Liquor Worth \$100,000 Found in Beville After Officers Receive Tip of Bootleggers Operations.

IMPORTED STUFF

Honduras Product Brought to 12-Mile Limit and Landed by Truck Loads; Carried to Many Cities.

CORPUS CHRISTI, April 8. (P)—Customs officials last night seized one of the largest quantities of liquor ever obtained in a raid in south Texas when they uncovered two caches of liquor near Beville.

They seized five trucks and approximately eight truckloads of foreign liquors. Three men were arrested and were to be formally charged today in connection with the seizure. Others in Houston, Galveston and San Antonio had not been arrested but were expected to be taken into custody today and charged with conspiracy.

Customs officers had information 60 days ago of operations and were informed the liquor was being transported from the coast in automobiles.

Liquor distributors in Houston and San Antonio were believed being supplied from two caches.

Find Two Sources

Early yesterday, customs inspectors assembled here for the raid and went to Beville, armed with search warrants obtained from United States Commissioner J. A. Mount.

They uncovered one cache north of Beville, apparently used to supply Houston liquor dealers, and another west of Beville used as a source of supply for San Antonio bootleggers.

Between 1,200 and 1,500 cases of liquor were found. They included foreign liquors with labels showing they had been shipped from a firm in Belle, Honduras.

Customs officials expressed belief that large vessels had been bringing the liquor off-shore in the Gulf of Mexico, to the 12-mile limit, and waited for launches which would bring ashore one truckload at a time, meeting the trucks somewhere on the coast. The trucks then would take the liquor to the Beville caches, which were easily accessible to Houston, Galveston, and San Antonio. Light trucks were used, especially built for fast hauling.

Had Received Tip

The officers attributed their "tip" to a recent feud between two factions of liquor runners in Houston and Galveston, one large liquor operator having made the threat to "break" the other gang and subsequently delivered to the government or "hijacked" not less than \$35,000 cases of liquor.

The recent killing of Kye Gregory in Galveston and the shooting and wounding of another man were seen by customs officers as the ones in the inter-gang warfare among liquor runners.

Value of the liquor seized yesterday had not been computed although it was expected to amount to more than \$100,000.

While the raid was in progress, a man drove up in a large automobile, which he promptly abandoned and fled.

Little Theater Gives Part Of Rotary Program

Presenting a varied and interesting program, W. C. Mitchell entertained and instructed the members of the Rotary club at the regular luncheon at the Methodist church today.

A number of the Little Theater players presented a short skit showing the return of prosperity to Pampa, ending with the death of "Mr. Depression."

Clyde Gold, Pampa fire chief, told the club members of the necessity of public cooperation in the prevention of fires. "Pampa has been observing for some time a clean-up, paint-up campaign which is showing its effects in Pampa," he said.

He extended an invitation to the public to visit the fire station and see the new building and the fire-fighting equipment.

Joe M. Smith told of some of the problems of the public school officials in providing funds for successful operation of the system. He pointed the taxpayers as the ones who provide educational opportunities.

George B. Cree was introduced as a new member of the club. Visiting Rotarians were W. E. Reardon, Monroe, La., and Fred Hoskins, Amarillo.

"ACCIDENT" IS FATAL

CHEGAGO, April 8. (P)—Dr. James Patejil was enjoying an evening at home last night when the telephone rang. He answered.

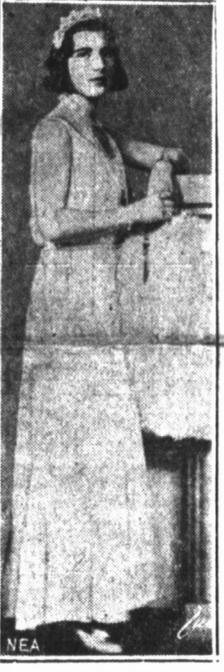

"There's an accident case in your office," said the caller who failed to reveal his identity.

OIL MAP TO GUIDE PARLEY

Will Seek Limitation of Discussions to Scope of Various States.

WASHINGTON, April 8. (P)—Representatives of oil states had before them today a map intended to help guide the industry out of depression as they continued their study of proposed remedies for the petroleum world's ills.

Meantime, a plea from Secretary Wilbur that members of the producing states' advisory committee limit recommendations to measures within the power of the commonwealths rested with that group.

The committee, of which Cletor I. Murray, Oklahoma City, is chairman, opened its second day of deliberations and will meet tomorrow with the Federal Oil Conservation board to discuss the state representatives' program.

The map was the preliminary report of the oil board's economic committee, which estimated gasoline and crude oil requirements for the six months ending next September 30 and suggested where it should come from.

A drop of 0.8 per cent in gasoline requirements from 254,108,000 barrels for the same period in 1930 to 252,000,000 barrels this year was predicted in the estimates which fixed domestic demands at 222,800,000 barrels.

Chicago Robber Captured

But Not Before He Kills Merchant And Wounds Two Others.

CHICAGO, April 8. (P)—One man was shot to death, two were wounded, perhaps fatally, and several hundred customers at Marshall Field and company were thrown into panic yesterday afternoon when a lone, middle-aged robber attempted to escape after holding up and robbing a restaurant manager.

The robber, who gave his name as Fred Smith, 47, a jobless machinist, was booked today on charges of murder and robbery.

The slain man was Casimir Krzysinski, 37, proprietor of a flower stand on the landing of the elevated station at Randolph street and Washington street. He was hit by five bullets as he stood near his stand.

The shooting started in front of Krzysinski's stand. Smith confronted John Gallaga, manager of a restaurant, and Miss Dorothy Woodburn, cashier of the restaurant, who were on their way to deposit the morning's receipts of \$1,087 in the bank.

After taking the canvas bag containing the money from Gallaga at the point of a pistol, Smith started away when James Dewey, a bystander, suddenly drew a revolver and began firing at Smith.

Krzysinski was caught by bullets from both pistols. Dewey was likewise shot twice.

Unscathed, Smith darted for the ramp leading into Fields with the crowd following in full cry. "Get that man," one woman cried. "He's a killer, but his gun's unloaded. Grab him!"

Hearing her, Paul Townsend, 19, one of the store's bill adjusters, leaped onto the robber's shoulders.

The gunman shot and wounded Townsend, and resumed his flight.

As Hugo Buck, another clerk started to leap on Smith, the gunman pulled the trigger of his pistol but it was empty. He fled down a circular stairway to the basement, where he encountered a bargain counter clerk, who promptly grabbed him by the waist.

The gunman was promptly hit over the head with his empty revolver. She fell unconscious.

But by this time, Buck and Henry Miller, another clerk, had leaped upon him and he was buried beneath a mob of clerks and customers.

Local Firm Will Build New Plant

Construction of a new building to house the Pampa Lubrication Service at 401 West Foster will be started in about three weeks, it was announced today.

Cost of the structure will be approximately \$12,000. It will be erected by Paul Kaskishke, owner and manager of the business.

When completed, the new building will contain a fully-equipped repair shop, vulcanizing, washing, greasing, gasoline and oil departments. Mr. Kaskishke is planning to make the station one of the most complete of its kind on the North Plains. Everything that can be done to or for an automobile, truck or any motor vehicle will be available at the new place, it was announced.

New Era for Chicago Seen

As Mayor, Anton Cermak Is Expected to End Rule of Gangster Clan.

CHICAGO, April 8. (P)—The political career of William Hale Thompson, as mayor, today lay buried beneath a record-breaking blanket of votes which elevated to the mayorship Anton J. Cermak, one time immigrant boy from Bohemia.

"Big Bill, the Builder" and a past master of the art of American politics, was swept out of office by his democratic opponent by the overwhelming majority of 191,916, thus becoming the worst beaten mayoral candidate in the history of the city. The vote, Thompson 475,613, Cermak 667,529, was in sharp contrast to the previous record ma-

JURY CONSIDERS SUIT FOR DAMAGES FROM SANTA FE

Rollie Gass Asks \$45,000 For Injuries Suffered When Train Hit Car.

Whether the Panhandle and Santa Fe Railway company owes Rollie Gass \$45,000 for damages alleged to have been sustained in an automobile collision is being deliberated upon by a jury in 31st district court today.

Arguments in the suit were delivered by attorneys this morning.

Members of the Pampa bar appointed Ben Baldwin to act as special judge during the illness of Judge W. R. Ewing who was still confined to bed in his home at Miami.

His physician said that he would not be able to return to the bench before Monday. He is suffering an attack of influenza.

Mr. Gass claims that an injury he received at the Starkweather street crossing was due to the negligence of the railway company. He uses crutches in the courtroom and sits on a pillow. All testimony in the case was concluded last week.

Attorneys for the plaintiff are Curtis Douglas and Nell Powers, and for the defendant, H. E. Hoover of Canadian and Willis Studer and Studer of Pampa.

Dollar Day To Be Largest One Ever Held Here

Dollar day tomorrow will be Pampa's biggest dollar day, according to those who have been preparing for several days for the big event.

Much new spring and summer merchandise has already been placed on the dollar counters, and more will be prepared tonight for tomorrow's selling.

Check today's News and the Post tomorrow morning for the big savings. Never before have prices been so low in Pampa for regular selling and the price reductions which have been made for tomorrow will surprise you.

Come down town early and prepare for some surprising values tomorrow. You'll think that it is impossible to sell merchandise so low.

SENATE GIVES ITS APPROVAL TO BIG PLAN

Woodul Substitute is Adopted by Vote of 25 to 5 and Passes Finally by Total of 22 to 8.

PARRISH S W A P S

Senator Small Maintains His Opposition; Amendments to Proposition Rejected by Proponents.

AUSTIN, April 8. (P)—Voting 22 to 8, the senate this afternoon passed finally the Woodul bond issue substitute. The vote on adoption of the substitute was 25 to 5.

Bond issue proponents in the senate swept to victory this morning with one vote to spare. It required a two-thirds majority on both adoption of the substitute and its final passage.

On final passage, proponents drew the votes of Senators Parrish of Lubbock, Hardin of Stephenville, and Deberry of Bogata. They had previously voted against submission of the bond resolution to the people.

Senator Greer of Athens, who voted for the resolution on engrossment, was absent today.

As passed the resolution called for submission of two bond issue plans to the people in November, 1931. One would call for the issuance of \$100,000,000 in bonds to be used in construction of highways and the other would provide for the issuance of \$12,000,000 in bonds to be used in reimbursing counties expending monies for construction of state highways.

Those Voting For Measure

Those opposing submission of the bond issue:

Senators Beck of DeKalb, Berkeley of Alpine, Cousins of Beaumont, Deberry of Bogata, Gainer of Bryan, Hardin of Stephenville, Holbrook of Galveston, Loy of Sherman, Moore of Greenville, Miss Neal of Carroll, Stephens of Dallas, and Thomas of Benaividis.

Those opposing submission: Senators Cunningham of Abilene, Hopkins of Gonzales, Hornsby of Austin, Martin of Hillboro, Poage of Waco, Rawlings of Fort Worth, Small of Wellington, and Woodruff of Decatur.

Reject Amendments

Proponents of the bond issue spent the morning rejecting amendments proposed by the opposition. Most of them had to do with changing of the date on which the people would vote on the bond issue. All were rejected.

The Woodul amendment seeks to set the date for the bond election in November, 1931. Five amendments proposing change of the date into 1932 were submitted, but defeated. One of them was by Senator Puri of Dallas, who Senator Holbrook of Galveston, had fallen unexpecting in with what the opponents advocated. Puri's amendment sought to move the date for holding the election into March, 1932. It likewise was defeated.

Four corrective amendments sent up by Senator Deberry of Bogata were accepted without argument.

Charge Is Filed In Connection With Highway Accident

That the cause of F. E. Ratcliff's death will be threshed out in the courts was indicated here yesterday when Lee Miller, state trooper, filed a charge of parking on a highway against W. H. Triplett, truck driver.

Ratcliff met his death last Thursday night when the small car he was driving crashed into a trailer four miles west of Pampa.

Soon after the accident, Triplett said that his trailer was not parked on the highway. When the accident occurred he was at Kingsmill in the truck having a tire repaired.

Miller was here two days investigating the crash. The charge was filed with County Attorney Sherman White.

The gasoline tank of the coupe driven by Ratcliff, employe of the Dixon Creek Oil company, exploded and burned the occupant beyond recognition.

It Is Time To Try Protecting Our Trade Territory

It is time for Pampa to be thinking more about protecting its trade territory. A recent map published in The Daily Oklahoman shows that Oklahoma City is claiming part of Childress and all of Collingsworth, Wheeler, Hemphill, and Lipscomb counties in its retail trade territory.

When one realizes that Oklahoma City is not calling this part of Texas its wholesale territory, but its retail area, we can realize what an injustice can be done to this section.

Fortunately the United States department of commerce in a bulletin does not give Oklahoma City such a large retail region. The limitation toward the southwest was set at Hobart, Lawton and Cordell, and not in Childress county.

Merchants of Pampa must not let up in developing the good will of people in this and surrounding counties. Our retail trade area is practically limited to the adjoining counties and we should protest vigorously against Oklahoma City's invasion of this region.

Oklahoma City's assertion that we are in its trade territory does not make it true, but we must not overlook any opportunity to extend the retail zone of Pampa because larger cities in all directions want our business.

MAD MARRIAGE

Begin here today. Gypsy McBride, 19-year-old typist in a New York office, is miserable and lonely when she finds that Alan Crosby, just returned from a year and a half in Paris studying art, no longer cares for her. Crosby is infatuated with Mrs. Langley, wealthy divorcee, who considers herself a patron of art. Gypsy becomes disgusted with her job and when she is criticized for carelessness impulsively resigns. She accepts an invitation from the wealthy cousin, Anne Trowbridge, to take the place of another guest at a formal dinner. The party is a bore. She leaves to get her wraps and go home, hears a noise in the next room and opens to find a man climbing in the window. He is James Wallace, guest of the Trowbridges, who has entered by the fire escape to avoid the dinner guests. Wallace tells Gypsy he has just been jilted by his fiancée. She admits she has had the same experience. To spite the girl he cares for Wallace asks Gypsy to marry him. She first refuses but later accepts. They are married next morning and board the train for Forest City. Wallace tells Gypsy there is something she should know. NOW GO ON WITH THE STORY CHAPTER XIII It was plain from Wallace's manner that what he had to say was important. "It's about my family," he said. "I'd rather tell you myself than have you hear it from anyone else."

KINGSVILLE, April 8. (AP)—The long dreamed of state home in Austin assured, delegates to the fifth district convention of the Texas Federated Women's clubs this morning entered the last day of the three-day session here.

Mrs. R. F. Lindsay of Mount Pleasant, state president, declared yesterday that permanent headquarters of the federation in Austin will soon be a reality.

Other speakers at Tuesday's sessions were Dr. R. B. Cousins, president of the Texas College of Arts and Industries, Kingsville; G. W. Cooke, president of Brownsville Junior college, and Mrs. J. E. King, president of the San Antonio board of education.

Roy McMillen, H. H. Isbell, and W. E. Minaree are spending today in Plainview at the dairy show. They are expected home tonight.

J. B. Wilks of Panhandle is spending this week as the guest of Mr. and Mrs. H. H. Isbell.

RIVAL CHAMPIONSHIP SHOWS SLATED FOR NEXT SUMMER

CARNERA TO BOX SHARKEY ON JUNE 10

Garden May Try to Hold The Alp to Agreement Now in Dispute.

NEW YORK, April 8. (AP)—It appears there will be two fights for two heavyweight championships of the world this summer. Max Schmeling is slated to defend his title against Young Stribling in Cleveland, probably in July, and now it develops that Lumbering Primo Carnera of Italy and Jack Sharkey have been matched for a bout at Ebbets Field, Brooklyn, on June 10 and the winner probably will be recognized by the New York State Athletic commission as champion.

Reports that Jimmy Johnston, who shifted his role from manager to promoter, had opened his battle against the Madison Square Garden corporation by signing up a rival heavy fight attraction were crystallized yesterday with the definite news of the date for the 15-round scrap. Several kinks in the program still must be straightened out but unofficial word from the boxing circles indicated that the commission would lend a hand at this business. Officially the commission announced that Carnera, suspended after his famous "fungo hitting" tour, will be reinstated "sooner or later." Unofficially it was made known that the reinstatement would be in time for a meeting with Sharkey and that the contract the Ambling Aly has with the Garden for a meeting with the winner of the Schmeling-Stribling bout would be overlooked by the commission. Half the profits of the Ebbets Field show, it is understood, will be given to New York charities.

There still remains the chance that the Garden will attempt to hold Carnera to his agreement to meet Schmeling or Stribling. The giant Italian posted a \$25,000 bond which stood until the New York milk fund withdrew from the western show. The New York commission is not likely to recognize this claim, however, as Schmeling is under suspension here and the Garden is in the bad graces of the boxing authorities because of its connection with the Schmeling-Stribling go.

PIRATES ARE HEALTHY
KANSAS CITY, Mo., April 8. (AP) Anytime anybody mentions it, somebody is sure to tap on wood, but the Pittsburgh Pirates apparently have at last tied the can to the injury jinx. The squad is in better shape than it has been at any time this spring. Not a man is on the hospital list.

Magnolia Baseball Team Is Formed Yesterday and Workout Is Staged

Magnolia Petroleum company is going to have a baseball team this summer. Yesterday afternoon the boys not only organized but had a stiff workout on the diamond. Jimp Upton was elected manager of the team. He will appoint a field captain prior to the first game. A list of the boys who reported for practice the first days indicates that the Mags are going to have another good team this year. Among those who are seeking berths on the squad are Fred Roseman, Scott Gray, William Simmons, Isham Lister, Ulyss Thorne, Leo Shriver, Lloyd Charles, Autice Ward, R. L. Burke, Charles Buckingham, and James Upton.

The Mags would like to have a game as soon as possible. Any team that wants some practice are requested to give Burke a ring. His telephone number is 268. Kieth Edelen, manager of the champion Gulf Guns last year, said last Sunday that the Gulf would not have a season this year. It is understood that the Phillips "66" boys are planning to reorganize. The Coltex and Prairie employes have important plans for the season.

Dempsey Is Ill; Won't Fight Again

PITTSBURGH, April 8. (AP)—When Jack Dempsey has had a good long rest, he is going to return to the refereeing and promotion end of the fight game—if he finds it won't ruin his health. The former heavyweight champion, with a tired, drawn look about him, spent an hour waiting for a Chicago train in the Pennsylvania station here early today after a 67-mile taxi ride, over detours and wrong roads, from Wheeling, W. Va., where he was the third man in a ring last night. Dempsey said he would never fight again. "I'm too old to stand the gaff," he added. He will go to Chicago and then maybe travel on westward.

WILL TALK SALARY
FORT WORTH, April 8. (AP)—Warren "Rip" Collins, veteran hurler of the St. Louis Browns who lives in Austin, passed through here today on his way to St. Louis to talk over his salary difficulties with the Brown officials. He indicated he might return to the Texas league if he was unable to come to terms with the St. Louis team.

Fifteen thousand dollars for giving lessons on how to use an artificial leg is the claim filed by a St. Louis man on the estate of a former tailor.

LADIES' DAY TO BE TRIED

Cubs Advertise Free Tickets Providing They Are Had by Correspondence.

CHICAGO, April 8. (AP)—The Cubs are going to throw weekly "ladies' day" parties at Wrigley Field again this year.

Although they got a headache trying to devise schemes to prevent riots for free duets by the ladies last summer, they are not only back with the same free offers but advertising the news to the fanettes. "Write for them and we'll give them away—20,000 of them for the first ladies' day, April 17, but don't come after them at the gate," the advertisement reads.

LOUISVILLE, Ky., April 8. (AP)—Fear that Mickey Heath, Cincinnati first baseman, might not be in the opening day lineup next week because of an injury to his leg suffered in an exhibition game in Florida has been dispelled by an X-ray picture. An examination showed no serious injury. Heath will take prescribed exercises to speed his recovery.

FIELD HOUSE MAY BE BUILT FOR ROCKNE

Would Be Fitting Tribute to Great Coach, Who Built Men.

SOUTH BEND, Ind., April 8. (AP)—A new field house may rise on Notre Dame's campus as a tribute to Knute Rockne. Members of the Rockne Memorial committee, at their meeting last night, were unanimously in favor of building a much needed field house in his memory instead of re-naming the new football stadium as "Rockne stadium."

Committees will be organized in all principal cities of the United States to receive donations for the fund. If it is large enough, a new field house is reasonably certain. "Rockne will ever be remembered as a builder of men rather than a great football coach," a prominent committee member explained. "Therefore, it is felt that a new field house would be better as a memorial than the re-naming of the football stadium, a suggestion that he himself blocked before it hardly became known."

No Slow Motion Will Be Seen In Farley-Simmons Wrestling Event

Cal Farley, former A. E. F. and inter-Allece wrestling champion and aspirant for another shot at the title held by Jack Reynolds, will arrive tomorrow morning for his match with Tiny Simmons at the Majestic Thursday evening. Simmons appealed to Frank Hunt, local promoter, for a chance at Farley and after some argument the even was arranged. Simmons is a muscular little fellow of unusual speed.

Simmons is rated as being able to give Farley a real workout, although the Amarillo man is one of the coolest and cleverest grapplers at his weight. Farley wrestles regularly to keep in condition and has his daily game of handball. There will be no slow motion in the Farley-Simmons affair.

Babe Shows 'Em He Is Slugger

ASHEVILLE, N. C., April 8. (AP)—The Bambino has returned after six years to make good with Asheville fans.

It was just six years ago that the Babe, scheduled to display his home-run technique at the local park, collapsed in a big way at the railroad station and was rushed to the hospital with a stomach ache that was felt around the baseball world. As if to make up for the disappointment he caused on that occasion, Ruth belted a double and single yesterday to help tick the Asheville Tourists, 5 to 2.

INDIANS RATTING WELL
NEW ORLEANS, April 8. (AP)—The Cleveland Indians, last of the major leaguers to break camp, were on their homeward jaunt today, jubilant that they finally found their batting eyes in their finale with New Orleans yesterday. They were due at Birmingham today for a two-day stand.

A delicate operation gave sight to a 22-year-old boy in Philadelphia. The boy was born blind without pupils in his eyes. Although he knew the Braille system he must now learn his A B C's.

WRIST POWER USED ON BAT

Manager Donie Bush Adds Points to Percentage of Carl Reynolds.

GREENVILLE, S. C., April 8. (AP)—Manager Donie Bush of the White Sox has won profound respect as a developer of hitters.

The little Irishman's latest triumph is Carl Reynolds. During the first part of last season Reynolds insisted in swinging freely and in batting at curve balls along the outside corner. Bush insisted that he poke at the ball, using the wrists for power. Reynolds did and his batting average soared from around .300 to .359 by the end of the season.

So far this season, Reynolds is hitting better than ever and the rest of the hitters on the club are trying out the Bushian advice.

Tony Kaufman Is Improving

HUNTSVILLE, Ala., April 8. (AP)—When Manager Gabby Street of the St. Louis Cardinals selected his "big five," Tony Kaufmann's name was not on the list but Tony has been doing such notable work of late that he is given a chance to land a starting job before the season is far advanced.

Tony was an outstanding pitcher with the Chicago Cubs several years ago but his arm failed and he took up outfielding. This year he appears to have regained his former ability.

MARSHALL MIGHTY GOOD
ATLANTA, Ga., April 8. (AP)—It's a time like this when John McGraw really appreciates Young Eddie Marshall.

With Travis Jackson on the shelf probably until opening day, Marshall has stepped in again to show McGraw he has a mighty good shortstop in reserve when he needs one. Marshall has been fielding as brilliantly at short as he did last year at second when given the opportunity.

GUY BUSH IS SLOW HURLER

Sluggish Starting Is Costing Him Games Despite Brilliant Finishes.

FORT WORTH, April 8. (AP)—Guy Bush's slow start habits are worrying the Cubs.

Ever since the latter part of the 1929 season, the star right hander of the Cubs has been hit hard in the first few innings, frequently long stretches of no-hit pitching later.

The "Mississippi Mudcat" looks better this year, however, despite his late starting tactics. He is heavier and his fast ball looks faster.

Uncle Robbie Is Again in Despair

MACON, Ga., April 8. (AP)—Manager Wilbert Robinson is in the dumps over the accident that has robbed him of the services of Adolfo Luque, the Cuban ace, for six or eight weeks. The thumb of Luque's pitching hand is badly smashed.

"Just our tough luck to get a wallop where we can least afford to take it," moaned Robbie. "If I'd lost a catcher, infielder or outfielder it wouldn't have mattered a bit because I have just as good men on the bench. But I need all my pitchers."

The annual report of the Pennsylvania railroad shows that its net income fell off more than 33 1/2 millions of dollars in 1930 as compared with 1929.

POWERFUL HARVESTERS WIN THEIR INVITATION MEET WITH DECISIVE MARGIN

Speedster Lard Leads Team in Thrilling Victory Over Amarillo Outfit.

Central high school athletes yesterday won their own invitation track and field meet, running up a total of 63 1/2 points to 37 for the Amarillo Sandies, nearest competitors. Memphis was third with 12 points, while Claude made 11, Clarendon 10, and Canyon 9. Teams were present from White Deer, Groom, LeFors, McLean, Shamrock, and Miami.

Albert Lard of Pampa was high point man of the meet with 16 1/4 and his teammate, Jim Ayres, was second with 13 counters.

Davis of Claude proved too good in the half mile and beat a strong field. Morris of Amarillo won the discus with a long heave. The shot put went to Nichols of Clarendon who barely needed out Moore of LeFors. Glass of Amarillo had to step to win the broad jump while Kilgore of Amarillo won the javelin toss.

Groom, using Townsend and Cornett, two ineligible men, had tough contenders in every entry but were unable to count their points. Townsend is the holder of the state 100-yard dash mark. He was graduated from Groom high school last year to make him ineligible.

The relay race was one of the best seen here. Groom won when Townsend gave his team an almost 50 yard lead that could not be overtaken although Lard was only a short distance behind on the final distance. The real race was between Amarillo and Pampa. Kiehl took an early lead but was overhauled by Scanlon. Robinson held his own against Buntin handing the baton to Kahl about 15 yards back. Joe then proceeded to run the best race of the day passing Davis and giving Lard a lead which he easily held coasting in to an easy win.

More than 150 athletes took part in the meet. One of the largest crowds that ever attended a Pampa track and field meet was present. The crowd was orderly and very little interference was reported.

The crew of Mitchell will be in Lubbock this week-end taking part in the Texas Tech relay. The following week the team will enter the Amarillo Globe-News meet at Tri-State park where they hope to continue their winning streak. It is expected that 50 teams will participate.

ANOTHER EXAMPLE OF FORD VALUE

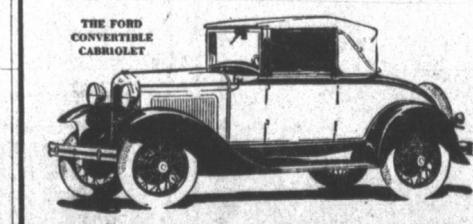

Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life—in the richness of its finish and upholstery—it brings you everything you want or need in a motor car at an unusually low price.

LOW FORD PRICES \$430 to \$630

(F. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.)

Strange Hurler Makes Impression

OMAHA, April 8. (AP)—"Doc" Smith, manager of the Omaha club of the Western league, didn't know whether he was the victim of a managerial dream or no, today.

Every manager dreams that some day, somewhere, a great baseball player, preferably a pitcher, will drop in and stay.

Yesterday, a stranger strolled into the Amoria camp, announced himself as a pitcher and was given a chance pitching for the Yankees. All he did was to hold the regulars to one hit for three innings. Manager Smith rubbed his eyes, enthusiastically rushed out to the mound and told the stranger, who gave his name only as "Mr. Earl of Iowa," to take and rest and report tomorrow.

After the game, a search was in-

Walton Beaten in Oklahoma City

OKLAHOMA CITY, April 8. (AP) Rejecting Rarin' Jack Walton, Oklahoma City voters have placed the reins of city government in the hands of quiet spoken C. J. Blinn for the next four years.

Blinn, an attorney, has promised a house cleaning at the city hall and takes into office with him anti-administration councilmen.

The former governor, impeached and ousted in 1923, was decisively beaten. A record ballot of 41,682

votes giving Blinn 25,375 to his 16,307.

Walton 12 years ago this month won the office which was denied him yesterday. By coincidence, William Hale Thompson was elected mayor of Chicago at the same time and yesterday also was defeated.

Always a fighter, Walton attempted a comeback in 1924 but was defeated by W. B. Pine, republican, for the United States senate.

Again, last summer Walton announced he would file for the senate, as an independent but withdrew before the election, and entered the mayoral race.

He is under federal indictment for

Local Radio Man Describes Newest Superheterodyne

8-Tube Receiver in "Supercette" Cabinet Introduced by RCA Victor

A new, full-fledged 8-tube superheterodyne receiver, housed in a miniature cabinet, and combining for the first time two of the most famous trade marks in radio, has just been received by the Oden Music Shoppe from the RCA Victor company in Camden, New Jersey.

The new instrument, which will be known as the RCA Victor Supercette, embodies all the advantages of full-sized superheterodyne performance, with an improved type of variable tone control, and employs two new super-control Radiotrons, the announcement stated.

"This set is the latest achievement of the world's greatest group of radio engineers," said Mr. Oden. "The supercette is not a limited range radio receiver of the so-called midget type, but a full-fledged superheterodyne instrument containing every important feature of modern radio design, in addition to advantages inherent to its size. It was designed to provide selectivity and sensitivity comfortably in excess of normal broadcast reception requirements and it is expected to set new standards in the 'small radio' field."

According to Mr. Oden, new principles of engineering design and manufacture have now made it possible to put a fully-developed, complete superheterodyne in a small cabinet. Cabinet experts and acoustical engineers have made important contributions in housing an eight-inch cone dynamic loudspeaker in the scientifically constructed baffle area of the Supercette. The exterior appearance of this instrument is in keeping with the artistry and skill that is responsible for the interior.

SON OF PAMPA MAN IS WINNER

C. H. Dunaway, 15-year-old student of Panhandle high school who was high-point man in the judging contests at the Plainview Dairy show, is the son of Henry Dunaway of the Independent Lumber company here. Mr. Dunaway lives in Pampa most of the time but his family lives at Panhandle.

The boy had a score of 417 points. He was high-point man in judging Jerseys, Holstein-Friesians. He was a member of the Panhandle football and basketball teams. The Panhandle judging team won first in the contests with 1178 points. McLean won second.

Road Official Killed by Train

OLATHE, Kans., April 8. (AP)—J. P. McNally, 70, assistant superintendent of the eastern division of the Santa Fe railroad stationed at Emporia was struck and killed here early today by a Santa Fe passenger train.

McNally was observing track repairs at the edge of Olathe as the train approached. He stepped in its path, apparently believing it would pass on another track.

Miss Virginia Faulkner returned yesterday to Stephens college, Columbia, Mo., after spending several days in Pampa.

AFFAIR IS ENDED

WASHINGTON, April 8. (AP)—Minister Hanna reported to the state department today that the incident at Managua involving a verbal exchange between President Moncado of Nicaragua and Lieutenant William B. Hatfield, United States naval medical corps, "has been explained and closed in a manner entirely satisfactory" to both governments.

The minister added however, that Commander Hatfield was now aboard the United States cruiser Rochester at Corinto under orders to return to the United States.

PLUMBER IS SOUGHT

PAMPA, April 8. (AP)—Officers today were on the lookout for Presidio Plumber in connection with the slaying of a man found dead at West two months ago. The victim was tentatively identified as a Dr. Taylor of Texarkana. Blackie Ring, companion of the man sought, said the doctor picked up the plumber in his automobile, leaving ring behind, as the two were attempting to catch a ride near Dallas. When next he saw the plumber, the latter was riding in the doctor's blood-stained automobile at Presidio.

Mr. and Mrs. Ralph Thomas are in Plainview for the dairy show.

NICHOLSON CASE SET FOR MONDAY

Trial of Mrs. Bertie A. Nicholson, charged with assault with intent to kill in connection with the shooting of her husband, Nick A. Nicholson, will be called in 31st district court next Monday. District Attorney Raymond Allred announced today.

Mrs. Nicholson shot her husband through the lung while he was standing at the back door of the Nicholson residence. He recovered later in Worley hospital. Last week, Mrs. Nicholson asked the sheriff's department to place her husband under a peace bond. He was kept in jail one night, but was released at the hearing next day. James Todd Jr., justice of the peace, ruled that the testimony of the husband refuted all claims and allegations brought by the woman in her complaint.

OFFICIALS ON VISIT

T. H. Lawson of Wichita Falls, Continental Oil company division manager; A. K. Snyder of Amarillo, district superintendent, and L. E. Hanson, district superintendent, are in Pampa today on an inspection trip of Continental properties.

tongue to ask if his aunt wanted him to marry a particular girl. That would make a difference. Then she remembered it would hurt Jim as much to talk about his former fiancée as it was hurting her now whenever she thought of Alan Crosby. Poor Jim—it must be a trying morning for him too.

Perhaps Aunt Ellen would be glad to see her. Anyhow she would try to think so.

Wallace held up his wrist and looked at his watch. "Twelve o'clock," he announced. "Are you ready for lunch?"

"Do you want to eat?" he asked. "I don't have much breakfast myself. How would you like to start with oysters?"

She might have informed him that her own breakfast had been exactly one cup of black coffee but she did not. "I'd rather have fruit," was what she answered. "Is there grapefruit?"

Yes, there was grapefruit. Wallace ordered blue points for himself. After that they had chops and a salad of vegetables and Gypsy chose ice cream for dessert and her husband ate a large, wedge-shaped portion of apple.

They were having the dessert when Gypsy smiled across at him.

"Here," she said, cutting into halves the tiny square of cake that was served with her ice cream. "You must eat half. It's the wedding cake."

Wallace flushed. "Not much of a party, I guess, is it?" he said. "We'll have to make up for it when we get home. Have a dinner party with one of those fancy cakes two feet high—"

Gypsy shook her head. "I'd rather not," she said. "I like this way better." She held the plate for him to take his half, dry icing. It was Gypsy's good cake but each of them ate it. They had coffee and then went back to the other car.

It was a long afternoon. There were a dozen things about the new life in Forest City that Gypsy would have liked to ask about but she was hesitant. She wanted to know about the house. All he had told her was that his grandfathers had built it and three generations of Wallaces had lived there. She wondered about his friends. They could come to call on her she supposed. Gypsy had heard that people in small cities were neighborly, always "dropping in" in friendly fashion. It was a little frightening.

She gazed out the window for long periods at a time, staring at the countryside. Often they passed through towns without stopping. Did the little towns feel slighted, Gypsy wondered.

Wallace had met a man in the club car who knew one of his clients. He came back to Gypsy, mentioning the fact. She told him she did not mind being alone and soon he was gone again.

Now it was 4 o'clock. Two and a half more hours and they would be in Forest City.

"Another hour and Alan will be leaving the office," Gypsy thought to herself. "What is he going to do tonight? Why does it make any difference to me? He said he was going to paint Mrs. Langley's picture. That's where he'll be, of course. When will he find out I'm gone? If he should telephone Mrs. O'Hare's she'd tell him—If he's telephone tonight—but he won't! I know he won't telephone! Some day he'll find out, though. Some day he's sure to know about it!"

She thought about writing a letter to Jean Foster at the office and

pendable and a young man to be relied upon. She began to notice attractive features of his appearance that had not impressed her before. Not, of course, that he was handsome. Jim Wallace was almost the exact opposite of the type of man Gypsy admired most. His face was ruddy but it suggested days in the open with the wind whipping against his cheeks. It was the ruddiness that goes with bright blue eyes and with flashing hair. Twice that morning Jim had surprised her with a quick, flashing smile that was like sunlight on steel. The smile had completely transformed him. Most of the time, however, he was sober-faced, and the eyes held a look which Gypsy could not understand.

She noticed for the first time that Wallace's chin might have been modeled from the figure of an athlete in a Grecian frieze. Strong, splendid. Firm. She liked the well-tailored, careless look of his clothing. Ellen heaved a tiny sigh. Her husband!

Now Wallace was frowning over the menu. "What would you like?" he asked. "Any suggestions?"

"I'm not very hungry," Gypsy admitted.

"Do you good to eat. I didn't have much breakfast myself. How would you like to start with oysters?"

She might have informed him that her own breakfast had been exactly one cup of black coffee but she did not. "I'd rather have fruit," was what she answered. "Is there grapefruit?"

She thought about writing a letter to Jean Foster at the office and

while she was thinking about it had the grace to blush. It was only because she was groping for some way to reach Alan that she had considered writing to Jean. Had she forgotten that she was married?

Gypsy turned away from the car window. It was the flying telephone pole, the flying houses and towns that had inspired such thoughts. The landscapes seemed to peer back at her: "You're running away—but you can't! You're running away but your thoughts won't let you!"

If only there was something she could do. Gypsy looked down at the purse in her lap, mechanically opened it and drew out the red enamel vanity case. She snapped the lid back and inspected herself in the mirror. The reflection was not flattering. Gypsy patted powder on her nose and chin until the shine was gone. Then she reddened her mouth with lipstick, smoothing it with her little finger to make it even. She was trying to get her hair into order when the magazine in her lap fell to the floor.

"Let me get it for you!" The young man in gray, who had been walking through the car, smiled as he returned the magazine. "Thank you," Gypsy's tone was zinc.

cool and dignified. The young man hesitated, apparently thought better of it and went on, disappearing through the car door.

Gypsy laid aside the magazine. She began to wish that Wallace had returned. Soon she was staring at the vanishing landscape. It must have been 20 minutes before she heard Jim's voice and looked up. He was beside her and

just behind him was the young man in gray. "This way out!" They stepped down to the platform. Wallace caught Gypsy's arm. "Over this way," he said. "We'll get ahead of the rush." Gypsy took a quick glance around her but before the confused picture took organized form she had been whisked into a cab. She heard Jim give the address and they started down the street.

"A moment later his voice startled her. "Do you think," Jim Wallace was saying in a cool, restrained tone, "it was necessary to make a spectacle of yourself flirting with Frank Gibson?"

General Electric Officials Have Praise For City

"The Panhandle is the coming part of the state," J. E. Vaughn of El Paso, General Electric sales manager for this district, said this morning.

Mr. Vaughn is one of a trio of General Electric men from the El Paso office, who arrived in Pampa last night and were here today in connection with the General Electric demonstration at the G. C. Malone Furniture company. The men are traveling in the specially built three-ton Reo truck, the same one that was in Pampa last July.

"We left El Paso April 1, and this is the first city we have been in that is not talking hard times, and blaming it on proration, and depression. I was almost lost last night when we came into Pampa, and saw fine new buildings where before had been vacant lots. This is one town that building is still going on. In other places we have been, what building has been started has simply been stopped."

Mr. Vaughn said that E. T. Wood, city salesman for the General Electric refrigerators, had made a splendid record.

The truck is the same one that appeared in Pampa last July. A part of the back end of the truck has been cut off to prevent it from dragging in dips. The vehicle carries two commercial models, one weighing 2,000 pounds and the other 1,700 pounds, and two coolers, the pressure cooler weighing 500 pounds and the bottle cooler 400. It also carries a commercial unit with a weight of 500 pounds. Sixteen complete domestic model refrigerators can be transported at one time in the truck.

"We will cover 5,000 miles on this trip," Mr. Vaughn said. "We will visit 115 towns, giving a demonstration in each town, and covering the Panhandle, West Texas, Southwest Texas, and Southern New Mexico. On June 15, we are due to return to El Paso."

With Mr. Vaughn on the trip is Elmer Jagers of El Paso, and C. T. Sullenger, Panhandle representative of General Electric.

Warford Is Elected Mayor Of LeFors

LeFors voters elected C. C. Warford mayor over W. R. Combs by nine votes yesterday. Twelve names were on the ballot for alderman with five to be elected. Three of the five elected had the votes. Alderman elected were J. G. Wheeler, Carl Durham, George Thut, W. C. Erving and A. Carpenter.

E. Bachus was chosen secretary, defeating P. A. Vance in a close race. The electors chose Charles Buss as town constable over three other contestants.

In the McLain election, Jot Montgomery was chosen mayor, defeating D. N. Massey by two votes. T. A. Landers was the third man in the race. Evan Sitter, Sam Bourland and John Haynes were chosen aldermen.

W. E. Bogan was elected secretary by acclamation. John Sparks received the nomination for town constable winning from Art Goodin in a close race.

Miami elected W. E. Stocker mayor over J. M. Smith, ex-county judge. J. E. McKinney, incumbent, did not enter the race. The three aldermen elected were E. Sides, W. F. Russell and L. G. Christopher. No other offices were contested.

Weather is Blamed For Plane Crash

WASHINGTON, April 8. (AP)—Weather has the official blame for the airplane crash that killed Coach Knute Rockne and seven others at Bazaar, Kans., on March 31.

After saying unofficially that ice broke the plane propeller, the commerce department asserted yesterday that a coating of sleet on the wings of the plane apparently was responsible for the mishap.

In formal findings, the department said its aeronautic inspector found evidence which indicated weather was the "primary cause of the accident."

Ruth Chatterton in Character Role

Those who have been clamoring for more of Ruth Chatterton, and they are legion in view of her outstanding performances for the talking screen, get a multiple serving of perfect drama in "The Right to Love," new Paramount talking picture which opens today at the La Nora theater.

Miss Chatterton does a dual role, providing her with three or four distinct characterizations, in this story of romantic repression through two generations, and the tragic events born of a secret trust.

Richard Wallace directed from the Susan Glaspell book, "Brook Evans." The screen play is by Zoe Akins. Paul Lukas and David Manners head the cast in support.

When the Prince of Wales and Prince George visited Vina Del Mar, Chile, the gambling casino reported the largest business of its entire history. The Prince of Wales won \$3,800 and Prince George \$30.

els an increase of 1.5 per cent from 219,589,000 barrels for the corresponding six months in 1930. Domestic refinery production should total 228,000,000 barrels, the report held, against 227,800,000 in the same period last year, but the estimates explained, 3,800,000 barrels would come from miscellaneous sources, leaving 224,000,000 "as the indicated amount of gasoline to be produced at domestic refineries."

Domestic crude production needs were estimated at 461,434,000 barrels by deducting expected imports. Daily average requirements were put at 2,521,000 barrels.

Present trends, the committee found, indicated the oil would be supplied as follows in the six months:

Texas, 162,641,000 barrels, 35.25 per cent; Oklahoma, 113,340,000 barrels, 24.56 per cent; California, 96,624,000, 20.94 per cent; all others, 83,829,000, 19.25 per cent.

An average daily production maximum of 2,450,000 barrels in domestic fields was suggested by the economic committee to liquidate stock inventories in line with stock withdrawals in the past six months.

The group recommended establishment of a committee of "commodity petroleum engineers" by the industry to develop "a method for more uniformly estimating potential crude production," citing its opinion that many estimates exceed true potentials.

Allocation of production and stock withdrawals by states was left as a problem for them to determine.

Wilbur told Murray that he believed influencing legislatures to act on uniform proration legislation would be all that could be accomplished at this time and pointed out that as congress is not in session, an interstate compact could not be put into effect, since congressional sanction must be had.

Wilbur indicated some of the proposals in Murray's general plan probably would not be acceptable, which led to his request topics to be tackled Thursday be limited to matters within the jurisdiction of the states.

Murray and Wilbur discussed the economic report yesterday afternoon. The interior secretary said he urged limitation of production in line with figures outlined in the report. Murray declined to comment.

The Panhandle Pampa Local Mutual Life Insurance Located at Pampa, Texas This insurance has been recommended by the insurance commissioner at Austin. I, W. H. Rodgers, have operated a mutual for more than eight years without having to call on the trustees to settle a single claim. This mutual was known as the E. K. Progress Mutual Life and Accident, of which I paid \$3,000 for copyright and they notified me to change the name of my mutual. As I had to change the name I decided to change the main office to Pampa, Texas, as Clarendon had 5 mutuals and Pampa none.

I am transferring 500 members from Clarendon Mutual to Pampa. I have my policies printed for Pampa Mutual but have given myself 90 days from the 15th day of March if needed to wind up the unfinished business in Clarendon Mutual and issue policies in the Panhandle Pampa Mutual. During this time we will take members in as charter members at reduced rates. We would like to have 50 agents working for us. We have the 16 northwest counties of the Panhandle, the healthiest part of the state. That means lots for mutual insurance. If you do not have any death you do not have to pay out your money outside the \$1.50 semi-annual dues. You are only helping someone that are poor and not able to carry old line insurance. Get in now as charter member. So far, we have not charged more than \$1.50 per member. By the time our 90 days are up we expect to have our full membership. Our agents that are now at work are E. P. Sims and Earl Cullum of Miami, Earl Valley in the Pampa National bank building, Pampa; Charlie Rice, Wynne building, Pampa; and A. G. Seitz, White Deer. See them for membership or write W. H. Rodgers at Clarendon, Texas, for agency. If hard times have caused you to drop your old line insurance try a mutual.

Fine Horses Burn In Kentucky Fire

LEXINGTON, Ky., April 8. (AP)—Hollywood Daisy today was the only one left of the 10 fine broodmares owned by John L. Dodge, New York trotting horseman. The other nine, valued at almost \$100,000, were burned to death when fire destroyed a barn on his Hollywood farm near here last night.

With the broodmares, five foals and four mules lost their lives. The total damage to barn and contents was estimated by the farm overseer at \$125,000. Mr. Dodge is at present at his stable's winter training quarters at Grovetown, Ga.

Two of the broodmares destroyed were valued at \$20,000 each. They were Hollywood Pansy, dam of Hollywood Harold, a leading three-year-old trotting horse, and Jane Dillon. The other mares were valued at from \$5,000 to \$10,000 each.

Servey Store Is Filled at Opening

A continuous crowd surged in and out of the Servey store at 108 North Cuyler on the opening day yesterday. It was reported this morning.

A. D. Bonner, manager, said he was more than pleased with the reception given the new ladies' and juveniles' store. Sales were good throughout the day. Although the store was never badly crowded, the clerks were kept busy throughout the day. Mr. Bonner said he was satisfied with the opening day.

The shop handles ladies' ready-to-wear, millinery, and has complete

infant and juvenile departments. New merchandise will be sent each week from leading fashion centers in California and New York where the Servey company has buyers and designers. The Pampa store was the 30th to be established in the southwest and Rocky Mountain states.

Fixtures in the new store are of fine wood, finished in ivory, and tinted with lavender and green. The wall-paper is of the kind that is used in French style salons.

When a single pistol shot opened an empire

The famous Oklahoma Land Rush of April 22, 1889, when the crack of a pistol opened 1,900,000 acres of land to homesteaders.

FOR YEARS Captain David Payne and his followers haunted the borders of what is now Oklahoma. Time and time again they built settlements, only to be driven out by the red men . . . their homes gone in clouds of smoke . . . trampled under the hoofs of Indian mustangs.

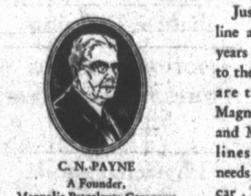

But such adversity only added fuel to the perennial American urge to pioneer and to seek homes in a new land of promise. Their persistence was rewarded when on March 23, 1889, a proclamation was issued by the President, opening 1,900,000 acres of land for settlement. How a single pistol shot changed an unpeopled and untamed Canaan one day into an American commonwealth the next, is now history. April 22, 1889, saw thousands of eager settlers, waiting for the solitary pistol shot that would open the way to wealth beyond conception.

Among the last States to be admitted into the Union, Oklahoma is now third in oil production and ranks among the leaders in cotton and wheat. In 1905, two years before Oklahoma was admitted as a State, the discovery of the Glen Pool near Sapulpa forever placed Oklahoma in the vanguard of all oil-producing States.

In the comparatively few years since the first discovery of oil west of the Mississippi River, millions of dollars have poured into the pockets of the people of the Southwest through royalties, leases and taxes. Railroads have realized a tremendous source of revenue . . . millions of people have been given jobs . . . bank deposits have grown fabulously . . . cities have bloomed where prairies once existed . . . the entire realm of business has profited and prospered.

That the founders of the Magnolia Petroleum Company were among the first refiners west of the Mississippi is not nearly as important as the fact that in a single generation this pioneer oil company has supplied every conceivable need for petroleum . . . changing and improving its products constantly to meet the changes and improvements in automobiles, industrial and farm equipment.

Just as the Magnolia Gasoline and Motor Oil of ten years ago were ideally adapted to the motors of that time, so are the Socony Motor Oil, Magnolia Maximum-Mileage and Magnolia Ethyl Gasolines of today tuned to the needs of the modern motor car . . . carrying you luxuriously and efficiently over historic Southwestern trails.

C. N. PAYNE
A Founder,
Magnolia Petroleum Company
When 15 years of age he drilled his first oil well. One of the three original owners of the J. S. Callison Company, Corsicana, Texas, the pioneer refinery (1898). Mr. Payne selected the name "Magnolia". He died in 1926.
