# OIL PROBLEM IGNORED

## SPECIAL BILL MAY NOT BE END OF ROW

Attorney Asserts Legislature Is Not Privileged to Pass Laws Governing Only One Such Span.

## ASK INJUNCTION

Calling Out of Troops From Fort Sill to Assist U. S. Marshall Being Suggested to Judge.

CORPUS CHRISTI, July 31. (AP)—Constitutionality of the bill passed by the legislature giving the Red River Bridge company and J. R. Handy, receiver, the right to sue the state of Texas for damages in connection with the opening of a free bridge was being attacked before Federal Judge T. M. Kennerly in federal court here today by Joe Bailey and Luther Nickels, attorneys for the bridge company.

Sidney Benbow, assistant attorney general, opened the hearing by asking that the injunction be dissolved, after he had spoken before the court outlining his case. He said Bailey and the bridge company had asked for the injunction, claiming they did not have adequate relief at law. He said the legislature, realizing this, passed a bill which he contended was a complete, adequate, and speedy remedy. It gave the bridge company the right to sue the state and the highway commission and provided that damages to be paid, and permitted an appeal.

Murray Action Cited  
"I feel that the legislature has provided a complete, speedy, and quick remedy at law," Benbow declared, "and that grounds for the injunction cease to exist. I ask that it be dissolved."

Bailey said that due to lack of the possibility of suing the state, the bridge company had asked for the injunction and that in response, the toll bridge had been closed by Gov. W. H. (Alfalfa Bill) Murray of Oklahoma.

Bailey declared Governor Murray "exercised his royal authority because surely it was not his legislative authority." He said he went before Federal Judge Lewis at Denver, who designated Federal Judge Colin Webb of New Mexico to hear the case at Muskogee. Judge Webb ordered the opening of the bridge and the tearing down of barriers leading to the toll bridge, as well as resurfacing of the highway approach which had been torn up upon the order of Governor Murray.

Bailey also stated to Judge Kennerly that the receiver, Handy, directed repairs to the bridge approach, not waiting until the Oklahoma highway authorities reached the scene.

He said the toll bridge was now open and would remain open. The attorney contended that military authority under martial law was subordinate to civil authority, therefore giving the civil court jurisdiction.

## Aviators Borrow Pajamas and Get Restful Sleep

ISTANBUL, Turkey, July 30. (AP)—Fortified by a night's sleep in borrowed pajamas and a breakfast with American coffee, Russell Boardman and John Poland stepped out today into a city which had become theirs overnight.

They got the pajamas, as Lindbergh once did, from the American ambassador. The coffee was brewed especially for them because they could not go the strong blend preferred in Turkey. They also had brand new suits of clothes.

This latter taxed the resources of the embassy staff, for the fliers came here without luggage and finding a pair of shoes for American feet is not the easiest thing to do in Istanbul. In all the city there were only two pairs to fit the new heroes. The embassy staff found them.

There were hundreds of telegrams awaiting the fliers when they woke up this morning, but the most important was from Mustafa Kemal Pasha, president of the Turkish republic. He wants to meet the men who flew from New York in 49 hours and 20 minutes and probably they will go tomorrow to Yalova, the summer capital which the president evicted out of the small village of Zmit.

Some time today they wanted to fly out to the airport for another look at the monoplane Cape Cod, which carried them to a new world's distance record for nonstop flying. The record is not yet official, but on the basis of available figures it appears to have bettered the mark set by Coste and Bellonte.

## Grasshopper Plague Causes Big Damage In West

Here are scenes from the "grasshopper belt" in Nebraska and North Dakota, where federal and state entomologists declare that the worst grasshopper plague they have ever seen is in progress. Fields of corn over areas covering counties are as bare as newly plowed ground. It is asserted. Bushes, flowers, gardens, trees—everything seems to taste good to the grasshoppers, which feed morning and evening and eat five times their weight each day. Top picture was taken on the farm of J. H. Seiler near Battle, Neb., and shows farmers with a grasshopper trap on an alfalfa field; the hoppers jump or fly to the trap and are killed. The bottom picture shows a closeup of hoppers on August Dummer's fruit trees near Gregory, S. D., where they ate bark and all and lay in heavy swarms on his house, fences, and outbuildings.

## Lawn Fete to Be Tonight

Public Is Invited to Attend Enjoyable Event at Purviance Home.

Citizens of Pampa today were being urged to attend a lawn fete arranged for their benefit at the home of Dr. and Mrs. W. Purviance, 802 West Francis avenue, by the Music Week committee. The large lawn will be lighted and provided with chairs. The program will begin at 8:30 o'clock.

Those who wish may come and go throughout the entertainment. There will be no admission charge, but, with the assistance of Boy Scouts and Camp Fire girls, refreshments will be sold to those who wish them.

The women's chorus, organized this summer under the direction of Mrs. C. S. Wortman, will make its debut at this program, singing "One Fleeting Hour" and "Indian Lullaby." The singing will be directed by Mrs. May Foreman Carr in the absence of Mrs. Wortman.

The Collegians, a group of ten young musicians formed during vacation time, will give the following numbers: By a Lazy Country Lane, Loveless Love, Whittin' in the Ark, and other selections.

An instrumental trio (Joe Kahl, Albert Doucette, and Charles Thomas) will play The Waltz You Saved For Me.

Miss Catherine Vincent will give a group of solo dances, and several younger dancers, including Joyce Turner and Margaret May Carr will perform. Miss Carr will do Rag Doll Dance and a Japanese number.

John Sturgeon, popular baritone and pianist, will entertain with a group of popular ballads. A quartet composed of Mr. Sturgeon, DeLea Vicars, Mrs. W. A. Bratton, and Miss Lorena Maston will sing. Their selections will include A Southern Melody, Morning, and Mah Lindy Lou.

Pupils of Mrs. Helen Turner will present the following readings: Gloria Conley, "The Troublesome Caller"; Kiki Lazarus, "Mother's Precious Little Girl"; and "Pie"; Leroy Malone, "When the Minister Comes"; Little Miss Joyce Turner will give personality sketches, including "Gee, I Hate to Go Home" and "Do You Love Me Just a Little?"

## GLOBE FLIERS ARE TO MOVE FOR 24 HOURS

Hope to Eliminate Handicap of 17 Hours Held by Old Record; Leave Moscow After Short Rest.

SLEEP IN PLANE  
Have Advantage in That Each Takes Turns at Ship's Controls; Stops to Be Unusually Brief.

MOSCOW, July 31. (AP)—Hugh Herndon Jr. and Clyde Pangborn, flying around the world in an effort to lower the mark set by Wiley Post and Harold Gatty, hopped off late today toward Irkutsk.

They got away at 5:20 p. m. (8:20 a. m. C.S.T.).

They were approximately 17 hours behind the trail blazed by Wiley Post and Harold Gatty, but they still believe they can make up the time they lost and lower the round-the-world record.

The flight from Berlin required a little more than ten hours and the first thing they did upon arriving here was to arrange for refueling so that they might resume their long, hard journey within three hours.

Pangborn said they had abandoned their original plan to make the Pacific crossing in one long hop from Tokyo to Seattle, and instead will follow the Post-Gatty route across Siberia and the Bering Sea to Nome.

Still Believe They Have an excellent chance to beat the mark set by their predecessors because they intend to make fewer and shorter stops.

They had excellent flying weather from Berlin although there were some headwinds, and when they landed both said they were feeling fine although they were looking a bit worn.

After the customs formalities at the airport they went to luncheon at a hotel, expecting to return to the flying field immediately.

Post and Gatty stayed here more than 12 hours and by reducing the length of their stop Herndon and Pangborn hope to make up considerable time.

One advantage on their side is that they can relieve each other at the stick while the ship is in the air.

Post and Gatty controlled the controls throughout the earlier flight, Gatty serving as navigator.

Install Big Wheels  
Profiting by the experience of their predecessors, Herndon and Pangborn have fitted their plane with oversize wheels to prevent getting stuck in the mud as Post and Gatty did at Blagoveshensk.

After leaving they hope to fly at least 24 hours before landing again. That should take them almost to Irkutsk in the middle of Siberia.

Colquitt Davis Must Serve Life; Death Was Near  
OKLAHOMA CITY, July 31. (AP)—Colquitt Davis, convicted of the murder of Con Kiersey, Carter county deputy sheriff near Wirt, Okla., in 1926, was removed from the death row at the state penitentiary today when the state criminal court of appeals affirmed his conviction but modified his sentence to life imprisonment.

The court held that Davis was tried by a jury which left the sentencing to the district court judge. In such cases, only a jury, the court said, may assess capital punishment.

## Hunt Killer of Co-Ed Murder

Arizona authorities and U. S. Indian Bureau officials are confronted with one of the most baffling crimes in the state's history in attempting to solve the murder of Miss Henrietta Schmeier, 23, Columbia University co-ed and student of Indian lore, who was murdered near an Apache Indian reservation. The ravine in which her body was found, Miss Schmeier and the cabin near the Indian agency in which she lived are shown above.

## LEGISLATURE HAS LITTLE TIME TO ACT

House Hearing Charges Against Judge J. B. Price While Senate Argues Plan to Rap R. R. Body.

LITTLE HARMONY  
Solons Think Neff and Other Members Should Iron Out Difference or Quit; Resolution Tabled.

AUSTIN, July 31. (AP)—The Texas legislature's program to save the oil industry stood still today while the house heard charges of impeachment against District Judge J. B. Price of Bastrop and the senate argued over and defeated a resolution calling on the state railroad commissioners to compose their personal differences or resign.

At noon, the senate as a whole adjourned until Monday but instructed its state affairs committee to begin this afternoon a study of oil conservation bills.

The house planned to reassemble this afternoon to hear the reading of articles against Judge Price, who was accused of misconduct in connection with approval of fee accounts, completed. In the lower body, sub-committees will work over the oil bills.

Time Grows Short  
Fear was expressed in both branches that the rapidly wanting special session, which has only nine working days remaining, might not be sufficient for any oil legislation, the task Governor Ross Sterling called the session to consider.

The senate resolution to offer an ultimatum to the commission followed expressions from the members as to a lack of harmony in the body, which has the task of undertaking to enforce the present oil and gas laws.

AUSTIN, July 31. (AP)—Articles of impeachment against J. B. Price of Bastrop, judge of the 23rd district court, were read in the house shortly before noon today.

The impeachment presentation contained 13 charges of gross neglect of duty and misconduct in office.

They were presented to the house by Representatives Harry N. Graves of Georgetown, J. Turney Terrell of Del Rio and Phil Sanders of Nacogdoches.

The impeachment articles were read after a special senate committee had reported a fuller and more complete report will be made by this committee showing numerous violations of the law.

"No Comment"  
Judge Price, visiting in Austin, said he had no comment to make "at this time." He stated he probably would have something to say later in the day. He said he had

## Former Sheriff Declares He Is No "City Farmer"

"See that blister-sore on my thumb? I got that last week hoeing Johnson grass." Ernest S. Graves, who until last January was sheriff of Gray county for 10 years, said this morning. He arrived in Pampa yesterday for a short visit, and is leaving for Cleburne this afternoon.

The former sheriff then explained that he is now a full-fledged farmer—not a "city farmer." He recently bought a farm in Johnson county between Cleburne and Goddard. Furthermore, he and his family are living on the farm and operating it.

How he got the blister: "If you want anything done, you've just got to get with the hands in the field, so I got me a goose-neck and hood with them." Mr. Graves believes he has the ideal farm. "It has everything on it, or soon will have. I want on a farm. A river with plenty of fish runs through it. It has pasture for sheep, cattle (No, not Jersey Whites!) and hogs."

Mr. Graves reports that his cotton and corn look fine. "If something doesn't happen to it, I believe it will make a bale to the acre, and let me tell you, Slim, eight-cent cotton is better than 22-cent wheat; so is 65-cent corn!"

The sheriff, who for 10 years rounded up hi-jackers, bank bandits, and criminals of all sorts in misadventure, declared the farm affords confinement such as he has never known. "It had said me," he said. "I like the life on a farm. My greatest ambition has been to own and manage an ideal farm. . . . I wouldn't trade places with Hoover—I'll say I wouldn't!"

## SHAKEDOWN AT JAIL SHOWS PLOT TO ENGINEER ESCAPE

Blackjack Made of Tinfoil From Cigaret Wrappers Found by Officers Today.

A "shakedown" of the county jail this morning by officers of the sheriff's department netted two blackjacks and a long-bladed knife.

They were discovered by Chief Deputy Harris King in the cell of two men who are awaiting transportation to the penitentiary to serve prison sentences. Sheriff Lou L. Blanset said it was evident that the men were watchfully waiting for an opportunity to use their weapons upon trustees or officers, and then make a dash for freedom.

White-faced and trembling, the youth came into the sheriff's office about 9 o'clock this morning and told details of a hold-up and robbery. Everything was done in the most approved movie fashion. The man said that while returning from the Stuckey Construction camp on the Berger road where he had gone looking for work, two men in a brown sedan drove up beside his car, jumped out and robbed him of \$15 at the point of a gun—except both men had guns.

He related that both wore masks and were without hats. After taking his money, they tied his wrists with a length of telephone wire and shoved him down under the wheel of his car.

The sheriff took the youth to the scene of the alleged hold-up to hunt the wire. It was not found. On the way out there, the man declared that he would "back down" if the sheriff would not put him in jail, but still insisted that he had been robbed. He was brought back to the courthouse, and finally admitted that he had "made up" his tale as the sheriff was taking him up to the jail on the elevator.

He explained that he came to Pampa yesterday looking for work, that he was almost penniless. He said he thought the officers would make up some money for him after they failed to find the "robbers." He was released and advised to go back to Oklahoma.

Sheriff Blanset said that if the truth were known several of the hold-ups reported here in the last six months were about as real as the Oklahoma man's.

AND A SMILE

GRAF ZEPPELIN IS BACK HOME FROM CRUISE TO ARCTIC ZONE  
FRIEDRICHSHAFEN, July 31. (AP)—The dirigible Graf Zeppelin completed her latest bit of globe-trotting today when she settled down in her hangar after a seven-day cruise to the Arctic.

The ship reached her home port sooner than had been expected and for an hour the big ship cruised over Friedrichshafen and Lake Constance before Dr. Hugo Eckner brought her to the ground at 5 a. m. (10 p. m. Thursday, Central Standard Time).

As Dr. Eckner and the passenger scientist, headed by Prof. Rudolph Samolivich, left the Gondola, a band played "Deutschland Ueber Alles."

Friedrichshafen was excited and proud of this latest exploit of the big ship, but there will be no formal celebration. The city fathers announced that times were too hard for money to be spent that way.

The Arctic cruise was described by Dr. Eckner as highly successful and as a relatively easy trip.

"Often we enjoyed skies of Italian blue," he said, "and we never were bothered by the discomforts of the Arctic."

Professor Samolivich complained because the weather was too warm. "We all perspired copiously in our Arctic outfits," he said.

Dr. Eckner already is planning another cruise to the north. He expressed the hope that the journey could be made soon, when funds are available, and that in time the Graf Zeppelin would become a favorite method of transportation for persons who feel the call of the north.

DON'T FORGET WHAT ELECTED ROSS: It is a long way from this Panhandle of Texas to the centers of population. It is a far cry from the politics of Texas to the land of presidential timber.

But the admiring W. O. NEVINS-TRIBUNE would advance our own Ross Sterling for president. Assuming that this astounding idea is born of the best brains of that paper, and not the office boy subbing during vacation time, we will quote the reasons given:

"1. It would be a tribute to the Texas governor and leader of Texas democracy.

"2. It would be a mild honor in itself, with no exception, unless 'the lightning struck' that it should in itself be more than a personal tribute. Backing of neighbor states might be won.

"3. It would be a rallying cry for the middle-ground Democrats now in control of the party machinery in Texas. It would mean harmony."

The deuce it would! Too many people forget that Sterling was the choice of two evils, with Jim Ferguson as the party of the second part. Clint Small was the candidate of this section. Most of the vote for Sterling on his own merits would be as leader of finance in his home environs, but certainly not of politics in this state, and leader of Texas democracy.

## CLASSES WILL RE-ORGANIZE NEXT SUNDAY

The Rev. C. E. Lancaster's class of the First Baptist church and the Downtown Bible class are consolidating, with Rev. Lancaster as teacher.

The class will meet each Sunday morning at 9:30 o'clock at La Nora theater. Reorganization will take place next Sunday and a special program also has been arranged.

Members of both of the old classes, as well as all men not in Sunday school, are invited to attend.

## Shotgun Rule Is Launched in New York by Police

NEW YORK, July 31. (AP)—In relentless war against the gangster baby-shooters of Little Italy, Police Commissioner Mulrooney announced today that the sidewalk rule of New York would go under shotgun rule at 6 o'clock tonight.

From 6 o'clock every evening to 6 o'clock in the morning until further notice, Mulrooney said, detectives would patrol the whole city in automobiles armed with high range shotguns.

"We will meet force with force and guns with guns," he said in revealing the new order.

Previously the motorized detectives have patrolled the city only from midnight until 6 o'clock and have carried only their service pistols.

At a police meeting last night Commissioner Mulrooney called on his force of more than 13,000 men to bring the gangsters who killed one child and wounded four others on the crowded sidewalks of East 107th street to account and ordered them to shoot culprits on sight and shoot them above the waist.

## Three Men Killed in Clayton Blast

CLAYTON, N. M., July 31. (AP)—Glenn Blake, Ein Clayton, and Claude Brister, 26, Plainview, Tex. were hurled to death here early today by a dynamite charge in a municipal sewer ditch.

The men had set 13 charges of explosive and were returning to re-light one fuse when the blast occurred. Their mangled bodies were hurled from the seven-foot trench.

Ben Chapin of Clayton, in the ditch with the men, escaped injury.

Billy Burke, National open golf champion, played five consecutive rounds in 70 in his first five exhibition matches after he won the title.

## Move Location of City Water Well

The Lane-Texas company will "spud in" today on their second attempt to drill a city water well. The first well drilled was lost during development. The derrick has been skidded 50 feet south of the first location.

The well will be drilled to a total depth of 420 feet, 100 feet in water sand. The hole will be 30 inches and when completed the well will produce 1,200 gallons a minute. The company has been given until Sept. 12 to complete the well.

Officials of the company declare that Pampa has one of the hardest formations from which to develop a well that they have encountered. The well lost here was the first in more than 50 drilled by the company. Several other companies that have drilled wells here lost them on account of the formation.

## FIRST EAGLE SCOUTS TO BE HONORED HERE

Berton Doucette and Wilks Chapman will be the first Pampa scouts to attain the rank of Eagle Scouts when they receive their award before a court of honor at the First Presbyterian church tonight. They were passed by the board of review Monday night.

The two Pampa scouts are the fifth and sixth Eagle scouts in the Adobe Walls council, composed of 13 Texas and Oklahoma counties.

The court tonight will also honor eight new star scouts, three first class scouts, and four second class scouts. Sixteen boys will be awarded a total of 46 merit badges. This will be the largest number to appear before any of the courts and indicates a wonderful progress on the part of Pampa scout troops.

The program will start at 8 o'clock with Norvel Stevens, local scout, as master of ceremonies. Scouts who will come before the

court of honor tonight and their class: Eagle scouts — Berton Doucette and Wilks Chapman, troop 80. Star scouts—Melvin Qualls, Otto Rice, Jr., Tom Sweatman, Edward Scott, Roy Webb, Jr., troop 80; Norvel Stevens, troop 4; Smith Wise, Harlan Martin, troop 15.

MORE THAN HUNDRED PRESENT AT FAREWELL FUNCTION

Business and Pleasure Trips Are Made by LeFors Residents Recently

SHERMAN WHITE LAWN IS SCENE OF GALA EVENT

Miss Kate Zachary, who has directed the members of the First Methodist church in scores of games and other entertainment features since she came to Pampa in February, was once more director of games when the Friendship class entertained more than 100 persons on the lawn of Mr. and Mrs. Sherman White last evening.

The function was in honor of Miss Zachary, Mrs. Russel Smith, and Mrs. O. W. Ferguson, all of whom are leaving Pampa soon, as well as Mrs. Carson Loftus, retiring president of the Friendship class. Special guests for the occasion were the families of class members, members and families of the Brotherhood class, and members and families of the class taught by Mrs. Phillip Wolfe.

Miss Zachary plans to leave Monday for Fort Worth, where she will be secretary and pastor's assistant at the Polytechnic church. She has been secretary and educational director in the Methodist church here since February.

Mrs. O. W. Ferguson and her family are to leave the early part of autumn to make their home in Sayre, Okla.

Mrs. Smith and family are to leave in two or three weeks for Nevada.

The entertainment last evening was under the general direction of Mrs. Jerry Boston, teacher of the Friendship class. Mrs. Boston presented, on behalf of the class, a lovely remembrance gift to each guest of honor.

Additional entertainment was furnished by Mrs. Ray N. Johnson, who read "The Hazing of the Valiant," following this selection with an encore.

iced watermelon was served on the lawn.

Actresses Hurt by Prince's Automobile

LONDON, July 31. (AP)—The Misses Daphne and Beryl Riggs, actresses, were undergoing hospital treatment today for injuries received when an automobile in which they were riding collided with the car of the Prince of Wales, who escaped unhurt.

A third woman who was with them was badly hurt. One of the victims lost several teeth.

The prince's car, driven by a chauffeur, was turning out of a driveway of the Sunningdale Golf club yesterday afternoon when the collision occurred. The chauffeur immediately stopped and the prince got out and hurried to give assistance. He summoned another automobile in which the women were taken to a hospital. A few hours later he inquired about them at the hospital.

MILLER IS APPOINTED

AUSTIN, July 31. (AP)—Dale Miller of the editorial staff of the Corpus Christi-Caller has been named one of the Texas representatives to the world press conferences at Mexico City, Aug. 10 to 15. The appointment was made by Gov. R. S. Sterling, Texas will be represented at the conference by a delegation of nine.

SAN BENITO, July 31. (AP)—Abandonment of the Valley Baseball league and the remainder of its 1931 schedule was announced by E. J. Waltham, vice-president of the league, last night.

FEMININE FANCIES

Women just will be men! For instance...

CHICAGO, (AP)—A stick-up with an all-feminine cast is the newest crime note. Three women entered the St. Clair dress shop, put a gun on Miss Dorothy Mack, saleswoman, and escaped with a mink coat, of course.

But that is only on side of it. The more constructive activities commonly thought of as "men's jobs" are being entered into by women much more enthusiastically than are deeds of crime.

We read today that Mrs. Geraldine Grey Lofredo is completing plans for a flight from Buffalo to Rome early in August. She has had wide experience in flying and is confident of success.

And we note with interest the activities of Miss Avis Lobdell of Portland, Ore. A varied career of public contacts—an actress, newspaper woman, and theatrical publicity agent—gave her the background which has fitted her for her present task of being a director of women's personnel and public relations for the Union Pacific railroad.

Then there is Mrs. Elizabeth Barland, postmaster of Tampa, Fla., who also handles a large banking business for the postal service. She is a friend of Mrs. Lady J. Sawyer of Jacksonville, Fla., pioneer aviator and the only woman district superintendent in Florida.

Male skeptics may claim that law is too difficult for women, but the activities of Judge Camilla Kelley of the juvenile and domestic relations court of Memphis would tend to refute their theory.

Judge Kelley admits, however, that "with all the strength women have shown in the business and professional world, they haven't quite taken hold of the world of government. Women have gone forward in preventive medicine, in science, and in art, but they are lagging back on the science of human behavior."

There were 16 women attorneys at the recent national convention of Business and Professional Women's clubs.

Scores Become 111 Eating at Park

READING, Pa., July 31. (AP)—Stricken while attending a picnic at Caronia park here late yesterday, nearly two score persons were suffering from ptomaine poisoning today, 11 of them in hospitals.

Several hundred persons ate at the park restaurant. A short time later many became violently ill. Victims were taken from the merry-ground and other amusements, others collapsed in remote parts of the park. Screams of the suffering and cries of those who frantically tried to minister to them threw the huge crowd into wild confusion.

Victims rushed to hospitals, others received treatment at a hastily installed first aid station.

Cannon Strikes at Smith and Raskob

WASHINGTON, July 31. (AP)—The assertion that Alfred E. Smith and John J. Raskob "are determined to write their anti-prohibition views in the democratic platform" in 1932 was made today by Bishop James Cannon J.

Woman Pilot Plans Flight to Rome

BUFFALO, N. Y., July 31. (AP)—The trans-Atlantic air lanes beckon, and a little, gray-haired woman prepares to answer the call.

In the garden of her Buffalo home, patterned after an Italian villa, Mrs. Geraldine Grey Lofredo is completing life plans for a nonstop flight from Buffalo to Rome, Italy, early in August.

She is completely confident of success. She has purchased a plane which has proved its worth — the Bellanca monoplane Liberty, in which Otto Illing and Holger Holtriss flew to Germany in June. She has had the technical advice of Giuseppe Bellanca in every detail of her preparations.

She hopes her flight will help to further amicable relations between Italy and the United States. American-born and educated at Cornell university, she has spent much time in Italy and is married to an Italian-American.

Quiet and retiring almost to the point of being shy, Mrs. Lofredo impresses casual acquaintances as anything but the adventurous type. Yet the perilous paths of the air are almost as familiar to her as her own garden.

Back in 1913, when airplanes still were scoffed at as impractical, she was touring the United States, Canada and Italy, doing parachute jumps from balloons.

She represented America in a jumping contest in Italy and was the first woman to make a 3,500-foot parachute jump.

The world war came, and Mrs. Lofredo served with a United States ambulance corps as a chief mechanic. Afterwards she continued her parachute jumping from airplanes.

Finally she took up flying, graduating from the Rochester flying school, and last year piloted a tri-motored plane on excursions over Niagara Falls.

Mrs. Lofredo will not make the flight alone but, in line with her avowed purpose of advancing Italian-American friendship, has obtained the services of Captain Renato Donati of Italy as co-pilot and navigator.

Donati was one of Italy's aces during the war and has an enviable flying record. The two are old friends, Donati having piloted Mrs. Lofredo's plane for several of her parachute jumps in Italy.

Mrs. Lofredo experienced some difficulty in obtaining her husband's acquiescence in her adventure. He felt at first, he said, that for her these dangerous adventures should be a thing of the past — that her place was in her quiet home, strolling in the garden with her pet dogs, enjoying the comforts of life.

But her keen interest and intense enthusiasm eventually won him over. He sums up her chances thus:

"She will succeed, she has worked hard and is fully prepared for the undertaking; she has a tenacious character and what she really wants, she goes after until she gets it."

Preparations Are Made for Revival

Forty-six persons attended prayer meeting at the Methodist church Wednesday evening and heard an inspiring address on "Prayer" by the Rev. Ray N. Johnson.

All services at the church are in preparation for the evangelistic service which is to begin August 23.

During the last four weeks, attendance at prayer meeting has increased from eight to 12 each week.

Mr. and Mrs. Frank Ferguson of the Finley-Brown pool are visiting their parents, Mr. and Mrs. J. M. Palmer, of Perryton.

Mrs. Dora Clemons and daughter, Miss Bessie Clemons, from Ruston, La., have been visiting Mrs. Clemons' nephew, W. J. Clemons. Mrs. Clemons, driving through from Louisiana, stopped at Alameda for a visit with her brother, R. H. Clemons, and Mrs. Clemons. They were guests of Mr. and Mrs. A. M. McCollum Tuesday evening.

B. J. Diehl, owner of the Cut-rate grocery, was making a new water well this week. Gas broke into the old one and spoiled it.

Girls' Auxiliary Will Make Quilt for Orphan Children

The girls' auxiliary of the First Baptist church will meet next Thursday afternoon at 3 o'clock in the home of the leader, Mrs. W. D. Benton and make a quilt for Buckner Orphan's home.

Plans were made for the quilting when the group met Thursday afternoon of this week in the home of Johnnie Davis.

A program committee, composed of Catherine Rose, Virginia Mason, and Erdine Enton, was selected.

Following a talk by Miss Ruth Binford on G. A. work which she is in college, the hostess served refreshments.

Those present were Rowena Wasson, Virginia Mason, Nadine Brock, Catherine Rose, Florence Potts, Athene Brewer, Erdine Enton, Johnnie Davis, Mrs. W. D. Benton, leader, and one guest, Miss Ruth Binford.

W. G. Polk, who lived with Cayson, told the Fort Worth STAR TELEGRAM that a woman who had not been invited came to the house where a poker game was in progress. He said she had telephoned Cayson that afternoon and he told her not to come to the party, that she "would not have a good time."

Polk said she appeared anyway and after a short time, began quarreling with Cayson. Polk said she called Cayson into an adjoining room, the others at the party heard a scuffle and Cayson emerged with a slight knife wound in his right arm. He said the woman held a knife in her hand.

A physician was called to dress Cayson's wound but it became infected Wednesday night when she was removed to a hospital, dying there yesterday.

Cayson's parents, who live in Blountstown, Fla., were notified. He had been in Fort Worth only a month, coming here from Chicago, where he was employed by an oil company. He was not working here.

Band Concert Is To Be Presented By Legion Group

The American Legion band will appear in concert this evening at 8:30 o'clock on the band stand near the American Legion hall, according to Pete Bradford, director. The public is invited to attend.

Woman Guest at Poker Party Now Object of Hunt

FORT WORTH, July 31. (AP)—A woman described by witnesses as an "uninvited guest" at a men's poker party was being sought here and in Dallas today after being charged with murder for the death of Thomas L. Cayson, 28, formerly of Chicago. Authorities, however, say she may surrender here during the day.

Cayson died in a hospital yesterday from an infected wound received Tuesday night when stabbed at his home. The woman charged with his death was named in the complaint as "Thelma Treadway," but Assistant District Attorney Wade was seeking today to verify that name.

W. G. Polk, who lived with Cayson, told the Fort Worth STAR TELEGRAM that a woman who had not been invited came to the house where a poker game was in progress. He said she had telephoned Cayson that afternoon and he told her not to come to the party, that she "would not have a good time."

Polk said she appeared anyway and after a short time, began quarreling with Cayson. Polk said she called Cayson into an adjoining room, the others at the party heard a scuffle and Cayson emerged with a slight knife wound in his right arm. He said the woman held a knife in her hand.

HOPPER CHARGED AGAIN

HAZING, Neb., July 31. (AP)—Another crime was charged up in the grasshopper today. Not content with their feasts on corn and wheat they have taken to eating clothing. L. R. Jacobson, a salesman reported. He said that he left his coat in his automobile for a short time while he called on a client. When he returned a swarm of grasshoppers was munching on the coat and had devoured a considerable section of the back.

R. M. Gibson and son, Milburn, were in LeFors Wednesday.

### Bishop Cannon in Court to Sustain Stand on Probe

WASHINGTON, July 31. (AP) — The courts have been asked by Bishop James Cannon Jr. to sustain his contention that the senate campaign funds committee is unauthorized to investigate his 1928 political activities in Virginia.

The Southern Methodist churchman requested a District of Columbia judge to issue an order restraining the committee, headed by Senator Nye, republican, North Dakota, from further inquiries into charges against him alleging violation of the federal corrupt practices act.

The action was taken as Bishop Cannon departed for Europe and after he had addressed a letter to Senator Nye asking for the deferment of hearings scheduled in August. The statute of limitations of three years begins in September. Senator Dale of Vermont, the only member of the committee, said the group intended to proceed with the investigation in August.

The inquiry was initiated by Representative Tinkham, republican, Massachusetts, and centers around the disposition of \$48,300 by Bishop Cannon in the campaign against Alfred E. Smith in Virginia. Cannon received a total of \$48,300 from E. C. Jameson, wealthy New Yorker, and accounted for the expenditure of \$17,000 in a report to the house clerk as required by the corrupt practices act.

In his petition, the churchman reiterated assertions that the Nye committee was seeking to assume the duties of a grand jury in its investigation. He maintained only a grand jury could inquire into the alleged commission of a crime. Action was deferred by Justice James Proctor pending notification of the five senators composing the committee.

### Reward for Killers In Gotham Grows

NEW YORK, July 31. (AP) — The hunt for the automobile gunmen who sprayed Harlem's "Little Italy" with bullets Tuesday night, killing one child and wounding four others, was intensified today as a new clue and offers of rewards totaling \$25,000 spurred every policeman on.

The new clue, which Commissioner Mulrooney called his most important, was the finding of a man who said he was the intended victim of the gunmen. He is Anthony Buzzone, a bookmaker, known in police circles as "Big Ted."

With Buzzone admitting to police that it was he the gunmen aimed at, detectives today almost definitely placed the cause of the shooting on a policy gaming feud and not a beer fight, as previously reported. Under constant questioning for four hours, Buzzone told police about his friends and enemies and furnished detectives with a long list of names of men who might like to see him out of the way.

The two previous newspaper rewards of \$10,000 was augmented today by \$15,000, by the Patrolmen's Benevolent association, a police social group.

Mayor Walker and Police Commissioner Mulrooney, who addressed 1,200 policemen yesterday at a downtown theatre about the shooting, warned the policemen to get the gunmen, and "shoot above the waist." The \$10,000 reward offer was voted at that meeting.

### Amarillo Finishes Biggest Subway

AMARILLO, July 31.—The largest underpass in Texas and the southwest was dedicated here last night in the presence of 10,000 people. It extends under the Rock Island and the Burlington railroad systems, unites two main parts of the city and carries traffic of five federal and eight state highways.

The dedication was by Mayor Ernest O. Thompson. Wilbur Hawk, president of the Tri-State Fair association, responded on behalf of the people. The Rock Island railroad was represented by Hal S. Ray of Chicago, and the Burlington by Gen. John A. Hulen, L. M. Hogsett, and F. D. Daggett of Fort Worth.

The starting of work was hastened in February for unemployment relief. It has given 9,600 days' work to unskilled labor, and 3,000 to skilled labor, making a payroll of \$75,000. Minimum wages were 50 cents an hour, with prevailing union wages to craftsmen.

Construction of steel and concrete, which consumed 300 carloads. The underpass is 770 feet long. The building permit was for a quarter of a million dollars. The structure is architecturally ornamented and lighted. It is crossed by four vehicle bridges in addition to the two trunkline railroads.

### CAPONE GETS RIGHT TO JURY TRIAL OF CASE

CHICAGO, July 31. (AP)—"Scarface Al" Capone was given the right to a jury trial of his case today at an unexpected morning session of court called by Judge James H. Wilkerson.

The court reserved decision, however, on the gang lord's motion to change his plea on the indictment for conspiring against the prohibition law, and calling the federal grand jury before him, directed it to review the 5,000 offenses cited with a view to indicting Capone on charges bearing a heavier penalty.

The gangster has another five weeks of grace before he is arraigned again Sept. 8. At that time Judge Wilkerson will set the income tax cases for trial probably the last week of September, and will rule on the pleas in the liquor indictments.

Intimation that Capone may ask a change of venue from Judge Wilkerson was given by the gangster's counsel.

"My client feels that you are prejudiced against him," Attorney Ahern told the judge. "I do not think so."

"If he feels that way," Judge Wilkerson said, "he could transfer the case to another judge."

Attorneys said a change of venue was frequently granted in federal courts and that there were cases on record of reversed convictions because a judge had refused a change.

CHICAGO, July 31. (AP)—Judge James H. Wilkerson granted Alphonse Capone leave to withdraw his plea of guilty in a surprise court session this morning.

Attorney Ahern, who had been advised of the special session only 45 minutes before court opened, listened to the statement without a word. Then he said he regarded the court's comment on the prohibition conspiracy indictments as favorable to Capone, forcing the government to prove the 5,000 overt acts it alleged he committed in violation of the prohibition act.

Judge Wilkerson at first intended calling the trial Sept. 8 but on request of the district attorney agreed merely to hear motions on that date and set the trials for the last week of September.

The court gave his decision shortly after 10 a. m. having summoned attorneys at the last minute apparently desiring to avoid the turmoil of crowds that attended yesterday's session.

Capone Not Present  
Only Michael Ahern was present to represent the gang chief, and he took no part in the proceedings. Judge Wilkerson gave a brief statement of his decision, docketed the case for hearing Sept. 8 and adjourned court. Capone was not present.

U. S. District Attorney George E. Q. Johnson said he expected a trial to begin in the week of Sept. 8 for late in that month.

Upon adjourning court yesterday, Judge Wilkerson indicated he would give his decision at 2 p. m., today and the morning summons was a surprise.

In a brief statement in open court the judge said he believed the specific accusations made by the grand jury required a more serious charge than that contained in the liquor conspiracy indictment, and he summoned the grand jury before him and directed that the evidence be presented anew before it.

Relative to the agreement between government attorneys and defense counsel that the prosecution would make certain recommendations, asserted by the defense to mean a lenient penalty, Judge Wilkerson observed:

"As the cases are to be tried, the interest of justice require that there be no further comment on the proposed recommendations or arrangement that was attempted with reference to it."

It was the court's insistence yesterday that Capone testify the stand personally if he solicited leniency, and that all evidence in the cases be presented before him, that brought the request of the gangster's counsel to withdraw his guilty pleas and stand trial.

In reserving a ruling on the desire of Capone to stand trial on the prohibition count, Judge Wilkerson said:

"The matters covered by that indictment should be presented to another grand jury.

"In the enumeration of overt acts the defendant does not carry the burden of substantial offenses within the period of the statute of limitations for which a heavier penalty is provided than that possible under the conspiracy indictment.

"The court will not believe unless forced to do so that the language of this indictment was chosen without probable cause, merely for the purpose of creating the impression that this defendant has been a flagrant lawbreaker over a long period of time.

"This matter must be inquired into fully."

### Commissioners in Short Recess As Equalizing Body

County commissioners recessed yesterday as a board of equalization to meet again Aug. 6. The board had been in session since Monday with representatives of oil companies for the purpose of adjusting valuations for this year.

Representatives of more than half of the companies were heard by the board. Valuations of royalty owners will be adjusted sometime during the first half of August. Values decided upon thus far were about the same as last year, although final tabulations may show they are slightly lower. Complete figures will not be available for a month or six weeks.

Adjustments were made by county commissioners, Thos. Y. Pickett of Dallas, oil tax assessor for Gray county, and his assistants.

### BRIDGE

(Continued from Page 1)  
of any single bridge for the passing of any law concerning that bridge and prevented the limiting of criminal and district courts' action. He claimed that the bill passed by the legislature concerning the bridge did limit court action.

It was pointed out that section 57 specifically sets forth that no local or special bill was to be passed without 30 day published notice and that such action was not taken in passage of this bill.

In a discussion with Judge Kennerly it was agreed by Bailey that the right to sue a sovereign state was derived from the common law and that it would be necessary to go back to common law to find this procedure.

Bailey stated that a resolution was not adequate remedy at law and that in passage of the bill, the proof of the posting was not made. He cited two cases where the courts had held such acts as special acts.

He said further that the judge was prepared to send the United States marshal to enforce his order and to order the war department to send Fort Sill troops to the scene. He said the judge's authority did not interfere with the authority of Judge Kennerly's court.

### LEIGSLATURE

(Continued from Page 1)  
Just heard of the action in the house.

R. L. Balts of Austin, a friend, stated that Judge Price "does not contemplate resigning."

The veteran jurist has held office since 1924.

senate today voted to postpone indefinitely a resolution calling upon members of the Texas railroad commission to iron out their intra-commission "animosities" or resign.

Senator Pink L. Parrish of Lubbock led the fight to postpone and the vote was 15 to 9.

Senator T. J. Holbrook of Galveston, co-author with Senator Archie Parr of Benavides of the resolution, demanded that the situation in the commission be rectified, and shouted it was the duty of the legislature not

### LEIGSLATURE

to "sit stupinely by" but to see that it was rectified.

"Foolish," Says Parrish  
Senator Parrish said it would be "foolish" to call on the commission to resign and said if let alone they would compose their difference.

The resolution charged that "conditions have come about in the conduct of the business of the railroad commission which have rendered its usefulness to the people almost nil."

Personal animosity and petty jealousies between the members have contributed largely to this condition and if continued will eventually paralyze it (the commission) to such an extent its usefulness will be completely destroyed."

It was the "best interest" of the people, the resolution went on, that the commissioners "work together in peace and harmony."

"A much better condition would now prevail in the oil and gas industries (which the legislature now is investigating) than now prevails

### LEIGSLATURE

if the commissioners had exercised the powers and authority vested in them."

"It is the sense of the legislature, and it so states, that the three railroad commissioners should immediately divorce from their minds these animosities and enter into a wholehearted and cooperative effort to the end that the commission function properly."

"Unless the commissioners do this it would be to the best interest of the state that they resign."

# MOON of DELIGHT

by Margaret Bell Houston

**SYNOPSIS:** Neither Jason Divitt nor Molly, his wife, knows the past of Juanita Bassa, veiled cigarette girl in their gambling house. But he sends her to return a necklace he had stolen from a patron, Mrs. Belaise. Posing as Senorita Flores, she tells Mrs. Belaise she had found it in the street, refusing a reward. However, the woman's grandson, Kirk Stanard, persuades her to accept a ring that had been his mother's. Divitt, realizing this trick has brought Juanita acceptance by the best people, employs a former shady associate, Marquessa Cabrera, as her chaperone. Unknown to Juanita, the Marquessa's job is to locate those homes where jewel robberies would be profitable. In the resort's dim courtyard, Eric Ledbetter forces his kisses on the angry girl.

**Chapter 15**  
**AT THE COMUS BALL**  
Divitt came with the Marquessa Cabrera down the stair of the Hotel Tjjon and through the patio into the parlors. Divitt, glancing at Molly in her cage, looked for Juanita. Juanita was not there, nor Gabreau. Divitt, furious, went over to Molly. Molly knew nothing. Molly's eyes were on the marquessa. Divitt turned abruptly, bidding the marquessa follow him.  
He found Gabreau at the top of the stair outside Juanita's door.  
"I just came, Gabreau explained. "She," pointing to Juanita's door, "go out because Ledbetter yell at her. He foller her. I come out, and both gone."  
"Get back," said Divitt. "I'll take care of this."  
He himself, upon entering the patio, had seen a man come from the door and go out the gates. It had no doubt been Ledbetter. Divitt, knocked on Juanita's door.  
The door opened, and Juanita stood, trembling and furious, about to speak, halting at sight of the marquessa. Divitt had closed the door.

"I hear Ledbetter has annoyed you again," he said and, as Juanita remained silent, added, "Marquessa Cabrera, this is Juanita—or, as you will know her, Senorita Ysabel Flores. . . . You may speak freely before the marquessa, Juanita."  
The marquessa herself began to speak freely—a liquid paster of Spanish, at which Juanita, who had acknowledged the introduction by an upward movement of the chin, grew milder as she replied in the same soft music. The marquessa caught her hand. They sat down on the bed. Divitt, too, sat down. The change in Juanita was worth watching.  
"She is wonderful to find," the marquessa said, turning to Divitt. But Juanita had clouded again.  
"May I see you alone?" she said

"Carnations," thought Kirk, "or red and yellow flowers."  
But there were so many high-signs. The Krewe of Comus, appearing an army of Pierrots and Harlequins, beasts, pirates and devils, followed their queen with the court ladies, marched about the ballroom, then broke ranks in the dance. The house murmured excitedly as the queen, white and splendid, sat upon the throne.  
The lights grew dim, and a silver knight blew a blast on his trumpet. "The Marquessa de Cabrera!" he called.  
The marquessa rose and moved across the floor, bright heels flash-

ing. A masked black devil bowed low, received the marquessa in his arms. They moved out upon the floor.  
"Miss Bettina Byrnes!"  
A slip of a girl in blue met a grinning Cheshire cat.  
"Mrs. Dick Preston!"  
Sleepy eyes and a red wind-blown bob. A tall Pierrot bowed.  
"Senorita Ysabel Flores!"  
A whisper went through the house. "Who is she?" "Come with Kirk Stanard. Visiting here with the Marquessa de Cabrera—that

**Hurley's Trip to Philippines Cause of Much Comment**

WASHINGTON, July 31. (AP)—

The trip of Secretary Hurley of the war department to the Philippine islands, which starts tomorrow, has revived interest in the question of Philippine independence.

Though he has been extremely reticent regarding the purpose of his trip, it is known Secretary Hurley is making the trip to study the status of the islands for President Hoover.

The war department head has had many conferences during the past few months with Manuel Quezon, president of the Philippine senate, who has been in this country advocating independence for the islands. The outcome of these conferences were not divulged.

Years of agitation in the Philippines for independence recently culminated in monster demonstrations by Filipinos inspired by the visit of Senator Hawes, democrat, Missouri, one of the outstanding advocates of Philippine independence in congress.

Legislation to free the Philippines has been before congress virtually since the islands were acquired as a result of the Spanish-American war but it has made little headway.

The question was revived during debate on the Hawley-Smoot tariff act, chiefly by representatives of sugar producing states who would like to levy a tariff on Philippine sugar and other imports.

During the last session the senate insular affairs committee approved a bill looking toward Philippine independence, but it failed to receive senate consideration.

Governor General Davis recently told the Filipinos in two public utterances they were economically dependent upon this country. He said the effects of the world-wide economic depression would have been much more serious in the islands if they had not had free entry to the big American market.

Despite the economic side of the question, about which there is some difference of opinion, the Philippine political leaders have made independence their biggest issue.

En route Hurley will make a visit at Honolulu during the stay of his boat.

CHICAGO, July 31. (AP)—A traffic jam is expected around the barriers tomorrow at Arlington park when the meeting ends with two of its richest stake races, the \$50,000 added Post and Paddock stakes and the \$40,000 added Arlington handicap.

Racing Secretary Joe McLennan today estimated that 20 or more would go to the post for the Post and Paddock stake hit and Paddock stake while between 15 and 17 will parade in the Arlington handicap.

first one, dancing with Adrian Fouche."

Juanita was dancing with a black and orange Harlequin.

"I know your voice," said Juanita. "I know your dancing."

Kirk wondered why the confession should make him so happy. "You could not disguise yourself from me, either," he answered in a low voice.

"How is Mrs. Belaise?" Juanita asked.

"Bred with Biloxi. She never goes there till the carnival is over. She wants you and the marquisa to visit her in Biloxi. Will you do it?"

"I'd love to."

"It will help us to keep her there, and it's a part of the coast you wouldn't see otherwise," offering every reason for her going except the one closest his heart. What would prevent his visiting in Biloxi? "I'll take you to Ship Island while we're there and to the isle of Caprice, the Monte Carlo of these parts. The marquisa will let you."

"I know. I'll speak to her tonight."

The devil, dancing with the marquisa, passed close to them, his eyes meeting Juanita's under his mask. Kirk, observing him, said, "He's got the third dance with you, and he can't get it off his mind. And I've got the supper dance and the last. I can't get that off my mind either."

"Does it burden you?"

He nodded. "Like balloons that won't let me stay on my feet."

The encore was a waltz, the lights dropping low. Strangely enough, Kirk guided Juanita through the dancers almost in silence, returning with her to her seat just as the marquisa and Mephisto arrived there. Mephisto kissed the marquisa's hand, bowed to Juanita.

Juanita danced with the Che-shire cat this time. The marquisa danced with Kirk. "He is charming," she confided to Juanita. "We are going to their place in—Biloxi?"

"When?" Juanita asked.

"I cannot tell. I must see Mister Divitt first."

**Life of Honey Bee Depends on Season**

AMHERST, Mass., July 31. (AP)—Life of a honey bee depends on his birthday.

Born in summer time, a normal honey bee has a short life of 4 to 5 weeks ahead, but if winter born he may live six or eight months.

Prof. V. G. Milum of the University of Illinois, and secretary of the Illinois Beekeepers association, gave this information at the beekeeping short course at Amherst college here today in giving side-lights on the life of the bee.

The length of the span of life of the worker honey bee depends upon the season of the year and the amount of activity or work accomplished or performed by the individual," Professor Milum explained.

"While the adult life is extremely short during the summer period, nature seems to have some way of slowing up the life processes during the winter period when worker bees may live as much as six or eight months if properly cared for by the beekeeper," he said.

Mr. and Mrs. Victor Holt, of Oklahoma City are visiting Mr. and Mrs. A. B. Zahn.

# DEAN LAUGHINGLY DEALS DALLAS DROBBING IN 7-0

## HOUSTON UP FIVE GAMES AFTER TILT

### Buccaneers Storm From Center to Beat Spudders; San Antonio Beats Cats.

BY BILL PARKER  
Associated Press Sports Writer

The ball club hasn't been organized that can spot Jerome "Dizzy" Dean seven runs and then beat him. The Dallas Steers tried it in Dallas Thursday night before an estimated crowd of 12,000 fans, but all the Steers got was a 7 to 0 defeat. The league leading Buffaloes jumped five games in front of Dallas, holder of second place, with the triumph. It was the opening game of a three-game series. The Buffaloes plastered Steer stadium with 15 hits off the pitching of Lefty Minogue. Lou Garland, and Jerry Mallet.

Dean accomplished a lot. It made his twenty-first victory this year. He whiffed 10 to raise his strikeout record to 197, and he kept five Dallas hits scattered. In the seventh he walked the bases full and then struck out Al Todd and Jerry Mallet to retire the side. Between all this, he kidded the crowd and had a swell time.

**Minogue Is Failure**  
Minogue, starting pitcher for Dallas, was ineffective. He gave up four hits and three runs in the first inning. A rampage of four hits and four runs shelled Minogue from the mound in the third. Lou Garland finished the inning, and then Jerry Mallet went in for Dallas in the fourth and Jerry blanked the Buffaloes the remainder of the game with a fine bit of relief hurling.

Carey Selph and Homer Peet led Houston's offense with three hits each. Benes got two of Dallas' five hits.

There was only one thing Dean failed to do—he never stopped the consecutive game hitting streak of Sam Langford, who singled in the ninth to hit safely in his twenty-third game.

The wee small voice of the Galveston Buccaneers was heard from the cellar depths at Wichita Falls when they whipped the Spudders 10 to 3. Hank Thormahlen scattered nine Wichita hits to coast in after his mates had spotted him to a 4 to 1 lead at the conclusion of the fifth inning. However, it was a big six-run rally in the eighth that let the Spudders down. Steingraber, Florid, and Pressnell tolled long and hard for Wichita Falls, but the best they could do was hold Galveston to 15 hits. Buck Stanton increased his season's two base hit record to 38 by hitting a brace of doubles. In the eighth, Ratcliff, Pratt, and Thormahlen doubled in succession to start a six-run parade.

**Indians on Rampage**  
The San Antonio Indians invaded Fort Worth and immediately took a 5 to 1 lead at the conclusion of the eighth inning, 18 to 1.

Li Stoner started for the Cats and after allowing four runs in the first two innings, hurled runless baseball until Gribble batted for him in the seventh. A rookie, Jinx Harris, was sent to the mound for Fort Worth in the eighth and was shelled for eight runs, coupled with faulty support. Hobo Carson turned the Cats back with six hits for his fourteenth victory of the year.

The Beaumont Exporters opened their series at Shreveport Thursday with a 5 to 0 verdict. Wait for Beaumont struck out 12 and his mates stole seven bases. Where Beaumont got to Turo and Moore for eight hits, the Sports got four off Wyatt.

## Lions Clubs Are Growing Rapidly

With 333 new clubs added during the last year, Lions International is expanding in size and influence to a remarkable degree throughout the world. C. H. Walker told members of the Pampa club yesterday. He is president of the club and recently was a delegate to the international convention at Toronto. Lion Walker made an interesting report on various phases of the convention, including the "Texas night" program given by the Lone Star delegation of 140 Lions.

Ladies' night will be observed by the local club next Thursday evening. The meeting, with a special program, will begin at 7:30 o'clock at the First Baptist church basement-auditorium. Reservations for guests must be made by 10 o'clock Wednesday morning with the secretary, Carson Loftus.

Lions of the city will take a big part in the fall roll call of the Red Cross, cooperating with other civic clubs in the solicitations. New members of the club are Frank D. Thompson and Tom W. Henry. Visitors yesterday included Wayne Coffee, Ben Reno, R. S. (Bob) Brashears, and H. A. Neath, formerly of Nacoma but now with the Humble Oil and Refining company here as superintendent.

## Man Sentenced For Hurting Child

RAYMONDVILLE, July 31. (AP)—Convicted of brutally whipping his 6-year-old daughter, Lucile, C. C. McDonald was sentenced in county court here yesterday to serve 18 months in jail and pay a \$1,000 fine. Mrs. Thelma McDonald, the child's mother, was to be tried on a similar charge Monday.

Lucile appeared in court as her father's trial with her nose broken and her face painfully bruised. More than 200 women crowded into the court room to hear the case.

## Perry's Victory Is Commemorated

PUT-IN-BAY, O., July 31. (AP)—The famous victory of Commodore Oliver Hazard Perry's American fleet over the British on Lake Erie in the war of 1812, which paved the way for the more than a century of peace between the two countries, was commemorated here today with the dedication of the Perry Victory Memorial, a granite monument 352 feet high.

Although the monument memorialized an event of war, the keynote of the dedication was one of peace. Citizens and officials of both Canada and the United States joined in the ceremony.

The main part of the dedication was to be broadcast over a nationwide chain of the National Broadcasting company from 3:45 to 4:45 p. m. central standard time. It included a message from President Hoover, and the addresses of Gov. George White of Ohio and others.

Commodore Perry's victory was won near Sept. 10, 1813, in one of the most picturesque naval combats in American history. After a hard-fought battle, the British surrendered to the American fleet, whereupon Perry sent his famous laconic message to Gen. William Henry Harrison:

## Railroad Body to Meet Monday

A meeting of the railroad committee of the 22 who affixed their signatures to the right-of-way guarantee was set for 3 o'clock Monday afternoon by Mel Davis who returned yesterday from a vacation trip to Colorado.

All are urged to be present, as procedure to raise the remainder of the \$60,000 necessary to purchase right-of-way and terminal facilities will be determined. A little more than half of the needed amount has been raised, and the full amount must be raised before the committee begins acquisition of the right-of-way.

Mr. Davis said the committee has no time to lose. Bids for constructing the 108 miles from Childress to Pampa will be opened Aug. 11, he pointed out. More than 30 bids are expected. Contracts are due to be let on that date.

## Markets

### COTTON IS FIRM

NEW ORLEANS, July 31. (AP)—Cotton had a steady opening today despite the fact that Liverpool was slightly lower than due. First trades here showed gains of one point and the market improved further after the start, October trading at 8.66 and December at 8.90 or 2 to 4 points above yesterday's close.

Later the market eased off slightly on realizing and some selling owing to more favorable weather in the belt. October dropped to 8.61 and December to 8.85, down 5 points from the opening highs.

At the end of the first hour the market was steady and little changed. The market ruled rather quiet all morning. Owing to lack of sustained support, some weakness in stocks and the prospects for fair weather in the belt over the weekend, prices gradually eased off.

October traded down to 8.54 and December to 8.76, down 12 to 14 points from the early highs and 10 points on both months under yesterday's close.

## CIGARET PRICES TO BE PROBED

WASHINGTON, July 31. (AP)—An investigation into the recent simultaneous advance in the prices of popular cigaret brands is being made by the anti-trust division of the justice department to ascertain whether the price was fixed in violation of law.

Four of the largest tobacco firms are involved in the inquiry. They are the R. J. Reynolds Tobacco company, the American Tobacco company, the P. Lorillard company, and Liggett and Myers.

Announcement of the increase in the popular brands was made June 24. The price to jobbers was raised 45 cents a thousand, bringing the price to \$6.85 a thousand.

Although the department made no official announcement of the inquiry it was officially confirmed. It also was learned that no formal complaint had been filed against the companies.

## Local Wrestlers May Return Soon

Sailor Otis Clingman and Red Michaels, local wrestlers, did not go to California this week as scheduled but may leave the first of next week, according to a message received yesterday by Mrs. Clingman. The two Pampans have matches in Flagstaff tonight and in Gallup, N. M., Tuesday night.

Promoters along the Pacific coast have been anxious to get the Pampans to extend their tour to the coast but Clingman has been reluctant about going west until fall. In his letter to Mrs. Clingman he said that he might make a brief visit to the coast before returning to Pampa.

Clingman and Michaels have been on a tour through New Mexico and Arizona which has lasted two months. They have yet to lose a match and have been making quite a hit wherever they have wrestled, according to newspaper reports. They have had matches at Albuquerque, Santa Fe, Gallup, Meridian and Silver City, N. M., and at Phoenix, Tucson and Flagstaff and Prescott, Ariz.

## Pampa Oilers Are on Tough Schedule

The Pampa Oilers, formerly the South Side Sluggers, under the management of William Latch have arranged a tough schedule for the rest of the season. Sunday afternoon the team will go to Canadian where they will meet the fast Wildcat nine.

A final practice will be held tonight at 5:30 o'clock on Gulf diamond, three miles south and a half mile east of Pampa, and Manager Latch is anxious that all players wishing to try out for a place on the team be present. The Gulf diamond will be the scene of all home games.

Games have been scheduled with the Amarillo Aviators and the Lubbock Hubbers but dates have not been set.

Games already scheduled include: Canyon at Pampa, Aug. 9; McLean at Pampa, Aug. 16; Pampa at Dumas, Aug. 23; Dalhart at Pampa, Aug. 30.

## Automobile Burns on Clarendon Road

Flames high enveloped an automobile on the Clarendon highway just across the Santa Fe railroad when it was extinguished by the fire department about 3 o'clock this morning. The top and body of the car were destroyed.

The machine, a 1929 Buick coach, belongs to T. R. Barnhill, although he was not driving it at the time. There was no one at the machine when the firemen arrived. Chief Clyde Gold said. Cause of the fire was not announced but was being investigated by Mr. Barnhill today.

## WOUNDED MAN FOUND

DALLAS, July 31. (AP)—A man who gave his name as J. S. Davis was found wandering in the brush near a Texas and Pacific railroad crossing here today with serious injuries. He lapsed into unconsciousness before he could give his address or tell how he was hurt. Police believed he was injured in a fall from a freight train.

## WEST CLUBS GET BEST OF EAST CREWS

### Athletics' Lead of 12 Contests Leaves Senators Behind After Crucial Period

By HUGH S. FULLERTON JR.  
Associated Press Sports Writer

One more round of inter-sectional games between the eastern and the western clubs of the major leagues has been completed with the home savor again coming out far ahead. But a few surprising farm reversals in the past few weeks have proved costly to some pennant contenders who hoped to improve their positions in the inter-sectional series.

Washington's Senators outshone the best performer among the visiting western clubs of the American league but still made a comparatively poor showing and fell far behind the Philadelphia Athletics, who raised their winning farm to its highest degree. The Senators played 16 games against the west and won nine of them. The Athletics, after losing their opening home game to Detroit, won 17 straight at Shibe park, losing only when they ventured to Cleveland for a Sunday game.

**A's Lead Unshakable**  
Both American league leaders wound up their stands against the west successfully yesterday but the A's finished with an almost unbeatable lead of 12 games. Philadelphia lauded on Sammy Gray of the St. Louis Browns in the early innings and brought the count up to 8-0 in the sixth with the aid of two home runs by Mickey Cochrane. Then the Browns began to reach Waite Hoyt but could not overcome the lead, ending on the short end of an 8-3 count. The Senators likewise made an early start, finding Mel Harder of Cleveland for six hits and five runs in the first four innings and winning 6 to 1 behind the five-hit hurling of Carl Fischer.

The final count of the inter-sectional series in the American league was 40 victories for the east and 25 for the western visitors. In the national league, the western clubs recorded 40 victories in their home stand while the east took 25 games. Pittsburgh's Pirates furnished the surprise of the inter-sectional series in the elder league. The Bucs won 12 games out of 18, by far the best record, and added the St. Louis Cardinals, who won ten and lost five, in improving their lead over their slipping eastern rivals.

**Pirates Gaining**  
The Pirates wound up yesterday by trouncing the New York Giants 9 to 0 behind the four-hit pitching of Larry French to place themselves only three games behind the fifth place Boston Braves.

The Giants and the Brooklyn Robins had a rough journey but the Giants managed to hold on second place although defeated ten times in 17 games. The Robins suffered one more defeat and slipped to fourth place at the end of the series.

St. Louis, its inter-sectional series over, took one of its leading rivals, the Chicago Cubs, yesterday, and added a game to its big margin of leadership with a 10 to 3 victory.

Four games made up the entire off-day schedule for the major leagues.

## T. T. Schofield Is New Store Head

T. T. Schofield arrived here this week to become manager of the United Dry Goods store on North Cuyler. He will assume his new duties, beginning tomorrow.

Mr. Schofield will replace G. W. Readman who was transferred to a United Dry Goods store in the Imperial valley of California.

The new manager was associated with the J. C. Penney stores for 15 years. He recently resigned to form a chain store organization of his own, and later joined the United Dry Goods organization. Mr. Schofield operated stores in New Mexico and Arizona before coming here.

His family will move here in the near future. Mr. Schofield is checking the store stock and will then purchase an entirely new and complete stock of fall clothing.

## Roosevelt Club Formed in Dallas

DALLAS, July 31. (AP)—Leaders in the democratic party in Texas, who predicted the next presidential campaign would be "not on something to drink but on something to eat," met here yesterday and organized a Roosevelt-for-President club, sponsoring the candidacy of Governor Franklin D. Roosevelt of New York.

The meeting was similar in many respects to the one held here in 1911 to sponsor Woodrow Wilson for president, which was largely responsible for the island taken by the "forty immortals" of the Texas delegation for his nomination at the Baltimore convention.

A motion proposed by Mrs. R. F. Lindsey of Mount Pleasant, president of the Texas Federation of Women's clubs, that prohibition not be a test of membership in the democratic party nor of right to speak office within its ranks, was adopted at the meeting.

Former Lieut. Gov. T. Whit Davidson of Dallas, who called the meeting, was elected president; Harold O'Neal and Newt B. Williams, Waco, vice-presidents; and Mrs. Frank B. Coffey, Fort Worth, secretary.

Committees and women from most congressional districts of Texas were appointed to meet during August either in Dallas or Waco to effect permanent organization for the candidacy of Governor Roosevelt.

Davidson declared that Roosevelt's nomination "would mean victory, and victory would mean much at this time to the American people."

Pledges of support were made from the floor by Walter B. Scott, Fort Worth; District Judge Alvin C. Owsley, Denton; Judge Richard Mays, Corsicana; Judge Fountain Kirby, Groesbeck, and Archie C. Price, Waco.

## Californians In Tennis Brackets

SEABRIGHT, N. J., July 31. (AP)—Californians held a virtual monopoly on contending places in the 44th Seabright invitation tournament today as play went into the final stages.

Native Californians filled all the singles brackets with John Hope Dogg, national champion who learned his tennis at Santa Monica although he lives in Newark now, pitted against Ellsworth Vines of Pasadena for the men's title, and Mrs. Helen Willis Moody of San Francisco, matched with Helen Jackson of Berkeley, for the women's crown.

In women's doubles, California holds three of the four last places, the surviving teams being those of Josephine Cruickshank of Santa Anna, and Mrs. Marjorie Gladman Van Ryn, a native of California who now lives in Philadelphia, and Mrs. Lawrence A. Harper of Oakland, and the Baroness Giacomo Levi of New York.

A notable exception to the California parade was the men's doubles division, where the finalists were John Van Ryn of Philadelphia and Wilmer Allison of Austin, Texas, on the one hand, and Gregory S. Mangin of Newark, and Berkeley Bell of New York, on the other.

## Weekly Newspaper Damaged in Fire

CORSICANA, July 31. (AP)—The "Enterprise" newspaper and job printing plant was razed by fire early today. Losses were estimated at \$13,000. Origin of the fire had not been determined.

A tornado, which wrecked the "Enterprise" plant May 19, 1930, resulted in the construction of a new building and installation of new equipment. Miss Kate Sims was owner of the paper and her father, W. H. Sims, owned the building.

Frank is 25 miles west of Corsicana in Navarro county. The "Enterprise" was a weekly publication.

William Ernest Lusby of Chicago, versatile football and baseball star at Wisconsin for three years, will join the Badger coaching staff this fall.
