DISARMAMENT AND PROSPERITY

Statements throughout the world point to the heavy cost of armaments as a big item that burdens the nations during this period of financial reverse.

An early conference under the supervision of the League of Nations with the United States playing a major role is expected.

With France agreeing to a protocol that will help a former enemy, any fear of war between European powers seems almost impossible.

Cost of armaments is charged back to the taxpayers, and the taxpayers need relief now as much as any group.

We are paying heavily now for a war that entangled the whole world some 12 years ago.

With mutual relations existing throughout the world, it seems that the present is the most opportune time for the world powers to rid themselves of an expensive burden they have been carrying with so much trouble.

By RODNEY DUTCHER

WASHINGTON, July 9. (NEA).—Mr. Ben Marsh, the tall, gray veteran radical who displays more activity and gets more newspaper space than anyone else among the numerous persons in Washington who devote themselves to furthering social "causes," dashed into this office with eyes agleam.

At last, Mr. Marsh averred, he had found himself affiliated with a mass movement and this remarkable discovery had given him the keenest pleasure.

Occasionally, in fact, Mr. Marsh has been a minority all by himself. One of the things that has kept him busiest for years has been his attempts to persuade progressive senators to sponsor measures and programs which have frequently been regarded by senators as two or three hundred thousand years ahead of the times.

It is also believed that Mr. Marsh for many years has held the championship for organizing petitions presented to and completely ignored by officials in high authority, especially presidents.

Nevertheless, everybody knows Ben Marsh and most people like him. Even the progressives, with whom he is generally disgusted because of their conservatism and who keep complaining that Ben spoils the appearance of their parade by dashing out 20 to 30 paces in front.

Ben is 54 years old now and, as Mother Jones used to say of herself, the longer he lives the more radical he gets.

Getting back to that gleam in Mr. Marsh's eyes and his boast of really being in on a mass movement at last—he says that a majority of the American people want a special session of congress to enact a program of unemployment relief.

The petition is an impressive record of sentiment, but on behalf of 6,000,000 unemployed whose savings are virtually exhausted and who face acute distress, it urges federal appropriations of \$3,000,000,000 for public works \$250,000,000 for direct relief and \$250,000,000 for subvention of state unemployment insurance systems.

On behalf of 6,000,000 unemployed whose savings are virtually exhausted and who face acute distress, it urges federal appropriations of \$3,000,000,000 for public works \$250,000,000 for direct relief and \$250,000,000 for subvention of state unemployment insurance systems.

Danciger Brings In Two Producers West of Pampa

Danciger Oil and Refining company brought in two wells yesterday and Tuesday in the area south-west of Pampa for a total production of 450 barrels.

The company's No. 1 Agnes Barrett, section 136, block 3, will be completed as soon as possible.

The company's No. 2 E. G. Barrett was shot with 200 quarts from 3,221-3-265 feet.

The company's well on the Agnes Barrett lease is in the gas and will be brought in as soon as possible.

Another active well in that area is Crees, Hoover & Graham's No. 1 Cole (Delmar), section 105, block 3, which struck oil last week from 3,210-26 feet and had an increase from 3,245-50 feet.

Another active well on the Harrah lease is drilling at 3,500 feet.

A recent completion was Wilcox Oil & Gas company's No. 21 Combs-Worley, section 35, block 3, which had five million feet of gas at 2,817; struck oil at 2,875 feet; 10,000-000 feet of gas at 2,880, and was completed at 2,935-37 for an estimated production of 90 barrels daily.

BRIDGE COLLAPSES—3 DIE SPOTTSVILLE, Ky., July 9. (AP)—Three workmen were plunged to their deaths and another seriously injured when a portion of a state highway toll bridge under construction collapsed into the Green river late yesterday.

EDITOR BADLY HURT HOUSTON, July 9. (AP)—Dudley Davis, young managing editor of the Houston Press, who was injured, perhaps fatally, late yesterday in an automobile mishap, remained in a critical condition today.

HENRY—

Continued from page 1 senator from Texas. Henry took an active part in the Alfred E. Smith campaign in Texas in 1928.

Mr. Henry was graduated from Southwestern university at Georgetown, Texas, in 1885. He went, then, to the University of Texas, from which he took the degree of bachelor of laws.

He was appointed an assistant attorney general under the late former Governor Culberson and later ran for the office of attorney general, but was defeated.

He removed to Waco and in 1896 was elected congressman from the 11th district.

FORT WORTH—

Continued from page 1 away an hour and twenty minutes later. They had averaged only about 70 miles an hour on the 520-mile stretch from Fairbanks to Nome.

When the planes headed across the Bering sea the Fort Worth was 26 hours 33 minutes out of Seattle and had covered approximately 2,100 miles of her route.

On leaving Nome the fliers had used up nearly half of their 55-hour time schedule and had covered a little more than one-third of their route.

Robbins and Jones, the Fort Worth's crew, were close to their schedule when they soared over Fairbanks at 7:33 o'clock (11:33 p. m. C. S. T.) last night, having flown about 1,600 miles in 17 hours 36 minutes.

Approaching here from the south, the white monoplane was met by an escort of three planes, with the refueler waiting on the ground until the monoplane had circled twice over the city.

Contact Is Quick After brief maneuvering by the planes a man believed to be Jones appeared from a cockpit in the Fort Worth and seized the refueling hose.

In quest of a \$25,000 prize offered by a Japanese newspaper for the first non-stop flight across the Pacific, Robbins and Jones incidentally set a new speed record between Seattle and Fairbanks.

The Fort Worth had flown 550 hours before taking off from Seattle and the motor had run 1,200 hours. The plane does not carry a radio and reports of its progress beyond the Bering sea may be few.

Santa Fe Sets New Wheat Mark

AMARILLO, July 9. (AP)—For the second time in successive days, the Santa Fe railway Wednesday set a new record for wheat loading when 2,416 cars were filled on the 5,000 miles of the western lines.

The old record of 1,821 cars, set in July, 1929, was broken Tuesday with 2,172 cars.

Although the demand for cars is the heaviest railways serving the Panhandle have ever experienced, officials said today they did not anticipate a shortage unless there is congestion at unloading terminals.

Rains throughout the Panhandle last night and yesterday are expected to slow up the movement.

VETERAN TEACHER DIES WICHITA FALLS, July 9. (AP)—Miss Mary E. Wilson, 52, teacher in the Fort Worth schools for 20 years, died at the home of her sister, Mrs. Paul Reed, here this morning.

Miss Wilson came to Wichita Falls from Fort Worth about a year ago. The body will be forwarded Friday to Pilot Point, Texas, for burial.

RECORD OF COURTS

Three divorce and two civil suits were filed in 31st and 114th district courts this morning. They were as follows:

Mrs. Beulah Faye Purdie vs. Roy A. E. Purdie, divorce, S. D. Stenness, attorney for plaintiff; Martha Anne Dean vs. J. H. Dean, divorce, Paul A. Speer, attorney for plaintiff; Avis May Rainbolt vs. Carl Rainbolt, divorce, Willis Studer & Studer, attorneys for plaintiff.

A. W. Coffield et al vs. Watzel Oil company, receivership, W. M. Lewright, attorney for plaintiff; W. P. Davis vs. Geo. G. Rainouard et al, foreclosure, Cook, Smith, Teed, Sturgeon & Wade, attorneys for plaintiff.

HAMMONDS DEAL DENIED LONGVIEW, July 9. (AP)—Mrs. Mamie Hammonds upon her return from Oklahoma today denied that the deal for 1,400 acres of Gregg county oil land had been closed with the Faith Oil company of Wichita Falls.

WATCHMAN SUCCUMBS MARSHALL, July 9. (AP)—James F. Cloud, T. and P. railroad gate watchman, was found dead in the woods near his home today. He had been missing since yesterday morning.

Gloomy Salesman Commits Suicide

WICHITA FALLS, July 9. (AP) — A verdict of "strychnine poisoning and therefore suicide" was returned by a justice of the peace Thursday upon investigation into the death of Jim Stovall, salesman from Tulsa, Okla., whose body was found early this morning in the rear of a downtown garage here.

Several letters addressed to friends and relatives, and written in a steady hand, had been placed in a desk drawer in the office, a search revealed. Despondency was given as the cause for suicide. Stovall, an ex-soldier, had been in ill health for some time, it was learned.

"GOOD WILL" FLIERS TOUR U. S.

Kansas City's "good will" fliers, Dr. John D. Brock, left, and Colonel Ruby D. Garrett, are shown above as they started a 17,000-mile tour to all the 48 state capitals. At each stop, Brock, an amateur aviator, will urge better markings for airways, and Colonel Garrett will deliver a message of best wishes from the Kansas City Chamber of Commerce. They expect to complete the tour in 25 flying days.

MACDONALD IS ILL
LONDON, July 9. (AP)—Prime Minister Ramsay MacDonald was slightly ill today with what was variously termed an "internal chill" and an attack of "nervous indigestion." The strain of work in connection with difficulties in parliament and the reparations situation, was believed to be responsible for his indisposition. He surrendered his place in the house of commons to Chancellor Phillip Snowden last night and went home to rest.

Markets

RUSSIA HURTS GRAINS
CHICAGO, July 9. (AP)—With Liverpool reporting cheaper Russian offerings of wheat and large tenders on contracts, grains averaged lower early today. Fresh low price records unsurpassed since 1896 were reached by wheat. Opening unchanged to 3-4 cent down, wheat later showed an all around setback. Corn started 3-5 off to 1-4 up and held near the initial limits.

COTTON IS FIRM
NEW ORLEANS, July 9. (AP)—Cotton opened fairly steady today as cables were slightly better than due and first trades here showed gains of three points. As New York opened lower and good rains were reported in Oklahoma, where badly needed, the market soon eased off. October trading down to 9.56 and December to 9.78, off 13 points under yesterday's close.

As soon as these offerings were absorbed, however, the market rallied, recovering four to six points of the loss and at the end of the first hour ruled quiet and steady.

KANSAS CITY LIVESTOCK
KANSAS CITY, July 9. (AP)—U. S. D. A.—Hogs 2,500; no direct; fairly active and uneven; 10-25 higher; top \$7.15 on 180-220 lbs.; 140-250 lbs. \$6.50@7.15; 250-290 lbs. \$6.10@6.80; 290-350 lbs. \$5.65@6.35; packing sows 275-500 lbs. \$4.15@5.15; stock pigs 70-130 lbs. \$6.50@7.25.

Cattle 3,500; calves 500; early sales fed yearlings and light steers steady to weak; bidding around 25 lower on most fed steers; early top \$8.25 on light yearlings; steers, 600-1500 lbs. \$6.25@8.75; common and medium 600 lbs. up \$4.25@7.00; heifers 550-850 lbs. \$6.50@8.25; cows \$4.00@5.50; vealers, (milk fed) \$4.00@7.00; stocker and feeder steers \$5.00@7.25.

Sheep 2,000; lambs fully 25 short; spots off more; sheep and yearlings steady; top native lambs 7.00; lambs 90 lbs. down \$6.25@7.25; ewes, 150 lbs. down \$1.00@2.00.

MARKETS AT A GLANCE
By the Associated Press
NEW YORK—Stocks—Irregular, rails lead rally. Bonds—Heavy, German issues 89. Curb—Irregular, changes slight. Foreign Exchanges—Irregular. Sterling and Reichsmark gain. Cotton—Easy, rains Texas and Oklahoma. Sugar—Higher, trade buying. Coffee—Steady, European buying.
CHICAGO
Wheat—Easy, increased southwest receipts. Corn—Irregular, lower cash markets. Cattle—Firm. Hogs—Steady.

HEART WEAKENS; DROWNS
GALVESTON, July 9. (AP)—Stricken with a heart attack while in bathing, J. T. Vinson, 29, of Dallas, was drowned in the gulf here yesterday. His body was recovered by Wesley Westmoreland, of Dallas, and two life guards.

Vinson was one of a party of four in bathing.

Tom Braly is planning to leave soon for Austin, where he will attend the summer school of the University of Texas.

Storm Damage to Wheat Considerable

If any wheat had been brought in this morning—and there wasn't—it would have brought 28c per bushel. Yesterday, grain dealers were fearful that the market would break today. It was still weak after the new low level had been reached.

Yesterday's heavy downpour put a stop to the harvest throughout the Tampa territory. If no rain falls in two days, harvest will be resumed then, it was estimated. Even before the rain fell yesterday, some farmers were using two tractors to pull a combine in the muddy fields.

Fields which produced wheat that tested from 63 to 65 pounds per bushel a week ago, now are yielding grain that tests about 60. Much wheat that was blown and beaten to the ground yesterday by wind and rain will be hard to harvest. However, biggest damage thus far has been in lowering the quality of the grain.

CHICAGO, July 9. (AP)—Wheat: No. 1 red 34 1/4; No. 1 hard 34 1/4@34 1/2; No. 2 yellow hard 32 3/4@33 1/2; No. 1 mixed 33 3/4. Corn: No. 2 mixed 59@60 1/2; No. 1 yellow 59 1/2@60 1/2; No. 1 white 60 1/4-4.

VETERAN PHYSICIAN DIES
DALLAS, July 9. (AP)—Dr. J. B. Shelburne, 73, prominent member of the Dallas medical profession for many years, died today after a brief illness. He underwent an operation for appendicitis Sunday.

BURIED UNDER TONS OF ROCK

Still smiling after being buried under 10 tons of rock for 23 hours, Howard Smith, redhaired and 16, is shown above being carried from his uncle's well near Ottawa, Ill., in which he was trapped by a cave-in. The nifty youth spurred on his rescuers by singing songs and telling jokes through a speaking tube despite his cramped position.

Chinese Consulate Is Under Attack

PEIPING, China, July 9. (AP)—The Chinese consulate at Seoul, Korea, was reported attacked today by a Korean mob which inflicted injuries on at least 500 Chinese who had taken refuge on the consular premises.

Chang Wei Cheng, Chinese consul general at Seoul, was reported to have fled to the palace of the Korean government. These reports were unconfirmed, but were contained in Chinese dispatches from Korea.

*Consider your Adam's Apple!!**
Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY Instead"

What effect have harsh irritants present in all raw tobaccos upon the throat? A famous authority, retained by us to study throat irritation, says:

"The tissues above and below the vocal chords and the vocal chords themselves may become acutely or chronically congested as a result of the inhalation of irritating fumes in the case of chemists for example."

LUCKY STRIKE'S exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays, expels certain harsh irritants present in all raw tobaccos. We sell these expelled irritants to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. So "Consider your Adam's Apple"—that is your larynx—your voice box—it contains your vocal chords. Don't rasp your throat with harsh irritants. Be careful in your choice of cigarettes. Reach for a LUCKY instead.

"It's toasted"

Including the use of Ultra Violet Rays
Sunshine Mellows—Heat Purifies
Your Throat Protection—against irritation—against cough
