Wickersham Commission Condemns Action to Get Accused Men and Women To Make Confessions.

## MANY BEATINGS

Marlin, Waco, and Wichita Falls Instances of Cruelty Are Mentioned; "Ugly Facts" Made Known.

WASHINGTON, Aug. 10 (AP)—A tale of systematized police brutality spreading over half the nation—a 10-year record of illegal law enforcement by barbarous "third degree" methods—was unfolded today by the Wickersham commission.

Asserting its duty was to lay the "naked, ugly facts" before the public, the commission crammed into a single weighty volume on "lawlessness in law enforcement" more than five score proved instances of extorted confessions.

It urged upon President Hoover new legislation, or a constitutional amendment if necessary, to abolish "conduct so violative of the fundamental principles of constitutional liberty."

It cited the Leopold-Loeb case, in which an innocent school teacher was beaten into confession, as having focused attention upon the "third degree" casebook.

It turned to the Snook case of Ohio as showing the unfavorable reactions to a prosecutor who struck the university professor on the jaw to obtain a confession.

It dealt with nearly 150 instances of trials following so closely upon arrests as to leave the accused no time for defense, denial of counsel to defendants and actual misconduct by court and prosecutor.

The report asserted that despite the secrecy and denials of police brutality instances of the "third degree" had been found in "considerably over half the states."

Also in the past 10 years, it said, cases were proved in the following cities:

Albany, Birmingham, Buffalo, Cincinnati, Chicago, Cincinnati, Cleveland, Columbus, Denver, Detroit, Kansas City, Kenosha, Wis., Los Angeles, Miami, Newark, New Orleans, New York, Oakland, Calif., Oklahoma City, Philadelphia, Richmond, Va., St. Joseph, Mo., St. Louis, San Francisco, Seattle, Waco and Wichita Falls, Tex., Washington and West Allis, Wis.

The report cited a case in 1920 at Marlin and Waco, Texas, in which the sheriff left unconfessed testimony that he had whipped a negro named Williams severely as to cause permanent injuries before obtaining a confession to a murder.

One witness in the case was reported held under water until near drowning, while a negro woman was stripped of her clothes and whipped.

In 1923, a negro at Harrison, Texas, confessed to arson, the report said, after being switched while stretched naked across a log and after threats of being put in the "shocking machine."

At Wichita Falls, Texas, a farm hand named Hoobler, suspected of murdering his employer, was reported threatened with lynching during prolonged questioning, was not permitted to sleep, and later appeared badly bruised.

In still another Texas case, in Case county in 1923, a 15-year-old negro, charged with murdering her baby, was quoted as saying "white folks, that's the biggest lie," after repeated threats of mob violence had caused her to confess.

In still another Texas murder case in Reeves county in 1922, where the victim was burned to death in a store, a Mexican named Hernandez was reported questioned for hours in view of the charred body.

The report said there was indication of a threat to burn him to death unless he confessed.

## Pampa Banks Are Merged

First National Now Has All Deposits—Purchase Is Effective Today.

A notice pasted on the door of the Pampa National bank this morning, directing customers to transact their banking business at the First National bank, was followed by an announcement that the First National bank had acquired the Pampa National.

Prefacing his announcement with a statement that complete details of the merger will be told later, B. E. Finley, president of the First National, stated that "the depositors of both banks are requested to be perfectly free to call at the bank and discuss any and all of their bank business. They will be made more than welcome."

A statement addressed to the public said: "The First National bank of this city has today taken over the business of the Pampa National bank and hereafter all business of either of the above banks will be handled by and through the First National bank."

The directors of both banks are pleased to announce that the above action is the result of much careful and conservative consideration on the part of both boards of directors who have enjoyed the confidence and esteem of this entire community for many years.

The deposits of the Pampa National were transferred to the First National and are subject to call at the latter institution. The Pampa National is quitting business and the First National is ready to pay off depositors in full. Checks on the Pampa National will be honored at the First National when backed by deposits.

A statement regarding the disposal of the Pampa National was being prepared by officials this afternoon. C. B. Barnard, vice-president, announced that the institution quit business was general this morning. Its officials, employees, and directors are well-known and highly regarded here. The procedure in which the bank's affairs were transferred indicates that the trust of its depositors was not violated in any way.

AMARILLO, Aug. 10 (Special)—It having been decided to liquidate the affairs of the National Bank of Commerce, the assets and deposits of the bank were acquired by the other Amarillo banks during the week-end and the First National bank was designated to pay off the depositors and to collect the bank's indebtedness.

May Have Been Picked Up By Fishing Vessel But Anxiety Is Felt; Was Blazing New Trail.

By The Associated Press. Bad weather, mystery, homesickness, daring, embarrassment, accident: all these characterized the feats of those who cut capers along the world's arctic yesterday.

There was possibility that Cramer had taken shelter in some isolated floe or that he had been picked up by a fishing vessel, but the authorities conducting the search were pessimistic. The weather was so blustery that Danish seaplanes could not take off to join the hunt across the waters of Skagarak.

YESSIR, FOOTBALL SEASON IS NEAR

It looks like a normal year in District I football—Amarillo and Lubbock are starting their annual battle of words over transfer of athletes.

Lubbock, champion of the one-year rule, periodically becomes alarmed over reports that Amarillo and Pampa are going to have strong teams. It is not surprising that the Salsos, gathered from many cities, are being watched. But there is nothing in the Pampa grid situation to cause planning of protests.

Pampa's team is going to be 90 per cent or more from last year's reserves, and while it may not tip the circuit, it is going to show surprising power. The question will be in developing a smooth-working squad very quickly.

Here is what the Lubbock columnist says of Amarillo:

Speaking of football, here's a laugh for you. An Amarillo school man, in town the other day, said Amarillo was planning to protest Lubbock's Westerners next fall because "Lubbock has transported a player from White Deer."

Time out for a giggle.

Of all the schools, Amarillo, as far as this district is concerned, has the least reason to mention such a thing. Everybody who knows anything at all about football in the Panhandle knows what Amarillo has been doing in this regard for several years and a protest, even if it had a basis, would sound like a burst of humor coming from that source.

From what The Plainsman has been able to learn, one of the stars from last year's White Deer team will be a candidate for a Westerner berth this coming fall—but for your information, Amarillo is alleged to have made an effort to get the family of that same player to move there. Instead, they came here.

And our memory is not so short on Sandie stars of previous years, some of whom "moved in" from Kansas, Sherman, Fr. Worth, and there even was one who came all the way from California!

Incidentally, and in a spirit of fairness, the Amarillo school man who is credited with talking "protest" was not Blair Cherry, head Sandie coach, or any member of the coaching staff. But the statement was made—and whether it was made in jest or in earnest, it's worth chuckling over.

If Amarillo has suddenly become so hot and bothered over football players moving from one town to another, what answer, if any, have Amarillo school officials to make by M. H. Duncan, of Lubbock, that a one-year residence rule be instituted?

Is Amarillo ready to side Lubbock in this only practical way to eliminate transporting grid stars?

Or does Amarillo take the stand that "it's all right if we do it but nobody else should be allowed to?"

The Plainsman doesn't believe any protest will be made—doesn't believe there is any ground for a protest.

There are too many good sports in Amarillo who would not permit such an action and there are enough sports in Lubbock—as there always has been—who are willing to meet Amarillo on the football field and leave the detective angle out of the whole question.

But this is a vale of tears and laughs come seldom. This particular haw-haw is too good to overlook.

MOON OF DELIGHT by Margaret Bell Houston

SYNOPSIS: Nelly Belaise, hostess of the Marquessa Cabrette, had moved along his forehead, and she thought, "At last I have done that!" as if she had always been her wish home in Bilcxi with her son, Adrian.

HAPPINESS FOR KIRK

Juanita's hand, lying beside her plate, felt Kirk's hand cover it. Kirk's hand, warm and sure and firm, she did not move.

FRECKLES AND HIS FRIENDS

as you didn't embarrass her by making her refuse you? Kirk all about it this afternoon. Full of his news, and she—Nelly—had been so full of it, too, as soon as he had told her that she had neglected to tell what she had read in the New Orleans paper.

Understood? That was the way all girls talked when men deceived them. Surely Juanita was not deceiving Kirk!

"Yes, understood—thoroughly. We talked about the future. She's going to stay here with us. That is, if I still want her after what she has to tell me. Isn't that ridiculous?"

"Nelly nodded, relieved. 'When is she going to tell you?' 'This afternoon when I get back. I'd have stayed today if she had let me. She says she has to think. Says she won't talk to me till this afternoon, even if I stay. It's easier to go.' Kirk rose.

"Kirk, dear," said Nelly, "you'll have to ask the marquessa for Juanita." "Juanita says not," Kirk answered. "I was going to, but she says the marquessa has nothing to do with it. She doesn't want the marquessa even to know. So don't tell anybody."

"Not even Theoneste," thought Nelly regretfully. Kirk went, and she lay looking out into the sunshine. Juanita—always with them. No wonder Kirk had been so happy.

Nelly wondered if she had been sympathetic enough. It had come as a surprise after the marquessa's news of Juanita's engagement. She had let go of a nebulous hope that had come into her heart simultaneously with Juanita. She herself could not be with Kirk forever, and Juanita was just the one she would like to leave in her place. Nelly smiled, tapping her glasses against the morning paper beside her.

"So much for betrothals in Spain," she thought. "Too bad she couldn't tell Theoneste. But Theoneste would probably run right to the marquessa. Odd that Juanita hid things from the marquessa and the marquessa told Juanita's secrets for her. Kirk and Juanita would have to handle the marquessa and the matter of that other engagement the best they could. Juanita was going to tell

Can Juanita face Nelly? Tomorrow Adrian waits for Kirk, with important news.

CHURCHES: CHRISTIAN SCIENCE CHURCHES: The subject of the lesson-sermon was "SPIRIT" in all Churches of Christ, Scientist, Sunday, August 9.

These passages from the Bible (Galatians 5:16-24) were included in the service: "This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. And they that are Christ's have crucified the flesh with the affections and lusts."

The lesson-sermon also included the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pp. 64, 267):

"Spirit will ultimately claim its own—all that really is—and the voices of physical sense will be forever hushed... The belief that life and sensation are in the body should be overcome by the understanding of what constitutes man as the image of God. Then spirit will have overcome the flesh."

Salvation Army Home Damaged: DALLAS, Aug. 10. (AP)—Damage estimated at \$26,000 was caused by a fire which swept through the Salvation Army women's home and two adjoining buildings here last night.

The fire originated in a wooden garage between the home and a rooming house and spread rapidly. Johnny O'Leary, 48, was trapped on a sleeping porch of the rooming house. Firemen rescued him with ladders after tearing away screens and windows.

Mrs. W. P. Sessum, inmate of the home, was forced to flee through a hallway choked with smoke and flames. Other inmates escaped before the fire endangered them.

# FEMININE FANCIES

By Hollyce Sellers Hinkle

"Detour, the sign of progress."

So say the road directions. But when the detour is through a corn field, and when it is brought about by an automobile in the middle of the road half covered with water—wonder.

Such was the experience of the writer of this column and The Pampa on a trip to New Mexico and Colorado was begun a week ago. Yet we had to laugh when we saw ducks swimming down a main street in Terlingue, and when, after leaving the town we saw a group of hogs strolling leisurely down the road alone. These tourists were enjoying the rain even more than we.

But even a bad start does not necessarily mean an unpleasant journey. The rest of the way the weather was dry enough, but cloudiness drove away the usual heat.

We were impressed with the flowers of New Mexico. Sunflowers grew as big as dining plates, and red geraniums blossomed in scores of windows.

Which reminds us Pampa should consider her lawns. We have many beautiful flowers here and more flowers and trees should be planted by every family.

A town is judged by tourists largely by means of its houses and the care of its lawns. Dalhart residents were particularly interested in lawn beautification, we noticed while traveling through that little city. The newspaper there took the lead in the work of improvement.

Although every day of our week's trip was a pleasant one, we can say and mean "There's no place like home."

Women's activities apparently are increasing as the month of August is begun, this week particularly being filled with lodge, church, and club features. Two groups are welcoming high officials this week. Sister Elsie Moore, grand chief of Texas, will meet with the Pythian Sisters this evening and Mrs. Magge Jordan of Paris, president of the Rebekah Assembly of Texas, will visit the local Rebekah lodge tomorrow evening. With the beginning of fall, women's activities will be revived in earnest. Parent-Teacher associations will resume their work as some of the city's most constructive organizations, and social study and church groups will begin a new year of pleasure, civic service, cultural improvement, and religious reviving.

The summer "detour" in women's activities is a real sign of progress. After vacation and rest, the women will resume with added zeal their work in the progress of Pampa.

## Airplane Carries Six to Deaths

CINCINNATI, O., Aug. 10. (AP)—A pilot's desperate struggle to halt the head-long plunge of a tri-motor airplane failed to prevent its crash here yesterday, in which six persons were carried to instant death. The plane, bound from Cincinnati to Atlanta, had just taken off from Lunken airport when the propeller of its right-side engine came off and a moment later the engine itself tore loose and hurtled to the ground. Thrown out of control, the big passenger plane at once started its death dive while Pilot M. T. Odell, 23, of Cincinnati, frantically strove to right it. Witnesses said Odell apparently attempted to land the plane in a corn field at the edge of the Little Miami river, and falling in that, tried to head for a sand bar on the opposite side of the stream. Instead, however, it smashed into a clay bank, turned over nose first, tore out the entire front end, and killed all aboard.

The victims were Miss Wrenna B. Hughes, 22, Fort Thomas, Ky., stenographer; William E. Keith, Atlanta, Ga., radio distributor; W. H. Brimberry, Atlanta, Ga., electrical dealer; V. O. Baum, 39, Memphis, Tenn., contractor; William J. DeWalt, 32, Fort Thomas, Ky., pilot; and Odell. Airport officials said the accident was caused by a broken hub on the propeller.

# FETE WILL BE HELD TUESDAY, RAIN OR SHINE

## Pampa Baptists Will Attend Encampment at Studer Lake

### PUBLIC INVITED TO BE PRESENT FOR GAY EVENT

Rain caused the postponement of the civic lawn fete, sponsored by the music week committee, a week ago. Tomorrow evening at 8:30 o'clock, the function will take place, regardless of the weather. The lawn of Mr. and Mrs. C. P. Buckler, 410 Buckler street, will be the place of entertainment if the weather is clear. In case of rain, the same numbers will be given in the auditorium of the city hall.

An admission charge of 25 cents will be made. This amount will include the entire program as well as refreshments of fruit punch and cakes.

The lawn will be lighted and chairs will be provided for several hundred persons.

One of the outstanding entertainers will be John Sturgeon, who will give vocal solos.

A 30-minute concert will be given by the Collegians, a group of 10 youthful players organized this summer under direction of Vernon Lawrence.

Alfred Doucette and Joe Kahl, saxophone, and Charles Thomas, pianist, will give a special number. The Treble choir, an organization comprising the best vocal talent in the city, will make its debut in the following numbers: "One Fleeting Hour" and "Will of the Wisp."

The chorus will be directed by Mrs. May F. Carr with Mrs. Ramon Wilson at the piano. Miss Catherine Vincent, local danseuse, will give "The Coquette," and Ravel's "Bolero," and in company with her little pupils, "The Glow Worm."

Musical arrangements will be furnished by Mrs. Carr. Constituting the personnel of the chorus are: First sopranos: Mesdames R. R. Jones, A. W. Dilley, Bob Chaffin; Phil Wolfe, W. A. Bratton and E. W. Bissett.

Second sopranos: Mesdames J. W. Garman Jr., H. C. Price, J. B. Townsend, and Lynn Boyd. First altos: Mesdames C. C. Dodd, H. C. Stinnett, and A. W. Mann.

# PITCHING IS NOW MOST EFFECTIVE OF MANY CAMPAIGNS

## FEW HITS IN RECENT TILTS OF BIG LOOPS

Standings Are Practically Unchanged — Athletics Turn on Yankees.

By HUGH S. FULLERTON JR., Associated Press Sports Writer.  
The last third of the baseball season is a time when major league pitchers are expected to do their best, but it has been a good many seasons since they have been so effective as in the current campaign. Three major league moundmen stepped out over the week-end to pitch really great games.

Bob Burke, lanky Washington southpaw, outshone them all on Saturday when he shut out Boston without a hit. It was the second no-hit no-run game of the season. Yesterday two more pitchers came along with one-hit games.

**Bush Halts Cards**  
Guy Bush of the Chicago Cubs held the league leading St. Louis Cardinals to a single blow, a scratch single by George Watkins, while Vincent Barton, Chicago's rookie outfielder, won the game for him by clouting a home run, his fifth in a week. Paul Derringer, succumbing to the jinx of a pre-game gift, lost a real hard luck game. He gave the Cubs only three hits in eight innings and earned nine only to lose the 1 to 0 decision on Barton's clout.

Dick Coffman of the St. Louis Browns pitched the other one-hit game yesterday, beating the Chicago White Sox by a 1 to 0 count in the second game of a double header. The only hit off Coffman, who gave one walk and hit one batsman, was a roller over second by Kerr. Bob Weiland, recently recalled from Louisville, opposed him in the close duel. Pat Caraway, lean left-hander, held the Browns to five hits to beat Walter Stewart 4 to 2 in the opener.

The various low-hit games had little effect on the league standings. The triumphs of the Cubs finished eight games behind the Cardinals and still a point behind the New York Giants, who pounded out a 9 to 4 victory over Brooklyn. Fred Fitzsimmons pitched five hitless innings before he eased up and gave ten blows.

Pittsburgh and Cincinnati split a double-header, the Reds winning the first game by attacking Larry French in the seventh for all their runs in a 6 to 2 triumph and the Pirates hammering Frey and Rixey in the early innings to win the second 8 to 4. Boston's Braves picked up some ground by taking two games from the Phillies, 5 to 4, and 6 to 3.

Mahaffey, Grove, and Simmons shared the honors in the final game of the American league's "crucial" series as the Philadelphia Athletics came back from two defeats to down the New York Yankees 5 to 3. Simmons accounted for three of Philadelphia's runs with two homers.

Washington had some trouble holding the place ten games behind the Athletics which they had gained while the champions were losing the first two games of the series to the Yanks. The Senators had to use ten innings to down the Boston Red Sox 4 to 3.

Detroit and Cleveland played loosely in a nip-and-tuck game, the Tigers winning 9 to 8.

## Young Corbett Is To Battle Schaaf

NEW YORK, Aug. 10. (AP)—The names of Young Corbett of Fresno, Calif., and Ernie Schaaf of Boston lead all the rest in this week's athletic roll of honor.

Corbett, by some experts considered the uncrowned king of the welterweights, sallies forth to do battle with Gaston Lecadre of France in a ten-round bout at San Francisco Friday night. Schaaf, one of the most rugged of the younger heavyweights, tops the eastern program in a ten-round battle with Angus Snyder, clouting Dodge City, Kans., youngster, at the Boston Garden tomorrow night. Schaaf, somewhere in his travels, has found the punch he lacked before as his two quick knockouts of Jimmy Maloney can attest.

## LEGISLATURE

(Continued from Page 1)

**AUSTIN, Aug. 10. (AP)—**The house today postponed investigation of charges of official misconduct against J. B. Price of Bastrop, judge of the 21st district court until Wednesday. A motion to postpone the investigation indefinitely was tabled, 90 to 23.

A resolution to postpone the inquiry until Wednesday and invite the senate to listen to the proceedings was adopted. The resolution proposed that Judge Price be removed by means of an address by the legislature to the governor. The address of removal would require a two-thirds vote in each house. Rep. Harry N. Graves of Georgetown, one of the house prosecutors, vigorously opposed the motion to postpone indefinitely, saying Judge Price had been given an opportunity to resign and that he had refused. Graves charged that the legislature to take cognizance of the charges would be sanction for the sheriffs to continue charging exorbitant fees and the district judges to approve them.

**Cigarette Fight Looms**  
AUSTIN, Aug. 10. (AP)—The predicament for a bitter fight in the house on amendment of the cigarette tax law was laid today when Rep. Bob Long of Wichita Falls moved that the 72-hour rule be suspended on all legislation except the bill to levy a tax of three cents per package on cigarettes.

The rule prohibits consideration of a bill in the house of its origin after 72 hours before the date set for adjournment. The long motion was tabled and the rule suspended until tomorrow night on all bills. Long claimed the statements of advocates of the cigarette tax amendment that it was merely a corrective measure was false and that it was intended to make it more enforceable but to extend its scope. The amendment provides that the tax bill shall be paid on the first sale or "use" of cigarettes in Texas. The "use" clause would prohibit cigarette smokers from buying cigarettes by mail out of state manufacturers without paying the three-cent tax before the cigarettes were smoked.

**To Urge Mail Sales**  
Treasurer Charley Lockhart reported to the legislature that plans were being made by leading cigarette manufacturers to carry on extensive mail order campaigns to evade the tax. It will begin operations Aug. 22.

**AUSTIN, Aug. 10. (AP)—**Governor Sterling today submitted three more bills to the special session of the legislature. One would provide that licenses for life insurance agents would not have to be renewed each year. A like provision for all other insurance agents was made during the regular session.

Another would provide that all warrants drawn upon the state treasury and not paid for lack of funds would draw interest until called for payment by the treasurer. The third would force candidates for congressman at large to run for specified places.

## STEERS AND SPORTS GIVE FANS TREAT

Dallas Finally Win, 1 to 0, in Thirteen Frames—Infields Flashy.

By BILL PARKER, Associated Press Sports Writer.  
Easily one of the best baseball games of the current Texas league season was unveiled yesterday in Dallas when the Steers trimmed Shreveport 1 to 0 in 13 innings. It was the first setto of a double-header. After winning the extra-inning affair, the Steers dropped the nightcap 6 to 3.

The long session was a stubborn game all the way through with George Murray, right-hander for Dallas, and Lee, Shreveport southpaw, bearing down throughout. Several times the bases were crowded with runners, but each time, lightning plays smothered the threatening rallies. Mueller's sensational dive and catch of Todd's hard grounder in the twelfth, saving a run, was one of the finest plays seen at Steer stadium this season.

**Shreveport Threatens**  
After twelve scoreless innings, Shreveport opened the 13th with a threat. Leslie singled to center. Radcliff beat out a slow bouncer to second. With two on and none out, the Sports saw their chance fade when Solters, league's leading home run hitter, bounce into a double play and Winegarner popped to Kelly at shortstop.

The Steers came back in their half of the 13th to win. James, first up, walked, and moved to second on Atwood's sacrifice. Loopp walked. Langford, up for his sixth time without a hit to his credit, slashed a single through the right side of the diamond, and James made a great race from second to slide across the plate with the ball game, a fraction ahead of Radcliff's perfect peg to Catcher Rowland.

The second game saw the Sports overhaul Dallas' three-run lead with a hitting barrage off Minogue. Garland and Mallet that netted a decision.

**Also Win at Home**  
Having defeated the league's best fast and curve ball pitchers on their recent road trip, the Houston Buffaloes returned home to beat Tom Estell, spitballer for San Antonio, 7 to 3. Houston drove Estell from the mound in the fourth with a bombardment that netted four runs. Flinn finished, but could not repair the damage the Buffaloes had created in the first four innings.

"Tex" Carleton hurled seven innings for Houston, and had the situation well in hand. He gave way to Jerome "Dizzy" Dean the last two innings so Dean could warm up the arm that has won 22 victories this season for Wednesday night's title play-off contest against Beaumont.

At Fort Worth, the Cats and Wichita Falls Spudgers split. Dick Whitworth turned in some excellent pitching to beat the Spudgers in the initial contest, 4 to 2. The Spudgers got to "Jinx" Harris, rookie pitcher, for three runs in the first inning to win the second game, 7 to 3. Lester White was on the mound for Wichita Falls in the second game and

held his foes to eleven hits, all scattered. The Beaumont Exporters had to be satisfied with a 50-50 break with Galveston. The Buccaneers grabbed the opener 11 to 6, but lost the second 6 to 5. Both games were filled with good and indifferent baseball.

## Markets

### CROP REPORT HURTS

NEW ORLEANS, Aug. 10. (AP)—The cotton market opened excited and active today with first trades showing losses of 110 to 120 points owing to the unexpectedly large government crop estimate issued Saturday and a decline in Liverpool. Initial losses here were not a full response to the weakness of the English market which at the time of the opening here showed a loss corresponding to 140 American points or \$7 a bale.

Active profit-taking by shorts at early trading supported the local market in some measure and even at the lowest prices here were relatively higher than other markets. At the end of the first hour the market was a shade steadier and 1 to 3 points above the lows.

### GRAINS ARE STRONGER

CHICAGO, Aug. 10. (AP)—Grains scored early price upturns today, with buyers encouraged by absence of unusual selling pressure and by relative steadiness of Liverpool quotations. Disposition was shown to even up on account of apparent likelihood that the government crop report on grains to be issued this afternoon would prove bullish.

Opening 1-8 cent off to 1-4 up, wheat afterward showed general gains. Corn started 1-4 behind to 1-3 advance and later rose all around.

Dr. R. M. Bellamy and family left during the week-end on a vacation trip to Dallas, where they will visit Dr. Bellamy's father, who is a prominent surgeon there. They will return in a week.

## THIS STATE RECORD

DALLAS, Aug. 10. (AP)—Hitting two triples yesterday in a double-header against Galveston, Joyner White, Beaumont outfielder, tied the 1930 Texas league record for triples with 18. Joe Moore, formerly of San Antonio, holds the 1930 record. White also leads the league in stolen bases with 43 which is 12 shy of the 1930 record of 55 held by Joel Hunt.
