

WORLD VICTORY IS SEEN

Cold Wave May Include Snow in Panhandle Area Tonight

SPRING HAS BEEN PUSHED INTO RETREAT

Gentle rains falling over much of Texas today—temperature due to be sub-freezing.

DRIZZLE IN CITY

Eight kinds of weather at Lubbock yesterday include sandstorm; wind predicted.

(By The Associated Press) Winter threatened a rather southerly foray into Texas Thursday as government forecasts predicted that the backwash of a Rocky Mountain blizzard would strike the Panhandle Thursday night, chilling temperatures to as low as 16 degrees above zero in the plain region and bringing freezing weather to North Texas. Forestry experts said fruit trees and shrubbery faced considerable danger.

As an "advance guard" for the expected northerly, slow spring rains, the ground over most of Texas Thursday, from the Panhandle to the Gulf and from West Texas almost to the Louisiana line. The temperature dropped to 35 at Amarillo, after a rain lasting all night which left 3/8 of an inch precipitation, cloudy weather continuing Thursday, with mist falling.

Rainfall amounted to 3/8 of an inch at Abilene and the minimum temperature Thursday morning was 48 degrees.

Sandstorm at Lubbock. Lubbock had slight kinds of weather Wednesday, including sleet, snow, and a sandstorm. The precipitation amounted to only .03 of an inch and was followed Thursday by cool, clear weather.

Rainfall was general over the area about Sweetwater, amounting to one inch precipitation. Farm and pasture lands were believed greatly benefited. Plainview reported 1/8 of an inch rain and overcast skies during the last 24 hours indicated additional rain.

Thunder showers at San Angelo, accompanied by a minimum temperature of 36 degrees, amounted to only two-tenths of an inch. The showers were accompanied by some hail.

Continuing its sweep across west Texas, rain fell Wednesday night at Big Spring, intermittent showers fell early Thursday at Brownwood, a slow drizzle left 1/8 of an inch precipitation at Vernon and skies were overcast. The temperature at Vernon was 44 degrees Thursday morning and was dropping slightly. A similar temperature drop at Wichita Falls was accompanied by rain amounting to 3/8 of an inch.

Tyler Gets Downpour. Light showers fell at Fort Worth and Dallas, extending into east Texas, where Tyler reported a heavy rain early in the morning dwindled to mist and the temperature cooled quickly.

Southward, rain started falling Wednesday night at Corsicana and the temperature had dropped to 54 at 9:30 a. m. Thursday.

Austin reported warm, cloudy weather, with a trace of rain. A slow drizzle was falling at Beaumont Thursday morning, light rains were reported at Houston and rains and cooler weather were forecast for Corpus Christi.

Thunder showers were forecast by the government weather bureau for Thursday night, in east Texas, with the rain turning to snow in the northwest portion. Colder weather for the north and west portions was predicted, with a cold wave in the northwest section where temperatures below freezing were indicated for Thursday night.

West Texas was predicted to have cloudy weather, and rain in the southeast, with snow in the north portion and a cold wave Thursday night, temperatures of from 18 to 22 degrees in the north portion being forecast. Strong northerly winds were indicated, with freezing temperatures extending to the south portion of west Texas Thursday night.

Trippers To Unite In Galveston Soon

DALLAS, March 26. (AP)—John D. Middleton of Greenville announced today plans were being made for a reunion in Galveston May 10 and 11 of all those who participated in the All-Texas special good-will tour, which visited leading cities of the north and east in June, 1927. More than 100 business and professional men, representing every section of Texas, made the trip four years ago. Middleton said former Gov. Dan Moody was cooperating in the reunion plan. He said every city visited during the tour would be invited to send a representative to the Galveston reunion and that Gov. Ross Sterling was expected to attend.

Cities visited on the tour included Chicago, New York, Boston, Kansas City, St. Louis, Cleveland, Baltimore, Philadelphia, Baltimore, Washington, Pittsburgh, and Cincinnati.

GRAY AGENT TO TAKE GROUP TO COURSE

CANYON, March 26. (Special)—Among those who have shown particular interest in the herd improvement school which is to be held at Canyon April 3, 4, and 5, is Ralph Thomas, county agent of Gray county.

According to Prof. Frank E. Phillips, who is in charge of the local arrangements, Mr. Thomas expects to have a number of master dairy farmer contestants at Canyon to hear Prof. A. L. Darnell, A. and M. college fellow how master farmers are selected.

Professor Darnell has been on the judging committee each year since such contests were begun.

Forty Million Bushels of Wheat In Oklahoma Due

ENID, Okla., March 26. (AP)—A 40,000,000-bushel Oklahoma wheat crop in 1931 is predicted by Paul F. Peeler of Elk City, president of the Oklahoma Farmers' Cooperative Grain Dealers' association, which opened its fifteenth annual convention here today.

Despite a 5 to 10 per cent average reduction in his vicinity, Peeler said that with favorable weather conditions, he believed the harvest would show a gain of 10,000,000 bushels over last year.

Suspended Term Is Given Slayer

BEAUMONT, March 26. (AP)—A jury convicted A. B. Johnson, who killed Otis Lee Adams, of murder last night, but suspended the two-year sentence.

The trial brought to the Port Arthur refinery teamster foreman for the first time his theory concerning the death of his 17-year-old daughter, Elizabeth. He testified he was convinced she committed suicide to escape humiliation because Adams already had a wife and could not marry her. The youth, who drove an ambulance for the refinery where Johnson worked, had boasted Johnson swore he was informed, of intimacy with the girl.

Winners In Music Contest Announced

Miss Ira June Willis today announced Pampa winners in the music memory division of the Panhandle music festival.

Blue ribbons: Elizabeth Friedman, Ruby Seafie, Pauline Gregory, Robert Moore, Jane Daniel, Roy Showers, Roy Lee Jones, and Betty Jo Townsend.

Red ribbons: Chattie Lee Noah, Eva Jane Stack, Bob Mitchell, Doyle Enice, Mickey Ledrick, George V. Stephens, Edith Shearer, Janice Purjance, and Tharon Laverne Ashley.

Miss Willis is supervisor of music in the Pampa schools.

George Dale Trial Begun Here Today

Trial of George Dale, charged with receiving and concealing a saddle that had been stolen from Jim Saunders, is in progress today in East district court. W. C. Walker recently pleaded guilty to theft of the saddle and was given a two-year sentence in the penitentiary.

Dale pleaded not guilty. The firm of Cook, Smith, Teed, Wade, and Spurgeon is representing him.

President Hoover Homeward Bound

U. S. S. ARIZONA, March 26. (AP)—President Hoover was en route home today with fresh conceptions and first-hand information of the problems which the United States faces in her Caribbean territory.

As he dropped back into the restful routine aboard the Arizona he had pleasant memories of tremendous receptions in Porto Rico and the Virgin Islands, the Crockett being that of the Virgin Islands, which was almost fantastic.

Probably one of the oddest parades of all time passed before the president who saw vendors, school children and native scratch bands side by side in a colorful picture of insular life. Back aboard the Arizona the president let it be known he had enjoyed it all greatly but had difficulty in convincing himself it had been real. Immediately after coming aboard the Arizona at St. Thomas he resumed his rest with a nap before a leisurely dinner and talks on the deck. Throughout the night the ship pitched somewhat in the heavy ground swell. Weather reports indicated that there might be rough seas off the Carolina coast.

World's Tallest Building Gets Its Easter Hat!

NISBET WILL GET SECOND TRIAL THIS TERM OF COURT

Paul Nisbet will be tried again during this term of court for murder in connection with the fatal shooting of C. H. Taylor, District Attorney Raymond Allred announced this morning.

However, the indictment will not be technically faulty the next time. Mr. Allred said. The third count of the indictment charging him with being an accessory, was dismissed during the recent trial because a necessary legal phrase was omitted. The jury which heard the case failed to agree and was dismissed yesterday by Judge Ewing. The men stood 10 for conviction and two for acquittal.

Mr. Allred also announced this morning that Fred Parker, missing state witness, had been located, and would be a witness in the next trial. A. C. Thurmond of LEPors in his testimony connected Parker with the slaying.

Engine Hits Street Car; 33 Passengers Are Thrown About

CHARLOTTE, N. C., March 26. (AP)—Thirty-three persons were injured, many seriously, today when a Southern Railway engine plowed into a street railway car at a mid-town crossing here.

The mishap occurred at the Trade street crossing, just north of the Southern passenger station. Twenty-seven of the injured were negroes.

An ambulance, speeding to the scene, struck the automobile of Jack Kimball, insurance salesman, injuring him seriously. Witnesses said gates at the crossing had been lowered for a hand car and the street car halted. When the handcar passed the gates were raised and the street car started across and was struck by the engine.

J. C. Burgess, G. C. Stark, and H. H. Isbell, all of Pampa, attended a banquet of J. I. Case company dealers at Amarillo yesterday.

HOPE TO CUT GAS TAX TO 2 PER CENT

West Texas Senators Are to Make Fight for Reducing Levy—Local Men Work for Defeat of Measure.

DATA WELCOMED

George Briggs Says House Is Busiest in History—Representatives Hard for State.

Panhandle and West Texas senators in the legislature hope to lower the proposed tax on natural gas to 2 per cent when action is taken on the bill in the senate, George W. Briggs, manager of the Pampa C. D. said today. The bill, which turned last night from the senate, he, Mel Davis, and Ed Dugan spent Monday and Tuesday working in the interest of the gas bill.

The house of representatives voted to levy a 2.75 per cent tax on natural gas Tuesday afternoon. Sen. Clint C. Small and other Panhandle members of the senate hope to slice the three-fourths per cent from the bill before it leaves the upper house. The Panhandle delegation was only fairly pleased with the bill as passed by the house. Mr. Briggs said. However, it was much better than the 3-cent tax originally proposed by Representative Sanders. A two per cent tax would be much more equitable than a 2.75 per cent tax, Mr. Briggs said.

The Pampa men spent both Monday and Tuesday on the floor of the lower house, maintaining the Panhandle gas production situation and the effect of the Sanders bill on the industry and producers to representatives.

South and southeast Texas members of the house know as little about gas as Panhandle representatives knew about sulphur, Mr. Briggs said, and they were glad to get information concerning the bill and production of gas. The legislators were glad to substitute the 2.75 per cent tax for the three-cent tax when they were pointed out what would be the disastrous effects of the latter, Mr. Briggs said. The Pampa men explained that the Panhandle men who were working on the floor for the 2.75 per cent instead of the three-cent plan did not pursue the tactics of a professional lobbyist. They merely gave information regarding the effect of the proposed laws to the representatives.

Mr. Briggs said in his opinion the house of representatives is the noisiest place in Texas. Pandemonium reigns on the floor from opening until closing time. A legislator may be making a vehement speech and be heard by only a few. The others may be reading newspapers, dictating letters, arguing with a lobbyist or a fellow representative, talking to a newspaperman, sleeping, or writing. However, if the orator attempts to "put over" a questionable statement he is called down immediately by one of the men dictating letters or reading a newspaper. Mr. Briggs said the legislators may appear to be very much occupied and ignorant of what is being said, but as soon as somebody tries "to put over a fast one," a dozen will rise up objecting.

Mr. Briggs believes the legislators are also about as hard working a set of men as has ever seen. They work from 10 to 14 hours daily, and it is really astounding that they get as much work done as they do, considering the number of bills introduced, he said.

Thomas Receives Poison Shipment

County Agent Ralph R. Thomas has received a shipment of poisoned grain for use in killing prairie dogs. Farmers who have asked for portions are requested to see Mr. Thomas at the county agent's office in the courthouse. Wheat growers whose wheat is being damaged by prairie dogs are advised to put out some of the poison grain.

Last year, a local wheat grower had 90 acres of wheat destroyed by the rodents. The owner put out a quantity of the poison and every dog was killed.

Three Names Filed For School Trustee

Just before 12 o'clock last night, the legal deadline, the candidacy of J. G. Christy for trustee of the Pampa Independent school district was filed with Joe M. Smith, manager of the district.

Earlier in the day, the candidacies of C. T. Hunkapillar, Pampa, and J. M. Daugherty, Hoover, were filed. These three names will be the only ones to appear on the ballots. The election will be held April 4. Mr. Hunkapillar is president of the board and has been for four years, and Mr. Daugherty is a member.

Mr. Christy said this morning he would base his candidacy on a demand for a school building in the Talley addition where he lives.

The two men chosen to serve on the board will be elected for a three-year term instead of two years as formerly. Qualified voters may vote for two of the three candidates, and the two receiving the highest number of votes will be declared elected.

Legislature Aids Doomed Fiddler

For more than a year, Dave Goodwin, above, illiterate backwoodsman, sat in cells in Dallas, Texas, and Texarkana county jails, scraping a battered fiddle, singing crude ballads, and hoping for justice. Now, after all other efforts failed, the state legislature has ruled that he may have a new trial because the jury which convicted him of murdering Lloyd Elliott in a quarrel over a hog, and fined death as the penalty, was intimidated by a mob.

It was asserted that enough favor was available to carry the election providing all who are eligible to vote go to the polls. The deciding factor in the election will be in the Pampa vote, where 2,000 poll taxes were paid. Much support was forecast in the south part of the county, where the road bond tax of the precinct would be lowered by nearly half should the county-wide bonds pass.

Mr. Walker pointed out that the proposed roads would place paving within 10 miles of almost every residence in Gray county. He showed that the federal emergency fund would be transferred to New Mexico and other states if counties like Gray do not use all of the ten millions available. The emergency fund must be claimed before September.

It was brought out that all poll tax payers who have real or personal property subject to assessment for taxes are eligible to vote.

Judge Ivy Duncan spoke in favor of the bonds and stressed that the state and federal governments were more than eager to place paving funds in Gray county, and that if the opportunity is not grasped it will not return for many years. George Briggs said that Gray county apparently, unless the bonds are voted, will have the only mud on U. S. 80 in the near future.

City Manager F. M. Owen closed the program in a stirring talk on the bright future of Pampa and the nation. He gave statistics showing that the business trend is definitely upward.

Visitors today included Keith H. Harris, Wainwright Bridges and Mr. Fairchild.

SHEPARD IN HOSPITAL

DENVER, March 26. (AP)—Mal. Charles A. Shepard, convicted of slaying his wife and under sentence of life imprisonment, was resting easily at Fitzsimons hospital Friday after suffering a stomach hemorrhage yesterday. His condition was said to be "not serious."

Col. Earl H. Burns, chief of the medical staff at the hospital, said today Major Shepard probably would be confined for a month. He collapsed while at his hospital duties.

THE WEATHER

WEST TEXAS: Cloudy, rain in southeast, snow in north portion, colder, cold wave, temperature 12 to 22 in north portion where strong northerly winds indicated, freezing in south portion tonight, Friday partly cloudy, colder in south portion. Notify stockmen.

OKLAHOMA: Rain or snow, cold wave with temperature 20 to 30 in south and 18 to 26 in northeast and 8 to 16 in northwest portion, strong northerly winds and gales tonight, Friday cloudy, colder in east and south portion tonight. Notify stockmen.

—AND A SMILE CHATTANOOGA, Tenn. (AP)—Jack Mitchell is 17 and a professional baseball pitcher. Not so much that Jack is a girl. She over, she is assigned to pitch for the Chattanooga Lookouts in an exhibition game against the New York Yankees next week. Her ambition is to strike out Babe Ruth.

APPROVAL IS STRONG FOR MORE PAVING

C. H. Walker Finds Lions to Be Strong for Putting This County in List of Those Having Concrete.

BIG VOTE NEEDED

Danger Is In Failing to Get People to Polls—Future of Community Bright in Gwin's Opinion.

That Gray county voters in all precincts are giving favorable consideration to the bond issue of next Saturday was declared at the Pampa Lions club today by C. H. Walker. The Lions by a show of hands evidenced unanimous support of the issue and pledged themselves to work all day in getting out the voters.

It was asserted that enough favor was available to carry the election providing all who are eligible to vote go to the polls. The deciding factor in the election will be in the Pampa vote, where 2,000 poll taxes were paid. Much support was forecast in the south part of the county, where the road bond tax of the precinct would be lowered by nearly half should the county-wide bonds pass.

Mr. Walker pointed out that the proposed roads would place paving within 10 miles of almost every residence in Gray county. He showed that the federal emergency fund would be transferred to New Mexico and other states if counties like Gray do not use all of the ten millions available. The emergency fund must be claimed before September.

It was brought out that all poll tax payers who have real or personal property subject to assessment for taxes are eligible to vote.

Judge Ivy Duncan spoke in favor of the bonds and stressed that the state and federal governments were more than eager to place paving funds in Gray county, and that if the opportunity is not grasped it will not return for many years. Proration Schedule Given

AUSTIN, March 26. (AP)—The Central Proration committee today recommended an allowable oil production of 50,000 barrels for the new East Texas pools and of 656,939 for the entire state.

The suggested allowable for the next six months follow: Fort Worth, 35,000 barrels; North Texas, 60,000; West Central, 23,447; West Texas, 232,931; East Central (subject to increase at Van previously mentioned), 52,050; East Texas, including Upshur, Smith, Gregg, and Rusk counties (subject to mentioned increase), 80,000; Southwest Texas, 63,000; and Gulf Coast, 140,000.

The committee held in connection with the new area that it has not received nominations sufficiently intelligible, or based upon reliable taking, to enable it to report the total of purchase nominations.

It stated the operators committee for East Texas recommended an initial allowable production of 30,000 barrels a day.

The committee said it felt the railroad commission should make some adjustments between the districts to allow more production in the Panhandle, North Texas and West Central Texas districts, thereby affording additional outlet from those marginal wells.

"We suggest that this be done either by the commission, either on its own motion or by conference with the purchasing companies involved in those districts."

The committee stated its figures were based on the proposed purchases. It asked the railroad commission to cut these in certain instances and distribute that amount among the marginal wells. The standard is asked that the Texas field be reduced from 20,000 to 15,000 barrels and the Big Lake field from 20,000 to 12,000 barrels.

The railroad commission was asked to consider the possibility of reducing Gulf Coast production, such as in the DeWitt, the Parkers Hill, Humble, Pierce Junction, and Spindletop fields.

What Other Counties Can Do Gray Should Certainly Consider

There is nothing impossible about the Gray county road bond election which will be held on the coming Saturday.

It can be voted if those favorable to good roads go to the polls. In each of the last several previous elections, it was found too late that even road boosters had neglected to vote.

The issue is no larger, proportionately, than neighboring counties have approved. Carson county on the west has paved her main roads and is very proud of the fact.

On the east little Roberts county has not only voted roads but is urging that Gray keep faith by doing the same.

The election of Saturday was called after the various needs of the county had been studied and specifications approved.

The issue is squarely up to the loyal residents of Gray county. The neighboring counties want an answer to the proposition of making a connected system of Pan-handle paving.

though political leaders are nevertheless still able to control the system. Small minorities can dominate nominations through the primary. Often the best available man for office refuse to enter such a hurly-burly free-for-all as a primary.

Al Smith deeply pained many of his Progressive friends by declaring against the primaries. Al said that he had originally thought the primaries a grand thing, but that 18 years of experience had convinced him otherwise.

ing more than 18 years to convince most of the other old friends of primaries. They felt that Smith had lined himself up with all the political bosses in the country and the wealthy boys who stood behind them.

The proposal to kill off the primaries in Montana—primaries which have produced Senators Tom Walsh and Bert Wheeler—has been definitely killed in the state legislature.

About 40 states now have nominating primaries for state-wide election contests and figures show that voters have taken an increasing interest in them.

MAD MARRIAGE

by LAURA LOU BROOKMAN Author of HEART HUNGRY, etc.

HERE TODAY
 McBRIDE, 19, typist in
 her office, delayed at
 the morning when she is
 the most brilliant ALAN
 CROSBY home from a year and a
 half studying art in Paris. Gypsy
 is so eager to meet Alan she does
 not take time to check the figures
 she has typed before handing in
 her work. CLARA HOWARD, also
 an employee, knows that Gypsy has
 slighted her work.

Gypsy has known Crosby since
 the days when both of them lived
 at the same cheap rooming house
 and is greatly interested in his
 success. Crosby's study, abroad
 was made possible by a scholarship.
 The couple are not engaged but
 there has been an "understanding"
 between them and Gypsy is sure
 he will be as fond of her as when
 he departed.

She reaches the pier just as the
 gauplank is lowered, sees Crosby
 and calls out his name.
NOW GO ON WITH THE STORY
 CHAPTER II
 There was no sign of recognition
 on Alan Crosby's face. He came
 down the gauplank slowly. His
 gray topcoat was tasteful, incon-
 spicuous. The gray felt hat lowered
 over his eyes had the faintest touch
 of the picturesque in its tilt.
 Crosby stood half a head above
 his neighbors. His features were
 clear-cut, pleasing, and there was
 an air of distinction about the
 young man. He had dark eyes and
 fair skin. His eyes roved the crowd
 at the foot of the gauplank.

"Alan!" Gypsy cried, her
 face became a misty vision. Gypsy
 wiped back the tears. She pressed
 her cheek against Alan's coat and
 felt the rough, woolly fabric. Slowly
 and breathlessly, she lifted her head.
 And then—
 "Gypsy!" Crosby's voice came
 cheerfully, heartily. "This is a sur-
 prise—I didn't expect to see you
 here! Say, you're looking great!"
 "So are you, Alan!"
 The girl's face was radiant. A
 slight hesitation, then Alan's eyes
 landed somewhere between Gypsy's
 right ear and forehead.
 "Why, you haven't changed at
 all!" he grinned. "Same turned-up-
 nose. Same crop of freckles. No, no,
 haven't changed a bit." He held
 her off at arm's length and gazed
 down at her.
 Gypsy loved his teasing. She
 knew she hadn't a turned-up nose
 though Alan had always said so.
 She didn't mind the freckles which
 once they had quarreled over.
 "Alan—are you really glad to see
 me?"
 "Why, of course I am. Of course,
 dear! Gosh, but it's good to be
 home and know I'm going to stay
 a while. Say—maybe I'd better
 have a look at what's happened to my
 nose."
 She had to take rapid short
 steps to keep up with him. The
 panoramas of noise and confusion,
 opened luggage, chattering inju-
 rious travelers and unmuried in-
 spectors became glaucous now
 that Crosby was by her side.
 "Oh, look, Alan! Look at that
 woman over there with the tiny
 little monkey!"

Crosby followed her, nod-
 ded. He was searching for a well-
 worn trunk and traveling bag.
 "There's a man from India. The
 one with his head all wrapped up
 in a turban. Did you meet him,
 Alan? He looks as though he might
 be a prince. Or a sultan maybe!
 No, that's wrong—they're in Tur-
 key, aren't they? Oh, it must be
 thrilling to cross the ocean on a
 boat. You've got to tell me all about
 it, Alan. And oh, there are a thou-
 sand things I want to talk to you
 about! I don't know where to
 start."
 Gypsy stopped, aware that the
 young man was not listening. He
 had turned and Gypsy's eyes wid-
 ened as she followed his glance.
 Alan was looking far down the
 pier. A woman stood there. She
 was dressed in sleek, rich black and
 her shoulders were wrapped in a
 luxurious ermine. Even Gypsy
 knew that the costume, the tiny
 black hat, were Parisian. The
 woman was smiling. She could see
 her clearly.
 There was a fleeting impression
 of skin and red hair. A
 soft nose and cool lips. For
 the briefest moment she was
 certain

MENU for the FAMILY

By SISTER MARY NEA Service Writer

Spring makes it possible to serve
 salads in greater variety than dur-
 ing the winter months. The hearty
 salad is most welcome in place of
 the hot luncheon dish considered
 necessary during cold weather.
 Fish salads, combinations of eggs
 and vegetables, meat and vegeta-
 bles, and cheese salads furnish
 many calories of protein and fat as
 well as mineral salts and vitamins.
 Fish, egg and cheese combinations
 are especially suitable during Lent,
 and a simple dessert of fruit is
 nourishing and satisfying.

Cheese Has Role in Salad
 Cottage cheese, cream cheese, and
 grated hard cheese are all excellent
 in salad combinations. Added to a
 fruit and gelatin mixture, shaped
 in balls or sprinkled lightly over
 the salad materials, cheese of any
 variety adds richness of flavor and
 food value.

While the choice of fish is wide,
 a firm fleshed variety is desirable.
 Cod, halibut, haddock and salmon
 separate into so-called flakes and do
 not crush when combined with other
 materials. Shrimp, crab meat
 and lobster are generally associat-
 ed with party salads, but their
 valuable food factors make them

suitable for family fare when the
 pocketbook affords them. Scallops
 are delicious in salads and are also
 rich sources of minerals.
 The most important step in mak-
 ing a successful fish salad lies in
 thorough marinating in lemon
 juice before combining with other
 material.

While the choice of additional
 material requires careful consider-
 ation, it is less essential than the
 seasoning. In many instances the
 added material aids in seasoning
 as in the case of celery. Usually
 extra ingredients are added to give
 body to the mixture and subdue
 the pronounced fish taste. The ad-
 dition of capers to many fish sal-
 ads is a vast improvement. Finely
 shredded cabbage is an inexpensive
 and satisfactory substitute for cel-
 ery with such fish as cod, haddock,
 halibut or scallops.

Occasionally a combination of
 fish is an economical expedient.
 The less expensive fish can be used
 with high priced varieties with re-
 markably good effect.
 The dinner salad of fish or eggs
 conforms to the general rule for
 all dinner salads. It must be very
 piquant and appetizing. It should
 be light and crisp. Eggs should be
 hard-boiled, sliced, and highly
 seasoned with salt, pepper and
 pickled beets and eggs stuffed with
 sardines served with French
 dressing.

General Pershing has left Wash-
 ington for White Sulphur Springs,
 W. Va., where he will spend several
 weeks in resting and recuperating
 from a recent cold.

**THIS WOMAN IN 4 WEEKS
 LOST 17 POUNDS OF FAT**

Here's a letter written October 21,
 1929, by Mrs. Fre. Barringer of
 Lewisport, Montana, that ought to
 be read by every overweight woman
 in America:

Gentlemen: I started taking
 Kruschen's every morning as directed
 and wanted to reduce.
 I had tried going on a diet but
 would get so hungry that my diet
 would not last long, so I decided
 to give "Kruschen Salts" a trial.
 The day I started to take
 them I weighed 256 pounds and at
 present, which has been just four
 weeks, I weigh 239 lbs. And I must
 say, I feel better in every way, be-
 sides looking much better.

May all large men, both men
 and women who wish to reduce
 and stay that way, I'm sure it will
 convince anyone.
 A little of Kruschen's Salts that
 lasts four weeks costs but 85c at
 Pampa Drug Company, Patterson-
 Wilcox Drug Company, Fatherese
 Drug Store, Rich and Drug Com-
 pany, Inc. or any drug store in
 America. Take one or two spoon-
 fuls a day, before breakfast
 and before going to bed. To help
 reduce, eat only fruit and
 fat-free meats and go light on pota-
 toes, butter, cream and sugar.
 Kruschen's Salts is the safe
 way to reduce—try it, and
 if not satisfied—money
 back.

DOWN TO FUNDAMENTALS
 BLOXI, Miss, March 26 (P)—
 Catcher Cliff Bolton is learning he
 must watch runners on third be-
 fore throwing to second.
 Manager Walter Johnson of the
 Senators gave Bolton a lesson along
 this line. The interest of the
 was taken to mean he is seriously
 considering the newcomer for a
 permanent place on the team.

"I've shipped on a South Sea Tramp"

yet you'll find me just around the corner"

It's a small matter where you meet up with Chesterfield. The point is
 —get acquainted! You'll find the change to Chesterfield a real change... one
 which your palate will thank you for! Chesterfield uses choicer and milder
 tobaccos—nothing else; and so blends and "cross-blends" them that you get
 just what you want in a smoke... greater mildness and better taste.

Chesterfield
 They Satisfy
 —that's Why

FOR NINETEEN years, our Research Department has
 kept intimate touch with every new development of Science
 that could be applied to the manufacture of cigarettes.
 During this period there has been no development of tested
 value or importance to the smoker which we have not
 incorporated into the making of Chesterfield cigarettes.
 Liggett & Myers Tobacco Co.

JACK ROSE AND WILCAT PETE ARE MATCHED TONIGHT

SURFBOARD IS EXPECTED TO CALM INVADER

But Shreveport Dude Has Shown Ability to Beat Best Men, Using Many Break Tricks.

Wilcat Pete and his surfboard held are expected to do things to Jack Rose in the main event at the Majestic auditorium this evening. It will be Rose's first engagement here in several months.

These comes meeting about not being able to meet Otis Clingman instead of Pete. Clingman is out of the city and will wrestle in Gallup, N. M. tonight.

Now, yesterday denied that he was out on Clingman and repeated his off-advanced tale about being the champion of Pampa.

Despite his unpopularity here, Rose is looked upon as a very capable wrestler and one who is able to hold his own against the best in the game. His methods, which include letting his opponents run themselves down chasing him, are disliked by a majority of the mat faithful.

Wilcat Pete is calculated to be the sort of fellow who can calm Rose and make him like it. Pete is a former champ and is still young and ambitious.

In the semi-finals Ray Myers of Dallas will trade capes with the Boy of Amarillo. Both are tough.

SAYS HURLING IS IMPORTANT PART OF BALL

Pitchers Must Be Naturally Smart Or Coaching Is Of No Use, Declares Chief Bender of Giants.

SAN ANTONIO, March 26. (P)—Take it from Chief Bender, the Giants' pitching coach, who has been around ball parks long enough to know a lot, pitching is the important part of modern baseball, especially where the Giants are concerned.

"Hitters like Terry, Ott, Jackson, and Rogers have their own groove," says the Chief. "They may stomp a little or gain a little but in the end they will produce their basketful of base hits. Pitchers these days are the unknown quantity. A pitcher must be naturally smart. When everybody gets through coaching him and telling him everything, then it is up to him. He must have rhythm and get control himself."

RADIO DAY BY DAY

(Time Is Central Standard) NEW YORK, March 26. (P)—A recapper of what may be developed in a synchronized broadcasting of identical programs on the same wave length is indicated by the proposed lineup of four stations in the Columbia network.

Under the plan approved by the radio commission, WCAE, Columbus, Ohio, WOIO, Albany, WHEC, Rochester, N. Y., and WHP, Harrisburg, Pa., are to be operated on 1450 kilocycles. This means that within six weeks CBS will be running double the number of stations synchronized in a single group, as compared with the NBC system. That chain is operating WEAF, WTIC and WJZ-WBL together on two wave lengths.

Eight Fast Basketball Teams Are To Battle for Dallas Cage Title

DALLAS, March 26. (P)—Eight of the fastest girls' basketball teams in America, under two-division rules, will play here tonight in the quarter-finals of the fourth annual national amateur athletic union tournament.

These clubs are Mustang, Texas, who will play the Wichita Tornado; Dallas Sunoco, defending champions, who will meet Oklahoma Presbyterian college of Durant; Dallas Cyclone, carded to play Randolph college of Cisco, and Crescent Comets, Zuehl Springs, Tex., who are scheduled against Walk-Over of Fort Worth, Texas.

Yesterday's second round in the championship flight was featured by a thrilling setto when the Crescent Comets won 35 to 31, in the last seconds of play from Kelly Brothers of Houston. Other games saw favorites breeze through without trouble. The second best game yesterday was the Mustang, Texas, and Prairie View, Kan., battle which went to Mustang 47 to 44.

Canyon Sprinter Is Among Threats In Track Meet

Word was received here last night that Canyon would send a team to the Pampa invitation track and field meet here Saturday. Melean will also send some of her team, particularly her two half miles. Canyon boasts a boy by the name of Tucker who last week beat Eugene of Amarillo in the 400-yard dash.

The Canyon team took the 100-yard dash, 200-yard dash and the 400-yard dash events from Amarillo so it will be Canyon and Groom that Pampa's Mr. Laird will have to watch in the dash events.

Cosch Odom Mitchell said last night that the card would not start until 1:00 o'clock and that track and field events would take place at the same time. A list of prizes has been posted.

Teams already entered are Memphis, Amarillo, Berger, Groom, Pampa, White Deer, Miami, McLean Canyon and Pampa.

A list of prizes and donors follows: Grand prizes: Individual scoring highest points—Air-King wrist watch—Diamond Shop.

Individual scoring second high points—Westfield wrist watch—Pampa News-Post.

Individual scoring third high points—Westfield wrist watch—Piggly Wiggly and 7.

Event prizes: Relay—shirt to each member—First National Bank.

400-yard dash—\$5.00 gold emblem—Pampa National Bank.

100-yard dash—necktie and socks—Murrie & Co.

Collins Will Don Butcher's Garb

WINTER HAVEN, Fla., March 26. (P)—The latest and perhaps final message Phil Collins has for the Phillies is that he's leaving pronto for his home in Chicago after failing to agree with the club on salary.

The pitcher has had several talks with President Ruch, but there was no result.

"There's no use pitching if you can't get what you consider yourself worth," Collins said.

According to team experts, the present arrangement is Gehrig at first base, Lazzeri at second, Sewell at third, and Lary at shortstop. If this does not work out, McCarthy can move Lazzeri to third and insert Ben Chapman at second or insert Bill Weber at short.

Braves and Cards Swap—But In Hats

ST. PETERSBURG, Fla., March 26. (P)—The Braves and Cardinals have expected a swap—but it has turned out to be a swap in hats.

Judge Emil Fuchs, Braves owner, got a \$15 Fedora from the Cardinals' vice-president, Branch Rickey.

And Judge Emil gave Rickey a \$7 hat. The judge was all excited over the deal and was bent on taking over the camp until he discovered a hole burnt in his newly acquired \$15 lid.

EXHIBITION BASEBALL By the Associated Press Yesterday's results: At St. Petersburg, Fla.—New York (A) 8; Philadelphia (N) 3.

Havana—Brooklyn first team 10; Brooklyn second 3.

Mobile, Ala.—Boston (A) 10; Louisville (AA) 3.

Los Angeles—Los Angeles (PCL) 9; Pittsburgh (N) 12 (13 innings).

SAN DIEGO, Cal.—Detroit (A) 5; Hollywood (PCL) 1.

San Francisco—San Francisco (PCL) 8; Chicago (B) 4.

RACE CLASSIC 92 YEARS OLD IS TOMORROW

Seven Fine U. S. Horses to Face Barrier—Favorite Are As Usual Slated To Win Money.

AINTREE, Eng., March 26. (P)—Started 92 years ago by a school keeper who sought to draw money to his territory, the Grand National, the classic of all steeplechase races, will be renewed over the gruelling four and one-half mile Aintree course tomorrow.

It has been nearly a century since Captain Becher parted company from his horse and swallowed the water of the brook, which has borne his name from the day to this, since then, the Grand National has grown from an obscure local event to a contest which 300,000 race fans from every stratum of British, American and continental European life will witness tomorrow.

With 45 horses, among them seven highly regarded American-owned thoroughbreds, ready to face the barrier, every race follower in town today has a favorite, although the bookies restricted their choices to a more select field.

The starting field will be below the record of 68, due to the new rule made to cut down the unruly field of previous years. Originally 84 were nominated.

Many a "rag" has led the more highly regarded jumpers here, but those who claim to know say this is the favorite year. But that is what they have been saying for 92 years.

American-bred horses never won the race and only twice has an American owner been successful.

Sergeant Murphy scored with Stephen (Laddie) Sanford's silks, while A. C. Schwartz's Jack Herper won in 1926.

Howard Bruce's Billy Barton, greatest of all American jumpers, was one of the two to finish in 1928 but he was second to Tipperary Tim, a 100 to 1 shot, after springing a plate a half mile from the finish. A year later John Hay Whitney's Easter Hero was showing the way to the last jump but was forced into second place by Cragaloch.

If American silks are to win this year, the railbirds are saying they will be carried by either Easter Hero or Sir Lindsay, both owned by Whitney. The pair have ranked either as favorites or near the top since the opening of the future books and today were held at 100 to 7.

Babe Herman Is Popular in Cuba

HAVANA, March 26. (P)—Babe Herman, Brooklyn's slugging outfielder, is quite sure his visit to Havana has made him popular with Cuban fans.

"I guess they don't know the Babe here," Herman commented, pointing to a big headline in a Cuban paper. "I didn't even get a hit today and look at this big type."

"That means you struck out twice," explained the learned Gordon Slane practice sessions daily chado Dos Veces struck out twice.

Schneider Pin Crew Wins Over Diamond Shop

The Schneider hotel bowling team in the Commercial league gave the Diamond Shop boys an awful scare Tuesday night by winning three straight games.

Stores took two out of three from the boys' & Landry while Cabot company won two out of three from Foxworth-Galbraith.

A. L. Stone, bowling for the Cabot company, set a new league game record when he dropped 347 pins.

He beat Clauson's big score of last week 244 pins. Thompson of Pease and Landry rolled second high games with 218 pins. Powell of Gordon Store followed with one pin less.

Tuesday night will see the last games in the Commercial league. City league competition will end April 3.

SHIELDS HAS GIVEN HOPES FOR FUTURE

Experts Say Big Youth At 21 Is Better Than Bill Tilden Was At 24 Years of Age.

NEW YORK, March 26. (P)—Frank X. Shields, a Big Bill Tilden in physique if not yet in stroke, stood today as an ominous shadow across France's Davis Cup hopes of a year or two hence.

The strapping New York City youngster, runner-up to John Hope Dies, of Newark, N. J., in the nation tennis championships at Forest Hills last summer, won both of his singles matches in the international indoor team competition with France, which France won three matches to two and won them in such decisive fashion, as to send American hopes soaring.

His straight set defeat of Jean Borotra, Davis Cup veteran and leader of the French team Monday night was the most decisive the bounding Basque of Biarritz had ever sustained indoors at the hands of an American. Just to prove it was no flash in the pan, Shields came back last night to defeat Christian Bonussus, France's main hope among the younger players in an even more decisive fashion giving the Frenchmen but seven points in three sets and five of those in the first.

Standing well over six feet tall, broad shouldered, long armed, the American youngster rifles a serve across the net in the manner of Big Bill and covers more court than the bounding Borotra. At 21 he is a better tennis player, experts say than Tilden was at 24.

The international team match, modest along Davis Cup lines, was won by France largely because Berkeley Bell was not quite up to the class of Bonussus, Hosten, and Shields. The fragile appearing Texan lost both matches, and then George Lott, Jr., and John Van Ryn, the Philadelphia pair, bowed to the French doubles team to make defeat certain.

FIGHTS LAST NIGHT By the Associated Press Barcelona, Spain—Frankie Genaro, New York, and Victor Ferrand, Spain, drew 15.

St. Louis—John Schwager, St. Louis, outpointed Johnny Risto, Cleveland 10. Dave Knost, St. Louis, and Gene Stanton, Cleveland, drew 15.

Denver, Colo.—Andy Callahan, Lawrence, Mass., outpointed Mickey Cohen, Denver, 10.

Athletics Always Ragged in Spring

SANFORD, Fla., March 26. (P)—Losing a lot of spring practice games is just an old Spanish custom so far as the Philadelphia Athletics are concerned, Manager Connie Mack said today.

"Go back over the books," he added, "and you will find our team always looks terrible in the spring."

Bruce Parks of the Oklahoma City Club led the Missouri Valley A. A. C. cage league this season with 10.5 points scored per game.

"HIGHEST TEST" at the price of ordinary gasoline

INSTANT STARTING QUICK PICKUP

PHILLIPS 66 is made by the world's largest producer of natural high gravity gasoline

You will never know how flexible and responsive your motor is, until your tank is filled with Phillips 66... the greater gasoline.

That's a strong claim. The highly successful Phillips organization did not intend to make it, if this gasoline were not a sensational performer.

Judge it from every standpoint: quick starting, snappy pick-up, fast getaway, smooth running, long mileage. On every count, Phillips 66 delivers premium performance. Because its controlled, weather-matching gravity of 65.3° to 69.6° is honest high test.

Yet it costs not a penny more than ordinary gasoline. Convince yourself that Phillips 66 in your tank means money in your pocket. Try it, the very next time you see the Orange and Black 66 shield.

Also Phillips 66 Ethyl at the regular price of Ethyl gasoline

THE PAMPA LOCAL MUTUAL LIFE INSURANCE

Located at Pampa, Texas. This insurance has been recommended by the insurance commission at Austin, Texas. W. H. Rodgers, have operated a mutual for more than eight years without having to call on the trustees to settle a single claim. This mutual was known as the E. E. Progression Life and Accident, or simply as the E. E. Rodgers' Life and Accident. It was copyrighted and they notified me to change the name to this mutual. As I had no other name I decided to use the name I had used for years at the main office in Pampa, Texas, at Clarendon No. 5 Building and Pampa News-Post.

I am seeking for 500 members from Pampa and vicinity. Pampa: I have my policy printed for Pampa, but I have given myself 90 days from the 15th day of March, if needed to wind up the unfinished business in Clarendon Mutual and issue policies in the Pampa Mutual. During this time we will take members in as charter members at reduced rates. We would like to have 50 agents working for us. We have the 16 northwestern counties of the Pampa handle, the healthiest part of the state. That means lots for mutual insurance. If you do not have any death you do not have any life insurance. Get in now as charter member. So far we have not charged more than \$1.50 per member. By the time our 90 days are up we expect to have our full membership. Our drop your old life insurance agents that are now in work are dead. See this membership agent, Earl Tully in the Pampa, Charlie Rice, Wynne building, and A. G. Bittig, White or write W. H. Rodgers at hard times have caused you to W. H. RODGERS, Clarendon, Texas.

WILL SPARE YOUNGSTER

NEW ORLEANS, March 26. (P)—Joe Younis, the youngster from Cleveland's sand lots, is likely to win the left field job for the Indians but he'll not make his debut before the home town fans.

Manager Roger Peckinpaugh believes to send the youth before his friends on the opening day in Cleveland would not be good psychology. Peck probably will rely more on the steady influence of the veteran Charley Jamieson.

TO THE STOCKHOLDERS OF CINCINNATI OKLAHOMA - WESTERN RAILROAD COMPANY OF TEXAS

Notice is hereby given that a meeting of the stockholders of the Cincinnati Oklahoma - Western Railroad Company of Texas, as has been called by the Directors of said corporation, to be held at the principal office of the corporation in the City of Pampa, Texas, on the 31st day of April, 1931, at 3 o'clock, p.m., for the purpose of substituting in the constitution and having the stockholders ratify upon the substitution thereof, the authorized capital stock of the corporation from One hundred thousand shares of the par value of \$100.00 each to One hundred and fifty thousand shares of the par value of \$100.00 each, and of doing all things and giving all proper authorizations to carry out and effectuate such increase.

Noted at Pampa, Texas, this 6th day of March, 1931.

L. W. KLEIN, Secretary, Cincinnati Oklahoma - Western Railroad Company of Texas.

One Move Is Not Made by Hornsby

SAN FRANCISCO, March 26. (P)—Rogers Hornsby, manager of the Chicago Cubs, early in the training camp several important shifts in the several important shifts in the club's lineup—but at least one of them has not been made.

He did switch his infield around to make a place at short for Barrett Gill Jurgens, indicating that Lester Bell may not be used regularly at third where Woody English has been worked. However, Kiki Cuyler still is in right field and Hack Wilson is in center, instead of vice versa as Hornsby earlier indicated.

When the New York Rangers three years ago won the Stanley Cup, emblematic of world's supremacy, they did it by the same margin as the same team, 16 victories, 16 defeats and nine ties.

TREASURY DEPARTMENT, OFFICE OF THE SECRETARY, Washington, D. C., March 26. (P)—Proposed in the Office of the Superintendent of Finance, Treasury Department, Washington, D. C., at 9 o'clock a. m., on April 16, 1931, for the sale or disposition to the United States of certain property, consisting of approximately 300,000 shares of the common stock of the Pampa Mutual Life Insurance Company, of Pampa, Texas, and approximately 100,000 shares of the common stock of the Pampa Mutual Life Insurance Company, of Pampa, Texas, on the terms and conditions set forth in the prospectus, which is being distributed to the public, and in the prospectus, which is being distributed to the public, and in the prospectus, which is being distributed to the public.

PROGRAM ANNOUNCED FOR WORKERS CONFERENCE HERE

Association To Meet at Baptist Church Tuesday

The complete program has been announced for the workers' conference of the Palo Duro association which will be held Tuesday at the First Baptist church of Pampa. The Rev. J. R. Hicks, vice-moderator of the association, will preside.

Miss Hillard and Mr. McConnell Are Wed in Oklahoma

Announcement has been made of the marriage of Miss Vera Del Hillard, daughter of Mr. and Mrs. J. W. Hillard, and Mr. McConnell, son of Mrs. Gertha McConnell. The ceremony was read in Hollis, Okla. Saturday night, and the couple returned to Pampa Sunday morning.

Adult Council Has Business Meeting

The adult council of the First Methodist church met at the church Wednesday evening to consider plans for development of the adult division. Travis Lively, superintendent, made an inspiring and helpful presentation of the plans, which are supposed to enlarge the department so as to reach every adult member of the church and as many as possible of the unchurched adults of the city.

The work is to cover the following lines of Christian activity: worship, fellowship, Christian missions, community cooperation, evangelism, church loyalty, parent education, and home cooperation.

Mooseheart Group Entertained Here

Mrs. Joie Brown entertained women of the Mooseheart legion at her home Wednesday afternoon. After the business session, a social hour was enjoyed and the hostesses served delectable refreshments to Mesdames Bob Follwell, Dolores Bunch, Lucy Taylor, Nell Cottrell, Sara Miller, Ethel Olsen, Bettie Clark, Helen Jones and baby, and one special guest, Mr. A. E. Crenshaw.

Turks Bar Beauties From Teaching Posts

ISTANBUL, Turkey, March 26. (AP) None of beauty's daughters need apply as Turkish school ma'ams.

HOME AWARD

The Farm Journal publication has been carrying on a piece of work known as the Farm Journal Modern Home Program. Plans for awards are homes that possess the following modern conveniences: running water, heat in all rooms, 2 modern bath room, power for heavy work, electricity or gas lighting, effective sewage disposal, refrigeration, telephone and screens. The said home is to be located beyond the corporate limits of any town or village. The applicant, or his or her family, must have resided in said home for a period of two years and the major part of the income must come from farming.

Mrs. J. E. Ward Named Delegate By Local W.M.S.

Members of the Methodist W. M. S., meeting in regular session Wednesday afternoon, chose Mrs. J. E. Ward as delegate to the annual Methodist conference to be held in Big Spring. It was also announced that a Bible conference would be held here April 16.

The meeting, held under the direction of Mrs. W. Purviance, was opened with a song, "More Love for Thee," followed with a prayer by Mrs. Joe Shelton. A devotional based on the 119th Psalm, and a study of the Bible. Circle 3 had the largest representation present.

Auxiliary Meets In Craven Home

The Episcopal auxiliary met in the home of Mrs. William M. Craven Wednesday afternoon for a program on the united thank offering.

Madonna Class To Decorate Room At Church On Tuesday

Tuesday was the day set by members of the Madonna Sunday school class, Central Baptist church, to decorate the classroom of the church when the group met yesterday afternoon in the home of Mrs. R. V. Burns. The opening prayer was led by Mrs. Ray R. Hungate.

Miss Stephens Is Bride Of Mr. Lowe

Miss Pauline Stephens, daughter of Mr. and Mrs. O. E. Stephens Saturday became the bride of Mr. Ray Lowe. They are now at home at the Adams hotel.

PANHANDLE-PLAINS COURSE

The home demonstration club women of the Panhandle-Plains are the guests of the West Texas Teachers college at a one day short course at Canyon April 28.

SPECIALISTS COMING

Gray county will have two Extension Specialists next month, Mrs. E. N. Holmgreen, poultry, and April 11 and Miss Inez Derryberry, landscaping specialist, who is making her first trip to the Panhandle in that capacity. Miss Derryberry will be in the county April 27. BE OUR GUEST AT THE spring showing

OF THE NEW FRIGIDAIRE IN SPARKLING WHITE PORCELAIN

We invite you to be our guest during our Spring Showing... to see the many features which make the new, white Porcelain-on-steel frigidaire the advanced refrigerator. ●●● Water freezes with incredible speed when you set the "Cold Control." Wilted vegetables become crisp again in the famous Hydrator. Ice cubes leave the Quickcube Tray at the touch of a finger-tip. And even fruit juices will not stain the seamless, cabinet interior. ●●● By all means attend our Spring Showing. Take this opportunity to see one of the most interesting displays we have ever presented.
