibition, one of the major problems before the convention's platform makers. He devoted his address to praise of the national administration and asked that it be measured in the light of the business depression. Citing President Hoover's activities after the stock market crash last fall, Secretary Stimson declared had held "the ship of business steady."

"It was the first time that such leadership had been exercised by any of our presidents in a similar crisis," he said. "It prevented the immediate panic which threatened in the autumn of 1929, and to date throughout a long and worldwide strain it is still holding the labor and industry of the United States in a situation which is favorably compared with that in other countries, and in this country in other times."

Reviewing the achievements of the administration Mr. Stimson dealt with the tax reduction effected on last year's incomes, enactment of the Smoot-Hawley tariff and the agricultural marketing act, and the strengthening of the merchant marine.

The principal problem to which President Hoover addressed himself on assuming office, said Mr. Stimson, was the betterment of foreign relations. The secretary praised

the manner in which these were handled and declared: "The entire relations between this country and Latin America have been placed upon a new and sounder basis."
