Fred Morgan Declares Many Operators in Trouble as Result of Stopping Pool Production.

## OHIO HAS RAISE

Marital Law in East Texas Spreads Through Field Without Disorder as Drilling Continues.

OKLAHOMA CITY, Aug. 18. (AP)—The Morgan Petroleum company today announced a price of 77 cents a barrel for crude oil from the Oklahoma City field, curbed under a marital law shutdown.

Fred Morgan, president, said his firm and a subsidiary, the York Refining company, would buy oil for its plant here at that price. The plant has a 3,000-barrel daily capacity.

"We are prepared to buy from our neighbors as well as take our own oil," Morgan said. "We will take it ratably."

Depends on Murray The purchase is contingent on a lifting of the shutdown to permit wells to flow, as Morgan said, storage in the field is insufficient to run the refinery for long.

The company has three wells in the field with a potential production of 120,000 barrels.

Morgan contended 77 cents a barrel is adequate and in line with prices of other commodities. The offer represented an increase of about 25 cents from the present top.

"We are about to shutdown our Oklahoma City refinery because we can't get oil," said Morgan. He added that unless some solution was worked out for owners in the north end of the Oklahoma City field whose wells have not paid out, 25 or more operators would be forced to go to extreme measures for refinancing, "and there are few places for refinancing operations at present."

Others to Follow He predicted other companies would meet his price by the week-end.

The development came with Governor Murray indicating that purchase of crude at \$1 a barrel by some companies awaited the unification of pools he has proposed.

Findlay, Ohio, Aug. 18. (AP)—The Ohio Oil company today announced an advance of 15 cents a barrel in the price of crude oil with the exception of the Wooster grade on which an advance of 17 cents a barrel was announced.

The new prices were: Central west district: Lima, 85 cents; Indiana, 50 cents; Illinois, 70 cents; Princeton, 70 cents; and Western Kentucky, 65 cents.

Governor Murray, advised of the Morgan offer, said oil companies would not be allowed to take oil from wells unless they offer \$1 a barrel.

"If they come to that price I think we can work out a plan within a few days," he said.

KILGORE, Aug. 18. (AP)—Cavalrymen rode through the East Texas oil belt today in search of wells that might be operating in defiance of Gov. Ross S. Sterling's shut down order.

Four bodies of national guardsmen, with 100 men in each unit, began a systematic survey of the 600 square mile producing area to insure the closing deadline, which was at noon today, had been observed.

Although the martial law decree applies to four counties with a total area of 2,218 square miles, the National Guard units posted camps and centered their activities on the actual producing area. The oil belt is about 60 miles long and 10 miles wide with approximately 1,600 oil and gas wells.

Rangers Along A Texas Ranger rode with each cavalry troop to make arrests, if necessary, in the advent of violations being discovered. Troopers were armed with wrenches and other equipment to close valves at wells found operating.

The shutdown was reported practically complete throughout the field. Officers said they expected to find no wells flowing except possibly in isolated sections.

Brig. Gen. Jacob F. Wolters, in command of the 800 guardsmen in the field, said today that he doubted whether such unemployment would result from the shutdown.

He said officials of most of the major companies had promised Governor Sterling to retain their employees on their payrolls. Some companies planned to cut salaries to a

CATHOLICS GATHERING FRENCH LICK, Ind., Aug. 18. ## FEMALES GROW TOO PLENTIFUL IN U. S. A.

WASHINGTON, Aug. 18. (AP)—A female population increasing more rapidly than the male was revealed today by the census bureau.

Whereas in 1920 there were 104 men and boys to each 100 women and girls, that sex ratio now stands at 102.5.

Even in virile Nevada, which had a rugged ratio of 148.4 men to each 100 women ten years ago, the males now outnumber by only 140.3 to 100. No other state even approximated the Nevada preponderance, though Wyoming, with 123.8, and Montana

with 120, brought echoes of the days when the plains chiefly heard the cowboy sing to restless herds.

Women outnumbered men in eleven as against seven states, counting the District of Columbia, in the last census. New Hampshire, Connecticut, Tennessee and Louisiana were added to a list which already included Massachusetts, District of Columbia, Rhode Island, North Carolina, South Carolina, Georgia and Alabama.

However, there were 1,499,114 more males than females in the 122,775,046 population of the entire United States.

The native white population of native white percentage included 48,010,145 males and 47,377,655 females, a 101.1 ratio as compared with a 101.7 ratio ten years ago.

The negro population comprised 5,855,669 males and 6,035,474 females, or 97 males per 100 females, as compared with 99.2 in 1920.

Chinese, Japanese, and Mexican males far outnumbered females. The Chinese population was 22,588 males to 3,289 females, a 686.8 ratio. The Japanese ratio was 276.3, the Mexican 165.6.

Sectionally, the north had approximately the same sex ratio as the country at large; the south had a relatively higher proportion of males, the west a relatively higher proportion of males.

Northern negroes numbered 101 males per 100 females, western 104.1 males per 100 females, and southern 95.9 males per 100 females, indicating in migration of negroes from the south, males have been somewhat more numerous than females.

## Lindberghs Wait For Fog to Lift

NEMURA, Japan, Aug. 18. (AP)—Numerous radio messages indicated tonight that Col. and Mrs. Charles A. Lindbergh had decided to wait on the weather before venturing over the fog shrouded Kurile islands in a flight from Petropavlovsk, Kamchatka, to Nemuro. In continuation of their vacation tour.

Most of today there was fog at various points along the 897-mile stretch to their first stopping place in Japan but there were indications of clearing weather.

When the Lindberghs finally hop from Petropavlovsk, they will have commenced one of the most dangerous hops of their hazardous vacation journey. Aside from the danger of fog and sudden storms which have a habit of lashing the islands suddenly, the Kuriles are sparsely inhabited.

The Lindberghs' visit here is expected to be brief and then they will take off for Kasumigaura naval base, near Tokyo, where their aerial vacation ends—temporarily at least.

Confirmation of Colonel Lindbergh's announcement at Nome, Alaska, that he and his wife would continue around the world still was lacking here.

## Harvesters Will Get Groceries at Shower

Fans Will Rally Saturday Night and Provide Boys With "Eats."

Pampa Harvesters, short of funds, must depend upon the generosity of the fans for their food during the ten-day training period at Camp Mel B. Davis near LeFors.

Plans were launched yesterday afternoon for a "grocery shower" to be given the athletes next Saturday night at the Central high school gymnasium at 8:30 o'clock. The boys themselves plan to be there to watch the "eats" come in. High school girls will form a pep squad to lead the cheering. Band music will arouse the gladiators' spirit, and fans by the hundreds are expected to attend.

Although the camp will open Thursday, the shower has been delayed so that fans living in the country may have notice of it. The Harvesters have many rural supporters who will bring them sides of bacon and home-canned fruits. The boys will need working men's food—potatoes, tomatoes, meat, beans, pickles, bread, and the like. They will have very little light food, such as sweets and fresh fruits, these not being conducive to making an athlete loose to tackle a brick wall.

Those who wish to contribute food in advance of the rally may send it to the NEWS-POST or the B. C. D. and it will be labeled and taken to camp. Dr. H. H. Hicks, chairman of the arrangements for the shower, will send for any groceries which cannot be otherwise delivered. His telephone number is 577.

There will be about 35 boys in camp for ten days. The amount they can eat in that time is simply prodigious. They face a quick-starting, long-lasting, and very difficult schedule, for which they must have the best of preparation. The men attending the session yesterday were Judge Ivy Duncan, J. M. Dodson, C. P. Buckler, Lynn Boyd, Mel Davis, Carl Boston, Dr. Hicks, Siler Faulkner and Coach Odus Mitchell.

Coach Mitchell has issued a call for all Harvesters and prospective players to report to him at the gymnasium Wednesday evening at 7:30 o'clock. The boys who will be taken to the football training camp will be selected at that time.

## FORMAL OPENING OF OFFICE BUILDING TO BE SATURDAY

Ursolic acid, a new chemical that appears to have commercial possibilities, is being extracted from the wax-like coating of apple peels.

Congratulatory Talks to Be Made, Then Visitors Will Inspect Structure.

The five-story Combs-Worley building will be formally opened Saturday in a joint celebration. A portion of the ceremonies to be held on the east steps of the city hall, signaling commencement of construction of the Fort Worth & Denver, will also celebrate the opening of Pampa's largest and tallest office building.

The builders, Mrs. Phoebe A. Worley and Albert B. Combs, will be present, according to plans.

The edifice was completed six weeks ago but formal opening was postponed until all renters and lessees had moved into the building. Almost every office room and store space is now occupied.

The opening ceremony will include congratulatory speeches, showing of visitors through the building, and other features to be announced later.

The structure, reflecting the most graceful characteristics of the modernistic architect, was erected at a cost of \$165,000.

ATTENDANCE GREATER One hundred thirty-one persons attended Sunday school at the Central Baptist church Sunday. The number represented an increase of persons over the preceding Sunday. There were 62 at the Southside mission.

Attendance at the preaching services also increased substantially. C. N. Hedges of Amarillo was the visiting minister.

CHOIR WILL MEET The Treble choir will meet for practice Friday morning at 9:30 o'clock at the First Baptist church, according to announcement of Mrs. May Foreman Carr.

## Railroad Work Will Start This Week in Area

CONTRACTORS WITH STAFFS ARE COMING

Durston Will Assist Committee in Acquiring Necessary Right-of-Way—Some Land Is Donated.

WORKERS LISTED Those Being Supported Here by Welfare Board Will Be First to Obtain Jobs on Denver Line.

Construction officials will move into this community during this weekend to begin work on the grade for the Children-Pampa line of the Ft. Worth & Denver railroad, according to plans announced last night by H. H. Durston, executive general agent in a telephone conversation with Mel Davis.

Mr. Durston said that contractors were ready and waiting to move in, and that all that is standing in the way now is lack of right-of-way. Mr. Davis assured the railway executive that the local committees have already obtained enough right-of-way to keep contractors busy for some time.

Rough Work First The railway company desires to lay the road grade over the rough land southeast of Pampa before coming up on the plains. Right-of-way over the Saunders and Thut land has already been donated by the owners, and it is believed that the first construction gang will establish headquarters on either of these properties.

Mr. Durston will arrive in Pampa this afternoon at 4 o'clock, and the committee will begin acquiring right-of-way in the morning with his assistance. He will remain here until the major part of the land has been acquired. The committee has secured options on right-of-way at various intervals along the route in Gray county.

A corps of engineers under I. J. Leahy, resident engineer, has established headquarters here. Another party is located at LeFors.

Needy Served First Laborers for the construction gang will be recruited from an unemployed list compiled by Mrs. W. H. Davis, welfare worker. Transients will not be given work on the new line, as Pampa has enough unemployed men to take the jobs. Mr. Durston announced last week that both railway company and contractors would cooperate with the Board in giving jobs to unemployed men. Those in direct need will be given the first jobs. These include those men whose families are being supported by the Board.

Guardsman Hurt In Fall Off Truck

LIVINGSTON, Aug. 18. (AP)—The first casualty in the East Texas "war" zone occurred here yesterday.

Private Fendall Wright, 141st motor transport company, fell from an army truck, en route to Kilgore.

Wright was not injured seriously although the rear wheel of the truck passed over his left arm between the elbow and wrist and over his right leg between the knee and ankle. Both the leg and arm were bruised but he suffered no fractures.

The injured trooper was brought to a hospital here. He is 18 and the son of Dr. J. B. Wright of Red Rock.

Thos. Y. Pickett, of Dallas, oil assessor for Gray county, arrived here this morning to sit with the county and school boards of equalization.

Grocers to Buy Farmers' Produce

A committee of seven men was appointed yesterday to interview local grocers on the plan to buy produce, vegetables and fruit from farmers and thereby eliminate house-to-house peddling.

The committee includes S. C. Gayman, G. S. Boston, G. N. Suttles, W. H. Thomas, T. S. Lemons, J. L. Hunter, Robert Woodward.

If all local grocers will cooperate in buying farm produce, it is believed the present situation will be helped greatly. Farmers from the south part of the county and from Donley county are said to favor the plan.

## LITTLE PANHANDLE OIL IS FOR SALE AT PRICE GIVEN

Increase Must Precede Effort of Refiners to Boost Production Here.

If refiners wish Panhandle oil, they must raise the price considerably.

This was indicated today when producers were consulted concerning the situation. A movement to get Panhandle oil to replace that shut down in East Texas is anticipated. But even if the proration allowable were raised, not much oil would be available at current prices.

Panhandle refiners have had difficulty obtaining sufficient crude to meet their demands. The first move toward encouraging more production is expected to be a price increase.

Judgments Awarded In Labor Actions

Judgments to foreclose on printing equipment owned by the Pampa Times Publishing company were awarded W. O. Adams and H. B. Murray in hearings on labor suits court today. A general judgment was awarded A. L. Willie. The suits alleged the plaintiffs were owed amounts of: Mr. Adams, \$301; Mr. Willie, \$351.70; Mr. Murray, \$227.71. The defendant has 20 days in which to appeal.

A jury to hear evidence in the trial of W. J. Watson on a morals charge was selected just before noon today.

## CELEBRATION SATURDAY TO BE GALA ONE

Delegations and Bands From Neighboring Towns Will Join City in Program—Jones Will Speak.

## SALE ARRANGED

Auction of Farm Products to Be One of Biggest of Such Events in Whole Plains Country.

Details of a huge Panhandle-wide celebration that will claim to the world that construction of the Children-Pampa line of the Fort Worth & Denver has begun, were outlined at a meeting of the B. C. D. this morning.

The celebration will be held in Pampa next Saturday. Every town along the proposed route from Childress north will be invited to send delegations. It will be intensively advertised in every home throughout the Pampa territory; that is, to Panhandle on the west, Canadian on the north, Wheeler on the east and McLean on the south.

Begin in Afternoon The celebration proper will begin at 4 o'clock Saturday afternoon on the east steps of the city hall. Plans are under way to rope off Russell street on Albert square. Speakers will include Marvin Jones, congressman from this district, and leading celebrities of towns along the line. The American Legion band will furnish music for the occasion. Geo. W. Briggs has invited Shamrock and Wellington to send bands and it is likely they will come.

A special feature of the occasion will be an auction sale to be held in the morning at a place to be announced later. Farmers are invited to bring in anything they want to sell—vegetables, fruits, wheat, corn, maize, cattle, furniture, horses. They may participate in the auction may barter among themselves or they may buy at the ring of the hammer. Plans are being rapidly formed to make this the biggest, the most diverse auction sale ever held in the Panhandle. Farmers from every section of the county are notified of the auction and invited to bring in whatever they want to sell.

Widely Approved The auction idea has already been approved by farmers in the east, south, and southeast parts of the county. It means anything all roads will lead to Pampa Saturday.

Members of the B. C. D. and merchants are planning to work "like Trojans" from now until Saturday to make the railroad celebration an event long to be remembered. They believe that if one of the largest crowds ever seen here will flood Pampa that day.

## No Oil Available In West Texas To Furnish Refineries

SAN ANGELO, Aug. 18. (AP)—Refineries dependent upon East Texas crude, now removed from the market by martial law, particularly independent refineries, will obtain little, if any, relief in West Texas, oil men here pointed out today.

There had been no reports of large orders from refineries.

The reasons given are that the bulk of West Texas oil—some estimate as high as 90 per cent—is produced by major companies, which also own the pipe lines, and that with the daily average production held to 200,000 to 225,000 barrels daily there is practically no excess crude available.

### WE DISSENT ON PRESS CHANGE

Members of the West Texas Press association met at Lubbock recently, and perhaps inspired to languor by that city's fervent hospitality, decided to advocate their body's abolishment through a merger with the Panhandle Press association and the Heart of Texas press group.

Such a consolidation would combine all the editors and publishers within the scope of the West Texas Chamber of Commerce, which is about the only good point in its favor. But on the theory that a press association is formed primarily for the improvement of members professionally rather than upon organization for the benefit of a regional chamber, the NEWS opposes such a proposition. There is no good reason, in our way of thinking, why the editors cannot work under and through the West Texas Chamber independent of the smaller associations in which they are banded for professional purposes.

Formation of one large press association would mean that attendance would be difficult for two-thirds of the members. Moreover, the personal contact and discussions possible under smaller associations would be in a measure sacrificed. As now organized, the Panhandle Press association makes possible the participation of every member in most discussions.

If any merger is justified by conditions, it would be this: For the upper half of the West Texas Press association to join the Panhandle group and the lower half of the West Texas body to merge with the Heart of Texas association. Perhaps the West Texas group feels too much like a "buffer" between the far-flung bodies on either side, and if so our plan would remove this disability. But we surely do consider the domain of W.T.C.C. too great for one press association of the kind most of the Panhandle members desire.

### A FALSE ECONOMY

Among the multitude of puzzling problems confronting the Panhandle stockman-farmer today looms a menace so ominous necessity compels that it be singled out and studied.

Reference is made to an apparent disposition on the part of some county commissioners' courts to dispense with the services of county and home demonstration agents, in the interest of economy.

Confused by the clamor for retrenchment in expenses, and groping for ways and means to hold down tax rates, some courts overlooked the fundamental character of the work being done by agents, and are liable to wreck the chassis of the very vehicle by which the present high standard of Panhandle stock-farming was attained.

Seamen on a torpedoed vessel would hardly throw away their life-preservers.

Boys and girl's baby beef, pig, garden, dressmaking and agricultural exhibit clubs, as well as cattle feeding, bull circle, terracing and seed breeding work in any county depends upon proper organization and direction by trained men and women. Local talent cannot do it. Without agents such work ceases. Needed publicity and local incentives to pride of accomplishment is lost through failure of the county to exhibit its products. "What is everybody's business is nobody's business." The county loses stride in the front rank and is relegated to the rear.

In times of plenty, wasted dollars were overlooked. Today pennies are being hoarded. Livestock men and farmers, as well as farm and urban women, are seeking every possible method of applying the "live-at-home" idea. If ever the trained and full-time work of the agents was needed to organize and direct these economies, it is now. Instead of considering their discharge under an utterly false delusion of saving, their hands should be strengthened and their advice and guidance more freely sought.

One Panhandle county has already discontinued the work of both county and home demonstration agent. The result will be that that county's boys and girls will be deprived of their rightful heritage for the future, intelligently directed stockfarming development stopped in mid-career, and the county's needed publicity badly crippled.

Commissioners' courts that stop agents' work apparently overlook the fact that they not only cripple their own interests but those of the section of which they are a part as well. Remove a half dozen agents from this territory and regional development of livestock and agriculture would be badly hurt. There is a moral obligation due from every county in the Panhandle to carry it part of the development program.

Now is the time to use the agents, as they have never been used before. Agriculture is facing revolutionary changes. Untrained leaders are not fit to fill such positions. The men and women of the Extension Service of Texas are furnished for the express purpose of aiding stockfarmers and their households in getting the most out of their work and their life.

The commissioners' court that deliberately cuts off this help for their people in the face of present conditions certainly places itself in an unenviable and untenable position.—Amarillo News.

half-pay basis during the period of enforced idleness.

Independent operators also issued notice that employees would be retained.

"Such Patriots" "I understand that some members of the legislature are extremely worried about unemployment," Wolters said. "It is very gratifying to see such patriots and their touching concern."

"I know something about politics and you can bet your life some peccant etatoin shrdlu emfwp etatoin pie are looking to the jury election primaries more than they are worrying about working men."

Gen. Wolters said he had received reports that labor agitators with communistic affiliations were trying to stir up dissention among the oil workers.

"Don't let anybody think there is cause for alarm over these 'red' agitators," he said. "If they are actually at work, they are simply amusing and we are not seeking any machine guns."

General Wolters said no specific instances of seditious attempts had been reported. The information he received was more in the nature of unconfirmed rumor than anything else, he said.

To date there has been a total absence of dissention between the National Guardsmen and residents of the oil field. Apparent good feeling was manifested at all contact points.

General Wolters said he was arranging for the National Guard band, a 23-piece organization, to give concerts in oil towns during the martial law period.

Furnishable Offense KILGORE, Aug. 18. (AP)—Oil production in the vast East Texas field became a punishable offense today under Governor Sterling's martial law shut down order.

Mounted National Guardsmen ranged through the belt in search of wells operating in violation of the emergency conservation order, but had encountered no resistance. Production in the 600-acre field was at a virtual standstill.

Small detachments of guardsmen, armed with tools for shutting down wells, began a systematic survey of the area at dawn today. They expected to find a few outlaw wells in the more remote back stretches. Reports indicated that producers near the towns were definitely curtailed.

Brig. Gen. Jacob F. Wolters announced that all was quiet and that the order was apparently being obeyed to the letter. He said, however, that violators would face prosecution.

## Two Women Die As Train Hits Car

BARTLESVILLE, Okla., Aug. 18. (AP)—Mrs. H. L. Brooks and her daughter, Louise Brooks, 18, of Ochelata, were killed when their automobile was struck yesterday by a Santa Fe freight train near Ochelata. Mrs. Brooks' grand-daughter, Maxine Brooks, 6, was believed dying in a Bartlesville hospital.

HOME FROM DURHAM Mr. and Mrs. W. G. Kinzer and son, R. E. Kinzer and son, and Mrs. Bert Isbell returned yesterday from Durham, Okla., where they attended the funeral of Dr. George H. Wallace. They visited Mrs. A. A. Kinzer while there.

Mrs. Isbell had as her guest last week her sister, Miss Vivian Kinzer.

'YAMA YAMA' GIRL DIES PARIS, Aug. 18. (AP)—Mrs. Richard Harding Davis, widow of the famous war correspondent and known in her days on the stage as Beesie McCoy, the "Yama Yama Girl," died Sunday night at a hospital in Bayonne, friends here were informed today.

More than fifty villages in Rumania are faced by starvation because of the ravages of locusts which have eaten every blade of grass and leaf.

Small detachments of guardsmen, armed with tools for shutting down wells, began a systematic survey of the area at dawn today. They expected to find a few outlaw wells in the more remote back stretches. Reports indicated that producers near the towns were definitely curtailed.

Brig. Gen. Jacob F. Wolters announced that all was quiet and that the order was apparently being obeyed to the letter. He said, however, that violators would face prosecution.

## Sterling Signs Bill on Buffaloes

AUSTIN, Aug. 18. (AP)—Governor Ross Sterling has signed a bill designed to preserve the last buffalo herd in Texas, grazing on the Goodnight ranch in the Panhandle.

The law will permit the state game, fish and oyster commission to condemn the animals for state use. Preserving plans are for the herd to be kept on the ranch. A meeting will be held at Goodnight, Sept. 7 to seek funds to buy the ranch for a state preserve.

The pen with which the bill was made a law will be sent to the Panhandle-Plains Historical society.

An entertainment with a meaning—that is a real celebration. Civic bands will play, a ground breaking ceremony will be held, speeches will be given, and other entertainment arranged for the celebration to be held Saturday observing the beginning of the Fort Worth and Denver railroad from Pampa to Childress.

The entertainment will be well worth attending, but the meaning of the occasion will be inspiring. It will mark the beginning of more employment in Pampa, as well as the preliminary for a greater industrial city.

We attend bridal showers, farewell showers, and baby showers, but there is one shower this week that no Pampa should miss. It is a grocery shower for the Harvester football team which will enable the boys to have plenty of muscle-building food when they attend their 15-day training camp. The shower will be held Wednesday evening at 8 o'clock at the high school gymnasium. Let's do our part toward producing a winning football team to Pampa.

"Fat as a pig" will mean nothing now. Yesterday a woman, having seen her husband complain that the meat was too fat and demanded the butcher to give her some with more lean in it. Maybe she didn't know it, but she was buying a cut from the more stylish hog.

Once a woman ate lots of meat and a hog lots of corn. Both were fat and in style. Now a woman diets and a hog eats wheat. Both are lean and in style.

Pork designers changed the style for women, but women changed the style for pigs. The fat of a pig has decreased in value. Women are demanding shortening which originated in the cotton fields, declaring that it is better and cheaper than lard. Everyone likes fat bacon, the most popular cut of pork—so to lean. Lean bacon is more attractive on the platter, does not curl so badly, and is more substantial and tasty than fat bacon. Thus, women have brought into popularity the leaner, the kind that can be raised in Texas successfully.

## SOUTH AMERICA IS STUDIED BY BAPTIST WOMEN

The printed page often can be of influence where religious workers cannot be of help as individuals, it was brought out in discussions by members of the First Baptist Woman's Missionary society Monday afternoon at the church. Hebe, the Woman's Missionary society of Brazil takes the responsibility of placing the Baptist paper, Journal Baptista in the jails.

Following a 1 o'clock luncheon at the church, a business session, with Mrs. F. E. Hoffman presiding, was held, and Mrs. J. A. Meek took charge of the program on "Adventuring With the Gospel in South America."

The Woman's Missionary society, it was said, was organized in South America, in 1908, 20 years after the organization in this country. Work there is done practically the same as here.

Mrs. R. W. Tucker led the opening devotional and talks were made by Mrs. J. Powell Wehrung, Mrs. Harvey Haynes, and Miss Harriet Galtin. Members from the Sunbeam band presented a playlet depicting life in Argentina, Brazil, and Chile.

The following persons attended: Mesdames T. F. Morton, Clyde H. Garner, Dan T. McIntosh, F. E. Hoffman, A. C. Shaw, E. F. Brake, Mary Blinford, H. Haynes, C. H. Schulkey, G. C. Durham, J. H. Ayres, L. H. Greene, Troy Maness, J. A. Meek, J. B. Chisom, Tom Rose, Ernest Fletcher, R. W. Tucker, J. Powell Wehrung, and R. D. Henry of El Reno, Okla.; Misses Geneva Groom, Harriet Galtin, Mildred Mason, and Jewell Blinford.

### FORD CUTS WAGES

CORK, Ireland, Aug. 18. (AP)—Wage cuts amounting to about 12 1/2 per cent took effect today in the Ford tractor plant here. It was the first wage cut the factory had made.

Recently production has been at a minimum and few tractors have been exported in the past month.

### PROCEEDS WILL BE APPLIED TO LIBRARY FUND

More than one thousand persons may be entertained at bridge and forty-two this week, and proceeds be applied to the Pampa library fund. Plans to assist the library in this way were made when Mrs. B. E. Finley, Mrs. C. P. Buckler, Mrs. D. E. Cecil, Mrs. W. R. Campbell, and Mrs. James Todd Jr., members of the library board, met at the city hall last evening.

This afternoon Mrs. B. E. Finley will entertain four women at bridge, each of the guests paying 25 cents for the library fund. Tomorrow, each of these guests will entertain four other women. This procedure will continue through Saturday. From this one beginning, there should be a substantial contribution. However, several other women will begin the same procedure tomorrow afternoon, making the total considerably more.

This form of raising money is a new one in Pampa, but judging from the number of very small bridge parties, it should be successful. The plan was a marked success in Denver, according to Mrs. Frank Allison, a former Colorado resident.

### Evening Division To Gather Monday

The meeting of division 7 of the Missionary council, First Christian church, which was to have been held this evening will be held instead next Monday evening. Mrs. C. W. Stowell will be hostess in the home of her sister, Mrs. Ivy Duncan. Mrs. James Todd Jr. will be leader of the program for the occasion. There will be a play, a vocal duet by Retha and Maza Lester, a piano solo by Mrs. Ramon Wilson, and a discussion of the passion play by Mrs. H. H. Hicks.

### TWO HUNDRED IN ATTENDANCE IS GOAL SET FOR BUSINESS WOMEN'S EVENT ON TUESDAY

With an attendance goal of two hundred persons, members of the Business and Professional Women's club are making elaborate plans for a bridge tournament which they are to sponsor Tuesday evening at 8 o'clock. The event will be held at the Mitchell building in the rooms formerly occupied by the Masters cafe.

The function is for both men and women, and the admission charge has been set at 50 cents.

There will be hostess for every two tables, each hostess to furnish a favor for her group. A valuable grand prize is to be offered for high score.

Mrs. Frank Allison, entertainment chairman, has announced the following hostesses: Mrs. Lillian Jordan, Miss Johnnie Ruth Williams, Miss Bertha Chism, Miss Mabel Davis, Mrs. Lillian McNatt, Mrs. Grace Higgins Pool, Mrs. J. F. McDunnald, Mrs. Kenneth I. Dunn.

### WOMEN GOLFERS WILL COMPETE IN TOURNAMENT

**AMARILLO, Aug. 18.**—About 50 of Amarillo's leading feminine golfers will compete for the city championship when the women's golf tournament is opened at the Hillcrest country club Tuesday.

Beginning with 18-hole qualifying rounds, the tournament will go into the first rounds of match play in each flight Wednesday. Thirty-six-hole finals will be played Thursday.

Mrs. C. M. McCullough, title-winner last year, will return to the links to defend her crown this year. Besides a prize list that runs well over \$200, a golf ball will be given for each birdie made during the tournament.

The highest golf course in the United States is in Cloudercroft, N. M. It is 9000 feet above sea level.

### MUSICAL EVENT IS POSTPONED

Due to the opening of revival services next Sunday at the First Methodist church, the vesper musicale which was to have been given that afternoon by the Treble choir, has been postponed until Sunday afternoon, Sept. 13.

The musicale, which will be given from 4 to 5 o'clock, will consist entirely of sacred selections.

Mrs. Helen Sullins and Miss Bonnie Davis of Phoenix, Ariz., spent the week-end visiting in Amarillo.

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip\*, as well as a powerful spraying solution for trees, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

# CUBS LATE IN DECIDING TO FIGHT FOR PENNANT HONORS

### Charge Past Giants in Two Victories Over Boston Braves Yesterday.

By HERBERT W. BARKER, Associated Press Sports Writer. The Chicago Cubs, picked in April to give the champion St. Louis Cardinals a fight for the National league pennant, apparently have decided a little late to do something about the runaway the Cards have made of the race.

Winning their second double-header with the Boston Braves in as many days, the Cubs charged past the New York Giants into second place yesterday night and one-half games back of the high-flyer Cardinals. The Giants, splitting a double bill with the champions, fell back to third place a full game behind the Cubs.

Home runs by Jim Bottomley and Chick Hefey in the eighth gave the Cards a 6-3 win over the Giants in the first game, but the Giants took the second contest, 7-5. By shelling Paul Derringer from the peak with a five-run assault also in the eighth inning, Travis Jackson, Giant shortstop, was forced out of the game with a broken arm when he was hit by Gelbert's drive in the fifth inning of the nightcap. Brooklyn lost more ground as the Cincinnati Reds took two games, 4-1 and 8-3, behind great pitching by Elias Johnson and Owen Carroll.

Larry French, Pittsburgh Pirate southpaw, stopped the Phillies, 4-2, in the first game of a doubleheader, allowing only six hits, but Phil Collins gave the Quakers an even break by blanking the Corsairs, 3-0, in the nightcap.

In the American league, the New York Yankees, who have won 100 games, fell to a position five games from Washington Senators and 16 from the Philadelphia Athletics by accepting an 8-2 trimming from Detroit.

An early attack on Pat Caraway gave the Boston Red Sox a 2-3 decision over the Chicago White Sox. All other American league clubs had an off day.

# Clarendon Man Is Cited for Bravery

WASHINGTON, Aug. 18. (AP)—Three former soldiers from Texas, one of whom now lives in California have been awarded silver star citations for gallantry in action near St. Etienne-a-Arnes, France, Oct. 9, 1918.

The war department said they displayed exceptional courage in advancing under fire of enemy machine guns, capturing several prisoners and machine guns.

Harry Wohlberg, formerly of Waco, Texas, (310 West Sixth St.), Los Angeles; Eli Bervick, Huntington, Texas, and Albert Boyd, Clarendon, Texas.

Wohlberg was a corporal and the other two were privates in the 141st infantry, 36th division.

# Oklahoma Leads In Crude Decline

TULSA, Okla., Aug. 18. (AP)—The East Texas oil fields gushed to a new production peak last week but the shutdown in Oklahoma brought a decrease nearly double the East Texas gain and the result was a drop of 62,167 barrels in the United States' daily average crude oil output for the week, the Oil and Gas Journal reports.

The Journal estimates the country's daily average production at 2,489,640 barrels as compared with 2,551,807 barrels the preceding week.

The East Texas production was 738,055 barrels, an increase of 83,789 barrels.

Oklahoma production dropped to 263,940 barrels, the lowest in years and 156,895 barrels below the preceding week's figure.

Kansas had a 10 percent increase of 680 barrels with an output of 102,610 barrels.

Production of the entire mid-continent area totaled 1,657,661 barrels, a decrease of 68,043 barrels.

# Chapman to Race Reynolds At Game

### Reynolds At Game

CHICAGO, Aug. 18. (AP)—A foot race at 100 yards between Ben Chapman of the New York Yankees, leading base stealer of the major leagues, and Carl Reynolds, White Sox outfielder, will be held during the Yankees-Sox series here next week.

The Yankees, Babe Ruth particularly, think Chapman is the fastest man in the American league, while the White Sox believe Reynolds can outfoot him on the straightaway.

Ruth recently won a good sized bet backing Chapman against Allen "Dusty" Cooke, a teammate, at 100 yards.

# American Fliers Pay Fine Then Ask Japan Permit

TOKYO, Aug. 18. (AP)—Clyde Pangborn and Hugh Herndon, Jr., American aviators, today paid fines of \$1,025 for taking photographs while flying over fortified Japanese areas.

Considering the incident closed, the American embassy in behalf of the fliers applied to the Japanese aviation bureau for a permit enabling them to fly to Samushiro beach, northern Honshu island, where they plan to start a non-stop flight to Seattle.

A decision on the request will be made at a conference of home, foreign office, and communications officials, probably in a few days, the embassy having asked that the matter be expedited.

Pangborn and Herndon studied plans for installing additional lanterns to raise the fuel capacity of their plane from 700 to more than 900 gallons, although their plane still was under padlock at Tachikawa airbase, near here, pending the decision on the permit.

# Stribling Rates Max Over Every One But Himself

### Max Over Every One But Himself

LOS ANGELES, Aug. 18. (AP)—W. L. (Young) Stribling isn't optimistic over the chances of any present day heavyweight taking Max Schmeling's measure.

The Georgian, vacationing here, of course believes he can whip the German who scored a technical knockout over him several weeks ago to retain the world's heavy-weight boxing title but doesn't favor the chances of the rest, including Jack Dempsey, Jack Sharkey, Primo Carnera, Mickey Walker, and Tommy Loughran.

# ESTELLE AND JACK SPEAK OF CRUELTY

### Property Settlement Amounting to \$40,000 is Abruptly Exploded.

LOS ANGELES, Calif., Aug. 18. (AP)—Jack Dempsey, former heavyweight boxing champion, and his actress wife, Estelle Taylor, have resorted to the divorce courts after weeks of sparring by their legal representatives over a property settlement.

Dempsey filed suit yesterday in Reno, Nev., charging mental cruelty. Miss Taylor instructed her attorneys to file here, also charging cruelty.

With Nevada divorce laws not requiring details of charges on which divorces are sought, particulars of Dempsey's petition were not available. In Miss Taylor's complaint, drawn up last night and signed by her, she made general charges of cruelty and referred to the expensive automobile which she recently said was taken from her chauffeur by Joe Dempsey, brother of Jack, who gave her the car as a present.

The complaint will charge that Dempsey for a long time prior to the date of separation has been guilty of extreme cruelty in his conduct toward the plaintiff in that he has wrongfully inflicted upon plaintiff grievous mental pain and suffering without justification or cause.

Miss Taylor and Dempsey were married at San Diego, Feb. 7, 1925. The date of separation was given as March 11, 1931.

"It was such a little thing that I insisted upon," she said. "A property agreement had been reached and it suited Jack. My great devotion to him was what caused me to ask so little. He is always saying he is broke and I wanted to be as easy as possible on him."

"I asked only \$40,000, not a penny more. Out of that amount I hoped to take care of a \$12,500 mortgage on my home, to complete payments on my automobile and to pay attorney fees. The few thousand dollars that would be left would keep up the house until I could sell it."

"Jack agreed to that, but when my attorney, Joseph Scott, insisted that Jack guarantee his promise to pay the monthly installments by putting up its equivalent in collateral, a trust deed in his Barbara corporation, Jack blew up and all our negotiations ended."

"Now I can only repeat that as long as Jack is going to be a divorcee in this family, I am going to be the one to get it."

# Graf Zeppelin Off to England

FREIDRICHSHAFEN, Germany, Aug. 18. (AP)—The touring Graf Zeppelin rose from her mooring mast early today and headed toward the sea for the first landing of a German Zeppelin on English soil since the war.

She cast off at 7:05 A. M. (12:05 A. M. C. S. T.) and was expected to land at Hanworth airbase between 6 and 7 o'clock this evening. Dr. Hugo Eckener was in command and 22 passengers, including two Americans, were aboard. The Americans were Mr. and Mrs. Paul Soehne, who have been living in Dresden.

At Ledbetter's apartment he admitted the party as it arrived in the room. The place had been aired and queer incense filled the dimly lighted rooms. But there were no signs of a feast.

Ledbetter had picked up his bag on the way and came in with it about to go through to the bedroom. He stood before the bedroom door, his yellow-brown face impassive, his narrow eyes for a moment meeting Ledbetter's. Then he stood aside that Ledbetter might pass, and instantly shut the bedroom door. After another moment he too went into the bedroom, reappearing to go to the bath.

"Mist Ledbetter wan' you," he said in his smooth idiom. Fitz went into the bedroom.

Ledbetter stood nervously in the center of the room. The drawers of his desk were open, their contents strewn about him on the floor.

"What in— began Fitz. "You had a burglar," answered Ledbetter, "who took nothing but Naida's letters."

"My God!" Fitz spoke under his breath. He stared at Ledbetter. "Dick!" he whispered.

Ledbetter turned abruptly. "I warned you," said Fitz. "I wired you not to come here."

"Shut up," Ledbetter answered. "My trunk's at the station. My bag's packed. Get rid of the crowd somehow."

# JOY OF DELIGHT by Margaret Bell Houston

### JOY OF DELIGHT by Margaret Bell Houston

SYNOPSIS: At the Cranshaw dinner with Kirk Starnard and the marquisa, her chaperone, Juanita fears Eric Ledbetter will identify her as the veiled cigarette girl—Moon of Delight—he had insulted in Divitt's gambling house. Then her pose as Senorita Flores would collapse, and with it the fears would die the love Kirk pleads despite the marquisa's false report of Juanita's Spanish engagement. When the guests discuss the Fouche and other robberies, Juanita does not know that the marquisa had engineered them—may now be planning to rob the Starnard home, where they are visiting. Meanwhile Eric's friend, Fitz, warns him that Dick Preston suspects him of an affair with Mrs. Preston. Eric, ending an extended trip, had come directly to the Cranshaws from the train.

"Eric's sister. They think she's dying. He's leaving tonight." "But that's Paris," whispered Emmy Jean. "Poor Best! Will he make it?"

"We hope so," said Fitz. He opened the door and they went out into the hall, buzzing, whispering. He would have had the "Say good-by-by." "Poor Eric! And he'd just got home."

Emmy Jean and Trigger rode home in Kirk's car. Emmy Jean they dropped in town. Trigger lived next door to Kirk. "Great success, Trigger," Kirk managed to say at parting. He would have had the ride alone with Juanita if they had not climbed into the car.

He was alone with her in the dark hall. Silently he caught her to him, firmly, thinking she would resist. She did not resist. Her kiss met his. In the dark and silence she clung to him.

"Juanita— you are crying!" She shook her head. Again she kissed him. "Good-by," she whispered. "Good-by?" he questioned huskily. "Why did you say that?"

"I don't know," he bewilderment. "It said itself. Let me go, dear. I hear some one moving."

"You couldn't. The marquisa's in bed, and the servants sleep in the yard. . . . Let's not go up yet."

"I must . . ." whispering against him. "I'm afraid tonight."

"Afraid?" his arms tightening. He himself was a little afraid. That word, "good-by." Had she really not meant it? "Afraid, Juanita?"

She nodded. "I'm afraid sometimes."

"What are you afraid of, honey?" He thought she would say, "Of going back to Spain." But she said, "Of you."

"Why of me, Juanita?" "Because I love you. . . . Let me go, Kirk, dear. . . . No, let me go. You must."

"I'll never let you go, Juanita."

"You—see why I am afraid of you," she whispered. "You try to hold me. It will be hard—because I love you. But you can't hold me. I ought to have known that at the start. I did know. I only forgot. . . . Good night, darling. . . . If you love me, let me go. . . . I'm so tired. I'll see you in the morning."

He released her. In the dark they went up the stairs, their steps noiseless on the deep carpet. At her door he kissed her again—gently. She was tired. She would see him in the morning.

Juanita in her room, stood an instant leaning against the closed door, feeling Kirk's kiss still on her mouth. Somewhere back in her mind would the singing thought that Ledbetter was gone—gone because he had remembered. Kirk would not know now—ever—anything.

She put on the light beside her bed, a shaded light that would not disturb the marquisa whose room was connected with hers by a short arched passage without a door. She moved about, preparing to undress. Suddenly she paused, hearing a sound. Once before—standing with Kirk in the hall—she had heard that sound, a sound as of some one walking in stocking feet. Then it had seemed to be in the upstairs hall. Now it came from the room on the other side of theirs—Nelly's room. The marquisa had a way of walking about in her stocking feet.

Perhaps the sound really came from the marquisa's room. Juanita entered the arched passage. "Marquesa!" she whispered. There was no answer, and she switched on the light. The bed was empty, the bath also.

Juanita, who had done no more than take off her wrap, stepped suddenly into the hall. Nelly's room did not open into the main hall, but fronted a separate passage. Juanita, remembering the way, felt she reached the wall in the dark, till she reached that passage. Nelly's door had not been tightly closed, and opened softly. It was dark in here, but light filtered beneath the door of the dressing room beyond. There was the sound of a drawer being shut.

What Juanita sees tomorrow clears up many things, and leads her—and the marquisa—to the surprised Divitt.

# Northwest Is Red With Many Fires

SPOKANE, Wash., Aug. 18. (AP)—Western Montana, Northern Idaho, and Eastern Washington were red with uncounted fires, and grass fires today. Fanned by winds, the flames were sweeping over timber and farms and menacing towns.

Early reports of new fires, some of them raging uncontrolled through vast stands of timber, came in here. Most were lightning set but many, forest officials said, obviously were incendiary.

Thousands of fighters were on the fronts and probably as many more were being recruited or were struggling over difficult mountain trails to reach the flames.

# JOYNER WHITE SETS NEW TEXAS MARK IN TRIPLES

### Beaumont Outfielder Slugs Out Nineteenth Three-Ply Blow; Fast on Feet.

By WILLIAM A. (BIB) PARKER, Associated Press Sports Writer. One 1930 Texas league record went into the shadows yesterday when Joyner White, Beaumont outfielder, his for his nineteenth triple this year, beating last year's record of eighteen. White, who also leads the league in stolen bases and home runs, clipped the 1930 record in the eighth inning, his only hit in Beaumont's 6 to 0 decision over the Dallas Steers.

Buck Marrow limited Dallas to three hits, all singles. The exporters found Grady Adkins, Dallas hurler, a puzzle for six scoreless innings, but they got to him for two runs in the seventh and shoved over four more in the eighth. It was Adkins' thirteenth defeat this season. He has won eight.

Leon Chagnon pitched Fort Worth to a 6 to 1 decision over San Antonio, his fourteenth victory this season. He struck out 11 and allowed seven hits.

Hits meant little in the Wichita Falls and Galveston game at Galveston last night. Wichita Falls got fourteen hits but the Buccaneers won 7 to 6 on seven hits. Galveston opened with five runs in the first inning, driving Pitchers Ferrell and Florid to the showers, although Galveston got only two hits. Five walks and interference by the catcher allowed Galveston the runs. An unusual feature was Wichita Falls had one runner left on base although fourteen batters got hits.

George Washington Payne, second ranking ace to "Dizzy" Dean of the Houston Buffaloes, chalked up his twenty-first victory last night, beating Shreveport in the first game of a doubleheader, 5 to 4. Payne was complete master of the Sports. He held them to nine hits and runless until the first of the seventh. Payne has lost nine. Houston stumbled into too much pitching from Moulton in the second game, losing 5-0.

# Schmeling's Injury to Be Investigated

### Schmeling's Injury to Be Investigated

NEW YORK, Aug. 18. (AP)—On behalf of Madison Square Garden of Illinois, the National Boxing association will conduct an inquiry into the seriousness of the injury Max Schmeling, heavyweight champion, says will prevent him from meeting anybody this year. The investigation will be conducted through N. B. A. affiliates in Germany.

William F. Carey, president of the New York garden, said the investigation was to be made at Primo Carnera's request. The Illinois garden has Carnera under contract to meet Schmeling and posted a \$60,000 bond to guarantee that the match would go through before the contract expires Sept. 30. Schmeling recently cabled from Germany that an injured eye would keep him out of the ring for some months.

BACHELOR IS SHOT BALTIMORE, Aug. 18. (AP)—The motive for the shooting early yesterday of R. Wallace Kolb, baking executive, as he was driving Mrs. Nellie Greene, member of a prominent Georgia family, to her home, was sought today by police. Robbery, advanced early in the investigation, had been discarded.

Kolb, a bachelor sportsman and president of the baking company hearing his name, was shot in the thigh.

It is said that the first brick house in America was occupied by William Penn.
