### "I'm Shot," He Gasps—"Yes You Are," Says Wife

CHICAGO, April 6. (AP)—Most shootings are investigated by the police, but that of Mr. William Cadwallader Hallison was passed by today without official investigation, due to the astuteness of Mrs. Hallison.

Mr. Hallison, who lives near a forest preserve, lay down Easter Sunday on a pile of hay in his barn, watching the meanderings of a hen and then fell fast asleep. A few moments later the hen sat down comfortably on Mr. Hallison's right ear. A few more minutes passed and there was a great hubbub as the hen called attention to a duty well done, namely the laying of a fresh egg on Mr. Hallison's ear. He smote as one would a lightning bolt.

About that time Mrs. Hallison's attention was attracted by a noise.

Mr. Hallison stood clutching the doorknob. His knees seemed to be giving way and his face bore an expression of intense pain. What seemed to him to be blood was gushing over his face from the region of his right ear.

"I'm shot," he gasped.

"Yes," said Mrs. Hallison, "you are."

### QUARREL OF CHURCH ENDS

#### Congregation Finds Unity in Mourning for Evangelist Shot to Death.

NEVADA, Mo., April 6. (AP)—The reunited congregation of a little log church at Halley's Bluffs mourned today as a coroner's jury took up the shooting of the Rev. George Rider, Kansas City evangelist, at the home of his former pastor, the Rev. J. A. Brown, Saturday.

The evangelist, 43, mortally wounded on a mission of peace, died here Easter day praying for forgiveness for Mr. Brown, a 67-year-old veteran of the ministry who was held in the Vernon county jail.

"I wish I was dead, too," the prisoner said.

A pall was cast over their little church in the white oak clearing. The men and women in its hallowed pews worshipped in sorrow under a crudely painted motto.

"Christian Union Without Controversy."

Webster Hallett, prosecuting attorney, said the motive of the shooting hinged on a church quarrel.

Mr. Rider, called to attend a funeral in Kansas City, said he sought to pay Mr. Brown a compliment in asking him to conduct Easter services. The former pastor refused.

The evangelist was shot in the back and left side as he returned.

### Raskob Declares Prohibition Must Not Be Dodged

WASHINGTON, April 6. (AP)—Another suggestion that Democrats avoid straddling and adopt a definite 1932 platform on controversial subjects—including prohibition—was before that party today in a letter from Chairman Raskob of the National committee.

He asked each national committeeman to make individual recommendations for the 1932 platform and give "particular attention to prohibition."

Once more he advanced his home rule plan as what he believes to be a solution of liquor questions. Then, answering accusations that he was attempting to dictate to the party, he recalled that the last democratic convention charged the National committee of which he is chairman with making "recommendations of policies or procedure for the consideration of the convention."

It was with this instruction in mind, he said, that he called the recent National committee meeting at which he advanced the home rule plan and other suggestions.

"Whether we like it or not," he wrote, "prohibition is a critical question in many of our states."

The voters, he asserted, will support the party "whose policies and conduct appeal to them as being sincere, honest, courageous, best guaranteeing the preservation of democracy and promoting freedom and happiness as against a life of tyranny and strife."

Admitting a difference between the "dry attitude of the party in the south" and the "liberal attitude of the party in the north," he said prohibition is, perhaps, a "dangerous complication."

"How silly it must be for the democratic party to disregard the prohibition issue because of its proposed union."

His home rule plan—which would call for retention of the eighteenth amendment but adoption of another constitutional change giving states control of liquor—is, to his mind, probably the best solution, he said, but added: "Perhaps some of you may have a better solution."

## Legislature May Adjourn On May 12 JULIAN IS INDICTED BY GRAND JURY

#### L. S. Boling, His Accuser, May Be Charged With Embezzlement—Move Is Begun In Oklahoma.

### STERLING FOR IT

#### Extortion, Kidnaping, Assault and Carrying Prohibited Weapon Involved Under Laredo Action.

LAREDO, April 6. (AP)—C. C. Julian, Oklahoma and California oil operator, was named in four of five indictments returned by the Webb county grand jury shortly after noon today, in connection with the alleged attempted robbery of \$50,000 from L. S. Boling of Oklahoma City and San Antonio.

C. C. Boren, the oil man's secretary, was named in three counts and Clay Mann, an employee of Julian in the Julian Royalty and Oil company of Oklahoma City, was named in four counts.

One blanket indictment was returned jointly against C. C. Julian, C. C. Boren, and Clay Mann, charging extortion and robbery. The offense was committed, the bill alleged, on April 2 against Lamar S. Boling.

Indictments also were expected to be returned against Clay Mann and C. C. Boren, of Muskogee, his companions, who were charged with kidnaping and assault with intent to rob in charges filed before Justice of the Peace Leopoldo Villegas.

Julian, free on \$15,000 bond, had waited in sumptuous hotel quarters for the grand jury action and said he would attempt to secure new bond.

Strong Legal Staff

"I guess I can scrape up anything up to \$100,000 if they want it," he said. He was in touch with Oklahoma City attorneys headed by O. A. Gargill, former Oklahoma City mayor, during the morning and it was understood that evidence against a principal in the case was being gathered.

"You don't think a man who is head of a \$10,000,000 corporation would fool around with \$50,000 in chicken feed, do you?" Julian demanded of newspapermen.

He and his companions were charged with having attempted to extort \$50,000 from L. S. Boling, San Antonio business man and former publicity director for Julian interests. Julian and Boren were arrested last Thursday in the lobby.

### Clean-Up Week Is Proclaimed by Mayor Osborne

Mayor D. W. Osborne today issued the following proclamation:

WHEREAS, an annual Clean-Up campaign has become an important medium in each year's program of civic advancement; and

WHEREAS, it is impossible to estimate the vast number of lives saved each year by a thorough "Clean-Up" of all regions where the accumulation of the winter months has developed into a menace and a producer of disease and fire danger; and

WHEREAS, the official records of this state reveal that the health of our citizens and the danger of fire is greatly increased by "carelessness" in the homes and business districts in permitting the accumulation of trash, rubbish and untidy conditions;

NOW, THEREFORE, I, D. W. Osborne, mayor of the City of Pampa, Texas, do hereby designate the period from April 8 to 11, 1931, as Spring Clean-Up week of the City of Pampa and I call upon every man, woman and child to diligently observe the occasion by clearing away all things that menace safety from fire, or the public health, stored within their homes or their places of business.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 31st day of March, A. D. 1931.

D. W. OSBORNE, Mayor.

### Dying Man Thrown At Entrance Of Hospital Sunday

AKLAHOMA CITY, April 6. (AP)—Discounting a robbery theory, police today sought a motive for the fatal shooting last night of Russell Robertson, 41, who, they said, was thrown, dying, from his automobile at the entrance of a hospital. Robertson's car was found abandoned in the business district today. Officers said they found no evidence of robbery.

Dr. F. Stephenson, hospital physician, told police he was walking near the hospital shortly before midnight when the motor car drew to a stop and Robertson "apparently fell out." Robertson staggered toward him, calling "help me, I'm shot," Dr. Stephenson said. The car sped on.

Robertson died on the operating table. He was unable to describe his assailants.

### NEW TRIAL FOR KIRKLAND

VALPARAISO, Ind., April 6. (AP)—Virgil Kirkland was granted a new trial today for the murder of his Gary school girl sweetheart, Arlene Draves. Judge Grant Crumpecker in Porter county circuit court ruled that evidence on the first count in the indictment, that of murder by striking the 18-year-old girl with his fist, was insufficient for conviction.

No Organized Towns Are to Compete in Division At County Event.

By offering attractive prizes for community exhibits, the agricultural committee of the E. C. D. hopes to have booths representing all the rural and border-line communities in Gray county at the county fair to be held here Sept. 10-12. No organized towns will be allowed to compete in this class.

A score-card will assist the judges in determining the excellence of the exhibits. Points will be awarded on a basis of quality, arrangement.

The purpose of the community exhibits is to strengthen the community and inter-community spirit, it and to allow citizens from all over the county to form a closer acquaintance. Every community in the county and in border-line communities are invited to begin making plans for their exhibits.

Dairy and wheat shows will be additional features of the fair.

### MOTION HELD READY TO BE ACTED UPON

#### Petch Utility Bill to Be Printed on Report of Minority—Would Set Up Commission.

### ATTORNEYS BUSY

#### Author Willing to Accept Amendments to Slash Proposed Salaries And Name Counsel.

AUSTIN, April 6. (AP)—A motion to adjourn the 42nd Texas legislature at noon May 12, was introduced today by Representative Anderson of San Antonio. It was tabled subject to call and may be called up for action on one day's notice.

AUSTIN, April 6. (AP)—Proponents of public utility regulation achieved a temporary victory in the house today when the Petch public utility bill was ordered printed on minority report, 87 to 46. The bill would set up a commission of three members with statewide jurisdiction.

Under the Petch bill, favored by Governor Sterling over other proposed methods of public utility regulation, the original jurisdiction in rate matters would remain with the city government with both the city and the utility having the right of appeal to the commission.

Appeals from the commission would be taken to the district court of the judicial district adjacent to the one where the rate controversy arose.

Petch was bombarded with questions as he started to explain the bill. Opponents wanted to know the salaries of the commissioners, how many new jobs it would create, and who would act as law counsel for the commission. Petch said he was willing to accept an amendment reducing the salaries of the commissioners, now placed at \$10,000 and also one to make the attorney general the chief law adviser.

Cost of operating the commission would not exceed \$500,000 per year, Petch said. At this rate it would amount to one cent on each \$4 bill of the consumer.

A motion by Representative Keller of Dallas to table the motion to print was defeated, 65 to 49.

#### Need Tax Sources

AUSTIN, April 6. (AP)—A resolution to appoint a committee of five members to investigate the feasibility of a tax on luxuries and insurance companies was adopted by the house today after extended debate.

### Soup Kitchen Is Closed as Funds Are Exhausted

The Welfare board's soup kitchen at the Moore hall closed yesterday. A total of 304 persons were fed during the day, in addition to 55 children between the ages of 2 and 9 years who were fed Easter eggs, pies, cakes, doughnuts, by the women of the Moosehead Legion and members of the Moore lodge.

Shortage of funds compelled the board to close the kitchen. Crowds of the destitute at the hall yesterday were just as large as they were on any day during the last winter. The board members were loath to close the kitchen. What the people will do for food now that their only supply has been cut off is a source of worry to the board.

Mrs. W. H. Davis, manager, wishes to thank the women of the Moosehead Legion for the work they have contributed while the kitchen was being operated. "Every day since the kitchen opened, some of the women of the lodge have helped in serving and filling the buckets," she said. "They have acted nobly and with the true humanitarian spirit. We could never have gotten along without them."

Frank Henry, in charge of the employment agency, again urged unemployed. "Now that the soup kitchen has been discontinued, the men will have to have work in order to provide food for their families," he said.

The kitchen was launched at the instigation of August Gordon and others.

### Veterans To Look At Land Available For Homesteading

AMARILLO, April 6. (AP)—Approximately 250 World war veterans from this part of the southwest are expected to congregate in Albuquerque, N. M., tonight ready to leave tomorrow morning on an inspection trip to land in northern New Mexico available for homesteading by ex-service men.

The expedition was organized by W. C. (Dusky) Rhodes of Amarillo, Rhodes and about 30 former soldiers left here this morning, and will be joined by others along the route. Many left Amarillo yesterday, and word was received from several towns in the section that small groups had left yesterday or this morning.

While all the homestead seekers who inspect the sites probably will not file claims, a sizeable colony is expected to result from the expedition, according to Rhodes.

Charlie Jamieson, veteran Cleveland outfielder, needs only 24 more hits to reach the 2,000 mark for major league competition.

The chief executive was tremendously impressed by the boy's heroism. Five of the children were unable to withstand the cold and perished.

### FALL'S TERM MUST STAND

#### Fine Against Blackmer Is Likewise Affirmed By Court of Appeals.

WASHINGTON, April 6. (AP)—A sentence of one year in jail and a fine of \$100,000 against Albert B. Fall, former interior secretary, was affirmed today by the District of Columbia Court of Appeals.

At the same time the court upheld the decision of a lower court under which Harry M. Blackmer was fined \$50,000 for contempt of court in refusing to return from France to appear as a witness in the oil trials of Harry F. Sinclair and Fall.

Fall was convicted of accepting a bribe from Sinclair for a lease granted the California oil man for naval oil reserves while Fall was secretary of the interior.

Blackmer was found guilty on two charges by failing to heed a subpoena and fined \$50,000 on each of the charges. The action was taken under the Walsh act permitting the government to seize property of any citizen who refused to return from abroad to testify for the government in a criminal case.

Blackmer went abroad two years before he was summoned to appear as a government witness in the oil scandal cases and maintained that he had given up residence in the United States and had established residence in Paris.

After the first refusal to return the government filed contempt proceedings against him and seized \$100,000 in bonds belonging to Blackmer.

The law permitted that amount to be seized as the maximum sum when Blackmer was found guilty the court assessed his fine on each case at \$50,000.

Upholding the constitutionality of the Walsh act permits the government to compel witnesses needed in criminal cases to return from abroad even though the witness is outside the jurisdiction of the court. Blackmer's counsel contended the law was unconstitutional because it permitted him to be tried in his absence and extended the power of the court beyond the territorial limits of the country.

### Two Courts Hear Story of Negroes

It took the two justice courts in the courthouse two hours this morning to straighten out the affairs of four negroes. In the end, one woman, was charged with disturbing the peace. Her husband said he took a gun away from her while she was pointing it at him. The husband said another negro gave his wife the gun to shoot him. This the other negro denied, and in addition declared that the gun was left in his room by his room-mate.

#### GIRLS BENNING AWAY

AMARILLO, April 6. (AP)—Three young Amarillo girls for whom police had been seeking as runaways from home, were reported seen Monday morning about 6 o'clock walking on a highway near Shamrock, Texas. They were said to have been going eastward.

The girls are Anna Punderburg, Maurice Owens, and Marjorie Ward, each 14 years old. A telephone call to Shamrock sent a deputy sheriff out in search of the girls.

Carl Venti, California regular basketball guard for two seasons, was chosen unanimously to captain next year's quintet.

### FOUR CARS SAVED

#### Short Circuit in Switch May Have Been Cause of \$26,000 Loss—City Official Is Loser.

BORGER, April 6. (Special)—Thirty-three automobiles were damaged today when fire swept through the establishment of the Fern-Dale Motor company. Four new cars were saved. A. C. Keith, city commissioner, was owner of the company.

The loss was estimated at amounting to \$16,000.00 on the cars and damage to the building \$10,000.

It is believed the blaze was started by a short in the switch on an automatic air compressor. The fire was discovered about 6 o'clock this morning. Firemen had difficulty in battering down a heavy door opening from the garage to the street. All the cars damaged were owned by the motor company.

### Murray's Program Falls Far Short

OKLAHOMA CITY, April 6. (AP)—With the thirteenth legislature in its last week, virtual failure of Governor Murray's program of tax reform is apparent.

Scarcely a bill recommended by him has reached his desk. In the exact form he desired it. His campaign plank for 50 per cent reduction of ad valorem taxes by July 1 must necessarily fall far short of realization.

Some of his major bills have been killed or drastically amended by the senate, a few by the house. From time to time he has sent messages to each house, pleading that certain bills be adopted as part of his program.

A few, notably the net income tax bill and the state tax commission measure have become law, but only one—the tax commission—in the form originally recommended by the governor.

### Plainview Dairy Show Is Opened

PLAINVIEW, April 6. (AP)—Flags flew in Plainview today as officials prepared to open the fourth annual Texas Fair and Plains dairy show. Two hundred and eighty exhibitors from 63 exhibitors had been received last night with more expected. Entries in the production contest closed yesterday and tests were begun. The show will last four days.

Stock judging contests for 4-H members featured the program for the opening day.

### Mayor Walker To Strike at His Foes

NEW YORK, April 6. (AP)—Mayor Walker was back home today to begin his counter-attack on the critics of his administration.

Tanned and energetic, he returned yesterday from his vacation in California and spent the day resting at his apartment. He saw only a few friends but those who talked with him were convinced that he intends to strike back vigorously and quickly.

Two immediate tasks confront the mayor. First he must draft a reply to the charges filed against him with Governor Roosevelt by the city affairs committee. The material on which the answer will be based was assembled during his absence by his assistant, Charles F. Kerrigan. The second problem involves the reorganization of some of the city's departments, a reorganization which anticipates an investigation of the city government by a committee of the legislature.

SUCCESS SUCCEEDS BEST

Knute Rockne was great in victory, and almost always was he victorious. Had he lost as often as he won, his name would not now be emblazoned upon the field of athletics, present and future.

WASHINGTON, April 6. (NEA).—The department of Labor estimated awhile ago that there were 400,000 aliens in the United States who had entered the country illegally and that about one in four would be found deportable if they were all apprehended.

That would mean that one person in every 1200 of population could be deported. Of course, the one in 1200 becomes, for many reasons, very hard to find.

The Labor Department, however, made its estimate reluctantly and only when ordered to do so by congress. It is admitted that there is very little basis even for conjecture, either as to the number of illegal entrants already here or the number dribbling in each year.

At one time the so-called "seamen's route" was the most popular method of illegal entry. There are about a million arrivals of seamen in American ports every year and it was not hard to enlist on a vessel in a foreign port and desert here on arrival.

But then it was decided to hold the owners of vessels to greater responsibility and that's why last year the number of desertions had dwindled to 9000. Immigration inspectors now visit the incoming ships and examine the crew.

No one knows how many stowaways get into the country each year, but the annual catch averages about a thousand. Drastic efforts of the government to restrict immigration by refusing to issue visas, a policy adopted last fall, has increased the number of attempts to crash in, as did the application of the quota system.

Immigration authorities find that aliens who are smuggled in or smuggle themselves in have usually been in correspondence with someone in this country, receiving advice as to the best means of entry.

At the present time, local authorities of many communities which have unemployment problems are cooperating with the immigration service in the hope of ridding themselves of all deportable aliens.

When an immigration inspector has information indicating that a particular alien may be subject to deportation he applies to the Labor Department for a warrant of arrest, submitting the available evidence. The

alien, when arrested, is given a hearing before an inspector at which he may have the benefit of counsel and present defense witnesses.

The record of the warrant hearing goes to the immigration bureau's board of review, whose duty is to advise the secretary of labor whether cause for deportation has or has not been shown.

If the alien is found subject to deportation, the department issues a deportation warrant and the alien is expelled. Aliens are then held and organized into parties. Last year 174 deportation parties were moved.

### FEMININE FANCIES

By HOLLYCE SELLERS HINKLE

A yellow butterfly on a real wild flower—barefoot boys, and girls in socks—green wheat—young people riding three-deep in open roadsters—ladies in brightly colored frocks—new fruit stands—blue skies—girls on top of hill assembled around a cowboy and his horse—kodaks—lunches—swings—surely spring is here.

Not in a long time have I seen such a panorama of beautiful spring costumes as were in Pampa, and reports come that throughout the United States there were thousands of smart spring frocks making their first appearance yesterday.

Especially glamorous were the new Hollywood costumes, an A. P. report tells us. The story was written by Hubbard Kewey. Norma Shearer's dark blue outfit, consisting of silk dress, hem length coat, and shiny blue straw hat was one of smart simplicity, while Lillian Tashman, one of Hollywood's best-dressed players, chose a silk crepe powder blue suit trimmed with silk braid. Her accessories were in brown.

Babe Daniels chose an ensemble of gray broadcloth, with a turban of twisted chiffon in gray and white. The jacket was trimmed in white ermine that goes all the way around and follows the redingote idea, to the finish.

Over a green and white printed frock, Ina Claire was to wear a redingote coat of emerald green, held at the waist with a matching wide belt. Her hat was of green silk grosgrain, with accessories in medium beige.

Ann Harding selected a boucle ensemble of powder blue, with traces of wool embroidery in navy, the shade of shoes, bag and gloves. Marion Davies has gone all the way around in an open wool mesh ensemble in a beige tone with a beret of the same material, the only trimming being looped edgings of the material on the neckline of the sleeveless dress and on the collarless jacket.

Mary Pickford chose a pink beige afternoon frock with touches of lace on the bodice, and a large brown rough straw hat.

A light green silk suit, set off with bands of golden brown fox fur was Joan Crawford's selection. Dolores Costello picked a chartreuse green chiffon gown, edged with Russian sable.

Speaking of clothes, Mlle. Gabrielle Chanel, Paris couturier, who is in New York on her way from Hollywood, where she has been reforming the style sense of the movies, recently made this state a visit to Byron Darnton, A. P. writer.

"It is impossible for any woman to look like a mannequin," said Mlle. Chanel, "for the reason that the mannequin does not live in the costume she displays. Her clothes are fitted to her with a purpose in view—that she may look charming during a brief walk before her observers."

"In the movies, it seems, each evening gown is provided with a series of slips. One is used when the lady wears it standing up. It insures proper draping of the skirt. Another is worn when the lady sits. It permits of a bit of give here and there and keeps the upper part of the costume properly in place."

All this is very well in the movies, but, Mlle. Chanel points out, in real life a woman can't change to another slip each time she wants to sit down.

It is the work of Mlle. Chanel, who has been engaged by Samuel Goldwyn, to keep screen actresses six months ahead of the mode, so that when pictures are released they will not be behind the times.

### Unreality Studied By Church Groups

"Unreality" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, April 5. The golden text was from II Corinthians 4:18. "The things which are seen are temporal; but the things which are not seen are eternal."

Included in the service were the following passages from the Bible: "In the beginning was the Word, and the Word was with God, and the Word was God. . . . All things were made by Him: and without Him was not anything made that was made"—John 1:1,3.

The lesson-sermon also embraced the following citation from page 525 of the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mark Baker Eddy: "In the Gospel of John, it is declared that all things were made through the word of God, and without Him (the logos, or word) was not anything made that was made. Everything good or worthy, God made. Whatever is valueless or baneful, He did not make,—hence its unreality."

### Mrs. Hoyal Sells Legion Auxiliary Poppy to Hoover

MRS. ROBERT LINCOLN HOYAL  
National President, the American Legion Auxiliary.

WASHINGTON, D. C., April 6.—"The sale of poppies manufactured by disabled ex-service men in the hospitals and elsewhere not only provides them with employment and creates a fund for rehabilitation and child welfare work but it is also an appropriate reminder of the sacrifice of those who died in service of our country."

This endorsement of the American Legion Auxiliary's memorial poppy sale was given by President Herbert Hoover recently, after the aims and purposes of the sale were explained to him by Mrs. Robert Lincoln Hoyal, of Douglas, Ariz., the Auxiliary's national president.

Mrs. Hoyal called on the president at the White House and presented to him the first bloom of the 1931 memorial poppy crop.

Last year, Mrs. Hoyal told the president, the American Legion Auxiliary sold 9,961,019 poppies which were worn throughout the country in honor of the World war dead. Every one of these little red flowers was made by a disabled veteran who received one cent for each flower produced, she explained. The sale was conducted the Saturday before Memorial Day with nearly 100,000 volunteer workers from the Auxiliary offering the flowers to the public. Approximately \$1,000,000 was received for the poppies, all of which was used for the welfare of disabled veterans, their families and orphans of the war dead.

The Auxiliary's poppy sale this year will be held May 23, the Saturday before Memorial day. The name American Legion and American Legion Auxiliary, that will appear on the bona fide poppies, assures the purchaser that they have been made by disabled men; that the proceeds will be used entirely for the disabled and that they were not made by a commercial factory.

### HUNDREDS OF CHILDREN TAKE PART IN EASTER FROLIC AT WHITE HOUSE THIS MORNING

WASHINGTON, April 6. (AP)—Despite a thin cold drizzle, hundreds of children came to the White House today to frolic in the traditional Easter Monday egg roll.

It began with normal attendance, the only result of the rain being to add vari-colored umbrellas to the scene. Several hundred children, from babies to go-carts of ten-year-olds, were waiting when the iron gates swung open at 9 o'clock.

Masred in the east room, about 200 children of government officials crowded to the windows overlooking the broad, south grounds. They had been invited by Mrs. Hoover to join her three grandchildren, Peggy Ann, Herbert Hoover III, and Joan.

At 10 o'clock the program which Mrs. Hoover planned began. The blue and red uniformed marine band swung into the south grounds, marched up to a raised platform in the center, removed rain protectors from their instruments, and struck up a folk song. A group of about 30 girls moved into a roped-off rectangle and began a folk dance.

Knolls along the edges of the grounds were the meet popular points. There scores of little girls sat on the grass, and rolled them down to shrieking playmates. Gaily colored baskets swung from the children's arms. Grownpup admitted only if accompanied by a child, spread blankets on the grass and assisted in games.

In addition to his ability on the diamond, Mallon, Red Sox rookie, is an accomplished crooner. During the past winter his tenor voice was a regular feature from the municipal station at Dallas, Texas.

Frank Duellberg, German racing cyclist, is training in the United States for the cycle races this summer.

FORMER SECTION HAND HAS CONFESSED TRAIN WRECKING

Discharged Man Thought He Could Cause Discharge of Road Foreman.

HENRYETTA, Okla., April 6. (P) George Darnell, 36, discharged section hand, today pleaded guilty in superior court to wrecking a Frisco passenger train here August 18, 1929. Thirteen persons were killed.

Darnell was arrested last night in Parsons, Kan. Judge J. Harry Swan said he would pass sentence this afternoon. Darnell pleaded guilty to murder charges.

Confronted with pictures of the wreck a freight train by "cooking" he had been discharged the day before and thought if he could wreck a freight train by "cooking" a switch he could secure the discharge of his foreman.

Instead of a freight train, a Frisco passenger train was the next to pass the switch.

Thirteen persons, most of them negroes, died as the engine, baggage car and first coach left the rails. Ten persons were slightly injured.

The engineer and fireman were killed. Burns from steam escaping from the wrecked engine accounted for most of the deaths.

Darnell was arrested by special officers of the St. Louis San Francisco railroad, and Parsons, Kan., officers.

He had been trailed nearly a year, officers said. After the wreck Darnell said he remained in Henryetta nearly a year, leaving town after he suspected that his part in the wreck had been discovered.

Murray Talks to Wilbur About Oil

WASHINGTON, April 6. (P)—Cicero I. Murray, chairman of the oil states advisory committee, sought today to lay before President Hoover the plans of his group for remedying the distressed condition of the oil industry.

Before calling at the White House, the Oklahoma discussed with Secretary Wilbur, chairman of the federal oil conservation board, the program which his group will perfect in regions here today and tomorrow.

The resolutions of the committee will be closed, with only the representatives of the ten oil states and invited experts in attendance. Thursday the group will formally lay its plans for an oil states compact before the conservation board at an open hearing.

Murray said today a misapprehension existed regarding the price fixing proposals of his group. He said the ten-state committee merely would seek the power to advise purchasers of crude oil what the fair price of petroleum should be in each producing district.

It would be up to the companies to place such prices in effect. Also, he said, the committee would give advice on the fair price of gasoline.

Negro Bridge Game Turned In on Riot Call

Officers of the sheriff's department late Saturday received a call to quiet a number of negroes congregated in a shack in the residential district of the city. The call was so urgent that the officers believed that a small riot was under way.

They made a fast run, rushed into the house where the noise was coming from only to find a number of negroes having a big laugh over a game of bridge. They were actually playing bridge.

They didn't ask the officers for pointers and seemed to know what the game was all about. The officers told them not to make so much noise and returned to the office.

Woman Prisoner Commits Suicide

FORT WORTH, April 6. (P)—Eloise McClure, 33, hanged herself in her cell in the county jail today. Justice Faulkner returned a verdict of suicide.

The body was found by Mrs. E. C. Johnson, jail matron. The woman had used the belt from her uniform, lying one end on the bed post. Mrs. Johnson said the woman evidently drew up her feet to cause strangulation.

While a technical charge of vagrancy had been placed against her, the woman had gone to jail voluntarily to take treatment for a drug habit, the matron said.

Miss Ruby Harkins spent Sunday in Wheeler.

Bob Shumacker and Mr. Brown of Shamrock spent Sunday in Pampa.

He was arrested on a charge of disturbance of the evangelist on a reconciliation had angered him and led to blows.

"There was a lot of gossip," he said, "a lot of untrue gossip." I got out of the church to stop it."

The son suggested that his father may have borne Rider ill will for some years. He said he remembered dimly a dispute between them several years ago.

Morris said that O. A. Cargill, representing Julian, asked him to file the complaint against Bolling, charging him with embezzlement of between \$100,000 and \$125,000 which Julian declares he gave Bolling last year to be held in trust for him.

The county attorney was to confer with Cargill again this afternoon, and said he would get in touch with Texas authorities for more information regarding the extortion charge against the oil man.
