ENEMIES DEFEY FOR ORDER TO CHANGE COURT

PRESIDENT DECLARES IT IS 'DUTY OF CONGRESS'

WASHINGTON, July 16 (AP)—A presidential injunction that it is "the duty of congress" to pass judicial legislation at this session drew angry, defiant replies today from foes of the court bill.

The armistice called after the death of Senator Robinson was shattered even before his state funeral at noon.

"We will select our own leader and dispose of the court bill in our own way without dictation from any source whatsoever," said Senator Van Nuys (D., Ind.).

Senator Burke (D., N. C.) commented, "If the President is determined to have the matter brought back to life, he will find the opposition ready to welcome the contest. Opposition Senators struck back vigorously at the President's statement that he was expressing his views before Robinson's funeral because "I find that advantage is being taken of what, in all decency, should be a period of mourning."

Senator Burke declared the opposition's effort to avoid the controversy during the period of mourning had "not been followed by the other side."

President Roosevelt made his demand for action on court legislation in a letter to Acting Senate Leader Barkley of Kentucky.

He followed it up with a conference last night with Barkley and other Senators.

Earlier four freshmen Senators had discussed the court issue with the President, and according to word passed around by their colleagues, urged him to let the controversial measure go back to committee until next session.

Opposition leaders asserted they had enough votes to recommit the bill. But at a strategy conference, a division of sentiment developed as to whether the motion to recommit should be made, or the fight carried on for a decisive vote on the legislation itself.

New Compromise Rumored. Senator Brown of Michigan, previously favoring the compromise bill, shifted to the uncommitted group. His shift, Robinson's death and announcement against the bill by Senator Maloney (D., Conn.) gave the opposition a three-vote margin in the line-up of publicly declared Senators. The totals became 41 against, 38 for, 16 non-committal, and one vacancy.

Foes reported the bill's supporters already were negotiating for a new compromise.

Intervened with the court bill dispute was an increasingly heated

WHEAT PRICES RISE FOUR CENTS BUSHEL

CHICAGO, July 16 (AP)—Wheat prices rose approximately four cents a bushel above yesterday's close today as heavy buying appeared in the pit around mid-session. The advance from the day's early low was almost five cents.

Traders said much of the buying could be attributed to unfavorable crop advice from the domestic northwest and from Canada and to reports of renewed demand in Europe for North American wheat.

September wheat in Chicago touched a high at one stage of \$1.29 per bushel, up almost 4 cents.

35-Hour Week For Bill Being Urged

WASHINGTON, July 16 (AP)—House labor committee members disclosed today attempts are being made to write 35-hour week and 60-cents-an-hour minimum wage provisions into the administration's labor standards bill.

The committee will vote on the amendments Wednesday. As approved by the Senate labor committee, the measure would permit a proposed labor standards board to fix minimum wages not higher than 40 cents an hour and a work-week of not less than 40 hours.

NAVY SEARCH FOR EARHART STILL FUTILE

HONOLULU, July 16 (AP)—Navy airmen, alternately plagued by scorching heat and blinding rain squalls, today moved toward the close of their hopeless south seas hunt for Amelia Earhart and Frederick J. Noonan.

Four massed flights over the vast equatorial area where the pair vanished on July 2 have netted not a clue to fliers from the aircraft carrier Lexington which is running short of supplies.

Somewhere in the shark-infested waters surrounding lonely Howland island, the aviatrix and her navigator disappeared while attempting a 2,550-mile flight to the mile-and-a-half long island from Lae, New Guinea.

If the missing monoplane is aloft, officers of the Lexington calculated it should be adrift in the area charted for searches today and tomorrow.

Today's flight orders for 42 planes started them combing 28,800 square miles from a point 220 miles north of the equator and 180 miles west of the international dateline.

Naval authorities here, who previously indicated the hunt would be called off Saturday, said the Lexington probably could not continue in operation much beyond that date because of dwindling fuel supplies.

Naval authorities here together with officers aboard the searching craft have expressed belief the lost fliers perished.

OIL MAN INJURED. GAINESVILLE, July 16 (AP)—Roy Williams, 36, oil operator here, was injured critically today when the automobile he was driving was struck by a southbound Missouri-Kansas-Texas passenger train at a crossing two miles north of Collinsville. His skull and chest were crushed, an arm was fractured, and little hope was held for his recovery.

Williams was a candidate for sheriff of Cooke county five years ago.

38 Reform School Girls Will Have Dates Tonight

TECUMSEH, Okla., July 16 (AP)—Thirty eight state training school honor girls excitedly look forward to their debut in society tonight, and for many of them, their first dates with boys in years. The party, the institution's first, originally was scheduled for thirty girls. Mrs. Creighton Burham, superintendent, said, but so many boys, many of them college students, asked permission to attend that eight other girls, who only lacked a point or two honor rating, will be permitted to join.

SIX CRIMINAL CASES TO BE CALLED HERE

A half dozen criminal cases are scheduled for hearing in Gray county district court next week when the final jury week of the summer term of court will be held.

Judge W. R. Ewing stated today that the present court term will end next week after the time set for consideration of non-jury matters. Court business is expected to be terminated for the term on July 29 or 30.

Criminal cases on the docket for next week include charges with driving theft, and driving while intoxicated.

One of the principal cases will be that of Clint Sanders of Pampa, charged in the death of Merle Leith of LeFors, killed at the edge of Lipscomb on Sept. 6 for a two-week term, and following that will return to Pampa for a seven-week term which opens on Sept. 20.

SCOTTSBORO CASE TO BE APPEALED AGAIN. DECATUR, Ala., July 16 (AP)—Defense counsel Samuel S. Leibowitz announced today he was ready to take the "scottsboro case on its third trip to the United States Supreme Court."

He made the statement after a jury decreed death in the electric chair for Clarence Norris, one of nine negroes accused of attacking two white women on a freight train near Scottsboro Ala., six years ago.

Norris twice previously has been condemned to death but each time the Supreme Court reversed Alabama courts.

Arizona Governor Visits Birthplace At Buffalo Gap. BUFFALO GAP, July 16 (AP)—Governor R. G. Stanford of Arizona returned today to this, his birthplace, and addressed nearly 10,000 persons at the annual Taylor county old settlers reunion. He was greeted here by Governor James V. Allred of Texas, who had flown this morning from Dallas.

The Arizona executive rode into the reunion grounds in a rig drawn by a yoke of white oxen, as a part of the opening ceremonies symbolizing the frontier days. With him were his wife, her mother, Mrs. M. T. Butcher, and her sisters, Mrs. Ava Bilberry and Mrs. Verna Edmonson. They came from the nearby home of Mrs. Butcher, who has resided here 62 of her 73 years, on the site of the cabin her father established when this picturesque hamlet was the rendezvous of cowhands who worked the country from the Brazos to the Pecos.

Governor Stanford was introduced by J. M. Wagstaff, dean of the bar in this section, who was master of a private school here 50 years ago when Buffalo Gap was the county seat.

Police were called to the Ewing Williams Implement company, 803 West Brown street, this morning to investigate a burglary, discovered when employees opened the store.

Officers, searching the building for clues, found a hammer that had been left by the thief.

ONE-EYED CONVICT OVERPOWERS DEPUTY

CANTON, July 16 (AP)—Jeff Brewer, one-eyed former Texas convict, was sought in this East Texas area today to answer for overpowering and taking the car of Deputy Sheriff Russell Galloway of Van Zandt county.

Galloway arrested Brewer last night in connection with a chicken theft and was driving toward Canton when his prisoner suddenly threatened him with a knife, cut him in the ensuing struggle and forced him from the car. The man drove away and Galloway, slightly injured, returned here.

Sheriff Jim Wilson and Galloway led the hunt between here and Tyler, toward which the fugitive drove. Deputy Sheriff J. H. Burnett said Brewer had served three terms for car theft.

WHEAT PRICE REACHES NEW HIGH AT \$1.11

With at least two-thirds of the crop harvested, wheat advanced one cent a bushel to keep a new high of \$1.11 cents a bushel. Local elevators were getting a few scattered loads but most farmers were using home elevators for seed and for a higher market price. The yield has shown no tendency to increase and the grade is still between 55 and 60.

GROUPS URGED TO STICK TO LABOR PACTS

BLUE RIDGE, N. C. July 16 (AP)—Edward E. McGrady, assistant secretary of labor, urged industrialists and labor unions to stick wholeheartedly to their collective bargaining agreements today.

He blamed "unenlightened" industrialists for part of what some have called labor's "irresponsibility" but he also called upon labor to build up discipline in its ranks, create "observance at all times of the sacredness of contracts" and do its part to promote production and industrial efficiency.

Talking to the Southern Conference on Human Relations in Industry, McGrady said:

"When agreements are reached, it will be the responsibility of management to see to it that the individual superintendent and foreman adheres not only in principle, but in action, to the conditions of such collective agreements as are formulated."

McGrady also urged labor to stick to its bargains.

"It will have to establish patience, understanding, cooperation, high purpose and straight American ideals in all its relations with management," he said.

"It must create discipline among its members, observance at all times of the sacredness of contracts, efficiency in production and cooperation in the elimination of waste."

STEEL COMPANY FACES LABOR BOARD CHARGES

WASHINGTON, July 16 (AP)—The labor relations board charged the Republic Steel Corporation today with a long list of "unfair labor practices" before and during the recent steel strike.

The board ordered a hearing here Wednesday on its complaint, which covered only the company's Ohio plants.

First item of the board's complaint was its allegation that the company discharged 75 employees for joining the Steel Workers Organizing Committee, subsidiary of the John L. Lewis Committee for Industrial Organization. Other workers were threatened with discharge, the board said.

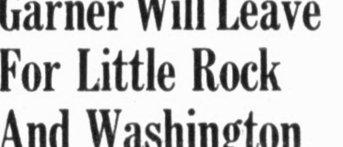

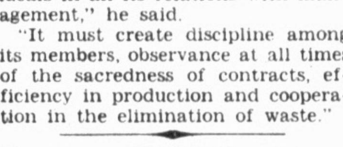

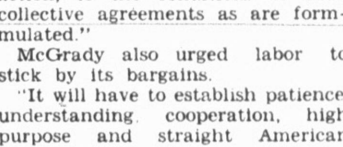

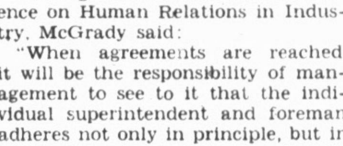

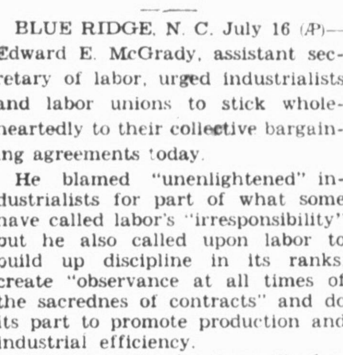

The company also was charged with "maintenance of extensive armaments" at the Youngstown, Niles, Warren, Canton and Cleveland plants for the purpose of interfering with, restraining and coercing its employees at said plants in the exercise of their right to self-organization.

The steel firm had increased its police forces at the time of the strike, the board said, "for the purpose of interfering with the rights of its employees peacefully to picket the plants."

The board's complaint, presenting the charges of Wagner act violations, was issued after an investigation which resulted from the filing of complaints against Republic Steel by the Steel Workers Organizing Committee.

YALE STUDENT RIDES 8 HOURS WITH BANDITS

SAPULPA, Okla., July 16 (AP)—Roy "Pete" Traxler, wounded southwestern desperado, and two other Texas prison fugitives apparently had eluded eastern Oklahoma posse today after releasing unarmored near here last night the Yale undergraduate son of a wealthy New York oil man.

The hostage, Baird H. Markham, Jr., son of General and Mrs. Baird Markham of New York was recuperating from a harrowing eight-hour ride with the heavily-armed felons, who played hide-and-seek with officers prepared to shoot to kill.

Later today Clinton W. Stein, chief of the federal bureau of investigation at Oklahoma City, was to show the 21-year-old Markham photographs of Traxler, Charles Chapman and Fred Tindol, escaped Texas convicts, in an effort to make identification positive.

The FBI entered the search when the desperados stole an automobile in Texas on their flight from East-ham prison farm last week and entered Oklahoma.

Police, sheriffs' officers and the Oklahoma highway patrol were deployed over roads in the Tulsa area, but it appeared the fugitives had escaped into Kansas or Arkansas, still driving Markham's car.

Traxler told Markham the three were heading for Canada.

Markham said the convicts fingered rifles and revolvers as they sped from Ada, where Markham was seized, to eastern Oklahoma.

Young Markham, working for experience for an oil company at Ada during the summer, was seized by the three men, 15 miles west of Ada at 2 p. m. He was freed at 10:15 p. m.

He walked a mile to a house and summoned police. Officers brought him here at 11:45 p. m.

"They didn't harm me," he said. "I feel fine."

Markham said the three blocked the road and forced him to halt his car.

Chapman Also Wounded. The men stopped him in order to get his car, he said. All three admitted they were fugitives from the Texas prison farm at Huntsville, he said. Besides Traxler, he identified a second of the men as Charles Chapman, Chapman was wounded in the shoulder, Markham said.

The third man, Markham said, was referred to as "Fred." Fred Tindol of Jasper, Texas, was one of the nine men, who with Traxler and Chapman, escaped the farm amid gun fire July 8. Four of the nine were recaptured, one killed and a guard was wounded. "Fred" was not wounded.

Markham said the trio discussed tying him to a tree before letting him out near here, but finally decided they would be able to reach Tulsa before he would have an opportunity to call police. They kept him until nightfall because they feared to release him in daylight when it might have interfered with their flight.

The three seized Markham and his car as posse officers of four central Oklahoma counties were closing in on them. The fugitives yesterday had been sighted 11 miles south of Holdenville in a wooded area, but fled as a posse was brought up to trap them.

Police and sheriffs' officers in this area immediately blocked roads after Markham notified them of his release.

Markham said Traxler, despite his wounded arm, drove with one hand during the flight, much over rough country.

Markham said the men talked freely of their escape and emphasized that "it was life or death to them if they were caught."

"They told me how 'great' it was not to be in prison," Markham said.

Director of API. Markham's father is director of the American Petroleum Industries committee of the American Petroleum Institute and is former chief of the Oklahoma National Guard.

Since Traxler's escape officers have blamed the kidnapping of a Trinity, Texas, rancher, the theft of a Texas state patrol car after three Texas state patrolmen were overpowered, and filling station robberies in Oklahoma and Texas on the desperado and his two fleeing companions.

Official records showed Traxler's criminal career began at the age of

Suit Against Three Nephews

J. Tom Bowers, of Pampa today had lost his latest effort to collect \$200,000 from his three nephews, Joe, John and Aubra Bowers for what he claimed was a debt owed him by the estate of his brother, late Joe Bowers, Sr., for services rendered as a geologist on the Bowers oil and gas leases in Gray county back in 1929.

It took a jury an hour and 15 minutes to find against Mr. Bowers and for the three plaintiffs late yesterday afternoon.

The \$200,000 lawsuit was placed in the jury's hands at 4:10 p. m. yesterday and it made the findings known at 5:25 p. m. in Judge W. R. Ewing's district court here.

The jurors found in favor of the Bowers brothers in all of the 12 issues which they were asked to decide in Judge Ewing's charge.

The jury's report marked the close of a new attempt of Mr. Bowers to collect the money. In a previous district court trial in 1934, Judge Ewing ordered a directed verdict in favor of the defendants on the grounds that the case was outside the statute of limitations.

The matter finally was carried to the state supreme court and ordered back for retrial on the premise that the first jury should have had the facts regarding the plaintiff's mental capacity to know his legal rights during a certain period of time within the statute of limitations.

INTEREST HIGH IN OILER-HUBER 'GIFT NIGHT' GAME

Merchants of Pampa will join help defray expenses of the Pampa ball club in presenting Merchants Gift Night at Road Runner park at 8 o'clock tonight. The Pampa Oilers and Huber Blackfoces of Borger will clash in another of their spirited battles as one of the feature attractions of the evening.

But the occasion will be more than another meeting between two well-matched ancient rivals of the diamond—it will be an "On to Denver" game with all proceeds going to help defray expenses of the Pampa team to the Denver Post tournament, beginning July 29.

Besides the game, Pampa merchants will give away free nearly 100 gifts valued at more than \$1,000. And that's not all. Slingin' Sam Baugh of the Oilers, All-American football star of 1936, will show how he received national recognition as a passer and punter by giving a demonstration.

Players of the two teams will clash in a base running speed contest and in a throwing to the plate contest for prizes. Other special attractions may crop up during the evening.

Pre-game festivities have been scheduled for 8 o'clock so that the start of the game will not be delayed more than 15 minutes. Advance sale of tickets indicated that

Glorifying Yourself

Even gardening won't hurt Gloria Stuart's hands. The pretty little screen star uses cuticle cream every night, has a hot oil manicure once a week.

Fashionables whose arms and hands are tanned a lovely toasty brown like medium shades of nail lacquer, especially the ones which show undertones, of beige, the smartest fingertips at race tracks and on the beaches are covered with lacquer which harmonizes beautifully with darkish complexions and summer costume colors as well.

One manufacturer of nail enamel advocates a medium rose shade with dark green, dark brown, blue, lighter greens and beige. This tone is light enough to appeal to the conservative, yet dark enough to make hands look more interestingly alive.

With wine red, navy French and grape blues dark green rose, thistle and purple, the same company recommends a rose taut. This, as its name implies, is a dark rose with brownish undertones. And it really is beautiful with navy blue. It, too, is a happy compromise between flamboyant and pale pink shades.

Most authorities agree that it is a very good idea to buff nails lightly before applying any kind of polish. Active sportswomen should use cuticle cream or oil every night of course. And oil manicures help to keep fingers soft and cuticle smooth. When old polish has been removed and nails whittled into shape (with an emery board, please—not a steel file), simply soak fingertips in warm olive oil instead of soapy water; then proceed in the usual manner with orange stick, polish and so forth.

If your hair is unusually dry better spray it with brilliantine before you go to the beach. Hot oil shampoos and nightly use of special tonics are other wonderful ideas.

LEVINE'S STORES OBSERVING 17TH ANNIVERSARY WITH SALE

Levine's stores are observing their 17th anniversary in seven cities in Texas and New Mexico this week with an anniversary sale which opened yesterday.

Harry Lipshy, manager of the Pampa store, today called attention of patrons to the unusual values being offered in the special anniversary sale.

Mr. Lipshy has been with Levine's for 11 years, coming to Pampa from Chillicothe in 1926 as their store manager. The Pampa store was established in 1924 in the location now occupied by Hutchins, Inc.

Just recently Mr. Levine returned from a buying trip to New York, where he contracted for new fall merchandise.

The seven stores are operated by the Levine brothers, Morris and William, in Amarillo, Wichita Falls, Lubbock, Big Spring, and Pampa, Texas, and in Hobbs and Clovis, N. M.

FRENCH RESERVATIONS HOLD UP COMPROMISE

LONDON, July 16 (AP)—French reservations to the compromise plan for Europe's neutrality in Spain threatened today to leave the non-intervention powers still deadlocked.

A meeting of the 27-power committee recessed for several hours when Charles Corbin, French ambassador to London, said he needed time to obtain further instructions.

A French cabinet meeting, it was learned, has instructed Corbin to approve the plan "in principle" only.

The ministers, meeting with French President Albert LeBrun, decided France would insist on "substantial progress" in establishing control of Spain's ports and the withdrawal of foreign fighters before according insurgent Generalissimo Francisco Franco a belligerent's status.

They said that they needed guarantees that the control of ports and evacuation of troops would be more than "paper promises."

The Earl of Plymouth, British chairman of the neutrality committee, formally submitted the plan to the non-intervention group today.

Italy and Germany accepted it as a basis for discussion. The critical question still remained, however,

FUNDS RAISED TONIGHT WILL BE USED TO SEND OILERS TO DENVER

\$1,000 IN MERCHANDISE TO BE GIVEN AWAY--'SLINGIN' SAM' WILL HURL FOOTBALL

WHAT—Merchants Gift night baseball game.
BETWEEN—Pampa Oilers and Huber Blackfaces of Borger.
WHY—To send Pampa Oilers to Denver Post tournament in Denver.
GIVEN AWAY FREE—More than \$1,000 in merchandise, donated by Pampa merchants.
TIME—8 o'clock sharp.
ADMISSION—\$1.10 to grandstand. Standing room 40 cents not eligible for prizes.
ADDED ATTRACTIONS—Passing and punting by Slingin' Sam Baugh. Base running and throwing contest between Pampa and Borger players.

All the Panhandle will come to Pampa tonight for the biggest baseball attraction of the year. It will be Merchants' Gift night at Road Runner park with more than \$1,000 in merchandise to be given away along with the ball game between the Pampa Oilers and the Huber Blackfaces.

Because of the magnitude of the affair, 8 o'clock has been the time designated to begin activities. Not only will there be about 100 prizes valued at more than \$1,000 to be given away free, but contests between members of the teams will be staged and on top of that, America's most publicized football player, Sam Baugh, will give a passing and punting exhibition.

And the price of admission will be only \$1.10. Fans will see a baseball game, passing and punting exhibition, throwing to home plate contest and a base running battle. Standing room tickets will be 40 cents and will be available at the west gate.

Neither manager would definitely name a starting pitcher when questioned this morning. Manager Fred Brickell of the Oilers said he would use either Herman Drefs, who arrived yesterday from Portland, Ore., where he has been with the Portland Beavers in the Pacific Coast league, or Harvey Hutton, his fire ball artist. Manager Storey of the Blackfaces announced he would side between Lefty Carrithers and Byron Chody before game time.

Only Sam Scaling will be missing from the Oiler lineup. The right-fielder is in Wichita, Kas., loaned to the Wichita Water Works team for the state tournament now in progress. Carl Beason will take the outfield with Sam Baugh taking over the shortstop assignment.
 At the hot corner will be Pampa's favorite, Sam Hale. The veteran will join the team for pre-tournament games and also on the trip to Denver. Absence of Scaling and arrival of Hale will necessitate Manager Brickell changing his batting order but this morning he was uncertain how it would stand.
 Bunting order announced by the rail birds, however, follows:

Huber	Pampa
McNabb, cf	Summers, 2b
Spencer, ss	Sain, c
Wilson, of	Cox, 1b
Ross 3b	Hale, 3b
Warren, c	Earl Brucker and George Caster, Athletics: Former drove in all A's runs; Caster pitched four-hit ball in 2-1 win over White Sox.

HOUSTON WINS 4TH STRAIGHT

The latest in Texas league winning streaks comes from the Houston Buffaloes, a team which has been able to win only 40 of its 99 games this season.

As measured by the sustained drives of other clubs in the circuit this year, Houston's accomplishment is small but to Houston it is a record: four games in a row. By their wins over Fort Worth's second place Cats last night the Buffs inched a bit farther from the cellar which has been their camping place most of the year.

The Buffs relied on John Grodzicki to turn the truck, which he did 5 to 1 for his second victory in four nights. He fanned 10.

Galveston evened their series with the fall-end Dallas Steers 9 to 8, scoring six in the third and three in the fifth inning to pile up a lead the Mavericks couldn't quite overcome. The Steers got four runs in the seventh.

The Oklahoma City Indians swung hard and accurately at the ball in an effort to preserve their league lead and bowled over Beaumont's runner-ups 10 to 3. Tulsa managed to squeeze past San Antonio 3 to 2.

ALLISON DUE TO WIN IF HIS LEGS HOLD OUT

SPRING LAKE, N. J., July 16 (AP)—If Wilmer Allison's legs survive the strain of five-set play, the Austin, Texas, veteran who won the national tennis singles crown two years ago, stands a good chance of succeeding Frankie Parker, American No. 2 player as keeper of the Clifford Hemphill bowl.

BOYS DEFEAT McLEAN TEAM IN 6 TO 2 TILT

Pampa's junior softball team, organized by the Pampa Junior chamber of commerce, won a 6 to 2 game from the McLean high school all-stars last night in McLean. Little Grover Heiskell held the big McLean boys to a single hit while his teammates got to Mantooth for eight hits.

Manager Dick Hughes of the Little Jayces had a team composed of "kids" 17 years and under while every member of the McLean team plays with some senior team in the McLean league.

"I'll stack those kids up against any junior team in the country so come on with your challenges," enthused Manager Hughes said this morning. "Those youngsters fielded like veterans and when they got on base it was just a case of how far they could go."

The Pampa batting order was Keyser, c; Buckingham, ss; G. Heiskell, p; Barnett, 1b; Carpenter, 2b; Johnson, 3b; Dickinson, rf; Dull, lf; Allison, cf; Hall and Brown, r.

McLean used Watson, c; Mantooth and Fletcher, p; Carpenter, 1b; Floyd, 2b; Humphries, ss; Ledbetter, 3b; Gilliam, rf; Tremble, rf; Denton, cf; Windom, lf.

The Pampa Jaycee team will go to McLean tonight for a game with the Kelleville All Stars at 8 o'clock. A preliminary game will be staged between McLean and Shamrock All Star teams. The Pampans will leave from the city hall at 6 o'clock.

CITY GOLFERS TO MAKE TRIP TO SHAMROCK

More golfers are needed to make the trip to Shamrock Sunday afternoon. Any local player who can accompany the local delegation should call Del Love at the Pampa Country club, phone 1393.

Up to this morning 27 players had registered but Mr. Love wants about 50. The Shamrock course, although short, is one of the snappiest in this section. A stream fed by springs wanders across the fairways and ends up in a lake on the ninth fairway. Trees, something unknown here, also are hazards.

"No matter whether you shoot par golf or can't break 100, we want you to make the trip," Mr. Love declared this morning. "Take your families and enjoy the afternoon. A large clubhouse overlooking a lake will be at your disposal."

Among those who have signed to make the trip are: John Austin, runner-up; Jim Richesin, runner-up; Grover Austin Jr., Jess Patton, Kenneth Brown, Max Brown, Marvin Harris, C. E. McGrew, Tom Darby, E. W. Voss, E. L. Green, Chinch Barrett, Bob Jordan, Jet Brumley, Mark Heath, Frank Shotwell, Jack Goldston, Don Donovan, T. S. Changes In Age Limits For Tennis Meet Made

Changes in age limits and in boundaries for the Pampa Daily News-Summer Recreational Program Third Annual City Tennis Tournament have been made at the request of players. The age division between junior and senior brackets have been raised and the distance extended.

The junior bracket, instead of being the eighth grade and under, will be 16 years and under and the distance increased from 100 to 150 feet to a radius of five miles will be open to residents in oil field camps near Pampa but will not include any other town or community.

Under the new arrangement, all but three of the entries received to date are in the junior division. Deadline for entering is 6 p. m., July 23. Play will begin on July 26. All entries must be mailed or taken to the Tennis Editor of the Pampa Daily News.

The tournament, as usual, will be played in three different divisions: men's senior and junior and women's. In the senior men's division there will be singles and doubles play with the same order in the junior section. Only one women's bracket will be played this year, singles and doubles. A mixed doubles division will also be set up.

Single elimination play will be featured with three set matches all the way in the mixed doubles and women's divisions and three sets up to the semi-final in the men's section when five set play will begin. New cups will be put up in each division of play.

washing by poking a hard drive through the Argentine goalie from five yards in front of the net.

Governor James V. Allred, Assistant Secretary of War Louis Johnson and other dignitaries attended the opening night and made brief speeches of welcome to the sons of South and Central America.

Laforra scored the first goal thirteen minutes after the game started, coasted until midway in the second half, and then burst forth with four consecutive goals in the dying minutes of play. Twice, within 40 seconds, he jockeyed the ball downfield and then butted goals through goalie Cooper of the American team with his head.

The American fans, seeing a big-time soccer game for the first time, roared approval of the Argentine's clever ball-handling. First it was Laforra, and then Jaime Sarlauga, L. Carnelia or Pedro Agostini who dribbled through the Yankees with swift foot action.

Agostini, outside right of the invading team, was a show in himself the way he handled the ball. Two and sometimes three Americans were constantly on him but he managed to keep the ball skimming from one foot to another and never once lost the ball in a scrimmage.

Ten minutes before the game ended Jack Carlton, a Yankee substitute, saved his club from a whitewash.

Yanks Club Detroit 13 6 As Cubs Regain Lead

By SID FEDER, Associated Press Sports Writer. The Yanks are coming so fast they're even ahead of themselves.

The New York slaughter squad is not only on the way to another wait to a pennant, but appears headed for a bigger year than the record breaker of 1936.

Taking this season's figures to date, Gehrig and company are set to make more of a chopping block than ever of American league competition.

The fact stood out today as the Yanks coasted along on a 7½-game game lead, while over in the National league the Chicago Cubs were once again at the head of the parade, by virtue of a 5-1 thumping of the Boston Bees during yesterday's program—or that part which wasn't washed out.

The Yanks have yet to enjoy their full strength this season, with injuries, ailments and spring hold-outs. Nevertheless they have already smashed out a total of 87 homers thereby leading their record breaking production for the same period last season, when they hit a total of 182 in 154 games.

Every man in the lineup climbed aboard Detroit pitching yesterday

the slugging Sox with four hits, while Brucker belted in both of the A's runs.

Except for the Yankees and the Cleveland Indians, who trounced Washington's Senators, 6-2, as Hal Trosky poled his nineteenth homer, American league favorites found the going rough.

The skyrockting Boston Red Sox had an edge for five innings, but the St. Louis Browns put on a three-run surge in the sixth to come thru with a 5-3 decision.

A couple of youngsters, George Caster and Earle Brucker, combined to give the Athletics a 2-1 win over the White Sox, thus ending a string of 16 games in which the Philadelphiaans had failed to break into the victory column. Caster handcuuffed

DONALD BUDGE AND GRANT TO MEET GERMANS

LONDON, July 16 (AP)—Captain Walter L. Fite today designated Bryan M. (Bitsy) Grant, of Atlanta and Don Budge, of Oakland, Calif., to play singles for the United States against Germany in the Davis Cup inter-zone tennis finals at Wimbledon. Don Budge will team with Gene Mako, of Los Angeles, for the doubles play.

The Atlanta, who has not been playing up to his usual game because of a severe cold since he arrived in England, will open the semi-finals when he meets Baron Gottfried von Cramm at 2:30 p. m. (8:30 a. m. EST) tomorrow. Budge will play Heinrich Henkel as soon as the first match is out of the way and on Monday Budge and Mako will meet von Cramm and Henkel in the doubles.

On Tuesday, Grant and Henkel will lead off in the first of the two final singles matches. Budge and von Cramm will ring down the curtain on the inter-zone finals. The winners in the series will go into the challenge round, meeting Great Britain for possession of the Davis Cup at Wimbledon July 24, 26 and 27.

Fort Worth Man Paired in Finals Of Tennis Meet

DENVER, July 16 (AP)—Frames for final matches in the Colorado open tennis tournament took shape today on the clay courts of the Denver country club. John McDaniel, of Fort Worth, was paired with Bobby Riggs, 19-year old Los Angeles star and the ranking player in the tournament, for a semi-final fight in the men's singles.

Charles Harris, the defending champion from West Palm Beach, Fla., faced Tom Chambers, another 19-year old from the city of the angels, in a lagging quarter-final match. The winner of that tilt will oppose in the semi-finals Arthur Hendrix, 22, of Miami, Fla.

BURNING CAR MYSTERY
SAN ANTONIO, July 16 (AP)—Military and civilian police were investigating circumstances surrounding a stolen automobile that evidently had been set on fire and turned loose on the Austin highway shortly after midnight last night. An unidentified soldier told officers he saw the car coming toward him, smoke pouring from the windows, crash through a fence alongside the road and plunge into a ditch. He said a hurried investigation failed to disclose any occupants.

GAME WARDEN QUILTS UNDER ALLRED FIRE

AUSTIN, July 16 (AP)—Capt. Bill McMurry, veteran Texas Ranger, prepared today to return to the Rio Grand valley and renew his investigation of the mysterious disappearance last November of John and Luther Blanton.

Considered a possible boon to solution of the case was an additional \$1,000 reward, posted yesterday by Gov. James V. Allred, for information leading to the discovery of the bodies.

The new reward, which brought the total to \$2,500, was one of several aftermaths to the strange case which gained public attention anew a few days ago with the arrest in Willacy county of Louis Lamadrid, a special investigator, charged with illegally carrying a pistol and impersonating an officer.

His arrest resulted in four officers being held in contempt of court, including Ranger Power Fenner and Game Warden Morgan Miller. Miller resigned yesterday, asserting law enforcement in the district was made difficult by an "unfavorable public attitude." Fenner was suspended by Col. H. H. Carmichael, chief of the Rangers, pending an investigation of his part in the arrest and reported courtroom difficulties with a newspaper photographer who said officers seized his camera and attempted to expose a film made at the contempt hearing.

Capt. McMurry conferred yesterday with Gov. Allred and Col. Carmichael and planned to meet with his commander today before returning to the valley.

Sports Roundup

By EDDIE BRIEZE
NEW YORK, July 16 (AP)—A certain big league club has its eye on Rabbit Maraville for manager... three guesses... the Yankee winning streak of nine straight is the richest since 1933 when the club won in a row... Hope the report that Mickey Vernon isn't getting well quite as fast as the doctors hoped is all wet... Mark Hellinger, the columnist, and Tow Hawkey, owner of the Red Sox, look so much alike they could pass for brothers in any league.

Gene Venzke, the runner, shoots golf in the low 70s and plans to enter the big tournaments from now on... Mike Jacobs says that blast from the District of Columbia boxing commission is just an effort to club him into signing for a James J. Braddock-Jorge Brescia match in the capital... Smart baseball writers say Tony Lazzeri of the Yanks, Luke Sewell of the White Sox and Buddy Myer of the Senators are the best three managerial bets in the ranks of American League players.

A Hit Not in the Box Score

Outfielder Jake Powell of the Yankees, right foreground, has just batted his right hand off the jaw of First Baseman Joe Kuhel of Washington as Catcher Walter Millies of the Nationals rushes up to join in the bit of fistcuffs which enlivened a Yankee Stadium game won by New York, 16-2. Bitter feeling cropped up between Kuhel and Powell in a previous series when Powell crashed into the baseman in a close play at first. When they brushed shoulders again both started swinging and a good number of punches were landed before umpires managed to separate them. Note Kuhel's hat floating to the ground.

JAPAN COUNTS TWENTY DEAD

(By The Associated Press.)

A Japanese official declared today Japanese casualties in North China have climbed to 20 dead and 60 wounded.

Two new deaths, he said, occurred yesterday in a clash between a Chinese force and Japanese troops at the Huangtung station, eight miles south of Fengtai on the Peking-Tientsin railroad.

Chinese reports said Japanese fortifications were being rushed in a wide semi-circle to isolate Peiping from the rest of China. Japanese, Korean and wealthy Chinese residents began to flee.

Peace negotiations were understood to be proceeding at Tientsin. The Japanese war office disclosed at Tokyo it was informed of strong Chinese troop movement to support

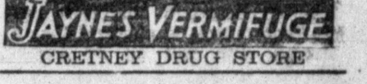

the 29th army at Peiping and Tientsin. The war office, mobilizing on a national scale, began calling reservists to the colors. Sir Hugh Knatchbull-Hugessen, British ambassador to China, conferred with Chinese and Japanese at Nanking to "keep in close touch" with the situation but not to mediate.

CAST OF CHARACTERS
 Joy—Here, hostess in smart Maine tearoom.
 Roger—Joy's fiancé; rising young designer.
 ANGELA—Joy's rival in love.
 Dick—Wealthy young playboy, Roger's rival in love.

Chapter I

SATURDAY: "That just shows what you can do when you have money," Gail whispered to me this noon as Miss Diane Pegler, one of New York's richest women, entered the tearoom with her handsome nephew, Dick. "No one else would dare to wear such old-fashioned fags!"

"Shush!" I whispered, going forward to meet them. Miss Pegler is one of our best customers, and exceedingly good to the girls. I was surprised to see Dick. I thought he had a job in Boston. He'd had rather a checkered career so far. He was at Dartmouth, but something happened. He went to Yale last fall, then started working in spring.

"So it was you who asked for me yesterday?" I said to Dick, after we had exchanged greetings.
 "Yes. I thought perhaps you'd take pity on me and have dinner with me or see a show when my aunt was attending a party for crippled children."

"That would have been nice, but I was tied up, too. I went to an illustrated lecture with Peter."
 "And how's the dear little boy?" Miss Pegler asked.

"Oh, ever since he's had measles he seems to get one cold after the other. I took him to the doctor and he says he ought to spend the summer in the country, but of course that's out of the question."

"Why don't you bring him up to my cottage in Maine? I'd love to have you both spend the summer with me."

"That's very sweet of you, Miss Pegler, but I'm afraid I can't leave my job," I said, and with a smile I left her table for other guests were coming in.

Before they left, Miss Pegler told me Dick was going to work in Wall Street and was to make his first million with her. She seems delighted at the prospect of having him around. He's her only relative, but I'm afraid he may not be the comfort she expects. He's good-looking—very, tho I don't care for blond-haired young men, a swanky dresser, perfect manners, but I don't like anything disturbing about his eyes. His chin hasn't the firm line of Roger's. But then perhaps I'm a bit prejudiced when I compare other men with my darling.

Gail and the rest of the girls are quite intrigued by Dick's aunt's aunt's sole heir. That's catty of me! They do work hard, and many of them have no other prospects in life. He'll be rich in his own right, too, though Miss Pegler once told me a strange thing about that. Dick will not come into full possession of his father's estate until he marries, and then only if his chosen wife is approved by the executor. How I should hate to have things romantic decided for me like that! Perhaps it's as well Roger has no near kin, he's proud of him.

Peter told me that his schoolmates are all excited about going to summer camps. . . wishes he could go, too! That's out of the question. . . he's just seven — altogether too young.

Angela Rocco came into the tearoom this afternoon with some of her Park Avenue friends. She's a stunning looking girl. . . gorgeous big black eyes. . . lovely olive skin. . . cleverly made up. . . wonderful coiffure. I can hardly believe she is Rocco's daughter. Maybe she gets her looks from her mother's side of the house. Gossip says she came of a peasant stock like her husband, but Dick said Angela was a small girl.

Roger says the old man's terribly proud of the girl. . . well, she's beautiful; but judging by some of the things she does I guess she's a shrewd schemer like her father. She's made a place for herself among the sporty set, and Rocco encourages her to fling her money about lavishly. There that's the story about Angela, but it wasn't Angela I was thinking about when I wrote this. . . it was Roger.

Wonder what it will be like when I do exactly what I want to do all day long—even to lie in bed till I feel like rising. I've always hated the summons of the alarm clock (I may as well throw it away. . . no, second thought, it's my "Giver" Sally she needs it). How grand it will be never to have to pace the floor again at Long's greeting guests with a set smile. Sometimes I wonder when I leave the tearoom and passersby glance at me, if my expression's like the famous Cheshire cat's. . . mentioned it to Gail one day. . . she said:

"No, booby, it's your gorgeous golden hair they're looking at. . . wishing they'd natural curls like yours. . . and big blue eyes, too."

I laughed. According to Dad, my hair was never as lovely as my mother's though its natural wave saves me lots of money. Well, my afternoon hour is almost over. . . more anon.

Weather's decidedly chilly in the region of my heart. Roger and I have come to the parting of the ways. It was Roger versus Peter. Peter won. Maybe I was foolish to send Roger out of my life. I know there will never be anyone like him again. We were talking things over. . . making plans for our future. . . one minute everything seemed all right. . . next moment we were at loggerheads when Roger said:

"Send Peter to camp. . . that's the very thing. . . just what I suggested the other day."

"But, Roger," I cried in alarm, "Peter's not sturdy enough now to be sent away from home."

He laughed, then caught me in his

arms. "You don't want to make a mollycoddle of him. He's a fine little chap if you don't spoil him."
 "Spoil him?" I said, and a shrill note leaped into my voice. "I would never spoil Peter; but he needs care."
 "He'll get it there. I know a fellow who's sending his sons to camp. I'll talk to him. I'm sure Peter would enjoy that sort of life. Besides he'll learn to stand on his own feet, so when he goes to boarding school in fall, he'll be able to take care of himself."

"Who said he was going to boarding school? I'll never consent to that."
 Before I realized it I was arguing

furiously with my darling, though I love him so. Then Roger declared if I wouldn't listen to reason, there was nothing further to be said.
 I looked at him as I twisted my engagement ring about my finger. . . I don't love Peter more than him. . . why couldn't he understand that my love for my small brother is very different from the love I have for him? Besides Roger knows what I promised Dad and Mimi.
 I thought of Angela as Roger started to the door. Was there any truth to that gossip, I wondered? I drew off the ring which he had placed so tenderly on my finger a few months ago, and handed it to him.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, July 16 (AP)—Here is an item which Governor James V. Allred and press correspondents covering the capital hope will attract wide attention. With hand raised high and in solemn tone they disavow any ulterior motives, that is not too ulterior.

The governor has declared a sort of hot weather contest—nothing formal and very unofficial—to determine which section of the state grows the best watermelons. The idea was suggested by the gift of a 17-pound beauty which took the blue ribbon at the Stockdale watermelon jubilee.

After sampling the melon, in close cooperation with the correspondents, Governor Allred said it undoubtedly was one of the best he ever had established contact with, but, as yet, he was in no position to say it was the best produced this year in Texas. However, he expressed willingness to pass judgment on others.

And—ahem!—the correspondents

are willing to help him, as they were in the case of the Stockdale winner.

The portrait showing Gen. Sam Houston bare-footed and wearing a Roman toga has been sent to an artist for re-touching.

It is one of a number of paintings which, under authority of a resolution adopted by the Senate at the recent special session, will be refinished. Some representatives would like to see those hanging in the hall of the House also done over and the House committee on contingent expenses has the matter under advisement.

Many of the paintings, including that of Sam Houston, have been hanging in the capital, objects of never-ending interest to Texas citizens, for many years and are in great need of cleaning and brightening.

Nearly all of the prairie chickens in Texas, Senator G. H. Nelson of Lubbock says, are in his district. The state game department says there also are some in the coast country. In any event, wherever their habitat, the state, in an effort to prevent extinction, has declared a closed hunting season on them for the next five years.

For the benefit of persons who have not seen a prairie chicken, and who probably include most of Texas

population, Senator Nelson gave this description of the bird:
 "It is about the size of a fryer and marked somewhat like a quail. In fact, it might be called a glorified quail. It runs and flies very swiftly, and because of its speed you'd better shoot at it comes off the ground. If you don't, it'll be too late. It has a landing speed of about 50 miles an hour."

Will J. Tucker, secretary of the game, fish and oyster commission, says that even with the new protective law it may not be possible to save the prairie chicken from extinction in Texas.

In his opinion, environment has been a worse enemy than the guns of hunters. Chief factors in the decline were drought and dust storms, which destroyed food and cover, and, in the coast regions, expansion in rice farming.

Flashes of LIFE

(By The Associated Press.)

FALL GUY.

KANSAS CITY—John Bell had to borrow a cigarette when he got to the hospital.
 Bell dropped his pipe from the porch of his home. Leaning out to catch it when a boy tossed it back, he fell and broke his arm. Brought to the hospital, he had forgotten the pipe.

HE'S BEING RIBBED NOW.

LIBERTYVILLE, Ill.—Jack Dowdle led two deputy sheriffs and Police Chief Frank Drubs to a grave at the edge of the woods. He discovered it while on his way to dig post holes.
 Dowdle said he became excited and notified officers when his spade turned up a rib.
 More ribs popped out after the deputy sheriffs started digging. In fact there were plenty of ribs, nice big ones. There were also bones from four legs, an skull, too.
 It was a grave all right—the grave of someone's cow.

DOUBLE SLIP.

FALLS CITY, Neb.—The next time Dr. R. W. Hixson, Falls city veterinarian and former Kansas state football guard, races with a cow he'll pick his ground.
 A sick animal pursued Hixson today. The doctor said he maintained a comfortable lead until he slipped in a mud puddle and fell. The cow slipped in the same puddle and fell on top of the doctor.
 The doctor has a sprained ankle, minor cuts and bruises.

BETTER THAN BARS.

TEHACHAPI, Calif.—A window at the Tehachapi women's prison hasn't been closed for weeks.
 First, a mother oriole built her nest on the window ledge, then three eggs appeared. Now the inmates are waiting for a trio of baby orioles to take their first flight before considering closing the window again.

PILL SLAVE FREED FROM CONSTIPATION

A convincing tribute is paid to Kellogg's ALL-BRAN in this letter from Mr. F. C. Aminsen of Seattle.
 "I suffered with constipation for many years and was compelled to use pills every night. Since I got your ALL-BRAN, it works fine. I was so deathly sick of taking pills. Now it is so different. Kellogg's ALL-BRAN works so naturally, and is pleasant to eat."
 Inside the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass that gently sponges out the intestines. It also supplies vitamin B to help tone the intestines, and iron for the blood.

You'll enjoy eating Kellogg's ALL-BRAN. As a cereal with milk or fruits, or in appetizing recipes. Two tablespoons every day are usually enough—three times daily if needed. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

CHRISTIAN SCIENCE SERVICES.

"Life" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 18.

The Golden Text is: "Now that the dead are raised, even Moses shewed at the bush, when he calleth the Lord the God of Abraham, and the God of Isaac, and the God of Jacob. For he is not a God of the dead, but of the living; for all live unto him" (Luke 20:37, 38).

Among the citations which comprise the lesson-sermon is the following from the Bible: "O death, where is thy sting? O grave, where is thy victory?" (1 Corinthians 15:55).

The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The relinquishment of all faith in death and also the fear of its sting would raise the standard of health and morals far beyond its present elevation, and would enable us to hold the banner of Christianity aloft with unflinching faith in God, in Life eternal" (page 426).

Barbara Hutton Heir Thrives

Lance Haugwitz-Reventlow, 15 months old and large for his age, is shown here in his latest picture, taking the air in his pram in London's Hyde Park. He is heir to a vast American fortune because his mother was Barbara Hutton, dime-store heiress, before she married Count Haugwitz-Reventlow, Danish nobleman.

International Sunday School Lesson

GOD ENCOURAGES A LEADER.

Text: Exodus 3:3-16; 4:10-16; 5:1. By WM. E. GILROY, D. D., Editor of Advance.

The lesson of today only enforces what we have already considered concerning God's encouragement of Moses and his strengthening of a leader who felt his own weakness and inadequacy.

We are told, sometimes, that the God of these ancient Israelites was a tribal God, and that they had not found the glorious conception that arose in later Israel and in New Testament times, of a God of the whole earth.

But it is something more than such a limited conception that one finds in the representation of God as speaking to Moses. When Moses asks his name and how he shall know and tell his people of the divine reality, the reply is that he is to say, "I AM hath sent me unto you."

"I AM THAT I AM"—what a noble conception that is, conveying so magnificently the emphasis upon the living presence of God! This God of the Fathers is an everlasting God, a covenant making and a covenant keeping God in whom men of devotion and faith can find security and strength.

Moses is still concerned about his lack of qualification as a leader. He is conscious that he is not eloquent. He is slow of speech and of tongue. Here again though, lack of eloquence is not to be despised. How many great and real leaders have been feeble in speech!

This was one of the complaints against Paul, whom we have compared to Moses, that his presence was weak, and that he lacked the gift of speech, of Apollos, and others. But one can think of many men small in stature and unimpressive in presence and speech who have, nevertheless, been the creators and inspirers of great causes and movements, and who have accomplished almost incredible things simply because faith and determination have driven them, and they have become the medium of a greater power than themselves.

The Lord rebuked Moses because of his lack of faith in himself. "Who hath made man's mouth? or who maketh a man dumb, or deaf, or seeing, or blind?" Cannot God,

In His power give words to men who lack eloquence?

Nevertheless, Moses found a mouthpiece in Aaron, his brother, who was evidently a man of words as Moses was a man of action.

Thus equipped, with a new inner strength and with the support of the eloquent Aaron, Moses goes down to his task to face Pharaoh in the name of the God of Israel, and to say, "Let my people go, that they may hold a feast unto me in the wilderness."

It was not to be an easy task as Moses might have supposed. God's will is for the deliverance and safety of his children, but there are problems of human freedom and destiny that man has to work out in cooperation with God, and the divine power does not work miracles where men themselves fail. The way that was before Moses was to test alike his faith, his courage, and his strength.

The call of a man to a great task is only the first incident in his destiny. The real time of testing comes not in his acceptance of the call but in the power of faith and will with which he holds to his task, day after day, no matter what the discouragements and no matter what the dangers.

Moses became a great leader not merely through his call, but by the strength of his faith and his unyielding will.

SAN FRANCISCO (AP) Life in Alcatraz prison, the government's "Devil's Island" in San Francisco bay, is pretty dull, so convicts are welcoming a new diversion. Alcatraz is close to the man-made island where San Francisco's 1939 world fair is under construction. Cells and prison jobs overlooking the site are in demand.

Assault Charges Filed in Berger Election Fight

BORGER, July 16 — Charges of aggravated assault have been filed in justice court against Bert Meyers following an affray when B. B. Ford,

carbon company employe, suffered cuts about the face and head.

Ford was a prosecution witness in the recent district court trial in Stinnett in which the legality of the Berger April 6 city election was at stake.

Ford testified that he and his wife saw Mayor John R. Miller on election day hand a roll of bills to Meyers and tell him "something has to be done."

Last night's affray occurred in a

beer parlor. Doctors who treated Ford said he sustained deep cuts about the head.

The charge against Meyers was filed with Justice of the Peace E. L. Butts and Meyers posted \$500 bond to await the action of the next grand jury.

CELERY MEN VS. DEER HERD

HOLLAND, Mich. (AP)—Celery owners in this region, while sympathetic with aims of conservationists, wish someone could do something about keeping deer within bounds.

Ten years ago a group of sportsmen released 10 deer in bottom lands of the Kalamazoo river. Now, the celery men say, the herd has increased to 250 and is causing severe damage to their crops.

Growth from within is what puts any community on the map to stay. Best way to get growth from within is by the tried-and-found-true method of the movement of merchandise from a central point into your surrounding territory.

Mr. Lively was not talking for publication when he made these utterances, and he may be a bit jolted when he finds his words have been printed, but he advanced such a good idea that it is well worth passing on to others.

Moving merchandise into the surrounding territory makes the customers of that territory Pampa-minded. Give them their money's worth and these customers and their friends soon will come to the realization that Pampa is where they can get their wants fulfilled.

Mr. Lively best drives home his argument when he cites the example of the tree. You can't make a tree grow by nailing limbs onto it.

Mr. Lively and his partner, H. R. Thompson, only recently have started their own business, the Pampa Hardware and Supply Co., on a small expansion program in which they are now conducting a wholesale establishment, majoring in motor and industrial supplies.

How's Your Health?

By DR. IAGO GOLDSTON (for the New York Academy of Medicine) The Skin In Summer By and large the skin thrives better in summer than in winter time.

Certain generalized skin conditions improve in summer. Among these is psoriasis, which usually clears up under the influence of sunlight and bathing.

On the other hand, summer presents its peculiar skin hazards and tends to aggravate certain skin conditions. For example, ringworm usually becomes more active during the summer months.

BOOK A DAY

By BRUCE CATTON

That murky, dog-eat-dog half-world which John McInyre portrayed so effectively in "Steps Going Down" comes under the microscope once more in a new novel by the same author—"Perment" (Farrar & Rinehart; \$2.50).

The scene of the story is Philadelphia, under-the-surface Philadelphia, so to speak, in a queer realm of labor spies, chiselers, fixers, union leaders and garment workers. The narrative has to do with two brothers, one an honest, hard-working taxi-driver, the other a mean, wise-guy cheater and bluffer. The brothers love the same girl, and the novel tells how the second brother loses her to the first.

But the book is a great deal more than a mere recital of a love affair. It is a picture, as its title suggests, of a world in ferment—a strange, murky world where honest men are confused and misguided, where the schemers and the tricksters are always one jump a head of the pack, and where the seamy underside of great events is unmistakably displayed.

So we see the beginnings of an authentic, 100 per cent American Fascist movement here, with professional strike-breaking agencies and labor spies stumbling over each other trying to get in on the ground floor. We find honest union men foreseeing what is coming and trying blindly to head it off. And we are shown the ordinary tolling masses, ignorant and confused, knowing nothing of it, seeking only to extract a little happiness from a setup which seems to be stacked against them.

All in all, "Perment" is a fine book; a bitter, sardonic book, occasionally lightened by human tenderness and honesty, and presenting a dismaying but recognizable picture of the under side of American society.

So They Say:

An ideal little world, complete in every detail, could be built up right here in the western hemisphere. —DR. GUY H. SMITH, head of Ohio State Geography department.

The churches have only themselves to blame if the Nazi state no longer contributes to their upkeep. —ADOLF WAGNER, Bavarian Minister of the Interior.

I believe that labor is entitled to constantly broadening share in the fruits of its own production. —SENATOR ARTHUR VANDENBERG, Michigan.

We need today inspiration, not irrigation. —OWEN D. YOUNG.

Far too much of many persons' lives is put in by using others' thinking. —WILBUR L. CROSS, governor of Connecticut.

BRITISH CLIPPER SITS DOWN IN NEWFOUNDLAND

BOTWOOD, Newfoundland, July 15.—The Pan-American Clipper III landed here today at 7:52 a. m. (5:52 a. m. E. S. T.) after a flight across the Atlantic from Poynes, Irish Free State, two hours and 20 minutes after the British flying boat Caledonia landed on the river Shannon after an eastward crossing. The Caledonia's crossing required 12 hours and seven minutes from Botwood. Captain Harold Gray, commander of the survey flight of the Atlantic Airways set the clipper down in Botwood harbor just 16 hours and 27 minutes after leaving Poynes for the return leg of the round trip. It was three minutes ahead of the unofficial schedule Captain Gray had set for his ship. The Caledonia made the same trip in 15 hours and nine minutes a week ago while the clipper was flying east. Today the two boats passed over the mid-Atlantic just as they did when they were flying in opposite directions on the first flights of the Atlantic Airways by being first to establish regular commercial service.

COPS ARE 'VILLAINS' OF DENVER MOVIE

DENVER (AP)—A half dozen Denver traffic officers, honored guests of the mayor at the preview of a film, blushed with embarrassment. For there on the screen they were shown, "laying down the law" to erring motorists in an uncivil manner. Two patrolmen had been assigned, with a motion picture camera, to get "action pictures" of traffic officers performing their duties. The two men had been at work a month before it was disclosed the pictures were being taken.

Mayor Ben F. Stapleton hopes the film will help some of the officers improve their dispositions. "Flying Fish" CINCINNATI, O. (AP)—Fred Turner has a new fish story. Turner reports that, on a picnic excursion at Jupiter, Fla., he cast out a throw-line to have a sea gull snap up the hook before it hit the water. Turner hauled in the gull and freed it. Other members of the party attested the story's accuracy.
